**PROXY STATEMENT FOR
2003 ANNUAL MEETING OF STOCKHOLDERS
To Be Held April 24, 2003**

PROXY SOLICITATION AND VOTING INFORMATION

The enclosed proxy is solicited by the Board of Directors of Water Pik Technologies, Inc., a Delaware corporation, ("Water Pik Technologies," the "Company," "we," "our" or "us") for use in voting at the 2003 Annual Meeting to be held at 9:00 a.m., Pacific Daylight Time on Thursday, April 24, 2003, at The Sutton Place Hotel, 4500 MacArthur Boulevard, Newport Beach, California 92660, and at any adjournment thereof, for the purposes set forth in the accompanying Notice of Annual Meeting of Stockholders. This Proxy Statement and the proxy card are first being mailed to stockholders on or about March 22, 2003. The Proxy Statement will be filed with the Securities and Exchange Commission and will be available at the "Investor/Corporate Information" section on our website at www.waterpik.com on or about March 14, 2003.

Who May Vote?

If you were a stockholder on the records of the Company at the close of business on March 4, 2003 you may vote at the 2003 Annual Meeting. On that day, there were 12,465,862 shares of our Common Stock outstanding.

How Many Votes Do I Have?

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

Each share is entitled to one vote. In order to vote, you must either designate a proxy to vote on your behalf or attend the meeting and vote your shares in person. The Board of Directors requests your proxy so that your shares will count toward a quorum and be voted at the Annual Meeting.

How Will The Board Vote My Proxy?

A properly executed proxy received by the Secretary prior to the meeting, and not revoked, will be voted as directed by the stockholder. If the stockholder provides no specific direction, the shares will be voted **FOR** the election of the Directors nominated by the Board and **FOR** the proposal to ratify the appointment of the independent auditors. If any other matter should be presented at the Annual Meeting upon which a vote may properly be taken, the shares represented by the proxy will be voted in accordance with the judgment of the holders of the proxy.

We have not received timely notice of any stockholder proposals for presentation at the Annual Meeting as required by Section 14(a)-14(c) of the Securities Exchange Act of 1934 or by our certificate of incorporation.

How May I Vote?

Stockholders may complete, sign, date and return their proxy cards in the postage-paid envelope provided. If you sign, date and return your proxy card without indicating how you want to vote, your proxy will be voted as recommended by the Board of Directors.

How Can I Revoke My Proxy?

You may change your mind and revoke your proxy at any time before it is voted at the meeting by:

sending a written notice to revoke your proxy to the Secretary of the Company;

transmitting a proxy by mail at a later date than your prior proxy; or

attending the Annual Meeting and voting in person or by proxy (except for shares held in the employee benefit plans described below).

Voting by Employee Benefit Plan Participants

Participants who hold our Common Stock in one of our defined contribution savings or retirement or stock ownership plans may tell the plan trustee how to vote the shares of our Common Stock allocated to their accounts. You may sign and return the voting instruction card provided by the plan. If you do not transmit instructions, your shares will be voted as the plan administrator directs or as otherwise provided in the plan.

Voting Shares Held by Brokers, Banks and Other Nominees

If you hold your shares in a broker, bank or other nominee account, you are a "beneficial owner" of our Common Stock. In order to vote your shares, you must give voting instructions to your bank, broker or other intermediary who is the "nominee holder" of your shares. We ask brokers, banks and other nominee holders to obtain voting instructions from the beneficial owners of shares that are registered in the nominee's name. Proxies that are transmitted by nominee holders on behalf of beneficial owners will count toward a quorum and will be voted as instructed by the nominee holder.

Required Vote

The presence, in person or by proxy, of the holders of a majority of all of the shares of our Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum.

A plurality of the votes cast is required for the election of Directors so that the two individuals who receive the highest number of votes cast will be elected. The affirmative vote of a majority of the votes cast is required to ratify the appointment of the independent auditors. For these purposes, any vote characterized as an abstention is not counted as a vote cast. Broker non-votes, which relate to shares for which nominee holders do not obtain voting instructions from the beneficial holders, are not counted as votes cast.

Cost of Proxy Solicitation

We pay the cost of preparing, assembling and mailing this proxy-soliciting material. We will reimburse banks, brokers and other nominee holders for reasonable expenses they incur in sending these proxy materials to our beneficial stockholders whose stock is registered in the nominee's name.

BOARD COMPOSITION AND PRACTICES

Information and Meetings

The Board of Directors directs the management of the business and affairs of the Company as provided in the Amended and Restated Bylaws ("Bylaws") of the Company and the laws of the State of Delaware. Members of the Board keep informed about our business through discussions with senior management and other officers and managers of the Company and its subsidiaries, by reviewing analyses and reports sent to them, and by participating in Board and committee meetings.

During 2002, the Board held five meetings, and the Board acted four times by unanimous written consent. In 2002, each Director attended at least 75 percent of the meetings of the Board and those committees on which they served.

Number of Directors

The Board of Directors determines the number of Directors. The Board currently consists of seven members. Except as otherwise required under our Bylaws, the Board shall consist of not less than four and not more than ten members.

2

Director Terms

The Directors are divided into three classes and the Directors in each class serve for a three-year term. The term of one class of Directors expires each year at the Annual Meeting of Stockholders. The Board may fill a vacancy by electing a new Director to the same class as the Director being replaced. The Board may also create a new Director position in any class and elect a Director to hold the newly created position until the term of the class expires.

CORPORATE GOVERNANCE

Director Independence

In February 2003, our Committee on Governance assessed the independence of each Director in accordance with the existing listed company standards of the New York Stock Exchange ("NYSE"), Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act") and Section 162(m) of the Internal Revenue Code. The Committee also assessed the independence of each Director within the meaning of the amendments to the Listed Company Standards of the NYSE, which were submitted to the Securities and Exchange Commission ("SEC") for approval on August 16, 2002 (the "Proposed NYSE Listed Company Standards"). The Committee determined, after careful review, that each member of our Board is independent under all such current independence standards as well as under the Proposed NYSE Listed Company Standards, with the exception of Mr. Hoopis, our Chief Executive Officer. Accordingly, in the opinion of the members of our Committee on Governance, six out of seven of the current members of the Board are independent directors. All of our Board committees consist only of independent directors. Our full Board will review the independence of our Directors at its next regularly scheduled meeting.

Corporate Governance Guidelines

Our Board of Directors believes that sound governance practices and policies provide an important framework to assist them in fulfilling their duty to stockholders. When we first became a public company in 1999, our Board adopted many "best practices" in the area of corporate governance, including separate committees of the Board for each of the areas of audit and finance, governance and executive compensation, charters for each of the committees of the Board, corporate ethics and compliance guidelines which are distributed no less than annually with follow up questionnaires to key personnel, careful annual review of the independence of the members of our Audit and Finance and Personnel and Compensation Committees, maintenance of a majority of independent Board members, and written expectations of management and

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

directors, among other things. These governance controls were built upon a strong foundation of internal financial and compliance controls developed over the years when our two business segments, the Personal Health Care segment and the Pool Products and Heating Systems segment, were operated under Allegheny Teledyne Corporation, now known as Allegheny Technologies Incorporated ("ATI").

In March 2003, our Board formally adopted the Corporate Governance Guidelines of Water Pik Technologies, Inc., (the "Governance Guidelines") which were developed by our Committee on Governance. Our Governance Guidelines incorporate the practices and policies under which our Board has operated since its inception, in addition to many of the concepts suggested by various authorities in corporate governance and the new requirements under the Sarbanes-Oxley Act of 2002 and the Proposed NYSE Listed Company Standards. Some of the principal subjects covered by our Governance Guidelines include:

Standards of Director qualifications, including measuring each candidate's independence, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of our business environment and ability to devote adequate time and effort to Board responsibilities; prompt review of any changes in employment or other board memberships; and mandatory retirement.

3

Responsibilities of Directors, including acting in the best interests of all stockholders, maintaining independence, developing and maintaining a sound understanding of our businesses and industries, attending and preparing for meetings, endeavoring to be available upon reasonable notice, and providing active, objective and constructive participation at all meetings.

Director access to management, and as necessary and appropriate, independent advisors, including encouraging presentations to the Board from various functional areas of the business, fostering management development through contact with the Board, and maintaining adequate funding to retain independent advisors for the Board and its committees as necessary and appropriate.

Director orientation and continuing education, including a formal program to familiarize new directors with our business, strategic plans, significant financial, accounting and risk management issues, compliance programs, conflicts policies, code of business conduct and ethics, corporate governance guidelines and our principal officers, internal auditors and independent auditors. In addition, each Director is expected to participate in continuing educational programs to maintain sufficient expertise necessary to perform their duties as a Director.

Management succession, including an annual report prepared by the Chief Executive Officer for the Board regarding succession planning for all senior management positions and an assessment of senior managers and their potential to succeed to the position of Chief Executive Officer or other senior management positions.

Annual performance evaluation of the Board, including an annual self-assessment of the Board's performance as well as the performance of each committee of the Board, the results of which will be discussed with the full Board and each committee.

Executive sessions without management held no less than four times per year. In addition, the Audit and Finance Committee meets separately with internal and external auditors at each committee meeting.

Other Governance Matters

We are continuing to review our corporate governance policies and practices and are comparing them to the proposed new SEC and NYSE requirements and the practices of other public companies. In addition to the governance initiatives discussed above, our Chief Executive Officer and Chief Financial Officer have provided the certifications of our SEC filings required by Sections 302 and 906 of the Sarbanes-Oxley Act of 2002 each quarter since the rules were adopted. We have also implemented an internal certification process, appointed a disclosure committee and adopted a disclosure committee charter to assist the Chief Executive Officer and Chief Financial Officer in fulfilling their duties. While we already have Board committee charters in place, we will finalize and adopt new charters for our Board committees when the Proposed NYSE Listed Company Standards are implemented.

You can access our current committee charters, Governance Guidelines, and Ethics and Compliance Guidelines, as well as other corporate governance materials, press releases and SEC filings, by visiting the "Investor/Corporate Information" section of our website at www.waterpik.com.

PROPOSAL ONE ELECTION OF DIRECTORS

The Board of Directors has nominated for election this year two Class I incumbent Directors whose terms expire at the 2003 Annual Meeting.

The three-year term of the Class I Directors nominated this year will expire at the 2006 Annual Meeting. The two individuals who receive the highest number of votes cast will be elected.

If you sign and return your proxy card, the individuals named as proxies on the card will vote your shares for the election of the two nominees named below unless you provide other instructions. You may withhold authority for the proxies to vote your shares on any or all of the nominees by following the instructions on your proxy card. If a nominee becomes unable to serve, the proxies will vote for a Board-designated substitute or the Board may reduce the number of Directors. The Board of Directors has no reason to believe that any nominee will be unable to serve.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THESE NOMINEES FOR ELECTION AS DIRECTORS.

Making recommendations to the Board of Directors regarding the appointment of the independent auditors for the coming year.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The following is the report of the Audit and Finance Committee (the "Audit Committee") with respect to the audited financial statements for the fiscal year ended December 31, 2002 (the "Financial Statements") of Water Pik Technologies, Inc. (the "Company").

Management is responsible for the preparation, presentation and integrity of the Financial Statements, the Company's internal controls and financial reporting process and the procedures designed to assure compliance with accounting standards and applicable laws and regulations. The Company's independent auditors, Ernst & Young LLP ("Ernst & Young") are responsible for auditing the Financial Statements and for expressing an opinion as to whether those Financial Statements present fairly the financial position, results of operations, and cash flows of the

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

Company in conformity with generally accepted accounting principles in the United States. The Audit Committee has reviewed and discussed the Financial Statements with management and Ernst & Young. In addition, the Audit Committee has discussed the matters required pursuant to Statement on Auditing Standards No. 61 (Communication with Audit Committees) with Ernst & Young, has received written disclosures and the letter from Ernst & Young required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed the independence disclosures and letter with Ernst & Young, and has considered the compatibility of non-audit services on Ernst & Young's independence.

The Audit Committee's duty is one of oversight as set forth in its Charter. It is not the duty of the Audit Committee to prepare the Financial Statements, to plan or conduct audits, or to determine that the Financial Statements are complete and accurate and are in accordance with generally accepted accounting principles. The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not, and do not represent themselves to be, performing the functions of auditors or accountants. Members of the Audit Committee may rely without independent verification on the information provided to them and on the representations made by management and Ernst & Young. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Financial Statements has been carried out in accordance with generally accepted auditing standards, that the Financial Statements are presented in accordance with generally accepted accounting principles or that the Company's auditors are in fact "independent."

9

Based upon these reviews and discussions, the Audit and Finance Committee recommended to the Board that the Financial Statements be included in our Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission.

DIRECTOR COMPENSATION

Members of the Board who are also employees of the Company do not receive any compensation for their services as Directors on our Board or its committees. Each Director who is not an employee of the Company received an annual retainer fee of \$20,000 during 2002, and will receive an annual retainer fee of \$25,000 during 2003. The annual retainer fee is prorated for partial year service. The non-executive Chairman of our Board of Directors is paid an additional annual fee of \$10,000 for 2002 and 2003. Each non-employee chair of a committee was paid an annual fee of \$1,500 during 2002, and will be paid an annual fee of \$2,000 during 2003. Directors are also paid \$1,000 for each Board meeting and \$1,000 for each committee meeting attended through October 15, 2002, and are paid \$1,500 for each Board meeting and \$1,500 for each committee meeting attended after October 15, 2002.

The non-employee Directors also participate in the 1999 Non-Employee Director Stock Compensation Plan (the "Director Plan"). The purpose of the Director Plan is to provide non-employee Directors with an increased personal interest in our performance.

Under the Director Plan, each non-employee Director receives a one-time grant of 3,000 restricted shares of our Common Stock upon joining the Board, and an annual grant of 3,000 restricted shares of our Common Stock on the date of our Annual Meeting of stockholders. The one-time restricted share

10

grant vests at the rate of one-third per year, and the annual restricted share grant vests in its entirety on the third anniversary of the date of grant. The Director Plan also provides that each non-employee Director will receive at least 25 percent of the annual retainer fee in the form of our Common Stock. Each Director may elect to receive a greater percentage of that fee in our Common Stock. Prior to October 23, 2002, each non-employee Director also received a one-time grant of an option to purchase 5,000 shares of our Common Stock and an annual grant of an option to purchase 1,000 shares of our Common Stock, but did not receive an annual grant of 3,000 restricted shares. The purchase price of our Common Stock covered by the stock options was the fair market value of our Common Stock on the date each option was granted.

During 2002, Messrs. Bozzone, McClelland, Ouchi, Queenan and Cuneo each received, effective on the annual meeting date, an option to purchase 1,000 shares of our Common Stock. Effective October 23, 2002, Ms. Heimbuch received a grant of 3,000 restricted shares of our Common Stock.

PROPOSAL TWO RATIFICATION OF INDEPENDENT AUDITORS

The Board of Directors, upon the recommendation of its Audit and Finance Committee, has appointed Ernst & Young LLP as independent auditors of the Company for its fiscal year 2003. Ernst & Young LLP was originally appointed to act as our independent auditors in 1999, when we became an independent public company, and they served in such capacity for each fiscal year since then. Ernst & Young LLP is knowledgeable about our operations and accounting practices and the Board believes that the firm is well-qualified to act in the capacity of independent auditors.

The proposal to ratify the selection of Ernst & Young LLP will be approved by the stockholders if it receives the affirmative vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote on the proposal. If you sign and return your proxy card, your shares will be voted (unless you indicate to the contrary) to ratify the selection of Ernst & Young LLP as our independent auditors for 2003. Broker non-votes will not be counted as being entitled to vote on the proposal and will not affect the outcome of the vote. If the stockholders do not ratify the selection of Ernst & Young LLP, the Board will reconsider the appointment of independent auditors.

It is expected that representatives of Ernst & Young LLP will be present at the Annual Meeting. They will have an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE SELECTION OF THE INDEPENDENT AUDITORS.

OTHER BUSINESS

We know of no business that may be presented for consideration at the Annual Meeting other than the two action items indicated in the Notice of Annual Meeting of Stockholders. If other matters are properly presented at the Annual Meeting, the persons designated as proxies in your proxy card may vote on such matters at their discretion.

STOCK OWNERSHIP INFORMATION**Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires our executive officers, Directors and persons who beneficially own more than 10 percent of a registered class of the Company's equity securities (collectively "Insiders"), to file with the SEC initial reports of ownership (Form 3) and reports of changes in ownership (Form 4 or Form 5) of our Common Stock and other equity securities of the Company. These persons are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required during the year ended December 31, 2002, we believe that our Insiders complied with all Section 16(a) filing requirements in a timely manner.

REPORT ON EXECUTIVE COMPENSATION

This report on executive compensation is furnished by the Personnel and Compensation Committee and the Stock Incentive Award Subcommittee of the Board of Directors (together referred to as the "Committee").

Executive Compensation Principles

For 2002, the following principles have guided the Committee in establishing executive compensation programs:

Total executive compensation will be competitive in the aggregate, using industry and market comparisons, including data supplied by Hewitt Associates and William M. Mercer, among other nationally recognized executive compensation consulting firms, to gauge the competitive marketplace.

Total executive compensation will be performance oriented, with a substantial portion of total compensation tied to internal and external measures of the Company's performance. Superior performance will significantly increase total compensation opportunities.

The programs will attract, retain, and motivate an effective management team.

Compensation Components

As described in more detail below, the Committee has adopted policies and programs relating to base salaries, short-term incentives and long-term incentives intended to achieve the goals underlying the principles discussed above. For 2002, executive compensation consisted of the following components:

(1) *Base salary* for all management positions are at the industry or market mean average for comparable positions unless there are sound reasons for significant variations. Judgment is the guiding factor in base salary determinations, as well as other compensation issues.

(2) *Short-term incentives* are provided under the Annual Incentive Plan ("AIP"). The AIP is a cash bonus plan which provides key executives of the Company, including the executive officers, the opportunity to earn an incentive award when certain financial and personal performance objectives are met. Under the AIP, individual participant target incentive awards range from 20 percent to 60 percent of the

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

participant's annual base salary. Under the AIP in 2002, a participant's maximum potential award is 200 percent of his or her target award in the case of significant overachievement. In 2003, the maximum potential individual participant award is 225 percent of the participant's target award. For 2002 and 2003, 60 percent of the incentive award is based on the achievement of target net income, 20 percent is based upon achievement of target return on average capital employed and 20 percent is based on achievement of individual goals. The Committee may, in its discretion, amend the AIP and its goals, objectives and targets at any time.

In determining AIP awards for 2002, the Committee took into consideration the Company's performance against target levels of net income and return on average capital employed, significant individual accomplishments, a challenging economic environment, and the need to retain outstanding personnel and motivate future performance. The Committee exercised its discretion under the AIP to establish an award pool to be distributed to all 2002 AIP participants based upon contribution to financial

14

performance and personal goal achievement. The bonus column of the Summary Compensation Table contains the annual incentive award for 2002 for each of our Named Executive Officers.

(3) *Long-term incentives* for 2002 consisted of the following three components:

(a) *Stock Options* Stock options are awarded periodically to the executive officers under the 1999 Incentive Plan, and to other key employees under the Broad-Based Stock Option Plan. The amount of the award generally depends on the employee's salary and is at levels generally perceived to be competitive with executives at similar size companies at similar salary levels.

(b) The Performance Share Plan ("PSP") is a cash and stock option award plan designed to reward key executives for the achievement of pre-determined performance goals over a multi-year cycle (the "Performance Period"), which generally lasts three years. Participants include key executives whose actions directly affect the long-term success of the Company and are determined based on nomination by the Chief Executive Officer and approval by the Committee. The cash awards under the PSP are equal to each executive's AIP bonus target percentage times the executive's base salary at the end of the award period. The PSP stock option awards are equal to the annual stock option grant made to the executive in the year the PSP was initiated. The stock options vest ratably at the end of calendar years three, four, and five following the Performance Period. If the financial target is met, vesting accelerates on February 15th of the year following the end of the Performance Period. The current Performance Period began January 1, 2001 and ends December 31, 2003. The pre-determined performance goal for the current Performance Period is cumulative earnings per share for 2001, 2002 and 2003.

(c) *Stock Acquisition and Retention Program* The Stock Acquisition and Retention Program ("SARP") is designed to encourage key executives to acquire and retain our Common Stock.

Under this program, certain key executives may purchase shares or designate already-owned shares of our Common Stock that the Company matches with a grant of restricted Common Stock equal to 50 percent of the number of shares purchased or designated by the participant. The restricted shares will generally vest only if the participant holds the purchased or designated shares for five years. In addition, prior to the date that the restricted shares would otherwise vest, the restrictions will lapse if there is a change in control of the Company or the participant retires or dies.

Under the terms of our SARP, for 1999, participant executives could make a one-time purchase or designation of a number of shares having a market price equal to a maximum of two times the participant's annual base salary. Those executives who purchased shares under the SARP during 1999 were not eligible to make additional purchases under the SARP during 2000. Two senior executives that did not participate in the SARP during 1999 made purchases under the SARP during 2000 equal to one times their annual base salaries. During 2001, seven executive officers made purchases under the SARP equal to one times annual base salary. During 2002, three senior executives made purchases under the SARP equal to one times their annual base salaries and one senior executive made a purchase at an amount less than his annual base salary.

Prior to July 30, 2002, we would loan a participant the funds to purchase shares under the program at an interest rate equal to the minimum rate necessary to avoid imputed interest income under the federal income tax rules. The purchased shares are pledged and held as security for these loans. All purchases under the SARP prior to July 30, 2002 were made with loans from us pursuant to the terms of the SARP. Effective July 30, 2002, we ceased granting new loans under the SARP. During 2003, executives may participate in the SARP up to one times annual base salary, subject to availability of shares, by pledging shares acquired by the executive through open-market purchases without loan assistance from us.

For 2003, the Committee intends to continue to closely examine compensation programs of comparable businesses within our industry segment, as well as other relevant market data from various industry sources, to determine whether our current compensation plans are appropriate and further the best interests of the Company and its stockholders.

Compensation of Chief Executive Officer

The 2002 base salary and incentive compensation of Michael P. Hoopis, President and Chief Executive Officer of the Company, was established by the Committee in accordance with the general compensation principles described above.

Mr. Hoopis' base salary was \$450,000 from October 2000 through June 2002. The Committee did not consider an increase in Mr. Hoopis' salary in October 2001, his annual salary review date, due to a company-wide wage freeze implemented in April 2001. Mr. Hoopis' salary was reviewed in July 2002, and his annual base salary was increased to \$480,000. When annualized, Mr. Hoopis' annual base salary growth represents 3 percent year-over-year for 2001 and 2002, positioning Mr. Hoopis competitively with respect to market levels.

For 2002, the target opportunity for Mr. Hoopis' annual incentive award was set at 60 percent of his base salary. Under the AIP, this would be the amount of the incentive award if the Company and Mr. Hoopis achieved 100 percent of the financial and individual performance objectives. As discussed above in this report under the heading of "Compensation Components," the Committee established a discretionary AIP award pool for 2002. The Committee determined that Mr. Hoopis' discretionary award from the 2002 AIP award pool would be \$149,000 versus his individual target incentive award of \$288,000. In determining Mr. Hoopis' award, the Committee considered Mr. Hoopis' leadership, success in completing new product launches in multiple business units, and accomplishments in a difficult retail market environment, among other things.

Mr. Hoopis has been granted options to purchase our Common Stock periodically during his tenure as President and CEO of the Company. Stock options are designed to provide long-term incentives consistent with industry and market comparisons. Mr. Hoopis also holds options to purchase 71,564 shares of our Common Stock that were converted from options granted to him by ATI prior to our spin-off from ATI. Mr. Hoopis' ATI-conversion options are fully vested at this time. On November 30, 1999, Mr. Hoopis received options to purchase 279,333 shares of our Common Stock, the final 50 percent of which fully vested during 2001. In October 2000, Mr. Hoopis was granted an option to purchase 43,472 shares of Common Stock pursuant to our PSP. Mr. Hoopis' PSP options fully vest on February 15, 2004 if the three-year financial target is met under the PSP, and vest at the rate of one-third per year commencing December 31, 2003 if the financial target is not met under the PSP. In October 2000, Mr. Hoopis received an option to purchase 43,472 shares of our Common Stock, an option in October 2001 to purchase 43,472 shares of our Common Stock, and an option in October 2002 to purchase 48,000 shares of our Common Stock, all grants being part of our annual stock option grant to selected employees under the 1999 Incentive Plan. Mr. Hoopis' annual grant options vest at the rate of one-third per year commencing one year after the grant date.

Mr. Hoopis participated in our SARP during 1999, 2001 and 2002. In November 1999, he purchased 108,108 shares of our Common Stock and received a corresponding restricted stock grant of 54,054 shares pursuant to the Plan. In May 2001, Mr. Hoopis purchased 56,922 shares of our Common Stock and received a corresponding restricted stock grant of 28,461 shares of our Common Stock pursuant to the plan. In February 2002, Mr. Hoopis purchased 48,166 shares of our Common Stock and received a corresponding restricted stock grant of 24,083 shares of our Common Stock pursuant to the plan. All of Mr. Hoopis' purchases under the SARP were made through loans from the Company in accordance with the terms of the plan prior to July 30, 2002.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code ("Code") imposes limits on tax deductions for annual compensation paid to a chief executive officer and the four other most highly compensated officers unless the compensation qualifies as "performance-based" or is otherwise exempt under the law. The Company's 1999 Incentive Plan is intended to meet the deductibility requirements of the regulations promulgated under Section 162(m). However, the Committee may determine in any year that it would be

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

in the best interests of the Company and its stockholders for awards to be paid that would not satisfy the requirements of Section 162(m) for deductibility.

Includes payment of the year 2000 installments required under the Company's employment contract as amended, with each of Messrs. Streufert and Bisson in the amount of \$25,000 and \$10,000, respectively. Amounts for year 2000 include auto allowances of \$13,067 for Messrs. Streufert and Bisson.
- (3) Represents the values of \$9.34 and \$7.91 of restricted Company Common Stock awarded in 2002 and 2001, respectively, to the Named Executive Officers under the SARP, calculated based upon the average of the high and low sales price of a share of our Common Stock during a ten trading day period preceding the award date, according to the terms of the SARP. The closing price of our Common Stock on the grant dates for the restricted stock was \$9.22 and \$7.90 in 2002 and 2001, respectively. The SARP is described under the caption "Report on Executive Compensation Compensation Components." The aggregate number of shares and value of all restricted stock awards to the Named Executive Officers under the SARP using the closing market price of \$7.35 on December 31, 2002 was: Mr. Hoopis, 106,598 shares (\$783,496); Mr. Shortt, 63,466 shares (\$466,476); Mr. Streufert, 58,428 shares (\$429,446); Mr. Bisson 38,412 shares (\$282,329); and Mr. Rasp 44,832 shares (\$329,516). The restricted stock awards relating to the aggregate amounts reported in the preceding sentence were made during 1999, 2001 and 2002. If any dividend is declared on our Common Stock, the shares of restricted Common Stock granted to the Named Executive Officers will participate on an equal basis.
- (4) Reflects options granted under the Company's 1999 Incentive Plan. With respect to Messrs. Hoopis and Rasp, such amount does not include the conversion of options originally granted under the ATI Incentive Plan which were converted into economically equivalent options to purchase our Common Stock in connection with the spin-off.
- (5) Includes the Company's basic and matching contributions under our retirement plan (which includes a 401(k) plan feature) and deferred compensation plan for 2002 in the amounts of \$43,157 for Mr. Hoopis, \$17,298 for Mr. Shortt, \$24,697 for Mr. Streufert, \$19,913 for Mr. Bisson, and \$21,576 for Mr. Rasp. Also includes life insurance premiums in the amount of \$5,762 for Mr. Hoopis, \$1,519 for Mr. Shortt, \$1,339 for Mr. Streufert, \$1,026 for Mr. Bisson, and \$431 for Mr. Rasp.

Option Grants in Last Fiscal Year

The table below sets forth information with respect to stock options granted to the Named Executive Officers in 2002.

Individual Grants

Individual Grants

					5%	10%
Michael P. Hoopis	48,000	19.12%	9.45	10/23/12	\$ 285,000	\$ 723,000
Robert A. Shortt	21,000	8.37%	9.45	10/23/12	125,000	316,000

Robert J. Rasp	15,000	5.98%	9.45	10/23/12	89,000	226,000

- (1) Reflects options granted during 2002 under the Company's 1999 Incentive Plan. The options vest in three equal annual installments beginning on October 23, 2003.
- (2) The assumed "potential realizable values" are mathematically derived from certain prescribed rates of stock price appreciation. The actual value of these option grants depends on the future performance of our Common Stock and overall stock market conditions. There is no assurance that the values reflected in this table will be realized.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

The table below sets forth information with respect to stock options exercised by the Named Executive Officers during the year ended December 31, 2002. In addition, it indicates the number and value of vested and unvested options held by the Named Executive Officers as of December 31, 2002.

Name	Shares Acquired On Exercise(#)	Value Realized(\$)	Number of Securities Underlying Unexercised Options at FY-End(#)		Value of Unexercised In-the-Money Options at FY-End\$(1)	
			(Exercisable/Unexercisable)	(Exercisable/Unexercisable)	(Exercisable/Unexercisable)	(Exercisable/Unexercisable)
Michael P. Hoopis	0	\$ 0	394,368/134,945	\$	0 / \$0

Robert J. Rasp	0	0	101,732/ 45,915		4,477 / 0	

- (1) The "value of unexercised in-the-money options" is calculated by subtracting the exercise price per share from \$7.45, which was the average of the high and low sales prices of a share of our Common Stock on the NYSE on December 31, 2002.

Employment Contracts, Termination of Employment and Change in Control Arrangements

Effective October 23, 2001, the Company entered into amended and restated employment agreements with each of its seven executive officers, including the Named Executive Officers. The amended and restated employment agreements superceded and replaced the employment agreements that existed prior to October 23, 2001 ("prior agreements") between the Company and each of the executive officers. The amended and restated employment agreements are in substantially the same form and have a rolling one year term which is automatically extended for one month at the end of each month during the term unless written notice is given by either party. The amended and restated employment agreements

also contain severance benefits in the event of termination of the executive as a result of death, disability, termination by the Company without cause or termination by the executive for good reason, including in the event of a change in control, and certain other benefits including but not limited to certain welfare benefits, vacation, auto allowance and tax preparation and financial planning services. All terms, such as "good reason," "change in control" and "welfare benefits," are defined in the agreements.

Mr. Hoopis has an employment agreement with the Company that provides for a base salary of \$450,000, which may be increased at the discretion of the Personnel and Compensation Committee, and a target bonus under our AIP of 60 percent of his base salary based on Company financial and individual performance. The employment agreement has the following severance benefits: (i) in the event of termination as a result of death, two times base salary and two times target bonus (calculated as if 100 percent of all Company financial and personal performance objectives were achieved), (ii) in the event of termination as a result of disability, two times base salary, two times target bonus (calculated as if 100 percent of all Company financial and personal performance objectives were achieved) and continuation of welfare benefits for the remainder of the term of the agreement, and (iii) in the event of termination by the Company without cause or termination by Mr. Hoopis for good reason, other than change in control, two times base salary, two times target bonus (calculated as if 100 percent of all Company financial and personal performance objectives were achieved) and continuation of welfare benefits for two years or until covered by comparable welfare benefits.

Mr. Hoopis' employment agreement contains the following severance benefits in the event of termination by the Company without cause or resignation by Mr. Hoopis for good reason, either event occurring within two years after a change in control: three times base salary, three times target bonus (calculated as if 100 percent of all corporate and personal performance objectives were achieved), prorated bonus for the year of termination (calculated as if 120 percent of Company financial and personal goals were achieved), prorated cash payment from our PSP (calculated as if 120 percent of Company financial and personal goals were achieved), vesting of all outstanding stock options, removal of restrictions on all restricted stock awards, vesting of any employer contribution to the non-qualified deferred compensation plan, outplacement services and continuation of welfare benefits for three years or until covered by comparable welfare benefits. In addition, Mr. Hoopis' employment agreement provides that the Company may defer payments that would exceed the cap under Section 162(m) of the Code, except in the event of termination for good reason within two years after a change in control. Mr. Hoopis' employment agreement also provides that any severance payments made shall be increased, if necessary, to eliminate the impact of any excise tax imposed under Section 4999 of the Code or special tax (not ordinary income tax) imposed by any state or local authority.

Mr. Shortt has an employment agreement with the Company that provides for a base salary of \$260,000 and a target bonus under our AIP of 45 percent of his base salary. Mr. Streufert has an employment agreement with the Company that provides for a base salary of \$240,000 and a target bonus under our AIP of 45 percent of his base salary. Mr. Rasp has an employment agreement with the Company that provides for a base salary of \$208,111 and a target bonus under our AIP of 45 percent of his base salary. Mr. Bisson has an employment agreement with the Company that provides for a base salary of \$201,400 and a target bonus under our AIP of 45 percent of his base salary. All of the base salaries of the Named Executive Officers may be increased at the discretion of the Personnel and Compensation

Committee and the actual bonus award amounts under our AIP are determined in the discretion of the Compensation Committee based on Company financial and individual performance. The employment agreements for Messrs. Shortt, Streufert, Rasp and Bisson all contain substantially identical provisions to Mr. Hoopis' employment agreement with respect to severance benefits and other terms, except that the amounts for payment of base pay and bonus and continuation of welfare benefits in the event of termination are one year less than the amounts provided in Mr. Hoopis' agreement.

Each of the Named Executive Officers has stock option agreements relating to each stock option award and restricted stock award agreements relating to restricted stock awarded in connection with purchases under our SARP. Under the terms of the stock option agreements and restricted stock award agreements, upon a change in control, as such term is defined in the agreements, all unvested stock options will vest and all restrictions will be removed from restricted stock.

COMPARATIVE STOCK PERFORMANCE

The following performance graph compares the total stockholder return of an investment in our Common Stock to that of the New York Stock Exchange Market Index and the Russell 2000 Index for the period commencing November 30, 1999, the date on which our Common Stock was first publicly traded, and ending on December 31, 2002. Due to the Company's diverse product lines, no suitable peer group has been determined; accordingly, the Russell 2000 Index is included for comparison of issuers with the closest available market capitalizations to the Company. The graph assumes that the value of the investment in our Common Stock was \$100 on November 30, 1999, the first day of "regular way" trading of our Common Stock, in each of our Common Stock, the New York Stock Exchange Market Index and the Russell 2000 Index and that all dividends were reinvested. No cash dividends have been paid or declared on our Common Stock. The historical information set forth

below is not necessarily indicative of future performance. We do not make or endorse any predictions as to future stock performance.

In accordance with the rules of the Securities and Exchange Commission, this presentation is not incorporated by reference into any of our registration statements under the Securities Act of 1933, as amended.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS WITH THE COMPANY

In connection with our spin-off from ATI, we entered into several agreements with ATI, some of which are described below. During fiscal year 2002, certain of our Directors also served as Directors of ATI.

Separation and Distribution Agreement. The Separation and Distribution Agreement provided for the principal corporate transactions required to effect the separation of our businesses from ATI, the spin-off and certain other matters governing the relationship among us following the spin-off. The agreement requires, among other things, that we complete an offering of our Common Stock and use the proceeds of such offering in compliance with the tax ruling, as amended, issued by the Internal Revenue Service in connection with the spin-off. We completed the required offering in January 2001. In addition, the Separation and Distribution Agreement provides that until the third Annual Meeting of our stockholders held following the spin-off, at least a majority of our Directors will also be members of the Board of Directors of ATI. The agreement further provides that both ATI and the Company will each indemnify the other for liabilities arising from a breach of any of the agreements entered into in connection with the spin-off or the failure to pay or discharge the liabilities assumed by such party under the Separation and Distribution Agreement.

Employee Benefits Agreement. The Employee Benefit Agreement contains various agreements between ATI and us concerning employees, pension and employee benefit plans and other compensation arrangements for current and former employees of our business. It

Edgar Filing: WATER PIK TECHNOLOGIES INC - Form DEF 14A

provides that we generally will be responsible for all compensation and employee benefits relating to our employees and that we will establish our own qualified and non-qualified retirement and equity compensation plans with arrangements that are similar to ATI's plans. However, it provides that we will not be required to establish or fund a defined benefit pension plan for our employees and that ATI will retain all liabilities relating to our employees under the ATI pension plan. In addition, it provides for the conversion of stock awards under certain ATI equity compensation plans, including options and restricted stock awards, into economically equivalent awards for our Common Stock. The agreement further provides for the termination of the ATI Performance Share Program and the payout of pro-rated awards, including shares of our Common Stock, by us to participants in the program who are our employees.

Tax Sharing and Indemnification Agreement. The Tax Sharing and Indemnification Agreement allocates certain tax liabilities and obligations between ATI and us. This agreement provides that we will indemnify ATI and its directors, officers, employees, agents and representatives for any taxes imposed on, or other amounts paid by, them, or ATI's stockholders, if we take actions or fail to take actions that result in the spin-off not qualifying as a tax-free distribution. The significant restrictions imposed by the Tax Sharing and Indemnification Agreement expired on November 29, 2001 and the remaining restrictions expired on January 3, 2003.

Kirkpatrick & Lockhart LLP. The Company used the law firm of Kirkpatrick & Lockhart LLP to perform services for the Company during 2002. Charles J. Queenan, Jr., an incumbent member of the Company's Board of Directors, is Senior Counsel to that law firm. See "Compensation Committee Interlocks and Insider Participation" on page 17.

PNC Bank, National Association. James E. Rohr, a member of our Board of Directors until April 25, 2002, is a Director and executive officer of PNC Bank Corp., an affiliate of PNC Bank, N.A. W. Craig McClelland, an incumbent member of the Company's Board of Directors, is also a Director of PNC Bank Corp. PNC Bank, N.A. is one of five lenders under the Company's \$60,000,000 credit facility, having committed to lend up to \$12,500,000 under the facility.

Loans Under Stock Acquisition and Retention Program. Under the terms of our SARP, and prior to July 30, 2002 eligible participants could deliver a promissory note, payable to the Company, as payment for the purchase price of shares of our Common Stock purchased under the program. Each note has a term of not more than 10 years and is secured by the shares of our Common Stock being purchased with

22

the note. Interest accrues on the notes at a rate, as determined on the applicable purchase date, equal to the then applicable federal rate but not lower than the minimum rate necessary to avoid imputed interest under applicable federal income tax laws. The rate used for the five November 1999 SARP loans was 6.29 percent. The rate used for the one February 2000 SARP loan was 6.66 percent. The rate used for the one May 2000 SARP loan was 6.11 percent. The rate used for the seven May 2001 SARP loans was 5.36 percent. The rate used for the four February 2002 SARP loans was 5.52 percent. On July 30, 2002, Congress enacted the Sarbanes-Oxley Act of 2002, which among other things, prohibited loans by public companies to their officers or directors. As a result, we no longer grant loans under the SARP to officers to purchase our Common Stock.

In connection with the SARP, the following executive officers have delivered promissory notes to the Company: Michael P. Hoopis, Robert A. Shortt, Victor C. Streufert, Richard P. Bisson, Robert J. Rasp, Theresa Hope-Reese and Richard D. Tipton. In all cases, the promissory notes were incurred to pay the purchase price of our Common Stock purchased under the SARP. The amount of indebtedness outstanding under the promissory notes as of February 28, 2003 were \$1,699,987 principal and \$250,234 interest for Mr. Hoopis; \$1,009,977 principal and \$150,775 interest for Mr. Shortt; \$929,979 principal and \$138,661 interest for Mr. Streufert, \$581,382 principal and \$105,104 interest for Mr. Bisson, \$707,999 principal and \$107,862 interest for Mr. Rasp, \$381,085 principal and \$60,522 interest for Ms. Hope-Reese and \$370,796 principal and \$52,632 interest for Mr. Tipton.

Executive Officer Loan. On December 3, 2001, the Company loaned \$196,311 to Robert A. Shortt, an executive officer of the Company. As of February 28, 2003, the principal amount of the loan was \$196,311 and the accrued interest was \$12,371. The loan was intended to allow Mr. Shortt to refinance a promissory note owed by him to his former employer, CSK Auto Corporation. The interest rate on the promissory note is 4.99 percent. Payments are due monthly commencing December 1, 2004 and continuing for five years. The note is partially secured by 1,000 shares of CSK common stock owned by Mr. Shortt and 33,108 shares of restricted Company Common Stock owned by Mr. Shortt.
