BOARD OF DIRECTORS

Board Committees

The standing committees of the Board of Directors are comprised of the Audit Committee and the Compensation Committee.

The Audit Committee oversees our conduct of the financial reporting processes, including (i) reviewing with management and the outside auditors the audited financial statements included in our Annual Report, (ii) reviewing with the outside auditors the interim financial results included in our quarterly reports filed with the SEC, (iii) discussing with management and the outside auditors the quality and adequacy of internal controls, and (iv) reviewing the independence of the outside auditors.

The Compensation Committee is comprised of Messrs. Ridley, McCandless and DiGiandomenico. At the direction of the full Board, the Compensation Committee reviews and makes recommendations with respect to compensation of our directors, executive officers and senior management. The Compensation Committee administers our Stock Incentive Plan. The Compensation Committee met once during 2004 and approved various other matters by unanimous written consent.

Attendance at Meetings

The Board held four meetings during 2004. Various matters were also approved by the unanimous written consent of the directors during the last fiscal year. Each director attended at least 75% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings held by all committees of the Board on which such director served. We have no formal policy with respect to the attendance of Board members at the annual meeting of shareholders but encourage all incumbent directors and director nominees to attend each annual meeting of shareholders.

Director Compensation

No compensation was paid to directors in 2004, except reimbursement of expenses.

Nomination of Directors

The full Board acts in place of a nominating committee to investigate qualified nominees for election to the Board when vacancies occur. The Board has not adopted any charter or formal procedures with respect to its consideration of director nominees.

The Board strives to identify and attract director nominees with a variety of experience who have the business background and personal integrity to represent the interests of all shareholders. Although the Board has not established any specific minimum qualifications that must be met by a director nominee, factors considered in evaluating potential candidates include educational achievement, managerial experience, business acumen, financial sophistication, insurance industry expertise and strategic planning and policy-making skills. Depending upon the current needs of the Board, some factors may be weighed more or less heavily than others in the Board's deliberations. The Board evaluates the suitability of a potential director nominee on the basis of written information concerning the candidate, discussions with persons familiar with the background and character of the candidate and personal interviews with the candidate.

Pursuant to his employment agreement, Mr. Litt also received stock options to purchase 80,000 shares of our Common Stock at \$5.00 per share, 30,000 of which are contingent based on meeting certain performance criteria as set forth in his employment agreement. The 50,000 non-contingent options vest over four years, with the first 10,000 shares vesting on October 1, 2004. Once the performance criteria are met, the contingent options will vest on the same schedule as the non-contingent options. The non-contingent options and the contingent options, if earned, are exercisable for five years provided that Mr. Litt is still employed by us. If Mr. Litt is terminated without just cause, he is entitled to any earned but not issued stock options based on the performance criteria

and all vested options, all of which will terminate in accordance with the provisions of our equity incentive plan. All unvested stock options will terminate as of his date of termination.

RELATED PARTY TRANSACTIONS

We were organized in January 2001, and at that time, sold 90,000 shares of Common Stock to one of our founders, officers and directors, Earnest Mathis, Jr. or entities controlled by Earnest Mathis Jr., for \$10,000 (\$0.11 per share) and 180,000 shares to the other founder, Van R. Perkins, for \$20,000 (\$.011 per share).

We lease our current corporate office space from Arnold Greenberg, the father of our founder, Sanford D. Greenberg. We paid \$46,800, \$42,000 and \$36,000 in rent for the years ended December 31, 2002, 2003 and 2004, respectively. Our current lease, based upon a rent of \$3,090 per month, expires at the end of December 2005, with a one-year extension right based upon a rent of \$3,180 per month.

On June 30, 2002, prior to the Instanet merger with us, we agreed to repurchase 2,131,952 shares of our Common Stock from Warren Cohen, a founder and former director; in exchange he returned an additional 116,925 shares and received a long-term subordinated note for \$1,335,861, which included additional monies loaned to us and accrued interest. We did not have a market for our Common Stock at the time of this transaction. The note provided for interest at 8% per year with principal and interest payable from 25% of adjusted quarterly net income. Accrued interest on the note as of December 31, 2003, was \$160,450. On March 31, 2004, this note and all accrued interest were converted into 1,015,304 shares of our Common Stock at a conversion price of \$1.50 per share, the price for which shares of Common Stock were being sold in a private offering of our securities. This price was determined pursuant to arms-length negotiations between third party investors and us, and the conversion of the above debt owed to Mr. Cohen was a condition to completing the private

offering. On March 31, 2004, the trading price for our Common Stock was \$2.55 per share; however, our Common Stock was thinly traded.

Sanford D. Greenberg converted \$133,127 and \$166,873 that he advanced us plus accrued interest into long-term subordinated loans on June 30, 2002 and September 30, 2002, respectively. These notes provided for interest at 8% per year with principal and interest payable from 5% of our adjusted quarterly net income. Accrued interest on the notes as of December 31, 2003, was \$34,040. Also on June 30, 2002, Mr. Greenberg contributed \$788,780 of advances as additional paid in capital. On December 31, 2002, Mr. Greenberg converted \$200,000 that he advanced us into a bridge loan with interest at 10% per year, principal and interest due December 31, 2003. As part of the terms of the bridge loan, Mr. Greenberg was granted an option to purchase 16,000 shares of our Common Stock at \$5.00 per share. As of December 31, 2003, Mr. Greenberg had advanced an additional \$110,040 which was due on demand accruing interest at 10% per year. As of December 31, 2003, accrued interest on the advance was \$6,776. On March 31, 2004, Mr. Greenberg converted \$500,000 of principal and \$63,674 of accrued interest on the long term subordinated loan and the bridge loan into 375,783 shares of our Common Stock at a conversion price of \$1.50 per share, the price for which shares of Common Stock were being sold in a private offering of our securities. This price was determined pursuant to arms-length negotiations between third party investors and us, and the conversion of the above debt owed to Mr. Greenberg was a condition to completing the private offering. On March 31, 2004, the trading price for our Common Stock was \$2.55 per share; however, our Common Stock was thinly traded.

On February 28, 2005, Sanford D. Greenberg entered into a Voting Trust Agreement, covering all of the shares of our Common Stock held by him and any shares of Common Stock subsequently acquired by him. The Voting Trust Agreement is for a term of five years and will terminate earlier on the happening of certain events. During the term of the Voting Trust Agreement, the voting trustee is entitled to vote the shares covered by the trust in connection with any shareholder action. The voting trustee is required to vote the shares subject to the trust, as directed by our independent Board members. If the independent Board members fail to instruct the voting trustee, the voting trustee must vote the shares in the same manner as the votes cast by a majority of shares received by us on the matter. The initial voting trustee is Earnest Mathis Jr., our Chief Executive Officer. Mr. Greenberg is permitted to transfer the shares subject to the Voting Trust Agreement subject to compliance with the securities laws and any lock-up agreement covering the shares.

In December 2003, Earnest Mathis, Jr. advanced us \$50,000, evidenced by a promissory note. As part of the consideration for the loan, Mr. Mathis received an option to purchase 2,000 shares of our Common Stock at \$5.00 per share. The option is fully vested and exercisable for five years. The promissory note provided for interest at 18% per annum and was due 30 days after the loan was funded. The note further provided that, in the event the note was not paid when due, Mr. Mathis was entitled to (i) an additional option to purchase 20,000 shares of our Common Stock at \$5.00 per share (with this option having the same terms as the option for 2,000 shares) and (ii) conversion of the note into shares of our Common Stock at a price of \$2.50 per share. This note was not paid when due, and in January 2004, Mr. Mathis was granted the second option to purchase 20,000 shares of our Common Stock at \$5.00 per share. During January 2004, we borrowed an additional \$50,000 from Mr. Mathis. The terms of the note were the same as the loan made in December 2003. An option to purchase 2,000 shares of our Common Stock at \$2.50 per share was granted as partial consideration for this loan. This note was not paid when due, and in February 2004, Mr. Mathis was granted a second option to purchase 10,000 shares of our Common Stock at \$2.50 per share. In February 2004, Mr. Mathis converted the principal of the notes payable totaling \$100,000 into 40,000 shares of our Common Stock at \$2.50 per share, forgiving a total of \$2,441 in accrued interest.

On March 2, 2005, Mr. Mathis agreed to advance funds to us on an as needed basis up to a maximum of \$200,000, evidenced by a short-term promissory note. The note provided that the advances

together with interest at 10% per annum were to be due and payable on the earlier of May 30, 2005, or the closing of our April 2005 public offering. The note was paid in full in April 2005.

Mr. DiGiandomenico, a Director, is a managing member of MDB Capital LLC, the placement agent in a private offering of our Common Stock to accredited investors which we completed in April 2004. As compensation, MDB Capital LLC received a warrant to purchase 224,398 shares of Common Stock exercisable at \$1.50 per share until April 15, 2009. In addition, employees and owners of MDB received warrants with the same terms with respect to 210,026 shares of our Common Stock, including a warrant for 99,095 shares issued to Mr. DiGiandomenico. The conversion price of the warrants was based on the offering price of our Common Stock in the then just completed private offering. At the time the trading price for our Common Stock was \$2.55 per share; however, our Common Stock was thinly traded.

Mr. Ridley, a Director, served as a consultant to us in 2003, assisting us in establishing our network marketing program, for approximately 10 hours per week. He received total fees of \$36,000.

Mr. Litt, our Vice President of Sales and Marketing, served as a consultant to us in 2004, regarding sales and marketing activities including the launch of our network marketing program. Mr. Litt consulted for 16 to 24 hours per week and received total fees of \$75,000, prior to his employment on October 1, 2004.

PROPOSAL TO INCREASE THE NUMBER OF SHARES ISSUABLE UNDER OUR STOCK INCENTIVE PLAN

During October 2002, our stockholders approved our 2002 Stock Incentive Plan (the "2002 Plan"), a stock option plan that included incentive and non-qualified stock options and restricted stock. The aggregate number of shares of Common Stock that could be granted by us pursuant to the 2002 Plan could not exceed a maximum of 300,000 shares of Common Stock.

The 2002 Plan provided that with respect to incentive stock options (ISOs) the option price per share must be at least the fair market value (as determined by the compensation committee, or in lieu thereof, the Board of Directors) of the Common Stock on the date the stock option was granted or based on daily quotes from an exchange or quotation system designated by the compensation committee as the primary market for the shares. Under the 2002 Plan, if for any reason, a change in control occurred, all shares subject to the 2002 Plan immediately became vested and exercisable.

In June 2003, in connection with the reverse acquisition of Instanet, a new stock option plan (the "2003 Stock Incentive Plan") was adopted by us, with the same terms and conditions as the prior plan, except for an increase in the number of shares to be granted under the 2003 Stock Incentive Plan to 800,000 shares of our Common Stock. Options under the 2003 Stock Incentive Plan were substituted for options granted under the 2002 Plan. This modification in substance is treated as though we exchanged newly issued options with an exercise price of \$5.00 per share for the options that had been issued under the 2002 Plan, with our Company incurring additional compensation cost for any incremental increase in value received by the option recipients under the 2003 Stock Incentive Plan. For vested options, the compensation cost is the excess of the value of the modified options over the original options, and such cost was recognized in 2003. Under the 2003 Stock Incentive Plan, non-vested options are measured similarly, though the excess value, if any, is amortized over the remaining vesting period. As a result of this modification, additional compensation cost was recognized in our consolidated financial statements for the year ended December 31, 2003.

Edgar Filing: VITACUBE SYSTEMS HOLDINGS INC - Form DEF 14A

The 2003 Stock Incentive Plan is intended to attract persons of training, experience, and ability to continue as employees, directors, and consultants of our company, and to furnish additional incentive to such persons to become stockholders of our company.

The Compensation Committee of our Board of Directors, which we refer to as the "administrator", administers the 2003 Stock Incentive Plan. The administrator has the discretion to interpret the provisions of the 2003 Stock Incentive Plan. The administrator will also determine the persons who will receive awards under the 2003 Stock Incentive Plan, and the number of shares, vesting period, and other terms and conditions of the awards. Our Board of Directors may amend or discontinue the 2003 Stock Incentive Plan at any time, and the 2003 Stock Incentive Plan will expire July 1, 2013.

Options granted under the 2003 Stock Incentive Plan may be either incentive stock options, as defined under the Internal Revenue Code, or nonqualified options. The expiration date, maximum number of shares purchasable, vesting provisions, and any other provisions of options granted under the 2003 Stock Incentive Plan will be established at the time of grant. The 2003 Stock Incentive Plan administrator will set the term of each option, but no options may be granted for terms of greater than ten years. Options will vest and become exercisable in whole or in one or more installments at such time as may be determined by the plan administrator. With respect to incentive stock options granted, the exercise price may not be less than the fair market value of the Common Stock on the date of grant, and shall not be less than 110% of the fair market value of the Common Stock on the date of grant in the event an optionee owns 10% or more of our Common Stock. With respect to nonqualified options, the exercise price may be less than the fair market value of the Common Stock on the date of grant. If the optionee terminates his or her relationship with our Company for any reason, including death or disability, the optionee (or the optionee's estate) may exercise any vested options for a three-month period following his or her termination.

We may grant shares of restricted stock under the 2003 Stock Incentive Plan to eligible persons upon the payment of consideration, if any, as determined by the plan administrator. The administrator may establish a performance goal that must be achieved as a condition to the retention of the restricted stock. The performance goal may be based on the attainment of performance measurement criteria, which may differ as to various eligible persons. The administrator will set the performance criteria and will communicate the criteria in writing to the award recipient prior to the commencement of the period to which the performance relates. During the restricted period, and subject to restrictions on transfer of the shares, the award recipient shall have all voting, dividend, liquidation, and other rights with respect to the Common Stock. In the event the eligible person ceases to be an employee, director, or consultant during a restriction period, or in the event performance goals attributable to a restricted stock award are not achieved, the shares subject to the award that have not been earned are subject to forfeiture.

If any change is made in the Common Stock subject to the 2003 Stock Incentive Plan, or subject to any award granted under the 2003 Stock Incentive Plan (through stock dividends, stock splits, combination of shares, or otherwise), the 2003 Stock Incentive Plan provides that appropriate adjustments will be made as to the aggregate number and exercise prices with respect to each outstanding award. In the event of a merger, consolidation, or other reorganization of our Company, all restrictions relating to restricted stock awards will lapse, and all outstanding stock options will vest. Unless the agreement governing the change in control provides otherwise, upon consummation of the change in control, the 2003 Stock Incentive Plan will terminate and all outstanding options will terminate if not exercised prior to the consummation of the change in control.

Effective November 17, 2004, the 2003 Stock Incentive Plan was amended to increase the number of shares available to issue under its terms to 1,000,000 shares of our Common Stock.

We now propose to increase the number of shares available under the 2003 Stock Incentive Plan to 1,800,000 as our Board of Directors has determined that additional options are necessary to attract and retain qualified employees, managers and executive officers and directors. Accordingly, our Board of Directors has determined that it is in our best interest to increase the number of shares issuable under the 2003 Stock Incentive Plan to 1,800,000 shares of our Common Stock, and recommends approval of the proposal.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934

Our executive officers, directors and beneficial owners of more than 10% of our Common Stock are required to file reports of ownership and changes in ownership of the Common Stock with the SEC. Based solely upon information provided to us by individual directors, executive officers and beneficial owners, we believe that all such reports were timely filed during and with respect to the calendar year ended December 31, 2004, except for one Form 3 filing by David Litt, our Vice President of Sales and Marketing, which was three days late due to difficulties experienced by Mr. Litt in obtaining a CIK identification number for his filing.

CODE OF ETHICS

Our Board of Directors has adopted a Code of Ethics applicable to all of our employees, officers and directors. The Code of Ethics covers compliance with law; fair and honest dealings with the Company, its competitors and others; full, fair and accurate disclosure to the public; and procedures for compliance with the Code of Ethics. This Code of Ethics has been filed as Exhibit 14.1 to our Annual Report on Form 10-KSB for the year ended December 31, 2004.

Our Audit Committee reviews and approves all proposed audit and non-audit services prior to the engagement of independent accountants to perform such services. Therefore, the Audit Committee does not presently have any pre-approval policy or procedures. Review and approval of such services generally occur at the Audit Committee's regularly scheduled quarterly meetings. In situations where it is impractical to wait until the next regularly scheduled quarterly meeting, the Audit Committee has delegated to its chairman the authority to approve audit and non-audit services up to a pre-determined level as approved by the Audit Committee. Any audit or non-audit services approved pursuant to such delegation of authority must be reported to the full Audit Committee at its next regularly scheduled

meeting. During calendar 2003 and 2004, all audit and non-audit services performed by the Company's independent accountants were approved in advance by the Audit Committee.

**PROPOSALS OF SHAREHOLDERS FOR PRESENTATION
AT NEXT ANNUAL MEETING OF SHAREHOLDERS**

Any shareholders of record who desire to submit a proper proposal for inclusion in the proxy materials relating to the next annual meeting of shareholders must do so in writing and it must be received at our principal executive offices prior to our calendar year end. The proponent must be a record or beneficial shareholder entitled to vote at the next annual meeting of shareholders on the proposal and must continue to own the securities through the date on which the meeting is held.

SHAREHOLDER COMMUNICATIONS

The Board of Directors believes that, in light of the accessibility of its directors to informal communications, a formal process for shareholders to communicate with directors is unnecessary. Any shareholder communication sent to the Board of Directors will be forwarded to all members of the Board without screening. Any shareholder communication to the Board of Directors should be addressed in care of Earnest Mathis, Jr., our Chief Executive Officer and transmitted to us at our offices in Denver, Colorado. In order to assure proper handling, the transmittal envelope should include a notation indicating "Board Communication" or "Director Communication." All such correspondence should identify the author as a shareholder and clearly state whether the intended recipients are all members of the Board or only specified individual directors. Mr. Mathis will circulate all such correspondence to the appropriate directors.

REPORT OF AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed our audited financial statements in our Annual Report with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and from us including the matters in the written disclosures required by the Independence Standards Board and considered the compatibility of non-audit services with the auditors' independence.

The Committee also discussed with our independent auditors the overall scope and plans for their audit. The Committee meets with the independent auditors, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of our financial reporting. The Committee held one meeting in person and three meetings by written consent during the calendar year ended December 31, 2004.

In reliance on the reviews and discussions referred to above, the Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-KSB for the year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Committee and the Board have also recommended and approved the selection of the Company's independent auditors.
