Dear Shareholder:

You are cordially invited to attend our Annual General Meeting of Shareholders, which will be held on Friday, May 25, 2012 at 10:00 a.m., Eastern time, at the Sofitel Hotel, 45 West 44th Street, in New York City.

The proxy statement contains important information about the Annual General Meeting, the proposals we will consider and how you can vote your shares.

This year, we are using the Securities and Exchange Commission's Notice and Access method to provide proxy materials via the Internet to some of our shareholders. We believe that this process provides shareholders with a convenient method to access the proxy materials and vote, while allowing us to conserve natural resources and reduce the costs of printing and distributing the proxy materials. We will mail to many of our shareholders a Notice of Internet Availability of Proxy Materials containing instructions on how to access our proxy statement and 2011 annual report and vote electronically via the Internet. This Notice will also contain instructions on how to receive a paper copy of your proxy materials. All shareholders who do not receive a Notice will receive a paper copy of the proxy materials by mail or an electronic copy of the proxy materials by email.

Your vote is very important to us. We encourage you to vote as soon as possible, regardless of whether you will attend the Annual General Meeting. This will help us ensure that your vote is represented at the Annual General Meeting.

On behalf of the Board of Directors and the management of Bunge, I extend our appreciation for your investment in Bunge. We look forward to seeing you at the Annual General Meeting.

Alberto Weisser

**NOTICE OF
ANNUAL GENERAL MEETING OF SHAREHOLDERS**

Bunge Limited's 2012 Annual General Meeting of Shareholders will be held on May 25, 2012 at 10:00 a.m., Eastern time, at the Sofitel Hotel, 45 West 44th Street, in New York City. At the Annual General Meeting, we will discuss and you will vote on the following proposals:

Proposal 1 the election of the two directors named in the proxy statement to our Board of Directors;

Proposal 2 the appointment of Deloitte & Touche LLP as our independent auditors for the fiscal year ending December 31, 2012 and the authorization of the Audit Committee of the Board of Directors to determine the independent auditors' fees; and

Proposal 3 to approve a non-binding advisory vote on the compensation of our named executive officers.

Shareholders will also consider and act on such other matters as may properly come before the meeting or any adjournments or postponements thereof.

These matters are more fully described in the enclosed proxy statement. We will also present at the Annual General Meeting the consolidated financial statements and independent auditors' reports for the fiscal year ended December 31, 2011, copies of which can be found in our 2011 Annual Report that accompanies this notice.

March 30, 2012 is the record date for determining which shareholders are entitled to notice of, and to vote at, the Annual General Meeting and at any subsequent adjournments or postponements. The share register will not be closed between the record date and the date of the Annual General Meeting.

Your vote is very important. Whether or not you plan to attend the Annual General Meeting in person, please promptly vote by mail, Internet or telephone so that your shares will be represented at the Annual General Meeting.

You will be required to bring certain documents with you to be admitted to the Annual General Meeting. Please read carefully the sections in the proxy statement on attending and voting at the Annual General Meeting to ensure that you comply with these requirements.

By order of the Board of Directors.

THE ANNUAL GENERAL MEETING**

Questions and Answers About Voting Your Common Shares

Why did I receive this Proxy Statement?

Bunge has furnished these proxy materials to you because Bunge's Board of Directors is soliciting your proxy to vote at the Annual General Meeting of Shareholders on May 25, 2012. This proxy statement contains information about the items being voted on at the Annual General Meeting and important information about Bunge. Bunge's 2011 Annual Report, which includes Bunge's 2011 Annual Report on Form 10-K, is also being furnished together with this proxy statement. If you received printed versions of these materials by mail, these materials also include the proxy card or voting instruction form for the Annual General Meeting. Bunge is making its proxy materials first available to shareholders on or about April 10, 2012.

Bunge has sent these materials to each person who is registered as a holder of its common shares in its register of shareholders (such owners are often referred to as "holders of record" or "registered holders") as of the close of business on March 30, 2012, the record date for the Annual General Meeting.

Bunge has requested that banks, brokerage firms and other nominees who hold Bunge common shares on behalf of the owners of the common shares (such owners are often referred to as "beneficial shareholders" or "street name holders") as of the close of business on March 30, 2012 forward either a Notice or a printed copy of these materials, together with a proxy card or voting instruction form, to those beneficial shareholders. Bunge has agreed to pay the reasonable expenses of the banks, brokerage firms and other nominees for forwarding these materials.

Finally, Bunge has provided for these materials to be sent to persons who have interests in Bunge common shares through participation in the company share funds of the Bunge Retirement Savings Plan, the Bunge Savings Plan and the Bunge Savings Plan Supplement A. Although these persons are not eligible to vote directly at the Annual General Meeting, they may, however, instruct the trustees of the plans on how to vote the common shares represented by their interests. The enclosed proxy card will also serve as voting instructions for the trustees of the plans. If you do not provide voting instructions for shares held for you in any of these plans, the trustees will vote these shares in the same ratio as the shares for which voting instructions are provided.

Shareholders who owned our common shares as of the close of business on the record date for the Annual General Meeting are entitled to attend and vote at the Annual General Meeting and adjournments or postponements of the Annual General Meeting. A poll will be taken on each proposal to be put to the Annual General Meeting.

Table of Contents

What is Notice and Access and why did Bunge elect to use it?

As permitted by regulations of the Securities and Exchange Commission, Notice and Access provides companies with the ability to make proxy materials available to shareholders electronically via the Internet. Bunge has elected to provide some of our shareholders with a Notice of Internet Availability of Proxy Materials ("Notice") instead of receiving a full set of printed proxy materials in the mail. The Notice is a document that provides instructions regarding how to:

view our proxy materials on the Internet;

vote your shares; and

request printed copies of these materials, including the proxy card or voting instruction form.

On or about April 10, 2012, we began mailing the Notice to certain beneficial shareholders and posted our proxy materials on the website referenced in the Notice. See "Notice of Internet Availability of Proxy Materials" in this proxy statement for more information about where to view our proxy materials on the Internet.

As more fully described in the Notice, shareholders who received the Notice may choose to access our proxy materials on the website referenced in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. The selected delivery choice will remain in effect until changed by the shareholder. If you have previously elected to receive our proxy materials electronically, you will continue to receive access to those materials by email unless you elect otherwise.

How many votes do I have?

Every holder of a common share will be entitled to one vote per share for the election of each director and to one vote per share on each other matter presented at the Annual General Meeting. On March 30, 2012, there were 145,907,590 common shares issued and outstanding and entitled to vote at the Annual General Meeting.

What proposals are being presented at the Annual General Meeting?

Bunge intends to present proposals numbered one through three for shareholder consideration and voting at the Annual General Meeting. These proposals are:

the election of the two directors named in this proxy statement;

the appointment of Deloitte & Touche LLP as our independent auditors and authorization of the Audit Committee of the Board to determine the auditors' fees; and

to approve a non-binding advisory vote on the compensation of our named executive officers.

Table of Contents

Other than the matters set forth in this proxy statement and matters incidental to the conduct of the Annual General Meeting, Bunge does not know of any business or proposals to be considered at the Annual General Meeting. If any other business is proposed and properly presented at the Annual General Meeting, the proxies received from our shareholders give the proxy holders the authority to vote on the matter at their discretion.

How do I attend the Annual General Meeting?

For admission to the Annual General Meeting, shareholders of record should bring the admission ticket attached to the enclosed proxy card, as well as a form of photo identification, to the shareholders' check-in area, where their ownership will be verified. Those who have beneficial ownership of common shares held by a bank, brokerage firm or other nominee must bring account statements or letters from their banks or brokers showing that they own Bunge common shares, together with a form of photo identification. Registration will begin at 9:00 a.m., Eastern Time, and the Annual General Meeting will begin at 10:00 a.m., Eastern Time.

How do I vote?

You can exercise your vote in the following ways:

By Telephone or the Internet: If you are a shareholder of record, you may appoint your proxy by telephone, or electronically through the Internet, by following the instructions on your proxy card. If you are a beneficial shareholder, please follow the instructions on your Notice or voting instruction form.

By Mail: If you are a shareholder of record, you can appoint your proxy by marking, dating and signing your proxy card and returning it by mail in the enclosed postage-paid envelope. If you are a beneficial shareholder and received or requested printed copies of the proxy materials, you can vote by following the instructions on your voting instruction form.

At the Annual General Meeting: If you are planning to attend the Annual General Meeting and wish to vote your common shares in person, we will give you a ballot at the meeting. Shareholders who own their common shares in street name are not able to vote at the Annual General Meeting unless they have a proxy, executed in their favor, from the holder of record of their shares. You must bring this additional proxy to the Annual General Meeting.

Your vote is very important. Even if you plan to be present at the Annual General Meeting, we encourage you to vote as soon as possible.

What if I return my proxy card but do not mark it to show how I am voting?

If you sign and return your proxy card or voting instruction form but do not indicate instructions for voting, your common shares will be voted "FOR" each of proposals 1, 2 and 3. With respect to any other matter which may properly come before the Annual General Meeting, your common shares will be voted at the discretion of the proxy holders.

Table of Contents

May I change or revoke my proxy?

You may change or revoke your proxy at any time before it is exercised in one of four ways:

Notify our Secretary in writing at the address provided below before the Annual General Meeting that you are revoking your proxy;

Use the telephone or the Internet to change your proxy;

Submit another proxy card (or voting instruction form if you hold your common shares in street name) with a later date; or

If you are a holder of record, or a beneficial holder with a proxy from the holder of record, vote in person at the Annual General Meeting.

You may not revoke a proxy simply by attending the Annual General Meeting. To revoke a proxy, you must take one of the actions described above. Any written notice of revocation must be sent to the attention of our Secretary at 50 Main Street, White Plains, New York 10606, U.S.A., or by facsimile to (914) 684-3497.

What does it mean if I receive more than one Notice or set of proxy materials?

It means you have multiple accounts at the transfer agent and/or with banks and stock brokers. Please vote all of your common shares. Beneficial shareholders sharing an address who are receiving multiple Notices or copies of proxy materials will need to contact their broker, bank or other nominee to request that only a single copy of each document be mailed to all shareholders at the shared address in the future. In addition, if you are the beneficial owner, but not the record holder, of Bunge's common shares, your broker, bank or other nominee may deliver only one copy of the Notice or proxy materials to multiple shareholders who share an address unless that nominee has received contrary instructions from one or more of the shareholders. Bunge will deliver promptly, upon written or oral request, a separate copy of the Notice, proxy statement or 2011 Annual Report to a shareholder at a shared address to which a single copy of the documents was delivered. Shareholders who wish to receive a separate copy of these documents should submit their request to Bunge's Investor Relations department by telephone at (914) 684-2800 or by submitting a written request to 50 Main Street, White Plains, New York 10606, U.S.A., Attention: Investor Relations.

Can I receive future proxy materials electronically?

Shareholders can help us conserve natural resources and reduce the cost of printing and mailing proxy statements and annual reports by opting to receive future mailings electronically. To enroll, please visit our website at www.bunge.com, click on the "Investors Shareholder Info & Services-Electronic Delivery Enrollment" links and follow the instructions provided.

Table of Contents

What constitutes a quorum?

The presence at the start of the Annual General Meeting of at least two persons representing, in person or by proxy, more than one-half of our outstanding common shares will constitute a quorum for the transaction of business.

What vote is required in order to approve each proposal?

The affirmative vote of a majority of the votes cast is required to elect each of the nominees for director (Proposal 1) and to appoint our independent auditors (Proposal 2).

As this is an uncontested election, any nominee for director who receives a greater number of votes "against" his or her election than votes "for" such election will not be elected to the Board and the position on the Board that would have been filled by the director nominee will become vacant.

The affirmative vote of a majority of the votes cast is required to adopt the non-binding resolution approving the compensation of our named executive officers (Proposal 3).

Proposal 3 is an advisory vote only and, as discussed in more detail in "Proposal 3 Advisory Vote to Approve Named Executive Officer Compensation," the voting result is not binding on us. However, although the advisory vote on Proposal 3 is non-binding, our Board will review the results of the vote and will take them into account in considering the compensation of our executive officers.

Pursuant to Bermuda law, (i) common shares which are represented by "broker non-votes" (i.e., common shares held by brokers which are represented at the Annual General Meeting but with respect to which the broker is not empowered to vote on a particular proposal) and (ii) common shares represented at the Annual General Meeting which abstain from voting on any matter are not included in the determination of the common shares voting on such matter, but are counted for quorum purposes.

Due to recent amendments to the New York Stock Exchange ("NYSE") rules, if you do not submit specific voting instructions to your broker, your broker will not have the ability to vote your common shares in connection with Proposals 1 and 3. Accordingly, if your common shares are held in street name and you do not submit voting instructions to your broker, your common shares will be treated as broker non-votes for these proposals and will not be counted in determining the outcome.

How will voting on any other business be conducted?

Other than the matters set forth in this proxy statement and matters incident to the conduct of the Annual General Meeting, we do not know of any business or proposals to be considered at the Annual General Meeting. If any other business is properly proposed and presented at the Annual General Meeting, the proxies received from our shareholders give the proxy holders the authority to vote on the matter according to their best judgment.

Who will count the votes?

Computershare Investor Services, LLC will act as the inspector of election and will tabulate the votes.

Table of Contents

Deadline for Appointment of Proxies by Telephone or the Internet or Returning Your Proxy Card

Bunge shareholders should complete and return the proxy card as soon as possible. To be valid, your proxy card must be completed in accordance with the instructions on it and received by us **no later than 11:59 p.m., Eastern Time, on May 24, 2012**. If you appoint your proxy by telephone or the Internet, we must receive your appointment **no later than 11:59 p.m., Eastern Time, on May 24, 2012**. If you participate in the Bunge share funds of the Bunge Retirement Savings Plan, the Bunge Savings Plan and the Bunge Savings Plan Supplement A, you must also submit your voting instructions by this deadline in order to allow the plan trustees time to receive your voting instructions and vote on behalf of the plans. If your common shares are held in street name and you are voting by mail, you should return your voting instruction form in accordance with the instructions on that form or as provided by the bank, brokerage firm or other nominee who holds Bunge common shares on your behalf.

Solicitation of Proxies

We will bear the cost of the solicitation of proxies, including the preparation, printing and mailing of proxy materials and the Notice. We will furnish copies of these proxy materials to banks, brokers, fiduciaries and custodians holding shares in their names on behalf of beneficial owners so that they may forward these proxy materials to our beneficial owners.

We have retained Innisfree M&A Incorporated to assist us in the distribution of the proxy materials and to act as proxy solicitor for the Annual General Meeting for a fee of \$12,500 plus reasonable out-of-pocket expenses. In addition, we may supplement the original solicitation of proxies by mail with solicitation by telephone, telegram and other means by our directors, officers and/or other employees. We will not pay any additional compensation to these individuals for any such services.

Table of Contents**CORPORATE GOVERNANCE****Board Composition and Independence**

Our Board currently consists of eleven directors and is divided into three classes that are, as nearly as possible, of equal number. Each class of directors is elected for a three-year term of office, and the terms are staggered so that the term of only one class of directors expires at each annual general meeting. Bunge's bye-laws provide that no more than two directors may be employed by Bunge or any of its subsidiaries.

The Board is composed of a substantial majority of independent directors. In accordance with the listing standards of the NYSE, to be considered independent, a director must have no material relationship with Bunge directly or as a partner, shareholder or officer of an organization that has a relationship with Bunge. The Board annually reviews commercial and other relationships between directors or members of their immediate families and Bunge, including those reported below and under "Certain Relationships and Related Party Transactions," in order to make a determination regarding the independence of each director. To assist it in making these determinations, the Board has adopted categorical standards of director independence which are set forth in Annex A to our Corporate Governance Guidelines, which are included as Appendix A to this proxy statement and are also available through the "Investors Corporate Governance" section of our website, www.bunge.com.

As a result of this review, the Board has determined that the following directors are independent: Messrs. Bachrach, Boilini, Born, Coppinger, de La Tour d'Auvergne Lauraguais, Engels, Hackett, Lupo and Pillard. In making its independence determinations, the Board broadly considers all relevant facts and circumstances, including that in the normal course of business, purchase and sale and other commercial and charitable transactions or relationships may occur between Bunge and other companies or organizations with which some of our directors or their immediate family members are affiliated. Mr. Weisser is not considered an independent director due to his position as an executive officer of Bunge. Mr. Caraballo is not considered an independent director as ordinary course agricultural commodity sales to, and fertilizer purchases from, Bunge made by a company owned and controlled by one of Mr. Caraballo's immediate family members exceeded the thresholds set forth in the categorical standards and NYSE listing standards within the last three years. See "Certain Relationships and Related Party Transactions" for more information.

The following table includes a description of categories or types of transactions or relationships considered by the Board in reaching its determination that the above-mentioned directors are independent:

Name	Transactions/Relationships
Jorge Born, Jr.	Charitable organization relationships
Bernard de La Tour d'Auvergne Lauraguais	Charitable organization relationships
Larry Pillard	Business relationships

In determining that the above-referenced directors are independent, the Board considered transactions during 2011 between Bunge and a company with which Mr. Pillard is affiliated as an executive officer and determined that the amount of business between Bunge and this company fell below the thresholds in Bunge's categorical standards of director independence and were made in the ordinary course of business on arms' length terms. The Board considered transactions during 2011 between Bunge and charitable organizations with which Mr. Born and immediate family members of Mr. Born and Mr. de La Tour d'Auvergne Lauraguais are affiliated as directors and determined that the directors did not have a material direct or indirect interest in the transactions. The Board also considered that Bunge made donations in 2011 to a charitable organization with which Mr. Born and immediate family members of Mr. Born and Mr. de La Tour d'Auvergne Lauraguais are affiliated as

Table of Contents

directors and determined that the amount of the charitable contributions fell below the thresholds in Bunge's categorical standards of director independence. Additionally, the Board considered the transactions with Mutual Investment Limited described under "Certain Relationships and Related Party Transactions" and determined these relationships do not impair the independence of Messrs. de La Tour d'Auvergne Lauraguais, Coppinger and Engels.

Board Leadership Structure

Alberto Weisser currently serves as both Chairman of the Board and Chief Executive Officer of our company. Our Board believes that it is currently in the best interests of Bunge and its shareholders for Mr. Weisser to serve in both capacities in order to provide unified leadership and direction.

Our Board believes that Board independence and oversight of management are effectively maintained through the Board's composition characterized by a substantial majority of independent directors and Board committees that are comprised entirely of independent directors. As a result, independent directors oversee critical matters, including the integrity of our financial statements, the evaluation and compensation of executive management, the selection of directors, Board performance and our risk management practices. In addition, our Board has designated a Lead Independent Director with significant responsibilities as set forth in our Corporate Governance Guidelines. These responsibilities include:

presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the non-management directors;

calling meetings of the non-management directors;

facilitating communication between the non-management directors and the Chairman; and

reviewing and advising the Chairman with respect to the agenda and schedule for meetings of the Board.

Although annually elected, the Lead Independent Director is generally expected to serve for more than one year in order to provide consistency and continuity. The Lead Independent Director also serves as Deputy Chairman of our Board, a position mandated in our bye-laws. L. Patrick Lupo has served as our Lead Independent Director since the establishment of the position in August 2010. Our Board recognizes that there might be circumstances under which the best interests of our company and its shareholders would require the separation of the offices of Chairman and Chief Executive Officer, and our Board retains the flexibility to separate the offices should that be deemed appropriate.

Board Meetings and Committees

The Board normally has five regularly scheduled meetings per year and committee meetings are normally held in conjunction with Board meetings. Our Board met 11 times in 2011. All incumbent directors attended at least 75% of the combined Board and committee meetings on which they served during the last fiscal year.

Our bye-laws give our Board the authority to delegate its powers to committees appointed by the Board. We have four standing Board committees: the Audit Committee, the Compensation Committee, the Finance and Risk Policy Committee and the Corporate Governance and Nominations Committee, each comprised entirely of non-employee directors determined to be independent under the listing standards of the NYSE and our Board's categorical standards of director independence. Each of these committees is authorized and assured of appropriate funding to retain and consult with external advisors and counsel. Our committees are required to conduct meetings and take action in accordance with the directions of the Board, the provisions of our bye-laws and the terms of their respective committee charters. Each committee has the power under its charter to sub delegate the authority and

duties designated in its charter to subcommittees or individual members of the committee as it deems appropriate, unless prohibited by law, regulation or any NYSE listing standard. Copies of all our committee charters are available on our website, www.bunge.com. Please note that the information contained in or connected to our website is not intended to be part of this proxy statement.

Audit Committee. Pursuant to its charter, our Audit Committee assists the Board in fulfilling its responsibility for oversight of:

the quality and integrity of our financial statements and related disclosure;

our compliance with legal and regulatory requirements;

the independent auditor's qualifications, independence and performance; and

the performance of our internal audit and control functions.

Please see the Audit Committee Report included in this proxy statement for information about our 2011 fiscal year audit. The Audit Committee met 12 times in 2011. The Audit Committee meets separately with our independent auditor and also in executive sessions with members of management and our director of internal audit from time to time as deemed appropriate by the committee. Additionally, the Audit Committee periodically meets in executive sessions at which only the Audit Committee members are in attendance, without any members of our management present. The members of our Audit Committee are Messrs. Bachrach, Boilini, Coppinger, de La Tour d'Auvergne Lauraguais (chairman), Engels and Hackett. Each of the members of the Audit Committee is independent under the Sarbanes Oxley Act of 2002 and the listing standards of the NYSE. Our Board has determined that each of Mr. de La Tour d'Auvergne Lauraguais, Mr. Bachrach, Mr. Boilini, Mr. Engels and Mr. Hackett qualifies as an audit committee financial expert. In accordance with our Audit Committee charter, no committee member may simultaneously serve on the audit committees of more than two other public companies without the prior approval of the Board.

Compensation Committee. Our Compensation Committee designs, reviews and oversees Bunge's executive compensation program. Under its charter, the committee, among other things:

reviews and approves corporate goals and objectives relevant to the compensation of our Chief Executive Officer (CEO), evaluates the performance of the CEO in light of these goals and objectives and sets the CEO's compensation based on this evaluation;

reviews the evaluations of the direct reports to the CEO and approves and oversees the total compensation packages for the direct reports to the CEO, including annual base salaries, performance based cash bonuses, long-term equity based compensation and any prerequisites that may be given;

reviews and makes recommendations to the Board regarding our incentive compensation plans, including our equity incentive plans, and administers and interprets our equity incentive plans;

makes recommendations to the Board on director compensation; and

periodically reviews our management succession program for senior executive positions and ensures that the Board is informed of its status.

Pursuant to its charter, the Compensation Committee is empowered to hire outside advisors as it deems appropriate to assist it in the performance of its duties. The Compensation Committee has sole authority to retain or terminate any such compensation consultants or advisors and to approve their fees. For additional information on the Compensation Committee's role, its use of outside advisors and their roles, as well as the committee's processes and procedures for the consideration and determination of executive compensation, see "Executive Compensation Compensation Discussion and Analysis" beginning on page 22 of this proxy statement.

The Compensation Committee met five times in 2011. The members of our Compensation Committee are Messrs. Bachrach, Coppinger, Hackett and Lupo (chairman). Each of the members of the Compensation Committee is independent under the listing standards of the NYSE.

Corporate Governance and Nominations Committee. Our Corporate Governance and Nominations Committee is responsible for, among other things:

monitoring, advising and making recommendations to the Board with respect to the law and practice of corporate governance and the duties and responsibilities of directors of public companies, as well as overseeing our corporate governance initiatives and related policies;

leading the Board in its annual performance evaluation and establishing criteria for the self-evaluations of each Board committee;

identifying and recommending to the Board nominees for election or re-election to the Board, or for appointment to fill any vacancy that is anticipated or has arisen on the Board (see "Nomination of Directors" for more information);

reviewing and making recommendations to the Board regarding director independence; and

overseeing our related person transaction policies and procedures.

The Corporate Governance and Nominations Committee met five times in 2011. The members of our Corporate Governance and Nominations Committee are Messrs. Born, de La Tour d'Auvergne Lauraguais, Engels, Lupo and Pillard (chairman). Each of the members of the Corporate Governance and Nominations Committee is independent under the listing standards of the NYSE.

Finance and Risk Policy Committee. Our Finance and Risk Policy Committee ("FRPC") is responsible for supervising the quality and integrity of our financial and risk management practices. As further described below, the FRPC reviews and updates our risk management policies and risk limits on a periodic basis and advises our Board on financial and risk management practices. The FRPC met five times in 2011. The members of the FRPC are Messrs. Boilini (chairman), Born, de La Tour d'Auvergne Lauraguais, Engels and Pillard.

Risk Oversight

Our Board of Directors oversees management's approach to risk management, which is designed to support the achievement of our strategic objectives and enhance shareholder value. For the Board, fundamental aspects of its risk management oversight activities include:

understanding the key drivers of success for our businesses and the associated major risks inherent in our operations and corporate strategy;

crafting the right Board for our company, including establishing an appropriate committee structure to carry out its oversight responsibilities effectively; and

overseeing that appropriate risk management and control procedures are implemented by management and developing and maintaining an open, ongoing dialogue with management about major risks facing the company.

Our Board has considered the most effective organizational structure to appropriately oversee major risks for our company. It has established a dedicated Board committee, the FRPC, which enables greater focus at the Board level on risk oversight tailored to our business and industries. The FRPC has responsibility for oversight of the quality and integrity of our financial and risk management practices, which includes oversight of the following key risk areas: commodities risk, foreign exchange risk, interest rate and liquidity risk, credit and counterparty risk, country risk, derivatives risk, capital structure and approval of corporate risk policies and limits associated with the company's risk appetite.

Table of Contents

The FRPC meets regularly with our CEO, CFO, chief risk officer, treasurer and other members of senior management to receive regular updates on our risk profile and risk management activities.

Additionally, each of our other Board committees considers risks within its area of responsibility. Our Audit Committee focuses on various aspects of risk oversight, including the financial reporting process, adequacy of our internal controls and the impact of risk and risk management strategies on our financial statements. The Audit Committee receives an annual risk assessment briefing from our director of internal audit, as well as periodic update briefings, and reviews and approves the annual internal audit plan that is designed to prioritize and address the identified risks. The Audit Committee also reviews key risk considerations relating to the annual audit with our independent auditors and assists the Board in fulfilling its oversight responsibility with respect to legal and compliance issues. In developing and overseeing our compensation programs, the Compensation Committee seeks to create incentives that are appropriately balanced and do not motivate employees to take imprudent risks. See "Compensation and Risk" on page 39 of this proxy statement for more information. Our Corporate Governance and Nominations Committee oversees risks related to the company's governance structure and processes. This includes its role in identifying individuals qualified to serve as Board members, and its leadership of the annual Board self-assessment process that is aimed at ensuring that the Board is functioning effectively and is able to meet all of its responsibilities, including with respect to risk oversight. Additionally, this Committee focuses on ensuring the right "tone at the top" of the company through its oversight of our code of ethics.

All of our Board committees regularly report on their activities to the full Board to promote effective coordination and ensure that the entire Board remains apprised of major risks, how those risks may interrelate, and how management addresses those risks.

Corporate Governance Guidelines and Code of Ethics

Our Board has adopted Corporate Governance Guidelines that set forth our corporate governance objectives and policies and, subject to our bye-laws, govern the functioning of the Board. Our Corporate Governance Guidelines are included as Appendix A to this proxy statement and are also available on our website, www.bunge.com.

We also have a code of ethics that sets forth our commitment to ethical business practices. Our code of ethics applies to our directors, officers and employees worldwide, including our Chief Executive Officer and senior financial officers. Our code of ethics is available on our website. We intend to post amendments to and waivers (to the extent applicable to certain officers and our directors) of our code of ethics on our website.

Executive Sessions of Our Board

Our Corporate Governance Guidelines provide that the non-management directors shall meet without management directors at regularly scheduled executive sessions and at such other times as they deem appropriate. Our Board has adopted a policy that the non-management directors will meet without management present at each regularly scheduled Board meeting. In accordance with our Corporate Governance Guidelines, the Lead Independent Director presides over these sessions.

Communications with Our Board

To facilitate the ability of shareholders to communicate with our Board and to facilitate the ability of interested persons to communicate with non-management directors, the Board has established an electronic mailing address and a physical mailing address to which such communications may be sent. Additional information on the electronic mailing address and the physical mailing address is available on our website through the "Investors Corporate Governance" section.

Table of Contents

Communications sent to the electronic mailing or physical mailing addresses are initially directed to our legal department, where they are screened to eliminate communications that are merely solicitations for products and services, items of a personal nature not relevant to us or our shareholders and other matters that are improper or irrelevant to the functioning of the Board or Bunge. All other communications are forwarded to the relevant director, if addressed to an individual director or a committee chairman, or to the members of the Corporate Governance and Nominations Committee if no particular addressee is specified.

In addition, it is the policy of our Board that our directors attend each annual general meeting of shareholders. In 2011, all of our then serving directors, other than Mr. Coppinger, attended our 2011 Annual General Meeting.

Nomination of Directors

As provided in its charter, the Corporate Governance and Nominations Committee will identify and recommend to the Board nominees for election or re-election to the Board and will consider nominees submitted by shareholders. The Corporate Governance and Nominations Committee, in its commitment to our Corporate Governance Guidelines, strives to nominate director candidates who exhibit high standards of ethics, integrity, commitment and accountability and who are committed to promoting the long-term interests of our shareholders. In addition, all nominations attempt to ensure that the Board shall encompass a range of talent, skill and relevant expertise sufficient to provide sound guidance with respect to our operations and interests. The committee strives to recommend candidates that complement the current members of the Board and other proposed nominees so as to further the objective of having a Board that reflects a diversity of background and experience with the necessary skills to effectively perform the functions of the Board and its committees. In that regard, from time to time, the Corporate Governance and Nominations Committee may identify certain skills or attributes (e.g., extensive global business leadership experience) as being particularly desirable to help meet specific Board needs that have arisen. When the Corporate Governance and Nominations Committee reviews a potential new candidate, it looks specifically at the candidate's qualifications in light of the needs of the Board at that time given the then-current mix of director attributes.

Under the Corporate Governance Guidelines, directors must inform the Chairman of the Board and the Chairman of the Corporate Governance and Nominations Committee in advance of accepting an invitation to serve on another public company board. In addition, no director may sit on the board, or beneficially own more than 1% of the outstanding equity securities, of any of our competitors in our principal lines of business. While the Board has not established any term limits to an individual's membership on the Board, no director having attained the age of 70 will be nominated by the Board for re-election or re-appointment to the Board. Directors eligible for re-election abstain from Board discussions regarding their nomination and from voting on such nomination.

In accordance with our bye-laws, shareholders who wish to propose a director nominee must give written notice to our Secretary at our registered address at 2 Church Street, Hamilton HM 11, Bermuda, not later than 120 days before the first anniversary of the date on which Bunge's proxy statement was distributed to shareholders in connection with the prior year's annual general meeting. If no annual general meeting was held in the prior year or if the date of the annual general meeting has been changed by more than 30 days from the date contemplated in the prior year's proxy statement, the notice must be given before the later of (i) 150 days prior to the contemplated date of the annual general meeting and (ii) the date which is ten days after the date of the first public announcement or other notification of the actual date of the annual general meeting. Where directors are to be elected at a special general meeting, such notice must be given before the later of (i) 120 days before the date of the special general meeting and (ii) the date which is ten days after the date of the first public announcement or other notification of the date of the special general meeting. In each case, the notice must include, as to each person the shareholder proposes to nominate for election or re-election as

Table of Contents

director, all information relating to that person required to be disclosed in solicitations of proxies for election of directors pursuant to Regulation 14A under the Securities Exchange Act of 1934, which includes such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected, and evidence satisfactory to Bunge that such nominee has no interests that would limit such nominee's ability to fulfill their duties of office. Bunge may require any nominee to furnish such other information as reasonably may be required by Bunge to determine the eligibility of such nominee to serve as a director. A shareholder may propose a director nominee to be considered by our shareholders at the annual general meeting provided that the notice provisions in our bye-laws as set forth above are met, even if such director nominee is not nominated by the Corporate Governance and Nominations Committee. A shareholder may also recommend director candidates for consideration by the Corporate Governance and Nominations Committee at any time. Any such recommendations should include the nominee's name and qualifications for Board membership.

In connection with the director nominations process, the Corporate Governance and Nominations Committee may identify candidates through recommendations provided by members of the Board, management, shareholders or other persons, and has also engaged professional search firms to assist in identifying or evaluating qualified candidates. Mr. Hackett, who joined the Board in November 2011, was initially identified as a potential director candidate by a search firm retained by the Corporate Governance and Nominations Committee. The Corporate Governance and Nominations Committee will review and evaluate candidates taking into account available information concerning the candidate, the qualifications for Board membership described above and other factors that it deems relevant. In conducting its review and evaluation, the Committee may solicit the views of other members of the Board, senior management and third parties, conduct interviews of proposed candidates and may also request that candidates meet with other members of the Board. The Committee will evaluate candidates recommended by shareholders in the same manner as candidates recommended by other persons. The Corporate Governance and Nominations Committee has not received any nominations for director from shareholders for the 2012 Annual General Meeting of Shareholders.

**PROPOSAL 1
ELECTION OF DIRECTORS**

Election of Directors

Upon the recommendation of the Corporate Governance and Nominations Committee, each of Messrs. Coppinger and Weisser has been nominated by the Board for election at the 2012 Annual General Meeting. Messrs. Coppinger and Weisser are currently Class II directors, and their terms expire on the day of the 2012 Annual General Meeting. Octavio Caraballo and Larry Pillard are not standing for re-election at the 2012 Annual General Meeting and will retire from the Board when their current terms expire on the date of the 2012 Annual General Meeting, at which point the size of the Board will be reduced to nine members. The Class II directors elected at this Annual General Meeting will serve a term that expires at our 2015 Annual General Meeting. Election of each director requires the affirmative vote of a majority of the votes cast by the holders of common shares represented at the Annual General Meeting in person or by proxy.

The Board believes that its members possess a variety of skills, qualifications and experience that contribute to the Board's ability to oversee our operations and the growth of our business. The following paragraphs set forth information about the nominees and our directors, including the classes into which they have been divided. The nominees for election at the Annual General Meeting are listed first. All of the nominees are current directors of Bunge and we are not aware of any reason why any of the nominees will not be able to serve if elected.

Class II Nominees

Francis Coppinger, 61

Mr. Coppinger has been a member of our Board since 2001. Until March 2006, he was Chief Executive Officer of Publicité Internationale Intermedia Plc (PII), a joint venture he established with the Michelin Group in December 1992 which coordinates the media activities of the Michelin Group in Europe. Mr. Coppinger sold his interest in PII to the Michelin Group in January 2006. Prior to his career with PII, Mr. Coppinger held a number of senior executive positions, including General Manager and Chairman, with Intermedia S.A., a media buying agency based in Paris. He is a member of the board of directors of Intermedia. Since 2010, he has served on the board of Mutual Investment Limited. Mr. Coppinger holds a Bachelors degree in Economics from the University of Paris and attended the Institut d'Etudes Politiques de Paris. Having founded a media company, he brings an entrepreneurial perspective to the Board, as well as marketing and strategic expertise. Mr. Coppinger also brings an international business and board perspective to the Board.

Additionally, his insights into global financial markets, monetary policy and banking operations, as well as his status as an audit committee financial expert provide valuable insights and skills to our Board.

RECOMMENDATION OF THE BOARD

Our Board recommends that you vote **FOR** the election of each of Messrs. Coppinger and Weisser to our Board as Class II Directors for a term ending at our 2015 Annual General Meeting.

Table of Contents**DIRECTOR COMPENSATION**

Our compensation program for non-employee directors is designed to enable us to attract, retain and motivate highly qualified directors to serve on our Board. It is also intended to further align the interests of our directors with those of our shareholders. Annual compensation for our non-employee directors in 2011 was comprised of a mix of cash and equity based compensation. The Compensation Committee periodically receives reports on the status of Board compensation for non-employee directors from its independent compensation consultant and is responsible for recommending to the Board changes in director compensation.

Director Compensation Table

The following table sets forth the compensation for non-employee directors who served on our Board during the fiscal year ended December 31, 2011.

(2) Each of the non-employee directors then serving on the Board on the date of Bunge's annual meeting received an annual grant of 1,670 restricted stock units on May 27, 2011. Restricted stock units vest in full on the third anniversary of the grant date, provided the director continues to serve on the Board until such date. In connection with Mr. Hackett's appointment to the Board, he received a grant of 3,450 restricted stock units on November 1, 2011, which vest in full on November 1, 2014, provided he continues to serve on the Board until such date. The closing price of Bunge's common shares on the NYSE on May 27, 2011 was \$74.04 and on November 1, 2011 was \$61.01.

The amounts shown reflect the full grant date fair value of the award for financial reporting purposes in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718 ("ASC Topic 718") (without any reduction for risk of forfeiture) as determined based on applying the assumptions used in Bunge's financial statements. See Note 25 to the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2011 regarding assumptions underlying the valuation of equity awards. The aggregate number of restricted stock units outstanding for each non-employee director, excluding Mr. Hackett, as of December 31, 2011 was 5,560. Mr. Hackett held 3,450 restricted stock units as

Table of Contents

of December 31, 2011. The number of outstanding restricted stock units includes grants made in 2011 but excludes dividend equivalents.

The value of the outstanding restricted stock units held by each non-employee director, excluding Mr. Hackett, as of December 31, 2011 was \$318,032, based on the closing price of Bunge's common shares on the NYSE on December 30, 2011 (\$57.20). The value of Mr. Hackett's outstanding restricted stock units as of December 31, 2011 was \$197,340.

The aggregate number of stock options held by each director as of December 31, 2011 was for Messrs. Bachrach, Boilini, Born, Caraballo, Coppinger and de la Tour d'Auvergne Lauraguais 32,600; for Mr. Engels 18,200, and for Messrs. Lupo and Pillard, 13,000. Mr. Hackett did not receive a stock option grant upon joining the Board.

Directors' Fees. Non-employee directors received the following fees in 2011: (i) an annual retainer fee of \$75,000; (ii) a fee of \$15,000 for service as committee chair on any committee, except for the Chair of the Audit Committee, who receives \$20,000 per year for his services due to the added workload and responsibilities of this committee; (iii) members of the Audit Committee each receive \$10,000 per year for their services due to the added workload and responsibilities of this committee; and (iv) a supplemental annual retainer of \$20,000 for the Board's Lead Independent Director. No fees are paid for service as a member of any other Board committee. In addition, although directors do not receive an annual Board or committee meeting attendance fee, if the Board and/or a committee meets in excess of ten times in a given year, each director receives a fee of \$1,000 for each additional meeting attended.

Bunge also reimburses non-employee directors for reasonable expenses incurred by them in attending Board meetings, committee meetings and shareholder meetings. Bunge provides Mr. de La Tour d'Auvergne Lauraguais with office accommodations, communications services and secretarial services to facilitate the fulfillment of his role as chairman of the Audit Committee.

2007 Non-Employee Directors Equity Incentive Plan. The 2007 Non-Employee Directors Equity Incentive Plan, adopted in 2007, provides for (i) an annual equity award to each continuing non-employee director as of the date of Bunge's annual general meeting of shareholders and (ii) an equity award upon a new non-employee director's initial election or appointment to the Board, which includes a *pro rata* portion of the award made to non-executive directors generally on the immediately preceding date of grant. In each case, the value, type and terms of such awards shall be approved by the Board based on the recommendation of the Compensation Committee. Bunge may grant non-qualified stock options, shares of restricted stock, restricted stock units and deferred restricted stock units under the 2007 Non-Employee Directors Equity Incentive Plan. Deferred restricted stock units become vested on or after the first anniversary of the date of grant, provided that the director has continued to serve on the Board until such date. However, upon vesting of any deferred restricted stock units, receipt of such deferred restricted stock units will be automatically deferred for at least an additional two years. Unless otherwise determined by the Compensation Committee, shares of restricted stock and restricted stock units become vested on or after the third anniversary of the date of grant. Unless otherwise determined by the Compensation Committee, stock options granted under the plan become vested and exercisable on or after the third anniversary of the date of grant. Under the plan, the exercise price per share for each stock option is equal to the fair market value of a common share on the option grant date, as provided in the plan. Outstanding stock options remain exercisable for a period of ten years after their grant date.

The 2007 Non-Employee Directors Equity Incentive Plan provides that up to 600,000 common shares may be issued under the plan. As of December 31, 2011, 412,184 shares remain available for issuance under the plan.

Table of Contents

Non-Employee Directors Equity Incentive Plan. The Non-Employee Directors Equity Incentive Plan, adopted in 2001, provides for awards of non-qualified stock options to non-employee directors. Outstanding options remain exercisable for a period of ten years after their grant date. We have granted stock options to purchase an aggregate of 517,500 common shares to our non-employee directors as a group under the Non-Employee Directors Equity Incentive Plan. Effective May 25, 2007, when the 2007 Non-Employee Directors Equity Incentive Plan was approved by our shareholders, no further stock options may be granted under the 2001 Non-Employee Directors Equity Incentive Plan.

Non-Employee Directors Deferred Compensation Plan. Our Deferred Compensation Plan for Non-Employee Directors (the "Non-Employee Directors Deferred Compensation Plan"), a non-tax qualified deferred compensation plan, is designed to provide non-employee directors with an opportunity to elect to defer receipt of all or a portion of their annual cash fees.

Amounts deferred are credited in the form of hypothetical share units that are approximately equal to the fair market value of a Bunge common share on the date that fees are otherwise paid. Participants' deferral accounts will be credited with dividend equivalents, in the form of additional share units, in the event Bunge pays dividends to holders of its common shares. Distributions are made in the form of Bunge common shares or cash, as elected by the participant. Upon a change of control of Bunge, a participant will receive an immediate lump sum distribution of his or her account in cash or Bunge common shares, as determined by the Compensation Committee.

As of January 1, 2009, participants no longer have the option to defer any portion of their annual cash fees pursuant to the Non-Employee Director Deferred Compensation Plan as a result of the adoption of Section 457A of the Internal Revenue Code.

The number of shares underlying hypothetical share units held by our non-employee directors under this plan are shown in the beneficial ownership table on page 58 of this proxy statement.

Non-Employee Director Share Ownership Guidelines. To further align the personal interest of the Board with the interests of our shareholders, the Board has established share ownership guidelines for the minimum amount of common shares that are required to be held by our non-employee directors. These guidelines are required to be met within five years of May 2005 or, if later, from when the non-employee director is initially appointed or elected to the Board. For non-employee directors, the guideline is four times the annual retainer fee paid by Bunge to its non-employee directors. Shares deemed to be owned for purposes of the share ownership guidelines include shares directly owned by the director, shares underlying hypothetical share units held under the Non-Employee Directors Deferred Compensation Plan and 50% of the difference between the exercise price and the fair market value of our common shares for vested, in-the-money stock options. Unvested stock options or restricted stock units do not count toward satisfaction of the guidelines. Furthermore, our non-employee directors are required to hold 100% of the net shares acquired through Bunge's equity incentive plans until the guidelines are met. All non-employee directors have either met their share ownership guidelines or are making satisfactory progress towards their respective ownership guidelines as of December 31, 2011.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Introduction

Bunge Limited's executive compensation program is designed to maintain a strong link between pay and performance. This Compensation Discussion and Analysis provides an overview of our executive compensation program, including:

2011 financial highlights and Committee actions with respect to the executive compensation program;

the general compensation principles and objectives of our executive compensation program;

the material elements of our executive compensation program and the process we use for making executive compensation decisions; and

information about the 2011 compensation earned by the following executive officers (the "Named Executive Officers"):

Alberto Weisser, Chairman and Chief Executive Officer.

Andrew J. Burke, Chief Financial Officer and Global Operational Excellence Officer.

Raul Padilla, Managing Director, Bunge Global Agribusiness and Chief Executive Officer, Bunge Product Lines.

D. Benedict Percy, Managing Director, Sugar and Bioenergy and Chief Development Officer.

Vicente Teixeira, Chief Personnel Officer.

Executive Summary 2011 Overview

2011 Financial Highlights. 2011 was a challenging year for Bunge. Over the course of the year, Bunge was faced with a combination of factors, including weather-related issues affecting our Brazilian sugar operations, challenges with respect to the transition of our Brazilian fertilizer business and significant volatility in global agricultural commodity markets generally. These factors created substantial headwinds for the company.

Despite this challenging operating environment, in 2011 Bunge reported strong results in its agribusiness and food and ingredients segments and continued to make progress on transitioning its fertilizer business to a new blending and distribution model following the sale of Bunge's upstream fertilizer assets in 2010, though volumes were below our targets. Additionally, despite the effects of back-to-back years of poor weather conditions in the Center-South region of Brazil which significantly reduced the amount and quality of sugarcane available for milling, Bunge continued to build its sugar business through expansion of both agricultural operations as well as electricity cogeneration capacity following the acquisition of five sugarcane mills in 2010. Finally, Bunge returned \$125 million of capital to shareholders in 2011 through its share buyback program.

Our management team remained focused on key business goals in 2011 and Bunge showed continued year over year growth in the following key financial benchmarks which we use to evaluate performance for purposes of our incentive compensation plans:

Edgar Filing: Bunge LTD - Form DEF 14A

	2011	2010(1)	Change(%)
Net Income Attributable to Bunge	\$942 million	\$543 million	+73%
Earnings Per Share (EPS)	\$6.07	\$3.47	+75%
Return on Net Assets	7.09%	6.08%	+17%

(1)

2010 results exclude approximately \$2.4 billion pre-tax and \$1.9 billion after-tax gains on the sale of Bunge's Brazilian fertilizer nutrients assets and a \$90 million loss on the extinguishment of debt repaid with a portion of the proceeds of the transaction. A portion of this gain was included for

purposes of calculating 2010 performance under our incentive compensation plans. See "Highlights of Committee Actions in 2011 Exercise of Negative Discretion" for further information.

Notwithstanding the improvements in our financial results described above, Bunge's share price remained relatively flat at the beginning and end of 2011. While share price is influenced by many factors, Bunge's commodity focus has resulted in our share price being correlated with highly volatile commodity markets and thus significantly influenced by global macroeconomic conditions beyond our control, including continuing global economic uncertainty, concerns about the European financial crisis and worries about slowing emerging market growth. While macroeconomic volatility has significantly affected our industry over the past several years, our compensation decisions for 2011 continued to demonstrate our commitment to directly link a significant portion of our executive compensation to Bunge's financial performance both over a one- and three-year period, thus serving the long-term interests of our shareholders by focusing our Named Executive Officers on the fundamentals of our business.

Pay for Performance Assessment. In the course of reviewing our overall executive compensation program, the Compensation Committee (the "Committee") reviewed the relationship between our Chief Executive Officer's compensation and our performance relative to our Peer Group as identified in the "Competitive Market Positioning" section on page 26 below for the three-year period from 2008-2010 (the last year for which complete compensation information is available) to ensure alignment between CEO pay and Bunge's performance. Despite the relatively small number of U.S. publicly traded direct competitors which makes market comparisons more challenging for Bunge, the Committee believes this analysis provides a useful comparative reference.

For purposes of this review, (i) "performance-adjusted total cash realized" is defined as the sum of: current base salary and the three-year average of actual annual incentive awards paid out and (ii) "performance-adjusted total direct realized" compensation is defined as the sum of the following components (using comparable components for the Peer Group):

1. current base salary;
2. three-year average of actual annual incentive awards paid out;
3. for equity awards granted from 2008-2010, the current intrinsic value of full value share awards and the current Black-Scholes value of stock options (for performance-based restricted stock units, the value of the units is assumed at target); and
4. Peer Group analysis excludes Kellogg Company and Sara Lee Corporation due to the short tenure of their chief executive officers.

"Financial performance" is defined as the cumulative compound average growth rate in net income and earnings per share for the 2008-2010 period, and "total shareholder return," or TSR, is defined as stock price appreciation and dividends paid for the period from December 31, 2008 to December 31, 2011.

Based on this analysis, as shown in the chart below, for the 2008-2010 period, our Chief Executive Officer's performance-adjusted total cash realized was at the 73rd percentile against other chief executive officers in the Peer Group while our financial performance was above the 75th percentile of the Peer Group. In addition, we achieved total shareholder return within the same quartile as our Chief Executive Officer's performance-adjusted total direct realized compensation. The Committee

Table of Contents

believes this demonstrates an appropriate relationship between our executive compensation program and company performance.

In reviewing this analysis, it should be noted that Mr. Weisser's base salary has not increased since 2003, with all changes in his compensation over the above periods attributable to variable incentive-based compensation, which is significantly tied to the achievement of key short-term and long-term performance goals. Additionally, relative to the market comparators that the Committee uses to establish executive compensation, increases to Mr. Weisser's compensation have historically been conservative and have positioned him at or below the competitive median in terms of target total direct compensation. This is consistent with the Committee's overall approach to executive compensation as described below in the CD&A.

Highlights of Committee Actions in 2011. Our compensation actions for 2011 generally reflected our operational results discussed above, competitive trends and other factors, including the following:

Exercise of Negative Discretion. In May 2010, we completed the sale of our Brazilian fertilizer nutrients assets to Vale S.A. To balance the competing considerations of rewarding management for realizing significant shareholder value in the sale while also recognizing the special nature of this transaction, the Committee exercised negative discretion to reduce the amount of the gain included in our 2010 financial results for purposes of determining, in part, the achievement of company performance goals for performance-based restricted stock unit awards under our equity incentive plans for the 2008-2010, 2009-2011 and 2010-2012 performance periods. Based on its exercise of negative discretion, the Committee determined that the 2009-2011 performance-based restricted stock unit awards would not pay out any shares because the threshold level of company performance was not achieved. Had the Committee not exercised negative discretion, threshold performance would have been achieved, resulting in a payout for these awards.

Equity Grant Determinations. Equity award target values granted to Named Executive Officers in 2010 were at the same level as equity awards granted to Named Executive Officers in 2008. In granting equity awards in 2011, the Committee determined that, based on a comprehensive analysis of the latest available market data by its compensation consultant, Semler Brossy Consulting Group, LLC, the 2010 equity award target values were below the median of the Comparator Groups and were not competitive with the market. Therefore, the Committee increased the 2011 equity award target values to approximately the median of the Comparator Groups. In keeping with our historical equity grant practices, annual equity award grants in 2011 were divided evenly in value between stock options and performance based restricted stock units, which vest only upon achievement of certain pre-established company financial goals, reflecting the Committee's focus on maintaining a strong link between pay and performance.

Management Base Salaries. Other than Mr. Burke, who received a base salary increase as a result of his promotion to Chief Financial Officer in February 2011, the Committee did not

Edgar Filing: Bunge LTD - Form DEF 14A

Table of Contents

increase the base salaries of the Named Executive Officers. Moreover, as stated above, Mr. Weisser has not received a base salary increase since 2003.

Highlights of Corporate Governance Practices. Bunge's executive compensation is aligned with leading corporate governance practices. Such practices include the following:

Principles and Overall Structure of the Executive Compensation Program. Our executive compensation program consists of elements designed to complement each other and reward achievement of short-term and long-term objectives by linking compensation to key performance goals (both financial and non-financial). A significant portion of total compensation is delivered in the form of equity and the equity incentive program uses a balanced mix of stock options and performance-based restricted stock units to ensure that employees are focused on maximizing long-term shareholder value and financial performance. Additionally, our pay positioning principles target approximately the median of the Comparator Groups for executive compensation, and when competitive compensation levels have moved significantly year-over-year (resulting in below median positioning), the Committee has generally been conservative in increasing executive compensation to deliver median levels of compensation.

Severance and Change of Control Benefits. Severance and change-in-control benefit levels are consistent with competitive levels. Mr. Weisser is the only Named Executive Officer with a change of control arrangement and it requires both a change of control of Bunge and the termination of his employment under certain specified circumstances (a "double-trigger").

Executive Share Ownership Policies. Share ownership guidelines require executive officers to hold a minimum amount of Bunge common shares to further align their interests with those of our shareholders. Bunge has a policy that restricts executive officers from hedging their shares, pledging their shares and using their shares as collateral for margin loans.

Executive Compensation Recoupment Policy. The executive compensation recoupment policy allows the Committee to take such actions as it deems appropriate to "clawback" compensation in the event that an executive officer has engaged in any fraud or misconduct that caused or was a significant contributing factor to a financial restatement.

Compensation Risk Assessment. We seek to assure that our compensation programs establish an appropriate balance between risk and reward in relation to Bunge's overall business strategy. In furtherance of this objective, in 2011 the Committee conducted an updated risk assessment of our compensation programs. Based on the Committee's review of this risk assessment, it determined that our compensation programs are appropriately balanced and do not motivate employees to take risks that are reasonably likely to have a material adverse effect on Bunge.

Compensation Principles and Objectives

Our executive compensation program is designed to achieve the following objectives:

support Bunge's business goals by fostering profitable growth and increasing shareholder value;

align the interests of executive officers with the long-term interests of shareholders;

attract, retain and motivate high caliber executive officers; and

pay for performance by linking a significant amount of executive compensation to the achievement of pre-established performance goals and the executive's overall individual contribution to Bunge's growth.

Edgar Filing: Bunge LTD - Form DEF 14A

The program is driven by key performance measures for Bunge in order to motivate our executives (including the Named Executive Officers) to continually improve Bunge's financial performance and increase shareholder value both over the short and long-term.

Our executive compensation program is also designed to provide executives with a mix of cash and equity-based compensation opportunities and a level of benefits intended to be competitive with those companies that Bunge competes with for executive talent, and align executive pay with the objectives of

Table of Contents

the program. Our executive compensation program consists of the following main elements of compensation:

base salary;

annual cash incentive awards;

long-term equity-based incentive awards; and

retirement and executive benefits.

The Committee regularly reviews our executive compensation program to ensure that the program continues to meet its overall objectives.

In 2011, Bunge held its initial shareholder advisory "say-on-pay" vote on the executive compensation program as set forth in the 2011 proxy statement. Over 95% of the votes cast on the say-on-pay proposal were cast in favor of the program. The Committee considered the results of the vote and, in light of the very high degree of shareholder support, concluded that no changes to the program were warranted in response to the vote results. In 2011, the Company also held its initial shareholder advisory vote on the frequency of future say-on-pay votes. Consistent with the recommendation of our Board of Directors, over 90% of the votes cast were cast in favor of holding future say-on-pay votes annually and we intend to hold future say-on-pay votes annually until the next say-on-pay frequency vote, which, in accordance with applicable law, will occur no later than our 2017 Annual General Meeting.

Competitive Market Positioning

Bunge uses various methods to determine the elements of our executive compensation program and review current compensation practices and levels. Our executive compensation program strives to provide a mix of base salary, target annual cash incentive awards and target annual long-term equity-based incentive award values (referred to, in aggregate, as target total direct compensation) that is aligned with the program's principles and competitive with compensation provided by a peer group of selected publicly-traded companies.

The combination of industries represented by our core businesses and the small number of U.S. publicly traded direct competitors creates challenges in identifying peer group companies. The Committee, in consultation with its independent compensation consultant Semler Brossy, selects peer group companies having one or more of the following characteristics: (i) Bunge's direct competitors in one or more of its businesses, (ii) companies that have annual revenues between .20 and 1.5 times Bunge's annual revenue and have a market capitalization between .50 and 3 times that of Bunge's (this reflects Bunge's unique relationship between annual revenue and market capitalization) and (iii) companies that have comparable international operations or which otherwise reflect the nature and scope of Bunge's activities (including companies involved in food processing, agricultural chemicals and fertilizer, raw materials and distribution and logistics) (the "Peer Group"). The composition of the Peer Group is periodically reviewed and, if appropriate, updated to ensure continued relevancy and account for mergers, acquisitions or other business related changes that may occur. For 2011, the following companies comprised the Peer Group:

Air Products & Chemicals Inc.
Alcoa Inc.
Archer Daniels Midland Company
Coca-Cola Enterprises Inc.
ConAgra Foods Inc.
FedEx Corp.
International Paper Company
Kellogg Company
Meadwestvaco Corp.

Monsanto Company
The Mosaic Company
PotashCorp
Sara Lee Corporation
Tyson Foods, Inc.
United Parcel Service, Inc.
U.S. Steel Company
Weyerhaeuser Co.

Table of Contents

Coca-Cola Enterprises Inc., which is no longer an independent public company due to its acquisition by The Coca Cola Company, and Weyerhaeuser Co., which has been converted to a real estate investment trust, will be removed from the Peer Group for 2012 and will be replaced with General Mills Inc., H. J. Heinz Company and PPG Industries, Inc.

The Committee supplements Peer Group data with broader general industry compensation data provided by Towers Watson, which is used by Semler Brossy to prepare an analysis of, and recommendations with respect to, the compensation of the Named Executive Officers. The general industry data is the primary source for determining the market position of the compensation for the Named Executive Officers, other than the Chief Executive Officer and the Chief Financial Officer, as there are few directly comparable positions at companies in the Peer Group. This data enables the Committee to compare the competitiveness of the compensation of the Named Executive Officers based on their individual responsibilities and scope against comparable positions in a broader general industry group of public companies. Additionally, in light of his role as head of a commodities trading business unit, Mr. Padilla's total compensation is also evaluated using commodity trading data from companies in the McLagan Fixed Income Sales and Trading Survey. The Peer Group and the other data sources referred to above are referred to collectively as the "Comparator Groups." Neither Towers Watson nor McLagan makes recommendations or participates with the Committee in discussions regarding the determination of amounts or forms of compensation for the Named Executive Officers. Towers Watson and McLagan from time to time provide other compensation consulting services to Bunge management.

Determining Compensation

Role of the Compensation Committee

The Committee is responsible for designing, reviewing and overseeing the administration of our executive compensation program, and reviewing and approving annually all compensation decisions relating to the Named Executive Officers. Generally, all decisions with respect to determining the amount or form of compensation for our Named Executive Officers are made by the Committee in accordance with the methodology described below.

When making compensation decisions, the Committee analyzes data from the Comparator Groups as well as tally sheets prepared by our human resources department for each of the Named Executive Officers. Each of these tally sheets presents (i) the dollar amount of each material element of compensation (base salary, annual cash incentive awards, long-term equity-based incentive awards, and retirement benefits), (ii) executive benefits and perquisites, (iii) potential value of equity holdings (vested and unvested), (iv) value realized in the prior fiscal year from stock option exercises, (v) expected payments under selected termination of employment, retirement and change of control scenarios and (vi) progress toward satisfaction of share ownership guidelines. The overall purpose of these tally sheets is to provide the Committee with a comprehensive view of the various elements of actual and potential future compensation of our Named Executive Officers, as well as their wealth accumulation, allowing the Committee to analyze both the individual elements of compensation and the aggregate total amount of actual and projected compensation in making compensation decisions.

In addition to reviewing data from the Comparator Groups and tally sheets, the Committee also considers the following factors in setting the target total direct compensation for each Named Executive Officer: (i) the individual responsibilities, experience and achievements of the Named Executive Officers and their potential contributions towards Bunge's performance, (ii) recommendations from Semler Brossy, (iii) recommendations from the Chief Executive Officer and Chief Personnel Officer (for officers other than themselves) and (iv) for our Chief Executive Officer, the historical relationship between his pay and performance against the Peer Group. While the Committee generally seeks to set target total direct compensation levels for the Named Executive Officers at approximately the median of the Comparator Groups, our executive compensation program retains the flexibility to set target

Table of Contents

total direct compensation above or below the median of the Comparator Groups in the Committee's reasonable discretion in order to recognize factors such as market conditions, job responsibilities, experience, skill sets and ongoing or potential contributions to the company. In addition, actual compensation earned in any annual period may be at, above, or below the median depending on individual and company performance for the year.

The differences in compensation levels among our Named Executive Officers are primarily attributable to the differences in the median range of compensation for similar positions in the Comparator Groups and the factors described above. In setting the compensation of our Chief Executive Officer, the Committee applies the same principles that it applies to other Named Executive Officers such that Mr. Weisser's target total direct compensation is competitive with that of other chief executive officers in the Comparator Groups and is consistent with our compensation principles and objectives described above.

Role of Executive Officers

The Chief Executive Officer establishes the strategic direction of our executive compensation program in consultation with the Committee, evaluates the performance of the Named Executive Officers (excluding his own performance) and makes recommendations regarding their compensation in consultation with the Chief Personnel Officer. The Chief Executive Officer and the Chief Personnel Officer also participate in developing and recommending the performance goals and measures for our Named Executive Officers under our Annual Incentive Plan for consideration by the Committee. No other executive officers participated in the executive compensation process for 2011. Bunge's human resources department, under the supervision of the Chief Personnel Officer, also supports the Committee in its work and implements our executive compensation program.

Role of the Compensation Consultant

Pursuant to its charter, the Committee is empowered to hire outside advisors as it deems appropriate to assist it in the performance of its duties. The Committee has sole authority to retain or terminate any such compensation consultants or advisors, and to approve their fees. The Committee has retained Semler Brossy as its independent compensation consultant to provide information, analysis, and objective advice regarding our executive compensation program. The Committee periodically meets with Semler Brossy to review our executive compensation program and discuss compensation matters. For 2011, Semler Brossy performed the following functions at the Committee's request:

assisted the Committee in the review and assessment of the Peer Group;

compared each element of the Named Executive Officers' target total direct compensation with the corresponding compensation elements for the Comparator Groups;

prepared an analysis of pay and performance relative to the Peer Group and other comparator groups used by proxy advisory firms;

advised the Committee on compensation for the Named Executive Officers;

advised the Committee with respect to the value of long-term incentive awards;

advised the Committee on non-employee director compensation;

advised the Committee on an analysis of risk related performance metrics;

prepared presentations for the Committee on general U.S. trends and practices in executive compensation;

supported the Committee in its review of the Compensation Discussion and Analysis; and

advised the Committee on the design of employee incentive programs and arrangements.

Executive Compensation Mix

As Named Executive Officers have significant responsibility for company performance, a significant portion of their target total direct compensation is intended to be at-risk, performance-based compensation. The charts below illustrate the mix of target total direct compensation for our CEO and the other Named Executive Officers for 2011. There are no material differences in the mix of target total direct compensation among our Named Executive Officers, other than the CEO.

CEO

**ALL OTHER
NEOs**

Mr. Weisser's compensation mix as shown above is consistent with that of other chief executive officers in the Comparator Groups. The higher proportion of Mr. Weisser's compensation that is at-risk as compared to our other Named Executive Officers reflects the greater level of responsibility he has for the performance of the overall company. The target value of annual equity award grants for all Named Executive Officers is divided evenly between stock options and performance-based restricted stock units which vest only if certain financial objectives are met over a three-year period.

Elements of Our Executive Compensation Program

The following discusses in greater detail the elements of, and rationale for, the compensation awarded to the Named Executive Officers in 2011. The Committee, in consultation with Semler Brossy, reviews and, if appropriate, updates our executive compensation program at the beginning of each year.

Base Salary

A portion of annual cash compensation is paid as base salary to provide Named Executive Officers with an appropriate level of security and stability as well as to provide an appropriate level of pay for the execution of their key responsibilities. Base salaries for the Named Executive Officers are reviewed on an annual basis, and in connection with a promotion or other change in responsibilities. The Committee reviews and approves the annual base salaries for the Named Executive Officers based on an evaluation of the individual's scope of responsibilities, experience, contributions, skill level, level of pay compared to comparable executives in the Comparator Groups, recommendations from Semler Brossy and, for each Named Executive Officer other than the Chief Executive Officer, recommendations from the Chief Executive Officer in consultation with the Chief Personnel Officer.

The Committee generally sets the base salary at approximately the median level for comparable executives in the Comparator Groups.

Table of Contents

In 2011, the Committee increased Mr. Burke's base salary from \$550,000 to \$700,000 as a result of his promotion to Chief Financial Officer. No other Named Executive Officer received a base salary increase as the Committee determined that their respective base salaries were at appropriate levels and competitive with the market. The base salary of each Named Executive Officer is set forth in the "Salary" column of the Summary Compensation Table on page 41 of this proxy statement.

Annual Cash Incentive Awards

The Committee grants Named Executive Officers the opportunity to earn annual cash incentive awards under Bunge's Annual Incentive Plan, an annual performance-based incentive plan that is available for a broad group of employees within the company. The purpose of the Annual Incentive Plan is to provide an annual cash incentive that is directly related to the achievement of company, business unit and individual performance goals and contributions that deliver annual results aligned with our long-term goals.

Target annual cash incentive awards under the Annual Incentive Plan for the Named Executive Officers are generally established by the Committee within 90 days after the beginning of each year. These target awards are established based on an analysis of comparable executives in the Comparator Groups. The Committee generally sets target annual cash incentive awards for Named Executive Officers at approximately the median level for comparable executives in the Comparator Groups.

The actual annual incentive awards earned by the Named Executive Officers for any year may be above, at or below the established target level based on their contribution to Bunge's results and their performance with respect to company and individual performance goals attained for the relevant year as described below. In order to receive an incentive award under the Annual Incentive Plan, a minimum level of performance must be attained with respect to the performance goals. For 2011, the Named Executive Officers were eligible to receive an annual cash incentive award ranging from 0 percent to 250 percent of their established target awards.

Company Performance Goals. Company performance goals for purposes of the Annual Incentive Plan are established based on annual business plans and are allocated between return on net assets ("RONA") for Bunge Limited as a whole and/or for the business unit(s) with respect to which a Named Executive Officer has primary responsibility, and net income after noncontrolling interest (formerly referred to as minority interest) for Bunge Limited on a consolidated basis and/or operating profit of the applicable business unit, based on the primary responsibilities of the applicable Named Executive Officer.

RONA is a financial performance metric which measures the relationship between profits and the net assets used in our businesses. As Bunge operates in a number of capital intensive businesses, RONA allows us to measure management's ability and efficiency in using our assets to generate profits. As a complement to RONA, net income after noncontrolling interest and operating profit measure the overall profitability of ongoing business operations. Because the Committee has determined that RONA is a principal driver of shareholder value for Bunge, the percentage variation from the applicable RONA target is indexed by a factor of 2.5 before averaging the result with net income after noncontrolling interest of Bunge Limited or operating profit of a business unit (as applicable).

For 2011, the company performance objectives applicable to Mr. Weisser, Mr. Burke and Mr. Teixeira were equally weighted between RONA and net income after noncontrolling interest for Bunge Limited. Mr. Padilla's objectives were based 70% on RONA and operating profit for Bunge Global Agribusiness and 30% on RONA and operating profit for Bunge Product Lines, which is a business unit within Bunge Global Agribusiness that engages in trading activities and global value chain optimization for our agribusiness segment. Mr. Pearcy's objectives were based 30% on RONA and net income after noncontrolling interest for Bunge Limited and 70% on RONA and operating profit for the company's sugar and bioenergy segment. The greater weighting assigned to the performance objectives applicable to the sugar and bioenergy segment reflects the degree of management attention anticipated for each of the positions he holds.

The table below sets forth the company performance goals established for each Named Executive Officer, as well as the performance results against such goals for 2011:

Name and Description of Performance Measures	Target RONA	Actual RONA	Target Net Income After Noncontrolling Interest (\$ million)	Actual Net Income After Noncontrolling Interest (\$ million)	Target Operating Profit (\$ million)	Actual Operating Profit (\$ million)
Alberto Weisser						
RONA and net income after noncontrolling interest for Bunge Limited	7.5%	7.1%	\$ 1,138.5	\$ 941.9		
Andrew J. Burke						
RONA and net income after noncontrolling interest for Bunge Limited	7.5%	7.1%	\$ 1,138.5	\$ 941.9		
Raul Padilla						
RONA and operating profit for Bunge Global Agribusiness	8.8%	6.9%			\$ 652.2	\$ 560.1
RONA and operating profit for Bunge Product Lines	24.8%	27.6%			\$ 118.1	\$ 104.5
D. Benedict Pearcy						
RONA and net income after noncontrolling interest for Bunge Limited	7.5%	7.1%	\$ 1,138.5	\$ 941.9		
RONA and operating profit for Sugar & Bioenergy	2.9%	(.2)%			\$ 104.5	\$ (44.9)
Vicente Teixeira						
RONA and net income after noncontrolling interest for Bunge Limited	7.5%	7.1%	\$ 1,138.5	\$ 941.9		

The metrics for determining performance against established goals are derived from our financial statements, but, under the terms of the Annual Incentive Plan, the Committee may adjust actual results achieved, in its discretion, if it determines that such adjustment is appropriate to reflect unanticipated or extraordinary items or events.

Individual Performance Goals. In addition to the attainment of Company performance goals, each Named Executive Officer is also evaluated based on the achievement of individual performance goals that are assigned based on the executive's role within the company and responsibility for delivering on such goals, as well as their overall contribution to the company during the fiscal year. The individual performance goals generally relate to the achievement of specific aspects of Bunge's business strategy and other initiatives relating to the position held by the relevant executive. In addition, the performance of each Named Executive Officer during the fiscal year in review is assessed with respect to the following core management competencies: building organization capabilities; customer focus; technical knowledge; strategic thinking; teamwork; results orientation; leadership; openness and communications; entrepreneurship; and personal effectiveness.

Determination of Individual Annual Incentive Awards. Following the completion of each fiscal year, the Committee reviews and approves individual annual cash incentive awards for the prior fiscal year based on the results achieved on the company and individual performance goals as described above. Company performance is approved by the Committee after audited results for the prior fiscal year are finalized. The Named Executive Officers' performance against their individual performance objectives

and management competencies is assessed by the executive's manager, which in the case of each Named Executive Officer other than the Chief Executive Officer is the Chief Executive Officer. The Chief Executive Officer's performance against his individual objectives and management competencies is determined directly by the Committee. The Committee may adjust a Named Executive Officer's actual annual incentive award if it determines that such adjustment is appropriate to reflect factors including changes in business strategies or unanticipated or extraordinary items or events not reflected in the performance measures and goals for the year.

In February 2012, based on the process and factors described above, the Committee determined that payouts under the Annual Incentive Plan to the Named Executive Officers for 2011 would be between 59% and 100% of their respective target annual cash incentive awards.

The following table sets forth the target award opportunity established in 2011 for each Named Executive Officer and the actual annual cash incentive award paid to each Named Executive Officer in March 2012.

Other Cash Awards.

Raul Padilla. In connection with Mr. Padilla's position as Managing Director, Bunge Global Agribusiness and Chief Executive Officer, Bunge Product Lines, the Committee granted him a special incentive opportunity for 2011 based on the performance of Bunge's agribusiness product lines. The purpose of the special incentive award was to provide Mr. Padilla with an annual supplemental incentive opportunity that is directly related to the achievement of product line performance and to align his compensation with compensation levels in competitive commodity trading environments. Under the terms of this supplemental incentive opportunity, the actual award that Mr. Padilla could earn was based on the actual performance achieved by the product lines during 2011, and in order to receive any award, a threshold performance level was required to be achieved. For 2011, Mr. Padilla was eligible to receive an incentive award ranging from 0 percent to 250 percent of his annual base salary.

Performance targets under the special incentive award were established based on the aggregate trading profits of the agribusiness product lines (based on global trading earnings before interest and taxes), after applying working capital and risk capital charges to ensure performance is adjusted for the amount of capital utilized and underlying risk taken, that exceeded the company business plan for the year. The following table sets forth the target performance and award levels that were established:

Performance above plan	Target award amount	Percentage of base salary
\$160 million	\$ 425,000	50%
\$200 million	\$ 850,000	100%
\$400 million	\$ 2,125,000	250%

In addition, the Committee required that payment of a portion of the special incentive award be deferred. Amounts deferred would be paid out in two annual installments, subject to reduction or

Table of Contents

forfeiture in the event of (i) a cumulative annual trading loss for the global product lines during the deferral period, (ii) Mr. Padilla's resignation of employment for any reason or (iii) Mr. Padilla's termination of employment for "cause."

For 2011, as applicable trading results for the year did not meet the threshold level set forth above, no award was paid to Mr. Padilla.

Long-Term Incentive Compensation

Named Executive Officers are eligible to receive long-term equity-based incentive compensation awards pursuant to Bunge's 2009 Equity Incentive Plan, which we refer to as the Equity Incentive Plan. The long-term equity-based incentive compensation element of our executive compensation program is intended to provide Named Executive Officers with a continuing stake in the long-term success of the company. We also believe that long-term equity compensation is an important retention tool. We further emphasize equity ownership by senior executives through the share ownership guidelines described later in this section.

Pursuant to the Equity Incentive Plan, the Committee may grant stock options and restricted stock units, including restricted stock units that vest subject to the satisfaction of a specified service period ("time-vested RSUs") and/or the achievement of certain pre-established performance goals over a specified performance period (performance-based restricted stock units, or "PBRsUs"). It is the Committee's practice to make annual grants of equity-based awards in the form of non-qualified stock options and PBRsUs to employees (including the Named Executive Officers) in the first quarter of each year, when compensation decisions for the year are generally made and after the public release of Bunge's year-end audited financial results for the prior fiscal year. The Committee targets the value of the long-term incentive awards granted to the Named Executive Officers to approximately the median of the value of equity-based awards granted to comparable executives in the Comparator Groups.

Annual equity award grants are generally divided evenly in value between stock options and PBRsUs based on the Committee's assessment that this mix of share price appreciation-based and performance-based full value share awards furthers our executive compensation program's objectives of linking incentive compensation to the company's performance, creating long-term shareholder value and aligning the interests of Named Executive Officers and Bunge's shareholders. The Committee also considers potential shareholder dilution, the company's overhang (defined as the number of shares available for grant, plus outstanding stock option and restricted stock unit awards), paper gains on outstanding long-term incentive awards and the projected cost and accounting expense on Bunge's earnings for the anticipated fiscal year grants in determining the amount and type of long-term incentive awards. In response to special situations, the Committee may also make special equity grants in the form of stock options or restricted stock units to Named Executive Officers on the annual grant date or on grant dates other than the annual grant date.

In connection with granting the 2011 equity awards, the Committee determined that, based on a comprehensive analysis of the latest available market data by Semler Brossy, the prior year equity award target values were below the median of the Comparator Groups and were not competitive with the market. Equity awards for the Named Executive Officers in 2010 were granted at the same values as the equity awards granted in 2008, and those equity award values had been further discounted in 2009 to control dilution following 2008's extreme stock price volatility. Therefore, the Committee increased the level of the equity award target values granted to the Named Executive Officers in 2011 to target approximately the median of the Comparator Groups. In keeping with our historical practice, annual equity award values granted in 2011 were divided evenly between stock options and PBRsUs, which vest only upon achievement of certain pre-established company financial goals, reflecting the Committee's focus on maintaining a strong link between compensation and performance.

Stock Option Awards. Stock options will have value only if the trading price of Bunge's common shares exceeds the exercise price of the stock option. Stock options granted to the Named Executive Officers vest in three equal installments on each of the first three anniversaries following the option grant date and remain exercisable until the tenth anniversary of the option grant date. Pursuant to the terms of the Equity Incentive Plan, Bunge sets the exercise price of a stock option based on the average of the high and low sale prices of Bunge's common shares on the NYSE on the grant date. On March 2, 2011, the Committee authorized the grant of stock options to the Named Executive Officers effective March 3, 2011 with an exercise price equal to the average of the high and low sale prices of Bunge's common shares on March 3, 2011 (the grant date). It is the Committee's practice to authorize annual grants of equity-based incentive compensation awards, including stock options, effective as of the day immediately following the date that the Committee authorizes the grant of awards, as this is typically the date that the full Board meets.

Information regarding the grant date fair value and the number of stock options awarded to the Named Executive Officers for 2011 is set forth in the Grants of Plan-Based Awards Table on page 42 of this proxy statement.

PBR SU Awards. On March 2, 2011, the Committee also authorized the grant of PBR SUs to the Named Executive Officers for the 2011-2013 performance period, effective March 3, 2011. Payouts of the PBR SUs, if any, will generally be subject to the Named Executive Officer's continued employment with Bunge through the vesting date (generally, the third anniversary of the grant date) and will be based on Bunge's cumulative, three-year diluted earnings-per-share (EPS) results in accordance with the table below:

Cumulative 3-year diluted earnings-per-share	Percent of Award Vesting
less than \$17.07	0%
\$17.07	50%
\$21.34 (target)	100%
\$29.88	200%
Greater than \$29.88	200%

Results in between \$17.07 and \$29.88 will be interpolated, with each 1% increase above the target three-year EPS resulting in a 2.5% increase in the percentage of PBR SUs that vest. In addition, dividend equivalents will be paid in Bunge common shares on the date that PBR SUs are otherwise paid-out, based on the number of shares vesting. However, in no event will dividend equivalents be paid on any shares in excess of the target award granted. Diluted earnings per share is used as the performance measure for the PBR SUs because investors generally view it as a key measure of our financial performance. Since 2009, the Committee has set the baseline for the PBR SU targets by averaging the prior two years' diluted earnings per share, with the earliest year's earnings per share increased by 10%. This baseline is then increased by 10% for each year in the performance period. The Committee adopted this averaging methodology as it was intended to balance out volatility in the company's earnings per share while preserving the performance-based, motivational and retention oriented features of these awards. The Committee continued this practice for awards granted with respect to the 2011-2013 performance period.

Each year, following the end of a three-year PBR SU performance period, Bunge's achievement of the performance measures is determined by the Committee based on Bunge's reported financial results, subject to the Committee's discretion under the Equity Incentive Plan to adjust such results for non-recurring charges and other one-time or extraordinary events, as further discussed below.

Table of Contents

In February 2012, the Committee reviewed and certified the achievement of the performance measures for the PBRsUs granted for the 2009-2011 performance period. As further described below, the following table shows the results for the 2009-2011 performance period:

Performance Measure	2009-2011 PBRsU Award				Percentage of Award Vesting
	Threshold Performance	Target Performance	Maximum Performance	Actual Performance	
Cumulative 3-year diluted earnings per share	\$ 20.80	\$ 26.00	\$ 36.40	\$ 17.56	0%

Under the terms of the Equity Incentive Plan, the Committee may adjust actual results achieved, in its discretion, if it determines that such adjustment is appropriate to reflect unanticipated or extraordinary items or events. In May 2010, we completed the sale of our Brazilian fertilizer nutrients assets to Vale S.A. for gross proceeds of \$3.9 billion, resulting in an after-tax gain on sale of approximately \$1.9 billion. Pursuant to the terms of the Equity Incentive Plan, all reported earnings are included with respect to determining Bunge's achievement of targets under the plan. The Committee, however, exercised negative discretion and determined that only 50% of the after-tax gain on the sale of the Brazilian fertilizer nutrients assets (net of related debt extinguishment costs) should be included in 2010 earnings per share in calculating the number of shares payable for the 2009-2011 performance period. This amount corresponds to the incremental value created and realized by Bunge in the transaction, namely the amount by which the gross proceeds exceeded Bunge's and its financial advisors' valuations of the assets. The Committee determined that including this portion of the gain furthered its objective of balancing the one-time impact of the sale with rewarding management for realizing significant shareholder value in the transaction, thus preserving the motivational aspects of the long-term incentive plan.

The Committee's decision to utilize negative discretion in connection with the sale of the fertilizer nutrients assets resulted, in part, in no shares being earned for the 2009-2011 PBRsU cycle. The Committee's exercise of negative discretion will also affect the determination of the number of shares that may become payable under existing PBRsU awards for the 2010-2012 performance period.

Information regarding the fair market value and number of PBRsUs that the Named Executive Officers may earn at the end of the 2011-2013 performance period, subject to satisfaction of the performance measures described above, is shown in the Grants of Plan-Based Awards Table on page 42 of this proxy statement.

Time-Vested RSUs. The Committee may grant awards of time-vested RSUs for special purposes, such as retention, special recognition of exceptional performance, promotions and to new hires in consideration for compensation forgone at their previous employer and as an inducement to join the company. These awards generally vest based on the individual's continued employment with Bunge. Award sizes and vesting dates vary to allow flexibility in connection with the specific award. In addition, dividend equivalents are credited as additional time-vested RSUs and are paid-out in Bunge common shares on the date that time-vested RSUs otherwise vest and are settled.

In 2011, the Committee granted 5,000 time-vested RSUs to Mr. Burke in recognition of his performance as interim Chief Financial Officer while continuing to serve as Global Operational Excellence Officer from September 2010 to February 2011. Information regarding this award is set forth in the Grants of Plan-Based Awards Table on page 42 of this proxy statement.

Retirement and Executive Benefits

Bunge provides employees with a range of retirement and other employee benefits that are designed to assist the company in attracting and retaining employees critical to the company's

Table of Contents

long-term success and to reflect the competitive practices of the companies in the Peer Group. Named Executive Officers are eligible for retirement benefits under the following plans: (i) the Bunge U.S. Pension Plan, (ii) the Bunge Excess Benefit Plan, (iii) the Bunge U.S. SERP, (iv) the Bunge Retirement Savings Plan and (v) the Bunge Excess Contribution Plan. Mr. Weisser does not participate in the U.S. SERP or the Bunge Excess Benefit Plan. Rather, Mr. Weisser receives a non-tax qualified supplemental retirement benefit under the terms of his employment agreement. The terms of Mr. Weisser's supplemental retirement benefits are described in the narrative following the Pension Benefits Table on page 45 of this proxy statement. Our executive compensation program also provides Named Executive Officers with certain perquisites and personal benefits. The Committee, in consultation with Semler Brossy, periodically reviews the benefits provided to the Named Executive Officers to ensure competitiveness with market practices.

Retirement Plans. The pension plan, a tax qualified retirement plan, covers substantially all the company's U.S. based salaried and non-union hourly employees. Each of the Named Executive Officers participates in the pension plan. All employees whose benefits under the pension plan are limited by the Internal Revenue Code, including the Named Executive Officers (other than Mr. Weisser), participate in the Excess Benefit Plan. In addition, all of the Named Executive Officers (other than Mr. Weisser) participate in the U.S. SERP. The Pension Plan, U.S. SERP and the Excess Benefit Plan are described in the narrative following the Pension Benefits Table on page 45 of this proxy statement.

The estimated annual normal retirement benefits payable to the Named Executive Officers (determined on a present value basis) are set forth in the Pension Benefits Table on page 45 of this proxy statement.

401(k) Plan and Excess Contribution Plan. The retirement savings plan, a tax qualified retirement plan, covers substantially all U.S. based salaried and non-union hourly employees. Each of the Named Executive Officers is eligible to participate in the retirement savings plan. All employees whose benefits under the retirement savings plan are limited by the Internal Revenue Code, including the Named Executive Officers, are eligible to participate in the excess contribution plan, which is a non-tax qualified retirement plan. The retirement savings plan and the excess contribution plan are described following the Nonqualified Deferred Compensation Table on page 48 of this proxy statement.

Company matching contributions allocated to the Named Executive Officers under the retirement savings plan and the excess contribution plan are shown in the "All Other Compensation Total" column of the Summary Compensation Table on page 41 of this proxy statement.

Health and Welfare Plans. Active employee benefits such as medical, dental, life insurance and disability coverage are available to U.S. employees through Bunge's flexible benefits plan. Employees contribute toward the cost of the flexible benefits plan by paying a portion of the premium costs on a pre-tax basis. Long-term disability coverage can be paid on an after-tax basis at the employee's option.

Perquisites and Executive Benefits. The Committee reviews the perquisites provided to Bunge's executive officers under our executive compensation program periodically. Under the current policy, Bunge provides executive officers, including the Named Executive Officers, with a limited annual perquisite allowance of \$9,600.

Severance and Change of Control Benefits

Our executive compensation program is designed to provide for the payment of severance benefits to our Named Executive Officers upon certain types of employment terminations. Providing severance and change of control benefits assists Bunge in attracting and retaining executive talent and reduces the personal uncertainty that executives are likely to feel when considering a corporate transaction. These arrangements also provide valuable retention incentives that focus executives on completing such transactions, thus enhancing long-term shareholder value. The Named Executive Officers are provided

Table of Contents

with severance benefits under individual arrangements. Mr. Weisser is the only Named Executive Officer with change of control severance protections, and his employment agreement contains a "double trigger" requirement for the payment of severance benefits, meaning that both a change of control must occur and the executive's employment must also be terminated under certain specified circumstances before he is entitled to any severance payment. Since 2003, we have not entered into any employment arrangement that provides for an excise tax gross up.

The terms of the individual arrangements, and a calculation of the estimated severance benefits payable to each Named Executive Officer under their respective arrangements, are set forth under the Potential Payments Upon Termination of Employment or Change of Control tables beginning on page 50 of this proxy statement.

Executive Compensation Recoupment Policy

In 2010, the Committee adopted a policy on recoupment ("clawback") of executive compensation. The policy provides that if the Board or an appropriate committee thereof determines that an executive officer or other senior executive has engaged in any fraud or misconduct that caused or was a significant contributing factor to Bunge having to restate all or a portion of its financial statement(s), the Board or committee shall take such actions as it deems appropriate to remedy the misconduct and prevent its recurrence.

The actions that the Board or committee could elect to take against a particular executive, depending on the facts and circumstances, include: (i) requiring reimbursement of any bonus or incentive compensation paid to the executive, (ii) causing the cancellation of any outstanding stock options, restricted stock units, performance-based restricted stock units or other equity-based awards granted to the executive and (iii) seeking reimbursement of any gains realized on the disposition or transfer of any stock options, restricted stock units, performance-based restricted stock units or other equity-based awards, if and to the extent that, (a) the amount of compensation was calculated based upon the achievement of certain financial results that were subsequently reduced due to a restatement, (b) the executive engaged in fraud or misconduct that caused or significantly contributed to the restatement and (c) the amount of the compensation that would have been awarded to or received by the executive had the financial results been properly reported would have been lower than the amount actually awarded or received. Any recoupment under this policy is in addition to any other remedies that may be available to Bunge under applicable law.

The Committee will review the Executive Compensation Recoupment Policy in connection with rules on executive compensation recoupment that are anticipated to be issued under the Dodd-Frank Wall Street Reform and Consumer Protection Act to determine if revisions to the policy should be adopted.

Executive Officer Share Ownership Guidelines

To further align the personal interest of senior management with the interests of Bunge's shareholders, the Board has established the following share ownership guidelines for the minimum amount of Bunge common shares that is required to be held by senior executives, including the Named Executive Officers. The guidelines are required to be met within five years from the date that the individual is hired or appointed to a covered title, as applicable. The guideline applicable to senior executives is based on a multiple of the executive's base salary. For the Chief Executive Officer, the guideline is five times the Chief Executive Officer's base salary, and for executives reporting directly to the Chief Executive Officer, including the Named Executive Officers, the guideline is 2.5 times the executive's base salary. The Committee reviews the progress of the Named Executive Officers toward meeting the share ownership guidelines annually.

Table of Contents

All Named Executive Officers have either met their share ownership guidelines or are making satisfactory progress toward their respective ownership guidelines as of December 31, 2011. For a description of the share ownership guidelines applicable to our non-employee directors, see "Director Compensation" on page 19 of this proxy.

Shares deemed to be owned for purposes of the share ownership guidelines include shares directly owned by the executive, shares underlying hypothetical share units held under the company's deferred compensation plans and 50% of the difference between the exercise price of a vested, in-the-money stock option and the fair market value of a Bunge common share. Unvested stock options, unearned PBRsUs and unvested time-vested RSUs do not count toward achievement of the guidelines. Furthermore, senior executives, including the Named Executive Officers, are required to hold 50% of the net shares acquired through the company's long-term equity-based incentive plans (such as stock options or PBRsUs) until the guidelines are met. In addition, we have a policy that prohibits executive officers from hedging their ownership of company common shares, pledging their common shares and using their common shares as collateral for margin loans.

Tax Deductibility of Compensation

Section 162(m) of the Internal Revenue Code precludes a public corporation from taking a deduction for compensation in excess of \$1 million with respect to each of the Named Executive Officers (excluding the chief financial officer), unless certain specific performance criteria are satisfied. Bunge has adopted the Annual Incentive Plan and the Equity Incentive Plan which are designed to help ensure that incentive compensation determined thereunder is considered qualified performance-based compensation within the meaning of Section 162(m) and is deductible by us. While our executive compensation program seeks to maximize the tax deductibility of compensation payable to our Named Executive Officers by having such compensation qualify as performance-based, the Committee retains the flexibility to compensate Named Executive Officers in a manner intended to promote varying corporate goals, even if certain amounts that may be payable in excess of \$1 million may not be deductible under Section 162(m). For 2011, Bunge estimates that approximately \$521,000 of executive compensation expenses will not be deductible under Section 162(m).

Compensation Committee Report

The Compensation Committee has reviewed and discussed the preceding "Compensation Discussion and Analysis" with management. Based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and be included in Bunge Limited's Annual Report on Form 10-K for the year ended December 31, 2011.

The foregoing report on executive compensation for 2011 has been furnished on behalf of the Board by the undersigned members of the Compensation Committee.

Compensation and Risk

We believe our compensation programs establish an appropriate balance between risk and reward in relation to Bunge's overall business strategy. In 2011, the Compensation Committee directed its independent compensation consultant, Semler Brossy, in conjunction with management, to conduct an update of the risk assessment of our compensation programs following the initial risk assessment that had been conducted in 2009. The risk assessment focused on our executive compensation program, as these are the employees whose actions may expose Bunge to significant business risk. The relevant features of the executive compensation program that mitigate risk are as follows:

the program utilizes annual and long-term financial performance goals that are tied to key measures of short-term and long-term performance that drive shareholder value and targets are set with a reasonable amount of stretch that should not encourage imprudent risk taking;

the annual incentive and long-term equity-based compensation program awards are tied to several performance measures to reduce undue weight on any one measure;

the annual incentive program's performance measures appropriately balance focus on generating absolute profits and efficiently managing assets;

the use of non-financial performance factors in determining the actual payout of annual incentive compensation serves as a counterbalance to the quantitative performance measures;

the executive compensation program is designed to deliver a significant portion of compensation in the form of long-term incentive opportunities which focuses executives on the long-term success of Bunge and discourages excessive focus on annual results;

the equity incentive program uses a balanced mix of stock options and performance-based restricted stock units that vest over a number of years to ensure that employees are focused on maximizing long-term shareholder value and financial performance and to mitigate the risks associated with the exclusive use of stock price based awards;

the performance measure for the performance-based restricted stock units is based on overall Bunge performance over a three-year period, reducing incentives to maximize one business unit's results and focusing on sustainable performance over a three-year cycle rather than any one year;

maximum awards that may be paid out under the annual incentive and equity incentive programs are subject to appropriate caps and the Committee retains the discretion to reduce payouts under the plans;

Bunge has adopted share ownership guidelines that further align the long-term interests of executives with those of our shareholders, as well as restrictions on hedging, holding Bunge common shares in a margin account and using Bunge common shares as collateral for loans, which seek to discourage a short-term stock price focus; and

Bunge has adopted an executive compensation recoupment policy for senior executives, as discussed in "Executive Compensation Recoupment Policy" on page 37 of this proxy statement.

Additionally, as part of its risk assessment, the Committee also reviewed Bunge's compensation program for employees who engage in trading and related activities within Bunge, whom we refer to collectively as global product line team members. Global product line team members have compensation risk higher than that of the overall employee population in that part of their compensation is linked to the

profitability of their trading activities. In order to address and mitigate

Table of Contents

the potential risks associated with the compensation program for global product line team members, Bunge has implemented the following features:

annual incentive compensation is not granted on a formulaic basis and the Committee retains the discretion to determine appropriate compensation levels for each participant as well as the size of the overall program based on the performance of the individual, the product line and the company as a whole;

global product line team members generally participate in the broad performance-based compensation programs for Bunge employees, including the annual incentive and equity incentive programs, which diversifies these employees' focus on performance beyond their individual product lines and aligns a significant portion of their compensation with the performance of the overall company or larger business unit;

global product line incentive performance is determined after applying working capital and risk capital charges to ensure that performance is adjusted for the amount of capital utilized and underlying risk taken; and

global product line team members are subject to the deferral of a substantial portion of their annual incentive compensation for multiple years, with Bunge retaining the right to "recoup" the deferred amounts if the applicable product line incurs an operating loss in a subsequent year. This recoupment feature promotes retention, encourages participants to focus on sustained, superior long-term performance and helps discourage excessive risk taking behavior.

The Committee also reviewed the special incentive arrangement for Mr. Padilla, as discussed in "Other Cash Awards" on page 32 of this proxy statement. As this incentive arrangement is materially consistent with the design of the compensation program for global product line team members, the risk mitigating factors that are listed above also apply to the special incentive arrangement for Mr. Padilla. As an additional risk mitigator, Bunge has implemented a cap on the award of 250% of base salary.

Lastly, as part of its risk assessment, the Committee reviewed certain other trading compensation programs maintained by Bunge. These programs are based on a funded pool approach with the pool being tied to a percentage of relevant gross trading profit. Participants in these programs are not eligible for awards under Bunge's Annual Incentive Plan or Bunge's Equity Incentive Plan as their total incentive opportunity is directly tied to their trading performance. In order to address and mitigate the potential risk associated with these programs, Bunge has implemented the following features:

a "high-water mark" provision under which awards in a given year are paid only if the cumulative trading performance as of December 31 of such year exceeds the highest cumulative trading performance for all prior years. The high-water mark provision acts in place of a recovery provision as trading profits for a given year must be reduced by trading losses for prior years before they may be counted towards the calculation of the award pool;

a risk oversight/governance process, including a committee that is responsible for the oversight of the participants and program arrangements;

daily and monthly drawdown limits that trigger a review by the risk oversight/governance committee;

daily value at risk limits and cumulative loss limits; and

risk capital charges to ensure that performance is adjusted for the underlying risk taken.

The Committee reviewed and discussed the findings of the risk assessment and believes that our compensation programs are appropriately balanced and do not motivate employees to take risks that are reasonably likely to have a material adverse effect on Bunge.

- (1) The amounts shown reflect the aggregate full grant date fair value for equity awards for financial reporting purposes in accordance with ASC Topic 718 (without any reduction for risk of forfeiture) as determined based on applying the assumptions used in Bunge's financial statements. See Note 25 to the audited consolidated financial statements in our Annual Report on Form 10-K for the year ended December 31, 2011 (the "Form 10-K") regarding assumptions underlying the valuation of equity awards. Amounts reported for these awards may not represent the amounts that the Named Executive Officers will actually realize from the awards. Whether, and to what extent, a Named Executive Officer realizes value will depend on Bunge's actual operating performance, stock price fluctuations and the Named Executive Officer's continued employment.
- (2) Based on the full grant date fair value of the performance-based restricted stock units granted on March 2, 2011, the following are the maximum payouts, assuming the maximum level of performance is achieved: for Mr. Weisser, \$7,689,600, Messrs. Burke and Padilla, \$1,424,000, Messrs. Percy and Teixeira, \$996,800.
- (3) Incentive compensation awards under the Annual Incentive Plan for the 2011 fiscal year that were paid in March 2012.
- (4) The aggregate change in the actuarial present value of the accumulated pension benefit as shown in the Pension Benefits Table from year to year. Importantly, the change in pension value is not currently paid to an executive as compensation, but is a measurement of the change in actuarial present value from the prior year. For information about the assumptions used, see the Pension Benefits Table on page 45 of this proxy statement. There are no above-market or preferential earnings with respect to the non-qualified deferred compensation arrangements.

- (1) Represents annual cash incentive award opportunity under the company's Annual Incentive Plan.
- (2) Represents performance-based restricted stock units for the 2011-2013 performance period under the company's Equity Incentive Plan ("EIP"). Payment of the award is subject to the achievement of certain performance goals during the performance period. For additional discussion, see "PBRSU Awards" on page 34 of this proxy statement.
- (3) Represents the number of time-based restricted stock units granted to Mr. Burke in 2011. Mr. Burke's time-based restricted stock units vest in three annual installments beginning on the first anniversary of the date of grant. Prior to settlement, each unit entitles the individual to receive dividend equivalents payable in Bunge common shares upon vesting.
- (4) On March 1, 2011, the Compensation Committee took action to grant stock options to Bunge's Named Executive Officers effective as of March 2, 2011. Under the EIP, the exercise price of the stock options was determined based on the average of the high and low sale prices of Bunge's common shares on the New York Stock Exchange on the grant date of the option (March 2, 2011).
- The average of the high and low sale prices of Bunge's common shares on the New York Stock Exchange on March 2, 2011 was \$71.20. March 2, 2011 is the grant date of the stock options for purposes of ASC Topic 718.
- The stock options vest in three equal installments commencing on the first anniversary of the date of grant and generally remain exercisable until the tenth anniversary of the date of grant.
- (5) This column shows the full grant date fair value of PBRsUs, stock options and time-vested restricted stock units (as applicable) under ASC Topic 718 granted to the Named Executive Officers in 2011. Generally, the full grant date fair value is the amount the company would expense in its financial statements over the award's vesting schedule. See Note 25 to the audited consolidated financial statements in our Annual Report on Form 10-K regarding assumptions underlying valuation of equity awards.

Vicente Teixeira	Pension Plan	3	94,646	
	SERP(3)	5	273,310	
	Excess Plan(3)	5	157,964	

(1) Amounts were calculated as of December 31, 2011, using assumptions that were used for Bunge's audited consolidated financial statements based on the earliest age that an individual could receive an unreduced pension benefit. See Note 19 to the audited consolidated financial statements in the Form 10-K for material assumptions.

(2) Amount was calculated based on the terms set forth in the Weisser SERP. Effective 2008, Mr. Weisser no longer participates in the Excess Benefit Plan and any amounts that would have otherwise been payable based on his participation in the Excess Benefit Plan will be payable pursuant to the Weisser SERP.

(3) Pursuant to Mr. Teixeira's employment offer letter, he is provided five years of additional credited service for purposes of calculating his pension benefit under the SERP and Excess Benefit Plan. One year of additional credited service will be credited on each of Mr. Teixeira's first, third, fourth, sixth and seventh anniversary of his service in the U.S. and will vest upon the fifth year of his employment in accordance with the Pension Plan eligibility requirements. The pension benefits attributable to the additional years of credited service for the Excess Benefit Plan and the SERP are reflected in the amount shown in the table for the SERP.

Retirement Plan Benefits

The Named Executive Officers are eligible to receive retirement benefits under the Pension Plan, the SERP and the Excess Benefit Plan. While Mr. Weisser does not participate in the SERP and the Excess Benefit Plan, he is eligible for a supplemental pension benefit under the terms of the Weisser SERP. Information regarding each of these plans is set forth below.

The Pension Plan

Edgar Filing: Bunge LTD - Form DEF 14A

The Pension Plan is a tax qualified retirement plan that covers substantially all of our U.S. based salaried and non-union hourly employees. The Pension Plan pays benefits at retirement to participants who terminate employment or retire from Bunge after meeting the eligibility requirements for a benefit. The Pension Plan provides pension benefits based on: (i) the participant's highest average salary for 60 consecutive months within the 120 consecutive months prior to termination of employment ("final average salary") and (ii) the participant's length of service.

Table of Contents

A participant's annual benefit is calculated as (i) 1% of his or her final average salary multiplied by his or her years of benefit service and (ii) 0.5% of his or her final average salary over the average of the social security wage base multiplied by years of benefit service to a maximum of 35 years. For purposes of the Pension Plan, average social security wage base means the average of the social security wage base during the 35-year period preceding the participant's social security retirement age. For purposes of the Pension Plan, a participant's salary for a year is deemed to include base salary and 50% of any award under our annual incentive plans for that year. Because the Pension Plan is a tax qualified retirement plan, a participant's salary is restricted by the compensation limit imposed by the Internal Revenue Code. For 2011, this salary limit was \$245,000. If a participant's salary exceeds this limit, such amounts are subject to the non-tax qualified retirement plans described below.

Participants are entitled to an annual pension benefit for life, payable in equal monthly installments. Participants may earn increased pension benefits by working additional years. The normal retirement age under the Pension Plan at which a participant may receive an unreduced normal retirement benefit is age 65. Participants who complete 10 or more years of service with the company may elect to receive an early retirement benefit following attainment of age 55. Messrs. Weisser and Burke are eligible to elect to receive an early retirement benefit. Benefits payable to a participant who retires between ages 60 and 62 are subject to a 0.4% reduction for each month before age 62 and a 0.5% reduction for each month between ages 55 and 59. Participants who have 10 years of service and retire on or after age 62 are eligible to receive an unreduced early retirement benefit.

The present value estimates shown in the Pension Benefits Table assume payment in the form of a single life annuity of the Named Executive Officer's accrued benefit under the Pension Plan, based on a participant's salary and service through December 31, 2011 (the Pension Plan measurement date for financial reporting purposes) and commencing on the earliest date that benefits are available unreduced. The present value assumes a discount rate of 6.00% and mortality as set forth in the RP 2000 mortality table.

The Excess Benefit Plan

The Excess Benefit Plan, a non-tax qualified retirement plan, is designed to restore retirement benefits that cannot be paid from the Pension Plan due to the Internal Revenue Code limits described above. The benefit provided under the Excess Benefit Plan will equal the difference between (i) the benefit that would have been earned under the Pension Plan, without regard to any Internal Revenue Code limitations, and (ii) the actual benefit payable from the Pension Plan. All Named Executive Officers in the Pension Plan (except for Mr. Weisser) are potentially eligible to participate in the Excess Benefit Plan, provided that their Pension Plan benefits are limited by the Internal Revenue Code.

Benefits payable under the Excess Benefit Plan are payable to participants following termination of employment on the later of the first day of the month following the participant's (i) six month anniversary of termination of employment or (ii) 65th birthday, or if the participant has 10 years of service, the first day of the month following the participant's 62nd birthday, in accordance with the applicable restrictions set forth in Section 409A of the Internal Revenue Code. All amounts under the Excess Benefit Plan are paid out of the company's general assets.

The present value estimates shown in the Pension Benefits Table for accumulated benefits under the Excess Benefit Plan are determined using the same payment, discount rate and mortality assumptions as were used to estimate the values shown for the Pension Plan.

The SERP

We have adopted the SERP, a non-tax qualified retirement plan, to attract, retain and award certain key employees whose benefits under the Pension Plan and the Excess Benefit Plan are limited by the definition of compensation in the Pension Plan and further limited by the Internal Revenue Code. The Board designates those key employees who are eligible to participate in the SERP.

Table of Contents

A participant's SERP benefit equals the amount that his or her benefit would equal if the Pension Plan (i) included 100% of such participant's bonus compensation when calculating his or her benefit and (ii) was administered without regard to any Internal Revenue Code limitation over any amounts payable to such participant under the Pension Plan and/or Excess Benefit Plan, as applicable.

Benefits payable under the SERP are paid coincident with and in the same distribution form and manner as the payment of the participant's benefit under the Excess Benefit Plan, subject to applicable restrictions set forth in Section 409A of the Internal Revenue Code. All amounts under the SERP are paid out of the company's general assets.

The present value estimates shown in the Pension Benefits Table for accumulated benefits under the SERP are determined using the same payment, discount rate and mortality assumptions as were used to estimate the values shown for the Pension Plan.

The Weisser SERP

Pursuant to the Weisser SERP, Mr. Weisser is entitled to receive a supplemental pension benefit (the "Supplemental Benefit"), subject to meeting certain conditions under his employment agreement. Mr. Weisser's employment agreement was amended on December 31, 2008 in order to comply with Section 409A of the Code, and his Supplemental Benefit was amended as follows.

The Supplemental Benefit in the Weisser SERP is comprised of two components. The first component mirrors the benefits that Mr. Weisser would otherwise receive if he participated in the Excess Benefit Plan (the "Excess Benefit Component") and the second component represents benefits that Mr. Weisser would receive under the supplemental retirement benefit formula (the "SERP Component"). Mr. Weisser is fully vested in his benefits under the Excess Benefit Component and the SERP Component.

The Supplemental Benefit will be paid to Mr. Weisser six months following his termination of employment. The Supplemental Benefit will equal an amount that, when added to Mr. Weisser's retirement benefits payable on a single annuity basis under the Pension Plan, equals the sum of 45% of Mr. Weisser's average annual base salary and annual bonus compensation during the five-year period preceding his termination of employment. If Mr. Weisser commences the Supplemental Benefit before age 65, such benefit will be reduced by (i) 2% per year for each year that such benefit commences from age 60 and before age 65 and (ii) 6% per year for each year that such benefit commences from age 55 and before age 60. Additionally, Mr. Weisser may elect to receive the Supplemental Benefit in the form of a (i) single life annuity, (ii) 100% qualified joint and survivor annuity, (iii) 75% qualified joint and survivor annuity, (iv) 66²/₃% qualified joint and survivor annuity, (v) 50% qualified joint and survivor annuity, (vi) single life annuity with a 10 year term certain payment option, or (vii) 100% qualified joint and survivor annuity with a 10-year term certain payment option.

Mr. Weisser will forfeit the SERP Component of the Supplemental Benefit in the event (i) his employment is terminated for Cause, (ii) he breaches the confidentiality, noncompetition or nonsolicitation covenants provided for in his employment agreement, or (iii) he dies prior to the commencement of Supplemental Benefit, in which case, his surviving spouse will receive a death benefit.

If Mr. Weisser dies prior to the commencement of his Supplemental Benefit, his surviving spouse will receive a death benefit in the form of a 100% joint and survivor annuity with a 10 year term certain equal to the survivor benefit that would have been payable if Mr. Weisser had retired as of the date of his death. Additionally, Mr. Weisser's surviving spouse may elect to receive the death benefit in the form of a 100% joint and survivor annuity. If Mr. Weisser dies after the commencement of his Supplemental Benefit, the survivor benefit payable to his surviving spouse is based on the annuity form he elected at the time of his retirement. Mr. Weisser's surviving spouse will not receive a death benefit if Mr. Weisser dies after the commencement of his Supplemental Benefit and elected to receive a single life annuity.

Table of Contents

The present value estimate shown in the Pension Benefits Table for Mr. Weisser's accumulated benefits under the Weisser SERP is determined using the same payment, discount rate and mortality assumptions as were used to estimate the values shown for the Pension Plan.

Nonqualified Deferred Compensation Table

The following table shows certain information with respect to our nonqualified deferred compensation plans in which the Named Executive Officers participate.

Name	Nonqualified Deferred Compensation				
	Executive Contributions in Last FY (\$)	Registrant Contributions in Last FY(1) (\$)	Aggregate Earnings in Last FY (\$)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)
Alberto Weisser	\$	\$ 38,200	\$ (3,104)	\$	\$ 371,709
Andrew J. Burke		11,867	1,079		82,908
Raul Padilla					356,500
D. Benedict Percy					
Vicente Teixeira		8,267	(366)		14,566

- (1) The amount set forth for each Named Executive Officer is reported in the "All Other Compensation Total" column of the Summary Compensation Table.

401(k) Plan

The company sponsors the 401(k) Plan, a tax qualified retirement plan that covers substantially all of Bunge's U.S. based salaried and non-union hourly employees. Participants may contribute up to 50% of their compensation on a before-tax basis into their 401(k) Plan accounts. In addition, the company matches an amount equal to 100% for each dollar contributed by participants on the first 3% of their regular earnings and 50% for each dollar contributed on the next 2% of their regular earnings.

Because the 401(k) Plan is a tax qualified retirement plan, the Internal Revenue Code limits the "additions" that can be made to a participant's 401(k) plan account each year (for 2011, \$49,000). "Additions" include company matching contributions and before-tax contributions made by a participant. In addition, the Internal Revenue Code limits the amount of annual compensation that may be taken into account in computing benefits under the 401(k) Plan. In 2011, this compensation limit was \$245,000. Participants may also direct the investment of their 401(k) Plan accounts into several investment alternatives, including a Bunge common share fund.

The Excess Contribution Plan

The company sponsors the Excess Contribution Plan, which is a non-tax qualified defined contribution plan that is designed to restore retirement benefits that cannot be paid from the 401(k) Plan due to Internal Revenue Code limits. Participants in the 401(k) Plan are eligible to participate in the Excess Contribution Plan, provided that their 401(k) Plan benefits are limited by the Internal Revenue Code.

The amounts shown as "Registrant Contributions" represent company matching contributions made under the Excess Contribution Plan to the Named Executive Officers and are also reported in the "All Other Compensation Total" column of the Summary Compensation Table. The benefit provided under the Excess Contribution Plan is equal to the difference between the benefit that would have been earned under the 401(k) Plan, without regard to any Internal Revenue Code limits, and the actual benefit provided under the 401(k) Plan. A Participant's account balance is credited with the same investment return as the investment alternatives he or she selected under the 401(k) Plan (including the Bunge common share fund).

Payments are made from the company's general assets in a lump sum cash payment following a participant's termination of employment, subject to applicable restrictions set forth in Section 409A of the Internal Revenue Code.

Bunge Limited Employee Deferred Compensation Plan (the "Deferred Compensation Plan")

As of January 1, 2008, the Bunge Management Services Inc. Deferred Compensation Plan for Certain Employees, the Bunge Global Markets, Inc. Deferred Compensation Plan for Certain Employees and the Bunge North America Inc. Deferred Compensation Plan for Certain Employees (collectively the "Prior Plans") were merged to establish the Deferred Compensation Plan. Company employees who were eligible to participate in the Prior Plans are now eligible to participate in the Deferred Compensation Plan and each account under the Prior Plans has been transferred to the Deferred Compensation Plan.

The Deferred Compensation Plan, which is a non-tax qualified deferred compensation plan, is designed to provide participants with an opportunity to defer receipt of current income into the future on a tax-deferred basis. Amounts deferred into the Deferred Compensation Plan are shown as "Executive Contributions" and are reported in the Summary Compensation Table and, in the case of PBRsUs, have previously been reported.

Eligible employees (including the Named Executive Officers) who meet the minimum base salary level may participate in the Deferred Compensation Plan. For 2011, the minimum base salary level required to participate in the Deferred Compensation Plan was \$245,000.

The Deferred Compensation Plan allows participants to voluntarily defer from 1% to 10% of their base salary and 10% to 100% of their annual incentive compensation and PBRsUs. Gains and losses are credited based on a participant's election of a variety of deemed investment choices.

Subject to the applicable restrictions set forth in Section 409A of the Internal Revenue Code, a Participant may elect to defer receipt of income for any period not less than 36 months from the date of deferral and will receive a distribution of his or her account following the end of his or her elected deferral period or death. Subject to applicable restrictions set forth in Section 409A of the Internal Revenue Code, participants may elect to receive payment of their deferred account balance in a lump sum or in up to 25 annual installments. Distributions of a participant's account are made in cash and from Bunge's general assets in cash.

Potential Payments Upon Termination of Employment or Change of Control

The company has entered into certain agreements and maintains certain plans that will require us to provide compensation to the Named Executive Officers in the event of certain terminations of employment or a change of control of Bunge. The amount of compensation payable to the Named Executive Officer in each situation is shown in the tables below. The amounts assume that a termination of employment and/or change of control event occurred on December 31, 2011.

These amounts are estimates only and do not necessarily reflect the actual amounts that would be paid to the Named Executive Officers, which would only be known at the time that they become eligible for payment.

For information regarding the aggregate amount of the Named Executive Officers' vested benefits under Bunge's nonqualified deferred compensation plans, see the Nonqualified Deferred Compensation Table.

Unless stated otherwise, the value of unvested and accelerated stock options shown in the tables below have been determined by multiplying (i) the number of unvested stock options that would have been accelerated by (ii) the difference between (x) the exercise price of the stock option and (y) the average of the high and low sale prices of Bunge's common shares on December 30, 2011 (\$57.18). Likewise, the value of unvested restricted stock unit awards shown in the tables below have been determined by multiplying (i) the number of unvested restricted stock units that would have been accelerated by (ii) the average of the high and low sale prices of Bunge's common shares on December 30, 2011.

Additional Information Regarding Potential Payments Upon Termination of Employment or Change of Control

Weisser Employment Agreement. Pursuant to the Employment Agreement between Bunge and Mr. Alberto Weisser, as amended and restated as of December 31, 2008 (the "Weisser Employment Agreement"), Mr. Weisser's base salary for 2011 was equal to \$1.2 million and his target annual bonus was equal to 150% of his base salary. Mr. Weisser's employment under the agreement shall continue until the earlier of his termination of employment or the last day of the month in which he attains age 65.

In the event of Mr. Weisser's termination without Cause or his resignation for Good Reason (before a Change of Control), Mr. Weisser's severance will be equal to: (i) three times the sum of the highest base salary paid to him over the three-year period immediately prior to his termination and the average of the annual cash bonus paid over the three-year period immediately preceding his termination, payable in substantially equal monthly installments over 36 months; (ii) a lump sum equal to the *pro rata* portion of the cash bonus to which he was entitled for that year had he remained employed, which the Compensation Committee may elect to pay (A) within 30 business days following his termination date (based on Bunge's financial results through the calendar quarter preceding such termination), or (B) at the same time bonuses are paid under the annual cash bonus plan generally (based on Bunge's financial results for the calendar year); (iii) continuation at his own expense of health and medical insurance coverage until the earlier of (A) age 65 or (B) until eligible for such coverage under a subsequent employer's plan; (iv) immediate vesting of entitlement to receive retiree medical and life insurance coverage that the company offers to senior executives (if any); (v) immediate vesting or satisfaction of any service requirement or performance requirement in respect of any equity-based award; (vi) any benefits due to other senior executives upon termination; and (vii) vesting in his right to the Supplemental Benefit (if applicable), payable according to the same terms set forth above. See "The Weisser SERP."

If Mr. Weisser resigns for Good Reason or is terminated without Cause during the Change of Control Period, he is entitled to (a) the same severance benefit as set forth in the preceding paragraph (except that the determination of his annual bonus in clause (i) shall be based on his target annual bonus in effect at the time of his termination) and (b) if he resigns his employment for any reason during the Change of Control Period, he will be entitled to receive the Supplemental Benefit.

If Mr. Weisser terminates his employment due to Disability, he is entitled to a disability benefit equal to (i) his pro-rated cash bonus due for the year in which such disability occurs, and (ii) his Supplemental Benefit.

If Mr. Weisser's employment terminates due to his death, his estate is entitled to a death benefit equal to (i) his pro-rated cash bonus due for the year in which his death occurs and (ii) if he dies prior to commencement of his Supplemental Benefit, his surviving spouse will receive a survivor's benefit equal to the pension that would have been paid had Mr. Weisser retired on the date of his death.

As a condition to Mr. Weisser's receiving the severance benefits referenced in the table above, he is bound by the terms of the non-competition and non-solicitation provisions in his employment agreement for the period of 18 months from the date of his termination of employment for any reason and by the terms of a confidentiality provision indefinitely. He must also execute and deliver a general release of claims against the company and its subsidiaries.

The Weisser Employment Agreement also contains a "gross-up" provision pursuant to Section 280G of the Internal Revenue Code. If any of the payments or benefits provided to Mr. Weisser in connection with a Change of Control subject him to the excise tax imposed under Section 4999 of the Code, the company must make a gross up payment to him which will result in Mr. Weisser receiving the net amount that he is entitled to receive, after the deduction of all applicable taxes.

Table of Contents

The following definitions are provided in the Weisser Employment Agreement for certain of the terms used in this description:

"Cause" means a termination of Mr. Weisser's employment by the company for any of the following reasons: (a) any act or omission that constitutes a material breach by him of the agreement; (b) his willful and continued failure or refusal to substantially perform his duties; (c) his willful and material violation of any law or regulation applicable to the company and its subsidiaries, or his conviction of, or a plea of *nolo contendere* to, a felony, or any willful perpetration by him of a common law fraud; or (d) any other willful misconduct by Mr. Weisser that is materially injurious to the financial condition, business or reputation of, or is otherwise materially injurious to, any member of the company and its subsidiaries.

"Good Reason" means a resignation by Mr. Weisser for any of the following reasons: (a) a failure by the company to pay material compensation due and payable to him; (b) a material diminution of his authority, responsibilities or positions under the agreement; (c) the occurrence of acts or conduct by the company or its representatives that prevent or substantially hinder him from performing his duties or responsibilities; or (d) if immediately prior to the Change of Control Period Mr. Weisser's principal place of employment is located within the metropolitan New York area, any relocation during the Change of Control Period of his principal place of employment to a location outside of the metropolitan New York area.

"Disability" means a physical or mental disability or infirmity, as determined by a physician of recognized standing selected by the company, that prevents (or, in the opinion of such physician, is reasonably expected to prevent) the normal performance of duties as an employee of the company for any continuous period of 180 days or for 180 days during any one 12-month period.

"Change of Control" means the occurrence of any of the following events: (a) any person (within the meaning of Section 13(d) of the Exchange Act of 1934) is or becomes the beneficial owner, directly or indirectly, of securities of the company representing 35% or more of the common shares of the company's then outstanding; (b) a failure for any reason of the individuals who were directors on the effective date of the agreement to constitute at least a majority the Board of Directors; or (c) consummation after approval by the shareholders of the company of either (i) a plan of complete liquidation or dissolution of the company or (ii) a merger, amalgamation or consolidation of the company with any other corporation, the issuance of voting securities of the company in connection with a merger, amalgamation or consolidation of the company, a sale or other disposition of all or substantially all of the assets of the company or the acquisition of assets of another corporation (each, a "Business Combination"), unless, in each case of a Business Combination, immediately following such Business Combination, all or substantially all of the individuals and entities who were the beneficial owners of the Common Stock outstanding immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then outstanding shares of common stock and more than 50% of the combined voting power of the then outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the entity resulting from such Business Combination (including, without limitation, an entity which as a result of such transaction owns the company or all or substantially all of the company's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership, immediately prior to such Business Combination, of the Common Stock.

"Change of Control Period" means the period beginning on the date of the Change of Control and ending 30 months later, and can include the 12-month period immediately preceding such Change of Control, if Mr. Weisser is terminated without Cause during this 12-month period prior to such Change of Control and there is a reasonable basis to conclude such termination was at the request or direction of the person acquiring the company.

Equity Acceleration Under the Equity Incentive Plans. Under the Equity Incentive Plan and the 2001 Equity Incentive Plan, an individual's equity award will be subject to the following treatment upon a termination of employment or a Change of Control (except as otherwise provided under an individual award agreement): In the event of a termination of employment due to death, disability or Retirement (defined as termination of employment after an executive's 65th birthday), an executive's stock options become fully vested and immediately exercisable. In the event of a termination of employment without Cause or early retirement (as defined under the Company's retirement policies), all stock options that would have vested in the 12-month period following termination of employment will immediately vest and become exercisable.

For all terminations of employment other than for Cause or voluntary resignation, all performance-based and non-performance based restricted stock unit awards vest *pro rata* through the date of termination (though performance based units remain subject to satisfaction of the applicable performance goals). In the event of a Change of Control, the 2001 Equity Incentive Plan provides that all unvested equity awards vest immediately prior to such Change of Control unless the Compensation Committee determines otherwise. The definitions of Cause and Change of Control are substantially similar to the definition under the Weisser Employment Agreement. Under the 2001 Equity Incentive Plan and the Equity Incentive Plan, disability has the same meaning as under the company long-term disability plan for all awards except incentive stock options, for which disability means permanent and total disability within the meaning of Section 22(e)(3) of the Internal Revenue Code.

Table of Contents**SHARE OWNERSHIP OF DIRECTORS, EXECUTIVE OFFICERS AND
PRINCIPAL SHAREHOLDERS**

The following table sets forth information regarding the beneficial ownership of our common shares by each member of our Board, each executive officer and our directors and executive officers as a group as of March 1, 2012, based on 145,841,278 shares issued and outstanding.

All holders of our common shares are entitled to one vote per share on all matters submitted to a vote of holders of common shares and the voting rights attached to common shares held by our directors, executive officers or major shareholders do not differ from those that attach to common shares held by any other holder.

Under SEC Rule 13d-3 of the Exchange Act, "beneficial ownership" includes shares for which the individual, directly or indirectly, has or shares voting or investment power whether or not the shares are held for the individual's benefit.

AUDIT COMMITTEE REPORT

Bunge's Audit Committee is composed of six independent directors, all of whom are financially literate. In addition, Bunge's Board has determined that each of Mr. de La Tour d'Auvergne Lauraguais, Mr. Bachrach, Mr. Boilini, Mr. Engels and Mr. Hackett qualifies as an audit committee financial expert as defined by the SEC. The Audit Committee operates under a written charter, which reflects NYSE listing standards and Sarbanes-Oxley Act requirements regarding audit committees. A copy of the charter is available on Bunge's website at www.bunge.com.

The Audit Committee's primary role is to assist the Board in fulfilling its responsibility for oversight of (1) the quality and integrity of Bunge's financial statements and related disclosures, (2) Bunge's compliance with legal and regulatory requirements, (3) Bunge's independent auditors' qualifications, independence and performance and (4) the performance of Bunge's internal audit and control functions.

Bunge's management is responsible for the preparation of its financial statements, its financial reporting process and its system of internal controls. Bunge's independent auditors are responsible for performing an audit of the financial statements in accordance with the standards of the Public Company Accounting Oversight Board (PCAOB), and issuing an opinion as to the conformity of those audited financial statements to U.S. generally accepted accounting principles. The Audit Committee monitors and oversees these processes.

The Audit Committee has adopted a policy designed to increase its oversight of Bunge's independent auditor. Under the policy, the Audit Committee approves all audit, and audit-related services, tax services and other services provided by the independent auditor. In addition, any services provided by the independent auditor that are not specifically included within the scope of the audit must be pre-approved by the Audit Committee in advance of any engagement. The Audit Committee's charter also ensures that the independent auditor discusses with the Audit Committee important issues such as internal controls, critical accounting policies, instances of fraud and the consistency and appropriateness of Bunge's accounting policies and practices.

The Audit Committee has reviewed and discussed with management and Deloitte & Touche LLP, Bunge's independent auditors, the audited financial statements as of and for the year ended December 31, 2011. In addition, the Audit Committee met regularly with management and Deloitte & Touche LLP to discuss the results of their evaluations of Bunge's internal controls and the overall quality of Bunge's financial reporting. The Audit Committee has also discussed with Deloitte & Touche LLP the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees) as amended, as adopted by the PCAOB in Rule 3200T. In addition, the Audit Committee has received the written disclosures and the letter from Deloitte & Touche LLP required by the applicable requirements of the PCAOB regarding Deloitte & Touche LLP's communications with the Audit Committee concerning independence and has discussed with them their independence from Bunge and its management. The audit committee also considered whether the non-audit services provided by Deloitte & Touche LLP to Bunge during 2011 were compatible with their independence as auditors.

Based on these reviews and discussions, the Audit Committee has recommended to the Board, and the Board has approved, the inclusion of the audited financial statements in Bunge's Annual Report on Form 10-K for the year ended December 31, 2011 for filing with the SEC.

PROPOSAL 2
APPOINTMENT OF INDEPENDENT AUDITORS AND AUTHORIZATION
OF THE AUDIT COMMITTEE OF THE BOARD TO DETERMINE
THE INDEPENDENT AUDITORS' FEES

General

Our Board has recommended and asks that you appoint Deloitte & Touche LLP as our independent auditors for the fiscal year ending December 31, 2012 and authorize the audit committee of the Board to determine the independent auditors' fees. You would be so acting based on the recommendation of our audit committee. Pursuant to Bermuda law and our bye-laws, an auditor is appointed at the annual general meeting or at a subsequent general meeting in each year and shall hold office until a successor is appointed.

The affirmative vote of a majority of the votes cast on the proposal is required to make such appointment. If you do not appoint Deloitte & Touche LLP, our Board will reconsider its selection of Deloitte & Touche LLP and make a new proposal for independent auditors.

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively, the "Deloitte Entities") have audited our annual financial statements since our 1996 fiscal year.

Representatives of the Deloitte Entities are expected to be present at the Annual General Meeting and will have the opportunity to make a statement if they desire to do so. We also expect that they will be available to respond to questions.

Fees

The chart below sets forth the aggregate fees for professional services rendered by the Deloitte Entities for services performed in each of 2011 and 2010, and breaks down these amounts by category of service:

	2011	2010
Audit Fees	\$ 12,727,000	\$ 12,458,000
Audit-Related Fees	479,000	553,000
Tax Fees	237,000	224,000
All Other Fees	0	0
Total	\$ 13,443,000	\$ 13,235,000

Audit Fees

Audit fees are fees billed for the audit of our annual consolidated financial statements, the audit of management's assessment on internal control over financial reporting and for the reviews of our quarterly financial statements. Additionally, audit fees include comfort letters, statutory audits, consents and other services related to SEC matters.

Audit-Related Fees

For 2011 and 2010, audit-related fees principally included fees for employee benefit plan audits in North America and statutory attestation services in Argentina.

Tax Fees

Tax fees in 2011 and 2010 primarily related to tax compliance services. Tax compliance services are services rendered based upon facts already in existence or transactions that have already occurred to document, compute and review amounts to be included in tax filings.

All Other Fees

No fees were paid to the Deloitte Entities in 2011 and 2010 for any other professional services.

Pre-Approval Policies and Procedures

The audit committee approves all audit services, audit related services, tax services and other services provided by Deloitte & Touche LLP. Any services provided by Deloitte & Touche LLP that are not specifically included within the scope of the audit must be pre-approved by the audit committee in advance of any engagement.

In making its recommendation to appoint Deloitte & Touche LLP as our independent auditor for the fiscal year ending December 31, 2012, the audit committee has considered whether the services provided by Deloitte & Touche LLP are compatible with maintaining the independence of Deloitte & Touche LLP and has determined that such services do not interfere with Deloitte & Touche LLP's independence.

RECOMMENDATION OF THE BOARD

Our Board recommends that, based on the recommendation of the audit committee, you vote FOR the appointment of Deloitte & Touche LLP to serve as our independent auditors for the fiscal year ending December 31, 2012 and the authorization of the audit committee of the Board to determine the independent auditors' fees.

PROPOSAL 3
ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

Pursuant to the rules of the Securities and Exchange Commission, Bunge is required to provide shareholders with a non-binding advisory "say-on-pay" vote to approve the compensation of our Named Executive Officers as disclosed in the Compensation Discussion & Analysis ("CD&A"), related compensation disclosure tables and narrative disclosures of this proxy statement. The Board recognizes the importance of our shareholders' opportunity to cast an advisory say-on-pay vote as a means of expressing views regarding the compensation of our Named Executive Officers. Based upon the outcome of our 2011 say-on-pay frequency vote, we intend to hold an annual advisory say-on-pay vote until the next say-on-pay frequency vote, which, in accordance with applicable law, will occur no later than our 2017 Annual General Meeting.

Bunge's compensation philosophy is to pay for performance, support Bunge's business goals, align the interests of management and our shareholders and offer competitive compensation arrangements to attract, retain and motivate high caliber executives. In the CD&A, we have provided shareholders with a description of our executive compensation program, including the philosophy underpinning the program, the individual elements of the compensation program, and how our compensation program is administered. Our executive compensation program consists of elements designed to complement each other and reward achievement of short-term and long-term objectives by linking compensation to key performance metrics. We have chosen the selected metrics to align executive compensation to the achievement of strong financial performance and the creation of shareholder value. Our Compensation Committee regularly reviews our executive compensation program to ensure alignment with our business strategy and compensation philosophy. Additionally, our executive compensation program has been designed to appropriately balance risks and rewards and discourage excessive risk taking by our executives.

For the reasons highlighted above, and more fully discussed in the CD&A, the Board unanimously recommends a vote for the following resolution:

"RESOLVED, that the shareholders approve the compensation of the Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, the accompanying compensation tables and related narrative disclosure in this Proxy Statement."

You may vote "for" or "against" this proposal, or you may abstain from voting. Although the vote on this Proposal 3 is advisory and non-binding, the Compensation Committee and the Board will review the voting results on the proposal and will consider shareholder views in connection with our executive compensation program.

RECOMMENDATION OF THE BOARD

Our Board recommends that shareholders vote FOR the approval of the non-binding advisory vote to approve Named Executive Officer compensation.
