PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS TO BE HELD MAY 15, 2003

GENERAL INFORMATION

This Proxy Statement and accompanying proxy card are being furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Papa John's International, Inc., a Delaware corporation (the "Company"), to be voted at the Company's Annual Meeting of Stockholders (the "Annual Meeting") and any adjournments thereof. The Annual Meeting will be held at the Company's corporate offices located at 2002 Papa John's Boulevard, Louisville, Kentucky on Thursday, May 15, 2003, at 11:00 a.m. (E.D.T.) for the purposes set forth in this Proxy Statement and the accompanying Notice of Annual Meeting. This Proxy Statement and accompanying proxy card are first being mailed to stockholders on or about April 14, 2003.

A stockholder signing and returning a proxy has the power to revoke it at any time before the shares subject to it are voted by (i) notifying the Secretary of the Company in writing of such revocation, (ii) filing a duly executed proxy bearing a later date or (iii) attending the Annual Meeting and voting in person. If a proxy is properly signed and returned to the Company and not revoked, it will be voted in accordance with the instructions contained therein. Unless contrary instructions are given, the proxy will be voted FOR the nominees for director named in the Proxy Statement and FOR the ratification of Ernst & Young LLP as the Company's independent auditors for the 2003 fiscal year and in the discretion of proxy holders on such other business as may properly come before the Annual Meeting.

Edgar Filing: PAPA JOHNS INTERNATIONAL INC - Form DEF 14A

The original solicitation of proxies by mail may be supplemented by telephone and other means of communication and through personal solicitation by officers, directors and other employees of the Company, at no compensation. Georgeson Shareholder Communications, Inc. has been retained to distribute proxy materials and to provide proxy solicitation services for a fee of approximately \$5,250, plus reasonable out-of-pocket expenses. Proxy materials will also be distributed through brokers, custodians and other like parties to the beneficial owners of the Company's common stock, par value \$.01 per share (the "Common Stock"), and the Company will reimburse such parties for their reasonable out-of-pocket and clerical expenses incurred in connection therewith.

RECORD DATE AND VOTING SECURITIES

The Board has fixed the record date for the Annual Meeting as the close of business on March 28, 2003 (the "Record Date"), and all holders of record of Common Stock on the Record Date are entitled to receive notice of and to vote at the Annual Meeting and any adjournment thereof. A list of stockholders entitled to vote at the Annual Meeting will be available for inspection by any stockholder, for any purpose reasonably related to the Annual Meeting, for a period of ten days prior to the Annual Meeting at the Company's principal executive offices at 2002 Papa John's Boulevard, Louisville, Kentucky. At the Record Date, there were 17,899,512 shares of Common Stock outstanding. For each share of Common Stock held on the Record Date, a stockholder is entitled to one vote on each matter to be considered at the Annual Meeting. A majority of the outstanding shares present in person or by proxy is required to constitute a quorum to transact business at the meeting.

Votes cast by proxy or in person at the Annual Meeting will be tabulated by the inspectors of election appointed for the meeting, who also will determine whether a quorum exists. Abstentions or "withheld" votes will be treated as present and entitled to vote for purposes of determining a quorum, but as unvoted for purposes of determining the approval of matters submitted to the stockholders. Since Delaware law treats only those shares voted "for" a matter as affirmative votes, abstentions or withheld votes will have the same effect as negative votes or votes "against" a particular matter. If a broker indicates that it does not have discretionary authority as to certain shares to vote on a particular matter, such shares will not be considered as present and entitled to vote with respect to that matter.

1. ELECTION OF DIRECTORS

The Company's Certificate of Incorporation provides for a classified board of directors, with three classes of directors each nearly as equal in number as possible. Each class serves for a three-year term and one class is elected each year. The Board of Directors is authorized to fix the number of directors within the range of three to fifteen members, and, effective at the 2003 Annual Meeting, the Board size has been set at nine members. Olivia F. Kirtley, Jack A. Laughery and Michael W. Pierce have been nominated as directors in the class serving a term expiring at the 2006 Annual Meeting. Norborne P. Cole, Jr., has been nominated as a director in the class serving a term expiring at the 2004 Annual Meeting. O. Wayne Gaunce, whose term as a director expires at the 2003 Annual Meeting, is retiring from the Board, and the Company wishes to express its appreciation for Mr. Gaunce's years of service.

The Sarbanes-Oxley Act of 2002, SEC regulations, and proposed changes in listing requirements by NASDAQ, the exchange on which the Company's stock trades, require that by 2004 a majority of the Company's Board be composed of directors deemed "independent" under applicable rules. The Company and the Board's Nominating Committee will continue to search actively for new directors, in order to assist the Company in complying with the new requirements for director independence. The Company expects that in certain cases incoming directors will fill vacancies created by resignations of incumbent directors.

It is intended that shares represented by proxies received in response to this Proxy Statement will be voted for the nominees listed below, unless otherwise directed by a stockholder in his or her proxy. Although it is not anticipated that any of the nominees will decline or be unable to serve, if that should occur the proxy holders may, in their discretion, vote for a substitute nominee or nominees. Directors are elected by a plurality of the votes cast.

7

Meetings of the Board of Directors

The Board met on five occasions during 2002. Each director attended at least 75% of the meetings of the Board and the Board committees on which he served during his period of service in 2002.

Committees of the Board of Directors

In addition to an Executive Committee, which is comprised of John Schnatter, Charles Schnatter and Richard Sherman, the Board of Directors has standing Compensation, Audit and Nominating committees.

Compensation Committee. The Compensation Committee is comprised of Messrs. Gaunce and Laughery. The functions of the Compensation Committee are to review and approve annual salaries and bonuses for all corporate officers and management personnel; review, approve and recommend to the Board of Directors the terms and conditions of all employee benefit plans; and administer the 1993 Stock Ownership Incentive Plan and the 1999 Team Member Stock Ownership Plan. The Compensation Committee met seven times in 2002. See "COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION."

Audit Committee. The Audit Committee is comprised of Messrs. Frazier, Laughery and Pierce. The functions of the Audit Committee are to recommend annually to the Board of Directors the appointment of the independent auditors of the Company; discuss and review the scope and the fees of the prospective annual audit and review the audit results with the independent auditors; review and approve non-audit services of the independent auditors; review compliance with accounting and financial policies of the Company; review the adequacy of the financial organization of the Company; review management's procedures and policies relative to the adequacy of the Company's internal accounting controls and compliance with federal and state laws relating to accounting practices; and discuss with Company's internal audit staff the results of examinations and internal controls. The Audit Committee met three times in 2002. See "AUDIT COMMITTEE REPORT."

Nominating Committee. The Nominating Committee is comprised of Messrs. Gaunce, Laughery and Pierce. The principal functions of the Nominating Committee are to recommend to the Board nominees for director to be elected by the Company's stockholders or elected by the

Edgar Filing: PAPA JOHNS INTERNATIONAL INC - Form DEF 14A

Board to fill vacancies, and nominees for selection to membership on the Board's various committees. The Nominating Committee recommended the nominations of Ms. Kirtley and Messrs. Cole, Laughery and Pierce for election to the Board at the 2003 Annual Meeting. Messrs. Laughery and Pierce, as well as Mr. Sherman, have agreed to resign from the Board upon request as the Company seeks qualified candidates for appointment to the Board in light of new director independence requirements.

As the Company continues to recruit new qualified directors, those directors will be assigned to the Board committees according to their expertise and experience. The Company expects that by 2004 the Compensation, Audit and Nominating committees will be comprised solely of directors who meet all applicable independence requirements.

Compensation of Directors

Director Compensation Program. The Company's compensation program for non-employee directors (the "Director Compensation Program") provides for cash compensation based on attendance at Board and committee meetings. Under the terms of the Director Compensation Program, non-employee directors receive a fee of \$5,000 for each Board meeting attended in person and \$1,000 for participation in a telephonic meeting. Non-employee Board committee members receive \$500 for participating in each committee meeting, but no additional compensation for participating in committee meetings scheduled in conjunction with Board meetings.

8

Under the terms of the Company's 1993 Stock Option Plan for Non-Employee Directors (the "Director Option Plan"), no grants or awards of options under the Director Option Plan shall be made to a non-employee director if the Company has in effect any other director compensation program applicable to such director (other than for reimbursement of expenses), unless the compensation program specifically provides otherwise. The Director Compensation Program does not provide that any options may be awarded under the Director Option Plan to a director compensated under the Director Compensation Program, and no such options were granted to any directors in 2002. The Director Option Plan provides that any non-employee director who serves on the Executive Committee of the Board and is not compensated under the Director Compensation Program shall receive an annual stock option award of 7,500 shares. The Director Option Plan expires by its terms on April 15, 2003.

Non-employee directors also receive reimbursement of reasonable out-of-pocket expenses incurred in connection with their attendance at Board and committee meetings. Directors who are employees of the Company do not receive additional compensation for services rendered as a director.

Director Severance Program. The Sarbanes-Oxley Act of 2002, SEC regulations, and proposed changes in listing requirements by NASDAQ, the exchange on which the Company's stock trades, require that by 2004 a majority of the Company's Board be composed of directors deemed "independent" under applicable rules. The Company and the Board's Nominating Committee are actively searching for new directors in order to assist the Company in complying with the new requirements. The Company expects that in certain cases incoming directors will fill vacancies created by resignations of incumbent directors.

Prior to 2001, non-employee directors received their directors' fees in the form of Company stock options under the Director Option Plan. Those options normally terminate within three months following the resignation of a director. As a result, resigning directors will forfeit a portion of their previously earned fees. Because those directors will be resigning in order to facilitate the Company's compliance with applicable laws and regulations, the Company believes that it is appropriate to compensate the resigning directors for the resulting lost fees.

Accordingly, in March 2003 Company management proposed to the Board, and the disinterested members of the Board approved, a severance program (the "Director Severance Program") that applies to any non-employee director who holds stock options granted under the Director Option Plan and who resigns or agrees not to stand for re-election to the Board in 2003 or 2004. Under the terms of the Director Severance Program, an eligible director will receive, upon his departure from the Board, a cash payment equal to \$10,000 for each year of service during the six-year period from 1996 through 2001, with each such annual amount reduced to the extent the director realized any gain from the exercise of stock options granted under the Director Option Plan during that period (or has unrealized gain on such options as of his departure date). A non-employee director who serves on the Executive Committee will receive an additional \$16,500 for each full or partial year of Executive Committee service during the period from 1996 through the year of his departure from the Board, with each such annual amount reduced to the extent the director realized any gain from the exercise of stock options granted under the Director Option Plan during that period (or has unrealized gain on such options as of his departure date).

Directors eligible to participate in the Director Severance Program should they leave the Board are O. Wayne Gaunce, Jack A. Laughery, Michael W. Pierce and Richard F. Sherman, all of whom abstained from voting on adoption of the Director Severance Program. Mr. Sherman is a member of the Executive Committee. Mr. Gaunce, a director of the Company since 1993 and whose term expires at the 2003 Annual Meeting, is retiring from the Board. Under the Director Severance Program, Mr. Gaunce will receive a cash payment of \$60,000 upon his departure from

the Board, representing \$10,000 for each of his six years of service from 1996 through 2001, with no expected reduction for any

realized or unrealized gains from stock options granted under the Director Option Plan during that period.

Messrs. Laughery, Pierce and Sherman have agreed to resign from the Board upon request as the Company and the Nominating Committee recruit qualified candidates for appointment to the Board. The Company cannot predict the timing of such appointments or any resulting resignations of incumbent directors. For purposes of illustration, if Messrs. Laughery, Pierce and Sherman left the Board immediately following the 2003 Annual Meeting, they would be entitled to payments under the Director Severance Program of approximately \$60,000, \$60,000 and \$112,500, respectively, assuming no additional reductions for realized or unrealized gains from stock options subsequent to the date of this Proxy Statement.

In 2003 the Company will continue to review its compensation program for non-employee directors as well as director compensation programs at other companies. Based on its review, and in order to continue to attract and retain qualified independent directors, the Company may propose to the Board a program providing for an increased level of compensation for non-employee directors, possibly including both cash and equity-based components.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The following report includes a discussion of the Compensation Committee's philosophy on executive compensation, the primary components of the Company's compensation program and a description of the Chief Executive Officer's compensation package during 2002. The Committee held seven meetings in 2002.

Compensation Principles. The Compensation Committee is responsible for reviewing and approving the compensation of the Company's executive officers and administering the Company's incentive compensation and stock option plans. The Committee believes the following principles are important in compensating executive officers:

Base compensation awarded by the Company should be effective in attracting, motivating and retaining key executives.

Incentive compensation should be awarded based on the achievement of identified goals for the Company, as well as on individual scope of responsibilities and performance.

Executive officers should have an equity interest in the Company to encourage them to manage the Company for the long-term benefit of stockholders.

Each form of compensation, as applied to the Company and its executive officers, is discussed below.

Annual Salary. The Committee reviews salary levels of the Chief Executive Officer and the Company's other officers on an annual basis, and makes adjustments the Committee deems appropriate or necessary. The Committee approved executive salaries for 2002 based upon market pricing information, together with consideration of each officer's scope of responsibilities and individual performance, as well as the importance of the position to the implementation of the Company's strategies. The Company has established a general target for base compensation of officers, including executive officers, at the 50th percentile based on a market review of similar positions in other

12

companies of comparable size based on revenues. The Committee also considered the recommendations of the Chief Executive Officer with respect to the salary levels of other executive officers.

Bonus Program. The Company's Management Incentive Plan (the "Incentive Plan"), approved by the Committee, is designed to reward executive and other officers and certain management personnel for the achievement of certain corporate goals. For 2002, the Committee established target funding levels for the Incentive Plan based upon the Company's earnings per share of common stock. The Incentive Plan contemplates aggregate quarterly and annual incentive "pools," each calculated for 2002 based upon the Company's earnings per share exceeding each quarterly or annual target. A prescribed formula is used to allocate the Incentive Plan pools among participants, including executive officers, based primarily upon the relative strategic importance of the participant's position in the Company. Individual Incentive Plan awards may be reduced to reflect individual performance. The Company has established a general target for cash incentive compensation of officers, including executive officers, at the 50th percentile based on a market review of similar positions in other companies of comparable size based on revenues.

During 2002, certain officers and employees within the Company's restaurant operations, development, international and commissary areas, including two executive officers, were eligible to receive bonuses based on the attainment of operational goals during the fiscal year. The operational goals include targeted sales and profits at the restaurant or commissary level, or on a Company-wide basis, depending upon the employee's position, or the development or opening of a targeted number of Company-owned or franchised restaurants.

Equity-Based Compensation. Each executive officer of the Company holds stock options granted under the Company's stock option plans. In January 2002, the Committee authorized stock option awards to certain executive officers and other senior management under the Company's 1999 Team Member Stock Ownership Plan. However, during 2002 the Company changed its approach to equity-based compensation, in part by adopting Statement of Financial Accounting Standards (SFAS) No. 123, "Accounting for Stock-Based Compensation," to expense the cost of

Edgar Filing: PAPA JOHNS INTERNATIONAL INC - Form DEF 14A

employee stock options when granted. During 2002, the Company granted none of such options authorized in 2002 to any executive officer. The Company and the Committee currently are reviewing awards of stock options and other approaches to equity compensation for executive officers and other senior management. One executive officer of the Company received grants of stock options under an individual incentive plan based on the attainment of certain periodic goals with respect to the development of restaurants.

Compensation of Chief Executive Officer. The Committee determined the compensation of John H. Schnatter, Founder, Chairman of the Board, Chief Executive Officer and President of the Company, for services rendered in 2002.

The Committee reviewed market survey data for chief executive officer compensation at companies of comparable size based on revenues, in all industries and in the restaurant industry specifically. Based upon the market pricing information, consistent with the compensation policies and components described above, and in light of Mr. Schnatter's scope of responsibilities, in February 2002 the Committee approved an increase in his base annual salary to \$760,000.

Mr. Schnatter earned a total of \$293,649 under the Incentive Plan in 2002. Payments were made to Incentive Plan participants, including Mr. Schnatter, based upon the Company's earnings per share

13

exceeding target levels established by the Committee for each quarter of the Company's fiscal year as well as the full year.

Mr. Schnatter received no stock options or other equity-based compensation from the Company in 2002.

OBRA Deductibility Limitation. The Omnibus Budget Reconciliation Act of 1993 ("OBRA") limits the deduction by public companies of compensation of certain executive officers to \$1 million per year, per executive officer, unless certain criteria are met. It is the Company's policy to comply whenever appropriate and possible with the requirements of OBRA applicable to the qualification of any such compensation for deductibility, and the Committee continues to review issues relating to this compensation deduction limitation.

AUDIT COMMITTEE REPORT

Securities and Exchange Commission rules that took effect in 2000 require that for all votes of stockholders the proxy statement include a report of the Audit Committee addressing several matters identified in the rules. In addition, the SEC requires that any written charter adopted by the Audit Committee be included as an attachment to the proxy statement at least once every three years. The Audit Committee adopted a new written charter in 2000, a copy of which was included in the proxy statement issued in connection with the Company's 2001 annual meeting of stockholders. In light of changes in corporate-governance laws and regulations applicable to the Company, the Audit Committee will re-examine and update its charter, a copy of which will be published in the proxy statement to be issued in connection with the Company's 2004 Annual Meeting.

Under its charter, the Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the consolidated financial statements and the financial reporting process, including the systems of internal controls. The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for issuing a report on those financial statements.

In fulfilling its oversight responsibilities, the Committee reviews the consolidated audited financial statements in the Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the consolidated financial statements. The Committee has reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other

Edgar Filing: PAPA JOHNS INTERNATIONAL INC - Form DEF 14A

matters as are required to be discussed with the Committee by Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees). In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company, including the matters in the written disclosures required by Independence Standards Board (ISB) Standard No. 1 (Independence Discussions with Audit Committees), and considered the compatibility of nonaudit services with the auditors' independence.

The Committee held three meetings during fiscal year 2002. The Committee discussed with the Company's independent auditors the overall scope and plans for their audits. The Committee meets with the independent auditors, with and without management present, to discuss the overall quality of the Company's financial reporting, and meets with both the independent auditors and the Company's internal audit staff to discuss the results of their examinations and their evaluations of the Company's internal controls. Additionally, the Committee's Chairman, as a representative of the Committee, corresponds with the independent auditors prior to public release of the Company's quarterly and annual earnings announcements.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited consolidated financial statements be included in the Annual Report on Form 10-K for the year ended December 29, 2002, for filing with the SEC. The Committee and the Board have also recommended, subject to shareholder approval, the selection of Ernst & Young LLP as the Company's independent auditors for the fiscal year ending December 28, 2003.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Immediately prior to its initial public offering of Common Stock in 1993, the Company's Board of Directors adopted a policy requiring that all future transactions with affiliates be on terms comparable to those that the Company could obtain from unaffiliated third parties. In addition, the policy requires that all such transactions be approved by a majority of the members of the Board who are not officers or employees of the Company and who do not have an interest in the transaction.

The current members of the Compensation Committee, Messrs. Gaunce and Laughery, are franchisees of the Company. Set forth below is a description of transactions during the Company's last fiscal year involving these directors, as well as other directors and executive officers of the Company.

Franchise and Development Arrangements

Prior to the Company's initial public offering of Common Stock in 1993, certain executive officers and directors of the Company acquired equity interests in entities that were franchisees of the Company and that had rights to develop Papa John's restaurants. Certain of the entities acquired development rights at reduced development fees and also pay a reduced franchise fee when each restaurant is opened. However, such entities pay royalties at the same rate as other franchisees. The Company has entered into additional franchise and development agreements with non-employee directors and executive officers of the Company and entities in which they have an equity interest, and may continue to do so in the future. It is expected that any such arrangements will be on terms no more favorable than with independent third parties.

Set forth below is a description of franchise and development arrangements between the Company and entities in which the Company's executive officers and directors, as well as their immediate family members, have an equity interest as of the end of the fiscal year or had an equity interest prior to an acquisition of the entity, and the amount of franchise fees, development fees and royalties earned by or paid to the Company from such entities during the last fiscal year. Such entities also purchase various food and other products from the Company's commissary system and may purchase from or through the Company certain goods and services, including insurance, needed to operate a Papa John's restaurant. All such purchases and sales are made on terms and at rates identical to those that may be obtained from the Company by an independent franchisee.

Franchisee Loans

Since 1996, Capital Delivery, Ltd., a wholly owned subsidiary of the Company, has extended loans to selected franchisees from time to time for use in the construction and development of their restaurants and with respect to their acquisition of certain Company-owned restaurants. Loans under the program bear interest at fixed or floating rates, and are generally secured by the fixtures, equipment, signage and, where applicable, the land of each restaurant, the ownership interests in the franchisee and, in certain circumstances, guarantees of the franchisee owners. A typical loan agreement extends for a four-to six-year term.

Set forth below is a description of franchisee loans from Capital Delivery, Ltd., to entities in which the Company's executive officers and directors, as well as their immediate family members, have an equity interest; the largest aggregate amount outstanding during 2002; and the amount outstanding and the applicable rate of interest on such loans as of February 28, 2003.

Employment Agreement

Wade Oney served as Chief Operating Officer of the Company from 1995 until he relinquished that position in 2000. Mr. Oney remains a director and franchisee of the Company, and continues to serve as an employee working on special projects. Under the terms of Mr. Oney's arrangement with the

18

Company, he receives an annual salary of \$75,000 and is eligible to earn an annual bonus of up to \$25,000; he earned no bonus in 2002.

Consulting Agreement

The Company and Richard F. Sherman, a director of the Company, are parties to a 1991 consulting agreement, as amended (the "Consulting Agreement"), pursuant to which the Company pays Mr. Sherman a monthly consulting fee of \$12,000, and provides him with group health insurance. The total amount paid to Mr. Sherman in 2002 under the Consulting Agreement was \$144,000, and the value of group health benefits provided to Mr. Sherman in 2002 was \$4,440. Mr. Sherman is also entitled to compensation at a rate of \$157 per hour for each hour of consulting service provided in excess of 30 hours per month. After termination of the Consulting Agreement, Mr. Sherman has agreed not to compete with the Company in any capacity for a period of twelve months, and in any business that offers pizza on a delivery basis anywhere in the United States for a period of two years. Under the terms of the Company's Director Option Plan, Mr. Sherman, as a member of the Executive Committee of the Board, received an annual stock option award for 2002 of 7,500 shares.

Other Transactions

During 2002, the Company paid \$469,031 to Hampton Airways, Inc. ("Hampton"), for charter aircraft services. Hampton's sole shareholder is John Schnatter. The Company believes the rates charged to the Company were at or below rates that could have been obtained from an independent third party for similar aircraft.

In 1999, the Papa John's Franchise Advisory Council, an advisory group including Papa John's franchisees that meets periodically to discuss issues of importance to the Company and its franchisees, initiated a program that allows the cost of cheese to Papa John's restaurants to be established on a quarterly basis. Certain franchisees of the Company formed a corporation, BIBP Commodities, Inc. ("BIBP"), that purchases cheese at the prevailing market price and sells it to the Company's distribution subsidiary, PJ Food Service, Inc. ("PJFS"), at a fixed quarterly price based in part upon historical average market prices. PJFS in turn sells cheese to Papa John's restaurants at a set quarterly price. The purchase of cheese by PJFS from BIBP is not guaranteed. Capital Delivery, Ltd., a wholly owned subsidiary of the Company, has made available a \$2.6 million line of credit to BIBP to fund cash deficits as they may arise; as of March 14, 2003, no extensions of credit under the line were outstanding. Among the shareholders of BIBP are the following: Wade Oney (9.09%), a franchisee entity owned in part by Michael Pierce (9.09%), a franchisee entity owned in part by Wayne Gaunce (18.18%), and a franchisee entity owned in part by Richard Sherman and Jack Laughery (18.18%). BIBP has paid its shareholders a total annual dividend equal to eight percent of each shareholder's initial investment; payment of future dividends is at the discretion of BIBP's board of directors and will depend upon the financial condition of BIBP and general business conditions.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of the Company's Common Stock, to file stock ownership reports and reports of changes in ownership with the Securities and Exchange Commission. Based on a review of these reports and written representations from the reporting persons, the Company believes that all applicable Section 16(a) reporting requirements were complied with for all Common Stock transactions in 2002, except as follows: Jack A. Laughery, a director of the Company, reported late on Form 4 a sale of shares by his wife, as to which shares Mr. Laughery previously disclaimed beneficial ownership. William M. Van Epps, an executive officer of the Company, reported late on Form 4 two grants of stock options received under a quarterly incentive program.

STOCK PERFORMANCE GRAPH

The following performance graph compares the cumulative total return of the Company's Common Stock to the NASDAQ Stock Market (U.S.) Index and a group of the Company's peers consisting of U.S. companies listed on NASDAQ with standard industry classification (SIC) codes 5800-5899 (Eating and drinking places). Relative performance is compared for the five-year period from December 26, 1997, to December 27, 2002, each the last trading day of the Company's fiscal year. The graph assumes that the value of the investments in the Company's Common Stock and in each index was \$100 at December 26, 1997, and, with respect to the index and peer group, that all dividends were reinvested.
