As previously reported, in December 2006, the California Public Utilities Commission (CPUC) revised its rules governing transactions between California's electricity and natural gas distribution companies and their non-regulated affiliates. Among other changes, the CPUC required large energy utilities in California to elect by June 12, 2007 either to comply with a new rule limiting the sharing of certain key officer positions between the utility and its holding company, or, in the alternative, to comply with a new rule prohibiting the sharing of lobbying, regulatory relations and certain legal services (except for legal services necessary to the provision of permitted shared services) between the utility and its affiliates. PG&E Corporation and the Utility have elected to implement the limitation on shared key officers by making the changes discussed above.

Mr. Powell, 43, has served as Vice President and Controller of PG&E Corporation since October 2005 and has served as Vice President and Controller of the Utility since December 2005. Before joining PG&E Corporation, Mr. Powell was a partner with PricewaterhouseCoopers LLC, a registered public accounting firm, since 2002. Mr. Powell practiced in the firm's national energy and utilities practice. From 1990 to 2002, Mr. Powell was a partner with Arthur Andersen LLP, working in the firm's energy and communications practice group. PG&E Corporation has agreed to pay Mr. Powell an annual base salary of \$307,000 for serving as Vice President and Controller of PG&E Corporation and as Vice President, Chief Financial Officer and Controller of the Utility. Mr. Powell continues to be eligible to participate in the PG&E Corporation 2006 Long-Term Incentive Plan, the annual PG&E Corporation Short-Term Incentive Plan, the Utility's tax-qualified defined benefit pension plan, the PG&E Corporation Supplemental Executive Retirement Plan (a non-tax qualified defined benefit pension plan), the PG&E Corporation Supplemental Retirement Savings Plan, and the PG&E Corporation Retirement Savings Plan (a 401(k) plan available to all eligible employees). PG&E Corporation also has adopted an Officer Severance Policy that covers officers of PG&E Corporation and the Utility. These plans, as well as perquisites provided to officers, are described in PG&E Corporation's and the Utility's 2007 joint proxy statement filed with the Securities and Exchange Commission.

Mr. Powell does not have any relationship or related transaction with PG&E Corporation or the Utility that would require disclosure pursuant to Item 404(a) of Securities and Exchange Commission Regulation S-K.

### **Item 5.03. Amendments to Articles of Incorporation or Bylaws; Change in Fiscal Year**

On April 18, 2007, the Boards of Directors of PG&E Corporation and the Utility amended each company's bylaws to, among other changes, (1) insert a description of duties and powers for the office of Chief Executive Officer, (2) limit the number of "required" officers to reflect current California General Corporation Law, and (3) remove the requirement that certain specified officers automatically be elected to the company's Board of Directors.

The text of PG&E Corporation's amended Bylaws, marked to show changes, is attached to this report as Exhibit 99.1. The text of the Utility's amended Bylaws, marked to show changes, is attached to this report as Exhibit 99.2.
