PROXY STATEMENT

The enclosed proxy is solicited on behalf of our Board of Directors (the "Board") for use at the annual meeting of our stockholders, to be held on Friday, May 14, 2004 at 9:00 a.m., local time, at the Museum of Contemporary Art, 700 Prospect Street, La Jolla, California. In addition to solicitation of proxies by mail, proxies may be solicited by our directors, officers and regular employees by personal interview, telephone or telegram, and we will request brokers and other fiduciaries to forward proxy soliciting material to the beneficial owners of shares which are held of record by them. We will pay the expense of all such solicitation, including printing and mailing. Any proxy may be revoked at any time before its exercise, by written notice to our Secretary or by attending the meeting and electing to vote in person. This Proxy Statement and the accompanying proxy were initially mailed to stockholders on or about April 7, 2004.

Only holders of record of our common stock at the close of business on March 26, 2004 will be entitled to vote at the meeting or any adjournment or postponement thereof. As of March 26, 2004, 3,052,906 shares of our common stock were outstanding.

Each share of our common stock that you own entitles you to one vote. Holders of shares of our voting stock are not entitled to cumulate their votes in the election of directors. A majority of the outstanding shares of our voting stock present in person or by proxy at the annual meeting shall constitute a quorum at the meeting. In determining whether a quorum exists at the meeting for purposes of all matters to be voted on, all votes "for" or "against," all abstentions (including votes to withhold authority to vote in certain cases) and broker non-votes, will be counted.

The directors nominated shall be elected by a plurality of the votes cast at the annual meeting. This means that the director nominees with the most affirmative votes are elected to fill the available seats. Approval of proposals other than the election of directors requires the affirmative vote of a majority of our outstanding common stock present in person or by proxy at the annual meeting. Abstentions with respect to proposal 2 and 3 will be counted as present for purposes of determining whether quorum exists, while broker non-votes will not be counted present for purposes of determining whether quorum exists. Thus, an abstention will have the same effect as a vote "against" such proposals while a broker non-vote will have no effect.

Three (3) of the five (5) nominees including Messrs. Borling, Morgan and Slepicka are "independent" within the meaning of the applicable NASD listing standards.

Edgar Filing: HYPERFEED TECHNOLOGIES INC - Form DEF 14A

On May 22, 2003, PICO Holdings, Inc ("PICO") filed an amended Schedule 13D with the Securities and Exchange Commission reporting that it beneficially owns 1,856,928 shares of our common stock (after giving effect to the one for ten reverse stock split in August 2003), which, based upon 3,052,906 shares of our common stock outstanding as of March 26, 2004, results in PICO beneficially owning more than 50% of the voting power of HyperFeed. As a result, HyperFeed is deemed to be a "controlled company" within the meaning of the applicable NASD listing standards.

The Board has established an Audit Committee, a Compensation Committee, and a Nominating Committee.

The Audit Committee assists the Board in fulfilling its oversight responsibilities. The Board adopted a written charter of the Audit Committee in May 2000. A copy of such written charter is included as Appendix A to this proxy statement. The Audit Committee is responsible for, among other things, monitoring HyperFeed's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance. Only outside directors who are not employees of HyperFeed may serve on the Audit Committee,

3

and all members of the Audit Committee are "independent" within the meaning of the applicable NASD listing standards and Rule 10a-3 under the Securities Exchange Act of 1934, as amended. The Audit Committee was comprised of Messrs. Slepicka, Henry, and Borling during 2003 and through March 2004, at which time Mr. Henry resigned as a director. Mr. Morgan has replaced Mr. Henry on the Audit Committee effective April 1, 2004. Mr. Slepicka is deemed to be an Audit Committee financial expert within the meaning of Rule 10a-3 under the Securities Exchange Act of 1934, as amended.

The Audit Committee met six times in 2003.

The Compensation Committee administers the Company's stock option plans, including the review and grant of stock options to officers and other employees under the Company's stock option plans. The Compensation Committee also reviews and approves various other company compensation policies and matters, and reviews and approves salaries and other matters relating to compensation of the executive officers of the Company. The Compensation Committee was comprised of Messrs. Langley, Henry, and Slepicka during 2003 and through March 2004, at which time Mr. Henry resigned as a director. Effective April 1, 2004, the Compensation Committee is comprised of two members, Messrs Langley and Slepicka. Mr. Slepicka is "independent" within the meaning of the applicable NASD listing standards. As a result of its status as a controlled company, HyperFeed is not obligated under applicable NASD listing standards to have such committee composed entirely of independent directors.

The Compensation Committee met one time in 2003.

The Nominating Committee makes recommendations to the Board regarding the size and composition of the Board. The Nominating Committee establishes procedures for the nomination process, recommends candidates for election to the Board of Directors and nominates officers for election by the Board. The Nominating Committee is comprised of Messrs. Borling, Slepicka, and Hart. Two (2) of the three (3) members of the Compensation Committee, Messrs. Borling and Slepicka, are "independent" within the meaning of the applicable NASD listing standards. As a result of its status as a controlled company, HyperFeed is not obligated under applicable NASD listing standards to have such committee composed entirely of independent directors.

The Nominating Committee does not have a charter nor does the Nominating Committee have a policy with regard to the consideration of any director candidates recommended by security holders. The Board of Directors believes that, in light of the Company's status as a controlled company within the meaning of the applicable Nasdaq listing standards, it is appropriate for the Nominating Committee to function without a charter or policy with regard to the consideration of any director candidates recommended by security holders.

The Nominating Committee did not meet in 2003.

During the year ended December 31, 2003, the Board held 10 meetings. No director attended less than 75% of all the meetings of the Board and the committees on which he served in 2003.

Any stockholder who wishes to communicate directly with our Board of Directors may do so by writing to HyperFeed Board of Directors, c/o Corporate Secretary, 300 South Wacker Dr., Suite 300, Chicago IL 60606. The Corporate Secretary will provide all such communications to the Board of Directors on a confidential basis as soon as reasonably practicable following receipt.

The Company has adopted a Code of Ethics that applies to all of the Company's employees, including the Company's principal executive officer, principal financial officer, and principal accounting officer. A copy of the Code of Ethics is available on the Company's corporate Web site, which is located at www.hyperfeed.com. The Company also intends to disclose any amendments to, or waivers from, the Code of Ethics on

its corporate Web site.

Stock Plans

EMPLOYEE STOCK PURCHASE PLAN. We currently have reserved an aggregate of 200,000 shares of common stock for issuance under our 1995 Employee Stock Purchase Plan (the "Plan"), as amended. The Plan is intended to qualify under Section 423 of the Internal Revenue Code of 1986 and permits our eligible employees to purchase common stock through payroll deductions of up to 10% of their annual salary in any calendar year to a maximum of \$5,000 per offering. The Plan has four three-month offering periods beginning on the first day of each quarter. No employee may purchase more than 5% of our outstanding voting capital stock or an amount more than \$20,000 worth of stock

Edgar Filing: HYPERFEED TECHNOLOGIES INC - Form DEF 14A

in any calendar year. The purchase price of common stock purchased under the Plan equals 85% of the market value of the common stock, as calculated in the Plan, on the first or last day of an offering period, whichever is lower. During 2003, 22,857 shares were sold to employees in accordance with the Plan.

INCENTIVE STOCK OPTION PLAN. We have reserved an aggregate of 500,000 shares of common stock for issuance under our 1999 Combined Incentive and Non-Statutory Stock Option Plan (the "Option Plan"), which may be granted to our employees, officers, directors and consultants. The Option Plan is administered by our Compensation Committee. Generally, options may be granted to our employees, officers, directors and consultants at a purchase price equal to the fair market value (as defined in the Option Plan) of our common stock at the date of grant, vest ratably over a three year period, and are exercisable for a period of up to five years from the date of grant. During the past fiscal year, options for 235,936 shares were granted under the Option Plan.

401(K) PLAN. We maintain a 401(k) retirement savings plan for employees meeting certain eligibility requirements. Under the 401(k) Plan in 2003, we matched 100% of the first 3% of annual salary contributed by an employee to the 401(k) Plan. During the last fiscal year, we made matching contributions of approximately \$107,980 under the 401(k) Plan.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee is comprised solely of "independent directors" within the meaning of the applicable NASD listing standards and Rule 10a-3 under the Securities Exchange Act of 1934, as amended, and it operates under a written charter adopted by the Board of Directors in May 2000. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. Mr. Slepicka is an Audit Committee financial expert within the meaning of Rule 10a-3 under the Securities Exchange Act of 1934, as amended.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities. The Audit Committee's primary duties and responsibilities are to monitor the integrity of the Company's financial reporting process and systems of internal controls regarding finance, accounting and legal compliance and to monitor the independence and performance of the Company's independent auditors.

The Audit Committee is responsible for reviewing and pre-approving any non-audit services to be performed by the Company's independent auditors. The Audit Committee reviews and, if appropriate, approves non-audit service engagements, taking into account the proposed scope of the non-audit services, the proposed fees for the non-audit services, whether the non-audit services are permissible under applicable law or regulation and the likely impact of the non-audit services on the independence of the independent auditors.

The Audit Committee has reviewed and discussed with the management of HyperFeed and KPMG LLP ("KPMG"), the Company's independent auditors, the audited financial statements of the Company contained in the Company's annual report to stockholders for the fiscal year ended December 31, 2003. The Audit Committee also has discussed with representatives of KPMG the matters required to be discussed pursuant to Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, Communication with Audit Committees).

The Audit Committee has received and reviewed the written disclosures and letter from KPMG required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with KPMG their independence. The Audit Committee also has considered whether the provision of other non-audit services to the Company by KPMG is compatible with maintaining their independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS ON EXECUTIVE COMPENSATION

To Our Stockholders:

In October 1997, the Board established a Compensation Committee for administering our executive compensation programs. Prior to that time, the entire Board was generally responsible for administering the programs. The Compensation Committee also assumed responsibility for administering our Option Plans from our Incentive Stock Committee.

Compensation Philosophy

Our executive compensation program is intended to attract, develop, reward and retain quality management talent. It is our philosophy that executive compensation should recognize an individuals' contribution to us and should be competitive with compensation offered by other computer software and service companies. To further align executive officers' interests with those of the stockholders, our executive compensation program also relies on stock option awards.

Compensation Components

The components of our executive compensation program are as follows: base salary, bonus and stock option awards.

Base Salary. The Board established the base salaries to be paid to our executive officers based upon recommendations from the Compensation Committee. In determining their recommendations, the Committee takes into account several factors such as an individual's experience, responsibilities, management and leadership abilities, and job performance in the prior year.

Bonus. For 2003, the Compensation Committee and the Board approved guidelines for the payment of cash bonuses to executives based upon improvements in the operating performance of the Company.

Stock Options. The Board believes stock options are a key long-term incentive vehicle because they provide executives with the opportunity to acquire or increase an equity interest in us and to share in the appreciation of the value of our common stock. Stock option grants, therefore, directly align the executive's interest with those of the stockholders.

Stock options are granted to the executive officers and other key managers by our Compensation Committee (formerly our Incentive Stock Committee) under our 1999 Combined Incentive Stock and Non-Statutory Option Plan generally every 12 months. Options are generally granted with a three-year vesting and a five-year exercise period in order to encourage executives and managers to take a long-term view of the impact of their individual contributions to us. In determining the number of options to be awarded to each individual, the Committee considers the executive's level of management responsibility and potential impact on our profitability and growth. During the 2003 fiscal year, options were granted to all of our Senior Executive Officers at an option price equal to or greater than the fair market value of our stock on the date of grant.

Chief Executive Officer Compensation

The Compensation Committee and Board establish the compensation of our Chief Executive Officer. In determining the level of compensation, the Committee and Board consider a variety of factors, such as experience, effectiveness as a manager, leadership skills, and job performance in the prior year, as well as the market value of Chief Executive Officers of similar companies in similar industries.
