Restricted Shares vest over a fixed term from the date of grant based on continuous service by the employee throughout such period. The Company awarded Mr. Foy 3,000 Restricted Shares in April 2003 which are scheduled to vest in April 2006. The market value of Mr. Foy's unvested Restricted Shares totaled \$1,379,850 as of December 31, 2003. The Company awarded Messrs. 			Threshold(#)	Target(#)	Maximum(#)
Raymond Barrette	13,000	3 yrs.	0	13,000	26,000

David T. Foy	10,000	3 yrs.	0	10,000	20,000
John P. Cavoores	3,000	3 yrs.	0	3,000	6,000

(a)

Performance shares are payable upon completion of pre-defined business goals and are valued based on the market value of Common Shares at the time awards are earned. Performance shares are paid in cash but can be paid in Common Shares if the Board so determines. With respect to the 2003 performance shares awarded to Messrs. Barrette, Foy, Fass and Cavoores, "Target" performance is the attainment of a corporate annualized return on equity ("ROE") of 11% after tax as measured by the Company's growth in its intrinsic business value. At a ROE of 4% or less ("Threshold") the percentage of performance shares payable will be 0% and at a ROE of 21% or more ("Maximum") the percentage of performance shares will become 200% of target. With respect to 50% of the 2003 performance shares awarded to Mr. Gillespie, "Target" performance is the attainment of a 11% ROE, as described above, and 50% is the attainment of a return on invested assets of 150 basis points over the applicable return on the ten-year United States treasury rate. At a return on invested assets equal to the applicable return on the ten-year United States treasury rate ("Threshold") the percentage of performance shares payable will be 0% and at a return on invested assets of 325 basis points over the applicable return on the ten-year United States treasury rate ("Maximum") the percentage of performance shares will become 200% of target.

Other awards. Mr. Fass was also granted a contingent cash award under the Folksamerica Holding Company, Inc. Long-Term Incentive Plan during 2003. The "Target" amount of this award was initially determined as 100% of Mr. Fass' eligible base salary (or \$466,000) which is subsequently increased or decreased by Folksamerica's underwriting return on capital ("UROC") achieved during the performance period. With respect to this award, "Target" performance is the attainment of a 14% pretax UROC. UROC is a proprietary measure which is viewed by the Company as being indicative of Folksamerica's operating performance.

Mr. Cavoeres was also granted a contingent cash award under the OneBeacon Performance Unit Plan during 2003. The "Target" amount of this award was initially determined as 10,000 Performance Units (which are initially valued at \$100 per unit) which is subsequently increased or decreased by OneBeacon's pretax ROE achieved during the performance period. With respect to this award, "Target" performance is the attainment of a combined ratio of 96% (as computed under generally accepted accounting principles or "GAAP"). The GAAP combined ratio is viewed by the Company as being indicative of OneBeacon's operating performance.

See "Report of the Committees on Executive Compensation" for additional information concerning these awards.

Equity Compensation Plan Table

The following table provides information as of December 31, 2003 with respect to Common Shares that may be issued under White Mountains' existing incentive compensation plans. Performance shares awarded under the Incentive Plan are typically paid in cash, though they may be paid in Common Shares at the election of the Board or a Committee of the Board. For that reason, these plans are listed in the Equity Compensation Plan Table below. The Folksamerica Holding Company, Inc. Long-Term Incentive Plan, the Folksamerica Holding Company, Inc. Performance Share Plan and the OneBeacon Performance Unit Plan are cash-based plans which do not provide for the issuance of Common Shares and are therefore excluded from this table.

Plan category	(a) Number of securities that may be issued upon exercise or vesting of outstanding options, warrants and rights at Target	(b) Weighted average exercise price of outstanding options, warrants and rights	(c) Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column(a))

- (1) The outstanding Restricted Shares, which were granted in 2003, are currently outstanding but have not been earned. Restricted Shares vest over a fixed term from the date of grant based on continuous service by the employee throughout such period.
- (2) The outstanding Options were granted in 2000 at an exercise price equal to the underlying market value of Common Shares on the date of grant. The exercise price escalates on a straight-line basis by 6% per annum over the ten-year life of the Options. The weighted average shown above represents the effective exercise price per Option at December 31, 2003.
- (3) The Performance Plan is a long-term incentive plan of OneBeacon which provides for granting of performance shares to certain of its key employees. The performance goals for full payment of performance shares issued under the Performance Plan are similar to those of the Incentive Plan. The Performance Plan was not subject to Member approval. No performance shares were granted under the

Performance Plan during 2003.

COMPENSATION PLANS

Pension Plans. Benefit accruals under a qualified defined benefit pension plan and a non-qualified supplemental plan of OneBeacon were frozen for all participating employees as of December 31, 2002. As of such date, Messrs. Barrette, Gillespie and Cavoore each had less than 1.6 years of credited service for purposes of accruing pension benefits. As a result, each of their respective accrued retirement benefits were insignificant.

Benefit accruals under a qualified defined benefit pension plan of Folksamerica were frozen for all participating employees as of December 31, 2002. As of such date, Mr. Fass had 22.6 years of credited service and an average final compensation of \$172,000. This resulted in Mr. Fass' annual benefit payable at age 65 being set at \$63,160 annually for as long as he lives but in no event for less than 10 years.

Mr. Cavoore participates in the OneBeacon Insurance Company Employee Stock Ownership Plan (the "ESOP"), a qualified employee stock ownership plan which was established during 2003. Under the terms of the ESOP, Mr. Cavoore's ESOP account is credited with an annual contribution, in cash or Common Shares, in an amount equal to the lesser of three percent of his base salary (which was \$400,000 for 2003) and three percent of the applicable Social Security wage base (which was \$87,000 for 2003). As of December 31, 2003, Mr. Cavoore's ESOP balance was not vested.

Deferred Compensation Plans. The Named Executive Officers are eligible to participate in various unfunded, nonqualified plans for the purpose of deferring current compensation for retirement savings (the "Deferred Compensation Plans"). Pursuant to the Deferred Compensation Plans, participants may defer all or a portion of qualifying remuneration payable which can be invested in various investment options generally available to the investment community including Common Shares. Earned compensation credited to the deferred compensation accounts of such individuals have been included in the Summary Compensation Table.

Mr. Fass is a participant in the Folksamerica Holding Company, Inc. Deferred Benefit Plan, a non-qualified deferred compensation plan for a select group of employees which was frozen at December 31, 2002. The Deferred Benefit Plan credited each participant's account annually with amounts based on the additional value of pension and 401(k) benefits earned that were above IRS limits on qualified plan benefits. Mr. Fass's account value under the Deferred Benefit Plan was \$1,356,921 as of the date this benefit was frozen.

Other Compensation Arrangements

Pursuant to the Incentive Plan, under some circumstances Options may become fully exercisable, Restricted Shares may immediately vest and performance shares may become partially or fully payable. Such circumstances are more fully described in the Incentive Plan.

Pursuant to an employment letter dated February 26, 2003, Mr. Foy received, in addition to the Company's customary officer benefits, a sign-on bonus of \$500,000, a guaranteed annual bonus of no less than \$200,000 for 2003, 2004 and 2005 and a one-time grant of 3,000 Restricted Shares vesting at the end of Mr. Foy's third year of employment. Under certain circumstances, if Mr. Foy's employment with the Company is terminated within the first three years, Mr. Foy is entitled to one year of accrued salary and bonus compensation and a cash payment equal to a pro rated value of his unearned performance share awards in an amount not less than the value of 3,000 Common Shares.

Pursuant to an employment agreement dated January 1, 2001, Mr. John Gillespie is entitled to receive an annual salary of \$400,000, an annual bonus of up to 200% of his salary, minimum grants of performance shares, participation in employee benefit and fringe benefit plans and an indemnity. Under this agreement, Mr. Gillespie may continue his active involvement with Prospector, so long as Mr. Gillespie devotes the requisite time required to fulfill his responsibilities to WM Advisors. The

agreement specifies procedures pursuant to which Prospector's funds have the ability to invest first in opportunities appropriate for both White Mountains and such funds. Either party can terminate the employment agreement upon 30 days notice and, upon termination, Mr. Gillespie is entitled to accrued compensation and a cash payment equal to a pro rated value of his unearned performance share awards.

In addition, White Mountains has certain revenue sharing agreements with Mr. John Gillespie relating to his interest in Prospector. See "Certain Relationships and Related Transactions" below.

Certain Relationships and Related Transactions

Mr. Clark is Vice Chairman of Lehman which has, from time to time, provided various services to White Mountains including investment banking services, brokerage services, underwriting of debt and equity securities and financial consulting services. Lehman was lead underwriter for White Mountains' \$700.0 million Senior Note offering and was also the arranger, the administrative agent and a lender under White Mountains' bank facility.

Mr. George Gillespie is a Partner at CS&M which has been retained by White Mountains from time to time to perform legal services.

Mr. John Gillespie, pursuant to his employment agreement previously described under "Other Compensation Arrangements", may continue his active involvement with Prospector so long as Mr. Gillespie devotes the requisite time required to fulfill his responsibilities to WM Advisors. The agreement specifies procedures pursuant to which Prospector's funds have the ability to invest first in opportunities appropriate for both White Mountains and such funds.

Pursuant to revenue sharing agreements, Mr. Gillespie has agreed to pay White Mountains a portion of the revenues and distributions allocable to him in connection with Prospector, in return for White Mountains agreeing to pay the operational expenses of his investment management companies. During 2003, White Mountains' recorded \$1,432,409 in net revenue under the Prospector revenue sharing agreements. At December 31, 2003, White Mountains had \$99.8 million invested in funds managed by Prospector. In addition, Messrs. Byrne, George Gillespie, John Gillespie and Olson owned investments in funds managed by Prospector as of such date.

In September 2001, White Mountains entered into a five-year lease at a market-based rate for a building partially owned by Mr. John Gillespie and trusts for the benefit of members of his family (the "Gillespie Trusts"). For 2003, the rental payments attributable to Mr. Gillespie's ownership in the building totalled approximately \$15,000 and the rental payments attributable to the Gillespie Trusts' ownership in the building totalled approximately \$124,000.

Mr. John Gillespie indirectly through general and limited partnership interests holds a 44% interest in Dowling & Partners Connecticut Fund III, LP ("Fund III"). OBPP and Folksamerica Specialty Underwriting, Inc. ("FSUI") have borrowed approximately \$8 million and \$7 million, respectively, from Fund III in connection with an incentive program sponsored by the State of Connecticut known as the Connecticut Insurance Reinvestment Act (the "CIR Act"). The CIR Act provides for Connecticut income tax credits to be granted for qualifying investments made by approved fund managers. The loans made by Fund III to OBPP and FSUI are qualifying investments and, together, have the potential to generate up to \$15 million of tax credits that would be shared equally between Fund III on the one hand and OBPP and FSUI on the other. As a result of his interest in Fund III, Mr. Gillespie could realize up to \$3.3 million from the tax credits, although any such amount would be subject to the revenue sharing agreements with White Mountains described above.

Mr. Zankel is Senior Managing Member of the General Partner of High Rise Capital Advisors LLC, which is the General Partner of High Rise Partners II, L.P. and Cedar Bridge Realty Fund, L.P.

At December 31, 2003, White Mountains had a total of \$59.1 million in investments that were managed by these entities.

White Mountains provides various reinsurance services to Olympus. During 2003, White Mountains received \$67.5 million from Olympus for such services. Mr. Berkowitz, through various investment funds in which he is managing member, is deemed to control more than 10% of Olympus' common shares.

On June 29, 2004, Berkshire exercised all of its warrants to purchase 1,724,200 Common Shares of White Mountains for \$294.0 million. Berkshire bought the warrants in connection with the financing of White Mountains' acquisition of OneBeacon in 2001. The warrants were exercisable at any time until May 2008 and callable by the Company on or after May 31, 2005. Berkshire and the Company agreed to reduce the exercise price by approximately 2% in light of Berkshire's early exercise of the warrants.

White Mountains and Berkshire led the investor group that acquired Symetra (formerly Safeco Life) for \$1.35 billion on August 2, 2004. In addition, in the ordinary course of its business, White Mountains has, and in the future may, enter into insurance and reinsurance transactions with Berkshire on arm's length terms and conditions.

White Mountains believes that the above transactions were on terms that were reasonable and competitive and, in the case of Lehman, were obtained through a competitive bid process. White Mountains believes that such transactions did not serve to impair the independence of any of the parties involved.

REPORT OF THE COMMITTEES ON EXECUTIVE COMPENSATION

White Mountains' 2003 compensation matters were addressed by the Company's former Human Resources Committee and its former Compensation Sub-Committee. Going forward, such matters will be addressed by the Company's Compensation Committee which was recently formed as a result of revised NYSE listing standards.

The Company's executive compensation policies are designed with one goal in mind - maximization of Member value over long periods of time. The Company believes that this goal is best pursued by utilizing a pay-for-performance program which serves to attract and retain superior executive talent and provide management with performance-based incentives to maximize Member value. Through this compensation program, the Company seeks to maximize Member value by aligning closely the financial interests of management with those of its Members.

The Company believes that the principal measure of Member value created (or lost) is the Company's ROE as measured by growth in its intrinsic value per share. The Company calculates intrinsic value per share based on its growth in economic value per share (which is weighted 50%), growth in tangible GAAP book value per share (which is weighted 25%) and growth in market value per share (which is weighted 25%). This proprietary measure is viewed by management and the directors as being an objective and conservative measure of the value of White Mountains and includes the projected cost of all outstanding compensation awards. The Company believes that, over long periods of time, maximizing its ROE will optimize Member returns.

The Company also believes that performance-based compensation for key employees should be payable in full only if it achieves superior returns for its Members. Therefore, the targets of many of its performance-based compensation programs are directly linked to achievement of a stated annualized ROE. With respect to the Company's 2003 annual bonus program, the target was set at 14% (1000 basis points over the over the applicable return on the ten-year United States treasury). With respect to the Company's 2003 long-term incentive award program, the target was set at 11% (700 basis points over the over the applicable return on the ten-year United States treasury). The Company believes that these returns are a challenging target in its current form.

Certain annual and long-term compensation awards at the Company's subsidiaries are not specifically tied to the attainment of a particular ROE. Alternatively, those awards are measured using goals that are pertinent to the subsidiary's overall business objectives which, if met, will allow the Company to achieve its ROE objectives.

Compensation of White Mountains' management team, including the Named Executive Officers, consists primarily of three components: base salary, annual bonus and long-term incentive awards.

Human Resources Committee (which governed White Mountains' cash-based compensation programs for 2003).

Base Salary. Base salary for each Named Executive Officer is established annually, on or about March 1. When establishing the 2003 base salaries of the Named Executive Officers, the Human Resources Committee considered numerous factors including each Named Executive Officer's qualifications, corporate responsibilities, performance since their last salary adjustment and, except for the CEO, the recommendations of the CEO. The maximum salary is \$400,000 except for officers who were grandfathered in their higher salaries when their organization was acquired. Those salaries have been frozen.

Annual Bonus. For 2003, the target annual bonus pool for all the Named Executive Officers, except Mr. Fass, was equal to 50% of eligible base salary. Mr. Fass's target annual bonus pool for 2003 was equal to 75% of his eligible base salary. When establishing the aggregate size of the 2003 annual bonus pool, the Human Resources Committee considered numerous factors including performance versus the objectives set forth in the Annual Business Plans of the Company, OneBeacon, WM Advisors and Folksamerica, their respective financial performance for the latest fiscal year as measured by ROE or otherwise, and the recommendations of the CEO.

After establishing the aggregate size of the 2003 annual bonus pool, the Human Resources Committee then considered the distribution of the bonus pool among the key employees. Each participant's allocation of the pool is determined after considering numerous factors including individual achievements as compared to objectives contained in the annual business plans, the contribution of such achievements to the Company's overall financial performance and the recommendations of the CEO. The CEO receives an annual bonus equal to the average bonus percentage received by all officers eligible to participate in the bonus pool.

The Human Resources Committee determined that the 2003 financial results of the Company (the basis for Messrs. Barrette and Foy's bonus) warranted a bonus pool of 125% of target or 63% of eligible base salary. The principal factor considered by the Human Resources Committee in making this determination was the Company's 2003 ROE which was determined to be 21%, as measured by its change in intrinsic value per Common Share during the period, versus a 14% target.

The Human Resources Committee determined that the 2003 financial results of WM Advisors (the basis for one-half of Mr. Gillespie's bonus) warranted a bonus pool of 180% of target. The principal factor considered by the Human Resources Committee in making this determination was an 8.3% return on the Company's invested assets which was determined to be in well in excess of broadly accepted benchmarks. The other half of Mr. Gillespie's bonus is dependent upon the financial results of the Company which, as stated above, was determined to warrant a bonus pool of 125%. Based on the average of these two measures, Mr. Gillespie's bonus was determined to be 153% of target or 76% of his eligible base salary.

The Human Resources Committee determined that the 2003 financial results of Folksamerica (the basis for Mr. Fass' bonus) warranted a bonus pool of 200% of target or 150% of his eligible base salary. The principal factor considered by the Human Resources Committee in making this determination was Folksamerica's 2003 pretax UROC which was determined to be 26%, versus a target of 18%.

The Human Resources Committee determined that the 2003 financial results of OneBeacon (the basis for Mr. Cavoores' bonus) warranted a bonus pool of 98% of target of which Mr. Cavoores received 50% of his eligible base salary. The principal factor considered by the Human Resources Committee in making this determination was OneBeacon's 2003 GAAP combined ratio of 98%, versus a target of 97%.

Compensation Sub-Committee (which governed White Mountains' share-based compensation programs for 2003)

Overview. The Incentive Plan provides for granting various types of share-based incentive awards including Restricted Shares, Options and performance shares to the Named Executive Officers and certain other key employees of the Company and its subsidiaries.

Over the past several years, the Company has principally used performance shares in its long-term compensation plans. Performance shares are payable only upon completion of pre-defined business goals and are valued based on the market value of Common Shares at the time awards are earned. Performance shares awarded under the Incentive Plan are paid in cash but can be paid in Common Shares if the Board so determines.

The Company believes that awards of performance shares are an attractive method of providing incentives for management to maximize Member value over the long term which aligns the interests of management with those of the Company's Members. This belief is predicated on the following factors: (i) such awards are earned over multi-year periods; (ii) such awards derive their value from Common Shares; and (iii) such awards are contingent upon the achievement of a specified ROE, or such other measures as may be selected in advance over the applicable performance period.

Long-term incentive awards granted during 2003. During 2003, Messrs. Barrette, Gillespie, Fass, Foy and Cavoores were granted 13,000; 13,000; 5,000; 10,000; and 3,000 performance shares, respectively, by the Compensation Sub-Committee. The performance period for such awards began on January 1, 2003 and will continue through December 31, 2005.

With respect to the 2003 performance shares awarded to Messrs. Barrette, Fass, Foy and Cavoores, "Target" performance is the attainment of a ROE of 11%. At a ROE of 4% or less ("Threshold") the percentage of performance shares payable will be 0% and at a ROE of 21% or more ("Maximum") the percentage of performance shares will become 200% of target. With respect to 50% of the 2003 performance shares awarded to Mr. Gillespie, "Target" performance is the attainment of an 11% ROE, as described above, and 50% is the attainment of a return on invested assets of 150 basis points over the applicable return on the ten-year United States treasury rate. At a return on invested assets equal to or less than the applicable return on the ten-year United States treasury rate ("Threshold"), the percentage of performance shares payable will be 0% and at a return on invested assets of 325 basis points or more over the applicable return on the ten-year United States treasury rate ("Maximum"), the percentage of performance shares will become 200% of target.

Mr. Fass was also granted a contingent cash award under the Folksamerica Holding Company, Inc. Long-Term Incentive Plan during 2003. The "Target" amount of this award was initially determined as 100% of Mr. Fass' eligible base salary (or \$466,000) which is subsequently increased or decreased by Folksamerica's UROC achieved during the performance period. With respect to this award, "Target"

performance is the attainment of a 14% pretax UROC, as measured by Folksamerica's pretax return on standard capital.

Mr. Cavoores was also granted a contingent cash award under the OneBeacon Performance Unit Plan during 2003. The "Target" amount of this award was initially determined as 10,000 Performance Units initially valued at \$100 per unit (or \$1,000,000) which is subsequently increased or decreased by OneBeacon's pretax ROE achieved during the performance period. With respect to this award, "Target" performance is the attainment of a combined ratio of 96%.

Mr. Foy received a one-time grant of 3,000 Restricted Shares as an incentive to join the Company in April 2003. Mr. Foy's Restricted Shares are scheduled to vest in April 2006.

No Options were granted during 2003.

Long-term incentive awards earned during 2003. Messrs. Barrette, Gillespie, Fass and Cavoores had, pursuant to a 2001 grant, 15,000, 15,000, 2,000 and 6,000 performance shares at Target, respectively, eligible for payout for the three-year performance share cycle ended December 31, 2003. Mr. Foy joined the Company during 2003 and was not awarded performance shares for the 2001 to 2003 performance share cycle.

With respect to 50% of the 2001 performance shares awarded to Messrs. Barrette, Gillespie and Cavoores and 100% of the 2001 performance shares awarded to Mr. Fass, "Target" performance was predetermined to be the attainment of a Company ROE of 12.1% (at a ROE of 5.1% or less, no such performance shares would be earned and at a ROE at or above 23%, 200% of such performance shares would be earned).

With respect to the remaining 50% of the 2001 performance shares awarded to Messrs. Barrette and Cavoores, "Target" performance was predetermined to be the attainment of an insurance operations trade ratio of 105% (the "Trade Ratio") on OneBeacon's core insurance operations (at a Trade Ratio of 107% or more, no such performance shares would be earned and at a Trade Ratio of 101% or less, 200% of such performance shares would be earned).

With respect to the remaining 50% of the 2001 performance shares awarded to Mr. Gillespie, "Target" performance was predetermined to be the attainment of a return on invested assets of 100 basis points over the applicable return on the two-year United States treasury bill (at an investment return equal to or less than the two-year treasury, no such performance shares would be earned and at an investment return equal to or greater than 200 basis points over the two-year treasury, 200% of such performance shares would be earned).

In light of the results attained during the performance period, the Compensation Sub-Committee determined that the 2003 performance shares were earned in the following percentages: (i) those contingent on the Company's ROE were earned 93% based on an attained ROE of 11.6% versus a target of 12.1%, (ii) those contingent on OneBeacon's Trade Ratio were earned 200% based on an attained Trade Ratio of 98% versus a target of 105% and those contingent on WM Advisor's return on invested assets were earned 200% based on attained return on invested assets of 9.9% versus a target of 6.5%. As a result, Messrs. Barrette, Gillespie, Fass and Cavoores earned a total of 21,975, 21,975, 1,860 and 8,790 performance shares on February 25, 2004, respectively. The dollar value of such performance shares earned are included in the Summary Compensation Table.

Mr. Fass also had, pursuant to a 2001 grant, a contingent cash award under the Folksamerica Holding Company, Inc. Long-Term Incentive Plan. The "Target" amount of this award was 100% of Mr. Fass' eligible base salary which was to be subsequently increased or decreased by Folksamerica's UROC achieved during the performance period. With respect to this award, "Target" performance was predetermined to be the attainment of a 14% pretax UROC. At a UROC of 7% or less, the award would not be earned and at a UROC of 21%, the award would be earned 200%. During the 2001-2003

performance cycle, Folksamerica attained a pretax UROC of 19%, and as such the Compensation Sub-Committee determined that 176% of Mr. Fass' award, or \$1,352,612, was earned on February 25, 2004. This amount is included in the Summary Compensation Table.

During 2003, the Company repurchased 17,000, 4,000 and 2,500 Restricted Shares from Messrs. Barrette, Gillespie and Fass, respectively, for \$.01 per share and each were granted an amount equivalent to the market value of such Restricted Shares in various non-qualified deferred compensation plans of the Company and its subsidiaries. Also during 2003, Mr. Cavoores' 1,500 Restricted Shares vested fully.

REPORT OF THE AUDIT COMMITTEE

The primary purpose of the Audit Committee is to monitor the integrity of the Company's financial reporting process. The Board annually reviews the NYSE listing standards' definition of independence for audit committee members and has determined that each member of the Committee currently meets that standard.

Management is responsible for the preparation, presentation and integrity of the Company's consolidated financial statements. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements and expressing an opinion on the conformity of those financial statements with GAAP.

In connection with the audit of the Company's financial statements for the year ended December 31, 2003, the Audit Committee has: (1) reviewed and discussed the audited financial statements with management; (2) reviewed and discussed the disclosures contained within the Annual Report on Form 10-K; (3) reviewed and discussed with the independent registered public accounting firm the matters required by Statement of Auditing Standards No. 61; and (4) reviewed and discussed with the independent registered public accounting firm the matters required by Independence Standards Board Statement No. 1.

Based on these reviews and discussions, the Audit Committee determined that the non-audit fees billed by the independent registered public accounting firm for services performed in 2003 and 2002 (as shown below) are compatible with maintaining their independence. Further, the Audit Committee recommended to the Board that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC and for presentation to the Members at the 2004 Annual Meeting.

The Audit Committee has established a Charter which outlines its primary duties and responsibilities. The Audit Committee Charter, which has been approved by the Board, is reviewed at least annually and is updated as necessary. The Audit Committee Charter is included herein as Exhibit A and is also available at www.whitemountains.com.

Audit Committee Charter

I. Purpose

The Audit Committee (the "Committee") is appointed by the Board of Directors (the "Board") of White Mountains Insurance Group, Ltd. (the "Company") to assist the Board in fulfilling its oversight responsibilities to the Company's Members and the other important constituencies the Board serves.

The primary purposes of the Committee are to:

Assist Board oversight of:

the integrity of the Company's financial statements

the qualifications and independence of the independent auditors

the performance of the internal audit function and the independent auditors

the Company's compliance with legal and regulatory requirements

Provide an avenue of communication among the independent auditors, management, the internal auditors and the Board

Prepare the audit committee report required by the rules of the Securities and Exchange Commission ("SEC") to be included in the annual proxy statement

II. Membership

The Committee shall be comprised of no less than three directors, the exact number to be determined from time to time by the Board.

The Committee's composition shall meet the independence and expertise requirements for audit committees imposed by New York Stock Exchange ("NYSE") listing standards, Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any applicable rules or regulations of the SEC, in each case as in effect from time to time. The Board shall endeavor to have at least one member of the Committee with the qualifications necessary to be considered an "audit committee financial expert" as defined in the rules and regulations of the SEC.

No member of the Committee may serve simultaneously on the audit committees of more than two other public companies, unless the Board determines that such simultaneous service would not impair such director's ability to serve effectively on the Committee and such determination is disclosed in the Company's annual proxy statement.

The members of the Committee shall be appointed annually by a majority vote of the full Board from among its members following receipt and consideration of the recommendation of the Nominating & Governance Committee. Each Committee member shall serve until such member's successor is duly appointed and qualified or until such member's resignation or removal by a majority vote of the full Board.

III. Authority and Responsibilities

The Committee recognizes that the financial management and the internal and independent auditors have more knowledge and information about the Company than do Committee members. Consequently, in carrying out its oversight responsibilities, the Committee cannot, and is not expected to, provide any expert or special assurance as to the financial statements or internal controls or any professional certification as to the independent auditors' work.

In carrying out its oversight responsibilities, the Committee shall undertake the following activities and have the following authority (in addition to the duties and responsibilities set forth in Rule 10A-3(b)(2), (3), (4) and (5) of the Exchange Act, as well as any others that the Board may from time to time delegate to the Committee):

6. Discuss with management, the internal auditors and the independent auditors the quality and adequacy of the Company's internal controls, including reviewing any internal control report prepared by management and any significant internal control deficiencies or material weaknesses, any fraud involving management or others significantly involved in the internal controls and any changes implemented in light of material control deficiencies.

The independent auditors shall report directly to the Committee. The Committee shall be responsible for the resolution of disagreements among management, the independent auditors and the internal auditors regarding financial reporting.

At least annually, obtain and review a report by the independent auditors describing: (i) the independent auditors' internal quality-control procedures; (ii) any material issues raised by the most recent internal quality-control review or peer review of the independent auditors, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the independent auditors, and any steps taken to deal with any such issues;

and (iii) all relationships between the independent auditors and the Company, including the matters covered by Independence Standards Board Standard Number 1, as amended or supplemented, and any relationships or services that may impact the objectivity and independence of the independent auditors.

13. After reviewing the report by the independent auditors described in Section 12 and the independent auditors' work, evaluate the independent auditors' qualifications, performance and independence. The Committee shall present its conclusions to the full Board. The evaluation shall include the review and evaluation of the lead partner(s) of the independent auditors and consideration of whether the independent auditors' quality controls are adequate and the provision of non-audit services is compatible with maintaining the independent auditors' independence. In making its evaluation, the Committee may take into account the opinions of any persons such as management and the internal auditors, as it deems appropriate.
14. Consider whether, in order to assure the continuing independence of the independent auditors, there should be regular rotation of the lead and reviewing audit partners (in addition to the rotation every five years required pursuant to Section 10A(j) of the Exchange Act), or of the outside audit firm.
15. Establish clear hiring policies with respect to employees or former employees of the independent auditors (including a prohibition, as required by Section 10A(l) of the Exchange Act, against the Company's chief executive officer, controller, chief financial officer or chief accounting officer having worked on the Company's audit as an employee of the independent auditors at any time during the one-year period prior to the initiation of the current audit).

Oversight of the Internal Audit Function

16. Review and discuss with management, the independent auditors and the internal auditors the performance and adequacy of the internal audit function, including (a) the internal audit department's Corporate Audit Charter, responsibilities, budget and staffing and (b) the annual audit plan.
17. Review and approve the appointment, replacement, reassignment or dismissal of the senior internal audit executive and periodically review his appointment.
