ABOUT THE MEETING

What is the Date, Time and Place of the Annual Meeting?

Beacon Roofing Supply Inc.'s 2009 Annual Shareholders' Meeting will be held on Thursday, February 5, 2009, beginning at 11:30 a.m., local time, at our office at 505 Huntmar Park Drive, Suite 300, Herndon, VA 20170.

What is the purpose of the annual meeting?

At the annual meeting, shareholders will act upon the matters outlined in the notice of meeting on the cover page of this proxy statement, consisting of 1) the election of directors and 2) any other matters that properly come before the meeting.

Who is entitled to vote at the meeting?

Only our shareholders of record at the close of business on December 10, 2008, the record date for the meeting, are entitled to receive notice of and to participate in the annual meeting. If you were a shareholder of record on that date, you will be entitled to vote all of the shares you held on that date at the meeting, or any postponement(s) or adjournment(s) of the meeting. As of the record date, there were 44,821,793 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

A list of shareholders will be available at our headquarters at One Lakeland Park Drive, Peabody, Massachusetts 01960 for a period of ten days prior to the annual meeting and at the annual meeting itself for examination by any shareholder.

What are the voting rights of the holders of our common stock?

Holders of common stock are entitled to one vote per share on each matter that is submitted to shareholders for approval.

Who can attend the meeting?

All shareholders as of the record date, or their duly appointed proxies, may attend the meeting, and each may be accompanied by one guest. Please also note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date.

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of common stock representing a majority of the combined voting power of the outstanding shares of stock on the record date will constitute a quorum, permitting the meeting to conduct its business. As of the record date, there were 44,821,793 shares of common stock outstanding, all of which are entitled to be voted at the annual meeting.

What vote is required to approve each item?

The affirmative vote of a majority of the votes cast at the meeting in person or by proxy, and voting together as a single class, is required for the approval of any matter that may be submitted to a vote of our shareholders. For purposes of electing directors at the annual meeting, the nominees receiving the greatest numbers of votes of common stock shall be elected as directors.

Edgar Filing: BEACON ROOFING SUPPLY INC - Form DEF 14A

The inspector of election for the annual meeting shall determine the number of shares of common stock represented at the meeting, the existence of a quorum and the validity and effect of proxies, and shall count and tabulate ballots and votes and determine the results thereof. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting for purposes of determining a quorum but will not be counted as votes cast "for" or "against" the election of directors. On other matters that may be submitted for a vote, broker non-votes will not be considered in tallying votes cast, and abstentions will be treated as a vote "against." If less than a majority of the combined voting power of the outstanding shares of common stock are represented at the annual meeting, a majority of the shares so represented may adjourn the annual meeting from time to time without further notice.

What are the Board's recommendations?

Our board of directors recommends a vote FOR the election of the respective nominees for director named in this proxy statement.

Unless contrary instructions are indicated on the enclosed proxy, all shares represented by valid proxies received pursuant to this solicitation (and which have not been revoked in accordance with the procedures set forth below) will be voted (a) FOR the election of the respective nominees for director named in this proxy statement and (b) in accordance with the recommendation of our board of directors, FOR or AGAINST all other matters as may properly come before the annual meeting. In the event a shareholder specifies a different choice by means of the enclosed proxy, such shares will be voted in accordance with the specification made.

How do I vote?

You can vote in any of the following ways.

To vote by mail:

Mark, sign and date your proxy card; and

Return it in the enclosed envelope.

To vote in person if you are a registered shareholder:

Attend our annual meeting;

Bring valid photo identification; and

Deliver your completed proxy card or ballot in person.

To vote in person if you hold in "street name:"

Attend our annual meeting;

Bring valid photo identification; and

Obtain a legal proxy from your bank or broker to vote the shares that are held for your benefit, attach it to your completed proxy card and deliver it in person.

Can I change my vote after I return my proxy card?

Yes. The giving of a proxy does not eliminate the right to vote in person should any shareholder giving the proxy so desire. Shareholders have an unconditional right to revoke their proxy at any time prior to the exercise of that proxy, either in person at the annual meeting or by filing with our Secretary at our headquarters a written revocation or duly executed proxy bearing a later date; however, no such revocation will be effective until written notice of the revocation is received by us at or prior to the annual meeting.

Who pays for costs relating to the proxy materials and annual meeting of shareholders?

The costs of preparing, assembling and mailing this proxy statement, the Notice of Annual Meeting of Shareholders and the enclosed Annual Report and proxy card, along with the cost of posting the proxy materials on a website, are to be borne by us. In addition to the use of mail, our directors, officers and employees may solicit proxies personally and by telephone, facsimile and other electronic means. They will receive no compensation in addition to their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of the proxy material to their principals and to request authority for the execution of proxies. We may reimburse these persons for their expenses in so doing.

BOARD OF DIRECTORS' MEETINGS, COMMITTEES OF THE BOARD AND RELATED MATTERS

How often did the Board meet during fiscal 2008?

During the fiscal year ended September 30, 2008 ("fiscal 2008"), our Board of Directors held six meetings. During fiscal 2008, no incumbent director attended fewer than 75 percent of the aggregate of (i) the number of meetings of the Board of Directors held during the period he or she served on the Board and (ii) the number of meetings of committees of the Board of Directors held during the period he or she served on these committees. In addition, six of our seven directors attended last year's annual meeting of shareholders. We recommend that the directors attend the annual meeting of shareholders if possible.

What committees has the Board established?

The Board of Directors has established three committees: (1) the audit committee, (2) the compensation committee and (3) the nominating and corporate governance committee.

Audit Committee

The audit committee held four meetings in fiscal 2008. The audit committee selects the independent registered public accounting firm and reviews the independence of such firm, approves the scope of the annual audit activities of the independent registered public accounting firm, approves the audit fee payable to the independent registered public accounting firm and reviews audit results with the independent registered public accounting firm. The audit committee currently is comprised of H. Arthur Bellows, Jr., Peter Gotsch and Wilson B. Sexton, each of whom meets the independence criteria prescribed by applicable law and the rules of the SEC for audit committee membership and is an "independent director" as defined in Nasdaq Marketplace Rule 4200(a)(15). The board has also determined that Mr. Bellows is an "audit committee financial expert" as such term is defined in Regulation S-K promulgated by the SEC. Each of Messrs. Bellows, Gotsch and Sexton meet Nasdaq's financial knowledge requirements. Ernst & Young LLP currently serves as our independent registered public accounting firm.

Edgar Filing: BEACON ROOFING SUPPLY INC - Form DEF 14A

The audit committee operates under a formal charter that governs its duties and conduct. The audit committee charter complies with applicable Nasdaq and SEC rules and regulations. A copy of the charter is available on our web site at www.beaconroofingsupply.com. In addition, the charter is available in print to any shareholder who requests it in writing to our Corporate Controller at Beacon Roofing Supply, Inc., One Lakeland Park Drive, Peabody, MA 01960.

Ernst & Young LLP, our independent registered public accounting firm, reports directly to the audit committee.

Please refer to the Audit Committee Report, which is set forth in this proxy statement, for a further description of our audit committee's responsibilities and its recommendation with respect to our audited consolidated financial statements for the year ended September 30, 2008.

Compensation Committee

The compensation committee held two meetings in fiscal 2008. The duties of the compensation committee are to provide a general review of our compensation and benefit plans to ensure that they meet our objectives. In addition, the compensation committee reviews the chief executive officer's recommendations on compensation of our executive officers and makes recommendations for adopting and changing major compensation policies and practices. The compensation committee reports its recommendations to the full board of directors for approval and authorization. It also makes recommendations to the board with respect to the compensation of the chief executive officer and administers our stock plans. The compensation committee is comprised of three directors who are independent under Nasdaq listing standards and non-employee directors (as defined in Rule 16b-3 under the Securities Exchange Act) and who do not have "interlocking" or other relationships with us that would detract from their independence as committee members. At all times, at least two members of the committee shall be outside directors (as defined in Section 162(m) of the Internal Revenue Code). The current members of the compensation committee are James J. Gaffney, Wilson B. Sexton and Stuart A. Randle.

The compensation committee operates under a formal charter that governs its duties and conduct. The compensation committee complies with applicable Nasdaq rules and regulations. A copy of the charter is available on our web site at www.beaconroofingsupply.com. In addition, the charter is available in print to any shareholder who requests it in writing to our Corporate Controller at Beacon Roofing Supply, Inc., One Lakeland Park Drive, Peabody, Massachusetts 01960.

AUDIT COMMITTEE MATTERS***Audit Committee's Pre-Approval and Procedures***

The audit committee is responsible for the appointment, compensation, retention and oversight of the work of Ernst & Young LLP, our independent registered public accounting firm. The independent registered public accounting firm reports directly to the audit committee. As part of its responsibility, the Committee established a policy requiring the pre-approval of all audit and permissible non-audit services performed by the registered public accounting firm. In pre-approving services, the audit committee considers whether such services are consistent with the SEC's rules on auditor independence.

Prior to the engagement of the registered public accounting firm for an upcoming audit/non-audit service period, defined as a twelve-month timeframe, Ernst & Young LLP submits a detailed list of services expected to be rendered during that period as well as an estimate of the associated fees for each of the following four categories of services to the Audit Committee for approval.

Audit Services consist of services rendered by an external auditor for the audit of our annual consolidated financial statements (including tax services performed to fulfill the auditor's responsibility under generally accepted auditing standards) and internal controls and reviews of financial statements included in Form 10-Qs, and includes services that generally only an external auditor can reasonably provide, such as comfort letters, statutory audits, attest services, consents and assistance with and review of documents filed with the Securities and Exchange Commission.

Audit-Related Services consist of assurance and related services (e.g. due diligence) by an external auditor that are reasonably related to audit or review of financial statements, including employee benefit plan audits, due diligence related to mergers and acquisitions, and accounting consultations.

Tax Services consist of services not included in Audit Services above, rendered by an external auditor for tax compliance, tax consulting and tax planning.

Other Non-Audit Services are any other permissible work that is not an Audit, Audit-Related or Tax Service.

Circumstances may arise during the twelve-month period when it may become necessary to engage the independent auditor for additional services not contemplated in the original pre-approval. In those instances, the audit committee requires specific pre-approval before engaging the independent auditor. The chairman of the audit committee, acting pursuant to delegated authority, may pre-approve any non-audit services, up to a limit of \$20,000.

Audit and Non-Audit Fees

The table below summarizes the fees billed by our independent registered public accounting firm, Ernst & Young LLP, for the fiscal years ended September 30, 2008 and September 30, 2007.

| Year | Audit | Audit-Related | Tax | All Other | Total |
|-------------|--------------|----------------------|------------|----------------------|--------------|
| 2008 | \$ 1,008,214 | \$ 40,800 | \$ 142,700 | \$ | \$ 1,191,714 |
| 2007 | \$ 1,075,000 | \$ 290,480 | \$ 165,000 | \$ | \$ 1,530,480 |

Edgar Filing: BEACON ROOFING SUPPLY INC - Form DEF 14A

Audit fees include fees for professional services rendered for the audit of our annual consolidated financial statements, the audit of our internal controls and the reviews of the interim financial statements included in our Forms 10-Q.

The audit-related services reflect audit fees for our 401(k) profit-sharing plan and associated consultations. In addition, fiscal 2007 includes \$257,980 for the due diligence fees associated with our acquisition of North Coast Commercial Roofing Systems, Inc.

Tax fees represent professional services related to tax compliance and consulting.

The audit committee has considered the compatibility of the provision of services covered by the preceding paragraph with the maintenance of the principal accountant's independence from the Company and has determined that the provision of such services is not incompatible with the maintenance of such independence.

The audit committee annually reviews the performance of the independent registered public accounting firm and the fees charged for their services.

Report of the Audit Committee

The role of the audit committee is to assist the board of directors in its oversight of the integrity of the Company's financial reporting process and compliance with legal and regulatory requirements. The audit committee reviews the Company's financial reporting process on behalf of the Company's board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal controls.

In this context, the audit committee has met and held discussions with management and the Company's independent registered public accounting firm. The audit committee has reviewed and discussed the audited financial statements with management and the independent registered public accounting firm. The audit committee discussed with the independent registered public accounting firm matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended (AICPA, *Professional Standards*, Vol. 1 AU 380), and as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The audit committee has discussed with the independent registered public accounting firm the auditor's independence from the Company and management. In addition, the audit committee received the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent public accounting firm's communications with the audit committee concerning independence.

In reliance on the reviews and discussions referred to above, the audit committee approved that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended September 30, 2008.

INFORMATION ON EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Overview

The responsibilities of our Compensation Committee are to review our compensation and benefit plans to ensure that they meet our objectives, review the Chief Executive Officer's performance and his or her recommendations on compensation of our other executive officers, and make recommendations for adopting and changing major compensation policies and practices. The Compensation Committee reports its recommendations to the full board of directors for approval and authorization. It also recommends the annual compensation of the Chief Executive Officer to the board of directors and administers our stock plan.

Objectives of Compensation Program

Our compensation practices are intended to attract and retain highly competent executives in a competitive marketplace. The program provides named executive officers listed in our summary compensation table with compensation that is industry competitive, internally equitable and commensurate with their skills, knowledge, experience and responsibilities.

The primary objective of our executive compensation program is to firmly align total executive compensation with the attainment of our annual performance goals. These goals are principally based upon our income before income taxes. Our Chief Executive's goals for fiscal 2008 were principally based upon our EBITDA. EBITDA was calculated as income before income taxes plus interest expense and depreciation and amortization expense, as those items are reflected in our Form 10-K.

The compensation of our executive officers consists of base salary, cash bonuses, long-term incentive compensation in the form of Company stock options, and certain perquisites such as an auto allowance. From time to time, the Company will also pay for relocation expenses, including temporary housing, automobile lease and related expenses, associated with relocating executives.

Base Salaries

As noted above, the Compensation Committee evaluates the performance of our Chief Executive Officer, and recommends the Chief Executive Officer's cash compensation level to the full board of directors in light of that evaluation. The Compensation Committee reviews the base salary of the Chief Executive Officer on an annual basis in consideration of his performance during the previous year. Salary increases for Mr. Buck through fiscal 2008 were set forth in his employment agreement and his base salary for fiscal 2008 was set at \$550,000. Although the board of directors was prepared to renew Mr. Buck's contract for the fiscal year ending September 30, 2009 ("fiscal 2009"), at Mr. Buck's request the Compensation Committee and Mr. Buck mutually agreed to allow it to expire in November, 2008. This was done so that Mr. Buck's continued tenure as our Chief Executive Officer could be on the same terms and conditions as applicable to our other executive officers, none of whom have employment contracts. The Compensation Committee most recently reviewed Mr. Buck's base salary in October, 2008 and set his salary at \$566,500 for fiscal 2009. The Compensation Committee considered

the following quantitative and qualitative factors in evaluating the Chief Executive Officer's performance in setting fiscal 2008 and fiscal 2009 compensation:

the Company's performance and relative shareholder return;

the value of Mr. Buck's leadership;

the compensation plans of chief executive officers of comparable companies; and

the recommendations of an independent compensation consultant (discussed below).

Base salaries of our executive officers other than the Chief Executive Officer are also recommended annually by the Compensation Committee to the full board of directors after consultation with, and upon the recommendation of, the Chief Executive Officer. The base salary of each executive officer is recommended by the Chief Executive Officer to the Compensation Committee after evaluating each executive officer's performance over the year in consideration of (i) the Company's overall financial performance, (ii) the individual's performance during the year and contributions to the Company, and (iii) other relevant factors (for example, market conditions).

The Compensation Committee considers a number of factors when evaluating the Chief Executive Officer's recommendations regarding base salaries for the other executive officers. Periodically, the Compensation Committee reviews industry specific compensation surveys that provide detailed information regarding the compensation practices of industry peers, competitors and companies of similar market value. Other information that the Committee deems relevant, such as general business trends, the competitiveness of the markets in which we operate and special circumstances, also may be considered in its evaluation.

The Compensation Committee retained Lyons, Benenson & Company in late 2006 to review all aspects of executive compensation. Lyons, Benenson & Company reviewed data for a peer group of distribution companies of relatively the same size and market capitalization as the Company in developing its recommendations to the Compensation Committee. The peer companies included Blue Linx Holdings, Fastenal Company, Huttig Building Products, Pool Corp. and W.W. Granger. Lyons, Benenson & Company concluded that total compensation, including base salary, cash bonuses and options, for each named executive officer, was competitive, equitable and sound.

Salaries for fiscal 2008 for our named executive officers are set forth below in the summary compensation table. At their most recent annual reviews, the Compensation Committee set Mr. Isabella's base salary for fiscal 2009 at \$462,000, Mr. Grace's base salary at \$419,265, Mr. Cooper's base salary at \$348,398 and Mr. Swank's base salary at \$301,945.

Annual Cash Incentives

The second element of our compensation program is an annual cash incentive bonus. Annual incentives are a significant component of executive compensation, reflecting the Company's belief that management's contribution to long-term shareholder returns (via increasing stock prices) comes from increasing current earnings and properly preparing the Company for future earnings growth. We believe these bonuses play a key role in enabling us to attract, retain and motivate our employees.

The employment agreement that was in effect with our Chief Executive Officer through fiscal 2008 entitled him to a bonus of up to 100% of his annual base salary based on the Company's achievement of established EBITDA targets, as described more fully below under "Potential Payments Upon

Termination or Change-in-Control Employment Contract Robert R. Buck." Mr. Isabella was entitled to a base bonus of \$332,500 for fiscal 2008 based 50% on an income before income taxes target and 50% on a qualitative performance evaluation by our CEO, as presented to the Compensation Committee, that considers such factors as motivational leadership, long-range planning and vision, departmental and staff development and professionalism. Mr. Isabella was entitled to an additional bonus of \$166,250 if we exceeded budgeted income before income taxes by 15% or more. Our other named executive officers were entitled to an annual bonus for fiscal 2008 pursuant to our management cash bonus plan described below.

In fiscal 2008, under our management cash bonus plan, a base bonus amount was set for each participant. With respect to regional vice presidents and certain officers responsible for more than one region, 90% of the base bonus is based on meeting an income before taxes target and 10% of the base bonus is based on meeting a sales growth target. In each case, the targets are for the region or regions for which the officer is responsible. The full base bonus is paid if the participant achieves 100% of both targets. If the income before taxes target is not met at the 100% level, the participant's bonus with respect to that target will be pro rated on a straight line basis if the participant achieves a range of 85% to 100% of target, with no bonus paid at less than 85% of target. If the sales growth target is not met at the 100% level, the participant will not receive a bonus with respect to that target. The bonuses for our named executive officers other than our Chief Executive Officer were based 50% on a Company-wide income before taxes target and 50% on qualitative performance evaluations by our Chief Executive Officer, as presented to the Compensation Committee. The qualitative performance evaluations consider such factors as leadership and skills demonstrated in the individual's role with the Company, long-range planning and vision, departmental and staff development and professionalism. In addition, each participant can receive an additional maximum performance bonus if income before taxes exceeds 100% of target, up to an amount equal to 60% of the base bonus (50% for Mr. Isabella).

For fiscal 2008, the Company achieved EBITDA of approximately \$134 million compared to a target set for Mr. Buck of approximately \$125 million. Based on this result, Mr. Buck earned a bonus of \$397,344 for fiscal 2008 prior to the discretionary component described below. The Company's income before taxes was approximately \$69 million compared to an established target of approximately \$56 million for Messrs. Isabella, Grace and Cooper. Based on this result, and their individual performance, each of those named executive officers earned their maximum bonus for fiscal 2008. Also for fiscal 2008, The Roof Center, one of the Company's subsidiaries, which Mr. Swank oversees, achieved income before income taxes of approximately \$9 million compared to his target of approximately \$11 million. Based on this result, the Company's results and his individual performance, Mr. Swank earned a portion (\$54,240) of his target bonus for fiscal 2008.

Notwithstanding the terms of Mr. Buck's contract, the management cash bonus plan and the annual targets, the Compensation Committee retains full discretion to award discretionary bonuses to the Chief Executive Officer and others in light of the totality of the circumstances. The Compensation Committee considers the Chief Executive Officer's recommendations in determining discretionary cash awards for our other named executive officers. The Chief Executive Officer's recommendations are guided by his evaluation of the Company's actual financial performance compared with our performance goals and his assessment of the effectiveness of the individual and collective efforts of our executive officers in achieving the Company's business objectives. The Compensation Committee and the Chief Executive Officer also consider extraordinary efforts by executive officers in various projects or initiatives during the year.

Edgar Filing: BEACON ROOFING SUPPLY INC - Form DEF 14A

For fiscal 2008, the Compensation Committee determined that Mr. Buck should receive a discretionary bonus of \$152,656 in addition to his earned bonus calculated above. This brought Mr. Buck's bonus to the maximum level of \$550,000 and was based, in part, on the Company's successful results for fiscal 2008, including its income before taxes described above, against which the other named corporate executives were measured for purposes of their bonus calculations. In addition, Mr. Buck's discretionary bonus was reflective of individual performance, leadership, experience, market conditions and retention.

For fiscal 2009, Mr. Buck and the other named corporate executives, under the terms of the management cash bonus plan set forth above, will be entitled to a base bonus based 50% on a Company-wide income before taxes target and 50% on a qualitative evaluation by our board of directors for Mr. Buck and by Mr. Buck for Messrs. Isabella, Grace and Cooper. These same executives are eligible to receive additional bonuses if income before taxes exceeds 100% of target, up to an amount equal to 60% of the base bonus (100% for the Chief Executive Officer), with an opportunity to earn total bonuses of up to \$682,000 (Mr. Buck), \$660,000 (Mr. Isabella), \$308,792 (Mr. Grace) and \$216,195 (Mr. Cooper), respectively. Mr. Swank's bonus will be subject to the terms of the management cash bonus plan, with an opportunity to earn a total bonus of up to \$92,947.

Our board of directors established the annual EBITDA target and establishes the pre-tax income targets based on market conditions and reasonable rates of expected annual growth.

Equity Compensation

The third element of our compensation program is equity compensation. Equity compensation is intended to more closely align total compensation with the long-term financial interests of our shareholders. The equity compensation component of our compensation program is based upon awards of stock options.

Since the Company's initial public offering, stock options have been granted at an exercise price equal to the closing price of the Company's common stock as reported by Nasdaq on the date of grant. Accordingly, grants of stock options will produce value only if there are increases in the underlying stock price. Stock option grants are made by the Compensation Committee.

The Company provides no defined benefit pension plan or supplemental executive retirement plan but does provide a 401(k) plan, with an option to invest in Company stock and profit-sharing contributions when feasible, for all of its employees employed for at least ninety days and at least 21 years old.

Our Compensation Committee administers our stock option plan. The purpose of the stock option plan is to advance the interests of the Company by:

providing directors, officers, employees and other eligible persons with additional incentives;

encouraging stock ownership by eligible persons;

increasing the proprietary interests of eligible persons in the success of the Company;

encouraging eligible persons to remain with the Company or its affiliates; and

attracting new employees, officers or directors to the Company or its affiliates.

Edgar Filing: BEACON ROOFING SUPPLY INC - Form DEF 14A

In determining whether to grant options and how many options to grant to eligible persons under our stock option plan, consideration is given to each individual's past performance and contribution to the Company as well as that individual's expected ability to contribute to the Company in the future.

In October 2007, the Compensation Committee authorized awards of options to our executives and a number of other employees, relatively consistent with the number of options awarded in previous years. Those options each had an exercise price of \$9.50. The Compensation Committee granted options to Mr. Isabella at the time of his hiring in November, 2007. Those options had an exercise price of \$8.04. The awards to each of our named executive officers were as follows and vest one-third annually starting on the first anniversary of the grant and expire on the tenth anniversary of the date of grant:

Mr. Buck was granted options to acquire 30,000 common shares;

Mr. Isabella was granted options to acquire 45,000 common shares;

Mr. Grace was granted options to acquire 25,000 common shares;

Mr. Cooper was granted options to acquire 10,000 common shares; and

Mr. Swank was granted options to acquire 15,000 common shares.

In October 2008, the Compensation Committee also authorized awards of options to our named executive officers and a number of other employees, relatively consistent with the number of options awarded in previous years. The awards to each of our named executive officers were as follows and each had an exercise price of \$12.25, vest one-third annually starting on the first anniversary of the grant, and expire on the tenth anniversary of the date of grant:

Mr. Buck was granted options to acquire 50,000 common shares;

Mr. Isabella was granted options to acquire 40,000 common shares

Mr. Grace was granted options to acquire 35,000 common shares;

Mr. Cooper was granted options to acquire 12,000 common shares; and

Mr. Swank was granted options to acquire 15,000 common shares.

Employment Agreements

The Compensation Committee reviews and approves any employment agreement entered into with our senior executives. As mentioned above, we had an employment agreement with Mr. Buck through November 2008. The agreement provided Mr. Buck with what the Compensation Committee believed to be an appropriate base salary and target maximum bonus. This employment agreement is described in detail under "Potential Payments Upon Termination or Change-in-Control Employment Contract Robert R. Buck."

Stock Ownership Guidelines

We do not have a formal policy regarding minimum stock ownership requirements for our named executive officers. We encourage ownership through option grants and with an option to invest in the Company's stock in our 401(k) plan.

Retirement Plans

We sponsor a defined contribution 401(k) plan, which covers substantially all of our U.S. employees, including our named executive officers. We currently provide a match of 50% of participants' before-tax contributions up to 3% of eligible compensation. During fiscal 2008, we contributed a match of \$5,227 for Mr. Isabella and \$6,660 for each of the other named executives. Additional annual profit-sharing contributions may be made at the discretion of the board of directors. Total Company profit-sharing contributions of approximately \$3.3 million were made for fiscal 2008 and allocated to participants' accounts based on a formula that considers a participant's compensation below and above the social security taxable base, up to certain IRS limits (\$225,000 for fiscal 2008).

Our named executive officers do not participate in any special or separate executive retirement plans. We consider our 401(k) plan to be an important factor in our ability to hire, retain and motivate our employees by providing an added measure of financial security for our employees.

Perquisites

We have no formal perquisites program. Personal benefits may be provided from time to time when we determine that such personal benefits are a useful part of an executive's compensation package. Specifically, we have agreed to provide each of the named executive officers with a monthly auto allowance of \$1,000 and reimbursement of their fuel costs.

Tax Deductibility of Compensation

Section 162(m) of the Code generally precludes a public corporation from taking a deduction for compensation in excess of \$1 million for its chief executive officer and other specified officers, unless, in addition to other requirements, the compensation qualifies as performance based compensation. The Company is currently entitled to a deduction in connection with options exercised under our stock option plan by such executive officers. The Compensation Committee will continue to consider Section 162(m) implications in making compensation recommendations and in designing compensation programs for our named executive officers. However, the Compensation Committee reserves the right to pay non-deductible compensation if it determines that to be in our best interests and in the best interests of our stockholders.

Report of the Compensation Committee

The Compensation Committee has reviewed and discussed the "Compensation Disclosure and Analysis" section of this proxy statement with management, including our Chief Executive Officer, Chief Financial Officer and General Counsel. Based on this review and discussion, the Compensation Committee recommended to the board of directors that the "Compensation Discussion and Analysis" section be included in this proxy statement.

Potential Payments Upon Termination or Change-in-Control

Employment Contract

Robert R. Buck

On October 25, 2007, we extended the employment agreement with Robert Buck, our Chairman and CEO, through November 30, 2008. It provided for a base salary of \$550,000 for fiscal 2008. The board and Mr. Buck mutually agreed to allow Mr. Buck's employment agreement to expire at November 30, 2008, although he will continue serving as our CEO. Our board reviews his base salary each year.

Mr. Buck's employment agreement also entitled him to an annual bonus of up to 100% of base salary, depending on whether we reached the performance target that the board sets near the beginning of each fiscal year. The performance target for fiscal 2008 was based on EBITDA. The bonus varied from 0% of base salary (if we achieved 85% or less of the target for that fiscal year) to 100% of base salary (if we achieved 115% or more of the target for that year). In between 85% and 115% of the target, the bonus varied on a straight line basis. Mr. Buck could receive discretionary incentive payments under the employment agreement if the Compensation Committee determined that his individual performance and/or market conditions justified such payments.

Mr. Buck also receives a \$1,000 per month car allowance and reimbursement of fuel costs. Under his employment agreement, Mr. Buck was entitled to severance equal to 12 months base salary if we terminated his employment without cause, or if we were not willing to renew his employment agreement at the end of the term. If Mr. Buck's employment was terminated without cause on September 30, 2008, he would have received severance of \$550,000. The employment agreement limits Mr. Buck's ability to compete with us for 18 months after his employment ends and this provision of his employment agreement remains in effect, given his continued employment.

Stock Option Agreements

Pursuant to stock option agreements with our named executive officers, all of their outstanding stock options will vest upon death or disability and in the event of a change in control. Based on the price of the Company's stock of \$15.62 as of September 30, 2008, the values of unvested stock options for the named executives as of that date were as follows: Mr. Buck \$183,600, Mr. Isabella \$341,100, Mr. Grace \$153,000, Mr. Cooper \$61,200 and Mr. Swank \$91,800.

Compensation Committee Interlocks and Insider Participation

During the fiscal year ended September 30, 2008, the Compensation Committee of our board of directors was comprised of James Gaffney, Stuart Randle and Wilson Sexton. There are no Compensation Committee interlocks. None of the members of the compensation committee is an officer, employee or former officer or employee of the Company or any of our subsidiaries.

The following table provides compensation information for the year ended September 30, 2008 for each of our non-employee directors.

(1) Amounts represent expense recognized for financial statement reporting purposes with respect to all outstanding stock options for fiscal 2008 in accordance with SFAS 123R. Please refer to Note 2 of the audited consolidated financial statements in our Annual Report on Form 10-K for fiscal 2008 regarding assumptions underlying valuation of equity awards. These dollar amounts include amounts from awards granted in and prior to fiscal 2008.

(2) Messrs. Bellows, Gaffney, Gotsch, Logie, Randle and Sexton were each awarded 11,250 options at an exercise price of \$8.87 in fiscal 2008 with a grant date fair value of \$46,575. Options vest on the first anniversary of the dates of the grants. At September 30, 2008, the aggregate number of option awards outstanding for each non-employee director was as follows: Mr. Bellows 75,000; Mr. Gaffney 75,000; Mr. Gotsch 33,750; Mr. Logie 22,500; Mr. Randle 52,500; and Mr. Sexton 75,000.

Through fiscal 2008, independent members of the board of directors received an annual retainer of \$35,000, \$1,500 for each board meeting attended (\$1,000 if via conference call) and \$1,000 for each committee meeting attended (\$750 if via conference call). The chairman of each of the audit committee

and compensation committee received an additional \$10,000 per year. All fees were payable in cash or shares of stock, at the choice of the director.

Also through fiscal 2008, upon election to the board, each independent director received a one-time grant of an option exercisable for 30,000 shares of our common stock. Upon reelection, independent directors received an annual grant of an option exercisable for 11,250 shares. All options become exercisable one year after the date of grant. Exercise prices were set at fair market value at the date of grant. During fiscal 2008, each of our independent directors received grants of options exercisable for 11,250 shares.

Late in fiscal 2008, the Compensation Committee retained Lyons, Benenson & Company to analyze the compensation arrangements for our independent directors. For this service, Lyons, Benenson & Company received compensation in the amount of \$10,000 plus expenses. Lyons, Benenson & Company reviewed data for the same peer group mentioned above for the prior executive compensation analysis they performed for us. Based on their analysis and recommendations, we are making the following changes to our independent director compensation program beginning in fiscal 2009:

Eliminating board and committee meeting fees;

Increasing the annual retainer to \$40,000;

Setting the value of the annual option grant at \$90,000 based on a Black-Scholes calculation;

Increasing the Audit Committee Chair's annual retainer to \$20,000 while setting the other committee chairs' annual retainers at \$10,000;

Setting the annual retainer for service on the Audit Committee at \$10,000 and the annual retainer for service on the other committees at \$7,500; and

Setting the board meeting threshold at 12 per year and the committee meetings thresholds at 8 per year.

We currently anticipate that these changes will result in an approximate increase of 5-10% in total board compensation compared to current fees. We believe these changes will keep our board compensation within the range of competitive practice and more in line with emerging trends in best practices.

We reimburse members of our board of directors for any out-of-pocket expenses they incur in connection with services provided as directors.

Directors who are employees of the Company do not receive compensation for their services as directors.

CORPORATE GOVERNANCE

We operate within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and assuring compliance with such responsibilities and standards. We regularly monitor developments in the area of corporate governance. In July 2002, Congress passed the Sarbanes-Oxley Act of 2002 which, among other things, establishes, or provides the basis for, a number of new corporate governance standards and disclosure requirements. We are following the requirements of the Sarbanes-Oxley Act and SEC rules as they relate to us.

EMPLOYEE CODE OF BUSINESS ETHICS AND CONDUCT

We have adopted the Beacon Roofing Supply, Inc. Code of Conduct, a code of ethics that applies to all of our directors, officers and employees, including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, Corporate Controller, and any other persons performing similar functions. This code of conduct is available on our website at www.beaconroofingsupply.com. If we make any substantive amendments to this code of conduct or grant any waiver, including any implicit waiver, from a provision of the code to our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, Corporate Controller, or any other persons performing similar functions, we will disclose the nature of such amendment or waiver on our website within four business days.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following is a summary of certain agreements and transactions among related parties and us.

We currently lease three buildings, at a cost of approximately \$0.5 million in fiscal 2008, from a limited liability company in which Andrew R. Logie, director, is a member. We believe that the terms of these leases approximate those we would negotiate in arms-length transactions with unrelated third parties.

POLICIES AND PROCEDURES WITH RESPECT TO TRANSACTIONS WITH RELATED PERSONS

Pursuant to its Charter, our Audit Committee has the responsibility for review and approval of transactions with related persons. Pursuant to the Company's written policy on review and approval of agreements, all transactions with related persons must be submitted for review and approval of the Audit Committee. No new related-person transactions required Audit Committee review and approval under the policy since the beginning of our last fiscal year.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The firm of Ernst & Young LLP, independent registered public accounting firm, has been our auditor since 1997 and has advised us that the firm does not have any direct financial interest or indirect financial interest in the Company or any of its subsidiaries. It is expected that a representative of such firm will (i) attend the 2009 annual meeting, (ii) have an opportunity to make a statement if they desire to do so, and (iii) be available to respond to appropriate questions.

OTHER BUSINESS

The board of directors knows of no other business to be brought before the annual meeting. If, however, any other business should properly come before the annual meeting, the persons named in the accompanying proxy will vote proxies as in their discretion they may deem appropriate, unless they are directed by a proxy to do otherwise.

A copy of our annual report on Form 10-K for the fiscal year ended September 30, 2008, including the financial statements and schedules but excluding certain exhibits, will be made available without charge to interested shareholders upon written request to us.
