SPECIAL NOTE REGARDING FORWARD LOOKING STATEMENTS

Except for statements of historical fact, certain information contained herein constitutes “forward-looking statements” within the meaning of the Private Securities Litigation Reform Act of 1995. Forward looking statements are usually identified by our use of certain terminology, including “will”, “believes”, “may”, “expects”, “should”, “seeks”, “anticipates” or “intends” or by discussions of strategy or intentions. Such forward-looking statements involve known and unknown risks, uncertainties and other factors which may cause our actual results or achievements to be materially different from any future results or achievements expressed or implied by such forward-looking statements. Such factors include, among others, our history of operating losses and uncertainty of future profitability; our lack of working capital and uncertainty regarding our ability to continue as a going concern; uncertainty of access to additional capital; risks inherent in mineral exploration; environmental liability claims and insurance; dependence on consultants and third parties as well as those factors discussed in the section entitled “Risk Factors”, “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”.

If one or more of these risks or uncertainties materializes, or if underlying assumptions prove incorrect, our actual results may vary materially from those expected, estimated or projected. Forward looking statements in this document are not a prediction of future events or circumstances, and those future events or circumstances may not occur. Given these uncertainties, users of the information included herein, including investors and prospective investors are cautioned not to place undue reliance on such forward-looking statements. We do not assume responsibility for the accuracy and completeness of these statements.

The United States Securities and Exchange Commission permits U.S. mining companies, in their filings with the SEC, to disclose only those mineral deposits that a company can economically and legally extract or produce. The Company is an exploration stage company and its properties have no known body of ore. U.S. investors are cautioned not to assume that the Company has any mineralization that is economically or legally mineable.

All references in this Report on Form 10-K to the terms “we”, “our”, “us”, and “the Company” refer to Charmed Homes Inc.

PART I

ITEM 1. BUSINESS

General

We were incorporated in the state of Nevada on June 27, 2006. We have started operations. We have generated very limited revenues from operations, but must be considered a start-up business. Our statutory registered agent in Nevada is The Corporation Trust Company of Nevada, 6100 Neil Road, Suite 500, Reno, Nevada 89511. Our administrative office is located at 60 Mt. Kidd Point S.E., Calgary, Alberta, T2Z 3C5. Our telephone number is (403) 831-2202.

Because of the change in the economy, we believed that it was in the best interests of our shareholders to change our business course. We previously engaged in the construction and marketing of custom homes in the Calgary area in Alberta, Canada. During 2008, we completed construction of our first such home and sold this home. Due to downturns in the housing market in Calgary and a lack of available funding, we decided to cease operations following the sale of this single home.

Our Merger

On November 12, 2008, we entered into a letter of intent with IntelaSight, Inc., a Washington corporation d/b/a Iveda Solutions ("Iveda"). Under the Letter of Intent ("LOI"), we have agreed to merger with Iveda whereby Iveda will become our wholly-owned subsidiary and Iveda's shareholders will receive approximately 10 million shares of our common stock. Prior to the Merger, we will engage in a 2-for-1 reverse split to reduce the number of outstanding shares of its common stock, and the our two major shareholders will sell 5 million pre-reverse split shares of our common stock to Iveda.

As part of the merger, we have agreed to change our name to "Iveda Corporation." After the filing of the amended articles of incorporation with the Secretary of State of the State of Nevada, we will cease using the corporate name "Charmed Homes Inc." and do business as "Iveda Corporation."

The primary reason for the proposed name change was to comply with the terms of the Corporation's Merger Agreement (the "Merger Agreement"), dated January 8, 2009 with IntelaSight, Inc., a Washington corporation d/b/a Iveda Solutions ("Iveda"), Charmed Homes Subsidiary, Inc., a Nevada corporation and our wholly owned subsidiary ("Merger Sub"), and our two major shareholders.

Under the Merger Agreement, our company and Iveda have agreed, subject to the satisfaction or waiver of the closing conditions set forth in the Merger Agreement, to engage in a merger (the "Merger") whereby the Merger Sub will merge with and into Iveda, and as a result Iveda will become our wholly-owned subsidiary. As part of the Merger, Iveda's stock and derivative securities will be exchanged for stock and our derivative securities at a ratio of one share of our common stock for each one share held in Iveda immediately prior to the Merger closing.

The parties have until March 31, 2009 to close the proposed Merger, at which time either party may terminate the Merger Agreement. The Merger Agreement may also be terminated in the event it fails to receive the approval of holders of a majority of the outstanding Iveda voting stock when submitted to the shareholders for approval, or if greater than 1% of the outstanding Iveda voting stock dissents from the Merger.

Following the Merger, the Merger Sub will cease to exist, and Iveda will be our direct, wholly-owned subsidiary. Our current officers and directors will resign as of the closing, and our directors will be David Ly, Greg Omi, Jody Bisson, and one additional director to be appointed by Iveda and our officers will be David Ly, President and CEO, Bob Brilon, CFO and Treasurer, and Luz Berg, Secretary and Senior VP of Operations & Marketing – each of these individuals is a current officer and/or director of Iveda. The closing will not occur until our corporation and Iveda file Articles of Merger with the States of Washington and Nevada, which will not occur until after the approval of the Iveda shareholders has been obtained and following applicable waiting periods required by SEC regulations (for the reverse split and name change) and Washington law (as Iveda intends to solicit consents in lieu of holding a special meeting of its shareholders to approve the Merger).

As part of the Merger, we have agreed to change our name to "Iveda Corporation" and the Amended Articles will accomplish this. We intend to wait until the closing of the Merger to file the Amended Articles, and in the event the Merger does not close, we will keep our existing name.

Iveda Corporation

Iveda provides remote video monitoring services and currently has clients in Arizona and California. Iveda offers a proactive security solution using network cameras, real-time Internet-based surveillance system, and a remote monitoring facility with trained intervention specialists. Based in Mesa, Arizona, Iveda's core monitoring service offers private and public entities what Iveda management believes to be a more affordable, reliable, and effective security solution than either security guards or closed circuit television on-site monitoring.

Iveda

IntelaSight, Inc. was incorporated in Washington in January 2005, and began operations at that time. It conducts business under the name Iveda Solutions.

Iveda provides remote video monitoring services and currently has clients in Arizona and California. Iveda offers a proactive security solution using network cameras, a real-time Internet-based surveillance system, and a remote monitoring facility with trained intervention specialists. Based in Mesa, Arizona, Iveda's core monitoring service offers private and public entities what management believes to be a more affordable, reliable, and effective security solution than either security guards or closed circuit television ("CCTV") on-site monitoring. Iveda has provided security solutions to 27 customers, with over 248 cameras installed, 75 of which are being monitored and 4 hosted by Iveda in 15 properties.

Iveda has recently opened its reseller distribution channel. Without active solicitation, Iveda has already signed a net eight resellers and six independent agents in 2008 and expects to partner with more in 2009. These resellers and agents will assist Iveda in its marketing and customer service activities.

Management projects a 3-year window of opportunity to get a first mover's advantage in the real-time video surveillance market. Management believes that Iveda remains the only company providing real-time video surveillance in the United States. Integrators and central monitoring companies, Iveda's closest competitors, provide monitoring services based on electronic alarm triggers which generate a response time of often 6-10 minutes or more. Iveda's real-time monitoring provides immediate response capabilities. Iveda has already received local publicity for stopping crimes in progress. Since January 2005, Iveda has raised approximately \$3.2 million, which has been used to initiate and fund operations. As Iveda has high fixed capital and operating costs that can be moderated only through increases in its customer monitoring services, Iveda needs to continue to raise capital to increase its marketing budget and obtain significant additional customers to offset its fixed costs.

ITEM 1A. RISK FACTORS

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information required under this item.

ITEM 2. PROPERTIES

The company has no properties.

ITEM 3. LEGAL PROCEEDINGS

The company has no legal proceedings.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

On November 21, 2008, those shareholders of Charmed entitled to vote at least a majority of the aggregate shares of Charmed's common stock, par value \$0.00001 per share (the "Common Stock"), outstanding on such date, approved two corporate actions by written consent in lieu of a special meeting. Shareholders holding in the aggregate 5,000,000 shares of Common Stock or 74.74% of the voting stock outstanding as of November 21, 2008 (the "Consenting Shareholders") approved (1) Charmed's Amendment to its Articles of Incorporation (the "Amended Articles"), to change Charmed's name to "Iveda Corporation" and (2) a reverse split of the Corporation's common stock whereby each two shares of issued and outstanding common stock as of December 5, 2008 shall be exchanged for one share of common stock. These actions cannot take effect until at least 20 days have elapsed from the date on which the Company mails an information statement to its shareholders informing them of these corporate actions.

PART II

ITEM 5. MARKET FOR COMMON STOCK AND RELATED STOCKHOLDER MATTERS

Our shares are traded on the Bulletin Board operated by the Financial Industry Regulatory Authority under the symbol "CHDH." A summary of trading by quarter for 2009 and 2008 fiscal years is as follows:

Fiscal Year		High Bid	Low Bid
2009			
	Fourth Quarter: 11-1-08 to 01-31-09	\$1.50	\$0.0
	Third Quarter: 08-1-08 to 10-31-08	\$0.0	\$0.0
	Second Quarter: 05-1-08 to 07-31-08	\$0.0	\$0.0
	First Quarter: 02-1-08 to 04-30-08	\$0.0	\$0.0
2008			
	Fourth Quarter: 11-1-07 to 01-31-08	\$0.0	\$0.0
	Third Quarter: 08-1-07 to 10-31-07	\$0.0	\$0.0
	Second Quarter: 05-1-07 to 07-31-07	\$0.0	\$0.0
	First Quarter: 02-1-07 to 04-30-07	\$0.0	\$0.0

We issued 5,000,000 shares of common stock pursuant to the exemption from registration contained in section 4(2) of the Securities Act of 1933. This was accounted for as a sale of common stock. In August 2007, we also issued 1,690,000 shares of common stock to 54 individuals. This was also accounted for as a sale of common stock.

Dividends

We have not declared any cash dividends, nor do we intend to do so. We are not subject to any legal restrictions respecting the payment of dividends, except that they may not be paid to render us insolvent. Dividend policy will be based on our cash resources and needs and it is anticipated that all available cash will be needed for our operations in the foreseeable future.

Section 15(g) of the Securities Exchange Act of 1934

Our shares are covered by section 15(g) of the Securities Exchange Act of 1934, as amended that imposes additional sales practice requirements on broker/dealers who sell such securities to persons other than established customers and accredited investors (generally institutions with assets in excess of \$5,000,000 or individuals with net worth in excess of \$1,000,000 or annual income exceeding \$200,000 or \$300,000 jointly with their spouses). For transactions covered by the Rule, the broker/dealer must make a special suitability determination for the purchase and have received the purchaser's written agreement to the transaction prior to the sale. Consequently, the Rule may affect the ability of broker/dealers to sell our securities and also may affect your ability to sell your shares in the secondary market.

Section 15(g) also imposes additional sales practice requirements on broker/dealers who sell penny securities. These rules require a one page summary of certain essential items. The items include the risk of investing in penny stocks in both public offerings and secondary marketing; terms important to in understanding of the function of the penny stock market, such as bid and offer quotes, a dealers spread and broker/dealer compensation; the broker/dealer compensation, the broker/dealers' duties to its customers, including the disclosures required by any other penny stock disclosure rules; the customers' rights and remedies in cases of fraud in penny stock transactions; and, the FINRA's toll free telephone number and the central number of the North American Administrators Association, for information on the disciplinary history of broker/dealers and their associated persons.

Securities Authorized for Issuance Under Equity Compensation Plans

We have no equity compensation plans and accordingly we have no shares authorized for issuance under an equity compensation plan.

ITEM 6. SELECTED FINANCIAL DATA

We are a smaller reporting company as defined by Rule 12b-2 of the Exchange Act and are not required to provide the information under this item.

ITEM 7. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

This section of the report includes a number of forward-looking statements that reflect our current views with respect to future events and financial performance. Forward-looking statements are often identified by words like: believe, expect, estimate, anticipate, intend, project and similar expressions, or words which, by their nature, refer to future events. You should not place undue certainty on these forward-looking statements, which apply only as of the date of this report. These forward-looking statements are subject to certain risks and uncertainties that could cause actual results to differ materially from historical results or our predictions.

We are a development-stage corporation and at this point we have realized a nominal profit on our first project.

Our auditors have issued a going concern opinion. This means that our auditors believe there is substantial doubt that we can continue as an on-going business for the next twelve months unless we obtain additional capital to pay our bills. This is because we have not purchased any contracts and only generated nominal revenues from the first development. We must raise cash from operations. Our only other source for cash at this time is investments by others in our company. We must raise cash to implement our project and begin our operations. Even with the money we raised from our public offering, we do not know how long the money will last, however, we do believe it will last twelve months. Operations are now under way since we raised the money from our public offering.

To meet our need for cash, we have raised money through the public offering. We cannot guarantee that once we begin operations we will stay in business after operations have commenced. Further, if we are unable to attract enough clients to utilize our services, we may quickly use up the proceeds from the minimum amount of money from our public offering and will need to find

alternative sources, like a second public offering, a private placement of securities, or loans from our officers or others in order for us to maintain our operations. At the present time, we have not made any arrangements to raise additional cash, other than through our public offering.

If we need additional cash and cannot raise it, we will either have to suspend operations until we do raise the cash, or cease operations entirely. We believe the amount raised from our public offering will last a year but with limited funds available to develop growth strategy. If at some point we need more money, we will have to revert to obtaining additional money as described in this paragraph. Other than as described in this paragraph, we have no other financing plans.

Operation to Date

With the success of our offering, we were able to begin our operations. We established our office and acquired the equipment we needed to begin. We did not hire any employees up to this point and our officers and directors are handling the administrative duties.

We located a suitable piece of land in order to start our first project. The lot was acquired in the community of Lake Chaparral.

Once the land was located, we chose a home plan which best suited the property. The blueprints were drawn up, specifications outlined and decisions on materials made.

Initial financing through the bank was avoided by obtaining an interest free loan of \$25,000 from our President Ian Quinn. The plot plan and blueprint were submitted to the developer of the subdivision and approvals were received.

The process of tendering out for construction was avoided by working with Shane Homes, who have all the suppliers and trades people in place. Construction of the home was completed at the end of December, approximately three months earlier than expected.

The home was listed as soon as it was completed as it was decided that with the slowing in the market it would be best to market the home once it was showing its best.

The home is now sold, but with the significantly slower market in Calgary and area, it took much longer than expected to sell and we did not realize the profit we had anticipated. The sale of the home was just on June 3, 2008.

Due to the state of the Calgary housing market, there is a tremendous amount of new home inventory available and house prices are dropping significantly. Therefore we have discontinued our operations in home building.

Future Operations

Because of the change in the economy, we believed that it was in the best interests of our shareholders to change our business course.

On November 12, 2008, we entered into a letter of intent with InteloSight, Inc., a Washington corporation d/b/a Iveda Solutions ("Iveda"). Under the Letter of Intent ("LOI"), we have agreed to merger with Iveda whereby Iveda will become our wholly-owned subsidiary and Iveda's shareholders will receive approximately 10 million shares of our common stock. Prior to the merger, we will engage in a 1-for-2 reverse stock split to reduce the number of our outstanding shares.

Iveda provides remote video monitoring services and currently has clients in Arizona and California. Iveda offers a proactive security solution using network cameras, real-time Internet-based surveillance system, and a remote monitoring facility with trained intervention specialists. Based in Mesa, Arizona, Iveda's core monitoring service offers private and public entities what Iveda management believes to be a more affordable, reliable, and effective security solution than either security guards or closed circuit television on-site monitoring.

As part of the merger, we have agreed to change our name to "Iveda Corporation." After the filing of the amended articles of incorporation with the Secretary of State of the State of Nevada, we will cease using the corporate name "Charmed Homes Inc." and do business as "Iveda Corporation."

Limited operating history; need for additional capital

There is limited historical financial information about us upon which to base an evaluation of our performance. We are in start-up stage operations and have not generated any revenues. We cannot guarantee we will be successful in our business operations. Our business is subject to risks inherent in the establishment of a new business enterprise, including limited capital resources and possible cost overruns due to price and cost increases in services and products.

We have no assurance that future financing will be available to us on acceptable terms. If financing is not available on satisfactory terms, we may be unable to continue, develop or expand our operations. Equity financing could result in additional dilution to existing shareholders.

Results of operations

From Inception on June 27, 2006 to January 31, 2009

During this period we incorporated the company, hired the attorney, and hired the auditor for the preparation of our registration statement. We have also completed and sold our first house. Our loss since inception is \$105,956 of which \$88,371 is for professional fees; \$15,500 is for donated rent and services; \$3,456 is for filing fees and general office costs; \$1,320 is for property tax and utilities and \$12,376 is for foreign exchange loss. We have changed our proposed business operations and will continue to complete the merger with Iveda Corporation.

Since inception, we have issued 5,000,000 shares of common stock to our officers and directors for cash proceeds of \$5,000. On August 2007, we completed our public offering by selling 1,690,000 shares of common stock and raising \$169,000.

Liquidity and capital resources

On June 15, 2006, we issued 5,000,000 shares of common stock pursuant to the exemption from registration contained in section 4(2) of the Securities Act of 1933. This was accounted for as a sale of common stock. In August, 2007, we also issued 1,690,000 shares of common stock to 54 individuals. This was also accounted for as a sale of common stock.

As of January 31, 2009, our total assets were \$86,957 comprised of \$86,957 in cash and our total liabilities were \$3,413, comprised of accounts payable of \$3,413.

On June 3, 2008, we sold our real property for consideration of CDN\$510,000.

Recent accounting pronouncements

In May 2008, the Financial Accounting Standards Board (“FASB”) issued SFAS No. 163, “Accounting for Financial Guarantee Insurance Contracts – An interpretation of FASB Statement No. 60”. SFAS No. 163 requires that an insurance enterprise recognize a claim liability prior to an event of default when there is evidence that credit deterioration has occurred in an insured financial obligation. It also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities, and requires expanded disclosures about financial guarantee insurance contracts. It is effective for financial statements issued for fiscal years beginning after December 15, 2008, except for some disclosures about the insurance enterprise’s risk-management activities. SFAS No. 163 requires that disclosures about the risk-management activities of the insurance enterprise be effective for the first period beginning after issuance. Except for those disclosures, earlier application is not permitted. The adoption of this statement is not expected to have a material effect on the Company’s financial statements.

In May 2008, the FASB issued SFAS No. 162, “The Hierarchy of Generally Accepted Accounting Principles”. SFAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of non-governmental entities that are presented in conformity with generally accepted accounting principles in the United States. It is effective 60 days following the SEC’s approval of the Public Company Accounting Oversight Board amendments to AU Section 411, “The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles”. The adoption of this statement is not expected to have a material effect on the Company’s financial statements.

In March 2008, the FASB issued SFAS No. 161, “Disclosures about Derivative Instruments and Hedging Activities – an amendment to FASB Statement No. 133”. SFAS No. 161 is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity’s financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity’s financial position, financial performance, and cash flows. It is effective for financial statements issued for fiscal years beginning after November 15, 2008, with early adoption encouraged. The adoption of this statement is not expected to have a material effect on the Company’s financial statements.

In December 2007, the FASB issued No. 160, “Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No.51”. SFAS No. 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the noncontrolling interest. SFAS No. 160 also requires that a parent recognize a gain or loss in net income when a subsidiary is deconsolidated. SFAS No. 160 also requires expanded disclosures in the consolidated financial statements that clearly identify and distinguish between the interests of the parent’s owners and the interests of the noncontrolling owners of a subsidiary. SFAS No. 160 is effective for financial statements issued for fiscal years beginning after December 15, 2008. The adoption of this statement is not expected to have a material effect on the Company’s financial statements.

In December 2007, the FASB issued SFAS No. 141 (revised 2007), “Business Combinations”. This statement replaces SFAS No. 141 and defines the acquirer in a business combination as the entity that obtains control of one or more businesses in a business combination and establishes the acquisition date as the date that the acquirer achieves control. SFAS No. 141 (revised 2007) requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS No. 141 (revised 2007) also requires the acquirer to recognize contingent consideration at the acquisition date, measured at its fair value at that date. This statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. Earlier adoption is prohibited. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

ITEM 7A. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK.

Report of Independent Registered Public Accounting Firm

To the Directors and Stockholders
Charmed Homes Inc.
(A Development Stage Company)

We have audited the accompanying consolidated balance sheets of Charmed Homes Inc. (A Development Stage Company) as of January 31, 2009 and 2008, and the related consolidated statements of operations, cash flows and stockholders' equity for the years then ended and accumulated for the period from June 27, 2006 (Date of Inception) to January 31, 2009. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control over financial reporting. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Charmed Homes Inc. (A Development Stage Company) as of January 31, 2009 and 2008, and the results of its operations, cash flows and stockholders' equity for the years then ended and accumulated for the period from June 27, 2006 (Date of Inception) to January 31, 2009 in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company has incurred operating losses since inception. This factor raises substantial doubt about the Company's ability to continue as a going concern. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

Charmed Homes Inc.
(A Development Stage Company)
Notes to the Consolidated Financial Statements
January 31, 2009
(Expressed in US dollars)

1. Nature of Operations and Continuance of Business

Charmed Homes Inc. (the “Company”) was incorporated in the State of Nevada on June 27, 2006. The Company is a Development Stage Company, as defined by Statement of Financial Accounting Standard (“SFAS”) No.7, “Accounting and Reporting by Development Stage Enterprises”. The Company’s principal business is the sale of constructed or purchased homes.

These consolidated financial statements have been prepared on a going concern basis, which implies the Company will continue to realize its assets and discharge its liabilities in the normal course of business. The Company has generated revenues of \$505,665 since inception and has never paid any dividends and is unlikely to pay dividends or generate earnings in the immediate or foreseeable future. The continuation of the Company as a going concern is dependent upon the continued financial support from its shareholders, the ability of the Company to obtain necessary equity financing to continue operations, and the attainment of profitable operations. As at January 31, 2009, the Company has accumulated losses of \$105,956. These factors raise substantial doubt regarding the Company’s ability to continue as a going concern. These financial statements do not include any adjustments to the recoverability and classification of recorded asset amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

2. Summary of Significant Accounting Policies

a) Basis of Presentation

These financial statements and related notes are presented in accordance with accounting principles generally accepted in the United States, are expressed in US dollars and include the accounts of the Company and its wholly-owned subsidiary, Charmed Homes Subsidiary, Inc., which was incorporated on November 26, 2008. All intercompany transactions and balances have been eliminated upon consolidation. The Company’s fiscal year-end is January 31.

b) Use of Estimates

The preparation of financial statements in conformity with US generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. The Company regularly evaluates estimates and assumptions related to donated expenses, valuation of inventory and deferred income tax asset valuations. The Company bases its estimates and assumptions on current facts, historical experience and various other factors that it believes to be reasonable under the circumstances, the results of which form the basis for making judgments about the carrying values of assets and liabilities and the accrual of costs and expenses that are not readily apparent from other sources. The actual results experienced by the Company may differ materially and adversely from the Company’s estimates. To the extent there are material differences between the estimates and the actual results, future results of operations will be affected.

c) Earnings Per Share

The Company computes earnings (loss) per share in accordance with SFAS No. 128, "Earnings per Share". SFAS No. 128 requires presentation of both basic and diluted earnings per share ("EPS") on the face of the income statement. Basic EPS is computed by dividing earnings (loss) available to common shareholders (numerator) by the weighted average number of shares outstanding (denominator) during the period. Diluted EPS gives effect to all dilutive potential common shares outstanding during the period using the treasury stock method and convertible preferred stock using the if-converted method. In computing Diluted EPS, the average stock price for the period is used in determining the number of shares assumed to be purchased from the exercise of stock options or warrants. Diluted EPS excludes all dilutive potential shares if their effect is anti dilutive.

d) Comprehensive Loss

SFAS No. 130, "Reporting Comprehensive Income," establishes standards for the reporting and display of comprehensive loss and its components in the financial statements. As at January 31, 2009 and 2008, the Company has no items that represent a comprehensive loss and, therefore, has not included a schedule of comprehensive loss in the financial statements.

2. Summary of Significant Accounting Policies (continued)

e) Cash and Cash Equivalents

The Company considers all highly liquid instruments with maturity of three months or less at the time of issuance to be cash equivalents.

f) Inventory

Inventory consists of real estate purchased for resale and is valued at the lower of cost and net realizable value. Cost is determined using the specific identification method.

g) Financial Instruments

Financial instruments, which include cash and accounts payable, were estimated to approximate their carrying values due to the immediate or short-term maturity of these financial instruments. The Company's operations are in Canada, which results in exposure to market risks from changes in foreign currency rates. The financial risk is the risk to the Company's operations that arise from fluctuations in foreign exchange rates and the degree of volatility of these rates. Currently, the Company does not use derivative instruments to reduce its exposure to foreign currency risk.

h) Income Taxes

The Company accounts for income taxes using the asset and liability method in accordance with SFAS No. 109, "Accounting for Income Taxes". The asset and liability method provides that deferred tax assets and liabilities are recognized for the expected future tax consequences of temporary differences between the financial reporting and tax bases of assets and liabilities, and for operating loss and tax credit carryforwards. Deferred tax assets and liabilities are measured using the currently enacted tax rates and laws that will be in effect when the differences are expected to reverse. The Company records a valuation allowance to reduce deferred tax assets to the amount that is believed more likely than not to be realized.

i) Foreign Currency Translation

The Company's functional and reporting currency is the United States dollar. Significant transactions may occur in Canadian dollars and management has adopted SFAS No. 52, "Foreign Currency Translation". Monetary assets and liabilities denominated in foreign currencies are translated using the exchange rate prevailing at the balance sheet date. Non-monetary assets and liabilities denominated in foreign currencies are translated at rates of exchange in effect at the date of the transaction. Average monthly rates are used to translate revenues and expenses. Gains and losses arising on translation or settlement of foreign currency denominated transactions or balances are included in the determination of income.

j) Revenue Recognition

The Company recognizes revenue in accordance with SFAS No. 66, "Accounting for Sales of Real Estate". The sale of constructed or purchased houses will be recognized in full once the real estate property has been sold, the profit is determinable, collectibility of the sales price is reasonably assured, and the earnings process is virtually complete whereas the Company is no longer further obligated to perform significant activities after the sale to earn the profit.

k) Recent Accounting Pronouncements

In May 2008, the Financial Accounting Standards Board ("FASB") issued SFAS No. 163, "Accounting for Financial Guarantee Insurance Contracts – An interpretation of FASB Statement No. 60". SFAS No. 163 requires that an insurance enterprise recognize a claim liability prior to an event of default when there is evidence that credit deterioration has occurred in an insured financial obligation. It also clarifies how Statement 60 applies to financial guarantee insurance contracts, including the recognition and measurement to be used to account for premium revenue and claim liabilities, and requires expanded disclosures about financial guarantee insurance contracts. It is effective for financial statements issued for fiscal years beginning after December 15, 2008, except for some disclosures about the insurance enterprise's risk-management activities. SFAS No. 163 requires that disclosures about the risk-management activities of the insurance enterprise be effective for the first period beginning after issuance. Except for those disclosures, earlier application is not permitted. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

k) Recent Accounting Pronouncements (continued)

In May 2008, the FASB issued SFAS No. 162, "The Hierarchy of Generally Accepted Accounting Principles". SFAS No. 162 identifies the sources of accounting principles and the framework for selecting the principles to be used in the preparation of financial statements of non-governmental entities that are presented in conformity with generally accepted accounting principles in the United States. It is effective 60 days following the SEC's approval of the Public Company Accounting Oversight Board amendments to AU Section 411, "The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles". The adoption of this statement is not expected to have a material effect on the Company's financial statements.

In March 2008, the FASB issued SFAS No. 161, "Disclosures about Derivative Instruments and Hedging Activities – an amendment to FASB Statement No. 133". SFAS No. 161 is intended to improve financial standards for derivative instruments and hedging activities by requiring enhanced disclosures to enable investors to better understand their effects on an entity's financial position, financial performance, and cash flows. Entities are required to provide enhanced disclosures about: (a) how and why an entity uses derivative instruments; (b) how derivative instruments and related hedged items are accounted for under Statement 133 and its related interpretations; and (c) how derivative instruments and related hedged items affect an entity's financial position, financial performance, and cash flows. It is effective for financial statements issued for fiscal years beginning after November 15, 2008, with early adoption encouraged. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

In December 2007, the FASB issued No. 160, "Noncontrolling Interests in Consolidated Financial Statements - an amendment of ARB No.51". SFAS No. 160 requires consolidated net income to be reported at amounts that include the amounts attributable to both the parent and the noncontrolling interest. It also requires disclosure, on the face of the consolidated statement of income, of the amounts of consolidated net income attributable to the parent and to the noncontrolling interest. SFAS No. 160 also requires that a parent recognize a gain or loss in net income when a subsidiary is deconsolidated. SFAS No. 160 also requires expanded disclosures in the consolidated financial statements that clearly identify and distinguish between the interests of the parent's owners and the interests of the noncontrolling owners of a subsidiary. SFAS No. 160 is effective for financial statements issued for fiscal years beginning after December 15, 2008. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

l) Recent Accounting Pronouncements (continued)

In December 2007, the FASB issued SFAS No. 141 (revised 2007), "Business Combinations". This statement replaces SFAS No. 141 and defines the acquirer in a business combination as the entity that obtains control of one or more businesses in a business combination and establishes the acquisition date as the date that the acquirer achieves control. SFAS No. 141 (revised 2007) requires an acquirer to recognize the assets acquired, the liabilities assumed, and any noncontrolling interest in the acquiree at the acquisition date, measured at their fair values as of that date. SFAS No. 141 (revised 2007) also requires the acquirer to recognize contingent consideration at the acquisition date, measured at

its fair value at that date. This statement is effective for fiscal years, and interim periods within those fiscal years, beginning on or after December 15, 2008. Earlier adoption is prohibited. The adoption of this statement is not expected to have a material effect on the Company's financial statements.

m) Recently Adopted Accounting Pronouncements

In September 2006, the Financial Accounting Standards Board (“FASB”) issued Statement of Financial Accounting Standards (SFAS) No. 157, “Fair Value Measurements” (“SFAS 157”). SFAS 157 defines fair value, establishes a framework for measuring fair value, and enhances fair value measurement disclosure. In October 2008, the FASB issued FSP 157-3 “Determining the Fair Value of a Financial Asset When the Market for That Asset Is Not Active” (“FSP 157-3”). FSP 157-3 clarifies the application of SFAS No. 157 in a market that is not active, and provides guidance on the key considerations in determining the fair value of a financial asset when the market for that financial asset is not active. Effective February 1, 2008, the Company adopted the measurement and disclosure requirements related to financial assets and financial liabilities. The adoption of SFAS 157 for financial assets and financial liabilities did not have a material impact on the Company’s results of operations or the fair values of its financial assets and liabilities.

m) Recently Adopted Accounting Pronouncements (continued)

FASB Staff Position 157-2, “Effective Date of FASB Statement No. 157,” (“FSP 157-2”) delayed the effective date of SFAS 157 for all nonfinancial assets and nonfinancial liabilities, except for items that are recognized or disclosed at fair value in the financial statements on a recurring basis (at least annually), until the beginning of fiscal 2010. The Company is currently assessing the impact that the application of SFAS 157 to nonfinancial assets and liabilities will have on its results of operations and financial position.

In February 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities—Including an amendment of FASB Statement No. 115” (“SFAS 159”). Under SFAS 159, a company may choose, at specified election dates, to measure eligible items at fair value and report unrealized gains and losses on items for which the fair value option has been elected in earnings at each subsequent reporting date. Effective February 1, 2008, the Company adopted SFAS 159, but the Company has not elected the fair value option for any eligible financial instruments as of January 31, 2009.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

There have been no disagreements on accounting and financial disclosures from the inception of our company through the date of this Form 10-K. Our financial statements for the period from inception to January 31, 2009, included in this report have been audited by Manning Elliott LLC, Chartered Accountants, 701 West Georgia Street, Suite 1400, Vancouver, British Columbia V7Y 1C6, as set forth in this annual report.

ITEM 9A. CONTROLS AND PROCEDURES.

Evaluation of Disclosure Controls and Procedures

We maintain “disclosure controls and procedures,” as such term is defined in Rule 13a-15(e) under the Securities Exchange Act of 1934 (the “Exchange Act”), that are designed to ensure that information required to be disclosed in our Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. We conducted an evaluation (the “Evaluation”), under the supervision and with the participation of our Chief Executive Officer (“CEO”) and Chief Financial Officer (“CFO”), of the effectiveness of the design and operation of our disclosure controls and procedures (“Disclosure Controls”) as of the end of the period covered by this report pursuant to Rule 13a-15 of the Exchange Act. Based on this Evaluation, our CEO and CFO concluded that our Disclosure Controls were effective as of the end of the period covered by this report.

Limitations on the Effectiveness of Controls

Our management, including our CEO and CFO, does not expect that our Disclosure Controls and internal controls will prevent all errors and all fraud. A control system, no matter how well conceived and operated, can provide only reasonable, not absolute, assurance that the objectives of the control system are met. Further, the design of a control system must reflect the fact that there are resource constraints, and the benefits of controls must be considered relative to their costs. Because of the inherent limitations in all control systems, no evaluation of controls can provide absolute assurance that all control issues and instances of fraud, if any, within the Company have been detected. These inherent limitations include the realities that judgments in decision-making can be faulty, and that breakdowns can occur because of a simple error or mistake. Additionally, controls can be circumvented by the individual acts of some persons, by collusion of two or more people, or by management or board override of the control.

The design of any system of controls also is based in part upon certain assumptions about the likelihood of future events, and there can be no assurance that any design will succeed in achieving its stated goals under all potential future conditions; over time, controls may become inadequate because of changes in conditions, or the degree of compliance with the policies or procedures may deteriorate. Because of the inherent limitations in a cost-effective control system, misstatements due to error or fraud may occur and not be detected.

CEO and CFO Certifications

Appearing immediately following the Signatures section of this report there are Certifications of the CEO and the CFO. The Certifications are required in accordance with Section 302 of the Sarbanes-Oxley Act of 2002 (the Section 302 Certifications). This Item of this report, which you are currently reading is the information concerning the Evaluation referred to in the Section 302 Certifications and this information should be read in conjunction with the Section 302 Certifications for a more complete understanding of the topics presented.

Management's Report on Internal Control over Financial Reporting

Our management is responsible for establishing and maintaining adequate internal control over financial reporting, as such term is defined in Exchange Act Rule 13a-15(f). The Company's internal control over financial reporting is a process designed to provide reasonable assurance to our management and board of directors regarding the reliability of financial reporting and the preparation of the financial statements for external purposes in accordance with accounting principles generally accepted in the United States of America.

Our internal control over financial reporting includes those policies and procedures that (i) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (ii) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with accounting principles generally accepted in the United States of America, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (iii) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Because of its inherent limitations, internal controls over financial reporting may not prevent or detect misstatements. All internal control systems, no matter how well designed, have inherent limitations, including the possibility of human error and the circumvention of overriding controls. Accordingly, even effective internal control over financial reporting can provide only reasonable assurance with respect to financial statement preparation. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Our management assessed the effectiveness of our internal control over financial reporting as of January 31, 2009. In making this assessment, it used the criteria set forth by the Committee of Sponsoring Organizations of the Treadway Commission (COSO) in Internal Control-Integrated Framework. Based on our assessment, we believe that, as of January 31, 2009, the Company's internal control over financial reporting was effective based on those criteria.

This annual report does not include an attestation report of our registered public accounting firm regarding internal control over financial reporting. Management's report was not subject to attestation by our registered public accounting firm pursuant to temporary rules of the Securities and Exchange Commission that permit us to provide only management's report in this annual report.

Changes in Internal Controls

We have also evaluated our internal controls for financial reporting, and there have been no significant changes in our internal controls or in other factors that could significantly affect those controls subsequent to the date of their last evaluation.

ITEM 9B. OTHER INFORMATION

From February 2001 to July 2003, Mr. Quinn was a member of the management team of Outlaws Nightclub in Calgary, Alberta, Canada. Mr. Quinn holds a diploma in General Arts and Sciences from Mount Royal College in Calgary, Alberta.

Kevin Liggins has been secretary and a member of our board of directors since our inception on June 27, 2006. Since February, 2003, Mr. Liggins has worked as a contractor specializing in residential renovations. From August 2000 to February 2003, Mr. Liggins was a team leader at All New Manufacturing, which engaged in the business powder coating steel products.

Audit Committee and Charter

We have a separately-designated audit committee of the board. Audit committee functions are performed by our board of directors. None of our directors are deemed independent. All directors also hold positions as our officers. Our audit committee is responsible for: (1) selection and oversight of our independent accountant; (2) establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal controls and auditing matters; (3) establishing procedures for the confidential, anonymous submission by our employees of concerns regarding accounting and auditing matters; (4) engaging outside advisors; and, (5) funding for the outside auditors and any outside advisors engagement by the audit committee.

Audit Committee Financial Expert

None of our directors or officers have the qualifications or experience to be considered a financial expert. We believe the cost related to retaining a financial expert at this time is prohibitive. Further, because of our limited operations, we believe the services of a financial expert are not warranted.

Code of Ethics

We have adopted a corporate code of ethics. We believe our code of ethics is reasonably designed to deter wrongdoing and promote honest and ethical conduct; provide full, fair, accurate, timely and understandable disclosure in public reports; comply with applicable laws; ensure prompt internal reporting of code violations; and provide accountability for adherence to the code.

Disclosure Committee and Charter

We have a disclosure committee and disclosure committee charter. Our disclosure committee is comprised of all of our officers and directors. The purpose of the committee is to provide assistance to the Chief Executive Officer and the Chief Financial Officer in fulfilling their responsibilities regarding the identification and disclosure of material information about us and the accuracy, completeness and timeliness of our financial reports.

Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 require our officer, directors and persons who own more than 10% of our common stock to file reports of ownership and changes in ownership of our common stock. Based solely upon our review and representations by our officers, directors and 10% owners of our common stock filed all reports required by Section 16(a) of the Securities Exchange Act of 1934.

ITEM 11. EXECUTIVE COMPENSATION

The following table sets forth the compensation paid by us for the last three fiscal years ending January 31, 2009 for each of our officers. This information includes the dollar value of base salaries, bonus awards and number of stock options granted, and certain other compensation, if any. The compensation discussed addresses all compensation awarded to, earned by, or paid or named executive officers.

Long-Term Incentive Plan Awards

We do not have any long-term incentive plans.

Indemnification

Under our Articles of Incorporation and Bylaws of the corporation, we may indemnify an officer or director who is made a party to any proceeding, including a lawsuit, because of his position, if he acted in good faith and in a manner he reasonably believed to be in our best interest. We may advance expenses incurred in defending a proceeding. To the extent that the officer or director is successful on the merits in a proceeding as to which he is to be indemnified, we must indemnify him against all expenses incurred, including attorney's fees. With respect to a derivative action, indemnity may be made only for expenses actually and reasonably incurred in defending the proceeding, and if the officer or director is judged liable, only by a court order. The indemnification is intended to be to the fullest extent permitted by the laws of the State of Nevada.

Regarding indemnification for liabilities arising under the Securities Act of 1933, which may be permitted to directors or officers under Nevada law, we are informed that, in the opinion of the Securities and Exchange Commission, indemnification is against public policy, as expressed in the Act and is, therefore, unenforceable.

ITEM SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

12.

The following table sets forth, as of the date of this 10-K report, the total number of shares owned beneficially by each of our directors, officers and key employees, individually and as a group, and the present owners of 5% or more of our total outstanding shares. The table also reflects what their ownership is since the sale of our offering. The stockholder listed below has direct ownership of his shares and possesses sole voting and dispositive power with respect to the shares.
