PROXY STATEMENT

**FOR THE
2009 ANNUAL MEETING OF STOCKHOLDERS**

To Be Held on October 7, 2009

Our Board is soliciting proxies for our 2009 annual meeting of stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the Annual Meeting. Please read it carefully.

The Board set August 24, 2009 as the record date for the Annual Meeting, or the Record Date. Stockholders of record who owned our common or preferred stock on that date are entitled to vote at and attend the Annual Meeting, with each outstanding share entitled to one vote. On the record date, there were 26,517,379 shares of our common stock, \$0.00015 par value outstanding. No shares of our preferred stock were outstanding.

Voting materials, which include this proxy statement, a proxy card and the 2008 Annual Report, will be mailed to stockholders on or about September 4, 2009.

In this proxy statement:

"We," "us," "our," "PDF," "PDF Solutions," and the "Company" refer to PDF Solutions, Inc.;

"Annual Meeting" means our 2009 Annual Meeting of Stockholders;

"Board" or "Board of Directors" means our Board of Directors; and

"SEC" means the Securities and Exchange Commission.

We have summarized below important information with respect to the Annual Meeting.

Time and Place of the Meeting

The Annual Meeting is being held on Wednesday, October 7, 2009 at 10:00 a.m. PDT, at the Company's headquarters located at 333 West San Carlos Street, Suite 700, San Jose, California 95110.

All stockholders of record who owned shares of our stock as of the Record Date may attend the Annual Meeting.

Purpose of the Proxy Statement and Proxy Card

You are receiving a proxy statement and a proxy card from us because you owned shares of our common stock on the Record Date. This proxy statement describes matters on which we would like you, as a stockholder, to vote. It also gives you information on these matters so that you can make an informed decision.

If you sign the proxy card, you appoint Dr. John K. Kibarian, our Chief Executive Officer, Joy E. Leo, our Chief Administration Officer, and Keith A. Jones, our Vice President of Finance and Chief Financial Officer, as your representatives at the Annual Meeting. Dr. Kibarian, Ms. Leo, and Mr. Jones will vote your shares at the Annual Meeting as you have instructed them on the proxy card that you return. Your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting, it is a good idea to, in advance of

Edgar Filing: PDF SOLUTIONS INC - Form DEF 14A

the Annual Meeting, indicate your preferences on the enclosed proxy card, and then date, sign and return your proxy card, or vote your shares by telephone or via the Internet, just in case your plans change and you are unable to attend the Annual Meeting.

Proposals to be Voted on at the Annual Meeting

You are being asked to vote on the following:

the election of two Class II directors to serve on our Board; and

the ratification of the audit and corporate governance committee's appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2009.

The Board recommends a vote **FOR** each proposal.

Voting Procedure

You may vote by mail.

To vote by mail, please indicate your preferences on the enclosed proxy card, date and sign your proxy card and return it in the enclosed, postage-prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you have instructed.

You may vote in person at the Annual Meeting.

We will pass out written ballots to any stockholder who attends the Annual Meeting in person. If your shares are held in "street name" and you wish to attend the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation to vote your shares at the Annual Meeting. Holding shares in "street name" means your shares of stock are held in an account by your stockbroker, bank or other nominee, and the stock certificates and record ownership are not in your name.

You may vote by telephone or via the Internet.

If you live in the United States, Puerto Rico, or Canada, you may submit your votes on the proxy by following the "Vote-by-Telephone" instructions on the proxy card. If you have Internet access, you may submit your proxy from any location in the world by following the "Vote-by-Internet" instructions on the proxy card.

You may change your mind after you have returned your proxy card.

If you change your mind after you have returned your proxy card or submitted your proxy by telephone or via the Internet, you may revoke your proxy at any time before the polls close at the Annual Meeting. You may revoke your proxy by:

entering a new vote by telephone, via the Internet or by signing and returning another proxy card at a later date, but before the polls close at the Annual Meeting;

providing written notice of the revocation to the Secretary of the Company, 333 West San Carlos Street, Suite 700, San Jose, California, 95110; or

voting in person at the Annual Meeting.

Multiple Proxy Cards

If you received more than one proxy card, it means that you hold shares in more than one account. Please sign and return all proxy cards that you have received to ensure that all of your shares are voted.

Delivery of Proxy Cards to Stockholders Sharing the Same Address

We are sending only one copy of our annual report and proxy statement to stockholders who share the same last name and address unless they have notified us that they wish to continue receiving multiple

Table of Contents

copies. This practice, known as "householding," is designed to reduce duplicate mailings and save printing, postage and administrative expenses, as well as natural resources.

If you received a household mailing this year and you would like to have additional copies mailed to you, please submit your request in writing to our Secretary at Secretary, PDF Solutions, Inc., 333 West San Carlos Street, Suite 700, San Jose, California 95110. You can contact PDF Solutions, Inc. by telephone at (408) 289-7000.

Quorum Requirement

Shares are counted as "present" at the Annual Meeting if the stockholder either:

votes in person at the Annual Meeting, or

has properly submitted a proxy card in the mail, or voted by telephone or via the Internet.

A majority of our outstanding shares present (either in person or by proxy) constitutes the quorum required for holding the Annual Meeting and conducting business.

Consequences of Not Returning Your Proxy Card; Broker Non-Votes

If your shares are held in your name, you must return your proxy card in the mail, vote by telephone or via the Internet, or attend the Annual Meeting in person, in order to vote on the proposals. If your shares are held in "street name" and you do *not* return your proxy card in the mail, or vote by telephone or via the Internet, your stockbroker may either:

vote your shares on routine matters, or

leave your shares unvoted.

Under the rules that govern brokers who have record ownership of shares that are held in "street name" for their clients, brokers may vote such shares on behalf of their clients with respect to "routine" matters (such as the election of directors or the ratification of auditors), but not with respect to non-routine matters (such as a proposal submitted by a stockholder). If the proposals to be acted upon at the Annual Meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that votes FOR the routine matters, but expressly states that the broker is not voting on non-routine matters. This is called a "broker non-vote." Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast. We do not know of any non-routine matters to be acted upon at the Annual Meeting and as such, the voting results from the Annual Meeting are not expected to include broker non-votes.

We encourage you to provide specific instructions to your stockbroker by returning your proxy card or voting by telephone or Internet. This ensures that your shares will be properly voted at the Annual Meeting.

Effect of Abstentions

Abstentions are counted as shares that are present and entitled to vote for the purposes of determining the presence of a quorum, but as votes AGAINST a proposal for purposes of determining the approval of any matter submitted to the stockholders for a vote.

Required Vote For the Election of Directors

Assuming a quorum is present, the two nominees receiving the highest number of affirmative votes will be elected as the Class II directors.

Table of Contents

Vote Solicitation; Use of Outside Solicitors

PDF Solutions, Inc. is soliciting your proxy to vote your shares at the Annual Meeting. In addition to this solicitation by mail, our directors, officers and other employees may contact you by telephone, via the Internet or in person to obtain your proxy. PDF will bear this cost, but our directors, officers and employees that assist us in this solicitation will not receive any additional compensation for doing so. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy materials.

Voting Procedures

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Computershare, our transfer agent, and delivered to Joy E. Leo, our Chief Administration Officer. Ms. Leo will act as the Inspector of Elections. The Inspector of Elections also has the responsibility of determining whether a quorum is present at the Annual Meeting.

Those shares represented by the proxy cards received, marked, dated, and signed or represented by votes cast using the telephone or the Internet, and not revoked, will be voted at the Annual Meeting. If the proxy card specifies a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. Any proxy card which is returned unmarked will be voted FOR the director nominee, FOR each of the other proposals made in this proxy statement, and in a manner that the proxy holders deem desirable for any other matters that come before the Annual Meeting. Broker non-votes will not be considered as voting with respect to any matter for which the broker does not have voting authority.

There are no dissenters' rights of appraisal with respect to the matters to be acted upon at the Annual Meeting.

We believe that the procedures to be used by the Inspector of Elections to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

Publication of Voting Results

We will announce preliminary voting results at the Annual Meeting. We will publish the final results in our Annual Report on Form 10-K for the year ending December 31, 2009, which we expect to file with the SEC in March 2010. You may obtain a copy free of charge from our Internet website at www.pdf.com, by contacting our Investor Relations Department at (408) 280-7900 or the SEC at (800) 732-0330 for the location of the nearest public reference room, or through the online EDGAR system at www.sec.gov.

Other Business

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. However, if any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to Dr. Kibarian, Ms. Leo, and Mr. Jones to vote on such matters at their discretion.

Proposals for Next Year's 2010 Annual Meeting

To have your proposal included in the proxy statement for the 2010 Annual Meeting, pursuant to Rule 14a-8 under the Securities and Exchange Act of 1934, as amended, you must submit your proposal in writing by the date that is 120 calendar days before the anniversary of the date that this year's proxy statement is "released to stockholders," or the mailing date. Your proposal should be addressed to the attention of our Secretary, PDF Solutions, Inc., 333 West San Carlos Street, Suite 700, San Jose, California 95110. Assuming that this proxy statement is mailed on or about Friday, September 4, 2009, your proposal for the 2010 Annual Meeting should arrive by Friday, May 7, 2010.

In addition, our Bylaws provide that a proposal that a stockholder delivers or mails to our principal executive offices not less than 90, nor more than 120 days, prior to the anniversary date of the prior year's meeting, or the Anniversary Date, shall be considered timely received; provided, however, that if the date of the annual meeting is more than 30 days prior to, or more than 60 days after the Anniversary Date, and less than 60 days notice of the date of the meeting is given to stockholders, to be timely received the proposal must be received from the stockholder not later than the close of business on the 10th day following the date the notice of meeting was mailed.

If you submit a proposal for the 2010 Annual Meeting after the date that is less than 90 days prior to September 4, 2010, or the anniversary date of the mailing of the proxy statement in connection with the Annual Meeting, management may or may not, at its discretion, present the proposal at the meeting, and the proxies for the 2010 Annual Meeting will confer discretion on the management proxy holders to vote for or against your proposal at their discretion.

PROPOSAL NO. 1: ELECTION OF CLASS II DIRECTORS

We have nominated two candidates for election to the Board this year as Class II Directors, Lucio L. Lanza and Kimon Michaels, Ph.D. Detailed information on each of the nominees is provided below.

The Board is divided into three classes with each director serving a three-year term and one class being elected at each year's Annual Meeting. We will be electing two Class II directors at this meeting. If any director is unable to stand for re-election, the Board may reduce the size of the Board, designate a substitute or leave a vacancy unfilled. If a substitute is designated, proxies voting on the original director candidate will be cast for the substitute candidate. Each Class II nominee listed below has consented to serve as a director.

Vote Required

If a quorum is present at the Annual Meeting, the nominees receiving the highest number of affirmative votes of shares entitled to be voted for them will be elected as Class II directors for the three-year term following the Meeting. Unless marked otherwise, proxies received will be voted FOR the election of each of the two nominees. If additional people are nominated for election as directors after the date of this proxy statement, the proxy holders intend to vote all proxies received by them in a way that will ensure that as many as possible of the nominees listed below are elected. If this happens, the specific nominees to be voted for will be determined by the proxy holders.

Nominees for the Class II Directors

The Company's amended and restated bylaws, or Bylaws, provide that the number of directors shall be established by the Board or the stockholders of the Company. The Company's amended and restated certificate of incorporation provides that the directors shall be divided into three classes, with each class serving for staggered, three-year terms. The Board has set the number of Directors at six (6), consisting of three Class I directors, two Class II directors and one Class III director.

Edgar Filing: PDF SOLUTIONS INC - Form DEF 14A

Table of Contents

The Class II directors elected at the Annual Meeting will hold their offices until the annual meeting that is held after the fiscal year ending December 31, 2011 or until their successors have been duly elected and qualified. The terms of the Class III and Class I directors will expire at the Annual Meeting of Stockholders next following the fiscal years ending December 31, 2009 and December 31, 2010, respectively.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the Company's nominees named below. Each nominee is presently a director of the Company and has consented to serve a three-year term. In the event that a nominee of the Company becomes unable or declines to serve as a director at the time of the Meeting, the proxy holders will vote the proxies for any substitute nominee who is designated by the current Board to fill such vacancy. It is not expected that the nominees listed below will be unable or will decline to serve as a director.

Set forth below are the names, and certain biographical and business experience information as of June 30, 2009, of the nominees for the Class II directors (indicated with a double asterisk) and the continuing Class I and Class III directors with unexpired terms. Each Class II nominee currently serves as a director. There are no family relationships among any directors or executive officers.

Chairman of the Board

Compensation Committee

The Compensation Committee held three meetings during the fiscal year ended December 31, 2008. The primary functions of the Compensation Committee are to establish and administer our policies regarding annual executive salaries and cash incentives and long-term equity incentives and to assist with the administration of our 2001 Stock Plan and 2001 Employee Stock Purchase Plan. We have included a more detailed analysis of the Company's executive compensation program, its objective and the process we undergo to set and review our compensation determinations on page 19 of this proxy statement. Each of the members of the Compensation Committee is an "outside director" as defined in Section 162(m) of the Internal Revenue Code and a "Non-Employee Director" under Rule 16b-3(b)(3)(i) promulgated under the Securities Exchange Act of 1934, as amended.

Special Option Committee

The Special Option Committee took action by unanimous written consent seven times during the fiscal year ended December 31, 2008. The Board approved the formation of a Special Option Committee in June of 2000 to assist the Compensation Committee by serving as administrator for our stock plans for the purposes of granting options to purchase up to 35,000 shares of common stock to new, non-executive employees. In January of 2002, the Board also authorized the Special Option Committee to approve merit stock increases to existing employees by granting them options to purchase up to 15,000 shares of common stock. Dr. Kibarian comprises the Special Option Committee, although Mr. Jones serves in a confirmatory role.

Table of Contents

Strategic Committee

The Board approved the creation of the Strategic Committee at its October 23, 2008 meeting. The primary functions of this committee are to investigate and evaluate strategic alternatives with respect to the Company, including without limitation, a possible strategic partnership, partnering arrangement, joint venture, licensing, merger, or other similar extraordinary transaction involving the Company and its subsidiaries. The Strategic Committee has not met or taken any action by written consent since its inception in October. Mr. Lanza, Mr. Heinrichs and Dr. Kibarian were appointed to this committee by the Board.

Audit and Corporate Governance Committee

The Audit and Corporate Governance Committee held five meetings and took two actions by unanimous written consent during the fiscal year ended December 31, 2008. We renamed our Audit Committee of the Board of Directors the Audit and Corporate Governance Committee of the Board of Directors, effective as of February 3, 2009, and, in conjunction with the renaming of the committee, we adopted a revised charter for the committee on April 23, 2009 to reflect its corporate governance-related duties. The Audit and Corporate Governance Committee is a separately-designated committee established in accordance with Section 3(a)(58)(A) of the Exchange Act.

The Audit and Corporate Governance committee is comprised of three independent directors within the meaning of the rules of the SEC and NASDAQ Listing Rules: Dr. Caulfield, Mr. Heinrichs, and Mr. Lanza. Mr. Heinrichs serves as the Chairman of the Audit and Corporate Governance committee. The functions of the Audit and Corporate Governance Committee include: recommending the engagement of the independent registered public accounting firm; monitoring the effectiveness of our internal and external audit efforts; monitoring and assessing the effectiveness of our financial and accounting organization and the quality of our system of internal accounting controls; and overseeing all aspects of the Company's corporate governance functions on behalf of the Board and make recommendations on corporate governance issues. The Sarbanes-Oxley Act of 2002 and rules adopted by the SEC require us to disclose whether the Audit and Corporate Governance Committee includes at least one member who is an "audit committee financial expert" within the meaning of such Act and rules. The Board has determined that R. Stephen Heinrichs qualifies as its "audit committee financial expert." The Board believes that Mr. Heinrichs qualifies as such an expert in light of his more than 30 years experience in finance and operations, holding various positions in public and private companies including acting as the Chief Financial Officer of Avistar Communications Corporation and serving on the board of directors and as the audit committee chairman of Artisan Components, acquired by ARM Holdings PLC. Mr. Heinrichs received a B.S. in Accounting from California State University Fresno and is a Certified Public Accountant. As a result of such background and experience, the Board believes that Mr. Heinrichs possesses: an understanding of generally accepted accounting principles and financial statements; the ability to assess the general application of such principles in connection with accounting estimates, accruals and reserves; experience analyzing and evaluating financial statements that present a breadth and level of complexity of accounting issues generally comparable to those of the Company; an understanding of internal control over financial reporting; and an understanding of Audit and Corporate Governance Committee functions.

Nominating Committee

The Nominating Committee held no meetings during the fiscal year ended December 31, 2008. We renamed our Nominating and Corporate Governance Committee of the Board of Directors the Nominating Committee of the Board of Directors effective as of February 3, 2009, and, in conjunction with the renaming of the committee, we adopted a revised charter on April 23, 2009 for the committee to reflect the removal of its corporate governance-related duties.

Table of Contents

The function of the Nominating Committee is to identify, review and evaluate candidates to serve as directors and to make other recommendations to the Board regarding affairs related to the directors of the Company. The Nominating Committee does not set specific criteria for becoming a member of the Board but believes the Company is well served when the Board has the appropriate number of members, these members possess the requisite talents and experience with respect to technology, business, finance, administration, and public service, and these members come from a variety of backgrounds with demonstrated personal integrity, character and acumen that complement the core components of the Board and the long-term strategies of the Company. The Nominating Committee believes it appropriate for at least one, and, preferably, several, members of the Board to meet the criteria for an "audit committee financial expert" and that a majority of the members of the Board should meet the definition of "independent director" under NASDAQ Listing Rules. The Nominating Committee also believes it appropriate for certain key members of the Company's management to participate as members of the Board. The Nominating Committee receives suggestions from many sources, including stockholders, regarding possible candidates for members of the Board. The Nominating Committee considers properly submitted stockholder nominees for director in the same manner as nominees for director from other sources.

The Nominating Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are first considered for re-nomination. If any member of the Board does not wish to continue in service, if the Board decides not to re-nominate a member for re-election or if the Board decides to increase the size of the Board, the Nominating Committee identifies the desired skills and experience of a new nominee in light of the philosophy explained above. Current members of the Nominating Committee are polled for suggestions as to individuals meeting the philosophy of the Nominating Committee. To date, the Company has not engaged third parties to identify, evaluate or assist in identifying potential nominees, but the Company reserves the right in the future to retain a third party search firm, if necessary.

Stockholders may send any recommendations for director nominees or other communications to the Board or any individual director in accordance with Section 2.5 of the Bylaws at the following address:

Director Independence

The Company has adopted standards for director independence in accordance with NASDAQ Listing Rules and SEC rules. An "independent director" means a person, other than an officer or employee of the Company or its subsidiaries, or any other individual having a relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. To be considered independent, the Board must affirmatively determine that neither the director nor an immediate family member has had any direct or indirect material relationship with the Company within the last three years.

The Board considered relationships, transactions or arrangements with each of the directors, including relationships and transactions discussed in "Certain Relationships and Related Transactions," in this proxy statement and concluded that none of the current non-employee directors has any relationships with the Company that would impair his or her independence. The Board has determined that each member of the Board, other than Dr. Kibarian and Dr. Michaels, is an independent director under

Table of Contents

applicable NASDAQ Listing Rules and SEC rules. Dr. Kibarian and Dr. Michaels did not meet the independence standards because they are employees of the Company.

In May 2007, the Board determined that upon the consummation of the Company's acquisition of Fabbrix, Mr. Lanza would no longer be considered an "independent director" under the NASDAQ Listing Rules and other applicable standards, and could therefore no longer serve on the Board's Audit and Corporate Governance, Compensation, and Nominating Committees. Please see additional detail regarding the Company's acquisition of Fabbrix in "Certain Relationships and Related Transactions" in this proxy. Following the consummation of the Merger and the expiration of the escrow period in connection with the Merger, the Board concluded in April 2009 that Mr. Lanza may again serve on the Board as an "independent director." Mr. Lanza was appointed to the Audit and Corporate Governance Committee of the Board effective as of April 24, 2009.

The Board has determined that:

all directors who serve on the Audit and Corporate Governance, Compensation, and Nominating Committees are independent under the NASDAQ Listing Rules and SEC rules; and

all members of the Audit and Corporate Governance Committee meet the additional independence requirement and they do not directly or indirectly receive compensation from the Company other than their compensation as directors.

The independent directors meet regularly in executive sessions without the presence of the non-independent directors or members of the Company's management at least twice per year during regularly scheduled Board meeting days and from time to time as they deem necessary or appropriate.

The Company's policies and practices reflect corporate governance initiatives that are compliant with NASDAQ continued listing requirements and the corporate governance requirements of the Sarbanes-Oxley Act of 2002, including:

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Acquisition of Fabbrix, Inc.

On May 23, 2007, the Company entered into an Agreement and Plan of Reorganization (the "Merger Agreement") with Fabbrix, Inc., ("Fabbrix") and PDF Acquisition Corp., a wholly-owned subsidiary of the Company, pursuant to which the Company acquired all of the outstanding capital stock of Fabbrix, (the "Merger"). The Merger was completed on May 24, 2007 (the "Merger Closing"), and the escrow was distributed to the Fabbrix stockholders pursuant the Merger Agreement on November 24, 2008, including to Mr. Lucio Lanza, a director and Chairman of the Board, and an entity affiliated with Mr. Lanza, Lanza techVentures. Under the terms of the Merger Agreement, the Company paid a total of \$2.7 million in cash and 271,531 shares of the Company's common stock at the Merger Closing.

Immediately prior to the Merger, Mr. Lanza served as President, Chief Executive Officer and Chairman of the Board of Fabbrix. Mr. Lanza also held shares of capital stock of Fabbrix, both individually and through his venture capital firm, Lanza techVentures. In connection with the Merger, Mr. Lanza received \$353,000 in cash and 35,722 shares of the Company's common stock at the Merger Closing. In connection with the Merger, Lanza techVentures received \$1.2 million in cash and 121,720 shares of the Company's common stock at the Merger Closing. In addition, out of the merger consideration, Lanza techVentures received from Fabbrix \$416,000 in cash as repayment of certain bridge loans previously made to Fabbrix.

To evaluate a transaction with Fabbrix, the Board established a special committee consisting exclusively of independent directors (the "Special Committee"). The Special Committee reviewed, evaluated and directed the negotiation of the Merger and the Merger Agreement and recommended to the Board that the Company enter into the Merger Agreement. Mr. Lanza did not participate on behalf of the Company in any actions with respect to the transaction and the Merger Agreement, and did not participate in any deliberations or other activities of the Special Committee.

In connection with the Merger, and in light of NASDAQ Listing Rules and other applicable standards, the Board made a determination in May 2007 that upon the consummation of the Merger, Mr. Lanza was no longer independent and the decision was made for Mr. Lanza to resign from the Audit and Corporate Governance, Compensation, and Nominating Committees of the Board effective at the closing of the Merger. Please see "Director Independence" in this proxy statement for a discussion of the Board's decision. Following the consummation of the Merger and the expiration of the escrow period in connection with the Merger, the Board made the determination in April 2009 that Mr. Lanza may again serve as an "independent director" on the Board. Mr. Lanza was appointed to the Audit and Corporate Governance Committee of the Board effective as of April 24, 2009.

Limitation of Liability and Indemnification Matters

As permitted by the Delaware general corporation law, we have included a provision in our amended and restated certificate of incorporation to eliminate the personal liability of our officers and directors for monetary damages for breach or alleged breach of their fiduciary duties as officers or directors, other than in cases of fraud or other willful misconduct.

In addition, our Bylaws provide that we are required to indemnify our officers and directors even when indemnification would otherwise be discretionary, and we are required to advance expenses to our officers and directors as incurred in connection with proceedings against them for which they may be indemnified. We have entered into indemnification agreements with our officers and directors containing provisions that are in some respects broader than the specific indemnification provisions contained in the Delaware general corporation law. The indemnification agreements require us to indemnify our officers and directors against liabilities that may arise by reason of their status or service as officers and directors other than for liabilities arising from willful misconduct of a culpable nature, to advance their expenses

incurred as a result of any proceeding against them as to which they could be indemnified, and to obtain our directors' and officers' insurance if available on reasonable terms. We have filed our forms of indemnification agreement on the SEC's website at *www.sec.gov*. We have obtained directors' and officers' liability insurance in amounts comparable to other companies of our size and in our industry.

Other Transactions

We have granted options to some of our officers and directors. Please see "Executive Compensation" and "Director Compensation" in this proxy statement. We have also entered into acceleration agreements with certain of our officers and directors. Please see "Potential Payments Upon Termination or Change-in-Control" and "Director Compensation" in this proxy statement.

Review, Approval or Ratification of Transaction with Related Persons

Related party transactions have the potential to create actual or perceived conflicts of interest between the Company and its directors, its officers, its employees, and members of their respective families. While we do not maintain a written policy with respect to the identification, review, approval or ratification of transactions with related persons, the Company's Code of Ethics prohibits conflicts of interest between an employee and the Company and requires an employee to report any such potential conflict to our Compliance Officer. In addition, each officer and director is expected to identify to the Secretary, by means of an annual director questionnaire, any transactions between the Company and any person or entity with which the director may have a relationship that is engaged or about to be engaged in a transaction with the Company.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than 10% of the common stock (collectively, the "Reporting Persons") to file initial reports of ownership and changes in ownership of our common stock. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain Reporting Persons that no other reports were required, we believe that during the fiscal year ended December 31, 2008, all Reporting Persons complied with all applicable filing requirements under Section 16(a) of the Exchange Act.

EXECUTIVE COMPENSATION**Compensation Discussion and Analysis**

We maintain an executive compensation program for our Named Executive Officers comprised of fixed and performance-variable elements. The individuals listed in the Summary Compensation Table in this Amendment are referred to as the "Named Executive Officers." The

design and operation of our

Table of Contents

executive compensation program reflect the following objectives, established by our Compensation Committee with input from our Board and other management team members:

to recruit and retain talented leadership;

to implement measurable performance targets;

to tie executive compensation with stockholder value;

to emphasize performance-based compensation that is progressively weighted with seniority level; and

to maintain an executive compensation program that encourages our Named Executive Officers to adhere to high ethical standards.

There are four main elements of each Named Executive Officer's total compensation that address and fulfill these objectives. These elements, described in more detail below, are:

base salary;

performance bonus;

long-term equity incentives; and

perquisites, health and welfare benefits and other compensation.

The compensation that each Named Executive Officer receives is a combination of these elements. The Company has chosen these elements because they align the interests of our stockholders with those of our Named Executive Officers by focusing on compensation that includes pay that links individual performance to the Company's performance, short-term and long-term performance goals, equity-based benefits that promote an ownership mentality with the Company, and benefits that ensure healthy and productive employees.

How Our Executives' Compensation is Determined

Our Compensation Committee develops, reviews and approves each element of compensation for our Company as a whole and for each of our Named Executive Officers. The Compensation Committee also regularly assesses the effectiveness and competitiveness of the program and the elements that we use to determine compensation.

In the first quarter of each year, the Compensation Committee reviews the previous year's performance of each of our Named Executive Officers. In connection with this review, the Compensation Committee reviews and adjusts, as appropriate, annual base salaries for our Named Executive Officers, determines their discretionary incentive bonuses based on their prior year's performance and reviews their total compensation against market data. The Compensation Committee also, on occasion, meets with our Chief Executive Officer to obtain recommendations with respect to the Company's compensation programs and practices generally. The Compensation Committee considers, but is not bound to accept, management's recommendations with respect to Named Executive Officer compensation.

The Compensation Committee discusses our Chief Executive Officer's compensation package with him, but makes decisions with respect to his compensation without him present. The Compensation Committee has the ultimate authority to make decisions with respect to the

compensation of our Named Executive Officers.

In making compensation decisions, it has been the practice of the Compensation Committee to review the historical levels of each element of a Named Executive Officer's total compensation and to compare each element with that of other named executive officers in an appropriate market comparison group, which includes other comparable high-technology companies within our industry of similar size in terms of

Table of Contents

revenue and market capitalization. In prior years, the comparison of each Named Executive Officer's compensation to market compensation data has been prepared by our internal human resources staff with the assistance of an external compensation consultant. Our staff refers to, among other things, market data obtained from both Radford High-Tech Executive Surveys and proxy data from peer companies. This data has then been presented to our Chief Executive Officer and the Compensation Committee in accordance with the process described above.

Even though the Compensation Committee reviews market compensation data, we do not believe that it is appropriate to establish compensation levels based solely on benchmarking. Our Compensation Committee relies upon the judgment of its members in making compensation decisions, after reviewing the performance of the Company and carefully evaluating a Named Executive Officer's performance during the year against established goals, leadership qualities, operational performance, business responsibilities, career with the Company, current compensation arrangements, and long-term potential to enhance stockholder value. While competitive market compensation paid by other companies is one of the many factors that the Compensation Committee considers in assessing the reasonableness of compensation, the Compensation Committee does not attempt to maintain a certain target percentile within a peer group or otherwise rely entirely on that data to determine Named Executive Officer compensation. Instead, the Compensation Committee incorporates flexibility into our compensation programs and in the assessment process to respond to and adjust for the evolving business environment. We strive to achieve an appropriate mix between equity incentive awards and cash payments in order to meet our objectives, however we do not rigidly apply any particular apportionment goal and it does not control our compensation decisions. Our mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards. We believe the most important indicator of whether our compensation objectives are being met is our ability to motivate our Named Executive Officers to deliver superior performance and to retain them to continue their careers with the Company on a cost-effective basis.

Base Salaries

In general, base salaries for our Named Executive Officers are initially established through arms-length negotiation at the time the executive is hired, taking into account such executive's qualifications, experience, prior salary and competitive salary information for companies that are comparable to ours. Base salaries of our Named Executive Officers are reviewed annually and adjustments to base salaries are based on the scope of an executive's responsibilities, individual contribution, prior experience and sustained performance. Decisions regarding salary increases take into account the Named Executive Officer's current salary and the amounts paid to the Named Executive Officer's peers outside the company. In addition to considering the competitive pay practices of other companies, we also consider the amounts paid to a Named Executive Officer's peers inside the Company by conducting an internal analysis which compares the pay of each Named Executive Officer to other members of the management team. Base salaries are also reviewed in the case of promotions or other significant changes in responsibility. Base salaries are not automatically increased if the Compensation Committee believes that other elements of compensation are more appropriate in light of our stated objectives. This strategy is consistent with our intent of offering compensation that is both cost-effective and contingent on the achievement of performance objectives.

In the first quarter of 2008, the Compensation Committee reviewed the base salaries for all of the Named Executive Officers employed by us at that time and established the base salaries to be in effect during fiscal year 2008. These base salaries were set based on the Compensation Committee's analysis of the foregoing factors. Pursuant to this determination, the base salary of Mr. Hartgring was increased to \$240,000 in February 2008 and the base salaries of all of our other Named Executive Officers remained the same. The actual base salaries paid to all of our Named Executive Officers for 2008 are set forth in the "Summary Compensation Table" below.

Performance Bonuses

It is the Compensation Committee's objective to ensure that performance bonuses made to the Named Executive Officers are tied to the Company's overall financial performance and stockholder value. At the beginning of each fiscal year, the Board establishes annual financial goals for the Company to meet by the end of the fiscal year. Additionally, at the end of each fiscal quarter, the Board establishes specific numbers-based financial targets for the next quarter. At the end of each fiscal year, the Compensation Committee determines, based on the financial performance of the Company for the fiscal year, whether to establish a performance bonus pool and, if so, the size of such performance bonus pool. If a performance bonus pool has been created, then the Compensation Committee evaluates each Named Executive Officer's level of performance and contribution toward the Company's overall financial performance and determines whether to award a bonus to each Named Executive Officer and the size of such bonus. This structuring of discretionary performance bonuses based on a pay-for-performance method motivates and rewards the Named Executive Officers for their contributions to strong annual business performance by making a substantial portion of their total cash compensation received variable and dependent upon the Company's annual financial performance, as determined at the discretion of the Compensation Committee.

In fiscal year 2008, the primary financial performance measures for funding the performance bonus pool consisted of total revenue (determined in accordance with generally accepted accounting principles in the United States of America, or GAAP), non-GAAP net income and non-GAAP net income per share. In addition, the Company also looked at certain non-GAAP financial measures that exclude the effects of the following: stock-based compensation expense, amortization of acquired technology and intangible assets, restructuring charges, impairment of goodwill and certain intangible assets, and their related income tax effects. The Company's management believes that these non-GAAP financial measures provide a useful supplemental analysis of the Company's ongoing operations in light of the fact that none of these categories of expense has a current effect on the future uses of cash (with the exception of restructuring charges) nor do they have value with regards to the generation of current or future revenues. The Company believes that concurrently evaluating both GAAP and non-GAAP data provides valuable supplemental information on its financial operating results, allows the Company to assess its profitability and performance, and provides an appropriate basis for analyzing whether and to what extent to fund the executive performance bonus pool.

Although management uses these non-GAAP financial measures internally to measure profitability and performance, these non-GAAP results are not considered an alternative to, or a substitute for, GAAP financial information, and may be different from similarly titled non-GAAP measures used by other companies. In particular, these non-GAAP financial measures are not a substitute for GAAP measures of income as a measure of performance, or to cash flows from operating, investing and financing activities as a measure of liquidity. When the Company presents its financial results to investors, we provide a reconciliation of these non-GAAP financial measures to the comparable GAAP financial measures.

After completing the review discussed above, the Compensation Committee decided not to establish a performance bonus pool for 2008.

Long-Term Equity Incentives

The goals of our long-term, equity-based incentive awards are to align the interests of our Named Executive Officers with the interests of our stockholders and to provide each Named Executive Officer with an incentive to manage the Company from the perspective of an owner with an equity stake in the business. Because vesting is based on continued service, our equity-based incentives also facilitate the retention of our Named Executive Officers through the vesting period of the awards. In determining the size of the long-term equity incentives to be awarded to our Named Executive Officers, we take into account a number of internal factors, such as the relative job scope, the value of existing long-term

Table of Contents

incentive awards, individual performance history, prior contributions to the Company, the size of prior grants and competitive market data. Based upon these factors, the Compensation Committee determines the size of the long-term equity incentives at levels it considers appropriate to create a meaningful opportunity for reward predicated on the creation of long-term stockholder value.

To reward and retain our Named Executive Officers in a manner that best aligns employees' interests with stockholders' interests, we use stock options as the primary incentive vehicle for long-term compensation opportunities. We believe that issuing stock options is an effective tool to meet one of the objectives of our compensation program by increasing long-term stockholder value through the tying of the value of the stock options to our future financial performance. Because stock option recipients are only able to profit from stock options if our stock price increases relative to the stock option's exercise price, we believe that stock options provide meaningful incentives to achieve an increase in the overall value of our stock over time.

Consistent with the process in place in prior years, annual grants of options to the Named Executive Officers are typically approved by the Compensation Committee during the fourth quarter of the year. While the vast majority of stock option awards to our Named Executive Officers have been made pursuant to this annual process, the Compensation Committee retains the discretion to make stock option awards to Named Executive Officers at other times, including in connection with the hiring of a Named Executive Officer, for retention purposes or for other circumstances recommended by management or the Compensation Committee.

Consistent with the practice for all of our employees, the exercise price of each stock option grant made to a Named Executive Officer is the fair market value of the Company's common stock on the grant date, which our equity incentive plans determine to be the closing price of our common stock on the NASDAQ Global Market on the date of grant. Except as otherwise described in this proxy statement, stock option awards to our Named Executive Officers typically vest over a four-year period as follows: 25% of the shares underlying the option vest on the first anniversary of the date of grant and the remainder of the shares underlying the option vest in equal monthly installments over the remaining 36 months thereafter. We do not have any security ownership requirements for our Named Executive Officers.

There were no stock option grants made to our Named Executive Officers in 2008. However, in an effort to reduce the overhang of outstanding stock options and to incentivize and retain individuals providing services to the Company and its subsidiaries, on June 10, 2008, the Company offered each holder of outstanding Company stock options with exercise prices equal to or greater than \$10.00 per share the right to tender such stock options for cancellation in exchange for restricted stock rights granted under the Company's 2001 Stock Plan based upon a 4.2 stock option shares to 1.0 restricted stock right exchange ratio. The offer included our Named Executive Officers. Pursuant to the tender offer, restricted stock rights received in exchange for cancelled options would be subject to vesting schedules ranging from 15 months to 51 months from the date of grant of the restricted stock rights (which schedule applied would depend on when the stock options that would be cancelled in exchange for the restricted stock rights were originally granted). All of our Named Executive Officers elected to participate in the offer. In deciding whether to make the offer, our Board considered a variety of alternatives to address the issues of the stock option overhang and the significant number of out-of-the-money options. Ultimately, our Board determined that, by exchanging stock options according to the terms of the offer, the Company would reduce the number of shares of stock subject to equity awards, thereby reducing potential dilution to our stockholders. Additionally, the Board determined that some option holders could benefit from the opportunity to choose between what we believe is the more certain benefit associated with restricted stock rights and the potentially more valuable, though less certain, benefit those holders may realize by retaining their stock options. By providing for the grant of replacement awards consisting of restricted stock rights rather than new at-the-money stock options, the Board also sought to strengthen the Company's equity-based retention incentives while further aligning our existing equity compensation programs with our overall compensation philosophy.

Perquisites, Health and Welfare Benefits and Other Compensation

The establishment of competitive benefit packages for our Named Executive Officers is an important factor in attracting and retaining highly qualified personnel. Our Named Executive Officers are eligible to participate in all of our employee benefit plans, including medical, dental, vision, group life and disability insurance, in each case on the same basis as other employees. We believe that these health and welfare benefits help ensure that the company has a productive and focused workforce through reliable and competitive health and other benefits.

We do not generally provide significant perquisites or personal benefits to our Named Executive Officers.

Tax Deductibility of Executive Compensation and Accounting Policies

The Compensation Committee and our Board have considered the potential future effects of Section 162(m) of the Internal Revenue Code on the compensation paid to our executive officers. Section 162(m) disallows a tax deduction for any publicly held corporation for individual compensation exceeding \$1.0 million in any taxable year for any of our Named Executive Officers, unless compensation is qualified performance based compensation within the meaning of Section 162(m). We have adopted a policy that, where reasonably practicable, we will seek to qualify the variable compensation paid to our Named Executive Officers for an exemption from the deductibility limitations of Section 162(m).

In approving the amount and form of compensation for our Named Executive Officers, the Compensation Committee will continue to consider all elements of the cost to our company of providing such compensation, including the potential impact of Section 162(m).

We account for equity compensation paid to our Named Executive Officers under the rules of Statement of Financial Standards ("SFAS") No. 123R, "Share-Based Payments" ("SFAS 123R"), which requires us to estimate and record an expense for each award of equity compensation over the service period of the award. Accounting rules also require us to record cash compensation as an expense at the time the obligation is accrued. We have not tailored our executive compensation program to achieve particular accounting results.

Potential Payments Upon Termination or Change-in-Control

On August 19, 2008, the Company granted restricted stock rights to each of the Named Executive Officers, each of which provided that, in the event of a "change in control" (as defined in the Company's 2001 Stock Plan) any unvested portion of the stock purchase right will fully vest.

The table below shows the value of the potential acceleration of vesting that would have been made to a Named Executive Officer had a change in control hypothetically occurred on the last business day of fiscal year 2008 (i.e. December 31, 2008). The value below was determined by multiplying the number of unvested shares subject to restricted stock rights as of December 31, 2008 by the closing price of the Company's common stock on December 31, 2008 (\$1.44). Because the payments to be made to a named executive officer depend on several factors, the actual amounts to be paid out upon a change in control can only be determined at the time of a change in control.

Name	Value of Accelerated Restricted Stock Rights (\$)
John K. Kibarian	34,286
Keith A. Jones	58,631
David A. Joseph	51,435
Cornelius (Cees) Hartgring	29,144
Kimon Michaels	73,375

We entered into a letter agreement with Mr. Keith A. Jones dated December 29, 2008, which amends Mr. Jones offer letter dated October 10, 2005. This letter agreement provides that, in the event that Mr. Jones experiences an involuntarily separation for any reason other than cause, death, or permanent disability, and provided certain other conditions are met, Mr. Jones will be entitled to six months base salary, monthly premiums to continue health coverage under COBRA for Mr. Jones, his eligible spouse and dependents for six months and six months accelerated vesting of any stock options outstanding at the time of Mr. Jones termination. To the extent permitted by the letter agreement and Code Section 409A, the six months base salary will be paid out in accordance with the Company's regularly scheduled payroll, commencing with the first regular payroll date that is at least five days after the conditions have been satisfied.

The table below shows the value of the potential payments that would have been made to Mr. Jones had he experienced an involuntary separation on the last business day of fiscal year 2008, December 31, 2008. In accordance with SEC rules, the potential payments were determined under the terms of our plans and arrangements as in effect on December 31, 2008. The footnotes to the table describe the assumptions used in estimating the amounts set forth in the table. Because the potential payments to be made to

- (1) Equal to (x) the named executive officer's monthly base salary in effect as of December 31, 2008 multiplied by (y) six.
- (2) Equal to the six-month continuation of health benefits for Mr. Jones and his eligible spouse and dependents following December 31, 2008.
- (3) The value of this benefit is equal to (x) the total number of shares subject to unvested stock options that were outstanding on December 31, 2008 multiplied by (y) (\$7.48) which represents the closing price of the Company's common stock on December 31, 2008 (\$1.44) minus \$8.92 (the exercise price of Mr. Jones unvested options). Since this amount results in a negative value, this potential benefit would have provided \$0 value to Mr. Jones if he experienced an involuntary separation on December 31, 2008.

Director Compensation

Directors who are also our employees are not paid an annual retainer, nor are they compensated for serving on the Board. Information regarding compensation otherwise received by our directors who are also executive officers is provided in "Executive Compensation" in this proxy statement.

Our non-employee directors receive the following cash compensation for their services to the Board:

an annual cash retainer fee in the amount of \$25,000;

per meeting fees of \$1,500 per board meeting (\$500 for telephone participation); and

per meeting fees of \$1,000 per committee meeting (\$500 for telephone participation).

The Chairman of the Board receives additional fees consisting of an annual cash retainer in the amount of \$30,000 plus an option to purchase 30,000 shares a year. Committee chairpersons receive additional fees, pro-rated where appropriate, as follows: the Audit and Corporate Governance Committee Chair receives an annual cash retainer in the amount of \$10,000 plus an option to purchase 10,000 shares per year; the Compensation Committee Chair receives an annual cash retainer in the amount of \$5,000 plus an option to purchase 7,500 shares per year; and the Nominating Committee Chair receives an annual cash retainer in the amount of \$5,000 plus an option to purchase 5,000 shares per year. All directors are reimbursed for reasonable travel expenses incurred in connection with attending Board and committee meetings. Our 2001 Stock Plan provides for the automatic grant of non-statutory options to non-employee directors. Each director that is new to the Board will be granted an option to purchase 30,000 shares at the time they join the Board. In addition, pursuant to the terms of our 2001 stock plan, each non-employee director receives an option to purchase 15,000 shares each year following the conclusion of the annual meeting of stockholders for such year. These annual option grants vest with respect to 25% of the shares subject to the option on the one-year anniversary of the date of grant, and with respect to $\frac{1}{48}$ of the shares subject to the option each month thereafter.

In light of the fact that our 2009 Annual Meeting of Stockholders is being held later than usual this year and a desire to continue our practice of granting our non-employee directors stock options on an annual basis, the Board of Directors decided to make the annual stock option grants to non-employee directors on April 23, 2009, in lieu of the grants that would otherwise have been made on the date of the 2009 Annual Meeting of Stockholders.

- (1) The amounts in these columns reflect amounts recognized for financial statement reporting purposes for stock options and restricted stock awards granted during the fiscal year ended December 31, 2008 and in prior fiscal years, in accordance with SFAS 123R. The restricted stock and option awards included in this expense amount were granted from May 2004 through August 2008. These amounts reflect our accounting expense for these awards and do not represent the actual value that may be realized by our directors. There can be no assurance that these amounts will ever be realized. For information on the valuation assumptions used in valuing stock option awards, refer to the Note to the consolidated financial statements contained in the Company's Annual Report on Form 10-K for the fiscal year in which the stock option was granted titled "Stockholder's Equity". The outstanding options held by each director at 2008 fiscal year end were: Dr. Caulfield (15,000); Mr. Heinrichs (122,945); Mr. Lanza (257,500); and Dr. Yu (22,500). The outstanding and unvested restricted stock awards held by each director at 2008 fiscal year end were: Dr. Caulfield (10,715) and Dr. Yu (17,183).
- (2) Susan H. Billat resigned from the Board of Directors of the Company on August 4, 2008.
- (3) Includes (i) \$10,000 cash fees, and (ii) an option grant exercisable for 10,000 shares of common stock, each received by Mr. Heinrichs during the fiscal year ended December 31, 2008 for his service as the "Lead Independent Director". In 2009, the Board eliminated this position as a result of the Board's determination that the Chairman of the Board of Directors had regained his status as an "independent director".

On November 17, 2005, we entered into acceleration agreements (each, an "Acceleration Agreement") with each of Lucio L. Lanza, Albert Y.C. Yu, Ph.D., and R. Stephen Heinrichs pursuant to which all of the options to purchase shares of our stock that have been granted or will be granted to each of the aforementioned directors will become vested and exercisable in full in the event of a change in control of the Company. Each of the acceleration agreements will generally remain in effect until terminated by the Company or, if earlier, the date the director in question ceases to provide services to the Company. For purposes of these agreements, a "change of control" is defined as an event whereby a party or group of parties, different from those maintaining control at the time of the acceleration agreement, attains a majority voting right in the Company. Also on November 17, 2005, we entered into an Acceleration Agreement with Susan H. Billat, but such agreement terminated on its terms upon Ms. Billat's resignation from the Board on August 4, 2008.

Our Board has adopted a written charter for the Audit and Corporate Governance Committee which governs the Audit and Corporate Governance Committee's functions and responsibilities. This charter was amended and restated on July 23, 2003, again on January 26, 2005, in light of the Sarbanes-Oxley Act of 2002 and new SEC and FINRA rules, and again on February 3, 2009 in conjunction with the renaming of the committee and the adoption of a revised charter for the committee on April 23, 2009 to reflect its corporate governance-related duties. The Audit and Corporate Governance Committee reviews and reassesses the adequacy of this charter at least once per year and makes recommendations to the Board regarding changes or amendments the Audit and Corporate Governance Committee deems appropriate.

The Audit and Corporate Governance Committee, subject to stockholder ratification, appoints the accounting firm to be engaged as the Company's independent registered public accounting firm. The independent registered public accounting firm is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States), or PCAOB, and to issue a report thereon. Management is responsible for our internal controls and the financial reporting process. The Audit and Corporate Governance Committee is responsible for monitoring, overseeing and assessing the effectiveness of these processes.

The Audit and Corporate Governance Committee held five meetings and took two actions by written consent during the fiscal year ended December 31, 2008. The meetings were designed to facilitate and encourage communication between the Audit and Corporate Governance Committee, management and our independent registered public accounting firm, Deloitte & Touche LLP. Management represented to the Audit and Corporate Governance Committee that our consolidated financial statements were prepared in accordance with GAAP. The Audit and Corporate Governance Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2008 with management and the independent registered public accounting firm.

The Audit and Corporate Governance Committee discussed with the independent registered public accounting firm the adequacy of the Company's internal control system, financial reporting procedures and the matters required to be discussed by PCAOB AU380, *Communication with Audit Committees* and Rule 2-07 of SEC Regulation S-X, as amended.

The Audit and Corporate Governance Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm, Deloitte & Touche LLP as required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence. Additionally, the Audit and Corporate Governance Committee has discussed with Deloitte & Touche LLP the issue of its independence from PDF Solutions, Inc.

Based on its review of the audited consolidated financial statements and the various discussions noted above, the Audit and Corporate Governance Committee recommended to the Board that the audited consolidated financial statements be included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2008.
