CALCULATION OF REGISTRATION FEE

Title of each class of securities to be registered	Amount to be registered[1]	Proposed Maximum offering price per security[2]	Proposed Maximum Amount of Aggregate offering price	Amount of Registration Fee[3]
Common stock, no par value per share[4]	1,000,000	$ 0.85	$ 850,000.00	$ 545.70
Common stock, no par value per share[5]	1,024,998	$ 0.85	$ 871,248.30	$ 391.48
Common stock, no par value per share[6]	75,000	$ 0.85	$ 63,750.00	$ 143.25
Common stock, no par value per share[7]	1,725,882	$ 0.85	$ 1,466,999.70	$ 156.97
Common stock, no par value per share[8]	887,400	$ 0.85	$ 754,290.00	$ 80.71

---

(1) Pursuant to Rule 416(a) of the Securities Act of 1933, as amended, this registration statement shall be deemed to cover additional securities that may be offered or issued to prevent dilution resulting from stock splits, stock dividends or similar transactions.

(2) Estimated solely for the purpose of computing the amount of the registration fee pursuant to Rule 457(c). For the purposes of this table, we have used the average of the closing bid and ask prices of the common stock as traded in the over the counter market and reported on the OTC Electronic Bulletin Board on July 14, 2006.

(3) The registration fee was paid in connection with the original filing on July 17, 2006. The number of shares registered has since been reduced, resulting in a reduction of the aggregate fee payable from $1,318.11 to $428.67, the $889.44 difference will remain available for offset against filing fees for subsequent registration statements pursuant to Rule 457(p).

(4) Shares of common stock to be offered in connection with an equity line of credit arrangement.

(5) Shares of common stock being registered for resale that are owned by certain selling shareholders named in the prospectus.

(6) Represents shares of common stock being registered for resale that may be acquired upon the exercise of stock options by certain selling shareholders at exercises prices ranging from $0.50/share to $2.00/share.

(7) Represents shares of common stock being registered for resale that have been or may be acquired upon the conversion of Series A Convertible Promissory Notes due 2009 at a conversion price of $0.85/share issued to certain selling stockholders named in the prospectus.

(8) Represents shares of common stock being registered for resale that have been or may be acquired upon the exercise of common stock purchase warrants at an exercise price of $0.85/share issued to certain selling stockholders named in the prospectus.

The registrant hereby amends this registration statement on such date or dates as may be necessary to delay its effective date until the registrant shall file a further amendment which specifically states that this registration statement shall thereafter become effective in accordance with Section 8(a) of the Securities Act of 1933 or until this registration statement shall become effective on such date as the Commission, acting pursuant to said Section 8(a), may determine.

The information in this prospectus is not complete and may be changed. We may not sell these securities until the registration statement filed with the Securities and Exchange Commission is declared effective. This prospectus is not an offer to sell these securities, and we are not soliciting offers to buy these securities, in any state where the offer or sale is not permitted.

PROSPECTUS

SEAWRIGHT HOLDINGS, INC.

This prospectus relates to the sale of up to 4,713,281 shares of our common stock by our stockholders. We are not selling any securities in this offering and therefore will not receive any proceeds from this offering. We will, however, receive proceeds from the sale of securities under an investment agreement that we have entered into with one of the selling stockholders, Dutchess Private Equities Fund, L.P., which permits us to "put" up to $5,000,000 in shares of our common stock to Dutchess Private Equities Fund, L.P. Additionally, we may receive funds from the exercise of warrants and options held by certain selling stockholders. All costs associated with this registration will be borne by us.

The shares of common stock are being offered for sale by the selling stockholders at prices established on the Over-the-Counter Bulletin Board or in negotiated transactions during the term of this offering. Our common stock is quoted on the Over-the-Counter Bulletin Board under the symbol "SWRI.OB". On October 2, 2006, the last reported sale price of our common stock was $0.65 per share.

Dutchess Private Equities Fund, L.P. and Jones, Byrd and Attkisson, Inc. are "underwriters" within the meaning of the Securities Act of 1933, as amended, in connection with the resale of common stock under the investment agreement. Dutchess will pay us 95% of the lowest closing best bid price of the common stock during the five trading days immediately following the date of our notice to them of our election to put shares pursuant to the investment agreement.

THIS INVESTMENT INVOLVES A HIGH DEGREE OF RISK. YOU SHOULD PURCHASE SECURITIES ONLY IF YOU CAN AFFORD A COMPLETE LOSS. SEE "RISK FACTORS" BEGINNING ON PAGE 11.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

SUBJECT TO COMPLETION, THE DATE OF THIS PROSPECTUS IS OCTOBER 5, 2006

SUMMARY

The following summary is qualified in its entirety by the more detailed information and financial statements, including the notes thereto, appearing elsewhere in this prospectus. Because it is a summary, it does not contain all of the information you should consider before making an investment decision. References in this prospectus to "we," "us," and "our" refer to Seawright Holdings, Inc. and its direct and indirect subsidiaries. References to "Seawright Holdings" refer to Seawright Holdings, Inc. and its subsidiaries.

Seawright Holdings, Inc.

Seawright Holdings, Inc. was incorporated in the State of Delaware in October 1999 under the name Pre-Settlement Funding Corporation. In September 2003 we changed our name to Seawright Holdings, Inc. to re-focus our business plan and enter the business of producing and selling spring water.

Our principal executive offices are located at 600 Cameron Street, Alexandria, Virginia 22314. Our telephone number is (703) 340-1629.

The Offering

On September 12, 2005, we entered into an investment agreement with Dutchess Private Equities Fund, L.P., or Dutchess, that provides us with an Equity Line of Credit. The investment agreement provides that, following notice to Dutchess, we may require Dutchess to purchase, or put, up to $5,000,000 in shares of our common stock for a purchase price equal to 95% of the lowest closing best bid price of our common stock on the Over-the-Counter Bulletin Board, or the OTCBB, during the five trading days following that put notice. We may, at our election, require Dutchess to purchase an amount equal to no more than either (a) 200% of the average daily volume of our common stock for the 10 trading days prior to the put notice date, multiplied by the average of the three daily closing bid prices immediately preceding the put notice date or (b) $100,000; provided that in no event will the amount Dutchess is required to purchase exceed $1,000,000 with respect to any single put. We are obligated to register for resale the shares of common stock issuable pursuant to the investment agreement pursuant to a registration rights agreement dated as of September 12, 2005, between Dutchess and us.

In addition to the shares issued pursuant to the investment agreement, shares will also be offered by our current stockholders. The majority of our stockholders acquired their securities through a private offering we closed in February 2005. This offering, sold to 78 accredited investors, consisted of 999 units at a price of $3,000 per unit. Each unit consisted of the following:

- 2,500 shares of our common stock;
- $1,500 of 11% convertible promissory notes, Series A, maturing on September 1, 2009, and convertible into shares of common stock at an exercise price of $0.85 per share any time after six months from the date of issuance; and
- A warrant to purchase 300 shares of our common stock that is exercisable for a period of five years from issuance at $0.85 per share.

As compensation for its services as placement agent of the private offering, Jones, Byrd and Attkisson received 594,000 warrants exercisable for 594,000 shares of common stock. Those warrants were then transferred to Ronald Attkisson, one of our directors, and John Pope Jones, and are being registered under this registration statement.

1

Other selling stockholders include Joel Sens, our president and chief executive officer, Stafford Street Capital LLC, a company wholly-owned by Joe Sens, National Financial Communications Corp., which acquired options to acquire 75,000 shares of common stock pursuant to a consulting agreement entered into with us on May 1, 2006, and Michael Donohue, Michael Fitzgerald and the William T. Stephens Jr. Revocable Trust, each of which acquired shares of our common stock in a private transactions with us on April 27, 2006.

The selling stockholders consist of:

(2) For the purpose of determining the number of shares subject to registration with the SEC, we have assumed that we will issue not more than 1,000,000 shares pursuant to the exercise of our put rights under the investment agreement, although the number of shares that we will actually issue pursuant to that put right may be more than or less than 1,000,000, depending on the trading price of our common stock and the number of times we draw down on the Equity Line of Credit. If we were to exercise the put right that would result in our issuance of more than 1,000,000 shares, we would be required to file a subsequent registration statement with the SEC and for that registration statement to be deemed effective prior to the issuance of any such additional shares.

Use of Proceeds

We will not receive any proceeds from the sale by the selling stockholders of our common stock. We will receive proceeds from the investment agreement. We may also receive proceeds from the exercise of warrants or options under certain circumstances. See "Use of Proceeds" below.

Symbol for Our Common Stock

Our common stock trades on the OTCBB under the symbol "SWRI.OB".

RISK FACTORS

An investment in our common stock involves a high degree of risk. You should carefully consider the following risk factors, other information included in this prospectus and information in our periodic reports filed with the SEC. If any of the following risks actually occur, our business, financial condition or results of operations could be materially and adversely affected and you may lose some or all of your investment.

Special Note Regarding Forward-Looking Statements

This prospectus contains certain forward-looking statements based on our current expectations, assumptions, estimates and projections about our business and our industry. We generally use words such as “believe,” “may,” “could,” “will,” “intend “expect,” “anticipate,” “plan,” and similar expressions to identify forward-looking statements. Forward-looking statements involve risks and uncertainties that could cause actual results to differ materially from those expressed or implied by the statements, including, but not limited to:

- market acceptance of our products;
- our ability to provide for our obligations;
- our ability to attract customers at a steady rate and maintain customer satisfaction;
- the amount and timing of operating costs and capital expenditures relating to the initial conduct and expansion of our business, operations and infrastructure and the implementation of marketing programs, key agreements and strategic alliances;
- our ability to obtain additional financing needed for any future acquisitions of assets or companies;
- our ability to meet competitive challenges and technological changes;
- general economic conditions specific to the beverage market and specifically the spring water industry; and
- other risks detailed in our periodic report filings with the SEC or specifically listed in the risk factors below.

Risks Related To Our Business

We have had losses since our inception, expect losses to continue in the future and may never become profitable

We have historically generated substantial losses, which, if continued, could make it difficult to fund our operations or successfully execute our business plan, and could adversely affect our stock price. For the period from inception through June 30, 2006, we have accumulated losses totaling $2,744,409. We experienced net losses of $423,429 for the three months ended June 30, 2006, $284,398 for the three months ended June 30, 2005, $1,116,047 for the year ended December 31, 2005 and $331,449 for the year ended December 31,

2004. We experienced negative cash flow from operations of $423,840 for the six months ended June 30, 2006, negative cash flow from operations of $349,977 for the six months ended June 30, 2005, positive cash flow from operations of $410,297 for the year ended December 31, 2005, and negative cash flow from operations of $1,894,662 for the year ended December 31, 2004. We anticipate that we will generate net losses in the near term and we may not be able to achieve or maintain profitability or positive cash flow at any time in the future.

We have a limited operating history and may never achieve or sustain profitable operations

We have only been operating for a short time and have not yet achieved significant sales or made a profit from operations. We have generated limited revenues from our current products of $4,124 from inception through June 30, 2006.

In addition, we have a limited history of competing in the intensely competitive bottled water industry. Our products may not be successfully commercialized or marketed. As a result, we may never achieve or sustain profitable operations.

We will also be incurring costs to develop, introduce and enhance our spring water operations and products, to develop and market an interactive website, to establish marketing relationships, to acquire and develop products that will complement each other, and to build an administrative organization. To the extent that such expenses are not followed by commensurate revenue, our business, results of operations and financial condition will be materially and adversely affected.

Quarterly results may fluctuate significantly due to a variety of factors

Our quarterly operating results may fluctuate significantly in the future as a result of a variety of factors, most of which are outside our control, including:

· the level of public acceptance of our spring water operations and business;

· the demand for spring water services and related products;

· seasonal trends in demand;

· the amount and timing of capital expenditures and other costs relating to the initial conduct of our business and the expansion of our operations;

· the introduction of new services and products by us or our competitors;

· price competition or pricing changes in the industry;

· technical difficulties; and

· general economic conditions as well as economic conditions specific to the beverage industry.

Our quarterly results may also be significantly affected by the impact of the accounting treatment of acquisitions, financing transactions or other matters. Particularly at our early stage of development, such accounting treatment can have a material impact on our results for any quarter. Due to the foregoing factors, among others, it is likely that our operating results will fall below our expectations or our investors' expectations in some future quarter.

Our accountants have indicated that if we do not generate enough cash from operations to sustain our business we may have to liquidate assets or curtail our operations

The accompanying financial statements have been prepared assuming we will continue as a going concern. Since inception, we have accumulated substantial losses. Conditions exist that raise substantial doubt about our ability to continue as a going concern unless we are able to generate sufficient cash flows to meet our obligations and sustain our operations.

We may be subject to product liability claims and our insurance may not be adequate to cover such claims

The marketing and selling of our products will expose us to product liability risk. Any future claim against us for product liability could materially and adversely affect our business, financial condition, and results of operations and result in negative publicity. Even if we are not found liable, the costs of defending a lawsuit can be high.

We currently carry insurance for this type of liability, which provides coverage in the amount of $1,000,000. However, we may experience legal claims outside of our insurance coverage or in excess of our insurance coverage.

We are subject to substantial competition and so may not have the ability or the capital to compete effectively

The industry in which we expect our products to be sold is highly competitive. We may not have the ability or the capital to compete effectively in this environment.

The significant competition in our industry could harm our ability to win business and increase the price pressure on our products. We face strong competition from a wide variety of firms, including large, multinational firms with far greater resources than we possess.

Many of our competitors have considerably greater financial, marketing and technological resources than we do, which may make it difficult to sell our products. Many of our competitors also have longer operating histories and presence in key markets, greater name recognition, larger customer bases and significantly greater financial, sales and marketing, manufacturing, distribution, technical and other resources. As a result, these competitors may also be able to devote greater

resources to the promotion and sale of their products.

13

We must comply with environmental regulations or we may have to pay expensive penalties or clean up costs

We are subject to federal, state and local laws, and regulations regarding protection of the environment, including air, water, and soil. We do not maintain insurance for pollutant cleanup and removal. If we are found responsible for any hazardous contamination, we may have to pay expensive fines or penalties or perform costly clean-up. Even if we are charged and later found not responsible for such contamination or clean up, the cost of defending the charges could be high.

If we do not comply with government regulations, we may be unable to ship our products or have to pay expensive fines or penalties

We are subject to regulation by state and federal governments and governmental agencies. If we fail to obtain regulatory approvals or suffer delays in obtaining regulatory approvals, we may not be able to market our products and services and generate product and service revenues. Although we do not anticipate problems satisfying any of the regulations involved, we cannot foresee the possibility of new regulations that could adversely affect our business.

If land we recently acquired is not favorably re-zoned, we may be unable to lease the land for commercial purposes

In May of 2005 and in April of 2006, respectively, we completed the purchase of two parcels of land located in Staunton, Virginia. We are considering leasing both of these properties for commercial purposes. Currently, both properties are not zoned for commercial use. We expect both sites will be re-zoned to commercial use from general agricultural use based upon our review of the master zoning plan of the city of Staunton, Virginia. If the sites are not re-zoned, we will not be able to lease the properties for commercial purposes and we will have to consider alternative uses or selling the properties. If we sell the properties, we may have to sell them at a loss.

Insiders can exert significant control over our policies and affairs

As of June 30, 2006, our chief executive officer and principal stockholder, Joel Sens, beneficially owned approximately 43% of our outstanding common stock on a fully-diluted basis. As a result, Mr. Sens effectively controls all of our affairs and policies, including matters requiring stockholder approval, such as amendments to our certificate of incorporation, fundamental corporate transactions including mergers, acquisitions and the sale of the company, and other matters involving the direction of our business and affairs. Although you may vote your shares, you will have limited influence on our business and management.

We currently have one employee and we may not be able to execute our business plan without his services

Mr. Sens is presently our sole employee and is employed without any formal contract establishing terms of employment or compensation. We are therefore dependent upon Mr. Sens, who works for us as an at will employee, with respect to our operations and management. If Mr. Sens is unable to devote substantial time and attention to our operations for whatever reason or decides to change his employment, our business will be materially and adversely affected.

We believe that, as our activities increase and change in character, additional, experienced personnel will be required to implement our business plan. Competition for such personnel is intense and we may not be able to attract and retain such personnel.

We may not be able to successfully manage growth of our business

Our future success will be highly dependent upon our ability to successfully manage the anticipated expansion of our operations. Our ability to manage and support growth effectively will be substantially dependent on our ability to implement adequate financial and management controls, reporting systems and other procedures, and attract and retain sufficient numbers of qualified technical, sales, marketing, financial, accounting, administrative and management personnel.

Our future success also depends upon our ability to address potential market opportunities while

managing expenses to match our ability to finance our operations. This need to manage our expenses will place a significant strain on our management and operational resources. If we are unable to manage our expenses effectively, our business, results of operations and financial condition will be materially and adversely affected.

Risks associated with acquisitions

Although we do not presently intend to do so, as part of our business strategy in the future, we could acquire assets and businesses relating to or complementary to our operations. Any acquisitions by us would involve risks commonly encountered in acquisitions of assets or companies. These risks would include, among other things, the following:

· we could be exposed to unknown liabilities of the acquired companies;

· we could incur acquisition costs and expenses higher than anticipated;

· fluctuations in our quarterly and annual operating results could occur due to the costs and expenses of acquiring and integrating new businesses or technologies;

· we could experience difficulties and expenses in assimilating the operations and personnel of any acquired businesses;

· our ongoing business could be disrupted and our management's time and attention diverted; and

· we could be unable to integrate with any acquired businesses successfully.

Risks Related to this Offering and Our Stock

"Penny Stock" rules may make buying or selling our securities difficult

Trading in our securities is subject to the SEC's "penny stock" rules and it is anticipated that trading in our securities will continue to be subject to the penny stock rules for the foreseeable future. The SEC has adopted regulations that generally define a penny stock to be any equity security that has a market price of less than $5.00 per share, subject to certain exceptions. These rules require that any broker-dealer who recommends our securities to persons other than prior customers and accredited investors must, prior to the sale, make a special written suitability determination for the purchaser and receive the purchaser's written agreement to execute the transaction.

Unless an exception is available, the regulations require the delivery, prior to any transaction involving a penny stock, of a disclosure schedule explaining the penny stock market and the risks associated with trading in the penny stock market. In addition, broker-dealers must disclose commissions payable to both the broker-dealer and the registered representative and current quotations for the securities they offer. The additional burdens imposed upon broker-dealers by such requirements may discourage broker-dealers from recommending transactions in our securities, which could severely limit the liquidity of our securities and consequently adversely affect the market price for our securities.

Existing stockholders may experience significant dilution from the sale of securities pursuant to the investment agreement with Dutchess and the sale of securities by the selling stockholders

The sale of shares pursuant to the investment agreement with Dutchess will have a dilutive impact on our stockholders. As a result, our net income per share, if any, could decrease in future periods, and the market price of our common stock could decline. In addition, the lower our stock price at the time we exercise our put rights, the more shares we will have to issue to Dutchess to draw down on the full Equity Line of Credit with Dutchess. If our stock price decreases, then our existing stockholders would experience greater dilution.

In addition, through our prior private placement that closed in February 2005, we sold warrants and convertible promissory notes that are convertible into our common stock. We have also issued options convertible into our common stock to certain of the selling stockholders Some of these securities are still outstanding and any exercise of them will have a dilutive impact on our stockholders.

Finally, if cash generated by our operations is insufficient to satisfy our liquidity requirements, we may be required to sell additional equity or debt securities. The sale of additional equity or convertible debt securities would result in additional dilution to our stockholders.

Because Dutchess will pay less than the then-prevailing market price of our common stock and the other selling stockholders listed in this prospectus may pay less than the then-prevailing market price of our common stock our stock price may decline

The common stock to be issued under our agreement with Dutchess will be purchased at a 5% discount to the lowest closing best bid price for the five trading days immediately following our notice to Dutchess of our election to exercise our put right. The other selling stockholders may exercise their conversion rights of the warrants and promissory notes at $0.85 per share, which may be less than the then-prevailing market price of our common stock. These discounted sales could cause the price of our common stock to decline, and you may not be able to sell our stock for more than you paid for it.

17

Our securities have been thinly traded on the OTCBB, which may not provide liquidity for our investors

Our securities are quoted on the OTCBB. The OTCBB is an inter-dealer, over-the-counter market that provides significantly less liquidity than the NASDAQ Stock Market or other national or regional exchanges. Securities traded on the OTCBB are usually thinly traded, highly volatile, have fewer market makers and are not followed by analysts. The SEC's order handling rules, which apply to NASDAQ-listed securities, do not apply to securities quoted on the OTCBB. Quotes for stocks included on the OTCBB are not listed in newspapers. Therefore, prices for securities traded solely on the OTCBB may be difficult to obtain and holders of our securities may be unable to resell their securities at or near their original acquisition price, or at any price.

Investors must contact a broker-dealer to trade OTCBB securities. As a result, you may not be able to buy or sell our securities at the times you wish

Even though our securities are quoted on the OTCBB, the OTCBB may not permit our investors to sell securities when and in the manner that they wish. Because there are no automated systems for negotiating trades on the OTCBB, trades are conducted via telephone. In times of heavy market volume, the limitations of this process may result in a significant increase in the time it takes to execute investor orders. Therefore, when investors place an order to buy or sell a specific number of shares at the current market price it is possible for the price of a stock to go up or down significantly during the lapse of time between placing a market order and its execution.

We may not be able to access sufficient funds under the Equity Line of Credit with Dutchess when needed

We will depend on external financing to fund our planned initial operations and expansion. We expect that these financing needs will be substantially met by our agreement with Dutchess. However, due to the terms of the investment agreement, this financing may not be available in sufficient amounts or at all when needed. As a result, we may not be able to grow our business as planned.

We do not intend to pay dividends in the foreseeable future; therefore, you may never see a return on your investment

We do not anticipate the payment of cash dividends on our common stock in the foreseeable future. We anticipate that any profits from our operations will be devoted to future operations. Any decision to pay dividends will depend upon our profitability at the time, cash available and other factors. Therefore, you may never see a return on your investment. Investors who anticipate a need for immediate income from their investment should not purchase the securities offered in this prospectus.

Our stock price is volatile and you may not be able to sell your shares for more than what you paid

Our stock price has been subject to significant volatility, and you may not be able to sell shares of common stock at or above the price you paid for them. The trading price of our common stock has been subject to wide fluctuations in the past. During the three-month period ended June 30, 2006, our common stock traded at prices as low as $0.60 per share and as high as $1.00 per share. During our fiscal year ending 2005, our common stock traded at prices as low as $0.40 per share and as high as $1.05 per share. During our fiscal year ending December 31, 2004, our common stock traded at prices as low as $0.16 per share and as high as $1.50 per share. Prior to January 9, 2004, there was no public trading market for our securities.

The market price of the common stock could continue to fluctuate in the future in response to various factors, including, but not limited to:

· quarterly variations in operating results;

· our ability to control costs and improve cash flow;

· announcements of technological innovations or new products by us or by our competitors;

· changes in investor perceptions; and

· new products or product enhancements by us or our competitors.

The stock market in general has continued to experience volatility which may further affect our stock price. As such, you may not be able to resell your shares of common stock at or above the price you paid for them.

USE OF PROCEEDS

This prospectus relates to shares of our common stock that may be offered and sold from time to time by certain selling stockholders. We will not receive proceeds from the sale of shares of common stock in this offering. However, we will receive the proceeds from the sale of shares of common stock to Dutchess under the investment agreement. The purchase price of the shares purchased under the investment agreement will be equal to 95% of the lowest closing best bid price of our common stock on the OTCBB for the five trading days immediately following the date of our notice of election to exercise our put.

For illustrative purposes, we have set forth below our intended use of proceeds for the range of net proceeds indicated below to be received under the investment agreement.

	Proceeds if 100% Sold	Proceeds if 50% Sold
Gross proceeds	$ 850,000	$ 425,000
Estimated professional fees and SEC filing fees of offering	$ 125,000	$ 125,000
1% Placement Fee	$ 8,500	$ 4,250
Net proceeds	$ 716,500	$ 295,750

	Priority	Proceeds if 100% Sold	Proceeds if 50% Sold
Working capital and general corporate expenses	1st	$ 366,500	$ 295,750
Payment of mortgage on Mt. Sidney property(1)	2nd	$ 350,000	$
		$ 716,500	$ 295,750

(1) We intend to pay off the remaining amount owed on a $350,000 interest-only mortgage loan on our Mt. Sidney property. As described under “Plan of Operation—Comparison of Financial Results—Liquidity and Capital Resources” below, the mortgage loan accrues interest at a rate of 15.00% per annum, and matures on December 8, 2006. We have been using the proceeds of this mortgage loan for general working capital.

Additionally, we may receive proceeds from the exercise of warrants exercisable for 893,700 shares of our common stock at $0.85 per share. Warrants exercisable for 889,200 shares of common stock were issued in the year ended December 31, 2004 and the remaining warrants were issued in January 2005. The warrants expire five years from the date of issue.

We cannot accurately predict when or whether we will receive proceeds pursuant to the warrants or options because we do not know when the holders will choose to exercise the warrants or options. If the holders choose to exercise their warrants or options, we cannot predict whether any of those holders will opt for a cashless exercise. It is also possible that the warrants or certain of the options will expire without being exercised. If we receive proceeds from the warrants or options, we intend to use the proceeds for the purposes listed in the above chart.

The sale of shares pursuant to the investment agreement with Dutchess will have a dilutive impact on our shareholders. As a result, the market price of our shares of common stock could decline. In addition, the lower the stock price at the time we exercise our “put” rights, the more shares we will have to issue to Dutchess to draw down on the full Equity Line. If our stock price decreases, then our existing shareholders would experience greater dilution. See “Risk Factors - Risks Related to this Offering and Our Stock - Existing stockholders may experience significant dilution from the sale of securities pursuant to the investment agreement with Dutchess and the sale of securities by the selling stockholders.”

20

DETERMINATION OF OFFERING PRICE

The shares of common stock are being offered for sale by the selling stockholders at prices established on the OTCBB or in negotiated transactions during the term of this offering. These prices will fluctuate based on the demand for the shares.

INVESTMENT AGREEMENT WITH DUTCHESS

The following is a summary of the material terms of the investment agreement. This summary is not complete and is qualified in its entirety by reference to the investment agreement. You should read carefully the investment agreement in its entirety as it is the legal document that governs the Equity Line of Credit.

Overview

On September 12, 2005, we entered into an investment agreement with Dutchess in order to provide us with a possible source of funding. The investment agreement establishes what is sometimes referred to as an Equity Line of Credit.

Under the investment agreement, Dutchess has agreed to provide us with up to $5,000,000 of funding during the 36-month period following the date the registration statement, of which this prospectus is a part, is declared effective. During this 36 month period, we may request a draw down under the Equity Line of Credit by which we would sell shares of our common stock to Dutchess, which is obligated to purchase the shares under the investment agreement. We are under no obligation to draw down under the Equity Line of Credit.

Calculation of Draw Down Amount, Purchase Price and Number of Shares Sold

We may exercise our right to draw down our Equity Line of Credit by sending a written put notice to Dutchess stating the dollar amount we wish to draw down. The put notice date is generally considered to be the trading day following the day on which Dutchess receives the notice.

We may, at our election, require Dutchess to purchase an amount equal to no more than either (a) 200% of the average daily volume of our common stock for the 10 trading days prior to the put notice date, multiplied by the average of the three daily closing bid prices immediately preceding the put notice date or (b) $100,000; provided that we may not request more than $1,000,000 in any single put notice.

On the trading day following the put notice date, a pricing period of five trading days will begin. The purchase price for the common stock identified in the put notice will be equal to 95% of the lowest closing best bid price of our common stock during the pricing period.

We may submit additional put notices after each closing date but only if the shares sold during the prior pricing period have been paid for and issued.

Payment for Shares Issued

The shares purchased during the pricing period will be issued and paid for no later than the seventh trading day following the date of the drawdown notice.

Right of First Refusal

With certain exceptions, the investment agreement provides that the Company shall not directly or indirectly offer, sell, grant any option to purchase, or otherwise dispose of any of its common stock at a price that is less than the market price of the common stock within one year of the issuance of such security without the permission of Dutchess, which will not be unreasonably withheld. The Company may participate in such a transaction if it delivers a written notice to Dutchess describing the transaction and the amount and use of the proceeds intended to be raised. Dutchess may provide financing similar to the terms set forth in the notice. However, if Dutchess does not provide notice of its intent to provide such financing then the Company may proceed with its financing plans based on the terms of the initial notice to Dutchess.

Right to Cover

If shares subject to a put notice become restricted and Dutchess is required to purchase Company stock in an open market transaction to make a delivery, then the investment agreement requires the Company to pay to Dutchess an amount equal to the value of Dutchess' open market purchase price over the proceeds received from the sale of Company's stock in that transaction.

Closing Conditions

We can only put shares to Dutchess under the investment agreement when we meet certain conditions, including, but not limited to, the following:

- delivery of the certificates being purchased by Dutchess;
- a registration statement has been declared effective and remains effective for the resale of the common stock subject to the Equity Line of Credit;
- the registration statement, as required to be filed under the registration rights agreement, and any amendments do not contain any untrue statements of a material fact or omit to state any material fact;
- we have complied with our obligations under the investment agreement and the registration rights agreement;
- no injunction has been issued and remains in force, or action commenced by a governmental authority which has not been stayed or abandoned, prohibiting the consummation of any of the transactions contemplated by the investment agreement; and
- the issuance of the common stock will not violate any shareholder approval requirements of any exchange or market where our securities are traded.

Suspension of the Investment Agreement

The investment agreement will be suspended upon any of the following events, and will remain suspended until the event is rectified:

- the trading of our common stock is suspended by the SEC, the OTCBB or the National Association of Securities Dealers, or NASD, for a period of two consecutive trading days; or

- our common stock is de-listed from the OTCBB.

Indemnification

Pursuant to the investment agreement, Dutchess is entitled to customary indemnification from us for any losses or liabilities it suffers based upon (1) any misrepresentation or breach of any representation or warranty, (2) any breach of any covenant, agreement or obligation or (3) any cause of action, suit or claim, arising out of or resulting from the performance of the investment agreement or any other document contemplated by the investment agreement.

Placement Agent

Pursuant to the investment agreement, the Company has agreed to pay Jones, Byrd and Attkisson, as the placement agent, one percent (1%) of the value of the shares that the Company intends to sell to Dutchess on each closing date.

Short Selling

Pursuant to the investment agreement, Dutchess has agreed to comply with Section 9 of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the rules promulgated thereunder not to short the Company’s stock, either directly or indirectly.

Termination

The investment agreement will terminate when either of the following events occur:

- Dutchess has purchased an aggregate of $5,000,000 of our common stock; or
- thirty-six months after the SEC declares the registration statement, of which this prospectus is a part, effective.

DILUTION

Our net tangible book value as of June 30, 2006 was $367,098 or $.04 per share of Common Stock. Net tangible book value per share is determined by dividing our tangible book value (total tangible assets less total liabilities) by the number of outstanding shares of our Common Stock. Since this offering is being made solely be the selling stockholders and none of the proceeds will be paid to us, our net tangible book value will be unaffected by this offering. Our net tangible book value, however, will be impacted by the Common Stock to be issued under the investment agreement. The following example shows the dilution to new investors if (1) 50% of the stock issued under the investment agreement is sold; and (2) 100% of the stock intended to be sold under the investment agreement is sold.

	Minimum Offering	Maximum Offering
Public Offering Price Per Share	$ 0.85	$ 0.85
Net Tangible Book Value Prior to This Offering	$ 0.040	$ 0.040
Net Tangible Book Value After Offering	$ 0.07	$ 0.10
Dilution per share to new investors	$ 0.78	$ 0.75

SELLING SECURITY HOLDERS

The following table sets forth the name of the selling stockholders, the number of shares owned, the number of shares registered by this prospectus and the number of outstanding shares that the selling stockholders will own after the sale of the registered shares, assuming all of the shares are sold. The information provided in the table and discussions below has been obtained from the selling stockholders. The selling stockholders may have sold, transferred or otherwise disposed of, or may sell, transfer or otherwise dispose of, at any time or from time to time since the date on which they provided the information regarding the shares beneficially owned, all or a portion of the shares of common stock beneficially owned in transactions exempt from the registration requirements of the Securities Act of 1933, or the Securities Act. As used in this prospectus, “selling stockholder” includes donees, pledgees, transferees or other successors in interest selling shares received from the named selling stockholder as a gift, pledge, distribution or other non-sale related transfer (excluding donees, pledgees, transferees or other successors-in-interest of Dutchess).

Beneficial ownership is determined in accordance with Rule 13d-3(d) promulgated by the SEC under the Securities Exchange Act of 1934, or the Exchange Act. Unless otherwise noted, each person or group identified possesses sole voting and investment power with respect to the shares, subject to community property laws where applicable.

Stockholder	Number of Shares Beneficially Owned Before the Offering	Number of Shares Being Offered	Number of Shares Beneficially Owned After The Offering[1]

(1) The numbers assume that the selling stockholders have sold all of the shares offered hereby prior to completion of this offering.

(2) Represents shares we may issue to Dutchess pursuant to the Equity Line of Credit. Since we are not obligated to use the Equity Line of Credit and the amount of shares that we may issue pursuant to the Equity Line of Credit is partly based on the future market price of our common stock, we cannot predict with accuracy the actual number of shares we may issue to Dutchess.

Michael Novielli and Douglas Leighton are the Managing Members of Dutchess Capital Management, which is the general partner of Dutchess and, accordingly, may be deemed to have voting and dispositive power over securities held for the account of Dutchess.

(3) Consists of 3,929,334 shares of common stock, 400,000 shares that may be acquired at $0.50 per share upon the exercise of options, 300,000 shares that may be acquired at $1.00 per share upon the exercise of options, 300,000 shares that may be acquired at $1.75 per share upon the exercise of options and 500,000 shares that may be acquired at $2.00 per share upon the exercise of options.

(4) Consists of 300,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(5) Consists of 294,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(6) Includes 103,529 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 17,600 shares that may be acquired at $0.85 per share upon exercise of warrants.

(7) Includes 100,000 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 17,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(8) Includes 92,353 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 15,700 shares that may be acquired at $0.85 per share upon exercise of warrants.

(9) Includes 78,843 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 13,400 shares that may be acquired at $0.85 per share upon exercise of warrants. Ron Attkisson and John Pope Jones are the controlling shareholders of IFS Holdings, Inc., and, accordingly, they may be deemed to share voting and investment power over shares held by IFS Holdings, Inc.

(10) Includes 76,471 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 13,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(11) Includes 70,000 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 11,900 shares that may be acquired at $0.85 per share upon exercise of warrants.

(12) Consists of 175,000 shares of common stock.

Joel Sens is the sole owner of Stafford Street Capital LLC and, accordingly, may be deemed to share voting and investment power over shares held by Stafford Street Capital.

(13) Includes 58,824 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 10,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(14) Includes 57,059 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 9,700 shares that may be acquired at $0.85 per share upon exercise of warrants.

(15) Includes 52,941 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 9,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(16) Includes 50,588 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 8,600 shares that may be acquired at $0.85 per share upon exercise of warrants.

(17) Includes 45,294 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 7,700 shares that may be acquired at $0.85 per share upon exercise of warrants.

(18) Includes 44,118 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 7,500 shares that may be acquired at $0.85 per share upon exercise of warrants.

(19) Includes 41,176 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 7,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(20) Includes 37,647 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 6,400 shares that may be acquired at $0.85 per share upon exercise of warrants.

(21) Includes 36,471 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 6,200 shares that may be acquired at $0.85 per share upon exercise of warrants.

(22) Includes 31,765 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 5,400 shares that may be acquired at $0.85 per share upon exercise of warrants.

(23) Includes 31,176 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 5,300 shares that may be acquired at $0.85 per share upon exercise of warrants.

(24) Includes 30,588 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 5,200 shares that may be acquired at $0.85 per share upon exercise of warrants.

(25) Includes 30,000 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 5,100 shares that may be acquired at $0.85 per share upon exercise of warrants.

(26) Consists of 75,000 shares that may be acquired at $0.85 per share upon exercise of options.

Geoffrey Eiten is the President of National Financial Communications Corp. and, accordingly, may be deemed to share voting and investment power over shares held by National Financial Communications Corp.

(27) Includes 28,235 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 4,800 shares that may be acquired at $0.85 per share upon exercise of warrants.

(28) Consists of 66,666 shares of common stock.

(29) Includes 23,529 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 4,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(30) Includes 21,765 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 3,700 shares that may be acquired at $0.85 per share upon exercise of warrants.

(31) Includes 18,824 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 3,200 shares that may be acquired at $0.85 per share upon exercise of warrants.

(32) Includes 18,235 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 3,100 shares that may be acquired at $0.85 per share upon exercise of warrants.

(33) Includes 17,647 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 3,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(34) Includes 15,294 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 2,600 shares that may be acquired at $0.85 per share upon exercise of warrants.

(35) Includes 14,706 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 2,500 shares that may be acquired at $0.85 per share upon exercise of warrants.

(36) Includes 12,647 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 2,150 shares that may be acquired at $0.85 per share upon exercise of warrants.

(37) Includes 11,765 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 2,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(38) Includes 10,588 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 1,800 shares that may be acquired at $0.85 per share upon exercise of warrants.

(39)

Includes 10,000 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 1,700 shares that may be acquired at $0.85 per share upon exercise of warrants.

(40) Includes 9,412 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 1,600 shares that may be acquired at $0.85 per share upon exercise of warrants.

27

(41) Includes 8,824 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 1,500 shares that may be acquired at $0.85 per share upon exercise of warrants.

(42) Includes 6,471 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 1,100 shares that may be acquired at $0.85 per share upon exercise of warrants.

(43) Includes 5,882 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 1,000 shares that may be acquired at $0.85 per share upon exercise of warrants.

(44) Includes 5,294 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 900 shares that may be acquired at $0.85 per share upon exercise of warrants.

John Dickey Boardman, Jr. is the Managing Member of A. Boardman Co. LLC, and, accordingly, may be deemed to share voting and investment power over shares held by A. Boardman Co. LLC.

(45) Includes 4,706 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 800 shares that may be acquired at $0.85 per share upon exercise of warrants.

(46) Includes 3,529 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 600 shares that may be acquired at $0.85 per share upon exercise of warrants.

(47) Includes 2,941 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 500 shares that may be acquired at $0.85 per share upon exercise of warrants.

(48) Includes 2,353 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 400 shares that may be acquired at $0.85 per share upon exercise of warrants.

(49) Includes 1,765 shares that may be acquired upon conversion of convertible promissory notes at $0.85 per share and 300 shares that may be acquired at $0.85 per share upon exercise of warrants.

Relationship between Certain Selling Stockholders and Seawright Holdings

The following selling stockholders have, or have had within the last three years, a material relationship with Seawright Holdings. Joel Sens is our chief executive officer, president, secretary and treasurer and is also one of our directors. Stafford Street Capital is wholly owned by Joel Sens. Ronald Attkisson is one of our directors and is a director of Jones, Byrd and Attkisson, which was the placement agent of our private placement, is our placement agent with respect to the securities to be issued to Dutchess under the Equity Line of Credit, and is an underwriter of this offering. John Pope Jones is also a director of Jones, Byrd and Attkisson.

PLAN OF DISTRIBUTION

The selling stockholders will act independently of us in making decisions with respect to the timing, manner and size of each sale. The selling stockholders may sell the shares from time to time in transactions on the OTCBB or on any national securities exchange or U.S. inter-dealer system of a registered national securities association on which our common stock may be listed or quoted at the time of sale, or in private transactions and transactions otherwise than on these exchanges or systems or in the over-the-counter market. These transactions may occur at prices related to prevailing market prices, in negotiated transactions or in a combination of such methods of sale, or any other method permitted by law.

The selling stockholders may effect such transactions by offering and selling the shares directly to or through securities broker-dealers, and such broker-dealers may receive compensation in the form of discounts, concessions or commissions from the selling stockholders and/or the purchasers of the shares for whom such broker-dealers may act as agent or to whom the selling stockholders may sell as principal, or both, which compensation as to a particular broker-dealer might be in excess of customary commissions.

Dutchess, Jones, Byrd and Attkisson and any other broker-dealers who act in connection with the sale of the shares pursuant to the Equity Line of Credit are "underwriters" within the meaning of the Securities Act, and any discounts, concessions or commissions received by them and profit on any resale of the shares as principal may be deemed to be underwriting discounts, concessions and commissions under the Securities Act. Additionally, the other selling stockholders listed in this document may be deemed "underwriters."

On or prior to the effectiveness of the registration statement to which this prospectus is a part, we will advise the selling stockholders that the anti-manipulation rules under the Exchange Act may apply to sales of shares in the market and to the activities of the selling security owners and any of their affiliates. We have informed the selling stockholders that they may not:

- engage in any stabilization activity in connection with any of the shares;
- bid for or purchase any of the shares or any rights to acquire the shares;
- attempt to induce any person to purchase any of the shares or rights to acquire the shares other than as permitted under the Exchange Act; or
- effect any sale or distribution of the shares until after the prospectus shall have been appropriately amended or supplemented, if required, to describe the terms of the sale or distribution.

The selling stockholders and the other persons participating in the distribution of the shares offered under this prospectus will be subject to the Exchange Act, including Regulation M thereunder. We have advised the selling stockholders that the anti-manipulation rules of Regulation M under the Exchange Act may apply to sales of shares in the market and to the activities of the selling stockholders and their affiliates. In addition, we will make copies of this prospectus available to the selling stockholders and we have informed them of the need for delivery of copies of this prospectus to purchasers at or prior to the time of any sale of the shares offered hereby. We have informed the selling stockholders that they must effect all sales of shares in broker's transactions, through broker-dealers acting as agents, in transactions directly with market makers, or in privately negotiated transactions where no broker or other third party, other than the purchaser, is involved.

The selling stockholders may indemnify any broker-dealer that participates in transactions involving the sale of the shares against certain liabilities, including liabilities arising under the Securities Act. Any commissions paid or any discounts or concessions allowed to any broker-dealers, and any profits received on the resale of shares, may be deemed to be underwriting discounts and commissions under the Securities Act if the broker-dealers purchase shares as principal.

In the absence of the registration statement to which this prospectus is a part, certain of the selling stockholders would be able to sell their shares only pursuant to the limitations of Rule 144 promulgated under the Securities Act.

We engaged Jones, Byrd and Attkisson as our placement agent with respect to the securities to be issued to Dutchess under the Equity Line of Credit. To our knowledge, Jones, Byrd and Attkisson has no affiliation or business relationship with Dutchess. Under a placement agent agreement, we agreed to pay Jones, Byrd and Attkisson 1% of the gross proceeds from each put. The placement agent agreement terminates when the investment agreement terminates pursuant to its terms. Ronald Attkisson, one of the principals of Jones, Byrd and Attkisson, is currently a director of Seawright Holdings.

CAPITALIZATION

The following table sets forth our cash and capitalization as of June 30, 2006. You should read the following table in conjunction with the section captioned "Management's Discussion and Analysis and Plan of Operation" and our audited consolidated financial statements and unaudited interim consolidated financial statements and the notes thereto included elsewhere in this prospectus.

	As of June 30, 2006	
	Actual[1]	
Cash and cash equivalents	$	93,572
Short-Term Liabilities[2]	$	547,419
Long-Term Liabilities[3]	$	1,166,378
Stockholders Equity	$	398,348
Total Capitalization[4]	$	2,112,145

____

(1) Certain of the shares that are part of this offering have not yet been issued by us and are not reflected in this table.
(2) Short-term liabilities consist of current amounts due under notes payable as well as interest payable on long-term debt.
(3) Long-term liabilities consist of notes payable to various individuals and other long-term liabilities.
(4) Total capitalization is stated by not including cash and cash equivalents.

DIVIDEND POLICY

We do not pay dividends on our common stock and we do not anticipate paying dividends on our common stock in the foreseeable future. We intend to retain our future earnings, if any, to finance the growth of our business.

MANAGEMENT'S DISCUSSION AND ANALYSIS AND PLAN OF OPERATION

The following discussion contains forward-looking statements that are subject to significant risks and uncertainties about us, our current and planned products, our current and proposed marketing and sales, and our projected results of operations. There are several important factors that could cause actual results to differ materially from historical results and percentages and results anticipated by the forward-looking statements. We have sought to identify the most significant risks to our business, but we cannot predict whether or to what extent any of these risks may be realized nor can there be any assurance that we have identified all possible risks that might arise. See "Risk Factors" in this prospectus. Investors should carefully consider all of these risks before making an investment decision with respect to our stock. The following discussion and analysis should be read in conjunction with our financial statements and notes thereto. This discussion should not be construed to imply that the results discussed herein will necessarily continue into the future, or that any conclusion reached herein will necessarily be indicative of actual operating results in the future. Such discussion represents only the best present assessment from our management.

Plan of Operation

In 2003, we purchased property containing a spring located in Mt. Sidney, Virginia in the Shenandoah Valley with the intention of developing a spring water distribution business. The spring has a flow in excess of 1,000,000 gallons of water daily.

We have chosen to develop and acquire packaging for selling our water under the brand names Seawright Springs and Quibell. We have developed two proprietary Polyethylene Terephthalate, or PET, bottles in a 16.9 ounce size and a 33.8 ounce size. In addition, in June 2005 we acquired from Quibell, glass bottle designs for various sized bottles (including 237 ml, 385 ml, 750 ml and 1 liter sizes) as well as labels for various sized sparkling water bottles, spring water bottles and tea bottles (including 237 ml, 385 ml, 750 ml, 1 liter, 1.5 liter and 16.9 ounce bottles).

We are positioning our water in an effort to compete in the luxury brand category of the water market. We expect to offer a non-sparkling brand and to begin selling bottled water under the "Seawright Springs" brand name in the second quarter of 2006. We will also continue to seek opportunities to sell our daily supply of water to other bottlers.

In May of 2005 and April of 2006, respectively, we purchased of two parcels of land located approximately 10 miles south of the Mt. Sidney property. We are considering leasing these properties for commercial purposes. See "Description of Property" below.

The further development of this business will require, among other things, further capital expenditure on plant and equipment, developing marketing materials, renting additional office space, and interviewing and hiring administrative, marketing and maintenance personnel. While we have raised the capital necessary to meet our working capital and financing needs in the past, the funds raised the investment agreement related to this offering are required in order for us to meet our current and projected cash flow deficits from operations and development.

For the period from our inception through June 30, 2006, we have:

- formed our company and established our initial structure;
- sought and pursued investment opportunities;
- reviewed and analyzed the potential market for natural spring water;
- purchased the Mt. Sidney property and procured the necessary financing to cover the initial purchase costs from an offering of preferred stock;

- purchased two properties near the Mt. Sidney property which we are considering leasing for commercial purposes;

- purchased trademarks and other intellectual property relating to the creation and bottling of flavored and non-flavored bottled water;

- performed required testing of water quality at spring site;

- began developing a new web site as part of our marketing strategy; and

- made improvements to the spring site and water collection facilities.

Product Research and Development

We do not anticipate performing research and development for any products during the next twelve months.

Acquisition or Disposition of Plant and Equipment

We do not anticipate the sale of any significant property, plant or equipment during the next twelve months. We are currently making improvements to plant and equipment at the spring site, and intend to spend approximately $150,000 to complete renovating our spring catchment, which protects the water spring from outside elements. We expect this project to be completed by October 31, 2006.

Number of Employees

As of June 30, 2006, we had one employee, our chief executive officer and president, Joel Sens. We anticipate that the number of employees may increase in the future. However, given our ability to contract out much of our required services, it is not anticipated, based on the current business plan, that new employees will be hired in the next twelve months. No formal contract for the compensation of Mr. Sens exists as of June 30, 2006, but we may enter into an employment contract with him within the next twelve months.

Comparison of Financial Results

Three Months Ended June 30, 2006, versus Three Months Ended June 30, 2005

Revenues. In the three months ended June 30, 2006, $1,010 of revenue was generated from the Mt. Sidney spring from on site sales as compared to $974 of revenue for the quarter ended June 30, 2005. We expect to increase our sales in future quarters and will remain a development stage company until revenues increase significantly.

Costs and Expenses. In the quarter ended June 30, 2006 operating expenses were $333,684. These expenses were related to the establishment of our spring water business, which includes expenses for consulting and engineering services, testing and spring maintenance, and to the administration and overhead of our business, which includes accounting, legal and office expenses. This compared with operating expenses in the quarter ended June 30, 2005 of $187,254. The increase in expenses is due to the increased expenditures on the spring site operations principally related to consulting and engineering.

We have incurred interest expenses of $90,755 and $117,542 for the quarters ended June 30, 2006 and 2005, respectively.

In the quarter ended June 30, 2006, we continued our practice of actively and frequently trading securities with the objective of generating profits on short-term differences in price. The trading securities are marked to market on a monthly basis. During the three and six-month periods ended June 30, 2006, we recorded a net loss of $731 and $531, respectively, on our trading securities.

During the quarter ended June 30, 2006, the President of our Company contributed $54,505 for general working capital purposes.

Liquidity and Capital Resources. As of June 30, 2006, we had a working capital deficit of $427,217, an available cash balance of $93,572, a marketable securities balance of $14,175 and an accounts payable and accrued liabilities balance, including accrued interest on the convertible notes, of approximately $121,848.

In August 2004 we issued a private placement memorandum to offer up to 1,000 units of equity/notes payable instruments. Each unit consisted of 2,500 shares of our common stock, $1,500 of convertible promissory notes, and a warrant to purchase 300 shares of our common stock at $0.85 per share. The convertible promissory notes accrue interest at 11% per annum, and are payable and due in September 2009. The note holders have the option to convert any unpaid note principal and accrued interest to our common stock at a rate of $0.85 per share anytime after six months from the issuance date of the note. The private placement was closed in February of 2005. Over the course of our private placement, we received total proceeds of $2,665,116, net of placement costs and fees, and issued to investors $1,498,500 of convertible promissory notes, 2,497,500 shares of common stock and 999 warrants, none of which have been converted to common stock. Part of the proceeds of the private placement were used to pay off the remaining debt on the Mt. Sidney property.

On April 27, 2006 we sold 199,998 shares of our common stock to three accredited investors for a purchase price of $0.45/share.

On May 1, 2006 we entered into a consulting agreement with National Financial Communications Corp. In connection with the consulting agreement, we granted National Financial Communications Corp. options to purchase 75,000 shares of common stock.

The purchase of one of the two Staunton, Virginia properties mentioned above was closed on May 24, 2005. The purchase price for that parcel was $725,000, of which $225,000 was paid in cash. We are financing the remaining $500,000 of the purchase price over three years through a bank loan. We also completed the purchase of the second Staunton, Virginia property on April 10, 2006. The purchase price for the second property was $240,000, less a previously made $10,000 refundable deposit. We paid $90,000 of the remaining purchase price at settlement and the remaining $140,000 will initially be owner financed.

On June 8, 2006, we obtained a $350,000 interest-only mortgage loan with regard to our Mt. Sidney property. The loan matures in six months, bears interest at a fixed rate of 15.00% per annum, requires monthly installments of interest throughout its term with a balloon payment, equal to the principal balance of the loan, due on December 8, 2006. We also have the option to extend the loan by a period of six months by payment of a fee equal to 3.00% of the principal balance of the loan. On June 29, 2006, we obtained a $525,000 loan, which is also secured by the Mt. Sidney property. By the terms of this second loan, we promised to pay to the lender the principal amount of $525,000 together with interest at a rate of 9.375% per annum on the unpaid principal balance of the loan. The loan requires 35 regular installments of $4,591.52 each and one balloon payment, equal to the remaining principal balance of the loan, accrued interest, and other applicable fees, costs and charges, due on June 29, 2009.

Our accounts payable and accrued liabilities of $121,848 is composed predominantly of liabilities to our consultants and vendors associated with the Mt. Sidney spring, our accountants and lawyers and accrued interest on our convertible notes payable.

Years Ended December 31, 2005 and 2004

Revenues. During the year ended December 31, 2005, we generated $2,524 in revenues from continuing operations. Prior to 2005, the Company had generated no revenue from continuing operations.

Costs and Expenses. We incurred operating expenses of $946,457 during the year ended December 31, 2005 as compared to $198,506 of expenses during the year ended December 31, 2004. Expenses for the year ended December

31, 2005 are composed principally of salary, legal and accounting fees, financing expense on our funding instruments, and consulting fees associated with the acquisition of land. Our other expenses increased by $39,172 from 2004 to 2005 primarily due to interest expense attributable to our private placement.

During the year ended December 31, 2005, we incurred a loss of $54,592 from our trading of marketable securities. During the year ended December 31, 2004, we recorded gain of $93,518.

Liquidity and Capital Resources. As of December 31, 2005, we had a working capital deficit of $225,378, an available cash balance of $130,857, a marketable securities balance of $138,910 and an accounts payable and accrued liabilities balance, including accrued interest on the notes, of $120,445.

Years Ended December 31, 2004 and 2003

Revenues. The Company had generated no revenue from continuing operations in either 2004 or 2003.

Costs and Expenses. We incurred operating expenses of $198,506 during the year ended December 31, 2004 as compared to $224,604 of expenses in during the year ended December 31, 2003. Expenses for the year ended December 31, 2004 are composed principally of salary, legal and accounting fees, financing expense on our funding instruments, and consulting fees associated with the acquisition of land. Our interest expense increased by $107,861 from 2003 to 2004 primarily due to interest expense attributable to our private placement.

During the year ended December 31, 2004, we recorded a gain of $93,518 from our trading of marketable securities. During the year ended December 31, 2003, we recorded no gain or loss on the trading of marketable securities.

Liquidity and Capital Resources. As of December 31, 2004, we had working capital of $1,578,499, an available cash balance of $190,419, a marketable securities balance of $1,556,405 and an accounts payable and accrued liabilities balance, including interest on notes, of $234,025. As of December 31, 2003, we had a working capital deficit of $710,171, an overdraft on our cash balance account of $24,688 and an accounts payable and accrued liabilities balance, including accrued interest on the notes, of approximately $148,547.

Acquisition of Land and Spring

For a full description of the October 2003 acquisition of our Mt. Sidney property and the May 2005 and April 2006 acquisition of two additional properties 10 miles south of the Mt. Sidney property, see "Description of Property" below.

Future Funding Requirements and Going Concern

While we have raised the capital necessary to meet our working capital and financing needs in the past, additional financing is required in order to meet our current and projected cash flow deficits from operations and development. Within the next year, funds will be needed to meet our obligations related to the financing of the purchases of the Staunton, Virginia properties and to fund improvements to our spring site and to fund our initial operations.

We intend to generate these funds primarily from our Equity Line of Credit. We believe that proceeds from the Equity Line of Credit will allow us to cover our capital and operating expenses over the next year.

If during that period or thereafter, we are not successful in generating sufficient liquidity from operations or in raising sufficient capital resources on terms acceptable to us, this could have a material adverse effect on our business, results of operations, liquidity and financial condition.

Our independent certified public accountants have stated in their report included herein that we have incurred operating losses since our inception and that this factor raises substantial doubt about our ability to continue as a going concern.

Off-Balance Sheet Arrangements

We have not had, and at June 30, 2006 do not have, any off-balance sheet arrangements that have or are reasonably likely to have a current or future effect on our financial condition, changes in financial condition, revenues or expenses, results of operations, liquidity, capital expenditures or capital resources that is material to investors.

Critical Accounting Policies

The preparation of our consolidated financial statements in conformity with accounting principles generally accepted in the United States requires us to make estimates and judgments that affect our reported assets, liabilities, revenues, and expenses, and the disclosure of contingent assets and liabilities. We base our estimates and judgments on historical experience and on various other assumptions we believe to be reasonable under the circumstances. Future events, however, may differ markedly from our current expectations and assumptions. While there are a number of significant accounting policies affecting our consolidated financial statements; we believe the following critical accounting policies involve the most complex, difficult and subjective estimates and judgments:

- stock-based compensation; and
- revenue recognition.

Stock-Based Compensation

In December 2002, the FASB issued SFAS No. 148 - Accounting for Stock-Based Compensation - Transition and Disclosure. This statement amends SFAS No. 123 - Accounting for Stock- Based Compensation, providing alternative methods of voluntarily transitioning to the fair market value based method of accounting for stock based employee compensation. FAS 148 also requires disclosure of the method used to account for stock-based employee compensation and the effect of the method in both the annual and interim financial statements. The provisions of this statement related to transition methods are effective for fiscal years ending after December 15, 2002, while provisions related to disclosure requirements are effective in financial reports for interim periods beginning after December 31, 2002.

In December 2004, the FASB published Statement of Financial Accounting Standards No. 123 (Revised 2004), Share-Based Payment (SFAS 123R). SFAS 123R requires that compensation cost related to share-based payment transactions be recognized in the financial statements. Share-based payment transactions within the scope of SFAS 123R include stock options, restricted stock plans, performance-based awards, stock appreciation rights, and employee share purchase plans. The provisions of SFAS 123R are effective as of the beginning of the first interim or annual reporting period that begins after December 15, 2005. We are assessing the implications of this revised standard, which may materially impact our results of operations during 2006 and thereafter.

Revenue Recognition

For revenue from product sales, we recognize revenue in accordance with Staff Accounting Bulletin No. 104, Revenue Recognition (SAB104), which superceded Staff Accounting Bulletin No. 101, Revenue Recognition in Financial Statements (SAB101). SAB 101 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectibility is reasonably assured. Determination of criteria (3) and (4) are based on our judgments regarding the fixed nature of the selling prices of the products delivered and the collectibility of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. We defer any revenue for which the product has not been delivered or is subject to refund until such time that the customer and we jointly determine that the product has been delivered or no refund will be required.

SAB 104 incorporates Emerging Issues Task Force 00-21 (EITF 00-21), Multiple-Deliverable Revenue Arrangements. EITF 00-21 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets. The effect of implementing EITF 00-21 on our consolidated financial position and results of operations was not significant.

Recent Accounting Pronouncements

In March 2005, the FASB issued FASB Interpretation (FIN) No. 47, “Accounting for Conditional Asset Retirement Obligations, an interpretation of FASB Statement No. 143,” which requires an entity to recognize a liability for the fair value of a conditional asset retirement obligation when incurred if the liability’s fair value can be reasonably estimated. We are required to adopt the provisions of FIN 47 no later than the first quarter of fiscal 2006. We do not expect the adoption of this Interpretation to have a material impact on our consolidated financial position, results of operations or cash flows.

In May 2005, the FASB issued *Statement of Financial Accounting Standards No. 154, Accounting Changes and Error Corrections (SFAS 154)*, which requires retrospective application of all comparative financial statements for “voluntary” accounting principle changes. This statement, however, does not apply to changes in principle due to new accounting pronouncements when the new pronouncement includes specific transition provisions. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this standard is currently not expected to have a material impact on our consolidated results of operations and financial position in the foreseeable future.

On November 3, 2005, the FASB issued *FASB Staff Position on SFAS 115 and 124, The Meaning of Other-Than-Temporary Impairment and its Application to Certain Investments (FSP FAS 115-1 and 124-1)*. This FSP addresses the determination as to when an investment is considered impaired, whether that impairment is other than temporary, and the measurement of an impairment loss. It is effective for reporting periods beginning after December 15, 2005. Accordingly, we are reviewing its processes and will adopt the required accounting and disclosures.

On February 16, 2006 the FASB issued SFAS 155, "Accounting for Certain Hybrid Instruments," which amends SFAS 133, "Accounting for Derivative Instruments and Hedging Activities," and SFAS 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities." SFAS 155 allows financial instruments that have embedded derivatives to be accounted for as a whole (eliminating the need to bifurcate the derivative from its host) if the holder elects to account for the whole instrument on a fair value basis. SFAS 155 also clarifies and amends certain other provisions of SFAS 133 and SFAS 140. This statement is effective for all financial instruments acquired or issued in fiscal years beginning after September 15, 2006. We do not expect its adoption of this new standard to have a material impact on our financial position, results of operations or cash flows.

In March 2006, the FASB issued FASB Statement No. 156, Accounting for Servicing of Financial Assets - an amendment to FASB Statement No. 140. Statement 156 requires that an entity recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a service contract under certain situations. The new standard is effective for fiscal years beginning after September 15, 2006. The Company does not expect its adoption of this new standard to have a material impact on its financial position, results of operations or cash flows.

Trends, Risks and Uncertainties

We have sought to identify what we believe to be the most significant risks to our business in "Risk Factors" above, but cannot predict whether or to what extent any of such risks may be realized nor can there be any assurances that we have identified all possible risks that might arise. Investors should carefully consider all of these risk factors before making an investment decision with respect to our stock.

DESCRIPTION OF BUSINESS

Introduction

We incorporated under the laws of the State of Delaware on October 14, 1999, originally under the name Pre-Settlement Funding Corporation. In September 2003, we changed our name to Seawright Holdings, Inc. Seawright Springs, LLC is a wholly owned subsidiary of Seawright Holdings, Inc. and holds title to the Mt. Sidney property described below.

Discontinued Operations

As a result of our acquisition of real property and improvements in October 2003, we restructured our operations to focus on the development of a spring water distribution business. This restructuring included discontinuing our previous practice of financing plaintiffs who are involved in personal injury claims.

Overview

Business and Basis of Presentation

From our inception through the date of this prospectus, we have recognized limited revenues and incurred significant operating expenses. Consequently, our operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through June 30, 2006, we have accumulated losses of $2,744,409.

In October 2003, we acquired property that generates natural spring water. Through the acquisition of this property, we intend to enter the business of producing and selling spring water in Mt. Sidney, Virginia, which is located in the Shenandoah Valley. The property has a natural flow of spring water in excess of 1,000,000 gallons of water daily.

The main focus of our current operations is the establishment of a business that produces and sells spring water from our Mt. Sidney property, although we may pursue other business opportunities that we deem appropriate.

In May 2005 and April 2006, respectively, we acquired two parcels of land located approximately 10 miles south of our Mt. Sidney property. We are considering leasing these properties for commercial purposes. See “Description of Property” below.

Business Strategy

Our strategy is to focus on selling natural spring water under the “Seawright Springs” label while aggressively pursuing the bulk sale of natural spring water produced on our Mt. Sidney property.

In addition to our own brand, we expect to also continue to seek opportunities to sell our daily supply of water to other bottlers. We may enter into co-packing arrangements, where other bottlers bottle our water under our name, or private labeling agreements, where our water is bottled under another company’s name. Selling our water under private labeling agreements will allow us to sell our water without incurring the high costs of advertising required to establish brand recognition and market identity.

We currently do not have our own bottling and packaging facilities and we intend to have outside providers bottle and package our brand of water.

We are in the process of installing an updated bulk water loading facility at the Mt. Sidney spring site. Once completed, private labeled bottlers will be able to load water at our spring site and transport it to their bottling and packaging facilities.

Bottled Water Market Overview

Demand for bottled water has grown significantly in recent years, and in particular demand for products that contain spring water. In 2004, total U.S. bottled water volume surpassed 6.8 billion gallons, which was an 8.6% advance over 2003's volume level and bottled water remains the fastest growing major beverage segment. The beverage categories of comparable size - beer, coffee, milk - have all been either unchanging or contracting lately.

U.S. BOTTLED WATER MARKET
VOLUME AND PRODUCER REVENUES, 1993-2004

YEAR	MILLIONS OF GALLONS	ANNUAL % CHANGE	MILLIONS OF DOLLARS	ANNUAL % CHANGE

Source: Beverage Marketing Corporation

During the five-year period from 1999 to 2004, bottled water volume increased by an average growth rate of 10.5%, which growth rate exceeded the growth rates of all other beverage categories.

Per capita consumption of bottled water has been growing by at least one gallon annually. In 2004, the per capita consumption of water in the United States increased 7.4% from 2003's rate, which means annual bottled water consumption by U.S. residents is second only to carbonated soft drinks.

U.S. BOTTLED WATER MARKET
PER CAPITA CONSUMPTION, 1993 - 2004

YEAR	GALLONS PER CAPITA	ANNUAL % CHANGE
1994	11.5	9.4%
1995	12.2	6.4%
1996	13.1	7.4%

2004	24.0	7.4%

Source: Beverage Marketing Corporation

The bottled water market comprises three major segments:

- still or non-sparkling;
- sparkling; and
- imported water (which includes both non-sparkling and sparkling segments).

Our spring water may be used in both sparkling and non-sparkling applications.

Similarly, the Beverage Marketing Corporation categorizes water into three main categories:

- non-sparkling or still water, which contains no carbonation and is consumed as an “alternative to tap water;”
- sparkling water, which contains either natural or artificial carbonation and is positioned to compete in the broad “refreshment beverage” field; and
- imported water, which includes both sparkling and non-sparkling water produced and bottled outside the United States, and which is targeted to “image-conscious consumers.”

* Millions of gallons
Source: Beverage Marketing Corporation

Non-sparkling water (still water) remains the largest segment of bottled water, with 8.2% and 8.0% growth in that area in 2004 and 2003, respectively.

The bottled still water business, which will represent our most significant product area, has been consistently growing at rates between 7.8% and 11.6% per annum since 2000 according to the Beverage Marketing Corporation. Still water now comprises over 94% of all of the bottled water gallonage sold in the United States.

Geographic Markets and Distribution Channels

Bottled water accounts for 16.6% of all beverages consumed in the United States and is sold through various channels, including:

- home delivery (1 to 5 gallon bottles);
- commercial and office delivery (1 to 5 gallon bottles);
- off premise retail (supermarkets, convenience store, and drug store);
- on-premise retail (restaurants);
- vending machines;
- institutional usage (hospitals, schools); and
- bulk sales (domestic and international sales of potable water).

Bottled Water Classifications and Definitions

Our water qualifies as natural spring water and is a mineral water containing 300 parts per million (ppm) total dissolved solids (TDS). The various classifications of water are contained in the paragraphs that follow.

Bottled water or drinking water is water that is intended for human consumption and that is sealed in bottles or other containers with no added ingredients except that it may optionally contain safe and suitable anti-microbial agents.

Fluoride may be optionally added within the limitations established by the U.S. Food and Drug Administration (“FDA”). Firms may manufacture non-standardized bottled water products with ingredients such as minerals for flavor. The common or usual name of the resultant product must reflect these additions. Bottled water or drinking water may be used as an ingredient in beverages (e.g., diluted juices or flavored bottled waters). It does not include those food ingredients that are declared in ingredient labeling as “water”, “carbonated water,” “disinfected water,” “filtered water,” “seltzer water,” “soda water,” “sparkling water,” and “tonic water.”

Natural water is bottled spring, mineral, artesian, or well water which is derived from an underground formation or water from surface water that only requires minimal processing. Natural water is not derived from a municipal system or public water supply, and is unmodified except for limited treatment (e.g., filtration, ozonation or equivalent disinfection process).

Spring water is water derived from an underground formation from which water flows naturally to the surface of the earth. Spring water must comply with the FDA standard of identity. Spring water must be collected only at the spring or through a borehole tapping the underground formation feeding the spring. There must be a natural force causing the water to flow to the surface through a natural orifice. The location of the spring must be identified and this identification must be maintained in a company's records. Spring water collected with the use of an external force must be from the same underground striation as the spring, as shown by a measurable hydraulic connection using a hydro-geologically valid method between the borehole and the natural spring, and must have all the physical properties, before treatment, and be of the same composition and quality, as the water that flows naturally to the surface of the earth. If spring water is collected with the use of an external force, water must continue to flow naturally to the surface of the earth through the spring's natural orifice.

Mineral water is water containing not less than 250 parts per million ppm (TDS), coming from a source tapped at one or more boreholes or springs, originating from a geologically and physically protected underground water source. Mineral water is distinguished from other types of water by its constant level and relative proportions of minerals and trace elements at the point of emergence from the source, with account being taken of the cycles of natural fluctuations. No minerals may be added to this water.

Sparkling bottled water is bottled water that, after treatment and possible replacement of carbon dioxide, contains the same amount of carbon dioxide that it had at the emergence from the source. Manufacturers may add carbonation to previously non-carbonated bottled water products and label such water appropriately (e.g., sparkling spring water).

Well water or "Artesian" water is bottled water from a well tapping a confined aquifer in which the water level stands at some height above the top of the aquifer. Artesian water may be collected with the assistance of external force to enhance the natural underground pressure.

Ground water is water from a subsurface saturated zone that is under a pressure equal to or greater than atmospheric pressure. Ground water must not be under the direct influence of surface water.

Purified water is bottled water produced by distillation, de-ionization, reverse osmosis, or other suitable process and that meets the definition of purified water.

Government Regulation of Bottled Water

Prior to 1996, bottled water was regulated in the same fashion as municipal water. Municipal water is regulated not as a food by the FDA, but as a commodity by the Environmental Protection Agency ("EPA") pursuant to the Safe Drinking Water Act of 1974 ("SDWA"), which only provided for certain mineral/chemical content requirements so as to ensure water safety, not product definition.

In 1996, the United States enacted statutes and regulations to regulate bottled water as a food. Accordingly, our water must meet FDA standards for manufacturing practices and chemical and biological purity. Furthermore, these standards undergo a continuous process of revision. The labels affixed to bottles and other packaging of the water is subject to FDA restrictions on health and nutritional claims for foods.

As of 1996, bottled water is fully regulated as a food by the FDA under the Federal Food, Drug, and Cosmetic Act, which defines food as "articles used for food or drink for man or other animals." This includes packaged (bottled) water sold in containers at retail outlets as well as containers distributed to the home and office market. This legislation was designed to ensure that bottled water companies clearly and accurately define the type of water that was being bottled and sold to the public. The FDA adopted the basic mineral/chemical guidelines employed by the EPA, while making some aspects more stringent.

In addition, all drinking water must meet EPA standards established under the SDWA for mineral and chemical concentration. The 1986 amendments to the SDWA mandated the establishment of new drinking water quality and treatment regulations. Most municipalities meet or exceed EPA drinking water regulations, many of which reflect recent public awareness of the issue of contaminated water-For example, EPA standards for lead in drinking water did not exist prior to 1986, when 50 ppb (parts per billion) was established. This standard was lowered to 15 ppb in 1991, because after five years the government still found 130 million people exposed to unacceptable lead levels.

The United States government also enacted the Safe Drinking Water Reauthorization Act of 1996. This law requires all local water utilities to issue annual reports to their consumers disclosing all chemicals and bacteria in their water.

Bottled water is also subject to state and local regulation. Bottled water must originate from an "approved source" in accordance with standards prescribed by the state health department in each of the states in which our products will be sold. The source must be inspected and the water sampled, analyzed and found to be of safe and wholesome quality. There are annual "compliance monitoring tests" of both the source and the bottled water. The health departments of the individual states also govern water purity and safety, labeling of bottled water products and manufacturing practices of producers. Our Mt. Sidney property has been inspected and approved by the Virginia Department of Agriculture as a source of spring water. We are also required to make certain disclosures and disclaimers on our labels.

Compliance with these various regulations has not had, and we do not expect such compliance to have, any material adverse effect on our capital expenditures, net income or competitive position.

Competition

The beverage industry, and in particular the bottled water industry, is extremely competitive and seasonal. The leaders in the U.S. bottled water business, based on total estimated sales (at wholesale), according to the Beverage Marketing Corporation, are Aquafina, Dasani, Poland Spring, Arrowhead, Sparkletts, Deer Park and Crystal Geyser. Depending upon the method of entry and plan of action a particular company chooses to employ, it can be very costly to penetrate this market and expand. Our initial focus on the bulk sale of spring water is a relatively low cost plan of action.

Marketing Objectives and Advertising Strategy

Our initial marketing strategy is targeted primarily to build awareness of our natural spring water among private label bottlers and to develop our own labeled product for sale. We have recently acquired, and are presently developing, packaging for selling our water under the name "Seawright Springs" and are positioning our water in an effort to compete in the luxury brand category of the water market. See "Management's Discussion and Analysis and Plan of Operation—Plan of Operation" in this prospectus.

Intellectual Property

In June 2005, we purchased intellectual property from Quibell Partners, L.L.C. relating to the creation and bottling of flavored and non-flavored bottled water, including, but not limited to, the following:

- certain trademarks, service marks, trade names, service names and logos;
- various glass bottle designs;
- bottle label designs and artwork for water bottle carrypacks;
- formulas for flavored sparkling water and for teas; and
- web site coding.

We expect that this acquisition will assist us in establishing and growing market share in the bottled water and tea market. We also own the domain name www.seawrightsprings.com.

Research and Development

We did not incur any research and development expenses in the last two years.

Employees

As of June 30, 2006, Mr. Sens served as our sole employee as well as in the capacity as our sole officer - chief executive officer, president, secretary and treasurer. We anticipate that the number of employees will increase in the future. No formal contract for the compensation of Mr. Sens existed as of June 30, 2006, but it is anticipated that Mr. Sens will receive an annual salary of $180,000 for the year ending December 31, 2006.

DESCRIPTION OF PROPERTY

Our principal executive offices are located at 600 Cameron Street, Alexandria, Virginia 22314. We lease these facilities on a month-to-month basis at a cost of $192 per month. We believe these facilities are suitable for our current needs.

In October 2003, we acquired land and a spring located in Mt. Sidney, Virginia for $1,000,000 and a $50,000 assignment fee. Stafford Street Capital LLC, a business entirely owned by our principal stockholder, our chief executive officer and director, Joel Sens, contracted to purchase the property in June 2003 and assigned all its interests in the contract in October 2003 to Seawright Springs LLC, our wholly owned subsidiary. At the closing of the property acquisition, $300,000 was paid in cash, and $700,000 became subject to a promissory note carrying an interest rate of 6% per annum. The note was paid off early, in the first quarter of 2005. On June 8, 2006, we obtained a $350,000 interest-only mortgage loan on the Mt. Sidney property. The loan matures in six months, bears interest at a fixed rate of 15.00% per annum, requires monthly installments of interest throughout its term with a balloon payment, equal to the principal balance of the loan, due on December 8, 2006. We have an option to extend the loan by a period of six months by payment of a fee equal to 3.00% of the principal balance of the loan. On June 29, 2006, we obtained a $525,000 loan, which is also secured by the Mt. Sidney property. By the terms of this second loan, we promised to pay to the lender the principal amount of $525,000 together with interest at a rate of 9.375% per annum on the unpaid principal balance of the loan. The loan requires 35 regular installments of $4,591.52 each and one balloon payment, equal to the remaining principal balance of the loan, accrued interest, and other applicable fees, costs and charges, due on June 29, 2009. The Mt. Sidney property is insured under a general liability policy in the amount of $1,000,000.

In December 2004, we entered into agreements to acquire two parcels of land located approximately 10 miles south of our Mt. Sidney property. The properties are located in the city of Staunton, Virginia. We closed the purchase of the larger parcel, which is a 33.52 acre site, on May 24, 2005. The purchase price for that parcel was $725,000, of which $225,000 was paid in cash at closing. The remaining $500,000 of the purchase price is being financed over three years through a bank loan. The 33.52 acre property is insured under a general liability policy in the amount of $1,000,000.

We closed the purchase of the smaller parcel, which is a 3.46 acre site, on April 10, 2006. We paid a refundable $10,000 deposit on this acre site in April 2005 and made a $90,000 payment at closing. The remaining $140,000 will initially be owner-financed. The 3.46 acre property is insured under a general liability policy in the amount of $1,000,000.
Although no assurances can be given, both sites are expected to be re-zoned to commercial use from general agriculture use according to the master zoning plan of the city of Staunton, Virginia. In the future, we may lease these properties for commercial purposes.

MANAGEMENT

Directors, Executive Officers, Promoters and Control Persons

The names, ages, and respective positions of our directors, executive officers, and key employees are set forth below. There are no other promoters or control persons. The directors named below will serve until our next annual stockholders meeting or until their successors are duly elected and have qualified. Directors are elected for a one-year term at the annual stockholders' meeting. Officers hold their positions at the will of the board of directors, absent any employment agreement.

Name	Age	Position(s)
Joel P. Sens	41	Chief Executive Officer, President, Treasurer, Secretary and Director
Jeffrey Sens	41	Director
Ronald L. Attkisson	57	Director

Biographies of Executive Officers and Directors

Joel Sens, Chief Executive Officer, President, Treasurer and Secretary/Director

Mr. Joel Sens is the current chief executive officer, president, treasurer and secretary and has served in those positions since 2004. Mr. Sens has also been a director since our inception. Mr. Sens is an entrepreneur who was a founder of Next Generation Media Corp., a publicly held media holding company, in March 1997. From January 1994 through March 1997, Mr. Sens acted as a consultant specializing in barter transactions and engaged in financial transactions involving the purchase and sale of newspaper companies, radio stations, and barter companies.

Jeffrey Sens, Director

Mr. Jeffrey Sens previously served as a director from October 1999 to 2004 and became a director again in January 2005. He currently holds a senior operations position in the FedEx Ground Division of FedEx Corp, which he has held since 2001. From 1997 to 2001, Jeffrey Sens was vice president of Operations for Top Driver Inc., a national driver training products and services company that partners with Ford Motor Company. Prior to joining Top Driver Inc., Jeffrey Sens held a variety of senior operations management positions with prominent consumer product companies

such as Sara Lee Corp. (1995-1997) and President International Corp. (1992-1995). Jeffrey Sens has a Bachelor of Science in Industrial Engineering from the University of Toledo and an MBA from Clemson University. Jeffrey Sens is the brother of Joel Sens.

Ronald L. Attkisson, Director

Mr. Ronald L. Attkisson has been a director since January 2005. Ronald Attkission also serves as a director of two public companies, Scientago Inc. and OneTravel. He is the president, chief executive officer and a founder of Jones, Byrd and Attkisson, which is a NASD-registered broker dealer firm based in Atlanta, Georgia and which is serving as our placement agent in connection with the investment agreement. Prior to founding Jones, Byrd and Attkisson, Ronald Attkisson worked in the investment banking and brokerage business since 1977 with the national and regional firms Reynolds Securities, The Robinson-Humphrey Company, Interstate Securities, Johnson, Lane, Space, Smith & Company and Attkisson and Associates. Prior to working in the securities industry, Ronald Attkisson worked for the North Carolina Department of Human Resources. Ronald Attkisson graduated from the University of North Carolina at Chapel Hill in 1970.

Committees of the Board of Directors

We presently do not have any active committees.

Compensation of Directors

Each director is compensated at an annual rate of $7,500, paid quarterly, and is reimbursed for reasonable travel and other out-of-pocket expenses incurred in attending meetings of the board.

Limitations on Officer and Director Liability

Section 145 of the Delaware General Corporation Law authorizes a corporation to indemnify directors, officers, employees or agents of the corporation if the person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, had no reason to believe his conduct was unlawful, as determined in accordance with the Delaware General Corporation Law. Section 145 of the Delaware General Corporation Law further provides that indemnification shall be provided with respect to reimbursement of expenses incurred in defending any action, suit or proceeding if the party in question is successful on the merits or otherwise.

Our certificate of incorporation limits the liability of our directors to us or to our stockholders for monetary damages for breach of fiduciary duty as a director, except in the case of:

- liability based on a breach of the duty of loyalty to us or our stockholders;
- liability for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- liability based under Section 174 of Title 8 of the Delaware General Corporation Law; or
- liability for transactions from which the director derived an improper personal benefit.

Our by-laws provide that we shall indemnify a person made or threatened to be made a party to, or is otherwise involved in, any action, suit, claim, demand or proceeding, whether civil, criminal, administrative or investigative, by reason of that person’s present or former capacity as our director or as director of any of our subsidiaries, whether the basis of such proceeding is an alleged action or inaction by that person, to the fullest extent permitted by the laws of the state of Delaware.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us under the foregoing provisions, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act, and is unenforceable for that reason.

EXECUTIVE COMPENSATION

Joel Sens received compensation totaling $240,000 in respect of his services during the last three full fiscal years, which is the only compensation we have paid since our inception. Joel Sens received total compensation of $90,000 in respect of services performed by him from 2002 to 2004 and received $150,000 in respect of services performed by him in 2005. There have been no other awards or stock based compensation in the last three fiscal years.

Although no formal employment agreement has been entered into with Joel Sens, he currently receives an annual salary of $180,000 per year.

The table set forth below summarizes the annual and long-term compensation paid by us during the years ended December 31, 2005, 2004 and 2003 to or for the account of Joel Sens, our chief executive officer, president, treasurer and secretary.

SUMMARY COMPENSATION TABLE

		Annual Compensation			Long-Term Compensation			
					Awards		Payouts	
Name and Principal Position	Year	Salary ($)[1]	Bonus ($)	Other Annual Compensation ($)	Restricted Stock Award(s) ($)	Securities Underlying Options / SARs (#)	LTIP Payouts ($)	All Other Compensation
Joel Sens,	2005	150,000	0	0	0	0	0	0
CEO	2004	90,000	0	0	0	0	0	0
	2003	0	0	0	0	0	0	0

(1) October 2000 employment agreements, contracting for $140,000 per year, with Darryl Reed, the former president of our predecessor company, Pre-Settlement Funding Corporation, and Joel Sens, were renegotiated during 2003 and no compensation other than the $90,000 paid to Joel Sens in October 2004, described above, has been paid.

AGGREGATED OPTION/SAR EXERCISES IN LAST FISCAL YEAR

AND FY-END OPTION/SAR VALUES

Name	Shares Acquired on Exercise (#)	Value Realized ($)	Number of Securities Underlying Unexercised Options/SARs At FY-End (#) Exercisable / Unexercisable	Value of Unexercised In-The-Money Options/SARs At FY-End (#) Exercisable / Unexercisable
Joel Sens, CEO	0	0	1,500,000/0	$20,000[1]/$0

(1) This amount is calculated by valuing the Company's shares at $0.55/share, based on the average of the bid and ask prices at December 31, 2005.

Under an October 2000 subscription agreement with Joel Sens, we issued 3,000,000 shares of our common stock to Joel Sens, as founder, at a price of $0.001 per share. In addition, under the October 2000 subscription agreement, we granted Joel Sens stock options exercisable for 1,500,000 shares of our common stock, as follows:

- 400,000 shares of our common stock at $0.50 per share;
- 300,000 shares of our common stock at $1.00 per share;
- 300,000 shares of our common stock at $1.75 per share; and
- 500,000 shares of our common stock at $2.00 per share.

Joel Sens has not exercised any of these options. Stock options previously issued for Darryl Reed were cancelled in an agreement dated September 2003 between Darryl Reed and us.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

There have been no related party transactions, except for the following:

Our President and principal shareholder Joel Sens advanced cash to us in return for our issuance of notes to him in total amount of approximately $230,000 at December 31, 2003. These advances were subject to interest at a rate of 7% per annum. Two other notes were also issued subject to an interest rate of 10%, one for $50,000 to Stafford Street Capital, an investment company owned by Joel Sens, and another for $65,000 to Joel Sens individually. All of these notes and loan balances were repaid during the year ended December 31, 2004. The amounts due on the advances and notes were overpaid by us in the amount of $144,006 during the year ended December 31, 2004, and additional overpayment of $50,500 during the year ended December 31, 2005. The overpayments were accordingly deducted from additional paid-in capital for the year ended December 31, 2004 and 2005. During 2005, Joel Sens contributed capital of $140,000 to us in direct response to the excess payments. We have accounted for the transaction as an addition to paid-in capital.

One of our directors, Ronald L. Attkisson, is the principal stockholder of Jones, Byrd and Attkisson, which, from August 2004 until February 2005, acted as placement agent for our private placement of 1,000 units, each of which consisted of (1) 2,500 shares of our common stock, (2) $1,500 worth of convertible promissory notes due September 1, 2009, carrying an interest rate of 11% per annum, and convertible into common stock at $0.85 per share any time after six months from the date of issuance and (3) five year warrants to purchase 300 shares of our common stock at an exercise price of $0.85 per share. In connection with its role as placement agent, Jones, Byrd and Attkisson received a fee of $299,700 and was issued 594,000 warrants exercisable for 594,000 shares of our common stock at $0.85 per share. Jones, Byrd and Attkisson is also acting as placement agent under the investment agreement related to this offering. Under the placement agent agreement related to this offering, we agreed to pay Jones, Byrd and Attkisson 1% of the gross proceeds from each put exercised under the investment agreement.

Mr. Sens, our sole employee, officer and a director, and our other directors, are engaged in other businesses, either individually or through partnerships and corporations in which they have an interest, hold office, or serve on a board of directors. As a result, certain conflicts of interest may arise between us and our officers and directors. We will attempt to resolve such conflicts of interest in our favor. Our officers and directors are accountable to us and to our stockholders as fiduciaries. A stockholder may be able to institute legal action on our behalf, or on behalf of itself and other similarly situated stockholders, to recover damages or for other relief.

MARKET FOR OUR COMMON STOCK

Market Information

Prior to January 9, 2004, there was no public trading market for our securities. On January 9, 2004, our securities began trading on the OTCBB maintained by members of the NASD under the symbol SWRI.OB. As of June 30, 2006, there were approximately 134 holders of record of our common stock.

The following table sets forth the range of high and low bid prices for our common stock for each applicable quarterly period. The table reflects inter-dealer prices without retail mark-up, mark-down or commissions and may not represent actual transactions:

	Fiscal Year Ended December 31, 2006	
	High($)*	**Low($)***
First Quarter	0.75	0.45
Second Quarter	1.00	0.60
	Fiscal Year Ended December 31, 2005	
	High($)*	**Low($)***
Fourth Quarter	1.05	0.40
Third Quarter	0.85	0.70
Second Quarter	1.00	0.65

---

(1) Data for the first quarter of 2004 is for the period January 9, 2004, the date our common stock began trading on the OTCBB, through March 31, 2004.

Dividend Information

We have not declared or paid cash dividends on our common stock or made distributions in the past, and we do not anticipate that we will pay cash dividends or make cash distributions in the foreseeable future. We currently intend to retain and invest future earnings, if any, to finance our operations.

Securities Authorized for Issuance Under Equity Compensation Plans

The following information is provided for the fiscal year ended December 31, 2005, with respect to compensation plans (including individual compensation arrangements) under which our equity securities are authorized for issuance, aggregated as follows:

(i) All compensation plans (including individual compensation arrangements) previously approved by our stockholders; and

(ii) All compensation plans (including individual compensation arrangements) not previously approved by our stockholders.

EQUITY COMPENSATION PLAN INFORMATION

	Number of securities to be issued upon exercise of outstanding options, warrants and rights (a)	Weighted-average exercise price of outstanding options, warrants and rights (b)	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (a)) (c)
Equity compensation plans approved by stockholders	0	0	0
Equity compensation plans not approved by stockholders	1,500,000	$1.35/share	0
Total	1,500,000	$1.35/share	0

Under the October 2000 subscription agreement, we granted Mr. Sens stock options exercisable for 1,500,000 shares of our common stock. See “Executive Compensation” above.

REPORTS TO SECURITY HOLDERS

We voluntarily file periodic reports and other information with the SEC. Our reports and other information can be inspected and copied at the SEC's Public Reference Room at 100 F Street, N.E., Washington D.C. 20549. You can obtain information on the operations of the Public Reference Room by calling the SEC at (800) SEC-0330. Information also is available electronically on the Internet at http://www.sec.gov.

We will provide without charge to each person to whom a copy of this prospectus is delivered, upon oral or written request of such person, a copy of any or all documents which are incorporated by reference in this prospectus, other than exhibits to such documents (unless such exhibits are specifically incorporated by reference into such documents). Requests for such documents should be directed to: Seawright Holdings, Inc., 600 Cameron Street, Alexandria, Virginia 22314. Our telephone number is (703) 340-1629.

We intend to furnish our stockholders with annual reports containing audited financial statements and quarterly reports containing financial information.

SECURITY OWNERSHIP OF CERTAIN

BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information regarding the beneficial ownership of shares of the our common stock as of June 30, 2006 (issued and outstanding) by (i) all stockholders known to us to be the beneficial owner of more than five percent of our outstanding common stock and (ii) all of our directors and executive officers individually and as a group:

Title of Class	Name and Address of Beneficial Owner[(1)]	Amount and Nature of Beneficial Ownership[(2)]	Percent of Class[(2)]
Common Stock	Joel Sens 600 Cameron Street Alexandria VA 22314	5,604,334[(3)]	43.00%
Common Stock	Theodore Kanakis 1160 N. Quincy Street #408 Arlington VA 22201	1,100,000	8.44%
Common Stock	Ronald L. Attkisson 2839 Paces Ferry Road, Suite 320 Atlanta, Georgia 30339	425,166[(4)]	3.26%
Common Stock	Jeffrey Sens 1210 Springtree Lane Westerville Ohio 43801	3,600	0.03%
Common Stock	All executive officers and directors as a group (3 persons)	6,033,100	46.29%

---

(1) Each person has sole voting power and sole dispositive power as to all of the shares shown as beneficially owned by them.

(2) Other than as footnoted below, none of these security holders has the right to acquire any shares within sixty days from options, warrants, rights, conversion privilege, or similar obligations. The amount owned and the stockholder's percentage ownership is based on issued common stock, as well as convertible notes, stock options and warrants that

are currently exercisable.

(3) Included within this amount are stock options granted to Joel Sens, as part of his October 2000 subscription agreement. These stock options are exercisable for 1,500,000 shares of our common stock as described under "Executive Compensation" above. Also included within this amount is 175,000 shares owned by Stafford Street Capital LLC, an entity wholly owned by Joel Sens.

(4) Included within this amount are warrants acquired by Ronald Attkisson in December 2005. These warrants are exercisable for 313,400 shares of our common stock and have an exercise price of $0.85 a share. Also included within this amount are 111,666 shares owned by IFS Holdings, Inc., a company controlled by Ronald Attkisson.

The issuance of shares of common stock under the equity line could, theoretically result in a change in control if most of the 6,000,000 shares of common stock registered to be issued under the investment agreement were sold to a single investor. Since Joel Sens is the majority shareholder owning 5,429,334 shares of common stock, a single investor or group acquiring more shares of common stock then Mr. Sens owns could become a majority shareholder. However since we are in control of the quantity and timing of the "puts", there is little practical likelihood of a change in control resulting from the issuance of shares of common stock under the equity line.

DESCRIPTION OF SECURITIES

Our authorized capital stock consists of 19,900,000 shares of common stock and 100,000 shares of preferred stock. The following is a summary of certain provisions of our common stock, preferred stock, certificate of incorporation and by-laws.

Common Stock

As of June 30, 2006, there were 9,075,474 shares of common stock outstanding. Holders of shares of common stock are entitled to cast one vote for each share held at all stockholders meetings for all purposes, including the election of directors, and to share equally on a per share basis in such dividends as may be declared by the board of directors out of funds legally available for dividend payments. If we liquidate, dissolve or wind up, each outstanding share of common stock will be entitled to share equally in our assets legally available for distribution to stockholders after the payment of all debts and other liabilities. Shares of common stock are not redeemable, have no conversion rights and carry no preemptive or other rights to subscribe to or purchase additional shares in the event of a subsequent offering. All outstanding shares of common stock are, and the shares offered by this prospectus will be, when issued, fully paid and non-assessable.

Preferred Stock

During the year ended December 31, 2003, we issued an aggregate of 55,000 shares of Series A Convertible Preferred Stock in exchange for $275,000 of proceeds, net of costs and fees. The shares were convertible into common stock at the option of the holder at a ratio of 10 shares of common stock for each share of preferred stock if converted before the first anniversary of the original issue date and at a ratio of 5 shares of common stock for each share of preferred stock if converted after the first anniversary but before the second anniversary. The preferred stock could have been redeemed for cash at our option, any time after the first anniversary of the original issue date but before the second anniversary. The preferred stockholders were entitled to cumulative dividends when, as and if declared by the board at a per share rate of 10% per annum of the original issue price. At the option of the preferred stockholder, accrued and unpaid cumulative dividends may be applied to the purchase of additional shares of common stock upon conversion of the preferred stock to common stock. In event of our liquidation the preferred stock ranks higher than the common stock in determining the distribution of assets and surplus funds.

In April 2004, one of our preferred stockholders tendered 5,000 shares of preferred stock, valued at $5 per share, as partial payment for the exercise of stock options. This preferred stock was subsequently canceled by us.

In December 2004, our preferred stockholders elected to convert an aggregate of 50,000 shares of preferred stock into 500,000 shares of our common stock, at a ratio of 10 shares of common stock for each share of preferred stock. In connection with the conversion, we also issued an aggregate of 50,000 shares of our common stock in exchange for $25,000 of dividends in arrears. As the date of this prospectus, all of our preferred stock had been converted to our common stock, and there was no preferred stock issued and outstanding.

LEGAL PROCEEDINGS

We are not aware of any material litigation or potential litigation affecting us or our assets or any of our subsidiaries.

LEGAL MATTERS

The legality of our shares of common stock being offered hereby is being passed upon by McKee Nelson LLP, Washington, DC. McKee Nelson was not hired on a contingent basis and will not receive a direct or indirect interest in us and has never been a promoter, underwriter, voting trustee, director, officer, or employee of our company.

EXPERTS

The financial statements included in this prospectus, have been audited by Russell Bedford Stefanou Mirchandani LLP, Certified Public Accountants, and have been included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing. Russell Bedford Stefanou Mirchandani LLP was not hired on a contingent basis and will not receive a direct or indirect interest in us and has never been a promoter, underwriter, voting trustee, director, officer, or employee of our company.

ADDITIONAL INFORMATION

We filed with the SEC a registration statement on Form SB-2 under the Securities Act for the shares of common stock in the offering, of which this prospectus is a part. This prospectus does not contain all of the information in the registration statement and the exhibits and schedule that were filed with the registration statement. For further information with respect to us and the shares of common stock, we refer you to the registration statement and the exhibits and schedule that were filed with the registration statement.

Statements contained in this prospectus about the contents of any contract or any other document that is filed as an exhibit to the registration statement are not necessarily complete, and we refer you to the full text of the contract or other document filed as an exhibit to the registration statement. A copy of the registration statement and the exhibits and schedules that were filed with the registration statement may be inspected without charge at the Public Reference Room maintained by the SEC at 100 F Street, N.E., Washington, D.C. 20549, and copies of all or any part of the registration statement may be obtained from the SEC upon payment of the prescribed fee. Information regarding the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330.

The SEC maintains a web site that contains reports, proxy and information statements, and other information regarding registrants that file electronically with the SEC. The address of the site is www.sec.gov.

RUSSELL BEDFORD STEFANOU MIRCHANDANI , LLP
CERTIFIED PUBLIC ACCOUNTANTS

REPORT OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM

Board of Directors
Seawright Holdings, Inc.
Alexandria, VA

We have audited the accompanying consolidated balance sheets of Seawright Holdings Inc. and subsidiary, a development stage company, (the "Company") as of December 31, 2005 and 2004 and the related consolidated statements of operations, stockholders' equity, and cash flows for each of the two years in the period ended December 31, 2005 and for the period from October 14, 1999 (date of inception) to December 31, 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based upon our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States of America). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Seawright Holdings Inc. and subsidiary as of December 31, 2005 and 2004, and the results of its operations and its cash flows for each of the two years in the period ended December 31, 2005, and for the period October 14, 1999 (date of inception) to December 31, 2005 in conformity with accounting principles generally accepted in the United States of America.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As shown in the consolidated financial statements, the Company has incurred net losses since its inception. This raises substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to this matter are described in Note P. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

As discussed in Note Q to the consolidated financial statements, the Company restated the balance sheet as of December 31, 2005 and 2004 and the related consolidated statements of operations, cash flows and stockholders' equity for the years then ended.

Notes to Consolidated Financial Statements
Years Ended December 31, 2005 and 2004

NOTE A-SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the preparation of the accompanying consolidated financial statements follows.

BUSINESS AND BASIS OF PRESENTATION

Seawright Holdings, Inc., (Company) was formed on October 14, 1999 under the laws of the state of Delaware. The Company is a development stage enterprise, as defined by *Statement of Financial Accounting Standards No. 7 (SFAS 7)* and is seeking to develop a spring water bottling and distribution business. From its inception through the date of these financial statements, the Company has recognized minimal revenues and has incurred significant operating expenses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through December 31, 2005, the Company has accumulated losses of $2,014,185.

The consolidated financial statements include the accounts of the Company, and its wholly-owned subsidiary, Seawright Springs LLC. Significant intercompany transactions have been eliminated in consolidation.

DISCONTINUED OPERATIONS

As a result of the Company's acquisition of real property and improvements in October 2003 (see Note C), the Company restructured its operations to focus on the development of the spring water bottling and distribution business. This restructuring included the discontinuance of financing plaintiffs who are involved in personal injury claims. Accordingly, the Company's plaintiff's financing business segment is accounted for as a discontinued operation, and the amounts in the financial statements and related notes for all periods shown have been restated to reflect discontinued operations accounting. The Company has not allocated any previously incurred corporate overhead and selling, general and administrative expenses to the discontinued operation.

The financial statements reflect the operating results of the discontinued operations separately from continuing operations. Prior years have been restated. Operating results for the discontinued operations are reflected on the income statement and occurred during the period from inception, being October 14, 1999, through December 31, 2003.

REVENUE RECOGNITION

For revenue from product sales, the Company recognizes revenue in accordance with *Staff Accounting Bulletin No. 104, Revenue Recognition (SAB 104)*, which superseded *Staff Accounting Bulletin No. 101, Revenue Recognition in Financial Statements (SAB 101)*. SAB 101 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectibility is reasonably assured. Determination of criteria (3) and (4) are based on management's judgments regarding the fixed nature of the selling prices of the products delivered and the collectibility of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required.

SAB 104 incorporates *Emerging Issues Task Force 00-21, Multiple-Deliverable Revenue Arrangements (EITF 00-21)*. EITF 00-21 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets. The effect of implementing EITF 00-21 on the Company's consolidated financial position and results of operations was not significant.

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the reported amount of revenue and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

CASH AND CASH EQUIVALENTS

The Company maintains a cash balance in a non-interest bearing account that may, at times, exceed federally insured limits. For the purposes of the statements of cash flows, the Company considers all highly liquid debt instruments purchased with a maturity date of three months or less to be cash equivalents.

PROPERTY AND EQUIPMENT

Property and equipment are stated at cost. When retired or otherwise disposed, the related carrying value and accumulated depreciation are removed from the respective accounts and the net difference less any amount realized from disposition, is reflected in earnings. Minor additions and renewals are expensed in the year incurred. Major additions and renewals are capitalized and depreciated over their estimated useful lives being 5 years for equipment and 4 years for computers.

ADVERTISING

The Company follows the policy of charging the costs of advertising to expense as incurred. The Company did not incur advertising costs for the past two years.

IMPAIRMENT OF LONG-LIVED ASSETS

The Company has adopted *Statement of Financial Accounting Standards No.144, Accounting for the Impairment or Disposal of Long-Lived Assets (SFAS 144)*. The Statement requires that long-lived assets and certain identifiable intangibles held and used by the Company be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Events relating to recoverability may include significant unfavorable changes in business conditions, recurring losses, or a forecasted inability to achieve break even operating results over an extended period. The Company evaluates the recoverability of long-lived assets based upon forecasted undiscounted cash flows. Should an impairment in value be indicated, the carrying value of intangible assets will be adjusted, based on estimates of future discounted cash flows resulting from the use of and ultimate disposition of the intangible, to be reported at the lower of the carrying amount or the fair value less costs to sell.

FAIR VALUE OF FINANCIAL INSTRUMENTS

Statement of Financial Accounting Standards No. 107, Disclosures About Fair Value of Financial Instruments (SFAS 107) requires disclosure of the fair value of certain financial instruments. The carrying value of cash and cash equivalents, accounts receivable, accounts payable and short-term borrowings, as reflected in the balance sheets, approximate fair value because of the short-term maturity of these instruments.

62

STOCK BASED COMPENSATION

In December 2002, the Financial Accounting Standards Board (FASB) issued *Statement of Financial Accounting Standards No. 148, Accounting for stock-based Compensation- Transition and Disclosure- an amendment of SFAS 123 (SFAS 148)*. This statement amends *Standards of Financial Accounting Standards No.123, Accounting for Stock based Compensation (SFAS 123)* to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock based employee compensation. In addition, this statement amends the disclosure requirements of SFAS 123 to require prominent disclosures in both annual and interim financial compensation and the effect of the method used on reported results. The Company has chosen to continue to account for stock-based compensation using the intrinsic value method prescribed in *APB Opinion No.25, Accounting for Stock Issued to Employees (APB 25)* and related interpretations. Accordingly, compensation expense for stock options is measured as the excess, if any, of the fair market value of the Company's stock at the date of the grant over the exercise price of the related option. The Company has adopted the annual disclosure provisions of SFAS 148 in its financial reports for the years ended December 31, 2005 and 2004 and has adopted the interim disclosure provisions in its financial reports for subsequent periods. Had compensation costs for the Company's stock options been determined based on the fair value at the grant dates for the awards, the Company's net loss and losses per share for 2005 and 2004 would not have been impacted as the Company would have reported no expense in its financial statements for those two years based on outstanding stock options.

On December 16, 2004, the Financial Accounting Standards Board (FASB) issued FASB Statement No. 123R (revised 2004), "Share-Based Payment" which is a revision of FASB Statement No. 123, "Accounting for Stock-Based Compensation". Statement 123R supersedes APB opinion No. 25, "Accounting for Stock Issued to Employees", and amends FASB Statement No. 95, "Statement of Cash Flows". Generally, the approach in Statement 123R is similar to the approach described in Statement 123. However, Statement 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro-forma disclosure is no longer an alternative. On April 14, 2005, the SEC amended the effective date of the provisions of this statement. The effect of this amendment by the SEC is that the Company will have to comply with Statement 123R and use the Fair Value based method of accounting no later than the first quarter of 2006.

EARNING (LOSS) PER SHARE

Net earning (loss) per share is provided in accordance with *Statement of Financial Accounting Standards No. 128, Earnings per share (SFAS 128)*. Basic loss per share is computed by dividing losses available to common stockholders by the weighted average number of common shares and dilutive common stock equivalents outstanding during the period. Dilutive common stock equivalents consist of shares issuable upon conversion of convertible debentures and the exercise of the Company's stock options and warrants (calculated using the treasury stock method). During the year ended December 31, 2005 and 2004, common stock equivalents are not considered in the calculation of the weighted average number of common shares outstanding because they would be anti-dilutive, thereby decreasing the net loss per common share.

SEGMENT INFORMATION

The Company adopted *Statement of Financial Accounting Standards No. 131, Disclosures about Segments of an Enterprise and Related Information (SFAS 131)* in the year ended December 31, 1999. SFAS 131 establishes standards for reporting information regarding operating segments in annual financial statements and requires selected information for those segments to be presented in interim financial reports issued to stockholders. SFAS 131 also establishes standards for related disclosures about products and services and geographic areas. Operating segments are identified as components of an enterprise about which separate discrete financial information is available for evaluation by the chief operating decision maker, or decision-making group, in making decisions regarding the

allocation of resources and asset performance. The information disclosed herein materially represents all of the financial information related to the Company's principal operating segment.

INCOME TAXES

The Company follows *Statement of Financial Accounting Standards No. 109, Accounting for Income taxes (SFAS 109)* for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to realized or settled. Deferred income tax expenses or benefits are based on the changes in the asset or liability during each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Deferred income taxes may arise from temporary differences resulting from income and expense items reported for financial accounting and tax purposes in different periods. Deferred taxes are classified as current or non-current, depending on the classification of assets and liabilities to which they relate. Deferred taxes arising from temporary differences that are not related to an asset or liability are classified as current or non current depending on the periods in which the temporary differences are expected to reverse.

CONCENTRATIONS OF CREDIT RISK

Financial instruments and related items, which potentially subject the Company to concentrations of credit risk, consist primarily of cash and cash equivalents and marketable securities. The Company places its cash and temporary cash investments with high credit quality institutions. At times, such investments may be in excess of the FDIC insurance limit. Marketable securities are reviewed periodically by management who has established guidelines for the Company's investment portfolio. Marketable securities maintained by the Company are not FDIC insured.

LIQUIDITY

The Company is in the development stage and its efforts have been principally devoted to developing the spring water bottling and distribution business. To date, the Company has generated minimal revenues, has incurred expenses and has sustained losses. As shown in the accompanying consolidated financial statements, the Company has incurred accumulated losses of $2,014,185 for the period from inception through December 31, 2005. The Company's current liabilities exceeded its current assets by $225,378 as of December 31, 2005. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise.

DEBT AND EQUITY SECURITIES

The Company follows the provisions of *Statement of Financial Accounting Standards No. 115, Accounting for Certain Investments in Debt and Equity Securities (SFAS 115)*. The Company classifies debt and equity securities into one of three categories: held-to-maturity, available-for-sale or trading. These security classifications may be modified after acquisition only under certain specified conditions. Securities may be classified as held-to-maturity only if the Company has the positive intent and ability to hold them to maturity. Trading securities are defined as those bought and held principally for the purpose of selling them in the near term. All other securities must be classified as available-for-sale.

Held-to-maturity securities are measured at amortized cost in the consolidated balance sheets. Unrealized holding gains and losses are not included in earnings or in a separate component of capital. They are merely disclosed in the notes to the consolidated financial statements.

Available-for-sale securities are carried at fair value on the consolidated balance sheets. Unrealized holding gains and losses are not included in earnings but are reported as a net amount (less expected tax) in a separate component of

capital until realized.

Trading securities are carried at fair value on the consolidated balance sheets. Unrealized holding gains and losses for trading securities are included in earnings.

Declines in the fair value of held-to-maturity and available-for-sale securities below their cost that are deemed to be other than temporary are reflected in earnings as realized losses.

INTANGIBLES

In accordance with *Statement of Financial Accounting Standards No. 142*, *Goodwill and Other Intangible Assets (SFAS 142)*, indefinite-lived intangible assets are not amortized but are reviewed annually for impairment. Separable intangible assets that are not deemed to have an indefinite life are amortized over their useful lives and reviewed for potential impairment whenever events or circumstances indicate that carrying amounts may not be recoverable.

The Company tests, for impairment, the tradename value reported on the consolidated balance sheet on the last day of the Company's year. The tradename impairment test under SFAS 142 requires a two-step approach, which is performed at the reporting unit level, as defined in SFAS 142. Step one identifies potential impairments by comparing the fair value of the reporting unit to its carrying amount. Step two, which is only performed if there is a potential impairment, compares the carrying amount of the reporting unit's tradename value to its implied value, as defined in SFAS 142. If the carrying amount of the reporting unit's tradename exceeds the implied fair value of the tradename, an impairment loss is recognized for an amount equal to that excess.

Financing costs associated with the Company's convertible promissory notes are deferred and amortized over the term of the loan.

NEW ACCOUNTING PRONOUNCEMENTS

In March 2005, the FASB issued FASB Interpretation (FIN) No. 47, "Accounting for Conditional Asset Retirement Obligations, an interpretation of FASB Statement No. 143," which requires an entity to recognize a liability for the fair value of a conditional asset retirement obligation when incurred if the liability's fair value can be reasonably estimated. The Company is required to adopt the provisions of FIN 47 no later than the first quarter of fiscal 2006. The Company does not expect the adoption of this Interpretation to have a material impact on its consolidated financial position, results of operations or cash flows.

In May 2005, the FASB issued *Statement of Financial Accounting Standards No. 154, Accounting Changes and Error Corrections (SFAS 154)*, which requires retrospective application of all comparative financial statements for "voluntary" accounting principle changes. This statement, however, does not apply to changes in principle due to new accounting pronouncements when the new pronouncement includes specific transition provisions. SFAS 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. The adoption of this standard is currently not expected to have a material impact on the Company's consolidated results of operations and financial position in the foreseeable future.

On November 3, 2005, the FASB issued *FASB Staff Position on SFAS 115 and 124, The Meaning of Other-Than-Temporary Impairment and its Application to Certain Investments (FSP FAS 115-1 and 124-1)*. This FSP addresses the determination as to when an investment is considered impaired, whether that impairment is other than temporary, and the measurement of an impairment loss. It is effective for reporting periods beginning after December 15, 2005. Accordingly, the Company is reviewing its processes and will adopt the required accounting and disclosures.

On February 16, 2006 the FASB issued SFAS 155, "Accounting for Certain Hybrid Instruments," which amends SFAS 133, "Accounting for Derivative Instruments and Hedging Activities," and SFAS 140, "Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities." SFAS 155 allows financial instruments that have embedded derivatives to be accounted for as a whole (eliminating the need to bifurcate the derivative from its host) if the holder elects to account for the whole instrument on a fair value basis. SFAS 155 also clarifies and amends certain other provisions of SFAS 133 and SFAS 140. This statement is effective for all financial instruments acquired or issued in fiscal years beginning after September 15, 2006. The Company does not expect its adoption of this new standard to have a material impact on its financial position, results of operations or cash flows.

RECLASSIFICATIONS

Certain reclassifications have been made in prior year's financial statements to conform to classifications used in the current year.

NOTE B - MARKETABLE SECURITIES

During the year ended December 31, 2005 and 2004, the Company classified all of its marketable securities as trading as the securities were bought and held principally for the purpose of selling them in the near term. The Company actively and frequently trades securities with the objective of generating profits on short-term differences in price. The trading securities are marked to market on a monthly basis. At December 31, 2005 and 2004, the Company's trading securities were carried at fair values of $138,910 and $1,556,405, respectively. Total realized loss amounted to $54,592 while realized gain amounted to $133,515 at December 31, 2005 and 2004, respectively. There were no unrealized holding gains or losses at December 31, 2005. Unrealized holding losses amounted to $39,997 at December 31, 2004.

NOTE C - PROPERTY AND EQUIPMENT

In October, 2003, the Company acquired approximately 140 acres of land and related improvements in Augusta County, Virginia, in exchange for $1,000,000, comprised of $300,000 of cash and a $700,000 promissory note payable. In June 2005, the Company purchased a parcel of land located approximately 10 miles south of the Augusta County, Virginia location. The purchased parcel is 33.52 acres which the Company acquired for $725,000, comprised of $225,000 of cash and a $500,000 promissory note payable. The Company anticipates entering the sale of bulk spring water and retail bottling business utilizing the properties' water resources.

Major classes of property and equipment at December 31, 2005 and 2004 consist of the followings:

	2005	2004
Land	$ 1,725,000	$ 1,000,000
Equipment	29,438	7,592
Building improvements	24,280	6,780
	1,778,718	1,014,372
Less - accumulated depreciation	(3,049)	(417)
	$ 1,775,669	$ 1,013,955

Depreciation expense was $2,632 and $417 for the years ended December 31, 2005 and 2004, respectively. The building improvements have not been placed in service as of December 31, 2005. Accordingly, depreciation has not been recorded on this asset group.

NOTE D - INTANGIBLES

INTANGIBLE ASSET

In June 2005, the Company purchased intellectual property including trademarks, service marks, trade dress, trade names, brand names, designs and logos as well as formulas for flavored sparkling waters and teas from a competitor. Under the terms of the agreement, the Company paid a purchase price of $10,000 with royalties to be paid for the first 4,000,000 cases of bottled water or tea sold under the trademarks. As of the fifth anniversary of the effective date of the purchase, if the Company has not sold 4,000,000 cases of product under the trademark, the seller shall be entitled to a payment of $50,000 less any royalties previously paid under the agreement. The royalty payable under this intangible has been recorded at its present value of $30,683 at December 31, 2005 and is included in other long-term liabilities. The intangibles have been recorded at the carrying amount of $39,063 net of the discount amortized and charged to interest expense in relation to these intangibles through December 31, 2005 of $3,906. The intangible assets acquired will be amortized over a period of 5 years.

The Company has adopted SFAS No. 142, Goodwill and Other Intangible Assets, whereby the Company periodically tests its intangible assets for impairment. On an annual basis, and when there is reason to suspect that their values have been diminished or impaired, these assets are tested for impairment, and write-downs will be included in results from operations.

Estimated amortization expense is as follows for years ending December 31:

2006	$	7,812
2007		7,812
2008		7,812
2009		7,812
2010		3,908
Thereafter		-
Total	$	35,156

DEFERRED FINANCING COSTS

Deferred financing costs associated with the Company’s convertible notes payable are deferred and amortized over the life of the loan. Deferred financing costs consisted of the following at December 31:

		2005		2004
Deferred financing costs	$	701,445	$	701,445
Less - accumulated amortization		(194,198)		(52,410)
	$	507,247	$	649,035

Amortization expense on deferred financing costs was $141,788 and $52,410 as of December 31, 2005 and 2004, respectively.

NOTE E - NOTES PAYABLE

Notes payable at December 31 consisted of the following:

	2005	2004
Note payable, 8% interest, principal and outstanding interest due and payable in May 2006, collateralized by land.	$ 500,000	$ -
Note payable, 6% interest payable every six months, principal due in full April 2008, personally guaranteed by the Company's President and principal shareholder. (a)	-	400,000
	500,000	400,000
Less - current portion	(500,000)	-
Notes payable - long-term	$ -	$ 400,000

(a) In February 2005, the Company paid in full the principal and all accrued interest of the note. Pursuant to the note agreement, the Company was granted a $60,000 principal reduction discount when all principal and accrued interest are paid in full before the second anniversary of the note agreement. The Company has accounted for the $60,000 principal reduction discount as other income during the year ended December 31, 2005.

NOTE F - PRIVATE PLACEMENT AND CONVERTIBLE PROMISSORY NOTES PAYABLE

The Company entered into a Private Placement Memorandum in August 2004 to offer up to 1,000 units of an equity/notes payable instrument. Each unit consists of 2,500 shares of common stock of the Company, $1,500 of convertible promissory notes (Convertible Notes), and 1 warrant to purchase 300 shares of the Company's common stock at $0.85 per share. The Convertible Notes accrue interest at 11% per annum which is payable and due in September 2009. The note holders have the option to convert any unpaid note principal and accrued interest to the Company's common stock at a rate of $0.85 per share anytime after six months from the issuance date of the note.

At December 31, 2004, the Company had received proceeds of $2,620,116, net of placement costs and fees of $331,884, for 984 units subscribed. Pursuant to the terms of the Private Placement Memorandum, the Company issued to the investors Convertible Notes in an aggregate of $1,476,000. The Company is obligated to issue 2,460,000 shares of its common stock, valued at $1,387,477, to the investors in connection with the private placement. An aggregate of 2,404,978 shares were issued to the investors at December 31, 2004, and the Company has accounted for the remaining 54,998 shares not issued at December 31, 2004 as common stock subscription payable in the amount of $25,581 (fractional shares of 24 shares of common stock will not be issued). The 54,998 shares of common stock were issued to the investors in January 2005. The Company also issued to investors an aggregate of 984 warrants as of December 31, 2004.

In January 2005, the Company received additional proceeds of $45,000 for an additional 15 units subscribed. Pursuant to the terms of the Private Placement Memorandum, the Company issued to the investors Convertible Notes in an aggregate of $22,500. The Company also issued an aggregate of 37,500 shares of its common stock, valued at $25,188 to the investors in connection with the private placement. Additionally, the Company issued to investors an aggregate of 15 warrants in January 2005.

A summary of convertible promissory notes payable at December 31 are as follows:

	2005	2004
Convertible notes payable (Convertible Notes), 11% per annum, maturity of September 2009, note holder has the option to convert unpaid note principal and interest to the Company's common stock at $0.85 per share	$ 1,498,500	$ 1,476,000
Debt discount - note, net of accumulated amortization of $69,929 and $13,887 at December 31, 2005 and 2004, respectively.	(210,278)	(260,612
Debt discount - beneficial conversion feature - note, net of accumulated amortization of $69,929 and $13,888 at December 31, 2005 and 2004, respectively.	(210,278)	(260,611
	1,077,944	954,777
Less - current portion	-	-
Total	$ 1,077,944	$ 954,777

In accordance with *Emerging Issues Task Force Issue 98-5, Accounting For Convertible Securities With a Beneficial Conversion Feature or Contingently Adjustable Conversion Ratios (EITF 98-5)*, the Company allocated, on a relative fair value basis, the net proceeds amongst the common stock, convertible notes and warrants issued to the investors. The Company recognized a discount to the notes in the amount of $5,708 and $274,499 during the years ended December 31, 2005 and 2004, respectively. The note discount is being amortized over the maturity period of the notes, being five years. The Company recognized an imbedded beneficial conversion feature present in the Convertible Notes and allocated a portion of the proceeds equal to the intrinsic value of that feature to additional paid-in capital. As of December 31, 2005 and 2004, the Company recognized $5,708 and $274,499, respectively, of the proceeds, which is equal to the intrinsic value of the imbedded beneficial conversion feature, to additional paid-in capital and a discount against the Convertible Note. The debt discount attributed to the beneficial conversion feature is amortized over the Convertible Notes' maturity period, being five years, as interest expense.

In connection with the placement of the Convertible Notes, the Company issued detachable warrants granting the holders the right to acquire 4,500 and 295,200 shares of the Company's common stock at $0.85 per share as of December 31, 2005 and 2004, respectively. The warrants expire five years from their issuance. In accordance with *Emerging Issues Task Force Issue 00-27, Application of Issue No. 98-5 to Certain Convertible Instruments (EITF 00-27),* the Company recognized the value attributable to the warrants in the amount of $3,020 and $187,123 to additional paid-in capital during the years ended December 31, 2005 and 2004, respectively. The Company valued the warrants in accordance with EITF 00-27 using the Black-Scholes pricing model and the following assumptions: contractual terms of 5 years, an average risk free interest rate of 3.38%, a dividend yield of 0%, and volatility of 296%.

The Company amortized the Convertible Notes' debt discount and the debt discount attributed to the beneficial conversion feature and recorded non-cash interest expense of $112,083 and $27,775 for the years ended December 31, 2005 and 2004, respectively.

Financing costs attributable to the equity portion of the private placement totaled $175,899 and were netted against the amount attributable to common stock. Deferred financing costs of $155,985 attributable to the debt portion of the private placement are being amortized over the life of the debt instrument, being 5 years. The Company amortized $31,197 and $12,999 for the years ended December 31, 2005 and 2004, respectively, in relation to the deferred financing costs.

69

NOTE G - CAPITAL STOCK

The Company was incorporated under the laws of the State of Delaware on October 14, 1999 under the name of Pre-Settlement Funding Corporation. The Company has authorized 100,000 shares of preferred stock, with a par value of $.001 per share. The Company has designated 60,000 of its preferred stock as Series A Convertible Preferred Stock. As of December 31, 2005 and 2004, the Company does not have any shares of Series A Convertible Preferred Stock issued and outstanding. The Company has authorized 19,900,000 shares of common stock, with a par value of $.001 per share. As of December 31, 2005 and 2004, there were 8,875,476 and 8,782,978 shares of common stock issued and outstanding, respectively.

In March 2000, the Company issued $ 124,000 of notes payable convertible into common stock at a price equal to $.50 per share. As of December 31, 2000, the holders of the notes payable elected to convert $52,000 of the notes, net of costs, in exchange for 104,000 shares of the Company's common stock.

In January 2001, the holders of the $ 72,000 of convertible Notes Payable, exercised their rights to convert the unpaid principal to 144,000 shares of the Company's common stock at the conversion price of $.50 per share.

In January 2001, $15,000 of convertible notes payable were issued and converted to 30,000 shares of the Company's common stock.

In January 2001, the Company issued 5,000,000 shares of its common stock to the Company's Founders in exchange for services provided to the Company from its inception. The Company valued the shares issued at $.001 per share, which approximated the fair value of the services rendered. The compensation costs of $5,020 were charged to income during the year ended December 31, 2001.

In January 2001, the Company issued 90,000 shares of its common stock to consultants in exchange for services provided to the Company. The Company valued the shares issued at $ .50 per share, which approximated the fair value of the shares issued during the period the services were rendered. The compensation costs of $ 45,000 were charged to income during the year ended December 31, 2001.

During the year ended December 31, 2003, the Company authorized the issuance of 60,000 shares of newly designated Series A Convertible Preferred stock, with a par value of $0.001 per share. As of December 31, 2003 the Company issued 55,000 shares of the Series A Convertible Preferred stock in exchange for $275,000, net of costs and fees.

The Series A Convertible Preferred Stock are convertible into the Company's common stock at the option of the holder at a ratio of ten (10) shares of common stock for each share of preferred stock if converted before the first anniversary of the original issue date and at a ratio of five (5) shares of common stock for each share of preferred stock if conversion is made after the first anniversary but before the second anniversary.

The preferred shares may be redeemed for cash at the option of the Company, any time after the first anniversary of the original issue date but before the second anniversary. The Preferred Shareholders shall be entitled to cumulative dividends when and if declared by the Company's Board of Directors at a per share rate of 10% per annum of the original issue price. At the option of the preferred shareholders, accrued and unpaid cumulative dividends may be applied to the purchase of additional shares of the Company's common stock upon conversion of the preferred shares to common shares. The Preferred Shares rank senior to the common stock. The Preferred Shares have a liquidation preference of payment of the original purchase price of the Preferred Shares plus all
declared but unpaid dividends on such shares.

The fair value of the Company's common stock at the time the conversion option was granted was below the value of the Preferred Stock if converted. Accordingly, the Company recognized no beneficial conversion feature embedded in the Series A Preferred Stock.

In April 2004, the Company issued 160,000 shares of its common stock to a shareholder in exchange for previously issued stock options exercised at $.5625 per share, for a total of $90,000. In exchange for the shares, the holder of the options paid $63,500 in cash, and tendered 5,000 shares of the Company's previously issued Series A preferred stock valued at $5 per share. The remaining balance of $1,500 was accounted for as financing expenses and was charged to operations during the year ended December 31, 2004. The preferred shares tendered were subsequently cancelled by the Company.

In April 2004, the Company issued an aggregate of 300,000 shares of its restricted common stock to an investor in exchange for $90,000 of proceeds, net of costs and fees.

Pursuant to the Private Placement Memorandum, the Company was obligated to issue an aggregate of 2,460,000 shares of its common stock, valued at $1,387,477 net of placement costs attributable to the equity portion of the private placement, to the investors in connection with 984 units sold in the private placement as of December 31, 2004. The Company has issued an aggregate of 2,404,978 shares to the investors at December 31, 2004, and the remaining aggregate of 54,998 shares were issued to the investors in January 2005 (fractional shares of 24 shares of common stock will not be issued). The Company has accounted for the shares not issued at December 31, 2004 as common stock subscription payable in the amount of $25,581.

In December 2004, the Company's Series A Preferred Stock holders elected to convert an aggregate of 50,000 sharers of Preferred Stock into 500,000 shares of the Company's common stock, at a ratio of ten (10) shares of common stock for each share of preferred stock. In connection with the conversion, the Company also issued an aggregate of 50,000 shares of its common stock in exchange for $25,000 of dividends in arrears. As of December 31, 2004, all Series A Convertible Preferred Stock has been converted to the Company's common stock, and there was no Preferred Stock issued and outstanding at December 31, 2004.

In January 2005, pursuant to the Private Placement Memorandum, the Company was obligated to issue an aggregate of 37,500 shares of its common stock, valued at $25,188 to the investors in connection with 15 units sold in the private placement as of December 31, 2005.

NOTE H - PUT AGREEMENT

In April 2004, the Company issued 160,000 shares of its common stock to a shareholder in exchange for previously issued stock options exercised at $.5625 per share, for a total of $90,000. In exchange for the shares, the holder of the options paid $63,500 in cash, and tendered 5,000 shares of the Company's previously issued Series A preferred stock valued at $5 per share. The remaining balance of $1,500 was accounted for as financing expense and was charged to operations during the year ended December 31, 2004.

In October 2004, the Company entered into an agreement (put agreement) granting the shareholder an option to put the 160,000 shares of common stock to the Company one year from the date of the agreement for $1.25 per share. The shareholder agreed to cancel 677,500 stock options exercisable at $.5625 per share.

The Company accounted for the puts in accordance with *Statement of Financial Accounting Standards No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity (SFAS 150)*, and classified the fair value attributable to the put option as an accrued liability, as the puts issued under the put agreement embody an obligation to repurchase the Company's equity shares which would require the Company to settle the agreement by transferring its assets. The put option was initially measured at its fair value of $170,256 as of the date of the agreement. Assumptions used to estimate the fair value of the put option are as follows:

Risk-free interest rate	3.38%
Dividend yield	-

Volatility	296%
Time to expiration	1 year

Equity was reduced by the original value of the shares, being $90,000, with the remaining value of $80,256 being charged to other expense. The put option was determined to have a fair value of $158,752 at year end 2004. Accordingly, $11,504 has been credited to other expense.

In October 2005, the put agreement and puts expired without being exercised. At the time of expiration, the fair value of the accrued liability attributable to the puts was $87,984. Accordingly, equity has been increased by the original value of the shares, being $90,000, with the remaining value of $2,016 being charged to other expense.

NOTE I - STOCK OPTIONS AND WARRANTS

STOCK OPTIONS

The following table summarizes the changes in options outstanding and the related prices for the shares of the Company's common stock issued to the Company's Chief Executive Officer. These options were granted in lieu of cash compensation for services performed or other consideration.

	Options Outstanding			Options Exercisable	
Exercise Price	Number Outstanding	Weighted Average Contractual Life (Years)	Weighted Average Exercise Price	Numbers Exercisable	Average Exercise Price
$ 0.50 - 2.00	1,500,000	4.84	$1.35	1,500,000	$ 1.35

Transactions involving options issued to employees and consultants during 2005 and 2004 are summarized as follows:

	Number of Shares	Weighted Average Price Per Share
Outstanding at December 31, 2003	2,337,500	$ 1.07
Granted	-	
Exercised	(160,000)	0.56
Cancelled or expired	(677,500)	0.56
Outstanding at December 31, 2004	1,500,000	1.35
Granted	-	-
Exercised	-	-
Cancelled or expired	-	-
Outstanding at December 31, 2005	1,500,000	$ 1.35

The Company did not grant any stock options to shareholders during the years ended December 31, 2005 or 2004.

72

WARRANTS

In connection with the Company's Private Placement, the Company granted 15 and 984 warrants to purchase an aggregate of 4,500 and 295,200 shares of common stock to investors during the years ended December 31, 2005 and 2004, respectively. Each warrant will be exercisable for 300 shares of the Company's common stock at $0.85 per share. During the year ended December 31, 2004, the Company granted 594,000 warrants to a placement agent in exchange for services. Each warrant will be exercisable for one share of the Company's common stock at $0.85 per share.

The following table summarizes the changes in warrants outstanding and the related prices for the shares of the Company's common stock.

	Warrants Outstanding			Warrants Exercisable	
Exercise Price	Number Outstanding	Weighted Average Contractual Life (Years)	Weighted Average Exercise Price	Numbers Exercisable	Average Exercise Price
$ 0.85	594,999	3.69	$ 0.85	594,999	$ 0.85

Transactions involving warrants issued to investors and consultants are summarized as follows:

	Number of common shares issuable upon exercise of warrants	Weighted Average Price Per Share
Outstanding at December 31, 2003	-	$ -
Granted	889,200	0.85
Exercised	-	-
Cancelled or expired	-	-
Outstanding at December 31, 2004	889,200	0.85
Granted	4,500	0.85
Exercised	-	-
Cancelled or expired	-	-
Outstanding at December 31, 2005	893,700	$ 0.85

The estimated value of the compensatory warrants granted to the Company's placement agent in exchange for services rendered was determined using the Black-Scholes pricing model and the following assumptions: contractual term of 5 years, a risk free interest rate of 3.38%, a dividend yield of 0% and volatility of 291%. The Company capitalized financing costs of $545,460 and the financing costs were amortized over the contractual terms (five years) of the convertible debenture. During the year ended December 31, 2005 and 2004, the Company amortized financing costs and charged to operations $110,591 and $39,411, respectively, in connection with these warrants.

NOTE J - RELATED PARTY TRANSACTIONS

The Company's President had advanced funds to the Company for working capital purposes. The Company had paid in full the amount due to the Company's President during the year ended December 31, 2004. Additionally, the total payment the Company remitted exceeded the total balance due to the Company's President in the amount of $50,500 and $144,006 during the years ended December 31, 2005 and 2004, respectively. The Company has accounted for the excess payments to the Company's President as a nonreciprocal transfer to a shareholder for 2005 and 2004 and, accordingly, has reflected the overpayment as a direct reduction of additional paid-in capital.

During 2005, the Company's President contributed capital of $140,000 to the Company in direct response to the excess payments. The Company has accounted for the transaction as an addition to paid-in capital.

NOTE K - OTHER INCOME

SALE OF TIMBER

During the year ended December 31, 2004, the Company generated other income of $60,948 in connection with selling timber on the spring property.

NOTE L - EARNINGS PER SHARE

			2005		
		Income (Numerator)	Shares (Denominator)		Per-share Amount
Loss available to common shareholders	$	(1,116,048)			
Basic and fully diluted loss per share	$	(1,116,048)	8,874,462	$	(0.13)
			2004		
Loss	$	(331,449)			
Less - preferred dividends		(25,000)			
Loss available to common shareholders	$	(356,449)	6,363,095	$	(0.06)

Options to purchase 1,500,000 shares of common stock at $1.25 per share outstanding during 2005 and 2004 as well as options to purchase 677,500 shares of common stock at $0.56 per share outstanding during 2004 were not included in the computation of diluted earnings per share due to their anti-dilutive effect on earnings per share. The options to purchase 1,500,000 shares of common stock were still outstanding at the end of year 2005.

Warrants to purchase 893,700 and 889,200 shares of common stock at $0.85 per share were outstanding at December 31, 2005 and 2004, respectively, and were not included in the computation of diluted earnings per share due to their anti-dilutive effect on earnings per share.

Convertible notes with the option to purchase 1,762,942 and 1,736,471 shares of common stock at $0.85 per share were outstanding at December 31, 2005 and 2004, respectively, and were not included in the computation of diluted earnings per share due to their anti-dilutive effect on earnings per share.

NOTE M - INCOME TAXES

The Company has adopted SFAS 109, which requires the recognition of deferred tax liabilities and assets for the expected future tax consequences of events that have been included in the financial statements or tax returns. Under this method, deferred tax liabilities and assets are determined based on the difference between financial statements and tax bases of assets and liabilities using enacted tax rates in effect for the year in which the differences are expected to reverse. Permanent differences between taxable income reported for financial reporting purposes and income tax purposes are insignificant.

For income tax reporting purposes, the Company's aggregate unused net operating losses approximate $2,014,000, and expire through 2025, subject to limitations of Section 382 of the Internal Revenue Code, as amended. The deferred tax assets related to the net operating loss carryforwards are approximately $673,500 and $281,900 for the years ended December 31, 2005 and 2004, respectively.

The Company has provided a valuation reserve against the full amount of the net operating loss benefit for 2005 and 2004 since, in the opinion of management based upon the earning history of the Company, it is unlikely the benefits will be realized.

NOTE N - COMMITMENTS AND CONTINGENCIES

LEASE COMMITMENTS

The Company leases office space for its corporate offices in Alexandria, Virginia on a month to month basis. Rental expense for the years ended December 31, 2005 and 2004 was $2,308 and $2,294, respectively, and was charged to operations in the period incurred.

EMPLOYMENT AND CONSULTING AGREEMENTS

The Company does not have a formal employment agreement with the Company's President and Chief Executive Officer.

The Company has consulting agreements with outside contractors to provide web development and business development services. The agreements are generally for a term of 12 months from inception and renewable automatically from year to year unless either the Company or Consultant terminates such engagement with written notice.

NOTE O - LINE OF CREDIT

On September 12, 2005, the Company entered into an investment agreement (Agreement) with Dutchess Private Equities Fund, LP (Dutchess) to provide the Company with an Equity Line of Credit. Pursuant to the Agreement, Dutchess has agreed to provide the Company with up to $5,000,000 of funding during the 36-month period following the date a registration statement of the Company’s common stock is declared effective by the Securities and Exchange Commission. During this 36 month period, the Company may request a draw down under the Equity Line of Credit by which the Company would sell shares of its common stock to Dutchess, which is obligated to purchase the shares under the Agreement. The Company may, at its election, require Dutchess to purchase an amount equal to no more than either (a) 200% of the average daily volume of the Company’s common stock for the 10 trading days prior to the

put notice date, multiplied by the average of the three daily closing bid prices immediately preceding the put notice date or (b) $100,000; provided that the Company may not request more than $1,000,000 in any single put notice. On the trading day following the put notice date, a pricing period of five trading days will begin. The purchase price for the common stock identified in the put notice will be equal to 95% of the lowest closing best bid price of the Company's common stock during the pricing period. The Company is under no obligation to draw down under the Equity Line of Credit. As of December 31, 2005, no registration statement has been filed with respect to the Company's common stock and the investment Agreement.

75

NOTE P - GOING CONCERN MATTERS

The accompanying statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements from October 14, 1999 (date of inception of Company), the Company has generated minimal revenues and has accumulated losses of $2,014,185. These factors, among others, may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon management's ability to develop profitable operations and resolve its liquidity problems. Management anticipates the Company will attain profitable status and improve its liquidity through the continued development of its products, establishing a profitable market for the Company's products and additional equity investment in the Company. The accompanying financial statements do not include any adjustments that might result should the Company be unable to continue as a going concern.

In order to improve the Company's liquidity, the Company is actively pursing additional debt and equity financing through discussions with investment bankers and private investors. There can be no assurance the Company will be successful in its effort to secure additional equity financing.

If operations and cash flows continue to improve through these efforts, management believes that the Company can continue to operate. However, no assurance can be given that management's actions will result in profitable operations or in the resolution of its liquidity problems.

NOTE Q - RESTATEMENT OF FINANCIAL STATEMENTS

The Company has restated its financial statements for the year ended December 31, 2005 and 2004 to correct the following errors in the financial statements previously filed:

In connection with the preparation of the Company's December 31, 2005 financial statements, it was determined the correct application of accounting principles had not been applied in connection with the accounting of the 2004 Private Placement ("Placement" - see Note F), put agreement (see Note H) and overpayment to the shareholder (see Note J). Subsequent to the issuance of the December 31, 2005 financial statements, the Company determined the correct application of accounting principles had not been applied in recording the original restatement of the put agreement in 2004, as well as accounting for termination of the agreement during the year ended December 31, 2005.

The original accounting for the Placement had allocated the proceeds received from the Placement on the residual value method rather than the relative fair value method as prescribed in *EITF 98-5* and *EITF 00-27*. Accordingly, the proceeds attributed to the common stock, convertible debt and warrants have been restated to reflect the relative fair value method.

During 2004, the put agreement had been recorded under SFAS 150 with changes in fair value being charged to other expense. In connection with the preparation of the Company's December 31, 2005 financial statements, the fair value attributed to the put agreement as of the end of 2005 was determined to be the present value of the contract payment. An adjustment was done to restate the 2004 financials, and the 2005 year end report reflected the value of the put agreement liability as being $200,000. Subsequent to the issuance of the December 31, 2005 financial statements, the Company determined the correct application of accounting principles had not been applied in recording the original restatement of the put agreement in 2004, as well as accounting for termination of the agreement during the year ended December 31, 2005. Accordingly, amounts attributed to the fair value of the liability have been restated to reflect the proper valuation.

The overpayment to the shareholder had originally been classified as an increase to operating expenses with repayments by the shareholder recorded as an increase to other operating income. In review of accounting standards, it was determined the transaction was more accurately reflected as a capital transaction due to the control relationship which existed between the shareholder, who is also the Company's President, and the Company. The Company, through the restatement, is accounting for the excess payments to the Company's shareholder as a nonreciprocal transfer and, accordingly, has reflected the overpayment as a direct reduction of additional paid-in capital.

In accordance with *Accounting Principles Board Opinion 20, Accounting Changes (APB 20)* the necessary corrections to apply the accounting principles on the aforementioned transactions are currently reflected in the reported 2005 and 2004 financial information. The impact to the previously issued 2005 and 2004 financial statements is as follows:

	2005 financial statement balance prior to restatement	2005 financial statement balance post restatement	Amount increase (decrease) in 2005 financials
Net loss	$ (1,184,800)	$ (1,116,048)	$ (68,752)
Equity	$ 784,067	$ 984,067	$ 200,000
Assets	$ 2,713,139	$ 2,713,139	$ --
Liabilities	$ 1,929,072	$ 1,729,072	$ (200,000)
Loss per share	$ (0.13)	$ (0.13)	$ --

	2004 financial statement balance prior to restatement	2004 financial statement balancepost restatement	Amount increase (decrease) in 2004 financials
Net loss	$ (454,171)	$ (331,449)	$ (122,722)
Equity	$ 1,811,237	$ 1,886,712	$ 75,475
Assets	$ 3,332,528	$ 3,475,514	$ 142,986
Liabilities	$ 1,521,291	$ 1,588,802	$ 67,511
Loss per share	$ (0.09)	$ (0.05)	$ (0.04)

The resulting effect of the prior period adjustment on 2005 net loss by area is as follows:

	Amount increase (decrease) in net loss
Put agreement	$ (68,752)

The resulting effects of the prior period adjustments on 2004 net loss by area are as follows:

	Amount increase (decrease) in net loss
Private Placement transaction	$ 8,532
Put agreement	12,752
Shareholder overpayment	(144,006)
	$ (122,722)

The resulting effects of the prior period adjustments on 2004 cash flows by area are as follows:

	2004 cash flow statement balance prior to restatement	2004 cash flow statement balance post restatement	Amount increase (decrease) in 2004 cash flow statement
Net cash from operating activities	$ (1,975,169)	$ (1,894,662)	$ 80,507
Net cash from investing activities	$ (7,592)	$ (7,592)	$ -
Net cash from financing activities	$ 2,173,180	$ 2,092,673	$ (80,507)

The prior period adjustment on the 2005 financial statements did not have an effect on the cash flows. Net cash from operating, investing and financing activities remain as previously reported.

Interim financials issued in 2005 were also impacted by the incorrect application of accounting principles in continued accounting for the Private Placement, put agreement and overpayment to the shareholder. Interim financials issued throughout 2005 have not been reissued. The necessary corrections to apply the accounting principles on the aforementioned transactions are currently reflected in the reported 2005 annual financial information.

SEAWRIGHT HOLDINGS, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION
June 30, 2006
(Unaudited)

NOTE A-SUMMARY OF ACCOUNTING POLICIES

General

The accompanying unaudited condensed financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and with the instructions to Form 10QSB. Accordingly, they do not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

In the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. Accordingly, the results from operations for the three and six months period ended June 30, 2006 are not necessarily indicative of the results that may expected for the year ending December 31, 2006. The unaudited condensed financial statements should be read in conjunction with the December 31, 2005 financial statements and footnotes thereto included in the Company's SEC Form 10 KSB, as amended

Business and Basis of Presentation

Seawright Holdings, Inc. (the "Company") was formed on October 14, 1999 under the laws of the state of Delaware. The Company is a "development stage enterprise" (as defined in statement of Financial Accounting Standards No. 7). The Company is currently engaged in the spring water bottling and distribution business. From its inception through the date of these financial statements, the Company has recognized minimal revenues and has incurred significant operating expenses. Consequently, its operations are subject to all risks inherent in the establishment of a new business enterprise. For the period from inception through June 30, 2006, the Company has accumulated losses of $2,744,409.

The consolidated financial statements include the accounts of the Company, and its wholly-owned subsidiary, Seawright Springs LLC. Significant intercompany transactions have been eliminated in consolidation.

Reclassification

Certain reclassifications have been made to conform prior periods' data to the current presentation. These reclassifications had no effect on reported losses.

Stock Based Compensation

On January 1, 2006, the Company adopted the provisions of Statement of Financial Accounting Standards ("SFAS") No. 123(R), "Share-Based Payment," which requires the measurement and recognition of compensation expense for all stock-based awards made to employees based on estimated fair values. SFAS No. 123(R) supersedes previous accounting under Accounting Principles Board ("APB") Opinion No. 25, "Accounting for Stock Issued to Employees" for periods beginning in fiscal 2006. In March 2005, the SEC issued Staff Accounting Bulletin ("SAB") No. 107, providing supplemental implementation guidance for SFAS 123(R). The Company has applied the provisions of SAB No. 107 in its adoption of SFAS No. 123(R).

SFAS No. 123(R) requires companies to estimate the fair value of stock-based awards on the date of grant using an option pricing model. The value of the portion of the award that is ultimately expected to vest is recognized as expense over the requisite service periods. The Company adopted SFAS No. 123(R) using the modified prospective application, which requires the application of the standard starting from January 1, 2006, the first day of the Company's year. The Company's condensed consolidated financial statements for the six months ended June 30, 2006 reflect the impact of SFAS No. 123(R).

SEAWRIGHT HOLDINGS, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION
June 30, 2006
(Unaudited)

NOTE A-SUMMARY OF ACCOUNTING POLICIES (Continued)

Prior to the adoption of SFAS No. 123(R), the Company accounted for stock-based awards to employees using the intrinsic value method in accordance with APB No. 25, as allowed under SFAS No. 123, "Accounting for Stock-Based Compensation." Under the intrinsic value method, no stock-based compensation expense for employee stock options had been recognized in the Company's consolidated statements of operations because the exercise price of the Company's stock options granted to employees equaled the fair market value of the underlying stock at the date of grant. In accordance with the modified prospective transition method the Company used in adopting SFAS No. 123(R), the Company's results of operations prior to fiscal 2006 have not been restated to reflect, and do not include, the impact of SFAS No. 123(R).

Stock-based compensation expense recognized during a period is based on the value of the portion of stock-based awards that is ultimately expected to vest during the period.

The following table illustrates the pro forma net income and earnings per share for the three and six months ended June 30, 2005 as if compensation expense for stock options issued to employees had been determined consistent with SFAS No. 123:

	For the three months ended June 30, 2005 (As restated - Note I)	For the six months ended June 30, 2005 (As restated - Note I)
Net loss - as reported	$ (284,398)	$ (435,443)
Add: Total stock based employee compensation expense as reported under intrinsic value method (APB. No. 25)	-	-
Deduct: Total stock based employee compensation expense as reported under fair value based method (SFAS No. 123)	-	-
Net loss - Pro Forma	(284,398)	(435,443)
Net loss attributable to common stockholders - Pro forma	$ (284,398)	$ (435,443)
Basic (and assuming dilution) loss per share - as reported	$ (0.03)	$ (0.05)
Basic (and assuming dilution) loss per share - Pro forma	$ (0.03)	$ (0.05)

Stock-based compensation expense is measured using a multiple point Black-Scholes option pricing model that takes into account highly subjective and complex assumptions. The expected life of options granted is derived from the vesting period of the award, as well as historical exercise behavior, and represents the period of time that options granted are expected to be outstanding. Expected volatilities are based on a blend of historical volatility and implied volatility derived from publicly traded options to purchase the Company's common stock, which the Company believes is more reflective of the market conditions and a better indicator of expected volatility than solely using historical volatility. The risk-free interest rate is the implied yield currently available on U.S. Treasury zero-coupon issues with a remaining term equal to the expected life of the option. There were no options granted during 2005, and all options granted prior to 2005 had fully vested by January 1, 2005.

SEAWRIGHT HOLDINGS, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION
June 30, 2006
(Unaudited)

NOTE A-SUMMARY OF ACCOUNTING POLICIES (Continued)

Revenue Recognition

For revenue from product sales, the Company recognizes revenue in accordance with Staff Accounting Bulletin No. 104, *Revenue Recognition* (“SAB104”), which superseded Staff Accounting Bulletin No. 101, *Revenue Recognition in Financial Statements* (“SAB101”). SAB 101 requires that four basic criteria must be met before revenue can be recognized: (1) persuasive evidence of an arrangement exists; (2) delivery has occurred; (3) the selling price is fixed and determinable; and (4) collectibility is reasonably assured. Determination of criteria (3) and (4) are based on management’s judgments regarding the fixed nature of the selling prices of the products delivered and the collectibility of those amounts. Provisions for discounts and rebates to customers, estimated returns and allowances, and other adjustments are provided for in the same period the related sales are recorded. The Company defers any revenue for which the product has not been delivered or is subject to refund until such time that the Company and the customer jointly determine that the product has been delivered or no refund will be required. SAB 104 incorporates Emerging Issues Task Force 00-21 (“EITF 00-21”), *Multiple-Deliverable Revenue Arrangements.* EITF 00-21 addresses accounting for arrangements that may involve the delivery or performance of multiple products, services and/or rights to use assets.

NOTE B - MARKETABLE SECURITIES

During the period ended June 30, 2006, the Company classified all of its marketable securities as trading as the securities are bought and held principally for the purpose of selling them in the near term. The Company actively and frequently traded securities with the objective of generating profits on short-term differences in price. The trading securities are marked to market on a monthly basis. At June 30, 2006, the Company’s trading securities are carried at fair value of $14,175. The Company included a realized net loss of $531, a net gain of $2,111, and a net gain of $38,395 on trading securities during the six-month period ended June 30, 2006 and 2005, and for the period from October 14, 1999 (date of inception) through June 30, 2006, respectively.

NOTE C - NOTES PAYABLE

Notes payable at June 30, 2006 are as follows:

9.375 % note payable, monthly payments of $4,592 with remaining principal and outstanding interest due and payable April 2009, collateralized by land.	$ 525,000
15% note payable, monthly interest payments, principal due December 2006, collateralized by land.	350,000
8% note payable, monthly interest payments, principal due April 2007, collateralized by land.	140,000
	1,015,000
Less: current portion	(496,145)

Note payable - long term	$	518,855

NOTE C - NOTES PAYABLE (Continued)

During April 2006, the Company purchased a 3.46 acre parcel of land. The property was acquired by paying a $10,000 refundable deposit in April 2005 and paying $90,000 in cash at closing. The remaining $140,000 is being financed through an 8% note payable. Interest is payable monthly with principal being due in April 2007.

During June 2006, the Company obtained a $350,000 interest-only mortgage loan with regard to its Mt. Sidney property. The loan matures in six months, bears interest at a fixed rate of 15.00% per annum, requires monthly installments of interest throughout its term with a balloon payment, equal to the principal balance of the loan, due in December 2006. The Company has the option to extend the loan by a period of six months by payment of a fee equal to 3.00% of the principal balance of the loan.

During June 2006, the Company obtained a $525,000 loan, which is secured by the Mt. Sidney property. The Company's President absolutely and unconditionally guaranteed the loan on behalf of the Company. By the terms of this second loan, the Company promised to pay to the lender the principal amount of $525,000 together with interest at a rate of 9.375% per annum on the unpaid principal balance of the loan. The loan requires 35 regular installments of $4,592 each and one balloon payment, equal to the remaining principal balance of the loan, accrued interest, and other applicable fees, costs and charges, due in June 2009. This loan was obtained to pay off a promissory note issued in May 2005 in the amount of $500,000 and a portion of the accrued interest in the amount of $25,000 in connection with the promissory note. The remaining accrued interest in connection with this promissory note and related fees and penalties were also paid off in cash during the period ended June 30, 2006.

NOTE D - PRIVATE PLACEMENT AND CONVERTIBLE PROMISSORY NOTES PAYABLE

The Company entered into a Private Placement Memorandum in August 2004 to offer up to 1,000 units of equity/notes payable instrument. Each unit consists of 2,500 shares of common stock of the Company, $1,500 of convertible promissory notes ("Convertible Notes"), and 1 warrant to purchase 300 shares of the Company's common stock at $0.85 per share. The Convertible Notes accrues interest at 11% per annum, payable and due in September 2009. The noteholder has the option to convert any unpaid note principal and accrued interest to the Company's common stock at a rate of $0.85 per share anytime after six months from the issuance date of the note.

As of December 31, 2005, the Company received total proceeds of $2,665,116, net of placement costs and fees of $331,884, for 999 units subscribed. Pursuant to the terms of the Private Placement Memorandum, the Company issued to the investors Convertible Notes in an aggregate of $1,498,500. The Company is obligated to issue 2,497,500 shares of its common stock, valued at $1,563,376, to the investors in connection with the private placement. The Company also issued to investors an aggregate of 999 warrants to purchase 299,700 shares of common stock as of December 31, 2005.

A summary of convertible promissory notes payable at June 30, 2006 is as follows:

	June 30, 2006
Convertible notes payable ("Convertible Notes"); 11% per annum; maturity date	$ 1,498,500

is in September 2009; noteholder has the option to convert unpaid note principal and interest the Company’s common stock at $0.85 per share.

NOTE D - PRIVATE PLACEMENT AND CONVERTIBLE PROMISSORY NOTES PAYABLE (Continued)

In accordance with *Emerging Issues Task Force Issue 98-5, Accounting For Convertible Securities With a Beneficial Conversion Feature or Contingently Adjustable Conversion Ratios (EITF 98-5)*, the Company allocated, on a relative fair value basis, the net proceeds amongst the common stock, convertible notes and warrants issued to the investors. As of December 31, 2005, the Company had recognized a discount to the notes in the amount of $280,207. The note discount is being amortized over the maturity period of the notes, being five years. As of December 31, 2005, the Company had recognized a total of $280,207 of the proceeds, which is equal to the intrinsic value of the imbedded beneficial conversion feature, to additional paid-in capital and a discount against the Convertible Note. The debt discount attributed to the beneficial conversion feature is amortized over the Convertible Notes' maturity period, being five years, as interest expense.

In connection with the placement of the Convertible Notes, the Company issued detachable warrants granting the holders the right to acquire a total of 299,700 shares of the Company's common stock at $0.85 per share as of December 31, 2005. The warrants expire five years from their issuance. As of December 31, 2005, the Company had recognized the value attributable to the warrants, being $190,143, to additional paid-in capital in accordance with *Emerging Issues Task Force Issue 00-27, Application of Issue No. 98-5 to Certain Convertible Instruments (EITF 00-27).* The Company valued the warrants in accordance with EITF 00-27 using the Black-Scholes pricing model and the following assumptions: contractual terms of 5 years, an average risk free interest rate of 3.38%, a dividend yield of 0%, and volatility of 296%.

The Company amortized the Convertible Notes discount and debt discount attributed to the beneficial conversion feature and recorded non-cash interest expense of $56,040 for the periods ended June 30, 2006 and 2005.

Financing costs attributable to the equity portion of the private placement totaled $175,899 and were netted against the amount attributable to common stock. Deferred financing costs of $155,985 attributable to the debt portion of the private placement are being amortized over the life of the debt instrument, being 5 years. The Company amortized $15,598 for the periods ended June 30, 2006 and 2005 in relation to the deferred financing costs.

NOTE E - TERMINATION AGREEMENT

In April 2004, the Company issued 160,000 shares of its common stock to a shareholder in exchange for previously issued stock options exercised at $.5625 per share, for a total of $90,000. In exchange for the shares, the holder of the options paid $63,500 in cash, and tendered 5,000 shares of the Company's previously issued Series A preferred stock valued at $5 per share. The remaining balance of $1,500 was accounted for as financing expense and was charged to operations during the year ended December 31, 2004.

In October 2004, the Company entered into an agreement (termination agreement) granting the shareholder an option to put the 160,000 shares of common stock to the Company one year from the date of the agreement for $1.25 per share. The shareholder agreed to cancel 677,500 stock options exercisable at $.5625 per share.

The Company accounted for the termination agreement in accordance with *Statement of Financial Accounting Standards No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity*

(SFAS 150), and classified the fair value attributable to the put option as an accrued liability, as the termination agreement embodies an obligation to repurchase the Company's equity shares which would require the Company to settle the agreement by transferring its assets. The put option was initially measured at its fair value of $170,256 as of the date of the agreement.

SEAWRIGHT HOLDINGS, INC.
(A DEVELOPMENT STAGE COMPANY)
NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL INFORMATION
June 30, 2006
(Unaudited)

NOTE E - TERMINATION AGREEMENT (Continued)

Assumptions used to estimate the fair value of the put option are as follows:

Risk-free interest rate	3.38%
Dividend yield	-
Volatility	296%
Time to expiration	1 year

Equity was reduced by the original value of the shares, being $90,000, with the remaining value of $80,256 being charged to other expense. The fair value of the put option is determined each reporting period with changes in the fair value recorded as other income or expense.

In October 2005, the termination agreement expired without being exercised. At the time of expiration, the fair value of the accrued liability attributable to the termination agreement was $87,984. Accordingly, equity has been increased by the original value of the shares, being $90,000, with the remaining value of $2,016 being charged to other expense.

For the period ended June 30, 2005, the Company recorded a gain of $26,336 in connection with the valuation adjustment on the termination agreement. As the agreement expired in October 2005, no adjustment has been recorded for the period ended June 30, 2006.

NOTE F - CAPITAL STOCK

The Company was incorporated under the laws of the State of Delaware on October 14, 1999 under the name of Pre-Settlement Funding Corporation. The company has authorized 100,000 shares of preferred stock, with a par value of $.001 per share. The Company has designated 60,000 of its preferred stock as Series A Convertible Preferred Stock. As of June 30, 2006, the Company has no Preferred Stock issued and outstanding. The Company has authorized 19,900,000 shares of common stock, with a par value of $.001 per share. As of June 30, 2006, there are 9,075,474 shares of common stock issued and outstanding.

During the six months ended June 30, 2006, the Company issued an aggregate of 199,998 shares of common stock in exchange for $90,000 of proceeds, net of costs and fees.

NOTE G - STOCK OPTIONS AND WARRANTS

Stock Options

The following table summarizes the changes in options outstanding and the related prices for the shares of the Company's common stock issued to the Company employees and consultants. These options were granted in lieu of

cash compensation for services performed or other consideration.

	Options Outstanding			Options Exercisable	
Exercise Prices	Number Outstanding	Weighted Average Remaining Contractual Life (Years)	Weighed Average Exercise Price	Number Exercisable	Weighted Average Exercise Price
$ 0.50 - 2.00	1,575,000	4.32	$1.33	1,575,000	$1.33

NOTE G - STOCK OPTIONS AND WARRANTS (Continued)

Transactions involving options issued to employees and consultants are summarized as follows:

	Number of Shares	Weighted Average Price Per Share
Outstanding at January 1, 2004	1,500,000	$ 1.35
Granted	-	-
Exercised	-	-
Canceled or expired	-	-
Outstanding at December 31, 2004	1,500,000	1.35
Granted	-	-
Exercised	-	-
Canceled or expired	-	-
Outstanding at December 31, 2005	1,500,000	1.35
Granted	75,000	0.85
Exercised	-	-
Canceled or expired	-	-
Outstanding at June 30, 2006	1,575,000	$ 1.33

The Company determined the estimated value of the stock options granted to consultants in exchange for services using the Black-Scholes pricing Models.

Warrants

In connection with the Company's Private Placement (Note D) the Company granted an aggregate of 999 warrants to investors, each exercisable for 300 shares of common stock Additionally, the Company granted 594,000 warrants to a placement agent in exchange for services. Each warrant will be exercisable for one share of the Company's common stock.

The following table summarizes the changes in warrants outstanding and the related prices for the shares of the Company's common stock.

	Warrants Outstanding			Warrants Exercisable	
Exercise Prices	Number Outstanding	Weighted Average Remaining Contractual Life (Years)	Weighed Average Exercise Price	Number Exercisable	Weighted Average Exercise Price
$ 0.85	594,999	3.19	$0.85	594,999	$0.85

NOTE G - STOCK OPTIONS AND WARRANTS (Continued)

Transactions involving warrants issued to investors and consultants are summarized as follows:

	Number of Common Shares Issuable Upon Exercise of Warrants	Weighted Average Price Per Share
Outstanding at January 1, 2004	-	$ -
Granted	889,200	0.85
Exercised	-	-
Canceled or expired	-	-
Outstanding at December 31, 2004	889,200	0.85
Granted	4,500	0.85
Exercised	-	-
Canceled or expired	-	-
Outstanding at December 31, 2005	893,700	$ 0.85
Granted	-	-
Exercised	-	-
Canceled or expired	-	-
Outstanding at June 30, 2006	893,700	$ 0.85

The estimated value of the compensatory warrants granted to the Company's placement agent in exchange for services rendered was determined using the Black-Scholes pricing model and the following assumptions: contractual term of 5 years, a risk free interest rate of 3.38%, a dividend yield of 0% and volatility of 291%. The Company capitalized financing costs of $545,460 during the year ended December 31, 2004. The financing costs are being amortized over the contractual terms (five years) of the convertible debenture. During the periods ended June 30, 2006 and 2005, the Company amortized financing costs and charged to operations $54,546.

NOTE H - RELATED PARTY TRANSACTIONS

The Company's President had advanced funds to the Company for working capital purposes. The Company had paid in full the amount due to the Company's President during the year ended December 31, 2004. Additionally, the total payment the Company remitted exceeded the total balance due to the Company's President in the amount of $50,500 and $144,006 during the years ended December 31, 2005 and 2004, respectively. The Company has accounted for the excess payments to the Company's President as a nonreciprocal transfer to a shareholder for 2005 and 2004 and, accordingly, has reflected the overpayment as a direct reduction of additional paid-in capital.

During 2005, the Company's President contributed capital of $140,000 to the Company in direct response to the excess payment. The Company has accounted for the net contribution of $89,500 as an addition to paid-in capital.

During 2006, the Company's President contributed capital of $54,505 to the Company in direct response to the excess payment. The Company has accounted for the contribution as an addition to paid-in capital.

NOTE I - RESTATEMENT OF FINANCIAL STATEMENTS

During 2005, it was determined the correct application of accounting principles had not been applied in the 2004 accounting for the Private Placement (Placement), termination agreement and overpayment to the shareholder.

The original accounting for the Placement had allocated the proceeds received from the Placement on the residual value method rather than the relative fair value method as prescribed in *EITF 98-5* and *EITF 00-27*. Accordingly, the proceeds attributed to the common stock, convertible debt and warrants have been restated to reflect the relative fair value method.

The termination agreement had initially been recorded under *SFAS 150*; however, the amount attributable to the fair value of the liability was inaccurately reflected. Accordingly, amounts attributed to the fair value of the liability have been restated to reflect the proper valuation.

The overpayment to the shareholder had originally been classified as an increase to operating expenses with repayments by the shareholder recorded as an increase to other operating income. In review of accounting standards, it was determined the transaction was more accurately reflected as a capital transaction due to the control relationship which existed between the shareholder, who is also the Company's President, and the Company. The Company, through the restatement, is accounting for the excess payments to the Company's shareholder as a nonreciprocal transfer and, accordingly, has reflected the overpayment as a direct reduction of additional paid-in capital.

In accordance with *Accounting Principles Board Opinion 20, Accounting Changes (APB 20)* the necessary corrections to apply the accounting principles on the aforementioned transactions were reflected in the reported 2004 financial information presented in the year end 2005 audited financial statements.

The result of the restatement is to decrease the liability resulting from the termination agreement at December 31, 2005 and 2004 by $ 200,000 and $41,248, respectively, and to increase (decrease) the loss for the year ended December 31, 2005 and 2004 by ($68,752) and $68,752, respectively, as a result of the changes in fair value of the termination liability during the period.

Following are reconciliations of the Company's restatement of the Condensed Consolidated Balance Sheet as of December 31, 2005.

	December 31, 2005	
	(As Restated)	(As Reported)
Assets	$ 2,713,139	$ 2,713,139
Liabilities	$ 1,729,072	$ 1,929,072
Equity	$ 984,067	$ 784,067

Following are reconciliations of the Company's restatement of the Condensed Consolidated Balance Sheet as of December 31, 2004**.**

December 31, 2004

	(As Restated)	(As Reported)
Assets	$ 3,475,514	$ 3,475,514
Liabilities	$ 1,588,802	$ 1,630,050
Equity	$ 1,886,712	$ 1,845,464

(Unaudited)

NOTE I - RESTATEMENT OF FINANCIAL STATEMENTS (Continued)

Interim financials issued in 2005 were also impacted by the incorrect application of accounting principles in continued accounting for the Private Placement, termination agreement and overpayment to the shareholder. Interim financials issued throughout 2005 were not amended as the quarterly differences were deemed not to have a material impact on the originally reported figures. The necessary corrections to apply the accounting principles on the aforementioned transactions are currently reflected in the reported 2005 financial information.

Also reflected in the reported 2005 financial information is a reclassification pertaining to gains and losses on trading securities. The information reported in the prior year's first quarter filing had reflected the loss on trading of securities as an investing activity rather than an operating activity. The reported financial information for gains or losses on trading securities for 2005 has been appropriately modified and is currently reflected as an operating activity.

The impact to the previously issued 2005 quarterly financial information is as follows:

	2005 second quarter financial information as originally reported		2005 second quarter financial information as reported herein		Amount increase (decrease)	
Net loss	$	(328,570)	$	(435,443)	$	106,873
Equity	$	1,516,222	$	1,574,672	$	58,450
Assets	$	3,209,353	$	3,336,740	$	127,387
Liabilities	$	1,693,131	$	1,762,068	$	68,937
Loss per share	$	(0.04)	$	(0.05)	$	0.01

The resulting effects of the adjustments on first quarter's net loss for 2005 by area are as follows:

	Amount increase (decrease) in net loss	
Private Placement transaction	$	9,709
Termination agreement		7,664
Shareholder overpayment		89,500

$	106,873

NOTE I - RESTATEMENT OF FINANCIAL STATEMENTS (Continued)

The resulting effects of the prior period adjustments on 2005 cash flows by area are as follows:

	2005 second quarter cash flow financial information balance as originally reported	2005 second quarter cash flow financial information balance as reported herein	Amount increase (decrease) in 2005 first quarter cash flow financial information
Net cash from operating activities	$ (260,477)	$ (349,977)	$ (89,500)
Net cash from investing activities	$ 358,393	$ 358,393	$ -
Net cash from financing activities	$ (287,013)	$ (197,513)	$ 89,500

NOTE J - GOING CONCERN MATTERS

The accompanying statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements from October 14, 1999 (date of inception of Company), the Company has generated minimal revenues and has accumulated losses of $2,744,409. These factors, among others, may indicate that the Company will be unable to continue as a going concern for a reasonable period of time.

The Company's existence is dependent upon management's ability to develop profitable operations and resolve its liquidity problems. Management anticipates the Company will attain profitable status and improve its liquidity through the continued development of its products, establishing a profitable market for the Company's products and additional equity investment in the Company. The accompanying financial statements do not include any adjustments that might result should the Company be unable to continue as a going concern.

In order to improve the Company's liquidity, the Company is actively pursing additional debt and equity financing through discussions with investment bankers and private investors. There can be no assurance the Company will be successful in its effort to secure additional equity financing.

If operations and cash flows continue to improve through these efforts, management believes that the Company can continue to operate. However, no assurance can be given that management's actions will result in profitable operations or in the resolution of its liquidity problems.

PART II

INFORMATION NOT REQUIRED IN PROSPECTUS

ITEM 24. INDEMNIFICATION OF DIRECTORS AND OFFICERS

Section 145 of the Delaware General Corporation Law authorizes a corporation to indemnify directors, officers, employees or agents of the corporation if the person acted in good faith and in a manner he reasonably believed to be in or not opposed to the best interest of the corporation and, with respect to any criminal action or proceeding, had no reason to believe his conduct was unlawful, as determined in accordance with the Delaware General Corporation Law. Section 145 of the Delaware General Corporation Law further provides that indemnification shall be provided with respect to reimbursement of expenses incurred in defending any action, suit or proceeding if the party in question is successful on the merits or otherwise.

Our certificate of incorporation limits the liability of our directors to us or to our stockholders for monetary damages for breach of fiduciary duty as a director, except in the case of:

- liability based on a breach of the duty of loyalty to us or our stockholders;
- liability for acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of the law;
- liability based under Section 174 of Title 8 of the Delaware General Corporation Law; or
- liability for transactions from which the director derived an improper personal benefit.

Our by-laws provide that we shall indemnify a person made or threatened to be made a party to, or is otherwise involved in, any action, suit, claim, demand or proceeding, whether civil, criminal, administrative or investigative, by reason of that person's present or former capacity as our director or as director of any of our subsidiaries, whether the basis of such proceeding is an alleged action or inaction by that person, to the fullest extent permitted by the laws of the state of Delaware.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling us under the foregoing provisions, we have been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act, and is unenforceable for that reason.

ITEM 25. OTHER EXPENSES OF ISSUANCE AND DISTRIBUTION

The following table sets forth the various costs and expenses in connection with the sale and distribution of the common stock being registered, other than the underwriting discounts and commissions. All amounts shown are estimates.

		Amount to be paid
SEC Registration Fee	$	1,318.11
Printing and Edgarizing expenses	$	5,000.00
Legal fees and expenses	$	100,000.00
Accounting fees and expenses	$	20,000.00
Transfer agent	$	1,000.00
Stock certificates	$	1,000.00
Miscellaneous	$	1,000.00
Total	$	129,318.11

ITEM 26. RECENT SALES OF UNREGISTERED SECURITIES

We filed a Regulation D, Rule 501(a) filing with the Securities and Exchange Commission, or SEC, on September 21, 2004. Thereafter, we engaged Jones, Byrd and Attkisson, Inc. as Placement Agent to sell up to 1,000 units, each of which consisted of (1) 2,500 shares of our common stock, (2) $1,500 worth of convertible promissory notes due September 1, 2009, carrying an interest rate of 11% per annum, and convertible into common stock at $0.85 per share any time after six months from the date of issuance and (3) five year warrants to purchase 300 shares of our common stock at an exercise price of $0.85 per share. The shares of our common stock sold as part of these units include piggyback registration rights. Piggyback registration rights provide that, in the event we file a registration statement with the SEC, such as this registration statement being filed on Form SB-2, all of the shares and warrants issued in connection with the units will be included where requested by the holders of the units.

As of January 31, 2005, we sold 999 of the 1,000 units, resulting in gross proceeds in the amount of $2,997,000. After payment of legal and accounting fees, and fees to Jones, Byrd and Attkisson in the amount of $299,700, we had a net total of $2,665,116 in funds available to us as a result of the private placement. In connection with their role as Placement Agent, Jones, Byrd and Attkisson was also issued 594,000 warrants convertible into 594,000 shares of our common stock at $0.85 per share. On January 31, 2005, we notified Jones, Byrd and Attkisson that we were closing this offering.

On April 27, 2006 we sold 199,998 shares of our common stock to three accredited investors for a purchase price of $0.45/share.

The sales set forth above were undertaken under Rule 506 of Regulation D under the Securities Act of 1933, as amended (“Act”), by the fact that:

- the sales were made to accredited investors, as defined in Rule 501(a), or investors meeting the characteristics described in Rule 506(b)(2)(ii);
- we gave each purchaser the opportunity to ask questions and receive answers concerning the terms and conditions of the offering and to obtain any additional information that we possessed or could acquire without unreasonable effort or expense that is necessary to verify the accuracy of information furnished;
- at a reasonable time prior to the sale of securities, we advised each purchaser of the limitations on resale in the manner contained in Rule 502(d)(2);
- neither we nor any person acting on our behalf sold the securities by any form of general solicitation or general advertising; and

- we exercised reasonable care to assure that each purchaser of the securities is not an underwriter within the meaning of Section 2(11) of the Act in compliance with Rule 502(d).

On May 1, 2006 we entered into a consulting agreement with National Financial Communications Corp. In connection with the consulting agreement, the Company granted National Financial Communications Corp. options to purchase 75,000 shares of Company's common stock at an exercise price of $.85 per share. This transaction was exempt from registration pursuant to Section 4(2) of Act, by the fact that:

- National Financial Communications Corp. is a sophisticated investor;
- National Financial Communications Corp. was advised that any shares acquired will be restricted and may not be resold absent an effective registration statement or an applicable exemption from registration;
- National Financial Communications Corp. acknowledged that any shares acquired would be acquired for its own account and for investment purposes and not with a view to resale or redistribution;
- The number of shares involved is relatively small and there is only one acquirer;
- The transaction was negotiated directly with National Financial Communications Corp. and did not involve any public offer.

ITEM 27. EXHIBITS

Exhibit	Description
3.1	Amended and Restated Certificate of Incorporation of Pre-Settlement Funding Corporation (incorporated by reference on Form 8-K as filed on October 24, 2003).

23.1 Consent of Independent Registered Certified Public Accounting Firm.

23.2 Consent of McKee Nelson LLP (included in exhibit 5 hereto) (Previously Filed).

24 Power of Attorney (Previously Filed).

ITEM 28. UNDERTAKINGS

The Company hereby undertakes that it will:

(1) File, during any period in which it offers or sells securities, a post-effective amendment to this registration statement to:

(i) Include any prospectus required by Section 10(a)(3) of the Securities Act;

(ii) Reflect in the prospectus any facts or events which, individually or together, represent a fundamental change in the information in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the SEC pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20% change in the maximum offering price set forth in the “Calculation of Registration Fee” table in the effective registration statement; and

(iii) Include any additional or changed material information on the plan of distribution.

(2) For determining any liability under the Securities Act, treat each post-effective amendment as a new registration statement of the securities offered, and the offering of the securities at that time to be the initial bona fide offering.

(3) File a post-effective amendment to remove from registration any of the securities that remain unsold at the end of the offering.

Insofar as indemnification for liabilities arising under the Act may be permitted to directors, officers, and controlling persons of the small business issuer pursuant to the foregoing provisions, or otherwise, the small business issuer has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable.

In the event that a claim for indemnification against such liabilities (other than the payment by the small business issuer of expenses incurred or paid by a director, officer or controlling person of the small business issuer in the

successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the small business issuer will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.

(1) For determining any liability under the Securities Act, treat the information omitted from the form of prospectus filed as part of this registration statement in reliance upon Rule 430A and contained in a form of prospectus filed by the Company under Rule 424(b)(1), or (4) or 497(h) under the Securities Act as part of this registration statement as of the time the SEC declared it effective.

(2) For determining any liability under the Securities Act, treat each post-effective amendment that contains a form of prospectus as a new registration statement for the securities offered in the registration statement, and that offering of the securities at that time as the initial bona fide offering of those securities.

SIGNATURES

In accordance with the requirements of the Securities Act of 1933, the registrant certifies that it has reasonable grounds to believe that it meets all the requirements for filing on Form SB-2 and authorized this registration statement to be signed on its behalf by the undersigned, in the city of Alexandria, Virginia, on October 5, 2006.

SEAWRIGHT HOLDINGS, INC.
