SPECIAL NOTE ON FORWARD-LOOKING STATEMENTS

This prospectus and any accompanying prospectus supplement contains or incorporates by reference certain statements that are, or may be deemed to be, forward-looking statements within the meaning of Section 27A of the Securities Act and Section 21E of the Exchange Act. Our forward-looking statements include discussions of our business strategies and our expectations concerning future operations, margins, profitability, liquidity and capital resources. In some cases, you can identify forward-looking statements by terminology such as "may," "will," "should," "could," "would," "expect," "plan," "anticipate," "believe," "estimate," "predict," "potential" and "continue," the negative of these terms, and similar expressions. All statements contained in or incorporated by reference into this prospectus and any accompanying prospectus supplement, other than statements of historical fact, are forward-looking statements. These forward-looking statements are based on management's estimates, projections and assumptions as of the date of such statements and include the assumptions that underlie such statements.

Forward-looking statements involve known and unknown risks and uncertainties. Various factors, such as the factors listed below and in "Risk Factors" in any accompanying prospectus supplement and in our Annual Report on Form 10-K and/or Quarterly Reports on Form 10-Q incorporated by reference herein, may cause our actual results, performance, or achievements to be materially different from those expressed or implied by any forward-looking statements. Among the factors that could cause our results to differ are the following:

Our future operating results depend on a number of factors beyond our control, such as the prices for and the availability of metals, which could cause our results to fluctuate significantly over time. During periods of low customer demand it could be more difficult for us to pass through price increases to our customers, which could reduce our gross profit and net income. A significant or rapid increase or decrease in costs from current levels could have a severe negative impact on our profitability.

We service industries that are highly cyclical, and downturns in our customers' industries could reduce our revenue and profitability.

The success of our business is affected by general economic and political conditions both in the U.S. and globally. Our business was adversely impacted by the recent economic recession and, although pricing and demand have stabilized since that time, we do not know if, or when,

Edgar Filing: SMITH PIPE & STEEL CO - Form S-3ASR

Table of Contents

demand levels will return to pre-recession levels. Recently we have also been impacted by "fiscal cliff" concerns, which have led many of our customers to decrease their purchasing activity. Austerity measures that have been or may be instituted by the U.S., including the recent automatic sequesters, or the inability of the U.S. to raise its "debt ceiling" could negatively impact our business. Further, any significant deterioration in the global economy from current levels could also negatively impact our business.

We operate in a very competitive industry and increased competition could reduce our profitability.

Global economic factors may cause increased imports of metal products to the U.S., which may cause the cost of the metals we purchase to decline and could also cause our selling prices and profitability to decline.

If metals producers increase production levels without offsetting increases in end demand, metal costs could decline, which may cause our selling prices and profitability to decline.

As a decentralized business, we depend on both senior management and our operating employees; if we are unable to attract and retain well-qualified individuals, our results of operations may decline.

The interest rates on our revolving credit facility are variable. Our outstanding borrowings on our revolving credit facility were \$525.0 million at December 31, 2012. Interest rate changes could have a significant impact on our financial results, and the impact would be amplified if we increase our borrowings on our revolving credit facility or obtain new financing at variable rates.

We may not be able to consummate future acquisitions, and those acquisitions that we do complete may be difficult to integrate into our business, or may fail to successfully adopt our operating strategies.

Our acquisitions might fail to perform as we anticipate or there could be significant negative events in our industry or the general economy that fundamentally alter our business model and outlook. This could result in a significant impairment charge to goodwill and/or other intangible assets. Acquisitions may also result in our becoming responsible for unforeseen liabilities that may adversely affect our financial condition and liquidity. If our acquisitions do not perform as anticipated, our operating results also may be adversely affected.

Various environmental and other governmental regulations may require us to expend significant capital and incur substantial costs or may impact the customers we serve, which may have a negative impact on our financial results.

We may discover internal control deficiencies in our decentralized operations or in an acquisition that must be reported in our SEC filings, which may have a negative impact on the market price of our common stock or the ratings of our debt.

If existing shareholders with substantial holdings of our common stock sell their shares, the market price of our common stock could decline.

Principal shareholders who own a significant number of our shares may have interests that conflict with yours.

We may pursue growth opportunities that require us to increase our leverage ratios. This may impact our public debt ratings.

Edgar Filing: SMITH PIPE & STEEL CO - Form S-3ASR

The volatility of our stock price has increased significantly since 2008. This volatility may continue in the future and may increase from current levels.

Table of Contents

The foregoing factors are not exhaustive, and new factors may emerge or changes to the foregoing factors may occur that could impact our business. Although we believe the expectations reflected in the forward-looking statements are reasonable, we cannot guarantee future performance or results. We are not obligated to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise. You should consider these risks when reading any forward-looking statements and review carefully the section captioned "Risk Factors" in any accompanying prospectus supplement and in our Annual Report on Form 10-K and/or Quarterly Reports on Form 10-Q incorporated by reference herein for a more complete discussion of the risks of an investment in the Company's securities.

USE OF PROCEEDS

Unless otherwise stated in any prospectus supplement accompanying this prospectus, we will use the net proceeds from the sale of any debt securities, common stock, preferred stock, warrants, rights or units that may be offered hereby for general corporate purposes. Such general corporate purposes may include, but are not limited to, reducing or refinancing our indebtedness, financing possible acquisitions and redeeming outstanding securities. Net proceeds may be temporarily invested in short-term investments or applied to repay short-term debt before their stated use. Any prospectus supplement relating to an offering will contain a more detailed description of the use of proceeds of any specific offering of securities. We will not receive any proceeds from sales of securities by selling securityholders.

Item 15. *Indemnification of Directors and Officers*

In Article IV of the restated articles of incorporation of the Registrant, the Registrant has eliminated to the fullest extent permitted under California law the liability of directors of the Registrant for monetary damages. Additionally, the Registrant is authorized to indemnify its agents as defined in Section 317 of the California General Corporation Law for breach of their duty to the Registrant and its shareholders through Bylaw provisions or through agreements with the agents, or both, in excess of the indemnification otherwise permitted under Section 317, subject to the limits on such excess indemnification set forth in Section 204 of the California General Corporation Law. Section 5.11 of the Registrant's amended and restated bylaws provides that the Registrant shall indemnify each of its agents against expenses, judgments, fines, settlements or other amounts actually and reasonably incurred by such person by reason of such person having been made or having been threatened to be made a party to a proceeding to the fullest extent permissible by the provisions of Section 317 of the California General Corporation Law, as amended from time to time, and that the Registrant shall advance the expenses reasonably expected to be incurred in defending any such proceeding, upon receipt of the undertaking required by Section 317(f).

Section 204 of the California General Corporation Law allows a corporation, among other things, to eliminate or limit the personal liability of a director for monetary damages in an action brought by the corporation itself or by way of a derivative action brought by shareholders for breach of a director's duties to the corporation and its shareholders. The provision may not eliminate or limit liability of directors for the following specified actions, however: (i) for acts or omissions that involve intentional misconduct or a knowing and culpable violation of law; (ii) for acts or omissions that a director believes to be contrary to the best interests of the corporation or its shareholders, or that involve the absence of good faith on the part of the director; (iii) for any transaction from which a director derived an improper personal benefit; (iv) for acts or omissions that show a reckless disregard of the director's duty to the corporation or its shareholders in circumstances in which the director was aware, or should have been aware, in the ordinary course of performing a director's duties, of a risk of serious injury to

Table of Contents

the corporation or its shareholders; (v) for acts or omissions that constitute an unexcused pattern of inattention that amounts to an abdication of the director's duty to the corporation or its shareholders; (vi) for transactions between the corporation and a director, or between corporations having interrelated directors; and (vii) for improper distributions and stock dividends, loans and guaranties. The provision does not apply to acts or omissions occurring before the date that the provision became effective and does not eliminate or limit the liability of an officer for an act or omission as an officer, regardless of whether that officer is also a director.

Section 317 of the California General Corporation Law gives a corporation the power to indemnify any person who was or is a party, or is threatened to be made a party, to any proceeding, whether threatened, pending, or completed, and whether civil, criminal, administrative or investigative, by reason of the fact that that person is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise. A corporation may indemnify such a person against expenses, judgments, fines, settlements and other amounts actually or reasonably incurred in connection with the proceeding, if that person acted in good faith, and in a manner that that person reasonably believed to be in the best interest of the corporation; and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of the person was unlawful. In an action by or in the right of the corporation, no indemnification may be made with respect to any claim, issue or matter (a) as to which the person shall have been adjudged to be liable to the corporation in the performance of that person's duty to the corporation and its shareholders, unless and only to the extent that the court in which such proceeding was brought shall determine that, in view of all of the circumstances of the case, the person is fairly and reasonably entitled to indemnity for expenses; and (b) which is settled or otherwise disposed of without court approval. To the extent that any such person has been successful on the merits in defense of any proceeding, or any claim, issue or matter therein, that person shall be indemnified against expenses actually and reasonably incurred in connection therewith. Indemnification is available only if authorized in the specific case by a majority of a quorum of disinterested directors, by independent legal counsel in a written opinion, by approval of the shareholders other than the person to be indemnified, or by the court. Expenses incurred by such a person may be advanced by the corporation before the final disposition of the proceeding upon receipt of an undertaking to repay the amount if it is ultimately determined that the person is not entitled to indemnification.

Section 317 of the California General Corporation Law further provides that a corporation may indemnify its officers and directors in excess of the statutory provisions if authorized by its articles of incorporation and that a corporation may purchase and maintain insurance on behalf of any officer, director, employee or agent against any liability asserted or incurred in his or her capacity, or arising out of his or her status with the corporation.

In addition to the provisions of the restated articles of incorporation and amended and restated bylaws of the Registrant, the Registrant has entered into indemnification agreements with all of its present directors and officers, to indemnify these persons against liabilities arising from third party proceedings, or from proceedings by or in the right of the Registrant, to the fullest extent permitted by law. Additionally, the Registrant has purchased directors' and officers' liability insurance for the benefit of its directors and officers.

At present, there is no pending litigation or proceeding involving a director, officer or employee of the Registrant pursuant to which indemnification is sought, nor is the Registrant aware of any threatened litigation that may result in claims for indemnification. Section 317 of the California General Corporation Law and the restated and amended bylaws of the Registrant provide for the indemnification of officers, directors and other corporate agents in terms sufficiently broad to indemnify such persons, under certain circumstances, for liabilities (including reimbursement of expenses incurred) arising under the Securities Act. Insofar as indemnification for liabilities arising

Edgar Filing: SMITH PIPE & STEEL CO - Form S-3ASR

under the Securities Act may be permitted to directors, officers and controlling persons pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the SEC such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

The Registrant maintains standard policies of directors' and officers' liability insurance.

Item 17. Undertakings

(a) Each undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Securities and Exchange Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20% change in the maximum aggregate offering price set forth in the "Calculation of Registration Fee" table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that paragraphs (i), (ii) and (iii) above do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Securities and Exchange Commission by the registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(i) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(ii) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. *Provided, however*, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date;

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities, the undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and

(iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.

(6) That, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities

Table of Contents

Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of the securities at that time shall be deemed to be the initial bona fide offering thereof.

(7) To file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under section 305(b)2 of the Act.

(8) To supplement the prospectus, after the expiration of any warrant or right subscription period, to set forth the results of any warrant or right subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.

(b) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers or controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, each registrant has been advised that in the opinion of the Securities and Exchange Commission this type of indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.
