PROXY STATEMENT

INFORMATION CONCERNING SOLICITATION AND VOTING

This proxy statement is furnished in connection with the solicitation of proxies by Amkor Technology, Inc.'s Board of Directors. The proxies will be voted at the Annual Meeting of Stockholders to be held on Tuesday, May 2, 2017, at 9:00 a.m., and at any adjournments or postponements that may take place.

The Annual Meeting will be held at the Philadelphia Marriott West, 111 Crawford Avenue, West Conshohocken, Pennsylvania 19428, telephone number (610) 941-5600. Our principal executive offices are located at 2045 East Innovation Circle, Tempe, Arizona 85284, telephone number (480) 821-5000.

We intend to mail definitive copies of these proxy materials on or about April 4, 2017 to stockholders of record who held our common stock at the close of business on March 17, 2017.

The following is important information in a question-and-answer format regarding the 2017 Annual Meeting and this proxy statement.

Q: What may I vote on?

A: 1. The election of ten nominees named in this proxy statement to serve on our Board of Directors;
2. An advisory vote to approve the compensation of our named executive officers;
3. An advisory vote on the frequency of future advisory votes on named executive officer compensation;
4. The approval of the Second Amended and Restated 2007 Equity Incentive Plan;
5. The approval of the Amended and Restated Executive Incentive Bonus Plan; and
6. The ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017.

Q: How does the Board recommend I vote on the proposals?

The Board recommends a vote FOR each of the director nominees, FOR the approval, on an advisory basis, of the compensation of our named executive officers, EVERY YEAR for the frequency of future advisory votes on named executive officer compensation, FOR the approval of the Second Amended and Restated 2007 Equity Incentive Plan, FOR the approval of the Amended and Restated Executive Incentive Bonus Plan and FOR the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2017.

Q: Who is entitled to vote?

Stockholders of record as of the close of business on March 17, 2017 (the "Record Date") are entitled to vote at the A: 2017 Annual Meeting. Each stockholder is entitled to one vote for each share of common stock held on the Record Date. As of the Record Date, 239,014,726 shares of Amkor's common stock were outstanding.

Q: How do I vote?

A: Registered holders may vote:

1 In person at the Annual Meeting;

1 By mail by signing and dating each proxy card you receive and returning it in the postage-prepaid envelope; or

1 By internet or telephone, by following the instructions on the proxy card.

If your shares are held by a bank, brokerage firm or other record holder, please refer to your proxy card or other information provided to you for instructions on how to vote.

If you hold your shares through a broker and do not provide your broker with specific voting instructions, under the rules that govern brokers in such circumstances, your broker will have the discretion to vote such shares on routine matters, but not on non-routine matters. Even though we are a Nasdaq-listed company, the New York Stock Exchange (“NYSE”) rules govern how a broker licensed by the NYSE can vote shares it holds on behalf of stockholders of Nasdaq-listed companies. As a result:

Your broker will not have the authority to exercise discretion to vote your shares with respect to the election of directors, the advisory vote to approve the compensation of our named executive officers, the advisory vote on the frequency of future advisory votes on named executive officer compensation, the approval of the Second Amended and Restated 2007 Equity Incentive Plan, or the approval of the Amended and Restated Executive Incentive Bonus Plan because NYSE rules treat those matters as non-routine.

Your broker will have the authority to exercise discretion to vote your shares with respect to the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017 because that matter is treated as routine under NYSE rules.

Because the proposals to be acted upon at the 2017 Annual Meeting include both routine and non-routine matters, we anticipate that brokers may return proxy cards that vote uninstructed shares “FOR” or “AGAINST” the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for 2017, but expressly state that the broker is NOT voting on the election of directors or the advisory vote to approve the compensation of our named executive officers, the advisory vote on the frequency of future advisory votes on named executive officer compensation, the approval of the Second Amended and Restated 2007 Equity Incentive Plan or the approval of the Amended and Restated Executive Incentive Bonus Plan. A broker’s withholding of a vote, in this case with respect to the election of directors, the advisory vote with respect to the compensation of our named executive officers, the advisory vote on the frequency of future advisory votes on named executive officer compensation, the approval of the Second Amended and Restated 2007 Equity Incentive Plan and the approval of the Amended and Restated Executive Incentive Bonus Plan is referred to as a “broker non-vote”. Broker non-votes will not be counted as present or represented for purposes of determining whether stockholder approval of a matter has been obtained and thus will not have an effect on the outcome of the vote.

If you abstain from voting on approval (on an advisory basis) of the compensation of our named executive officers (Proposal Two), the approval of the Second Amended and Restated 2007 Equity Incentive Plan (Proposal Four), or the approval of the Amended and Restated Executive Incentive Bonus Plan (Proposal Five), the abstention will have the same effect as a vote against the proposal. If you abstain from voting on the election of directors (Proposal One), or, on an advisory basis, on the frequency of future advisory votes on our named executive officer compensation (Proposal Three), the abstention will not have an effect on the outcome of the vote.

Q. What is the voting requirement to approve each of the proposals?

In the election of directors (Proposal One), the ten directors receiving the highest number of affirmative votes cast will be elected. Approval, on an advisory basis, of the compensation of our named executive officers (Proposal Two), approval of the Second Amended and Restated 2007 Equity Incentive Plan (Proposal Four), approval of the Amended and Restated Executive Incentive Bonus Plan (Proposal Five), and ratification of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017 (Proposal Six), require the affirmative vote of a majority of the shares present in person or represented by proxy and entitled to vote on that proposal at the annual meeting. Abstentions are not counted in the tally of votes FOR or AGAINST a proposal. A withheld vote is the same as an abstention. With respect to the advisory vote regarding the frequency of future advisory votes on named executive officer compensation (Proposal Three), the frequency receiving the highest number of votes cast - one year, two years or three years - will be considered the frequency that the stockholders prefer.

Q: What is a “quorum”?

A “quorum” is a majority of the outstanding shares entitled to vote at the meeting being present at the meeting or represented by proxy. There must be a quorum for the meeting to be held and action to be validly taken. If you submit a properly executed proxy, even if you abstain from voting, then your shares will be counted toward the

A: presence of a quorum. If a broker indicates on a proxy that it does not have discretionary authority to vote certain shares on a particular matter (broker non-votes), those shares will not be counted as present or represented for purposes of determining whether stockholder approval of that matter has been obtained but will be counted for purposes of establishing a quorum.

Q: How can I change my vote or revoke my proxy?

If you are a registered holder, you have the right to revoke your proxy and change your vote at any time before the meeting by (i) submitting a later-dated proxy by mail, internet or telephone; (ii) mailing a written notice of revocation to the attention of Amkor’s Corporate Secretary, Amkor Technology, Inc., 2045 East Innovation Circle,

A: Tempe, Arizona 85284; or (iii) attending and voting in person at the Annual Meeting. Attendance at the Annual Meeting, in and of itself, will not constitute a revocation of a proxy. If your shares are held by a bank, brokerage firm or other record holder, please contact that firm or holder for instructions on how to change your vote or revoke your proxy.

What does it mean

Q: if I get more than one proxy card?

It means you hold shares registered in more than one

A: account. Submit all proxies to ensure that all your shares are voted.

Q: Who can attend the Annual Meeting?

A: All stockholders as of the Record Date may attend. For stockholders of record, government-issued picture identification will be required to enter the meeting. If your shares are held in street name, please bring proof of share ownership with you to the Annual Meeting as well as your government-issued picture identification. A copy of your brokerage account statement or an omnibus proxy (which you can get from your broker) will serve as proof of share ownership. Individuals arriving at the meeting site will not be admitted unless we can verify ownership as of the Record Date as

described above or
by some other
means.

PROPOSAL ONE
ELECTION OF DIRECTORS

There are ten incumbent candidates nominated for election to the Board of Directors (“Board of Directors” or “Board”) this year. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the election of the ten nominees named below. Each nominee has consented to be named as a nominee in this proxy statement and to serve as a director, if elected. Should any nominee become unable or decline to serve as a director or should additional persons be nominated at the meeting, the proxy holders intend to vote all proxies received by them in such a manner as will assure the election of as many nominees identified below as possible (and, if additional nominees have been designated by the Board to fill any vacancies, in such manner as to elect such additional nominees). Our nominees for the election of directors include six independent directors, as defined in the applicable rules for companies traded on Nasdaq. At the recommendation of our Nominating and Governance Committee, the Board has selected the nominees to serve as directors for a one-year term until our next annual meeting and until their successor is duly elected and qualified, or their earlier resignation or removal. We expect that each nominee will be able to serve as a director.

Required Vote

Directors are elected by a plurality of votes cast, so the ten candidates receiving the highest number of affirmative votes cast will be elected as directors. Votes withheld and broker non-votes are not counted toward the total votes cast in favor of a nominee.

The Board unanimously recommends a vote FOR the election of each of the nominees for director below.

Audit Committee

We have a separately-designated Audit Committee. The current members of the Audit Committee are Messrs. Zug, Carolin, Morse, Osborne and Watson. Our Board of Directors has determined that each of Messrs. Zug, Carolin, Morse, Osborne and Watson meets the independence and financial sophistication requirements set forth in the Nasdaq listing standards and SEC regulations. In addition, the Board has determined that each of Messrs. Zug, Carolin, Morse and Osborne qualifies as an “audit committee financial expert” as defined in SEC regulations. The responsibilities of the Audit Committee include:

- pre-approving all audit, audit-related and non-audit services provided to Amkor by Amkor’s independent registered public accounting firm;

The Board has adopted a written charter for the Nominating and Governance Committee, which is available on our website at <http://www.amkor.com>. The Nominating and Governance Committee met five times during 2016. The Nominating and Governance Committee's goal is to ensure that the Board of Directors is made up of individuals of high integrity, personal character and ethical standards, and that the Board reflects a diverse range of professional backgrounds and experience relevant to our business. In the biographies of each of the nominees to the Board described above, we highlighted the experiences and qualifications that were among the most important to the Nominating and Governance Committee and Board in concluding that each such nominee should serve on our Board. The Nominating and Governance Committee determines the required selection criteria and qualifications of director nominees based upon the needs of our company at the time nominees are considered. The Nominating and Governance Committee considers factors including character, judgment, independence, age, expertise, length of service and other commitments, and diversity in experience and background that will strengthen the Board's collective qualifications, skills and experience and contribute to the Board's performance of its responsibilities in the oversight of our business.

The Nominating and Governance Committee will consider the above factors for nominees identified by the Nominating and Governance Committee. The Nominating and Governance Committee uses the same process for evaluating all nominees, regardless of the original source of nomination. The Nominating and Governance Committee does not currently use the services of any third party search firm to assist in the identification or evaluation of Board member candidates. The Nominating and Governance Committee, may, however, use such services in the future as it deems necessary or appropriate.

It is the policy of the Nominating and Governance Committee to consider both recommendations and nominations from stockholders for candidates to the Board of Directors. Stockholders wishing to recommend a candidate for consideration by the Nominating and Governance Committee for election to the Board of Directors can do so by writing to our Corporate Secretary at our principal executive offices. Director Independence

The Board of Directors has determined that each of Messrs. Carolin, Churchill, Morse, Osborne, Watson and Zug is independent under the Nasdaq listing standards and SEC rules. In reaching a determination that Mr. Churchill is independent under the Nasdaq listing standards and SEC rules, the Board of Directors considered certain relationships between entities affiliated with Mr. Churchill and entities affiliated with James J. Kim. These relationships include transactions, investments or partnerships in which Mr. Churchill and Mr. Kim, or entities affiliated with them, have a direct or indirect financial interest. None of these relationships involved Amkor. The Board determined that Mr. Churchill satisfies the independence requirements set forth by both Nasdaq and the SEC. In reaching a determination that Mr. Morse is independent under the Nasdaq listing standards and SEC rules, the Board considered investments which Mr. Kim has in funds affiliated with an entity in which Mr. Morse has an interest. These investments do not involve Amkor. The Board determined that Mr. Morse satisfies the independence requirements set forth by both Nasdaq and the SEC.

Communications with the Board of Directors

Although we do not currently have a formal policy regarding communications with the Board of Directors, stockholders may communicate with the Board of Directors by writing to us at Amkor Technology, Inc., Attn: Corporate Secretary, 2045 East Innovation Circle, Tempe, Arizona 85284. Stockholders who would like their submission directed to a particular Board member may so specify and the communication will be forwarded, as appropriate.

Corporate Governance Guidelines and Codes of Ethics

Our Board has adopted Corporate Governance Guidelines, a Code of Business Conduct which applies to all of our officers and employees worldwide, and a separate Director Code of Ethics which applies to our directors. These documents are available on our website under the heading “Corporate Governance” at <http://www.amkor.com>.

Board Leadership Structure

As part of its review of Amkor’s overall corporate governance practices, the Board of Directors periodically reviews its leadership structure. James J. Kim, Amkor’s founder, serves as the Executive Chairman of the Board of Directors. Amkor has a separate President and Chief Executive Officer who is also a member of the Board of Directors. As a result of this structure, Amkor continues to benefit from Mr. Kim’s extensive experience in the semiconductor industry and management expertise based on his longstanding leadership role. Amkor also benefits from the expertise and broad management experience that our President and Chief Executive Officer, Mr. Kelley, brings to the Board.

John T. Kim serves as Executive Vice Chairman of the Board. The Executive Vice Chairman is responsible for assisting the Chairman of the Board, presiding over meetings of the Board in the absence of the Chairman, and for such other duties and responsibilities as set forth in the bylaws or determined by the Board or the Chairman from time to time. In this role, Mr. Kim resides in Korea, and works closely with the company's senior executives in formulating strategy and policies and providing guidance regarding operations for our subsidiary Amkor Technology Korea.

The Board has established the position of Lead Independent Director of the Board. The Lead Independent Director is responsible for coordinating the activities and agenda for the Board’s independent directors, serving as liaison between the Chairman and the Board’s independent directors, advising the Chairman regarding the flow of information from management necessary for the independent directors to effectively and responsibly perform their duties, consulting with the Chief Executive Officer regarding any concerns of the other directors, and such other responsibilities as set forth in our Corporate Governance Guidelines. The independent directors have designated Winston J. Churchill to serve as Lead Independent Director of the Board.

We believe this Board structure is effective for Amkor and an appropriate allocation of leadership responsibilities.

Executive Sessions

Consistent with our Corporate Governance Guidelines, the non-employee directors of the Board regularly hold executive sessions. The Audit Committee, in accordance with its charter, meets separately with our Chief Financial Officer throughout the year to review our financial affairs, and meets separately in sessions with the independent registered public accounting firm, internal auditors and members of management at such times the Audit Committee deems appropriate to fulfill its responsibilities under the charter. The Nominating and Governance and Compensation Committees also meet in executive session as deemed appropriate.

Risk Oversight

The Board is responsible for overseeing Amkor’s risk management process and views risk oversight as one of the important functions it performs as a Board of Directors. While the Board is ultimately responsible for risk oversight, Board committees assist the Board in fulfilling this oversight responsibility through periodic meetings and discussions with management and company advisors, and reports to the full Board with respect to certain categories of risk.

With the assistance of the Nominating and Governance Committee, the Board has identified certain categories of risk to the company, and assigned oversight responsibility with respect to those risks to the Board as a whole and delegated to its committees specific categories of risk based on the particular functions and responsibilities of such committees.

As part of its overall responsibility for risk oversight, the Board directly oversees, among other areas, business strategy, customer and industry trends, financial performance, liquidity and capital expenditures, operations, insurance coverage, intellectual property, research and development, labor and human resources, and litigation. The Audit Committee is responsible for, among other areas, financial risk oversight including issues related to financial reporting and accounting, internal controls, disaster recovery, fraud and taxes. The Compensation Committee assesses and monitors risks related to our compensation practices and other related areas. The Nominating and Governance Committee has responsibility for oversight of risks related to, among other areas, the company’s corporate governance policies and practices that help position the Board to effectively carry out its risk oversight responsibility.

Amkor's management is responsible for day-to-day risk management. Management's responsibilities include identifying, evaluating and addressing potential risks that may exist at the enterprise, strategic, financial and operating levels and the development of processes for mitigating these risks. At periodic meetings of the Board and its committees and in other meetings

and discussion, management reports to and seeks guidance from the Board and its committees, as applicable, with respect to matters that could affect the company's risk profile, strategic plans, risk mitigation strategies and other aspects of the company's business. The Board oversees and monitors management in the execution of its risk oversight role.

Annual Meeting Attendance

All directors are encouraged, but not required, to attend our Annual Meeting of Stockholders. All of our incumbent directors who were directors at the time of the 2016 Annual Meeting of Stockholders attended the 2016 Annual Meeting of Stockholders.

Certain Relationships and Related Transactions

Related Party Transactions

As of February 28, 2017, Mr. James J. Kim, the Executive Chairman of our Board of Directors, and members of his immediate family and related trusts and affiliates beneficially owned approximately 58% of our outstanding common stock.

In May 2011, we sold \$400 million of our 6.625% Senior Notes due 2021 (the "2021 Notes") to qualified institutional buyers and to one of Mr. Kim's affiliates. Mr. Kim's affiliate purchased \$75 million of the 2021 Notes. The full amount of the 2021 Notes remains outstanding and the aggregate amount of interest paid to Mr. Kim's affiliate in respect of the 2021 Notes was \$5.0 million in 2016. In February 2017, Mr. Kim's affiliate sold \$40 million of the 2021 Notes.

Review and Approval of Related Party Transactions

We review all relationships and transactions in which we and our directors, executive officers or their immediate family members are participants, to determine whether such persons have a direct or indirect material interest. Management is primarily responsible for the development and implementation of processes and controls to obtain information from the directors and executive officers with respect to related party transactions and for then determining, based on the facts and circumstances, whether we or a related party have a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related party are disclosed in our proxy statement. In addition, pursuant to the Audit Committee Charter, the Audit Committee, or a committee of independent directors duly appointed by the Board, reviews and approves related party transactions in accordance with Nasdaq rules. In the course of its review and approval of a disclosable related party transaction, the Committee considers:

- whether the transaction is in the best interest of the company and its stockholders;
- the nature of the related party's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction;
- the importance of the transaction to the related party;
- whether the transaction would impair the judgment of a director or executive officer to act in our best interest; and
- any other matters the committee deems appropriate.

Any member of the Audit Committee who is a related party with respect to a transaction under review may not participate in the deliberations or vote respecting approval of the transaction, provided, however, that such director may be counted in determining the presence of a quorum at a meeting of the committee that considers the transaction.

Compensation Committee Interlocks and Insider Participation

During 2016, the Compensation Committee of our Board of Directors consisted of Messrs. Churchill, Carolin and Morse. No member of the Compensation Committee was an officer or employee of Amkor or any of Amkor's subsidiaries during 2016, or had any relationship requiring disclosure under SEC regulations. None of Amkor's Compensation Committee members or executive officers has served on the board of directors or on the compensation committee of any other entity of whose executive officers served on our Board of Directors or on our Compensation Committee.

DIRECTOR COMPENSATION**Annual Retainer and Fees**

During 2016, non-employee directors received an annual retainer, which was paid quarterly, and Board and Committee meeting fees. The cash compensation structure for our non-employee Board members for 2016 is set forth in the following table.

Annual Retainer for Board Members	\$50,000
Additional Annual Fees:	
Lead Independent Director	25,000
Audit Committee Chairman	15,000
Compensation Committee Chairman	15,000
Nominating and Governance Committee Chairman	10,000
Fee per Board and Committee Meeting attended in person	2,000
Fee per Board and Committee Meeting attended telephonically	1,000

In addition to the retainer and fees above, we also reimburse directors for travel and other reasonable out-of-pocket expenses incurred by them in attending Board and Committee meetings. Directors who are also employees or officers of Amkor do not receive retainers or meeting fees.

Equity Compensation

Upon re-election to the Board of Directors at our 2016 Annual Meeting, each non-employee director received an option to purchase 20,000 shares of our common stock and was granted restricted stock having a fair market value on the grant date of \$40,000, in each case automatically under the terms of the Amkor Technology, Inc. Amended and Restated 2007 Equity Incentive Plan (the "2007 Equity Plan"). Additionally, the 2007 Equity Plan provides that when an individual first becomes a non-employee director, such director automatically receives an initial grant of an option to purchase 20,000 shares of our common stock and an initial grant of restricted stock having a fair market value on the grant date of \$40,000, in each case pro-rated for the period of service from the date on which such individual first becomes a director to the date of the company's next annual meeting.

Automatic director option grants vest, and restrictions on automatic restricted stock grants lapse, in full on the earlier of the first anniversary of the grant date or the date of the first annual meeting of the company following the grant date, subject to the director's continuous service on the Board. Vested options remain exercisable for a period of two years following the date on which the director ceases to be a member of the Board or the tenth anniversary of the grant date, whichever is sooner. Subject to certain customary exceptions, unvested options and restricted stock for which restrictions have not yet lapsed are forfeited if a director ceases to be a member of the Board of Directors. In the event of a change in control, the options and restricted stock will be treated as the plan administrator determines in accordance with the 2007 Equity Plan, including without limitation assumption or grant of a substitute award by the successor or acquiring company. If the successor or acquiring company does not either assume or provide a substitute award, each option award will immediately vest and become exercisable in full and the restrictions on each restricted stock award will immediately lapse.

Our stock ownership guidelines for non-employee directors require non-employee directors to own shares of our common stock equal in value to five times their annual cash retainer (within a five-year period). Non-employee directors are expected to retain 50% of the after-tax shares of common stock acquired or retained upon the exercise of a stock option or vesting of a restricted stock award until such director satisfies the stock ownership guidelines.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

The primary objectives of our compensation program are to attract personnel for positions of substantial responsibility, and to provide appropriate incentives for them to perform to the best of their abilities to promote the success of our business and build long-term value for our stockholders. The outsourced semiconductor packaging and test market is very competitive. To compete effectively, we need key senior management and technical personnel with the talent, leadership and commitment to manage and operate our business, develop effective business strategies, differentiate our products and services, and anticipate and respond effectively to new challenges. To achieve these objectives we offer a competitive compensation package consisting primarily of base salary, performance-based annual cash bonus opportunities and equity-based awards, with an emphasis on cash compensation.

In determining the compensation of our named executive officers for 2016, the Compensation Committee considered the current economic environment, the company's financial results, the views of our Executive Chairman, the many contributions of our named executive officers that are not fully reflected in our financial results, the highly competitive nature of the company's industry, compensation data provided from time to time by the Compensation Committee's independent compensation consultant and the need to attract, retain and motivate a team of highly qualified and dedicated senior executives who are critical to the long-term success of the company.

The Compensation Committee also considers the results of the company's advisory vote to approve the compensation of our named executive officers, which is held on an annual basis consistent with the preference expressed by our stockholders. Our stockholders overwhelmingly approved the compensation of the named executive officers at our last Annual Meeting, with approximately 99% of votes cast in favor of approval. Although this vote is non-binding, we view this vote as a strong endorsement of our executive compensation program and policies.

Objectives and Philosophy of Executive Compensation Program

The objectives of our compensation program guide our Chief Executive Officer and Compensation Committee in designing pay packages with an appropriate mix of fixed and variable compensation to enable the company to recruit, motivate and retain key executives while maintaining a competitive cost structure. The Compensation Committee reviews proposed compensation packages with our Chief Executive Officer in determining compensation packages for our key executives (other than our Chief Executive Officer). The Chief Executive Officer and Compensation Committee also consult with the Executive Chairman in determining compensation packages.

Given the competitive and highly cyclical nature of our business, the Compensation Committee retains the flexibility to design an executive compensation structure that allows for a mix of cash, equity and other incentives that meets the overall compensation program objectives. Because of the highly cyclical nature of the semiconductor industry and the volatility of our stock price in recent years, it has been the philosophy of our Executive Chairman that equity compensation should not be the primary driver of our compensation program. As a result, the cash compensation component (base salary plus bonus opportunity) has historically represented a greater portion of total compensation opportunity than the equity component in our executive compensation structure. Consistent with the goal of maintaining flexibility in our executive compensation program, the Compensation Committee does not target short-term and long-term and cash and non-cash compensation at a specific percentage of an executive officer's overall compensation opportunity. Instead, the Compensation Committee retains the discretion to allocate compensation opportunities within these categories as it deems appropriate to achieve our overall compensation objectives.

Historically, the Compensation Committee and our Chief Executive Officer, in consultation with our Executive Chairman, have evaluated and monitored the effectiveness of our overall executive compensation arrangements on an ongoing basis. During 2016, the Compensation Committee continued to retain Frederic W. Cook & Co., a compensation consultant, to assist the Compensation Committee in reviewing the company's compensation structure for executives, including the standard elements of base salary, performance-based cash bonuses, and equity incentive programs, and in the selection of comparison companies for providing data to be used when evaluating our executive compensation arrangements. The Compensation Committee has considered the data provided by its compensation

consultant from time to time at a macro level as part of its determination of whether the overall level of compensation for each of our named executive officers is reasonable in light of market conditions. However, the Compensation Committee does not use the data to establish any element of compensation at a particular benchmark or percentile level.

The Compensation Committee reviews and approves the compensation for our executive officers, including our Chief Executive Officer. It is the practice of the Compensation Committee to review with the other independent directors and the

Executive Chairman, any significant changes to the Chief Executive Officer's compensation. In setting our executive officers' overall compensation, the Compensation Committee generally considers a variety of factors related to the company's performance, including in the case of our 2016 annual bonus program for executives: (i) Sales Growth (ii) Gross Profit and (iii) Greater China Sales Growth, each of which was calculated based on a pre-determined method as set by the Compensation Committee, as described in more detail below. These performance metrics were selected because the Compensation Committee and our Chief Executive Officer believed that Sales Growth, Gross Profit and Greater China Sales Growth are key drivers for increasing shareholder value. Other factors considered by the Compensation Committee typically include the achievement of other financial and operating business objectives, our fiduciary and corporate responsibilities, competitive practices and trends, regulatory requirements and individual performance.

2017 Update on Chief Executive Officer Compensation

In recognition of Mr. Kelley's achievements in driving company performance and stockholder value, and the Board's desire to retain Mr. Kelley as President and Chief Executive Officer, the Company entered into a new four-year compensation arrangement with Mr. Kelley dated February 27, 2017. In determining Mr. Kelley's compensation, the Compensation Committee noted the Company's record sales of \$3.9 billion in 2016, the successful consolidation of J-Devices, and the solid sales growth in automotive, Greater China and Advanced SiP. The successful execution of these initiatives has contributed to improved profitability and cash flow which in turn have resulted in increasing stockholder value, as demonstrated by our annualized four-year Total Shareholder Return as of December 31, 2016 of 26%. The Compensation Committee and Executive Chairman considered these factors, along with others, when evaluating a compensation package for Mr. Kelley that would provide appropriate incentives for his service and performance going forward. Under the new agreement, Mr. Kelley's employment with the Company will continue to be on an at-will basis. The material elements of the agreement are as follows:

Base Salary. Mr. Kelley's annual base salary was increased from \$700,000 to \$825,000. Effective January 1, 2018, his base salary will be increased to \$860,000 and effective January 1, 2019, his base salary will be increased to \$895,000.

Annual Incentive Bonus. Under the Company's Executive Incentive Bonus Plan, Mr. Kelley will be eligible for an annual cash bonus with a target amount equal to 135% of his base salary.

Equity Awards. Mr. Kelley was granted the following equity awards under the Company's 2007 Equity Incentive Plan: (i) a one-time grant of 200,000 time-based restricted shares of Company common stock and (ii) an option to purchase an additional 450,000 shares of Company common stock at a purchase price per share equal to the fair market value of such shares on the grant date. The option and restricted stock awards will vest in equal quarterly installments and will be fully vested on the fourth anniversary of the grant date. In addition, each award will vest in full upon his death, disability or Change in Control (as defined in the Plan).

Service Bonus. Subject to his continued employment with the Company, Mr. Kelley is entitled to receive a service bonus of \$8,500,000 ("Total Service Bonus") payable in four annual installments of \$2,125,000 ("Annual Service Bonus") in arrears for service for the prior year. In the event of death or disability, the current year Annual Service Bonus will be fully paid, but the remaining unpaid portion of the Total Service Bonus will be forfeited. In the event of his termination for "cause" or without "good reason," the remaining unpaid portion of the Total Service Bonus will be forfeited. If his employment is terminated by the Company without "cause" and other than due to his death or disability or by him for "good reason," in each case in connection with or after a "change in control," he will be paid a lump sum amount equal to the remaining unpaid portion of the Total Service Bonus.

Severance Terms. Upon termination of Mr. Kelley's employment by the Company without "cause" or by Mr. Kelley for "good reason," he will be entitled to continuation of his then-current base salary for an 18-month period; a pro-rata bonus for the year of termination determined based on the actual bonus, if any, he would have been paid for such year absent such termination; payment of health insurance premiums for up to 18 months; payment of outplacement services for up to six months; and payment of salary, unused vacation time and vested benefits earned prior to termination.

Consistent with the philosophy of the Executive Chairman and our historical approach to executive compensation, the cash compensation component (base salary plus cash bonus opportunities) represents a greater portion of total compensation than the equity component of Mr. Kelley' s compensation package.

Risk Assessment

In March 2017, in connection with the preparation of this Proxy Statement, the Compensation Committee reviewed and evaluated the company' s executive compensation and general compensation policies and practices. As part of that process, the Compensation Committee evaluated whether such policies and practices would create risks that were reasonably likely to have a material adverse effect on the company. The Compensation Committee considered a number of factors, including the key

components of the company's compensation programs and the relative weighting of those components as part of overall compensation, as well as the considerations enumerated by the SEC. The Compensation Committee also considered the fact that base salary, which represents a meaningful portion of each executive's overall compensation opportunity, is not performance-based. Prior to the Compensation Committee's review, members of the executive management team (in consultation with the company's outside legal counsel) also reviewed the company's compensation policies and practices and considered whether those policies and practices were likely to encourage inappropriate risk-taking by executives or other employees. Based on the foregoing, the company concluded that its compensation policies and practices did not create risks that were reasonably likely to have a material adverse effect on the company.

Independence of Compensation Committee

All members of the Compensation Committee have been determined by the Board of Directors to be independent directors in accordance with Nasdaq, SEC and Internal Revenue Code rules. The Compensation Committee operates under a written charter that has been approved by the Board of Directors. A copy of the charter is available on our website at <http://www.amkor.com>.

Our Compensation Program Rewards Individual and Company Performance

Our compensation program is designed to reward high levels of performance at a company and individual level. Our key executive incentive compensation components currently consist of cash bonuses and equity grants, both of which are designed to reward our company-wide performance and superior individual performance. In addition, given the volatility of our industry and the impact that volatility has on our variable pay, we also strive to provide competitive base salaries in order to ensure a baseline level of stable income, and health and welfare benefits in order to promote the well-being of our executives.

Our Chief Executive Officer reviews the performance of each of his direct reports on an ongoing basis. Based on this ongoing assessment of performance, our Chief Executive Officer makes recommendations regarding the compensation of executive officers (other than his own).

Our compensation program is designed to reward performance rather than longevity of service. We do not maintain a pension program for our U.S.-based executives, other than the 401(k) plan that is generally available to U.S. employees. All salary increases and non-benefit related compensation other than base salary are structured in a manner that rewards performance, not length of service.

Although our current long-term incentive program consists of stock option and restricted stock grants that vest over time, the intrinsic nature of a stock option is that it will only provide value to the executives to the extent our stock price increases over the life of the stock option. Restricted stock provides a base level of long-term incentive compensation vesting over time that promotes the retention of key employees and ties executive compensation to the creation of long-term shareholder value through appreciation in the company's stock price.

Elements of our Compensation Program

The company provides two main types of compensation — fixed compensation and variable compensation. Fixed elements of compensation are not correlated directly to any measure of the company's performance and include items such as (i) base salary, (ii) 401(k) matching contributions, (iii) health and welfare benefits, and (iv) limited perquisites and supplemental benefits. In the case of our Chief Executive Officer, fixed compensation also includes his Service Bonus, as described above. Variable elements of compensation are based on performance and include such items as annual performance bonuses, and equity awards in the form of options to purchase shares of our common stock, restricted stock, or similar equity-based incentives. Although the company does not have a policy obligating us to provide severance benefits to terminated executives or employees, the company has provided severance benefits to certain executives and other employees on a discretionary basis.

Base Salary

The Compensation Committee believes that the primary purpose of base salaries is to provide a stable source of income in order to attract and retain key executives. We also use base salary increases to reward high performing executives and to recognize increases in the scope of an individual's responsibilities. We seek to set base salaries at a level that is sufficient to be attractive to current and prospective executives. The primary factors we consider when setting base salaries include the experience and expertise of the individual, the value of the position to our

organization and ongoing strategy, the competitive market environment, internal equity considerations, and the input of our Chief Executive Officer and our Executive Chairman.

In February 2016, in connection with Mr. Yoshifumi Nakaya's promotion and appointment as Executive Vice President, Japan and Chief Executive Officer and President of J-Devices, the Compensation Committee approved an increase in Mr. Nakaya's base salary from JPY 60M to JPY 65M (approximately \$575,000).

In September 2016, in connection with Ms. Faust's promotion and appointment as Corporate Vice President and Chief Financial Officer of the Company, the Compensation Committee approved an increase in Ms. Faust's base salary to \$300,000.

In November 2016, based on Mr. Rutten's performance, the Compensation Committee approved an increase in Mr. Rutten's base salary from \$395,000 to \$425,000.

In February 2017, the Compensation Committee approved increases in the base salaries of our named executive officers as follows: Mr. Tily's base salary was increased from \$580,000 to \$610,000; Ms. Faust's base salary was increased from \$300,000 to \$315,000; Mr. Rutten's base salary was increased from \$425,000 to \$450,000; and Mr. Nakaya's base salary was increased from JPY 65M to JPY 68.25M (approximately \$610,000).

Annual Incentive Opportunities

We have generally paid cash bonuses to our executives based on the executive's performance and our financial results. Cash bonuses, if any, are typically paid in the year following the year during which performance was measured. The primary purpose of cash bonuses is to focus the attention of key executives on our operational and financial performance. In addition, unlike stock options or restricted stock, our cash bonus program allows us to set individual and company-wide goals that are viewed as critical to our overall success on an ongoing basis. This provides us with the flexibility to adapt our focus and goals as business priorities and executives' roles change over time. Bonuses are paid to executives with respect to the financial performance goals for a given year only if the performance goals as approved by the Compensation Committee are achieved. Furthermore, even if such performance goals are achieved, the Compensation Committee retains the discretion to reduce an executive's earned bonus based on such factors as it determines relevant.

Bonus opportunities for the named executive officers for 2016 were established by the Compensation Committee under the Amkor Technology, Inc. Executive Incentive Bonus Plan (the "Executive Bonus Plan"). In setting the target bonus levels, the Committee considered, among other factors, alignment of executive compensation with creation of stockholder value. The following table sets forth the target bonus levels for 2016:

	Target Bonus as a Percentage of Base Pay
James J. Kim Executive Chairman (1)	135%
John T. Kim Executive Vice Chairman (1)	75
Stephen D. Kelley President and Chief Executive Officer	100
Megan Faust Corporate Vice President and Chief Financial Officer	75
Yoshifumi Nakaya Executive Vice President, Japan and Chief Executive Officer and President of J-Devices	100
Gil C. Tily Executive Vice President, Chief Administrative Officer, General Counsel and Corporate Secretary	85
Giel Rutten Executive Vice President, Advanced Products	75

Notes

While Mr. James J. Kim and Mr. John T. Kim are not executive officers, they have been included here as their (1) incentive compensation for 2016 was established based on the same performance criteria approved by the Compensation Committee for our executive officers.

For 2016, the Executive Bonus Plan provided each participant with a target bonus amount that could be earned based on achievement of the following performance goals: (i) Sales Growth (weighted at 30%), (ii) Gross Profit (weighted at 25%), (iii)

21

Greater China Sales Growth (weighted at 15%), and (iv) Discretionary/Individual Performance (weighted at 30%). For purposes of the Executive Bonus Plan, Sales Growth and Gross Profit were determined based on net sales and gross profit as reported in our audited consolidated financial statements, to be adjusted for extraordinary items such as legal settlements and accruals, sales, costs and other charges associated with mergers and acquisitions, non-routine restructuring charges, certain tax impacts and other similar items as approved by the Compensation Committee.

For 2016, the Executive Bonus Plan used the following payout formula:

A threshold, target and maximum level of performance was established with respect to (i) Sales Growth, (ii) Gross Profit and (iii) Greater China Sales Growth.

0% of the target bonus amount was to be paid if less than the threshold levels of performance were achieved with respect to all three performance goals;

100% of the target bonus amount was to be paid if the target levels of performance were achieved with respect to all three performance goals; and

150% of the target bonus amount was to be paid if the maximum levels of performance were achieved with respect to all three performance goals.

Each goal was independent of the other goals, such that if the target for Gross Profit was achieved, but the threshold targets for the other two performance goals were not achieved, it would have still been possible to earn a 2016 bonus.

In the event that performance for any metric was greater than the threshold but less than the target, or was greater than the target but less than the maximum, then the payout for such metric would be pro-rated on a straight line basis.

In February 2017, the Compensation Committee considered the performance of our named executive officers and Mr. James J. Kim and Mr. John T. Kim during 2016 under the Executive Bonus Plan, and determined that the named executive officers and Mr. James J. Kim and Mr. John T. Kim would be entitled to bonuses as set forth below, based on the level of achievement in 2016:

Name	2016 Target Bonus	2016 Actual Bonus	2016 Actual Bonus (as % of Target)
James J. Kim	\$810,000	\$1,111,320	137.2%
John T. Kim	318,750	437,325	137.2
Stephen D. Kelley	700,000	960,400	137.2
Megan Faust (1)	158,648	193,867	122.2
Yoshifumi Nakaya	555,750	762,489	137.2
Gil C. Tily	493,000	661,606	134.2
Giel Rutten	318,750	427,763	134.2

Notes

(1) Ms. Faust's 2016 Bonus payout was prorated in light of her promotion to Chief Financial Officer during the year.

Long-term Incentive Compensation

The company has granted equity-based awards to executives from time to time, typically in the form of stock options or restricted stock with time-based vesting requiring continued service through each vesting date. The primary purpose of granting equity-based awards is to align our executives and stockholders with a common goal of long-term stockholder value creation. The Compensation Committee believes that stock options issued with exercise prices equal to fair market value on the date of grant that have a time-based vesting requirement can be an effective retention and incentive tool because the stock options only produce value to the extent that the executive continues to be employed by us and the stock price increases, which in turn creates value for all stockholders. The Compensation Committee also believes that restricted stock grants are an appropriate incentive compensation tool because they provide a base level of long-term incentive compensation vesting over time that promotes the retention of key employees and ties executive compensation to the creation of long-term stockholder value through appreciation in the company's stock price.

Historically, the Chief Executive Officer typically consulted with other senior executive officers and our Executive Chairman regarding his recommendations for the number of stock option and restricted stock awards granted to our executive officers (other than the Chief Executive Officer), and the frequency of grants. The Compensation Committee, with the assistance of data provided periodically by its compensation consultant, reviews the recommendations from the Chief Executive Officer, and makes awards as it deems appropriate. Although a number of factors are considered, the number of stock option and restricted stock awards granted to our executive officers is determined on a case-by-case, discretionary basis, rather than on a formula basis. Factors considered include individual performance potential, retention and competitive market-based compensation packages. The number of stock option and restricted stock awards granted to our Chief Executive Officer, and the frequency of grants to him, is determined in the discretion of the Compensation Committee. It is the practice of the Compensation Committee to review such grants to the Chief Executive Officer with the other independent members of the Board and the Executive Chairman.

In February 2016, in connection with Mr. Yoshifumi Nakaya's promotion and appointment as Executive Vice President, Japan and Chief Executive Officer and President of J-Devices, the Compensation Committee approved, a grant under the 2007 Equity Plan to Mr. Nakaya of an option to purchase 200,000 shares of Company common stock at a purchase price per share equal to the fair market value of a share on the grant date.

In September 2016, in connection with Ms. Faust's promotion and appointment as Corporate Vice President and Chief Financial Officer of the Company, the Compensation Committee approved a grant, under the 2007 Equity Plan, to Ms. Faust of an option to purchase 75,000 shares of Company common stock at a purchase price per share equal to the fair market value of a share on the grant date.

In February 2017, the Compensation Committee approved the following stock option awards to the other named executive officers and to Mr. James Kim and Mr. John Kim under the 2007 Equity Plan: James Kim - 200,000 shares; John Kim - 175,000 shares; Gil Tily - 175,000 shares; Megan Faust - 120,000 shares; Giel Rutten - 150,000 shares. The stock options were granted at an exercise price per share equal to the fair market value of a share on the grant date.

Timing of Grants. The Compensation Committee has not granted, nor does it intend in the future to grant, stock options to executives in anticipation of the release of material nonpublic information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. In addition, discretionary stock option grants may not be made during certain "blackout" periods established in connection with the public release of earnings information. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material nonpublic information based on stock option grant dates.

Severance Benefits

Although we do not have a policy obligating us to provide severance benefits to terminated executives or employees, the company has provided severance benefits to certain executives and other employees on a discretionary basis. As part of the compensation package offered to induce Mr. Kelley to accept our offer of employment, Mr. Kelley's employment letter includes a provision regarding severance benefits payable upon his termination of employment under certain circumstances. These severance benefits are described further in the "Potential Payments Upon Termination or Change in Control" section below. With the exception of the foregoing, we do not have any employment, severance or change-in-control arrangements in place with any of our named executive officers. In connection with Ms. Joanne Solomon's departure from the Company in September 2016, Ms. Solomon was provided the following severance benefits: (i) a lump sum of \$460,000 (one-year base salary), (ii) a lump sum bonus of \$477,800 under the Executive Bonus Plan, (iii) reimbursement for the reasonable costs of outplacement services, and (iv) payment of COBRA health insurance premiums for up to twelve months. Ms. Solomon's unvested stock options and shares of restricted stock and vested stock options were treated in accordance with the terms of the applicable award agreements.

Other Compensation Elements

Health and Welfare Benefits. Our executives are eligible to participate in health and welfare benefit programs that are generally available to substantially all salaried, full-time employees, as determined by the country of their employment.

Retirement Benefits. We do not have a pension plan in place for U.S. employees or executives. We do offer a tax-qualified 401(k) savings plan that, subject to Internal Revenue Service (“IRS”) limits, allows U.S. executives and employees to contribute a portion of their cash compensation on a pre-tax basis to an account that is eligible to receive matching contributions. We match employee contributions at a rate of 100% of the amount of compensation deferred by the participant, up to a maximum matching contribution of \$10,000 per year.

Perquisites and Personal Benefits. In addition to the health and welfare benefits generally available to all salaried, full-time employees, the company also pays for our executive officers to obtain an annual medical screening. Although they make up a small portion of total compensation for our named executive officers, the purpose of these compensation elements is to promote the continuous well-being of our executives, and to ensure that our most critical employees are able to devote their attention to our ongoing success.

Stock Ownership Guidelines

Our executive officers, including our named executive officers, are expected to own shares of our common stock equal in value to a multiple of the executive's salary or a specified number of shares, whichever is less. The Chief Executive Officer is expected to hold the lesser of 100% of his annual base salary or 100,000 shares. Each other executive officer of the company is expected to hold the lesser of 50% of his/her annual base salary or 50,000 shares. Executive officers have five years from the date on which they were appointed as an executive officer or the adoption of the guidelines (whichever is later) to achieve this ownership level.

Tax and Accounting Considerations

Section 162(m) of the Internal Revenue Code imposes limitations on the deductibility for federal income tax purposes of compensation over \$1 million paid to our Chief Executive Officer and our next three most highly paid executive officers (other than our Chief Financial Officer) in a taxable year. Compensation above \$1 million may only be deducted if it is "performance-based compensation" within the meaning of the Internal Revenue Code. The Compensation Committee is aware of these limitations when structuring executive compensation. However, we retain the flexibility to pay compensation that is not entirely deductible where the Compensation Committee determines doing so to be appropriate.

For accounting purposes equity awards are measured at their fair value at the date of grant with the resulting compensation expense recognized ratably over the service period which is generally the vesting period of the award.

Report of the Compensation Committee of the Board of Directors

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis for the year ended December 31, 2016. Based on such review and discussion, the Compensation Committee recommended to the Board of Directors, and the Board of Directors has approved, that the Compensation Discussion and Analysis be included in this Proxy Statement on Schedule 14A.

This report is submitted by the Compensation Committee.

Potential Payments Upon Termination or Change in Control

Pursuant to his employment offer letter, dated February 27, 2017, if Mr. Kelley's employment is terminated by Amkor without "cause" or by Mr. Kelley for "good reason," he will be entitled to continuation of his then-current base salary for an 18-month period; a pro-rata bonus for the year of termination determined based on the actual bonus, if any, he would have been paid for such year absent such termination; payment of health insurance premiums for up to 18 months; payment of outplacement services for up to six months; and payment of salary, unused vacation time and vested benefits earned prior to termination.

In the event of Mr. Kelley's termination due to death or disability, the current year Annual Service Bonus will be fully paid, but the remaining unpaid portion of the Total Service Bonus will be forfeited. In the event of his termination for "cause" or without "good reason," the remaining unpaid portion of the Total Service Bonus will be forfeited. If his employment is terminated by the Company without "cause" and other than due to his death or disability or by him for "good reason," in each case in connection with or after a "change in control," he will be paid a lump sum amount equal to the remaining unpaid portion of the Total Service Bonus.

Mr. Kelley's right to receive severance benefits, as described above, is contingent upon his compliance with certain non-competition and non-solicitation obligations for 18 months following his termination of employment, and certain non-disparagement, confidentiality and intellectual property assignment obligations for an indefinite period.

With the exception of the foregoing, none of our U.S. executives has a pension benefit or post-retirement health coverage arrangement provided by Amkor.

28

In September 2016, Ms. Solomon separated from Amkor and entered into an agreement and release with the Company that provides for her to receive (i) a lump sum of \$460,000 (one-year base salary), (ii) a lump sum amount equal to the bonus she would have been paid, if any, under the Company's 2016 Executive Bonus Plan when payments are made to participants generally under the plan, (iii) reasonable costs of outplacement services and (iv) payment of health insurance premiums for up to twelve months. Further, Ms. Solomon's unvested stock options and shares of restricted stock and vested stock options were treated in accordance with the terms of the applicable award agreement. The agreement and release also contains confidentiality, non-solicitation, non-disparagement and other customary provisions and is subject to non-revocation of a general release by Ms. Solomon.

Post Employment Compensation

As described in the Compensation Discussion and Analysis above, our named executive officers are employees at will and, other than Mr. Kelley (as described above), do not have employment, change-in-control or severance agreements with us. The information and related tables presented below reflect the amount of compensation that would become payable to our named executive officers upon certain events if the named executive officer's employment had terminated, or a change in control had occurred on December 31, 2016. The figures shown in the tables presented below are based, where applicable, on Amkor's closing stock price on that date and any actual amounts paid under these scenarios, should they occur in the future, may be different. For purposes of this section, we have excluded amounts that would become payable under programs that are generally available to Amkor's salaried employees (e.g., our 401(k) plan and company-provided life insurance).

Cash Payments upon Termination of Service

Except as described above with respect to Mr. Kelley, Amkor does not have any executive contracts or agreements that provide for cash severance payments for terminations of any kind for U.S.-based executives. Furthermore, there is no policy that obligates us to pay severance under any circumstances. In the past, we have had an informal and discretionary practice regarding severance payments where employees whose service is involuntarily terminated due to a reduction in force have generally received three weeks of base salary pay for their first year of service and one week of base salary for every year of service thereafter. This practice and formula has been used typically for non-executive officers. For executives, informal and discretionary past practice has generally ranged from providing six to twelve months of base salary and in one case, approximately 24 months of base salary.

Treatment of Equity upon Termination and Change in Control

The following table shows the additional vesting, if any, for unvested equity awards and the exercise periods for vested stock option awards, if applicable, should the following events occur.

Treatment of Outstanding Stock Options and Restricted Stock upon Various Events

Voluntary Resignation	Normal Retirement (1)	Involuntary Not for Cause	For Cause Termination	Change in Control	Death	Disability
No additional vesting of Restricted Stock or Stock Options; up to 3 months to exercise vested Stock Options	No additional vesting of Restricted Stock or Stock Options; up to 24 months to exercise vested Stock Options	No additional vesting of Restricted Stock or Stock Options; up to 3 months to exercise vested Stock Options	No additional vesting of Restricted Stock or Stock Options; up to 3 months to exercise vested Stock Options	Accelerated vesting of Restricted Stock and Stock Options (if not assumed); up to 3 months to exercise vested Stock Options	Accelerated vesting of Restricted Stock and Stock Options; up to 24 months to exercise vested Stock Options	Accelerated vesting of Restricted Stock and Stock Options; up to 24 months to exercise vested Stock Options

Notes

Normal retirement is defined as termination of service on or after the date when the sum of (i) the executive's age (1)(rounded down to the nearest whole month), plus (ii) the number of years (rounded down to the nearest whole month) that the executive has provided services equals or is greater than seventy-five (75).

Based on the treatment of equity awards as outlined in the preceding table, the following table shows the value attributable to the acceleration of vesting for outstanding restricted stock and stock options held by each named executive officer as of December 31, 2016 under each acceleration event described above. The value shown is based on a termination date or a change in control as of December 31, 2016 using the closing price of our common stock on that date, which was \$10.55.

The number and percentage of shares beneficially owned is determined in accordance with Rule 13d-3 under the Securities Exchange Act of 1934, as amended. The information is not necessarily indicative of beneficial ownership for any other purpose. Under this rule, beneficial ownership includes any share over which the individual or entity has voting power or investment power. In computing the number of shares beneficially owned (a) by a person and the percentage ownership of that person, shares of our common stock subject to options held by that person that will become exercisable within 60 days of February 28, 2017 are deemed outstanding. Unless otherwise indicated, each person or entity has sole voting and investment power with respect to shares shown as beneficially owned.

As reported by James J. Kim and other reporting persons on a Schedule 13D/A filed with the SEC on January 20, 2017 (the "Kim Schedule 13D"), Mr. James J. Kim, our Executive Chairman of the Board of Directors, members of (b) Mr. Kim's immediate family and affiliates own directly 137,987,030 shares, or approximately 58%, of our outstanding common stock. Of this total number of shares 425,000 are options exercisable within 60 days of December 31, 2016.

Kim Family Group"), who each may exercise voting and/or investment power in one or more capacities with respect to the shares of common stock in concert with other members of the James J. Kim 2015 Irrevocable Trust U/A dated 3/16/15 and the Susan Y. Kim Irrevocable Trust U/A dated 7/26/12. The trustees of each Kim Trust may be deemed to be the beneficial owners of the shares held by such Kim Trust. None of the trusts named in the Schedule 13D, own more than five percent of the outstanding shares

of common stock. James J. Kim, as general partner of the 915 Partnership, has voting and investment power with respect to all of the securities held by the 915 Partnership. Sujoda Management, LLC is the general partner of Sujoda Partnership. The sole members of Sujoda Management LLC are John T. Kim, Susan Y. Kim and David D. Kim. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires our officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Such officers, directors and ten-percent stockholders are also required by SEC rules to furnish Amkor with copies of all forms that they file pursuant to Section 16(a).

Based solely on our review of the copies of such forms received by us, or written representations from certain reporting persons that no other reports were required for such persons, Amkor believes that all Section 16(a) filing requirements applicable to our officers, directors and ten-percent stockholders were complied with in a timely fashion during 2016, other than one Form 4 which was filed late to report the vesting of 79 restricted shares for Ms. Faust.

PROPOSAL TWO

ADVISORY VOTE TO APPROVE THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, or the Dodd-Frank Act, enables our stockholders to vote to approve, on an advisory or nonbinding basis, the compensation of our named executive officers as disclosed in accordance with the SEC's rules in the "Executive Compensation" section of this proxy statement. This proposal, commonly known as a "say-on-pay" proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation as a whole. This vote is not intended to address any specific item of compensation or any specific named executive officer, but rather the overall compensation of all of our named executive officers and the philosophy, policies and practices described in this proxy statement.

The say-on-pay vote is advisory, and therefore not binding on the company, the Compensation Committee or our Board of Directors. The say-on-pay vote will, however, provide information to us regarding investor sentiment about our executive compensation philosophy, policies and practices, which the Compensation Committee will be able to consider when determining executive compensation for the remainder of the current fiscal year and beyond. Our Board of Directors and our Compensation Committee value the opinions of our stockholders and to the extent there is any significant vote against the named executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

We believe that the information provided within the Executive Compensation section of this proxy statement demonstrates that our executive compensation program was designed appropriately and is working to ensure management's interests are aligned with our stockholders' interests to support long-term value creation. Accordingly, we are asking our stockholders to vote "FOR" the following resolution at the Annual Meeting:

“RESOLVED, that the company’s stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the compensation tables, the narrative discussion and the other related disclosure.”

The Board unanimously recommends a vote "FOR" the advisory vote approving the compensation of our named executive officers as described in this proxy statement. The affirmative vote of the holders of a majority of the shares present and entitled to vote is necessary for approval.

PROPOSAL THREE

ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, enables our stockholders to indicate, at least once every six years, how frequently we should seek future advisory votes on the compensation of our named executive officers as disclosed in accordance with the compensation disclosure rules of the SEC, which we refer to as an advisory vote on named executive officer compensation. By voting with respect to this Proposal Three, stockholders may indicate whether they would prefer that we conduct future advisory votes on executive compensation once every one, two, or three years.

At the annual meeting of stockholders held on May 3, 2011, a majority of the company's stockholders cast their vote in favor of holding an annual advisory vote on the compensation of our named executive officers.

After careful consideration, our Board of Directors reconfirmed its prior determination that an annual advisory vote on executive compensation will allow our stockholders to provide timely, direct input on the Company’s executive compensation philosophy, policies and practices as disclosed in the proxy statement each year. The Board believes that an annual vote is therefore consistent with the Company’s efforts to engage in an ongoing dialogue with our stockholders on executive compensation and corporate governance matters.

This vote is advisory and not binding on the Company or our Board of Directors in any way. The Board of Directors and the Compensation Committee will take into account the outcome of the vote, however, when considering the frequency of future advisory votes on executive compensation.

Stockholders may cast a vote on the preferred voting frequency by selecting the option of one year, two years, three years or abstain from voting.

The Board unanimously recommends that you vote for the option of EVERY YEAR as the preferred frequency for advisory votes on named executive officer compensation.

PROPOSAL FOUR

APPROVAL OF THE SECOND AMENDED AND RESTATED 2007 EQUITY INCENTIVE PLAN

In 2012, our stockholders approved the Amkor Technology, Inc. Amended and Restated 2007 Equity Incentive Plan (the “Current Plan”), which provides for, among other matters, tax deductibility of certain performance-based compensation under the Code. Section 162(m) of the Code requires that the material terms of the performance goals be disclosed to and approved by our stockholders every five years. To comply with this requirement and ensure that awards to certain of our executives will continue to be eligible for deductibility under Section 162(m) of the Code, and to further extend the term of the Current Plan, in March 2017, the Board of Directors amended and restated the Current Plan in its entirety (the “Restated Plan”). This proposal does not seek authorization of any additional shares and the same number of shares authorized and remaining available for issuance with respect to awards under the Current Plan are authorized and remain available for issuance with respect to awards under the Restated Plan.

The Board believes that long-term incentive compensation programs align the interests of management, employees and the stockholders to create long-term stockholder value. The Board believes that plans such as the Restated Plan increase our ability to achieve this objective by allowing for several different forms of long-term incentive awards, which will help us to recruit, reward, motivate and retain talented personnel. The Board believes strongly that the approval of the Restated Plan is essential to our continued success. In particular, the Board believes that employees are our most valuable asset and that the awards permitted under the Restated Plan are vital to attract and retain outstanding and highly skilled individuals in the extremely competitive labor markets in which we compete. Such awards also are crucial to our ability to motivate employees to achieve our goals.

A summary of the terms of the Restated Plan is set forth below. This summary is qualified in its entirety by the terms of the Restated Plan, a copy of which is attached hereto as Exhibit A.

The Board of Directors unanimously recommends voting “FOR” the adoption of the Restated Plan.

Summary of Restated Plan

Purpose. The purpose of the Restated Plan is to (i) attract and retain the best available personnel for positions of substantial responsibility; (ii) provide incentives to individuals who perform services to the Company or its subsidiaries; and (iii) promote the success of the Company’s business.

General. The Restated Plan provides for the grant of the following types of incentive awards: (i) stock options, (ii) restricted stock, (iii) restricted stock units, (iv) stock appreciation rights, (v) performance units and performance shares, (vi) Other Stock-Based Awards and (vii) cash awards. Each of these is referred to individually as an “Award.” Those who will be eligible for Awards under the Restated Plan include employees, directors and consultants who provide services to the Company or its subsidiaries. As of January 2017, approximately 27,695 employees, 10 directors and 1,989 consultants would be eligible to participate in the Restated Plan.

Number of Shares of Common Stock Available Under the Restated Plan. The Company has reserved 17,000,000 shares of our common stock for issuance under the Current Plan and is not requesting any additional shares under the Restated Plan. Therefore, the number of shares available under the Restated Plan will be approximately 8,100,000, which represents the 17,000,000 shares minus those previously granted under the Current Plan. The shares may be authorized, but unissued, or reacquired common stock. Any Shares subject to restricted stock, restricted stock units, performance units, performance shares or Other Stock-Based Awards will be counted against the share reserve as one and a half (1.5) shares for every one (1) share subject to such Award. Each stock settled SAR will count against the share reserve based on the number of shares underlying the exercised portion of such Award rather than the number of shares actually issued in settlement of such Award. Any shares issued by the Company through the assumption or substitution of outstanding grants from an acquired company will not reduce the number of shares available for Awards under the Restated Plan (or otherwise count against the Award limits set forth therein). Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will not become available for future grant or sale under the Restated Plan. If an Award (or any portion thereof) expires, is forfeited or becomes unexercisable without having been exercised in full, the shares subject to such Award (or portion thereof) will become available for future grant or sale under the Restated Plan.

If we declare an extraordinary dividend or other extraordinary distribution or engage in a recapitalization, stock split, reverse stock split, reorganization, merger, consolidation, split-up, spin-off, combination, repurchase, or exchange of shares or other securities of the Company, or other change in our corporate structure affecting our common stock, the Administrator (as defined below) will proportionally adjust the number of shares of common stock which have been authorized for issuance under the Restated Plan, the number of shares covered by each outstanding Award and/or the price per share covered by each such outstanding Award, in order to prevent dilution or enlargement of the benefits or potential benefits intended to be made available under the Restated Plan.

Administration of the Restated Plan. The Board, or a committee of directors or of other individuals satisfying applicable laws and appointed by the Board (referred to herein as the “Administrator”), will administer the Restated Plan. To make grants to certain officers and key employees, the members of the committee must qualify as “non-employee directors” under Rule 16b-3 of the Exchange Act. In addition, the members of the committee must qualify as “outside directors” under Code Section 162(m) so that the Company can receive a federal tax deduction for

certain compensation paid under the Restated Plan. Subject to the terms of the Restated Plan, the Administrator has the sole discretion to, among other items, (i) select the employees, consultants, and directors who will receive Awards, (ii) determine the terms and conditions of Awards, (iii) to interpret the provisions of the Restated Plan and outstanding Awards, (iv) to agree with a participant regarding the method of payment with respect to the exercise price or withholding taxes due with respect to any Award that differs from the default method identified in the Restated Plan and (v) make all other determinations deemed necessary or advisable for administering the Restated Plan. The Administrator may not implement a program that provides for the repricing, replacing or cash buy-back of, out-of-the-money awards without stockholder approval.

Options. The Administrator may grant nonstatutory stock options and incentive stock options under the Restated Plan. The Administrator determines the number of shares subject to each option, although the Restated Plan provides that a participant may not receive options covering more than 2,000,000 shares in any year, except in connection with his or her initial service as an employee with the Company, in which case he or she may be granted an option to purchase up to an additional 2,000,000 shares. The Administrator determines the exercise price of options granted under the Restated Plan, provided the exercise price must be at least equal to the fair market value of our common stock on the date of grant. In addition, the exercise price of an incentive stock option granted to any participant who owns more than 10% of the total voting power of all classes of our outstanding stock must be at least 110% of the fair market value of the common stock on the grant date. The term of an option may not exceed ten (10) years, except that, with respect to any participant who owns more than 10% of the total voting power of all classes of our outstanding stock, the term of an incentive stock option may not exceed five (5) years. The Administrator will determine the acceptable form of consideration for exercising an option, including the method of payment of the exercise price; provided that any participant who is subject to the requirements of Section 16 of the Exchange Act at the time of exercise shall pay the exercise price of an option by having a number of shares withheld from those that would otherwise be received on exercise that have an aggregate fair market value equal to the aggregate exercise price of the option.

After a termination of service with us, a participant will be able to exercise the vested portion of his or her option for the period of time stated in the Award agreement, which period shall not exceed twenty-four (24) months from the date of termination of service, retirement, death or disability, as applicable. In no event may an option be exercised later than the expiration of its term.

Restricted Stock. Awards of restricted stock are rights to acquire or purchase shares of our common stock, which vest in accordance with the terms and conditions established by the Administrator in its sole discretion.

Notwithstanding the foregoing, restricted stock will vest over a minimum period of three (3) years from the date of grant (which may be ratable over such period), unless such restricted stock was granted based upon performance criteria, in which case it will vest over a minimum of one (1) year from the date of grant. The Administrator will determine the number of shares granted pursuant to an Award of restricted stock, but no participant will be granted a right to purchase or acquire more than 1,000,000 shares of restricted stock during any fiscal year, except that a participant may be granted up to an additional 1,000,000 shares of restricted stock in connection with his or her initial employment with us. During the vesting period, holders will have voting and dividend rights with respect to their unvested shares of restricted stock unless otherwise provided in the Award Agreement; provided, however, that any such dividends will be subject to the same forfeiture restrictions as the underlying shares of restricted stock.

Restricted Stock Units. Awards of restricted stock units result in a payment to a participant only if the vesting criteria the Administrator establishes are satisfied. Each restricted stock unit has the value of one share of our common stock. Restricted stock units will vest over a minimum period of three (3) years from the date of grant (which may be ratable over such period), unless such restricted stock units were granted based upon performance criteria, in which case they will vest over a minimum of one (1) year from the date of grant. Upon satisfying the applicable vesting criteria, the participant will be entitled to the payout specified in the Award agreement. The Administrator, in its sole discretion, may pay vested restricted stock units in cash, shares or a combination thereof (provided that restricted stock units will be paid in shares unless provided otherwise by the Administrator). The Administrator determines the number of restricted stock units granted to any participant, but no participant may be granted more than 1,000,000 restricted stock units during any fiscal year, except that a participant may be granted up to an additional 1,000,000 restricted stock units in connection with his or her initial employment with us.

Stock Appreciation Rights. The Administrator may grant SARs, which are generally the right to receive the appreciation in fair market value of common stock between the date of grant and the exercise date. We can settle SARs in either cash or shares of common stock (provided that settlement will be made in shares of common stock unless otherwise determined by the Administrator). SARs will become exercisable at the times and on the terms established by the Administrator. The Administrator, subject to the terms of the Restated Plan, will have complete discretion to determine the terms and conditions of SARs; provided, however, that the base price may not be less than 100% of the fair market value of a share on the date of grant. The term of an SAR may not exceed ten (10) years. No

participant will be granted SARs covering more than 1,000,000 shares during any fiscal year, except that a participant may be granted SARs covering up to an additional 1,000,000 shares in connection with his or her initial employment with us. After termination of service, a participant will be able to exercise the vested portion of his or her SARs for the period of time stated in the Award agreement.

Performance Units and Performance Shares. The Administrator may grant performance units and performance shares, which are Awards that will result in a payment to a participant only if the performance goals and other vesting criteria the Administrator establishes are achieved. The Administrator will establish performance and other vesting criteria in its discretion, which, depending on the extent to which they are met, will determine the number and/or the value of performance units and performance shares to be paid out to participants. Performance units and performance shares will vest over a minimum period of one (1) year from the date of grant. During any fiscal year, no participant (x) will receive more than 1,000,000 performance shares or (y) more than 1,000,000 performance units. Notwithstanding the foregoing, a participant may be granted performance shares

covering up to an additional 1,000,000 shares and/or performance units covering up to an additional 1,000,000 shares in connection with his or her initial employment with us. Performance units will have an initial dollar value established by the Administrator on or before the date of grant (which shall not exceed the fair market value of one share on the date of grant). Performance shares will have a value equal to the fair market value of a share of common stock. The Administrator, in its sole discretion, may pay earned performance units/shares in the form of cash, in shares of common stock or in a combination thereof, provided that unless otherwise provided in an Award agreement, performance shares/units will be settled in shares.

Other Awards. The Administrator may grant to participants any type of award in addition to options, SARs, restricted stock, restricted stock units and performance shares/units (i) that is payable in, or valued in whole or in part by reference to, shares of common stock (an “Other Stock-Based Award”) or (ii) that is payable in cash, as deemed by the Administrator to be consistent with the purposes of the Restated Plan. The Administrator will have complete discretion in determining the number of Other Stock-Based Awards and the amount of cash awards granted to each participant, provided that during any fiscal year (i) no participant may be granted more than 1,000,000 Other Stock-Based Awards and (ii) no participant may be granted a cash award in excess of \$3,000,000. Notwithstanding the foregoing limitations, in connection with his or her initial employment with us, an employee may be granted up to an additional 1,000,000 Other Stock-Based Awards. Other Stock-Based Awards will vest over a minimum period of three (3) years from the date of grant (which may be ratable over such period), unless such Other Stock-Based Awards were granted based upon performance criteria, in which case they will have a vesting schedule of not less than one (1) year from the date of grant.

Grants to Non-Employee Directors. The Restated Plan provides for automatic, non-discretionary option and restricted stock grants to non-employee directors. Each person who first becomes a non-employee director after the approval of the Restated Plan by stockholders will be granted an option to purchase twenty thousand (20,000) shares on or about the date on which such person first becomes a non-employee director and an award of restricted stock equal to \$40,000 divided by the fair market value of a share on the date such person first becomes a non-employee director, with such amounts pro-rated based on the number of days remaining in the year from the date the individual becomes a director until the next annual meeting of the stockholders of the Company. In addition, each non-employee director will be granted an option to purchase twenty thousand (20,000) shares and restricted stock having a fair market value of forty thousand dollars (\$40,000) on each date of the annual meeting of the stockholders of the Company. The exercise price of options granted to non-employee directors may not be less than 100% of the fair market value of a share on the date of grant and the term will be ten (10) years. Options granted to non-employee directors will vest and become exercisable as to one hundred percent (100%) of the shares subject to the option on the earlier of the first anniversary of the date of grant or the date of the first annual meeting of the stockholders of the Company immediately following the date of grant, in either case, subject to the non-employee director’s continued service through such dates. The period of restriction applicable to restricted stock granted to non-employee directors and will lapse on the earlier of the first anniversary of the date of grant or the date of the first annual meeting of the stockholders of the Company immediately following the date of grant, in either case, subject to the non-employee director’s continued service through such dates. The Administrator has the authority to adjust the terms of these automatic option grants and automatic restricted stock grants, including the number of shares subject to the Award and the exercise prices, for Awards to be granted following the date the Administrator determines to make such adjustment. Non-employee directors are also eligible to receive discretionary Awards under the Restated Plan. The Restated Plan imposes a \$750,000 limit on the compensation that can be awarded by the Company to a non-employee director for services as a non-employee director in any given fiscal year, including the sum of (i) cash compensation and (ii) the grant date fair value of equity compensation awarded to the non-employee director. This limitation, however, would not apply to the extent a non-employee director has been or becomes an employee of the Company during such fiscal year.

Performance Goals. The granting and/or vesting of Awards may be made subject to the attainment of performance goals. Any performance goals may be used to measure the performance of the Company or a subsidiary as a whole or a business unit or division of the Company or a subsidiary and may be measured relative to a peer group or index. The performance goals may differ from participant to participant and from Award to Award. Any criteria used may be (i)

measured in absolute terms, (ii) compared to another company or companies and/or (iii) measured on a pre-tax or post-tax basis (if applicable). To the extent that any such Award is intended to be “qualified performance-based compensation” within the meaning of Section 162(m) of the Code, the performance goals must be based solely on one or more of the following criteria: (i) revenue or net revenue, (ii) cash and/or cash equivalents on hand, (iii) free cash flow, (iv) earnings per share, (v) earnings, (vi) earnings before interest and taxes, (vii) earnings before interest, taxes and depreciation, (viii) earnings before interest, taxes, depreciation and amortization, (ix) gross or net margin, (x) gross profit or gross profit dollars, (xi) cash or net cash from operations, (xii) net income, (xiii) operating cash flow, (xiv) expenses or operating expenses, (xv) operating income, (xvi) profit, (xvii) return on assets, (xviii) return on equity, (xix) return on capital or return on invested capital, (xx) sales or return on sales, (xxi) revenue growth, (xxii) total shareholder return, (xxiii) market share, (xiv) customer satisfaction and (xxv) stock price.

Transferability of Awards. Awards granted under the Restated Plan are generally not transferable, and all rights with respect to an Award granted to a participant generally will be available during a participant’s lifetime only to the participant.

Change in Control. In the event of a change in control of the Company, each outstanding Award will be treated as provided by the Administrator. Unless otherwise provided in an Award agreement, in the event Awards are not assumed or substitute awards are not granted in connection with a change in control, the participant will fully vest in and have the right to exercise all of his or her outstanding options or SARs, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock, restricted stock units and Other Performance-Based Awards will lapse, and, with respect to performance shares and performance units, all performance goals or other vesting criteria will be deemed achieved at target levels and all other terms and conditions met. In addition, if Awards are not so assumed or substituted, the Administrator will notify participants in writing or electronically that each option and SAR will be fully vested and exercisable for a period of time determined by the Administrator in its sole discretion, and the option and SAR will terminate immediately prior to such change in control (provided that any holder of an option or SAR that is in-the-money will receive a payment in respect of such Award equal to the excess of the per share common stock consideration in such change in control over the exercise price or base price, as applicable, of the Award, multiplied by the number of shares subject to such Award). With respect to Awards granted to non-employee directors that are assumed or substituted, if on the date of or following the assumption or substitution, the non-employee director is terminated other than upon a voluntary resignation (unless the resignation is at the request of the Company's acquirer), then the non-employee director will fully vest in and have the right to exercise all of his or her outstanding options or SARs, including shares as to which such Awards would not otherwise be vested or exercisable, all restrictions on restricted stock, restricted stock units and Other Stock-Based Awards will lapse, and, with respect to performance shares and performance units, all performance goals and other vesting criteria will be deemed achieved at target levels and all other terms and conditions met.

Withholding Arrangements. The Administrator, in its sole discretion and pursuant to such procedures as it may specify from time to time, may permit a participant to satisfy tax withholding obligations, in whole or in part by (without limitation) (a) paying cash, (b) electing to have the Company withhold otherwise deliverable cash or shares having a fair market value up to the maximum individual statutory rate for each applicable jurisdiction, (c) delivering to the Company already-owned shares having a fair market value equal to the maximum individual statutory rate for each applicable jurisdiction, or (d) selling a sufficient number of shares otherwise deliverable to the participant through such means as the Administrator may determine in its sole discretion (whether through a broker or otherwise) equal to the maximum individual statutory rate for each applicable jurisdiction. Any participant who is subject to Section 16 of the Exchange Act at the time the tax withholding obligation becomes due, shall satisfy his or her tax withholding obligations by directing the Company to withhold a number of shares from those that he or she would otherwise receive upon the exercise, vesting or settlement of an Award having a fair market value (determined as of the date on which the withholding obligation arises) equal to the maximum individual statutory rate for each applicable jurisdiction.

Amendment and Termination of the Restated Plan. The Administrator will have the authority to amend, alter, suspend or terminate the Restated Plan, except that stockholder approval will be required for any amendment to the Restated Plan to the extent required by any applicable laws. No amendment, alteration, suspension or termination of the Restated Plan will impair the rights of any participant, unless mutually agreed otherwise between the participant and the Administrator. The Restated Plan will terminate in March 2027, unless the Board terminates it earlier.

New Plan Benefits. Except with respect to the automatic stock option grants to non-employee directors as described above, grants of awards will be made from time to time by the Administrator to those persons whom the Administrator determines in its discretion should receive grants of awards. Accordingly, the benefits and amounts that may be received in the future by persons eligible to participate in the Restated Plan are not presently determinable (except with respect to such automatic grants). The table below sets forth the benefits that will be received by the non-executive director group under the Restated Plan at the 2017 annual meeting of our stockholders if the Restated Plan is approved. Such amounts represent a grant of 20,000 stock options and restricted stock having a fair market value of \$40,000 to each non-employee director.

Summary of U.S. Federal Income Tax Consequences

The following discussion is a summary of certain federal income tax considerations that may be relevant to participants in the Restated Plan. The discussion is for general informational purposes only and does not purport to be complete or address specific federal income tax considerations that may apply to a participant based on his or her particular circumstances, nor does it address foreign, state or local income tax or other tax considerations that may be relevant to a participant.

PARTICIPANTS ARE URGED TO CONSULT THEIR OWN TAX ADVISORS WITH RESPECT TO THE PARTICULAR FEDERAL INCOME TAX CONSEQUENCES TO THEM OF PARTICIPATING IN THE RESTATED PLAN, AS WELL AS WITH RESPECT TO ANY APPLICABLE FOREIGN, STATE OR LOCAL INCOME TAX OR OTHER TAX CONSIDERATIONS.

Incentive Stock Options. Upon the grant of an incentive stock option (as defined in Section 422(b) of the Code), the option holder does not recognize any income and the Company (or a subsidiary, as applicable) is not entitled to a deduction. In addition, no income for regular income tax purposes will be recognized by an option holder upon the exercise of an incentive stock option if the requirements of the Code are satisfied, including, without limitation, the requirement that the option holder remain employed by the Company or a subsidiary during the period beginning on the date of grant and ending on the day three months (or, in the case of the option holder's disability, one year) before the date the option is exercised. If an option holder has not remained an employee of the Company or a subsidiary during the period beginning on the date of grant of an incentive stock option and ending on the day three months (or one year in the case of the option holder's disability) before the date the option is exercised, the exercise of such option will be treated as the exercise of a non-qualified stock option and will have the tax consequences described below in the section entitled "Non-Qualified Stock Options."

The federal income tax consequences of a disposition of the shares of common stock acquired pursuant to the exercise of an incentive stock option depends upon when the disposition of such shares occurs.

If the disposition of such shares occurs more than two years after the date of grant of the incentive stock option and more than one year after the date of exercise, any gain or loss recognized upon such disposition will be long-term capital gain or loss and neither the Company nor a subsidiary, as applicable, will be entitled to any income tax deduction with respect to such incentive stock option.

If the disposition of such shares occurs within two years after the date of grant of the incentive stock option or within one year after the date of exercise (a "Disqualifying Disposition"), the excess, if any, of the amount realized over the option price will be treated as taxable income to the option holder and, subject to Section 162(m) of the Code, the Company or a subsidiary, as applicable, will be entitled to a deduction equal to the amount of ordinary income recognized by the option holder on such disposition. The amount of ordinary income recognized by the option holder in a Disqualifying Disposition (and the corresponding deduction, if any, to the Company or a subsidiary, as applicable) is limited to the lesser of the gain on such sale and the difference between the fair market value of the shares on the date of exercise and the option price. Any gain realized in excess of this amount will be treated as short-term or long-term capital gain (depending upon whether the shares have been held for more than one year). If

the option price exceeds the amount realized upon such a disposition, the difference will be short-term or long-term capital loss (depending upon whether the shares have been held for more than one year).

Optionholders who are subject to the Alternative Minimum Tax ("AMT") may incur taxable income as a result of the exercise of an incentive stock option. Such optionholders are advised to consult their tax advisors regarding the impact of the AMT.

Except as provided in the paragraph immediately below, if an option holder elects to tender shares of common stock in partial or full payment of the option price for shares to be acquired upon the exercise of an incentive stock option, the option holder will not recognize any gain or loss on such tendered shares. No income will be recognized by the option holder in respect of the shares received by the option holder upon the exercise of an incentive stock option if the requirements of the Code described above are met (except for the AMT, if applicable). The number of shares received equal to the number of shares surrendered will have a tax basis equal to the tax basis of the surrendered shares. Shares of common stock received in excess of the number of shares surrendered will have a tax basis of zero. The holding period of the shares received equal to the number of shares tendered will be the same as such tendered shares' holding period, and the holding period for the excess shares received will begin on the day after exercise. Solely for purposes of determining whether a Disqualifying Disposition has occurred with respect to such shares received upon the exercise of the incentive stock option, all shares are deemed to have been acquired on the date of exercise.

If an option holder tenders shares of common stock that were previously acquired upon the exercise of an incentive stock option in partial or full payment of the option price for shares to be acquired upon the exercise of another incentive stock option, and the tender of such shares occurs within two years after the date of grant of the first such incentive stock option or within one year after such shares were transferred to the option holder on the exercise of such incentive stock option, the tender of such shares will be a Disqualifying Disposition with the tax consequences described above regarding Disqualifying Dispositions. The shares of common stock acquired upon such exercise will be treated as shares of common stock acquired upon the exercise of an incentive stock option.

Non-Qualified Stock Options. Upon the grant of a non-qualified stock option, an option holder does not recognize taxable income, and the Company (or a subsidiary, as applicable) is not entitled to a deduction. Upon the exercise of a non-qualified stock option, an option holder will recognize compensation taxable as ordinary income equal to the excess of the fair market value of the shares received over the option price of the non-qualified stock option and, subject to Section 162(m) of the Code, the Company (or a subsidiary, as applicable) will be entitled to a corresponding deduction. An option holder's tax basis in the shares of common stock received upon the exercise of a non-qualified stock option will be equal to the amount paid for such shares plus the amount required to be included in income, and the option holder's holding period for such shares will begin on the date after such exercise. Upon the sale of the shares received from the exercise of a non-qualified stock option, the option holder will recognize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year. The amount of such gain or loss will be equal to the difference between the amount realized in connection with the sale of the shares and the option holder's tax basis in such shares.

If a non-qualified stock option is exercised in whole or in part with shares of common stock held by the option holder, the option holder will not recognize any gain or loss on such tendered shares. The number of shares received by the option holder upon such an exchange that are equal in number to the number of tendered shares will retain the tax basis and the holding period of the tendered shares for capital gain purposes, and the number of shares received by the option holder upon such exchange that are in excess of the number of shares tendered will have a tax basis equal to the fair market value of such shares on the date of exercise (and the holding period of such shares will begin on the date after exercise).

Stock Appreciation Rights. Upon the grant of an SAR, a participant does not recognize taxable income, and the Company (or a subsidiary, as applicable) is not entitled to a deduction. Upon exercise or settlement of an SAR, a participant will recognize compensation taxable as ordinary income in an amount equal to the cash or the fair market value of the shares received and, subject to Section 162(m) of the Code, the Company (or a subsidiary, as applicable) will be entitled to a corresponding deduction. A participant's tax basis in shares of common stock received upon the exercise of an SAR will be equal to the fair market value of such shares on the exercise date, and the participant's holding period for such shares will begin on the date after exercise or settlement. Upon the sale of shares of common stock received in exercise of an SAR, the participant will recognize short-term or long-term capital gain or loss, depending on whether the shares have been held for more than one year. The amount of such gain or loss will be equal to the difference between the amount realized in connection with the sale of the shares and the participant's tax basis in such shares.

Restricted Stock. Restricted stock will generally be considered subject to a substantial risk of forfeiture for federal income tax purposes. If a participant who receives such restricted stock does not make the election described below, the participant will not recognize any taxable income upon the grant of restricted stock and the Company or a subsidiary, as applicable, is not entitled to a deduction at such time. When the forfeiture restrictions with respect to the restricted stock lapse, the participant will recognize compensation taxable as ordinary income equal to the fair market value of the shares at that time, less any amount paid for the shares and, subject to Section 162(m) of the Code, the Company (or a subsidiary, as applicable) will be entitled to a corresponding deduction. A participant's tax basis in restricted stock will be equal to the fair market value of such restricted stock on the date on which the forfeiture restrictions lapse, and the participant's holding period for the shares will begin after such date. Upon a sale of the shares, the participant will recognize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year at the time of sale. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the participant's tax basis in such shares.

Participants granted restricted stock may make an election under Section 83(b) of the Code to recognize compensation taxable as ordinary income with respect to the shares when such shares are received rather than when the forfeiture restrictions lapse. The amount of such compensation income will be equal to the fair market value of the shares on the date of grant (valued without taking into account restrictions other than restrictions that by their terms will never lapse), less any amount paid for the shares. Subject to Section 162(m) of the Code, the Company (or a subsidiary, as applicable) will be entitled to a corresponding deduction. By making a Section 83(b) election, the participant will recognize no additional ordinary compensation income with respect to the shares when the forfeiture restrictions lapse, and will instead recognize short-term or long-term capital gain or loss with respect to the shares when they are sold, depending upon whether the shares have been held for more than one year. The participant's tax basis in the shares with respect to which a Section 83(b) election is made will be equal to their fair market value on the date of grant, and the participant's holding period for such shares will begin after that date. If the shares are subsequently forfeited, the participant will not be entitled to a deduction as a result of such forfeiture, but will be entitled to claim a short-term or long-term capital loss (depending upon whether the shares have been held for more than one year prior to forfeiture) with respect to the shares, but only to the extent of the consideration paid, if any, by the participant for such shares.

Generally, during the restriction period, dividends and distributions paid with respect to restricted stock will be treated as compensation taxable as ordinary income (not dividend income) received by the participant and, subject to Section 162(m) of the Code, the Company (or a subsidiary, as applicable) will receive a corresponding deduction. Dividend payments received with respect to shares of restricted stock for which a Section 83(b) election has been made or which are paid after the restriction period lapses generally will be treated and taxed as dividend income.

Restricted Stock Units; Performance Shares; Performance Units. Upon the grant of a restricted stock unit award, performance share award or performance unit award, a participant does not recognize taxable income and the Company (or a subsidiary, as applicable) is not entitled to a deduction. When the award is settled, the participant will recognize compensation taxable as ordinary income equal to the fair market value of the cash or shares received on the settlement date and, subject to Section 162(m) of the Code, the Company (or a subsidiary, as applicable) will be entitled to a corresponding deduction. A participant's tax basis in any shares of common stock received in settlement of restricted stock units, performance shares or performance units will be equal to the fair market value of such shares, and the participant's holding period will begin after such date. Upon the sale of such shares, the participant will recognize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares.

Other Stock-Based Awards; Cash Awards. The tax treatment of Other Stock-Based Awards will generally be governed by the principles set forth in Sections 61, 83 and 451 of the Code. This tax treatment will vary depending on the type of award but should generally be analogous to the tax treatment of stock options, SARs, restricted stock, restricted stock units and performance shares/units, as described above, as the case may be. Accordingly, in most cases, an Other Stock-Based Award, if payable in shares, will be subject to ordinary income taxation when the forfeiture restrictions, if any, in respect of any such award lapse and the shares are transferred to the participant, whichever occurs later, and, if an Other Stock-Based Award is payable in cash, such award will be taxable upon the actual or constructive receipt of any such cash payment. A participant will generally incur ordinary income at the time of actual or constructive receipt of cash in respect of a cash award in an amount equal to the cash so received. Generally, subject to Code Section 162(m), the Company (or a subsidiary, as applicable) will be entitled to a deduction at the time the participant recognizes ordinary income in respect of an Other Stock-Based Award or cash award, equal to the amount of ordinary income recognized by the participant. A participant's tax basis in any shares received in respect of an Other Stock-Based Award will generally be equal to the fair market value of such shares when the forfeiture restrictions lapse or the shares are transferred, whichever occurs later. The participant's holding period for the shares will generally begin after the forfeiture restrictions lapse or after the shares are transferred, whichever occurs later. Upon the sale of such shares, the participant will recognize short-term or long-term capital gain or loss, depending upon whether the shares have been held for more than one year. Such gain or loss will be equal to the difference between the amount realized upon the sale of the shares and the tax basis of the shares.

Please see the section above entitled “Restricted Stock” for the general federal income tax treatment of common stock that is received in settlement of Other Stock-Based Awards and which is subject to a substantial risk of forfeiture for federal income tax purposes upon receipt.

Section 162(m). Under Section 162(m) of the Code, the Company (or a subsidiary, as applicable) generally may not deduct remuneration paid to the Chief Executive Officer of the Company and the three next highest paid executive officers other than the Chief Financial Officer (as disclosed on the Company’s proxy statement) to the extent that such remuneration exceeds \$1,000,000, unless such remuneration is performance-based compensation. Under the Restated Plan, the Committee may, in its discretion, grant awards that are intended to qualify as performance-based compensation.

Section 409A. Section 409A of the Code contains certain restrictions on the ability to defer receipt of compensation to future tax years. Any Award that provides for the deferral of compensation, such as restricted stock units, performance shares or

performance units that are settled more than two and one-half months after the end of the year in which they vest, must comply with Section 409A of the Code in order to avoid the adverse tax consequences set forth below. If the requirements of Section 409A of the Code are not met, all amounts deferred under the Restated Plan during the taxable year and all prior taxable years (to the extent not already included in gross income) will generally be included in the participant's taxable income in the later of the year in which such violation occurs or the year in which such amounts are no longer subject to a substantial risk of forfeiture, even if such amounts have not been actually paid to the participant. In addition, such violation will result in an additional tax to the participant of 20% of the deferred amount plus interest computed from the date the award was earned, or if later, the date on which it vested. Participants are urged to consult their tax advisors to determine if Code Section 409A is applicable to their awards.

PROPOSAL FIVE

APPROVAL OF THE AMENDED AND RESTATED EXECUTIVE INCENTIVE BONUS PLAN

In 2012, our stockholders approved the Amkor Technology, Inc. Executive Incentive Bonus Plan (the "2012 Bonus Plan"), which provides for, among other matters, tax deductibility of certain performance-based compensation under the Internal Revenue Code of 1986, as amended (the "Code"). Section 162(m) of the Code requires that the material terms of the performance goals be disclosed to and approved by our stockholders every five years. The 2012 Bonus Plan expired by its own terms on December 31, 2016. Therefore, to ensure that bonus awards to certain of our executives will continue to be eligible for deductibility under Section 162(m) of the Code, in March 2017, the Board of Directors adopted an updated incentive bonus plan and named it the Amkor Technology, Inc. Amended and Restated Executive Incentive Bonus Plan (the "Amended and Restated Bonus Plan"), subject to stockholder approval. Except as otherwise described below, the proposed Amended and Restated Bonus Plan has substantially the same terms as the 2012 Bonus Plan. The purpose of the Amended and Restated Bonus Plan is to motivate certain executives and employees to achieve performance objectives and to reward them when those objectives are satisfied. The Board of Directors recommends a vote "FOR" the approval of the Amkor Technology, Inc. Amended and Restated Executive Incentive Bonus Plan.

Description of the Amended and Restated Bonus Plan

The following is a summary of the principal features of the Amended and Restated Bonus Plan and its operation. The summary is qualified in its entirety by reference to the Amended and Restated Bonus Plan itself set forth in Exhibit B. Purpose. The purpose of the Amended and Restated Bonus Plan is to motivate participants to achieve certain performance objectives and to reward them when those objectives are satisfied. The Amended and Restated Bonus Plan's goals are to be achieved by providing participants with incentive awards based on the achievement of goals relating to the performance of the Company or a subsidiary (or any division or business unit of the Company or a subsidiary), or upon the achievement of individual performance goals.

Eligibility. The employees eligible to participate in the Amended and Restated Bonus Plan are the Chief Executive Officer and other select executives and employees of the Company and its subsidiaries who are designated by the Committee (as defined below) in its sole discretion. No person will be automatically entitled to participate in the Amended and Restated Bonus Plan. Because our executive officers are eligible to receive awards under the Amended and Restated Bonus Plan, our executive officers have an interest in this proposal. As of March 2017, approximately 287 individuals are eligible to be selected by the Committee to participate in the Amended and Restated Bonus Plan. Types of Awards. The Amended and Restated Bonus Plan permits the grant of awards that are intended to be "qualified performance-based compensation" within the meaning of Code Section 162(m), and therefore not subject to the deduction limitations thereunder ("Qualified Awards"). The Amended and Restated Bonus Plan also permits the grant of awards that are not intended to be "qualified performance-based compensation" within the meaning of Code Section 162(m), and therefore subject to the deduction limitations thereunder ("Non-Qualified Awards").

Administration. The Amended and Restated Bonus Plan will be administered by the Compensation Committee, or a subcommittee thereof (the "Committee"). With respect to Qualified Awards, the Committee will consist solely of two or more non-employee directors, each of whom qualify as "outside directors" within the meaning of Code Section 162(m). Subject to the terms of the Amended and Restated Bonus Plan and the limitations imposed on the Committee under

Code Section 162(m), the Committee may delegate specific administrative tasks to Company employees or others as appropriate for proper administration of the Amended and Restated Bonus Plan. The Committee will have such powers as may be necessary to discharge its duties under the Amended and Restated Bonus Plan, including, but not by way of limitation, the following powers and duties: discretionary authority to construe and interpret the terms of the Amended and Restated Bonus Plan, and to determine eligibility, awards and

the amount, manner and time of payment of any awards; and to determine whether an award will be a Qualified Award or a Non-Qualified Award (provided, however, that neither the grant nor the payment of any Non-Qualified Award may be made contingent on the failure to earn any Qualified Award).

Performance Goals. Under the Amended and Restated Bonus Plan, participants will be eligible to earn awards based upon the attainment and certification of certain performance goals established by the Committee in its discretion. Performance goals may relate to or measure the performance of the Company or a subsidiary as a whole or a business unit or division of the Company or a subsidiary and may be measured relative to a peer group or index. Performance goals may differ from participant to participant and from award to award. Any criteria used may be (i) measured in absolute terms, (ii) compared to another company or companies and/or (iii) measured on a pre-tax or post-tax basis (if applicable). Performance goals relating to a Non-Qualified Award can be based on any measure determined by the Committee. However, the performance goals applicable to a Qualified Award must consist solely of one or more of the following measures: (i) revenue or net revenue, (ii) cash and/or cash equivalents on hand, (iii) free cash flow, (iv) earnings per share, (v) earnings, (vi) earnings before interest and taxes, (vii) earnings before interest, taxes and depreciation, (viii) earnings before interest, taxes, depreciation and amortization, (ix) gross or net margin, (x) gross profit or gross profit dollars, (xi) cash or net cash from operations, (xii) net income, (xiii) operating cash flow, (xiv) expenses or operating expenses, (xv) operating income, (xvi) profit, (xvii) return on assets, (xviii) return on equity, (xix) return on capital or return on invested capital, (xx) sales or return on sales, (xxi) revenue growth, (xxii) total shareholder return, (xxiii) market share, (xiv) customer satisfaction and (xxv) stock price.

On or prior to the latest permissible date under Code Section 162(m), the Committee, in its discretion, will establish (i) the performance goals applicable to each participant, (ii) the manner in which such performance goals will be calculated and (iii) a payout formula for purposes of determining the award (if any) payable to each participant. To the extent that a performance goal is based on, or calculated with respect to, the Company's shares, then in the event of any corporate transaction involving the Company (such as a stock dividend, stock split, spin-off, split-off, recapitalization or reorganization), the Committee will make or provide for such adjustments in such performance goal to prevent dilution or enlargement of the benefits of participants.

Determination and Payment of Awards. After the end of each performance period, the Committee will certify in writing the extent to which the performance goals applicable to each participant were achieved or exceeded. The award for each participant will be determined by applying the payout formula established by the Committee to the level of actual performance that has been certified by the Committee. The Committee, in its sole discretion, may adjust the award otherwise payable to any participant; provided, however, that the amount payable in respect of a Qualified Award may only be decreased (and not increased) from the amount that otherwise would be payable under the payout formula. All awards will be paid in cash as soon as is practicable following determination of the award, unless the Company establishes a plan to permit deferral of bonus amounts. The Committee may also defer the payment of awards to preserve the deductibility of such awards under Code Section 162(m). Unless otherwise provided in a written employment agreement, a participant must be employed on the bonus payment date in order to receive payment of a bonus.

Maximum Award. The maximum bonus payment that any participant may receive under the Amended and Restated Bonus Plan in respect of any fiscal year with respect to a Qualified Award is the lesser of \$3,000,000 or 200% of the participant's base salary.

Withholding. The Company will have the power to deduct from all distributions made under the Amended and Restated Bonus Plan all applicable withholding taxes up to the maximum rate under applicable law.

Amendment and Termination. The Committee may amend, suspend or terminate the Amended and Restated Bonus Plan, in whole or in part, at any time. However, no amendment, suspension or termination may be made which would (a) impair any award to participants made prior to such amendment, suspension or termination, unless consented to in writing by such participant or unless the Committee has made a determination that such amendment, suspension or termination is in the best interests of all persons to whom awards have theretofore been granted; provided further, however, that in no event may such an amendment, suspension or termination result in an increase in the amount of compensation payable pursuant to a Qualified Award or (b) cause compensation that is, or may become, payable pursuant to a Qualified Award to fail to qualify as "performance-based compensation" within the meaning of Code

Section 162(m). To the extent necessary under applicable law, amendments will be subject to stockholder approval.
Term. The Amended and Restated Bonus Plan will become effective upon its approval by the Company's stockholders. Once approved by the Company's stockholders, the Amended and Restated Bonus Plan will continue until terminated by the Board of Directors.

Indemnification. Members of the Board of Directors and Committee are generally indemnified by the Company for any liability arising from claims relating to the Amended and Restated Bonus Plan.

New Plan Benefits. Because (i) bonus awards will be made from time to time by the Committee to those persons whom the Committee determines in its discretion should receive bonuses and (ii) any amounts payable to participants under the Amended and Restated Bonus Plan are contingent upon the future achievement of performance goals, the potential payments that any participant may receive under the Amended and Restated Bonus Plan are not presently determinable.

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has approved the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017.

PricewaterhouseCoopers LLP has served as our independent registered public accounting firm since 2000. The Board of Directors expects that representatives of PricewaterhouseCoopers LLP will attend the Annual Meeting to make a statement if they desire to do so, and will be available to respond to appropriate questions.

We are asking our stockholders to ratify the selection of PricewaterhouseCoopers LLP as our independent registered public accounting firm. Although ratification is not required by our bylaws or otherwise, the Board is submitting the selection of PricewaterhouseCoopers LLP to our stockholders for ratification as a matter of good corporate practice. If the selection is not ratified, the Audit Committee may reconsider the appointment of PricewaterhouseCoopers LLP. Even if the selection is ratified, the Audit Committee in its discretion may select a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of our company and our stockholders.

The Board unanimously recommends a vote "FOR" the ratification of appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017. The affirmative vote of the holders of a majority of the shares present and entitled to vote is necessary for ratification.

Policy on Audit Committee's Pre-Approval of Audit and Permissible Non-Audit Services of Independent Registered Public Accounting Firm

Our Audit Committee is required to pre-approve the audit and non-audit services performed by our independent registered public accounting firm, PricewaterhouseCoopers LLP, in accordance with the Amkor Audit and Non-Audit Services Pre-Approval Policy. This policy provides for pre-approval of audit, audit-related, tax services and other services specifically described by the Audit Committee. The policy also provides for the general approval of additional individual engagements, which, if they exceed certain pre-established thresholds, must be separately approved by the Audit Committee.

This policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services, provided that any such pre-approval decisions must be reported to the Audit Committee. All of the services provided by PricewaterhouseCoopers LLP during the year ended December 31, 2016 were approved by the Audit Committee. Additionally, the Audit Committee concluded that the provision of such services by PricewaterhouseCoopers LLP was compatible with the maintenance of that firm's independence in the conduct of its auditing functions.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The role of the Audit Committee is to oversee Amkor's accounting and financial reporting processes on behalf of the Board of Directors. The Audit Committee is composed solely of independent directors, as defined in the Nasdaq listing standards and SEC regulations, and it operates under a written charter adopted by the Board of Directors. The Audit Committee reviews and reassesses the adequacy of the Audit Committee Charter on an annual basis.

The Audit Committee's overall responsibility is one of oversight. Management is responsible for the consolidated financial statements as well as for maintaining effective internal controls over financial reporting, disclosure controls and procedures, compliance with laws and regulations and applicable ethical business standards.

In performing its oversight function, the Audit Committee:

- (1) reviewed and discussed with management Amkor's audited consolidated financial statements for the year ended December 31, 2016;
- (2) met with Amkor's internal auditors and independent registered public accounting firm, with and without management present, to discuss the results of their audits and the overall quality of the company's financial reporting, and the matters required to be discussed by Public Company Accounting Oversight Board ("PCAOB") Auditing Standard No. 16, Communications with Audit Committees; and
- (3) received the written disclosures and the letter from Amkor's independent registered public accounting firm required by the applicable requirements of the PCAOB, and has discussed with the independent registered public accounting firm such firm's independence. The Audit Committee considered whether the provision of non-audit services by Amkor's independent registered public accounting firm is compatible with maintaining the independence of the independent registered public accounting firm. The Audit Committee concluded that the independent registered public accounting firm is independent from Amkor and its management.

Based on all of the foregoing, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements for the year ended December 31, 2016 be included in our Annual Report on Form 10-K and filed with the SEC. The Audit Committee also selected PricewaterhouseCoopers LLP as our independent registered public accounting firm for the year ending December 31, 2017.

The foregoing report has been furnished by the following directors and members of the Audit Committee:

James W. Zug, Chair
Roger A. Carolin
Robert R. Morse

- (hh) “Restricted Stock” means Shares issued pursuant to a Restricted Stock Award under Section 7 of the Plan, or issued pursuant to the early exercise of an Option.
- (ii) “Restricted Stock Unit” means a bookkeeping entry representing an amount equal to the Fair Market Value of one Share, granted pursuant to Section 8. Each Restricted Stock Unit represents an unfunded and unsecured obligation of the Company.
- (jj) “Retirement” means, unless otherwise provided in an Award Agreement, a Participant’s voluntary termination of employment, with the approval of the Administrator in its discretion, at a time when (i) the Participant is in good standing with the Company and (ii) the sum of the Participant’s age (rounded down to the nearest whole month) and years of service with the Company and its Subsidiaries (rounded down to the nearest whole month) equals or exceeds 75.
- (kk) “Rule 16b-3” means Rule 16b-3 of the Exchange Act.
- (ll) “Section 16(b)” means Section 16(b) of the Exchange Act.
- (mm) “Service Provider” means an Employee, Director, or Consultant.
- (nn) “Share” means a share of the Common Stock, as adjusted in accordance with Section 16 of the Plan.
- (oo) “Stock Appreciation Right” means an Award, granted alone or in connection with an Option, that pursuant to Section 9 is designated as a Stock Appreciation Right.
- (pp) “Subsidiary” means a “subsidiary corporation” of the Company, whether now or hereafter existing, as defined in Section 424(f) of the Code.

3. Stock Subject to the Plan.

(a) Subject to the provisions of Section 16 of the Plan, the maximum aggregate number of Shares that may be awarded and sold under the Plan is seventeen million (17,000,000) Shares. The Shares may be authorized, but unissued, or reacquired Common Stock. Any Shares issued by the Company through the assumption or substitution of outstanding grants from an acquired company shall not reduce the number of Shares available for Awards under the Plan (or otherwise count against the Award limits set forth herein).

(b) Full Value Awards. Any Shares subject to Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares or Other Stock-Based Awards will be counted against the numerical limits of this Section 3 as one and a half (1.5) Shares for every one (1) Share subject thereto. Further, if any Award (or portion thereof) of Restricted Stock, Restricted Stock Units, Performance Units, Performance Shares or Other Stock-Based Awards is forfeited and Shares in respect thereof would otherwise return to the Plan pursuant to Section 3(c), one and a half (1.5) times the number of Shares covered by the portion of such Award so forfeited will return to the Plan and will again become available for issuance.

(c) Lapsed Awards. If an Award (or any portion thereof) expires, is forfeited or becomes unexercisable without having been exercised in full, the Shares subject to such Award (or portion thereof) will become available for future grant or sale under the Plan (unless the Plan has terminated). With respect to stock-settled Stock Appreciation Rights, each such Stock Appreciation Right shall count against the limit described in Section 3(a) based on the number of Shares underlying the exercised portion of such Award rather than the number of Shares actually issued in settlement of such Award. Shares used to pay the exercise price of an Award or to satisfy the tax withholding obligations related to an Award will not become available for future grant or sale under the Plan. Notwithstanding the foregoing and, subject to adjustment as provided in Section 16, the maximum number of Shares that may be issued upon the exercise of Incentive Stock Options will equal seventeen million (17,000,000) Shares.

(d) Share Reserve. The Company, during the term of this Plan, will at all times reserve and keep available such number of Shares as will be sufficient to satisfy the requirements of the Plan.

4. Administration of the Plan.

(a) Procedure.

(i) Multiple Administrative Bodies. Different Committees with respect to different groups of Service Providers may administer the Plan.

(ii) Section 162(m). To the extent that the Administrator determines it to be desirable to qualify Awards granted hereunder as “performance-based compensation” within the meaning of Section 162(m) of the Code, the Plan will be administered by a Committee of two (2) or more “outside directors” within the meaning of Section 162(m) of the Code.

(iii) Rule 16b-3. To the extent desirable to qualify transactions hereunder as exempt under Rule 16b-3, the Plan will be administered by a Committee, each member of which satisfies the independence requirements of Rule 16b-3.

(iv) Other Administration. Other than as provided above, the Plan will be administered by (A) the Board or (B) a Committee, which Committee will be constituted to satisfy Applicable Laws.

(b) Powers of the Administrator. Subject to the provisions of the Plan, and in the case of a Committee, subject to the specific duties delegated by the Board to such Committee, the Administrator will have the authority, in its discretion:

(i) to determine the Fair Market Value;

(ii) to select the Service Providers to whom Awards may be granted hereunder;

(iii) to determine the number of Shares to be covered by each Award granted hereunder;

(iv) to approve forms of Award Agreements for use under the Plan;

(v) to determine the terms and conditions, not inconsistent with the terms of the Plan, of any Award granted hereunder (such terms and conditions include, but are not limited to, the exercise or base price, the time or times when Awards may become vested or be exercised (which may be based on performance criteria), any vesting acceleration or waiver of forfeiture restrictions (such as upon termination due to death, Disability or Retirement or a Change in Control), and any restriction or limitation regarding any Award or the Shares relating thereto, based in each case on such factors as the Administrator will determine);

(vi) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan;

(vii) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of satisfying applicable foreign laws;

(viii) to modify or amend each Award (subject to Section 21(c) of the Plan). Notwithstanding the previous sentence, without stockholder approval, the Administrator may not (1) modify or amend an Option or Stock Appreciation Right to reduce the exercise price or base price of such Option or Stock Appreciation Right, as applicable, after it has been granted (except for adjustments made pursuant to Section 16), (2) cancel any outstanding Option or Stock Appreciation Right and replace it with a new Option or Stock Appreciation Right with a lower exercise price or base price, as applicable, (3) cancel any outstanding Option or Stock Appreciation Right and replace it with another Award or (4) otherwise implement a program that provides for the repricing, replacing or cash buy-back of, out-of-the-money Awards;

(ix) to allow Participants to satisfy withholding tax obligations in such manner as prescribed in Section 17 and to mutually agree with a participant on a method to pay the exercise price and withholding taxes that differs from any default method in the plan;

(x) to authorize any person to execute on behalf of the Company any instrument required to effect the grant of an Award previously granted by the Administrator;

(xi) to allow a Participant to defer the receipt of the payment of cash or the delivery of Shares that would otherwise be due to such Participant under an Award pursuant to such procedures as the Administrator may determine; and

(xii) to make all other determinations deemed necessary or advisable for administering the Plan.

(c) Effect of Administrator's Decision. The Administrator's decisions, determinations and interpretations will be final and binding on all Participants, any other holders of Awards and on all other persons.

5. Eligibility. Nonstatutory Stock Options, Restricted Stock, Restricted Stock Units, Stock Appreciation Rights, Performance Units, Performance Shares, Other Stock-Based Awards and Cash Awards as the Administrator determines may be granted to Service Providers. Incentive Stock Options may be granted only to Employees.

6. Stock Options.

(a) Limitations.

(i) Each Option will be designated in the Award Agreement as either an Incentive Stock Option or a Nonstatutory Stock Option. However, notwithstanding such designation, to the extent that the aggregate Fair Market Value of the Shares with respect to which Incentive Stock Options are exercisable for the first time by the Participant during any calendar year (under all plans of the Company and any Parent or Subsidiary) exceeds one hundred thousand dollars (\$100,000), such Options will be treated as Nonstatutory Stock Options. For purposes of this Section 6(a), Incentive Stock Options will be taken into account in the order in which they were granted. The Fair Market Value of the Shares will be determined as of the time the Option with respect to such Shares is granted.

(ii) The following limitations will apply to grants of Options:

(1) No Participant will be granted, in any fiscal year, Options to purchase more than 2,000,000 Shares.

(2) In connection with his or her initial service as an Employee, an Employee may be granted Options to purchase up to an additional 2,000,000 Shares, which will not count against the limit set forth in Section 6(a)(ii)(1) above.

(3) If an Option is cancelled in the same fiscal year in which it was granted (other than in connection with a transaction described in Section 16), the cancelled Option, as applicable, will be counted against the limits set forth in subsections (1) and (2) above.

(b) Term of Option. The Administrator will determine the term of each Option in its sole discretion; provided, however, that the term will be no more than ten (10) years from the date of grant thereof. Moreover, in the case of an Incentive Stock Option granted to a Participant who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company or any Parent or Subsidiary, the term of the Incentive Stock Option will be five (5) years from the date of grant or such shorter term as may be provided in the Award Agreement.

(c)Option Exercise Price and Consideration.

(i)Exercise Price. The per share exercise price for the Shares to be issued pursuant to exercise of an Option will be determined by the Administrator, but will be no less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant. In addition, in the case of an Incentive Stock Option granted to an Employee who, at the time the Incentive Stock Option is granted, owns stock representing more than ten percent (10%) of the voting power of all classes of stock of the Company or any Parent or Subsidiary, the per Share exercise price will be no less than one hundred ten percent (110%) of the Fair Market Value per Share on the date of grant. Notwithstanding the foregoing provisions of this Section 6(c), Options may be granted with a per Share exercise price of less than one hundred percent (100%) of the Fair Market Value per Share on the date of grant pursuant to a transaction described in, and in a manner consistent with, Section 424(a) of the Code.

(ii)Waiting Period and Exercise Dates. At the time an Option is granted, the Administrator will fix the period within which the Option may be exercised and will determine any conditions that must be satisfied before the Option may be exercised.

(iii)Form of Consideration. The Administrator will determine the acceptable form of consideration for exercising an Option, including the method of payment to the extent permitted by Applicable Laws. Notwithstanding the foregoing, any Participant who is subject to the requirements of Section 16 of the Exchange Act at the time of exercise, shall pay the exercise price of an Option by directing the Company to withhold a number of whole Shares from those that would otherwise be received on exercise having an aggregate Fair Market Value (determined on the date of exercise) equal to the aggregate exercise price of the Option. In all events, the exercise price of an Option must be paid to the Company within three days after the date of exercise.

(d)Exercise of Option.

(i)Procedure for Exercise; Rights as a Stockholder. Any Option granted hereunder will be exercisable according to the terms of the Plan and at such times and under such conditions as determined by the Administrator and set forth in the Award Agreement. An Option may not be exercised for a fraction of a Share.

An Option will be deemed exercised when the Company receives: (i) notice of exercise (in such form as the Administrator specifies from time to time) from the person entitled to exercise the Option and (ii) full payment for the Shares with respect to which the Option is exercised (together with any applicable withholding taxes). Full payment may consist of any consideration and method of payment authorized by the Administrator and permitted by the Award Agreement and the Plan. Shares issued upon exercise of an Option will be issued in the name of the Participant or, if requested by the Participant, in the name of the Participant and his or her spouse. Until the Shares are issued (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company), no right to vote or receive dividends or any other rights as a stockholder will exist with respect to the Shares subject to an Option, notwithstanding the exercise of the Option. The Company will issue (or cause to be issued) such Shares promptly after the Option is exercised. No adjustment will be made for a dividend or other right for which the record date is prior to the date the Shares are issued, except as provided in Section 16 of the Plan. Exercising an Option in any manner will decrease the number of Shares thereafter available, both for purposes of the Plan and for acquisition under the Option, by the number of Shares as to which the Option is exercised.

(ii) Termination of Relationship as a Service Provider. If a Participant ceases to be a Service Provider, other than upon the Participant's termination as the result of the Participant's Retirement, death or Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). The vested portion of the Option will remain exercisable for such period not to exceed twenty-four (24) months following the Participant's termination as is specified in the Award Agreement. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested with respect to all of his or her Option, the Shares covered by the unvested portion of the Option will be immediately forfeited and revert to the Plan. If after termination the Participant does not exercise his or her vested Option within the time specified by the Administrator, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iii) Disability of Participant. If a Participant ceases to be a Service Provider as a result of the Participant's Disability, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of termination (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). The vested portion of the Option will remain exercisable for such period not to exceed twenty-four (24) months following the Participant's termination as is specified in the Award Agreement. Unless otherwise provided by the Administrator, if on the date of termination the Participant is not vested with respect to all of his or her Option, the Shares covered by the unvested portion of the Option will be immediately forfeited and revert to the Plan. If after termination the Participant does not exercise his or her vested Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(iv) Death of Participant. If a Participant dies while a Service Provider, the Option may be exercised following the Participant's death within such period of time as is specified in the Award Agreement to the extent that the Option is vested on the date of death (but in no event may the option be exercised later than the expiration of the term of such Option as set forth in the Award Agreement), by the Participant's designated beneficiary, provided such beneficiary has been designated prior to Participant's death in a form acceptable to the Administrator. If no such beneficiary has been designated by the Participant, then such Option may be exercised by the personal representative of the Participant's estate or by the person(s) to whom the Option is transferred pursuant to the Participant's will or in accordance with the laws of descent and distribution. The vested portion of the Option will remain exercisable for such period not to exceed twenty-four (24) months following the Participant's death as is specified in the Award Agreement. Unless otherwise provided by the Administrator, if at the time of death the Participant is not vested with respect to all of his or her Option, the Shares covered by the unvested portion of the Option will be immediately forfeited and revert to the Plan. If the vested Option is not so exercised within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(v) Retirement of Optionee. If a Participant ceases to be a Service Provider as a result of the Participant's Retirement, the Participant may exercise his or her Option within such period of time as is specified in the Award Agreement to the extent the Option is vested on the date of Retirement (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement). The vested portion of the Option will remain exercisable for such period not to exceed twenty-four (24) months following the Participant's Retirement as is specified in the Award Agreement. Unless otherwise provided by the

Administrator, if on the date of Retirement the Participant is not vested with respect to all of his or her Option, the Shares covered by the unvested portion of the Option will be immediately forfeited and revert to the Plan. If after Retirement, the Participant does not exercise his or her vested Option within the time specified herein, the Option will terminate, and the Shares covered by such Option will revert to the Plan.

(vi) Other Termination. A Participant's Award Agreement may also provide that if the exercise of an Option following the termination of Participant's status as a Service Provider (other than upon the Participant's death or Disability) would result in liability under Section 16(b), then the Option will terminate on the earlier of (A) the expiration of the term of the Option set forth in the Award Agreement or (B) the 10th day after the last date on which such exercise would result in such liability under Section 16(b). Finally, a Participant's Award Agreement may also provide that if the exercise of the Option following the termination of the Participant's status as a Service Provider (other than upon the Participant's death or Disability) would be prohibited at any time solely because the issuance of Shares would violate the registration requirements under the Securities Act, then the Option will terminate on the earlier of (A) the expiration of the term of the Option or (B) the expiration of a period of three (3) months after the termination of the Participant's status as a Service Provider during which the exercise of the Option would not be in violation of such registration requirements.

7. Restricted Stock.

(a) Grant of Restricted Stock. Subject to the terms and provisions of the Plan, the Administrator, at any time and from time to time, may grant Shares of Restricted Stock to Service Providers in such amounts as the Administrator, in its sole discretion, will determine.

(b) Restricted Stock Agreement. Each Award of Restricted Stock will be evidenced by an Award Agreement that will specify the Period of Restriction, the number of Shares granted, and such other terms and conditions as the Administrator, in its sole discretion, will determine. Restricted Stock will have a vesting schedule of not less than three (3) years from the date of grant (which may be ratable over such period), unless such Restricted Stock was granted based upon performance criteria, in which case it will have a vesting schedule of not less than one (1) year from the date of grant. During any fiscal year no Participant will receive more than an aggregate of 1,000,000 Shares of Restricted Stock. Notwithstanding the foregoing limitation, in connection with his or her initial service as an Employee, an Employee may be granted an aggregate of up to an additional 1,000,000 Shares of Restricted Stock without impacting the limit in the immediately preceding sentence. If Restricted Stock is cancelled in the same fiscal year in which it was granted (other than in connection with a transaction described in Section 16), the cancelled Restricted Stock, as applicable, will be counted against the limits set forth in the two immediately preceding sentences. Unless the Administrator determines otherwise, the Company as escrow agent will hold Shares of Restricted Stock until the restrictions on such Shares have lapsed.

(c) Transferability. Shares of Restricted Stock may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the end of the applicable Period of Restriction.

(d) Other Restrictions. The Administrator, in its sole discretion, may impose such other restrictions on Shares of Restricted Stock as it may deem advisable or appropriate.

- (e)Removal of Restrictions. Except as otherwise provided in this Section 7, Shares of Restricted Stock covered by each Restricted Stock Award made under the Plan will be released from escrow as soon as practicable after the last day of the Period of Restriction.
- (f)Voting Rights. During the Period of Restriction, Service Providers holding Shares of Restricted Stock granted hereunder may exercise full voting rights with respect to those Shares, unless the Administrator determines otherwise.
- (g)Dividends and Other Distributions. During the Period of Restriction, Service Providers holding Shares of Restricted Stock will be entitled to receive all dividends and other distributions paid with respect to such Shares unless otherwise provided in the Award Agreement; provided, however, that if (x) any such dividends or distributions are paid in Shares or other property, the Shares or other property will be subject to the same restrictions on transferability and forfeitability as the Shares of Restricted Stock with respect to which they were paid and (y) any such dividends are paid in cash, such cash dividends will be withheld (in the Company's general assets) and paid only upon the vesting of the underlying Shares of Restricted Stock (with such cash dividends to be forfeited upon the forfeiture of the underlying Shares of Restricted Stock).
- (h)Return of Restricted Stock to Company. On the date set forth in the Award Agreement, the Restricted Stock for which restrictions have not lapsed will revert to the Company and again will become available for grant under the Plan.
- (i)Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock as "performance-based compensation" under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Restricted Stock which is intended to qualify under Section 162(m) of the Code as "performance-based compensation," the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure such qualification (e.g., in determining the Performance Goals).

8. Restricted Stock Units.

- (a)Grant. Restricted Stock Units may be granted at any time and from time to time as determined by the Administrator. Each Restricted Stock Unit Award will be evidenced by an Award Agreement that will specify such other terms and conditions as the Administrator, in its sole discretion, will determine, including all terms, conditions, and restrictions related to the grant, the number of Restricted Stock Units and the form of payout, which subject to Section 8(d), may be left to the discretion of the Administrator. During any fiscal year of the Company, no Participant will receive more than an aggregate of 1,000,000 Restricted Stock Units. Notwithstanding the limitation in the previous sentence, in connection with his or her initial service as an Employee, an Employee may be granted an aggregate of up to an additional 1,000,000 Restricted Stock Units. If Restricted Stock Units are cancelled in the same fiscal year in which they were granted (other than in connection with a transaction described in Section 16), the cancelled Restricted Stock Units, as applicable, will be counted against the limits set forth in the two immediately preceding sentences.
- (b)Vesting Criteria and Other Terms. The Administrator will set vesting criteria in its discretion, which, depending on the extent to which the criteria are met, will determine the number of Restricted Stock Units that will be paid out to the Participant. Notwithstanding the foregoing sentence, Restricted Stock Units will have a vesting schedule of not less than three (3) years from the date of grant (which may be ratable over such period),

unless such Restricted Stock Units were granted based upon performance criteria, in which case they will have a vesting schedule of not less than one (1) year from the date of grant.

(c)Earning Restricted Stock Units. Upon meeting the applicable vesting criteria, the Participant will be entitled to receive a payout as specified in the Award Agreement.

(d)Form and Timing of Payment. Payment of vested Restricted Stock Units will be made as soon as practicable after the date(s) set forth in the Award Agreement, and in all events, within 30 days after satisfaction of the applicable vesting criteria. The Administrator, in its sole discretion, may pay vested Restricted Stock Units in cash, Shares, or a combination thereof, provided that unless otherwise provided in an Award Agreement, Restricted Stock Units shall be settled in Shares.

(e)Cancellation. On the date set forth in the Award Agreement, all unearned Restricted Stock Units will be forfeited to the Company.

(f)Section 162(m) Performance Restrictions. For purposes of qualifying grants of Restricted Stock Units as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. In granting Restricted Stock Units which are intended to qualify under Section 162(m) of the Code as “performance-based compensation,” the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure such qualification (e.g., in determining the Performance Goals). The Performance Goals will be set by the Administrator on or before the Determination Date.

(g)Dividend Equivalents. The Committee may, in its sole discretion, provide in an Award Agreement evidencing a grant of Restricted Stock Units the right to accrue dividend equivalents, which dividend equivalents will be subject to the same vesting, forfeiture and settlement criteria as the underlying Restricted Stock Units.

9. Stock Appreciation Rights.

(a)Grant of Stock Appreciation Rights. Subject to the terms and conditions of the Plan, a Stock Appreciation Right may be granted to Service Providers at any time and from time to time as will be determined by the Administrator, in its sole discretion.

(b)Number of Shares. The Administrator will have complete discretion to determine the number of Stock Appreciation Rights granted to any Participant, provided that during any fiscal year, no Participant will be granted Stock Appreciation Rights covering more than 1,000,000 Shares. Notwithstanding the limitation in the previous sentence, in connection with his or her initial service as an Employee, an Employee may be granted Stock Appreciation Rights covering up to an additional 1,000,000 Shares. If Stock Appreciation Rights are cancelled in the same fiscal year in which they were granted (other than in connection with a transaction described in Section 16), the cancelled Stock Appreciation Rights, as applicable, will be counted against the limits set forth in the two immediately preceding sentences.

(c)Base Price and Other Terms. The Administrator, subject to the provisions of the Plan, will have complete discretion to determine the terms and conditions of Stock Appreciation Rights granted under the Plan; provided, however, that the base price will be not less than one hundred percent (100%) of the Fair Market Value of a Share on the date of grant.

(d)Stock Appreciation Right Agreement. Each Stock Appreciation Right Award will be evidenced by an Award Agreement that will specify the base price, the term of the Stock Appreciation Right, the conditions of exercise, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(e)Expiration of Stock Appreciation Rights. A Stock Appreciation Right granted under the Plan will expire upon the date determined by the Administrator, in its sole discretion, and set forth in the Award Agreement; provided, however, that the term will be no more than ten (10) years from the date of grant thereof. Notwithstanding the foregoing, the rules of Section 6(d) also will apply to Stock Appreciation Rights.

(f)Payment of Stock Appreciation Right Amount. Upon exercise of a Stock Appreciation Right, a Participant will be entitled to receive payment from the Company in an amount determined by multiplying:

(i)The difference between the Fair Market Value of a Share on the date of exercise over the base price; times

(ii)The number of Shares with respect to which the Stock Appreciation Right is exercised.

At the discretion of the Administrator, the payment upon Stock Appreciation Right exercise may be in cash, in Shares of equivalent value, or in some combination thereof, provided that unless otherwise provided in an Award Agreement, Stock Appreciation Rights shall be settled in Shares.

10. Performance Units and Performance Shares.

(a)Grant of Performance Units/Shares. Performance Units and Performance Shares may be granted to Service Providers at any time and from time to time, as will be determined by the Administrator, in its sole discretion. The Administrator will have complete discretion in determining the number of Performance Units and Performance Shares granted to each Participant, provided that during any fiscal year, (i) no Participant will be granted more than 1,000,000 Performance Units and (ii) no Participant will be granted more than 1,000,000 Performance Shares. Notwithstanding the foregoing limitations, in connection with his or her initial service, an Employee may be granted up to an additional 1,000,000 Performance Shares and up to an additional 1,000,000 Performance Units without impacting such limitations. If Performance Units/Shares are cancelled in the same fiscal year in which they were granted (other than in connection with a transaction described in Section 16), the cancelled Performance Units/Shares, as applicable, will be counted against the limits set forth in the two immediately preceding sentences.

(b)Value of Performance Units/Shares. Each Performance Unit will have an initial value that is established by the Administrator on or before the date of grant (which initial value shall not exceed the Fair Market Value of one Share on the date of grant). Each Performance Share will have a value equal to the Fair Market Value of a Share.

(c)Performance Objectives and Other Terms. The Administrator will set performance objectives and other vesting provisions (including, without limitation, continued status as a Service Provider) in its discretion which, depending on the extent to which they are met, will determine the number or value of Performance Units/Shares that will be paid out to the Service Providers. Notwithstanding the foregoing sentence, Performance Units/Shares will have a vesting schedule of not less than one (1) year from the date of grant. Each Award of Performance Units/Shares will be evidenced by an Award Agreement that will specify the Performance Period, and such other terms and conditions as the Administrator, in its sole discretion, will determine.

(d)Earning of Performance Units/Shares. After the applicable Performance Period has ended, the holder of Performance Units/Shares will be entitled to receive a payout of

the number of Performance Units/Shares earned by the Participant over the Performance Period, to be determined as a function of the extent to which the corresponding performance objectives and other vesting provisions have been achieved. After the grant of a Performance Unit/Share, the Administrator, in its sole discretion, may reduce or waive any performance objectives or other vesting provisions for such Performance Unit/Share.

(e) Form and Timing of Payment of Performance Units/Shares. Payment of earned Performance Units/Shares will be made as soon as practicable after the expiration of the applicable Performance Period and satisfaction of other vesting criteria, and in any event, within 30 days after vesting. The Administrator, in its sole discretion, may pay earned Performance Units/Shares in the form of cash, in Shares (which have an aggregate Fair Market Value equal to the value of the earned Performance Units/Shares at the close of the applicable Performance Period or on the date of settlement, as set forth in the Award Agreement) or in a combination thereof, provided that unless otherwise provided in an Award Agreement, Performance Shares/Units shall be settled in Shares.

(f) Cancellation of Performance Units/Shares. On the date set forth in the Award Agreement, all unearned or unvested Performance Units/Shares will be forfeited to the Company, and again will be available for grant under the Plan.

(g) Section 162(m) Performance Restrictions. For purposes of qualifying grants of Performance Units/Shares as “performance-based compensation” under Section 162(m) of the Code, the Administrator, in its discretion, may set restrictions based upon the achievement of Performance Goals. The Performance Goals will be set by the Administrator on or before the Determination Date. In granting Performance Units/Shares which are intended to qualify under Section 162(m) of the Code as “performance-based compensation,” the Administrator will follow any procedures determined by it from time to time to be necessary or appropriate to ensure such qualification (e.g., in determining the Performance Goals).

(h) Dividend Equivalents. The Committee may, in its sole discretion, provide in an Award Agreement evidencing a grant of Performance Units/Shares the right to accrue dividend equivalents, which dividend equivalents will be subject to the same vesting, forfeiture and settlement criteria as the underlying Performance Units/Shares.

11. Other Awards. The Administrator is authorized, subject to limitations under Applicable Law, to grant to Participants any type of award (in addition to those Awards provided in Sections 6 through and including 10 hereof) (i) that is payable in, or valued in whole or in part by reference to, shares of Common Stock (any such Award, an “Other Stock-Based Award”) or (ii) that is payable in cash (any such Award, a “Cash Award”), in each case, as deemed by the Administrator to be consistent with the purposes of the Plan. Other Stock-Based Awards and Cash Awards shall be subject to such terms and conditions as may be determined by the Administrator, consistent with the terms and purposes of the Plan. The Administrator will have complete discretion in determining the number of Other Stock-Based Awards and the amount of Cash Awards granted to each Participant, provided that during any fiscal year (i) no Participant shall be granted more than 1,000,000 Other Stock-Based Awards and (ii) no Participant shall be granted a Cash Award in excess of \$3,000,000. Notwithstanding the foregoing limitations, in connection with his or her initial service, an Employee may be granted up to an additional 1,000,000 Other Stock-Based Awards without impacting such limitations. If Other Stock-Based Awards are cancelled in the same fiscal year in which they were granted (other than in connection with a transaction described in Section 16), the cancelled Other Stock-Based Awards, as applicable, will be counted against the limits set forth in the two immediately preceding sentences. Other Stock-Based Awards will have a vesting schedule of not less than three (3) years from the

date of grant (which may be ratable over such period), unless such Other Stock-Based Awards were granted based upon performance criteria, in which case they will have a vesting schedule of not less than one (1) year from the date of grant.

12. Formula Option and Restricted Stock Grants to Outside Directors.

(a)General. All grants of Options and Restricted Stock to Outside Directors pursuant to this Section 12 will be automatic and nondiscretionary, except as otherwise provided herein, and will be made in accordance with the following provisions:

(b)Type of Awards. All Options granted pursuant to this Section will be Nonstatutory Stock Options and, except as otherwise provided herein, will be subject to the other applicable terms and conditions of the Plan (including, without limitation, Section 6(d)(ii)-(vi)).
