OMISSION OF CERTAIN INFORMATION

Edgar Filing: CLEVELAND ELECTRIC ILLUMINATING CO - Form 10-K/A

Ohio Edison Company, The Cleveland Electric Illuminating Company, The Toledo Edison Company, and Pennsylvania Electric Company meet the conditions set forth in General Instruction I(1)(a) and (b) of Form 10-K and are therefore filing this Form 10-K/A with the reduced disclosure format specified in General Instruction I(2) to Form 10-K.

Forward-Looking Statements: This Form 10-K/A includes forward-looking statements based on information currently available to management. Such statements are subject to certain risks and uncertainties. These statements include declarations regarding management's intents, beliefs and current expectations. These statements typically contain, but are not limited to, the terms "anticipate," "potential," "expect," "believe," "estimate" and similar words. Forward-looking statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that may cause actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements.

Actual results may differ materially due to:

- the speed and nature of increased competition in the electric utility industry and legislative and regulatory changes affecting how generation rates will be determined following the expiration of existing rate plans in Ohio and Pennsylvania,
 - the impact of the PUCO's rulemaking process on the Ohio Companies' ESP and MRO filings,
 - economic or weather conditions affecting future sales and margins,
 - changes in markets for energy services,
 - changing energy and commodity market prices and availability,
 - replacement power costs being higher than anticipated or inadequately hedged,
- the continued ability of FirstEnergy's regulated utilities to collect transition and other charges or to recover increased transmission costs,
 - maintenance costs being higher than anticipated,
- other legislative and regulatory changes, revised environmental requirements, including possible GHG emission regulations,
- the impact of the U.S. Court of Appeals' July 11, 2008 decision to vacate the CAIR rules and the scope of any laws, rules or regulations that may ultimately take their place,
- the uncertainty of the timing and amounts of the capital expenditures needed to, among other things, implement the Air Quality Compliance Plan (including that such amounts could be higher than anticipated) or levels of emission reductions related to the Consent Decree resolving the NSR litigation or other potential regulatory initiatives,
- adverse regulatory or legal decisions and outcomes (including, but not limited to, the revocation of necessary licenses or operating permits and oversight) by the NRC (including, but not limited to, the Demand for Information issued to FENOC on May 14, 2007),
- the timing and outcome of various proceedings before the PUCO (including, but not limited to, the ESP and MRO proceedings as well as the distribution rate cases and the generation supply plan filing for the Ohio Companies and the successful resolution of the issues remanded to the PUCO by the Ohio Supreme Court regarding the RSP and RCP, including the recovery of deferred fuel costs),
- Met-Ed's and Penelec's transmission service charge filings with the PPUC as well as the resolution of the Petitions for Review filed with the Commonwealth Court of Pennsylvania with respect to the transition rate plan for Met-Ed and Penelec,
 - the continuing availability of generating units and their ability to operate at or near full capacity,
 - the ability to comply with applicable state and federal reliability standards,
- the ability to accomplish or realize anticipated benefits from strategic goals (including employee workforce initiatives),
 - the ability to improve electric commodity margins and to experience growth in the distribution business,
- the changing market conditions that could affect the value of assets held in the registrants' nuclear decommissioning trusts, pension trusts and other trust funds, and cause FirstEnergy to make additional contributions sooner, or in an amount that is larger than currently anticipated,
- the ability to access the public securities and other capital and credit markets in accordance with FirstEnergy's financing plan and the cost of such capital,
 - changes in general economic conditions affecting the registrants,
 - the state of the capital and credit markets affecting the registrants, and

- the risks and other factors discussed from time to time in the registrants' SEC filings, and other similar factors.

The foregoing review of factors should not be construed as exhaustive. New factors emerge from time to time, and it is not possible for management to predict all such factors, nor assess the impact of any such factor on the registrants' business or the extent to which any factor, or combination of factors, may cause results to differ materially from those contained in any forward-looking statements. Also, a security rating is not a recommendation to buy, sell or hold securities, and it may be subject to revision or withdrawal at any time and each such rating should be evaluated independently of any other rating. The registrants expressly disclaim any current intention to update any forward-looking statements contained herein as a result of new information, future events or otherwise.

EXPLANATORY NOTE

This combined Amendment No. 1 on Form 10-K/A for the fiscal year ended December 31, 2007 is being filed by Ohio Edison Company, The Cleveland Electric Illuminating Company, The Toledo Edison Company and Pennsylvania Electric Company (the “registrants”) to correct common stock dividend payments reported in their respective consolidated statements of cash flows for the year ended December 31, 2007, contained in Part II, Item 8, Financial Statements and Supplementary Data. This correction does not affect the respective registrants’ previously reported consolidated statements of income for the year ended December 31, 2007, nor the consolidated balance sheets, consolidated statements of capitalization and consolidated statements of common stockholder's equity as of December 31, 2007 contained in the combined Form 10-K for the fiscal year ended December 31, 2007, as originally filed on February 29, 2008 (the “original Form 10-K”). Except for Part II, Items 8 and 9(A)T and certain exhibits under Part IV, Item 15, no other information included in the Form 10-K as originally filed is being revised by, or repeated in this amendment.

As discussed under “Restatement of the Consolidated Statements of Cash Flows” in Note 1 to the revised Combined Notes to Consolidated Financial Statements of the registrants included in this Form 10-K/A, the registrants have restated their respective consolidated statements of cash flows to correct common stock dividend payments reported in cash flows from financing activities. The consolidated statements of cash flows for those registrants, as originally filed, erroneously reflected the dividends declared in the third quarter of 2007 applicable to future quarters' payments as dividends paid in the quarter that they were declared. The corrections resulted in a corresponding change in operating liabilities - accounts payable, included in cash flows from operating activities.

The original Form 10-K was a combined Form 10-K representing separate filings by each of the registrants and their affiliates, FirstEnergy Corp., FirstEnergy Solutions Corp., Jersey Central Power & Light Company and Metropolitan Edison Company (the “affiliates”). However, this Form 10-K/A constitutes an amendment only to Part II, Items 8 and 9(A)T and Part IV, Item 15 of the original Form 10-K filed by each registrant. In addition, information contained herein relating to any individual registrant is filed by such registrant on its own behalf and no registrant makes any representation as to information contained herein relating to any other registrant or any of the affiliates, including, but not limited to, any such information contained in the revised Combined Notes to Consolidated Financial Statements included herein.

Please note that the information contained in this Amendment No. 1, including the consolidated financial statements and notes thereto, does not reflect events occurring after the date of the original Form 10-K filing on February 29, 2008, except to the extent described above.

ITEM 8. FINANCIAL STATEMENTS AND SUPPLEMENTARY DATA

1

Report of Independent Registered Public Accounting Firm

To the Stockholder and Board of
Directors of Ohio Edison Company:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of income, capitalization, common stockholder's equity, and cash flows present fairly, in all material respects, the financial position of Ohio Edison Company and its subsidiaries at December 31, 2007 and 2006, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in the notes to the consolidated financial statements, the Company changed the manner in which it accounts for uncertain tax positions as of January 1, 2007 (Note 8), defined benefit pension and other postretirement plans as of December 31, 2006 (Note 4) and conditional asset retirement obligations as of December 31, 2005 (Note 2(G) and Note 11).

As discussed in Note 1 to the consolidated financial statements, the Company has restated its 2007 financial statements to correct an error.

PricewaterhouseCoopers LLP
Cleveland, Ohio
February 28, 2008, except as to the error correction described in
Note 1,
which is as of November 24, 2008.

Report of Independent Registered Public Accounting Firm

To the Stockholder and Board of Directors of
The Cleveland Electric Illuminating Company:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of income, capitalization, common stockholder's equity, and cash flows present fairly, in all material respects, the financial position of The Cleveland Electric Illuminating Company and its subsidiaries at December 31, 2007 and 2006, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in the notes to the consolidated financial statements, the Company changed the manner in which it accounts for uncertain tax positions as of January 1, 2007 (Note 8), defined benefit pension and other postretirement plans as of December 31, 2006 (Note 4) and conditional asset retirement obligations as of December 31, 2005 (Note 2(G) and Note 11).

As discussed in Note 1 to the consolidated financial statements, the Company has restated its 2007 financial statements to correct an error.

PricewaterhouseCoopers LLP
Cleveland, Ohio
February 28, 2008, except as to the error correction described in
Note 1,
which is as of November 24, 2008.

Report of Independent Registered Public Accounting Firm

To the Stockholder and Board of
Directors of The Toledo Edison Company:

In our opinion, the accompanying consolidated balance sheets and the related consolidated statements of income, capitalization, common stockholder's equity, and cash flows present fairly, in all material respects, the financial position of The Toledo Edison Company and its subsidiary at December 31, 2007 and 2006, and the results of their operations and their cash flows for each of the three years in the period ended December 31, 2007 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in the notes to the consolidated financial statements, the Company changed the manner in which it accounts for uncertain tax positions as of January 1, 2007 (Note 8) and defined benefit pension and other postretirement plans as of December 31, 2006 (Note 4).

As discussed in Note 1 to the consolidated financial statements, the Company has restated its 2007 financial statements to correct an error.

PricewaterhouseCoopers LLP
Cleveland, Ohio
February 28, 2008, except as to the error correction described in
Note 1,
which is as of November 24, 2008.
