Annual Meeting April 25, 2012

March 16, 2012

Dear Stockholder:

You are invited to attend the Company's 2012 Annual Meeting on Wednesday, April 25, 2012, at 10:30 a.m. local time in the DuPont Theatre, DuPont Building, Wilmington, Delaware.

The enclosed Notice of Annual Meeting and Proxy Statement provide information about the governance of our Company and describe the various matters to be acted upon during the meeting. In addition, there will be a report on the state of the Company's business and an opportunity for you to express your views on subjects related to the Company's operations.

To make it easier for you to vote your shares, you have the choice of voting over the Internet, by telephone, or by completing and returning the enclosed Proxy Card. The Proxy Card describes your voting options in more detail.

This year, we are using the Securities and Exchange Commission's Notice and Access model, allowing us to deliver proxy materials via the Internet. Notice and Access gives the Company a lower-cost way to furnish stockholders with their proxy materials. On March 16, we mailed to certain stockholders of record a "Notice Regarding the Availability of Proxy Materials" with instructions on how to access the proxy materials via the Internet (or request a paper copy) and how to vote online.

If you requested a full set of proxy materials, or if you hold DuPont Common Stock through a Company savings plan, your admission ticket for the Annual Meeting is included on your Proxy Card. A registered stockholder may also use the Notice Regarding the Availability of Proxy Materials, received in the mail, as his or her admission ticket. If you hold shares in a brokerage account, please refer to page 1 of the Proxy Statement for information on how to attend the meeting. If you need special assistance, please contact the DuPont Stockholder Relations Office at 302-774-3034.

In 2011, DuPont delivered another year of strong sales and earnings growth for our shareholders. We continued to advance our strategic priorities to position our Company for continued long-term success. We also advanced our plan to bring our science closer to local markets and innovate in a way that addresses local needs. We believe DuPont is well positioned to develop innovative solutions in response to global challenges that offer opportunities for future growth.

The Annual Meeting gives us an opportunity to review our progress. We appreciate your ownership of DuPont, and I hope you will be able to join us on April 25.

Sincerely,

Ellen Kullman

Proxy Statement

The enclosed proxy materials are being sent to stockholders at the request of the Board of Directors of E. I. du Pont de Nemours and Company to encourage you to vote your shares at the Annual Meeting of Stockholders to be held April 25, 2012. This Proxy Statement contains information on matters that will be presented at the meeting and is provided to assist you in voting your shares.

The Company's 2011 Annual Report on Form 10-K, containing management's discussion and analysis of financial condition and results of operations of the Company and the audited financial statements, and this Proxy Statement were distributed together beginning March 16, 2012.

General Information

Who May Vote

All holders of record of DuPont Common Stock as of the close of business on February 29, 2012 (the record date) are entitled to vote at the meeting. Each share of stock is entitled to one vote. As of the record date, 935,043,806 shares of DuPont Common Stock were outstanding. A majority of the shares voted in person or by proxy is required for the approval of each of the proposals described in this Proxy Statement. Abstentions and broker nonvotes are not counted in the vote. At least a majority of the holders of shares of DuPont Common Stock as of the record date must be present either in person or by proxy at the meeting in order for a quorum to be present.

How to Vote

Even if you plan to attend the meeting you are encouraged to vote by proxy. You may vote by proxy in one of the following ways:

By Internet at the address listed on the Proxy Card or Notice Regarding the Availability of Proxy Materials ("Proxy Notice")

By telephone using the toll-free number listed on the Proxy Card

By returning the enclosed Proxy Card (signed and dated) in the envelope provided

When you vote by proxy, your shares will be voted according to your instructions. If you sign your Proxy Card but do not specify how you want your shares to be voted, they will be voted as the Board of Directors recommends. You can change or revoke your proxy by Internet, telephone or mail at any time provided your vote is received by the cut-off date specified on the Proxy Notice or Proxy Card.

How to Attend the Annual Meeting

If you requested a full set of proxy materials or if you hold stock through one of the savings plans listed below, your admission ticket is attached to your Proxy Card. A registered stockholder may also use the Proxy Notice as his or her admission ticket. You will need to bring your admission ticket, along with picture identification, to the meeting. If you own shares in street name, please bring your most recent brokerage statement, along with picture identification, to the meeting. The Company will use your brokerage statement to verify your ownership of DuPont Common Stock and admit you to the meeting.

Please note that cameras, sound or video recording equipment, or other similar equipment, electronic devices, large bags or packages will not be permitted in the DuPont Theatre.

Table of Contents

Shares Held in Savings Plans

If you participate in one of the following plans, your voting instruction card will include the shares you hold in the plan:

DuPont 401(k) and Profit Sharing Plan

DuPont Powder Coatings USA, Inc. Profit Sharing Plan

DuPont Retirement Savings Plan

Pioneer Hi-Bred International, Inc. Savings Plan

Solae Savings Investment Plan

Thrift and Savings Plan for Employees of Sentinel Transportation, LLC

The plan trustees will vote according to the instructions received on your proxy. If proxies for shares in savings plans are not received by Internet, telephone or mail, those shares will be voted by the trustees as directed by the plan fiduciary or by an independent fiduciary selected by the plan fiduciary.

Proxy Statement Proposals

At each annual meeting stockholders are asked to elect directors to serve on the Board of Directors, to ratify the appointment of the Company's independent registered public accounting firm for the year, and to approve, by advisory vote, executive compensation. Other proposals may be submitted by the Board of Directors or stockholders to be included in the proxy statement. To be considered for inclusion in the 2013 Annual Meeting Proxy Statement, stockholder proposals must be received by the Company no later than November 16, 2012.

For any proposal that is not submitted for inclusion in next year's proxy statement, but is instead sought to be considered as timely and presented directly at the 2013 Annual Meeting, Securities and Exchange Commission rules permit management to vote proxies in its discretion if the Company: (1) receives notice of the proposal before the close of business on January 30, 2013 and advises stockholders in the 2013 Annual Meeting Proxy Statement about the nature of the matter and how management intends to vote on such matter; or (2) does not receive notice of the proposal prior to the close of business on January 30, 2013.

Stockholder Nominations for Election of Directors

The Corporate Governance Committee recommends nominees to the Board of Directors for election as directors at each annual meeting. The Committee will consider nominations submitted by stockholders of record and received by the Corporate Secretary by the first Monday in December. Nominations must include a statement by the nominee indicating a willingness to serve if elected and disclosing principal occupations or employment for the past five years. A description of the Director Nomination Process is attached at Appendix A.

Proxy Committee

The Proxy Committee is composed of directors of the Company who vote as instructed the shares of DuPont Common Stock for which they receive proxies. Proxies also confer upon the Proxy Committee discretionary authority to vote the shares on any matter which was not known to the Board of Directors a reasonable time before solicitation of proxies, but which is properly presented for action at the meeting.

Solicitation of Proxies

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

The Company will pay all costs relating to the solicitation of proxies. Innisfree M&A Incorporated has been retained to assist in soliciting proxies at a cost of \$10,000 plus reasonable expenses. Proxies may be solicited by officers, directors and employees of the Company personally, by mail, or by telephone or other electronic means. The Company will also reimburse brokers, custodians, nominees and fiduciaries for reasonable expenses in forwarding proxy materials to beneficial owners of DuPont Common Stock.

Table of Contents

Secrecy in Voting

As a matter of policy, proxies, ballots and voting tabulations that identify individual stockholders are held confidential by the Company. Such documents are available for examination only by the independent tabulation agents, the independent inspectors of election and certain employees associated with tabulation of the vote. The identity of the vote of any stockholder is not disclosed except as may be necessary to meet legal requirements.

Governance of the Company

DuPont is committed to having sound corporate governance principles and practices. Please visit the Company's website at *www.dupont.com*, under the "Investor Center" caption, for the Board's Corporate Governance Guidelines, the Board-approved Charters for the Audit, Compensation and Corporate Governance Committees and related information. These Guidelines and Charters may also be obtained free of charge by writing to the Corporate Secretary.

**DUPONT BOARD OF DIRECTORS
CORPORATE GOVERNANCE GUIDELINES**

These Guidelines serve as an important framework for the Board's corporate governance practices and to assist the Board in carrying out its responsibilities effectively. The Board reviews these Guidelines periodically and may modify them as appropriate to reflect the evolution of its governance practices.

The Board

Responsibility

The Board has an active responsibility for broad corporate policy and overall performance of the Company through oversight of management and stewardship of the Company to enhance the long-term value of the Company for its stockholders and the vitality of the Company for its other stakeholders.

Role

In carrying out its responsibility, the Board has specific functions, in addition to the general oversight of management and the Company's business performance, including providing input and perspective in evaluating alternative strategic initiatives; reviewing and, where appropriate, approving fundamental financial and business strategies and major corporate actions; ensuring processes are in place to maintain the integrity of the Company; evaluating and compensating the CEO; and planning for CEO succession and monitoring succession planning for other key positions.

Duties

Directors are expected to expend sufficient time, energy and attention to assure diligent performance of their responsibility. Directors are expected to attend meetings of the Board, its Committees on which they serve, and the Annual Meeting of Stockholders; review materials distributed in advance of the meetings; and make themselves available for periodic updates and briefings with management via telephone or one-on-one meetings.

Leadership

The positions of Chair of the Board and CEO are held by the same person, except in specific circumstances.

Table of Contents

Independence

A substantial majority of the Board are independent directors in accordance with the standards of independence of the New York Stock Exchange and as described in the Guidelines. See pages 6-7. The Corporate Governance Committee as well as the Board annually reviews relationships that directors may have with the Company to make a determination of whether there are any material relationships that would preclude a director being independent.

Qualifications

Directors are selected for their integrity and character; sound, independent judgment; breadth of experience, insight and knowledge; and business acumen. Leadership skills, scientific or technology expertise, familiarity with issues affecting global businesses in diverse industries, prior government service, and diversity are among the relevant criteria, which will vary over time depending on the needs of the Board. The Corporate Governance Committee considers candidates for potential nomination to recommend for approval by the full Board.

The Board does not limit the number of other public company boards that a director may serve on. However, the Corporate Governance Committee considers the number of boards a director sits on. Directors are encouraged to limit the number of other public company boards to take into account their time and effectiveness and are expected to advise the Chair in advance of serving on another board.

When a director's principal responsibilities or business association changes significantly, the director will tender his or her resignation to the Chair for consideration by the Corporate Governance Committee of the continued appropriateness for Board service.

No director may stand for re-election to the Board after reaching age 72. An employee director retires from the Board when retiring from employment with the Company, with the exception of the former CEO. The Board may in unusual circumstances and for a limited period ask a director to stand for re-election after the prescribed retirement date.

Election

In accordance with the Company's Bylaws, if none of our stockholders provides the Company with notice of an intention to nominate one or more candidates to compete with the Board's nominees in an election of directors, a nominee must receive more votes cast for than against his or her election or re-election in order to be elected or re-elected to the Board. The Board expects a director to tender his or her resignation if he or she fails to receive the required number of votes for re-election. The Board shall nominate for election or re-election as director only candidates who agree to tender, promptly following the annual meeting at which they are elected or re-elected as a director, irrevocable resignations that will be effective upon (i) the failure to receive the required vote at the next annual meeting at which they face re-election and (ii) Board acceptance of such resignation in accordance with the procedures specified in these Guidelines. In addition, the Board shall fill director vacancies and newly created directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same resignation tendered by other directors in accordance with these Guidelines.

In the event an incumbent director fails to receive the required vote for re-election, the Corporate Governance Committee (or other committee designated by the Board) ("Committee") shall make a recommendation to the Board as to whether to accept or reject the resignation of the incumbent director. The Board shall act on the resignation, taking into account the recommendation of the Committee, and publicly disclose its decision within ninety (90) days following certification of the election results. The Committee in making its recommendation and the Board in making its decision may consider all facts and circumstances they consider relevant or appropriate in reaching their determinations. The Board expects any director whose resignation is under consideration pursuant to these Guidelines to abstain from participating in the Committee recommendation or the action of the Board regarding whether to accept the resignation.

Table of Contents

Orientation and Continuing Education

New directors participate in an orientation process to become familiar with the Company and its strategic plans and businesses, significant financial matters, core values including ethics, compliance programs, corporate governance practices and other key policies and practices through a review of background materials, meetings with senior executives and visits to Company facilities. The Corporate Governance Committee is responsible for providing guidance on directors' continuing education.

Compensation

The Board believes that compensation for outside directors should be competitive. DuPont Common Stock is a key component with payment of a portion of director compensation as DuPont stock, options or similar form of equity-based compensation, which are subject to stock ownership guidelines. The Compensation Committee reviews periodically the level and form of director compensation and, if appropriate, proposes changes for consideration by the full Board.

Annual Self-Evaluation

The Board and each Committee make an annual self-evaluation of its performance with a particular focus on overall effectiveness. The Corporate Governance Committee is responsible for overseeing the self-evaluation process.

Access to Management and Advisors

Directors have access to the Company's management and, in addition, are encouraged to visit the Company's facilities. As necessary and appropriate, the Board and its Committees may retain outside legal, financial or other advisors.

Board Meetings

Selection of Agenda Items

The Chair establishes the agenda for Board meetings, in conjunction with Chairs of the Committees. Directors are encouraged to suggest items for inclusion on the agenda and may raise subjects not specifically on the agenda.

Attendance of Senior Executives

The Board welcomes regular attendance of senior executives to be available to participate in discussions. Presentation of matters to be considered by the Board are generally made by the responsible executive.

Executive Sessions

Regularly scheduled Board meetings include a session of all directors and the CEO. In addition, the Board meets in regularly scheduled executive sessions without the participation of the CEO or other senior executives. The Presiding Director is the Chair of the Corporate Governance Committee.

Leadership Assessment

Succession Planning

The Board plans for succession to the position of CEO. The Compensation Committee oversees the succession planning process. To assist the Board, the CEO periodically provides the Board with an assessment of senior executives and their potential to succeed to the position of CEO, as well as perspective on potential candidates from outside the Company. The Board has available on a continuing basis the CEO's recommendation should he/she be unexpectedly unable to serve. The CEO also provides the Board with an assessment of potential successors to key positions.

Table of Contents

CEO Evaluation and Compensation

Through an annual process overseen and coordinated by the Compensation Committee, independent directors evaluate the CEO's performance and set the CEO's compensation.

Guidelines for Determining the Independence
of DuPont Directors

It is the expectation and practice of the Board that, in their roles as members of the Board, all members will exercise their independent judgment diligently and in good faith, and in the best interests of the Company and its stockholders as a whole, notwithstanding any member's other activities or affiliations.

However, in addition, the Board has determined that a substantial majority of its members should be "independent" in that they are free of any material relationship with the Company or Company management, whether directly or as a partner, stockholder or officer of an organization that has a material relationship with the Company. In furtherance of this objective, the Board has adopted the following Guidelines for determining whether a member is considered "independent."

The Board will re-examine the independence of each of its members once per year and again if a member's outside affiliations change substantially during the year.

For purposes of these Guidelines, "members of his/her immediate family" and similar phrases will mean a person's spouse, parents, stepparents, children, stepchildren, siblings, mothers- and fathers-in-law, sons- and daughters-in-law, brothers- and sisters-in-law, and anyone (other than an employee) who shares the person's home. "The Company" means the Company and all of its consolidated subsidiaries.

1. Regardless of other circumstances, a Board member will not be deemed independent if he/she does not meet the independence standards adopted by the New York Stock Exchange (see below), or any applicable legal requirement.
2. Except in special circumstances, as determined by a majority of the independent members of the Board, the following relationships will be considered not to be material relationships that would affect a Board member's independence:
 - (a) If the Board member is an executive officer or employee, or any member of his/her immediate family is an executive officer, of a bank to which the Company is indebted, and the total amount of the indebtedness does not exceed one percent of the total assets of the bank for any of the past three years.
 - (b) If the Board member or any member of his/her immediate family serves as an officer, director or trustee of a charitable or educational organization, and contributions by the Company do not exceed the greater of \$1,000,000 or two percent of such organization's annual consolidated gross revenues, including annual charitable contributions, for any of the past three years.
3. If a Board member has a relationship that exceeds the thresholds described in Section 2 above, or another significant relationship with the Company or its management that is not described in Section 2 above, then the Board will determine by a majority of the independent members whether that member's relationship would affect the Board member's independence.
4. The Board will consider all relevant facts and circumstances in determining independence.
5. Any determinations of independence made pursuant to Section 3 above will be disclosed in the Company's annual meeting proxy statement.

Table of Contents

Current New York Stock Exchange standards state that a director will not be independent:

- (a) If the Board member is, or has been within the last three years, an employee or any member of his/her immediate family is, or has been within the last three years, an executive officer of the Company;
- (b) If the Board member (i) is a current partner or employee of a firm that is the Company's internal or external auditor; (ii) has an immediate family member who is a current partner of such a firm; (iii) has an immediate family member who is a current employee of such a firm and personally works on the listed company's audit; or (iv) was, or has an immediate family member who was, within the last three years, a partner or employee of such a firm and personally worked on the Company's audit within that time;
- (c) If the Board member or any member of his/her immediate family is, or in the last three years has been, employed as an executive officer of another company where the Company's present executive officers at the same time serve/served on that company's compensation committee;
- (d) If the Board member is a current employee, or if any member of his/her family is a current executive officer, of another company that makes payments to, or receives payments from, the Company for property or services which exceed the greater of \$1,000,000 or two percent of the other company's annual consolidated gross revenues for any of the last three years; or
- (e) If the Board member, or a member of his/her immediate family, has received more than one hundred and twenty thousand dollars (US \$120,000) in direct compensation from the Company (other than director and committee fees and pension or other forms of deferred compensation for prior service which are not contingent in any way on continued service) during any twelve-month period within the last three years.

Committees of the Board

**Audit
Committee**

Responsibilities include:

Employs the Company's independent registered public accounting firm, subject to stockholder ratification, to audit the Company's Consolidated Financial Statements.

Pre-approves all services performed by the Company's independent registered public accounting firm.

Provides oversight on the external reporting process and the adequacy of the Company's internal controls.

Reviews the scope of the audit activities of the independent registered public accounting firm and the Company's internal auditors and appraises audit efforts of both.

Reviews services provided by the Company's independent registered public accounting firm and other disclosed relationships as they bear on the independence of the Company's independent registered public accounting firm.

Establishes procedures for the receipt, retention and resolution of complaints regarding accounting, internal controls or auditing matters.

All members of the Audit Committee are independent directors under the Board's Corporate Governance Guidelines and applicable regulatory and listing standards. The Board has determined that all members of the Audit Committee (R. A. Brown, C. J. Crawford, E. I. du Pont, and M. A. Hewson) are audit committee financial experts within the meaning of applicable Securities and Exchange Commission rules.

See the Audit Committee Report on page 13. The Audit Committee Charter is available on the Company's website (www.dupont.com) under Investor Center, Corporate Governance. A Summary of the Audit Committee Policy on Pre-approval of Services Performed by the Independent Registered Public Accounting Firm is included as part of "Proposal 2 Ratification of Independent Registered Public Accounting Firm" in this Proxy Statement.

**Compensation

William K. Reilly			X	C	X
Number of Meetings in 2011	7	5	5	3	3

C = Chair

The Strategic Direction Committee was dissolved in April 2011. It held two meetings during the year and its members were R. H. Brown, J. T. Dillon (retired), L. D. Juliber and E. J. Kullman. Mrs. Kullman was Chair of that Committee.

Directors fulfill their responsibilities not only by attending Board and committee meetings but also through communication with the Chair and CEO and other members of management relative to matters of mutual interest and concern to the Company.

In 2011, seven meetings of the Board were held. Each director attended at least 80% of the aggregate number of meetings of the Board and the committees of the Board on which the director served. Attendance at these meetings averaged 98% among all directors in 2011.

As provided in the Board's Corporate Governance Guidelines, directors are expected to attend the Company's Annual Meeting of Stockholders. Nine directors attended the 2011 Annual Meeting.

Review and Approval of Transactions with Related Persons

The Board of Directors has adopted written policies and procedures relating to the approval or ratification of "Related Person Transactions." Under the policies and procedures, the Corporate Governance Committee ("Governance Committee") (or its Chair, under some circumstances) reviews the relevant facts of all proposed Related Person Transactions and either approves or disapproves of the entry into the Related Person Transaction, by taking into account, among other factors it deems appropriate:

the commercial reasonableness of the transaction,

the materiality of the Related Person's direct or indirect interest in the transaction,

whether the transaction may involve a conflict of interest, or the appearance of one, and

the impact of the transaction on the Related Person's independence under the Corporate Governance Guidelines and applicable regulatory and listing standards.

Table of Contents

No director may participate in any discussion or approval of a Related Person Transaction for which he/she or any of his/her immediate family members is the Related Person. Related Person Transactions are approved or ratified only if they are determined to be in the best interests of DuPont and its stockholders.

If a Related Person Transaction that has not been previously approved or previously ratified is discovered, the Related Person Transaction will be presented to the Governance Committee for ratification. If such Related Person Transaction is not ratified by the Governance Committee, then the Company shall either ensure all appropriate disclosures regarding the transaction are made or, if appropriate, take all reasonable actions to attempt to terminate the Company's participation in such transaction.

Under the Company's policies and procedures, a "Related Person Transaction" is generally any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which: (i) DuPont was, is or will be a participant; (ii) the aggregate amount involved exceeds \$120,000 in any fiscal year; and (iii) any Related Person had, has or will have a direct or indirect material interest. A "Related Person" is generally any person who is, or at any time since the beginning of DuPont's last fiscal year was: (i) a director or an executive officer of DuPont or a nominee to become a director of DuPont; (ii) any person who is known to be the beneficial owner of more than five percent of any class of DuPont's outstanding Common Stock; or (iii) any immediate family member of any of the foregoing persons.

Certain Relationships and Related Transactions

As discussed above, the Governance Committee is charged with reviewing issues involving independence and all Related Person Transactions. DuPont and its subsidiaries purchase products and services from and/or sell products and services to companies of which certain of the directors and executive officers of DuPont, or their immediate family members, are employees. The Governance Committee and the Board have reviewed such transactions and relationships and do not consider the amounts involved in such transactions material. Such purchases from and sales to each company involve less than either \$1,000,000 or two percent of the consolidated gross revenues of each of the purchaser and the seller and all such transactions are in the ordinary course of business. Some such transactions are continuing and it is anticipated that similar transactions will occur from time to time. The spouse of Mrs. Kullman, Chair and Chief Executive Officer, is Director Corporate Marketing at DuPont and received total compensation in 2011 valued at \$345,000 which is commensurate with that of his peers.

Communications with the Board and Directors

Stockholders and other parties interested in communicating directly with the Board, Chair, Presiding Director or other outside director may do so by writing in care of the Corporate Secretary, DuPont Company, 1007 Market Street, D9058, Wilmington, DE 19898. The Board's independent directors have approved procedures for handling correspondence received by the Company and addressed to the Board, Chair, Presiding Director or other outside director. Concerns relating to accounting, internal controls, auditing or ethical matters are immediately brought to the attention of the Company's internal audit function and handled in accordance with procedures established by the Audit Committee with respect to such matters, which include an anonymous toll-free hotline (1-800-476-3016) and a website through which to report issues (<https://reportanissue.com/dupont/welcome>).

Leadership Structure of the Board

The positions of Chair of the Board and CEO are held by the same person, except in specific circumstances. At this time, the Board believes that the best interests of the Company are served by having a single Chair/CEO.

The Chair establishes the agenda for Board meetings, in conjunction with the Chairs of the Board Committees. Although directors are also encouraged to suggest items for inclusion on the agenda and may raise subjects not specifically on the agenda, the Board believes that generally, as CEO, the Chair is best suited to ensure critical business issues are brought before the Board, enhancing the Board's ability to consider, evaluate and maintain oversight over business strategies and the Company's risk management efforts.

Table of Contents

The Board appreciates that any advantages gained by having a single Chair/CEO must be weighed against any associated independence concerns, and has implemented adequate safeguards to address such concerns.

Regularly scheduled Board meetings include a session of all directors and the CEO. Each director is an equal participant in each decision made by the full Board. In addition, the Board meets in regularly scheduled executive sessions without the participation of the CEO or other senior executives. The Presiding Director at these executive sessions is the Chair of the Corporate Governance Committee. The Presiding Director also serves as liaison between the Chair and independent directors and has authority to call meetings of the independent directors.

Ten of the Board's eleven directors and the newest nominee are, or would be, as applicable, independent directors in accordance with the standards of independence of the New York Stock Exchange and as described in the Corporate Governance Guidelines. The Corporate Governance Committee as well as the Board annually reviews relationships that directors may have with the Company to make a determination of whether there are any material relationships that would preclude a director from being independent.

Directors have access to the Company's management. As necessary and appropriate, the Board and its committees may also retain outside legal, financial or other advisors.

Board's Role in the Oversight of Risk Management

The Board has an active role, directly and through the Board's committee structure, in the oversight of the Company's risk management efforts. It identifies the set of key risks to be monitored by the Board on a recurring basis, and regularly reviews and discusses with members of management information regarding the Company's business disruption, economic, environmental, legal, process safety, regulatory, reputational, strategic, technological and other risks, their potential impact, and the Company's risk mitigation efforts. Each Board committee plays a key role in overseeing the Company's management of risks that are within the committee's area of focus.

By way of example: The Compensation Committee is responsible for overseeing the management of risks relating to the Company's executive compensation practices. The Audit Committee oversees management of accounting, auditing, external reporting and internal control risks. The Corporate Governance Committee addresses risks associated with director independence and potential conflicts of interest. The Environmental Policy Committee focuses on risks associated with emerging regulatory developments related to the environment. The Science and Technology Committee considers key research and development initiatives and the risks related to those programs.

Although each committee is responsible for overseeing the management of certain risks, the full Board is regularly informed by its committees about such risks. This enables the Board and its committees to coordinate risk oversight and the relationships among the various risks.

Board's Consideration of Diversity

The Board does not have a formal policy with respect to diversity. However, the Board and the Corporate Governance Committee each believe that it is essential that the Board members represent diverse viewpoints, with a broad array of experiences, professions, skills, geographic representation and backgrounds that, when considered as a group, provide a sufficient mix of perspectives to allow the Board to best fulfill its responsibilities to the long-term interests of the Company's stockholders. See Corporate Governance Guidelines, page 4, under "Qualifications" and the Director Nomination Process at Appendix A.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics for Directors with provisions specifically applicable to directors. In addition, the Company has a Code of Conduct applicable to all employees of the Company, including executive officers, and a Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Controller. The Code of Business Conduct and Ethics for the DuPont Board of Directors, the DuPont Code of Conduct, and Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Controller are available on the Company's website (www.dupont.com) under Investor Center, Corporate Governance. Copies of these documents may also be obtained free of charge by writing to the Corporate Secretary.

Office of the Chief Executive

The Office of the Chief Executive (OCE) has responsibility for the overall direction and operations of all the businesses of the Company and broad corporate responsibility in such areas as corporate financial performance, environmental leadership and safety, development of global talent, research and development and global effectiveness. All members are officers for purposes of Section 16(a) of the Securities Act of 1934. The OCE members are: J. C. Borel, B. Cachinero-Sánchez (since April 2011), T. M. Connelly, Jr., N. C. Fanandakis, E. J. Kullman, T. L. Sager, and M. P. Vergnano ("Section 16 Officers").

Audit Committee Report

The Audit Committee of the Board of Directors (the "Committee") assists the Board in fulfilling its oversight responsibilities with respect to the external reporting process and the adequacy of the Company's internal controls. Specific responsibilities of the Committee are set forth in the Audit Committee Charter adopted by the Board and last amended and restated effective March 4, 2009. The Charter is available on the Company's website (*www.dupont.com*) under Investor Center, Corporate Governance.

The Committee is comprised of four directors, all of whom meet the standards of independence adopted by the New York Stock Exchange and the Securities and Exchange Commission. Subject to stockholder ratification, the Committee appoints the Company's independent registered public accounting firm. The Committee approves in advance all services to be performed by the Company's independent registered public accounting firm in accordance with the Committee's Policy on Pre-approval of Services Performed by the Independent Registered Public Accounting Firm. A summary of the Policy is included with this Proxy Statement as part of the proposal seeking ratification of the independent registered public accounting firm.

Management is responsible for the Company's financial statements and reporting process, for establishing and maintaining an adequate system of internal control over financial reporting, and for assessing the effectiveness of the Company's internal control over financial reporting. PricewaterhouseCoopers LLP ("PwC"), the Company's independent registered public accounting firm, is responsible for auditing the Company's Consolidated Financial Statements and for assessing the effectiveness of internal control over financial reporting. The Committee has reviewed and discussed the Company's 2011 Annual Report on Form 10-K, including the audited Consolidated Financial Statements of the Company and Management's Report on Internal Control over Financial Reporting, for the year ended December 31, 2011 with management and with representatives of PwC.

The Committee has also discussed with PwC matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees), as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). The Committee has received from PwC the letter and written disclosures required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and has discussed with PwC its independence.

The Committee has considered whether the provision to the Company by PwC of limited non-audit services is compatible with maintaining the independence of PwC. The Committee has satisfied itself as to the independence of PwC.

Based on the Committee's review of the audited Consolidated Financial Statements of the Company, and on the Committee's discussions with management of the Company and with PwC, the Committee recommended to the Board of Directors that the audited Consolidated Financial Statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011.

Table of Contents**Directors' Compensation**

Nonemployee directors receive compensation for Board service, which is designed to fairly compensate them for their Board responsibilities and align their interests with the long-term interests of stockholders.

The Compensation Committee, which consists solely of independent directors, has the primary responsibility to review and consider any revisions to directors' compensation. The process for setting director pay is guided by the following principles:

Transparency

Director compensation is reviewed annually by the Compensation Committee, with recommendation to the full Board which approves changes to director pay.

Details of director compensation are disclosed in the proxy statement annually.

Fair and competitive compensation that aligns director behavior with the best interests of stockholders

A significant portion of the annual retainer is paid in restricted stock units which, with respect to grants made in 2012, must be held until retirement. For grants prior to 2012, the restrictions lapse over a three-year period.

Stock Ownership Guidelines exist to encourage ownership. See section on Stock Ownership Guidelines for additional information.

DuPont's goal is to assure competitive levels of director pay, reflective of the significant time commitment expected, through a director compensation program built upon an annual retainer.

Directors must act in the best interests of the Company and its stockholders. DuPont's Stock Ownership Guidelines and use of restricted stock units support and reinforce this commitment.

Director compensation is monitored closely against Market trends and external practices, as well as against changes at the Peer Group companies. "Market" and "Peer Group" are defined on page 28.

With the assistance of Frederic W. Cook & Co., Inc., the independent compensation consultant retained by the Compensation Committee, the Committee closely monitors trends in director compensation in the marketplace. Subsequent to a careful review of the market practices in 2010, the compensation for nonemployee directors was revised effective January 1, 2011. The compensation program for nonemployee directors for 2011 and 2012 is described in detail in the chart below:

Compensation Element	2011	2012

The term of office for directors who are elected at the Company's Annual Meeting of Stockholders begins immediately following the election and ends upon the election of directors at the annual meeting held the following year. In addition to the annual cash retainer, the amount in this column includes committee chair fees (a full year for L. D. Juliber and W. K. Reilly; eight months for R. A. Brown, A. M. Cutler and E. I. du Pont; and four months for R. H. Brown and C.J. Crawford). L. M. Thomas joined our Board in December 2011 and his amount represents one month of the annual retainer. S. W. Bodman and J. T. Dillon retired from the Board after last year's meeting. Their amounts represent four months of the annual cash retainer for each plus four months of committee chair fees for Mr. Dillon.

(2)

Represents the grant date fair value of the annual equity retainer, which was delivered in the form of 2,510 time-vested restricted stock units ("RSUs"). For L. M. Thomas, the amount represents the grant date fair value of 460 RSUs issued upon his election to the Board in December 2011. The grant date fair values were computed in accordance with the Financial Accounting Standards Board Accounting Standards Codification Topic 718 Compensation - Stock Compensation ("FASB ASC Topic 718"). RSUs granted to S. W. Bodman and J. T. Dillon during 2011 were forfeited upon their retirement from the Board of Directors on April 27, 2011.

- (3) This column reports (i) the estimated change in the actuarial present value of a director's accumulated pension benefits under the Company's discontinued retirement income plan for nonemployee directors and (ii) above-market earnings on nonqualified deferred compensation balances. The interest rate used to credit earnings on deferrals under the DuPont Stock Accumulation and Deferred Compensation Plan for Directors is the 30-year Treasury rate. Above-market earnings were credited as follows: R. H. Brown: \$48, C. J. Crawford: \$333, L. D. Juliber: \$49.
- (4) Includes Company-paid accidental death and disability insurance premiums (\$300 per director) and accruals made in 2011 for nonemployee directors under the discontinued Directors' Charitable Gift Plan. For more information on the Directors' Charitable Gift Plan, see the narrative discussion below.

Stock Ownership Guidelines

Stock ownership guidelines for 2011 required each nonemployee director to hold DuPont Common Stock equal to a multiple of two times the Annual Retainer. Directors had up to five years from date of election to achieve the required ownership. As of the end of 2011, nine out of ten nonemployee directors met or exceeded those ownership requirements.

As part of ongoing governance reviews, the Board of Directors revised the stock ownership guidelines, effective for grants made after 2011, to require directors to hold annual equity awards until retirement.

Deferred Compensation

Under the DuPont Stock Accumulation and Deferred Compensation Plan for Directors, a director may defer all or part of the Board retainer and committee chair fees in cash or stock units until retirement as a director or until a specified year after retirement. Interest accrues on deferred cash payments and dividend equivalents accrue on deferred stock units. This deferred compensation is an unsecured obligation of the Company.

As part of the new retention requirements, future equity grants will be held until retirement. However, a director may defer payments beyond retirement.

Retirement Income Plan

The Company's retirement income plan for nonemployee directors was discontinued in 1998. Nonemployee directors who began their service on the Board before the plan's elimination continue to be eligible to receive benefits under the plan. Annual benefits payable under the plan equal one-half of the annual Board retainer (up to \$85,000 and exclusive of any committee compensation and stock, RSU or option grants) in effect at the director's retirement. Benefits are payable for the lesser of life or ten years.

Directors' Charitable Gift Plan

In October 2008, the Company discontinued its Charitable Gift Plan with respect to future directors. The Directors' Charitable Gift Plan was established in 1993. After the death of a director, the Company will donate five consecutive annual installments of up to \$200,000 each to tax-exempt educational institutions or charitable organizations recommended by the director and approved by the Company.

A director is fully vested in the plan after five years of service as a director or upon death or disability. The plan is unfunded; the Company does not purchase insurance policies to satisfy its obligations under the plan. The directors do not receive any personal financial or tax benefit from this program because any charitable, tax-deductible donations accrue solely to the benefit of the Company. Employee directors may participate in the plan if they make a required annual contribution.

Accidental Death and Disability Insurance

The Company maintains \$300,000 accidental death and disability insurance on nonemployee directors.

1 ELECTION OF DIRECTORS

The eleven nominees for election as directors are identified on pages 17 through 21. All nominees, except Mr. Andreotti, are now members of the Board of Directors. Mr. Andreotti was recommended to the Corporate Governance Committee by a third-party search firm. One current director, W. K. Reilly, is not standing for election. Mr. Reilly is retiring pursuant to the age 72 retirement policy in the Board's Corporate Governance Guidelines.

The Board has determined that, except for E. J. Kullman, Chair and Chief Executive Officer, each of the nominees and each other person who served as director during 2011 is or was, as the case may be, independent within the independence requirements of the New York Stock Exchange listing standards and in accordance with the Guidelines for Determining the Independence of DuPont Directors set forth in the Board's Corporate Governance Guidelines. See pages 3-7.

The Board knows of no reason why any nominee would be unable to serve as a director. If any nominee should for any reason become unable to serve, the shares represented by all valid proxies will be voted for the election of such other person as the Board of Directors may designate following recommendation by the Corporate Governance Committee, or the Board may reduce the number of directors to eliminate the vacancy.

The Board's Corporate Governance Guidelines describe qualifications for directors. Directors are selected for their integrity and character; sound, independent judgment; breadth of experience, insight and knowledge; and business acumen. Leadership skills, scientific or technology expertise, familiarity with issues affecting global businesses in diverse industries, prior government service, and diversity are among the relevant criteria, which will vary over time depending on the needs of the Board. Additionally, directors are expected to be willing and able to devote the necessary time, energy and attention to assure diligent performance of their responsibility.

When considering candidates for nomination, the Committee takes into account these factors to assure that new directors have the highest personal and professional integrity, have demonstrated exceptional ability and judgment and will be most effective, in conjunction with other directors, in serving the long-term interest of all stockholders. The Committee will not nominate for election as a director a partner, member, managing director, executive officer or principal of any entity that provides accounting, consulting, legal, investment banking or financial advisory services to the Company.

The following material contains information concerning the nominees, including their period of service as a director, their recent employment, other directorships, including those held during the past five years with a public company or registered investment company, and age as of the 2012 Annual Meeting.

LAMBERTO ANDREOTTI, 61

Chief Executive Officer, since May 2010, of Bristol-Myers Squibb Company, a global biopharmaceutical company. He formerly served as chief operating officer from March 2008 to May 2010, and executive vice president of Bristol-Myers Squibb and president of Worldwide Pharmaceuticals, a division of Bristol-Myers Squibb, from September 2005 until March 2008. He has also held roles with other pharmaceutical companies, including Farmitalia Carlo Erba and Pharmacia. Mr. Andreotti serves on the board of directors of PhRMA Pharmaceutical and Research Manufacturers of America. He formerly served as a Vice Chairman of Mead-Johnson Nutrition Company (2009).

As Chief Executive Officer of Bristol-Myers Squibb, Mr. Andreotti has a strong track record of leading a science and technology based corporation and offers significant insight to the Board in the areas of innovation, global business, corporate governance and investor relations. He also provides the Board with a broad perspective on human resources, finance, marketing and government relations from his experience in various senior leadership roles with Bristol-Myers Squibb.

She is co-chair of the National Academy of Engineering Committee on Changing the Conversation: From Research to Action. Mrs. Kullman is a director of United Technologies Corporation (since 2011). She is a member of the board of trustees of Tufts University and serves on the board of overseers at Tufts University School of Engineering. Mrs. Kullman formerly served as a director of General Motors Company (2004-2008).

As Chief Executive Officer of the Company, Mrs. Kullman is best suited to ensure that critical business issues are brought before the Board, enhancing the Board's ability to consider, evaluate and maintain oversight over business strategies and the Company's risk management efforts. The Board believes that the Company is typically best served by combining the role of Chair and Chief Executive Officer. For a discussion of the Board's leadership structure, refer to page 10 of this Proxy Statement.

LEE M. THOMAS, 67

Director Since December 2011

Chairman, since June 2007, of Rayonier Inc., a global forest products company. Mr. Thomas retired as chief executive officer of Rayonier in January 2012, a position he had held since March 2007. He was also president of Rayonier from June 2006 through August 2010. Previously, Mr. Thomas was president and chief operating officer of Georgia-Pacific Corp. Prior to joining Georgia-Pacific, he was chairman of Law Companies Environmental Group Inc., and administrator of the U.S. Environmental Protection Agency. Mr. Thomas also serves on the boards of Airgas Inc. (since 1998), the Regal Entertainment Group (since 2006) and the World Resources Institute.

From his experiences as president/CEO of three public companies, Mr. Thomas provides the Board with a deep understanding of corporate governance, finance, global business and investor relations. He also offers the Board key insights on government relations and environmental management from his tenure as administrator of the Environmental Protection Agency and his senior leadership roles. He brings to the Board valuable organizational management skills through his experiences as an independent consultant and as CEO of a consulting firm.

Table of Contents**Ownership of Company Stock**

Set forth below is certain information, as of December 30, 2011, concerning beneficial owners known to DuPont of more than five percent of DuPont's outstanding Common Stock:

Name and Address of Beneficial Owner	Number of Shares Beneficially Owned	Percent of Shares Outstanding
Blackrock, Inc. 40 East 52 nd Street New York, NY 10022	56,883,891 ⁽¹⁾	6.16% ⁽¹⁾

- (1) Based solely on a Schedule 13G filed with the Securities and Exchange Commission on February 13, 2012, Blackrock, Inc. ("Blackrock") reported aggregate beneficial ownership of approximately 6.16%, or 56,883,891 shares, of DuPont Common Stock as of December 30, 2011. Blackrock reported that it possessed sole voting power and sole dispositive power over 56,883,891 shares. Blackrock also reported that it did not possess shared voting or shared dispositive power over any shares beneficially owned.

The following table includes shares of DuPont Common Stock beneficially owned by each director and nominee, by each executive officer named in the 2011 Summary Compensation Table on page 39 of this Proxy Statement and by all directors and executive officers as a group as of December 31, 2011. Under rules of the Securities and Exchange Commission, "beneficial ownership" includes shares for which the individual, directly or indirectly, has or shares voting or investment power, whether or not the shares are held for the individual's benefit.

- (4) Unless otherwise indicated, beneficial ownership of any named individual does not exceed 0.17% of the outstanding shares of the class.

Section 16(a) Beneficial Ownership Reporting Compliance

Directors and executive officers are required to file reports of ownership and changes in ownership of DuPont Common Stock with the Securities and Exchange Commission. The following reports covering two transactions each were filed late due to administrative error:

March 2011 one report each for W. K. Reilly, B. P. Collomb and Section 16 Officers

June 2011 one report each for J. C. Borel, T. M. Connelly, Jr. and M. P. Vergnano

Compensation Committee Interlocks and Insider Participation

No individual who served on the Compensation Committee in 2011 was at any time during the year an officer or employee of DuPont or any of the Company's subsidiaries nor was any such person a former officer of DuPont or any of the Company's subsidiaries. No individual who served on the Compensation Committee in 2011 had any relationship requiring disclosure under the Securities and Exchange Commission's rules for disclosure of related party transactions. In addition, no member of the Board of Directors is an executive officer of another entity at which one of the Company's executive officers serves on the board of directors.

Compensation Committee Report

The Compensation Committee of the Board of Directors has reviewed the Compensation Discussion and Analysis ("CD&A") section included in this Proxy Statement.

The Compensation Committee has also reviewed and discussed the CD&A with management.

Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the CD&A be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 and in this Proxy Statement.

The members of the Compensation Committee of the Board of Directors have provided this report.

Compensation Discussion and Analysis (CD&A)

Executive Compensation Philosophy and Core Principles

DuPont (referred to throughout this CD&A as "Company", "we" or "our") is a market-driven science company. Our technology-based innovations provide solutions for global needs while driving growth and maximizing shareholder value. The executive compensation programs at DuPont are designed to attract, motivate, reward and retain the high quality executives necessary for Company leadership and accomplishment of our strategies. The following principles guide the design and administration of those compensation programs:

There should be a strong link between pay and performance.

Executives' interests should be aligned with stockholders' interests.

Programs should reinforce business strategies and drive long-term sustained stockholder value.

Our Performance in 2011

In 2011, we continued to build on the strong foundation we have laid over the last two years, focusing on innovation, productivity and differential management.

Here is an overview of our Company's performance in the dynamic environment of 2011:

Growth:

Target sales growth of 6 - 10%⁽¹⁾ Actual 2011 sales growth was 20%

*/ About 28% of sales came from products that were introduced in the past four years.

*/ Sales in developing markets⁽²⁾ were up 27% and represented 34% of Company sales.

Target earnings growth of 6 - 16%⁽¹⁾ Actual 2011 earnings growth was 20%⁽³⁾, despite \$200MM decline in Pharmaceutical royalties

Fixed cost productivity of \$400 million and working capital productivity of \$500 million significantly exceeded the \$300 million targets set for each

Invested to support growth, including Cooper River Kevlar® fiber plant and Tedlar® film plant expansion

Generated \$3.3 billion free cash flow⁽³⁾ in 2011 versus \$3.1 billion in 2010, driven by increased segment operating income and productivity initiatives

Successfully acquired Danisco and established two new business segments (Nutrition & Health and Industrial Biosciences)

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

Total shareholder return ("TSR") of negative 5% compared to our Peer Group⁽⁴⁾ median TSR of 0.1%

- (1) Based on guidance issued at our December 2010 Investor Day.
- (2) Developing markets include China, India and countries located in Latin America, Eastern and Central Europe, Middle East, Africa and Southeast Asia.
- (3) As used in the summary above and the graph that follows, actual 2011 earnings growth is based on earnings per share excluding significant items, which is a non-GAAP measure. Free cash flow is also a non-GAAP measure. Refer to Appendix B for detailed reconciliation of these measures to the most directly comparable GAAP measures.
- (4) Peer Group is defined on page 28.

Summary of 2011 Compensation Actions

Pay actions for our Named Executive Officers ("NEOs") in 2011 reflected our Company performance.

2011 Short-Term Performance and Compensation

Revenue and Earnings per Share ("EPS") growth were 20%; however, despite this excellent performance our TSR was a negative 5%.

Our performance resulted in a 21% decrease in the NEO average short-term (annual) incentive payout factor (143% of target in 2010 to 113% of target in 2011).

This was due to strong performance in 2010 relative to 2009, and aligns with our one-year TSR.

Short-term (annual) incentive awards for NEOs averaged 113% of target and aligned with our overall performance as illustrated in the chart.

Long-Term Performance and Incentive Compensation

Performance-based restricted stock units ("PSUs") for the 2009 to 2011 performance period were paid out at 200 percent of target and reflected strong performance in three-year revenue growth and three-year TSR relative to our Peer Group.

24% revenue growth vs. 5.7% Peer Group median, or 94th percentile rank

104% TSR vs. 54% Peer Group median, or 89th percentile rank

Top quartile performance in TSR and Revenue Growth over the three-year performance period resulted in a payout at 200% of target.

Individual Performance

Each year, the full Board conducts a review of the Chief Executive Officer's performance. In addition, the Chief Executive Officer ("CEO") provides the Compensation Committee ("Committee") with an assessment of performance for each of the NEOs. Individual performance is evaluated based on a number of quantitative and qualitative factors such as attainment of specific sales goals, achievement of fixed cost reduction targets, or successful introduction of a new product. Individual performance is a consideration in several aspects of compensation as described under each element.

In assessing each NEO's individual performance for 2011, the Board and Committee considered the following:

E. J. Kullman

Provided strong leadership over Company strategy, focusing leadership team on key opportunities with capacity to deliver sustained future growth

Drove accountability for execution of Company strategy

Delivered strong financial performance in a dynamic economic environment

Accomplished successful Danisco acquisition and established robust integration directives

Employed differential business management to achieve outstanding results in revenue, earnings and cash flow

Represented the Company's mission and vision to key external constituencies

N. C. Fanandakis

Drove financial performance, contributing to superior financial results in a volatile environment

Led implementation of key strategic multi-year growth planning process and enhanced DuPont's scenario planning process, addressing market sensitivities and contingency plans

Maintained strong balance sheet, creating financial flexibility to pursue strategic opportunities enabling growth and sustainability

Led sustained streamlining of global Finance organization, increasing efficiency and effectiveness of function while delivering superior capabilities and continuing to strengthen the finance organization

Played key role in delivering successful Danisco acquisition

Maintained strong relationships with investment community

B. Cachinero-Sánchez

Executed a review of DuPont's human capital challenges and associated priorities for the Human Resources organization

Conceptualized DuPont's Leadership Pipeline vision and created an outcome-oriented talent development process

Established blue-print of people and organizational elements of Danisco's integration strategy

T. M. Connelly, Jr.

Drove growth outside of U.S. region, establishing leadership and infrastructure to support sustained expansion in developing markets

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

Enhanced measurement of the Company's expenditures on innovation, including valuation of next generation products
Played critical role in business development activities in alignment with the Company's strategy
Successfully integrated new Industrial Biosciences segment resulting from Danisco acquisition, while delivering synergies
Captured significant gains in fixed cost and variable cost productivity and capacity release

J. C. Borel

Drove strong revenue and profit growth in Agriculture and Nutrition & Health segments, while achieving fixed cost reductions
Continued to drive strong market share growth in Pioneer seed business
Successfully integrated new Nutrition & Health segment resulting from Danisco acquisition, while delivering synergies
Significantly improved Pioneer's Research and Development pipeline and process
Established DuPont's position as thought leader in public dialogue on challenges associated with feeding the growing population, bringing perspective on products and tools available to meet those challenges

Table of Contents**Total 2011 NEO Compensation**

The Company and individual performance outlined above resulted in total NEO compensation for 2011 as shown in the table that follows. This table is not intended to be a substitute for the Summary Compensation Table ("SCT") or Grants of Plan-Based Awards Table ("GPBAT"). Base salary is shown as of December 31, 2011. Short-term Incentive program ("STIP") awards and Long-term Incentive ("LTI") awards for 2011 are reflected in the SCT and GPBAT. The value of LTI awards reflected in this table differs from the value of equity awards shown in the SCT and GPBAT because those tables reflect the probable outcome of the performance conditions for PSUs. The LTI amounts shown in this table value PSUs at the closing price of DuPont Common Stock on the date of grant, and reflect the value the Committee considered when making LTI awards for 2011.

Name	2011 Base Salary	2011 Final STIP	2011 LTI	TDC	2011 TDC

Mr. Cachinero-Sánchez did not receive a regular LTI award in February 2011, as he joined the Company in April. The amount reflected in the table above reflects the grant date fair value of his new-hire awards. Please refer to page 37 for details of these awards.

Consideration of Say on Pay Results

Last year, our shareholders were given the opportunity to participate in an advisory, or non-binding, vote on the compensation of our NEOs, as disclosed in the proxy statement. Almost 98% of shareholders who voted approved the compensation of our NEOs. In consideration of the overwhelming support expressed by shareholders, the Committee felt that no changes to our executive compensation programs were necessary. However, in its ongoing efforts to improve transparency and strengthen the link between pay and performance, the Committee made the following incremental design improvements to our executive compensation programs for 2012:

Updated executive stock ownership guidelines to add a retention ratio and increased the CEO multiple from five times to six times base salary. Details on page 36.

Changed the STIP formula, limiting STIP payouts to 0.25% of adjusted net income for the CEO and 0.15% for other Section 16 officers. Details on page 33.

Revised our Peer Group to reflect updated selection criteria. Details on page 28.

Modified the approach to the Business Unit Performance measure under STIP to shift from a weighted average payout factor to a payout factor based on total business unit performance versus aggregate targets. Details on page 32.

Determining Executive Compensation

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

An important aspect of the Compensation Committee's annual work relates to the determination of compensation for the Company's NEOs and other Section 16 officers. The NEOs are the Company's Chair and CEO, Chief Financial Officer and the three other most highly compensated executive officers.

In 2011, the Committee retained Frederic W. Cook & Co., Inc. ("Cook") to serve as an independent compensation consultant to the Committee on executive compensation matters. Cook performs work at the direction and under the supervision of the Committee, and provides no services to DuPont other than those for the Committee.

Table of Contents

Summarized in the table below are responsibilities for executive compensation.

Compensation Committee

Determines executive compensation philosophy

Approves incentive compensation programs and target STIP and PSU performance expectations

Approves all compensation actions for the executive officers, other than the CEO, including base salary, target and actual STIP, equity grants, and target and actual PSU awards

Recommends to the full Board pay actions for the CEO, including base salary, target and actual STIP, equity grant, and target and actual PSU award

Independent Board Members

Assess performance of the CEO

Approve all compensation actions for the CEO including base salary, target and actual STIP, equity grant, and target and actual PSU award

Committee Consultant Cook

Provides advice, research and analytical services on a variety of subjects, including compensation of executive officers, nonemployee director compensation, and executive compensation trends

Participates in meetings as requested and communicates with the Chair of the Committee between meetings

CEO

Provides a performance assessment of the executive officers

Recommends compensation targets and actual awards for the executive officers

Recommends performance targets for the STIP and PSU programs

In addition to Company and individual performance, the Committee considers a broad number of facts and circumstances in finalizing executive officer pay decisions, including competitive analysis, pay equity multiples, and tally sheets.

Competitive Analysis

To ensure a complete and robust picture of the overall compensation environment and consistent comparisons for the CEO and other NEOs, compensation is assessed primarily against published compensation surveys that represent large companies with median revenue comparable to DuPont's ("Market"), including surveys by Towers Watson, Mercer, Aon Hewitt and Hay Group.

We also use a select group of peer companies ("Peer Group") to:

benchmark pay design (mix, performance criteria, etc.);

measure financial performance for the PSU program; and

test the link between pay and performance.

Because of the smaller number of companies, we periodically find volatility in Peer Group compensation data year over year. Therefore, we use Market survey information as the primary source to set compensation levels.

The Peer Group represents the multiple markets in which we compete including markets for executive talent, customers and capital and is comprised of large U.S.-based companies with a strong scientific focus and/or research intensity and a significant international presence.

The Committee regularly reviews the Peer Group. Effective January 1, 2011, Hewlett-Packard Company was removed from the Peer Group due to size considerations. Further, effective January 1, 2011, Motorola, Inc. was removed from the Peer Group because its assets were divided between two separate and independent companies. The 2011 Peer Group consists of the following companies:

3M Company	Eastman Kodak Company	Kimberly-Clark Corporation
Abbott Laboratories	Emerson Electric Co.	Merck & Co., Inc.
Air Products & Chemicals, Inc.	Honeywell International Inc.	Monsanto Company
Baxter International Inc.	Ingersoll-Rand plc	The Procter & Gamble Company
The Boeing Company	Johnson & Johnson	United Technologies Corporation
Caterpillar Inc.	Johnson Controls, Inc.	

During 2011, the Committee conducted an in-depth review of the Peer Group, and the selection criteria. Subsequent to this review, the Committee changed the selection criteria to include international companies traded on a major U.S. stock exchange. Previously, the criteria included U.S.-based companies only.

Table of Contents

The review, together with the new selection criteria, resulted in the following changes to the Peer Group for 2012:

Eliminated Eastman Kodak Company, who no longer met the size considerations and Abbott Laboratories, who has announced that it will split its drugs and medical-products businesses into separate publicly traded companies by the end of 2012

Added The Dow Chemical Company and Syngenta AG, with both meeting all selection criteria, as outlined above

Pay Equity Multiple

Section 953(b) of the Dodd-Frank Act calls for new corporate disclosures that would require a public company to disclose the ratio of its CEO's pay to the median compensation of all employees. This new disclosure requirement is pending SEC rulemaking. We are monitoring the developments in this area to make certain that our disclosures will comply with the final rule when effective.

The Committee has a long-standing practice of comparing CEO pay to that of other executives. To ensure that NEOs are paid appropriately relative to each other and that we manage the pay differential between the CEO and the other NEOs, we apply a pay equity multiple to average total cash compensation ("TCC" equals base salary plus STIP awards) and average total direct compensation ("TDC" equals TCC plus LTI).

The final 2010 and 2011 pay equity multiples are as follows:

Element (Pay Equity Multiple Range)	2010	2011
TCC (2 - 3 times NEO)	2.8	3.1
TDC (3 - 4 times NEO)	3.9	3.3

Tally Sheets

Annually, the Committee reviews tally sheets for each NEO that include all aspects of total compensation and the benefits associated with various termination scenarios. Tally sheets, which provide the Committee with information on all elements of actual and potential future compensation of the NEOs, as well as data on wealth accumulation, helped the Committee confirm that there were no unintended consequences of their actions.

Executive Compensation Overview

Components of the Executive Compensation Program

Our executive compensation program consists of the following components:

Compensation Element	Overview/Objectives	Market Targeting

Table of Contents

Compensation

Element

Overview/Objectives

Limited perquisites

Very limited perquisites or personal benefits

Personal financial counseling at a cost of generally less than \$10,000 per NEO; tax preparation not provided

The CEO travels on Company aircraft for business and personal travel. Commercial travel is permitted when security risk is considered minimal and such travel is approved by the Office of the Director of Corporate Security.

We provide relocation benefits to our NEOs in accordance with our executive relocation guidelines.

Programs NOT offered

Because they do not support our guiding principles we do NOT offer the following:

Employment agreements

Severance agreements, other than with respect to agreements of limited duration with newly hired executives where there is demonstrated business need (for example, see description of our arrangement with Mr. Cachinero-Sánchez on page 37)

Change in Control agreements

Tax gross-up on benefits and perquisites other than relocation benefits (except for change in control provisions in our Equity and Incentive Plan, we do not have change in control agreements and, therefore, have no need for tax gross-ups related to IRC Section 280G)

Supplemental executive retirement benefits

Plans that allow for granting additional years of service or plans that include LTI in the pension calculation

Repricing of stock options or repurchases of underwater stock options for cash

Mix of Pay

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

To reinforce our pay for performance philosophy, more than two-thirds of targeted TDC is contingent upon performance and, therefore, fluctuates with our financial results and share price. We believe this approach motivates executives to consider the impact of their decisions on stockholder value.

To mitigate the possible risk inherent in the greater focus on LTI, executives receive an equal mix, by fair value on the grant date, of stock options (rewards for stock price appreciation and direct link to stockholder experience), time-vested restricted stock units ("RSUs") (intended as retention tool and linked to stock price) and PSUs (rewards key financial performance relative to the Peer Group in revenue growth and TSR). Overlapping performance cycles in the PSU program assure sustainability of performance.

2011 Target Compensation Mix and "Pay at Risk"

Table of Contents**Base Salary**

In setting 2011 NEO salaries, the Committee took a wide range of facts and circumstances into consideration, including a corporate budget of 3% for 2011, business results, Market competitiveness, Peer Group competitiveness (CEO only), internal relationships, tally sheets and individual performance. Merit increases were effective March 1, 2011. The table below depicts the base salary rate as of December 31. This information is different from the base salary provided in the SCT, which reflects the total base pay received for the year.

Name	2010 Base Salary	2011 Base Salary	Change in Base Salary	Primary Rationale
E. J. Kullman	\$ 1,300,000	\$ 1,339,000	3.0%	Standard merit increase Targeted just below the Market median reflecting Mrs. Kullman's tenure in the role of Chair and CEO Effective March 1, 2012, 4.6% increase to \$1,400,000.
N. C. Fanandakis	566,500	623,200	10.0%	Market adjustment
B. Cachinero-Sánchez	N/A	500,000	N/A	N/A

J. C. Borel	638,600	657,800	3.0%	Standard merit increase

Annual Short-Term Incentives

Our annual incentive plan design ensures that our executives maintain a strong focus on those financial metrics (e.g., revenue growth and earnings growth) that have been shown to be closely linked to shareholder value creation over time. For 2011, STIP awards were determined based on the following formula, measures and weightings. The Committee approves these factors at the beginning of each fiscal year. Each element is discussed in greater detail below.

1. Target STIP

Our STIP targets are set as a percent of the midpoint of each level in our salary structure. Employees, including our NEOs, are assigned to a level, taking into consideration a position's Market value, the internal value the Company places on that position and individual circumstances, such as experience. The target STIP percent for each level is reviewed regularly against Market and approved annually by the Committee (or in the case of the CEO, by the Board). The actual calculation of the 2011 Target STIP amount for Mrs. Kullman and the other NEOs is detailed in the table below.

Name	2011 DuPont Level Midpoint	*	2011 Target STIP %	=	2011 Target STIP \$
E. J. Kullman	\$ 1,569,800		140%		\$ 2,197,720
N. C. Fanandakis	642,350		90%		578,115
B. Cachinero-Sánchez	516,300		80%		413,040
T. M. Connelly, Jr.	745,000		95%		707,750
J. C. Borel	642,350		90%		578,115

Table of Contents

2.

Weighted Average Payout Factor

The weighted average payout factor for the STIP is determined based on actual performance on each measure and the weighting of that performance measure.

Performance Measures

	Metric	Weighting	Rationale for Use	
Corporate Performance	Earnings per Share (EPS)			
	[EPS excluding significant items compared to prior year's performance]	20%	Most effective and common metric in measuring stockholder value	
			Closely aligns stockholder and executive interests	
			Provides insight with respect to ongoing operating results	
Business Unit Performance	1. After Tax Operating Income (ATOI)			
	Because NEOs work across all businesses, their payout factor is the weighted average of all businesses' payout factors in four categories shown to the right.	[Business unit ATOI (excluding significant items) versus budget for the year]	15%	Measures profitability at the business unit level leading to corporate EPS results
	Payout factors are determined separately for each business and measured based on the business' performance versus budget for the year.	2. Revenue		
		[Business unit revenue versus budget for the year]	15%	Reflects top line growth critical to Company success
	3. Cash Flow from Operations (CFFO)			
For 2012, the Committee modified the approach to the Business Unit performance measure to shift from a weighted average payout factor to a payout factor based on total business unit performance versus aggregate targets.	[Business unit CFFO versus budget for the year]	20%	Measures our ability to translate earnings to cash, indicating the health of our business and allowing the Company to invest for the future	
	4. Dynamic Planning Factor			
	[Business units are assessed, both qualitatively and quantitatively, on a number of items, such as external factors, business period cost, inventory before last-in, first-out (LIFO) adjustment, free cash flow.]	10%	Assesses how well a business unit anticipates and responds to the business environment in a way that creates value for the Company	

Assures that our plan payouts are relevant to the current business strategy and recognizes the external economic environment

Individual Performance

Individual Performance

Assessment

[Based on the executive's performance versus personal, predetermined critical operating tasks or objectives, e. g. attainment of key strategic growth goals, specific revenue and earnings goals, achievement of fixed cost reduction targets, and successful integration of acquisitions]

20%

Takes individual performance into consideration in finalizing STIP payout factors

Table of ContentsNEO Payout Factors

Corporate and business unit performance are converted to a corresponding payout factor based on the concept of "leverage", i.e., the relationship between performance for a given metric and its payout factor. For example, ATOI and CFFO leverage is 2:1 below target and 3:1 above target. Thus, participants are deducted two percentage points in payout for each one percent change in performance below target, and receive three percentage points in payout for each one percent change in performance above target.

Leverage in our plan is in line with competitive practice and balances our internal approach to goal setting and our risk profile as a Company.

Component	Actual Performance as a % of Target	-->	Payout Factor (Unweighted)	*	Weight	=	Payout Factor (Weighted)

Final STIP Payout

As illustrated in the table below, the final 2011 STIP is determined by multiplying the target STIP amount by the final total payout factor.

Name	2011 Target STIP \$	*	Corporate Payout %	+ Business Unit Payout %	+ Individual Performance %	=	TOTAL Payout Factor %	2011 Final STIP \$
E. J. Kullman	\$ 2,197,720		28%	64%	22%		114%	\$ 2,509,000
N. C. Fanandakis	578,115		28%	64%	22%		114%	660,000
B. Cachinero-Sánchez	413,040		28%	64%	20%		112%	464,000
T. M. Connelly, Jr.	707,750		28%	64%	19%		111%	787,000
J. C. Borel	578,115		28%	64%	22%		114%	660,000

The 2011 STIP award payout is limited to 20% of our consolidated net income before significant items after deducting six percent of net capital employed. For the 2012 STIP, the Committee modified the approach to be more transparent and to apply to Section 16 officers only. For 2012, STIP awards to Section 16 officers are limited to 0.25% of adjusted net income for the CEO and 0.15% for other Section 16 officers.

LTI

Our LTI program for NEOs consists of an equal mix, by fair value on the grant date, of stock options, PSUs and RSUs. This balanced program allows us to reinforce specific business objectives, talent needs and philosophical considerations and support our culture. The following table summarizes the performance drivers, mix and objectives for the various LTI components as they relate to NEOs:

Table of Contents

	Stock Options	PSUs	RSUs
Program Design	Options vest in one-third increments over three years.	At the conclusion of the performance cycle, payouts can range from 0% to 200% of the target grant based on pre-established, performance-based corporate objectives.	RSUs vest in one-third increments over a three-year period.
	Starting in 2009, options carry a term of seven years.	For awards granted in 2011, those objectives are revenue growth and TSR (both on a relative basis versus the Peer Group) over the three-year performance period.	RSUs are typically granted annually.
	Nonqualified stock option grants are typically made annually at the closing price on the date of grant.		
	We do not reprice stock options.	PSUs are based on a three-year performance cycle and are awarded annually to each NEO at the beginning of the cycle.	
	A reload feature is available for options granted from 1997 through 2003. Effective with options granted in 2004, option grants do not include a reload feature and we do not intend to add this feature in the future.		

2011 LTI Awards

Annual awards to employees, including NEOs, are made at a pre-established Committee meeting in early February. This allows sufficient time for the market to absorb announcement of annual earnings, which is typically made during the fourth week of January. We do not time equity awards in coordination with the release of material nonpublic information. The grant price is the closing price on the date of grant.

Any occasional special awards to employees who are not executive officers are approved by the Special Stock Performance Committee (consisting of the Chairs of the Board and the Compensation Committee), to which the Board of Directors has delegated the authority to approve special equity grants. Awards are effective on the date of approval by the Special Stock Performance Committee.

Each year the Committee establishes target LTI values based on a number of factors including Market, internal equity, and cost. For 2011, the Committee increased LTI targets to be more in line with competitive market levels. Individual equity grants for NEOs other than the CEO may be increased or decreased from target based on consideration of multiple factors including individual performance over the prior fiscal year, retention objectives, future responsibilities and expected contribution. The Committee made no individual adjustments in 2011 for the NEOs.

In an effort to move Mrs. Kullman's LTI award above the 25th percentile of the Market and towards the Market median over time, the Board approved an increase in Mrs. Kullman's LTI award to approximately 70% of median. With that goal in mind, the Board approved a 2012 LTI award of \$8.5 million, which brought Mrs. Kullman's LTI award closer to the Market median.

Reflects the grant date fair value and differs from the value of equity awards shown in the 2011 Summary Compensation Table ("SCT") and Grants of Plan-Based Awards table ("GPBAT") because those tables reflect the probable outcome of the performance conditions for PSUs. The LTI amounts shown in this table value PSUs at the closing price of DuPont Common Stock on the date of grant, and reflect the value the Committee considered when making LTI awards for 2011.

Mr. Cachinero-Sánchez did not receive a regular LTI award in February 2011, as he joined the Company in April. The amount reflected in the table above reflects the grant date fair value of his new-hire awards. Please refer to page 37 for details of these awards.

Table of ContentsPSUs Granted in 2011

The actual number of shares earned for the PSUs granted in 2011 will be based on DuPont's revenue growth and TSR relative to the Peer Group for 2011 through 2013, as shown in the table below.

Performance Targets (2011 - 2013 Performance Period)

2008-2010 PSU Program (payable in 2011)

The performance period for PSUs awarded in 2008 ended on December 31, 2010. The final number of shares earned was based on revenue growth and TSR relative to the Peer Group over the three-year performance period. The final payout determination was made in February of 2011 after a review of the Company's performance. Revenue growth and TSR were comparable to the 63rd and 95th percentiles of the Peer Group, respectively. This resulted in an overall payout of 176%.

	Performance	Payout %
Revenue Growth	63rd percentile rank vs. Peer Group	152%
TSR	95th percentile rank vs. Peer Group	200%
	Final Payout Percent (Average)	176%

Further details are provided in the 2011 Option Exercises and Stock Vested table.

2009-2011 PSU Program (payable in 2012)

The performance period for PSUs awarded in 2009 ended on December 31, 2011. The final number of shares earned was based on revenue growth and TSR relative to the Peer Group over the three-year performance period. The final payout determination was made in March of 2012 after a review of the Company's performance. Revenue growth and TSR were comparable to the 94th and 89th percentiles of the Peer Group, respectively. This resulted in an overall payout of 200%.

Deductibility of Performance-Based Compensation

IRC Section 162(m) generally precludes a public corporation from taking a deduction for compensation in excess of \$1,000,000 for its CEO or any of its three other highest-paid executive officers (other than the CEO or Chief Financial Officer), unless certain specific and detailed criteria are satisfied. This limitation does not apply to qualified performance-based compensation.

Annually, the Company reviews all compensation programs and payments to determine the tax impact on the Company as well as on the executive officers. In addition, the Company reviews the impact of its programs against other considerations, such as accounting impact, stockholder alignment, market competitiveness, effectiveness and perceived value to employees. Because many different factors influence a well-rounded, comprehensive executive compensation program, some compensation may not be deductible under IRC Section 162(m).

The shareholder-approved Equity and Incentive Plan ("EIP") is designed to allow the Company to issue awards that qualify as performance-based compensation under IRC Section 162(m).

The Company will continue to monitor developments and assess alternatives for preserving the deductibility of compensation payments and benefits to the extent reasonably practicable, consistent with its compensation policies and as determined to be in the best interests of DuPont and its stockholders.

Compensation Risk

The Committee regularly monitors the Company's compensation programs to assess whether those programs are motivating the desired behaviors while driving the Company's performance and encouraging the appropriate level of risk-taking. The Committee asked Frederic W. Cook & Co., Inc. ("Cook") to test whether the Company's compensation programs encourage the appropriate levels of risk-taking given the Company's risk profile. Cook's review encompassed an assessment of risk pertaining to a broad range of design elements, such as mix of pay, performance metrics, goal setting and payout curves, payment timing and adjustments, as well as mitigating program attributes. Cook's analysis found that our compensation programs do not encourage behaviors that would create material risk for DuPont.

Other Mitigating Factors

Payout limitations or "caps" play a vital role in risk mitigation and all metrics in the STIP and PSU programs are capped at 200% payout to protect against excessive payouts. Our performance/payout leverage is slightly less than competitive practice, reflecting our risk profile as a Company, and our rigor in setting performance targets. Clawback provisions, stock ownership guidelines and insider trading policies that prohibit executives from entering into derivative transactions also protect against excessive risk in the Company's incentive programs.

Stock Ownership Guidelines

The Company requires that NEOs accumulate and hold, within three years of the date of achieving the various executive levels, shares of DuPont Common Stock with a value equal to a specified multiple of base pay.

As part of ongoing governance reviews, the Compensation Committee, with assistance of Cook, examined DuPont's stock ownership requirements and considered alternatives that reflect external competitive practice and best practices.

Based on this review, the Committee updated its stock ownership guidelines to add a retention ratio until the ownership expectation is met. Under the new policy, until the required ownership is reached, executives are required to retain 75% of net shares acquired upon any future vesting of stock units and/or exercise of stock options, after deducting shares used to pay applicable taxes and/or exercise price.

In addition, the Committee increased the CEO multiple from five times to six times base salary.

Table of Contents

The multiples for specific executive levels are shown below. Each NEO either exceeds or is on track to achieve the ownership goal within the time frame established.

Multiple of Salary	2011	2011	2012
	Target	Actual	Target
CEO	5x	11x	6x
Other NEOs average	4x	8x	4x

DuPont Common Stock may be held in various forms to achieve the applicable ownership guidelines, including: direct ownership, shares and stock units held in employee plans. Stock options and PSUs are not included in determining whether an executive has achieved the ownership levels.

Compensation Recovery Policy (Clawbacks)

The Company has a compensation recovery policy that covers each current and former employee of DuPont or an affiliated company who is or was, as the case may be, the recipient of incentive-based compensation ("Grantee"). If a Grantee engages in misconduct: (i) he/she forfeits any right to receive any future awards or other equity-based incentive compensation; and (ii) the Company may demand repayment of any awards or cash payments already received by a Grantee, including without limitation repayment due to making retroactive adjustments to any awards or cash payments already received by a Grantee, where such award or cash payment was predicated upon the achievement of certain financial results that were subsequently the subject of a restatement as a result of misconduct by the Grantee. The Grantee will be required to provide repayment within ten (10) days following such demand.

"Misconduct" means (i) Grantee's employment or service is terminated for cause, or (ii) the breach of a noncompete or confidentiality covenant set out in the employment agreement, or (iii) the Company has been required to prepare an accounting restatement due to material noncompliance, as a result of fraud or misconduct, with any financial reporting requirement under the securities laws, and the Compensation Committee has determined in its sole discretion, that the Grantee: (A) had knowledge of the material noncompliance or the circumstances that gave rise to such noncompliance and failed to take reasonable steps to bring it to the attention of appropriate individuals within the Company; or (B) personally and knowingly engaged in practices which materially contributed to the circumstances that enabled a material noncompliance to occur.

Awards granted prior to March 2, 2011, are subject to the clawback provisions that were in effect at the time of the grant, as disclosed in prior years' proxy statements.

Other Compensation Arrangements with NEOs

B. Cachinero-Sánchez

In April 2011, B. Cachinero-Sánchez joined the Company in the position of Senior Vice President – DuPont Human Resources. Mr. Cachinero-Sánchez was paid a sign-on bonus of \$400,000, which must be repaid, on a pro-rata basis, if he terminates employment for any reason other than death, disability, or lack of work within one year of the payment date. This bonus reflects differing fiscal years between Mr. Cachinero-Sánchez' previous employer and DuPont and the effect such difference has on short-term incentive awards.

Mr. Cachinero-Sánchez was also awarded two RSU grants. The first grant (60,000 units) compensates Mr. Cachinero-Sánchez for the value of forfeited long-term incentive awards from his former employer. This grant also took into account Mr. Cachinero-Sánchez' participation in qualified pension and supplemental executive retirement plans with his former employer. Mr. Cachinero-Sánchez will not be eligible to participate in the DuPont pension plan, and the Company does not maintain a supplemental executive retirement program. The grant vests ratably over a six-year term subject to continued employment with the Company. Any unvested units from this grant will vest upon death or disability while employed by the Company. Fifty percent of unvested units will vest upon involuntary separation from service or separation from service for Good Reason (as defined in his offer letter) after April 13, 2013.

Table of Contents

The second grant (10,917 units) offsets a disparity in realizable income in 2013 and 2014 resulting from the difference in vesting provisions between his former employer's equity incentive plan and DuPont's. Sixty-five percent of these units will vest two years after the grant date and the remainder will vest three years after the grant date. Upon separation from service for any reason other than death or disability, any unvested units will be forfeited. Upon separation from service due to death or disability, all unvested units will vest.

If, on or before April 1, 2013, Mr. Cachinero-Sánchez has an involuntary separation from service without cause or separation from service for Good Reason, he will be entitled to a lump sum payment equal to two times his annual salary plus target STIP award.

N. C. Fanandakis

In January, 2012, the Committee approved a grant under the Company's EIP of 50,000 RSUs to N. C. Fanandakis, Executive Vice President and Chief Financial Officer. The RSUs are designed to encourage the retention of this key executive by recognizing his strong current and future contributions to the Company.

Includes compensation which may have been deferred at the executive's election. Such amounts are also included in the Nonqualified Deferred Compensation table on page 50 "Executive Contributions in 2011" column. Amounts shown for 2009 reflect NEOs participation in the Company's Voluntary Unpaid Time Off Program.

(2)

Represents the aggregate grant date fair value of time-vested restricted stock units ("RSUs") and performance-based restricted stock units ("PSUs") computed in accordance with Financial Accounting Standards Codification Topic 718 Compensation Stock Compensation ("FASB ASC Topic 718"). Those values are detailed in the 2011 Grants of Plan-Based Awards table on page 43. For PSUs, the grant date fair value is based upon the probable outcome of the performance conditions. This amount is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. The grant date fair values of the PSUs assuming that the highest level of performance conditions will be achieved are as follows: E. J. Kullman (\$5,983,730), N. C. Fanandakis (\$1,276,616), T. M. Connelly, Jr. (\$1,515,882), and J. C. Borel (\$1,276,616). Mr. Cachinero-Sánchez did not receive a PSU award. He joined the

This column includes compensation which may have been deferred at the NEO's election. Any such amounts will be included in the "Executive Contributions" column of the 2012 Nonqualified Deferred Compensation table.
- (5) This column reports the estimated change in the actuarial present value of an NEO's accumulated pension benefits and any above-market earnings on nonqualified deferred compensation balances.

Table of Contents

Because the Company does not credit participants in the nonqualified plans with above-market earnings, no such amounts are reflected here.

(6)

Amounts shown include Company contributions to qualified defined contribution plans and Company contributions to nonqualified defined contribution plans. The amounts also reflect perquisites and personal benefits including financial counseling, personal use of Company automobile and aircraft for Mrs. Kullman and relocation benefits for Mr. Cachinero-Sánchez. For Mr. Cachinero-Sánchez, the amount also reflects tax gross-up payments on relocation-related benefits. For a detailed discussion of the items and amounts reported in this column, including a discussion of how the value of personal use of Company aircraft is calculated, refer to the "All Other Compensation" section of the narrative discussion following this footnote.

Narrative Discussion of Summary Compensation Table

Salary

Amounts shown in the "Salary" column of the table above represent base salary earned during 2011. Base salary rate changes for all NEOs are effective March 1. Base salary for 2011 represented 11% of total direct compensation (base salary, STIP awards and long-term incentive ("LTI") awards) for the CEO and, on average, 17% of total direct compensation for the other NEOs, which is consistent with the Compensation Committee's goal of placing emphasis on "at risk" compensation.

Bonus

Amount shown in the "Bonus" column of the table above represents a sign-on bonus for Mr. Cachinero-Sánchez, which must be repaid, on a pro-rata basis, if he terminates employment for any reason other than death, disability, or lack of work within one year of the payment date. This bonus reflects differing fiscal years between Mr. Cachinero-Sánchez' previous employer and DuPont and the effect such difference has on short-term incentive awards.

Stock Awards

Amounts shown in the "Stock Awards" column of the table above represent the aggregate grant date fair value of RSUs and PSUs computed in accordance with FASB ASC Topic 718. For PSUs, the grant date fair value is based upon the probable outcome of the performance conditions. This amount is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. Refer to page 44 for a detailed discussion of the grant date fair value of stock awards.

Option Awards

Amounts shown in the "Option Awards" column of the table above represent the aggregate grant date fair value of stock options computed in accordance with FASB ASC Topic 718. Refer to page 44 for a detailed discussion of the grant date fair value of option awards.

Non-Equity Incentive Plan Compensation

Amounts shown in the "Non-Equity Incentive Plan Compensation" column of the table above represent cash-based short-term incentive, or STIP, awards paid for a given year.

Change in Pension Value and Nonqualified Deferred Compensation Earnings

Amounts shown in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column of the table above represent the estimated change in the actuarial present value of accumulated benefits for each of the NEOs at the earlier of age 65 or the age at which the NEO is eligible for an unreduced pension. Key actuarial assumptions for the present value of accumulated benefit calculation can be found in Note 17

to the Consolidated Financial Statements in the Company's Annual Report on

Table of Contents

Form 10-K for the year ended December 31, 2011. Assumptions are further described in the narrative discussion following the Pension Benefits table.

There were no above-market or preferential earnings during 2011 on nonqualified deferred compensation. Generally, earnings on nonqualified deferred compensation include returns on investments in seven core investment alternatives, interest accruals on cash balances, DuPont Common Stock returns and dividend reinvestments. Interest is accrued on cash balances based on a rate that is traditionally less than 120% of the applicable federal rate and dividend equivalents are accrued at a non-preferential rate. In addition, the other core investment alternatives are a subset of the investment alternatives available to all employees under the qualified plan. Accordingly, these amounts are not considered above-market or preferential earnings for purposes of, and are not included in, the 2011 Summary Compensation Table.

As such, all amounts shown in this column reflect the change in the actuarial pension value under the Pension Plan and Pension Restoration Plan. The change in pension value represents the change from 2010 to 2011 in the present value of an NEO's accumulated benefit as of the applicable pension measurement date.

All Other Compensation

Amounts shown in the "All Other Compensation" column of the table above include: (i) perquisites and personal benefits (if greater than or equal to \$10,000); (ii) tax payments and gross-ups; (iii) registrant (Company) contributions to qualified defined contribution plans; and (iv) registrant (Company) contributions to nonqualified defined contribution plans. The following table details those amounts.

Name	Perquisites and Other Personal Benefits	Tax Payments and Gross-ups	Registrant Contributions to Qualified Defined Contribution Plans ^(d)	Registrant Contributions to Nonqualified Defined Contribution Plans ^(e)
E. J. Kullman	\$ 88,116 ^(a)		\$ 22,050	\$ 354,015
N. C. Fanandakis			22,050	105,818
B. Cachinero-Sánchez	200,159 ^(b)	\$57,066 ^(c)	21,874	10,986
T. M. Connelly, Jr.			22,050	134,247
J. C. Borel			22,050	109,494

(a)

Includes financial counseling (\$8,825), personal use of Company automobile (\$7,140) and personal use of Company aircraft (\$72,151). Consistent with the Company's policy, the CEO travels on Company aircraft for business and personal travel. Commercial travel is permitted when security risk is considered minimal and such travel is approved by the Office of the Director of Corporate Security. The amount reflected in this column represents the aggregate incremental cost to the Company of all personal travel by Mrs. Kullman on Company aircraft. Incremental cost is calculated based on the variable operating costs to the Company, including fuel, mileage, trip-related maintenance, weather-monitoring costs, crew travel expenses, on-board catering, landing/ramp fees and other variable costs, which includes an allocation of the overall maintenance costs and costs with respect to "deadhead flights" flights with no passengers that are associated with Mrs. Kullman's personal use. Fixed costs which do not change based on usage, such as pilot salaries and the cost of maintenance not related to trips, are excluded.

The benefit associated with personal use of Company aircraft is imputed as income to Mrs. Kullman at Standard Industry Fare Level ("SIFL") rates. SIFL rates are determined by the U.S. Department of Transportation. They are used to compute the value of nonbusiness transportation aboard employer-provided aircraft as required by the Internal Revenue Service. SIFL rates are used in the calculation of the income imputed to executives in the event of personal travel on Company aircraft. Mrs. Kullman does not receive any gross-up for payment of taxes associated with the described benefit.

- (b) In 2011, we provided relocation benefits to Mr. Cachinero-Sánchez on the same basis as similarly situated new hires. The relocation benefits consisted of home sale expenses, including a sale incentive allowance for unassisted sale of his home, household moving expenses, and a lump-sum allowance intended to cover relocation-related expenses, such as house-hunting trips and temporary living expenses.
- (c) Amount represents relocation-related tax gross-ups for Mr. Cachinero-Sánchez.
- (d) Amounts represent the Company's match to the Retirement Savings Plan ("RSP") on the same basis as provided to U.S. parent company employees. For 2011, the RSP provided a Company match of 100% of the first six percent of the employee's contribution. Amounts also include an additional Company contribution of three percent.
- (e) Amounts represent the Company's match to the Retirement Savings Restoration Plan ("RSRP") on the same basis as provided to U.S. parent company employees who fall above the applicable Internal Revenue Code ("IRC") limits. For 2011, the RSRP provided a Company match of 100% of the first six percent of the employee's contribution. Amounts also include an additional Company contribution of three percent.

Table of Contents**2011 GRANTS OF PLAN-BASED AWARDS**

Narrative Discussion of Grants of Plan-Based Awards Table**Estimated Future Payouts Under Non-Equity Incentive Plan Awards**

Amounts shown in this column of the table above represent STIP award opportunities for 2011 under the EIP. A target STIP award is established for each NEO at the beginning of the relevant fiscal year based on a percentage of the midpoint of the NEO's level in our salary structure. The actual STIP payout for NEOs, which can range from 0% to 200% of target, is based on corporate and weighted average business unit performance and individual performance. Refer to page 31 of this Proxy Statement for more details.

Estimated Future Payouts Under Equity Incentive Plan Awards

Amounts shown in this column of the table above represent the potential payout range of PSUs granted in 2011. Vesting is equally based upon corporate revenue growth and total shareholder return ("TSR"), both relative to the pre-defined peer group. Performance and payouts are determined independently for each metric. At the conclusion of the three-year performance period, the actual award, delivered as DuPont Common Stock, can range from zero percent to 200% of the original grant. Dividend equivalents are applied after the final performance determination.

Any termination of employment, including retirement, within six months of grant results in a forfeiture of the award. For a discussion of the impact on PSUs of any subsequent termination, refer to the table on page 53 of this Proxy Statement.

All Other Stock Awards: Number of Shares of Stock or Units

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

Amounts shown in this column of the table above represent RSUs granted in 2011 that are paid out in shares of DuPont Common Stock and, except with respect to the RSUs granted to Mr. Cachinero-Sánchez, vest ratably over a three-year period, one-third on each anniversary date. Any termination of employment, including retirement, within six months of grant results in a forfeiture of the award. Dividend equivalents are applied and are subject to the same restrictions as the RSUs. For a discussion of the impact on RSUs of a subsequent termination, refer to the table on page 53 of this Proxy Statement.

Table of Contents

For Mr. Cachinero-Sánchez, amounts shown in this column of the table above represent two separate RSU awards granted in connection with his hire. For details on these awards, refer to page 37 of this Proxy Statement.

All Other Option Awards: Number of Securities Underlying Options

Amounts shown in this column of the table above represent nonqualified stock options granted in 2011 with a seven-year term and ratable vesting over a three-year period, one-third on each anniversary date. The exercise price of options granted, as shown in the table above, is based on the closing price of DuPont Common Stock on the date of grant.

Any termination of employment, including retirement, within six months of grant results in a forfeiture of the award. For a discussion of the impact on options of a subsequent termination, refer to the table on page 53 of this Proxy Statement.

Grant Date Fair Value of Stock and Option Awards

Except with respect to PSUs, amounts shown in this column of the table above reflect the grant date fair value of the equity award computed in accordance with FASB ASC Topic 718. For PSUs, the grant date fair value is based upon the probable outcome of the performance conditions. This amount is consistent with the estimate of aggregate compensation cost to be recognized over the service period determined as of the grant date under FASB ASC Topic 718, excluding the effect of estimated forfeitures. The grant date fair value of the PSUs, subject to the TSR metric, was \$72.25, estimated using a Monte Carlo simulation. The grant date fair value of the PSUs, subject to the revenue metric, was based upon the closing price of the underlying DuPont Common Stock as of the grant date, which was \$51.85.

The grant date fair value of RSUs reflected in this column is based on the closing price of DuPont Common Stock as of the grant date, which was \$51.85.

For purposes of determining the fair value of stock option awards, the Company uses the Black-Scholes option pricing model and the assumptions set forth in the table below. The grant date fair value of options granted in 2011 was \$12.32. The Company determines the dividend yield by dividing the current annual dividend on the Company's Common Stock by the option exercise price. A historical daily measurement of volatility is determined based on the expected life of the option granted. The risk-free interest rate is determined by reference to the yield on an outstanding U.S. Treasury Note with a term equal to the expected life of the option granted. Expected life is determined by reference to the Company's historical experience.

2011

Dividend yield	3.2%
Volatility	33.26%
Risk-free interest rate	2.3%
Expected life (years)	5.3

Table of Contents**OUTSTANDING EQUITY AWARDS**

The following table shows the number of shares underlying exercisable and unexercisable options and unvested and, as applicable, unearned RSUs and PSUs held by the Company's NEOs at December 31, 2011. Market or payout values in the table below are based on the closing price of DuPont Common Stock as of that date.

2/3/2010	Performance period ends December 31, 2012
2/2/2011	Performance period ends December 31, 2013

Because the 2009 PSU award payout of 200% exceeded target (100%), the amount required to be shown in this column represents the maximum number of PSUs payable under outstanding awards (200% of the original grant). The final number of shares earned, if any, will be based on performance on Revenue Growth and TSR relative to the pre-defined peer group (at the time of award).

The plan provides for a payout range of 0% to 200% and dividend equivalent units are applied subsequent to the final performance determination.

- (4) Represents the payout value of outstanding PSUs based on a maximum (200%) payout. See footnote (3) above.

Table of Contents**2011 OPTION EXERCISES AND STOCK VESTED**

The table below shows the number of shares of DuPont Common Stock acquired upon the exercise of stock options and the vesting of RSUs and PSUs during 2011.

Name	Option Awards ⁽¹⁾		Stock Awards ⁽²⁾	
	Number of Shares Acquired on Exercise (#)	Value Realized Upon Exercise	Number of Shares Acquired on Vesting (#)	Value Realized Upon Vesting
E. J. Kullman	187,400	\$ 1,115,592	81,601	\$ 4,312,454
N. C. Fanandakis	26,300	267,234	13,908	739,837

J. C. Borel	92,000	1,199,668	62,574	2,975,771

(1) Represents the number of stock options exercised in 2011. The value realized upon exercise is computed by determining the difference between the market price at exercise and the exercise price of the options.

(2) Represents the number of RSUs and PSUs vesting in 2011. The value realized upon vesting is computed by multiplying the number of units by the value of the underlying shares on the vesting date, with respect to RSUs, and on February 28, 2011 with respect to PSUs. Includes PSUs granted in 2008 which vested on December 31, 2010 and were paid out in March 2011. This information was also disclosed in last year's proxy.

The performance period for PSUs granted in 2009 ended on December 31, 2011. The final payout was not determinable as of December 31, 2011. The final payout determination was made in March 2012 by the Compensation Committee after a final review of the Company's performance relative to the Peer Group. The final 2009 PSU shares paid out and the value realized in March 2012 are set forth below. Target units and year-end values for PSUs awarded in 2009 through 2011 are included in the Outstanding Equity Awards table on page 45.

Name	2009 PSU Final Payout (#) ^(a)	PSU Value ^(b)
E. J. Kullman	170,608	\$ 8,682,241
N. C. Fanandakis	17,717	901,618
B. Cachinero-Sánchez		
T. M. Connelly, Jr.	46,197	2,350,965
J. C. Borel	34,648	1,763,237

(a) Represents 200% of target award achieved plus accumulated dividend equivalent units. Revenue growth and TSR for the performance period were comparable to 94th and 89th percentiles of the pre-defined peer group, which resulted in a payout at 200% of target.

(b) Valued at \$50.89, the closing price of DuPont Common Stock as of March 5, 2012, the date the final payout determination was made by the Committee.

(3)

NEO elected to defer a portion of vested RSUs and all vested PSUs into DuPont Common Stock units. These are also reflected in the Nonqualified Deferred Compensation table on page 50 in the column entitled "Executive Contributions in 2011."

Table of Contents**PENSION BENEFITS**

(as of Fiscal Year End December 31, 2011)

The table below shows the present value of accumulated benefits for the NEOs under the Pension Plan and the Pension Restoration Plan, as of December 31, 2011. For a complete understanding of the table, refer to the narrative discussion that follows.

	Pension Restoration Plan	34	7,349,974
J. C. Borel	Pension Plan	34	1,471,430
	Pension Restoration Plan	34	5,606,701

(1) The value that an executive will actually receive under these benefit plans will differ to the extent facts and circumstances vary from the assumptions on which these amounts are based.

(2) Mr. Cachinero-Sánchez was hired after December 31, 2006, and is not eligible to participate in the Company's Pension or Pension Restoration Plans.

Narrative Discussion of Pension Benefits

The NEOs participate in the Pension Plan, a tax-qualified defined benefit pension plan, which covers a majority of the U.S. employees, except those hired or rehired after December 31, 2006. The Pension Plan provides employees with a lifetime retirement income based on years of service and the employees' final average pay near retirement. The normal form of benefit for married individuals is a 50% qualified joint and survivor annuity. The normal form of benefit for unmarried individuals is a single life annuity, which is actuarially equivalent to the normal form for married individuals. Normal retirement age under the Pension Plan is generally age 65 and benefits are vested after five years of service. Under the provisions of the Pension Plan, employees are eligible for unreduced pensions when they meet one of the following conditions:

Age 65 or older with at least five years of service, or

Age 58 with age plus service equal to or greater than 85, or

Permanent incapacity to perform his/her duties with at least 15 years of service.

An employee who is not eligible for retirement with an unreduced pension is eligible for retirement with a reduced pension if he/she is age 50 with at least 15 years of service. His/her pension is reduced by the greater of five percent for every year that his/her age plus service is less than 85 or five percent for every year that his/her age is less than 58. In no event will the reduction exceed 50%. Mr. Connelly is eligible for an unreduced pension. Each other NEO is currently eligible for a reduced pension, except Mr. Cachinero-Sánchez, who is not eligible to participate in the Pension Plan.

Table of Contents

The primary pension formula that applies to the NEOs provides a monthly retirement benefit equal to:

Average Monthly Compensation is based on the employee's three highest-paid years or, if greater, the 36 consecutive highest-paid months. Compensation for a given month includes regular compensation plus one-twelfth of an individual's STIP award for the relevant year. Other bonuses are not included in the calculation of Average Monthly Compensation.

If benefits provided under the Pension Plan exceed the applicable IRC compensation or benefit limits, the excess benefit is paid under the Pension Restoration Plan, an unfunded nonqualified plan. Effective January 1, 2007, the form of benefit under the Pension Restoration Plan for participants not already in pay status is a lump sum. The mortality tables and interest rates used to determine lump sum payments are the Applicable Mortality Table and the Applicable Interest Rate prescribed by the Secretary of the Treasury in IRC Section 417(e)(3).

The Company does not grant any extra years of credited service.

Key actuarial assumptions for the present value of accumulated benefit calculation can be found in Note 17 to the Consolidated Financial Statements in the Company's Annual Report on Form 10-K for the year ended December 31, 2011 ("Long-Term Employee Benefits Note"). All other assumptions are consistent with those used in the Long-Term Employee Benefits Note, except that a retirement age at which the NEO may retire with an unreduced benefit under the Pension Plan is used. The valuation method used for determining the present value of the accumulated benefit is the traditional unit credit cost method.

Table of Contents**NONQUALIFIED DEFERRED COMPENSATION**

(1) Base salary deferred under the RSRP and Management Deferred Compensation Plan ("MDCP") for each of the NEOs is reported as 2011 compensation to such NEOs in the 2011 Summary Compensation Table on page 39. Those amounts are: E. J. Kullman (\$66,950), N. C. Fanandakis (\$31,160), B. Cachinero-Sánchez (\$7,324), T. M. Connelly, Jr. (\$82,643), and J. C. Borel (\$32,890).

(2) The amounts in this column represent matching contributions made under the RSRP, also included in the 2011 Summary Compensation Table.

(3) Earnings represent returns on investments in seven core investment alternatives, interest accruals on cash balances, DuPont Common Stock returns and dividend reinvestments. Interest is accrued on cash balances based on a rate that is traditionally less than 120% of the applicable federal rate and dividend equivalents are accrued at a non-preferential rate. In addition, the other core investment alternatives are a subset of the investment alternatives available to all employees under the qualified plan. Accordingly, these amounts are not considered above-market or preferential earnings for purposes of, and are not included in, the 2011 Summary Compensation

Table.

Narrative Discussion of the Nonqualified Deferred Compensation Table

The Company offers several nonqualified deferred compensation programs under which participants voluntarily elect to defer some portion of base salary, STIP, or LTI awards until a future date. Deferrals are credited to an account and earnings are calculated thereon in accordance with the applicable investment option or interest rate. With the exception of the RSRP, there are no Company contributions or matches. The RSRP was adopted to restore Company contributions that would be lost due to IRC limits on compensation that can be taken into account under the Company's tax-qualified savings plan. Amounts shown in the Nonqualified Deferred Compensation table as Deferred STIP represent deferrals of STIP or variable compensation awards for years prior to 2011. Amounts shown as Deferred LTI represent deferrals of LTI awards for years prior to 2012.

The following provides an overview of the various deferral options as of December 31, 2011.

Base Salary

Under the RSRP, an NEO can elect to defer eligible compensation (generally, base salary plus STIP) that exceeds the regulatory limits (\$245,000 in 2011) in increments of one percent up to six percent. The Company matches participant contributions on a dollar-for-dollar basis up to six percent of eligible pay. The Company also makes an additional contribution of three percent of eligible compensation. Participant investment options under the RSRP mirror the options available under the qualified plan. Distributions may be made in the form of a lump sum or annual installments after separation from service.

Under the MDCP, an NEO can elect to defer the receipt of up to 60% of his/her base salary. The Company does not match base salary deferrals under the MDCP. Participants may select from among seven core investment options under the MDCP for base salary deferrals, including DuPont Common Stock units with dividend equivalents credited as additional stock units. In general, distributions may be made in the form of a lump sum at a specified future date prior to separation from service or a lump sum or annual installments after separation from service.

STIP

Under the RSRP, an NEO can elect to defer eligible compensation (generally, base salary plus STIP) that exceeds the regulatory limits (\$245,000 in 2011) in increments of one percent up to six percent. The Company matches participant contributions on a dollar-for-dollar basis up to six percent of eligible pay. The Company also makes an additional contribution of three percent of eligible compensation. Participant investment options under the RSRP mirror the options available under the qualified plan. Distributions may be made in the form of a lump sum or annual installments after separation from service.

Table of Contents

Under the MDCP, an NEO can elect to defer the receipt of up to 60% of his/her STIP award. The Company does not match STIP deferrals under the MDCP. Participants may select from among seven core investment options under the MDCP for STIP deferrals, including DuPont Common Stock units with dividend equivalents credited as additional stock units. In general, distributions may be made in the form of a lump sum at a specified future date prior to separation from service or a lump sum or annual installments after separation from service.

LTI

Under the MDCP, an NEO can elect to defer the receipt of 100% of his/her LTI awards (RSUs and PSUs). The Company does not match LTI deferrals under the MDCP. LTI deferrals under the MDCP are in the form of DuPont Common Stock units with dividend equivalents credited as additional stock units.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

As described in the Compensation Discussion and Analysis, DuPont generally does not enter into agreements with NEOs that provide for severance or change in control payments. On occasion, the Company may negotiate individual arrangements with senior executives to meet specific business needs. For example, see discussion on page 37 with regard to our arrangement with Mr. Cachinero-Sánchez.

Accordingly, and except with respect to Mr. Cachinero-Sánchez, LTI is the only form of compensation reflected in the table below, the treatment of which on termination or change in control is detailed in the footnotes to the table.

The following information does not quantify payments under plans that are generally available to all salaried employees, similarly situated to the NEOs in age, years of service, date of hire, etc., and that do not discriminate in scope, terms or operation in favor of executive officers. For example, all participating employees who terminate on December 31, 2011 are entitled to receive any STIP awards under the EIP for 2011. See also the Pension Benefits and Nonqualified Deferred Compensation tables and accompanying narrative discussions for benefits or balances, as the case may be, under those plans as of December 31, 2011.

Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be different. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the executive's age.

If an individual engages in misconduct, the Company may demand that he/she repay any long-term or short-term incentive award, or cash payments received as a result of such an award, within ten days following written demand by the Company. See the discussion of the Company's Compensation Recovery Policy (Clawbacks) on page 37.

For the CEO and other NEOs, the benefits that would become payable upon termination of employment, death, disability or change in control as of December 31, 2011 are outlined below, based on the Company's closing stock price of \$45.78 (as reported on the New York Stock Exchange) on that date.

(1) Upon voluntary termination or termination for cause, the various Company plans and programs provide for forfeiture of all unvested stock options, RSUs and PSUs. To the extent an NEO is retirement eligible, unvested stock options, RSUs and/or PSUs would be treated as if the NEO has retired.

(2) Upon termination for lack of work or disability:

Vested options may be exercised during the one-year period following termination. During the one-year period, options continue to become exercisable in accordance with the three-year vesting schedule, as if employee had not separated from service. Amount shown represents the in-the-money value of those options that would vest within the one-year period following December 31, 2011.

RSUs that are awarded as part of the annual award to eligible employees are automatically vested and paid out. Special or one-time awards are forfeited upon a termination for lack of work. Upon disability, special or one-time RSU awards are

automatically vested and paid out. Amount shown for termination due to lack of work represents the value of regular annual RSUs as of December 31, 2011. Amount shown for disability represents the value of all RSUs as of December 31, 2011.

PSUs remain subject to original performance period, prorated for the number of months of service completed during the performance period. Amount shown represents the prorated target value of PSUs as of December 31, 2011.

To the extent an NEO is retirement eligible, unvested stock options, RSUs and/or PSUs would be treated as if the NEO has retired.

Regardless of the foregoing, any termination within six months of the grant date results in forfeiture of the award.

Upon retirement, NEOs are treated as if they had not separated from service and:

Options continue vesting in accordance with the three-year vesting schedule. Amount shown represents the in-the-money value of unvested options as of December 31, 2011.

Restrictions on the regular annual RSUs lapse on the original schedule. Special or one-time RSU awards are forfeited. Amount shown represents the value of regular annual RSUs as of December 31, 2011.

PSUs are subject to the original performance period, prorated for the number of months of service completed during the performance period. Amount shown represents the prorated target value of PSUs as of December 31, 2011.

Regardless of the foregoing, any termination within six months of the grant date results in forfeiture of the award.

(4)

Upon death:

Options are fully vested and exercisable and expire two years following death or at the end of the original term, whichever is shorter. Amount shown represents the in-the-money value of unvested options as of December 31, 2011.

All RSUs are automatically vested and paid out. Amount shown represents the value of all RSUs as of December 31, 2011.

Regardless of the foregoing, any termination within six months of the grant date results in forfeiture of the award.

(5)

Upon change in control:

Plan provisions for awards granted in 2007 and prior do not provide for any specific treatment upon a change in control. While it is possible that the Committee might take future action regarding treatment upon a possible change in control, there is no value as of December 31, 2011.

For all other awards, treatment is as follows:

Stock options become fully vested and exercisable. Amount shown represents the in-the-money value of unvested options as of December 31, 2011.

Restrictions on all RSUs lapse. Amount shown represents the value of all RSUs as of December 31, 2011.

PSUs are paid at target, prorated for the number of months of service completed during the performance period. Amount shown represents the prorated target value as of December 31, 2011.

(6)

If, on or before April 1, 2013, Mr. Cachinero-Sánchez has an involuntary separation from service without cause or separation from service for Good Reason (as defined in his offer letter), he will be entitled to a lump sum payment equal to two times his annual salary plus target STIP award.

2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Article III, Section 5, of the Bylaws provides that it shall be the duty of the Audit Committee to employ, subject to stockholder ratification at each annual meeting, independent public accountants to audit the books of account, accounting procedures and financial statements of the Company for the year and to perform such other duties as prescribed from time to time by the Audit Committee. On April 27, 2011, the stockholders ratified the appointment by the Audit Committee of PricewaterhouseCoopers LLP (PwC) to perform the functions assigned to it in accordance with the Bylaws.

PwC, an independent registered public accounting firm, has served as the Company's independent accountants continuously since 1954. The Audit Committee believes that the knowledge of the Company's business PwC has gained through this period of service is valuable.

Pursuant to the SEC rules, the lead partner must be rotated after five years giving the Company the benefit of new thinking and approaches.

To assure that the audit and non-audit services performed by the independent registered public accounting firm do not impair its independence in appearance and/or fact, the Audit Committee has established policies and procedures requiring its pre-approval of all such services and associated fees.

The independent registered public accounting firm submits a report annually regarding the audit, audit-related, tax and other services it expects to render in the following year and the associated, forecasted fees to the Audit Committee for its approval. Audit services include the audit of the Company's Consolidated Financial Statements, separate audits of its subsidiaries, services associated with regulatory filings and attestation services regarding the effectiveness of the Company's internal controls over financial reporting. Audit-related services are assurance services that are reasonably related to the audit of the Company's Consolidated Financial Statements or services traditionally provided by the independent registered public accounting firm. Audit-related services include employee benefit plan audits; audits of carve-out financial statements related to divestitures; due diligence services regarding potential acquisitions or dispositions, including tax-related due diligence; and agreed-upon or expanded audit procedures related to regulatory requirements. Tax services include selected non-U.S. tax compliance services and assistance regarding appropriate handling of items on the returns, required disclosures, elections and filing positions available to the Company. Other services include non-financial attestation services.

If a service has not been included in the annual pre-approval process, it must be specifically pre-approved by the Audit Committee. In situations where the cost of services is likely to exceed the approved fees, excluding the impact of currency, specific pre-approval is required. Requests for specific pre-approvals shall be considered by the full Audit Committee. If that is not practical, then the Chair may grant specific pre-approvals when the estimated cost for the service or the increase in fees for a previously pre-approved service does not exceed \$500,000. Any such pre-approvals are reported to the full Audit Committee at its next meeting.

The Audit Committee pre-approved all services rendered by and associated fees paid to PwC for fiscal years 2011 and 2010. These are shown by category in the following table.

	2011 (in millions)	2010 (in millions)
Audit Fees	\$17.4	\$14.6
Audit-Related Fees	5.6	1.9
Tax Fees	3.0	0.1
All Other Fees	0.1	0.0
TOTAL	26.1	16.6

Subject to ratification by the holders of DuPont Common Stock, the Audit Committee has reemployed PwC as the independent registered public accounting firm to audit the Company's Consolidated Financial Statements for the year 2012 and to render other services as required of them. Representatives of PwC are expected to be present at the meeting and will have an opportunity to address the meeting and respond to appropriate questions.

the following resolution:**

RESOLVED: That the action of the Audit Committee in employing PricewaterhouseCoopers LLP as the independent registered public accounting firm for the year 2012 to perform the functions assigned to it in accordance with Article III, Section 5, of the Bylaws of E. I. du Pont de Nemours and Company hereby is ratified.

**3 MANAGEMENT PROPOSAL TO APPROVE,
BY ADVISORY VOTE, EXECUTIVE COMPENSATION**

As part of the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010, Congress adopted Section 14A of the Securities Exchange Act of 1934, pursuant to which the Board is giving our shareholders an annual opportunity to approve on an advisory, or non-binding, basis, the compensation of our named executive officers, as disclosed in this Proxy Statement. The Board of Directors recommends that you vote "FOR" this proposal.

As discussed in greater detail in the Compensation Discussion and Analysis ("CD&A") beginning on page 24, the executive compensation programs at DuPont are designed to attract, motivate, reward and retain the high quality executives necessary for Company leadership and accomplishment of our strategies. The following principles guide the design and administration of those compensation programs:

There should be a strong link between pay and performance.

Executives' interests should be aligned with stockholders' interests.

Programs should reinforce business strategies and drive long-term sustained stockholder value.

Our executive programs are structured so that more than two-thirds of targeted total direct compensation ("TDC") is contingent upon performance, and therefore, fluctuates with our financial results and share price. We believe this motivates executives to consider the impact of their decisions on stockholder value. Our annual incentive plan is structured to create a strong link to our financial and operational performance by rewarding annual performance on earnings per share ("EPS"), revenue growth and cash flow. The long-term incentive program includes performance measures such as long-term revenue growth and total shareholder return ("TSR") in addition to stock price appreciation to assure executive alignment with stockholders.

Table of Contents

In 2011, our compensation actions closely paralleled our Company's performance, as shown in the table below and on pages 24 and 25 of the CD&A.

Short-Term Performance vs. Short-Term Incentive Payments	Long-Term Performance vs. Long-Term Performance based Payments (PSU)
Strong 2011 revenue growth and EPS (excluding significant items) growth of 20% each	Outperformed our Peer Group in three-year revenue growth and TSR
Annual incentive awards for executives equal to 113% of target in 2011	24% revenue growth vs. 5.7% peer group median, or 94th percentile rank
	104% TSR vs. 54% peer group median or 89th percentile rank
	Top quartile performance in TSR and revenue growth over three-year performance period resulted in PSU payouts above target at 200%

The Board's executive compensation practices are the result of the comprehensive process outlined in the CD&A. The Committee considers a broad number of facts and circumstances in finalizing Named Executive Officer ("NEO") pay decisions, including business results, Market competitiveness, Peer Group competitiveness, pay equity multiples, tally sheets, experience and individual performance. The Committee also regularly reviews the Company's compensation programs to assess whether those programs are motivating the desired behaviors while driving the Company's performance and encouraging the appropriate levels of risk-taking.

Last year, almost ninety-eight percent of shareholders who voted approved the compensation of our NEOs.

Because they do not support our guiding principles we do NOT offer our executive officers the following: (i) employment agreements; (ii) tax gross-ups (other than in connection with relocation benefits); (iii) supplemental executive retirement plans; (iv) additional years of credited service in pension plans; or (v) stock option repricing or repurchase of underwater stock options for cash.

**The Board of Directors recommends
that you vote "FOR"
the following resolution:**

RESOLVED that the stockholders approve, on an advisory basis, the named executive officer compensation disclosed in this Proxy Statement in accordance with Securities and Exchange Commission's rules on compensation disclosure, including the CD&A, the compensation tables and any related material disclosed in this Proxy Statement.

This vote is advisory in nature, which means that it is not binding on the Company, its Board of Directors or the Compensation Committee. However, the Compensation Committee fully intends to give meaningful and careful consideration to the vote results and is committed to take any actions it deems necessary or appropriate in light of those results.

STOCKHOLDER PROPOSALS

The Board welcomes open dialogue on the topic presented in the following stockholder proposal. This proposal may contain inaccurate assertions or other errors, which the Board has not attempted to correct. However, the Board has thoroughly considered the proposal and recommends a vote as set forth below.

4 STOCKHOLDER PROPOSAL ON INDEPENDENT CHAIR

William Steiner, 112 Abbottsford Gate, Piermont, NY 10968, owner of 8,000 shares of DuPont Common Stock, and the Teamsters General Fund, 25 Louisiana Avenue, NW, Washington, DC 20001, owner of 90 shares of DuPont Common Stock, have given notice that they will introduce the following resolution and statement in support thereof:

RESOLVED: Shareholders request that our board of directors adopt a policy that, whenever possible, the chairman of our board of directors shall be an independent director (by the standard of the New York Stock Exchange), who has not previously served as an executive officer of our Company. This policy should be implemented so as not to violate any contractual obligations in effect when this resolution is adopted. The policy should also specify how to select a new independent chairman if a current chairman ceases to be independent between annual shareholder meetings.

Stockholder's Statement

To foster flexibility, this proposal gives the option of being phased in and implemented when our next CEO is chosen.

When a CEO serves as our board chairman, this arrangement may hinder our board's ability to monitor our CEO's performance. Many companies have an independent Chairman. An independent Chairman is the prevailing practice in the United Kingdom and many international markets. Transition to an independent chairman is particularly important at our company because we did not even have a Lead Director.

The merit of this Independent Board Chairman proposal should also be considered in the context of the opportunity for additional improvement in our company's 2011 reported corporate governance in order to more fully realize our company's potential:

The Corporate Library, an independent investment research firm, downgraded our company to "D" with "High Governance Risk" and "Very High Concern" in executive pay with \$14 million for our CEO Ellen Kullman. Ms. Kullman was a "Flagged (Problem) Director" for her board service at bankrupt GM.

Performance-based restricted stock units (PSU) covered a three-year performance period, which is not long-term, and pay more than 50% of the target amount for underperforming more than half of our company's peers. Underperforming industry peers should not result in monetary awards of any kind. Our CEO was entitled to a potential payment of \$27 million in the event of a change in control. Additionally 20% of annual cash incentive pay for executives was based on individual performance, which is typically subjective in nature.

Curtis Crawford, Lois Juliber and William Reilly had 13 to 18 years long tenure (independence concern) and had 5 of the 13 seats on our most important board committees including the chairmanship of our Audit Committee. Richard Brown and William Reilly did not own any stock. Curtis Crawford and Robert Brown owned less than 390 shares each. Mr. Reilly was on 4 boards overextension concern.

An independent Chairman policy can further enhance investor confidence in our Company and strengthen the integrity of our Board. Please encourage our board to respond positively to this proposal for an Independent Board Chairman Yes on 4.*

**Position of the Board of Directors
The Board of Directors
recommends that you vote
"AGAINST" this proposal**

As reflected in the Company's Corporate Governance Guidelines, the Board of Directors shares the view that it has an active responsibility for broad corporate policy and overall performance of the Company through oversight of management. However, the Board believes that it is important that the Company retain sufficient flexibility to determine under what circumstances the CEO should serve as the Chair of the Board.

The Business Roundtable took a similar position in its 2010 Principles of Corporate Governance:

No one leadership structure is right for every corporation at all times, and boards of different corporations may reach different conclusions about the leadership structures that are most appropriate for their corporations at any particular point in time. The board should decide whether to combine or separate the positions of CEO and chairman of the board based on its assessment of what is in the best interests of the corporation and its shareholders based on the corporation's particular circumstances, and the board should evaluate its leadership structure periodically.

At this time, the Board believes that the Company is better served by not separating the roles of CEO and Chair. The Chair establishes the agenda for Board meetings, in conjunction with the Chairs of the Board committees. Although directors are also encouraged to suggest items for inclusion on the agenda and may raise subjects not specifically on the agenda, the Board believes that generally, as CEO, the Chair is best suited to ensure that critical business issues are brought before the Board, enhancing the Board's ability to consider, evaluate and maintain oversight over business strategies.

The Board appreciates that any advantages gained by having a single CEO/Chair must be weighed against any associated independence concerns, and has implemented adequate safeguards to address such concerns.

Regularly scheduled Board meetings include a session of all directors and the CEO. Each director is an equal participant in each decision made by the full Board. In addition, the Board meets in regularly scheduled executive sessions without the participation of the CEO or other senior executives. The Presiding Director at these executive sessions is generally the Chair of the Corporate Governance Committee, unless there is a matter within the responsibility of another committee, such as CEO evaluation and compensation, when the Chair of that committee presides. The Presiding Director also serves as liaison between the Chair and independent directors and has authority to call meetings of the independent directors.

Ten of the Board's eleven directors are independent directors in accordance with the standards of independence of the New York Stock Exchange and as described in the Corporate Governance Guidelines. The Corporate Governance Committee as well as the Board annually reviews relationships that directors may have with the Company to make a determination of whether there are any material relationships that would preclude a director from being independent.

All members of the Audit, Compensation and Corporate Governance Committees are independent directors under the Board's Corporate Governance Guidelines and applicable regulatory and listing standards. The Board and each Committee undertakes an annual self-evaluation of performance with a particular focus on overall effectiveness. The Corporate Governance Committee is responsible for overseeing the self-evaluation process. Through an annual process overseen and coordinated by the Compensation Committee, independent directors evaluate the CEO's performance and set the CEO's compensation.

Finally, all directors have access to the Company's management. As necessary and appropriate, the Board and its Committees may also retain outside legal, financial or other advisors.

Stockholders and other parties interested in communicating directly with the Board, Chair, Presiding Director or other outside director may do so by writing in care of the Corporate Secretary, DuPont Company, 1007 Market Street, D9058, Wilmington, DE 19898. The Board's independent directors have approved procedures for

Table of Contents

handling correspondence received by the Company and addressed to the Board, Chair, Presiding Director or other outside director.

In conclusion, in light of our strong system of governance, which provides many checks and balances to the CEO's authority, the Board does not believe that separating the roles of CEO and Chair is necessary to ensure director independence or improve the Board's supervision of management. Moreover, the Board believes that a policy which mandates separation of those roles would eliminate the Company's flexibility to decide under what circumstances the CEO should also serve as Chair. At this time, the Board believes that the best interests of the Company are served by having a single CEO/Chair.

The Board welcomes open dialogue on the topic presented in the following stockholder proposal. This proposal may contain inaccurate assertions or other errors, which the Board has not attempted to correct. However, the Board has thoroughly considered the proposal and recommends a vote as set forth below.

5 STOCKHOLDER PROPOSAL ON EXECUTIVE COMPENSATION REPORT

The International Brotherhood of DuPont Workers, P.O. Box 10, Waynesboro, VA 22980, owner of 60 shares of DuPont Common Stock, has given notice that it will introduce the following resolution and statement in support thereof:

RESOLVED: That the stockholders of E. I. du Pont de Nemours & Company, assembled in annual meeting in person and by proxy, hereby recommend the following nonbinding proposal: that the Board of Directors prepare a report, to be made available to shareholders four months after the 2012 Annual meeting, that shall review the compensation packages provided to senior executives of the Company and address the following.

1. Comparison of compensation packages for senior executives with that provided to the lowest paid Company employees.
2. Whether there should be a ceiling on compensation provided to senior executives so as to prevent the possibility of excessive compensation.
3. Whether compensation of senior executives should be adjusted in a situation where there is a stated need for employees to be laid off from work.

Stockholder's Statement

Pay for executives of DuPont is determined by its Board of Directors. According to the March 2011 proxy statement, each member of the Board received annual compensation in 2010 ranging from \$259,000 to \$311,000 for their service on the Board. They will be receiving a 15% increase in their cash compensation for 2011.

Yet it does not appear that these members of the Board are required to attend any meetings or even participate in conference calls. Nor is it clear precisely what work, if any, is actually performed by any individual member of the Board.

Given this extraordinarily generous compensation provided to the members of the Board, is it any surprise that these same members have approved extraordinarily generous compensation for executives of DuPont? Is it any surprise that the justification for this generous compensation is nothing more than the "old saw" that such pay is "necessary to retain and motivate" these same executives?

Not surprisingly, virtually nothing is said in the proxy statement regarding how the employees of DuPont those who are not executives are compensated. This failure is no surprise given that over the past three years these employees have been granted the most minimal of wage increases and have experienced the gutting of their pension plan.

Table of Contents

This proposal seeks to have the Board address these issues of compensation, issues involving not just the compensation of executives, but the compensation of executives in relation to how the non-executive employees of this company are compensated.

If you **AGREE** with this proposal, please mark your proxy **FOR** this resolution.

**Position of the Board of Directors
The Board of Directors
recommends that you vote
"AGAINST" this proposal**

The Board shares the underlying objective for the Company's compensation policy and programs to be linked to business and individual performance and shareholder value. Our compensation programs for all employees reflect competitive positioning, internal equity, and the value the individual brings to the position. The Board believes that the objective of this proposal is being addressed through the engaged oversight and work of the Compensation Committee as described in the Compensation Discussion and Analysis (CD&A) set forth on pages 24-38 of this Proxy Statement.

The Securities and Exchange Commission has adopted extensive rules that provide for expanded disclosure of compensation-related information and additional transparency. In complying with these rules, the Company has fully disclosed the relevant details of its executive compensation practices in this Proxy Statement so that stockholders may evaluate those practices. The Board's executive compensation practices are the result of the comprehensive process outlined in the CD&A above. That process requires the Committee to make many interrelated decisions and consider numerous competing interests. The Committee goes to great lengths to illustrate its pay for performance approach to executive compensation on pages 24-38 of the CD&A. In addition, shareholders have the right to vote, on an advisory basis, on the executive compensation disclosed in this Proxy Statement. Last year, almost ninety-eight percent of shareholders who voted approved the compensation of our NEOs.

The report called for in the proposal is a narrow, incomplete and ineffective means of expressing stockholder concerns over the Company's executive compensation practices. It is unclear what, if anything can be gained by the report. The Board believes the CD&A provides information necessary for shareholders to assess whether our executive compensation practices are appropriate and that the report requested by the Proponent is unnecessary.

Other Matters

The Board of Directors knows of no other proposals that may properly be presented for consideration at the meeting but, if other matters do properly come before the meeting, the persons named in the proxy will vote your shares according to their best judgment.

APPENDIX A

Director Nomination Process

The purpose and responsibilities of the Corporate Governance Committee, described in the Committee's Charter (available on the Company's website at www.dupont.com), include recommending to the Board nominees for election as directors. The Committee's members are independent under the Board's Corporate Governance Guidelines and the NYSE standard.

The Committee considers potential candidates suggested by Board members, as well as management, stockholders and others. The Committee has engaged a director recruitment firm to assist in identifying and evaluating potential candidates.

The Board's Corporate Governance Guidelines describe qualifications for directors: Directors are selected for their integrity and character; sound, independent judgment; breadth of experience, insight and knowledge; and business acumen. Leadership skills, scientific or technology expertise, familiarity with issues affecting global businesses in diverse industries, prior government service, and diversity are among the relevant criteria, which will vary over time depending on the needs of the Board. Additionally, directors are expected to be willing and able to devote the necessary time, energy and attention to assure diligent performance of their responsibility.

When considering candidates for nomination, the Committee takes into account these factors to assure that new directors have the highest personal and professional integrity, have demonstrated exceptional ability and judgment and will be most effective, in conjunction with other directors, in serving the long-term interest of all stockholders. The Committee will not nominate for election as a director a partner, member, managing director, executive officer or principal of any entity that provides accounting, consulting, legal, investment banking or financial advisory services to the Company.

The Committee will consider candidates for director suggested by stockholders, applying the factors for potential candidates described above and taking into account the additional information described below. Stockholders wishing to suggest a candidate for director should write to the Corporate Secretary and include:

A statement that the writer is a stockholder of record (or providing appropriate support of ownership of DuPont stock);

The name of and contact information for the candidate;

A statement of the candidate's business and educational experience;

Information regarding each of the factors described above in sufficient detail to enable the Committee to evaluate the candidate;

A statement detailing any relationship between the candidate and any customer, supplier or competitor of the Company or any other information that bears on potential conflicts of interest, legal considerations or a determination of the candidate's independence;

Information concerning service as an employee, officer or member of a board of any charitable, educational, commercial or professional entity;

Detailed information about any relationship or understanding between the proposing stockholder and the potential candidate; and

A statement by the potential candidate that s/he is willing to be considered and to serve as a director if nominated and elected.

Edgar Filing: DUPONT E I DE NEMOURS & CO - Form DEF 14A

Once the Committee has identified a prospective candidate, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to

A-1

Table of Contents

the person making the recommendation or others. The preliminary determination is based primarily on the likelihood that the prospective nominee can satisfy the factors described above. If the Committee determines, in consultation with the Chair of the Board and other Board members as appropriate, that further consideration is warranted, it may gather additional information about the prospective nominee's background and experience.

The Committee also considers such relevant factors as it deems appropriate, including the current composition of the Board and specific needs of the Board to assure its effectiveness. In connection with this evaluation, the Committee determines whether to interview the prospective nominee; one or more members of the Committee and other directors, as appropriate, may interview the prospective nominee in person or by telephone. After completing this evaluation, the Committee concludes whether to make a recommendation to the full Board for its consideration.

* * *

For DuPont's 2013 Annual Meeting, the Committee will consider nominations submitted by stockholders of record and received by the Corporate Secretary by December 3, 2012.

Use of Non-GAAP Measures

We believe that certain non-GAAP measurements are meaningful because they provide insight with respect to ongoing operating results of the Company. Such measurements are not recognized in accordance with generally accepted accounting principles (GAAP) and should not be viewed as an alternative to GAAP measures of performance. Reconciliations of non-GAAP measures to GAAP are provided below.

- (c) Third quarter 2011 included charges related to the Danisco acquisition of \$(171). These charges included \$(135) recorded in Cost of goods sold and other operating charges for \$(3) of transaction costs and a \$(132) charge related to the fair value step-up of inventories that were acquired from Danisco and sold in the third quarter 2011. These charges also included a \$(36) restructuring charge recorded in Employee separation / asset related charges, net related to severance and related benefit costs. Pre-tax charges by segment were: Industrial Biosciences \$(61), Nutrition & Health \$(89), Other \$(18), and Corporate expenses \$(3).
- (d) Third quarter and fourth quarter 2011 included charges of \$(75) and \$(100), respectively, recorded in Cost of goods sold and other operating charges associated with the Company's process to fairly resolve claims associated with the use of Imprelis® herbicide. The Company will continue to evaluate reported claim damage as additional information becomes available, which could result in future charges that cannot be reasonably estimated at this time; the Company intends to seek recovery from its insurance carriers for costs associated with this matter in excess of \$100. This matter relates to the Agriculture segment.
- (e) Third quarter 2011 and fourth quarter 2010 each included a \$(50) charge recorded in Research and development expense in connection with payments associated with a Pioneer licensing agreement.
- (f) Fourth quarter 2011 included a pre-tax gain of \$49 recorded in Other income, net associated with the sale of a business in the Performance Materials segment and a related tax benefit of \$73.
- (g) Fourth quarter 2011 included a \$(14) restructuring charge recorded in Employee separation/asset related charges, net primarily related to severance and related benefit costs associated with the Danisco acquisition, partially offset by a reversal of prior year restructuring accruals. Pre-tax charges by segment were: Industrial Biosciences \$(1), Nutrition & Health \$(4), Performance Coatings \$3, Performance Materials \$(2), and Other \$(10). Fourth quarter 2010 included a net reduction of \$34 for estimated costs recorded in Employee separation/asset related charges, net related to the 2008 and 2009 restructuring programs primarily due to the achievement of work force reductions through non-severance programs. Total pre-tax amounts by segment were: Electronics and Communications \$8, Performance Chemicals \$10, Performance Coatings \$(6), Performance Materials \$16, Safety & Protection \$5, and Other \$1.
- (h) Fourth quarter 2010 included a \$(179) charge recorded in Interest expense associated with the early extinguishment of debt.
- (i) Fourth quarter 2010 included a \$39 benefit for the reversal of a tax valuation allowance related to the net deferred tax assets of a foreign subsidiary.
- (j) Earnings per share for the year do not equal the sum of quarterly earnings per share due to changes in average share calculations.
