The Board of Directors has set _____, 2003 as the record date (the "Record Date") to determine those holders of common stock, par value \$0.0001 per share (the "Common Stock"), who are entitled to notice of, and to vote at the Annual Meeting. The Company expects that the Notice of Annual Meeting, Proxy Statement and form of proxy will first be mailed to stockholders on or about May ____, 2003.

GENERAL INFORMATION ABOUT VOTING

WHO CAN VOTE?

You can vote your shares of Common Stock if our records show that you owned the shares on the Record Date. As of the close of business on the Record Date, a total of _____ shares of Common Stock are entitled to vote at the Annual Meeting. Each share of Common Stock is entitled to one (1) vote on matters presented at the Annual Meeting.

HOW DO I VOTE BY PROXY?

Follow the instructions on the enclosed proxy card to vote on each

Edgar Filing: PACIFICNET INC - Form PRE 14A

proposal to be considered at the Annual Meeting. Sign and date the proxy card and mail it back to us in the enclosed envelope.

3

The enclosed proxy, when properly signed and returned to the Company, will be voted by the proxy holders at the Annual Meeting as directed by the proxy. Proxies which are signed by stockholders but which lack any such specification will be voted in favor of the proposals set forth in the Notice of Annual Meeting.

WHAT IF OTHER MATTERS COME UP AT THE ANNUAL MEETING?

The matters described in this proxy statement are the only matters we know of that will be voted on at the Annual Meeting. If other matters are properly presented at the meeting, the proxy holders will vote your shares as they see fit.

CAN I CHANGE MY VOTE AFTER I RETURN MY PROXY CARD?

Yes. A proxy card may be revoked by a stockholder at any time before its exercise at the Annual Meeting by giving Victor Tong, our Secretary, a written notice revoking your proxy card or a duly executed proxy bearing a later date, or by attendance at the Annual Meeting and electing to vote in person.

CAN I VOTE IN PERSON AT THE ANNUAL MEETING RATHER THAN BY COMPLETING THE PROXY CARD?

Although we encourage you to complete and return the proxy card to ensure that your vote is counted, you can attend the Annual Meeting and vote your shares in person.

HOW ARE VOTES COUNTED?

We will hold the Annual Meeting if holders of a majority of the shares of Common Stock entitled to vote in person or by proxy either sign and return their proxy cards or attend the meeting. If you sign and return your proxy card, your shares will be counted to determine whether we have a quorum even if you abstain or fail to vote on any of the proposals listed on the proxy card.

The election of directors under proposal 1 will be by the affirmative vote of a plurality of the shares of Common Stock presented in person or represented by proxy at the Annual Meeting. Proposals 2, 3 and 4 shall be approved upon the affirmative vote of a majority of the shares of Common Stock presented in person or represented by proxy at the Annual Meeting. Unless otherwise stated, the enclosed proxy will be voted in accordance with the instructions thereon.

Brokers holding shares of the Company's Common Stock in street name who do not receive instructions are entitled to vote on the election of Directors. Under applicable Delaware law, "broker non-votes" on any other non-routine proposal, such as Proposals 2, 3, and 4 (where a broker submits a proxy but does not have authority to vote a customer's shares on such proposal) would not be considered entitled to vote on that proposal and will, therefore, have no legal effect on the vote of that particular matter.

WHO PAYS FOR THIS PROXY SOLICITATION?

We do. In addition to sending you these materials, some of our employees may contact you by telephone, by mail, by fax, by email, or in person. None of these employees will receive any extra compensation for doing this.

REPORT OF THE AUDIT COMMITTEE

The role of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. The Board of Directors,

Edgar Filing: PACIFICNET INC - Form PRE 14A

in its business judgment, has determined that all members of the committee are "independent" as required by applicable listing standards of the Nasdaq SmallCap Market. The Committee operates pursuant to a Charter that was approved by the Board in fiscal 2000. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing the Company's financial statements and expressing an opinion as to their conformity with generally accepted accounting principles.

In the performance of this oversight function, the Committee has reviewed and discussed the audited financial statements with management and the independent auditors. The Committee has discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standards No. 61, COMMUNICATION WITH AUDIT COMMITTEE, as currently in effect. Finally, the Committee has received written disclosures and the letter from the independent auditors required by Independence Standard Board Standard No. 1, INDEPENDENCE DISCUSSIONS WITH AUDIT COMMITTEES, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors to the Company is compatible with maintaining the auditor's independence and has discussed with the auditors the auditors' independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting, are not experts in the fields of accounting or auditing, including in respect of auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal control and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's consideration and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent".

Based upon the reports, review and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2002, as filed with the Securities and Exchange Commission.

The Company's Certificate of Incorporation limits the liability of its directors for monetary damages arising from a breach of their fiduciary duty as

directors, except to the extent otherwise required by the General Corporation Law of the State of Delaware. Such limitation of liability does not affect the availability of equitable remedies such as injunctive relief or rescission.

The Company's Bylaws provide that the Company shall indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law. The Company has entered into indemnification agreements with its officers and directors containing provisions that may require the Company, among other things, to indemnify such officers and directors against certain liabilities that may arise by reason of their status or service as directors or officers (other than liabilities arising from willful misconduct of a culpable nature), to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain directors' and officers' insurance if available on reasonable terms.

PROPOSAL 2

APPROVAL OF ISSUANCE OF SHARES OF COMMON STOCK IN EXCESS OF 20% OF THE COMPANY'S TOTAL SHARES OF COMMON STOCK OUTSTANDING

APPROVAL REQUIREMENT

On December 20, 2002, our wholly-owned subsidiary, PacificNet Management Limited, entered in an equity joint venture agreement with the five shareholders of International Elite Limited, a provider of value-added telecom services in Greater China. Pursuant to the joint venture agreement, and provided that our stockholders approve the transaction, we will own 50.1% of the outstanding equity interests of a newly formed joint venture registered in the Macao Annual Administrative Region (SAR) of China to be entitled "PacificNet Communications Limited-Macao Commercial Offshore." A copy of the joint venture agreement is attached as Annex 1. The mission of the joint venture is to extend the following of our existing value added telecom services in the Greater China region: call center, telemarketing, CRM, database and data-mining services, wireless communications, mobile applications, paging roaming, short messaging services (SMS), multimedia messaging services (MMS), mobile commerce, and VoIP.

Our joint venture partners will cause International Elite Limited to contribute a number of telecom customer service contracts valued at US\$21.3 million by HLB Hodgson Impey Cheng (CPA) according to a fairness opinion attached hereto as Annex 2. We have agreed, subject to stockholder approval, to contribute up to 34,000,000 shares of restricted common stock to the joint venture. The number of shares to be issued to the joint venture was based on a calculation which included dividing \$US 21.3 million by the closing bid price of our common stock on the date of execution of the joint venture agreement, which was \$0.12 (post 1-for-5 reverse split, the closing bid price was \$0.60). Although the results of such calculation results in an issuance of 35,500,000 shares, the joint venture partners agreed that only 34,000,000 shares of restricted common stock would be contributed to the joint venture. The common stock will be held by an agreed upon escrow agent in an escrow account pending the accomplishment by the joint venture of certain agreed upon milestones. All of the escrowed shares will be released to the joint venture provided, that, the joint venture generates a minimum of US \$3,000,000 net income for the fiscal year ended December 31, 2003 according to United States Generally Accepted Accounting Principles, consistently applied. In the event that the joint venture fails to generate a minimum of US\$3,000,000 net income for the fiscal year ended December 31, 2003, then our joint venture partners will be obligated to make a cash payment to us in the amount of the net income shortfall and the escrowed

Edgar Filing: PACIFICNET INC - Form PRE 14A

shares will subsequently be contributed to the joint venture. We have issued 800,000 shares of Common Stock, representing 16.5% of our issued and outstanding Common Stock to "PacificNet Communications Limited-Macao Commercial Offshore" to be held in escrow until the attainment of certain milestones agreed to in the joint venture agreement. In the event stockholder approval is not obtained, the issued shares will be cancelled.

The joint venture agreement provides that the board of directors of the joint venture will consist of five members of which three will be designated by us and two will be designated by International Elite Limited.

We are seeking approval of this proposal based on the NASD Marketplace Rules, which require stockholder approval for any issuance of stock where the amount of stock being issued may exceed 20% or more of the common stock outstanding before the issuance. We have obtained written advice from NASDAQ that this transaction will not be considered a "reverse merger" as provided in NASD Marketplace Rule 4350. Therefore, an initial listing application will not be required. In the event this proposal is approved, we will commence our obligations under the joint venture agreement. In the event this proposal is not approved, the conditions of the joint venture agreement will not be met, the agreement will terminate and any stock issued will be rescinded. The Board of Directors believes that the joint venture represents a strategic move to capture a portion of the rapidly growing value-added telecom, SMS and CRM services market in Greater China and, as structured, should be accretive to net income commencing our fiscal year ended December 31, 2003. Therefore, the Board of Directors considers the formation of the joint venture and, consequently, our required capital contribution of our common stock to be in the best interests of the Company and its stockholders.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

17

PROPOSAL 3

RATIFICATION OF PREVIOUS ISSUANCES, AND FUTURE ISSUANCES OF SHARES OF COMMON STOCK TO DIRECTORS AND OFFICERS

During the fiscal year ended December 31, 2002, the Company issued shares of Common Stock to its directors as compensation for their services. The number of shares issued to each of the directors (post 1-for-5 reverse split) is as follows:

DIRECTOR	NUMBER OF SHARES
Tony Tong	68,007
Victor Tong	18,200
ChoSam Tong	4,000
ShaoJian (Sean) Wang	23,400
Richard C. H. Lo	13,000
Yue (Justin) Tang	4,000
Yongjun (Charles) Fu	2,000
David Fisher	2,000

The board of directors previously approved the payment of fees to each director for his participation on the board. As disclosed in the Executive Compensation section of this proxy statement, each director of the Company is paid an annual retainer fee of \$10,000 in the form of shares of Common Stock. The annual retainer fee is paid semi-annually in arrears. The number of shares of common stock issued is based on the average closing market price over the ten trading days prior to the end of the six month period that the retainer fee is due. The average closing price used to calculate the number of shares issued on November 7, 2002 was \$0.15

Pursuant to NASD Marketplace Rule 4350(i)(1)(A), the Company must obtain approval of its stockholders to establish any arrangement pursuant to which stock may be acquired by officers and directors. As a Nasdaq SmallCap company, the Company is required to obtain such approval to issue Common Stock to its directors for the payment of the annual retainer fee. Accordingly, the Company seeks ratification of the issuance of these shares to the directors, and approval for the future issuance of shares of Common Stock to the directors for the annual retainer fee.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR" THIS PROPOSAL.

PROPOSAL 4

PROPOSAL TO AMEND THE COMPANY'S 1998 STOCK OPTION PLAN TO INCREASE THE NUMBER OF SHARES THAT MAY BE GRANTED AS STOCK OPTION AWARDS

In September 1998, the Company's Board of Directors unanimously approved the Company's 1998 Stock Option Plan (the "1998 Plan") and in December 1998, the Company's stockholders approved the 1998 Plan. The purpose of the 1998 Plan is to enable the Company to attract and retain top-quality employees, officers, directors and consultants and to provide such employees, officers, directors and consultants with an incentive to promote the success of the Company. The Company is seeking approval to amend the 1998 Plan to increase the number of shares of Common Stock that may be granted as stock option awards under the 1998 Plan from 1,666,667 to 6,000,000.

DESCRIPTION OF THE 1998 PLAN

The following summary of the 1998 Plan, assuming stockholder approval of the amendment to the 1998 Plan, is qualified in its entirety by reference to the Company's full text of the amended 1998 Plan as it appears as Annex III to this Proxy Statement. The 1998 Plan would provide for the grant to directors, officers, employees and consultants of the Company (including its subsidiaries) of options to purchase up to an aggregate of 6,000,000 shares of Common Stock. The 1998 Plan may be administered by the Board of Directors or a committee of the Board of Directors (in either case, the "Committee"), which has complete discretion to select the optionees and to establish the terms and conditions of each option, subject to the provisions of the 1998 Plan. Options granted under the 1998 Plan may be "incentive stock options" as defined in Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or nonqualified options.

The exercise price of incentive stock options may not be less than 100% of the fair market value of the Common Stock as of the date of grant (110% of the fair market value if the grant is to an employee who owns more than 10% of the total combined voting power of all classes of capital stock of the Company).

Edgar Filing: PACIFICNET INC - Form PRE 14A

The Code currently limits to \$100,000 the aggregate value of Common Stock that may be acquired in any one year pursuant to incentive stock options under the 1998 Plan or any other option plan adopted by the Company. Nonqualified options may be granted under the 1998 Plan at an exercise price of not less than 100% of the fair market value of the Common Stock on the date of grant (110% of the fair market value if the grant is to a director, officer or employee who owns more than 10% of the voting power of all classes of stock of the Company or any Parent or subsidiary). Nonqualified options also may be granted without regard to any restriction on the amount of Common Stock that may be acquired pursuant to such options in any one year.

Subject to the limitations contained in the 1998 Plan, options granted under the 1998 Plan will become exercisable at such times and in such installments (but not less than 20% per year) as the Committee shall provide in the terms of each individual stock option agreement. The Committee must also provide in the terms of each stock option agreement when the option expires and becomes unexercisable, and may also provide the option expires immediately upon termination of employment for any reason. No option held by directors, executive officers or other persons subject to Section 16 of the Securities Exchange Act of 1934, as amended, may be exercised during the first six months after such option is granted.

Unless otherwise provided in the applicable stock option agreement, upon the termination of employment of an employee, all options that were then vested shall remain exercisable until the expiration of the term of the option set forth in the stock option agreement. If no time period is specified in the stock option agreement then the option shall remain exercisable for twelve (12) months following termination of employment. Any options which were not exercisable on the date of such termination would immediately terminate concurrently with the termination of employment.

19

Unless otherwise provided in the applicable stock option agreement, upon the death or disability of an optionee, all options that were then vested shall remain exercisable until such period of time as is specified in the stock option agreement, but in no event later than the expiration of the term of such option as set forth in the stock option agreement. If no time period is specified in the stock option agreement then the option shall remain exercisable for twelve (12) months following the optionee's death or disability.

The Board of Directors may at any time amend, alter, suspend or terminate the Plan. No amendment, alteration, suspension or termination of the Plan will impair the rights of any optionee, unless mutually agreed otherwise between the optionee and the Committee, which agreement must be in writing and signed by the optionee and the Company. Termination of the Plan will not affect the Committee's ability to exercise the powers granted to it hereunder with respect to options granted under the Plan prior to the date of such termination.

Options granted under the 1998 Plan may not be exercised more than ten years after the grant (five years after the grant if the grant is an incentive stock option to an employee who owns more than 10% of the total combined voting power of all classes of capital stock of the Company). Options granted under the 1998 Plan are not transferable and may be exercised only by the respective grantees during their lifetime or by their heirs, executors or administrators in the event of death. Under the 1998 Plan, shares subject to cancelled or terminated options are reserved for subsequently granted options. The number of options outstanding and the exercise price thereof are subject to adjustment in the case of certain transactions such as mergers, recapitalizations, stock splits or stock dividends. The 1998 Plan is effective for ten years, unless sooner terminated or suspended.

Edgar Filing: PACIFICNET INC - Form PRE 14A

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

Incentive stock options granted under the 1998 Plan will be afforded favorable federal income tax treatment under the Code. If an option is treated as an incentive stock option, the optionee will recognize no income upon grant or exercise of the option unless the alternative minimum tax rules apply. Upon an optionee's sale of the shares (assuming that the sale occurs at least two years after grant of the option and at least one year after exercise of the option), any gain will be taxed to the optionee as long-term capital gain. If the optionee disposes of the shares prior to the expiration of the above holding periods, then the optionee will recognize ordinary income in an amount generally measured as the difference between the exercise price and the lower of the fair market value of the shares at the exercise date or the sale price of the shares. Any gain or loss recognized on such a premature sale of the shares in excess of the amount treated as ordinary income will be characterized as capital gain or loss.

All other options granted under the 1998 Plan will be nonstatutory stock options and will not qualify for any Annual tax benefits to the optionee. An optionee will not recognize any taxable income at the time he or she is granted a nonstatutory stock option. However, upon exercise of the nonstatutory stock option, the optionee will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of each share over its exercise price. Upon an optionee's resale of such shares, any difference between the sale price and the fair market value of such shares on the date of exercise will be treated as capital gain or loss and will generally qualify for long-term capital gain or loss treatment if the shares have been held for more than one year. Recently enacted legislation provides for reduced tax rates for long-term capital gains based on the taxpayer's income and the length of the taxpayer's holding period.

The foregoing does not purport to be a complete summary of the federal income tax considerations that may be relevant to holders of options or to the Company. It also does not reflect provisions of the income tax laws of any municipality, state or foreign country in which an optionee may reside, nor does it reflect the tax consequences of an optionee's death.

The 1998 Plan may be amended, altered, suspended or terminated by the Board at any time; provided however, that the Board shall obtain stockholder approval of any amendment to the 1998 Plan to the extent necessary and desirable to comply with U.S. state corporate laws, U.S. federal and state securities laws, the Internal Revenue Code of 1986, as amended, the Nasdaq SmallCap Market or any other market in which the Company's Common Stock may be traded, and the applicable laws of any other country or jurisdiction where options are granted under the Plan. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any optionee, unless mutually agreed otherwise between the optionee and the Board.

20

PRINCIPAL DIFFERENCES

The 1998 Plan is amended to increase the number of shares that may be granted as stock option awards to 6,000,000 as compared to 1,666,667 under the current 1998 Plan.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE PROPOSAL TO AMEND THE COMPANY'S 1998 PLAN TO INCREASE THE NUMBER OF SHARES THAT MAY BE GRANTED AS STOCK OPTION AWARDS.

ANNEX II

FAIRNESS OPINION

[Letterhead of Turner, Stone, & Company, L.L.P.]

TO: Board of Directors, PacificNet Inc.

FROM: Turner, Stone, & Company, L.L.P.

Dear PacificNet Board of Directors,

You have requested that we render our opinion as to the fairness, from a financial perspective, to the stockholders of PacificNet Inc. (PACT), a Delaware corporation (the Company), of a proposed joint venture between PacificNet Management Limited (PML), a British Virgin Islands company and a wholly owned subsidiary of PACT, and the stockholders of International Elite Limited (IEL), a Cayman Islands company not otherwise related to PACT or its stockholders, directors or officers. The transaction will be effected pursuant to the terms and conditions of the Equity Joint Venture Contract dated December 20, 2002 (Contract).

The transaction will be structured as a joint venture between PML and IEL with the resulting entity, PacificNet Communications Limited - Macao Commercial Offshore (PCL-MCO), being a limited liability company that will be registered in the Macao Special Administration Region (SAR) of China. Generally, the business purpose of PCL-MCO will be to market PACT's existing services in the greater China region. The functional currency of PCL-MCO will be the Macao Pataca, which has a current exchange rate with the U.S. dollar of 1 U.S. dollar equals 8.28180 Macao Pataca (MOP).

Under the terms and conditions of the Contract, PACT will initially contribute to the joint venture MOP 50,100 (\$6,049USD) and receive a 50.1% interest in the registered capital of the joint venture and IEL will initially contribute MOP 49,900 (\$6,025USD) and receive a 49.9% interest in the registered capital of the joint venture. These initial contributions will constitute the total initial registered share capital of the joint venture.

Additionally, IEL will transfer to the joint venture a number of Customer Service Contracts with a fair value of not less than \$20,400,000 USD. The fair value of the Customer Service Contracts is to be supported by an independent business appraisal provided by IEL by an individual qualified to provide such valuations. Also, to match IEL's investment of Customer Service Contracts, PML will contribute to the joint venture 34,000,000 PACT common stock shares (approximately equivalent to the above fair value based on a valuation of \$0.60USD per PACT share).

Within 30 days of the formation of the joint venture, PACT is obligated to transfer to the joint venture 800,000 of its shares of common stock. However, the shares are to be returned to PACT if the joint venture does not obtain the regulatory approval, fails to receive the approval of its stockholders to enter into this transaction or the joint venture is otherwise rescinded as provided for in the joint venture agreement.

The remaining 33,200,000 PACT common stock shares will be held in escrow subject to the terms of an Escrow Agreement. The actual number of shares that will be transferred to the joint venture will be determined on a quarterly basis over the first four operating quarters based on achieved levels of net income as stated in the Joint Venture Contract. As each net income level is achieved, the Escrow Agent will release the stipulated number of common stock shares from escrow to be transferred into the joint venture.

Edgar Filing: PACIFICNET INC - Form PRE 14A

In this regard, IEL represents, warrants and undertakes that the net income of the joint venture for the first year of operations will not be less than \$3,000,000USD. IEL further acknowledges and agrees that the total investment by PACT is based on IEL's warranty with respect to the net income. In the event that the above net income is not achieved during the first year, IEL will pay directly to PACT the shortfall in net income less than \$3,000,000 USD. Upon the payment of this shortfall, if any, the above PACT shares will be transferred to the joint venture.

39

In our review, we have assumed, at your direction, that the definitive documents to be prepared, used and signed by the parties to formally effect the transaction will not, when executed, contain any terms or conditions that differ materially from the terms and conditions contained in the Contract which was attached as an exhibit to your Schedule 14a Proxy Statement and filed with the U.S. Securities and Exchange Commission.

In connection with our opinion, among other things, and at the direction of PACT management, we have (i) held several discussions with PACT management and PACT's independent auditors however, took no steps to independently verify the substance of such discussions, (ii) reviewed an unexecuted copy of the Contract, (iii) reviewed certain public information made available to us by PACT and relating to PACT although we took no steps to independently verify the substance of such public information and (iv) reviewed the historical stock prices for PACT which we have determined to be comparable to PACT.

We have not been requested to, and did not, communicate in any way with IEL or any of its stockholders, directors or officers regarding the Contract, any of its terms and conditions or any other aspects of the transaction. Additionally, we have not been asked to consider, and our opinion does not address, the relative merits of the transaction as compared to any alternative business strategy that might exist for PACT. Furthermore, we have not negotiated the Contract, provided any legal advice or otherwise advised you or been involved in any aspect of the transaction.

In rendering this opinion, we have been directed to rely, without independent verification, on the accuracy of all of the financial and other information that was publicly available or furnished to us by PACT or their independent auditors. We have further relied upon the assurances of PACT's management that they are not aware of any facts that would make any of the foregoing information inaccurate or misleading. We have not made or obtained or assumed any responsibility for making or obtaining any independent evaluations or appraisals of the Customer Service Contracts or other PACT or IEL assets nor have we been furnished with any such evaluations.

Our opinion is based upon our analysis of the foregoing factors in light of our assessment of general economic, financial and market conditions as they exist and as evaluated by us as of the date hereof.

Other than our engagement to analyze this transaction and render our opinion as to the fairness of this transaction as it applies to the stockholders of PACT, our firm is not affiliated with or associated with in any way to any of the parties to this transaction or any of their major stockholders, directors, officers or other members of management. Furthermore, our firm has not in the past provided any services to any of the parties to this transaction nor is it contemplated at this time that we will provide any additional services to any of the parties to this transaction. In addition, PACT has agreed to indemnify us against certain liabilities arising out of our engagement.

Edgar Filing: PACIFICNET INC - Form PRE 14A

This opinion is intended for the benefit and use of PACT's board of directors in considering this transaction and does not constitute a recommendation to any individual stockholder or group of stockholders as to how such stockholder should vote on any matter relating to the transaction. This opinion may not be used by PACT for any other purpose or published, reproduced, disseminated, quoted or referred to by PACT at any time, in any manner or for any purpose, without our prior written consent, except that this opinion may be reproduced in full in, and references to the opinion and to us (in each case in such form as we shall approve) may be included in, the solicitation/recommendation statement that PACT distributes to stockholders in connection with the transaction and any proxy/information statement filed with the Securities and Exchange Commission in connection with the transaction.

Based upon and subject to the foregoing, we are of the opinion that, as of the date hereof, the transaction is fair to the PACT stockholders from a financial perspective.

Very truly yours,

/s/ Turner, Stone, & Company, L.L.P.

(iii) Notwithstanding the foregoing, Options may be granted with a per Share exercise price other than as required above pursuant to a merger or other corporate transaction.

(b) The consideration to be paid for the Shares to be issued upon exercise of an Option, including the method of payment, shall be determined by the Administrator (and, in the case of an Incentive Stock Option, shall be determined at the time of grant). Such consideration may consist of (1) cash, (2) check, (3) promissory note, (4) other Shares which (x) in the case of Shares acquired upon exercise of an Option, have been owned by the Optionee for more than six months on the date of surrender, and (y) have a Fair Market Value on the date of surrender equal to the aggregate exercise price of the Shares as to which such Option shall be exercised, (5) consideration received by the Company under a cashless exercise program implemented by the Company in connection with the Plan, or (6) any combination of the foregoing methods of payment. In making its determination as to the type of consideration to accept, the Administrator shall consider if acceptance of such consideration may be reasonably expected to

benefit the Company.

9. EXERCISE OF OPTION.

(a) Procedure for Exercise; Rights as a Shareholder. Any Option granted hereunder shall be exercisable according to the terms hereof at such times and under such conditions as determined by the Administrator and set forth in the Option Grant. Except in the case of Options granted to Officers, Directors and Consultants, Options shall become exercisable at a rate of no less than 20% per year over five (5) years from the date the Options are granted. Unless the Administrator provides otherwise, vesting of Options granted hereunder shall be tolled during any unpaid leave of absence. An Option may not be exercised for a fraction of a Share. An Option shall be deemed exercised when the Company receives: (i) written or electronic notice of exercise (in accordance with the Option Grant) from the person entitled to exercise the Option, and (ii) full payment for the Shares with respect to which the Option is exercised. Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Option Grant and the Plan. Shares issued upon exercise of an Option shall be issued in the name of the Optionee or, if requested by the Optionee, in the name of the Optionee and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a shareholder shall exist with respect to the Shares, notwithstanding the exercise of the Option. The Company shall issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 11 of the Plan. Exercise of an Option in any manner shall result in a decrease in the number of Shares thereafter available, both for purposes of the Plan and for sale under the Option, by the number of Shares as to which the Option is exercised.

(b) Termination of Relationship as a Service Provider. If an Optionee ceases to be a Service Provider, such Optionee may exercise his or her Option within such period of time as is specified in the Option Grant (of at least thirty (30) days) to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of the Option as set forth in the Option Grant). In the absence of a specified time in the Option Grant, the Option shall remain exercisable for three (3) months following the Optionee's termination. If, on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If, after termination, the Optionee does not exercise his or her Option within the time specified by the Administrator, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(c) Disability of Optionee. If an Optionee ceases to be a Service Provider as a result of the Optionee's Disability, the Optionee may exercise his or her Option within such period of time as is specified in the Option Grant (of at least six (6) months) to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Option Grant). In the absence of a specified time in the Option Grant, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If on the date of termination, the Optionee is not vested as to his or her entire Option, the Shares covered by the unvested portion of the Option shall revert to the Plan. If after termination, the Optionee does not exercise his or her Option within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(d) Death of Optionee. If an Optionee dies while a Service Provider, the Option may be exercised within such period of time as is specified in the Option Grant (or at least six (6) months) to the extent that the Option is vested on the date of death (but in no event later than the expiration of the term of such Option as set forth in the Option Grant) by the Optionee's estate or by a person who acquires the right to exercise the Option by bequest or inheritance. In the absence of a specified time in the Option Grant, the Option shall remain exercisable for twelve (12) months following the Optionee's termination. If, at the time of death, the Optionee is not vested as to the entire Option, the Shares covered by the unvested portion of the Option shall immediately revert to the Plan. If the Option is not so exercised within the time specified herein, the Option shall terminate, and the Shares covered by such Option shall revert to the Plan.

(e) Buyout Provisions. The Administrator may at any time offer to buy out for a payment in cash or Shares, an Option previously granted, based on such terms and conditions as the Administrator shall establish and communicate to the Optionee at the time that such offer is made.

10. NON-TRANSFERABILITY OF OPTIONS. The Options may not be sold, pledged, assigned, hypothecated, transferred, or disposed of in any manner other than by will or by the laws of descent or distribution and may be exercised, during the lifetime of the Optionee, only by the Optionee.

11. ADJUSTMENTS UPON CHANGES IN CAPITALIZATION, MERGER OR ASSET SALE.

(a) Changes in Capitalization. Subject to any required action by the shareholders of the Company, the number of shares of Common Stock covered by each outstanding Option, and the number of shares of Common Stock which have been authorized for issuance under the Plan but as to which no Options have yet been granted or which have been returned to the Plan upon cancellation or expiration of an Option, as well as the price per share of Common Stock covered by each such outstanding Option, shall be proportionately adjusted for any increase or decrease in the number of issued shares of Common Stock resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Company. The conversion of any convertible securities of the Company shall not be deemed to have been "effected without receipt of consideration." Such adjustment shall be made by the Board, whose determination in that respect shall be final, binding and conclusive. Except as expressly provided herein, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason thereof shall be made with respect to, the number or price of shares of Common Stock subject to an Option.

(b) Dissolution or Liquidation. In the event of the proposed dissolution or liquidation of the Company, the Administrator shall notify each Optionee as soon as practicable prior to the effective date of such proposed transaction. The Administrator in its discretion may provide for an Optionee to have the right to exercise his or her Option until fifteen (15) days prior to such transaction as to all of the Optioned Stock covered thereby, including Shares as to which the Option would not otherwise be exercisable. In addition, the Administrator may provide that any Company repurchase option applicable to any Shares purchased upon exercise of an Option shall lapse as to all such Shares, provided the proposed dissolution or liquidation takes place at the time and in the manner contemplated. To the extent it has not been previously exercised, an Option will terminate immediately prior to the consummation of

such proposed action.

(c) Merger or Asset Sale. In the event of a merger of the Company with or into another corporation, or the sale of substantially all of the assets of the Company, each outstanding Option shall be assumed or an equivalent option or right substituted by the successor corporation or a Parent or Subsidiary of the successor corporation. In the event that the successor corporation refuses to assume or substitute for the Option, the Optionee shall fully vest in and have the right to exercise the Option as to all of the Optioned Stock, including Shares as to which it would not otherwise be vested or exercisable. If an Option becomes fully vested and exercisable in lieu of assumption or substitution in the event of a merger or sale of assets, the Administrator shall notify the Optionee in writing or electronically that the Option shall be fully exercisable for a period of fifteen (15) days from the date of such notice, and the Option shall terminate upon the expiration of such period. For the purposes of this paragraph, the Option shall be considered assumed if, following the merger or sale of assets, the option or right confers the right to purchase or receive, for each Share of Optioned Stock subject to the Option immediately prior to the merger or sale of assets, the consideration (whether stock, cash, or other securities or property) received in the merger or sale of assets by holders of Common Stock for each Share held on the effective date of the transaction (and if holders were offered a choice of consideration, the type of consideration chosen by the holders of a majority of the outstanding Shares); provided, however, that if such consideration received in the merger or sale of assets is not solely common stock of the successor corporation or its Parent, the Administrator may, with the consent of the successor corporation, provide for the consideration to be received upon the exercise of the Option, for each Share of Optioned Stock subject to the Option, to be solely common stock of the successor corporation or its Parent equal in fair market value to the per share consideration received by holders of Common Stock in the merger or sale of assets.

46

12. TIME OF GRANTING OPTIONS. The date of grant of an Option shall, for all purposes, be the date on which the Administrator makes the determination granting such Option, or such other date as is determined by the Administrator. Notice of the determination shall be given to each Employee to whom an Option is so granted within a reasonable time after the date of such grant.

13. AMENDMENT AND TERMINATION OF THE PLAN.

(a) Amendment and Termination. The Board may at any time amend, alter, suspend or terminate the Plan.

(b) Shareholder Approval. The Board shall obtain shareholder approval of any Plan amendment to the extent necessary and desirable to comply with Applicable Laws.

(c) Effect of Amendment or Termination. No amendment, alteration, suspension or termination of the Plan shall impair the rights of any Optionee, unless mutually agreed otherwise between the Optionee and the Administrator, which agreement must be in writing and signed by the Optionee and the Company. Termination of the Plan shall not affect the Administrator's ability to exercise the powers granted to it hereunder with respect to Options granted under the Plan prior to the date of such termination.

14. CONDITIONS UPON ISSUANCE OF SHARES.

(a) Legal Compliance. Shares shall not be issued pursuant to the exercise of an Option unless the exercise of such Option and the issuance and

delivery of such Shares shall comply with Applicable Laws and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) Investment Representations. As a condition to the exercise of an Option, the Administrator may require the person exercising such Option to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required.

15. INABILITY TO OBTAIN AUTHORITY. The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

16. RESERVATION OF SHARES. The Company, during the term of this Plan, shall at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.

17. SHAREHOLDER APPROVAL. The Plan shall be subject to approval by the shareholders of the Company within twelve (12) months after the date the Plan is adopted. Such shareholder approval shall be obtained in the degree and manner required under Applicable Laws.

18. INFORMATION TO OPTIONEES AND PURCHASERS. The Company shall provide to each Optionee and to each individual who acquires Shares pursuant to the Plan, not less frequently than annually during the period such Optionee or purchaser has one or more Options outstanding, and, in the case of an individual who acquires Shares pursuant to the Plan, during the period such individual owns such Shares, copies of annual financial statements. The Company shall not be required to provide such statements to key employees whose duties in connection with the Company assure their access to equivalent information.
