Item 1. Financial Statements.

VULCAN INTERNATIONAL CORPORATION
NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
For the nine months ended September 30, 2001 and 2000

On March 1, 1990 the United States of America filed a Complaint against the Registrant and others in the United States District Court for the District of Massachusetts claiming that the Registrant was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this Site.

Although the Registrant had engaged counsel to represent it in that action, the Registrant was first informed on March 28, 2001 that the Court had entered, pursuant to prior rulings, an unopposed "Final Judgment" against the Registrant on September 22, 1999. The "Final Judgment" awarded damages against the Registrant in favor of the United States in the amount of \$3,465,438 for unreimbursed response costs and accrued interest, plus any additional past unreimbursed response costs, interest and certain future costs the United States incurs at the site. The United States filed a notice of lien in certain jurisdictions on real property of the Registrant and its subsidiary Vulcan Corporation in the dollar amount of the judgment, plus interest.

The Registrant has recorded a liability of \$3,968,300 including accrued interest of \$502,900 for past costs plus \$1,151,600, (representing a discounted present value of \$1,750,000) for estimated future costs in connection with the Site. The September 30, 2000 quarterly results were restated to recognize interest on the liability as reported in the Registrant's Form 10-K for the year ended December 31, 2000. The liability for future costs is a significant estimate of the future costs and it is subject to change as actual costs are incurred and reported by the Environmental Protection Agency.

The Registrant is presently continuing an investigation into this matter and intends to vigorously pursue all available legal remedies to set aside all orders and liens relating to the asserted liability and to defend itself against the underlying allegations.

The Registrant was advised by the U.S. Environmental Protection Agency several years ago that it was one of at least 122 large generator potentially responsible parties ("PRP's") with regard to remediation of the Union Chemical Company, Inc. Site, South Hope, Maine, where the potential joint and several liability was in the range of \$15 million. The Registrant, along with many other PRP's, entered into a consent agreement with U.S. EPA to remediate the Site, and the Registrant is now a party to a Remedial Design/Remedial

Action Trust Agreement for the purpose of undertaking clean-up responsibilities at the Site. Most of the remedial work has now been completed. In 2000, PRP's estimated that additional funds of approximately \$1 million would be required to complete remediation of the Site. The Registrant's estimated share of that amount was approximately \$5,000 and was paid in 2000. If the projected cost of the remaining remediation tasks remains at approximately \$1 million, the Registrant will not have additional payments. There may be other potential clean-up liabilities at other sites of which the Registrant has no specific knowledge.

The Registrant has an interest in a partnership which owns certain real estate. On August 13, 1999 a Complaint for money damages, in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. Essentially, the plaintiff is seeking an adjustment of the capital account balances which would result in a higher distribution of cash flow. On March 27, 2001, the plaintiff threatened to file an Amended Complaint that alleges damages of \$1,062,000 and costs, plus punitive damages of \$2,000,000 on various grounds. The Registrant believes that the suit is without merit and has been defending itself vigorously against the issues raised.

The accompanying condensed consolidated financial statements reflect all adjustments that are, in the opinion of management, necessary to reflect a fair presentation of financial position, results of operations and cash flows for the interim periods. All such adjustments are of a normal recurring nature.

There were no securities of the Registrant sold by the Registrant during the nine months ended September 30, 2001, that were not registered under the Securities Act of 1933, in reliance upon an exemption from registration provided by Section 4(2) of the Act.

ACCOUNTING CHANGES

Effective January 1, 2001, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 133, Accounting for Derivative Instruments and Hedging Activities. SFAS 133 requires an entity to recognize all derivatives, at their fair market value, as either assets or liabilities in the statement of financial position. The effect of adopting this standard was not significant.

NEW PRONOUNCEMENTS

The Financial Accounting Standards Board has issued Statement No. 141, Business Combinations, effective for combinations after June 30, 2001, Statement No. 142, Goodwill and Other Intangible Assets, effective for goodwill and other intangible assets acquired after June 30, 2001 and for other goodwill and other intangible assets effective January 1, 2002, Statement No. 143, Accounting For Asset Retirement Obligations, effective January 1, 2003, Statement No. 144, Accounting For The Impairment or Disposal of Long-Lived Assets And For Long-Lived Assets To Be Disposed Of, effective January 1, 2002. These standards are not expected to have a significant impact on the Corporation's results of operations.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

RECLASSIFICATIONS

Certain prior period amounts have been reclassified to conform with current period presentations.

INCOME TAXES

The provision for income taxes is a tax benefit for the nine months ended September 30, 2000 and for the three months ended September 30, 2001 and 2000 due primarily to the use of the dividend received deduction which had been limited in prior quarters. It is anticipated the full dividend received deduction will be utilized during 2001. The full dividend received deduction was utilized during 2000.

REVIEW BY INDEPENDENT ACCOUNTANTS

The condensed consolidated financial statements at September 30, 2001, and for the nine-month period then ended have been reviewed, prior to filing, by the Registrant's independent accountants, J.D. Cloud & Co. L.L.P., whose report covering their review of the financial statements is included in this report.

INDEPENDENT ACCOUNTANT'S REPORT

To the Board of Directors
Vulcan International Corporation
Wilmington, Delaware

We have reviewed the accompanying condensed consolidated balance sheet of Vulcan International Corporation and subsidiaries as of September 30, 2001, and the related condensed consolidated statements of income for the nine-month and three-month periods ended September 30, 2001 and 2000 and the related statements of cash flows for the nine-months ended September 30, 2001 and 2000. These financial statements are the responsibility of the Company's management.

We conducted our review in accordance with standards established by the American Institute of Certified Public Accountants. A review of interim financial information consists principally of applying analytical procedures to financial data and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with generally accepted auditing standards, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying condensed consolidated financial statements for them to be in conformity with generally accepted accounting principles.

We have previously audited, in accordance with U.S. generally accepted auditing standards, the consolidated balance sheet of Vulcan International Corporation and subsidiaries as of December 31, 2000, and the related consolidated statements of income, shareholders' equity, and cash flows for the year then ended (not presented herein); and in our report dated February 10, 2001 and March 29, 2001, we expressed an unqualified opinion on those consolidated financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2000, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations.

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

Net sales revenue from continuing operations for the nine months ended September 30, 2001, decreased \$1,030,650 or 14.2% over the corresponding period in 2000. Cost of sales decreased \$1,259,793 or 17.3% during the nine months ended September 30, 2001 compared to the corresponding period in 2000. Net sales revenue for the third quarter of 2000 decreased \$581,021 or 23.8% and cost of sales decreased \$598,260 or 24.8% compared to the corresponding quarter in 2000. These changes are due to decreased sales in the Company's Rubber and Foam and Bowling Pin segments.

General and administrative expenses increased \$232,259 or 18.9% in the nine months ended September 30, 2001, as compared to the corresponding period in 2000. General and administrative expenses for the third quarter of 2001 increased \$61,453 or 14.6% compared to the corresponding quarter in 2000. These increases are primarily due to increased professional fees relating to environmental matters.

Interest expense decreased \$53,956 for the nine months ended September 30, 2001. Interest expense for the three month period ended September 30, 2001 decreased \$30,127. These decreases were due to decreased borrowings under the Company's line of credit agreement.

Gains on the sale of property, equipment and marketable securities were \$2,185,289 for the nine months ended September 30, 2001, as compared to \$718,760 for the corresponding period in 2000. Gains in 2001 were primarily the result of the sale of marketable securities and timber. Gains in 2000 were the result of the sales of marketable securities, timber and equipment from the Company's rubber plant in Clarksville, Tennessee.

The Company has a 50% interest in a joint venture, Vulcan Brunswick Bowling Pin Company (VBBPC) which manufactures bowling pins in Antigo, Wisconsin, for Brunswick and the Company. The Company received cash distributions of \$100,000 from VBBPC during the first nine months of 2001. The Company's interest in VBBPC is included in other assets at September 30, 2001.

For the period May 1, 2001 through December 31, 2001, Vulcan will bear the economic risk of the joint venture and thus any profit or loss resulting from operations during this period shall be allocated to Vulcan.

LIQUIDITY AND CAPITAL RESOURCES

The Company's cash requirements during the third quarter of 2000 were funded in part through earnings and noncash charges such as depreciation and amortization and from the sale of timber, equipment and marketable securities. The cash from these transactions was primarily used in operations. The Company expects to continue, when necessary, to use short-term borrowings to meet cash requirements not fully provided by earnings, depreciation and amortization. During the nine months ended September 30, 2001, 54,305 shares of treasury stock were acquired for \$2,103,881. There were approximately \$101,000 of commitments for capital expenditures as of September 30, 2001.

Item 3. Quantitative and Qualitative Disclosures about Market Risks

There have been no significant changes in the Company's market risk, primarily associated with marketable securities, since December 31, 2000.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

On March 1, 1990 the United States of America filed a Complaint against the Registrant and others in the United States District Court for the District of Massachusetts claiming that the Registrant was a potentially responsible party with respect to the Re-Solve, Inc. Superfund Site in North Dartmouth, Massachusetts seeking to recover response costs incurred and to be incurred in the future in connection with this Site.

Although the Registrant had engaged counsel to represent it in that action, the Registrant was first informed on March 28, 2001 that the Court had entered, pursuant to prior rulings, an unopposed "Final Judgment" against the Registrant on September 22, 1999. The "Final Judgment" awarded damages against the Registrant in favor of the United States in the amount of \$3,465,438 for unreimbursed response costs and accrued interest, plus any additional past unreimbursed response costs, interest and certain future costs the United States incurs at the site. The United States filed a notice of lien in certain jurisdictions on real property of the Registrant and its subsidiary Vulcan Corporation in the dollar amount of the judgment, plus interest.

The Registrant has recorded a liability of \$3,968,300 including accrued interest of \$502,900 for past costs plus \$1,151,600, (representing a discounted present value of \$1,750,000) for estimated future costs in connection with the Site. The September 30, 2000 quarterly results were restated to recognize interest on the liability as reported in the

Edgar Filing: VULCAN INTERNATIONAL CORP - Form 10-Q

Registrant's Form 10-K for the year ended December 31, 2000. The liability for future costs is a significant estimate of the future costs and it is subject to change as actual costs are incurred and reported by the Environmental Protection Agency.

The Registrant is presently continuing an investigation into this matter and intends to vigorously pursue all available legal remedies to set aside all orders and liens relating to the asserted liability and to defend itself against the underlying allegations.

The Registrant was advised by the U.S. Environmental Protection Agency several years ago that it was one of at least 122 large generator potentially responsible parties ("PRP's") with regard to remediation of the Union Chemical Company, Inc. Site, South Hope, Maine, where the potential joint and several liability was in the range of \$15 million. The Registrant, along with many other PRP's, entered into a consent agreement with U.S. EPA to remediate the Site, and the Registrant is now a party to a Remedial Design/Remedial Action Trust Agreement for the purpose of undertaking clean-up responsibilities at the Site. Most of the remedial work has now been completed. In 2000, PRP's estimated the additional funds in the range of

Item 1. Legal Proceedings. (Continued)

\$1 million would be required to complete remediation of the Site. The Registrant's estimated share of that amount was approximately \$5,000 and was paid in 2000. If the projected cost of the remaining remediation tasks remains at approximately \$1 million, the Registrant will not have additional payments. There may be other potential clean-up liabilities at other sites of which the Registrant has no specific knowledge.

The Registrant has an interest in a partnership which owns certain real estate. On August 13, 1999 a Complaint for money damages, in excess of \$25,000, based upon breach of fiduciary duty was filed by the other partner in the Court of Common Pleas in Hamilton County, Ohio. Essentially, the plaintiff is seeking an adjustment of the capital account balances which would result in a higher distribution of cash flow. On March 27, 2001, the plaintiff threatened to file an Amended Complaint that alleges damages of \$1,062,000 and costs, plus punitive damages of \$2,000,000 on various grounds. The Registrant believes that the suit is without merit and has been defending itself vigorously against the issues raised.

The Registrant and its subsidiaries are party to other matters and claims which are normal in the course of operations. While the results of litigation and claims cannot be predicted with certainty, based on advice of counsel, the Registrant believes that the final outcome of such matters will not have a materially adverse effect on its consolidated financial condition.
