By a letter dated April 23, 2018, received on April 23, 2018 by electronic transmission by New Concept Energy, Inc. (the “**Registrant**” or the “**Issuer**” or the “**Company**”), NYSE Regulation advised that a review of the Company [Form 10-K Annual Report for 2017] shows that it is below compliance with Section 1003(a)(i) and Section 1003(a)(ii) since it reported stockholders’ equity of \$0.6 million as of December 31, 2017 and losses from continuing operations in three of its four most recent fiscal years ended December 31, 2017. The letter is NYSE Regulation’s official notice of noncompliance with the NYSE American continued listing standards and provides that the Company is now subject to the procedures and requirements set forth in Section 1009 of the Company Guide, which include:

- The Company making a public announcement through news media by April 27, 2018, disclosing the fact that the Company is not currently in compliance with the continued listing standards of the NYSE American and that the listing is subject to compliance with certain cure provisions, with a target completion date of October 23, 2019.
- The Company must contact the NYSE American by April 27, 2018 to confirm receipt of the letter.
- The Company must submit a Business Plan to the NYSE Regulation by May 23, 2018, advising of actions the Company has taken or will take to regain compliance with the continued listing standards by October 23, 2019, which plan should include specific milestones, quarterly financial projections and details related to any strategic initiatives.
