Item 1.01 Entry into a Material Definitive Agreement.

On June 26, 2009, NovaDel Pharma Inc., a Delaware corporation (the "Company") entered into a Common Stock Purchase Agreement (the "Agreement") with Seaside 88, LP ("Seaside") relating to the offering and sale of a total of up to 13,000,000 shares (the "Shares") of the Company's common stock, \$0.001 par value per share (the "Common Stock") (the "Offering"). The Agreement requires the Company to issue and sell, and Seaside to purchase, 500,000 shares of the Company's Common Stock once every two (2) weeks, subject to the satisfaction of customary closing conditions, for twenty-six (26) closings over a fifty-two (52) week period. At the initial closing, the offering price of the Company's Common Stock will equal 87% of the volume weighted average trading price of the Common Stock during the trading day immediately prior to the initial closing date. At each subsequent closing, on each 14th day thereafter, the offering price of the Company's Common Stock will equal 87% of the volume weighted average trading price of the Common Stock for the ten-day trading period immediately preceding each subsequent closing date. If, with respect to any subsequent closing, the volume weighted average trading price of the Company's Common Stock for the three trading days immediately prior to such closing is below \$0.25 per share, then the particular subsequent closing will not occur and the aggregate number of Shares to be purchased shall be reduced by 500,000 shares of Common Stock.

In addition, the Agreement provides that Seaside will not be able to purchase, and the Company will not be able to issue and sell, in the aggregate, more than 19.9% of the Company's outstanding shares of Common Stock as of the date of the Agreement.

The Agreement provides that the Company may, at its sole discretion, upon thirty days' prior written notice to Seaside, terminate the Agreement after the fifth subsequent closing and prior to the sixth subsequent closing. The Agreement contains customary representations and warranties and covenants for each party, which must be true and have been performed at each closing. In addition, Seaside has agreed not to engage in short sales of the Company's Common Stock during the term of the Agreement.

The Company has agreed to indemnify and hold harmless Seaside against certain liabilities in connection with the issuance and sale of the Shares under the Agreement. The Company expects the initial closing to occur, subject to the satisfaction of customary closing conditions, after receipt of NYSE Amex approval. Assuming a volume weighted average trading price of \$0.31 per share, and an offering price of \$0.27 per share at the initial closing, the Company expects to raise approximately \$135,000 at the initial closing, before estimated offering expenses, from the sale of the shares of Common Stock at such closing.

The Offering is made pursuant to the Company's shelf registration statement on Form S-3 (File No. 333-159485), which was declared effective by the Securities and Exchange Commission on June 23, 2009. The Company, pursuant to Rule 424(b) under the Securities Act of 1933, will file with the Securities and Exchange Commission a prospectus supplement relating to the Offering.
