**ATLANTA GAS LIGHT COMPANY FILES MOTION
FOR IMMEDIATE STAY OF RATE CASE ORDER**

ATLANTA, April 29, 2005 - Atlanta Gas Light Company, a subsidiary of AGL Resources Inc. (NYSE: ATG), today filed a Motion for Stay of Order at the Georgia Public Service Commission (GPSC) in response to the GPSC's 3 to 2 vote on Wednesday, April 27, 2005 to accept, with three amendments, an Advisory Staff recommendation in connection with Atlanta Gas Light's rate case proceeding under Docket No. 18638-U. In an effort to prevent the company from being harmed while it seeks reconsideration of the decision, the motion requests that the GPSC immediately stay its April 29, 2005 order ("Order") under Docket No. 18638-U until such time as the GPSC rules on any petitions for rehearing, reconsideration and oral argument that Atlanta Gas Light intends to file on or about May 9, 2005.

While the final Order has not been issued by the GPSC, it is expected today. Atlanta Gas Light has performed a preliminary review of the Advisory Staff's recommendation and the GPSC's stated amendments related to authorized return on equity and an energy conservation program. Atlanta Gas Light has concluded that if the GPSC Order encompasses all the points included in the Advisory Staff's recommendation as amended by the GPSC, Atlanta Gas Light's operating revenues would be reduced by up to \$25 million when the Order goes into effect on May 1, 2005.

Atlanta Gas Light has further concluded that the company would be required to recapture the \$21 million pre-tax gain previously recognized and associated with the sale of the Caroline Street campus in September 2003 by recording an expense and an associated regulatory liability as of the quarter ended March 31, 2005. This adjustment recommended by the Advisory Staff and approved by the GPSC defers the \$21 million pre-tax gain previously recorded by Atlanta Gas Light on the sale of the Caroline Street campus in September 2003 and amortizes the gain into base rates over a 10-year period starting when the Order goes into effect on May 1, 2005.

AGL Resources reported first quarter 2005 net income of \$88 million, or \$1.15 per basic share (\$1.14 per diluted share) on Wednesday, April 27, 2005, the same date the GPSC approved the Advisory Staff's recommendations and three related motions. If Atlanta Gas Light was to record the recapture of the previously recorded pre-tax gain of \$21

million associated with the sale of the Caroline Street campus as of March 31, 2005, previously reported first quarter 2005 net income would decrease by \$13 million to \$75 million. As a result, previously reported first quarter 2005 basic and diluted earnings per share would decrease by \$0.17 to \$0.98 per basic share (\$0.97 per diluted share).
