Forward Looking Statements

This Annual Report contains forward-looking statements as that term is defined in the federal securities laws. The events described in forward-looking statements contained in this Annual Report may not occur. Generally these statements relate to business plans or strategies, projected or anticipated benefits or other consequences of our plans or strategies, projected or anticipated benefits from acquisitions to be made by us, or projections involving anticipated revenues, earnings or other aspects of our operating results. The words "may," "will," "expect," "believe," "anticipate," "project," "plan," "intend," "estimate," and "continue," and their opposites and similar expressions are intended to identify forward-looking statements. We caution you that these statements are not guarantees of future performance or events and are subject to a number of uncertainties, risks and other influences, many of which are beyond our control, that may influence the accuracy of the statements and the projections upon which the statements are based. Factors which may affect our results include, but are not limited to, the risks and uncertainties associated with undertaking different lines of business, the lack of experience in operating certain new business lines, the decline in the number of insurance companies offering insurance products in our markets, the volatility of insurance premium pricing, government regulation, competition from larger, better financed and more established companies, the possibility of tort reform and a resultant decrease in the demand for insurance, the uncertainty of litigation with regard to our hotel lease, the dependence on our executive management, and our ability to raise additional capital which may be required in the near term. Any one or more of these uncertainties, risks and other influences could materially affect our results of operations and whether forward-looking statements made by us ultimately prove to be accurate. Our actual results, performance and achievements could differ materially from those expressed or implied in these forward-looking statements. We undertake no obligation to publically update or revise any forward-looking statements, whether from new information, future events or otherwise.

Explanatory Note

Throughout this Annual Report, the words "DCAP Group," "we," "our," and "us" refer to DCAP Group, Inc. and the operations of DCAP Group, Inc. as a whole. References to "DCAP Insurance" and the "DCAP Companies" in this Annual Report mean our wholly-owned subsidiary, DCAP Insurance Agencies, Inc., and

ITEM 1. DESCRIPTION OF BUSINESS

(a) Business Development

Background

Prior to February 25, 1999, our sole business was the operation of the International Airport Hotel in San Juan, Puerto Rico. The hotel is discussed in Item 1(b) of this Annual Report.

DCAP Acquisition

On February 25, 1999, we acquired the DCAP Companies. The business of the DCAP Companies is discussed in Item 1(b) of this Annual Report.

At the time of our acquisition of the DCAP Companies, the following other actions occurred:

- o The size of our Board of Directors was initially increased to four, and Kevin Lang and Abraham Weinzimer, the principals of the DCAP Companies, joined Morton L. Certilman and Jay M. Haft as our Board members.
- o Messrs. Lang and Weinzimer were appointed as our President and Executive Vice President, respectively. Messrs. Certilman and Haft, formerly President and Chairman of the Board, respectively, were appointed Chairman of the Board and Vice Chairman of the Board, respectively.
- o Messrs. Lang, Weinzimer, Certilman and Haft acquired common shares from us and from one of our principal shareholders as discussed in Item 12 of this Annual Report.
- o We changed our name from EXTECH Corporation to DCAP Group, Inc.
- o Eagle Insurance Company acquired common shares from us as discussed in Item 12 of this Annual Report. Eagle is a New Jersey insurance company wholly-owned by The Robert Plan Corporation, an insurance holding company that is engaged in providing services to insurance companies.
- o The size of our Board of Directors was increased further to five and Robert M. Wallach, Eagle's Vice President and the President, Chairman and Chief Executive Officer of The Robert Plan, was appointed as a member of our Board.

Private Placement

In June 1999, we raised gross proceeds of \$1,675,000 through a private placement of our securities.

2

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

Acquisitions of Joint Venture Interests

In December 1999, we acquired the interests of our joint venture partners in 15 DCAP retail insurance stores. These acquisitions were part of our plan to phase out joint ventures in the DCAP system and to concentrate on wholly-owned and franchise operations.

Sale of Stores; Emphasis on Franchise Operations

Commencing in 2000 and continuing into 2001, we began pursuing a strategy of shifting toward franchise operations. Pursuant to that strategy, since May 2000, we have closed or sold our interest in 20 wholly-owned or partially-owned stores and have granted 24 franchises to operate DCAP stores. We now have three remaining wholly-owned or partially-owned stores.

Developments During 2001

The following events occurred in March 2001:

- o Barry B. Goldstein was elected our President, Chairman of the Board and Chief Executive Officer. See Item 9 of this Annual Report.
- o We entered into agreements with Messrs. Lang, Weinzimer and Certilman to sell them a total of eight of our DCAP stores for an aggregate cash consideration of \$767,000. These transactions, which closed in November 2001, are discussed in Item 12 of this Annual Report.
- o We repurchased common shares from Messrs. Lang and Weinzimer as discussed in Item 12.
- o We terminated our employment agreements with Messrs. Lang, Weinzimer, Certilman and Haft; our wholly-owned subsidiary, DCAP Management Corp., which operates our franchise business, entered into a six month employment agreement with Mr. Lang pursuant to which he served as its President; and each of Messrs. Lang, Weinzimer, Certilman and Haft resigned his position as an officer of DCAP Group. Each of Messrs. Lang and Weinzimer also resigned his position as a director of DCAP Group. The termination of the employment agreements is discussed in Item 12.

(b) Business of Issuer

General

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

We operate three lines of business:

- o franchising, ownership and operation of storefront insurance agencies
- o premium financing of insurance policies for our DCAP clients as well as clients of non-affiliated entities
- o operation of the International Airport Hotel in San Juan, Puerto Rico

Our DCAP storefront locations serve as insurance agents or brokers and place various types of insurance on behalf of customers. The types of insurance placed include the following:

- o automobile
- o motorcycle
- o boat
- o livery/taxi
- o life
- o business
- o homeowner
- o excess coverage

There are 57 DCAP locations in the New York metropolitan area. Fifty-four of them are franchises. The balance are either wholly owned or partially owned by us. We try to select locations that will attract "walk-in" retail customers.

The DCAP stores receive commissions from insurance companies for their services. We receive fees from the franchised locations in connection with their use of the DCAP name. Neither we nor the DCAP stores serve as an insurance company and therefore do not assume underwriting risks.

We also offer the following additional services in connection with the operation of the DCAP stores:

- o income tax return preparation services
- o automobile club services for roadside emergencies

Through our wholly-owned subsidiary, Payments, Inc., we provide insurance premium financing services to our DCAP locations as well as non-DCAP insurance agencies. Payments, Inc. is licensed by the New York State Department of Banking as an insurance premium finance agency. Payments, Inc. also has been granted permission to conduct business in Pennsylvania, and its application to do business in New Jersey is pending.

4

We also operate the International Airport Hotel in San Juan, Puerto Rico which caters to commercial and tourist travelers in transit.

We were incorporated in 1961 under the name Executive House, Inc. We changed our name to EXTECH Corporation in 1991. In February 1999, we acquired the DCAP Companies and began our insurance operations. At that time we changed our name to DCAP Group, Inc.

Our executive offices are located at 1158 Broadway, Hewlett, New York 11557; our telephone number is (516) 374-7600 and our fax number is (516) 295-7216.

DCAP Insurance

Insurance Brokerage

For many years, DCAP Insurance specialized in offering assigned-risk and nonstandard automobile insurance policies. Assigned-risk and nonstandard policies are issued after an analysis of such factors as the driver's accident record, the kind of car being insured, the age and credit risk of the driver, where the insured lives, and other items. Over the last several years, DCAP Insurance has also been marketing and selling standard and preferred policies. Through such preferred carriers as Travelers, Progressive Casualty, and Metlife Auto and Home, serving as either brokers or agents, we can offer our customers many carrier and premium options.

Due to the continued lack of profitability experienced by many nonstandard carriers, the number of insurers servicing the nonstandard market has decreased. The effect during 2001 was particularly acute in New York City. This has created a situation where we can no longer offer certain drivers (e.g., a driver seeking minimum legal liability limits) a choice in carriers (known as the "voluntary market"), and we must place the insured in the "assigned risk" New York Automobile Insurance Plan (known as the "involuntary market").

During the fiscal year ended December 31, 2001, approximately 67% of our DCAP Insurance revenues were derived from commissions and other fees received in connection with the selling of automobile and other property and casualty insurance policies.

We have established a presence in all five New York City boroughs, Nassau, Suffolk, Westchester, Rockland and Dutchess Counties, New York and New Jersey. We select locations to maximize the attraction of "walk-in" retail customers. These customers generally do not have an established relationship with us and come to our stores without an appointment. These customers constitute the majority of our DCAP Insurance business.

5

In addition to automobile insurance, we offer:

- o property and casualty insurance for motorcycles, boats and livery/taxis;
- o life insurance
- o business insurance
- o homeowner's insurance
- o excess coverage

We have obtained the right to receive calls placed to "1-800-INSURANCE" in the states of New York, New Jersey, Connecticut and Pennsylvania (except for one area code in Pennsylvania) as a way to increase our insurance brokerage business.

Franchises

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

An important part of our strategy has been to increase our name recognition. We decided that granting others DCAP franchises is an important step in achieving this goal.

During the year ended December 31, 2000, we granted a total of 26 franchises. One additional franchise was granted in 2001. We now have a total of 54 franchises, representing 95% of our total number of locations.

Franchises currently pay us an initial franchise fee of \$37,500 to offer insurance products under the DCAP name. Additional fees are payable if the franchisee desires to obtain training and software in connection with income tax preparation services. Franchisees are obligated to also pay us monthly fees during the term of the franchise agreement, generally commencing after a twelve month period from the date on which the storefront opens for business. Initial franchise fees and ongoing monthly fees payable by franchisees constituted approximately 22% of our DCAP Insurance revenues during the year ended December 31, 2001.

Income Tax Return Preparation

Many our DCAP stores provide income tax return preparation services. The tax return preparation service allows us to offer an additional service to the walk-in customers who comprise the bulk of our customer base, as well as to existing customers. We have also obtained the right to receive calls placed to "1-800-INCOME TAX" as a way to increase our tax preparation business.

The participating DCAP stores gather information from filers. The stores then process the information, generate returns to be submitted to the Internal Revenue Service and other taxing authorities, manually or electronically file the return and processes any refunds. We believe that the provision of this service not only increases our revenues, but also enhances our presence in the various markets that we serve and aids in customer retention. During fiscal 2001, fees received in connection with income tax return preparation constituted approximately 1% of our DCAP Insurance revenues.

6

Automobile Club

As a complement to our automobile insurance operations, we offer automobile club services for roadside emergencies. We offer memberships for such services, and we make arrangements with towing dispatch companies to fulfill service call requirements.

During fiscal 2001, fees received in connection with automobile club services constituted approximately 10% of our DCAP Insurance revenues.

Premium Financing

Customers who purchase insurance policies are often unable to pay the premium in a lump sum and, therefore, require financing. Until September 1999, we outsourced premium financing for our customers. Based upon the perceived need for premium financing, we formed Payments, Inc. and it became licensed by the New York State Banking Department as a premium finance agency.

Payments, Inc. has a contract with another premium finance agency which has agreed to purchase premium finance receivables as originated by Payments, Inc.

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

Payments, Inc. is entitled to a fee with respect to the purchased receivables, subject to certain conditions. Payments, Inc. retains none of the receivables.

Structure and Operations

As stated above, we currently have 57 offices, of which 54 are franchises, one is wholly-owned, and two are joint ventures. Our franchises and joint venture offices consist of both "conversion" and "startup" operations. In a conversion operation, an existing insurance brokerage with an established business becomes a DCAP office. In a startup operation, an entrepreneur begins operations as a DCAP office. Our wholly-owned and joint venture offices are managed by our employees; each franchise is managed by or under the supervision of the franchisee.

In order to promote consistency and efficiency, and as a service to our franchisees, we offer training to office managers. Our training program covers:

- o marketing, sales and underwriting
- o office and logistics
- o computer information
- o our DCAP Management System (as discussed below)

We provide the administrative services and functions of a "central office" to our wholly-owned and joint venture offices. The services provided to these storefront offices are:

- o sales training
- o bookkeeping and accounting
- o processing services

7

Franchisees operate without the assistance of our "central office" services.

We also provide support services to stores such as:

- o assistance with regard to the hiring of employees
- o assistance with regard to the writing of local advertising
- o advice regarding potential carriers for certain customers

We also manage the cooperative advertising program in which all of our offices participate.

In addition to the above services, we provide to all of our offices a direct business relationship with nationally-known and local insurance carriers that may otherwise be beyond the reach of small, privately-owned retail insurance operations. This direct relationship is enhanced by a software system, known as the DCAP Management System ("DMS") that provides a direct link to certain carrier databases. DMS enables each DCAP office that utilizes it to access policy coverage and cost information, application requirements, and other kinds of information. All needed premium finance rates and forms are included as a module within DMS. DMS also enables the DCAP offices' brokers to search various databases to obtain pertinent information about potential customers.

Strategy

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

We currently have the following three-pronged business strategy:

- o strengthen the DCAP name to increase franchise value
- o provide to the DCAP franchisees certain proprietary products and services that may not be available elsewhere
- o increase the size of our premium finance business, both within and outside the DCAP storefronts, including the introduction of our business in other states

We pursue increased name recognition through the establishment of additional DCAP storefront sites (both conversion and start-up types) and increased marketing activities. In addition, our cooperative advertising program will continue to use the aggregated buying power of the DCAP offices to advertise in various editions of directories and in automobile sales and other publications. We have also utilized television and radio advertising and will consider further use in the future.

Our strategy of expanding and diversifying the products and services offered will capitalize on the nature of the typical DCAP customer. We offer our "walk-in" customer not only a variety of automobile insurance products, but, as noted above, additional types of insurance currently offered, including life, business and homeowner's insurance, and excess coverage, and other services, including an income tax return processing program.

8

We also utilize toll-free telephone numbers to increase business. Telephone calls received are routed to the DCAP office nearest the call (based on the zip code of the caller) for handling. We are promoting "1-800-INSURANCE" and "1-800-INCOME TAX" in our current markets and intend to utilize such numbers in the future as our market expands.

Our final strategy involves the growth of our premium finance business. As the number of insurance companies participating voluntarily in the non-standard automobile market has significantly decreased, there has been an offsetting increase in the size of the involuntary market. Thus, there are many more automobile policies written through the "assigned risk" New York Automobile Insurance Plan than in the recent past. This plan provides for limited finance options, and the insurance premiums have increased dramatically in recent years. Thus, unless the insured can pay the premium in full at the time of the application for insurance, or can provide a large down payment and be capable of paying the balance over a short period of time, there is a need for premium financing. We offer the insured a reduced downpayment, and the ability to spread the balance over a ten-month period. We are licensed in New York, and have been given permission to operate in Pennsylvania. Our application to do business in New Jersey is pending.

Competition

We compete with numerous insurance agents and brokers in our market. The amount of capital required to commence operations is generally small and the only material barrier to entry is the ability to obtain the required licenses and appointments as a broker or agent for insurance carriers. Since the great majority of the automobile policies issued in our market emanate from the "assigned risk" New York State Automobile Insurance Plan which provides for fixed premiums for a given geographical area, there is little price competition

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

between us and other agents and brokers. As the number of voluntary carriers has declined, the differentiations between us and our competition has narrowed.

In recent years, extensive competition has come from direct sales entities, such as GEICO Insurance, who have concentrated their advertising efforts on television and radio. In addition, the Internet sales effort of some of our competitors, such as Progressive Insurance, has shown some promise; however, the market share currently attributable to the Internet is not material. Further, recent legislation that allows banks to offer insurance to their customers has taken market share from the storefront insurance operators.

In connection with our income tax preparation services, we compete with well-established companies such as H&R Block and Jackson Hewitt as well as smaller tax preparation companies and tax preparers.

Our premium finance operation competes with many other companies that have been in business longer than we have, and have long term relationships with their insurance agency clients.

9

International Airport Hotel

We operate the International Airport Hotel in San Juan, Puerto Rico. The hotel is located on the site of the San Juan International Airport and occupies the third and fifth floors of the main terminal building. In addition to its 57 guest rooms, the hotel has a lobby area. The hotel caters generally to commercial and tourist travelers in transit; it is marketed through brochures, local advertising and in-airport advertising. We also operate a video game room on the terminal level of the airport. The operations of the hotel are highly seasonal, with a disproportionate share of its revenues generated during the first several months of the calendar year. Approximately 9% of the total room sales for the hotel for 2001 were attributable to one customer, American Airlines. During 2001, the hotel's average occupancy rate was approximately 60%. From 1997 to 2000, the average occupancy rate was approximately 63%. The hotel's average room rate during 2001 was approximately \$71.

The hotel is the only hotel actually located on the site of the airport. As such, it has little direct competition for the tourist trade or commercial travelers seeking only sleeping accommodations at the airport. Other hotels are located in areas surrounding the airport. We have been adversely affected by the reduction in air travel since the attack on the World Trade Center on September 11, 2001.

See Item 3 of this Annual Report for a discussion of a lawsuit with regard to the lease for the hotel.

Employees

We employ approximately 31 persons; eight of them (all of whom are employed in connection with our hotel operations) are represented by a collective bargaining organization. We believe that our relationship with our employees is good.

ITEM 2. DESCRIPTION OF PROPERTY

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

Our principal executive offices are located at 1158 Broadway, Hewlett, New York. We currently also have three wholly-owned or joint venture DCAP stores that are located as follows:

Store Location	Nature of Ownership
White Plains, New York	Wholly-owned
Brentwood, New York	Joint venture (1)
Greenbrook, New Jersey	Joint venture (2)

- (1) 80% owned by us.
(2) 50% owned by us.

10

Our three wholly-owned or joint venture DCAP offices and our executive offices are operated pursuant to lease agreements that expire from time to time through 2011. The current yearly aggregate base rental for the offices is approximately \$142,000.

Our hotel is leased from the Puerto Rico Ports Authority. The annual rental obligation equals the greater of \$169,400 or 20% of annual gross revenues. Total rent expense under the lease amounted to approximately \$178,000 for 2001 compared to approximately \$197,000 for 2000.

ITEM 3. LEGAL PROCEEDINGS

Dispute with Ports Authority

On July 22, 1988, we entered into a lease agreement with the Puerto Rico Ports Authority pursuant to which the Ports Authority granted us a lease to operate the hotel for five years until June 30, 1993. We also received the option to extend the term of the lease for an additional five year term to end June 30, 1998 (subject to agreement as to the rental amount payable, which the parties agreed to negotiate in good faith).

In 1992, in accordance with the lease agreement, we exercised our right for a five year extension of the lease. At the time, the Ports Authority was uncertain as to whether it wished to build a new hotel in the parking lot of the airport or upgrade the hotel and requested that we accept a 30 month extension of the then existing term. We agreed to a 30 month extension and signed a supplemental lease agreement with the Ports Authority in May 1992 extending the lease term to December 31, 1995. We believe that, pursuant to the supplemental lease agreement, we retained our option to continue the lease for a period of five years to December 31, 2000 and thereafter for additional five year terms.

In July 1993, the Assistant Director of Operations of the Ports Authority forwarded to us a letter containing the terms of a proposed ten year lease extension which we approved, signed and returned to the Ports Authority. Thereafter, a lease agreement was drafted by the Ports Authority which we also approved, signed and returned. Although the proposed lease extension does not make the Ports Authority's approval conditional upon the approval of its Board of Directors, the Ports Authority has taken that position. The Ports Authority contends that, since Board of Directors approval was not obtained, the extension is not in effect. Alternatively, the Ports Authority contends that we were

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

entitled to only one extension of the lease term. We believe that a lease totaling ten years has been entered into between us and the Ports Authority pursuant to the proposed lease extension or that, alternatively, we exercised our right to extend the term of the lease to December 31, 2000. We have notified the Ports Authority that we believe that we have the right to further extend the term of the lease to December 31, 2005 and that we exercised this right.

Based upon our refusal to acknowledge that, effective January 1, 1996, we occupied the hotel on a month-to-month basis, in February 1996, the Ports Authority requested that we vacate, surrender and deliver the premises by February 29, 1996. Following the receipt of that request, on February

11

26, 1996, we brought an action in the Superior Court of San Juan, Puerto Rico for declaratory judgment and possessory injunction against the Ports Authority with respect to the hotel. The action seeks a declaratory judgment that we exercised an option with respect to our lease for the hotel for an extension of the term of five years commencing on January 1, 1996 or, in the alternative, that the Ports Authority executed a new lease agreement for a ten year period commencing on that date. Discovery proceedings have taken place, and the action is still pending. We have continued to operate the hotel during the pendency of the action.

Casmalia Resource Site

In September 2000, we received notices from the United States Environmental Protection Agency and counsel to the Casmalia Resources Site Steering Committee seeking payment for certain costs anticipated to be incurred in connection with the cleanup of a former hazardous waste facility. The notices relate to AG Oil, a company with which we had no connection and that allegedly sent waste to the Casmalia Disposal Site in Santa Barbara County, California in and around 1982. In 1989 AG Oil merged with Aegis Industries Incorporated, a company with which we also had no connection until 1990 when we obtained a 24% equity interest. In 1992 Aegis was involuntarily dissolved by the State of Delaware. Based upon its acknowledgment that AG Oil sent relatively small amounts of waste to the site, the EPA offered to settle the matter for approximately \$110,000. In October 2000, our counsel sent a letter to the EPA explaining the tenuous relationship between AG Oil and us and indicating our belief that we have no responsibility for any alleged acts of AG Oil and, therefore, no liability in connection with this matter. We have received no further notices or communications from the EPA with regard to the matter.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

Our DCAP storefront locations serve as insurance agents or brokers and place various types of insurance on behalf of customers. The types of insurance placed include the following:

- o automobile
- o motorcycle
- o boat
- o livery/taxi
- o life
- o business
- o homeowner
- o excess coverage

The DCAP stores receive commissions from insurance companies for their services. We receive fees from the franchised locations in connection with their use of the DCAP name. Neither we nor the DCAP stores serve as an insurance company and therefore do not assume underwriting risks. The DCAP stores also offer automobile club services for roadside assistance and income tax preparation services.

Payments, Inc., our wholly-owned subsidiary, is an insurance premium finance agency, licensed by the New York State Banking Department, which offers premium financing to clients of DCAP offices, as well as non-DCAP insurance agencies. We currently operate solely within New York State, but are permitted to conduct business also in Pennsylvania. Our application to conduct business in New Jersey is pending.

We also operate the International Airport Hotel in San Juan, Puerto Rico.

Results of Operations

Our net loss for the year ended December 31, 2001 was \$929,551 as compared to a net loss of \$3,718,297 for the year ended December 31, 2000. The decreased loss primarily was the result of decreased operating expenses of \$5,097,264 resulting from the sale or closure of DCAP stores and a gain on the sale of DCAP stores of \$56,043 (as compared to a loss of \$2,136,681 in 2000 which gave effect to a write off of \$2,169,000 of goodwill attributable to such stores). These positive

factors were offset by a reduction in revenues of \$4,294,960 and a loss on the disposal of equipment of \$252,791. Included in the decrease in operating expenses was a reduction in general and administrative expenses of \$4,071,673, a reduction in lease rental expenses of \$449,648, a reduction in depreciation and amortization of \$494,654 and the elimination in 2001 of impairment of intangible expenses and impairment of notes receivable expenses in the aggregate of \$282,000 from 2000. These expense reductions offset an increase in the provision for bad debts of \$227,266.

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

During the year ended December 31, 2001, revenues from the operations of DCAP Insurance were \$2,350,094 as compared to \$6,677,556 for the year ended December 31, 2000. The decline in revenues from the operations of DCAP Insurance was generally due to the sale (and, in general, conversion to franchise status) or closure of most of our DCAP offices, competitive pressures in the industry and a reduction in the sale of new franchises. We anticipate that revenues from the operations of DCAP Insurance will further decline in 2002 due primarily to the sale of nine of our stores during 2001. However, as a result of our shift in 2000 and 2001 to a franchise business model, monthly franchise fees are anticipated to increase during 2002. Premium finance revenues increased \$220,654 between the year ended December 31, 2000 and 2001. This increase was the result of (i) our renegotiation in June 2001 of our agreement regarding the sale of premium finance receivables that has given rise to increased revenues per transaction, (ii) an increase in the number of franchisees utilizing our premium finance services, and (iii) an expansion of our premium finance marketing efforts to non-DCAP insurance agencies. Hotel revenues decreased approximately \$90,277 between the year ended December 31, 2000 and 2001 primarily due to the overall reduction in air travel since the events of September 11, 2001.

The operations of DCAP Insurance during the year ended December 31, 2001, on a stand-alone basis, generated a net loss of \$821,555 as compared to a net loss of \$3,581,176 for the year ended December 31, 2000. Our premium finance operations during the year ended December 31, 2001, on a stand alone basis, generated a net profit of \$234,128 as compared to a profit of \$24,995 in 2000. The operations of the hotel during the year ended December 31, 2001, on a stand-alone basis, generated net income of \$99,053 as compared to a net income of \$183,272 for 2000. Losses from corporate-related items not allocable to reportable segments increased to \$441,177 during the year ended December 31, 2001 as compared to \$345,388 for 2000.

Income Taxes

We have recorded a full valuation allowance against our net deferred tax assets because of the uncertainty that sufficient taxable income will be realized during the carry-forward period to utilize the deferred tax asset.

Liquidity and Capital Resources

As of December 31, 2001, we had \$220,774 in cash and cash equivalents and a working capital deficiency of \$598,263. As of December 31, 2000, we had \$517,425 in cash and cash equivalents and a working capital deficiency of \$161,156.

16

Cash and cash equivalents decreased between December 31, 2000 and December 31, 2001 primarily due to the net loss of \$929,551 for 2001 and cash used to repay long-term debt and capital lease obligations of \$235,704, offset by proceeds from the sale of DCAP stores of \$844,091.

Our liquidity at December 31, 2001 was insufficient to meet operating requirements. We believe that the following will help reduce our working capital deficiency and alleviate cash flow demands:

- o We have continued efforts to expand our premium finance customer base of both DCAP and non-DCAP agencies, within and outside New York State.
- o Monthly franchise fees generally are not payable with regard to the

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

initial 12 months of operations. Since many of the franchises sold by us in 2000 and 2001 did not have franchise fee obligations until the latter part of 2001 or in 2002, we are now first experiencing an increase in monthly franchise fees.

Management believes that such items, should they develop as contemplated, are reasonably capable of reducing our working capital deficiency and alleviating our cash flow demands during the 12 month period ended December 31, 2002. We can give no assurances that our efforts will be successful.

We have no current commitments for capital expenditures.

ITEM 7. FINANCIAL STATEMENTS

The financial statements required by this Item 7 are included in this Annual Report on Form 10-KSB following Item 13 hereof.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE

There were no changes in accountants due to disagreements on accounting and financial disclosure during the twenty-four month period ended December 31, 2001.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16 of the Exchange Act requires that reports of beneficial ownership of common shares and changes in such ownership be filed with the Securities and Exchange Commission by

19

Section 16 "reporting persons," including directors, certain officers, holders of more than 10% of the outstanding common shares and certain trusts of which reporting persons are trustees. We are required to disclose in this proxy statement each reporting person whom we know to have failed to file any required reports under Section 16 on a timely basis during the fiscal year ended December 31, 2001. To our knowledge, based solely on a review of written representations that no reports were required, during the fiscal year ended December 31, 2001, our officers, directors and 10% stockholders complied with all Section 16(a) filing requirements applicable to them, except that (i) Kevin Lang and Abraham Weinzimer, former officers, directors and 10% stockholders, filed their respective Form 4 late (which forms each reported one transaction) and (ii) Barry Goldstein filed his Form 3 late.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Sale of Interests in Stores

Prior to May 31, 2000, four of the DCAP stores were owned one-half by the daughter of Mr. Certilman and one-half by us. Effective May 31, 2000 we sold our 50% interest in each of the stores to Mr. Certilman upon the following material terms and conditions:

- o The purchase price for our interest in the stores was approximately

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

\$141,000, after certain credits.

- o The purchase price was payable as follows:
 - o \$66,000 was payable at the rate of \$6,000 per month, starting on the first anniversary of the closing, and
 - o the balance of the purchase price was payable over five years, together with 6% interest, in equal monthly installments commencing on the second anniversary of the closing.

23

- o We agreed to waive all indebtedness owing by the stores to us. As of the closing, the approximate amount of such indebtedness, which related to advances made by us on behalf of the stores, was \$210,000.
- o As part of the transaction, the stores became conversion franchisees, and the first annual franchise charge of \$18,000 per store was paid in full at the closing in consideration for a waiver of the annual franchise charges during the second year.
- o The stores entered into franchise agreements with us, which are similar in most respects to our standard conversion franchise agreement (including standard territorial rights), except that
 - o the stores have a right of first refusal with regard to franchise locations to be offered in zip codes adjoining those in which the stores are located, and
 - o in the event we sell another franchise to be located in the territory with respect to which a store currently has certain rights (which is more expansive than the rights granted pursuant to the franchise agreements), the annual franchise fee for the particular store will be waived for six months.
 - o These rights were granted in consideration of the waiver of certain other geographic rights not granted to other franchisees.
- o Certain license fees totaling \$40,000 previously prepaid by Mr. Certilman will be retained by us, to be applied generally against franchise fees for any new franchises granted to Mr. Certilman or his designee.

The terms of sale were the result of arm's length negotiations between Mr. Certilman and us. No independent appraisal or valuation was received in connection with the sale.

The purchase price for the 50% interest in the stores acquired by Mr. Certilman (prior to the credits applied) was equal to approximately one-half of the aggregate commissions for the stores for the year ended December 31, 1999. We believe that a purchase price for a 50% interest in a store equal to one-half of the store's annual commissions represented fair market value at that time.

See "March 2001 Transactions" for a discussion of the cancellation of the above amount due by Mr. Certilman as well as of agreements to sell DCAP stores

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

to Mr. Certilman as well as to Messrs. Kevin Lang and Abraham Weinzimer, principal stockholders and former DCAP officers and directors.

24

March 2001 Transactions

In March 2001, the following transactions occurred:

- o We entered into agreements with Messrs. Lang, Weinzimer and Certilman that provided for our sale to them of a total of eight of our DCAP stores. Pursuant to the agreements, which were closed in November 2001 following shareholder approval, Mr. Lang acquired three of the stores for a total purchase price of approximately \$257,000, Mr. Weinzimer acquired three of the stores for a total purchase price of \$285,000 and an entity owned by Mr. Certilman (we refer to the entity as "Mr. Certilman") acquired two of the stores for a total purchase price of approximately \$225,000. The locations of the stores are as follows:
 - o Lang: Amityville, New York
Medford, New York
Seaford, New York
 - o Weinzimer: Hempstead, New York
Hicksville, New York
Jamaica, New York
 - o Certilman: East Meadow, New York
Flushing, New York

At the time of execution of the agreements with Messrs. Lang and Weinzimer, each of them paid to us the total amount of his respective purchase price. At the time of execution of the agreement with Mr. Certilman, we received approximately \$197,000 of the purchase price. The balance of \$28,000 was paid at the closing of the acquisition through the assumption of our obligation to an unaffiliated third party in that amount. The obligation was incurred in May 2000 in connection with our acquisition of the third party's interest in one of the stores acquired by Mr. Certilman. Pending the closing of the sales, each of Messrs. Lang, Weinzimer and Certilman managed his respective stores and was entitled to receive a management fee equal to the net profits of the stores. Each of them was also responsible for all losses incurred during the interim period.

- o At the closing, we entered into franchise agreements with Lang, Weinzimer and Certilman on terms similar to those entered into by Mr. Certilman in May 2000 (as described above under "Sale of Interests in Stores"), except that, in general, none of the franchisees will be allowed to terminate their respective franchise agreements prior to March 31, 2003. Pending the closing, Messrs. Lang, Weinzimer and Certilman were responsible for charges as if the franchise agreements had been executed.

- o We reacquired a total of 3,714,616 of the shares owned by Messrs. Lang and Weinzimer in consideration of the cancellation of indebtedness owed to us by them in the aggregate amount of \$928,654.
- o We agreed with Mr. Lang to terminate his employment agreement that was scheduled to expire in February 2004, and DCAP Management, our wholly-owned subsidiary that operates our franchise business, entered into a new employment agreement with him which expired on September 30, 2001. Based upon Mr. Lang's agreement to forgo the compensation otherwise payable to him for the balance of the original employment term (\$667,000, net of the amount payable to him pursuant to his new employment agreement), we granted to Mr. Lang a price concession of approximately \$85,000 in connection with his purchase of his three stores. This price concession resulted in the purchase price of \$257,000 for Mr. Lang.
- o We agreed with Mr. Weinzimer to terminate his employment agreement that was scheduled to expire in February 2004. Based upon Mr. Weinzimer's agreement to forgo the compensation otherwise payable to him for the balance of the employment term (\$729,000), we granted to Mr. Weinzimer a price concession of approximately \$85,000 in connection with his purchase of his three stores. This price concession resulted in the purchase price of \$285,000 for Mr. Weinzimer.
- o We agreed with Mr. Certilman to terminate his employment agreement that was scheduled to expire in February 2004. Concurrently, based upon Mr. Certilman's agreement to forgo the compensation otherwise due him for the balance of the term of the employment agreement (\$365,000), we agreed to cancel indebtedness of approximately \$141,000 that Mr. Certilman owed to us pursuant to his purchase of our interest in four DCAP stores as discussed above under "Sale of Interests in Stores."
- o We agreed with Mr. Haft to terminate his employment agreement that was scheduled to expire in February 2004.
- o Each of Messrs. Lang, Weinzimer, and Haft resigned as an officer of DCAP Group. Messrs. Lang and Weinzimer also resigned as our directors.

The terms of the above sales agreements were the result of arm's length negotiations between us and each of Messrs. Lang, Weinzimer and Certilman that were based upon the terms of other recent sales of our stores to persons who are not affiliated with us, then current market conditions and the termination of the employment agreements with each of them, as discussed above. No independent appraisal or valuation was received in connection with the agreements. We did not utilize a special independent committee of our Board of Directors to perform an analysis of the fairness of the transactions or to negotiate the terms of the sales on our behalf.

Relationship

Certilman Balin Adler & Hyman, LLP, a law firm of which Mr. Certilman is a member, serves as our counsel. It is presently anticipated that such firm will continue to represent us and will receive fees for its services at rates and in amounts not greater than would be paid to unrelated law firms performing similar services. Certilman Balin has also served as counsel to DCAP Insurance and The Robert Plan with respect to certain matters; however, it did not serve as counsel to DCAP Insurance or Messrs. Lang and Weinzimer in connection with our acquisition of DCAP Insurance, to Messrs. Lang or Weinzimer in connection with the transactions with them discussed under "March 2001 Transactions" or to Eagle in connection with our issuance of shares to Eagle. In addition, Certilman Balin did not serve as counsel to either us or Mr. Certilman in connection with the transactions with him discussed under "Sale of Interests in Stores" and "March 2001 Transactions" above.

DCAP GROUP, INC. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

YEARS ENDED DECEMBER 31, 2001 AND 2000

1. Organization and Nature of Business:

DCAP Group, Inc. and Subsidiaries (the "Company") operate a network of retail offices and franchise operations engaged in the sale of retail auto, motorcycle, boat, business, and homeowner's insurance, and provide tax preparation services and automobile club services for road-side emergencies. The Company also provides premium financing of insurance policies for their DCAP clients as well as clients of non-affiliated entities. In addition, the Company operates the International Airport Hotel in San Juan, Puerto Rico (the "Hotel") through its wholly-owned subsidiary, IAH, Inc. The Hotel caters generally to commercial and tourist travelers in transit.

In March 2001, the Company entered into agreements with three shareholders that provided for the sale of a total of eight DCAP stores for cash consideration of an aggregate of \$767,000. The Company recognized a net gain of approximately \$56,000 on the sale of the stores. At the time of execution of the agreements with two of the shareholders, they each paid to the Company the total amount of their respective purchase price. At the time of execution of the agreement with the remaining shareholder, the Company received approximately \$197,000 of the purchase price. The balance was paid at the closing of the acquisition through the assumption of a liability.

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

At the closing of the store sales, the Company entered into franchise agreements with the three shareholders on terms similar to those previously entered into by one of the shareholders, except that, in general, none of the franchisees will be allowed to terminate their respective franchise agreements prior to March 31, 2003.

The Company reacquired a total of 3,714,616 of the issued shares from two of these shareholders in consideration of the cancellation of indebtedness owed to the Company by them in the aggregate amount of \$928,655. Notes in the original principal amount of \$33,000 plus accrued interest are still owed to the Company from one of the shareholders (see Note 4).

The Company agreed with one of the shareholders to terminate his employment agreement that was scheduled to expire in February 2004. Concurrently, the Company agreed to cancel indebtedness of \$141,454 that the shareholder owed to the Company pursuant to his purchase of the Company's interest in certain DCAP stores.

During 2000, the Company recognized a net loss of approximately \$2,136,000 on the sale of 14 of its DCAP stores (giving effect to the write off of approximately \$2,169,000 of goodwill attributable to such stores).

2. Summary of Significant Accounting Policies:

a. Principles of consolidation

The accompanying consolidated financial statements include the accounts of all subsidiaries and joint ventures in which the Company has a majority voting interest or voting control. All significant intercompany accounts and transactions have been eliminated.

b. Revenue recognition

The Company recognizes commission revenue from insurance policies at the beginning of the contract period, on income tax preparation when the services are completed and on automobile club dues equally over the contract period. Franchise fee revenue is recognized when substantially all the Company's contractual requirements under the franchise agreement are completed. Refunds of commissions on the cancellation of insurance policies are reflected at the time of cancellation.

F-17

2. Summary of Significant Accounting Policies: (Cont'd)

b. Revenue recognition (cont'd)

Premium financing fee revenue is earned based upon the origination of premium finance contracts sold by agreement to third parties. The contract fee gives consideration to an estimate as to the collectability of the loan amount. Periodically, actual results are compared to estimates previously recorded, and adjusted accordingly.

Revenues from room sales are recorded at the time services are performed.

c. Goodwill and intangible assets

The excess of the fair value paid over the net assets from the Company's acquisitions of DCAP and interests in other DCAP Companies has been allocated to goodwill and other intangible assets, including restrictive covenants. Accordingly, a portion of the purchase price of each acquisition is considered to relate to goodwill. In determining the period in which to amortize goodwill, management considered the effects of obsolescence, demand, competition, the rate of technological change, expected changes in distribution channels and barriers to entry. Goodwill and other intangibles recorded in connection with the Company's acquisitions is amortized on a straight-line basis over a period of three to fifteen years. Amortization of goodwill and intangible assets approximated \$61,000 and \$367,000 for the years ended December 31, 2001 and 2000, respectively. The Company reviews goodwill and certain identifiable intangibles for impairment as described in Notes 2j and 2k (see Note 3).

d. Property and equipment

Property and equipment are stated at cost. Depreciation is provided using the straight-line method over the estimated useful lives of the related assets. Leasehold improvements are being amortized using the straight-line method over the estimated useful lives of the related assets or the remaining term of the lease.

e. Concentration of credit risk

The Company invests its excess cash in deposits and money market accounts with major financial institutions and has not experienced losses related to these investments.

A majority of the Company's receivables are derived from franchises and represent franchise fees and reimbursable expenses.

f. Statement of cash flows

For purposes of the consolidated statement of cash flows, the Company considers all highly liquid debt instruments with a maturity of three months or less, as well as bank money market accounts, to be cash equivalents.

g. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

h. Loss per share

The Company's net loss per share was calculated by dividing net loss by the weighted average number of common shares outstanding.

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

2. Summary of Significant Accounting Policies: (Cont'd)

i. Advertising costs

Advertising costs are charged to operations when the advertising first takes place.

j. Impairment of long-lived assets

The Company reviews long-lived assets and certain identifiable intangibles to be held and used for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset exceeds the fair value of the asset. If other events or changes in circumstances indicate that the carrying amount of an asset that the Company expects to hold and use may not be recoverable, the Company will estimate the undiscounted future cash flows expected to result from the use of the asset or its eventual disposition, and recognize an impairment loss. The impairment loss, if determined to be necessary would be measured as the amount by which the carrying amount of the assets exceeds the fair value of the assets. A similar evaluation is made in relation to goodwill, with any impairment loss measured as the amount by which the carrying value of such goodwill exceeds the expected undiscounted future cash flows.

k. New accounting pronouncements

In July 2001, the Financial Accounting Standards Board (FASB) issued SFAS No. 141, "Business Combinations" and SFAS No. 142, "Goodwill and Intangible Assets". SFAS No. 141 requires the use of the purchase method of accounting for business combinations and prohibits the use of the pooling of interests method. SFAS No. 141 also expands the definition of intangible assets acquired in a purchase business combination. SFAS No. 142 eliminates the amortization of goodwill, requires annual impairment testing of goodwill and introduces the concept of indefinite life intangible assets. It must be adopted on January 1, 2002. The new rules also prohibit the amortization of goodwill associated with business combinations that close after June 30, 2001.

In October 2001, the FASB issued SFAS No. 144, "Accounting for the Impairment or Disclosure of Long-lived Assets". SFAS No. 144 addresses significant issues relating to the implementation of SFAS No. 121, "Accounting for the Impairment of Long-lived Assets and for Long-lived Assets to be Disposed Of," develops a single accounting model, based on the framework established in SFAS No. 121 for long-lived assets to be disposed of by sale, whether previously held and used or newly acquired.

The Company does not expect the implementation of SFAS 144 to have a material effect on its financial position or results of operations.

l. Website development costs

Technology and content costs are generally expensed as incurred, except for certain costs relating to the development of internal-use software, including those relating to operating the Company's website, that are capitalized and depreciated over two years. No costs were incurred during 2001 or 2000.

m. Reclassifications

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

Certain reclassifications have been made to the consolidated financial statements for the year ended December 31, 2000 to conform with the classifications used in 2001.

n. Comprehensive income (loss)

Comprehensive income (loss) refers to revenues, expenses, gains and losses that under generally accepted accounting principles are included in comprehensive income but are excluded from net income as these amounts are recorded directly as an adjustment to stockholders' equity. At December 31, 2001, there were no such adjustments required.

F-9

3. Impairment of Other Intangibles:

As discussed in Note 2j, the Company reviews long-lived assets and certain identifiable intangibles to be held and used for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset exceeds the fair value of the asset. During the fourth quarter of 2000, the Company evaluated the carrying value of other intangibles. As a result, unamortized goodwill and other intangibles of \$201,000 were written off.

The 2001 and 2000 income of IAH, Inc., a wholly-owned subsidiary, has been calculated excluding the loss of DCAP Group, Inc., as it is separately taxed under the laws of Puerto Rico. For 2001 and 2000, a provision of approximately \$3,000 and \$6,000 has been made for this tax liability, respectively.

The provision for income taxes is comprised of the following:

	Years Ended December 31, -----	
	2001	2000
	-----	-----
Benefit at federal statutory rates	\$ (316,047)	\$ (1,274,532)
Loss in excess of available benefit	336,383	1,299,532
	-----	-----
	\$ 20,336	\$ 25,000
	=====	=====

At December 31, 2001 the Company had net operating loss carryforwards for tax purposes of approximately \$5,100,000. The tax loss carryforwards expire at

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

various dates through 2021.

Internal Revenue Code Section 382 places a limitation on the utilization of federal net operating loss and other credit carryforwards when an ownership change, as defined by the tax law occurs. Generally, this occurs when a greater than 50 percentage point change in ownership occurs. Accordingly, the actual utilization of the net operating loss and carryforwards for tax purposes may be limited annually to a percentage (approximately 6%) of the fair market value of the Company at the time of any such ownership change.

Deferred tax assets at December 31, 2001 consist of the following:

Deferred tax assets:	
Net operating loss carryovers	\$ 2,036,000
Other	55,000

Total deferred tax asset	2,091,000
Less valuation allowance	(2,091,000)

Net deferred tax assets	\$ -
	=====

The Company has recorded a full valuation allowance against its net deferred tax assets because of the uncertainty that sufficient taxable income will be realized during the carryforward period to utilize the deferred tax asset.

12. Commitments:

a. Leases

IAH, Inc. leases the International Airport Hotel (the "Hotel") property pursuant to an operating lease with the Ports Authority, which expired in December 1995. As discussed below, IAH is of the belief that pursuant to a supplemental lease agreement, it retained the option to continue the lease for a period of five years to December 31, 2000, which right it exercised, or alternatively, that the Ports Authority executed a new lease agreement for a ten year term commencing on January 1, 1996. The lease agreement provides for the annual rental payments to be equal to the greater of \$169,400 or 20% of the annual gross revenues, as defined, effective January 1, 1994. Total rent expense under this lease amounted to approximately \$178,000 for 2001 and \$197,000 for 2000.

12. Commitments: (Cont'd)

Based upon IAH's refusal to acknowledge that, effective January 1, 1996, it occupied the Hotel on a month-to-month basis, in February 1996, the Ports Authority requested that IAH vacate, surrender and deliver the premises by February 29, 1996. Following the receipt of such request, IAH brought an action in the Superior Court of San Juan, Puerto Rico for declaratory judgment and possessory injunction against the Ports Authority with respect to the Hotel. The action seeks a declaratory judgment that, among other alternatives, IAH exercised an option with respect to its lease for the Hotel for an extension of the term of five years commencing on January 1, 1996 or that the Ports Authority executed a new lease agreement for a ten year period commencing on such date.

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

Certain discovery proceedings have taken place, and the action is still pending. Management is of the opinion that the Company will prevail on the declaratory judgment; therefore, management will vigorously defend its position.

The Company and each of its affiliates lease office space under noncancellable operating leases expiring at various dates through August 2011. Many of the leases are renewable and include additional rent for real estate taxes and other operating expenses. The minimum future rentals under these lease commitments for leased facilities and office equipment are as follows:

Years Ended December 31, -----	
2002	\$ 142,000
2003	130,000
2004	113,000
2005	96,000
2006	64,000
Thereafter	288,000

Rental expense approximated \$407,000 and \$662,000 for the years ended December 31, 2001 and 2000, respectively.

b. Employment agreement -----

During 2001, the Company entered into an employment agreement with an officer, which provides for minimum salary of \$200,000 per annum. The employment agreement also provides for discretionary bonuses and other perquisites commonly found in such agreements. In addition, the Company granted the officer the right and option to purchase up to 1,000,000 shares of the Company's common stock. The employment agreement expires on April 1, 2005.

c. Litigation -----

The Company is involved in various lawsuits and claims incidental to its business. In the opinion of management, the ultimate liabilities, if any, resulting from such lawsuits and claims will not materially affect the financial position of the Company.

13. Stockholders' Deficit: -----

a. Capitalization -----

During 2001, the Company amended its Certificate of Incorporation and increased the amount of authorized common stock from 25,000,000 to 40,000,000, with a par value of \$.01 per share. All references to the par value of the common stock outstanding reflect this par value.

13. Stockholders' Deficit: (Cont'd) -----

b. Preferred stock -----

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

During 2001, the Company amended its Certificate of Incorporation to provide for the authority to issue 1,000,000 shares of preferred stock, with a par value of \$.01 per share. The Board of Directors has the authority to issue shares of preferred stock from time to time in a series and to fix, before the issuance of each series, the number of shares in each series and the designation, liquidation preferences, conversion privileges, rights and limitations of each series.

c. Private placement of securities

On June 2, 1999, the Company sold, through a private placement, 33.5 Units (each consisting of 45,453 common shares and 15,151 Class A, 15,151 Class B and 15,151 Class C warrants) at a purchase price of \$50,000 per Unit for net proceeds of \$1,360,000 net of closing costs approximating \$315,000. Each Class A, B and C warrant is exercisable at \$1.10, \$1.37 and \$1.65, respectively and expires June 2, 2004. All warrants issued in connection with the private placement are outstanding at December 31, 2001.

On June 2, 2000, the Company issued 761,342 common shares to the private placement investors pursuant to price protection provisions contained in the offering agreement. Pursuant to those provisions, the Company had agreed to issue to the investors additional shares based upon the market price of the Company's common shares one year after the June 2, 1999 offering date (if lower than the market price at the time of the offering). As a result, the per share price was reduced from \$1.10 to \$.73 (the floor price provided for) and the additional shares were issued.

d. Stock options

In November 1998, the Company adopted the 1998 Stock Option Plan which provides for the issuance of incentive stock options or non-statutory stock options. Under this plan, options to purchase not more than 2,000,000 shares of common stock were originally permitted to be granted, at a price to be determined by the Board of Directors or the Stock Option Committee at the time of grant. During 2001, the Company increased the number of common shares authorized to be issued pursuant to the 1998 stock option plan from 2,000,000 to 3,000,000. Incentive stock options granted under this plan expire ten years from date of grant (except five years for a grant to a 10% stockholder of the Company). The Board of Directors or the Stock Option Committee will determine the expiration date with respect to non-statutory options granted under this plan.

A summary of the status of the Company's stock option plans of December 31, 2001 and 2000, and changes during the years then ended is presented below:

d. Stock options (cont'd)

The following table summarizes information about stock options outstanding at December 31, 2001:

Exercise Price	Options Outstanding			Options Outstanding
	Number Outstanding	Weighted Average Remaining Contractual Life	Weighted Average Exercise Price	
\$0.25	1,000,000	4.25 yrs.	\$0.25	-
\$2.69	450,000	2.17 yrs.	\$2.69	450,000

The Company has elected the disclosure only provisions of Statement of Financial Accounting Standard No. 123, "Accounting for Stock-Based Compensation" ("FASB 123") in accounting for its employee stock options. Accordingly, no compensation expense has been recognized. Had the Company recorded compensation expense for the stock options based on the fair value at the grant date for awards in the years ended December 31, 2001 and 2000, consistent with the provisions of SFAS 123, the Company's net loss and net loss per share would not have been impacted.

The fair value of each option grant is estimated on the date of grant using the Black-Scholes option-pricing model. The following range of weighted average assumptions were used for grants during the year ended December 31, 2001:

Dividend yield	0.00%
Volatility	92.82%
Risk-free interest rate	6.00%
Expected life	5 years

The Black-Scholes option valuation model was developed for use in estimating the fair value of traded options which have no vesting restrictions

Edgar Filing: DCAP GROUP INC/ - Form 10KSB

and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company's stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management's opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its stock options.
