PROXY STATEMENT

GENERAL INFORMATION

We are providing these proxy materials to you in connection with the solicitation of proxies by the Board of Directors of Reliant Energy, Inc. for the 2006 Annual Meeting of Stockholders and for any adjournment or postponement of the Annual Meeting. In this proxy statement, we refer to Reliant Energy, Inc. as "we," "our" or "us."

We intend to mail this proxy statement, the notice of annual meeting, the WHITE proxy card and our Annual Report on Form 10-K for the fiscal year ended December 31, 2005 to stockholders starting on or about April [], 2006.

What is the purpose of the Annual Meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, including the election of directors, ratification of our independent auditors and consideration of a stockholder proposal, if properly presented at the meeting.

Who is entitled to vote at the Annual Meeting?

Only stockholders of record at the close of business on March 22, 2006, the record date for the meeting, are entitled to receive notice of and participate in the Annual Meeting. If you were a stockholder of record on that date, you are entitled to vote all of the shares that you held on that date at the meeting, or any postponements or adjournments of the meeting.

If your shares are registered directly in your name, you are the holder of record of these shares and we are sending these proxy materials directly to you. As the holder of record, you have the right to mail your proxy directly to us, to give your voting instructions on the Internet or by telephone or to vote in person at the Annual Meeting.

If you hold your shares in a brokerage account or through a bank or other holder of record, you hold the shares in "street name," and your broker, bank or other holder of record is sending these proxy materials to you. As a holder in street name, you have the right to direct your broker, bank or other holder of record how to vote by following the instructions that accompany your proxy materials. If you desire to vote in person at the Annual Meeting, you must provide a legal proxy from you bank, broker or other holder of record.

If you hold your shares indirectly in the Reliant Energy, Inc. Savings Plan or the Reliant Energy, Inc. Union Savings Plan (collectively, the "Reliant Benefit Plans"), you have the right to direct the trustee of the Reliant Benefit Plans how to vote your shares as described in the voting materials sent to you by the plan trustee. Your voting instructions must be received by the plan trustee no later than [].

How many votes do I have?

You have one vote for each share of our common stock you owned as of the record date for the meeting.

How do I vote?

You can vote either in person at the Annual Meeting or by proxy whether or not you attend the meeting. To vote by proxy, you must either:

Sign and date the enclosed WHITE proxy card, and return it in the enclosed postage-paid envelope;

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

Vote by telephone by following the instructions on the enclosed WHITE proxy card; or

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

Vote over the Internet by following the instructions on the enclosed WHITE proxy card.

Can I change my vote?

Yes, you may change your proxy at any time prior to the vote tabulation at the meeting by (a) sending in a new WHITE proxy card with a later date; (b) casting a new vote by telephone or over the Internet; or (c) sending a written notice of revocation to our Assistant Corporate Secretary by mail to Reliant Energy, Inc., P.O. Box 1384, Houston, Texas 77251-1384 or by facsimile at (713) 497-0140. If you want to vote in person at the Annual Meeting, such vote will revoke any previously submitted proxy.

What are the Board's recommendations?

The Board's recommendations are set forth together with the description of each item in this proxy statement. In summary, the Board and, with respect to the ratification of the independent auditors, the Audit Committee, recommends a vote:

FOR election of the nominated slate of directors (see Item 1); and

FOR ratification of the appointment of KPMG LLP as our independent auditors for fiscal year 2006 (see Item 2).

The Board makes no voting recommendation on the stockholder proposal (see Item 3).

If any other matter properly comes before the meeting, Laree E. Perez and Donald J. Breeding (the "Proxy Holders") will vote as recommended by the Board or, if no recommendation is given, in their own discretion.

How many votes must be present to hold the Annual Meeting?

We will have a quorum, and will be able to conduct the business of the Annual Meeting, if the holders of a majority of the shares entitled to vote are represented in person or by proxy at the meeting. As of the record date, 306,106,162 shares of common stock, representing the same number of votes, were outstanding. Thus, the presence of the holders of at least 153,053,081 shares of common stock will be required to establish a quorum. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the votes considered to be present at the meeting.

A "broker non-vote" occurs when a broker lacks discretionary voting power to vote on a "non-routine" proposal and a beneficial owner fails to give the broker voting instructions on that matter. The rules of the New York Stock Exchange determine whether or not matters presented at the Annual Meeting are routine or non-routine in nature.

What vote is required to approve each item?

Directors are elected by a plurality of the votes cast. The ratification of KPMG LLP's appointment and the approval of the stockholder proposal each require the affirmative vote of a majority of the shares of common stock represented at the Annual Meeting and entitled to vote thereon.

How are my votes counted?

Election of Directors. You may vote "FOR" or "WITHHOLD AUTHORITY" for each director nominee. If you "WITHHOLD AUTHORITY," your votes will be counted for purposes of establishing a quorum but will have no effect on the election of directors.

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

Ratification of Our Independent Auditors and Adoption of Stockholder Proposal. You may vote "FOR," "AGAINST" or "ABSTAIN" on our proposal to ratify the selection of our independent auditors as well as the adoption of the stockholder proposal. If you "ABSTAIN" on either of these proposals, your votes will be counted for purposes of establishing a quorum, and the abstention will have the same effect as a vote "AGAINST" the proposal. Broker non-votes, if

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

any, will not be counted as having been voted and will have no effect on the outcome of either of these proposals.

What if I do not mark a voting choice for some of the matters listed on my WHITE proxy card?

If you return a signed WHITE proxy card without indicating your vote, your shares will be voted "FOR" the director nominees listed on the WHITE proxy card, "FOR" the proposal to ratify the selection of our independent auditors and "ABSTAIN" on the stockholder proposal.

Can the shares that I hold in the Reliant Benefit Plans be voted if I do not return my instructions to the plan trustee timely?

If you do not provide voting instructions to the plan trustee for the shares you hold indirectly in the Reliant Benefits Plans by [], then the plan trustee will vote your shares in the same proportion as the shares for which timely instructions were received, unless the trustee determines that to do so would not be an appropriate fiduciary action.

Could other matters be decided at the Annual Meeting?

We do not know of any other matters that will be considered at the Annual Meeting. If there are any other matters that arise at the meeting, the proxies will be voted at the discretion of the Proxy Holders.

What happens if the Annual Meeting is postponed or adjourned?

If the Annual Meeting is postponed or adjourned, your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

please vote **FOR Proposals 1 and 2** by signing, dating and returning

CORPORATE GOVERNANCE

The following sections summarize information about our corporate governance policies, our Board of Directors and its committees and the director nomination process.

Our Governance Practices

Corporate Governance Guidelines

We are committed to sound corporate governance principles. To evidence this commitment, the Board has adopted Corporate Governance Guidelines, which, along with the charters of the Board committees, our Business Ethics Policy and our Corporate Compliance Program, provide the framework for our corporate governance. A complete copy of the current version of each of these documents is available on our website at <http://www.reliant.com/corporate>. The Board regularly reviews corporate governance developments and modifies these charters, guidelines, policies and programs as appropriate.

Recent Governance Changes

As part of its annual evaluation of governance matters, the Nominating & Governance Committee recommended a number of changes in our governance practices in March 2006, which the Board unanimously approved. The modifications, which are discussed in more detail below under "Stock Ownership Guidelines" and "The Board of Directors," include:

Limiting the number of public company boards on which our directors may serve to four;

Requiring each director to submit a resignation letter upon a change in job; and

Implementing director and executive officer stock ownership guidelines.

Code of Business Conduct

We have adopted a Business Ethics Policy that constitutes a code of conduct and ethics for our directors, officers and employees and satisfies the U.S. Securities and Exchange Commission's ("SEC") definition of a "code of ethics." All of our directors, officers and employees are required to annually certify their compliance with the policy. The policy requires that any exception to or waiver of the policy for an executive officer or director be made only by the Board or an independent Board committee and disclosed on our website. To date, we have neither received any requests for, nor granted, waivers of the policy for any of our executive officers or directors.

Among other things, the policy addresses:

Conflicts of interest;

Corporate opportunities;

Confidentiality;

Fair dealing;

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

Protection and use of our assets;

Compliance with laws, rules and regulations (including insider trading laws);

Reporting of any illegal or unethical behavior;

Gifts and entertainment;

Proper conduct in interacting with government agencies and officials; and

Limitations on certain corporate political contributions.

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

The policy prohibits any executive officer or director from (a) seeking or accepting credit or an extension of credit in the form of a personal loan from us, (b) trading our securities acquired in connection with their service or employment (including long-term incentive awards, annual director awards, etc.) during any pension fund "black-out period" and/or (c), in the case of executive officers, receiving any tax services from our independent auditors.

Under the terms of the policy, each of our independent directors is required to ensure that he or she does not have any relationships or engage in any activities that would result in the director not being independent. Prior to engaging in any material relationship or activity that could reasonably be expected to affect his or her independence, the director must consult with our General Counsel or, in certain cases, the Board.

The policy also sets forth procedures for employees and other company representatives to report possible violations of laws, regulations or the policy. Reports may be made to an employee's immediate supervisor, our Executive Vice President Public and Regulatory Affairs and Corporate Compliance Officer ("Corporate Compliance Officer"), any member of the Corporate Compliance Office or the Office of Ethics and Compliance or any other senior company official. Reports may also be made anonymously to the Corporate Compliance Officer through a toll-free compliance hotline administered by an independent third party. All reported violations are investigated promptly and, to the extent possible, treated confidentially. It is our policy that there shall be no acts of retaliation, intimidation, threat, coercion or discrimination against any individual for truthfully reporting, furnishing information or assisting or participating in any manner in an investigation, compliance review or other activity related to the administration of the policy.

Corporate Compliance Program

We have a Corporate Compliance Program that implements measures to ensure compliance with the terms of the Business Ethics Policy. The Audit Committee provides oversight of the program. Additionally, we have a Corporate Compliance Officer responsible for implementing and reviewing measures to ensure compliance with and proper functioning of the Business Ethics Policy. Our Corporate Compliance Officer works with the Office of Ethics and Compliance, a group composed of our Chief Executive Officer, Chief Financial Officer, Senior Vice President Risk and Structuring ("Chief Risk Officer"), General Counsel and Corporate Compliance Officer, to monitor compliance with the Business Ethics Policy and confirm that the current policies and controls adequately ensure that our business practices are consistent with the Business Ethics Policy.

Stock Ownership Guidelines

In an effort to better align our directors and executive officers with the interests of our stockholders, in March 2006, the Nominating & Governance Committee recommended, and the Board adopted, stock ownership guidelines for our directors and executive officers. The new guidelines require that all non-management directors own 30,000 shares of our common stock. In addition, the Chairman and Chief Executive Officer must own 120,000 shares, all executive vice presidents that are executive officers must own 60,000 shares and all senior vice presidents that are executive officers must own 30,000 shares. The minimum stock ownership levels must be achieved within five years of the adoption of the guidelines (March 7, 2011) or within five years of first appointment to the Board or election as an executive officer, whichever is later. Any change in the value of our stock (such as a stock split, stock dividend, recapitalization, etc.) will not affect the amount of stock that directors and executive officers must hold. Once achieved, ownership of the guideline amount must be maintained.

The Board of Directors

Board Size; Meetings of the Board

Our Board is currently composed of seven members. Based on the recommendation of the Nominating and Governance Committee, the Board has initiated a process seeking to add two additional independent directors to the Board before the end of 2006. During 2005, the Board met eight times with all directors attending 100% of the meetings.

Meetings of Non-Management Directors and Role of the Lead Director

To facilitate candid discussion by our non-management directors, the agenda for each Board and committee meeting provides for a meeting of non-management directors in executive session. The Chairman of the Nominating & Governance Committee is currently designated the "Lead Director" empowered under our Corporate Governance Guidelines to preside over meetings of non-management directors and assist in the preparation of the agenda for each meeting.

Substantial Majority of Independent Directors

Our Corporate Governance Guidelines require that the Board be composed of a substantial majority of directors who meet the criteria for independence established by the New York Stock Exchange.

Pursuant to our Corporate Governance Guidelines, the Nominating & Governance Committee annually reviews relationships between each director and us and reports the results of its review to the Board, which then determines which directors satisfy the applicable independence standards. Rather than adopting categorical standards, the Board has determined that independence will be assessed on a case-by-case basis, in each case consistent with applicable statutory and regulatory requirements and the listing standards of the New York Stock Exchange.

As a result of this process, the Board determined Ms. Perez and Messrs. Barnett, Breeding, Caldwell, Miller and Transier are independent directors. In confirming each individual's status as an independent director, the Board considered charitable contributions we make to organizations where certain directors serve as board members as well as certain commercial transactions between us and entities affiliated with certain directors and noted the insignificant amounts associated with these transactions. Mr. Staff, the Chairman of the Board and our Chief Executive Officer, is our only non-independent director.

Director Attendance at Annual Meetings

Although we do not have a formal policy regarding director attendance at annual meetings, all of our directors attended the 2005 Annual Meeting and we expect all will attend the 2006 Annual Meeting.

Director Orientation and Continuing Education

At least annually, in connection with a regularly scheduled Board meeting, the Board offers a seminar to its members on topics relevant to their responsibilities as directors. In addition, we maintain and distribute a current listing of external director education seminar opportunities on behalf of the Nominating & Governance Committee. Each director is encouraged to attend one external seminar per year. New directors participate in a special orientation program. The Nominating & Governance Committee reviews and evaluates the director education and orientation program on an annual basis. In 2005, all of our directors participated in director education programs. A copy of our Guidelines for Director Orientation and Continuing Education is available on our website at <http://www.reliant.com/corporate>.

Limitation on Number of Public Company Board Memberships

To ensure that each director is able to devote sufficient time to performing his or her duties, our Corporate Governance Guidelines prohibit our directors from serving on more than four public company boards. In addition, as part of the annual director evaluation process, the Board and the Nominating & Governance Committee take into account service on other boards as a factor in evaluating director performance and committee assignments. The Audit Committee's Charter prohibits committee members from serving on the audit committee of more than two other public companies.

No member of the Board currently serves on the boards of more than three public companies.

Change in Professional or Personal Circumstances

The Nominating & Governance Committee evaluates material changes in the personal or professional status of a director that could be expected to diminish the director's ability to effectively function as a member of the Board. In addition, as part of the annual director evaluation process, the Board considers changes in professional status and health, family, business or personal issues that may bear on effectiveness of board service. In 2006, the Board, based upon the recommendation of the Nominating & Governance Committee, implemented a new policy requiring the mandatory submission of a resignation letter by directors for a change in job, which the Board will decide whether to accept.

Board and Individual Director Evaluation Process

The Board conducts an annual self-evaluation to determine whether it and its committees are functioning effectively. Input from all directors is proactively solicited. The evaluation focuses on the Board's contribution to us and on areas that the Board or management believes can be improved. Additionally, in the first quarter of each year, the Chairman of the Board and the Lead Director meet privately with each director for an individual director evaluation. The Lead Director confirms to the Board, at its next regularly scheduled meeting, the completion of the individual director evaluation process and, subject to confidentiality of the process, presents to the Board any appropriate conclusions or recommendations for action.

Succession Planning for the Chief Executive Officer

The Compensation Committee annually reports to the Board of Directors on succession planning, and works with the Board to evaluate potential successors to our Chief Executive Officer. As part of this process, the Compensation Committee solicits views from the non-management members of the Board. We have also adopted policies regarding succession in the event of an emergency or the unexpected resignation, retirement or incapacity of our Chief Executive Officer.

Committees of the Board of Directors

Committee Composition and Meetings

The following table lists our three Board committees, the directors who currently serve on them and the number of committee meetings held in 2005. All of our directors attended at least 90% of the meetings of the Board committees on which they served in 2005.

Committee	Members	Number of Meetings in 2005
Audit Committee	Laree E. Perez (Chairman) Donald J. Breeding William L. Transier	14
Compensation Committee	William L. Transier (Chairman) E. William Barnett Steven L. Miller	6
Nominating & Governance Committee	E. William Barnett (Chairman) Donald J. Breeding Kirbyjon H. Caldwell Steven L. Miller Laree E. Perez	4

Summary of Committee Responsibilities

Audit Committee

The purpose of the Audit Committee, as reflected in its charter, is to oversee:

The quality and integrity of our financial statements;

Our compliance with legal and regulatory requirements;

Our independent auditors' qualifications, independence and performance;

Our compliance program and the activities managed by the Corporate Compliance and Chief Risk Officers; and

The performance of our internal audit function.

In addition, the Audit Committee annually reviews our environmental policies and initiatives and our disclosures regarding deficiencies in the design or operation of internal controls.

A copy of the Audit Committee's charter is included as an appendix to this proxy statement.

The Board has determined that each member of the Audit Committee is independent under the SEC's rules and regulations, the listing standards of the New York Stock Exchange and our Corporate Governance Guidelines. The Board has determined that Ms. Perez and Mr. Transier are qualified as audit committee financial experts under the SEC's rules and regulations. In addition, the Board has determined that each member of the Audit Committee has the requisite accounting and related financial management expertise under the listing standards of the New York Stock Exchange. None of the members of the Audit Committee serves on the audit committee of more than two public companies.

Nominating & Governance Committee

The purposes of the Nominating & Governance Committee, as reflected in its charter, are to:

Assist the Board by identifying individuals qualified to become Board members and recommend to the Board director nominees for election at the annual meetings of stockholders or for appointments to fill vacancies;

Recommend to the Board director nominees for each Board committee and advise the Board on the appropriate composition of the Board and its committees;

Advise the Board about and recommend to the Board appropriate corporate governance practices and assist the Board in implementing those practices; and

Implement the annual performance review process for the Board and its committees.

In addition, the Nominating & Governance Committee reviews relationships between each director and us and reports the results of its review to the Board with appropriate recommendations, if any, for final action.

The Board has determined that each member of the Nominating & Governance Committee is independent under the listing standards of the New York Stock Exchange and our Corporate Governance Guidelines.

Compensation Committee

The purposes of the Compensation Committee, as reflected in its charter, are to:

Review, evaluate and approve our agreements, plans, policies and programs to compensate our officers and directors;

Oversee our plans, policies and programs to compensate our employees;

Produce a report on executive compensation each year for inclusion in our proxy statement for the Annual Meeting;

Evaluate the performance of our Chief Executive Officer and executive management; and

Determine the compensation for our Chief Executive Officer and such other members of our executive management as the Compensation Committee deems appropriate.

The Board has determined that each member of the Compensation Committee is independent under the listing standards of the New York Stock Exchange and our Corporate Governance Guidelines.

Director Nominations

Director Qualifications and Nomination Process

The Nominating & Governance Committee considers prospective nominees for Board membership suggested by Board members, management and stockholders. The Committee may also retain a third-party executive search firm to assist it in identifying prospective

nominees.

Once the Nominating & Governance Committee has identified a prospective nominee, it makes an initial determination as to whether to conduct a full evaluation of the candidate. The initial determination is based on information provided to the Committee with the recommendation of the candidate, the Committee's knowledge of the candidate and possible inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional board members to fill vacancies or expand the size of the Board and the likelihood that the candidate

can satisfy the evaluation factors described below. The Committee also considers the diversity of, and the optimal enhancement of the current mix of talent and experience on, the Board and other factors as it deems relevant, including the current composition of the Board, the balance of management and independent directors and the need for expertise in particular areas.

The Committee then evaluates the candidate against the standards and qualifications set out in its charter and our Corporate Governance Guidelines, including the candidate's experience, independence, knowledge, commitment to our core values, skills, expertise, independence of mind, integrity, service on the boards of other public companies, openness, ability to work as part of a team, willingness to commit the required time and familiarity with our business. Following an evaluation and interviews, the Committee makes a recommendation to the full Board regarding the candidate. After considering the recommendation, the full Board determines whether or not to extend an offer to the candidate for Board membership.

The Committee did not retain, and we did not pay a fee to, any third party to assist in the process of identifying or evaluating prospective director nominees for election at the Annual Meeting, nor did we receive any director nominees put forward by a stockholder or group of stockholders who beneficially own more than 5% of our common stock.

Submission of Stockholder Nominations to the Board

A stockholder who wishes to recommend a prospective nominee for the Board should notify us at Reliant Energy, Inc., P.O. Box 1384, Houston, Texas 77251-1384. The notice should be addressed to the attention of the Corporate Secretary or the Chairman of the Nominating & Governance Committee in care of the Corporate Secretary. The notice should include whatever supporting material the stockholder considers appropriate. The Nominating & Governance Committee will also consider whether to nominate any person nominated by a stockholder pursuant to the provisions of our bylaws relating to stockholder nominations as described in "Additional Information Stockholder Proposals" below.

Stockholder Communications to the Board

Stockholders and other parties interested in communicating directly with the Chairman of the Nominating & Governance Committee (who is designated as the Lead Director), the non-management directors as a group or the Board may do so by writing in care of the Corporate Secretary at P.O. Box 1384, Houston, Texas 77251-1384. Instructions on how to communicate with the Board are also available on our website at <http://www.reliant.com/corporate>.

Additionally, under the terms of our Business Ethics Policy, anyone desiring to raise a complaint or concern regarding accounting issues or other compliance matters directly with the Audit Committee has the ability to do so by contacting EthicsPoint, Inc. at the following address, toll free number or secure facsimile:

Reliant Energy Ethics & Compliance Helpline

Portland, OR 97281-0369
Toll Free Number: (866) 693-8442
Facsimile: (971) 249-0344

Such complaints and concerns will be forwarded directly to the Chairman of the Audit Committee.

The Nominating & Governance Committee has approved a process for handling letters or other communications received by us and addressed to non-management members of the Board. Under this process, our Corporate Secretary reviews all correspondence that, in his opinion, deals with the

functions of the Board or that he otherwise determines requires their attention. The Corporate Secretary has the discretion not to forward unsolicited marketing materials, mass mailings, unsolicited publications, surveys and questionnaires, resumes and other forms of job inquiries and requests for business contacts or referrals. In addition, the Corporate Secretary may, in his discretion, handle any director communication that is an ordinary course of business matter, including routine questions, complaints, comments and related communications that can appropriately be handled by management. However, directors may at any time request copies of all correspondence that is addressed to members of the Board. Concerns relating to accounting, internal controls or auditing matters are immediately brought to the attention of our internal audit department or Corporate Compliance Officer and handled in accordance with procedures established by the Audit Committee.

ITEMS TO BE VOTED ON BY STOCKHOLDERS

Item 1: Election of Directors

Our Board of Directors is currently divided into three classes serving staggered terms. A proposal to declassify the Board has been submitted and may impact our classified board structure in the future. Our Chairman and Chief Executive Officer, Joel V. Staff, together with Kirbyjon H. Caldwell and Steven L. Miller are designated as our Class I directors. The term of office for our Class I directors expires at our 2006 Annual Meeting. The term of office for our Class II directors, Laree E. Perez and William L. Transier, expires at our 2007 Annual Meeting. The term of office for our Class III directors, E. William Barnett and Donald J. Breeding, expires at our 2008 Annual Meeting. Following election to the Board, each class of directors will serve for a term of three years and until their successors are elected and qualified.

Based on recommendations from the Nominating & Governance Committee, the Board has nominated its current Class I directors, Messrs. Staff, Caldwell and Miller, for election to the Board as Class I directors with their term of office expiring at our 2009 Annual Meeting. We have no reason to believe that Messrs. Staff, Caldwell or Miller will be unavailable for election; however, if any nominee becomes unavailable for election, the Board can name a substitute nominee and proxies will be voted for the substitute nominee pursuant to discretionary authority, unless withheld.

THE BOARD RECOMMENDS A VOTE FOR THE CLASS I DIRECTOR NOMINEES.

Item 2: Ratification of Appointment of Independent Auditors

The Audit Committee annually reviews the qualifications, performance and independence of our independent auditors in accordance with regulatory requirements and guidelines and evaluates whether to change our independent auditors. Based on this review, in March 2006, the Audit Committee decided to appoint KPMG LLP as our independent auditors to conduct our audit for 2006 and to dismiss our previous auditors, Deloitte & Touche LLP. For further information, see "Change in Independent Auditors" below.

Although stockholder approval is not required for the appointment of KPMG LLP, the Board and the Audit Committee have determined that it is desirable as a good corporate governance practice. Ratification requires the affirmative vote of a majority of the shares entitled to vote on, and voted for or against, the matter, represented in person or by proxy at the Annual Meeting. If our stockholders do not ratify the appointment, the Audit Committee may reconsider the appointment. However, even if the appointment is ratified, the Audit Committee, in its discretion, may select different independent auditors if it subsequently determines that such a change would be in the best interest of us and our stockholders.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS INDEPENDENT AUDITORS.

Item 3: Stockholder Proposal Elimination of Classified Board of Directors

We have been notified that Mr. Harold J. Mathis, Jr., whose address is P.O. Box 1209, Richmond, Texas 77406-1209 and who is a holder of 2,523 shares of our common stock intends to present the following proposal for consideration at the Annual Meeting:

RESOLVED: That the stockholders of Reliant Energy, Inc., assembled in annual meeting in person or by proxy, hereby request that the Board of Directors take the needed steps to provide that at future elections of directors new directors be elected annually and not by classes, as is now provided, and that on expiration of present terms of directors their subsequent elections shall also be on an annual basis."

REASONS

At the last annual meeting of Reliant Energy, Inc. a majority vote of 120,077,845 shares or 65.61% of the Yes/NO vote approved this proposal to elect all directors annually.

Reliant chose to hold this meeting in Pittsburgh, Pa. and refused to issue a press release stating results from the meeting.

The Council of Institutional Investors "Council Policies" state at:

www.cii.org/policies/shareholder_meetings.htm

"Corporations should make shareholders' expense and convenience primary criteria when selecting the time and location of shareholder meetings."

www.cii.org/policies/boardofdirectors.htm

"Boards should take actions recommended in shareholder proposals that receive a majority of

votes cast for and against. If shareholder approval is required for the action, the board should submit the proposal to a binding vote at the next shareholder meeting."

"All directors should be elected annually (no classified boards.)"

www.cii.org/policies/shareownervoting.htm

"Supermajority votes should not be required."

It is the strong belief of this proponent, Harold J. Mathis, Jr., P. O. Box 1209, Richmond, Texas 77406, who is the owner of 2,523 shares, that classification of the Board of Directors is not in the best interest of Reliant Energy, Inc. and its shareholders. This proponent also believes that it makes a Board less accountable to shareholders when all directors do not stand for election each year; the piecemeal election insulating directors and senior management from the impact of poor performance.

Arthur Levitt, former chairman of the SEC has said: "In my view it's best for the investor if the entire board is elected once a year. Without annual election of each director shareholders have far less control over who represents them."
"Take on the Street" by Arthur Levitt

It appears that classified boards are rapidly becoming a thing of the past as more companies demonstrate a greater commitment to the principles of corporate democracy, adhering to policies that maximize accountability to shareholders. *The majority of all S&P 500 companies now elect their entire board annually.*

Mathis proposals on this and similar issues have preceded successful board sponsored recommendations at Freeport-McMoRan, McMoRan Exploration, First Energy, Honeywell, and Baker Hughes, Inc.

Why should Reliant Energy, Inc. shareholders continue the piecemeal approach of waiting three years to complete their evaluation of the entire Board?

PLEASE MARK YOUR PROXY IN FAVOR OF THIS PROPOSAL.

Beware! At Reliant Energy, Inc., abstentions will have the same effect as a vote against this proposal.

THE BOARD IS NOT OPPOSING THIS PROPOSAL AND MAKES NO VOTING RECOMMENDATION TO STOCKHOLDERS.

Our Board of Directors has considered the stockholder's proposal relating to the annual election of directors, and has determined not to oppose the proposal and to make no voting recommendation on the proposal to stockholders. The Board recognizes that board classification remains controversial and believes that there are valid arguments in favor of, and in opposition to, classified boards. After careful consideration, and upon the recommendation of the Nominating & Governance Committee, the Board has determined that it wants to use this proposal as an opportunity for stockholders to express their views on this subject without being influenced by any recommendation the Board might make.

Supporters of classified boards often contend, among other things, that a classified board can promote stability and continuity of leadership and enhance a board's ability to respond to certain types of takeover bids by making it more difficult for an unsolicited bidder to gain control of a company. Opponents of classified boards often advance arguments such as those contained in the stockholder's supporting statement.

Approval of this proposal requires the affirmative vote of a majority of the shares present at the annual meeting and entitled to vote. The proposal, which is advisory in nature, would constitute a recommendation to the Board if approved by stockholders and would not in itself effectuate the changes contemplated by the proposal. Further action by the stockholders would be required to amend the company's Certificate of Incorporation. Under the Certificate of Incorporation, a sixty-six and two-thirds percent (66²/₃%) vote of the outstanding shares would be required for approval. In addition, under Delaware law, amendments to the Certificate of Incorporation require a recommendation from the Board prior to submission to the stockholders. The Board will abide by the vote of stockholders on this declassification proposal. If stockholders approve the proposal at this year's annual meeting, the Board will present for a vote of stockholders at next year's annual meeting an amendment to the Certificate of Incorporation that, if approved, would eliminate the classified board.

If stockholders return a validly executed proxy solicited by the Board, the shares represented by the proxy will be voted on this proposal in the manner specified by the stockholder. If stockholders do not specify the manner in which their shares represented by a validly executed proxy solicited by the Board are to be voted on this proposal, such shares will be counted as abstentions. Under Delaware law, abstentions will have the same effect as a vote against the proposal.

The Board is not opposing this proposal and makes no voting recommendation to stockholders.

COMPENSATION OF DIRECTORS

Annual Compensation

Each non-employee director receives an annual retainer of \$45,000 and a fee of \$2,000 for each Board and committee meeting attended. Directors who serve on committees, other than the Audit Committee, also receive a \$5,000 committee retainer for each committee on which he or she serves. Directors who serve on the Audit Committee receive a \$10,000 committee retainer. In 2005, directors were permitted to choose to receive their retainers and meeting fees in one or a combination of the following forms:

Cash.

Common Stock. A director who chooses this form will receive his/her compensation in stock following the end of each quarter. In addition, a director electing common stock will receive a 25% premium payable in restricted stock which vests and is transferable at the end of the director's current term.

Restricted Stock Units. A director who chooses this form will receive his/her compensation plus a 25% premium in restricted stock units. The units attributable to the director's retainers and fees are vested at the earlier of the director's termination of service (voluntary or otherwise) as a Board member or the end of the current term. The premium units vest at the end of the director's current term (and will be forfeited if the director's service terminates before the end of the current term).

In November 2005, the Board revised the choices available to directors for payment of their retainers and meeting fees. Beginning in 2006, the option to choose restricted stock units as a form of payment for fees and retainers is no longer available, but directors may still choose either cash or common stock with the 25% premium in restricted stock as described above.

Equity Compensation Grants

Each non-employee director receives equity grants upon their initial election to the Board as well as annual grants. In November 2005, the Board approved a change to these grants.

Prior to the change, each non-employee director, upon his or her initial election to the Board, received 5,000 shares of restricted stock units that are subject to forfeiture until the end of the director's current term, with the underlying shares delivered when the director terminates his or her service on the Board. Beginning in 2006, each newly elected director will receive 5,000 shares of restricted stock, which are subject to forfeiture until the end of the director's current term.

In 2005, each non-employee director received an annual grant of 2,500 shares of restricted stock units, which vest at the end of his or her current term, and 5,000 stock options, which vest in one-third increments over the following three years. The exercise price of the options is equal to the fair market value of the underlying stock (determined as of the date of grant, June 7, 2005). As recommended by the independent compensation consulting firm retained by the Compensation Committee, stock option grants were eliminated beginning in 2006. Each director will now receive an annual grant of 6,000 shares of restricted stock in place of the combined grant of restricted stock units and stock options under the former program.

COMPENSATION OF EXECUTIVE OFFICERS

(1) The amounts reported do not include the number and value of unexercisable contingent, performance-based options to purchase shares of our common stock granted under the Key Employee Award Program.

As of December 31, 2005, the targeted number of unexercisable performance-based options held by each named executive officer, and the value of the performance-based options (based on the principles described in footnote 2 below), was as follows: Mr. Staff 1,088,000 options (\$2,377,280); Mr. Jacobs 612,000 options (\$1,337,220); Mr. Jines 272,000 options (\$594,320); Mr. Landrum 476,000 options (\$742,900); and Mr. Langdon 340,000 options (\$742,900). The actual number of options that vest is subject to performance-based objectives and could range from none to 140% of the targeted award amounts.

(2) The value of unexercised, in-the-money options is the aggregate, calculated on a grant-by-grant basis, of the number of unexercised options multiplied by the difference between \$10.32, the closing sales price of our common stock on the last trading day of 2005, and the exercise prices of all such options. The actual value, if any, realized on the options will depend on the difference between the market price of the common stock on the exercise date and the option exercise price.

(3) In connection with his resignation, Mr. Robb's unexercised options (including those granted under the Key Employee Award Program) were forfeited.

Long-Term Incentive Plans Awards in the Last Fiscal Year

The following table sets forth the estimated future payout amounts under the Key Employee Award Program for a grant made in 2005 to Mr. Landrum if the performance goals are met at threshold, target and maximum levels. There is no assurance that we will achieve results that would lead to a payout under the program. For additional information, including the basis for the grant to Mr. Landrum, see " Report of the Compensation Committee Components of Executive Compensation Long-Term Incentives."

Employment Contracts, Termination of Employment and Change in Control Arrangements

We have previously entered into severance and/or employment agreements with our named executive officers as a means of attracting and retaining them. Effective upon the expiration or termination of these agreements in early 2006, we entered into change in control agreements with each of the named executive officers. Additionally, each of the named executive officers is now covered under a separate company-sponsored executive severance plan, which can be amended or terminated by us at any time, for involuntary or mutually agreed upon terminations not in connection with a change in control. In November 2005, the Compensation Committee, after consultation with an independent compensation consultant retained by the Compensation Committee and consideration of market data, approved the guidelines for the new agreements and severance plan, the terms and conditions of which are described below.

Change in Control Agreements

The change in control agreements provide for payments and benefits following a change in control resulting from: (i) an involuntary termination that did not result from death, disability or termination for cause, (ii) termination by the executive for "Good Reason" or (iii) termination initiated by us and mutually agreed upon by the executive and us.

"Good Reason" is defined as (a) a significant reduction in duties and responsibilities, (b) a reduction in annual base salary, (c) our failure to continue certain benefits and material compensation plans (or comparable benefits plans) or (d) a change in the location of the executive's principal place of employment (generally a relocation of more than 50 miles).

If the payment obligations under the agreements are triggered, we are required to provide the following severance benefits:

A cash severance payment equal to a multiple of salary (three in the case of Messrs. Staff, Jacobs, Landrum and Langdon and two in the case of Mr. Jines) plus the same multiple times the target annual incentive compensation bonus under our Annual Incentive Compensation Plan (or any successor plan) ("AICP");

A pro-rated target bonus based on the number of days the executive was employed during the bonus year in which his employment was terminated;

Continued welfare benefits coverage (medical, dental and vision) for two years; and

Outplacement and financial planning services.

The agreements also provide for "gross-up payments" intended to reimburse the executive for any excise taxes under Internal Revenue Code Section 4999 ("golden parachute" excise taxes) in connection with the agreement.

Executive Severance Plan

Our new executive severance plan provides for payments and other benefits upon termination of the executive's employment that did not result from death, disability or termination for cause.

If the payment obligations under the plan are triggered, we are required to provide the following severance benefits:

A cash severance payment equal to a multiple of salary (two in the case of Mr. Staff and 1.5 in the case of Messrs. Jacobs, Jines, Landrum and Langdon) plus the same multiple times the target annual incentive compensation bonus under our AICP;

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

A pro-rated target bonus based on the number of days the executive was employed during the bonus year in which his employment was terminated;

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

Continued welfare benefit coverage (medical, dental and vision) for the number of years equal to the applicable severance multiple; and

Outplacement and financial planning services.

Agreements with Mr. Jacobs

In July 2002, we entered into an employment agreement with Mr. Jacobs. Under the agreement, we agreed to employ Mr. Jacobs in the capacity of Executive Vice President and Chief Financial Officer. Since Mr. Jacobs met the conditions for the retention bonus under the employment agreement, we paid him \$796,278 in 2005. The agreement was amended by the parties effective April 30, 2003 to provide that upon expiration of the initial term of the employment agreement on July 31, 2005, Mr. Jacobs would be covered by a severance agreement similar to the severance agreements entered into by our other executives in January 2003. In March 2006, Mr. Jacobs entered into the same change in control agreement as all other named executive officers (as described above), which superceded all prior employment and severance agreements. He is also now covered under the executive severance plan (as described above), which covers the other named executive officers.

Resignation of Mr. Robb

In November 2005, we entered into an amendment to the severance agreement with Mr. James B. Robb. The amendment amended the definition of "Covered Termination" in the agreement to include the resignation of Mr. Robb from employment with us and to confirm his entitlement to the benefits under the agreement. In connection with Mr. Robb's resignation, we paid him \$1,292,000 in cash severance benefits and his rights to unvested equity awards were forfeited. In addition, Mr. Robb will receive medical, dental and vision coverage at active employee rates for 18 months, reimbursement for the cost of outplacement services used within 18 months (up to a maximum of \$50,000) and continued access to financial planning services until December 31, 2006.

Certain Relationships and Related Transactions; Compensation Committee Interlocks and Insider Participation

During 2005, the members of the Compensation Committee consisted of E. William Barnett, Steven L. Miller and William L. Transier. All members of the Compensation Committee during 2005 were independent directors and none of them were our employees or former employees. During 2005, none of our executive officers served on the compensation committee (or equivalent), or the board of directors, of another entity whose executive officer(s) served on the Compensation Committee or Board.

Report of the Compensation Committee [Subject to Finalization]

Overview

The Compensation Committee of the Board of Directors (the "Committee"), which operates under a charter approved by the Board, reviews the compensation practices and policies of Reliant Energy, Inc. (the "Company"), annually reviews and approves the compensation of the Chief Executive Officer, annually reviews and approves the compensation of the Company's other senior executives, reviews and approves the compensation of the directors, evaluates the performance of the Chief Executive Officer and annually prepares this report on executive compensation for inclusion in the proxy statement. In performing these functions, the Committee strives to ensure that the interests of management are properly aligned with stockholders' interests. The Committee also consults with and obtains the advice of a nationally recognized independent compensation consultant retained by the Compensation Committee to ensure that the Company's practices and policies are market based and

appropriate. The Board of Directors determines the Committee's membership, and the Committee is comprised solely of independent directors.

Executive Compensation Philosophy

The Committee believes that compensation for executives should (i) be competitive with other companies in order to attract, motivate and retain the talent needed to lead and grow the Company's business; (ii) be based on performance of the individual and performance of the business; (iii) provide a strong incentive for key managers to achieve the Company's goals; (iv) make prudent use of the Company's resources; and (v) align with stockholders' interests. The Committee further believes that a substantial portion of executive compensation should be composed of variable, at-risk elements with the majority of such elements being based on the Company's long-term success.

In making compensation decisions, the Committee also reviews and considers compensation data for executives at (i) other leading utility and power generation companies (in 2005, consisting of The AES Corporation, American Electric Power Company, Inc., Calpine Corporation, Constellation Energy Group, Inc., Dominion Resources, Inc., Duke Energy Corporation, Dynegy Inc., Edison International, Entergy Corporation, Exelon Corporation, FPL Group, Inc., Mirant Corporation, NRG Energy, Inc., PG&E Corporation, PPL Corporation, Sempra Energy, TXU Corp. and The Williams Companies, Inc.), and (ii) corporations in the broader energy industry and general industry of a size comparable to the Company. The Committee's goal in determining the appropriate level of executive compensation is to offer a competitive pay package in consideration of the range of relevant market pay for the position. Other factors considered by the Committee include individual performance, impact on Company performance, reputation, skills, experience and internal equity.

Components of Executive Compensation

The compensation program for executive officers of the Company consists of the following components: (i) base salary; (ii) annual incentive cash payment awards; and (iii) long-term incentive awards consisting of stock options, restricted stock awards and/or cash awards.

Base Salary

The Committee annually reviews the base salaries of the Company's executive officers and approves adjustments based on various factors as noted above (see "Executive Compensation Philosophy" above).

Annual Incentive Compensation

The purpose of the Company's cash-based Annual Incentive Compensation Plan ("AICP") is to encourage a high level of corporate performance through the establishment of predetermined corporate goals, the attainment of which requires a high degree of competence and diligence on the part of the Company's executive officers. Payment of AICP awards, which are calculated as a specified target percentage of the participant's base salary, is subject to the satisfaction of performance goals at specified achievement levels. The named executive officers had target AICP opportunities ranging from 55% to 100% of their base salaries. The possible ranges of achievement are (i) threshold (resulting in a payout of 20% of target), (ii) target (resulting in a payout of 100% of target) and (iii) maximum (resulting in a payout of 200% of target). Performance below threshold would result in no payout.

For 2005, the Committee established the AICP performance goals listed below. The results were as follows:

The first goal (25% of the award) required the Company to meet specified financial targets in 2005. In March 2006, the Committee determined that the achievement level was 34%.

Edgar Filing: RELIANT ENERGY INC - Form PREC14A

The second goal (50% of the award) required the Company to achieve ongoing cost reductions as measured by total operating costs adjusted to exclude reasonable costs to implement the ongoing cost reductions and certain costs that are subject to external drivers (compressible cost). In March 2006, the Committee determined that the achievement level was 88%.

The third goal (8% of the award) related to improvement in the employee survey results. In March 2006, the Committee determined that the achievement level was 117%.

The fourth goal (17% of the award) related to various strategic initiatives for each executive officer, including the executive officers named in the "Summary Compensation Table," based on his or her functional area. The Committee established the strategic goals, the metrics to be used to measure performance and the proposed achievement levels for the Chief Executive Officer and delegated to the Chief Executive Officer the authority to establish the goals, metrics and achievement levels for the other named executive officers. In March 2006, the Committee determined the individual achievement levels for the Chief Executive Officer and reviewed the results for the other named executive officers. Based on these results, achievement levels ranged from 119% to 168%.

Long-Term Incentives

The purpose of the Company's long-term incentive program, the Reliant Energy, Inc. 2002 Long Term Incentive Plan ("2002 LTIP") is to further the interests of the Company and its stockholders by providing incentives to key employees in order to recognize outstanding performance and individual contributions, and to give participants in the plan an interest parallel to that of stockholders. LTIP awards may consist of stock options, stock appreciation rights, restricted stock, common stock, and/or cash.

In February 2004, the Committee granted performance awards to 26 employees of the Company (including each of the Company's named executive officers) under the Key Employee Award Program ("Key Employee Award Program") established under the 2002 LTIP. The performance period and vesting cycle for these awards ends on December 31, 2006.

The Key Employee Award Program originally provided that participants would not receive any additional grants until after the end of the three-year period. However, the Committee amended the Key Employee Award Program effective August 2005 to award additional units to two executives, one of whom (Mr. Landrum) is a named executive officer. Mr. Landrum was awarded an additional two units in recognition of a significant increase in his responsibilities after a reorganization of the executive management team in early 2005. The amendment also provided that no new participants would be added to the program and no additional awards of any type would be granted under the program to participants.

Each award unit issued under the Key Employee Award Program consists of: (i) 68,000 stock options (exercise price per share equal to the per share fair market value of the Company's common stock on the grant date), (ii) 16,000 stock-settled restricted performance units (convertible into an equal number of shares of common stock on the date of vesting) and (iii) 16,000 cash performance units (convertible into a cash amount equal to the fair market value of one share of the Company's common stock for each cash unit awarded on the date of vesting). Awards granted under the Key Employee Award Program are forfeited if the participant ceases for any reason to be an employee of the Company before the award vests, except that the awards will immediately vest pro rata, with partial years considered full years, in the case of a change in control of the Company (as defined in the 2002 LTIP).

The Key Employee Award Program provides for a payout ranging from 0% to 140% of the target award level, as determined by the Committee, in its sole discretion, after considering various qualitative

and quantitative performance criteria. These criteria include (i) reducing the ratio of our adjusted net debt to adjusted EBITDA ratio to at least 3.5, (ii) delivering superior customer value and (iii) building a great company to work for, taking into consideration market conditions for each factor. The Committee has the discretion to weight the various performance objectives as it deems appropriate.

Prospective Changes to Long-Term Incentives

The Committee has consulted with its outside compensation consultant regarding a long-term incentive structure for 2007 and beyond. Based on its advice, and in consideration of relevant market data, the Committee intends to establish a more traditional annual grant program under the 2002 LTIP that would provide annual grants to key employees and allow them to accumulate equity value in the Company. These awards may be time-vested, performance-based, or a combination thereof, at the Committee's discretion.

Perquisites and Other Compensation

The Company's philosophy is not to provide substantial personal benefits or perquisites to its executives. For example, the Company does not provide personal use of an airplane, automobile or lodging to its executives. The Company does provide up to \$5,000 per year to each executive officer in reimbursement for specified financial planning services and a one-time allowance of \$5,000 for estate planning services. Executive officers may also participate in the Company's defined contribution 401(k)/profit-sharing plan which is available to all employees. The Company does not offer defined benefit pension benefits to any employees except as required by collective bargaining agreements.

Limitation of Deductions

Section 162(m) of the Internal Revenue Code generally limits the deductibility of executive compensation paid to the Company's named executive officers to \$1,000,000 per year for federal income tax purposes, but contains an exception for certain performance-based compensation. In making compensation decisions, the Committee considers the potential deductibility of proposed compensation arrangement for the Company's executive officers. However, the Committee may elect to approve non-deductible compensation arrangements if it believes that such arrangements are in the best interests of the Company and its stockholders. As part of its analysis, the Committee may take into account a variety of factors, including the Company's ability to utilize the deduction based on projected taxable income. In the opinion of the Company's tax advisors, some or all of the components of the units awarded under the Key Employee Award Program will not be deductible to the extent they exceed the Section 162(m) limit.

Compensation of the Chief Executive Officer

The Committee determined the compensation of Mr. Staff in accordance with the compensation principles and plans discussed in this report and the Committee's charter. In March 2005, the Committee approved a base salary for Mr. Staff of \$1,000,000, which was the same as his base salary for 2004, and established a target 2005 AICP award for Mr. Staff equal to 100% of his base salary. The Committee believes that the resulting total cash compensation (base salary plus annual bonus at target) is competitive with that of chief executive officers at companies similarly situated to the Company.

The Committee designated the following performance goals for Mr. Staff as described more fully above: financial results (25%), compressible costs (50%), employee survey results (8%) and strategic initiatives (17%). In March 2006, the Committee approved an AICP Award for Mr. Staff for 2005 performance in the amount of \$900,000, which was 90% of his target award.

The undersigned members of the Compensation Committee have submitted this Report to the Board of Directors.

AUDIT MATTERS

Report of the Audit Committee [Subject to Finalization]

The Audit Committee oversees the financial reporting process for Reliant Energy, Inc. (the "Company") on behalf of the Board of Directors. The Audit Committee operates under a written charter approved by the Board. A copy of the charter is attached as Appendix A to the proxy materials and available at <http://www.reliant.com/corporate>. The Audit Committee's duties include appointing the Company's independent auditors, pre-approving both audit and non-audit services to be provided by the independent auditors and assisting the Board in providing oversight to the Company's financial reporting process.

Each member of the Audit Committee is an independent director as determined by the Board, based on the listing standards of the New York Stock Exchange. Each member of the Committee also satisfies the Securities and Exchange Commission's ("SEC") additional independence requirements for members of audit committees. In addition, the Board has designated Ms. Laree E. Perez and Mr. William L. Transier as "audit committee financial experts," as defined by the SEC's rules and regulations.

In performing its oversight function, the Audit Committee reviewed and discussed with management and the independent auditors the annual and all quarterly financial statements prior to their issuance in the Company's periodic reports filed with the SEC. In connection with such financial statement and disclosure reviews, management advised the Audit Committee that each set of financial statements reviewed had been prepared in accordance with generally accepted accounting principles, and reviewed significant accounting and disclosure issues with the Audit Committee. These reviews included discussions with the independent auditors of the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committee), including the quality of the Company's accounting principles, the reasonableness of management's significant accounting judgments and estimates and the clarity and completeness of disclosures in the financial statements.

In addition, the Audit Committee has received from the independent auditors written disclosures and a letter as required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," discussed with the independent auditors their independence from the Company and its management, and considered whether the independent auditors' provision of non-audit services to the Company is compatible with maintaining the auditors' independence.

The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting. In addition, the Audit Committee met with the Company's Chief Executive Officer and Chief Financial Officer to discuss the processes that they have undertaken to evaluate the accuracy and fair presentation of the Company's financial statements and the effectiveness of the Company's system of disclosure controls and procedures.

The Audit Committee also reviewed and discussed with the Company's management and independent auditors the Company's internal control over financial reporting, including management's assessment of the effectiveness of the Company's internal control over financial reporting and its independent auditors' evaluation of the Company's internal control over financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board approved, that the Company's audited financial statements be included in its Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the SEC.

The undersigned members of the Audit Committee have submitted this Report to the Board of Directors.

Audit Committee,

Laree E. Perez (Chairman)
Donald J. Breeding
William L. Transier

Change in Independent Auditors

On March 18, 2006, the Audit Committee of our Board of Directors appointed KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2006, and dismissed Deloitte & Touche LLP.

Deloitte & Touche LLP's reports on our consolidated financial statements as of December 31, 2005 and 2004 and for the years then ended did not contain an adverse opinion or a disclaimer of opinion and were not qualified or modified as to uncertainty, audit scope or accounting principles, except that Deloitte & Touche LLP's audit reports dated March 14, 2005 and March 14, 2006 each included an explanatory paragraph relating to the change in method of accounting for major maintenance to the "expense as incurred" method in 2004. Deloitte & Touche LLP's audit reports on management's assessment of the effectiveness of internal control over financial reporting and the effectiveness of internal control over financial reporting as of December 31, 2004 and December 31, 2005 did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

In connection with the audits of our financial statements for each of the two most recent fiscal years ended December 31, 2005 and 2004, there were no disagreements between Reliant Energy and Deloitte & Touche LLP on any matters of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which, if not resolved to Deloitte & Touche LLP's satisfaction, would have caused Deloitte & Touche LLP to make reference to the matter in its reports. During the two most recent fiscal years and through the date hereof, there have been no "reportable events" as defined in Regulation S-K, Item 304(a)(1)(v).

In deciding to select KPMG LLP, the Audit Committee reviewed auditor independence issues and existing commercial relationships with KPMG LLP and concluded that KPMG LLP has no commercial relationship with us that would impair its independence. During our two most recent fiscal years ended December 31, 2005 and 2004, we did not consult with KPMG LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Representatives of KPMG LLP and Deloitte & Touche LLP will be present at the Annual Meeting. Each will have an opportunity to make a statement if they wish and will be available to respond to questions from stockholders at the meeting.

Principal Accounting Firm Fees

The following table shows the fees related to the audit and other services provided by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates, which includes Deloitte Consulting (collectively, "Deloitte & Touche") for 2004 and 2005:

Audit-Related Fees. This category consists of assurance and related services by Deloitte & Touche that are reasonably related to the performance of the audit or review of our financial statements and are not reported above under "Audit Fees."

All Other Fees. We did not pay or accrue any fees under this category to Deloitte & Touche during 2004 or 2005.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Auditors

All audit services, permissible non-audit services and related fees were pre-approved by the Audit Committee, which concluded that the provision of such services by Deloitte & Touche was compatible with the maintenance of that firm's independence in the conduct of its auditing functions. The Audit Committee's Charter provides for review and pre-approval by the Committee of all audit services, permissible non-audit services and related fees conducted by our independent auditors.

Policy on the Rotation of Independent Auditors

Under its charter, the Audit Committee has the duty and responsibility for ensuring the rotation of audit partners as required by law as well as periodically evaluating whether to rotate our independent auditors.

STOCKHOLDER DIRECTOR NOMINATIONS

On March 9, 2006, Seneca Capital, L.P. ("Seneca"), a hedge fund that owns shares of our common stock, sent us a letter purporting to nominate three of its employees, Nikola Duravcevik, Scott G. Pearl and Mitchell Raab, to stand for election at the Annual Meeting. At that time, Seneca indicated that it

did not intend to engage in a public solicitation of stockholder support prior to pursuing a thorough dialogue with our management and Board of Directors. Since that time, our management has met with Seneca's nominees and has been engaged in a dialogue with Seneca about its nominations and other matters pertaining to our business. On March 30, 2006, Seneca sent our Corporate Secretary a purported demand under Section 220 of the Delaware General Corporate Law for a list of stockholders as of the record date and other information for the stated purpose of enabling Seneca to communicate with other stockholders with respect to company affairs in general and to proceed with a solicitation of proxies from stockholders to elect certain persons nominated by Seneca for election to our Board of Directors at the annual meeting.

OTHER MATTERS

As of the date of this proxy statement, we know of no business that will be presented for consideration at the Annual Meeting other than the items set forth in this proxy statement. The Board does not intend to bring any other matters before the meeting and has not been informed that any other matters are to be properly presented to the meeting by others. If other business is properly raised, your WHITE proxy card authorizes the Proxy Holders to vote as they think best, unless authority to do so is withheld by you in the WHITE proxy card.

ADDITIONAL INFORMATION

Stockholder Proposals

Our bylaws require advance notice of proposals by stockholders to be presented for action at an annual meeting. In the case of the 2007 Annual Meeting, the required notice must be received by our Corporate Secretary between [], 2007 and [], 2007 and if you would like such proposal to be included in the proxy statement for our 2007 Annual Meeting, the proposal must also be received on or before [], 2006, see " Deadline for Inclusion in 2007 Proxy Statement" below. Our bylaws require that the proposal must constitute a proper subject to be brought before the meeting and that the notice must contain prescribed information, including a description of the proposal and the reasons for bringing it before the meeting, proof of the proponent's status as a stockholder and the number of shares held and a description of all arrangements and understandings between the proponent and anyone else in connection with the proposal as well as other procedural requirements. A copy of our bylaws describing the requirements for notice of stockholder proposals may be obtained by writing our Corporate Secretary.

Our bylaws provide that a stockholder may nominate a director for election if the stockholder sends a notice to our Corporate Secretary identifying any other person making such nomination with the stockholder and providing proof of stockholder status. This notice must be received at our principal executive offices between [], 2007 and [], 2007. The stockholder must also provide the information about the nominee that would be required to be disclosed in the proxy statement. We are not required to include any stockholder-proposed nominee in the proxy statement. A copy of our bylaws describing the requirements for the nomination of director candidates by stockholders may be obtained by writing our Corporate Secretary.

Deadline for Inclusion in 2007 Proxy Statement

Although, as discussed above, our bylaws allow a stockholder to present notice of a proposal to be acted on at a stockholder meeting from [], 2007 and [], 2007, Rule 14a-8 under the Exchange Act addresses when a company must include a stockholder's proposal in its proxy statement and identify the proposal in its form of proxy when the company holds an annual or special meeting of stockholders. In general, under Rule 14a-8, a proposal for a regularly scheduled annual meeting must be received at the company's principal executive offices not less than 120 calendar days before the date

that the company's proxy statement was released to stockholders in connection with the previous year's annual meeting or, if the company did not hold an annual meeting the previous year, or if the date of the annual meeting has been changed by more than 30 days from the date of the previous year's annual meeting, a reasonable time before the company begins to print and mail its proxy materials. For a special meeting, the deadline is a reasonable time before the company begins to print and mail its proxy materials. In addition to complying with the applicable deadline, stockholder proposals must also be otherwise eligible for inclusion. As a result, any stockholder who intends to present a proposal at the 2007 Annual Meeting and who requests inclusion of the proposal in our 2007 proxy statement and form of proxy in accordance with applicable SEC rules and regulations must submit the proposal to us by [], 2006.

We expect to hold our 2007 Annual Meeting on or about [], 2007, which is a change of not more than 30 days from this year's Annual Meeting.

Where to Submit Stockholder Proposals

If you would like to submit a stockholder proposal, you may do so by sending the proposal in writing during the periods specified above to the attention of our Corporate Secretary via mail to Reliant Energy, Inc., P.O. Box 1384, Houston, Texas 77251-1384 or via facsimile to (713) 497-0140.

Participants in the Solicitation and Proxy Solicitation Costs

We will bear all expenses of this solicitation, including the cost of preparing and mailing this proxy statement. In addition to solicitation by use of the mail, proxies and voting instructions may be solicited by some of our directors, officers and employees by further mailing, telephone, facsimile, electronic means or personal contact. These individuals are listed on Appendix A to this proxy statement. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. We have retained Innisfree M&A Incorporated ("Innisfree"), 501 Madison Avenue 20th Floor, New York, New York, 10022, to aid in the solicitation of votes. In addition, we will reimburse brokerage firms, nominees, fiduciaries, custodians and other agents for their expenses in distributing proxy material to the beneficial owners of our common stock.

As discussed above under the heading "Stockholder Director Nominations," Seneca Capital, L.P., a stockholder, has nominated three directors to stand for election at the Annual Meeting. As a result, we will incur substantial additional costs in connection with the solicitation of proxies. We will pay Innisfree up to \$[] and reimburse them for certain expenses. Innisfree will employ approximately [] people to solicit proxies from our stockholders. Increased costs will also include increased fees of outside counsel, increased printing and mailing costs for additional solicitation materials, including the reimbursement of reasonable expenses of banks, brokerage houses and other agents incurred in forwarding solicitation materials to beneficial owners as described above, and the costs of retaining an independent inspector of election. We estimate that the aggregate cost (exclusive of litigation, if any) to us will be approximately \$[], of which \$[] has been incurred to date. The additional costs do not include the costs represented by the regular salaries and wages of our employees and officers.

Appendix A to this proxy statement contains certain information regarding our directors, officers and other participants who will be soliciting proxies on our behalf.

ANNUAL REPORT TO STOCKHOLDERS

Our Annual Report on Form 10-K, which includes our consolidated financial statements for the year ended December 31, 2005, accompanies the proxy material being mailed to all stockholders. The annual report is not a part of the proxy solicitation material.

The Audit Committee shall prepare annually a report meeting the requirements of any applicable regulations of the Securities and Exchange Commission (the "SEC") to be included in the Company's proxy statement relating to its annual meeting of shareholders.

II. Membership

The Audit Committee shall be comprised of three or more Directors, as determined by the Board. Audit Committee members are appointed by the Board upon recommendation of the Nominating & Governance Committee, and shall serve until their successors are duly elected and qualified. Each member of the Audit Committee shall be qualified to serve on the Audit Committee pursuant to the requirements of the New York Stock Exchange (the "NYSE"), and shall also satisfy any additional requirements deemed appropriate by the Board. No member shall serve on an audit committee of more than two other public companies.

Each member shall be (or shall become within a reasonable time after appointment) financially literate, as the Board, in its business judgment, interprets the term. Additionally, at least one member of the Audit Committee must have "accounting or related financial management expertise," as the Board, in its business judgment, interprets the term. Either at least one member of the Audit Committee must be an "audit committee financial expert" (as defined by the SEC pursuant to the Sarbanes-Oxley Act of 2002 (the "Act")) or the fact that the Audit Committee has no financial expert must be disclosed in the Company's SEC filings. The Board may presume that a person who is an "audit committee financial expert" as defined by the SEC's rules has accounting or related financial management expertise. Members of the Audit Committee may enhance their familiarity with finance and accounting principals by participating in educational programs that the Company or an outside consultant conducts.

Notwithstanding the foregoing membership requirements, no action of the Audit Committee shall be invalid by reason of any such requirement not being met at the time such action is taken.

III. Meetings and Structure

The Audit Committee shall meet at least four times per year to review the financial information of the Company, consistent with its duties and responsibilities, and as many additional times as the members deem necessary. Members are expected to regularly attend Audit Committee meetings, and to spend the time needed to properly discharge their responsibilities. An Audit Committee member who is unable to attend an Audit Committee meeting is expected to notify the chairperson of the Audit Committee prior to the meeting.

The schedule for each Audit Committee meeting shall be furnished to all directors, and the agenda for each Audit Committee meeting shall be furnished to the Audit Committee members as well as to the chairperson of each other committee of the Board. Additionally, all non-management directors are invited to attend every meeting of the Audit Committee and receive copies of all materials distributed at such meetings, with the understanding that non-management directors that do not sit on the Audit Committee will have only observer status. The Audit Committee may meet in person, by telephone conference call, or in any other manner in which the Board is permitted to meet under law or the Company's bylaws.

Information and data important to the Board's understanding of the business to be conducted at an Audit Committee meeting should be distributed in writing to the attendees before the meeting (taking into account that there may be exigent circumstances in which it is not possible to do so), and directors are expected to review these materials prior to the meeting. Materials should be physically delivered at least five calendar days prior to the meeting in question.

The Audit Committee shall meet periodically with management (including not less than annually with each of the Chief Executive Officer and the Chief Financial Officer, meeting separately), the Company's Controller, the Company's Director of Internal Auditing, the Company's Corporate Compliance Officer, the Company's Chief Risk Officer and the independent public accountants in separate executive sessions to discuss any matters that the Audit Committee or each of these groups believe should be discussed privately.

The Board shall appoint one member of the Audit Committee as chairperson. The chairperson shall be responsible for leadership of the Audit Committee, including developing the agenda with the assistance of and in consultation with appropriate members of the Audit Committee and management, presiding over the meetings, making assignments and reporting to the Board. The agenda for each Audit Committee meeting shall provide for a meeting of the members of the Audit Committee in executive session. The chairperson will also maintain regular liaison with the Chief Executive Officer, the Chief Financial Officer, the lead audit partner of the Company's independent public accountants and the Company's Director of Internal Auditing.

Any vacancy on the Audit Committee shall be filled by majority vote of the Board. Audit Committee members may be removed only by a majority vote of the directors then in office who qualify as independent under NYSE listing standards.

A majority of the members of the Audit Committee shall constitute a quorum. The Audit Committee shall act on the affirmative vote of a majority of members present at a meeting at which a quorum is present. The Audit Committee may also act by unanimous written consent in lieu of a meeting.

IV. Authority and Responsibilities

The Audit Committee shall have the sole authority and responsibility with respect to the selection, engagement, compensation, oversight, evaluation and, where appropriate, dismissal of the Company's independent public accountants. The independent public accountants report directly to and are accountable to the Audit Committee.

The Audit Committee shall have the authority to take all actions it deems advisable to fulfill its responsibilities and duties. The Audit Committee may form, and delegate some or all of its authority to, subcommittees as it deems appropriate; provided, however, that it shall not delegate to a subcommittee any power or authority required by any law, regulation or listing standard to be exercised by the Audit Committee as a whole. The Audit Committee shall have authority to obtain advice and assistance from internal or external legal, accounting or other advisors, as it deems necessary, without consulting or obtaining advance approval of any officer of the Company and without approval of the full Board. The Audit Committee shall have the authority to approve the fees and expenses of such advisors and have the Company pay such fees and expenses, as well as any administrative expenses of the Audit Committee.

If the Audit Committee retains an independent advisor, it must notify the Board and, if the Chief Executive Officer is not a member of the Board at such time, the Chief Executive Officer. The Audit Committee may request any officer or employee of the Company or any of its subsidiaries, the Company's outside legal counsel, and the Company's external auditors to meet with the Audit Committee or any member of the Audit Committee.

The Audit Committee shall be responsible for the resolution of any disagreements between the independent public accountants and management regarding the Company's financial reporting.

The Audit Committee shall have the following duties and responsibilities:

Independent Public Accountants

1. Be solely responsible for annually selecting and engaging the Company's independent public accountants retained to audit the financial statements of the Company, with such selection to be submitted to the shareholders for ratification.
2. Be solely responsible for reviewing the performance of the independent public accountants, including the lead partner and reviewing partner of the independent public accountants, and approving any proposed discharge of the independent public accountants when circumstances warrant.
3. Be solely responsible for reviewing and approving in advance the plan and scope of the independent public accountants' audits, non-audit services and related fees.
4. Ensure the rotation of the audit partners as required by law.

Evaluate periodically whether to rotate the Company's independent audit firm.

Engage in a dialogue with the independent public accountants to confirm that audit partner compensation is consistent with applicable SEC rules.
