PROSPECTUS SUMMARY

The following summary highlights information contained elsewhere in this prospectus. You should read the entire prospectus carefully, especially the risks of investing in our Class A common stock discussed under "Risk Factors" and our Consolidated Financial Statements and accompanying notes.

AMC Entertainment Holdings, Inc. ("Parent"), an entity created on June 6, 2007, is the sole stockholder of AMC Entertainment Inc. ("AMCE"). As used in this prospectus, unless the context otherwise requires, references to "we," "us," "our," the "Company," "AMC" or "AMC Entertainment" refer to Parent and its consolidated subsidiaries.

On November 15, 2012, we announced that we changed our fiscal year to a calendar year so that the calendar year shall begin on January 1st and end on December 31st of each year. Prior to the change, fiscal years refer to the fifty-two weeks, and in some cases fifty-three weeks, ending on the Thursday closest to the last day of March.

As used in this prospectus, the term "pro forma" refers to, in the case of pro forma financial information, such information after giving pro forma effect to (i) the Merger (as defined below) and (ii) this offering and the use of proceeds therefrom and related transactions (collectively, the "Transactions"). Except as stated otherwise herein, the share data set forth in this prospectus reflects the reclassification of Parent's capital stock as described below under " The Reclassification."

Certain financial measures presented in this prospectus, such as Adjusted EBITDA and Theatre Level Adjusted EBITDA are not recognized terms under accounting principles generally accepted in the United States ("GAAP"). These measures exclude a number of significant items, including our interest expense and depreciation and amortization expense. For a discussion of the use of these measures and a reconciliation to the most directly comparable GAAP measures, see " Summary Historical and Unaudited Financial and Operating Data." We also use "cash on cash return" as a measure of the performance of our theatres after implementation of one or more of the strategic initiatives described below under " Our Strategy: The Customer Experience Leader." Management uses this metric to measure the increase in operating performance of our theatres relative to the capital invested in them and to guide the allocation of future capital deployment. We believe that securities analysts and investors also view this measure as an important tool for measuring our performance. We define "cash-on-cash" return on the capital investment for a strategic initiative as the increase in Theatre-level Adjusted EBITDA (as defined on page 19) attributable to such capital investment for the twelve month period following completion of the capital investment over the preceding 12 month period divided by the amount of such capital expenditures, net of landlord contribution (as defined on page 19).

Our Company

We are one of the world's largest theatrical exhibition companies and an industry leader in innovation and operational excellence. We introduced Multiplex theatres in the 1960s and the North American stadium-seated Megaplex theatre format in the 1990s. Our field operations teams win recognition from national organizations like the Motion Picture Association of America and local groups in "Best of" competitions, while maintaining greater than 50% top-box customer satisfaction and industry leading theatre productivity metrics.

As of September 30, 2013, we owned, operated or held interests in 343 theatres with a total of 4,950 screens primarily in North America. Our theatres are predominantly located in major metropolitan markets, which we believe give our circuit a unique profile and offer strategic and operational advantages. Our top five markets, in each of which we hold the #1 or #2 share position, are New York (42% share), Los Angeles (27%), Chicago (44%), Philadelphia (29%) and Dallas (28%). For the twelve months ended September 30, 2013, these five metro markets comprised 40% of our revenues and 38% of our attendance. Strategically, these markets and our theatres in them are diverse,

Table of Contents

operationally complex, and, in many cases, for established locations, the scarcity of new theatre opportunities creates a significant competitive advantage against newcomers or alternative entertainment options.

Across our entire circuit, approximately 200 million customers visited our theatres during calendar year 2012 and during the twelve months ended September 30, 2013. For the nine months ended September 30, 2013, we had total revenues of \$2.0 billion; Adjusted EBITDA of \$335.2 million and earnings from continuing operations of \$80.5 million and for the twelve months ended September 30, 2013, we generated total revenues of \$2.7 billion, Adjusted EBITDA of \$450 million and earnings from continuing operations of \$81.6 million. According to publicly available information for our peers, during the calendar year ended December 31, 2012, our circuit led in revenues per head (\$13.56), average ticket price (\$9.04) and food and beverage per head (\$3.92). For the same period, our attendance per screen (41,900) and admissions gross profit per screen (\$179,000) were among the highest of our peers. In the last two years ended September 30, 2013, we have deployed a total of \$182.2 million in growth-oriented capital, including \$21.2 million contributed by landlords, into our circuit and infrastructure to help generate those results. We believe that it is the quality of our theatre locations and our customer-focused innovation that continue to drive improved productivity per location, return on investment and shareholder value.

We believe that our size, reputation, financial performance, history of innovation, strong major market presence and highly productive theatre circuit position us well for the future. A future where, after more than nine decades of business models driven by quantity of theatres, screens and seats, we believe quality of the movie going experience will determine long term, sustainable success. We are improving the quality of the movie-going experience in ways that extend stay and capture a greater proportion of total movie-going spending in order to maximize the economic potential of each customer visit, create sustainable growth and deliver shareholder value.

Our intention is to capitalize on this pivot towards quality by leveraging our extensive experience in theatre operations, combined with the next wave of innovations in movie-going. We plan to continue investing in our theatres and upgrading the consumer experience to take greater advantage of incremental revenue-generating opportunities, primarily through an array of improved and differentiated customer experiences in (1) more comfort & convenience; (2) food & beverage; (3) engagement & loyalty; (4) sight & sound and (5) targeted programming.

Our Strategy: The Customer Experience Leader

Through most of its history, movie-going has been defined by product – the movies themselves. Yet, long term significant, sustainable changes in the economics of the business and attendance patterns have been driven by improvements to the movie-going experience, not the temporary ebb and flow of product. The introduction of Multi- and then Megaplexes, with their then-modern amenities and stadium seats, for example, changed the landscape of the industry.

We believe the industry is in the early stages of once again significantly upgrading the movie-going experience, and this shift towards quality presents opportunities to those who are positioned to capitalize on it. As is our custom, we intend to be a leader in this change, with consumer-focused innovations that improve productivity, maximize revenue-generation per customer visit and, in turn, drive shareholder value.

Our strategic objective is then very straightforward: we intend to be the customer experience leader. We aim to maintain and increase our leadership position and competitive advantage through the following five tightly defined strategies:

1) More Comfort & Convenience We believe that in an era of jam-packed, busy schedules and stressful lives, movie-going more than ever represents an easy, familiar escape. Against that reality, we believe that maximizing comfort and convenience for our customers will be increasingly necessary to maintain and improve customer relevance.

Three specific initiatives help us deliver more comfort and convenience to our customers. The most impactful so far, as measured by improved customer satisfaction, economic and financial metrics, is recliner re-seats. Along with these physical plant transformations, open-source internet ticketing and reserved seating help us shape and adapt our circuit to meet and exceed our customers' expectations.

Recliner re-seats are the key feature of full theatre renovations. These exhaustive theatre renovations involve stripping theatres to their basic structure in order to replace finishes throughout, upgrade the sight and sound experience, install modernized points of sale and, most importantly, replace traditional theatre seats with plush, electric recliners that allow customers to deploy a leg rest and fully recline at the push of a button. The renovation process typically involves losing 66% seating capacity. For an industry historically focused on quantity, this reduction in seating capacity could be viewed as counter-intuitive and harmful to revenues. However, the quality improvement in the customer experience is driving, on average, an 91% increase in attendance at these locations. Our customers have responded favorably to the significant personal space gains from ample row depths, ability to recline or stretch their legs, extra-wide pillowed chaise and oversized armrests. Starting with one 12-screen theatre a little over two years ago, as of September 30, 2013 we now feature recliner re-seats in 28 theatres, or 327 screens, with another 7 theatres, or 65 screens, under construction. Cash-on-cash returns for the four locations opened prior to July 1, 2012 have averaged over 100%. We believe that approximately 1/4 of our circuit's re-seat potential has been addressed, leaving us with over 1,400 addressable screens to go. Thus far, we have implemented only modest ticket pricing increases at these re-seated theatres, and we believe there is unrealized revenue potential at these theatres as we rebalance the supply-demand relationship created by added comfort from re-seats and our customers' willingness to pay for this improved experience. Over the next five years we intend to invest approximately \$600 million in recliner re-seat conversions.

Rebalancing of the new supply-demand relationship created by recliner re-seats presents us two further opportunities to improve customer convenience and maximize operating results: open-source internet ticketing and reserved seating.

Open-source internet ticketing makes all our seats (almost 950,000) in all our theatres and auditoriums for all our showtimes (approximately 22,000 per day), as available as possible, on as many websites as possible. This is a significant departure from the prior ten-year practice, when tickets to any

Table of Contents

one of our buildings were only available on one website. In the two years since we exercised our right to end exclusive contracts, internet tickets sold as a percentage of total tickets sold has increased significantly from approximately 5.5% to 8.5%. We believe increased online access is important because it captures customers' purchase intent more immediately and directly than if we had to wait until they showed up at the theatre box office to make a purchase. Once our customers buy a ticket, they are less likely to change their mind. Carefully monitoring internet pre-sales also lets us adjust capacity in real time, moving movies that are poised to overperform to larger capacity or more auditoriums, thereby maximizing yield.

Reserved seating, now fully implemented in 50 of our busiest theatres, allows our customers to choose a specific seat in advance of the movie. We believe that knowing there is a specifically chosen seat waiting for a show that promises to be a sellout is comforting to our customers, and removes anxiety around the experience. We believe reserved seating will become increasingly prevalent to the point of being a pre-requisite in the medium-term future.

We believe the comfort and personal space gains from recliner re-seats, coupled with the immediacy of demand captured from open-source internet ticketing and the anxiety removal of reserved seating make a powerful economic combination for us that none of our peer set is exploiting as aggressively as we are.

2) Enhanced Food & Beverage Popcorn and soft drinks are as integral a part of the movie-going experience as the movies themselves. Yet, approximately one third of our 200 million annual customers do not purchase food or a beverage. In order to increase the percentage of customers purchasing food or a beverage as well as increase sales per patron, we have developed food and beverage concepts that expand selection and service offerings. These concepts range from the simple and traditional (Food and Beverage Kiosks) to the vastly innovative and complex (Dine-In Theatres). This array of concepts, progressively more innovative and capital intensive, creates further service and selection across a range of theatre types and attendance levels and allows us to satisfy more customers and different customer needs and generate additional revenues.

The most broadly deployed concept is Food and Beverage Kiosks, which supplements the traditional menu with made-to-order hot foods, espresso drinks, smoothies, better-for-you products and an expanded range of candies and frozen novelty treats. Food and Beverage Kiosks capitalizes on food and beverage trends our customers have adopted in other quick-eat venues. To date, we have implemented 80 Food and Beverage Kiosks where we enjoy average incremental food and beverage per head (FBPH) of \$0.04 and cash-on-cash returns for the 58 locations deployed prior to October 1, 2012 have averaged approximately 37%.

At the next level, and designed for higher volume theatres, Marketplace vastly expands menu offerings as well as delivers a more customer engaging, post-pay shopping experience. In addition to the expanded offerings found in Food and Beverage Kiosks, Marketplaces also feature grab-and-go and self-serve food and beverages, including Coke Freestyle®, which puts our customers in charge with over 120 drink flavor options. AMC's operational excellence and history of innovation allowed us first-mover advantage on this new technology, which today is deployed in 47 of our theatres and we anticipate will be in all of our circuit by mid-2015. We find that when customers are allowed to browse and choose, overall satisfaction goes up and they spend more. Our FBPH metrics improve on average \$0.12 when a Marketplace is added to a theatre. We now operate 14 Marketplaces with plans to install as many as 25 more, as our next generation food and beverage format.

Deployed alone or alongside our other food and beverage concepts are our MacGuffins Bar & Lounges. We believe that few innovations have won over the adult movie goer more decisively than our full service bars featuring premium beers, wines and liquors. In the last 30 months we have deployed 44 MacGuffins, and with their impressive average incremental FBPH of \$0.30, we

Table of Contents

are moving quickly to install an additional 23 within twelve months and believe the concept will be successful in an additional 75-100 theatres thereafter. *MacGuffins* have delivered average cash-on-cash returns for the twelve locations deployed prior to July 1, 2012 of over 100%. Due to our success in operating *MacGuffins*, we believe we can leverage our substantial experience when it comes to permitting, installing and commissioning these improvements.

At the top of the scale are our *Dine-In Theatres*. *Dine-In Theatres* are full restaurant operations, giving our customers the ultimate dinner-and-a-movie experience all at a single seat. Compressing by almost half what would otherwise be a four or five hour, multi-destination experience, young people and adults alike are afforded a huge convenience, which puts the idea of going to a movie much more in play. We currently operate 11 *Dine-In Theatres*. Cash-on-cash returns for the nine locations deployed prior to October 1, 2012 averaged 14% in their first full year of operations. At our eight locations that were open prior to October 1, 2011, cash-on-cash returns grew to 40% in the second full year of operations as consumer awareness increased. These increases in cash-on-cash returns were driven primarily by an increase in FBPH of \$4.83. Today, *Dine-In Theatres* represent 3% of our total theatres but generated 9% of our circuit-wide food and beverage revenues. We expect that *Dine-In Theatres* and recliner re-seats will be deployed in approximately 17% of our theatres by the end of 2013. We plan to open 20 more *Dine-In Theatres* in the next 5 years.

Building on the success of our full-service *Dine-In Theatres*, we are under construction with an emerging concept, *DIT Express*. *DIT Express* emphasizes freshness, speed and convenience. Customers place their orders at a central station and the order is delivered to our customers at their reserved seat. *DIT Express* was developed in conjunction with Union Square Events (a division of Union Square Hospitality Group). Like our other food and beverage concepts, we believe that *DIT Express* will become an important part of our toolkit.

In this most important area of profitability for any exhibition circuit, we believe that our ability to innovate concepts, adapt those concepts to specific buildings and generate incremental revenue differentiates us from our peers and provides us with a competitive advantage. This is in part due to our core geographic markets' larger, more diverse and more affluent customer base; in part due to our management team's demonstrated and extensive experience in food, beverage and hospitality; and in part due to our three-plus year head start in this difficult to execute space.

We believe significant financial opportunities exist as we have a substantial pipeline of investments to take advantage of incremental attendance-generating and revenue-generating prospects by deploying building-by-building solutions from a proprietary menu of proven, customer-approved food and beverage concepts.

3) Greater Engagement & Loyalty We believe that in the theatrical exhibition business, as in all consumer-oriented businesses, engagement and loyalty are the hallmarks of winning organizations.

Our brand is the most recognizable in the business, with over 80% awareness in the United States according to an Ipsos Omnibus survey completed July 2013 far above any competitor. We build on that strength by seeking engagement and loyalty from our customers in four measurable, specific and inter-related ways. At the top of the pyramid is *AMC Stubs*®, the industry's most sophisticated loyalty program. At the base of the pyramid are our mobile apps, website (www.amctheatres.com) and social media outreach, which combined seek to drive engagement to levels unprecedented in the movie exhibition industry. We believe there is incremental attendance potential to be gained from avid movie-goers who generate a disproportionate share of industry revenues and who state that the quality of the movie-going experience directly influences their movie-going habits.

AMC Stubs® is the industry's first program of its kind. Fee-based (consumers pay \$12/year to belong), it rewards loyalists with in-theatre value (\$10 for every \$100 spent) instead of hard to

Table of Contents

track "points". The program is fully automated and user-friendly from a customer perspective. As of September 2013 we had 2.5 million member households, which represent approximately 20% of our total weekly box office revenues. Transaction data from this loyal customer base are mined for consumer insights that are used to develop targeted, relevant customer offers, leading to increased attendance and sales. The program increases switching costs (the negative monetary (annual fee) and psychological (lost reward potential) costs associated with choosing a competitive theatre exhibitor), especially for those patrons located near our competitors' theatres, and leads to higher loyalty. We believe that increased switching costs dissuade customers from choosing a competitor's theatre and lead to higher loyalty.

Our www.amctheatres.com state-of-the-art website, leverages adaptive technology that optimizes the users' experience regardless of platform (phone, tablet, laptop, etc.) and has nearly 9 million visits per month, with peak months over 12 million, generating up to almost 300 million page visits per year. The website generates ticket sales and higher conversion rates by simplifying customers' purchasing decision and process.

The AMC mobile apps, available for iOS, Android and Windows devices have been downloaded nearly 2.1 million times since launch, generating almost a half million sessions per week. This convenient way to purchase tickets also features Enhanced Maps, which allows customers to browse for their nearest AMC theatre or favorite AMC theatre amenity, and My AMC, which allows customers to generate a personalized movie queue of coming releases.

On the social media front, our Facebook 'Likes', recently at 4 million and growing, are more than all our peer competitors' counts combined. We are similarly engaged on Twitter (over 215,000 followers), Pinterest, Instagram and YouTube. Our participation in these social networks keeps movie-going top of mind and allows targeted campaigns and offers with clear 'calls to action' that generate incremental attendance and incremental revenues per patron.

The competitive advantage in greater customer engagement and loyalty includes the ability to use market intelligence to better anticipate customers' needs and desires and to capture incremental share of entertainment dollars and time.

4) Premium Sight & Sound At its core, our business is a visual and aural medium. The quality of projection and sound is therefore mission critical, and has improved significantly with the advent of digital systems. Today, our conversion to these digital systems is substantially complete, and 4,835 or 98% of our screens employ state-of-the-art Sony 4K or similar digital projectors. Importantly, the digital conversions enabled 3D exhibition, and today 2,370 screens (48% of total) are so enabled. We have at least one 3D enabled screen in 98% of our locations.

In sight and sound, we believe that size is critical in our customers' decision-making. Consistent with this belief, we are the world's largest IMAX exhibitor, with 136 screens, all 3D-enabled, with nearly twice the screen count of our closest competitor and representing a 44% market share in the United States (as of September 30, 2013). In addition, we currently have our own private label large format, marketed as ETX, in 15 locations (also all 3D enabled). Combined, these 151 screens represent only 3% of our total screens, yet on the weekends when big movies open, as much as 19% of our box office flows from them.

The premium sight and sound experiences 3D, ETX and IMAX give our customers more options and earn incremental pricing from our customers. On average, pricing premiums currently amount to \$4.09 per patron, driving better economics for us and the Hollywood studios, while also delivering our audience a superior experience. For context, box office gross profit per patron for premium formats averages 12% more than gross profit per patron for conventional 2D formats. We anticipate increasing our premium large-format screen count by 34 screens.

Table of Contents

Further, we do not expect technology advances to cease. Sound quality, for example, continues to improve, as our recent tests of Dolby ATMOS demonstrate (AMC theatres were among the very few selected for pilot tests). And, laser projection technology, the next level in clarity, brightness and sharpness, is evolving as well. While all of these will require some level of capital investment, the promise of strong customer relevance is significant.

5) Targeted Programming The core of our business, historically and now, is Hollywood movies. We play all varieties, from adrenaline-filled action movies to heart-warming family films, laugh out loud comedies and terrifying horror flicks. We play them in 2D, 3D, IMAX, ETX and even closed captioned and sometimes with subtitles. If a movie is commercially available, it is likely to be playing at an AMC theatre today or tonight, because we schedule shows in the morning, afternoon and even at midnight or later, just to make sure it is convenient for our customers.

Increasingly, we are playing movies and other content originating from more sources. We believe that as diversity grows in the United States, the ability to adapt and target programming for a fragmented audience will grow increasingly critical. We believe this is something we already do very well. As measured by an Insight Strategy Group survey conducted November 2011, approximately 51% of our audience was Latino or African American. Latino families are Hollywood's, and our, best customers. They go to the movies 6.4x per year (56% more than average), and 65% of Latinos live within 20 miles of an AMC theatre. For movies targeted at these diverse audiences, we frequently experience attendance levels greater than our average, national market share. For example, AMC recently captured 28% market share of the 2013 Spanish-titled movie *Instructions Not Included*. Tyler Perry's latest three films, which are targeted towards African American audiences, have produced industry box office of over \$125 million and an average market share for AMC of over 23% during the twelve months ended September 30, 2013. Additionally, during the twelve months ended September 30, 2013, we exhibited 80 Bollywood movies capturing an above average 30% market share and generating nearly \$11 million in box office revenues. Given the population growth patterns from the last US census, we believe that our ability to effectively serve these communities will help strengthen our competitive position.

Through AMC Independent, we have also reached into the independent (or "indie") production and distribution community. Growing quickly from its inception three years ago, we played 263 films during the twelve months ended September 30, 2013 from this very creative community.

Open Road, our joint venture with another major exhibitor, is similarly an effort to grow our sources of content and provide access to our screens for content that may not otherwise find its way there.

We believe AMC is a vital exhibitor for Hollywood studios and for independent distributors because we generate more box office revenue per theatre and provide stronger in-theatre and online promotional exposure for movies. Theatres are a content owner's highest quality revenue stream because every customer pays every time they watch the content. Among all theatres, AMC's venues are the most valuable to content owners. Due to the studios' fixed distribution cost per licensed film, their product is never more productive than at an AMC theatre. When our scale and Wanda's growth are taken into account, AMC is the most efficient and effective partner a content owner has.

Our Competitive Strengths

We believe we have the following competitive strengths:

Leading Market Share in Important, Affluent & Diverse Markets

Across the country's three biggest metropolitan markets New York, Los Angeles and Chicago, representing 20% of the country's total box office we hold a 36% combined market share. On any

Table of Contents

given weekend, half of the top ten theatres for the #1 opening movie title in the United States are AMC theatres. We believe our strong presence in these top markets makes our theatres highly visible and therefore strategically more important to content providers, who rely on the large audiences and marketing momentum provided by major markets to drive opinion-making and deliver a movie's overall box office results.

Our customers are concentrated in major metropolitan markets and are generally more affluent and culturally diverse than those in smaller markets. There are inherent complexities in effectively and efficiently serving them. In some of our more densely populated major metropolitan markets, there is also a scarcity of attractive retail real estate opportunities. Taken together, these factors solidify our market share position. Further, our history and strong presence in these markets have created a greater opportunity to introduce our enhanced customer experience concepts and exhibit a broad array of programming and premium formats, all of which we believe drive higher levels of attendance and higher revenues at our theatres.

Well Located, Highly Productive Theatres

Our theatres are generally located in the top retail centers across the United States. We believe this provides for long-term visibility and higher productivity, and is a key element in the success of our Enhanced Food & Beverage and More Comfort & Convenience initiatives. Our location strategy, combined with our strong major market presence and our focus on a superior customer experience, enable us to deliver industry-leading theatre-level productivity. During the twelve months ended September 30, 2013, seven of the ten highest grossing theatres in the United States were AMC theatres. During the same period, our average total revenues per theatre were \$8.1 million. This per unit productivity is important not only to content providers, but also to developers and landlords, for whom per location and per square foot sales numbers are critical measures. The net effect is a close relationship with the commercial real estate community, which gives us first-look and preferred tenant status on emerging opportunities.

Selectively Participating in a Consolidating Industry

Throughout the last two decades, AMC has been an active participant in our industry's consolidation. In that span, we have acquired and successfully integrated Loews, General Cinema, Kerasotes and more recently, select operations of Rave Digital Media and Rave Review Cinemas. We intend to remain an active participant in consolidation, and selectively pursue acquisitions where the characteristics of the location, overall market and facilities further enhance the quality of our theatre portfolio.

Additionally, our focus on improving the customer experience and our strong relationships with landlords and developers have provided opportunities to expand our footprint in existing markets by acquiring competitors' existing theatres at the end of their lease term at little or no cost. We believe that our More Comfort & Convenience and Enhanced Food & Beverage concepts have high appeal to landlords wanting to increase traffic and sales in their retail centers. These "spot acquisitions" have given us the ability to bolster our presence in existing markets at relatively low cost and more quickly (weeks, months) as compared to new builds (months, years).

Substantial Operating Cash Flow

For the twelve months ended September 30, 2013, nine months ended September 30, 2013, the period from August 31, 2012 to December 31, 2012, the period from March 30, 2012 through August 30, 2012 and the fiscal year ended March 29, 2012, our net cash provided by operating activities totaled \$310.7 million, \$204.7 million, \$73.9 million, \$76.4 million and \$137.0 million, respectively. We believe that our strategic initiatives, highly productive theatre circuit and continued focus on cost

control will enable us to generate sufficient cash flow provided by operating activities to fund the deployment of capital to execute our strategy to grow our revenues, maintain our facilities, service our indebtedness and pay dividends to our stockholders. We expect that our capital expenditures will be approximately \$245 million in each of the next three calendar years.

Experienced and Dynamic Team

Our senior management team, led by Gerardo (Gerry) Lopez, President and Chief Executive Officer, has the expertise that will be required to transform movie-going from a commodity to a differentiated entertainment experience. A dynamic and balanced team of executives combines long-tenured leaders in operations, real estate and finance who contributed to building AMC's hard earned reputation for operations excellence with creative entertainment and restaurant industry executives in marketing, programming and food & beverage who bring to AMC business acumen and experience that support innovation in theatrical exhibition.

We anticipate that, in connection with this offering, we will implement a significant equity based compensation plan that will align management's interests with those of our shareholders.

In July 2013, AMC relocated its Theatre Support Center to a new, state-of-the-art facility in Leawood, Kansas. With a technology platform that provides for real-time monitoring of AMC screens across the country and a workplace conducive to collaboration and teamwork, AMC's management team has the organization well aligned with its strategy.

Furthermore, we believe that our people, the nearly 19,000 AMC associates, constitute an essential strength of our Company. They strive to make movie-going experiences at AMC always a treat. Our auditoriums offer clear and bright projection, our food is hot and our drinks are cold. Our doors, lobbies, hallways and bathrooms are clean and we select and train our people to make smiles happen. We create events and want our customers to always feel special at an AMC theatre. This is an experience delivered almost 200 million times a year.

Over the past three years together, this group has enhanced quality and increased variety at our food and beverage stands, introduced in-theatre dining options in many markets, revitalized over 40 theatres, launched our industry-leading loyalty program, *AMC Stubs*, and achieved our Company's highest ever ratings for top-box overall customer satisfaction. We feel like this is only the beginning.

Key Strategic Shareholder

In August 2012, AMC was acquired by the Wanda Group ("Wanda"), one of the largest, privately-held conglomerates in China. In addition to its core business as a prominent developer and owner of commercial real estate, Wanda also owns related businesses in entertainment, hospitality and retail. Wanda is the largest theatre exhibition operator in China through its controlling ownership interest in Wanda Cinema Line. The combined ownership and scale of AMC and Wanda Cinema Line, has enabled us to enhance relationships and obtain better terms from important food and beverage, lighting and theatre supply vendors, and to expand our strategic partnership with IMAX. Wanda and AMC are also working together to offer Hollywood studios and other production companies valuable access to our industry-leading promotion and distribution platforms, with the goal of gaining greater access to content and playing a more important role in the industry going forward. Wanda is controlled by its chairman, Mr. Jianlin Wang.

The Industry

Movie going is embedded in the American social fabric. For over 100 years people young and old, of all races and socio-economic levels have enjoyed the entertainment that motion pictures offer.

Table of Contents

In the United States, the movie exhibition business is large, stable and mature. While in any given calendar quarter the quantity and quality of movies can drive volatile results, box office revenues have increased from 2011 to 2012. Calendar year 2012 was, in fact, the industry's best ever, with box office revenues of \$10.8 billion, (6.5% growth over 2011) and over 1.3 billion admissions in the U.S. and Canada.

The movie exhibition business has survived the booms and busts of economic cycles and has adapted to myriad changes in technology and customer behavior. There is great value for the entertainment dollar in movie going, and no replacement has been invented for the escape and fun that a night at the movies represents.

We believe the exhibition business is in the early stages of a transition. After decades of economic models driven by *quantity* (number of theatres, screens and seats), it is the *quality* of the movie going experience that will define future success. Whether in enhanced food and beverage options (*Food and Beverage Kiosks, Marketplaces, Coke Freestyle, MacGuffins or Dine-in Theatres*); more comfort and convenience (recliner re-seats, open-source internet ticketing, reserved seating); engagement and loyalty (*AMC Stubs*, website, mobile apps, social media) or sight and sound (digital projectors, 3D, our own ETX format or IMAX); it is the ease of use and the amenities that these innovations bring to customers that will drive sustained profitability in the years ahead. As this transition accelerates, we believe movie exhibition's attraction as an investment will grow.

The Wanda Transaction

On August 30, 2012, Wanda acquired Parent through a merger between Parent and Wanda Film Exhibition Co. Ltd., ("Merger Subsidiary"), a wholly-owned indirect subsidiary of Wanda, whereby Merger Subsidiary merged with and into Parent with Parent continuing as the surviving corporation and as a wholly-owned indirect subsidiary of Wanda (the "Merger"). Prior to the Merger, Parent was owned by J.P. Morgan Partners, LLC and certain related investment funds ("JPMP"), Apollo Management, L.P. and certain related investment funds ("Apollo"), affiliates of Bain Capital Partners ("Bain"), The Carlyle Group ("Carlyle") and Spectrum Equity Investors ("Spectrum") (collectively, the "Former Sponsors").

Wanda invested approximately \$700.0 million in connection with the Merger. In comparison, assuming a per share price of \$ (the midpoint of the range set forth on the front cover of this prospectus) and number of shares sold in the offering (which would represent approximately % of the shares of our common stock that will be outstanding upon completion of this offering), the total value of the equity of the Company would have been approximately \$ million.

The Reclassification

Prior to consummating this offering, we intend to reclassify each share of Parent's existing Class A common stock and Class N common stock by filing an amendment to our certificate of incorporation. Pursuant to the reclassification, each holder of shares of existing Class A common stock will receive shares of Class B common stock for one share of existing Class A common stock, and each holder of shares of Class N common stock will receive shares of new Class A common stock for one share of Class N common stock. The transactions described in this paragraph are referred to in this prospectus as the "Reclassification."

Currently, Parent is owned by an indirect, wholly owned subsidiary of Wanda and by certain members of management as follows: Wanda (99.88%) and members of management (0.12%). After giving effect to the Reclassification and this offering, Wanda will hold shares of our Class B common stock, representing approximately % of our outstanding common stock and % of the combined voting power of our outstanding common stock, and will have the power to control our affairs and policies including with respect to the election of directors (and, through the election of directors, the appointment of management), the entering into of mergers, sales of substantially all of our assets and other extraordinary transactions.

Risk Factors

Our business is subject to numerous risks, as discussed more fully in the section entitled "Risk Factors" beginning on page 21 of this prospectus, which you should read in its entirety. In particular:

We have no control over distributors of the films and our business may be adversely affected if our access to motion pictures is limited or delayed;

We depend on motion picture production and performance;

Our substantial debt could adversely affect our operations and prevent us from satisfying those debt obligations;

Limitations on the availability of capital may prevent deployment of strategic initiatives;

We have had significant financial losses in previous years;

We may be limited in our ability to utilize, or may not be able to utilize, net operating loss carryforwards to reduce our future tax liability;

We are subject, at times, to intense competition;

An increase in the use of alternative film delivery methods or other forms of entertainment may drive down our attendance and limit our ticket prices;

Our results of operations may be impacted by shrinking video release windows;

The agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us;

We may suffer future impairment losses and theatre and other closure charges; and

Our business could be adversely affected if we incur legal liability.

Corporate Information

We are a Delaware corporation. Our principal executive offices are located at One AMC Way, 11500 Ash Street, Leawood, Kansas 66211. The telephone number of our principal executive offices is (913) 213-2000. We maintain a website at www.amctheatres.com, on which we will post our key corporate governance documents, including our board committee charters and our code of ethics. We do not incorporate the information on our website into this prospectus and you should not consider any information on, or that can be accessed through, our website as part of this prospectus.

If the underwriters exercise their option to purchase additional shares of Class A common stock in full, (1) holders of Class A common stock will hold approximately % of the combined voting power of our outstanding common stock and approximately % of our total equity ownership and (2) holders of Class B common stock will hold approximately % of the combined voting power of our outstanding common stock and approximately % of our total equity ownership. See "Description of Capital Stock Voting Rights."

The rights of the holders of Class A common stock and Class B common stock are identical, except with respect to voting and conversion applicable to the Class B common stock. See "Description of Capital Stock Common Stock" for a description of the material terms of our common stock.

Dividend policy

We intend to pay cash dividends commencing from the closing date of this offering. We expect that our first dividend will be with respect to the quarter of fiscal 20 . The declaration and payment of future dividends to holders of our common stock will be at the sole discretion of our board of directors and will depend upon many factors, including our financial condition, earnings, legal requirements, restrictions in our senior secured credit facility and the indentures governing our debt securities and other factors our board of directors deem relevant. See "Risk Factors We may not generate sufficient cash flows or have sufficient restricted payment capacity under our senior secured credit facility or the indentures governing our debt securities to pay our intended dividends on the common stock," and "Dividend Policy."

Use of proceeds

We estimate that our net proceeds from this offering without exercise of the underwriters' option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per Class A share, which represents the midpoint of the range set forth on the front cover of this prospectus. We intend to use the net proceeds to us for general corporate purposes, which may include, among other things, capital expenditures and retirement of outstanding indebtedness, including our 8.75% Senior Fixed Rate Notes due 2019. However, we have not made a definitive determination as to how to allocate these proceeds among these and other possible general corporate purposes and we do not anticipate doing so prior to the completion of the offering. See "Risk Factors We may apply the proceeds of this offering to uses that do not improve our operating results or increase the value of your investment."

At our request, the underwriters have reserved up to shares, or %, of our Class A common stock offered by this prospectus for sale, at the public offering price, through the LOYAL3 platform. See "Underwriting The LOYAL3 Platform."

Unless otherwise stated herein, the information in this prospectus (other than our historical financial statements and historical financial data) assumes that:

the Reclassification has been completed;

the underwriters have not exercised their option to purchase up to additional shares of Class A common stock from us;

the initial offering price is \$ per share, the midpoint of the range set forth on the cover page of this prospectus; and

our amended and restated certificate of incorporation and amended and restated bylaws are in effect, pursuant to which the provisions described under "Description of Capital Stock" will become operative.

In the Reclassification, each holder of shares of existing Class A common stock will receive shares of Class B common stock for one share of existing Class A common stock, and each holder of shares of Class N common stock will receive shares of new Class A common stock for one share of Class N common stock. The number of shares of common stock to be outstanding after completion of this offering is based on shares of our common stock to be sold in this offering and, except where we state otherwise, the common stock information we present in this prospectus excludes shares of common stock we will reserve for future issuance under our equity incentive plan.

Table of Contents**Summary Historical and Unaudited Financial and Operating Data**

The following summary historical financial and operating data sets forth our historical financial and operating data for the twelve months ended September 30, 2013, the Successor nine months ended September 30, 2013, the Predecessor period December 30, 2011 through August 30, 2012, the Successor period from inception August 31, 2012 through September 27, 2012, the Predecessor period from March 30, 2012 to August 30, 2012, the Successor period from inception August 31, 2012 to December 31, 2012 and the fiscal years ended March 29, 2012 and March 31, 2011 and have been derived from our Consolidated Financial Statements and related notes for such periods included elsewhere in this prospectus. The historical financial data set forth below is qualified in its entirety by reference to our Consolidated Financial Statements and the notes thereto included elsewhere in this prospectus.

In connection with the change of control due to the Merger, our assets and liabilities were adjusted to fair value on the closing date of the Merger by application of "push down" accounting. As a result of the application of "push down" accounting in connection with the Merger, our financial statement presentations herein distinguish between a predecessor period for periods prior to the Merger ("Predecessor"), and a successor period for periods subsequent to the Merger ("Successor"). The Successor applied "push down" accounting and its financial statements reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the Merger date. The Consolidated Financial Statements presented herein are those of Successor from its inception on August 31, 2012 through September 30, 2013, and those of Predecessor for all periods prior to the Merger date. As a result of the application of "push down" accounting at the time of the Merger, the financial statements for the Predecessor period and for the Successor period are presented on different bases and are, therefore, not comparable. For additional information about the Merger, see the notes to our audited Consolidated Financial Statements for the period ended December 31, 2012 and our unaudited Consolidated Financial Statements for the nine months ended September 30, 2013 included elsewhere in this prospectus.

The summary historical financial and operating data presented below should be read in conjunction with "Management's Discussion and Analysis of Financial Condition and Results of Operations" and our historical consolidated financial statements, including the notes thereto, included in this prospectus.

- (1) The statement of operations data for the twelve months ended September 30, 2013, which are unaudited, have been calculated by adding the period from September 28, 2012 to December 31, 2012 to the nine months ended September 30, 2013 included elsewhere in this prospectus. This presentation is not in accordance with GAAP. We believe that this presentation provides useful information to investors regarding our recent financial performance and we view this presentation of the four most recently completed successor quarters as a key measurement period for investors to assess our historical results. In addition, our management uses trailing four quarter financial information to evaluate the financial performance of the Company for ongoing planning purposes, including a continuous assessment of our financial performance in comparison to budgets and internal projections. We also use trailing four quarter financial data to test compliance with covenants under our debt agreements. This presentation has limitations as an analytical tool, and you should not consider it in isolation or as a substitute for analysis of our results as reported under GAAP.
- (2) On November 15, 2012, we announced that we changed our fiscal year to a calendar year so that the calendar year shall begin on January 1st and end on December 31st of each year. Prior to the change, fiscal years refer to the fifty-two weeks, and in some cases fifty-three weeks, ending on the Thursday closest to the last day of March.
- (3) We present Adjusted EBITDA as a supplemental measure of our performance. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provisions (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include any cash distributions of earnings from our equity method investees. These further adjustments are itemized below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or

- (b) Effective July 1, 2011, cash distributions from non-consolidated entities were included in our Adjusted EBITDA presentation with conforming reclassification made for the current and prior year presentation. The presentation reclassification reflects how our management evaluates our Adjusted EBITDA performance and is generally consistent with treatment in our various debt covenant calculations.
- (c) Other expense for the 52 weeks ended March 31, 2011 is comprised of the loss on extinguishment of indebtedness related to the redemption of our 12% Senior Discount Notes due 2014 ("Discount Notes due 2014") of \$14.8 million, our 11% Senior Subordinated Notes due 2016 ("Notes due 2016") of \$24.3 million and expense related to the modification of the former senior secured credit facility of \$3.7 million.
- (d) The additional four days included in the Transition Period contributed approximately \$25.0 million in Adjusted EBITDA. The acquisition of Kerasotes contributed approximately \$34.6 million during the fifty-two weeks ended March 29, 2012 in Adjusted EBITDA compared to \$31.6 million during the forty-four week period of May 24, 2010 to March 31, 2011.

Adjusted EBITDA is a non-GAAP financial measure commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

does not reflect changes in, or cash requirements for, our working capital needs;

does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

excludes tax payments that represent a reduction in cash available to us;

does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and

does not reflect management fees that were paid to the Former Sponsors.

We present Theatre Level Adjusted EBITDA as a supplemental measure of our performance which we believe provides management and investors with additional information to measure the performance of our theatres, individually and as an entirety, including the impact of our

growth capital expenditures and landlord contributions on their operating results. We define Theatre Level Adjusted EBITDA as Adjusted EBITDA minus (i) cash distributions from non-consolidated entities, (ii) stock based compensation expense included in general and administrative other, (iii) deferred rent and (iv) capital lease expense, and plus (i) general and administrative expense other and (ii) theatre service expense, as shown in the table below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Theatre Level Adjusted EBITDA, you should be aware that in the future we may incur income and expenses that are the same as or similar to some of the adjustments in this presentation. RISK FACTORS

Before you decide to purchase shares of our Class A common stock, you should understand the high degree of risk involved. You should consider carefully the following risks and other information in this prospectus, including our pro forma and historical financial statements and related notes. If any of the following risks actually occur, our business, financial condition and operating results could be adversely affected. As a result, the trading price of our Class A common stock could decline, perhaps significantly.

Risks Related to Our Industry and Our Business

We have no control over distributors of the films and our business may be adversely affected if our access to motion pictures is limited or delayed.

We rely on distributors of motion pictures, over whom we have no control, for the films that we exhibit. Major motion picture distributors are required by law to offer and license film to exhibitors, including us, on a film-by-film and theatre-by-theatre basis. Consequently, we cannot assure ourselves of a supply of motion pictures by entering into long-term arrangements with major distributors, but must compete for our licenses on a film-by-film and theatre-by-theatre basis. Our business depends on maintaining good relations with these distributors, as this affects our ability to negotiate commercially favorable licensing terms for first-run films or to obtain licenses at all. With only 7 distributors representing approximately 90% of the U.S. box office in 2012, there is a high level of concentration in the industry. Our business may be adversely affected if our access to motion pictures is limited or delayed because of deterioration in our relationships with one or more distributors or for some other reason. To the extent that we are unable to license a popular film for exhibition in our theatres, our operating results may be adversely affected.

We depend on motion picture production and performance.

Our ability to operate successfully depends upon the availability, diversity and appeal of motion pictures, our ability to license motion pictures and the performance of such motion pictures in our markets. The most attended films are usually released during the summer and the calendar year-end holidays, making our business highly seasonal. We license first-run motion pictures, the success of which has increasingly depended on the marketing efforts of the major motion picture studios. Poor performance of, or any disruption in the production of these motion pictures (including by reason of a strike or lack of adequate financing), or a reduction in the marketing efforts of the major motion picture studios, could hurt our business and results of operations. Conversely, the successful performance of these motion pictures, particularly the sustained success of any one motion picture, or an increase in effective marketing efforts of the major motion picture studios, may generate positive results for our business and operations in a specific fiscal quarter or year that may not necessarily be indicative of, or comparable to, future results of operations. As movie studios rely on a smaller number of higher grossing "tent pole" films there may be increased pressure for higher film licensing fees. In addition, a change in the type and breadth of movies offered by motion picture studios may adversely affect the demographic base of moviegoers.

Our substantial debt could adversely affect our operations and prevent us from satisfying those debt obligations.

We have a significant amount of debt. As of September 30, 2013, we had outstanding \$2,193.6 million of indebtedness (\$2,089.1 million face amount), which consisted of \$769.4 million under our senior secured credit facility (\$771.1 million face amount), \$649.5 million of our senior notes (\$600 million face amount), \$656.8 million of our existing subordinated notes (\$600.0 million face amount) and \$118.0 million of existing capital and financing lease obligations, and up to \$150.0 million was available for borrowing as additional senior debt under our senior secured credit facility. As of

Table of Contents

September 30, 2013, we also had approximately \$3.6 billion of undiscounted rental payments under operating leases (with initial base terms generally between 15 to 20 years).

The amount of our indebtedness and lease and other financial obligations could have important consequences to you. For example, it could:

increase our vulnerability to general adverse economic and industry conditions;

limit our ability to obtain additional financing in the future for working capital, capital expenditures, dividend payments, acquisitions, general corporate purposes or other purposes;

require us to dedicate a substantial portion of our cash flow from operations to the payment of lease rentals and principal and interest on our indebtedness, thereby reducing the funds available to us for operations and any future business opportunities;

limit our planning flexibility for, or ability to react to, changes in our business and the industry; and

place us at a competitive disadvantage with competitors who may have less indebtedness and other obligations or greater access to financing.

If we fail to make any required payment under our senior secured credit facility or to comply with any of the financial and operating covenants contained therein, we would be in default. Lenders under our senior secured credit facility could then vote to accelerate the maturity of the indebtedness under the senior secured credit facility and foreclose upon the stock and personal property of our subsidiaries that is pledged to secure the senior secured credit facility. Other creditors might then accelerate other indebtedness. If the lenders under the senior secured credit facility accelerate the maturity of the indebtedness thereunder, we might not have sufficient assets to satisfy our obligations under the senior secured credit facility or our other indebtedness. See "Management's Discussion and Analysis of Financial Condition and Results of Operations Liquidity and Capital Resources."

Our indebtedness under our senior secured credit facility bears interest at rates that fluctuate with changes in certain prevailing interest rates (although, subject to certain conditions, such rates may be fixed for certain periods). If interest rates increase, we may be unable to meet our debt service obligations under our senior secured credit facility and other indebtedness.

Limitations on the availability of capital may prevent deployment of strategic initiatives.

Our key strategic initiatives, including recliner re-seats, enhanced food & beverage and premium sight & sound, require significant capital expenditures to implement. Our net capital expenditures aggregated approximately \$160.1 million for the nine months ended September 30, 2013 and \$136.2 million for fiscal 2012. We estimate that our gross cash outflows for capital expenditures will be approximately \$260.0 million to \$290.0 million for calendar 2013 and will continue at approximately \$245.0 million annually over the next three years. Actual capital expenditures for calendar 2013 may differ materially from our estimates. The lack of available capital resources due to business performance or other financial commitments could prevent or delay the deployment of innovations in our theatres. We may have to seek additional financing or issue additional securities to fully implement our growth strategy. We cannot be certain that we will be able to obtain new financing on favorable terms, or at all. In addition, covenants under our existing indebtedness limit our ability to incur additional indebtedness, and the performance of any additional or improved theatres may not be sufficient to service the related indebtedness that we are permitted to incur.

We have had significant financial losses in previous years.

Prior to fiscal 2007, we had reported net losses in each of the prior nine fiscal years totaling approximately \$551.1 million. For fiscal 2007, 2008, 2009, 2010, 2011, 2012, the period March 30, 2012

Table of Contents

through August 30, 2012, and the period August 31, 2012 through December 31, 2012, we reported net earnings (losses) of \$116.9 million, \$(6.2) million, \$(149.0) million, \$79.9 million, \$(174.3) million, \$(94.1) million, \$90.2 million, and \$(42.7) million, respectively. If we experience losses in the future, we may be unable to meet our payment obligations while attempting to expand our theatre circuit and withstand competitive pressures or adverse economic conditions.

We may be limited in our ability to utilize, or may not be able to utilize, net operating loss carryforwards to reduce our future tax liability.

As of December 31, 2012 we had federal income tax loss carryforward of \$745.1 million and estimated state income tax loss carryforward of \$625.0 million which will be limited annually due to certain change in ownership provisions of the Internal Revenue Code ("IRC") Section 382. Our federal tax loss carryforwards will begin to expire in 2017 and will completely expire in 2031. Our state tax loss carryforwards may be used over various periods ranging from 1 to 20 years.

We have experienced numerous "ownership changes" within the meaning of Section 382(g) of the Internal Revenue Code of 1986, as amended, including the Merger. These ownership changes have and will continue to subject our tax loss carryforwards to annual limitations which will restrict our ability to use them to offset our taxable income in periods following the ownership changes. In general, the annual use limitation equals the aggregate value of our equity at the time of the ownership change multiplied by a specified tax-exempt interest rate.

We have had significant financial losses in previous years and as a result we currently maintain a full valuation allowance for our deferred tax assets including our federal and state tax loss carryforwards.

We are subject, at times, to intense competition.

Our theatres are subject to varying degrees of competition in the geographic areas in which we operate. Competitors may be national circuits, regional circuits or smaller independent exhibitors. Competition among theatre exhibition companies is often intense with respect to the following factors:

Attracting patrons. The competition for patrons is dependent upon factors such as the availability of popular motion pictures, the location and number of theatres and screens in a market, the comfort and quality of the theatres and pricing. Competitors have built or may be planning to build theatres in certain areas where we operate, which could result in excess capacity and increased competition for patrons.

Licensing motion pictures. We believe that the principal competitive factors with respect to film licensing include licensing terms, number of seats and screens available for a particular picture, revenue potential and the location and condition of an exhibitor's theatres.

New sites and acquisitions. We must compete with exhibitors and others in our efforts to locate and acquire attractive new and existing sites for our theatres. There can be no assurance that we will be able to acquire such new sites or existing theatres at reasonable prices or on favorable terms. Moreover, some of these competitors may be stronger financially than we are. As a result of the foregoing, we may not succeed in acquiring theatres or may have to pay more than we would prefer to make an acquisition.

The theatrical exhibition industry also faces competition from other forms of out-of-home entertainment, such as concerts, amusement parks and sporting events and from other distribution channels for filmed entertainment, such as cable television, pay-per-view and home video systems and from other forms of in-home entertainment.

Table of Contents

An increase in the use of alternative film delivery methods or other forms of entertainment may drive down our attendance and limit our ticket prices.

We compete with other film delivery methods, including network, syndicated cable and satellite television, and DVDs, as well as video-on-demand, pay-per-view services and downloads via the Internet. We also compete for the public's leisure time and disposable income with other forms of entertainment, including sporting events, amusement parks, live music concerts, live theatre and restaurants. An increase in the popularity of these alternative film delivery methods and other forms of entertainment could reduce attendance at our theatres, limit the prices we can charge for admission and materially adversely affect our business and results of operations.

Our results of operations may be impacted by shrinking video release windows.

Over the last decade, the average video release window, which represents the time that elapses from the date of a film's theatrical release to the date a film is available on DVD or similar on demand release, an important downstream market, has decreased from approximately six months to approximately three to four months. If patrons choose to wait for a DVD release rather than attend a theatre for viewing the film, it may adversely impact our business and results of operations, financial condition and cash flows. Within the last two years, several major film studios have tested premium video-on-demand products released in homes approximately 60 days after a movie's theatrical debut, which threatened the length of the release window. We cannot assure you that this release window, which is determined by the film studios, will not shrink further or be eliminated altogether, which could have an adverse impact on our business and results of operations.

The agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us.

The agreements governing our indebtedness contain various covenants that limit our ability to, among other things:

incur or guarantee additional indebtedness;

pay dividends or make other distributions to our stockholders;

make restricted payments;

incur liens;

engage in transactions with affiliates; and

enter into business combinations.

These restrictions could limit our ability to obtain future financing, make acquisitions or needed capital expenditures, withstand economic downturns in our business or the economy in general, conduct operations or otherwise take advantage of business opportunities that may arise.

Although the indentures for our notes contain a fixed charge coverage test that limits our ability to incur indebtedness, this limitation is subject to a number of significant exceptions and qualifications. Moreover, the indentures do not impose any limitation on our incurrence of capital or finance lease obligations or liabilities that are not considered "Indebtedness" under the indentures (such as operating leases), nor do they impose any limitation on the amount of liabilities incurred by subsidiaries, if any, that might be designated as "unrestricted subsidiaries," which are subsidiaries that we designate, that are not subject to the restrictive covenants contained in the indentures governing our notes. Furthermore, there are no restrictions in the indentures on our ability to invest in other entities (including unaffiliated entities) and no restrictions on the ability of our subsidiaries to enter into agreements restricting their ability to pay dividends or otherwise transfer funds to us. Also, although

Table of Contents

the indentures limit our ability to make restricted payments, these restrictions are subject to significant exceptions and qualifications.

General political, social and economic conditions can reduce our attendance.

Our success depends on general political, social and economic conditions and the willingness of consumers to spend money at movie theatres. If going to motion pictures becomes less popular or consumers spend less on food and beverage, which accounted for 28% of our revenues in calendar 2012, our operations could be adversely affected. In addition, our operations could be adversely affected if consumers' discretionary income falls as a result of an economic downturn. Geopolitical events, including the threat of domestic terrorism or cyber attacks, could cause people to avoid our theatres or other public places where large crowds are in attendance. In addition, due to our concentration in certain markets, natural disasters such as hurricanes or earthquakes in those markets could adversely affect our overall results of operations.

We may be reviewed by antitrust authorities in connection with acquisition opportunities that would increase our number of theatres in markets where we have a leading market share.

Given our size and market share, pursuit of acquisition opportunities that would increase the number of our theatres in markets where we have a leading market share would likely result in significant review by the Antitrust Division of the United States Department of Justice and state agencies, and we may be required to dispose of theatres in order to complete such acquisition opportunities. For example, in connection with the acquisition of Kerasotes, we were required to dispose of 11 theatres located in various markets across the United States, including Chicago, Denver and Indianapolis. As a result, we may not be able to succeed in acquiring other exhibition companies or we may have to dispose of a significant number of theatres in key markets in order to complete such acquisitions.

We depend on key personnel for our current and future performance.

Our current and future performance depends to a significant degree upon the retention of our senior management team and other key personnel. The loss or unavailability to us of any member of our senior management team or a key employee could have a material adverse effect on our business, financial condition and results of operations. We cannot assure you that we would be able to locate or employ qualified replacements for senior management or key employees on acceptable terms.

Optimizing our theatre circuit through new construction and the transformation of our existing theatres is subject to delay and unanticipated costs.

The availability of attractive site locations for new theatre construction is subject to various factors that are beyond our control.

These factors include:

local conditions, such as scarcity of space or increase in demand for real estate, demographic changes and changes in zoning and tax laws; and

competition for site locations from both theatre companies and other businesses.

We typically require 18 to 24 months in the United States from the time we reach an agreement with a landlord to when a theatre opens.

In addition, the improvement of our existing theatres through our enhanced food and beverage and recliner re-seat initiatives is subject to substantial risks such as difficulty obtaining permits, landlord approvals, and new types of operating licenses (e.g. liquor licenses). We may also experience cost overruns from delays or other unanticipated costs in both new construction and facility improvements. Furthermore, our new sites and transformed locations may not perform to our expectations.

Table of Contents

We may not achieve the expected benefits and performance from strategic theatre acquisitions.

In any acquisition, we expect to benefit from cost savings through, for example, the reduction of overhead and theatre level costs, and from revenue enhancements resulting from the acquisition. However, there can be no assurance that we will be able to generate sufficient cash flow from these acquisitions to service any indebtedness incurred to finance such acquisitions or realize any other anticipated benefits. Nor can there be any assurance that our profitability will be improved by any one or more acquisitions. Although we have a long history of successfully integrating acquisitions, any acquisition may involve operating risks, such as:

- the difficulty of assimilating and integrating the acquired operations and personnel into our current business;
- the potential disruption of our ongoing business;
- the diversion of management's attention and other resources;
- the possible inability of management to maintain uniform standards, controls, procedures and policies;
- the risks of entering markets in which we have little or no experience;
- the potential impairment of relationships with employees;
- the possibility that any liabilities we may incur or assume may prove to be more burdensome than anticipated; and
- the possibility that the acquired theatres do not perform as expected.

If our cash flows prove inadequate to service our debt and provide for our other obligations, we may be required to refinance all or a portion of our existing debt or future debt at terms unfavorable to us.

Our ability to make payments on and refinance our debt and other financial obligations and to fund our capital expenditures and acquisitions will depend on our ability to generate substantial operating cash flow. This will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors beyond our control.

In addition, our notes require us to repay or refinance those notes when they come due. If our cash flows were to prove inadequate to meet our debt service, rental and other obligations in the future, we may be required to refinance all or a portion of our existing or future debt, on or before maturity, to sell assets or to obtain additional financing. We cannot assure you that we will be able to refinance any of our indebtedness, including our senior secured credit facility, sell any such assets or obtain additional financing on commercially reasonable terms or at all.

The terms of the agreements governing our indebtedness restrict, but do not prohibit us from incurring additional indebtedness. If we are in compliance with the financial covenants set forth in the senior secured credit facility and our other outstanding debt instruments, we may be able to incur substantial additional indebtedness. If we incur additional indebtedness, the related risks that we face may intensify.

We rely on our information systems to conduct our business, and failure to protect these systems against security breaches could adversely affect our business and results of operations. Additionally, if these systems fail or become unavailable for any significant period of time, our business could be harmed.

The efficient operation of our business is dependent on computer hardware and software systems. Information systems are vulnerable to security breaches by computer hackers and cyber terrorists. We rely on industry accepted security measures and technology to securely maintain confidential and

Table of Contents

proprietary information maintained on our information systems. However, these measures and technology may not adequately prevent security breaches. In addition, the unavailability of the information systems or the failure of these systems to perform as anticipated for any reason could disrupt our business and could result in decreased performance and increased operating costs, causing our business and results of operations to suffer. Any significant interruption or failure of our information systems or any significant breach of security could adversely affect our business and results of operations.

Our investment in and revenues from National Cinemedia, LLC ("NCM") may be negatively impacted by the competitive environment in which NCM operates.

We have maintained an investment in NCM. NCM's in-theatre advertising operations compete with other cinema advertising companies and other advertising mediums including, most notably, television, newspaper, radio and the Internet. There can be no guarantee that in-theatre advertising will continue to attract major advertisers or that NCM's in-theatre advertising format will be favorably received by the theatre-going public. If NCM is unable to generate expected sales of advertising, it may not maintain the level of profitability we hope to achieve, its results of operations and cash flows may be adversely affected and our investment in and revenues and dividends from NCM may be adversely impacted.

We may suffer future impairment losses and theatre and other closure charges.

The opening of new theatres by us and certain of our competitors has drawn audiences away from some of our older theatres. In addition, demographic changes and competitive pressures have caused some of our theatres to become unprofitable. Since not all theatres are appropriate for our new initiatives, we may have to close certain theatres or recognize impairment losses related to the decrease in value of particular theatres. We review long-lived assets, including intangibles, marketable securities and non-consolidated entities for impairment as part of our annual budgeting process and whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. We recognized non-cash impairment losses in 1996 and in each fiscal year thereafter except for 2005 and the Transition Period. Our impairment losses of long-lived assets from continuing operations over this period aggregated to \$298.1 million. Beginning fiscal 1999 through September 30, 2013, we also incurred theatre and other closure expenses, including theatre lease termination charges aggregating approximately \$143.1 million. Deterioration in the performance of our theatres could require us to recognize additional impairment losses and close additional theatres, which could have an adverse effect on the results of our operations. We continually monitor the performance of our theatres, and factors such as changing consumer preferences for filmed entertainment in international markets and our inability to sublease vacant retail space could negatively impact operating results and result in future closures, sales, dispositions and significant theatre and other closure charges prior to expiration of underlying lease agreements.

Our business could be adversely affected if we incur legal liability.

We are subject to, and in the future may become a party to, a variety of litigation or other claims and suits that arise from time to time in the ordinary course of our business. Regardless of the merits of the claims, the cost to defend current and future litigation may be significant, and such matters can be time-consuming and divert management's attention and resources. The results of litigation and other legal proceedings are inherently uncertain, and adverse judgments or settlements in some or all of these legal disputes may result in materially adverse monetary damages, penalties or injunctive relief against us. Any claims or litigation, even if fully indemnified or insured, could damage our reputation and make it more difficult to compete effectively or to obtain adequate insurance in the future.

Table of Contents

While we maintain insurance for certain potential liabilities, such insurance does not cover all types and amounts of potential liabilities and is subject to various exclusions as well as caps on amounts recoverable. Even if we believe a claim is covered by insurance, insurers may dispute our entitlement to recovery for a variety of potential reasons, which may affect the timing and, if they prevail, the amount of our recovery.

We are subject to substantial government regulation, which could entail significant cost.

We are subject to various federal, state and local laws, regulations and administrative practices affecting our business, and we must comply with provisions regulating health and sanitation standards, equal employment, environmental, and licensing for the sale of food and, in some theatres, alcoholic beverages. Our new theatre openings could be delayed or prevented or our existing theatres could be impacted by difficulties or failures in our ability to obtain or maintain required approvals or licenses. Changes in existing laws or implementation of new laws, regulations and practices could have a significant impact on our business. A significant portion of our theatre level employees are part time workers who are paid at or near the applicable minimum wage in the theatre's jurisdiction. Increases in the minimum wage and implementation of reforms requiring the provision of additional benefits will increase our labor costs.

Our theatres must comply with Title III of the Americans with Disabilities Act of 1990, or ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, and an award of damages to private litigants or additional capital expenditures to remedy such noncompliance.

Although AMCE already files certain periodic reports with the Securities and Exchange Commission (the "SEC"), becoming a public company will increase our expenses and administrative burden, in particular to bring our company into compliance with certain provisions of the Sarbanes Oxley Act of 2002 and NYSE rules to which we are not currently subject.

As a public company, we will incur significant legal, accounting and other expenses that we did not incur as a private company. In addition, our administrative staff will be required to perform additional tasks. For example, in anticipation of becoming a public company, we will need to create or revise the roles and duties of our board committees, retain a transfer agent and adopt an insider trading policy in compliance with our obligations under the securities laws.

In addition, changing laws, regulations and standards relating to corporate governance and public disclosure, including the Sarbanes-Oxley Act of 2002 and related regulations implemented by the SEC and the NYSE, are increasing legal and financial compliance costs and making some activities more time consuming. We are currently evaluating and monitoring developments with respect to these rules and cannot predict or estimate the amount of the additional costs we may incur or the timing of such costs. We intend to invest resources to comply with evolving laws, regulations and standards, and this investment may result in increased general and administrative expenses and a diversion of management's time and attention from revenue-generating activities to compliance activities. If our efforts to comply with new laws, regulations and standards differ from the activities intended by regulatory or governing bodies due to ambiguities related to practice, regulatory authorities may initiate legal proceedings against us and our business may be harmed. We also expect that being a public company and these new rules and regulations will make it more expensive for us to obtain director and officer liability insurance, and we may be required to accept reduced coverage or incur substantially higher costs to obtain coverage. These factors could also make it more difficult for us to attract and

retain qualified members of our board of directors, particularly to serve on our audit committee, and qualified executive officers.

Risks Related to This Offering

Future sales of our Class A common stock could cause the market price for our Class A common stock to decline.

Upon consummation of this offering, there will be _____ shares of our Class A common stock outstanding and _____ shares of our Class B common stock outstanding. All shares of Class A common stock sold in this offering will be freely transferable without restriction or further registration under the Securities Act of 1933, as amended (the "Securities Act"). Of the remaining shares of Class A common stock outstanding, _____ will be restricted securities within the meaning of Rule 144 under the Securities Act, but will be eligible for resale subject to applicable volume, manner of sale, holding period and other limitations of Rule 144. We cannot predict the effect, if any, that market sales of shares of our Class A common stock or the availability of shares of our Class A common stock for sale will have on the market price of our Class A common stock prevailing from time to time. Sales of substantial amounts of shares of our Class A common stock in the public market, or the perception that those sales will occur, could cause the market price of our Class A common stock to decline. After giving effect to the Reclassification, Wanda will hold shares of our Class B common stock, all of which constitute "restricted securities" under the Securities Act. Provided the holders comply with the applicable volume limits and other conditions prescribed in Rule 144 under the Securities Act, all of these restricted securities are currently freely tradeable. The SEC adopted revisions to Rule 144 that, among other things, shorten the holding period applicable to restricted securities under certain circumstances from one year to six months.

We, our officers and directors, and certain of our stockholders have agreed that, for a period of _____ days from the date of this prospectus, we and they will not, without the prior written consent of Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated dispose of or hedge any shares or any securities convertible into or exchangeable for our common stock subject to certain exceptions. Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated in their sole discretion may release any of the securities subject to these lock-up agreements at any time, which, in the case of officers and directors, shall be with notice. Following the expiration of the applicable lock-up period, all these shares of our common stock will be eligible for future sale, subject to the applicable volume, manner of sale, holding period and other limitations of Rule 144. See "Shares Eligible for Future Sale" for a discussion of the shares of common stock that may be sold into the public market in the future, including common stock held by Wanda.

Our stock price may be volatile and may decline substantially from the initial offering price.

Immediately prior to this offering, there has been no public market for our Class A common stock, and an active trading market for our Class A common stock may not develop or continue upon completion of the offering. The initial public offering price will be determined by negotiations between us and the representatives of the underwriters and may not be indicative of the price at which our Class A common stock will trade after the offering.

The stock market in general has experienced extreme price and volume fluctuations in recent years. These broad market fluctuations may adversely affect the market price of our Class A common stock, regardless of our actual operating performance. You may be unable to resell your shares at or above the public offering price because of a number of factors, including:

actual or anticipated quarterly fluctuations in our operating results;

Table of Contents

changes in expectations of future financial performance or changes in estimates of securities analysts;

changes in the market valuations of other companies;

announcements relating to actions of other media companies, strategic relationships, acquisitions or industry consolidation;

terrorist acts or wars; and

general economic, market and political conditions including those not related to our business.

We may not generate sufficient cash flows or have sufficient restricted payment capacity under our senior secured credit facility or the indentures governing our debt securities to pay our intended dividends on our Class A common stock.

Following this offering, and subject to legally available funds, we intend to pay quarterly cash dividends, commencing from the closing date of this offering. We expect that our first dividend will be with respect to the quarter of 20 . We are a holding company and will have no direct operations. We will only be able to pay dividends from our available cash on hand and funds received from our subsidiaries. Our subsidiaries' ability to make distributions to us will depend on their ability to generate substantial operating cash flow. Our ability to pay dividends to our stockholders will be subject to the terms of our senior secured credit facility and the indentures governing the outstanding notes. Our operating cash flow and ability to comply with restricted payments covenants in our debt instruments will depend on our future performance, which will be subject to prevailing economic conditions and to financial, business and other factors beyond our control. In addition, dividend payments are not mandatory or guaranteed, and our board of directors may never declare a dividend, decrease the level of dividends or entirely discontinue the payment of dividends. Your decision whether to purchase shares of our Class A common stock should allow for the possibility that no dividends will be paid. You may not receive any dividends as a result of the following additional factors, among others:

the agreements governing our indebtedness contain covenants that may limit our ability to take advantage of certain business opportunities advantageous to us that may arise;

we are not legally or contractually required to pay dividends;

while we currently intend to pay a regular quarterly dividend, this policy could be modified or revoked at any time;

even if we do not modify or revoke our dividend policy, the actual amount of dividends distributed and the decision to make any distribution is entirely at the discretion of our board of directors and future dividends with respect to shares of our capital stock, if any, will depend on, among other things, our results of operations, cash requirements, financial condition, business opportunities, provisions of applicable law and other factors that our board of directors may deem relevant;

the amount of dividends distributed is and will be subject to contractual restrictions under the restrictive payment covenants contained in:

the indentures governing our debt securities,

the terms of our senior secured credit facility, and

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

the terms of any other outstanding indebtedness incurred by us or any of our subsidiaries after the completion of this offering;

the amount of dividends distributed is subject to state law restrictions; and

Table of Contents

our stockholders have no contractual or other legal right to dividends.

The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities on a pro forma basis was approximately \$ million as of September 30, 2013 (assuming the number of shares offered by us are sold at the midpoint of the range set forth on the front cover of this prospectus). As a result of the foregoing limitations on our ability to make distributions, we cannot assure you that we will be able to make all of our intended quarterly dividend payments.

We have elected to take advantage of the "controlled company" exemption to the corporate governance rules for publicly-listed companies, which could make our Class A common stock less attractive to some investors or otherwise harm our stock price.

Because we qualify as a "controlled company" under the corporate governance rules for publicly-listed companies, we are not required to have a majority of our board of directors be independent, nor are we required to have a compensation committee or an independent nominating function. In light of our status as a controlled company, our board of directors has determined not to have a majority of our board of directors be independent, have a compensation committee composed solely of independent directors or have an independent nominating function and has chosen to have the full board of directors be directly responsible for nominating members of our board. Accordingly, should the interests of Wanda, as our controlling stockholder, differ from those of other stockholders, the other stockholders may not have the same protections afforded to stockholders of companies that are subject to all of the corporate governance rules for publicly-listed companies. Our status as a controlled company could make our Class A common stock less attractive to some investors or otherwise harm our stock price.

Our controlling shareholder's interests may not be aligned with our public stockholders'.

Our Class B common stock has three votes per share, and our Class A common stock, which is the stock we are offering in our initial public offering, has one vote per share. Upon completion of this offering, Wanda will own approximately shares of Class B common stock, or % of our outstanding common stock, representing approximately % of the voting power of our outstanding common stock (representing approximately % of our outstanding common stock and approximately % of the voting power of our outstanding common stock, if the underwriters exercise their option to purchase additional shares in full). As such, Wanda will have significant influence over our reporting and corporate management and affairs, and, because of the three-to-one voting ratio between our Class B and Class A common stock, Wanda will continue to control a majority of the combined voting power of our common stock and therefore be able to control all matters submitted to our stockholders for approval (including election of directors and approval of significant corporate transactions, such as mergers) so long as the shares of Class B common stock owned by Wanda and its permitted transferees represent at least 30% of all outstanding shares of our Class A and Class B common stock. The shares of our Class B common stock automatically convert to shares of Class A common stock upon Wanda and its permitted transferees holding less than 30% of all outstanding shares of our Class A and Class B common stock.

The supervoting rights of our Class B common stock and other anti-takeover protections in our amended and restated certificate of incorporation and our amended and restated bylaws may discourage or prevent a takeover of our company, even if an acquisition would be beneficial to our stockholders.

Provisions contained in our amended and restated certificate of incorporation and amended and restated bylaws, as amended, as well as provisions of the Delaware General Corporation Law (the "DGCL") and the supermajority rights of our Class B common stockholder, could delay or make it

Table of Contents

more difficult to remove incumbent directors or for a third party to acquire us, even if a takeover would benefit our stockholders. These provisions include:

a dual class common stock structure, which provides Wanda with the ability to control the outcome of matters requiring stockholder approval, even if they own significantly less than a majority of the shares of our outstanding Class A and Class B common stock;

a classified board of directors;

the sole power of a majority of the board of directors to fix the number of directors;

limitations on the removal of directors;

the sole power of the board of directors or Wanda, in the case of a vacancy of a Wanda board designee, to fill any vacancy on the board of directors, whether such vacancy occurs as a result of an increase in the number of directors or otherwise;

the ability of our board of directors to designate one or more series of preferred stock and issue shares of preferred stock without stockholder approval; and

the inability of stockholders to call special meetings.

Our issuance of shares of preferred stock could delay or prevent a change of control of our company. Our board of directors has the authority to cause us to issue, without any further vote or action by the stockholders, up to _____ shares of preferred stock, par value \$0.01 per share, in one or more series, to designate the number of shares constituting any series, and to fix the rights, preferences, privileges and restrictions thereof, including dividend rights, voting rights, rights and terms of redemption, redemption price or prices and liquidation preferences of such series. The issuance of shares of preferred stock may have the effect of delaying, deferring or preventing a change in control of our company without further action by the stockholders, even where stockholders are offered a premium for their shares.

Our incorporation under Delaware law, the ability of our board of directors to create and issue a new series of preferred stock or a stockholder rights plan and certain other provisions of our amended and restated certificate of incorporation and amended and restated bylaws could impede a merger, takeover or other business combination involving Parent or the replacement of our management or discourage a potential investor from making a tender offer for our Class A common stock, which, under certain circumstances, could reduce the market value of our Class A common stock. See "Description of Capital Stock."

The distributions we pay on our Class A common stock may not qualify as dividends for U.S. federal income tax purposes, which could adversely affect the U.S. federal income tax consequences to you of owning our Class A common stock.

For U.S. federal income tax purposes, a distribution that we pay on a share of our Class A common stock will be treated as a dividend only to the extent the distribution is paid out of our current or accumulated earnings and profits, as determined for U.S. federal income tax purposes (which we refer to as "Tax E&P").

We had no accumulated Tax E&P as of September 30, 2013. Furthermore, we do not anticipate any Tax E&P for the current year, and our ability to generate Tax E&P in any future year is subject to a number of variables that are uncertain and difficult to predict.

To the extent that our Tax E&P is insufficient and distributions we pay on a share of our Class A common stock are not treated as dividends for U.S. federal income tax purposes, if you are a domestic corporation, you will not be entitled to claim a "dividends-received" deduction, which generally applies to dividends received from other domestic corporations. In addition, if all or any portion of a

Table of Contents

distribution that you receive on a share of our Class A common stock is not treated as a dividend for U.S. federal income tax purposes, you (whether or not a domestic corporation) will be required (i) to reduce your tax basis in that share, but not below zero, to the extent that the distribution is not treated as a dividend for U.S. federal income tax purposes, and, on a subsequent taxable disposition of your share, you will recognize a greater amount of gain (or a lower amount of loss) than you otherwise would have recognized if the distribution had been treated entirely as a dividend for U.S. federal income tax purposes or (ii) once your tax basis is reduced to zero, recognize gain immediately, which gain, in either case, may be subject to tax at a higher rate than applies to dividends. In the case of a domestic corporation, any such gain will effectively be taxed at the full ordinary tax rate (instead of the lower effective rate applicable to dividend income by reason of the dividends-received deduction).

Prospective foreign investors should see "Material U.S. Federal Income Tax Considerations to Non-U.S. Holders" for a more detailed description of the material U.S. federal income tax consequences of the ownership and disposition of shares of our Class A common stock to such investors.

We may apply the proceeds of this offering to uses that do not improve our operating results or increase the value of your investment.

We intend to use the net proceeds from this offering for general corporate purposes, which may include, among other things, capital expenditures and debt service. However, we do not have more specific plans for the net proceeds from this offering and will have broad discretion in how we use the net proceeds of this offering. These proceeds could be applied in ways that do not improve our operating results or increase the value of your investment.

Our issuance of preferred stock could dilute the voting power of the common stockholders.

The issuance of shares of preferred stock with voting rights may adversely affect the voting power of the holders of our other classes of voting stock either by diluting the voting power of our other classes of voting stock if they vote together as a single class, or by giving the holders of any such preferred stock the right to block an action on which they have a separate class vote even if the action were approved by the holders of our other classes of voting stock.

Our issuance of preferred stock could adversely affect the market value of our Class A common stock.

The issuance of shares of preferred stock with dividend or conversion rights, liquidation preferences or other economic terms favorable to the holders of preferred stock could adversely affect the market price for our Class A common stock by making an investment in the common stock less attractive. For example, investors in the common stock may not wish to purchase Class A common stock at a price above the conversion price of a series of convertible preferred stock because the holders of the preferred stock would effectively be entitled to purchase Class A common stock at the lower conversion price causing economic dilution to the holders of Class A common stock.

If we raise additional capital through the issuance of new equity securities at a price lower than the initial public offering price, you will incur dilution.

If we raise additional capital through the issuance of new equity securities at a lower price than the initial public offering price, you will be subject to dilution which could cause you to lose all or a portion of your investment. If we are unable to access the public markets in the future, or if our performance prospects decrease, we may need to consummate a private placement or public offering of our common stock at a lower price than the initial public offering price.

Table of Contents

As a result of this offering, Parent and certain of its domestic affiliates may not be able to file a consolidated tax return which could result in increased tax liability.

Currently, Parent and certain of its domestic affiliates (the "AMC affiliated tax group") are members of a consolidated group for federal income tax purposes, of which a Wanda domestic subsidiary is the common parent. Upon consummation of this offering the AMC affiliated tax group will cease to be members of the Wanda federal consolidated group. The AMC affiliated tax group will not be permitted to file a consolidated return for federal income tax purposes for five years, however, unless we obtain a waiver from the Internal Revenue Service. It is uncertain whether we will obtain a waiver if we seek one. If we do not obtain a waiver, each member of the AMC affiliated tax group will be required to file a separate federal income tax return, and, as a result, the income (and tax liability) of a member will only be offset by its own tax loss carryforwards (and other tax attributes) and not by tax loss carryforwards, current year losses or other tax attributes of other members of the group. We believe that we should not incur substantial additional federal tax liability if we are not permitted to file a federal consolidated return, because (i) most of our revenues are generated by a single member of the AMC affiliated tax group and most of our tax loss carryforwards are attributable to such member and (ii) there are certain other beneficial aspects of the structure of the AMC affiliated tax group. We cannot assure you, however, that we will not incur substantial additional tax liability if the AMC affiliated tax group is not permitted to file a federal consolidated return for five years.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

In addition to historical information, this prospectus contains forward-looking statements. The words "forecast," "estimate," "project," "intend," "expect," "should," "believe" and similar expressions are intended to identify forward-looking statements. These forward-looking statements involve known and unknown risks, uncertainties, assumptions and other factors, including those discussed in "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations," which may cause our actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements. These risks and uncertainties include, but are not limited to, the following:

limited supply of motion pictures or delayed access to motion pictures;

level of motion picture production and performance of motion pictures in our markets;

risks and uncertainties relating to our significant indebtedness;

limitations on the availability of capital may prevent us from deploying strategic initiatives;

risks of financial losses may prevent us from meeting our payment obligations;

our ability to utilize net operating loss carryforwards to reduce our future tax liability;

increased competition in the geographic areas in which we operate;

increased use of alternative film delivery methods or other forms of entertainment;

shrinking video release windows;

certain covenants in the agreements that govern our indebtedness may limit our ability to take advantage of certain business opportunities;

general political, social and economic conditions;

review by antitrust authorities in connection with acquisition opportunities;

dependence on key personnel for current and future performance;

optimizing our theatre circuit through construction and the transformation of our existing theatres may be subject to delay and unanticipated costs;

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

our ability to achieve expected benefits and performance from our strategic theatre acquisitions;

our ability to service our indebtedness or our ability to refinance our indebtedness on terms favorable to us;

failures or security breaches of our information systems;

our investment in and revenues from NCM may be negatively impacted by the competitive environment in which NCM operates

risks relating to impairment losses and theatre and other closure charges;

risks relating to the incurrence of legal liability;

our ability to generate sufficient earnings and future taxable income in tax jurisdictions where we have recorded full valuation allowances;

increased costs in order to comply with governmental regulation; and

increased expenses and administrative burden associated with being a public company.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative but not exhaustive. In addition, new risks and uncertainties may arise from time to time. Accordingly, all forward-looking statements should be evaluated with an understanding of their inherent uncertainty.

Except as required by law, we assume no obligation to publicly update or revise these forward-looking statements for any reason, or to update the reasons actual results could differ materially from those anticipated in these forward-looking statements, even if new information becomes available in the future.

USE OF PROCEEDS

We estimate that our net proceeds from this offering without exercise of the underwriters' option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per share, which represents the midpoint of the range set forth on the front cover of this prospectus. If the underwriters exercise their option to purchase additional shares in full, the net proceeds to us will be approximately \$ million.

Our principal reason for the offering is to raise equity capital that we intend to use for general corporate purposes, which may include, among other things, capital expenditures and retirement of outstanding indebtedness, which may include our 8.75% Senior Fixed Rate Notes due 2019. However, we have not made a definitive determination as to how to allocate these proceeds among these and other possible general corporate purposes and we do not anticipate doing so prior to the completion of the offering. See "Risk Factors We may apply the proceeds of this offering to uses that do not improve our operating results or increase the value of your investment."

DIVIDEND POLICY

Following this offering and subject to legally available funds, we intend to pay a quarterly cash dividend at an annual rate initially equal to \$ _____ per share (or a quarterly rate initially equal to \$ _____ per share) of Class A and Class B common stock, commencing from the closing date of this offering. We expect that our first dividend will be with respect to the _____ quarter of 20 _____. Based on the approximately _____ million shares and _____ million shares of Class A common stock and Class B common stock, respectively, to be outstanding after the offering, this dividend policy implies a quarterly cash requirement of approximately \$ _____ million. We cannot assure you that any dividends will be paid in the anticipated amounts and frequency set forth in this prospectus, if at all.

We are a holding company and have no direct operations. We will only be able to pay dividends from our available cash on hand and funds received from our subsidiaries. Their ability to make any payments to us will depend upon many factors, including our operating results, cash flows and the terms of our senior secured credit facility and the indentures governing our subsidiaries' debt securities. In addition, our ability to pay dividends to our stockholders will be subject to the terms of our indebtedness. Although we have sustained net losses in prior periods and cannot assure you that we will be able to pay dividends on a quarterly basis or at all, we believe that a number of recent positive developments in our business have improved our ability to pay dividends in compliance with applicable state corporate law once this offering has been completed. These include: the completion of the Kerasotes Acquisition and the Rave theatres acquisition, which increased the scale and cash flow of our company, and we expect will continue to generate synergies and cost savings; the continued positive impact of our implementation of improved and differentiated customer experiences in more comfort and convenience; food and beverage; engagement and loyalty; sight and sound and targeted programming. Further, we expect to continue to benefit from substantial net operating loss carry-forwards from prior periods that will be available to offset taxes that we may owe. Also, because the DGCL permits corporations to pay dividends either out of surplus (generally, the excess of a corporation's net assets (total assets minus total liabilities) over its stated capital, in each case as defined and calculated in the manner prescribed by the DGCL) or net profits, we may be able to pay dividends even if we report net losses in future periods. We do not intend to borrow funds to pay the projected quarterly dividend described above.

The maximum amount we would be permitted to distribute in compliance with our senior secured credit facility and the indentures governing our debt securities, on a pro forma basis, was approximately \$ _____ million as of September 30, 2013 (assuming the number of shares offered by us are sold at the midpoint of the range set forth on the front cover of this prospectus).

The declaration and payment of any future dividends will be at the sole discretion of our board of directors after taking into account various factors, including legal requirements, our subsidiaries' ability to make payments to us, our financial condition, operating results, cash flow from operating activities, available cash and current and anticipated cash needs.

DILUTION

Dilution is the amount by which the offering price paid by the purchasers of our Class A common stock to be sold in the offering exceeds the net tangible book value per share of Class A common stock after the offering. Net tangible book value per share is determined at any date by subtracting our total liabilities from the total book value of our tangible assets and dividing the difference by the number of shares of common stock deemed to be outstanding at that date.

Our net tangible book value as of _____, 2013 was \$ _____ million, or \$ _____ per share. After giving effect to the receipt and our intended use of approximately \$ _____ million of estimated net proceeds from our sale of _____ shares of Class A common stock in the offering at an assumed offering price of \$ _____ per share (the midpoint of the range set forth on the cover page of this prospectus), our as adjusted net tangible book value as of _____, 2013 would have been approximately \$ _____ million, or \$ _____ per share. This represents an immediate increase in pro forma net tangible book value of \$ _____ per share to existing stockholders and an immediate dilution of \$ _____ per share to new investors purchasing shares of Class A common stock in the offering. The following table illustrates this substantial and immediate per share dilution to new investors:

	Per Share
Assumed initial public offering price per share	\$ _____
Net tangible book value before the offering	
Increase per share attributable to investors in the offering	
Pro forma net tangible book value after the offering	
Dilution per share to new investors	\$ _____

A \$1.00 increase (decrease) in the assumed initial public offering price of \$ _____ per share would increase (decrease) our pro forma net tangible book value by \$ _____, the as adjusted net tangible book value per share after this offering by \$ _____ per share and the dilution per share to new investors in this offering by \$ _____, assuming the number of shares offered by us, as set forth on the cover page of this prospectus, remains the same and after deducting the estimated underwriting discounts and commissions and estimated expenses payable by us.

The following table summarizes on an as adjusted basis as of _____, 2013, giving effect to:

the total number of shares of Class A common stock purchased from us;

the total consideration paid to us, assuming an initial public offering price of \$ _____ per share (before deducting the estimated underwriting discount and commissions and offering expenses payable by us in connection with this offering); and

The tables and calculations above assume no exercise of shares of Class A common stock issuable in this offering to the underwriters pursuant to an option to purchase additional shares.

To the extent any of these options are exercised, there will be further dilution to new investors.

UNAUDITED PRO FORMA CONDENSED FINANCIAL INFORMATION

We derived the following unaudited pro forma condensed financial information by applying pro forma adjustments attributable to (i) the acquisition of Parent by Wanda on August 30, 2012 through a merger between Parent and Wanda Film Exhibition Co. Ltd., a wholly-owned indirect subsidiary of Wanda (the "Merger Transactions") and (ii) this offering and the use of proceeds therefrom (the "Offering Transaction") to our historical Consolidated Financial Statements included in this prospectus. The unaudited pro forma balance sheet gives pro forma effect to the Transactions as if they had occurred on September 30, 2013. The unaudited pro forma condensed statement of operations data for the nine months ended September 30, 2013 and the Transition Period gives pro forma effect to the Transactions as if they had occurred on March 30, 2012. We describe the assumptions underlying the pro forma adjustments in the accompanying notes, which should be read in conjunction with the unaudited pro forma condensed financial information.

We estimate that our net proceeds from this offering without exercise of the option to purchase additional shares will be approximately \$ million after deducting the estimated underwriting discounts and commissions and expenses, assuming the shares are offered at \$ per share, which represents the midpoint of the range set forth on the front cover of this prospectus. If the underwriters exercise their option to purchase additional shares in full, the net proceeds to us will be approximately \$ million. We intend to use these net proceeds for general corporate purposes, which may include, among other things, capital expenditures and retirement of outstanding indebtedness, which may include our 8.75% Senior Fixed Rate Notes due 2019. However, we have not made a definitive determination as to how to allocate these proceeds among these and other possible general corporate purposes and we do not anticipate doing so prior to the completion of this offering. See "Risk Factors" We may apply the proceeds of this offering to uses that do not improve our operating results or increase the value of your investment."

The unaudited pro forma condensed financial information is for illustrative and informational purposes only and should not be considered indicative of the results that would have been achieved had the transactions been consummated on the dates or for the periods indicated and do not purport to represent consolidated balance sheet data or statement of operations data or other financial data as of any future date or any future period.

The unaudited pro forma condensed financial information should be read in conjunction with the information contained in "Selected Historical Financial and Operating Data," "Management's Discussion and Analysis of Financial Condition and Results of Operations," our Consolidated Financial Statements and accompanying notes appearing elsewhere in this prospectus.

Earnings per Share from Continuing Operations

Earnings per share from continuing operations is computed by dividing net earnings from continuing operations by the weighted average number of common shares outstanding. Diluted earnings per share from continuing operations includes the effects of outstanding stock options, if dilutive. The following table sets forth the computation of basic and diluted earnings from continuing operations per common share:

(in thousands, except per share data)	Nine Months Ended September 30, 2013 (Successor)	From Inception August 31, 2012 through December 31, 2012 (Successor)	March 30, 2012 through August 30, 2012 (Predecessor)

Diluted earnings (loss) from continuing operations per common share	\$ 52.44	\$ (27.72)	\$ 42.74

There are no outstanding options to purchase shares of common stock or restricted stock during the nine months ended September 30, 2013.

Pro Forma Earnings per Share from Continuing Operations

Pro forma earnings per share from continuing operations is computed by dividing net earnings from continuing operations by the weighted average number of common shares expected to be outstanding following this offering and reflects the conversion of all outstanding shares of the Company's existing Class A common stock and Class N common stock into shares of Class B common stock and Class A common stock, respectively. Each holder of existing Class A common stock will receive _____ shares of Class B common stock and each holder of existing Class N common stock will receive _____ shares of Class A common stock. Diluted earnings per share from continuing operations

includes the effects of outstanding stock options, if dilutive. The following table sets forth the computation of basic and diluted loss from continuing operations per common share:

There are no outstanding options to purchase shares of common stock or restricted stock during the nine months ended September 30, 2013.

Options to purchase _____ shares of common stock at a weighted average exercise price of \$ _____ per share were outstanding during the period above, but were not included in the computation of diluted earnings per share since the options were anti-dilutive.

(2) Represents the elimination of historical breakage income recorded for packaged tickets and lower amounts of breakage income for gift cards. At the date of the Merger, our deferred revenues were adjusted to estimated fair value by eliminating unrecognized breakage. As a result of the Merger, we will not recognize breakage income on package tickets for 18 months subsequent to the Merger

Table of Contents

and will initially recognize reduced amounts of breakage income for gift cards subsequent to the Merger due to the elimination of amounts of unrecognized breakage from deferred revenues.

(thousands of dollars)	Transition Period
Eliminated historical package ticket breakage	\$ (4,802)
Reduced gift card breakage for Merger	(3,656)
	\$ (8,458)

We defer 100% of the revenue associated with the sales of gift cards and packaged tickets until such time as the items are redeemed or breakage income is recorded. See Note 1 Revenues to the Company's audited Consolidated Financial Statements contained elsewhere in this Prospectus for further information.

We recognize breakage income for gift cards using the Proportional Method, pursuant to which we apply a breakage rate for our five gift card sales channels that ranges from 14% to 23% of our current month sales and we recognize that total amount of breakage for that current month's sales as income over the next 24 months in proportion to the pattern of actual redemptions. Our methodology for recording deferred revenues for gift cards at fair value involved removing the amount of unrecognized breakage included in our deferred revenues as of August 30, 2012 which was \$7,441,000 such that we would only recognize breakage income during the Successor period following the Proportional Method on sales that were generated subsequent to August 30, 2012 and would recognize a normal profit margin on those gift cards that were sold prior to August 30, 2012 and that were expected to be redeemed in the future. Our total breakage income included in the Transition Period was \$11,259,000, of which \$7,776,000 was recorded during the five month Predecessor period and \$3,483,000 was recorded during the four month Successor period. Had the Merger occurred on March 30, 2012, we would have applied the Proportional Method only to those sales that were generated after March 30, 2012 and our breakage income for the nine months ended December 31, 2012 would have been \$7,603,000 which is \$3,656,000 less than the historical amount recorded in the Transition Period of \$11,259,000. As a result, we adjusted our breakage income to reduce it by \$3,656,000 such that our total breakage income for gift cards was \$7,603,000 on a pro forma basis for the Transactions.

We recognize breakage income for packaged tickets following the Remote Method pursuant to which we recognize breakage income for sales greater than 18 months old based on an estimated breakage rate of 14.5% of monthly sales. Our methodology for recording deferred revenues for packaged tickets at fair value involved removing the amount of unrecognized breakage included in our deferred revenues as of August 30, 2012, which was \$24,859,000, such that we would not recognize income during the Successor period following the Remote Method for sales that were generated prior to August 30, 2012 and would recognize a normal profit margin on those packaged tickets that were sold prior to August 30, 2012 and that were expected to be redeemed in the future. Our total breakage income included in the Transition Period was \$4,802,000, of which \$4,802,000 was recorded during the five month Predecessor period and \$0 was recorded during the four month Successor period. Had the Merger occurred on March 30, 2012, we would have applied the Remote Method only to those sales that were generated after March 30, 2012 and were less than 18 months old and our breakage income for the nine months ended December 31, 2012 would have been \$0 which is \$4,802,000 less than the historical amount recorded in the Transition Period of \$4,802,000. As a result, we adjusted our breakage income to reduce it by \$4,802,000 such that our total breakage income for gift cards was \$0 and was eliminated on a pro forma basis for the Transactions.

As a result of the Merger we eliminated our deferred rent liabilities related to future escalations of minimum rentals for our digital projectors. Subsequent to the Merger our straight line rent

expense increases as a result of this Merger adjustment. We also increased unfavorable license amounts for our 3D licensing agreement with Real D which have the effect of reducing our Real D expense in the future.

(thousands of dollars)	Transition Period
Increase in straight line rent expense for digital projectors	\$ 1,555
Decrease in license expense for 3D agreement	(82)
	\$ (1,473)

Prior to the Merger, we recorded straight-line rent expense for future escalations of minimum rentals pursuant to our licensing agreements for the projectors over the lease term of 12 years. As part of fair value accounting, we reduced the recorded deferred rent liability for these agreements by \$6,830,000 to a fair value of \$0. Subsequent to the Merger, we recognized the future escalations of minimum rentals over the remaining lease term, which is less than 12 years as of August 30, 2012, as the projectors have been deployed in our theatres throughout the period starting in March of 2010 through the date of the Merger at various deployment dates. The licensing agreements call for significant increases in rent beginning in October 2016 and, as a result, we are recording the same escalations that will occur in October 2016 over a shorter lease term for the projectors. We determined our Predecessor deferred rent expense as the difference between our cash rent payments and the total rent expense computed by dividing total minimum rentals over the remaining lease term by the remaining lease term. We have computed our Successor deferred rent expense in the same manner. Our deferred rent expense recorded during the Transition Period was \$3,617,000, which was computed using the methodology described above. Our deferred rent expense on a pro forma basis for the Transition Period was \$5,172,000, which was computed using the methodology described above and assuming the Merger occurred on March 30, 2012. We determined the adjustment to increase our deferred rent expense recorded during the Transition Period of \$1,555,000 as the difference between the expense recorded during the Transition Period of \$3,617,000 and the pro forma amount for the Transition Period of \$5,172,000.

(4)

As a result of the Merger we eliminated our deferred rent liabilities related to future escalations of minimum rentals for our theatre leases. Subsequent to the Merger our straight line rent expense increases as a result of this Merger adjustment. We also increased unfavorable lease liabilities for certain of our theatre leases which has the effect of reducing our rent expense in the future.

(thousands of dollars)	Transition Period
Increase in straight line rent for theatre leases	\$ 4,030
Decrease in deferred rent expense for unfavorable theatre leases	(5,093)
	\$ (1,063)

Prior to the Merger, we recorded straight-line rent expense for future escalations of minimum rentals pursuant to our theatre leases over the remaining lease term. As part of fair value accounting, we reduced the recorded deferred rent liability for these agreements by \$109,508,000 to a fair value of \$0. Subsequent to the Merger, we recognized the future escalations of minimum rentals over the remaining lease term, which is less than the original lease terms used by the Predecessor as the theatres have been in operation for various amounts of time prior to the Merger. The rental agreements for many of our theatres call for increases in rent in the future and, as a result, we are recording the same escalations that will occur in the future over a shorter lease term for the theatres. We determined our Predecessor deferred rent expense as the difference between our cash rent payments and the total rent expense computed by dividing total minimum rentals over the remaining lease term by the remaining lease term on a theatre by theatre basis. We have computed our Successor deferred rent expense in the same manner on a

Table of Contents

theatre by theatre basis. Our deferred rent expense recorded during the Transition Period was \$6,132,000, which was computed using the methodology described above. Our deferred rent expense on a pro forma basis for the Transition Period was \$10,162,000, which was computed using the methodology described above and assuming the Merger occurred on March 30, 2012. We determined the adjustment to increase our deferred rent expense recorded during the Transition Period of \$4,030,000 as the difference between the expense recorded during the Transition Period of \$6,132,000 and the pro forma amount for the Transition Period of \$10,162,000.

In connection with the Merger, we recorded our unfavorable leases at fair value of \$220,903,000, which resulted in a purchase price adjustment to increase these liabilities by \$133,064,000. We determined the adjustment to reduce our deferred rent expense recorded during the Transition Period of \$5,093,000 as the difference between the contra expense amortization recorded during the Transition Period of \$16,130,000 (\$6,363,000 for the 5 month Predecessor period plus \$9,767,000 for the 4 month Successor period) and the pro forma amount for the Transition Period of \$21,223,000. We calculated the pro forma amount to reduce our deferred rent expense of \$21,223,000 for the pro forma Transition Period by dividing the total estimated fair value of the unfavorable leases of \$220,903,000 by the average remaining lease term of approximately 7.8 years and multiplying that annual amount by 75% to estimate the nine month Transition Period.

(5) Prior to the Merger we paid management fees to the Former Sponsors of \$1,250 per quarter. Subsequent to the Merger these management fees have ceased.

(6) In connection with the Merger we remeasured our pension and post-retirement plan liabilities and as a result eliminated amortization of net loss and prior service credit on our plans.

The various components of adjustment (6) were derived from amounts reflected in Note 13 Employee Benefit Plans to the audited Consolidated Financial Statements included elsewhere in this prospectus for the periods March 30, 2012 through August 30, 2012.

(7) We recorded our amortizable intangible assets in connection with the Merger at estimated fair value. The gross carrying amount of our intangible assets was reduced significantly from amounts recorded prior to the Merger. As a result, we will experience a lower amount of amortization expense for intangible assets subsequent to the Merger.

(thousands of dollars)	Transition Period
Amortization of intangible assets	\$ (2,370)

In connection with purchase accounting applied in connection with the Merger, we recorded our intangible assets at fair value. See Note 6 Goodwill and Other Intangible Assets to the notes to our audited Consolidated Financial Statements included elsewhere in this prospectus for the periods March 30, 2012 through August 30, 2012 for additional information.

The gross carrying amount of our amortizable intangible assets with respect to which the amortization is recorded to depreciation and amortization declined by \$90,606,000 (excluding the TRA intangible with respect to which the amortization is recorded in investment income as opposed to depreciation and amortization). The decline in the gross carrying amount was primarily due to a decline in gross carrying amount for our *Moviewatcher* loyalty program of \$46,000,000,

Table of Contents

which was amortized through the date of the Merger, a decline in gross carrying amount of Management contracts of \$30,710,000 and a decline in other intangible assets of \$13,309,000. As of the Merger date, we had ended the Moviewatcher loyalty program and had recently started the AMC Stubs loyalty program. The AMC Stubs program operated on a model that was different than the *Moviewatcher* program. Because the AMC Stubs program had recently begun membership was small and would require a significant increase in membership in order to generate a profit. Further, the AMC Stubs program was contributing negatively to the Company's operating cash flow at the time of the Merger. As a result, the incremental economic benefit provided by the existing members of the AMC Stubs program was considered to be de minimus as of the date of the Merger and no value was ascribed to the AMC Stubs program.

The net carrying amount of our amortizable intangible assets increased by \$70,034,000 as a result of the Merger primarily due to an increase in net carrying amount for favorable leases. We do not believe that the decline in gross carrying amount of our amortizing intangible assets is indicative of a potential impairment as we actually recorded an increase to the net carrying amount of \$70,034,000. We did not have significant individual net carrying values of amortizing intangible assets that were written down as of August 30, 2012 and as a result do not believe any potential impairment in the recorded values existed at the time of the Merger that should have been recognized. The adjustment to reduce intangible asset amortization of \$2,370,000 is primarily due to elimination of amortization on our *Moviewatcher* loyalty program intangible asset and increased estimated useful lives for our favorable leases. We calculated the pro forma adjustment to reduce intangible asset amortization by \$2,370,000 as follows. We removed historical intangible asset amortization for the Transition Period of \$7,856,000 and replaced it with pro forma intangible asset amortization for the Transition Period of \$5,486,000. The difference between \$7,856,000 previously recorded for the Transition Period and the pro forma amount for the Transition Period of \$5,486,000 results in a pro forma adjustment to reduce intangible asset amortization by \$2,370,000. We calculated the pro forma amount of intangible asset amortization for the Transition Period by dividing \$120,986,000 fair value of amortizable intangible assets in the table below by the estimated average remaining useful lives of approximately 16.5 years and multiplying that annual amount by 75% to estimate the nine month Transition Period.

- (8) In connection with the Merger we recorded our debt at fair value, which resulted in the elimination of deferred charges for debt issuance costs and related amortization and also resulted in an increase to our previously recorded debt balances based on estimated fair values.

Quoted market prices were used to estimate the fair value of our debt (Level 2) at the date of the Merger. We recorded premiums on our 8.75% Senior Notes due 2019 of \$57,000,000, premiums on our 9.75% Senior Subordinated Notes due 2020 of \$63,000,000 and a premium of \$585,000 on our Term Loan due 2016. We amortize the premiums to reduce interest expense using the effective interest method over the remaining term of the debt instruments. Our expected pro forma amortization for the Transition Period is \$9,849,000 for these premiums and because we had already recognized \$3,247,000 of the amortization during the Successor period ended December 31, 2012, we recorded a pro forma adjustment of \$6,602,000.

- (9) We recorded our equity method investments at estimated fair value in connection with the Merger. The increase in the carrying value of our equity method investment for NCM caused us to change the way in which we record earnings related to NCM. Prior to the Merger a majority of our Tranche 1 investment in NCM was recorded at \$0 carrying value and as a result our equity in earnings was limited to cash distributions on Tranche 1. Subsequent to the Merger, our carrying value in Tranche 1 is recorded at fair value and we record our share of NCM's earnings as equity in earnings in our investment account with cash distributions recorded against the investment balance. Additionally, the step up in carrying value of our equity method investments created differences between our investment and our underlying ownership share of the investee's net assets. We amortize these basis differences to equity in earnings over the respective lives of the underlying assets and liabilities.

Amortization of basis difference for NCM	\$	1,263
Amortization of basis difference for DCIP		(264)
Revalued NCM equity earnings		(3,433)
	\$	(2,434)

Quoted market prices for NCM, Inc. based on the August 30, 2012 closing price per share of \$14.44 were used to estimate the fair value of our investment in NCM (Level 1) at the date of the Merger. We recorded our investment in 17,323,782 common units of NCM at an estimated fair value of \$250,155,000. See Note 7 Investments to the Notes to our audited Consolidated Financial Statements included elsewhere in this prospectus for additional information about our investment in NCM.

We determined the pro forma adjustment for the amortization of basis difference for NCM created by the step up to purchase accounting by first performing a hypothetical purchase price allocation of the fair value of our investment in NCM to our proportional ownership share of the carrying value of NCM's assets and liabilities and members' capital. Our hypothetical allocation of purchase price based on the value of our NCM investment indicated that our proportional share of the

Table of Contents

carrying value of NCM's intangible assets should be stepped up by \$99,486,000 and that the carrying value of their debt and related deferred costs should be increased by a net amount of \$8,555,000. Remaining excess fair value was allocated to goodwill which will be evaluated for impairment on an ongoing basis. We determined the amortization period for the intangible assets to be 24 years based on the remaining term of the Exhibitor Services Agreement which is consistent with NCM's accounting policy and that the debt and related deferred charge adjustment would be amortized over the remaining terms of the various debt agreements which ranged from 1 to 9 years and on average were 6.2 years. As a result we determined that our annual expense related to amortization of the intangible asset basis difference would be \$4,145,000 and that our annual contra expense related to amortization for the debt basis difference would be \$1,382,000. Our total annual net amortization expense was determined to be \$2,763,000 and therefore our pro forma Transition Period expense would be \$2,072,000 for 9 months. Because we had recorded \$809,000 of amortization expense during the Successor period we made a pro forma adjustment of \$1,263,000 such that our expense for the pro forma Transition Period would be \$2,072,000.

We performed a similar hypothetical purchase price allocation for DCIP as a result of the write down to fair value of our investment in DCIP of \$10,141,000. DCIP has no recorded goodwill. We identified long-term assets including property, deferred financing costs and deferred rent that we determined to adjust downward based on our purchase price allocation. The estimated remaining useful lives for these long-term assets were 16 years and as a result our expected annual contra-expense amortization is \$634,000 and our pro forma 9 month Transition Period contra expense is \$476,000. Because our actual recorded amortization for the Successor period was \$212,000 we made a pro forma adjustment of \$264,000 such that our expense for the pro forma Transition Period would be \$476,000.

As discussed above as a result of the Merger, our equity in earnings of NCM will simply be calculated based on our share of their reported net earnings. Our share of NCM's reported net earnings of \$95,700,000 for the Transition Period based on our ownership percentage was \$15,177,000. Because we only recorded \$11,744,000 for the combined Predecessor and Successor Transition Period, we made a pro forma adjustment for \$3,433,000 such that our pro forma Transition Period equity in earnings were \$15,177,000.

(10)

Prior to the Merger, our distributions from NCM pursuant to the Tax Receivable Agreement ("TRA") were recorded as part of equity in earnings for our Tranche 1 investment and as a return of capital for our Tranche 2 investment. In connection with the Merger, we identified the TRA as an identifiable amortizing intangible asset and recorded it at fair value. Subsequent to the Merger, cash distributions from NCM for the TRA and amortization of the intangible asset are recorded as components of investment income.

(thousands of dollars)	Transition Period
Cash receipts for TRA	\$ 0
Amortization of TRA intangible asset	627

In connection with NCM's IPO, NCM and the founding members entered into a tax receivable agreement ("TRA"). Under the terms of this agreement, NCM agreed to make cash payments, net of administrative expenses, to the founding members in amounts equal to 90% of NCM's actual tax benefit realized from any tax amortization of intangible assets. The TRA generally applies to NCM's taxable years up to and including the 30th anniversary date of the IPO. We determined the value of the TRA using a discounted cash flow model. For the purposes of our analysis, we estimated the cash receipts from taxable transactions that are known as of the date of the Merger.

Table of Contents

We did not consider future transactions that NCM may undertake. We estimated a run-off of the intangible asset amortization benefits due to the following transactions:

1. ESA (Exhibitor Services Agreement) relates to the amortization due to a modification of the initial ESA agreement.
2. CUA (Common Unit Adjustment) relates to NCM issuing additional common units to the founding members if there is an increase in the number of theatres under the ESA agreement. A reduction of common units is made if there are theatres removed from the ESA agreement.
3. AMC II Benefit relates to AMC's acquisition of Kerasotes theatres.
4. IPO Exchange Benefit relates to amortization from NCM's IPO in 2007.
5. IPO II Exchange Benefit relates to amortization step ups from NCM's secondary IPO in 2010.
6. Capital Account Administration Allocation relates to receipts attributable to the account administration.

The estimated TRA receipts through 2037 are tax effected at 40%, based on a blended federal and 50-state average tax rate. The after tax receipts were discounted to a present value using a discount rate of 12.0%, based on the cost of equity of NCM, as the TRA payments only benefit the equity holders. We determined the fair value to be \$20,900,000 and the useful life to be 25 years, based on the remaining life of the contract.

- (2) Includes theatre and other closure expense of \$4.5 million, \$0.4 million and \$6.0 million during the nine months ended September 30, 2013, from inception August 31, 2012 through September 27, 2012 and December 30, 2011 through August 30, 2012, respectively. Includes theatre and other closure expense (income) during the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012 and for fiscal years 2012, 2011, 2010 and 2009 of \$2.4 million, \$4.2 million, \$7.4 million, \$60.8 million, \$2.6 million and \$(2.3 million), respectively. In the fourth quarter of fiscal 2011, we permanently closed 73 underperforming screens in six theatre locations while continuing to operate 89 screens at these locations, and discontinued development of and ceased use of certain vacant and under-utilized retail space at four other theatres, resulting in a charge of \$55.0 million for theatre and other closure expense.
- (3) During fiscal 2012, investment loss (income) includes an impairment loss of \$17.8 million, related to the Company's investment in RealD Inc. common stock.
- (4) All periods presented includes earnings and losses from discontinued operations related to seven theatres in Canada and one theatre in the UK that were sold or closed in the Transition Period and 44 theatres in Mexico that were sold during fiscal 2009. During the nine months ended September 30, 2013 we received \$4.7 million for a sales price adjustment from the sale of theatres located in Canada. During the period of March 30, 2012 through August 30, 2012, we recorded gains, net of lease termination expense, on the disposition of the seven Canada theatres and the one United Kingdom theatre of approximately \$39.0 million, primarily due to the write-off of long-term lease liabilities extinguished in connection with the sales and closure.
- (5) Includes consolidated theatres only.

**MANAGEMENT'S DISCUSSION AND ANALYSIS OF
FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

The following discussion and analysis concerns our historical financial condition and results of operations for the periods indicated. This discussion contains forward-looking statements. Please see "Forward-Looking Statements" for a discussion of the risks, uncertainties and assumptions relating to these statements.

All references to the Transition Period in this section are for the period March 30, 2012 through December 31, 2012 and are derived by combining the audited results of operations of our Predecessor from March 30, 2012 to August 30, 2012 with the audited results of operations of our Successor from August 31, 2012 to December 31, 2012. These combined results for the Transition Period do not purport to represent what our consolidated results of operations would have been if the Successor had actually been formed on March 30, 2012, nor have we made any attempt to either include or exclude expenses or income that would have resulted had the acquisition actually occurred on March 30, 2012.

Overview

We are one of the world's largest theatrical exhibition companies and an industry leader in innovation and operational excellence. Our Theatrical Exhibition revenues are generated primarily from box office admissions and theatre food and beverage sales. The balance of our revenues are generated from ancillary sources, including on-screen advertising, fees earned from our AMC Stubs customer frequency membership program, rental of theatre auditoriums, breakage income from gift card and packaged tickets sales, on-line ticketing fees and arcade games located in theatre lobbies. As of September 30, 2013, we owned, operated or had interests in 343 theatres and 4,950 screens.

During the nine months ended September 30, 2013, we opened three theatres with a total of 25 screens in the U.S., permanently closed 4 theatres with 29 screens in the U.S., and temporarily closed 300 screens and reopened 266 screens in the U.S. to implement our strategy and install consumer experience upgrades.

Box office admissions are our largest source of revenue. We predominantly license "first-run" films from distributors owned by major film production companies and from independent distributors. We license films on a film-by-film and theatre-by-theatre basis. Film exhibition costs are accrued based on the applicable admissions revenues and estimates of the final settlement pursuant to our film licenses. Licenses that we enter into typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office gross or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

Technical innovation has allowed us to enhance the consumer experience through premium formats such as IMAX, 3D and other large screen formats. When combined with our major markets' customer base, the operating flexibility of digital technology enhances our capacity utilization and dynamic pricing capabilities. This enables us to achieve higher ticket prices for premium formats and provide incremental revenue from the exhibition of alternative content such as live concerts, sporting events, Broadway shows, opera and other non-traditional programming. Within each of our major markets, we are able to charge a premium for these services relative to our smaller markets. We will continue to broaden our content offerings and enhance the customer experience through the installation of additional IMAX and ETX (our proprietary large screen format) screens and the presentation of attractive alternative content as well as substantial upgrades to seating concepts.

Food and beverage sales are our second largest source of revenue after box office admissions. Food and beverage items traditionally include popcorn, soft drinks, candy and hot dogs. Different varieties of food and beverage items are offered at our theatres based on preferences in the particular geographic region. Our traditional food and beverage strategy emphasizes prominent and appealing

Table of Contents

food and beverage counters designed for rapid service and efficiency, including a customer friendly self-serve experience. We design our theatres to have more food and beverage capacity to make it easier to serve larger numbers of customers. Strategic placement of large food and beverage stands within theatres increases their visibility, aids in reducing the length of lines, allows flexibility to introduce new concepts and improves traffic flow around the food and beverage stands.

To address recent consumer trends, we are expanding our menu of enhanced food and beverage products to include made-to-order drinks and meals, customized coffee, healthy snacks, premium beers, wine and mixed drinks and other gourmet products. We plan to invest across a spectrum of enhanced food and beverage formats, ranging from simple, less capital-intensive food and beverage design improvements to the development of new dine-in theatre options to rejuvenate theatres approaching the end of their useful lives as traditional movie theatres and, in some of our larger theatres, to more efficiently monetize attendance. The costs of these conversions in some cases are partially covered by investments from the theatre landlord. We have successfully implemented our dine-in theatre concepts at 11 locations, which feature full kitchen facilities, seat-side servers and a separate bar and lounge area. Starting in 2014, we plan to invest an average of \$45 million annually over the next five years in enhanced food and beverage offerings across approximately 200 theatres. Consistent with previous experience, we expect landlords to contribute an average of \$10 million of capital annually to fund these projects.

Our revenues are dependent upon the timing and popularity of film releases by distributors. The most marketable films are usually released during the summer and the calendar year-end holiday seasons. Therefore, our business is highly seasonal, with higher attendance and revenues generally occurring during the summer months and holiday seasons. Our results of operations may vary significantly from quarter to quarter and from year to year.

During the 2012 calendar year, films licensed from our seven largest distributors based on revenues accounted for approximately 90% of our U.S. admissions revenues. Our revenues attributable to individual distributors may vary significantly from year to year depending upon the commercial success of each distributor's films in any given year.

During the period from 1990 to 2012, the annual number of first-run films released by distributors in the United States ranged from a low of 370 in 1995 to a high of 677 in 2012, according to Motion Picture Association of America 2012 Theatrical Market Statistics and prior reports. The number of digital 3D films released annually increased to a high of 45 in 2011 from a low of 0 during this same time period.

We continually upgrade the quality of our theatre circuit by adding new screens through new builds (including expansions) and acquisitions, substantial upgrades to seating concepts, expansion of food and beverage offerings, including dine-in theatres, and by disposing of older screens through closures and sales. We are an industry leader in the development and operation of theatres. Typically, our theatres have 12 or more screens and offer amenities to enhance the movie-going experience, such as stadium seating providing unobstructed viewing, digital sound and premium seat design. Over the next five years starting in 2014, we intend to invest approximately \$600 million in recliner re-seat conversions. Consistent with previous experience, we expect landlords will contribute an average of \$35 million of capital annually to fund these projects.

Recliner re-seats are the key feature of full theatre renovations. These exhaustive theatre renovations involve stripping theatres to their basic structure in order to replace finishes throughout, upgrade the sight and sound experience, install modernized points of sale and, most importantly, replace traditional theatre seats with plush, electric recliners that allow customers to deploy a leg rest and fully recline at the push of a button. The renovation process typically involves losing 66% seating capacity. For an industry historically focused on quantity, this reduction in seating capacity could be viewed as counter-intuitive and harmful to revenues. However, the quality improvement in the customer experience is driving, on average, an 84% increase in attendance at these locations. Our

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

customers have responded favorably to the significant personal space gains from ample row depths, ability to recline or stretch their legs, extra-wide pillowed chaise and oversized armrests.

As of September 30, 2013, we had 2,234 3D enabled screens, including ETX 3D enabled screens, and 136 IMAX 3D enabled screens; approximately 48% of our screens were 3D enabled screens, including IMAX 3D enabled screens, and approximately 2.7% of our screens were IMAX 3D enabled screens. We are the largest IMAX exhibitor in the world with a 44% market share in the United States and each of our IMAX local installations is protected by geographic exclusivity. The following table identifies the upgrades to our theatre circuit during the periods indicated:

Format	Number of Screens As of September 30, 2013	Number of Screens As of September 27, 2012	Increase in Number of Screens
Digital	4,835	4,167	668
3D enabled (including ETX)	2,234	2,163	71
IMAX (3D enabled)	136	125	11
ETX (3D enabled)	15	15	
Dine-in theatres	182	160	22

Stock-Based Compensation

Upon the change of control as a result of the Merger, all of the stock options and restricted stock interests under both the amended and restated 2004 Stock Option Plan and the 2010 Equity Incentive Plan were cancelled and holders received payments aggregating approximately \$7.0 million. We had previously recognized stock-based compensation expense of \$3.9 million related to these stock options and restricted stock interests. We did not recognize an expense for the remaining \$3.1 million of unrecognized stock-based compensation expense. Our accounting policy for any cost triggered by the consummation of the Merger was to recognize the cost when the Merger was consummated. Accordingly, the unrecognized stock-based compensation expense for stock options and restricted stock interest has not been recorded in the Consolidated Statement of Operations for the Predecessor period since that statement depicts the results of operations just prior to consummation of the transaction. In addition, since the Successor period reflects the effects of push-down accounting, these costs have also not been recorded as an expense in the Successor period. However, the costs were reflected in the purchase accounting adjustments which were applied in arriving at the opening balances of the Successor. See Note 2 Merger of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for additional information. Subsequent to the Merger, the Company had no stock-based compensation arrangements. See " Impact of the Offering" for a discussion of stock-based compensation arrangements that we expect to implement upon completion of the Offering.

Significant Events

On April 30, 2013, AMCE entered into a new \$925.0 million senior secured credit facility pursuant to which it borrowed term loans (the "Term Loan due 2020"), and used the proceeds to fund the redemption of both the Term Loan due 2016 and Term Loan due 2018. The new senior secured credit facility is comprised of a \$150.0 million Revolving Credit Facility, which matures on April 30, 2018, and a \$775.0 million term loan, which matures on April 30, 2020. The Term Loan due 2020 requires repayments of principal of 0.25% of the original principal amount, or \$1.9 million, per quarter, with the remaining principal payable upon maturity. The term loan was issued at a 0.25% discount which will be amortized to interest expense over the term of the loan. We capitalized deferred financing costs of approximately \$6.9 million related to the issuance of the Revolving Credit Facility and approximately \$2.2 million related to the issuance of the Term Loan due 2020 during 2013. Concurrently with the Term Loan due 2020 borrowings on April 30, 2013, AMCE redeemed all of the outstanding Term Loan due 2016 and the Term Loan due 2018 at a redemption price of 100% of the outstanding aggregate

principal balance of \$464.1 million and \$296.3 million, respectively, plus accrued and unpaid interest. We recorded a net gain of approximately \$(130,000) in other expense (income) due to the Term Loan due 2016 premium write-off and the expense for the third-party costs in connection with the repurchase of the Term Loan due 2016 and the Term Loan due 2018 during the nine months ended September 30, 2013. See Note 12 Corporate Borrowings of the Notes to the unaudited Consolidated Financial Statements included elsewhere in this prospectus for additional information concerning the new senior secured credit facility.

Our Transition Period includes four more days than the thirty-nine weeks ended December 29, 2011. The last four days of our Transition Period also occurred during the year-end holiday season when the most marketable motion pictures are released, which generally drive higher attendance and revenues.

In December 2012, we completed the acquisition of 4 theatres and 61 screens from Rave Reviews Cinemas, LLC and 6 theatres and 95 screens from Rave Digital Media, LLC, (and together "Rave theatres"). The purchase price for the Rave theatres, paid in cash, was \$88.7 million, net of cash acquired, and is subject to working capital and other purchase price adjustments. Approximately \$881,000 of the total purchase price was paid during the nine months ended September 30, 2013. For additional information about this acquisition, see Note 3 Acquisition of the Notes to the audited and unaudited Consolidated Financial Statements included elsewhere in this prospectus.

On August 30, 2012, Wanda acquired Parent through a merger between Parent and Merger Subsidiary, an indirect subsidiary of Wanda, whereby Merger Subsidiary merged with and into Parent with Parent continuing as the surviving corporation and as an indirect subsidiary of Wanda. In connection with the change of control pursuant to the Merger, our assets and liabilities were adjusted to fair value on the closing date of the Merger by application of "push down" accounting. As a result of the application of "push down" accounting in connection with the Merger, our financial statement presentations herein distinguish between a predecessor period ("Predecessor"), for periods prior to the Merger, and a successor period ("Successor"), for periods subsequent to the Merger. The Successor applied "push down" accounting and its financial statements reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the Merger date, August 30, 2012. As a result of the application of "push down" accounting at the time of the Merger, the financial statements for the Predecessor period and for the Successor period are presented on different bases and are, therefore, not comparable. See Note 2 Merger of the Notes to Consolidated Financial Statements included elsewhere in this prospectus.

In July and August of 2012, we sold 6 and closed 1 of our 8 theatres located in Canada. One theatre with 20 screens was closed prior to the end of the lease term and we made a payment to the landlord of \$7.6 million to terminate this lease. Two theatres with 48 screens were sold under an asset purchase agreement to Empire Theatres Limited and 4 theatres with 86 screens were sold under a share purchase agreement to Cineplex, Inc. During the Transition Period of March 30, 2012 through December 31, 2012, the total net proceeds we received from these sales were approximately \$1.5 million, and are subject to purchase price adjustments. The operations of these 7 theatres have been eliminated from our ongoing operations. We do not have any significant continuing involvement in the operations of these 7 theatres after the dispositions. During August of 2012, we sold one theatre in the UK with 12 screens. Proceeds from this sale were \$395,000 and are subject to working capital and other purchase price adjustments as described in the sales agreement. The results of operations of these 8 theatres have been classified as discontinued operations. We are in discussions with the landlords regarding the ongoing operations at the remaining theatre located in Canada and the remaining theatre located in the UK. We recorded gains, net of lease termination expense, on the sales of these theatres of approximately \$39.0 million, which were included in discontinued operations during the Transition Period of March 30, 2012 through December 31, 2012, and reflect the write off of long-term lease liabilities extinguished in connection with the sales and closure. During the nine months ended September 30, 2013, we received \$4.7 million for a sales price adjustment from the sale of

Table of Contents

theatres located in Canada. The sales price adjustment was related to tax attributes of the theatres sold in Canada which were not determinable or probable of collection at the date of the sale. We completed our tax returns, for periods prior to the date of sale, during the nine months ended September 30, 2013 at which time the buyer was able to determine amounts due pursuant to the sales price adjustment and remit them to us. We recorded the additional gain on sale following the guidance for gain contingencies in ASC 450-30-25-1 when the gains were realizable.

On July 2, 2012, AMCE entered into a waiver and fourth amendment to our former senior secured credit facility dated as of January 26, 2006 to, among, other things: (i) waive a certain specified default that would otherwise occur upon the change of control effected by the Merger, (ii) permit us to change our fiscal year after completion of the Merger, (iii) reflect the change in ownership going forward by restating the definition of "Permitted Holder" to include only Wanda and its affiliates under the former senior secured credit facility in connection with the Merger, (iv) provide for a minimum LIBOR percentage of 1.00%, from, and only after, the completion of the Merger, to the Term Loan due 2016, and (v) provide for an interest rate of LIBOR plus 375 basis points to the Term Loan due 2018, from and only after, the completion of the Merger. At December 31, 2012, the interest rates for borrowings under the Term Loan due 2016 was 4.25%, which was based on LIBOR plus 3.25% and was subject to a 1.00% minimum LIBOR rate with respect to LIBOR borrowings, and the interest rates for borrowings under the Term Loan due 2018 was 4.75%, which was based on LIBOR plus 3.75% and was subject to a 1.00% minimum LIBOR rate with respect to LIBOR borrowings.

On June 22, 2012, AMCE announced it had received the requisite consents from holders of each of our Notes due 2019 and our Notes due 2020, (collectively, the "Notes") for (i) a waiver of the requirement for it to comply with the "change of control" covenant in each of the Indenture governing the Notes due 2019 and the Indenture governing the Notes due 2020 (collectively the "Indentures") in connection with the Merger (the "Waivers"), including the its obligation to make a "change of control offer" in connection with the Merger with respect to each series of Notes, and (ii) certain amendments to the Indentures to reflect the change in ownership going forward by adding Wanda and its affiliates to the definition of "Permitted Holder" under each of the Indentures. AMCE entered into supplemental indentures to give effect to the Waivers and certain amendments to the Indentures, which became operative upon payment of the applicable consent fee immediately prior to the closing of the Merger. The holders of each of the Notes due 2019 and Notes due 2020 who validly consented to the Waiver and the proposed amendments received a consent fee of \$2.50 per \$1,000 principal amount at the closing date of the Merger. Our accounting policy for any cost triggered by the consummation of the Merger was to recognize the cost when the Merger was consummated. Accordingly, these consent fees have not been recorded in the Consolidated Statement of Operations for the Predecessor period since that statement depicts the results of operations just prior to consummation of the transaction. In addition, since the Successor period reflects the effects of push-down accounting, these costs have also not been recorded as an expense in the Successor period. However, the costs were reflected in the purchase accounting adjustments which were applied in arriving at the opening balances of the Successor.

On April 6, 2012, AMCE redeemed \$51.0 million aggregate principal amount of our Notes due 2014 pursuant to a cash tender offer at a price of \$1,000 per \$1,000 principal amount. We used the net proceeds from the issuance of the Term Loan due 2018, which was borrowed on February 22, 2012, to pay for the consideration of the cash tender offer plus accrued and unpaid interest on the principal amount of the Notes due 2014. On August 30, 2012, prior to the consummation of the Merger, AMCE issued a call notice for our remaining outstanding Notes due 2014 at a redemption price of 100% of the principal amount thereof, plus accrued and unpaid interest to the redemption date. On August 30, 2012, AMCE irrevocably deposited \$141.0 million plus accrued and unpaid interest to September 1, 2012 with a trustee to satisfy and to discharge our obligations under the Notes due 2014 and the indenture. We recorded a loss on redemption of \$1.3 million prior to the Merger in other (income) expense related to the extinguishment of the Notes due 2014.

Table of Contents

Prior to the fourth quarter of fiscal 2012, we recognized breakage income when gift card redemptions were deemed remote and we determined that there was no legal obligation to remit the unredeemed gift cards to the relevant tax jurisdiction ("Remote Method"), which, based on historical information, we concluded to be 18 months after the gift card was issued. At the end of the fourth quarter of fiscal 2012, we concluded that we had accumulated a sufficient level of historical data from a large pool of homogeneous transactions to allow us to reasonably and objectively determine an estimated gift card breakage rate and the pattern of actual gift card redemptions. Accordingly, we changed our method for recording gift card breakage income to recognize breakage income and derecognize the gift card liability for unredeemed gift cards in proportion to actual redemptions of gift cards ("Proportional Method"). We believe the Proportional Method is preferable to the Remote Method as it better reflects the gift card earnings process resulting in the recognition of gift card breakage income over the period of gift card redemptions (i.e., over the performance period).

In accordance with ASC 250, Accounting Changes and Error Corrections, we concluded that this accounting change represented a change in accounting estimate effected by a change in accounting principle and accordingly, accounted for the change as a change in estimate following a cumulative catch-up method. As a result, the cumulative catch-up adjustment recorded during the thirteen weeks ended June 28, 2012 resulted in an additional \$15.0 million of gift card breakage income under the Proportional Method. We will continue to review historical gift card redemption information at each reporting period to assess the continued appropriateness of the gift card breakage rates and pattern of redemption.

On February 22, 2012, AMCE entered into an incremental amendment to our former senior secured credit facility pursuant to which it borrowed the Term Loan due 2018, the proceeds of which, together with cash on hand, were used to fund the cash tender offer and redemption of the Notes due 2014 and to repay the existing Term Loan due 2013. The Term Loan due 2018 was issued under the former senior secured credit facility for \$300.0 million aggregate principal amount and net proceeds received were \$297.0 million. The Term Loan due 2018 required repayments of principal of 1% per annum and the remaining principal payable upon maturity on February 22, 2018. The Term Loan due 2018 bore interest at 4.25% as of June 28, 2012, which was based on LIBOR plus 3.25% and subject to a 1.00% minimum LIBOR rate. On February 22, 2012, AMCE redeemed the outstanding Term Loan due 2013 at a redemption price of 100% of the then outstanding aggregate principal balance of \$140.7 million. The Term Loan due 2013 bore interest at 2.0205% on February 22, 2012, which was based on LIBOR plus 1.75%. We recorded a loss on extinguishment of the Term Loan due 2013 of \$383,000, during the period December 30, 2011 through August 30, 2012.

On February 7, 2012, AMCE launched a cash tender offer to purchase up to \$160.0 million aggregate principal amount of its outstanding \$300.0 million aggregate principal amount of Notes due 2014. On February 21, 2012, holders of \$109.0 million aggregate principal amount of the Notes due 2014 tendered pursuant to the cash tender offer. On February 22, 2012, AMCE accepted for purchase \$58.1 million aggregate principal amount for total consideration equal to (i) \$972.50 per \$1,000 in principal amount of notes validly tendered plus (ii) \$30 per \$1,000 in principal amount of the notes validly tendered. On March 7, 2012, AMCE accepted for purchase the remaining \$50.9 million aggregate principal amount of our Notes due 2014 tendered on February 21, 2012 for total consideration equal to (i) \$972.50 per \$1,000 in principal amount of notes validly tendered plus (ii) \$30 per \$1,000 in principal amount of the notes validly tendered. AMCE also accepted \$10,000 aggregate principal amount of Notes due 2014 tendered after February 21, 2012 for total consideration equal to \$972.50 per \$1,000 in principal amount of the notes validly tendered. We recorded a loss on extinguishment of \$640,000 related to the cash tender offer and redeemed our Notes due 2014 during the fifty-two weeks ended June 28, 2012. On March 7, 2012, AMCE announced its intent to redeem \$51.0 million aggregate principal amount of Notes due 2014 at a price of \$1,000 per \$1,000 principal amount such that an aggregate of \$160.0 million of Notes due 2014 would be retired through the tender offer and redemption. On April 6, 2012, AMCE completed the redemption of \$51.0 million

aggregate principal amount of Notes due 2014 at a redemption price of 100% of the principal amount plus accrued and unpaid interest.

On December 29, 2011, we reviewed the fair value of our investment in RealD Inc. common stock, which is accounted for as an equity security, available for sale, and is recorded in the Consolidated Balance Sheets in other long-term assets at fair value (Level 1). Our investment in RealD Inc. common stock had been in an unrealized loss position for approximately six months at December 29, 2011. We reviewed the unrealized loss for a possible other-than-temporary impairment and determined that the loss as of December 29, 2011 was other-than-temporary. The impairment analysis requires significant judgment to identify events or circumstances that would likely have a significant adverse effect on the future value of the investment. On December 29, 2011, we recognized an impairment loss of \$17.8 million within investment (income) expense, related to unrealized losses previously recorded in accumulated other comprehensive loss, as we have determined the decline in fair value below historical cost to be other than temporary at December 29, 2011. Consideration was given to the financial condition and near-term prospects of the issuer, the length of time and extent to which the fair value has been less than cost and our intent and ability to retain our investment in the issuer for a period of time sufficient to allow for any anticipated recovery in market value.

AMCE used cash on hand to pay a dividend distribution of \$109.6 million on December 6, 2011 to its stockholder, Parent, which was treated as a reduction of additional paid-in capital. Parent used the available funds to pay corporate overhead expenses incurred in the ordinary course of business, and on January 25, 2012, to redeem its Term Loan Facility due June 2012, plus accrued and unpaid interest.

On April 1, 2011, we fully launched AMC Stubs, a customer frequency program, which allows members to earn rewards, including \$10 for each \$100 spent, redeemable on future purchases at AMC locations. The portion of the admissions and food and beverage revenues attributed to the rewards is deferred as a reduction of admissions and food and beverage revenues and is allocated between admissions and food and beverage revenues based on expected member redemptions. Rewards must be redeemed no later than 90 days from the date of issuance. Upon redemption, deferred rewards are recognized as revenues along with associated cost of goods. Rewards not redeemed within 90 days are forfeited and recognized as admissions or food and beverage revenues. Progress rewards (member expenditures toward earned rewards) for expired memberships are forfeited upon expiration of the membership and recognized as admissions or food and beverage revenues. The program's annual membership fee is deferred, net of estimated refunds, and is recognized ratably over the one-year membership period.

As of September 30, 2013, we had 2.5 million AMC Stubs members. Our AMC Stubs members represented approximately 20% of our attendance during the nine months ended September 30, 2013 with an average ticket price 2% lower than our non-members and food and beverage expenditures per

During our launch of AMC Stubs in fiscal year 2012, admissions and food and beverage revenues were reduced due to the ramp up in membership, causing more rewards to be earned than redeemed. AMC Stubs membership has stabilized during the Transition Period ended December 31, 2012, resulting in a much less pronounced impact on admissions and food and beverage revenues. The following tables reflect AMC Stubs activity during the Transition Period and the thirty-nine weeks ended December 29, 2011:

On March 31, 2011, Marquee Holdings Inc., a direct, wholly-owned subsidiary of Parent and a holding company, the sole asset of which consisted of the capital stock of AMCE, was merged with and into Parent, with Parent continuing as the surviving entity. As a result of the merger, AMCE became a direct subsidiary of Parent.

During the fourth quarter of our fiscal year ending March 31, 2011, we evaluated excess capacity and vacant and under-utilized retail space throughout our theatre circuit. On March 28, 2011, management decided to permanently close 73 underperforming screens and auditoriums in six theatre locations in the United States and Canada while continuing to operate 89 screens at these locations. The permanently closed screens were physically segregated from the screens that remained in operation and access to the closed space was restricted. Additionally, management decided to discontinue development of and cease use of (including for storage) certain vacant and under-utilized retail space at four other theatres in the United States and the United Kingdom. As a result of closing the screens and auditoriums and discontinuing the development and use of the other spaces, we recorded a charge of \$55.0 million for theatre and other closure expense, which is included in operating expense in the Consolidated Statements of Operations during the fiscal year ending March 31, 2011. The charge to theatre and other closure expense reflects the discounted contractual amounts of the existing lease obligations of \$53.6 million for the remaining 7 to 13 year terms of the leases as well as expenses incurred for related asset removal and shutdown costs of \$1.5 million. A significant portion of each of the affected properties was closed and is no longer used. The charges to theatre and other closure expense do not result in any new, increased or accelerated obligations for cash payments related to the underlying long-term operating lease agreements.

In addition to the auditorium closures, we permanently closed 22 theatres with 144 screens in the U.S. during the fifty-two weeks ended March 31, 2011 prior to the expiration of the lease term. We recorded \$5.7 million for theatre and other closure expense, which is included in operating expense in the Consolidated Statements of Operations, due primarily to the remaining lease terms of 5 theatre closures and accretion of the closure liability related to theatres closed during prior periods. Of the theatre closures in fiscal 2011, 9 theatres with 35 screens were owned properties with no related lease obligation; 7 theatres with 67 screens had leases that were allowed to expire; a single screen theatre with a management agreement was allowed to expire; and 5 theatres with 41 screens were closed with remaining lease terms in excess of one month. Reserves for leases that have not been terminated are

recorded at the present value of the future contractual commitments for the base rents, taxes and common area maintenance.

On December 15, 2010, we completed the offering of \$600.0 million aggregate principal amount of our 9.75% Senior Subordinated Notes due 2020 (the "Notes due 2020"). Concurrently with the offering of the Notes due 2020 offering, we launched a cash tender offer and consent solicitation for any and all of our then outstanding \$325.0 million aggregate principal amount of our Notes due 2016 at a purchase price of \$1,031 plus a \$30 consent fee for each \$1,000 of principal amount of currently outstanding Notes due 2016 validly tendered and accepted by us on or before the early tender date (the "Cash Tender Offer"). We used the net proceeds from the issuance of the Notes due 2020 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$95.1 million principal amount of Notes due 2016 validly tendered. We recorded a loss on extinguishment related to the Cash Tender Offer of \$7.6 million in Other expense during the fifty-two weeks ended March 31, 2011, which included previously capitalized deferred financing fees of \$1.7 million, a tender offer and consent fee paid to the holders of \$5.8 million and other expenses of \$149,000. We redeemed the remaining \$229.9 million aggregate principal amount outstanding Notes due 2016 at a price of \$1,055 per \$1,000 principal amount on February 1, 2011 in accordance with the terms of the indenture. We recorded a loss on extinguishment related to the Cash Tender Offer of \$16.7 million in Other expense during the fifty-two weeks ended March 31, 2011, which included previously capitalized deferred financing fees of \$4.0 million, a tender offer and consent fee paid to the holders of \$12.6 million and other expenses of \$99,000.

Concurrently with the Notes due 2020 offering on December 15, 2010, Parent launched a cash tender offer and consent solicitation for any and all of its outstanding \$240.8 million aggregate principal amount (accreted value) of its Discount Notes due 2014 at a purchase price of \$797 plus a \$30 consent fee for each \$1,000 face amount (or \$792.09 accreted value) of then outstanding Discount Notes due 2014 validly tendered and accepted by Parent. AMCE used cash on hand to make a dividend payment of \$185.0 million on December 15, 2010 to its stockholder, Parent, which was treated as a reduction of additional paid-in capital. Parent used the funds received from us to pay the consideration for the Discount Notes due 2014 cash tender offer plus accrued and unpaid interest on \$170.7 million principal amount (accreted value) of the Discount Notes due 2014 validly tendered. Parent redeemed the remaining \$70.1 million (accreted value) outstanding Discount Notes due 2014 at a price of \$823.77 per \$1,000 face amount (or \$792.09 accreted value) on January 3, 2011 using funds from an additional dividend received from us of \$76.1 million.

On December 15, 2010, we entered into a third amendment to our former senior secured credit agreement dated as of January 26, 2006 to, among other things: (i) extend the maturity of the term loans held by accepting lenders of \$476.6 million aggregate principal amount of term loans from January 26, 2013 to December 15, 2016 and to increase the interest rate with respect to such term loans, (ii) replace our existing revolving credit facility with a new five-year revolving credit facility (with higher interest rates and a longer maturity than the existing revolving credit facility), and (iii) amend certain of our existing covenants therein. We recorded a loss on the modification of our former senior secured credit agreement of \$3.7 million in Other (income) expense during the fifty-two weeks ended March 31, 2011, which included third party modification fees and other expenses of \$3.3 million and previously capitalized deferred financing fees related to the revolving credit facility of \$367,000.

All of our NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of NCM, Inc. on a share-for-share basis. On August 18, 2010, we sold 6,500,000 shares of common stock of NCM, Inc., in an underwritten public offering for \$16.00 per share and reduced our related investment in NCM by \$36.7 million, the carrying amount of all shares sold. Net proceeds received on this sale were \$99.8 million, after deducting related underwriting fees and professional and consulting costs of \$4.2 million, resulting in a gain on sale of \$63.1 million. In addition, on September 8, 2010, we sold 155,193 shares of NCM, Inc. to the underwriters to cover over allotments

for \$16.00 per share and reduced our related investment in NCM by \$867,000, the carrying amount of all shares sold. Net proceeds received on this sale were \$2.4 million, after deducting related underwriting fees and professional and consulting costs of \$99,000, resulting in a gain on sale of \$1.5 million.

On March 17, 2011, NCM, Inc., as sole manager of NCM, disclosed the changes in ownership interest in NCM pursuant to the Common Unit Adjustment Agreement dated as of February 13, 2007 ("2010 Common Unit Adjustment"). This agreement provides for a mechanism for adjusting membership units based on increases or decreases in attendance associated with theatre additions and dispositions. Prior to the 2010 Common Unit Adjustment, we held 18,803,420 units, or a 16.98% ownership interest, in NCM as of December 30, 2010. As a result of theatre closings and dispositions and a related decline in attendance, we elected to surrender 1,479,638 common membership units to satisfy the 2010 Common Unit Adjustment, leaving us with 17,323,782 units, or a 15.66% ownership interest, in NCM as of March 31, 2011. We recorded the surrendered common units as a reduction to deferred revenues for exhibitor services agreement at fair value of \$25.4 million, based on a price per share of NCM, Inc. of \$17.14 on March 17, 2011, and recorded the reduction of the Company's NCM investment at weighted average cost for Tranche 2 Investments of \$25.6 million, resulting in a loss on the surrender of the units of \$207,000. The gain from the NCM, Inc. stock sales and the loss from the surrendered NCM common units are reported as Gain on NCM transactions on the Consolidated Statements of Operations. As a result of theatre closings and a related decline in attendance, the NCM Common Unit Adjustment for calendar 2011 called for a reduction in common units. We elected to pay NCM \$214,000 to retain 16,717 common units effective March 16, 2012. The amount paid to retain the units decreased the deferred revenues for exhibitor services agreement available for amortization to advertising income for future periods.

The Company's investment in common membership units (Tranche 1 Investment) was carried at zero cost through the date of the Merger on August 30, 2012. At the date of the Merger, the Company's investment in NCM consisted of a single investment tranche consisting of 17,323,782 membership units recorded at fair value (Level 1) on August 30, 2012. As of September 30, 2013, the Company owns 19,052,770 common membership units, or a 15.44% interest in NCM, consisting of two tranches.

On May 24, 2010, we completed the acquisition of 92 theatres and 928 screens from Kerasotes Showplace Theatres, LLC ("Kerasotes"). Kerasotes operated 95 theatres and 972 screens in mid-sized, suburban and metropolitan markets, primarily in the Midwest. More than three quarters of the Kerasotes theatres feature stadium seating and almost 90 percent have been built since 1994. The purchase price for the Kerasotes theatres paid in cash at closing, was \$276.8 million, net of cash acquired, and was subject to working capital and other purchase price adjustments. We paid working capital and other purchase price adjustments of \$3.8 million during the second quarter of fiscal 2011, based on the final closing date working capital and deferred revenue amounts, and have included this amount as part of the total purchase price. The acquisition of Kerasotes significantly increased our size. Accordingly, results of operations for the fifty-two weeks ended March 29, 2012, which include fifty-two weeks of operations of the theatres we acquired, are not comparable to our results for the fifty-two weeks ended March 31, 2011, which include forty-four weeks of the operations we acquired.

In December of 2008, the Company sold all of its interests in Cinemex, which then operated 44 theatres with 493 screens primarily in the Mexico City Metropolitan Area, to Entretenimiento GM de Mexico S.A. de C.V. ("Entretenimiento"). As of September 30, 2013, the Company estimates that it is contractually entitled to receive an additional \$5.9 million of the purchase price related to tax payments and refunds. While the Company believes it is entitled to these amounts from Cinemex, the collection will require litigation, which was initiated by the Company on April 30, 2010 and is still pending. Resolution could take place over a prolonged period. In fiscal 2010, as a result of the litigation, the Company established an allowance for doubtful accounts related to this receivable and

Table of Contents

directly charged off the receivable amount as uncollectible. The Company does not have any significant continuing involvement in the operations of the Cinemex theatres after the disposition. Any purchase price tax collections received or legal fees paid related to the sale of the Cinemex theatres have been classified as discontinued operations for all periods presented.

We do not operate any other theatres in Mexico and have divested of the majority of our other investments in international theatres in Canada, UK, Japan, Hong Kong, Spain, Portugal, France, Argentina, Brazil, Chile, and Uruguay over the past several years as part of our overall business strategy.

Deferred Tax Asset Valuation Allowance

If, in the future, we generate sufficient earnings in the United States federal and state tax jurisdictions where we have recorded valuation allowances, our conclusion regarding the need for a valuation allowance in these tax jurisdictions could change. Accordingly, it is reasonably possible we could have a reduction of some or a significant portion of our recorded valuation allowance in the near term. This determination would be dependent on a number of factors which would include, but not be limited to, our expectation of future taxable income.

The Reclassification

In connection with the Offering, we will reclassify each share of our existing Class A common stock and Class N common stock by filing an amendment to our certificate of incorporation. Pursuant to the reclassification, each holder of shares of existing Class A common stock will receive _____ shares of Class B common stock for one share of existing Class A common stock, and each holder of shares of Class N common stock will receive shares of new Class A common stock for one share of Class N common stock. Following the Reclassification, holders of our Class A common stock will be entitled to one vote per share and holders of our Class B common stock will be entitled to three votes per share. Because of the three-to-one voting ratio between our Class B and Class A common stock, Wanda will continue to control a majority of the combined voting power of our common stock and therefore be able to control all matters submitted to our stockholders for approval (including election of directors and approval of significant corporate transactions, such as mergers) so long as the shares of Class B common stock owned by Wanda and its permitted transferees represent at least 30% of all outstanding shares of our Class A and Class B common stock. The shares of our Class B common stock automatically convert to shares of Class A common stock upon Wanda and its permitted transferees holding less than 30% of all outstanding shares of our Class A and Class B common stock.

Impact of the Offering

We anticipate that the offering will have an impact on our future operating results in several areas. We expect that we will incur increased expenses relating to maintaining our NYSE listing and incremental accounting and legal expense for public company reporting and compliance and insurance. We currently estimate that the aggregate annual incremental expense for these matters will be between \$2.75 million and \$3.25 million. We also anticipate that we will incur increased stock-related compensation expense in connection with the new equity based compensation plan that we expect to adopt upon completion of the offering and described under "Management Executive Compensation." In addition, if we use a portion of the proceeds of the offering to repay outstanding indebtedness, our interest expense will decrease.

Critical Accounting Estimates

Our Consolidated Financial Statements are prepared in accordance with U.S. GAAP. In connection with the preparation of our financial statements, we are required to make assumptions and estimates about future events, and apply judgments that affect the reported amounts of assets, liabilities, revenue, expenses and the related disclosures. We base our assumptions, estimates, and judgments on historical experience, current trends and other factors that management believes to be relevant at the time our Consolidated Financial Statements are prepared. On a regular basis, we review the accounting policies, assumptions, estimates, and judgments to ensure that our financial statements are presented fairly and in accordance with U.S. GAAP. However, because future events and their effects cannot be determined with certainty, actual results could differ from our assumptions and estimates, and such differences could be material.

Our significant accounting policies are discussed in Note 1 The Company and Significant Accounting Policies to our audited Consolidated Financial Statements included elsewhere in this prospectus. A listing of some of the more critical accounting estimates that we believe merit additional discussion and aid in better understanding and evaluating our reported financial results are as follows.

Impairments. We evaluate goodwill and other indefinite lived intangible assets for impairment annually or more frequently as specific events or circumstances dictate. Impairment for other long-lived assets (including finite lived intangibles) is done whenever events or changes in circumstances indicate that these assets may not be fully recoverable. We have invested material amounts of capital in goodwill and other intangible assets in addition to other long-lived assets. We operate in a very competitive business environment and our revenues are highly dependent on movie content supplied by film producers. In addition, it is not uncommon for us to closely monitor certain locations where operating performance may not meet our expectations. Because of these and other reasons we have recorded material impairment charges primarily related to long-lived assets. Impairment charges were \$0 during the Transition Period, \$20.8 million in fiscal 2012 and \$21.6 million in fiscal 2011. There are a number of estimates and significant judgments that are made by management in performing these impairment evaluations. Such judgments and estimates include estimates of future revenues, cash flows, capital expenditures, and the cost of capital, among others. We believe we have used reasonable and appropriate business judgments. There is considerable management judgment with respect to cash flow estimates and appropriate multiples and discount rates to be used in determining fair value, and, accordingly, actual results could vary significantly from such estimates, which fall under Level 3 within the fair value measurement hierarchy. These estimates determine whether an impairment has been incurred and also quantify the amount of any related impairment charge. Given the nature of our business and our recent history, future impairments are possible and they may be material, based upon business conditions that are constantly changing.

Our recorded goodwill was \$2.3 billion, \$2.2 billion, and \$2.0 billion as of September 30, 2013, December 31, 2012, and March 29, 2012, respectively. We evaluate goodwill and our trademarks for impairment annually during our fourth fiscal quarter and any time an event occurs or circumstances change that would more likely than not reduce the fair value for a reporting unit below its carrying amount. Our goodwill is recorded in our Theatrical Exhibition operating segment, which is also the reporting unit for purposes of evaluating recorded goodwill for impairment. If the carrying value of the reporting unit exceeds its fair value, we are required to reallocate the fair value of the reporting unit as if the reporting unit had been acquired in a business combination and the fair value of the reporting unit was the price paid to acquire the reporting unit.

During the Transition Period and fiscal 2012, we assessed qualitative factors and reached a determination that it is not more likely than not that the fair value of our reporting unit is less than its carrying value and therefore the two step method, as described in ASC 350-20, is not necessary. Factors considered in determining this conclusion include but are not limited to recent improvements in

Table of Contents

industry box office results; increases in the market value of our long-term debt; our estimated fair value exceeded our carrying value as of December 31, 2012; our operating results including revenues, cash flows from operating activities and Adjusted EBITDA improved significantly from fiscal 2012; and the equity values of our publicly traded peer competitors increased during the Transition Period and in fiscal 2012.

There was no goodwill impairment as of September 30, 2013, December 31, 2012, and March 29, 2012.

Film exhibition costs. We have agreements with film companies who provide the content we make available to our customers. We are required to routinely make estimates and judgments about box office receipts for certain films and for films provided by specific film distributors in closing our books each period. These estimates are subject to adjustments based upon final settlements and determinations of final amounts due to our content providers that are typically based on a film's box office receipts and how well it performs. In certain instances this evaluation is done on a film by film basis or in the aggregate by film production suppliers. We rely upon our industry experience and professional judgment in determining amounts to fairly record these obligations at any given point in time. The accruals made for film costs have historically been material and we expect they will continue to be so into the future. During the nine months ended September 30, 2013 and the pro forma thirty-nine weeks ended September 27, 2012, our film exhibition costs were \$718.7 million and \$692.4 million, respectively. During the Transition Period and fiscal years 2012 and 2011 our film exhibition costs totaled \$728.1 million, \$916.0 million, and \$860.5 million, respectively.

Income and operating taxes. Income and operating taxes are inherently difficult to estimate and record. This is due to the complex nature of the U.S. tax code and also because our returns are routinely subject to examination by government tax authorities, including federal, state and local officials. Most of these examinations take place a few years after we have filed our tax returns. Our tax audits in many instances raise questions regarding our tax filing positions, the timing and amount of deductions claimed and the allocation of income among various tax jurisdictions. Our federal and state tax operating loss carry forward of approximately \$671.9 million and \$544.2 million, respectively at December 31, 2012, require us to estimate the amount of carry forward losses that we can reasonably be expected to realize using feasible and prudent tax planning strategies that are available to us. Future changes in conditions and in the tax code may change these strategies and thus change the amount of carry forward losses that we expect to realize and the amount of valuation allowances we have recorded. Accordingly future reported results could be materially impacted by changes in tax matters, positions, rules and estimates and these changes could be material.

Theatre and other closure expense. Theatre and other closure expense is primarily related to payments made or received or expected to be made or received to or from landlords to terminate leases on certain of our closed theatres, other vacant space and theatres where development has been discontinued. Theatre and other closure expense is recognized at the time the theatre or auditorium closes, space becomes vacant or development is discontinued. Expected payments to or from landlords are based on actual or discounted contractual amounts. We estimate theatre closure expense based on contractual lease terms and our estimates of taxes and utilities. The discount rate we use to estimate theatre and other closure expense is based on estimates of our borrowing costs at the time of closing. Our theatre and other closure liabilities have been measured using a discount rate of approximately 7.55% to 9.0%. During the fourth quarter of our fiscal year ending March 31, 2011, we permanently closed 73 underperforming screens and auditoriums in six theatre locations while continuing to operate the remaining 89 screens, and discontinued the development of and ceased use of certain vacant and under-utilized retail space at four other theatres. As a result of closing the screens and auditoriums and discontinuing the development and use of the other spaces, we recorded a charge of \$55.0 million for theatre and other closure expense. During the nine months ended September 30, 2013 and the pro

Table of Contents

forma thirty-nine weeks ended September 27, 2012, we recorded theatre and other closure expense, which is included in operating expense in the Consolidated Statements of Operations, of \$4.5 million and \$6.4 million, respectively. We have recorded theatre and other closure expense, which is included in operating expense in the Consolidated Statements of Operations, of \$6.6 million, \$7.4 million, and \$60.8 million during the Transition Period and the fiscal years ended March 29, 2012, and March 31, 2011, respectively.

Gift card and packaged ticket breakage. As noted in our significant accounting policies for revenue, we defer 100% of these items and recognize these amounts as they are redeemed by customers or breakage income is recognized. A vast majority of gift cards are used or partially used. However a portion of the gift cards and packaged ticket sales we sell to our customers are not redeemed and not used in whole or in part. Non-redeemed or partially redeemed cards or packaged tickets are known as "breakage" in our industry. We are required to estimate breakage and do so based upon our historical redemption patterns. Our history indicates that if a card or packaged ticket is not used for 18 months or longer, its likelihood of being used past this 18 month period is remote. In the fourth quarter of fiscal 2012, we changed our accounting method for estimating gift card breakage income. Prior to the fourth quarter of fiscal 2012, we recognized breakage income when gift card redemptions were deemed remote and the Company determined that there was no legal obligation to remit the unredeemed gift cards to the relevant tax jurisdiction ("Remote Method"), which based on historical information we concluded to be 18 months after the gift card was issued. In the fourth quarter of fiscal 2012, we accumulated a sufficient level of historical data from a large pool of homogeneous transactions to allow management to reasonably and objectively determine an estimated gift card breakage rate and the pattern of actual gift card redemptions. Accordingly, we changed our method for recognizing gift card breakage income to recognize breakage income and derecognize the gift card liability for unredeemed gift cards in proportion to actual redemptions of gift cards ("Proportional Method"). We recognize breakage income for gift cards using the Proportional Method, pursuant to which we apply a breakage rate for our five gift card sales channels which range from 14% to 23% of our current month sales, and we recognize that total amount of breakage for that current month's sales as income over the next 24 months in proportion to the pattern of actual redemptions. We have determined our breakage rates and redemption patterns using data accumulated over ten years on a company-wide basis. Breakage for packaged tickets continues to be recognized as the redemption of these items is determined to be remote, that is if a ticket has not been used within 18 months after being purchased. As a result of fair value accounting with the Merger, we will not recognize any breakage income on package tickets until 18 months after the date of the Merger. Additionally, concurrent with the accounting change discussed above, we changed our presentation of gift card breakage income from other income to other theatre revenues during fiscal 2012, with conforming changes made for all prior periods presented. During fiscal 2012, we recognized \$32.6 million of net gift card breakage income, of which \$15.0 million represented the adjustment related to the change from the Remote Method to the Proportional Method. During the nine months ended September 30, 2013 and the pro forma thirty-nine weeks ended September 27, 2012, we recognized \$13.9 million and \$10.0 million of income, respectively, and during the Transition Period and fiscal years 2012 and 2011, we recognized \$11.5 million, \$32.6 million and \$14.1 million of income, respectively, related to the derecognition of gift card liabilities which was recorded in other theatre revenues in the Consolidated Statements of Operations. Refer to Note 1 of the Notes to Consolidated Financial Statements included elsewhere in this prospectus for additional information.

We present Adjusted EBITDA as a supplemental measure of our performance that is commonly used in our industry. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provision (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include any cash distributions of earnings from our equity method investees. These further adjustments are itemized below. You are encouraged to evaluate these adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

The additional four days included in the Transition Period contributed approximately \$25.0 million in Adjusted EBITDA. The acquisition of Kerasotes contributed approximately \$34.6 million during the fifty-two weeks ended March 29, 2012 in Adjusted EBITDA compared to \$31.6 million during the forty-four week period of May 24, 2010 to March 31, 2011.

Adjusted EBITDA is a non-U.S. GAAP financial measure commonly used in our industry and should not be construed as an alternative to net earnings (loss) as an indicator of operating performance or as an alternative to cash flow provided by operating activities as a measure of liquidity (as determined in accordance with U.S. GAAP). Adjusted EBITDA may not be comparable to similarly titled measures reported by other companies. We have included Adjusted EBITDA because we believe it provides management and investors with additional information to measure our performance and liquidity, estimate our value and evaluate our ability to service debt.

Adjusted EBITDA has important limitations as an analytical tool, and you should not consider it in isolation, or as a substitute for analysis of our results as reported under U.S. GAAP. For example, Adjusted EBITDA:

does not reflect our capital expenditures, future requirements for capital expenditures or contractual commitments;

does not reflect changes in, or cash requirements for, our working capital needs;

does not reflect the significant interest expenses, or the cash requirements necessary to service interest or principal payments, on our debt;

excludes income tax payments that represent a reduction in cash available to us;

does not reflect any cash requirements for the assets being depreciated and amortized that may have to be replaced in the future; and

does not reflect management fees that were paid to the Former Sponsors.

Operating Results for the period August 31, 2012 through September 27, 2012 (Successor) and the period December 30, 2011 through August 31, 2012 (Predecessor)

As a result of the August 30, 2012 Merger described above, our Predecessor does not have financial results for the period December 30, 2011 through September 27, 2012. We have prepared separate discussion and analysis of our consolidated operating results for the period August 31, 2012 through September 27, 2012 (Successor) and the period December 30, 2011 through August 30, 2012 (Predecessor). Also, in order to present Management's Discussion and Analysis in a way that offers investors a meaningful period to period comparison, we have presented the unaudited pro forma financial information below, which sets forth our historical statements of operations for the periods indicated and gives effect to the Merger as if "push down" accounting had been applied as of December 30, 2011. Such information is presented for comparative purposes to the Consolidated Statements of Operations only and does not purport to represent what our results of operations would actually have been had these transactions occurred on the date indicated or to project its results of operations for any future period or date.

Results of Operations for the Period August 31, 2012 through September 27, 2012 (Successor)

Revenues. Total revenues were \$114.5 million during the period August 31, 2012 through September 27, 2012. Rent expense was \$299.8 million during the period December 30, 2011 through August 30, 2012.

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs were \$6.7 million, during the period December 30, 2011 through August 30, 2012, primarily due to the Merger.

Management fees. Management fees were \$3.8 million during the period December 30, 2011 through August 30, 2012. Management fees of \$1.3 million were paid quarterly, in advance, to the former sponsors in exchange for consulting and other services through the date of the Merger.

Other. Other general and administrative expense was \$42.6 million during the period December 30, 2011 through August 30, 2012.

Depreciation and amortization. Depreciation and amortization was \$137.8 million during the period December 30, 2011 through August 30, 2012.

Impairment of long-lived assets. During the period December 30, 2011 through August 30, 2012, we recognized an impairment loss of \$285,000 on three theatres with 33 screens (in Arkansas, Maryland and Utah), which was related to property, net.

Other expense. Other expense of \$2.5 million was comprised of expenses related to the redemption of our Notes due 2014 of \$1.9 million and expenses related to the redemption and modification of our former Senior Secured Credit Facility of \$383,000, partially offset by business interruption insurance recoveries and other income of \$335,000, during the period December 30, 2011 through August 30, 2012.

Interest expense. Interest expense was \$113.8 million during the period December 30, 2011 through August 30, 2012.

Equity in earnings of non-consolidated entities. Equity in earnings of non-consolidated entities were \$18.2 million during the period December 30, 2011 through August 30, 2012 and was primarily due to equity in earnings from NCM of \$16.6 million and DCIP of \$7.1 million, partially offset by equity in losses from Open Road Releasing, LLC of \$6.7 million. Nine Months Ended September 30, 2013 and Pro forma Thirty-nine Weeks Ended September 27, 2012

Revenues. Total revenues increased 5.3%, or \$103.0 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012. Admissions revenues increased 3.6%, or \$47.0 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, primarily due to a 2.2% increase in average ticket prices and a 1.3% increase in attendance. The increase in average ticket price was primarily due to the increase in ticket prices and attendance for standard 2D film, partially offset by the impact of the decrease in net recognition of admissions revenues related to AMC Stubs. Total

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

admissions revenues were increased by rewards redeemed, net of deferrals, of \$1.8 million during the nine months ended September 30, 2013 related to rewards accumulated under AMC Stubs compared to \$4.5 million during the pro forma thirty-nine weeks ended September 27, 2012. The rewards accumulated under AMC Stubs are deferred and recognized in future periods upon redemption or expiration of customer rewards. Admissions revenues at comparable theatres (theatres opened on or

before the first quarter of 2012 and before giving effect to the net recognition of admissions revenues due to the AMC Stubs customer frequency program) increased 1.0%, or \$12.6 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, due to the 2.8% increase in average ticket prices, partially offset by the 1.0% decrease in attendance. Food and beverage revenues increased 7.9%, or \$42.9 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, due to a 6.5% increase in average food and beverage per patron, the increase in attendance, and the decrease in rewards deferred, net of redemptions, of food and beverage revenues related to the AMC Stubs customer frequency program. The increase in food and beverage per patron reflects food and beverage price increases, the contribution of our food and beverage strategic initiatives, and the impact of the decrease in rewards deferred, net of redemptions, of food and beverage revenues related to AMC Stubs. Total food and beverage revenues were reduced by a net amount of \$2.0 million and \$3.6 million during the nine months ended September 30, 2013 and the pro forma thirty-nine weeks ended September 27, 2012, respectively, related to rewards accumulated under AMC Stubs and deferred to be recognized in future periods upon redemption or expiration of customer rewards. Other theatre revenues increased 19.0%, or \$13.1 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, primarily due to increases in advertising revenues, gift card breakage income, internet ticket fees, and theatre rentals.

Operating costs and expenses. Operating costs and expenses increased 3.2%, or \$57.5 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012. Film exhibition costs increased 3.8%, or \$26.3 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, primarily due to the increase in admissions revenues and the increase in film exhibition costs as a percentage of admission revenues. As a percentage of admissions revenues, film exhibition costs were 52.6% in the current period and 52.5% in the prior period. Food and beverage costs increased 7.1%, or \$5.3 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012 due to the increase in food and beverage revenues, partially offset by the decrease in food and beverage costs as a percentage of food and beverage revenues. As a percentage of food and beverage revenues, food and beverage costs were 13.6% in the current period compared with 13.7% in the prior period. As a percentage of revenues, operating expense was 26.2% in the current period as compared to 26.7% in the pro forma prior period, primarily due to increases in revenues. Rent expense increased 2.1%, or \$7.1 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, primarily from increases in common area maintenance expenses due to snow removal and a greater number of theatres operated due primarily to acquisitions.

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs were \$2.0 million during the nine months ended September 30, 2013 compared to \$7.2 million during the pro forma thirty-nine weeks ended September 27, 2012, primarily consisting of costs related to the Merger.

Other. Other general and administrative expense increased 20.3%, or \$10.1 million, during the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, due primarily to increases in expenses for annual and long-term incentive compensation expense related to improvements in earnings from continuing operations, legal costs, salaries, corporate office ("Theatre Support Center") transition rent, and abandoned projects, partially offset by decreases in net periodic benefit costs and the discontinuance of stock-based compensation expense.

Table of Contents

Depreciation and amortization. Depreciation and amortization decreased 2.1%, or \$3.1 million, during the nine months ended September 30, 2013 compared to the pro forma prior period due primarily to a reduction in depreciation resulting from a decline in asset retirements recorded in comparison to the prior year, partially offset by increases in depreciation resulting from the additional property acquired in the Rave acquisition.

Impairment of long-lived assets. During the pro forma thirty-nine weeks ended September 27, 2012, we recognized an impairment loss of \$285,000 on three theatres with 33 screens (in Arkansas, Maryland and Utah), which was related to property, net.

Other expense (income). Other income was \$184,000 during the nine months ended September 30, 2013 compared to other expense of \$2.5 million during the pro forma thirty-nine weeks ended September 27, 2012. Other expense (income) for the pro forma thirty-nine weeks ended September 27, 2012 was primarily due to expenses on extinguishment of indebtedness related to the redemption of our Notes due 2014 of \$1.9 million and expenses related to the redemption and modification of the former Senior Secured Credit Facility of \$383,000, partially offset by insurance recoveries.

Interest expense. Interest expense decreased 5.3%, or \$5.9 million, for the nine months ended September 30, 2013 compared to the pro forma thirty-nine weeks ended September 27, 2012, primarily due to the redemptions of the Notes due 2014, the Term Loan due 2016, and the Term Loan due 2018, partially offset by increases in indebtedness and the related interest expense due to the issuance of our Term Loan due 2020 and increases in capital and financing lease obligations and the related interest expense from the Rave acquisition.

Equity in earnings of non-consolidated entities. Equity in earnings of non-consolidated entities were \$38.1 million in the current period compared to \$7.2 million in the prior period. The increase in equity in earnings of non-consolidated entities was primarily due to increases in equity in earnings related to our investment in Open Road Releasing, LLC, NCM, and DCIP. The increase in equity in earnings from Open Road Releasing, LLC was primarily due to increases in non-theatrical related revenues, such as home entertainment, video on demand, and pay television, that do not have promotional expenses as large as those which are typically associated with theatrical revenues. Cash distributions from non-consolidated entities were \$20.8 million during the current period and \$19.6 million during the pro forma thirty-nine weeks ended September 27, 2012. See Note 4 Investments of the Notes to Consolidated Financial Statements in Item 1 of Part I hereof for further information.

Investment (income) expense. Investment income was \$3.4 million for the nine months ended September 30, 2013 compared to \$3.4 million for the pro forma thirty-nine weeks ended September 27, 2012. The investment income includes payments received of \$3.7 million and \$3.9 million related to the NCM tax receivable agreement for the nine months ended September 30, 2013 and the pro forma thirty-nine weeks ended September 27, 2012, respectively.

Income tax provision. The income tax provision from continuing operations was \$10.9 million for the nine months ended September 30, 2013 and \$8.5 million for the pro forma thirty-nine weeks ended September 27, 2012. See Note 1 Basis of Presentation for out of period tax adjustment and Note 7 Income Taxes of the Notes to Consolidated Financial Statements in Item 1 of Part I for further information.

Earnings (loss) from continuing operations. Earnings from continuing operations were \$80.5 million and \$(2.3) million for the nine months ended September 30, 2013 and the pro forma thirty-nine weeks ended September 27, 2012, respectively. Net earnings during the nine months ended September 30, 2013 compared to pro forma thirty-nine weeks ended September 27, 2012 were positively impacted by the increase in attendance, decrease in interest expense, the decrease in

Table of Contents

depreciation and amortization expense, the increase in average ticket prices, and the increase in average food and beverage per patron. Net earnings were negatively impacted by the increase in general and administrative: other expense and the increase in income tax provision.

Operating Results for the period March 30, 2012 through August 30, 2012 (Predecessor) and the period August 31, 2012 through December 31, 2012 (Successor)

As a result of the August 30, 2012 Merger described above, our Predecessor does not have financial results for the period March 30, 2012 through December 31, 2012. We have prepared separate discussion and analysis of our consolidated operating results for the period March 30, 2012 through August 30, 2012 (Predecessor) and August 31, 2012 through December 31, 2012 (Successor). In order to present Management's Discussion and Analysis in a way that offers investors a meaningful period to period comparison, we also have provided the operating information for the current year on an unaudited pro forma basis. See Unaudited Pro Forma Condensed Financial Information for additional information about how we determined our pro forma operating results for the Transition Period. The pro forma information for the period March 30, 2012 through December 31, 2012 does not purport to represent what our consolidated results of operations would have been if the Successor had actually been formed on March 30, 2012, nor have we made any attempt to either include or exclude expenses or income that would have resulted had the acquisition actually occurred on March 30, 2012.

Results of Operations for the period March 30, 2012 through August 30, 2012 (Predecessor)

Revenues. Admissions revenues were \$816.0 million, food and beverage revenues were \$342.1 million and other revenues were \$47.9 million during the period March 30, 2012 through August 30, 2012. Attendance at our theatres was 90.6 million patrons during the period March 30, 2012 through August 30, 2012.

Operating costs and expenses. Operating costs and expenses were \$1,085.2 million during the period March 30, 2012 through August 30, 2012. Film exhibition costs were \$436.5 million during the period March 30, 2012 through August 30, 2012. As a percentage of admissions revenues, film exhibition costs were 53.5% during the period March 30, 2012 through August 30, 2012. Food and beverage costs were \$47.3 million during the period March 30, 2012 through August 30, 2012. As a percentage of food and beverage revenues, food and beverage costs were 13.8% during the period March 30, 2012 through August 30, 2012. As a percentage of revenues, operating expense was 24.7% during the period March 30, 2012 through August 30, 2012. Rent expense was \$189.1 million during the period March 30, 2012 through August 30, 2012.

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs were \$4.4 million primarily due to the Merger.

Management fees. Management fees were \$2.5 million during the period March 30, 2012 through August 30, 2012. Management fees of \$1.3 million were paid quarterly, in advance, to the Former Sponsors in exchange for consulting and other services through the date of the Merger.

Other. Other general and administrative expense was \$27.0 million during the period March 30, 2012 through August 30, 2012.

Depreciation and amortization. Depreciation and amortization was \$81.0 million during the period March 30, 2012 through August 30, 2012.

Table of Contents

Other expense. Other expense was \$1.0 million during the period March 30, 2012 through August 30, 2012 and is comprised primarily of expenses related to the redemption of our Notes due 2014 of \$1.3 million, partially offset by business interruption insurance recoveries of \$0.3 million.

Interest expense. Interest expense was \$70.0 million during the period March 30, 2012 through August 30, 2012.

Equity in earnings of non-consolidated entities. Equity in earnings of non-consolidated entities were \$7.5 million during the period March 30, 2012 through August 30, 2012 and included earnings from NCM of \$7.5 million, earnings from DCIP of \$4.9 million partially offset by losses from Open Road Releasing, LLC of \$6.4 million.

Investment income. Investment income was \$41,000 during the period March 30, 2012 through August 30, 2012.

Income tax provision. Income tax provision was \$2.5 million during the period March 30, 2012 through August 30, 2012. See Note 11 Income Taxes of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information.

Earnings from discontinued operations, net. In July and August of 2012, we sold or closed 7 of the 8 theatres located in Canada and sold one theatre with 12 screens in the UK. In addition, on December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the 7 Canada theatres, the one UK theatre and the Cinemex theatres have been classified as discontinued operations for all periods presented. Gains, net of lease termination expense on the sales and closures of these theatres of approximately \$39.0 million are included in discontinued operations and reflect the write off of long-term lease liabilities extinguished in connection with the sales and closure. See Note 4 Discontinued Operations of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information.

Net earnings. Net earnings were \$90.2 million during the period March 30, 2012 through August 30, 2012.

Results of Operations for the period from Inception August 31, 2012 through December 31, 2012 (Successor)

We present Adjusted EBITDA as a supplemental measure of our performance that is commonly used in our industry. We define Adjusted EBITDA as earnings (loss) from continuing operations plus (i) income tax provisions (benefit), (ii) interest expense and (iii) depreciation and amortization, as further adjusted to eliminate the impact of certain items that we do not consider indicative of our ongoing operating performance and to include any cash distributions of earnings from our equity method investees. These further adjustments are itemized below. You are encouraged to evaluate these

adjustments and the reasons we consider them appropriate for supplemental analysis. In evaluating Adjusted EBITDA, you should be aware that in the future we may incur expenses that are the same as or similar to some of the adjustments in this presentation. Our presentation of Adjusted EBITDA should not be construed as an inference that our future results will be unaffected by unusual or non-recurring items.

- (1) Amounts represent preopening expense, theatre and other closure expense, deferred digital equipment rent expense, and disposition of assets and other gains included in operating expenses.
- (2) Cash distributions from non-consolidated entities are included in our Adjusted EBITDA presentation with conforming reclassification made for the current and prior year presentation. The presentation reclassification reflects how our management evaluates our Adjusted EBITDA performance and is consistent with treatment in our various debt covenant calculations.
- (3) Other expense for the Transition Period is comprised primarily of expenses on extinguishment of indebtedness related to the redemption of our Notes due 2014 and modification of our former senior secured credit facility. Other expense for the thirty-nine weeks ended December 29, 2011 is primarily comprised of expenses related to the modification of our former senior secured credit facility and expenses on the extinguishment of indebtedness related to the redemption of our Notes due 2014.
- (4) The additional four days included in the Transition Period contributed approximately \$25.0 million in Adjusted EBITDA.

Results of Operations for the Pro Forma Transition Period and the thirty-nine weeks ended December 29, 2011

Revenues. Our results of operations were positively impacted by the inclusion of 4 additional days during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011. Total revenues increased 6.6%, or \$123.6 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011. Admissions revenues increased 5.3%, or \$69.2 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011, primarily due to a 1.9% increase in average ticket prices and a 3.3% increase in attendance. Total admissions revenues were increased by rewards redeemed, net of deferrals, of \$7.0 million during the Pro Forma Transition Period related to rewards accumulated under AMC Stubs, and admissions revenues were reduced by deferrals, net of rewards redeemed, of \$6.0 million during the thirty-nine weeks ended December 29, 2011 related to awards accumulated under AMC Stubs. The rewards accumulated under AMC Stubs are deferred and recognized in future periods upon redemption or expiration of customer rewards. The increase in average ticket price was primarily due to an increase in ticket prices for standard 2D film and the impact of the decrease in net deferral of admission revenue related to AMC Stubs, partially offset by a decrease in attendance for premium format film product. Admissions revenues at comparable theatres (theatres opened on or before the first quarter of fiscal 2012) before giving effect to the net deferral of admissions revenues due to the AMC Stubs customer frequency program increased 4.9%, or \$62.6 million, during the Pro Forma Transition Period from the comparable period last year, due to increases in average ticket prices, increases in attendance and the additional four days included in the Pro Forma Transition Period. Food and beverage revenues increased 10.4%, or \$53.8 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011, due to a 6.8% increase in average food and beverage per patron, the decrease in net deferral of food and beverage revenues related to the AMC Stubs customer frequency program and the increase in attendance. The increase in food and beverage per patron includes the impact of the decrease in net deferral of food and beverage revenue related to AMC Stubs, food and beverage price increases and the success of our food and beverage strategic initiatives. Total food and beverage revenues were decreased by a net amount of \$1.9 million during the Pro Forma Transition Period and were decreased by a net amount of \$11.9 million during the thirty-nine weeks ended December 29, 2011 related to rewards accumulated under AMC Stubs and deferred to be recognized in future periods upon redemption or expiration of customer rewards. Other theatre revenues increased by 0.8%, or \$0.6 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011, primarily due to increases in membership fees earned through the AMC Stubs customer frequency program, advertising revenue and internet ticket fees, partially offset by declines in gift card breakage income recognized under the Proportional Method and declines in package ticket breakage. We made pro forma adjustments to eliminate \$4.8 million of historical breakage income recorded for packaged tickets and to reduce amounts of breakage income for gift cards by \$3.7 million for the Pro Forma Transition Period. See Note 1 The Company and Significant Accounting Policies of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information regarding methods used to recognize gift card breakage income.

Operating costs and expenses. Operating costs and expenses increased 3.1%, or \$57.1 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011. Film exhibition costs increased 4.8%, or \$33.2 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011 primarily due to the increase in admissions revenues, partially offset by the decrease in film exhibition costs as a percentage of admission revenues. As a percentage of admissions revenues, film exhibition costs were 53.4% in the current period and 53.6% in the prior period. Food and beverage costs increased 9.7%, or \$6.9 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011, due to the increase in food and beverage revenues, partially offset by the decrease in food and

Table of Contents

beverage costs as a percentage of food and beverage revenues. As a percentage of food and beverage revenues, food and beverage costs were 13.6% in the current period compared with 13.7% in the prior period. As a percentage of revenues, operating expense was 26.3% in the current period as compared to 27.9% in the prior period, primarily due to decreases in theatre salary costs, RealD license fees, utilities and property taxes, partially offset by increases in IMAX expense. We made pro forma adjustments to increase straight line rent for digital projectors by \$1.6 million and to decrease license expense for our 3D agreement by \$0.8 million. Rent expense decreased 1.0%, or \$3.2 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011, primarily due to the closure of theatres. We made pro forma adjustments to increase straight line rent by \$4.0 million for theatre leases and to decrease deferred rent expense for unfavorable theatre leases by \$5.1 million for the Pro Forma Transition Period.

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs were \$7.8 million during the Pro Forma Transition Period compared to \$1.7 million during the thirty-nine weeks ended December 29, 2011 primarily due to the Merger.

Management fees. Management fees decreased \$3.8 million during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011. Management fees of \$1.3 million were paid quarterly, in advance, to the Former Sponsors in exchange for consulting and other services through the date of the Merger. Subsequent to the Merger these management fees have ceased. We made pro forma adjustments to eliminate \$2.5 million of management fees during the Pro Forma Transition Period.

Other. Other general and administrative expense increased 55.0%, or \$19.7 million, during the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011 due primarily to increases in annual and long-term incentive compensation expense related to improvements in net earnings. We made pro forma adjustments to decrease net periodic benefit cost by \$0.5 million during the Pro Forma Transition Period.

Depreciation and amortization. Depreciation and amortization decreased 3.7%, or \$5.7 million, during the Pro Forma Transition Period compared to the prior period resulting from theatre closures and the declining net book value of theatre assets. We made pro forma adjustments of \$2.4 million to reduce amortization of intangible assets during the Pro Forma Transition Period.

Other expense. Other expense for the Transition Period is comprised of expenses on extinguishment of indebtedness related primarily to the redemption of our Notes due 2014 of \$1.3 million, partially offset by business interruption insurance recoveries of \$337,000. Other expense for the thirty-nine weeks ended December 29, 2011 of \$429,000 is comprised of expenses related to the modification of our former senior secured credit facility and expenses related to the extinguishment of indebtedness for the redemption of our Notes due 2016.

Interest expense. Interest expense declined by \$26.6 million for the Pro Forma Transition Period compared to the thirty-nine weeks ended December 29, 2011 primarily due to the redemptions of both the Notes due 2014 and the Parent Term Loan due 2012 during the Transition Period and the accretion of premiums recorded as a result of the Merger, partially offset by increases in indebtedness and the related interest expense due to the issuance of our Term Loan due 2018 on February 22, 2012. We made pro forma adjustments to reduce interest expense by \$9.4 million during the Pro Forma Transition Period to reflect accretion of premiums on debt and to remove amortization of deferred charges.

Table of Contents

Equity in (earnings) losses of non-consolidated entities. Equity in (earnings) losses of non-consolidated entities were \$(7.5 million) for the Pro Forma Transition Period compared to equity in earnings of \$(1.9 million) for the thirty-nine weeks ended December 29, 2011. The increase in equity in earnings of non-consolidated entities was primarily due to increases in earnings from DCIP, partially offset by declines in earnings from NCM. We made pro forma adjustments to increase equity in earnings from NCM by \$3.4 million for our share of their earnings, to increase equity in earnings from DCIP by \$0.3 million for amortization of basis differences and to decrease equity in earnings from NCM by \$1.3 million for amortization of basis differences. See Note 7 Investments of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information.

Investment expense. Investment expense was \$876,000 for the Pro Forma Transition Period compared to a loss of \$17.6 million for the thirty-nine weeks ended December 29, 2011. During the thirty-nine weeks ended December 29, 2011, we recognized an impairment loss of \$17.8 million related to unrealized losses previously recorded in accumulated other comprehensive loss on marketable securities related to our investment in RealD Inc. common stock when we determined the decline in fair value below historical cost to be other-than-temporary. We made pro forma adjustments to increase amortization expense for the TRA intangible asset by \$627,000 during the Pro Forma Transition Period.

Income tax provision. The income tax provision from continuing operations was a provision of \$8.9 million for the Pro Forma Transition Period and \$1.5 million for the thirty-nine weeks ended December 29, 2011. See Note 11 Income Taxes of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information. We made pro forma adjustments to increase our income tax provision by \$2.9 million for the expected income tax impact of the pro forma adjustments during the Pro Forma Transition Period.

Earnings (loss) from continuing operations. Earnings (loss) from continuing operations from continuing operations were \$17.9 million and (\$89.6 million) for the Pro Forma Transition Period and thirty-nine weeks ended December 29, 2011, respectively. Earnings from continuing operations during the Pro Forma Transition Period were positively impacted by lower interest expense and investment expense as well as the improvement in admissions and food and beverage revenues during the Transition Period from the thirty-nine weeks ended December 29, 2011 due to the success of our food and beverage strategic initiatives, the timing of rewards accumulated and redeemed related to AMC Stubs and the additional four days included in the Pro Forma Transition Period.

Results of Operations for the Fiscal Years Ended March 29, 2012 and March 31, 2011

Revenues. Total revenues increased 6.7%, or \$159.4 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011. The increase in total revenues included \$48.1 million resulting from the acquisition of Kerasotes. (Fiscal 2012 reflects 52 weeks of operations of Kerasotes compared with 44 weeks in fiscal 2011.) Admissions revenues increased \$76.5 million, during the fifty-two weeks ended March 29, 2012 compared to the year ended March 31, 2011, primarily due to a 2.9% increase in attendance and a 1.7% increase in average ticket price. The increase in total admissions revenues included the additional attendance and admissions revenues resulting from the acquisition of Kerasotes of approximately \$32.1 million. Total admissions revenues were reduced by deferrals, net of rewards redeemed, of \$5.9 million during the year ended March 29, 2012, related to rewards accumulated under *AMC Stubs*. The rewards accumulated under *AMC Stubs* are deferred and recognized in future periods upon redemption or expiration of customer rewards. The increase in average ticket price was primarily due to an increase in ticket prices for standard 2D film. Admissions revenues at comparable theatres (theatres opened on or before fiscal 2011 and before giving effect to the net deferral of admissions revenues due to the new *AMC Stubs* customer frequency program) increased \$63.1 million, during the year ended March 29, 2012 from the comparable period last year,

Table of Contents

primarily due to an increase in attendance and an increase in average ticket prices. Food and beverage revenues increased 6.9%, or \$44.7 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011, due to a 3.8% increase in average food and beverage per patron and the increase in attendance, partially offset by the net deferral of food and beverage revenues due to the new *AMC Stubs* customer frequency program. The increase in food and beverage revenues included approximately \$15.4 million resulting from the acquisition of Kerasotes. The increase in food and beverage per patron includes the impact of food and beverage price and size increases placed in effect during the second and third quarters of fiscal 2011, and a shift in product mix to higher priced items, including our dine-in theatres and premium food and beverage products. Total food and beverage revenues were reduced by a net amount of \$14.4 million during the year ended March 29, 2012, related to rewards accumulated under *AMC Stubs* and deferred to be recognized in future periods upon redemption or expiration of customer rewards. Other theatre revenues increased 52.7%, or \$38.3 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011, primarily due to a change in accounting for gift card breakage of \$15.0 million (see Note 1 The Company and Significant Accounting Policies of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information), increases in membership fees earned through the *AMC Stubs* customer frequency program of \$14.6 million, advertising revenues, and breakage income from gift card and package ticket sales.

Operating costs and expenses. Operating costs and expenses increased 1.6%, or \$37.7 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011. The increase in operating costs and expenses included approximately \$36.1 million resulting from the acquisition of Kerasotes. Film exhibition costs increased 6.5%, or \$55.6 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011 primarily due the increase in admissions revenues and the increase in film exhibition costs as a percentage of admissions revenues. As a percentage of admissions revenues, film exhibition costs were 53.2% in the current period and 52.3% in the prior period. Film exhibition costs as a percentage of admissions revenues increased primarily due to the net deferral of admissions revenues of \$5.9 million during the year ended March 29, 2012, related to the new *AMC Stubs* customer frequency program. Food and beverage costs increased 17.3%, or \$13.8 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011 due the increase in food and beverage costs as a percentage of food and beverage revenues and the increase food and beverage revenues. As a percentage of food and beverage revenues, food and beverage costs were 13.6% in the current period compared with 12.4% in the prior period, primarily due to the food and beverage price and size increases, a shift in product mix to items that generate higher sales but lower percentage margins, and the net deferral of food and beverage revenues of \$14.4 million during the year ended March 29, 2012, related to the new *AMC Stubs* customer frequency program. As a percentage of revenues, operating expense was 27.6% in the current period as compared to 29.3% in the prior period. During the year ended March 31, 2011, we evaluated excess capacity and vacant and under-utilized retail space throughout our theatre circuit and recorded charges to theatre and other closure expense of \$60.8 million, which caused our operating expense to increase. See Note 15 Theatre and Other Closure and Disposition of Assets of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information. Gains were recorded on disposition of assets during the year ended March 31, 2011 which reduced operating expenses by approximately \$9.7 million, primarily due to the sale of a divested AMC theatre in conjunction with the acquisition of Kerasotes. Rent expense decreased 1.4%, or \$6.5 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011, primarily due to decreases in rent from the closure of screens and lower renewal rentals negotiated with landlords at the end of the base lease term, partially offset by increased rent as a result of the acquisition of Kerasotes on May 24, 2010.

Table of Contents

General and Administrative Expense:

Merger, acquisition and transaction costs. Merger, acquisition and transaction costs decreased \$12.9 million during the year ended March 29, 2012 compared to the year ended March 31, 2011. Prior year costs primarily consisted of costs related to the acquisition of Kerasotes.

Management fees. Management fees were unchanged during the year ended March 29, 2012. Management fees of \$1.3 million are paid quarterly, in advance, to the Former Sponsors in exchange for consulting and other services.

Other. Other general and administrative expense decreased 11.5%, or \$6.7 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011, due primarily to decreases related to a union-sponsored pension plan, professional and consulting expenses, and advertising expenses, partially offset by increases in incentive compensation expense related to improvements in operating performance. During the year ended March 31, 2011, we recorded \$3.0 million of expense related to our complete withdrawal from a union-sponsored pension plan.

Depreciation and amortization. Depreciation and amortization increased 0.6%, or \$1.4 million during the year ended March 29, 2012 compared to the year ended March 31, 2011.

Other expense. During the year ended March 29, 2012, other expense includes loss on extinguishment related to redemption of our Term Loan due 2013 of \$383,000 and Parent Term Loan due 2012 of \$510,000 and a loss of \$640,000 in connection with the cash tender offer and redemption of our Notes due 2014. During the year ended March 31, 2011, other expense includes a loss on extinguishment of indebtedness related to the redemption of our Notes due 2016 of \$24.3 million and our 12% Senior Discount Notes due 2014 of \$14.8 million and expense related to the modification of our former senior secured credit facility Term Loan due 2013 of \$3.3 million and of our former senior secured credit facility Revolver of \$367,000.

Interest expense. Interest expense decreased 3.0%, or \$5.5 million, during the year ended March 29, 2012 compared to the year ended March 31, 2011, primarily due to the extinguishment and the related interest expense of our Parent Term Loan due 2012, our Discount Notes due 2014, and our Notes due 2016 redeemed with payments made on December 15, 2010 and February 1, 2011, partially offset by increases in indebtedness and the related interest expense due to the \$600.0 million issuance of our Notes due 2020 on December 15, 2010 and the increases in interest expense related to the modification of our former senior secured credit facility on December 15, 2010. The issuance of our \$300.0 million Term Loan due 2018 on February 22, 2012, the redemption of our \$140.7 million Term Loan due 2013 on February 22, 2012 and the purchase and redemptions of \$58.1 million of our Notes due 2014 on February 22, 2012, \$50.9 million of our Notes due 2014 on March 7, 2012 and \$51.0 million of our Notes due 2014 on April 6, 2012 did not significantly impact interest expense during the fiscal year ended March 29, 2012.

Equity in earnings of non-consolidated entities. Equity in earnings of non-consolidated entities were \$12.6 million in the current period compared to equity in earnings of \$17.2 million in the prior period. The decrease in equity in earnings of non-consolidated entities was primarily due to the equity in losses related to our investment in Open Road Releasing, LLC of \$14.7 million, due primarily to advertising expenses related to current and upcoming film releases and also the decrease in earnings and distributions received from NCM, partially offset by a decrease in equity in losses related to our investments in DCIP and Midland Empire Partners, LLC. We recognized an impairment loss of \$8.8 million related to an equity method investment through Midland Empire Partners, LLC during the year ended March 31, 2011. See Note 7 Investments of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information.

Table of Contents

Gain on NCM transactions. The gain on NCM, Inc. shares of common stock sold during the year ended March 31, 2011 was \$64.6 million. We also recorded a loss of \$207,000 from the surrender of 1,479,638 ownership units in NCM as part of the 2010 Common Unit Adjustment. See Note 7 Investments of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information.

Investment (income) expense. Investment (income) expense was an expense of \$17.6 million for the year ended March 29, 2012 compared to income of \$484,000 for the year ended March 31, 2011. During the year ended March 29, 2012, we recognized an impairment loss of \$17.8 million related to unrealized losses previously recorded in accumulated other comprehensive loss on marketable securities related to our investment in RealD Inc. common stock when we determined the decline in fair value below historical cost to be other-than-temporary.

Income tax provision. The income tax provision from continuing operations was \$2.0 million for the year ended March 29, 2012 and \$2.0 million for the year ended March 31, 2011. See Note 11 Income Taxes of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus for further information.

Earnings from discontinued operations, Net. On December 29, 2008, we sold our operations in Mexico, including 44 theatres and 493 screens. The results of operations of the Cinemex theatres have been classified as discontinued operations for all periods presented.

Net loss. Net loss was \$94.1 million and \$174.3 million for the year ended March 29, 2012 and March 31, 2011, respectively. Net loss during the year ended March 29, 2012 was impacted by the reduced admissions and food and beverage revenues of \$20.4 million during the year ended March 29, 2012 related to the new *AMC Stubs* customer frequency program, the impairment charge of \$17.8 million on RealD Inc. common stock and the \$4.6 million decline in equity in earnings, partially offset by the increase in attendance. Net loss during the year ended March 31, 2011 was primarily due to theatre and other closure expense of \$60.8 million, loss on extinguishment and modification of indebtedness of \$42.8 million, impairment charges of \$21.6 million, increased merger and acquisition costs primarily due to the acquisition of Kerasotes, and the decrease in attendance, partially offset by the gain on NCM transactions of \$64.4 million and a gain on disposition of assets of approximately \$9.7 million.

Liquidity and Capital Resources

Our consolidated revenues are primarily collected in cash, principally through box office admissions and theatre food and beverage sales. We have an operating "float" which partially finances our operations and which generally permits us to maintain a smaller amount of working capital capacity. This float exists because admissions revenues are received in cash, while exhibition costs (primarily film rentals) are ordinarily paid to distributors from 20 to 45 days following receipt of box office admissions revenues. Film distributors generally release the films which they anticipate will be the most successful during the summer and year-end holiday seasons. Consequently, we typically generate higher revenues during such periods.

We had working capital deficit as of September 30, 2013 and December 31, 2012 of \$256.6 million and \$235.8 million, respectively. Working capital includes \$136.4 million and \$171.1 million of deferred revenues and income as of September 30, 2013 and December 31, 2012, respectively. We had working capital deficit as of March 29, 2012 of \$173.9 million and working capital surplus of \$74.1 million as of March 31, 2011. Working capital includes \$174.4 million and \$141.2 million of deferred revenue as of March 29, 2012 and March 31, 2011, respectively. We have the ability to borrow against the senior secured credit facility to meet obligations as they come due (subject to limitations on the incurrence of indebtedness in our various debt instruments) and could incur indebtedness of \$138.5 million on the senior secured credit facility to meet these obligations as of September 30, 2013.

Table of Contents

We believe that cash generated from operations and existing cash and equivalents will be sufficient to fund operations and planned capital expenditures and acquisitions currently and for at least the next 12 months and enable us to maintain compliance with covenants related to the senior secured credit facility, our Notes due 2019 and our Notes due 2020. We are considering various options with respect to the utilization of cash and equivalents on hand in excess of our anticipated operating needs. Such options might include, but are not limited to, acquisitions of theatres or theatre companies, retirement of our corporate borrowings and payment of dividends.

Cash Flows from Operating Activities

Cash flows provided by (used in) operating activities, as reflected in the Consolidated Statements of Cash Flows, were \$204.7 million, \$(32.1) million and \$76.5 million during the nine months ended September 30, 2013, the period August 31, 2012 through September 27, 2012, and the period December 30, 2011 through August 30, 2012, respectively.

Cash flows provided by (used in) operating activities, as reflected in the Consolidated Statements of Cash Flows, were \$73.9 million, \$76.3 million, \$137.0 million, and \$(16.2 million) during the period from inception August 31, 2012 through December 31, 2012, March 30, 2012 through August 30, 2012 and fiscal years ended March 29, 2012 and March 31, 2011, respectively.

Cash Flows from Investing Activities

Cash flows used in investing activities, as reflected in the Consolidated Statements of Cash Flows, were \$180.3 million, \$7.9 million and \$86.8 million, during the nine months ended September 30, 2013, the period August 31, 2012 through September 27, 2012, and the period December 30, 2011 through August 30, 2012, respectively. Cash outflows from investing activities include capital expenditures of \$175.4 million, \$10.6 million and \$94.4 million during the nine months ended September 30, 2013, the period August 31, 2012 through September 27, 2012, and the period December 30, 2011 through August 30, 2012, respectively. Our capital expenditures primarily consisted of strategic growth initiatives and remodels, maintaining our theatre circuit, and technology upgrades. We expect that our gross cash outflows for capital expenditures will be approximately \$260 million to \$290 million for 2013, before giving effect to expected landlord contributions of approximately \$25 million.

During the nine months ended September 30, 2013, we received \$4.7 million for a sales price adjustment from the sale of theatres located in Canada and paid \$20,000 related to other dispositions of long-term assets.

Cash used in investing activities, as reflected in the Consolidated Statement of Cash Flows, were \$158.9 million, \$31.0 million, \$163.7 million, and \$250.0 million during the period from inception August 31, 2012 through December 31, 2012, March 30, 2012 through August 30, 2012 and the fiscal years ended March 29, 2012 and March 31, 2011, respectively. Cash outflows from investing activities include capital expenditures during the period from inception August 31, 2012 through December 31, 2012, March 30, 2012 through August 30, 2012 and the fiscal years ended March 29, 2012 and March 31, 2011 of \$72.8 million, \$40.1 million, \$139.4 million, and \$129.3 million, respectively.

During the period from inception August 31, 2012 through December 31, 2012 we paid \$87.6 million for the purchase of the Rave theatres, net of cash acquired. The purchase included working capital and other purchase price adjustments.

We made partnership investments in non-consolidated entities accounted for under the equity method of approximately \$26.9 million during the year ended March 29, 2012.

Table of Contents

During the year ended March 31, 2011, we paid \$280.6 million for the purchase of Kerasotes theatres at closing, net of cash acquired. The purchase included working capital and other purchase price adjustments as described in the Unit Purchase Agreement.

During the year ended March 31, 2011, we received net proceeds of \$102.2 million from the sale of 6.7 million shares of common stock of NCM, Inc. for \$16.00 per share and reduced our related investment in NCM by \$37.6 million, the carrying amount of the shares sold.

We received \$57.4 million in cash proceeds from the sale of certain theatres required to be divested in connection with the Kerasotes acquisition during the year ended March 31, 2011 and received \$991,000 for the sale of real estate acquired from Kerasotes.

We have received an additional \$1.8 million of purchase price from Cinemex related to tax payments and refunds and a working capital calculation and post-closing adjustments during the fiscal year ended March 31, 2011.

We fund the costs of constructing, maintaining and remodeling new theatres through existing cash balances, cash generated from operations, capital contributions from Wanda or borrowed funds, as necessary. We generally lease our theatres pursuant to long-term non-cancelable operating leases which may require the developer, who owns the property, to reimburse us for the construction costs. We may decide to own the real estate assets of new theatres and, following construction, sell and leaseback the real estate assets pursuant to long-term non-cancelable operating leases.

Cash Flows from Financing Activities

On April 30, 2013, AMCE entered into a new \$925.0 million senior secured credit facility pursuant to which it borrowed the Term Loan due 2020, and used the proceeds to fund the redemption of both the former senior secured credit facility Term Loan due 2016 and the former senior secured credit facility Term Loan due 2018. The new senior secured credit facility is comprised of a \$150.0 million Revolving Credit Facility, which matures in 2018, and a \$775.0 million term loan, which matures in 2020. Proceeds from the issuance of Term Loan due 2020 were \$773.1 million and deferred financing costs paid related to the issuance of the new senior secured credit facility were \$9.1 million, during the nine months ended September 30, 2013. We repurchased the principal balance on both our Term Loan due 2016 of \$464.1 million and our Term Loan due 2018 of \$296.3 million during the nine months ended September 30, 2013. See Note 12 Corporate Borrowings of the Notes to the unaudited Consolidated Financial Statements included elsewhere in this prospectus for further information.

During the Predecessor period of December 30, 2011 through August 30, 2012, proceeds from the issuance of Term Loan due 2018 were \$297.0 million and deferred financing costs paid related to the Senior Secured Credit Facility were \$7.7 million. We repaid the remaining principal balance due on our Term Loan due 2013 of \$140.7 million and made payments to repurchase our Notes due 2014 of \$300.0 million during the period December 30, 2011 through August 30, 2012.

Cash flows provided by (used in) financing activities, as reflected in the Consolidated Statement of Cash Flows, were \$(26.8) million, \$98.5 million and \$(327.3) million during the nine months ended September 30, 2013, the period August 31, 2012 through September 27, 2012, and the period December 30, 2011 through August 30, 2012, respectively. Financing activities for the current period consist of repayments of the Term Loan due 2016 and Term Loan due 2018, payments related the Term Loan due 2020, and capital and financial lease obligations.

During the period December 30, 2011 through August 30, 2012, proceeds from the issuance of Term Loans due 2018 were \$297.0 million. We repaid \$140.7 million on the Term Loan due 2013 and repurchased \$300.0 million of our Notes due 2014.

Table of Contents

During the period from March 30, 2012 through August 30, 2012, we made principal payments of \$191.0 million related to our Notes due 2014. During the period from inception August 31, 2012 through December 31, 2012, we received \$100.0 million in additional capital contributions from Wanda subsequent to the Merger.

During the year ended March 29, 2012, proceeds from the issuance of Term Loans due 2018 were \$297.0 million and deferred financing costs paid related to the issuance of the Term Loans due 2018 were \$5.2 million.

During the year ended March 29, 2012, we redeemed the Parent Term Loan due 2012 of approximately \$159.4 million, repaid the remaining principal balance due on our Term Loans due 2013 of \$140.7 million and made payments to repurchase our Notes due 2014 of \$109.0 million.

Proceeds from the issuance of the Notes due 2020 were \$600.0 million and deferred financing costs paid related to the issuance of the Notes due 2020 were \$12.7 million during the year ended March 31, 2011. In addition, deferred financing costs paid related to the senior secured credit facility were \$1.9 million.

During the year ended March 31, 2011, AMCE made principal payments of \$325.0 million to repurchase its Notes due 2016. In addition, AMCE made payments for tender offer and consent consideration of \$5.8 million for its Notes due 2016. During the year ended March 31, 2011, we made payments of \$240.8 million to redeem our Discount Notes due 2014, of which \$169.9 million was classified as a financing activity and \$70.9 million was classified as operating activity because it was attributable to amounts historically accrued through interest expense as part of operating activities related to original issue discount.

During fiscal 2012, AMCE used cash on hand to make dividend distributions to Parent in an aggregate amount of \$109.6 million. Parent used the available funds to pay corporate overhead expenses incurred in the ordinary course of business and, on January 25, 2012, to redeem its Term Loan Facility due June 2012, plus accrued and unpaid interest. During fiscal 2011, AMCE used cash on hand to pay four dividend distributions to Parent in an aggregate amount of \$278.3 million. Parent used the available funds to make cash payments to extinguish the Discount Notes due 2014 and the related cash interest payments and to pay corporate overhead expenses incurred in the ordinary course of business and to pay a dividend to Parent.

Each indenture relating to our notes (Notes due 2019 and Notes due 2020) allows us to incur specified permitted indebtedness (as defined therein) without restriction. Each indenture also allows us to incur any amount of additional debt as long as we can satisfy the coverage ratio of each indenture, after giving effect to the event on a pro forma basis. Under the indenture for the Notes due 2019 (our more restrictive indenture), we could borrow approximately \$1,350.0 million (assuming an interest rate of 6.50% per annum on the additional indebtedness) in addition to specified permitted indebtedness at September 30, 2013. If we cannot satisfy the coverage ratios of the indentures, generally we can borrow an additional amount under the new senior secured credit facility.

As of September 30, 2013, we were in compliance with all financial covenants relating to the senior secured credit facility, the Notes due 2019, and the Notes due 2020.

- (2) Interest expense on the term loan portion of our senior secured credit facility was estimated at 4.25% for the Term Loan due 2016 and 4.75% for the Term Loan due 2018 based upon the interest rate in effect as of December 31, 2012.
- (3) Includes committed capital expenditures, investments, and betterments to our circuit. Does not include planned, but non-committed capital expenditures.
- (4) We fund our pension plan such that the plan is in compliance with ERISA and the plan is not considered "at risk" as defined by ERISA guidelines. The plan has been frozen effective December 31, 2006. The retiree health plan is not funded.

As discussed in Note 11 Income Taxes of the Notes to the audited Consolidated Financial Statements included elsewhere in this prospectus, we adopted accounting for uncertainty in income taxes per the guidance in ASC 740, Income Taxes, ("ASC 740"). As of December 31, 2012, our recorded obligation for unrecognized benefits is \$24.0 million. There are currently unrecognized tax benefits which we anticipate will be resolved in the next 12 months; however, we are unable at this time to estimate what the impact on our effective tax rate will be. Any amounts related to these items are not included in the table above.

Investment in NCM

We hold an investment of 15.44% in NCM accounted for following the equity method as of September 30, 2013. The fair market value of these units is approximately \$359.3 million as of September 30, 2013, based upon the closing price of NCM, Inc. common stock of \$18.86 per share. Because we have little tax basis in these units, the sale of all these units at September 30, 2013 would require us to report taxable income of approximately \$491.4 million including distributions received from NCM LLC that were previously deferred. Our investment in NCM LLC is a source of liquidity for us and we expect that any sales we may make of NCM LLC units would be made in such a manner to most efficiently manage any related tax liability. We have available net operating loss carryforwards which could reduce any related tax liability.

Impact of Inflation

Historically, the principal impact of inflation and changing prices upon us has been to increase the costs of the construction of new theatres, the purchase of theatre equipment, rent and the utility and labor costs incurred in connection with continuing theatre operations. Film exhibition costs, our largest cost of operations, are customarily paid as a percentage of admissions revenues and hence, while the film exhibition costs may increase on an absolute basis, the percentage of admissions revenues represented by such expense is not directly affected by inflation. Except as set forth above, inflation and changing prices have not had a significant impact on our total revenues and results of operations.

New Accounting Pronouncements

Quantitative and Qualitative Disclosures about Market Risk

We are exposed to various market risks.

Market risk on variable-rate financial instruments. At September 30, 2013, AMCE maintained a senior secured credit facility comprised of a \$150.0 million revolving credit facility and a \$775.0 million Senior Secured Term Loan due 2020. The senior secured credit facility permits borrowings at a rate equal to an applicable margin plus, at our option, either a base rate or LIBOR, with a minimum base

Table of Contents

rate of 1.75% and a minimum rate for LIBOR borrowings of 0.75%. The rate in effect at September 30, 2013 for the outstanding Senior Secured Term Loan due 2020 was a LIBOR-based rate and was 3.50% per annum. See Note 12 Corporate Borrowings of the Notes to the unaudited Consolidated Financial Statements included elsewhere in this prospectus for additional information. Increases in market interest rates would cause interest expense to increase and earnings before income taxes to decrease. The change in interest expense and earnings before income taxes would be dependent upon the weighted average outstanding borrowings during the reporting period following an increase in market interest rates. AMCE had no borrowings on our revolving credit facility as of September 30, 2013 and had an aggregate principal balance of \$771.1 million outstanding under the Senior Secured Term Loan due 2020 on September 30, 2013. A 100 basis point change in market interest rates would have increased or decreased interest expense on the senior secured credit facility by \$5.8 million during the nine months ended September 30, 2013 and \$5.9 million during the Transition Period ended December 31, 2012.

Market risk on fixed-rate financial instruments. Included in long-term corporate borrowings are principal amounts of \$600.0 million of our Notes due 2019 and \$600.0 million of our Notes due 2020. Increases in market interest rates would generally cause a decrease in the fair value of the Notes due 2019 and Notes due 2020 and a decrease in market interest rates would generally cause an increase in fair value of the Notes due 2019 and Notes due 2020.

BUSINESS

We are one of the world's largest theatrical exhibition companies and an industry leader in innovation and operational excellence. We introduced Multiplex theatres in the 1960s and the North American stadium-seated Megaplex theatre format in the 1990s. Our field operations teams win recognition from national organizations like the Motion Picture Association of America and local groups in "Best of" competitions, while maintaining greater than 50% top-box customer satisfaction and industry leading theatre productivity metrics.

As of September 30, 2013, we owned, operated or held interests in 343 theatres with a total of 4,950 screens primarily in North America. Our theatres are predominantly located in major metropolitan markets, which we believe give our circuit a unique profile and offer strategic and operational advantages. 40% of the U.S. population lives within 10 miles of one of our theatres. Our top five markets, in each of which we hold the #1 or #2 share position, are New York (42% share), Los Angeles (27%), Chicago (44%), Philadelphia (29%) and Dallas (28%). For the twelve months ended September 30, 2013, these five metro markets comprised 40% of our revenues and 38% of our attendance. Additionally we hold the #1 and #2 positions by market share in the next five largest markets (San Francisco, Boston, Atlanta, Washington, D.C. and Houston). Strategically, these markets and our theatres in them are diverse, operationally complex, and, in many cases, for established locations, the scarcity of new theatre opportunities creates a significant competitive advantage against newcomers or alternative entertainment options.

Across our entire circuit, approximately 200 million customers visited our theatres during calendar year 2012 and during the twelve months ended September 30, 2013. For the nine months ended September 30, 2013, we had total revenues of approximately \$2.0 billion; Adjusted EBITDA of \$335.2 million, and earnings from continuing operations of \$80.5 million, and for the twelve months ended September 30, 2013, we generated total revenues of \$2.7 billion, Adjusted EBITDA of \$450.0 million and earnings from continuing operations of \$81.6 million. According to publicly available information for our peers, during the calendar year ended December 31, 2012, our circuit led in revenues per head (\$13.56), average ticket price (\$9.04) and food and beverage per head (\$3.92). For the same period, our attendance per screen (41,900) and admissions gross profit per screen (\$179,000) were among the highest of our peers. In the last two years ended September 30, 2013, we have deployed a total of \$182.2 million in growth-oriented capital, including \$21.2 million contributed by landlords, into our circuit and infrastructure to help generate those results. We believe that it is the quality of our theatre locations and our customer-focused innovation that continue to drive improved productivity per location (which we measure as increases in attendance per location and/or food and beverage revenues per customer), return on investment and shareholder value.

We believe that our size, reputation, financial performance, history of innovation, strong major market presence and highly productive theatre circuit position us well for the future. A future where, after more than nine decades of business models driven by *quantity* of theatres, screens and seats, we believe the *quality* of the movie going experience will determine long term, sustainable success. We are improving the quality of the movie-going experience in ways that extend stay and capture a greater proportion of total movie-going spending in order to maximize the economic potential of each customer visit, create sustainable growth and deliver shareholder value.

Our intention is to capitalize on this pivot towards quality by leveraging our extensive experience in best-in-class theatre operations, combined with the next wave of innovations in movie-going. We plan to continue investing in our theatres and upgrading the consumer experience to take greater advantage of incremental revenue-generating opportunities, primarily through an array of improved and differentiated customer experiences in (1) more comfort & convenience; (2) food & beverage; (3) engagement & loyalty; (4) sight & sound and (5) targeted programming.

For the nine months ended September 30, 2013, the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012

and March 31, 2011, we generated revenues of approximately \$2.0 billion, \$0.8 billion, \$1.2 billion, \$2.5 billion, and \$2.4 billion, respectively, Adjusted EBITDA (as defined on page 18) of \$335.2 million, \$104.4 million, \$222.8 million, \$370.1 million, and \$315.8 million, respectively, and earnings (loss) from continuing operations of \$80.5 million, \$(36.5) million, \$55.0 million, \$(90.5) million, and \$(171.2) million, respectively.

We were founded in 1920 and since then have pioneered many of the theatrical exhibition industry's most important innovations, including the multiplex theatre format in the early 1960s and the North American megaplex theatre format in the mid-1990s. In addition, we have acquired some of the most respected companies in the theatrical exhibition industry, including Loews, General Cinema and Kerasotes. In December 2012, we acquired a total of ten theatres from Rave Reviews Cinemas, LLC and Rave Digital Media, LLC. Our historic growth has been driven by a combination of organic growth and acquisition strategies, in addition to strategic alliances and partnerships that highlight our ability to capture innovation and value beyond the traditional exhibition space. For example:

In March 2011, we announced the launch of an innovative distribution company called Open Road Films along with another major theatrical exhibition chain. Open Road Films is a dynamic acquisition-based domestic theatrical distribution company that concentrates on wide-release movies. Their first film, *Killer Elite*, was released in September 2011. Subsequent releases through September 30, 2013 include *The Grey*, *Silent House*, *Hit and Run*, *End of Watch*, *Silent Hill: Revelation*, *A Haunted House*, *Side Effects*, *the Host* and *Jobs*;

In October 2011, we entered into an agreement with Union Square Events (a division of Union Square Hospitality Group) to develop service concepts, menu offerings, recipes and throughput processes for our Enhanced Food and Beverage strategic initiative. In addition to expanding menu options, this collaborative arrangement conceived our emerging concept, DIT Express. DIT Express emphasizes freshness, speed and convenience. Customers place their orders at a central station and the order is delivered to our customer at their reserved seat. We believe DIT Express will become an important part of our food and beverage offerings.

In March 2005, we formed a joint venture with one of the major theatrical exhibition chains which combined our respective cinema screen advertising businesses into a company called NCM and in July 2005, another of the major theatrical exhibition chains joined NCM as one of the founding members. As of September 30, 2013, we owned 19,052,770 common units in NCM, or a 15.44% ownership interest in NCM. All of our NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of NCM, Inc. on a share-for-share basis. The estimated fair market value of our units in NCM was approximately \$359.3 million based on the closing price per share of NCM, Inc. on September 30, 2013 of \$18.86 per share, see Note 7 Investments to the audited Consolidated Financial Statements included elsewhere in this prospectus. NCM operates an in-theatre digital network in the United States. The digital network consists of projectors used to display advertising and other non-film events. NCM's primary activities that impact our theatres include:

advertising through its branded "First Look" pre-feature entertainment program, lobby promotions and displays,

live and pre-recorded concerts, sporting events and other non-film entertainment programming.

We believe that the reach, scope and digital delivery capability of NCM's network provides an effective platform for national, regional and local advertisers to reach an engaged audience. We receive a monthly theatre access fee for participation in the NCM network. In addition, we are entitled to receive mandatory quarterly distributions of excess cash from NCM.

We hold a 29% interest in DCIP, a joint venture charged with implementing digital cinema in the Company's theatres. During fiscal 2010, DCIP completed its formation and \$660.0 million funding to facilitate the financing and deployment of digital technology in our theatres. During March of 2011, DCIP completed additional financing of \$220.0 million, which has allowed us to substantially complete our planned digital deployments. Future digital cinema developments will be managed by DCIP, subject to certain approvals

Consistent with our history and culture of innovation, we believe we have pioneered a new way of thinking about theatrical exhibition: as a consumer entertainment provider. This vision, which introduces a strategic and marketing overlay to traditional theatrical exhibition, has been instrumental in driving and redirecting our future strategy.

The following table sets forth our historical information, on a continuing operations basis, concerning new builds (including expansions), acquisitions and dispositions and end-of-period operated theatres and screens through September 30, 2013:

We have created and invested in a number of allied businesses and strategic initiatives that have created differentiated viewing formats and experiences, greater variety in food and beverage options and value appreciation for our company. We believe these initiatives will continue to generate incremental value for our company in the future. For example:

To complement our deployment of digital technology, in 2006 we partnered with RealD to install their 3D enabled systems in our theatres. As of September 30, 2013, we had 2,234 RealD screens, including 15 ETX screens. Additionally, we have 136 IMAX screens that are 3D enabled. During the nine months ended September 30, 2013, 3D films licensed by us in the U.S. have generated approximately 40% greater admissions revenue per person than the standard 2D versions of the same film, or approximately \$3.32 additional revenue per ticket.

We are the world's largest IMAX exhibitor with 136 screens (all 3D-enabled) as of September 30, 2013. With a 44% market share in the United States (as of September 30, 2013), our IMAX screen count is nearly twice the screen count of the second largest U.S. IMAX exhibitor. During June 2010, we announced an expansion of our IMAX relationship. Under this expanded agreement, we expect to increase our IMAX screen count to 141 by the end of calendar year 2013.

During fiscal 2010, we introduced our proprietary large-screen digital format, ETX, and as of September 30, 2013 we operated at 15 locations. ETX features wall-to-wall screens that are 20% larger than traditional screens, a custom sound system that is three times more powerful than a traditional auditorium, and 3D-enabled digital projection with twice the clarity of high definition. We charge a premium price for the ETX experience, which for the nine months ended September 30, 2013 produced approximately 61% greater admissions revenue than standard 2D versions of the same movie, or approximately \$5.23 additional revenue per ticket.

Our tickets are currently on sale over the Internet at Fandango®. During calendar year 2012, our Internet ticketing services sold approximately 17.2 million tickets for us. We believe there is additional upside in our future Internet ticketing service alliances which would provide

consumers with mobile ticketing applications and integration with our digital marketing programs.

Our Strategy: The Customer Experience Leader

Through most of its history, movie-going has been defined by product the movies themselves. Yet, long term significant, sustainable changes in the economics of the business and attendance patterns have been driven by improvements to the movie-going experience, not the temporary ebb and flow of product. The introduction of Multi- and then Megaplexes, with their then-modern amenities and stadium seats, for example, changed the landscape of the industry.

We believe the industry is in the early stages of once again significantly upgrading the movie-going experience, and this shift towards quality presents opportunities to those who are positioned to capitalize on it. As is our custom, we intend to be a leader in this change, with consumer-focused innovations that improve productivity, maximize revenue-generation per customer visit and, in turn, drive, shareholder value.

Our strategic objective is then very straightforward: we intend to be the customer experience leader. We aim to maintain and increase our leadership position and competitive advantage through the following five tightly defined strategies:

1) More Comfort & Convenience We believe that in an era of jam-packed, busy schedules and stressful lives, movie-going more than ever represents an easy, familiar escape. Against that reality, we believe that maximizing comfort and convenience for our customers will be increasingly necessary to maintain and improve customer relevance.

Three specific initiatives help us deliver more comfort and convenience to our customers. The most impactful so far, as measured by improved customer satisfaction, economic and financial metrics, is recliner re-seats. Along with these physical plant transformations, open-source internet ticketing and reserved seating help us shape and adapt our circuit to meet and exceed our customers' expectations.

Recliner re-seats are the key feature of full theatre renovations. These exhaustive theatre renovations involve stripping theatres to their basic structure in order to replace finishes throughout, upgrade the sight and sound experience, install modernized points of sale and, most importantly, replace traditional theatre seats with plush, electric recliners that allow customers to deploy a leg rest and fully recline at the push of a button. The renovation process typically involves losing 66% seating capacity. In the process of doing a re-seat, where three rows of seats may have existed in the past, only one will exist now and as the recliners are typically six to ten inches wider than a conventional seat, more seats are lost. For an industry historically focused on quantity, this reduction in seating capacity could be viewed as counter-intuitive and harmful to revenues. However, the *quality* improvement in the customer experience is driving, on average, an 91% increase in attendance at these locations. Our customers have responded favorably to the significant personal space gains from ample row depths, ability to recline or stretch their legs, extra-wide pillowed chaise and oversized armrests. Starting with one 12-screen theatre a little over two years ago, as of September 30, 2013 we now feature recliners re-seats in 28 theatres or 327 screens with another 7 theatres or 65 screens under construction. Cash-on-cash returns for the four locations opened prior to July 1, 2012 have averaged over 100% and total revenues at these locations have increased by approximately 111%. We believe that approximately $\frac{1}{4}$ of our circuit's re-seat potential has been addressed, leaving us with over 1,400 addressable screens to go in approximately 120 locations. Thus far, we have implemented only modest ticket pricing increases at these re-seated theatres, and we believe there is unrealized revenue potential at these theatres as we rebalance the supply-demand relationship created by added comfort from re-seats and our customers' willingness to pay for this improved experience. Over the next five years we intend to invest approximately \$600 million in recliner re-seat conversions.

Table of Contents

Rebalancing of the new supply-demand relationship created by recliner re-seats presents us two further opportunities to improve customer convenience and maximize operating results: open-source internet ticketing and reserved seating.

Open-source internet ticketing makes all our seats (almost 950,000) in all our theatres and auditoriums for all our showtimes (approximately 22,000 per day), as available as possible, on as many websites as possible. This is a significant departure from the prior ten-year practice, when tickets to any one of our buildings were only available on one website. In the two years since we exercised our right to end exclusive contracts, internet tickets sold as a percentage of total tickets sold has increased significantly from approximately 5.5% to 8.5%. We believe increased online access is important because it captures customers' purchase intent more immediately and directly than if we had to wait until they showed up at the theatre box office to make a purchase. Once our customers buy a ticket, they are less likely to change their mind. Carefully monitoring internet pre-sales also lets us adjust capacity in real time, moving movies that are poised to overperform to larger capacity or more auditoriums, thereby maximizing yield.

Reserved seating, now fully implemented in 50 of our busiest theatres, allows our customers to choose a specific seat in advance of the movie. We believe that knowing there is a specifically chosen seat waiting for a show that promises to be a sellout is comforting to our customers, and removes anxiety around the experience. We believe reserved seating will become increasingly prevalent to the point of being a pre-requisite in the medium-term future.

We believe the comfort and personal space gains from recliner re-seats, coupled with the immediacy of demand captured from open-source internet ticketing and the anxiety removal of reserved seating make a powerful economic combination for us that none of our peer set is exploiting as aggressively as we are.

2) Enhanced Food & Beverage Popcorn and soft drinks are as integral a part of the movie-going experience as the movies themselves. Yet, approximately one third of our 200 million annual customers do not purchase food or a beverage. At AMC, our food and beverage program is designed to address this opportunity. In order to increase the percentage of customers purchasing food and beverage as well as increase sales per patron, we have developed food and beverage concepts that expand selection and service offerings. These concepts range from the simple and traditional (Food & Beverage Kiosks), to a broader range of post-pay shopping (Marketplace and Marketplace Express) to liquor (MacGuffins) to the vastly innovative and complex (Dine-In Theatres). This array of concepts, progressively more innovative and capital intensive, creates further service and selection across a range of theatre types and attendance levels and allows us to satisfy more customers and more, different customer needs and generate additional revenues.

The most broadly deployed concept is Food & Beverage Kiosks, which supplements the traditional menu with made-to-order hot foods (i.e. chicken fingers, mozzarella sticks, single serve pizzas), made-to-order beverages (espresso drinks, smoothies), better-for-you products and an expanded range of candies and frozen novelty treats. Food & Beverage Kiosks capitalizes on food and beverage trends our customers have adopted in other quick-eat venues. To date, we have implemented 80 Food & Beverage Kiosks where we enjoy average, incremental food & beverage per head (FBPH) of \$0.04 and cash-on-cash returns for the 58 locations deployed prior to July 1, 2012 have averaged approximately 37%, and we have 30 new locations in the pipeline over the next 12 months.

At the next level, and designed for higher volume theatres, Marketplace vastly expands menu offerings as well as delivers a more customer engaging, post-pay shopping experience. Today we operate these flexible, highly popular concepts across a wide range of asset types and attendance levels. In addition to the expanded offerings found in Food & Beverage Kiosks, Marketplaces also feature grab-and-go and self-serve food and beverages, including Coke Freestyle®, which puts our customers in charge with over 120 drink flavor options in a compact footprint. AMC's

Table of Contents

operational excellence and history of innovation allowed us first-mover advantage on this new technology, which today is deployed in 47 of our theatres and we anticipate will be in all of our circuit by mid-2015. We find that when customers are allowed to browse and choose, overall satisfaction goes up and they spend more. Our FBPH metrics improve on average \$0.12 when a *Marketplace* is added to a theatre. We now operate 14 *Marketplaces* with plans to install as many as 12 more over the next 5 years, as our next generation food & beverage format.

Deployed alone or alongside our other food and beverage concepts are our *MacGuffins Bar & Lounges*, which give us a fresh opportunity to engage our over-21 customers. We believe that few innovations have won over the adult movie goer more decisively than our full service bars featuring premium beers, wines and liquors. Extremely versatile in design with a significant impact on theatre economics, *MacGuffins* are our fastest growing idea in the enhanced food and beverage space. In the last 30 months we have deployed 44 *MacGuffins*, and with their impressive average, incremental FBPH of \$0.30, we are moving quickly to install an additional 23 within twelve months and believe the concept will be successful in an additional 75-100 theatres thereafter, especially when we consider our recent success with alcohol licensing in California and the potential to enter the New York market in 2014. The capital investment for a standalone *MacGuffins* is approximately \$150,000. *MacGuffins* have delivered average cash-on-cash returns for the twelve locations deployed prior to July 1, 2012 of over 100%. Due to our success in operating *MacGuffins*, we believe we can leverage our substantial experience when it comes to permitting, installing and commissioning these improvements.

At the top of the scale are our *Dine-In Theatres*. *Dine-In Theatres* are full restaurant operations, giving our customers the ultimate dinner-and-a-movie experience all at a single seat. Compressing by almost half what would otherwise be a four or five hour, multi-destination experience, young people and adults alike are afforded a huge convenience, which puts the idea of going to a movie much more in play. We currently operate 11 *Dine-In Theatres* in any combination of two formats: Cinema Suites, with a full chef-inspired menu and seat-side service in plush, mechanical recliners and Fork and Screens, with a casual menu in a more family-friendly atmosphere. Cash-on-cash returns for the eight locations deployed prior to October 1, 2012 averaged 11% in their first full year of operations. At our eight locations that were open prior to October 1, 2011, revenues grew by 79% producing cash-on-cash returns of 40% in the second full year of operations as consumer awareness increased. These increases in cash-on-cash returns were driven primarily by an increase in FBPH of \$4.83. Today, *Dine-In Theatres* represent 3% of our total theatres but generated 9% of our circuit-wide food and beverage revenues. We expect that *Dine-In Theatres* and recliner re-seats will be deployed in approximately 17% of our theatres by the end of 2013. We plan to open 20 more *Dine-In Theatres* in the next 5 years.

Building on the success of our full-service *Dine-In Theatres*, we are under construction with an emerging concept, *DIT Express*. *DIT Express* emphasizes freshness, speed and convenience. Customers place their orders at a central station and the order is delivered to our customers at their reserved seat. *DIT Express* was developed in conjunction with Union Square Events (a division of Union Square Hospitality Group). Like our other food and beverage concepts, we believe that *DIT Express* will become an important part of our toolkit.

In this most important area of profitability for any exhibition circuit, we believe that our ability to innovate concepts, adapt those concepts to specific buildings and generate incremental revenue differentiates us from our peers and provides us with a competitive advantage. This is in part due to our core geographic markets' larger, more diverse and more affluent customer base; in part due to our management team's demonstrated and extensive experience in food, beverages and hospitality; and in part due to our three-plus year head start in this difficult to execute space.

We believe significant financial opportunities exist as we have a substantial pipeline of investments to take advantage of incremental attendance-generating and revenue-generating prospects by deploying

Table of Contents

building-by-building solutions from a proprietary menu of proven, customer-approved food and beverage concepts. To date, although most of our buildings have had at least one of the above eight concepts installed, less than 1/4th of our screens have been benefitted from the much higher yielding Marketplaces, MacGuffins and Dine-In Theatres.

3) Greater Engagement & Loyalty We believe that in the theatrical exhibition business, as in all consumer-oriented businesses, engagement and loyalty are the hallmarks of winning organizations.

Our brand is the most recognizable in the business, with over 80% awareness in the United States according to an Ipsos Omnibus survey completed July 2013 far above any competitor. We build on that strength by seeking engagement and loyalty from our customers in four measurable, specific and inter-related ways. At the top of the pyramid is *AMC Stubs®*, the industry's most sophisticated loyalty program. At the base of the pyramid are our mobile apps, website (www.amctheatres.com) and social media outreach, which combined seek to drive engagement to levels unprecedented in the movie exhibition industry. We believe there is incremental attendance potential to be gained from avid movie-goers who generate a disproportionate share of industry revenues and who state that the quality of the movie-going experience directly influences their movie-going habits.

AMC Stubs® is the industry's first program of its kind. Fee-based (consumers pay \$12/year to belong), it rewards loyalists with in-theatre value (\$10 for every \$100 spent) instead of hard to track "points". The program is fully automated and user-friendly from a customer perspective. As of September 2013 we had 2.5 million member households, which represent approximately 20% of our total weekly box office revenues. Transaction data from this loyal customer base are mined for consumer insights that are used to develop targeted, relevant customer offers, leading to increased attendance and sales. The program increases switching costs (the negative monetary (annual fee) and psychological (lost reward potential) costs associated with choosing a competitive theatre exhibitor) especially for those patrons located near competitors' theatres. We believe that increased switching costs dissuade customers from choosing a competitor's theatre and lead to higher loyalty.

Our www.amctheatres.com state-of-the-art website, leverages adaptive technology that optimizes the users' experience regardless of platform (phone, tablet, laptop, etc.) and has nearly 9 million visits per month, with peak months over 12 million, generating up to almost 300 million page visits per year. The website generates ticket sales and higher conversion rates by simplifying customers' purchasing decision and process.

The *AMC mobile apps*, available for iOS, Android and Windows devices have been downloaded nearly 2.1 million times since launch, generating almost a half million sessions per week. This convenient way to purchase tickets also features *Enhanced Maps*, which allows customers to browse for their nearest AMC theatre or favorite AMC theatre amenity, and *My AMC*, which allows customers to generate a personalized movie queue of coming releases.

On the social media front, our Facebook 'Likes', recently at 4 million and growing, are more than all our peer competitors counts combined. We are similarly engaged on Twitter (over 215,000 followers), Pinterest, Instagram and YouTube. Our participation in these social networks keeps movie-going top of mind and allows targeted campaigns and offers with clear 'calls to action' that generate incremental attendance and incremental revenues per patron.

The competitive advantage in greater customer engagement and loyalty includes the ability to use market intelligence to better anticipate customers' needs and desires and to capture incremental share of entertainment dollars and time. Observing actual (not self-reported or aspirational) behaviors through *AMC Stubs®* is an asset leveraged by AMC, its suppliers and partners.

4) Premium Sight & Sound At its core, our business is a visual and aural medium. The quality of projection and sound is therefore mission critical, and has improved significantly with the advent of digital systems. Today, our conversion to these digital systems is substantially complete and 4,835 or 98% of our screens employ state-of-the-art Sony 4K or similar digital projectors. Importantly, the digital conversions enabled 3D exhibition, and today 2,370 screens (48% of total) are so enabled. We have at least one 3D enabled screen in 98% of our locations.

Table of Contents

In sight and sound, we believe that size is critical in our customers' decision-making. Consistent with this belief, we are the world's largest IMAX exhibitor, with 136 screens, all 3D-enabled, with nearly twice the screen count of our closest competitor and representing a 44% market share in the United States (as of September 30, 2013). In addition, we currently have our own private label large format, marketed as ETX, in 15 locations (also all 3D enabled). Combined, these 151 screens represent only 3% of our total screens and 7% of our total box office revenues, yet on the weekends when big movies open, as much as 19% of our box office flows from them.

The premium sight and sound experiences 3D, ETX and IMAX give our customers more options and earn incremental pricing from our customers. On average, pricing premiums currently amount to \$4.09 per patron, driving better economics for us and the Hollywood studios while also delivering our audience a superior experience. For context, box office gross profit for patron on premium formats averages 12% more than gross profit per patron for conventional 2D formats. We anticipate increasing our premium large-format screen count by 34 screens.

Further, we do not expect technology advances to cease. Sound quality, for example, continues to improve, as our recent tests of Dolby ATMOS demonstrate (AMC theatres were among the very few selected for pilot tests). And, laser projection technology, the next level in clarity, brightness and sharpness, is evolving as well. While all of these will require some level of capital investments, the promise of strong customer relevance is significant.

5) Targeted Programming The core of our business, historically and now, is Hollywood movies. We play all varieties, from adrenaline-filled action movies to heart-warming family films, laugh out loud comedies and terrifying horror flicks. We play them in 2D, 3D, IMAX, ETX and even closed captioned and sometimes with subtitles. If a movie is commercially available, it is likely to be playing at an AMC theatre today or tonight, because we schedule shows in the morning, afternoon and even at midnight or later, just to make sure it is convenient for our customers.

Increasingly, we are playing movies and other content originating from more sources. We believe that as diversity grows in the United States, the ability to adapt and target programming for a fragmented audience will grow increasingly critical. We believe this is something we already do very well. As measured by an Insight Strategy Group survey conducted November 2011, approximately 51% of our audience was Latino or African American. Latino families are Hollywood's, and our, best customers. They go to the movies 6.4x per year (56% more than average), and 65% of Latinos live within 20 miles of an AMC theatre. For movies targeted at these diverse audiences, we frequently experience attendance levels greater than our average, national market share. For example, AMC recently captured 28% market share of the 2013 Spanish-titled movie *Instructions Not Included*. Tyler Perry's latest three films, which are targeted towards African American audiences, have produced industry box office of over \$125 million and an average market share for AMC of over 23% during the twelve months ended September 30, 2013. Additionally, during the twelve months ended September 30, 2013, we exhibited 80 Bollywood movies in 31 theatres capturing an above average 30% market share and generating nearly \$11 million in box office revenues. Given the population growth patterns from the last US census, we believe that our ability to effectively serve these communities will help strengthen our competitive position.

Through AMC Independent, we have also reached into the independent (or "indie") production and distribution community. Growing quickly, from its inception three years ago, we played 263 films during the twelve months ended September 30, 2013 from this very creative community, generating \$31 million in U.S. box office revenue.

Open Road, our joint venture with another major exhibitor, is similarly an effort to grow our sources of content and provide access to our screens for content that may not otherwise find its way there.

Table of Contents

We believe AMC is a vital exhibitor for Hollywood studios and for independent distributors because we generate more box office revenue per theatre and provide stronger in-theatre and online promotional exposure for movies. Theatres are a content owner's highest quality revenue stream because every customer pays every time they watch the content. Among all theatres, AMC's venues are the most valuable to content owners. Due to the studios' fixed distribution cost per licensed film, their product is never more productive than at an AMC theatre. When our scale and Wanda's growth are taken into account, AMC is the most efficient and effective partner a content owner has.

Our Competitive Strengths

We believe we have the following competitive strengths:

Leading Market Share in Important, Affluent & Diverse Markets Across the country's three biggest metropolitan markets New York, Los Angeles and Chicago, representing 20% of the country's total box office we hold a 36% combined market share. We have theatres located in 24 of the top 25 U.S. markets, holding the #1 or #2 position in 20 of those markets based on box office revenue. On any given weekend, half of the top ten theatres for the #1 opening movie title in the United States are AMC theatres. We believe our strong presence in these top markets makes our theatres highly visible and therefore strategically more important to content providers, who rely on the large audiences and marketing momentum provided by major markets to drive opinion-making and deliver a movie's overall box office results.

Our customers are concentrated in major metropolitan markets and are generally more affluent and culturally diverse than those in smaller markets. There are inherent complexities in effectively and efficiently serving them. In some of our more densely populated major metropolitan markets, there is also a scarcity of attractive retail real estate opportunities. Taken together, these factors solidify our market share position. Further, our history and strong presence in these markets have created a greater opportunity to introduce our enhanced customer experience concepts and exhibit a broad array of programming and premium formats, all of which we believe drive higher levels of attendance and higher revenues at our theatres.

Well Located, Highly Productive Theatres Our theatres are generally located in the top retail centers across the United States. We believe this provides for long-term visibility and higher productivity, and is a key element in the success of our Enhanced Food & Beverage and More Comfort & Convenience initiatives. Our location strategy, combined with our strong major market presence and our focus on a superior customer experience, enable us to deliver industry-leading theatre-level productivity. During the twelve months ended September 30, 2013, seven of the ten highest grossing theatres in the United States were AMC theatres. During the same period our average total revenues per theatre were \$8.1 million. This per unit productivity is important not only to content providers, but also to developers and landlords, for whom per location and per square foot sales numbers are critical measures. The net effect is a close relationship with the commercial real estate community, which gives us first-look and preferred tenant status on emerging opportunities.

Selectively Participating in a Consolidating Industry Throughout the last two decades, AMC has been an active participant in our industry's consolidation. In that span, we have acquired and successfully integrated Loews, General Cinema, Kerasotes and more recently, select operations of Rave Digital Media and Rave Review Cinemas. We intend to remain an active participant in consolidation, and selectively pursue acquisitions where the characteristics of the location, overall market and facilities further enhance the quality of our theatre portfolio.

Additionally, our focus on improving the customer experience and our strong relationships with landlords and developers have provided opportunities to expand our footprint in existing markets by acquiring competitors' existing theatres at the end of their lease term at little or no cost. We believe

Table of Contents

that our More Comfort & Convenience and Enhanced Food & Beverage concepts have high appeal to landlords wanting to increase traffic and sales in their retail centers. These "spot acquisitions" have given us the ability to bolster our presence in existing markets at relatively low cost and more quickly (weeks, months) as compared to new builds (months, years).

Substantial Operating Cash Flow For the nine months ended September 30, 2013, the period from August 31, 2012 to December 31, 2012, the period from March 30, 2012 through August 30, 2012 and the fiscal year ended March 29, 2012 our net cash provided by operating activities totaled \$204.7 million, \$73.9 million, \$76.4 million and \$137.0 million, respectively. We believe that our strategic initiatives, highly productive theatre circuit and continued focus on cost control will enable us to generate sufficient cash flow provided by operating activities to fund the deployment of capital to execute our strategy to grow our revenues, maintain our facilities, service our indebtedness and pay dividends to our stockholders. We expect that our capital expenditures will be approximately \$245 million in each of the next three calendar years.

Experienced and Dynamic Team Our senior management team, led by Gerardo (Gerry) Lopez, President and Chief Executive Officer, has the expertise that will be required to transform movie-going from a commodity to a differentiated entertainment experience. A dynamic and balanced team of executives combines long-tenured leaders in operations, real estate and finance who contributed to building AMC's hard earned reputation for operations excellence with creative entertainment and restaurant industry executives in marketing, programming and food & beverage who bring to AMC business acumen and experience that support innovation in theatrical exhibition.

We anticipate that, in connection with this offering we will implement a significant equity based compensation plan that will align management's interests with those of our shareholders.

In July 2013, AMC relocated its Theatre Support Center to a new, state-of-the-art facility in Leawood, Kansas. With a technology platform that provides for real-time monitoring of AMC screens across the country and a workplace conducive to collaboration and teamwork, AMC's management team has the organization well aligned with its strategy.

Furthermore, we believe that our people, the nearly 19,000 AMC associates, constitute an essential strength of our Company. They strive to make movie-going experiences at AMC always a treat. Our auditoriums offer clear and bright projection, our food is hot and our drinks are cold. Our doors, lobbies, hallways and bathrooms are clean and we select and train our people to make smiles happen. We create events and want our customers to always feel special at an AMC theatre. This is an experience delivered almost 200 million times a year.

Over the past three years together, this group has enhanced quality and increased variety at our food & beverage stands, introduced in-theatre dining options in many markets, revitalized over 40 theatres, launched our industry-leading loyalty program, *AMC Stubs*, and achieved our Company's highest ever ratings for top-box overall customer satisfaction. We feel like this is only the beginning.

Key Strategic Shareholder In August 2012, AMC was acquired by the Wanda Group ("Wanda"), one of the largest, privately-held conglomerates in China. In addition to its core business as a prominent developer and owner of commercial real estate, Wanda also owns related businesses in entertainment, hospitality and retail. Wanda is the largest theatre exhibition operator in China through its controlling ownership interest in Wanda Cinema Line. The combined ownership and scale of AMC and Wanda Cinema Line, has enabled us to enhance relationships and obtain better terms from important food & beverage, lighting and theatre supply vendors, and to expand our strategic partnership with IMAX. Wanda and AMC are also working together to offer Hollywood studios and other production companies valuable access to our industry-leading promotion and distribution platforms, with the goal of gaining greater access to content and playing a more important role in the industry going forward. Wanda is controlled by its chairman, Mr. Jianlin Wang.

Film Licensing

We predominantly license "first-run" motion pictures from distributors owned by major film production companies and from independent distributors. We license films on a film-by-film and theatre-by-theatre basis. We obtain these licenses based on several factors, including number of seats and screens available for a particular picture, revenue potential and the location and condition of our theatres. We pay rental fees on a negotiated basis.

During the period from 1990 to 2012, the annual number of first-run motion pictures released by distributors in the United States ranged from a low of 370 in 1995 to a high of 677 in 2012, according to the Motion Picture Association of America 2012 Theatrical Market Statistics and prior reports.

North American film distributors typically establish geographic film licensing zones and generally allocate available films to one theatre within each zone. Film zones generally encompass a radius of three to five miles in metropolitan and suburban markets, depending primarily upon population density. In film zones where we are the sole exhibitor, we obtain film licenses by selecting a film from among those offered and negotiating directly with the distributor. As of September 30, 2013, approximately 93% of our screens in the United States were located in film licensing zones where we are the sole exhibitor.

Our licenses typically state that rental fees are based on either aggregate terms established prior to the opening of the picture or on a mutually agreed settlement upon the conclusion of the picture run. Under an aggregate terms formula, we pay the distributor a specified percentage of box office receipts or pay based on a scale of percentages tied to different amounts of box office gross. The settlement process allows for negotiation based upon how a film actually performs.

There are several distributors which provide a substantial portion of quality first-run motion pictures to the exhibition industry. These include Paramount Pictures, Twentieth Century Fox, Warner Bros. Distribution, Buena Vista Pictures (Disney), Sony Pictures Releasing, Universal Pictures, and Lionsgate. Films licensed from these distributors accounted for approximately 90% of our U.S. admissions revenues during calendar 2012. Our revenues attributable to individual distributors may vary significantly from year to year depending upon the commercial success of each distributor's motion pictures in any given year. In calendar 2012, no single distributor accounted for more than 18% of our box office admissions.

Food & Beverage

Food & beverage sales are our second largest source of revenue after box office admissions. Food & beverage items include popcorn, soft drinks, candy, hot dogs, premium food & beverage items, specialty drinks (including premium beers, wine and mixed drinks), healthy choice items and made to order hot foods including menu choices such as curly fries, chicken tenders and mozzarella sticks. Different varieties of food & beverage items are offered at our theatres based on preferences in that particular geographic region. As of September 30, 2013, we have implemented dine-in theatre concepts at 11 locations, which feature full kitchen facilities, seat-side servers and a separate bar and lounge area.

Our strategy emphasizes prominent and appealing food & beverage counters designed for rapid service and efficiency, including a customer friendly grab and go experience. We design our megaplex theatres to have more food & beverage capacity to make it easier to serve larger numbers of customers. Strategic placement of large food & beverage stands within theatres increases their visibility, aids in reducing the length of lines, allows flexibility to introduce new concepts and improves traffic flow around the food & beverage stands.

Table of Contents

We negotiate prices for our food & beverage products and supplies directly with food & beverage vendors on a national or regional basis to obtain high volume discounts or bulk rates and marketing incentives.

Our entertainment and dining experience at certain theatres features casual and premium upscale dine-in theatre options as well as bar and lounge areas.

Properties

The following table sets forth the general character and ownership classification of our theatre circuit, excluding unconsolidated joint ventures and managed theatres, as of September 30, 2013:

Property Holding Classification	Theatres	Screens
Owned	18	169
Leased pursuant to ground leases	6	73
Leased pursuant to building leases	312	4,618
Total	336	4,860

Our theatre leases generally have initial terms ranging from 15 to 20 years, with options to extend the leases for up to 20 additional years. The leases typically require escalating minimum annual rent payments and additional rent payments based on a percentage of the leased theatre's revenue above a base amount and require us to pay for property taxes, maintenance, insurance and certain other property-related expenses. In some instances, our escalating minimum annual rent payments are contingent upon increases in the consumer price index. In some cases, our rights as tenant are subject and subordinate to the mortgage loans of lenders to our lessors, so that if a mortgage were to be foreclosed, we could lose our lease. Historically, this has never occurred.

We lease our corporate headquarters in Leawood, Kansas.

Currently, the majority of the food & beverage, seating and other equipment required for each of our theatres are owned. The majority of our digital projection equipment is leased from DCIP.

Employees

As of September 30, 2013, we employed approximately 900 full-time and 18,100 part-time employees. Approximately 45% of our U.S. theatre associates were paid the minimum wage.

Fewer than 2% of our U.S. employees are represented by unions. We believe that our relationships with these unions are satisfactory. We consider our employee relations to be good.

Theatrical Exhibition Industry and Competition

Movie going is embedded in the American social fabric. For over 100 years people young and old, of all races and socio-economic levels have enjoyed the entertainment that motion pictures offer.

In the United States, the movie exhibition business is large, stable and mature. While in any given calendar quarter the quantity and quality of movies can drive volatile results, box office revenues have advanced from 2011 to 2012. Calendar year 2012 was, in fact, the industry's best ever, with box office revenues of \$10.8 billion, (6.5% growth over 2011) and with over 1.3 billion admissions in the U.S. and Canada.

The movie exhibition business has survived the booms and busts of economic cycles and has adapted to myriad changes in technology and customer behavior. There is great value for the entertainment dollar in movie going, and no replacement has been invented for the escape and fun that a night at the movies represents.

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

Table of Contents

We believe the exhibition business is in the early stages of a transition. After decades of economic models driven by *quantity* (number of theatres, screens and seats), it is the *quality* of the movie going experience that will define future success. Whether in enhanced food and beverage options (*Food & Beverage Kiosks, Marketplaces, Coke Freestyle, MacGuffins* or *Dine-in Theatres*); more comfort and convenience (recliner re-seats, open-source internet ticketing, reserved seating); engagement and loyalty (*AMC Stubs*, open-source internet ticketing, mobile apps, social media) or sight and sound (digital projectors, 3D, our own ETX format or IMAX); it is the ease of use and the amenities that these innovations bring to customers that will drive sustained profitability in the years ahead. As this transition accelerates, we believe movie exhibition's attraction as an investment will grow.

The following table represents information about the exhibition industry obtained from the National Association of Theatre Owners ("NATO") and Box Office Mojo.

Calendar Year	Box Office Revenues (in millions)	Attendance (in millions)	Average Ticket Price	Number of Theatres	Indoor Screens	Screens Per Theatre
2012	\$ 10,836	1,361	\$ 7.96	5,317	39,056	7.3
2011	10,174	1,283	7.93	5,331	38,974	7.3
2010	10,566	1,339	7.89	5,399	38,902	7.2
2009	10,596	1,413	7.50	5,561	38,605	6.9
2008	9,631	1,341	7.18	5,403	38,201	7.1
2007	9,664	1,405	6.88	5,545	38,159	6.9
2006	9,210	1,406	6.55	5,543	37,765	6.8
2005	8,841	1,379	6.41	5,713	37,040	6.5

According to the most recently available information from NATO, there are approximately 1,089 companies competing in the U.S./Canada theatrical exhibition industry, approximately 597 of which operate four or more screens. Industry participants vary substantially in size, from small independent operators to large international chains. Based on information obtained from Rentrak, we believe that the four largest exhibitors (in terms of box office revenue) generated approximately 62% of the box office revenues in 2012. This statistic is up from 35% in 2000 and is evidence that the theatrical exhibition business in the United States has been consolidating. According to NATO, average screens per theatre have increased from 6.5 in 2005 to 7.3 in 2012, which we believe is indicative of the industry's development of megaplex theatres.

Our theatres are subject to varying degrees of competition in the geographic areas in which they operate. Competition is often intense with respect to attracting patrons, licensing motion pictures and finding new theatre sites. Where real estate is readily available, it is easier to open a theatre near one of our theatres, which may adversely affect operations at our theatre. However, in certain of our densely populated major metropolitan markets, we believe a scarcity of attractive retail real estate opportunities enhances the strategic value of our existing theatres. We also believe the complexity inherent in operating in these major metropolitan markets is a deterrent to other less sophisticated competitors, protecting our market share position.

The theatrical exhibition industry faces competition from other forms of out-of-home entertainment, such as concerts, amusement parks and sporting events, and from other distribution channels for filmed entertainment, such as cable television, pay-per-view and home video systems, as well as from all other forms of entertainment.

Movie-going is a compelling consumer out-of-home entertainment experience. Movie theatres currently garner a relatively small share of overall consumer entertainment time and spend, leaving significant room for further expansion and growth in the United States. In addition, our industry benefits from available capacity to satisfy additional consumer demand without capital investment.

Table of Contents

As major studio releases have declined in recent years, we believe companies like Open Road Films could fill an important gap that exists in the market today for consumers, movie producers and theatrical exhibitors by providing a broader availability of movies to consumers. Theatrical exhibitors are uniquely positioned to not only support, but also benefit from new distribution companies and content providers.

Regulatory Environment

The distribution of motion pictures is, in large part, regulated by federal and state antitrust laws and has been the subject of numerous antitrust cases. The consent decrees, resulting from one of those cases to which we were not a party, have a material impact on the industry and us. Those consent decrees bind certain major motion picture distributors and require the motion pictures of such distributors to be offered and licensed to exhibitors, including us, on a film-by-film and theatre-by-theatre basis. Consequently, we cannot assure ourselves of a supply of motion pictures by entering into long-term arrangements with major distributors, but must compete for our licenses on a film-by-film and theatre-by-theatre basis.

Our theatres must comply with Title III of the Americans with Disabilities Act, or ADA. Compliance with the ADA requires that public accommodations "reasonably accommodate" individuals with disabilities and that new construction or alterations made to "commercial facilities" conform to accessibility guidelines unless "structurally impracticable" for new construction or technically infeasible for alterations. Non-compliance with the ADA could result in the imposition of injunctive relief, fines, and awards of damages to private litigants or additional capital expenditures to remedy such noncompliance. As an employer covered by the ADA, we must make reasonable accommodations to the limitations of employees and qualified applicants with disabilities, provided that such reasonable accommodations do not pose an undue hardship on the operation of our business. In addition, many of our employees are covered by various government employment regulations, including minimum wage, overtime and working conditions regulations.

Our operations also are subject to federal, state and local laws regulating such matters as construction, renovation and operation of theatres as well as wages and working conditions, citizenship, health and sanitation requirements and licensing. We believe our theatres are in material compliance with such requirements.

We also own and operate theatres and other properties which may be subject to federal, state and local laws and regulations relating to environmental protection. Certain of these laws and regulations may impose joint and several liability on certain statutory classes of persons for the costs of investigation or remediation of contamination, regardless of fault or the legality of original disposal. We believe our theatres are in material compliance with such requirements.

Significant Acquisitions and Dispositions

In December 2012, we completed the acquisition of 4 theatres and 61 screens from Rave Review Cinemas, LLC and 6 theatres and 95 screens from Rave Digital Media, LLC. On May 24, 2010, we completed the acquisition of 92 theatres and 928 screens from Kerasotes. Additionally, during the fourth quarter of our fiscal year ended March 31, 2011, management decided to permanently close 73 underperforming screens and auditoriums. For more information on both of these acquisitions and the screen closures, see "Management's Discussion and Analysis of Financial Condition and Results of Operations - Significant Events."

We have divested of the majority of our investments in international theatres in Canada, UK, Japan, Hong Kong, Spain, Portugal, France, Argentina, Brazil, Chile, and Uruguay over the past several years as part of our overall business strategy.

Table of Contents

Seasonality

Our revenues are dependent upon the timing of motion picture releases by distributors. The most marketable motion pictures are usually released during the summer and the year-end holiday seasons. Therefore, our business is highly seasonal, with higher attendance and revenues generally occurring during the summer months and holiday seasons. Our results of operations may vary significantly from quarter to quarter.

Legal Proceedings

In the normal course of business, we are party to various ordinary course claims from vendors (including an online ticketing vendor, food & beverage suppliers and film distributors), landlords and other legal proceedings. If management believes that a loss arising from these actions is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the loss is estimated using a range and no point is more probable than another. As additional information becomes available, any potential liability related to these actions is assessed and the estimates are revised, if necessary. Management believes that the ultimate outcome of such matters, individually and in the aggregate, will not have a material adverse effect on our financial position or overall trends in results of operations. However, litigation and claims are subject to inherent uncertainties and unfavorable outcomes could occur. An unfavorable outcome could include monetary damages. If an unfavorable outcome were to occur, there exists the possibility of a material adverse impact on the results of operations in the period in which the outcome occurs or in future periods.

MANAGEMENT

Our business and affairs are managed by our board of directors currently consisting of five members. Within one year after the consummation of this offering, we intend to appoint enough additional independent persons to our board of directors to meet SEC and NYSE guidelines. The full composition of the board of directors will be determined at that time. Gerardo I. Lopez, our Chief Executive Officer, is a director, and Lin Zhang is our Chairman of the board of directors and a non-employee director.

We intend to avail ourselves of the "controlled company" exception under the NYSE rules, which eliminates the requirement that we have a majority of independent directors on our board of directors and that we have compensation and nominating committees composed entirely of independent directors, but retains the requirement that we have an audit committee composed entirely of independent members. Our board of directors currently consists of five directors. Following the offering, we expect that our board will ultimately consist of nine directors, including Mr. Lopez, Mr. Zhang, the three other current members of our board, Mr. Anthony J. Saich, Mr. Chaohui Liu and Mr. Ning Ye, the two director nominees identified herein, Mr. Lloyd Hill and Mr. Jian Wang, and two other directors. Three of our directors will be independent. We intend to have two independent directors, Mr. Hill and Mr. Saich, at the time we consummate this offering. We will add a third independent director to our board within one year after the consummation of this offering.

Pursuant to our amended and restated certificate of incorporation, our board of directors will be divided into three classes. The members of each class will serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, directors in that class will be elected for three-year terms at the annual meeting of stockholders in the year in which their term expires. The classes will be composed as follows:

Mr. Saich and Mr. Wang will be Class I directors, whose terms will expire at the 2014 annual meeting of stockholders;

Mr. Hill, Mr. Ye and the one additional independent director we expect to be designated to our board of directors within one year after the closing of this offering will be Class II directors, whose terms will expire at the 2015 annual meeting of stockholders; and

Mr. Liu, Mr. Lopez and Mr. Zhang will be Class III directors, whose terms will expire at the 2016 annual meeting of stockholders.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of our directors. This classification of our board of directors may have the effect of delaying or preventing changes in control of our company.

If at any time we cease to be a "controlled company" under the NYSE rules, the board of directors will take all action necessary to comply with NYSE rules, including appointing a majority of independent directors to the board and establishing certain committees composed entirely of independent directors.

Committees of the Board of Directors

Audit Committee

Upon consummation of this offering, our audit committee will consist of Mr. Hill, Mr. Saich and Mr. Zhang (the "Audit Committee"). The board of directors has determined that Mr. Hill qualifies as an Audit Committee financial expert as defined in Item 401(h) of Regulation S-K. Mr. Hill and Mr. Saich are independent as independence is defined in Rule 10A-3(b)(i) under the Exchange Act or under the applicable section of the NYSE rules. Within one year of the closing of this offering, we will nominate one additional independent director to replace Mr. Zhang on the Audit Committee so that our Audit Committee will be comprised of three independent members, all of whom will be financially literate.

The principal duties and responsibilities of our Audit Committee are as follows:

to monitor our financial reporting process and internal control system;

to appoint and replace our independent registered public accounting firm from time to time, determine their compensation and other terms of engagement and oversee their work;

to oversee the performance of our internal audit function; and

to oversee our compliance with legal, ethical and regulatory matters.

The Audit Committee will have the power to investigate any matter brought to its attention within the scope of its duties. It will also have the authority to retain counsel and advisors to fulfill its responsibilities and duties.

Compensation Committee

Upon consummation of this offering, our compensation committee will consist of _____, Mr. Liu, Mr. Ye and Mr. Hill (the "Compensation Committee").

The principal duties and responsibilities of our Compensation Committee are as follows:

to provide oversight on the development and implementation of the compensation policies, strategies, plans and programs for our key employees and outside directors and disclosure relating to these matters;

to review and approve the compensation of our chief executive officer and the other executive officers of us and our subsidiaries; and

to provide oversight concerning the compensation of our chief executive officer, succession planning, performance of the chief executive officer and related matters.

Nominating & Corporate Governance Committee

Upon consummation of this offering, our nominating committee will consist of _____, Mr. Saich, Mr. Wang and Mr. Zhang.

The principal duties and responsibilities of the nominating committee will be as follows:

to establish criteria for board and committee membership and recommend to our board of directors proposed nominees for election to the board of directors and for membership on committees of the board of directors; and

to make recommendations to our board of directors regarding board governance matters and practices.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics that applies to all of our associates, including our principal executive officer, principal financial officer and principal accounting officer, or persons performing similar functions. These standards are designed to deter wrongdoing and to promote honest and ethical conduct. The Code of Business Conduct and Ethics, which address the subject areas covered by the SEC's rules, may be obtained free of charge through our website: www.amctheatres.com under "Investor Relations Corporate Governance." Any substantive amendment to, or waiver from, any provision of the Code of Business Conduct and Ethics with respect to any senior executive or financial officer shall be posted on this website. **The information contained on our website is not part of this prospectus.**

COMPENSATION DISCUSSION AND ANALYSIS

This section discusses the material elements of compensation awarded to, earned by or paid to our principal executive officer, our principal financial officer and our three other most highly compensated executive officers. These individuals are referred to as the "Named Executive Officers."

Our executive compensation programs are determined and approved by our Compensation Committee. None of the Named Executive Officers are members of the Compensation Committee or otherwise had any role in determining the compensation of other Named Executive Officers, although the Compensation Committee does consider the recommendations of our Chief Executive Officer in setting compensation levels and bonuses for our executive officers other than the Chief Executive Officer.

Executive Compensation Program Objectives and Overview

The goals of the Compensation Committee with respect to executive compensation are to attract, retain, motivate and reward talented executives, to tie annual and long-term compensation incentives to the achievement of specified performance objectives, and to achieve long-term creation of value for our stockholders by aligning the interests of these executives with those of our stockholders. To achieve these goals, we endeavor to maintain compensation plans that are intended to tie a substantial portion of executives' overall compensation to key strategic, operational and financial goals such as achievement of budgeted levels of net income, and other non-financial goals that the Compensation Committee deems important. From time to time, the Compensation Committee evaluates individual executive performance with a goal of setting compensation at levels they believe, based on industry comparables and their general business and industry knowledge and experience, are comparable with executives in other companies of similar size and stage of development operating in the retail, entertainment and food service industries, while taking into account our relative performance and our own strategic goals.

We conduct a periodic review of the aggregate level of our executive compensation as part of the annual budget review and annual performance review processes, which includes determining the operating metrics and non-financial elements used to measure our performance and to compensate our executive officers. This review is based on our knowledge of how other theatrical exhibition industry and similar retail type businesses measure their executive performance and on the key operating metrics that are critical in our effort to increase the value of our company.

Current Executive Compensation Program Elements

Our executive compensation program consists of the elements described in the following sections. The Compensation Committee determines the portion of compensation allocated to each element for each individual Named Executive Officer. Our Compensation Committee expects to continue these policies in the short term but will reevaluate the current policies and practices as it considers advisable.

The Compensation Committee believes, based on general business and industry experience and knowledge of its members, that the use of the combination of base salary, annual performance bonuses, and long-term incentives offers the best approach to achieving our compensation goals, including attracting and retaining talented and capable executives and motivating our executives and other officers to expend maximum effort to improve the business results, earnings and overall value of our business.

Base Salaries

Base salaries for our Named Executive Officers are established based on the scope of their responsibilities, taking into account competitive market compensation for similar positions, as well as

Table of Contents

seniority of the individual, our ability to replace the individual and other primarily judgmental factors deemed relevant by the Compensation Committee. Periodically, the Company obtains information regarding the salaries of employees at companies of similar size with which we compete for employees, including approximately 150 multi-unit businesses in the retail, entertainment and food service industries. Following the offering, we plan to adopt a new peer group of companies as a reference to provide a broad perspective on competitive pay levels. See " Post-offering Compensation Adoption of a New Peer Group." Generally, we believe that executive base salaries should be targeted at a level that is competitive with salaries for executives in similar positions with similar responsibilities at companies of similar size with which we compete for employees, in line with our compensation philosophy, but we do not make any determinations or changes in compensation in reaction to market data alone. However, the Compensation Committee retains flexibility within the compensation program to respond to and adjust for specific circumstances and our evolving business environment. Base salaries for our Named Executive Officers are reviewed from time to time by the Compensation Committee and adjusted based in part on this review after taking into account individual responsibilities, performance and experience. Base salaries for our Named Executive Officers increased between 3.0% and 4.93% from March 29, 2012 to December 31, 2012, and one Named Executive Officer received a 44.2% increase due to a promotion.

Annual Performance Bonus

The Compensation Committee has the authority to award annual performance bonuses to our Named Executive Officers. Under the current employment agreements, each Named Executive Officer is eligible for an annual bonus based on our annual incentive compensation program ("AIP"), as it may exist from time to time. We believe that annual bonuses based on performance serve to align the interests of management and stockholders, and our annual bonus program is primarily designed to reward increases in net income (as described below). Individual bonuses are performance based and, as such, can be highly variable from year to year. The annual incentive bonuses for our Named Executive Officers are determined by our Compensation Committee and, except with respect to his own bonus, our Chief Executive Officer, based on our annual incentive compensation program as it may exist from time to time. For the Transition Period, the annual incentive compensation program was based on a company component and an individual component. The company component was based on attainment of a net income target of at least \$1.0 million during the twelve months ended December 31, 2012. The plan guideline was that no company performance component of the bonus would be paid below attainment of 100% of targeted net income and that upon attainment of 100% of targeted net income, each Named Executive Officer would receive 100% of his/her assigned bonus target. For each \$1.0 million of additional net income generated in the calendar year (amounts in excess of \$1.0 million of net income but not exceeding \$21.0 million of net income), 5% of additional AIP payout would be awarded up to a maximum award of 200% of the target payout. The individual component of the bonus does not have a net income threshold but is based on achievement of key performance measures and overall performance and contribution to our strategic and financial goals. Under the annual incentive compensation program, our Compensation Committee and, except with respect to his/her own bonus, Chief Executive Officer, retain certain discretion to decrease or increase bonuses relative to the guidelines based on qualitative or other subjective factors deemed relevant by the Compensation Committee.

Table of Contents

The following table summarizes the company component upon attainment of 100% of targeted net income and the individual component of the annual performance bonus plan at the target level for calendar 2012:

	Company Component at 100% Target	Individual Component
Gerardo I. Lopez	\$ 434,600	\$ 108,650
Craig R. Ramsey	231,400	57,850
Elizabeth Frank	162,000	108,000
John D. McDonald	226,200	56,550
Mark A. McDonald	117,000	78,000

Our annual bonuses have historically been paid in cash and traditionally have been paid in a single installment in the first quarter following the completion of a given year following issuance of our annual audit report. Pursuant to current employment agreements, each Named Executive officer is eligible for an annual bonus pursuant to the annual incentive plan in place at the time. The Compensation Committee has discretion to increase the annual bonus paid to our Named Executive Officers using its judgment if the Company exceeds certain financial goals, or to reward for achievement of individual annual performance objectives. Our Compensation Committee and the Board of Directors have approved bonus amounts to be paid in calendar 2013 for the performance during calendar 2012. The Company obtained a net income of over 200% of target for calendar 2012, which is equivalent to a 200% payout of the assigned bonus target. The individual component of the bonus, which was subject to the approval by the Compensation Committee and the Board of Directors, was determined following a review of each Named Executive Officer's individual performance and contribution to our strategic and financial goals. The individual performance review has been conducted during the first quarter of calendar 2013 and the individual component bonuses were finalized and approved by the Compensation Committee and the Board of Directors. Following the offering, we expect to make certain changes to the AIP, including with respect to bonus targets and how we determine the company component described above. See " Post-offering Compensation Changes to Our Annual Incentive Compensation Program."

Special Incentive Bonuses

Pursuant to his employment agreement, Mr. Gerardo Lopez is entitled to a one-time Special Incentive Bonus of \$2.0 million that vests at the rate of \$400,000 per year over five years, effective March 2009, provided that he remains employed on each vesting date. The first four installments of the Special Incentive Bonus were paid as of March 2013 and the fifth installment is payable upon vesting. The remaining unpaid Special Incentive Bonus of \$800,000 shall immediately vest in full upon Mr. Lopez's involuntary termination within twelve months after a change of control, as defined in his employment agreement.

Pursuant to the Merger agreement, the Named Executive Officers received a one-time special incentive bonus ("Management Bonus") which was paid in cash at the closing of the Merger. The Management Bonus provided to each Named Executive Officer is reported in the Bonus column of the "Summary Compensation Table" below.

Long Term Incentive Equity Awards

The Company has no stock-based compensation arrangements of its own, but prior to the Merger, Parent had approved an amended and restated 2004 Stock Option Plan ("2004 Stock Option Plan") and a 2010 Equity Incentive Plan ("2010 Equity Incentive Plan"). On July 23, 2010, the Board of Directors determined that the Company would no longer grant any additional awards of shares of

Table of Contents

common stock of the Company under the 2004 Stock Option Plan. The 2004 Stock Option Plan provided for the grant of incentive stock options (within the meaning of Section 422 of the Internal Revenue Code) and non-qualified stock options to acquire Parent common stock. Options granted under the plan were to vest in equal installments over three to five years from the grant date, subject to the optionee's continued service with Parent or one of its subsidiaries. As a result of the Merger and change of control on August 30, 2012, Holders of such vested and unvested options received payments for each option equal to the difference (if any) between the \$489 per share consideration received in the Merger and the exercise price of their options. Amounts received are reflected in the "Option Exercises and Stock Vested Transition Period" table below.

Prior to the Merger, the 2010 Equity Incentive Plan provided for grants of non-qualified stock options, restricted stock awards, other stock-based awards and performance-based compensation awards. During fiscal 2011, the Compensation Committee approved grants of stock options, restricted stock (time vesting), and restricted stock (performance vesting) to the Named Executive Officers, which generally had the following features:

Non-Qualified Stock Option Award Agreement: Twenty-five percent of the options were to vest on each of the first four anniversaries of the date of grant. The stock options had a ten year term from the date of grant. The vested and unvested stock options were cancelled immediately prior to the closing of the Merger on August 30, 2012. Holders of such options received payments for each option equal to the difference (if any) between the \$489 per share consideration received in the Merger and the exercise price of their options. Amounts received for these options in connection with the Merger are reflected in the "Option Exercises and Stock Vested Transition Period" table below. The grant date fair value for the options granted in fiscal 2011 was included in the Summary Compensation Table in fiscal 2011.

Restricted Stock Award Agreement (Time Vesting): The restricted shares were to vest on the fourth anniversary of the date of grant. The restricted stock (time vesting) awards were cancelled immediately prior to the closing of the Merger. Holders of such restricted stock (time vesting) received payments for each restricted share equal to the \$489 per share consideration received in the Merger. Amounts received for these restricted shares are reflected in the "Option Exercises and Stock Vested Transition Period" table below. The grant date fair value for the restricted stock (time vesting) awards granted in fiscal 2011 was included in the Summary Compensation Table in fiscal 2011.

Restricted Stock Award Agreement (Performance Vesting): The award agreements for the restricted shares (performance vesting) generally provided that 25% of the restricted shares awarded would become vested in each year over a four-year period upon the Company meeting certain pre-established annual performance targets. Because each annual performance target was set at the start of each respective single-fiscal year performance period, only twenty-five percent of the total restricted shares (performance vesting) awarded are deemed granted each year over the four-year period in accordance with Accounting Standards Codification 718-10-55-95. Grants of the restricted stock (performance vesting) made in fiscal 2012 and fiscal 2011 did not vest as the Company did not meet the adjusted EBITDA target established by the Compensation Committee.

The fiscal 2013 and fiscal 2014 restricted stock (performance vesting) had not been granted per ASC 718-10-55-95 as the Compensation Committee did not approve the performance target for the restricted stock due to the Merger. The unvested restricted stock (performance vesting) awards for fiscal 2013 and fiscal 2014 were cancelled immediately prior to the closing of the Merger. Holders of unvested restricted stock awards (performance vesting) received payments for each restricted share equal to the \$489 per share consideration received in the Merger. The fair value of the settlement for each of the fiscal 2013 and fiscal 2014 shares were included in the Summary Compensation Table

during the current Transition Period. The grant date fair value for the first year's performance period, fiscal 2011, and the second year's performance period, fiscal 2012, was included in the Summary Compensation Table during fiscal 2011 and fiscal 2012, respectively. Following the offering, we expect to adopt a new equity incentive plan, see " Post-offering Compensation 2013 Equity Incentive Plan."

Payment and Release of Escrowed Funds. In connection with the closing of the Merger and as defined in the Merger Agreement, \$35.0 million of consideration otherwise payable to equity holders was deposited in an Indemnity Escrow Fund and \$2.0 million otherwise payable to equity holders was deposited in an account designated by the Stockholder Representative. On or following the Indemnity Escrow Termination Date and the release of all amounts remaining in the Indemnity Escrow Fund and the release of any portion of the Stockholder Representative Reserve the Named Executive Officers would receive a maximum settlement in the future year as follows:

	2004 Stock Option Plan(1)	2004 Stock Option Plan(1)	Restricted Stock (Time Vesting)(1)	Restricted Stock (Performance Vesting)(2)
Gerry Lopez	\$ 269,635	\$ 179,757	\$ 29,471	\$ 14,749
Craig Ramsey	106,536		17,689	8,844
Elizabeth Frank			5,906	2,938
John McDonald	53,268		17,689	8,844
Mark McDonald	53,268		5,906	2,938

(1) The value of the shares shown in these columns were included in the "Stock Awards" and "Option Awards" column of the Summary Compensation Table in prior years based on grant date fair values.

(2) The amount in this column represents the maximum amount that will be included in the "All Other Compensation" column of the Summary Compensation Table in the year the Named Executive Officer receives payment.

Management Profit Sharing Plan

Pursuant to the Merger agreement, Wanda and Parent entered into a management profit sharing plan, ("MPSP"). The long term incentive plan awards are payable in cash (or such other form as may be determined by the Board of Directors with the consent of designated participant representatives) on an annual basis and are subject to the Company achieving a predetermined adjusted net income target (as defined in the plan) for each plan year ending on December 31, 2012, 2013, 2014, and 2015. Wanda and Parent agreed to increase or decrease the calculation of net income, as described in the plan, for certain predefined exclusions and transactions ("adjusted net income"). (As described in the plan, adjusted net income is calculated by adjusting net income for any increases or decreases resulting from any capital contributions, interest reductions, disposition of certain equity method investments or strategic assets, push down accounting adjustments directly related to the Merger, MPSP bonuses, and increased by 20% of dividends paid by the Company.) The MPSP was based on attainment of an adjusted net income target of \$10.0 million during the twelve months ended December 31, 2012. The plan guideline provides that no MPSP incentive bonus would be paid below attainment of 100% of targeted adjusted net income (unless it qualifies as a Catch-Up Payment as described below) and that upon attainment of 100% of targeted adjusted net income target, each Named Executive Officer would receive 100% of his/her assigned bonus target. If the adjusted net income is equal to or exceeds 100% of targeted adjusted net income, the Company will pay 10% of the adjusted net income and each Named Executive Officer will receive a pro rata amount of the total award based on the proportion of his/her targeted bonus amount to the aggregate of the targeted bonus amounts for all participants. The MPSP bonus for each plan year shall be unlimited.

Table of Contents

The following table shows the potential lump-sum cash MPSP bonus for each Named Executive Officer assuming attainment of 100% of the targeted adjusted net income for the plan year ended December 31, 2012:

	MPSP Incentive Bonus at 100% Target
Gerardo I. Lopez	\$ 204,128
Craig R. Ramsey	79,156
Elizabeth Frank	79,156
John D. McDonald	79,156
Mark A. McDonald	79,156

If the Company fails to achieve the applicable adjusted net income target for one or more plan years, each Named Executive Officer shall be eligible to receive a Catch-Up Payment. A Catch-Up Payment shall be paid in addition to the MPSP bonus for such plan years when the Company obtains an adjusted net income in excess of 100% of target and the surplus is applied to a plan year(s) for which the adjusted net income target was less than 100%, in order to obtain an adjusted net income target of 100% for that prior plan year. Also, in order to be eligible to receive a MPSP bonus or a Catch-Up Payment, a Named Executive Officer must remain employed by the Company through the first business day following the end of the plan year to which the MPSP bonus relates or through the first business day following the end of the plan year in which the Catch-Up Payment is earned, as applicable.

If the Company achieves at least 80% of the adjusted net income target for each of the 5 plan years and the total amount of the MPSP bonuses and Catch-Up payments paid for such plan years are less than \$50.0 million for all participants per the plan, then each participant or Named Executive Officer who has been continuously employed by the Company from the Merger date at August 30, 2012 through the first business day of calendar 2016 shall be entitled to receive an additional incentive bonus award equal to his/her pro rata share for the difference between the \$50.0 million for all participants less the total for all MPSP bonuses and Catch-up payments made.

The Chief Executive Officer can make proposals on who is eligible to participate in the management profit sharing plan and the participant's pro rata allocation or assigned bonus target, subject to the recommendation of the Compensation Committee and the approval by the Board of Directors. The management profit sharing plan is administered by the Board of Directors and any action of the Board of Directors shall be final and binding. The Compensation Committee believes the long-term incentive bonus awards allow the Company to attract, retain and provide incentives to a talented management team, which together with the Company stock actually owned by its executives, appropriately links the long-term interests of executives and stockholders. For the plan year ended December 31, 2012, the Company obtained an adjusted net income of \$25.5 million. The Compensation Committee approved the MPSP bonus of 10% for the Transition Period and each Named Executive Officer received a pro rata amount of the total award based on the proportion of his/her targeted bonus amount to the aggregate of the targeted bonus amounts for all participants. Following the offering, and in connection with our expected adoption of a new equity incentive plan, we plan to terminate the MPSP. See "Post-offering Compensation Termination of Management Profit Sharing Plan."

Retirement Benefits

We provide retirement benefits to the Named Executive Officers under both qualified and non-qualified defined-benefit and defined-contribution retirement plans. The Defined Benefit Retirement Income Plan for Certain Employees of American Multi-Cinema, Inc. ("AMC Defined

Table of Contents

Benefit Retirement Income Plan") and the AMC 401(k) Savings Plan are both tax-qualified retirement plans in which the Named Executive Officers participate on substantially the same terms as our other participating employees. However, due to maximum limitations imposed by the Employee Retirement Income Security Act of 1974 ("ERISA") and the Internal Revenue Code on the annual amount of a pension which may be paid under a qualified defined-benefit plan and on the maximum amount that may be contributed to a qualified defined-contribution plan, the benefits that would otherwise be payable to the Named Executive Officers under the Defined Benefit Retirement Income Plan are limited. Because we did not believe that it was appropriate for the Named Executive Officers' retirement benefits to be reduced because of limits under ERISA and the Internal Revenue Code, we had established non-qualified supplemental defined-benefit plans that permit the Named Executive Officers to receive the same benefit that would be paid under our qualified defined-benefit plan up to the old IRS limit, as indexed, as if the Omnibus Budget Reconciliation Act of 1993 had not been in effect. On November 7, 2006, our Board of Directors approved a proposal to freeze the AMC Defined Benefit Retirement Income Plan and the AMC Supplemental Executive Retirement Plan, effective as of December 31, 2006. The Compensation Committee determined that this type of plan is not as effective as other elements of compensation in aligning executives' interests with the interests of stockholders. As a result, the Compensation Committee determined to freeze these plans. Benefits no longer accrue under the AMC Defined Benefit Retirement Income Plan or the AMC Supplemental Executive Retirement Plan for our Named Executive Officers or for other participants.

Effective January 1, 2011, under the Company's 401(k) Savings Plan, the Company began to match 100% of each eligible employee's elective contributions up to 3% and 50% of contributions up to 5% of the employee's eligible compensation. During fiscal 2010 and the first three quarters of fiscal 2011, the Company matched 50% of each eligible employee's elective contributions up to 6% of the employee's eligible compensation.

The "Pension Benefits" table and related narrative section "Pension and Other Retirement Plans" below describes our qualified and non-qualified defined-benefit plans in which our Named Executive Officers participate.

Non-Qualified Deferred Compensation Program

Named Executive Officers are permitted to elect to defer base salaries and their annual bonuses and MPSP under the AMC Non-Qualified Deferred Compensation Plan. Amounts deferred under the plans are credited with an investment return determined as if the participant's account were invested in one or more investment funds made available by the Committee and selected by the participant. The Company may, but need not, credit the deferred compensation account of any participant with a discretionary or profit sharing credit as determined by the Company. We believe that providing the Named Executive Officers with deferred compensation opportunities is a cost-effective way to permit officers to receive the tax benefits associated with delaying the income tax event on the compensation deferred, even though the related deduction for the Companies is also deferred.

The "Non-Qualified Deferred Compensation" table and related narrative section "Non-Qualified Deferred Compensation Plan" below describe the non-qualified deferred compensation plan and the benefits thereunder.

Severance and Other Benefits Upon Termination of Employment

We believe that severance protections, particularly in the context of a change of control transaction, can play a valuable role in attracting and retaining key executive officers. Accordingly, we provide such protections for each of the Named Executive Officers and for other of our senior officers in their respective employment agreements. The Compensation Committee evaluates the level of severance benefits provided to Named Executive Officers on a case-by-case basis. We consider these severance protections consistent with competitive practices.

Table of Contents

As described in more detail below under "Potential Payments Upon Termination or Change of Control" pursuant to their employment agreements, each of the Named Executive Officers would be entitled to severance benefits in the event of termination of employment by AMCE without cause and certain Named Executive Officers would be entitled to severance benefits due to death or disability. In the case of Mr. Lopez, resignation for good reason would also entitle the employee to severance benefits. We have determined that it is appropriate to provide these executives with severance benefits under these circumstances in light of their positions with AMCE and as part of their overall compensation package.

We believe that the occurrence, or potential occurrence, of a change of control transaction will create uncertainty regarding the continued employment of our executive officers. This uncertainty results from the fact that many change of control transactions result in significant organizational changes, particularly at the senior executive level. In order to encourage certain of our executive officers to remain employed with us during an important time when their prospects for continued employment following the transaction are often uncertain, we provide the executives with severance benefits if they terminate their employment within a certain number of days following specified changes in their compensation, responsibilities or benefits following a change of control. The severance benefits for these executives are generally determined as if they continued to remain employed by us for two years following their actual termination date.

All Other Compensation

The other compensation provided to each Named Executive Officer is reported in the All Other Compensation column of the "Summary Compensation Table" below, and is further described in footnote (9) to that table. All other compensation during the period March 30, 2012 through December 31, 2012 consists of Company matching contributions under our 401(k) savings plan, which is a qualified defined contribution plan, life insurance premiums, amusement park passes, and amounts received upon cancellation of unvested restricted stock (performance vesting) awards in connection with the Merger. All other compensation is benchmarked and reviewed, revised and approved by the Compensation Committee every year.

Policy with Respect to Section 162(m)

Section 162(m) of the Internal Revenue Code generally disallows publicly held companies a tax deduction for compensation in excess of \$1.0 million paid to their chief executive officers and the four other most highly compensated executive officers unless certain performance and other requirements are met. Our intent generally is to design and administer executive compensation programs in a manner that will preserve the deductibility of compensation paid to our executive officers, and we believe that a substantial portion of our current executive compensation program satisfies the requirements for exemption from the \$1.0 million deduction limitation. However, we reserve the right to design programs that recognize a full range of performance criteria important to our success, even where the compensation paid under such programs may not be deductible. The Compensation Committee will continue to monitor the tax and other consequences of our executive compensation program as part of its primary objective of ensuring that compensation paid to our executive officers is reasonable, performance-based and consistent with the goals of the Company and its stockholders.

Post-offering Compensation

We anticipate that at the time of, or shortly after, completion of this offering, we will make changes to certain of our compensation arrangements, including those covering our Named Executive Officers and members of our Board of Directors.

Table of Contents

In developing these changes, we retained Pay Governance, LLC ("Pay Governance") to advise management and provide recommendations for a compensation program designed to retain and motivate management following this offering.

Adoption of a Peer Group

We expect to adopt a peer group of companies as a reference group to provide a broad perspective on competitive pay levels and practices. Based on recommendations from Pay Governance, we anticipate that our peer group will contain the following companies: Brinker International, Inc., Carmike Cinemas Inc., The Cheesecake Factory Incorporated, Chipotle Mexican Grill, Inc., Cinemark Holdings Inc., DreamWorks Animation SKG Inc., IMAX Corporation, Lions Gate Entertainment Corp., Netflix, Inc., Panera Bread Co., Regal Entertainment Group, SIRIUS XM Radio Inc. and Wynn Resorts Ltd.

2013 Equity Incentive Plan

We expect to adopt a 2013 Equity Incentive Plan (the "2013 Plan"). The following is a summary of certain features of the 2013 Plan.

Reservation of Shares. Subject to adjustments as described below, the maximum aggregate number of shares of Class A common stock that may be issued pursuant to awards granted under the 2013 Plan will be . Any shares of Class A common stock delivered under the 2013 Plan will consist of authorized and unissued shares, or treasury shares. In the event of any recapitalization, reclassification, stock dividend, extraordinary dividend, stock split, reverse stock split, or other distribution with respect to common stock, or any merger, reorganization, consolidation, combination, spin-off or other similar corporate change, or any other change affecting common stock, appropriate and equitable adjustments will be made to the number and kind of shares of common stock available for grant, as well as to other maximum limitations under the 2013 Plan, and the number and kind of shares of common stock or other terms of the awards that are affected by the event.

Share Counting. Awards that are required to be paid in cash pursuant to their terms will not reduce the share reserve. To the extent that an award granted under the 2013 Plan is canceled, expired, forfeited, surrendered, settled by delivery of fewer shares than the number underlying the award or otherwise terminated without delivery of the shares to the participant, the shares of common stock retained by or returned to the Company will become available for future awards under the 2013 Plan. In addition, shares that are withheld or separately surrendered in payment of the exercise or purchase price or taxes relating to such an award or are not issued or delivered as a result of the net settlement of an outstanding stock option or stock appreciation right will become available for future awards under the 2013 Plan. Awards assumed or substituted for in a merger, consolidation, acquisition of property or stock or reorganization will not reduce the share reserve.

Administration. The 2013 Plan will be administered by the Compensation Committee. Subject to the limitations set forth in the 2013 Plan, the Compensation Committee has the authority to determine the persons to whom awards are to be granted, prescribe the restrictions, terms and conditions of all awards, interpret the 2013 Plan and adopt rules for the administration, interpretation and application of the 2013 Plan.

Eligibility. Awards under the 2013 Plan may be granted to any employees, directors, consultants or other personal service providers of Company.

Stock Options. Stock options granted under the 2013 Plan may be issued as either incentive stock options, within the meaning of Section 422 of the Internal Revenue Code, or as nonqualified stock options. The exercise price of an option will be not less than 100% of the fair market value of a share of Class A common stock on the date of the grant of the option. The Compensation Committee will

Table of Contents

determine the vesting and/or exercisability requirements and the term of exercise of each option, including the effect of termination of service of a participant or a change in control. The vesting requirements may be based on the continued employment or service of the participant for a specified time period or on the attainment of specified business performance goals established by the Compensation Committee. The maximum term of an option will be ten years from the date of grant. To exercise an option, the participant must pay the exercise price, subject to specified conditions, (i) in cash, (ii) in shares of common stock, (iii) through an open-market broker-assisted transaction, (iv) by reducing the number of shares of common stock otherwise deliverable upon the exercise of the stock option, (v) by combination of any of the above methods, or (vi) by such other method approved by the Compensation Committee, and must pay any required tax withholding amounts. All options generally are nontransferable. Dividends may not be paid and dividend equivalent rights may not be granted with respect to the shares of stock subject to stock options.

Stock Appreciation Rights. A stock appreciation right may be granted either in tandem with an option or without a related option. A stock appreciation right entitles the participant, upon settlement or exercise, to receive a payment based on the excess of the fair market value of a share of common stock on the date of settlement or exercise over the base price of the right, multiplied by the number of shares of common stock as to which the right is being settled or exercised. Stock appreciation rights may be granted on a basis that allows for the exercise of the right by the participant or that provides for the automatic payment of the right upon a specified date or event. The base price of a stock appreciation right may not be less than the fair market value of a share of common stock on the date of grant. The Compensation Committee will determine the vesting requirements and the term of exercise of each stock appreciation right, including the effect of termination of service of a participant or a change in control. The vesting requirements may be based on the continued employment or service of the participant for a specified time period or on the attainment of specified business performance goals established by the Compensation Committee. The maximum term of a stock appreciation right will be ten years from the date of grant. Stock appreciation rights may be payable in cash or in shares of common stock or in a combination of both. Dividends may not be paid and dividend equivalent rights may not be granted with respect to the shares of stock subject to Stock Appreciation Rights.

Restricted Stock Awards. A restricted stock award represents shares of common stock that are issued subject to restrictions on transfer and vesting requirements. The vesting requirements may be based on the continued service of the participant for a specified time period or on the attainment of specified performance goals established by the Compensation Committee, and vesting may be accelerated in certain circumstances, as determined by the Compensation Committee. Unless otherwise set forth in an award agreement, restricted stock award holders will have all of the rights of a stockholder of the Company, other than the right to receive dividends, during the restricted period. Any dividends with respect to a restricted stock award that is subject to performance-based vesting will be subject to the same restrictions on transfer and vesting requirements as the underlying restricted stock award.

Restricted Stock Units and Performance Stock Units. An award of restricted stock units, or "RSUs", and an award of performance stock units, or "PSUs", provides the participant the right to receive a payment based on the value of a share of common stock. RSUs and PSUs may be subject to vesting requirements, restrictions and conditions to payment. RSUs may vest based solely on the continued service of the participant for a specified time period. PSUs may vest in whole or in part based on the attainment of specified performance goals established by the Compensation Committee. The vesting of RSUs and PSUs may be accelerated in certain circumstances, as determined by the Compensation Committee. RSU and PSU awards will become payable to a participant at the time or times determined by the Compensation Committee and set forth in the award agreement, which may be upon or following the vesting of the award. RSU and PSU awards are payable in cash or in shares

Table of Contents

of Class A common stock or in a combination of both. RSUs and PSUs may be granted together with a dividend equivalent right with respect to the shares of common stock subject to the award. Dividend equivalent rights will be subject to vesting conditions that apply to the underlying RSUs or PSUs.

Stock Awards. A stock award represents shares of common stock that are issued free of restrictions on transfer and free of forfeiture conditions and to which the participant is entitled all incidents of ownership. A stock award may be granted for past services, in lieu of bonus or other cash compensation, directors' fees or for any other valid purpose as determined by the Compensation Committee. The Compensation Committee will determine the terms and conditions of stock awards, and such stock awards may be made without vesting requirements. Upon the issuance of shares of common stock under a stock award, the participant will have all rights of a shareholder with respect to such shares of common stock, including the right to vote the shares and receive all dividends and other distributions on the shares.

Cash Performance Awards. A performance award is denominated in a cash amount (rather than in shares) and is payable based on the attainment of pre-established business and/or individual performance goals. The requirements for vesting may be also based upon the continued service of the participant during the performance period, and vesting may be accelerated in certain circumstances, as determined by the Compensation Committee. The maximum amount of cash compensation that may be paid to a participant during any one calendar year under all cash performance awards is \$.

Performance Criteria. For purposes of cash performance awards, as well as for any other awards under the 2013 Plan intended to qualify as "performance-based compensation" under Section 162(m) of the Internal Revenue Code, the performance criteria will be one or any combination of the following, for the Company or any identified Subsidiary or business unit, as determined by the Compensation Committee at the time of the award: (i) total stockholder return; (ii) such total stockholder return as compared to total return (on a comparable basis) of a publicly available index such as, but not limited to, the Standard & Poor's 500 Stock Index; (iii) net income; (iv) pretax earnings; (v) adjusted earnings before interest expense, taxes, depreciation and amortization ("*EBITDA*"); (vi) pretax operating earnings after interest expense and before bonuses, service fees, and extraordinary or special items; (vii) operating margin; (viii) earnings per share; (ix) return on equity; (x) return on capital; (xi) return on investment; (xii) operating earnings; (xiii) working capital; (xiv) ratio of debt to stockholders' equity; (xv) revenue; (xvi) free cash flow (generally defined as adjusted EBITDA, less cash taxes, cash interest net capital expenditures, mandatory payments of principal under any credit facility, and payments under collateralized lease obligations and financing lease obligations); and (xvii) any combination of or a specified increase in any of the foregoing. Each of the performance criteria will be applied and interpreted in accordance with an objective formula or standard established by the Compensation Committee at the time of grant of the award including, without limitation, GAAP. The performance criteria may be applied on an absolute basis or relative to an identified index, peer group, or one or more competitors or other companies (including particular business segments or divisions of such companies), or may be applied after adjustment for non-controllable industry performance (such as industry attendance), as specified by the Compensation Committee.

At the time that an award is granted, the Compensation Committee may provide that performance will be measured in such objective manner as it deems appropriate, including, without limitation, adjustments to reflect charges for restructurings, non-operating income, the impact of corporate transactions or discontinued operations, extraordinary and other unusual or non-recurring items and the cumulative effects of accounting or tax law changes.

Further, the Compensation Committee shall, to the extent provided in an award agreement, have the right, in its discretion, to reduce or eliminate the amount otherwise payable to any participant

Table of Contents

under an award and to establish rules or procedures that have the effect of limiting the amount payable to any participant to an amount that is less than the amount that is otherwise payable under an award.

Following the conclusion of the performance period, the Compensation Committee shall certify in writing whether the applicable performance goals have been achieved.

Award Limitations. For purposes of complying with the requirements of Section 162(m) of the Internal Revenue Code, the maximum number of shares of common stock that may be subject to stock options, stock appreciation rights, performance-based restricted stock awards, performance-based RSUs and performance-based stock awards granted to any participant other than a non-employee director during any calendar year will be limited to _____ shares of common stock for each such award type individually.

Further, the maximum number of shares of common stock that may be subject to stock options, stock appreciation rights, restricted stock awards, RSUs, PSUs and stock awards granted to any non-employee director during any calendar year will be limited to _____ shares of common stock for all such award types in the aggregate.

Effect of Change in Control. Upon the occurrence of a change in control, unless otherwise specifically prohibited under applicable law, or unless otherwise provided in the applicable award agreement, the Compensation Committee is authorized to make adjustments in the terms and conditions of outstanding awards, including without limitation the following (or any combination thereof): (i) continuation or assumption of such outstanding awards by the Company (if it is the surviving company or corporation) or by the surviving company or corporation or its parent; (ii) substitution by the surviving company or corporation or its parent of awards with substantially the same terms as such outstanding awards (excluding the consideration payable upon settlement of the awards); (iii) accelerated exercisability, vesting and/or payment; and (iv) if all or substantially all of the Company's outstanding shares of common stock transferred in exchange for cash consideration in connection with such change in control: (A) upon written notice, provide that any outstanding stock options and stock appreciation rights are exercisable during a reasonable period of time immediately prior to the scheduled consummation of the event or such other reasonable period as determined by the Compensation Committee (contingent upon the consummation of the event), and at the end of such period, such stock options and stock appreciation rights will terminate to the extent not so exercised within the relevant period; and (B) cancellation of all or any portion of outstanding awards for fair value, as determined in the sole discretion of the Compensation Committee.

Forfeiture. The Compensation Committee may specify in an award agreement that an award will be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, including termination of service for "cause" (as defined in the 2013 Plan), violation of material Company policies, breach of noncompetition, confidentiality or other restrictive covenants that may apply to the participant, or other conduct by the participant that is detrimental to the business or reputation of the Company. Unless otherwise provided by the Compensation Committee and set forth in an award agreement, if (i) a participant's service is terminated for "cause" or (ii) after termination of service for any other reason, the Compensation Committee determines in its discretion either that, (A) during the participant's period of service, the participant engaged in an act which would have warranted termination from service for "cause" or (B) after termination, the participant engaged in conduct that violates any continuing obligation or duty of the participant in respect of the Company or any of its subsidiaries, such participant's rights, payments and benefits with respect to such award may be subject to cancellation, forfeiture and/or recoupment.

Right of Recapture. If a participant receives compensation pursuant to an award based on financial statements that are subsequently required to be restated in a way that would decrease the value of such compensation, the participant will, upon the written request of the Company, forfeit and

Table of Contents

repay to the Company the difference between what the participant received and what the participant should have received based on the accounting restatement, in accordance with (i) the Company's compensation recovery, "clawback" or similar policy, as may be in effect from time to time and (ii) any compensation recovery, "clawback" or similar policy made applicable by law including the Dodd-Frank Wall Street Reform and Consumer Protection Act.

Tax Withholding. Participants in the 2013 Plan are responsible for the payment of any taxes or similar charges required by law to be paid or withheld from an award or an amount paid in satisfaction of an award.

Deferrals of Payment. The Compensation Committee may in its discretion permit participants in the 2013 Plan to defer the receipt of payment of cash or delivery of shares of common stock that would otherwise be due by virtue of the exercise of a right or the satisfaction of vesting or other conditions with respect to an award; provided, however, that such discretion shall not apply in the case of a stock option or stock appreciation right.

Term, Amendment and Termination. The term of the 2013 Plan is ten years from the date it was approved by the Board of Directors. The Board of Directors may amend, modify, suspend or terminate the 2013 Plan at any time. However, no termination or amendment of the 2013 Plan will adversely affect any award theretofore granted without the consent of the participant or the permitted transferee of the award. The Board of Directors may seek the approval of any amendment by the Company's shareholders to the extent it deems necessary or advisable for purposes of compliance with Section 162(m) or Section 422 of the Internal Revenue Code, the listing requirements of the New York Stock Exchange, or for any other purpose.

Anticipated Awards under the 2013 Plan

We anticipate that we will make the following grants under the 2013 Plan to our Named Executive Officers:

Awards in Connection with this Offering. In connection with this offering and the termination of the MPSP as described below, participants in the MPSP, including our Named Executive Officers, will receive grants of fully vested shares of our common stock (subject to the lock-up agreements with Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated described under "Underwriting") equal in the aggregate to 0.8% of the Company's equity value at the time of pricing of this offering. Each MPSP participant will be allocated a percentage of the pool of shares of our common stock equal to such participant's percentage allocation under the MPSP. The Named Executive Officers will receive the following grants of shares of our common stock:

	Number of Shares
Gerardo I. Lopez	
Craig R. Ramsey	
Elizabeth Frank	
John D. McDonald	
Mark A. McDonald	

Annual Equity Awards. In connection with this offering, we will adopt an equity-based long-term incentive program, pursuant to which we will make annual grants of RSUs and PSUs under the 2013 Plan to eligible employees, including our Named Executive Officers. With respect to our Named Executive Officers, 50% of each annual grant will consist of fully vested RSUs that will be settled on, and will be non-transferrable until, the third anniversary of the grant date. The remaining 50% of the annual grant with respect to our Named Executive Officers will consist of PSUs. The PSUs will vest on the first anniversary of the grant date, subject to the holder's continuous service for the Company through such vesting date. The number of PSUs that will vest on the vesting date will range from 0%

Table of Contents

to 150% of the PSUs subject to the grant, with such percentage determined based on the free cash flow achieved by the Company, as measured against pre-established targets, during the one-year period following the grant of the PSUs. The PSUs will be settled and will be non-transferrable until the third anniversary of the grant date.

Termination of Management Profit Sharing Plan

The new equity-based long-term incentive program and the fully vested shares of our common stock granted in connection with this offering, each as described above, are designed to replace the MPSP. Therefore, in connection with this offering, MPSP participants will be entitled to bonuses in respect of the plan year ending December 31, 2013 calculated as described above under "Management Profit Sharing Plan", and we will terminate the MPSP following such bonus payments.

Changes to Our Annual Incentive Compensation Program

Commencing in 2014, we will increase the target incentive under the AIP for certain employees, including certain Named Executive Officers. In the case of Mr. Lopez, his target incentive under the AIP will be increased from 70% of his base salary to 90% of his base salary. With respect to each of Mr. Ramsey and Mr. John McDonald, the target incentive under the AIP will be increased from 65% of base salary to 70% of base salary.

In addition, commencing in 2014, we will adjust how we measure performance for purposes of the AIP. We will change the company component of the performance measures from net income targets to Adjusted EBITDA targets, and we will include an annual industry attendance adjustment so that participants will not be penalized or rewarded for non-controllable industry results.

Changes to Executive Stock Ownership Guidelines

In connection with this offering, we will adopt new stock ownership guidelines for our executives, including our Named Executive Officers. Our chief executive officer will be required to acquire and hold shares of our common stock with a fair value at least equal to three times his base salary, and the other Named Executive Officers will be required to acquire and hold shares of our common stock with a fair value at least equal to two times their respective base salaries. Each Named Executive Officer will be required to achieve the applicable guideline ownership amount within three years following this offering.

Changes to Compensation for Members of Our Board of Directors

In connection with this offering, we will modify the compensation program for members of our Board of Directors. With respect to each member of our Board of Directors, we will reduce the annual cash retainer from \$100,000 to \$50,000, and we will eliminate all cash meeting fees. Each member of our Board of Directors will receive an annual RSU grant under the 2013 Plan with a value of \$100,000. We will reduce the annual cash retainer for members of our Audit Committee and our Compensation Committee from \$20,000 to \$5,000, and members of our Nominating & Corporate Governance Committee will receive an annual cash retainer of \$5,000. The chair of our Audit Committee will receive an annual cash retainer of \$15,000, and the chairs of our Compensation Committee and our Nominating & Corporate Governance Committee each will receive an annual cash retainer of \$10,000.

Changes to Stock Ownership Guidelines for Members of Our Board of Directors

In connection with this offering, we will adopt new stock ownership guidelines for members of our Board of Directors. Members of our Board of Directors will be required to hold at least the same number of shares of our common stock as they are granted during their first year of service.

Table of Contents**Summary Compensation Table**

The following table presents information regarding compensation of our principal executive officer, our principal financial officer, and our three other most highly compensated executive officers for services rendered during the Transition Period of March 30, 2012 through December 31, 2012. These individuals are referred to as "Named Executive Officers."

- (1) The principal positions shown are at December 31, 2012. Compensation amounts for Ms. Elizabeth Frank and Mr. Mark McDonald are only provided for years where they were a Named Executive Officer.
- (2) The Transition Period ("T2012") reflects the compensation earned from March 30, 2012 through December 31, 2012. FY2012 and FY2011 represents the time period of the fifty-two weeks ended March 29, 2012 and March 31, 2011, respectively.
- (3) The bonus activity in this column for T2012 reflects the one-time special incentive received by the Named Executive Officers for the Management Bonus. For fiscal 2012 and fiscal 2011, the bonus activity for Mr. Lopez reflects the vested portion of his Special Incentive Bonus.
- (4) As required by SEC Rules, amounts shown in the column, "Stock Awards," for fiscal 2012 and fiscal 2011 presents the aggregate grant date fair value of restricted stock awards granted in the fiscal year in accordance with accounting rules ASC 718, *Compensation Stock Compensation*. The estimated fair value of the stock at the grant date was approximately \$755 per share in fiscal 2012 and \$752 per share in fiscal 2011 and was based upon a contemporaneous valuation reflecting market conditions. The valuation assumptions used for the restricted stock awards are provided in Note 10 *Stockholders' Equity* to the Company's audited Consolidated Financial Statements contained elsewhere in this prospectus. The restricted share (time vesting) grants, which were made in fiscal 2011, were to have vested on the fourth anniversary of the date of grant, subject to the Named Executive Officer's continued service with the Company. These awards were cancelled in connection with the Merger and holders received payments for each restricted share (time vesting) and fiscal 2013 and fiscal 2014 restricted stock (performance vesting) equal to the per share consideration received in the Merger. Amounts received for these restricted shares are reflected in the "Option Exercises and Stock Vested Transition Period" table

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

below. Of the total restricted share (performance vesting) awards approved by the Compensation Committee, approximately twenty-five percent of the total awards were to have been granted each year over a four-year period in accordance with ASC 718-10-55-95. The restricted share (performance vesting) grants for fiscal 2012 and fiscal 2011 had a vesting term of approximately one year upon the Company meeting a pre-established annual adjusted EBITDA target of \$340.0 million and \$387.8 million, respectively. The Named Executive Officers did not vest in the restricted share (performance vesting) grants for either fiscal 2012 or fiscal 2011 as the Company did not meet the adjusted EBITDA target established by the Compensation Committee.

(5)

As required by SEC Rules, amounts shown in the column, "Option Awards," presents the aggregate grant date fair value of option awards granted in the fiscal year in accordance with accounting rules ASC 718, *Compensation Stock Compensation*. These amounts reflect the Company's cumulative accounting expense over the vesting period and do not correspond to the actual values that were to be realized by the Named Executive Officers. Options were to acquire shares of Parent common stock. The valuation assumptions used for the stock option awards are provided in Note 10 Stockholders' Equity to the audited Company's Consolidated Financial Statements contained elsewhere in this prospectus.

Table of Contents

In July 2010, the Named Executive Officers received a grant of non-qualified stock options under the 2010 Equity Incentive Plan. The options were to vest in four equal annual installments, subject to continued employment. The stock options were to expire after ten years from the date of the grant. The estimated grant date fair value of the options was \$293.72 per share and was determined using the Black-Scholes option-pricing model. The option exercise price was \$752 per share.

No option awards granted to Named Executive Officers in the above table were forfeited in fiscal 2012 or fiscal 2011. All vested and unvested stock options were cancelled in connection with the Merger and holders received payments for each option equal to the difference (if any) between the per share consideration received in the Merger and the exercise price of the options. Amounts received for these options in connection with the Merger are reflected in the "Option Exercises and Stock Vested Transition Period" table below.

(6)

For the Transition Period, bonus amounts were approved for both the company component bonus and the individual component bonus of the annual incentive compensation plan. The Company attained a net income of over 200% of target, which is equivalent to a 200% payout of the assigned bonus target for the company component. The individual component bonus of the AIP was approved during the first quarter of calendar 2013 following a review of each Named Executive Officer's individual performance and contribution to the Company's strategic and financial goals. For the MPSP plan year ended December 31, 2012, the Company obtained an adjusted net income of \$25.5 million. The Compensation Committee approved the MPSP bonus of 10% for the Transition Period and each Named Executive Officer received a pro rata amount of the total award based on the proportion of his/her targeted bonus amount to the aggregate of the targeted bonus amounts for all participants. The following table shows the Non-Equity Incentive Plan Compensation provided to the Named Executive Officers for T2012:

	AIP Company Component	AIP Individual Component	MPSP	Total Non-Equity Incentive Plan Compensation
Gerardo I. Lopez	\$ 869,200	\$ 130,380	\$ 521,118	\$ 1,520,698
Craig R. Ramsey	462,800	69,420	202,078	734,298
Elizabeth Frank	324,000	129,600	202,078	655,678
John D. McDonald	452,400	67,860	202,078	722,338
Mark A. McDonald	234,000	93,600	202,078	529,678

For fiscal 2012, bonus amounts were approved for both the company component bonus and the individual component bonus of the AIP. The Company attained an adjusted EBITDA of 96% of target, which is equivalent to a 60% payout of the assigned bonus target for the company component. The individual component bonus of the annual incentive compensation plan was approved during the first quarter of fiscal 2013 following a review of each Named Executive Officer's individual performance and contribution to the Company's strategic and financial goals.

For fiscal 2011, the individual component bonus of the annual incentive compensation plan was approved during the first quarter of fiscal 2012 following a review of each Named Executive Officer's individual performance and contribution to the Company's strategic and financial goals. No company component bonuses were earned for fiscal 2011 under the annual incentive compensation program because the Company did not meet the minimum 90% of targeted adjusted EBITDA threshold. Further discussion on the annual incentive bonus program for the Named Executive Officers can be found in the Compensation Discussion and Analysis Annual Performance Bonus section.

This column also includes the nonqualified deferred compensation above market earnings for the difference between market interest rates determined pursuant to SEC rules and the interest contingently credited by the Company on salary deferred by the Named Executive Officers. For the Transition Period, the above market earnings of 4.9% to 7.8% for Mr. John McDonald, Mr. Mark McDonald, and Mr. Gerardo Lopez were \$3,746, \$8,024, and \$7,387, respectively. For fiscal 2012, the above market earnings of 4.1% for Mr. Craig Ramsey were \$1,855. For fiscal 2011, above market earnings of 17.6% to 23.8% for Mr. Craig Ramsey and Mr. John McDonald were \$19,212 and \$17,630, respectively. Further discussion on the nonqualified deferred compensation for the Named Executive Officers can be found in the *Compensation Discussion and Analysis* Nonqualified Deferred

Compensation section.

Mark A. McDonald	6,731	1,188			51,101	59,020

In connection with the change of control, this column also includes the fair value settlement of the fiscal 2013 and fiscal 2014 restricted stock (performance vesting) for T2012. The fiscal 2013 and fiscal 2014 restricted stock (performance vesting) had not been granted per ASC 718-10-55-95 as the Compensation Committee did not approved the performance target for the restricted stock (performance vesting) due to the Merger. The unvested restricted stock (performance vesting) awards for fiscal 2013 and fiscal 2014 were cancelled immediately prior to the closing of the Merger. Holders of unvested restricted stock (performance vesting) awards received payments for each restricted share equal to the per share consideration received in the Merger.

Compensation of Named Executive Officers

The Summary Compensation Table above quantifies the value of the different forms of compensation earned by or awarded to our Named Executive Officers during the Transition Period. The primary elements of each Named Executive Officer's total compensation reported in the table generally are base salary and annual bonus, although for the 2012 Transition Period the Management Bonus was a significant component of the Named Executive Officers' total compensation.

The Summary Compensation Table should be read in conjunction with the tables and narrative descriptions that follow. A description of the material terms of each Named Executive Officer's base salary and annual bonus is provided below.

The "Pension Benefits" table and related description of the material terms of our pension plans describe each Named Executive Officer's retirement benefits under the Companies' defined-benefit pension plans to provide context to the amounts listed in the Summary Compensation Table. The "Grant of Plan-based Awards" table and related footnotes provides material terms of the Company's annual incentive plan and MPSP plan. The discussion in the section "Potential Payments Upon Termination or Change of Control" explains the potential future payments that may become payable to our Named Executive Officers. The Management Bonus is discussed in "Current Executive Compensation Program Elements Special Incentive Bonuses" under "Compensation Discussion and Analysis".

Description of Employment Agreements Salary and Bonus Amounts

We have entered into employment agreements with each of Mr. Gerardo Lopez, Mr. Craig Ramsey, Ms. Elizabeth Frank, Mr. John McDonald, and Mr. Mark McDonald. Provisions of these agreements relating to an outstanding incentive award and post-termination of employment benefits are discussed below.

Gerardo I. Lopez. On February 23, 2009, AMC Entertainment Inc. entered into an employment agreement with Gerardo I. Lopez to serve as its Chief Executive Officer. The term of the agreement is for three years, with automatic one-year extensions each year. The agreement provides that Mr. Lopez will receive an initial annualized base salary of \$700,000. The Board of Directors or Compensation Committee, based on its review, has discretion to increase (but not reduce) the base salary each year. The agreement also provides for annual bonuses for Mr. Lopez determined by the Board or Compensation Committee based on performance objectives established with respect to that particular year. In addition, Mr. Lopez is receiving a one-time special incentive bonus that vests at the rate of \$400,000 per year over five years, effective March 2009, provided he remains employed on each vesting date. The first four installments of the special incentive bonus were paid as of March 2013 and the fifth

Table of Contents

installment is payable upon vesting. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. The agreement also provides that Mr. Lopez will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with related business expenses and travel. Change of control, severance arrangements and restrictive covenants in Mr. Lopez's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change of Control."

Craig R. Ramsey. On July 1, 2001, AMC and AMCE entered into an employment agreement with Craig R. Ramsey, who serves as the Executive Vice President and Chief Financial Officer of the Company and reports directly to AMCE's Chairman of the Board, President and Chief Executive Officer. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. Ramsey will receive an initial annualized base salary of \$275,000. Subject to their review, the Chairman of the Board, President and Chief Executive Officer of AMCE and, if applicable, the Compensation Committee has discretion to increase the base salary each year. The agreement also provides for annual bonuses for Mr. Ramsey based on the applicable incentive compensation program of the Company and consistent with the determination of the Chairman of the Board, President and Chief Executive Officer of AMCE and, if applicable, the Compensation Committee. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. Ramsey will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change of control and severance arrangements in Mr. Ramsey's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change of Control."

Elizabeth Frank. On August 18, 2010, AMC Entertainment Inc. entered into an employment agreement with Elizabeth Frank, who currently serves as the Executive Vice President and Chief Content and Programming Officer. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Ms. Frank will receive an initial annualized base salary of \$300,000. Subject to their review, the Board or the Compensation Committee has discretion to increase (but not reduce) the base salary each year. The agreement also provides for annual bonuses for Ms. Frank and the target incentive for a particular fiscal year of the Company shall be determined by the Board of Directors or the Compensation Committee, in its sole discretion, based on performance objectives. The target incentive bonus for each fiscal year during the period of employment shall equal 60% of the base salary. In making its determination with respect to salary and bonus levels, the Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Ms. Frank will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with carrying out the Executive's duties for the Company. Severance arrangements in Ms. Frank's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change of Control."

John D. McDonald. On July 1, 2001, AMC and AMC Entertainment Inc. entered into an employment agreement with John D. McDonald, who serves as an Executive Vice President, U.S. Operations. Mr. McDonald reports directly to AMC's President and Chief Operating Officer or such officer's designee. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. McDonald will receive an initial annualized base salary of \$275,000. Subject to their review, the President and Chief Operating Officer of AMC with the approval

of AMC Entertainment's Chairman of the Board, President and Chief Executive Officer and, if applicable, the Compensation Committee have discretion to increase the base salary each year. The agreement also provides for annual bonuses for Mr. McDonald based on the applicable incentive compensation program of the Company and consistent with the determination of the President and Chief Operating Officer of AMC with the approval of AMC Entertainment's Chairman of the Board, President and Chief Executive Officer and, if applicable, the Compensation Committee. In making its determination with respect to salary and bonus levels, the Compensation Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. McDonald will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change of control and severance arrangements in Mr. McDonald's employment agreements are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change of Control."

Mark A. McDonald. On July 1, 2001, AMC Entertainment Inc. entered into an employment agreement with Mark A. McDonald who currently serves as the Executive Vice President of Global Development. The term of the agreement is for two years, with automatic one-year extensions each year. The agreement provides that Mr. McDonald will receive an initial annualized base salary of \$225,000 subject to review by the Chairman of the Board, President and Chief Executive Officer of AMCE and, if applicable, the Compensation Committee. The agreement also provides for annual bonuses for Mr. McDonald based on the applicable incentive compensation program of the Company and consistent with the determination of the Chairman of the Board, President and Chief Executive Officer of AMCE and, if applicable, the Compensation Committee. In making its determination with respect to salary and bonus levels, the Committee considers the factors discussed in the "Current Executive Compensation Program Elements" of the Compensation Discussion and Analysis above. In addition, the agreement provides that Mr. McDonald will be eligible for benefits offered by the Company to other executive officers and will be entitled to reimbursements for expenses reasonably incurred in connection with business travel and entertainment. Change in control and severance arrangements in Mr. McDonald's employment agreement are discussed in detail below in the narrative section "Potential Payments Upon Termination or Change in Control."

- (1) The company component bonus of the annual incentive compensation program was based primarily on attainment of a net income target of \$1.0 million for the 12 months ended December 31, 2012. The plan guideline was that no company performance component of the bonus would be paid below attainment of 100% of targeted net income and that upon attainment of 100% of targeted net income, each Named Executive Officer would receive 100% of his/her assigned bonus target. For each \$1.0 million of additional net income generated in the calendar year (amounts in excess of \$1.0 million of net income but not exceeding \$21.0 million of net income), 5% of additional AIP payout would be awarded up to a maximum award of 200% of the target payout. The Compensation Committee approved the company component bonus of 200% for the Transition Period under the annual incentive compensation program.
- (2) The individual component bonus of the annual incentive compensation plan for the Transition Period was determined during the first quarter of calendar 2013 following a review of each Named Executive Officer's individual performance and contribution to the Company's strategic and financial goals.
- (3) The amounts shown in this row presents the management profit sharing plan, also known as MPSP, which was based on attainment of an adjusted net income target of \$10.0 million for the plan year ended December 31, 2012. Upon attainment of 100% of targeted adjusted net income, each Named Executive Officer would receive 100% of his/her assigned bonus target. If the adjusted net income is equal to or exceeds 100% of targeted adjusted net income, the Company will pay 10% of the adjusted net income and each Named Executive Officer will receive a pro rata amount of the total award based on the proportion of his/her targeted bonus amount to the aggregate of the targeted bonus amounts for all participants. The MPSP bonus for each plan year is unlimited. For the plan year ended December 31, 2012, the Company obtained an adjusted net income of \$25.5 million. The Compensation Committee approved the MPSP bonus of 10% for the Transition Period and each Named Executive Officer received his/her assigned pro rata bonus amount.

Table of Contents**Pension Benefits**

The following table presents information regarding the present value of accumulated benefits that may become payable to the Named Executive Officers under our qualified and nonqualified defined-benefit pension plans.

Name	Plan Name	Number of Years Credited Service (#)	Present Value of Accumulated Benefit(1) (\$)	Payments During Transition Period (\$)

	Supplemental Executive Retirement Plan	26.60	208,342	

(1)

The accumulated benefit is based on service and earnings considered by the plans for the period through December 31, 2012. The present value has been calculated assuming the Named Executive Officers will remain in service until age 65, the age at which retirement may occur without any reduction in benefits, and that the benefit is payable under the available forms of annuity consistent with the plans. The interest assumption is 4.17%. The post-retirement mortality assumption is based on the 2012 IRS Prescribed Mortality-Static Annuitant, male and female mortality table. See Note 12 Employee Benefit Plans of the Notes to the Company's audited Consolidated Financial Statements contained elsewhere in this prospectus for more information.

Pension and Other Retirement Plans

We provide retirement benefits to the Named Executive Officers under the terms of qualified and non-qualified defined-benefit plans. The AMC Defined Benefit Retirement Income Plan is a tax-qualified retirement plan in which the Named Executive Officers participate on substantially the same terms as our other participating employees. However, due to maximum limitations imposed by ERISA and the Internal Revenue Code on the annual amount of a pension which may be paid under a qualified defined-benefit plan, the benefits that would otherwise be payable to the Named Executive Officers under the Defined Benefit Retirement Income Plan are limited. Because we did not believe that it was appropriate for the Named Executive Officers' retirement benefits to be reduced because of limits under ERISA and the Internal Revenue Code, we have non-qualified supplemental defined-benefit plans that permit the Named Executive Officers to receive the same benefit that would be paid under our qualified defined-benefit plan up to the old IRS limit, as indexed, as if the Omnibus Budget Reconciliation Act of 1993 had not been in effect. On November 7, 2006, our Board of Directors approved a proposal to freeze the AMC Defined Benefit Retirement Income Plan and the AMC Supplemental Executive Retirement Plan, effective as of December 31, 2006. As amended, benefits do not accrue after December 31, 2006, but vesting continues for associates with less than five years of vesting service. The material terms of the AMC Defined Benefit Retirement Income Plan and the AMC Supplemental Executive Retirement Plan are described below.

AMC Defined Benefit Retirement Income Plan. The AMC Defined Benefit Retirement Income Plan is a non-contributory defined-benefit pension plan subject to the provisions of ERISA. As mentioned above, the plan was frozen effective December 31, 2006.

Table of Contents

The plan provides benefits to certain of our employees based upon years of credited service and the highest consecutive five-year average annual remuneration for each participant. For purposes of calculating benefits, average annual compensation is limited by Section 401(a)(17) of the Internal Revenue Code, and is based upon wages, salaries and other amounts paid to the employee for personal services, excluding certain special compensation. Under the defined benefit plan, a participant earns a vested right to an accrued benefit upon completion of five years of vesting service.

AMC Supplemental Executive Retirement Plan. AMC also sponsors a Supplemental Executive Retirement Plan to provide the same level of retirement benefits that would have been provided under the retirement plan had the federal tax law not been changed in the Omnibus Budget Reconciliation Act of 1993 to reduce the amount of compensation which can be taken into account in a qualified retirement plan. The plan was frozen, effective December 31, 2006, and no new participants can enter the plan and no additional benefits can accrue thereafter.

Subject to the forgoing, any individual who is eligible to receive a benefit from the AMC Defined Benefit Retirement Income Plan after qualifying for early, normal or late retirement benefits thereunder, the amount of which is reduced by application of the maximum limitations imposed by the Internal Revenue Code, is eligible to participate in the Supplemental Executive Retirement Plan.

The benefit payable to a participant equals the monthly amount the participant would receive under the AMC Defined Benefit Retirement Income Plan without giving effect to the maximum recognizable compensation for qualified retirement plan purposes imposed by the Internal Revenue Code, as amended by Omnibus Budget Reconciliation Act of 1993, less the monthly amount of the retirement benefit actually payable to the participant under the AMC Defined Benefit Retirement Income Plan, each as calculated as of December 31, 2006. The benefit is an amount equal to the actuarial equivalent of his/her benefit, computed by the formula above, payable in either a lump sum (in certain limited circumstances, specified in the plan) or equal semi-annual installments over a period of two to ten years, with such form, and, if applicable, period, having been irrevocably elected by the participant.

If a participant's employment with AMC terminates for any reason (or no reason) before the earliest date he/she qualifies for early, normal or late retirement benefits under the AMC Defined Benefit Retirement Income Plan, no benefit is payable under the Supplemental Executive Retirement Plan.

Table of Contents**Nonqualified Deferred Compensation**

The following table presents information regarding the contributions to and earnings on the Named Executive Officers' deferred compensation balances during the Transition Period of March 30, 2012 through December 31, 2012:

Name	Executive Contributions in Last FY (\$)(1)	Registrant Contributions in Last FY (\$)	Aggregate Earnings in Last FY (\$)(2)	Aggregate Withdrawals/ Distributions (\$)	Aggregate Balance at Last FYE (\$)(3)
Gerardo I. Lopez	\$ 131,347	\$	\$ 11,695	\$	\$ 160,773
Craig R. Ramsey	21,801		6,242		236,865

John D. McDonald	44,021		9,237		199,237
Mark A. McDonald	36,956		19,387	(4,358)	412,581

- (1) These amounts represent payroll deductions for the applicable executive and are therefore included in the Summary Compensation Table.
- (2) Of the amounts shown in this column, the following amounts are reported as above-market earnings on deferred compensation in the "Change in Pension Value and Nonqualified Deferred Compensation Earnings" column of the Summary Compensation Table: Mr. Gerardo Lopez \$7,387 and Mr. John McDonald \$3,746, and Mr. Mark McDonald \$8,024.
- (3) The amounts reported include amounts included in Summary Compensation Table for current and prior years.

Non-Qualified Deferred Compensation Plan

AMC permits the Named Executive Officers and other key employees to elect to receive a portion of their compensation reported in the Summary Compensation Table on a deferred basis. Deferrals of compensation during the Transition Period and in recent years have been made under the AMC Non-Qualified Deferred Compensation Plan. Participants of the plan are able to defer annual salary and bonus (excluding commissions, expense reimbursement or allowances, cash and non-cash fringe benefits and any stock-based incentive compensation). Amounts deferred under the plans are credited with an investment return determined as if the participant's account were invested in one or more investment funds made available by the Committee and selected by the participant. AMC may, but need not, credit the deferred compensation account of any participant with a discretionary or profit sharing credit as determined by AMC. The deferred compensation account will be distributed either in a lump sum payment or in equal annual installments over a term not to exceed 10 years as elected by the participant and may be distributed pursuant to in-service withdrawals pursuant to certain circumstances. Any such payment shall commence upon the date of a "Qualifying Distribution Event" (as such term is defined in the Non-Qualified Deferred Compensation Plan). The Qualifying Distribution Events are designed to be compliant with Section 409A of the Internal Revenue Code.

Pursuant to his employment agreement, Mr. Gerardo Lopez is entitled to a one-time special incentive bonus of \$2.0 million that vests at the rate of \$400,000 per year over five years, effective March 2009, provided that he remains employed on each vesting date. The first four installments of the special incentive bonus were paid as of March 2013 and the fifth installment is payable upon vesting.

Table of Contents

Potential Payments Upon Termination or Change of Control

The following section describes the benefits that may become payable to certain Named Executive Officers in connection with a termination of their employment with Parent and/or a change of control of Parent, changes in responsibilities, salary or benefits.

Assumptions. As prescribed by the SEC's disclosure rules, in calculating the amount of any potential payments to the Named Executive Officers under the arrangements described below, we have assumed that the applicable triggering event (i.e., termination of employment and/or change of control) occurred on the last day of the Transition Period.

Gerardo I. Lopez

Mr. Lopez's employment agreement, described above under "Employment Agreements Salary and Bonus Payments," provides for certain benefits to be paid to Mr. Lopez in connection with a termination of his employment with AMC Entertainment Inc. under the circumstances described below.

Severance Benefits. In the event Mr. Lopez's employment is terminated during the employment term by AMC Entertainment without cause (other than due to death or "Disability"), or by Mr. Lopez pursuant to a termination for "Good Reason" or after a "Change of Control" (as those terms are defined in the employment agreement), Mr. Lopez will be entitled to severance pay equal to two times the sum of his base salary plus the average of each Annual Incentive Plan bonus paid to him during the 24 months preceding the severance date to be paid in equal installments over a period of twenty-four consecutive months. The remaining unpaid Special Incentive Bonus of \$800,000 shall immediately vest in full upon Mr. Lopez's involuntary termination within twelve months after a change of control, as defined in the employment agreement.

If Mr. Lopez had his terminated employment with us on December 31, 2012 pursuant to his employment agreement under the circumstances described in the preceding paragraph, we estimate that he would have been entitled to a cash payment equal to \$1.6 million. This amount is derived by multiplying two by the sum of \$776,100, which represents Mr. Lopez's annualized base salary rate in effect on December 31, 2012. Mr. Lopez also would have been entitled to a cash payment equal to the average of each Annual Incentive Plan bonus paid during the past 24 months. Mr. Lopez received an Annual Incentive Plan bonus for the Transition Period, based on calendar 2012 results, and for fiscal 2012 of \$999,580 and \$358,670, respectively, which would entitle him to receive an average Annual Incentive Plan cash payment of \$679,125. The remaining two-fifths of the Special Incentive Bonus of \$2.0 million, or \$800,000, shall immediately vest and be paid in full upon Mr. Lopez's involuntary termination within twelve months after a change of control.

Other Named Executive Officers

The employment agreements for each of the other Named Executive Officers, described above under "Employment Agreements Salary and Bonus Payments," provide for certain benefits to be paid to the executive in connection with a termination of his/her employment with AMC or AMC Entertainment under the circumstances described below and/or a change of control of AMC or AMC Entertainment.

Severance Benefits. In the event the executive's employment is terminated during the employment term as a result of the executive's death or "Disability" or by AMC or AMC Entertainment pursuant to a "Termination Without Cause" or by the executive following certain changes in his/her responsibilities, annual base salary or benefits, the executive (or his/her personal representative) will be entitled to a lump cash severance payment equal to two years of his/her base salary then in effect. Ms. Frank will be entitled to receive cash severance payments equal to two years of her individual base salary in equal installments over a period of twenty-four consecutive months and, pursuant to her

Table of Contents

employment agreement, is not entitled to severance benefits for an employment termination resulting from death or "Disability".

Upon a termination of employment with us on December 31, 2012 under the circumstances described in the preceding paragraph, we estimate that each Named Executive Officer (other than Mr. Lopez) would have been entitled to a lump sum cash payment as follows: Mr. Craig Ramsey \$890,000; Ms. Elizabeth Frank \$900,000; Mr. John McDonald \$870,000; and Mr. Mark McDonald \$650,000. These amounts are derived by multiplying the respective executive's annualized base salary rate in effect on December 31, 2012 by two.

Restrictive Covenants. Pursuant to each Named Executive Officer's employment agreement, the executive has agreed not to disclose any confidential information of AMC or AMC Entertainment at any time during or after his/her employment with AMC/AMC Entertainment.

Director Compensation Transition Period

The following section presents information regarding the compensation paid during Transition Period to members of our Board of Directors who are not our employees (referred to herein as "Non-Employee Directors"). The compensation paid to Mr. Gerardo I. Lopez, who is also an employee, is presented above in the Summary Compensation Table and the related explanatory tables. Mr. Lopez did not receive additional compensation for his service as a director.

Non-Employee Directors

One of our non-employee directors, Anthony J. Saich, receives an annual cash retainer of \$100,000, plus an annual cash retainer of \$20,000 for serving on an audit committee and an annual cash retainer of \$20,000 for serving on a compensation committee, plus \$2,500 for each board meeting or committee meeting. The other three non-employee directors do not receive any compensation from the Company. Prior to the Merger, we paid our directors an annual cash retainer of \$50,000, plus \$1,500 for each meeting of the board of directors they attended in person or by phone, plus \$1,000 for each committee meeting they attended. We also reimbursed all directors for any out-of-pocket expenses incurred by them in connection with their services provided in such capacity. In connection with the offering, we will modify the compensation program for our directors, see " Post-offering Compensation Changes to Compensation for Members of our Board of Directors."

- (2) As a result of the Merger on August 30, 2012, Lin Zhang, Chaohui Liu, Ning Ye, and Anthony J. Saich were elected as members of the Company's Board of Directors.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee members whose names appear on the Compensation Committee Report were committee members during the period August 31, 2012 through December 31, 2012. Prior to the Merger, Stephen P. Murray, Aaron J. Stone, Eliot P.S. Merrill, and Philip Loughlin were Compensation Committee members during the period of March 30, 2012 through August 30, 2012. No member of the Compensation Committee who served at any time during the Transition Period is or has been a former or current executive officer of the Company or has had any relationships requiring disclosure by the Company under the SEC's rules requiring disclosure of certain relationships and related-party transactions. None of the Company's executive officers served as a director or a member of a compensation committee (or other committee serving an equivalent function) of any other entity that has one or more executive officers serving on our Board of Directors or on the Compensation Committee during the period March 30, 2012 through December 31, 2012.

Risk Oversight

The Board of Directors executes its oversight responsibility for risk management directly and through its Committees, as follows:

The Audit Committee has primary oversight responsibility with respect to financial and accounting risks. The Audit Committee discusses with management the Company's major financial risk exposures and the Company's risk assessment and risk management policies. Management provides to the Audit Committee periodic assessments of the Company's risk management processes and systems of internal control. The Chairman of the Audit Committee reports to the full Board regarding material risks as deemed appropriate.

Table of Contents

The Board's other Committees oversee risks associated with their respective areas of responsibility. For example, the Compensation Committee considers the risks associated with our compensation policies and practices, with respect to both executive compensation and compensation generally. The Board of Directors is kept abreast of its Committees' risk oversight and other activities via reports of the Committee Chairmen to the full Board. These reports are presented at every regular Board of Directors meeting and include discussions of Committee agenda topics, including matters involving risk oversight.

The Board of Directors considers specific risk topics, including risks associated with our Annual Operating Plan and our capital structure. In addition, the Board of Directors receives detailed regular reports from the members of our SLT that include discussions of the risks and exposures involved in their respective areas of responsibility. Further, the Board of Directors is routinely informed of developments that could affect our risk profile or other aspects of our business.

Policies and Practices as They Relate to Risk Management

The Compensation Committee believes the elements of the Company's executive compensation program effectively link performance-based compensation to financial goals and stockholders' interests without encouraging executives to take unnecessary or excessive risks in the pursuit of those objectives. The Compensation Committee believes that the overall mix of compensation elements is appropriately balanced and does not encourage the taking of short-term risks at the expense of long-term results. The long term incentive plan awards are payable in cash on an annual basis and are subject to the Company achieving a predetermined adjusted net profit target (as defined in the plan) for each plan year ending on December 31, 2012, 2013, 2014, and 2015. The Compensation Committee believes the long-term incentive bonus awards allow the Company to attract, retain and provide incentives to a talented management team, together with the Company stock owned by its executives, appropriately links the long-term interests of executives and stockholders, and balances the short-term nature of annual incentive cash bonuses and any incentives for undue risk-taking in our other compensation arrangements. Following the offering, we expect to adopt a new equity incentive plan. See " Post-offering Compensation 2013 Equity Incentive Plan."

DESCRIPTION OF CERTAIN INDEBTEDNESS

As of September 30, 2013 we had \$2.2 billion of outstanding indebtedness. The following is a summary of provisions relating to our indebtedness.

Senior Secured Credit Facility

On April 30, 2013, AMCE entered into a new \$925.0 million senior secured credit facility, the proceeds of which were used to repay its prior credit facility, for the payment of related fees and expenses and for working capital and general corporate purposes including acquisitions. The senior secured credit facility is comprised of:

a \$775.0 million term loan, maturing on April 30, 2020; and

a \$150.0 million revolving credit facility maturing on April 30, 2018.

As of September 30, 2013, \$771.1 million of principal was outstanding on the term loan and approximately \$11.5 million in letters of credit issued under the senior secured credit facility were outstanding, leaving \$138.5 million available under our revolving credit facility.

Interest Rate and Fees

The borrowings under the senior secured credit facility bear interest at a rate equal to an applicable margin plus, at our option, either (a) a base rate determined by reference to the highest of (and subject to a 1.75% base rate floor) (1) the base rate of Citibank, N.A., (2) the federal funds rate plus $\frac{1}{2}$ of 1% and (3) the LIBOR rate described below for an interest period of one month plus 1.00% or (b) a LIBOR rate (subject to a 0.75% LIBOR floor) determined by reference to the offered rate for deposits in U.S. dollars appearing on the applicable Reuters screen for the interest period relevant to such borrowing adjusted for certain additional reserves. The current applicable margin for borrowings under the revolving credit facility is 1.50% with respect to base rate borrowings and 2.50% with respect to LIBOR borrowings (which margins may be reduced subject to our attaining certain net senior secured leverage ratios), the applicable margin for borrowings under the term loan is 1.75% with respect to base rate borrowings and 2.75% with respect to LIBOR borrowings.

In addition to paying interest on outstanding principal under the senior secured credit facility, AMCE is required to pay a quarterly unused commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.50% per annum.

Prepayments

The senior secured credit facility requires AMCE to prepay outstanding term loans, subject to certain exceptions, with:

Commencing with the fiscal year ended on or about December 31, 2014, 50% of AMCE's excess cash flow for each fiscal year if AMCE's net senior secured leverage ratio is greater than a certain threshold as of the last day of such fiscal year, if and to the extent excess cash flow exceeds \$20.0 million for such fiscal year;

100% of the net cash proceeds of all non-ordinary course asset sales and casualty and condemnation events, subject to certain reinvestment rights, exceptions and limitations; and

100% of the net proceeds of any incurrence of debt other than debt permitted under the senior secured credit facility.

Subject to a 101% "soft call" with respect to any prepayment or refinancing of the term loans prior to October 30, 2010, AMCE may voluntarily repay outstanding loans under the senior secured

Table of Contents

credit facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans.

Amortization

Balances under the term loan amortize each year in amounts equal to 1.00% of the initial principal balance of the term loans, payable in equal quarterly installments, with the remaining balance payable at maturity.

Guarantee and Security

All obligations under the senior secured credit facility are unconditionally guaranteed by, subject to certain exceptions, each of AMCE's existing and future direct and indirect wholly-owned domestic subsidiaries.

All obligations under the senior secured credit facility, and the guarantees of those obligations (as well as cash management obligations and any interest hedging or other swap agreements with lenders and their affiliates), are secured by a pledge of substantially all of AMCE's assets as well as those of each subsidiary guarantor, including, but not limited to, the following, and subject to certain exceptions:

a pledge of 100% of the equity interests of substantially all of AMCE's domestic subsidiaries and 65% of the voting (and 100% of the non-voting) equity interests of AMCE's "first-tier" foreign subsidiaries; and

a security interest in substantially all of AMCE's tangible and intangible assets as well as those of each subsidiary guarantor.

Certain Covenants and Events of Default

The senior secured credit facility contains a number of covenants that, among other things, restrict, subject to certain exceptions, AMCE's ability, and the ability of AMCE's subsidiaries, to:

sell assets;

incur additional indebtedness;

prepay other indebtedness (including the Notes due 2020);

pay dividends and distributions or repurchase its capital stock;

create liens on assets;

make investments;

make certain acquisitions;

engage in mergers or consolidations;

engage in certain transactions with affiliates;

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

amend certain charter documents and material agreements governing its subordinated indebtedness;

change the business conducted by AMCE and its subsidiaries; and

enter into agreements that restrict dividends from subsidiaries.

In addition, the senior secured credit facility requires AMCE to maintain a maximum net senior secured leverage ratio as long as the commitments under the revolving credit facility remain outstanding.

Table of Contents

The senior secured credit facility also contains certain customary affirmative covenants and events of default.

Parent is not a party to the senior secured credit facility and as a result is not subject to the covenants listed above.

Notes due 2019, Notes due 2020

On June 9, 2009, AMCE sold \$600.0 million aggregate principal amount of its Notes due 2019. The Notes due 2019 bear interest at the rate of 8.75% per annum, payable in June and December of each year. The Notes due 2019 are redeemable at our option, in whole or in part, at any time on or after June 1, 2014 at 104.375% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017, plus interest accrued to the redemption date. The Notes due 2019 are unsecured and rank equally with all of AMCE's existing and future senior indebtedness (as defined in the indenture for the Notes due 2019). As of September 30, 2013, we had \$649.5 million carrying value outstanding under our Notes due 2019.

On December 15, 2010, AMCE sold \$600.0 million aggregate principal amount of its Notes due 2020. The Notes due 2020 bear interest at a rate of 9.75% per annum, payable in June and December of each year. The Notes due 2020 are redeemable at our option, in whole or in part, at any time on or after December 1, 2015 at 104.875% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after December 1, 2018. In addition, AMCE may redeem up to 35% of the aggregate principal amount of the Notes due 2020 using net proceeds from certain equity offerings completed on or prior to December 1, 2013. As of September 30, 2013, we had \$656.8 million carrying value outstanding under our Notes due 2020.

The indentures relating to the outstanding notes allow AMCE to incur all permitted indebtedness (as defined therein) without restriction, which includes all amounts borrowed under the senior secured credit facility. The indentures also allow AMCE to incur additional debt as long as it can satisfy the coverage ratio of each indenture after giving effect thereto on a pro forma basis.

The indentures also contain covenants limiting dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets, and require AMCE to make an offer to purchase such notes upon the occurrence of a change in control, as defined in the indentures. These covenants are substantially similar to the covenants in all the indentures are subject to a number of important qualifications. The indentures do not impose any limitation on the incurrence of liabilities that are not considered "indebtedness" under the indentures, such as certain sale/leaseback transactions; nor do the note indentures impose any limitation on the amount of liabilities incurred by our subsidiaries, if any, that might be designated as "unrestricted subsidiaries" (as defined in the indentures). Furthermore, AMCE is not restricted from making advances to, or investing in, other entities (including unaffiliated entities) and its subsidiaries are not restricted from entering into agreements restricting its ability to pay dividends or otherwise transfer funds to it.

The indenture relating to the Notes due 2020, also contains provisions subordinating AMCE's obligations under those notes to its obligations under its existing senior secured credit facility and other senior indebtedness. These include a provision that applies if there is a payment default under its existing senior secured credit facility or other senior indebtedness and one that applies if there is a non-payment default that permits acceleration of indebtedness under its existing senior secured credit facility. If there is a payment default under the senior secured credit facility or other senior indebtedness, generally no payment may be made on any of the Notes due 2020 until such payment default has been cured or waived or such senior indebtedness had been discharged or paid in full. If there is a non-payment default under the senior secured credit facility, or with respect to designated senior indebtedness (as defined), if any, that would permit the lenders to accelerate the maturity date of the existing senior secured credit facility or any such designated senior indebtedness, no payment

Table of Contents

may be made on the Notes due 2020 for a period (a "payment blockage period") commencing upon the receipt by the indenture trustees for the Notes due 2020 of notice of such default and ending up to 179 days thereafter. Not more than one payment blockage period may be commenced during any period of 365 consecutive days. AMCE's failure to make payment on the Notes due 2020 when due or within any applicable grace period, whether or not occurring under a payment blockage period, will be an event of default with respect to such existing Notes due 2020.

The proceeds of this offering will be used for general corporate purposes, which may include, among other things, capital expenditures and retirement of outstanding indebtedness, which may include our 8.75% Senior Fixed Rate Notes due 2019. However, we have not made a definitive determination as to how to allocate these proceeds among these and other possible general corporate purposes and we do not anticipate doing so prior to the completion of this offering. See "Risk Factors We may apply the proceeds of this offering to uses that do not improve our operating results or increase the value of your investment." See "Use of Proceeds."

As of September 30, 2013, AMCE was in compliance with all financial covenants relating to the senior secured credit facility, the Notes due 2019, and the Notes due 2020.

Parent is not a party to the indentures relating to the outstanding notes and as a result is not subject to the covenants listed above.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

As a public company we will have a policy that will ensure that all transactions with related parties are fair, reasonable and in the parties' best interest. In this regard, generally the board of directors or one of the committees reviews material transactions between the Company and related parties to determine that, in their best business judgment, such transactions meet that standard. We believe that each of the transactions described below is on terms at least as favorable to it as could have been obtained from an unaffiliated third party. Set forth below is a description of certain transactions which have occurred since April 2, 2010 or which involve obligations that remain outstanding as of September 30, 2013.

For a description of certain employment agreements between us and Messrs. Gerardo I. Lopez, John D. McDonald, Craig R. Ramsey, Elizabeth Frank and Mark A. McDonald see "Compensation Discussion and Analysis Compensation of Named Executive Officers."

Merger Agreement

As part of the Merger, we entered into an Agreement and Plan of Merger with Wanda (the "Merger Agreement"). Pursuant to the agreement, at the effective time of the merger, Wanda Film Exhibition Co. Ltd., an entity indirectly owned by Wanda was merged with and into the Company. As a result of the merger, Wanda, became our majority stockholder. For further information about the Merger, see Note 2 Merger of the Notes to Consolidated Financial Statements included elsewhere in this prospectus.

Subscription Agreement

On the Closing Date of the Merger, Parent and certain members of management (the "Management Shareholders") entered into Management Subscription Agreements (the "Subscription Agreements"). Pursuant to the Subscription Agreement, each Management Shareholder agreed to purchase Class N shares of Parent at the price paid by Wanda for the Class A shares of Parent purchased in connection with the Merger.

Management Stockholders Agreement

On the closing of the Merger, Parent and Wanda entered into a management stockholders agreement with members of management.

Transfer Restrictions. Under the management stockholders agreement, each management shareholder agreed, subject to customary exceptions, not to transfer any shares of Parent acquired in connection with the Merger or acquired after the date of the Merger without the written consent of Wanda prior to the earliest to occur of (i) January 1, 2016 or (ii) the date on which Parent consummates its initial public offering (the "Release Date"). Until the second anniversary following the Release Date, each management shareholder agreed to restrictions on the number of shares of Parent common stock they may transfer.

Put Rights. During the period beginning on January 1, 2016 (or upon the termination of a management stockholder's employment by us without cause, by the management stockholder for good reason, or due to the management stockholder's death or disability) and ending on the earlier of (i) January 1, 2019 and (ii) the date of a qualified public offering, the management shareholders have the right to require Parent to purchase their shares at a price equal to the price per share paid by such management shareholder pursuant to their Subscription Agreement, with appropriate adjustments for any subsequent events such as dividends, splits, combinations and the like (the "Purchase Price per Share"). If Parent has not consummated a qualified public offering by January 1, 2019, then during the period beginning on January 1, 2019 and ending on the date of a qualified public offering, the

Table of Contents

management shareholders have the right to require Parent to purchase their shares at a price equal to the greater of (i) the fair market value of the shares and (ii) the Purchase Price per Share. Following a qualified public offering, the Management Shareholders will have the right, in limited circumstances, to require Parent to purchase shares of Parent that are not fully and freely tradeable

Tag-Along Rights. Prior to a qualified public offering, the management shareholders each have customary tag-along rights, which are the rights to include its shares of Parent, on the same terms and conditions, in any sale by Wanda or its affiliates to an independent third party, on a proportional basis based on relative ownership levels at that time.

Drag-Along Rights. Prior to a qualified public offering, in connection with the transfer by Wanda and its affiliates of at least 75% of the shares of Parent held by them to an independent third party, Wanda may require that the management shareholders transfer a proportionate number shares of Parent in that sale at the same purchase price as received by Wanda.

Piggyback Registration Rights. Subject to specified limitations, all management shareholders have unlimited piggyback registration rights. Parent has agreed to pay all registration expenses relating to these registrations.

Registration Rights Agreement

At the time of the Offering, we expect to enter into a registration rights agreement with Wanda (the "Registration Rights Agreement"). Pursuant to the Registration Rights Agreement, the Company will agree to use its best efforts to effect registered offerings upon request from Wanda and to grant incidental or "piggyback" registration rights with respect to any registrable securities held by Wanda.

The obligation to effect any demand for registration by Wanda will be subject to certain conditions, including limitations on the number of demand registrations and limitations on the minimum value of securities to be registered. In connection with any registration effected pursuant to the terms of the Registration Rights Agreement, we will be required to pay for all of the fees and expenses incurred in connection with such registration, including registration fees, filing fees and printing fees. However, the underwriting discounts and selling commissions payable in respect of registrable securities included in any registration are to be paid by Wanda. We have also agreed to indemnify the holders of registrable securities against all claims, losses, damages and liabilities with respect to each registration effected pursuant to the Registration Rights Agreement.

Capital Contributions

On August 31, 2012, Wanda made a capital contribution of \$50.0 million in cash to us, in exchange for 96,688 shares of our existing Class A common stock.

On September 27, 2012, Wanda made a capital contribution of \$50.0 million in cash to us, in exchange for 96,688 shares of our existing Class A common stock.

Tax Sharing Agreement

At the time of the Offering, we expect to enter into a tax agreement with a U.S. subsidiary of Wanda. Pursuant to the tax agreement, for any period that we were members of any consolidated or other tax group of which the Wanda subsidiary was the common parent, we will pay the group's tax liabilities attributable to our activities up to the amount that would be payable by us if Parent were the common parent of the consolidated or other tax group and, in addition, we will have the right to control the filing of tax returns, audits and other tax matters of any such consolidated or other tax group.

Amended and Restated Fee Agreement

Prior to the Merger, Parent was owned by the Former Sponsors, other co-investors and by certain members of management as follows: JPMP (20.834%); Apollo (20.834%); Bain (15.126%); Carlyle (15.126%); Spectrum (9.788%); Weston Presidio Capital IV, L.P. and WPC Entrepreneur Fund II, L.P. (3.909%); Co-Investment Partners, L.P. (3.909%); Caisse de Depot et Placement du Quebec (3.127%); AlpInvest Partners CS Investments 2003 C.V., AlpInvest Partners Later Stage Co-Investments Custodian II B.V. and AlpInvest Partners Later Stage Co-Investments Custodian IIA B.V. (2.736%); SSB Capital Partners (Master Fund) I, L.P. (1.955%); CSFB Strategic Partners Holdings II, L.P., CSFB Strategic Partners Parallel Holdings II, L.P., and GSO Credit Opportunities Fund (Helios), L.P. (1.564%); Credit Suisse Anlagestiftung, Pearl Holding Limited, Vega Invest (Guernsey) Limited and Partners Group Private Equity Performance Holding Limited (0.782%); Screen Investors 2004, LLC (0.152%); and current and former members of management (0.158%).

Prior to the Merger, we were party to an Amended and Restated Fee Agreement with the Former Sponsors, which provided for an annual management fee of \$5 million, payable quarterly and in advance to each Former Sponsor, on a pro rata basis, until the 12th anniversary from December 23, 2004, and such time as the Former Sponsors own less than 20% in the aggregate of our company. In addition, the fee agreement provided for reimbursements by us to the Former Sponsors for their out-of-pocket expenses. The Amended and Restated Agreement terminated on June 11, 2007, in connection with a separate transaction, and was superseded by a substantially identical agreement entered into by us, the Former Sponsors and our other stockholders.

Upon the consummation of a change of control transaction or an initial public offering, each of the Former Sponsors were entitled to receive, in lieu of quarterly payments of an annual management fee of \$5.0 million, a fee equal to the net present value of the aggregate annual management fee that would have been payable to the Former Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. The Former Sponsors waived their right to the payment referred to above that was triggered by the Merger. As a result of the Merger, we ceased paying the annual management fee of \$5.0 million to the Former Sponsors.

DESCRIPTION OF CAPITAL STOCK

Authorized Capital

The following description of material terms of our capital stock and certain provisions of our certificate of incorporation and bylaws, each of which will be in effect on the closing of this offering, are summaries and are qualified by reference to the certificate of incorporation and the bylaws, copies of which have been filed as exhibits to the registration statement, of which this prospectus forms a part.

Our authorized capital stock consists of:

shares of Class A common stock, par value \$0.01 per share;

shares of Class B common stock, par value \$0.01 per share; and

shares of preferred stock, par value \$0.01 per share.

Common Stock

At the completion of this offering, there will be _____ shares of Class A common stock issued and outstanding and _____ shares of Class B common stock issued and outstanding.

Voting Rights

Holders of our Class A common stock are entitled to one vote per share and holders of our Class B common stock are entitled to three votes per share. Holders of shares of Class A common stock and Class B common stock will vote together as a single class on all matters submitted to a vote of stockholders, unless otherwise required by law.

Our directors will be elected by all of our common stockholders voting together as a single class.

Generally, all matters to be voted on by stockholders must be approved by a majority (or, in the case of election of directors, by a plurality) of our outstanding voting power. Except as otherwise required by the DGCL, our certificate of incorporation or the voting rights granted to any preferred stock we subsequently issue, the holders of outstanding shares of common stock and preferred stock entitled to vote thereon, if any, will vote as one class with respect to all matters to be voted on by our stockholders. Under the DGCL, amendments to our certificate of incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class.

Conversion

Our Class A common stock is not convertible into any other shares of our capital stock.

Each share of Class B common stock is convertible at any time at the option of the holder into one share of Class A common stock. In addition, each share of Class B common stock shall convert automatically into one share of Class A common stock upon any transfer, whether or not for value, except for certain transfers described in our certificate of incorporation.

All authorized shares of Class B common stock shall automatically convert to Class A common stock if and when the holders of our Class B common stock collectively hold less than 30% of the aggregate number of outstanding shares of our common stock. Once transferred and converted into Class A common stock, the Class B common stock shall not be reissued. No class of common stock may be subdivided or combined unless the other class of common stock concurrently is subdivided or combined in the same proportion and in the same manner.

Table of Contents

Dividends

Holders of our Class A common stock and Class B common stock will share ratably (based on the number of shares of common stock held) in any dividend declared by our board of directors, subject to any preferential rights of any outstanding preferred stock.

Other Rights

Upon our liquidation, dissolution or winding up, after payment in full of the amounts required to be paid to holders of preferred stock, if any, all holders of common stock, regardless of class, will be entitled to share ratably in any assets available for distribution to holders of shares of common stock. No shares of any class of common stock are subject to redemption or have preemptive rights to purchase additional shares of common stock.

Preferred Stock

Upon the closing of this offering, our board of directors will be authorized, without further stockholder approval, to issue from time to time up to an aggregate of _____ shares of preferred stock in one or more series and to fix or alter the designations, preferences, rights and any qualifications, limitations or restrictions of the shares of each such series thereof, including the dividend rights, dividend rates, conversion rights, voting rights, terms of redemption (including sinking fund provisions), redemption price or prices, liquidation preferences and the number of shares constituting any series or designations of such series. Upon the closing of this offering, there will be no shares of preferred stock outstanding. We have no present plans to issue any shares of preferred stock. See " Anti-Takeover Effects of Certain Provisions of Delaware Law, the Certificate of Incorporation and the Bylaws."

Anti-Takeover Effects of Certain Provisions of Delaware Law, the Certificate of Incorporation and the Bylaws

Certain provisions of our amended and restated certificate of incorporation and bylaws may be considered to have an anti-takeover effect and may delay or prevent a tender offer or other corporate transaction that a stockholder might consider to be in its best interest, including those transactions that might result in payment of a premium over the market price for our shares. These provisions are designed to discourage certain types of transactions that may involve an actual or threatened change of control of us without prior approval of our board of directors. These provisions are meant to encourage persons interested in acquiring control of us to first consult with our board of directors to negotiate terms of a potential business combination or offer. We believe that these provisions protect against an unsolicited proposal for a takeover of us that might affect the long term value of our stock or that may be otherwise unfair to our stockholders. For example, our amended and restated certificate of incorporation and bylaws:

provide for a classified board of directors, pursuant to which our board of directors will be divided into three classes whose members will serve three-year staggered terms;

provide that the size of the board of directors will be set by members of the board, and any vacancy on our board of directors, including a vacancy resulting from an enlargement of our board of directors, may be filled only by vote of a majority of our directors then in office;

do not permit stockholders to take action by written consent unless Wanda owns shares of our outstanding common stock representing at least 50.1% of the total voting power;

provide that, except as otherwise required by law, special meetings of stockholders can only be called by our board of directors;

Table of Contents

establish an advance notice procedure for stockholder proposals to be brought before an annual meeting of stockholders, including proposed nominations of candidates for election to our board of directors;

limit consideration by stockholders at annual meetings to only those proposals or nominations specified in the notice of meeting or brought before the meeting by or at the direction of our board of directors or by a stockholder of record on the record date for the meeting who is entitled to vote at the meeting and who has delivered timely written notice in proper form to our secretary of the stockholder's intention to bring such business before the meeting;

authorize the issuance of "blank check" preferred stock that could be issued by our board of directors to increase the number of outstanding shares or establish a stockholders rights plan making a takeover more difficult and expensive; and

do not permit cumulative voting in the election of directors, which would otherwise allow less than a majority of stockholders to elect director candidates.

Our amended and restated certificate of incorporation expressly states that we have elected not to be governed by Section 203 of the DGCL, which prohibits a publicly held Delaware corporation from engaging in a "business combination" with an "interested stockholder" for a period of three years after the time the stockholder became an interested stockholder, subject to certain exceptions, including if, prior to such time, the board of directors approved the business combination or the transaction which resulted in the stockholder becoming an interested stockholder. "Business combinations" include mergers, asset sales and other transactions resulting in a financial benefit to the "interested stockholder." Subject to various exceptions, an "interested stockholder" is a person who, together with his or her affiliates and associates, owns, or within three years did own, 15% or more of the corporation's outstanding voting stock. These restrictions generally prohibit or delay the accomplishment of mergers or other takeover or change-in-control attempts that are not approved by a company's board of directors. Although we have elected to opt out of the statute's provisions, we could elect to be subject to Section 203 in the future.

Special Meeting of Stockholders

Special meetings of our stockholders may be called only by a majority of our directors.

Actions by Written Consent

Stockholder action by written consent in lieu of a meeting may only be taken so long as Wanda owns common stock representing a majority of our outstanding voting power. Thereafter, stockholder action can be taken only at an annual or special meeting of stockholders.

Advance Notice Requirements for Stockholder Proposals and Director Nominations

Our bylaws provide that stockholders seeking to bring business before an annual meeting of stockholders, or to nominate candidates for election as directors at an annual meeting of stockholders, must provide timely notice thereof in writing. To be timely, a stockholder's notice generally must be delivered to and received at our principal executive offices, not less than 90 days nor more than 120 days prior to the first anniversary of the preceding year's annual meeting; provided, that in the event that the date of such meeting is advanced more than 30 days prior to, or delayed by more than 30 days after, the anniversary of the preceding year's annual meeting of our stockholders, a stockholder's notice to be timely must be so delivered not earlier than the close of business on the 120th day prior to such meeting and not later than the close of business on the later of the 90th day prior to such meeting or the 10th day following the day on which public announcement of the date of such meeting is first made. Our bylaws also specify certain requirements as to the form and content of a stockholder's notice. These provisions may preclude stockholders from bringing matters before an

Table of Contents

annual meeting of stockholders or from making nominations for directors at an annual meeting of stockholders.

Authorized But Unissued Shares

The authorized but unissued shares of common stock and preferred stock are available for future issuance without stockholder approval. These additional shares may be used for a variety of corporate purposes, including future public offerings to raise additional capital, corporate acquisitions and employee benefit plans. The existence of authorized but unissued shares of common stock and preferred stock could render more difficult or discourage an attempt to obtain control of us by means of a proxy contest, tender offer, merger or otherwise.

Amendments to Certificate of Incorporation or Bylaws

Our certificate of incorporation provides that the affirmative vote of a majority of the shares entitled to vote on any matter is required to amend our certificate of incorporation or bylaws. In addition, under the DGCL, an amendment to our certificate of incorporation that would alter or change the powers, preferences or special rights of the common stock so as to affect them adversely also must be approved by a majority of the votes entitled to be cast by the holders of the shares affected by the amendment, voting as a separate class. Subject to our bylaws, our board of directors may from time to time make, amend, supplement or repeal our bylaws by vote of a majority of our board of directors.

Registration Rights

Pursuant to the management stockholders agreement, described above in "Certain Relationships and Related Party Transactions Management Stockholders Agreement," certain members of management who will hold in the aggregate approximately _____ shares of our Class A common stock (after giving effect to the exercise of stock options), will have the right subject to various conditions and limitations, to include such shares of our common stock in future registration statements relating to our Class A common stock. These registration rights of our stockholders could impair the prevailing market price and impair our ability to raise capital by depressing the price at which we could sell our common stock.

Limitation of Liability and Indemnification of Directors and Officers

As permitted by the Delaware General Corporation Law, or DGCL, we have adopted provisions in our certificate of incorporation that limit or eliminate the personal liability of our directors and officers for monetary damages for a breach of their fiduciary duty of care as a director or officer. The duty of care generally requires that, when acting on behalf of the corporation, directors and officers exercise an informed business judgment based on all material information reasonably available to them. Consequently, a director or officer will not be personally liable to us or our stockholders for monetary damages for breach of fiduciary duty as a director or officer, except for liability for:

any breach of the person's duty of loyalty to us or our stockholders;

any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;

any act related to unlawful stock repurchases, redemptions or other distributions or payment of dividends; or

any transaction from which the person derived an improper personal benefit.

These limitations of liability do not generally affect the availability of equitable remedies such as injunctive relief or rescission.

Table of Contents

As permitted by the DGCL, our certificate of incorporation and bylaws provide that:

we will indemnify our current and former directors and officers and anyone who is or was serving at our request as the director or officer of, or our legal representative in, another entity, and may indemnify our current or former employees and other agents, to the fullest extent permitted by the DGCL, subject to limited exceptions; and

we may purchase and maintain insurance on behalf of our current or former directors, officers, employees or agents against any liability asserted against them and incurred by them in any such capacity, or arising out of their status as such.

We currently maintain liability insurance for our directors and officers.

Our certificate of incorporation requires us to advance expenses to our directors and officers in connection with a legal proceeding, subject to receiving an undertaking from such director or officer to repay advanced amounts if it is determined he or she is not entitled to indemnification. Our bylaws provide that we may advance expenses to our employees and other agents, upon such terms and conditions, if any, as we deem appropriate.

We intend to enter into separate indemnification agreements with each of our directors and officers, which may be broader than the specific indemnification provisions contained in the DGCL. These indemnification agreements may require us, among other things, to indemnify our directors and officers against liabilities that may arise by reason of their status or service as directors or officers, other than liabilities arising from willful misconduct. These indemnification agreements may also require us to advance any expenses incurred by the directors or officers as a result of any proceeding against them as to which they could be indemnified and to obtain directors' and officers' insurance, if available on reasonable terms.

Currently, to our knowledge, there is no pending litigation or proceeding involving any of our directors, officers, employees or agents in which indemnification by us is sought, nor are we aware of any threatened litigation or proceeding that may result in a claim for indemnification.

Insofar as indemnification for liabilities arising under the Securities Act may be permitted for our directors, officers and controlling persons under the foregoing provisions or otherwise, we have been informed that, in the opinion of the SEC, such indemnification is against public policy as expressed in the Securities Act and is, therefore, unenforceable.

Provisions of our Certificate of Incorporation Relating to Corporate Opportunities

To address situations in which officers or directors have conflicting duties to affiliated corporations, Section 122(17) of the Delaware General Corporation Law allows a corporation to renounce, in its certificate of incorporation or by action of its board of directors, any interest or expectancy of the corporation in specified classes or categories of business opportunities. As such, and in order to address potential conflicts of interest between us and Wanda and its subsidiaries, our Certificate of Incorporation contains provisions regulating and defining, to the fullest extent permitted by law, the conduct of our affairs as they may involve Wanda and its officers and directors.

Our Certificate of Incorporation provides that, subject to any written agreement to the contrary, Wanda will have no duty to refrain from engaging in the same or similar activities or lines of business that we engage in, and, except as set forth in our Certificate of Incorporation, neither Wanda nor its officers or directors will be liable to us or our stockholders for any breach of any fiduciary duty due to any such activities of Wanda.

Our Certificate of Incorporation also provides that we may from time to time be or become a party to and perform, and may cause or permit any subsidiary to be or become a party to and perform, one or more agreements (or modifications or supplements to pre-existing agreements) with Wanda. With limited exceptions, to the fullest extent permitted by law, no such agreement, nor the performance

Table of Contents

thereof in accordance with its terms by us or any of our subsidiaries or Wanda, shall be considered contrary to any fiduciary duty to us or our stockholders of any director or officer of ours who is also a director, officer or employee of Wanda. With limited exceptions, to the fullest extent permitted by law, no director or officer of ours who is also a director, officer or employee of Wanda shall have or be under any fiduciary duty to us or our stockholders to refrain from acting on behalf of us or any of our subsidiaries or on behalf of Wanda in respect of any such agreement or performing any such agreement in accordance with its terms.

Our Certificate of Incorporation further provides that if one of our directors or officers who is also a director or officer of Wanda acquires knowledge of a potential transaction or matter that may be a corporate opportunity for both Wanda and us, the director or officer will have satisfied his or her fiduciary duty to us and our stockholders with respect to that corporate opportunity if he or she acts in a manner consistent with the following policy:

a corporate opportunity offered to any person who is an officer of ours and who is also a director but not an officer of Wanda, will belong to us unless the opportunity is expressly offered to that person in a capacity other than such person's capacity as one of our officers, in which case it will not belong to us;

a corporate opportunity offered to any person who is a director but not an officer of ours, and who is also a director or officer of Wanda, will belong to us only if that opportunity is expressly offered to that person in that person's capacity as one of our directors; and

a corporate opportunity offered to any person who is an officer of both Wanda and us will belong to us only if that opportunity is expressly offered to that person in that person's capacity as one of our officers.

Notwithstanding these provisions, our Certificate of Incorporation does not prohibit us from pursuing any corporate opportunity of which we become aware.

These provisions in our Certificate of Incorporation will no longer be effective on the date that none of our directors or officers are also directors or officers of Wanda.

If our Certificate of Incorporation did not include provisions setting forth the circumstances under which opportunities will belong to us and regulating the conduct of our directors and officers in situations where their duties to us and Wanda conflict, the actions of our directors and officers in each such situation would be subject to the fact-specific analysis of the corporate opportunity doctrine as articulated under Delaware law. Under Delaware law, a director of a corporation may take a corporate opportunity, or divert it to another corporation in which that director has an interest, if (i) the opportunity is presented to the director or officer in his or her individual capacity, (ii) the opportunity is not essential to the corporation, (iii) the corporation holds no interest or expectancy in the opportunity and (iv) the director or officer has not wrongfully employed the resources of the corporation in pursuing or exploiting the opportunity. Based on Section 122(17) of the Delaware General Corporation Law, we do not believe the corporate opportunity guidelines set forth in our Certificate of Incorporation conflict with Delaware law. If, however, a conflict were to arise between the provisions of our Certificate of Incorporation and Delaware law, Delaware law would control.

Transfer Agent and Registrar

The transfer agent and registrar for our Class A common stock is expected to be Computershare Trust Company, N.A.

Listing

We will apply to list the Class A common stock on the New York Stock Exchange under the symbol "AMC".

SHARES ELIGIBLE FOR FUTURE SALE

Prior to this offering, there has been no public market for our Class A common stock, and no predictions can be made about the effect, if any, that market sales of shares of our Class A common stock or the availability of such shares for sale will have on the market price prevailing from time to time. Nevertheless, the actual sale of, or the perceived potential for the sale of, our Class A common stock in the public market may have an adverse effect on the market price for our Class A common stock and could impair our ability to raise capital through future sales of our securities. See "Risk Factors Risks Related to this Offering Future sales or the possibility of future sales of a substantial amount of our common stock may depress the price of shares of our common stock."

Sale of Restricted Shares and Lock-Up Agreements

Upon completion of this offering, we will have an aggregate of _____ shares of our Class A common stock outstanding and _____ share of our Class B common stock outstanding.

Of these shares, the _____ shares of our Class A common stock to be sold in this offering, or _____ shares if the underwriters' option to purchase additional shares is exercised in full, will be freely tradable without restriction or further registration under the Securities Act, except for any shares which may be acquired by any of our "affiliates" as that term is defined in Rule 144 under the Securities Act, which will be subject to the resale limitations of Rule 144.

The remaining _____ shares of our Class A common stock and non-voting common stock outstanding will be restricted securities, as that term is defined in Rule 144, and may in the future be sold without restriction under the Securities Act to the extent permitted by Rule 144 or any applicable exemption under the Securities Act, subject to the contractual provisions of our agreements with Wanda. See "Certain Relationships and Related Party Transactions Management Stockholders Agreement."

Wanda, who would hold in the aggregate _____ shares of our Class B common stock, and our directors and officers who would hold in the aggregate _____ shares of our Class A common stock, are subject to various lock-up agreements that prohibit the holders from offering, selling, contracting to sell, granting an option to purchase, making a short sale or otherwise disposing of any shares of our common stock or any option to purchase shares of our common stock or any securities exchangeable for or convertible into shares of common stock for a period of _____ days after the date of this prospectus.

In the event that either (1) during the last 17 days of the "lock-up" period, we release earnings results or material news or a material event relating to us occurs or (2) prior to the expiration of the "lock-up" period, we announce that we will release earnings results during the 16-day period beginning on the last day of the "lock-up" period, then in either case the expiration of the "lock-up" will be extended until the expiration of the 18-day period beginning on the date of the release of the earnings results or the occurrence of the material news or event, as applicable.

Equity Incentive Plan

We intend to file one or more registration statements on Form S-8 under the Securities Act to register shares of our Class A common stock issued or reserved for issuance under our new equity incentive plan we intend to adopt in connection with this offering. The first such registration statement is expected to be filed soon after the date of this prospectus and will automatically become effective upon filing with the SEC. Accordingly, shares registered under such registration statement will be available for sale in the open market following the effective date, unless such shares are subject to vesting restrictions with us, Rule 144 restrictions applicable to our affiliates or the lock-up restrictions described above.

Table of Contents

Rule 144

In general, under Rule 144 under the Securities Act, a person (or persons whose shares are aggregated) who is not deemed to have been an affiliate of ours at any time during the three months preceding a sale, and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months (including any period of consecutive ownership of preceding non-affiliated holders) would be entitled to sell those shares, subject only to the availability of current public information about us. A non-affiliated person who has beneficially owned restricted securities within the meaning of Rule 144 for at least one year would be entitled to sell those shares without regard to the provisions of Rule 144.

A person (or persons whose shares are aggregated) who is deemed to be an affiliate of ours and who has beneficially owned restricted securities within the meaning of Rule 144 for at least six months would be entitled to sell within any three-month period a number of shares that does not exceed the greater of one percent of the then outstanding shares of our Class A common stock or the average weekly trading volume of our Class A common stock during the four calendar weeks preceding such sale. Such sales are also subject to certain manner of sale provisions, notice requirements and the availability of current public information about us.

Registration Rights

Pursuant to the management stockholders agreement, described above in "Certain Relationships and Related Party Transactions Management Stockholders Agreement," certain members of management who will hold in the aggregate approximately shares of our Class A common stock, will have the right subject to various conditions and limitations, to include such shares of our common stock in future registration statements relating to our Class A common stock. These registration rights of our stockholders could impair the prevailing market price and impair our ability to raise capital by depressing the price at which we could sell our common stock.

Pursuant to the registration rights agreement described above in "Certain Relationships and Related Party Transactions Registration Rights Agreement," Wanda will have the right subject to various conditions and limitations, to request that the Company effect registered offerings of any registrable securities held by Wanda and will have incidental or "piggyback" registration rights with respect to the registrable securities it holds.

MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS TO NON-U.S. HOLDERS

The following discussion describes U.S. federal income and, to a limited extent, certain estate tax consequences to Non-U.S. Holders (as defined below) of ownership and disposition of our Class A common stock. This discussion is limited to Non-U.S. Holders who hold our Class A common stock as capital assets within the meaning of section 1221 of the Internal Revenue Code of 1986, as amended (the "Code"). This description is based on the Code, administrative pronouncements, judicial decisions and existing and proposed Treasury regulations, and interpretations of the foregoing, changes to any of which subsequent to the date of this prospectus supplement may affect the tax consequences described herein. The description does not discuss all of the tax consequences that may be relevant to Non-U.S. Holders in light of their particular circumstances. In addition, this summary does not address the Medicare tax on certain investment income, any state, local or foreign taxes or any U.S. federal tax laws other than U.S. federal income tax laws and, to a limited extent, certain estate tax laws (such as gift tax laws).

You are urged to consult with your own tax advisor concerning the U.S. federal income tax consequences of acquiring, owning and disposing of our Class A common stock, as well as the application of any state, local, and foreign income and other tax laws.

As used in this section, a "Non-U.S. Holder" is a beneficial owner of our Class A common stock that is not, for U.S. federal income tax purposes:

any individual who is a citizen or resident of the United States,

a corporation (or other entity taxable as a corporation) created or organized in or under the laws of the United States, any State thereof or the District of Columbia,

any estate the income of which is subject to U.S. federal income taxation regardless of its source, or

any trust if (i) a court within the United States is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (ii) that has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

If you are an individual, you may, in certain cases, be deemed to be a resident alien, as opposed to a nonresident alien, by virtue of being present in the United States (i) for at least 183 days during the calendar year, or (ii) for at least 31 days in the calendar year and for an aggregate of at least 183 days during the 3-year period ending in the current calendar year. For purposes of (ii), all of the days present in the current year, one-third of the days present in the immediately preceding year, and one-sixth of the days present in the second preceding year are counted. Resident aliens are subject to U.S. federal income tax as if they were U.S. citizens.

If any entity or arrangement treated as a partnership for U.S. federal income tax purposes is a beneficial owner of our Class A common stock, the tax treatment of a partner in the partnership generally will depend upon the status of the partner and the activities of the partnership. Special rules may apply if a Non-U.S. Holder is a "controlled foreign corporation" or "passive foreign investment company," as defined under the Code, and to certain expatriates or former long-term residents of the U.S. If you fall within any of the foregoing categories, you should consult with your own tax advisor about the tax consequences of acquiring, holding, and disposing of our Class A common stock.

U.S. Trade or Business Income

For purposes of the discussion below, dividends and gains on the sale, exchange or other disposition of our Class A common stock will be considered to be "U.S. trade or business income" if such income or gain is:

effectively connected with the Non-U.S. Holder's conduct of a U.S. trade or business, and

in the case of a treaty resident, attributable to a permanent establishment (or, in the case of an individual, a fixed base) maintained by the Non-U.S. Holder in the United States.

Generally, U.S. trade or business income is subject to U.S. federal income tax on a net income basis at regular graduated U.S. federal income tax rates. Any U.S. trade or business income received by a Non-U.S. Holder that is a corporation also may, under specific circumstances, be subject to an additional "branch profits tax" at a 30% rate (or a lower rate that may be specified by an applicable tax treaty).

Distributions on Class A Common Stock

Distributions paid on our Class A common stock will be treated as dividends for U.S. federal income tax purposes to the extent paid out of our current or accumulated earnings and profits, as determined for U.S. federal income tax purposes ("Tax E&P"). If a distribution exceeds our Tax E&P, such excess will constitute a return of capital that reduces, but not below zero, a Non-U.S. Holder's tax basis in our Class A common stock. Any remainder will constitute gain from the sale or exchange of our Class A common stock. Dividends, if any, that are paid to a Non-U.S. Holder of our Class A common stock generally will be subject to withholding tax at a 30% rate or a reduced rate specified by an applicable income tax treaty. However, dividends that are U.S. trade or business income are not subject to the withholding tax. To claim an exemption from withholding in the case of U.S. trade or business income, or to claim the benefits of an applicable tax treaty, a Non-U.S. Holder must provide us or our paying agent with a properly executed Internal Revenue Service ("IRS") Form W-8ECI (in the case of U.S. trade or business income) or IRS Form W-8BEN (in the case of a treaty), or any successor form that the IRS designates, as applicable, prior to the payment of the dividends. These IRS forms must be periodically updated.

Because it will generally not be known, at the time a Non-U.S. Holder receives any distribution on our Class A common stock, whether the distribution was paid out of our Tax E&P and therefore whether the distribution will be treated as a dividend for U.S. federal income tax purposes, we expect that a withholding agent will deduct and withhold U.S. tax at the applicable rate on all distributions that a Non-U.S. Holder receives on our Class A common stock. If it is later determined that a distribution on our Class A common stock was not a dividend, in whole or in part, a Non-U.S. Holder may be entitled to claim a refund of the U.S. tax withheld with respect to that portion of the distribution, provided that the required information is timely furnished to the IRS. We will notify the holders of our Class A common stock if we make a distribution on our Class A common stock that was not a dividend either by (i) delivering a copy of IRS Form 8937 ("Report of Organizational Actions Affecting Basis of Securities"), which will also be filed with the IRS, to holders of record of our Class A common stock or (ii) posting a copy of the completed form on our website.

Dispositions of Class A Common Stock

Subject to the discussion below on backup withholding and other withholding requirements, gain realized by a Non-U.S. Holder on a sale, exchange or other disposition of our Class A common stock generally will not be subject to U.S. federal income or withholding tax, unless:

the gain is U.S. trade or business income,

Table of Contents

the Non-U.S. Holder is an individual who is present in the United States for 183 or more days in the taxable year of such disposition and certain other conditions are met, or

we are, or have been, a U.S. real property holding corporation (a "USRPHC") for U.S. federal income tax purposes at any time during the shorter of the five-year period ending on the date of disposition of our Class A common stock and the Non-U.S. Holder's holding period for our Class A common stock.

Generally, a corporation is a USRPHC if the fair market value of its "United States real property interests" equals 50% or more of the sum of the fair market value of (a) its worldwide real property interests and (b) its other assets used or held for use in a trade or business. The tax relating to stock in a USRPHC does not apply to a Non-U.S. Holder whose holdings, actual and constructive, amount to 5% or less of our Class A common stock at all times during the applicable period, provided that our Class A common stock is regularly traded on an established securities market. We believe we have not been and are not currently a USRPHC, and do not anticipate being a USRPHC in the future. No assurance can be given, however, that we will not be a USRPHC or that our Class A common stock will be considered regularly traded on an established securities market when a Non-U.S. Holder disposes of shares of our Class A common stock. Non-U.S. Holders should consult with their tax advisors about the tax consequences that could result if we are, or become, a USRPHC.

Federal Estate Taxes

Individual Non-U.S. Holders and entities the property of which is potentially includible in such an individual's gross estate for U.S. federal estate tax purposes (for example, a trust funded by such an individual and with respect to which the individual has retained certain interests or powers), should note that, absent an applicable treaty benefit, our Class A common stock will be treated as U.S. situs property subject to U.S. federal estate tax.

Backup Withholding and Information Reporting

Any dividends that are paid to a Non-U.S. Holder must be reported annually to the IRS and to the Non-U.S. Holder. Copies of these information returns also may be made available to the tax authorities of the country in which the Non-U.S. Holder resides under the provisions of various treaties or agreements for the exchange of information. Unless the Non-U.S. Holder is an exempt recipient, dividends paid on our Class A common stock and the gross proceeds from a taxable disposition of our Class A common stock may be subject to additional information reporting and may also be subject to U.S. federal backup withholding (at a rate of 28%) if such Non-U.S. Holder fails to comply with applicable U.S. information reporting and certification requirements. Provision of any IRS Form W-8 appropriate to the Non-U.S. Holder's circumstances will satisfy the certification requirements necessary to avoid the backup withholding tax as well.

Backup withholding is not an additional tax. Any amounts so withheld under the backup withholding rules will be refunded by the IRS or credited against the Non-U.S. Holder's U.S. federal income tax liability, provided that the required information is timely furnished to the IRS.

Other Withholding Requirements

Non-U.S. Holders of our Class A common stock may be subject to U.S. withholding tax at a rate of 30% under sections 1471 through 1474 of the Code (commonly referred to as "FATCA"). This withholding tax may apply if a Non-U.S. Holder (or any foreign intermediary that receives a payment on a Non-U.S. Holder's behalf) does not comply with certain U.S. informational reporting requirements. The payments potentially subject to this withholding tax include dividends on, and gross proceeds from the sale or other disposition of, our Class A common stock. If FATCA is not complied with, the withholding tax described above will apply to dividends paid on or after July 1, 2014, and to

Table of Contents

gross proceeds from the sale or other disposition of our Class A common stock on or after January 1, 2017. Non-U.S. Holders should consult their tax advisors regarding the possible implications of FATCA for their investment in our Class A common stock.

You should consult your own tax advisor as to particular tax consequences to you of acquiring, holding, and disposing of our Class A common stock, including the applicability and effect of other U.S. federal, state, local or foreign tax laws, and of any proposed changes in applicable law.

The underwriting agreement provides that the obligations of the underwriters to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the shares (other than those covered by the underwriters' option to purchase additional shares) if they purchase any of the shares.

Shares sold by the underwriters to the public will initially be offered at the initial public offering price set forth on the cover of this prospectus. Any shares sold by the underwriters to securities dealers may be sold at a discount from the initial public offering price not to exceed \$ _____ per share. If all the shares are not sold at the initial offering price, the underwriters may change the offering price and the other selling terms. The representatives have advised us that the underwriters do not intend to make sales to discretionary accounts.

If the underwriters sell more shares than the total number set forth in the table above, we have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus, to purchase up to _____ additional shares at the public offering price less the underwriting discount. To the extent the option is exercised, each underwriter must purchase a number of additional shares approximately proportionate to that underwriter's initial purchase commitment. Any shares issued or sold under the option will be issued and sold on the same terms and conditions as the other shares that are the subject of this offering.

We, our officers and directors and certain of our stockholders have agreed that, for a period of _____ days from the date of this prospectus, we and they will not, without the prior written consent of Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, dispose of or hedge any shares or any securities convertible into or exchangeable for our common stock subject to certain exceptions. Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated in their sole discretion may release any of the securities subject to these lock-up agreements at any time, which, in the case of officers and directors, shall be with notice. Notwithstanding the foregoing, if (i) during the last 17 days of the _____-day or _____-day, as

the case may be, restricted period, we issue an earnings release or material news or a material event relating to our company occurs; or (ii) prior to the expiration of the -day or -day, as the case may be, restricted period, we announce that we will release earnings results during the 16-day period beginning on the last day of the -day or -day, as the case may be, restricted period, the restrictions described above shall continue to apply until the expiration of the 18-day period beginning on the issuance of the earnings release or the occurrence of the material news or material event.

At our request, the underwriters have reserved up to % of the shares for sale at the initial public offering price to persons who are directors, officers or employees, or who are otherwise associated with us through a directed share program. The number of shares available for sale to the general public will be reduced by the number of directed shares purchased by participants in the program. Except for certain of our officers, directors and employees who have entered into lock-up agreements as contemplated in the immediately preceding paragraph, each person buying shares through the directed share program has agreed that, for a period of days from the date of this prospectus, he or she will not, without the prior written consent of Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated, dispose of or hedge any shares or any securities convertible into or exchangeable for our common stock with respect to shares purchased in the program. For certain officers, directors and employees purchasing shares through the directed share program, the lock-up agreements contemplated in the immediately preceding paragraph shall govern with respect to their purchases. Citigroup Global Markets Inc. and Merrill Lynch, Pierce, Fenner & Smith Incorporated in their sole discretion may release any of the securities subject to these lock-up agreements at any time, which, in the case of officers and directors, shall be with notice. Any directed shares not purchased will be offered by the underwriters to the general public on the same basis as all other shares offered. We have agreed to indemnify the underwriters against certain liabilities and expenses, including liabilities under the Securities Act, in connection with the sales of the directed shares.

Prior to this offering, there has been no public market for our shares. Consequently, the initial public offering price for the shares was determined by negotiations among us and the representatives. Among the factors considered in determining the initial public offering price were our results of operations, our current financial condition, our future prospects, our markets, the economic conditions in and future prospects for the industry in which we compete, our management, and currently prevailing general conditions in the equity securities markets, including current market valuations of publicly traded companies considered comparable to our company. We cannot assure you, however, that the price at which the shares will sell in the public market after this offering will not be lower than the initial public offering price or that an active trading market in our shares will develop and continue after this offering.

We will apply to have our Class A common stock listed on the New York Stock Exchange under the symbol "AMC."

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional shares. In addition, we have agreed to reimburse the underwriters for certain expenses in connection with this offering, including up to \$30,000 in accountable expenses.

In connection with the offering, the underwriters may purchase and sell shares in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the underwriters' option to purchase additional shares, and stabilizing purchases.

Short sales involve secondary market sales by the underwriters of a greater number of shares than they are required to purchase in the offering.

"Covered" short sales are sales of shares in an amount up to the number of shares represented by the underwriters' option to purchase additional shares.

"Naked" short sales are sales of shares in an amount in excess of the number of shares represented by the underwriters' option to purchase additional shares.

Covering transactions involve purchases of shares either pursuant to the underwriters' option to purchase additional shares or in the open market in order to cover short positions.

To close a naked short position, the underwriters must purchase shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

To close a covered short position, the underwriters must purchase shares in the open market or must exercise the underwriters' option to purchase additional shares. In determining the source of shares to close the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the underwriters' option to purchase additional shares.

Stabilizing transactions involve bids to purchase shares so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the shares. They may also cause the price of the shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

Other Relationships

The underwriters are full service financial institutions engaged in various activities, which may include securities trading, commercial and investment banking, financial advisory, investment management, principal investment, hedging, financing and brokerage activities. The underwriters and their respective affiliates have in the past performed commercial banking, investment banking and advisory services for us from time to time for which they have received customary fees and reimbursement of expenses and may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business for which they may receive customary fees and reimbursement of expenses. In the ordinary course of their various business activities, the underwriters and their respective affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (which may include bank loans and/or credit default swaps) for their own account and for the accounts of their customers and may at any time hold long and short positions in such securities and instruments. Such investments

Table of Contents

and securities activities may involve securities and/or instruments of ours or our affiliates. In addition, affiliates of some of the underwriters are lenders, and in some cases agents or managers for the lenders, under our credit facility. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. A typical such hedging strategy would include these underwriters or their affiliates hedging such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

The LOYAL3 Platform

At our request, the underwriters have reserved up to shares, or %, of the Class A common stock offered by this prospectus for sale, at the public offering price, through the LOYAL3 platform. Purchases through the LOYAL3 platform will be in dollar amounts and may include fractional shares. The LOYAL3 platform is designed to facilitate participation of individual purchasers in initial public offerings in amounts of between \$100 and \$2,500. Any purchase of our Class A common stock in this offering through the LOYAL3 platform will be at the same initial public offering price, and at the same time, as any other purchases in this offering, including purchases by institutions and other large investors. Individual investors in the United States who are interested in purchasing our Class A common stock in this offering through the LOYAL3 platform may go to LOYAL3's website or Facebook page for information about how to become a customer of LOYAL3, which is required to purchase common shares through the LOYAL3 platform. The LOYAL3 platform is available fee-free to investors, and is administered by LOYAL3 Securities, Inc., which is a U.S.-registered broker-dealer unaffiliated with our company. Sales of our Class A common stock through the LOYAL3 platform will be completed through a batch or combined order process no less than once per day. The LOYAL3 platform and information on the LOYAL3 website and Facebook page do not form a part of this prospectus.

Notice to Prospective Investors in the European Economic Area

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a relevant member state), with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the relevant implementation date), an offer of shares described in this prospectus may not be made to the public in that relevant member state other than:

to any legal entity which is a qualified investor as defined in the Prospectus Directive;

to fewer than 100 or, if the relevant member state has implemented the relevant provision of the 2010 PD Amending Directive, 150 natural or legal persons (other than qualified investors as defined in the Prospectus Directive), as permitted under the Prospectus Directive, subject to obtaining the prior consent of the relevant Dealer or Dealers nominated by us for any such offer; or

in any other circumstances falling within Article 3(2) of the Prospectus Directive,

provided that no such offer of shares shall require us or any underwriter to publish a prospectus pursuant to Article 3 of the Prospectus Directive.

Table of Contents

For purposes of this provision, the expression an "offer of securities to the public" in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the shares to be offered so as to enable an investor to decide to purchase or subscribe for the shares, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression "Prospectus Directive" means Directive 2003/71/EC (and amendments thereto, including the 2010 PD Amending Directive, to the extent implemented in the relevant member state) and includes any relevant implementing measure in the relevant member state. The expression 2010 PD Amending Directive means Directive 2010/73/EU.

The sellers of the shares have not authorized and do not authorize the making of any offer of shares through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the shares as contemplated in this prospectus. Accordingly, no purchaser of the shares, other than the underwriters, is authorized to make any further offer of the shares on behalf of the sellers or the underwriters.

Notice to Prospective Investors in the United Kingdom

This prospectus is only being distributed to, and is only directed at, persons in the United Kingdom that are qualified investors within the meaning of Article 2(1)(e) of the Prospectus Directive that are also (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the "Order") or (ii) high net worth entities, and other persons to whom it may lawfully be communicated, falling within Article 49(2)(a) to (d) of the Order (each such person being referred to as a "relevant person"). This prospectus and its contents are confidential and should not be distributed, published or reproduced (in whole or in part) or disclosed by recipients to any other persons in the United Kingdom. Any person in the United Kingdom that is not a relevant person should not act or rely on this document or any of its contents.

EXPERTS

The consolidated financial statements of AMC Entertainment Holdings, Inc. as of December 31, 2012 and March 29, 2012, and for the August 31, 2012 to December 31, 2012 period, the 22-week period ended August 30, 2012, and each of the 52-week periods ended March 29, 2012 and March 31, 2011, have been included herein and in the registration statement in reliance upon the report of KPMG LLP, independent registered public accounting firm, appearing elsewhere herein, and upon the authority of said firm as experts in accounting and auditing. The audit report covering the December 31, 2012 consolidated financial statements contains an explanatory paragraph that states that the Company had a change of controlling ownership effective August 30, 2012, and as a result, the consolidated financial information after August 30, 2012 is presented on a different costs basis than that for the period before the change of control and, therefore, is not comparable.

The financial statements of National CineMedia, LLC as of December 27, 2012 and December 29, 2011 and for the three fiscal years ended December 27, 2012 included in this prospectus have been audited by Deloitte & Touche LLP, an independent registered public accounting firm, as stated in their report appearing herein. Such financial statements are included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

The consolidated financial statements of Digital Cinema Implementation Partners, LLC as of December 31, 2012 and 2011 and for each of the years in the three-year period ended December 31, 2012 included in this prospectus have been audited by CohnReznick LLP, independent auditors, as stated in their report appearing herein. Such financial statements are included in reliance upon the report of such firm given upon their authority as experts in accounting and auditing.

The consolidated financial statements of Open Road Releasing, LLC as of December 31, 2012 and December 31, 2011 and for each of the years in the two-year period ended December 31, 2012, have been included herein and in the registration statement in reliance upon the reports of KPMG LLP, independent registered public accounting firm, appearing elsewhere herein, and upon the authority of said firm as experts in accounting and auditing.

WHERE YOU CAN FIND MORE INFORMATION

We have filed with the SEC a registration statement on Form S-1 under the Securities Act with respect to the Class A common stock offered by this prospectus. This prospectus is a part of the registration statement and, as permitted by the SEC's rules, does not contain all of the information presented in the registration statement. For further information with respect to us and our Class A common stock offered hereby, reference is made to the registration statement and the exhibits and any schedules filed therewith. Statements contained in this prospectus as to the contents of any contract or other document referred to are not necessarily complete and in each instance, if such contract or document is filed as an exhibit, reference is made to the copy of such contract or other document filed as an exhibit to the registration statement, each statement being qualified in all respects by such reference. A copy of the registration statement, including the exhibits and schedules thereto, may be read and copied at the SEC's Public Reference Room at 100 F Street, NE, Washington, D.C. 20549. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 1-800-SEC-0330. In addition, the SEC maintains an Internet site at www.sec.gov, from which interested persons can electronically access the registration statement, including the exhibits and any schedules thereto.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

September 30, 2013

(Unaudited)

NOTE 1 BASIS OF PRESENTATION

AMC Entertainment Holdings, Inc. ("Parent" or the "Company"), through its direct and indirect subsidiaries, including AMC Entertainment® Inc. ("AMCE") and American Multi-Cinema, Inc. ("AMC") and its subsidiaries (collectively with Parent, unless the context otherwise requires, the "Company"), is principally involved in the theatrical exhibition business and owns, operates or has interests in theatres primarily located in the United States. Parent is an indirect, wholly-owned subsidiary of Dalian Wanda Group Co., Ltd. ("Wanda"), a Chinese private conglomerate.

On August 30, 2012, Wanda acquired Parent through a merger between Parent and Wanda Film Exhibition Co. Ltd. ("Merger Subsidiary"), a wholly-owned indirect subsidiary of Wanda, whereby Merger Subsidiary merged with and into Parent with Parent continuing as the surviving corporation and as a wholly-owned indirect subsidiary of Wanda (the "Merger"). In connection with the change of control pursuant to the Merger, the Company's assets and liabilities were adjusted to fair value on the closing date of the Merger by application of "push down" accounting. As a result of the application of "push down" accounting in connection with the Merger, the Company's financial statement presentations herein distinguish between a predecessor period ("Predecessor"), for periods prior to the Merger, and a successor period ("Successor"), for periods subsequent to the Merger. The Successor applied "push down" accounting and its financial statements reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the Merger date, August 30, 2012. The Consolidated Financial Statements presented herein are those of Successor from January 1, 2013 through September 30, 2013, and those of Predecessor for all periods prior to the Merger date. As a result of the application of "push down" accounting at the time of the Merger, the financial statements for the Predecessor period and for the Successor period are presented on different bases and are, therefore, not comparable. See Note 2 Merger for additional information regarding the Merger.

Use of Estimates: Preparing the financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates and assumptions are used for, but not limited to: (1) Impairments, (2) Film exhibition costs, (3) Income and operating taxes, (4) Theatre and other closure expense, and (5) Gift card and packaged ticket breakage. Actual results could differ from those estimates.

Fiscal Year: On November 15, 2012, the Company changed its fiscal year to a calendar year ending on December 31st of each year. Prior to the change, the Company had a 52/53 week fiscal year ending on the Thursday closest to the last day of March. All references to "fiscal year", unless otherwise noted, refer to the 52/53 week fiscal year, which ended on the Thursday closest to the last day of March.

Earnings per Share: Basic earnings per share is computed by dividing net earnings by the weighted-average number of common shares outstanding. Diluted earnings per share includes the effects of outstanding stock options, if dilutive.

See Note 2 Merger and Note 3 Acquisition for additional information regarding the Merger and the Rave Acquisitions.

Discontinued Operations: The results of operations for the Company's discontinued operations have been eliminated from the Company's continuing operations and classified as discontinued operations for each period presented within the Company's Consolidated Statements of Operations. During the nine months ended September 30, 2013, the Company received \$4,666,000 for a sales price adjustment from the sale of theatres located in Canada. The sales price adjustment related to tax attributes of the theatres sold in Canada which were not determinable or probable of collection at the date of the sale. The Company completed its tax returns for periods prior to the date of sale during the nine months ended September 30, 2013 at which time the buyer was able to determine amounts due

pursuant to the sales price adjustment and remit them to the Company. The Company recorded the additional gain on sale following the guidance for gain contingencies in ASC 450-30-25-1 when the gains were realizable.

The Company calculated the gain on sale and closure of its theatres in Canada and in the UK as follows during the period of December 30, 2011 through August 30, 2012:

(In thousands)	Total (Predecessor)
Proceeds from sale of UK theatre	\$ 395
Proceeds from sale of Canada theatres	1,472

Deferred rent write-off	14,848
Unfavorable lease write-off	31,099
Deferred gain write-off	13,666
Gain on sale, net of lease termination expense	\$ 39,382

- (1) This amount was reclassified from accumulated other comprehensive income to discontinued operations in the Consolidated Statements of Operations.

The Company operated all of the Canada and UK theatres pursuant to long-term operating lease agreements with original terms of 20 years. In connection with the sales of these theatres, the buyers assumed responsibility under the operating lease agreements and the Company was relieved of its legal obligation for future payments under the lease agreements. For the theatre that was closed, the Company paid the landlord \$7,562,000 to terminate its obligation under the lease at the date of closing.

Temporary Equity: As of September 30, 2013 there was no material difference in the estimated fair value and recorded value of the Class N Common Shares recorded as temporary equity. The Company determined the amount reflected in temporary equity for the Class N Common Stock based on the price paid per share by the management shareholders and Wanda at the date of the Merger.

Pro forma Stockholders' equity (Unaudited): The pro forma effect of the conversion of various classes of common stock to common stock have been reflected in the accompanying pro forma information as of and for the period ended September 30, 2013. Prior to consummating this offering, Parent intends to reclassify each share of its existing Class A common stock and Class N common stock. Pursuant to the reclassification, which is being treated in a manner similar to a stock split, each holder of shares of Class A common stock and Class N common stock will receive _____ shares of Class B common stock for one share of existing Class A common stock and _____ shares of Class A common stock for one share of existing Class N common stock.

Subsequent Events: The Company has evaluated subsequent events through November 8, 2013.

NOTE 2 MERGER

Parent and Wanda completed a Merger on August 30, 2012 in which Wanda indirectly acquired all of the outstanding capital stock of Parent. Parent merged with Merger Subsidiary, whereby Merger Subsidiary merged with and into Parent with Parent continuing as the surviving corporation and as a wholly-owned indirect subsidiary of Wanda. The merger consideration totaled \$701,811,000, with \$700,000,000 invested by Wanda and \$1,811,000 invested by members of management for which 1,338,048 shares of Class A common stock and 3,497 shares of Class N common stock were issued, respectively. The investment amount and price per share paid by members of management was determined pursuant to Management Subscription Agreements negotiated in connection with the Merger. Pursuant to such agreements, as a retention incentive certain key members of management

were required to reinvest 50% of the after tax amount they received with respect to equity awards outstanding at the time of the Merger at a price per share equal to that received for such equity awards. The approximately one percent differential in the per share price paid by Wanda and members of management represents the dilutive effect from settlement of outstanding management equity awards in connection with the Merger. Wanda also acquired cash, corporate borrowings and capital and financing lease obligations in connection with the Merger, as described below.

In connection with the Merger agreement, \$35,000,000 of consideration otherwise payable to the equity holders was deposited into an Indemnity Escrow Fund and \$2,000,000 otherwise payable to the equity holders was deposited into an account designated by the Stockholder Representative. The \$35,000,000 of consideration previously deposited in the Indemnity Escrow Fund, which was established to cover any indemnity claims by Wanda against the sellers (former owners) relating to their representations, warranties and covenants in connection with the Merger, was released in full on April 3, 2013. There were no indemnity claims made. Further, the \$2,000,000 previously deposited in an account designated by the Stockholder Representative, which account was established to cover post-merger closing de minimis taxes and administrative fees and expenses, has also been released in full. On April 15, 2013, after net of such taxes, fees and expenses, \$1,600,000 was released back to the selling stockholders, including members of management. The Company accounted for the entire \$701,811,000 as purchase price which included the amounts placed in escrow because the Company believed any contingencies requiring escrow were remote and that the amounts would be paid out subsequently.

As a result of the Merger and related change of control, the Company applied "push down" accounting, which requires allocation of the Merger consideration to the estimated fair values of the assets and liabilities acquired in the Merger. The allocation of Merger consideration was based on management's judgment after evaluating several factors, including a valuation assessment performed by a third party appraiser. Final appraisal reports were received during the first quarter of calendar 2013. The appraisal measurements included a combination of income, replacement costs and market approaches and represents management's best estimate of fair value at August 30, 2012, the acquisition date. Management finalized its purchase price allocation in May of calendar 2013. Adjustments made during calendar 2013 increased recorded goodwill by approximately \$32,000,000. Property, net and other long-term assets decreased by approximately \$28,000,000 and \$4,000,000, respectively, due to final

(1) Property, net, consists of real estate, leasehold improvements and furniture, fixtures and equipment recorded at fair value.

(2) Intangible assets consist of a trademark and trade names, a non-compete agreement, management contracts, a contract with an equity method investee, and favorable leases. In general, the majority of the Company's asset value is comprised of real estate and fixed assets. Furthermore, the majority of the Company's theatres are operated via lease agreements as opposed to owning the underlying real estate. Therefore, any asset value related to leased real estate would exist only if the existing lease agreements were at below-market, or favorable, terms. Certain of the Company's leased locations were considered to be at favorable terms, and an intangible asset was ascribed for such lease agreements. However, the majority of lease agreements were considered to be at market terms. As a result, there is no owned real estate or lease intangible asset value ascribed to the majority of the Company's locations. In estimating the fair value of the favorable lease agreements, market rents were estimated for each of the Company's leased locations. If the contractual rents were considered to be below the market rent, a favorable lease agreement was valued by discounting the difference between the contractual rent and estimated market rates over the remaining lease term. Renewal options in the leases were also considered in determining the remaining lease term.

NOTE 2 MERGER (Continued)

Other intangible assets were also considered. For the Company's business, the largest intangible asset (other than a favorable lease agreement) is the trade name. There was no customer relationship asset since the Company's customers represent "walk-in traffic" in which the customer would not meet the legal or separable criteria under ASC 805. The royalty savings method, a form of the income approach, was used to estimate the fair value of the trade name. In estimating the appropriate royalty rate for the trade name, we considered the impact and contribution that the trade name provides to the Company's operating cash flows. We assessed that the trade name does provide some contribution to the Company's operating cash flow, but that the attendance in the theatre is ultimately driven by factors that are not separable from goodwill such as the quality of the film product, the location of each individual theatre, the physical condition of the individual theatre, and the competitive landscape of the individual theatre.

Other than the favorable lease agreements and the trade name, there are not many other operating intangible assets for the Company's business. However, the Company does have some contractual relationships identified as intangible assets. These contractual relationships include the non-compete agreement that was entered into as part of the Company's acquisition of Kerasotes, management agreements in which the Company manages certain theatres that are owned by a third party, and the NCM tax receivable agreement (the "NCM TRA") which represents an agreement in which the Company receives a certain portion of a tax benefit that NCM is expected to receive as part of the Company's partial ownership interest in NCM. The non-compete agreement was valued using the differential cash flow method, a form of the income approach, in which the cash flows of the Company were estimated under a scenario in which the non-compete agreement was in place and a scenario in which there was no non-compete agreement. The value of the non-compete agreement was considered to be the difference of the discounted cash flows between the two scenarios over the remaining contractual term of the agreement. The management agreements were valued using the income approach, in which the annual management fee over the life of the agreements were discounted. The NCM TRA was valued using the income approach in which the future tax benefit distribution realized from any tax amortization of intangible assets was estimated and discounted. The Company determined the value of the TRA using a discounted cash flow model. For the purposes of its analysis, the Company estimated the cash receipts from taxable transactions that are known as of the date of the Merger. The Company did not consider future transactions that NCM may undertake. The Company estimated a run-off of the intangible asset amortization benefits due to the following transactions:

1. ESA (Exhibitor Services Agreement) relates to the amortization due to a modification of the initial ESA agreement.
2. CUA (Common Unit Adjustment) relates to NCM issuing additional common units to the founding members if there is an increase in the number of theatres under the ESA agreement. A reduction of common units is made if there are theatres removed from the ESA agreement.
3. AMC II Benefit relates to AMC's acquisition of Kerasotes theatres.
4. IPO Exchange Benefit relates to amortization from NCM's IPO in 2007.

(Unaudited)

NOTE 2 MERGER (Continued)

5. IPO II Exchange Benefit relates to amortization step ups from NCM's secondary IPO in 2010.

6. Capital Account Administration Allocation relates to receipts attributable to the account administration.

The estimated TRA receipts through 2037 are tax effected at 40%, based on a blended federal and 50-state average tax rate. The after tax receipts were discounted to a present value using a discount rate of 12.0%, based on the cost of equity of NCM, as the TRA payments only benefit the equity holders.

(3) Goodwill represents the excess of the Merger consideration over the net assets recognized and represents the future expected economic benefits arising from other assets acquired that could not be individually identified and separately recognized. Goodwill associated with the Merger is not tax deductible. Additionally, the Company expects to realize synergies and cost savings related to the Merger. Wanda is the largest theatre exhibition operator in China through its controlling ownership interest in Wanda Cinema Line. The combined ownership and scale of AMC and Wanda Cinema Line, has enabled them to enhance relationships and obtain better terms for important food and beverage, lighting and theatre supply vendors, and to expand their strategic partnership with IMAX. Wanda and AMC are also working together to offer Hollywood studios and other production companies valuable access to their industry-leading promotion and distribution platforms, with the goal of gaining greater access to content and playing a more important role in the industry going forward.

(4) Other long-term assets primarily include equity method investments, real estate held for investment and marketable equity securities recorded at fair value.

(5) Represents a liability related to the sales of gift cards, packaged tickets and AMC Stubs memberships and rewards outstanding at August 30, 2012, recorded at fair value. The Company determined fair value for the gift cards and packaged tickets by removing the amount of unrecognized breakage income that was included in the deferred revenue amounts prior to the Merger. The Company made purchase accounting adjustments to reduce its deferred revenues for packaged tickets by \$24,859,000 and gift cards by \$7,441,000 such that the Company would recognize a normal profit margin on its deferred revenues for the future redemptions of the sales that occurred prior to the Merger. The Company did not make any fair value adjustments to its deferred revenues related to AMC Stubs as a result of the Merger because deferred revenues for the annual memberships require performance by AMC in the future and there was not sufficient historical data to estimate amounts of future breakage for AMC Stubs rewards. AMC Stubs vested rewards expire after 90 days if unused and AMC Stubs progress rewards expire to the extent members do not renew their annual membership.

(6) Corporate borrowings include borrowings under the Senior Secured Credit Facility-Term Loan due 2016, the Senior Secured Credit Facility-Term Loan due 2018, the 8.75% Senior Fixed Rate Notes due 2019 and the 9.75% Senior Subordinated Notes due 2020, recorded at fair value.

- (7) In connection with the completion of NCM, Inc.'s IPO on February 13, 2007, the Company entered into the Exhibitor Services Agreement that provided favorable terms to NCM in exchange for a payment of \$231,308,000. The Exhibitor Services Agreement was considered an unfavorable contract to the Company and the fair value of the contract was estimated as the present value of the difference between the Company's expected payments under the contract and a market rate over the life of the contract.
- (8) Other long-term liabilities consist of certain theatre leases that have been identified as unfavorable, adjustments to reset deferred rent related to escalations of minimum rentals to zero, adjustments for pension and postretirement medical plan liabilities and deferred RealD Inc. lease incentive recorded at fair value. Other long-term liabilities include deferred tax liabilities resulting from indefinite temporary differences that arose primarily from the application of "push down" accounting.

Quoted market prices and observable market based inputs were used to estimate the fair value of corporate borrowings (Level 2) and the Company's investments in NCM and equity securities available for sale including RealD Inc. common stock (Level 1). The fair value measurements of other tangible and intangible assets and liabilities were based on significant inputs not observable in the market and thus represent Level 3 measurements within the fair value measurement hierarchy. Level 3 fair market values were determined using a variety of information, including estimated future cash flows, appraisals, market comparables, and quoted market prices.

During the nine months ended September 30, 2013, the Company incurred additional Merger-related costs of approximately \$951,000, which are included in general and administrative expense: merger, acquisition and transaction costs in the Consolidated Statements of Operations.

NOTE 3 ACQUISITION

In December 2012, the Company completed the acquisition of 4 theatres and 61 screens from Rave Reviews Cinemas, LLC and 6 theatres and 95 screens from Rave Digital Media, LLC, (together "Rave"). The total purchase price for the Rave theatres, paid in cash, was \$88,683,000, net of cash acquired, and is subject to working capital and other purchase price adjustments. Approximately \$881,000 of the total purchase price was paid during the nine months ended September 30, 2013. The Company acquired the Rave theatres based on their highly complementary geographic presence in certain key markets. Additionally, the Company expects to realize synergies and cost savings related to the Rave acquisition as a result of moving to the Company's operating practices, decreasing costs for newspaper advertising, food and beverage costs, and general and administrative expense savings, particularly with respect to the consolidation of corporate related functions and elimination of redundancies.

The acquisitions are being treated as a purchase in accordance with Accounting Standards Codification, ("ASC") 805, *Business Combinations*, which requires allocation of the purchase price to the estimated fair values of assets and liabilities acquired in the transaction. The allocation of purchase price is based on management's judgment after evaluating several factors, including bid prices from potential buyers and a valuation assessment. The allocation of purchase price is subject to changes as an appraisal of assets and liabilities is not yet completed. The following is a summary of a preliminary allocation of the purchase price:

- (1) Receivables consist of trade receivables recorded at estimated fair value. The Company did not acquire any other class of receivables as a result of the acquisition of the Rave theatres.
- (2) Amounts recorded for goodwill are expected to be deductible for tax purposes.
- (3) Amounts recorded for other long-term liabilities consist of unfavorable leases and long-term deferred tax liabilities.

During the nine months ended September 30, 2013, the Company incurred acquisition-related costs for the Rave theatres of approximately \$610,000, which are included in general and administrative expense: merger, acquisition and transaction costs in the Consolidated Statements of Operations. The

NOTE 4 INVESTMENTS

Investments in non-consolidated affiliates and certain other investments accounted for following the equity method generally include all entities in which the Company or its subsidiaries have significant influence, but not more than 50% voting control, and are recorded in the Consolidated Balance Sheets in other long-term assets. Investments in non-consolidated affiliates as of September 30, 2013, include a 15.44% interest in NCM, a 50% interest in two U.S. theatres and one IMAX screen, a 29% interest in Digital Cinema Implementation Partners, LLC ("DCIP"), and a 50% interest in Open Road Releasing, LLC, operator of Open Road Films, LLC ("ORF"). Indebtedness held by equity method investees is non-recourse to the Company.

RealD Inc. Common Stock. The Company holds an investment in RealD Inc. common stock, which is accounted for as an equity security, available for sale, and is recorded in the Consolidated Balance Sheets in other long-term assets at fair value (Level 1).

NCM Transactions. Effective June 7, 2013, NCM issued 5,315,837 common membership units to another founding member due to an acquisition, which caused a decrease in the Company's ownership share from 16.29% to 15.59%. As of September 30, 2013, the Company owns 19,052,770 common membership units, or a 15.44% interest, in NCM. As a founding member, the Company has the ability to exercise significant influence over the governance of NCM, and, accordingly accounts for its investment following the equity method. The estimated fair market value of the units in NCM was approximately \$359,335,000, based on the publically quoted price per share of NCM, Inc. on September 30, 2013 of \$18.86 per share.

The Company recorded the following transactions with NCM:

NOTE 4 INVESTMENTS (Continued)

The Company recorded the following changes in the carrying amount of its investment in NCM and equity in earnings of NCM during the nine months ended September 30, 2013:

(In thousands)	Investment in NCM(1) (Successor)	Exhibitor Services Agreement(2) (Successor)	Other Comprehensive (Income) (Successor)	Cash Received (Successor)	Equity in (Earnings) Loss (Successor)	Advertising (Revenue) (Successor)

- (1) As of the date of the Merger, August 30, 2012, the Company's investment in NCM consisted of a single investment tranche (Tranche 1 Investment) consisting of 17,323,782 membership units recorded at fair value (Level 1). As a result of the Rave theatre acquisitions in December of 2012, and as provided under the Common Unit Adjustment Agreement dated as of February 13, 2007, the Company received 1,728,988 additional NCM common membership units in 2013 valued at \$26,315,000 and is recorded in a new tranche, (Tranche 2 Investment).
- (2) Represents the unamortized portion of the Exhibitor Services Agreement ("ESA") with NCM. Such amounts are being amortized to other theatre revenues over the remainder of the 30 year term of the ESA ending in 2036, using a units-of-revenue method, as described in ASC 470-10-35 (formerly EITF 88-18, *Sales of Future Revenues*). In connection with the Merger on August 30, 2012, the amounts related to the ESA were adjusted to estimated fair value.
- (3) A non-cash gain was recorded to adjust the Company's investment balance due to NCM's issuance of 5,315,837 common membership units to another founding member, at a price per share in excess of the Company's average carrying amount per share.

NOTE 4 INVESTMENTS (Continued)

- (4) Represents percentage of ownership equity in earnings on both Tranche 1 and Tranche 2 Investments.
- (5) Certain differences between the Company's carrying value and the Company's share of NCM's membership equity have been identified and are amortized to equity in earnings over the respective lives of the assets and liabilities.

During the nine month successor period ended September 30, 2013, payments received of \$3,677,000 related to the NCM tax receivable agreement are recorded in investment income net of related amortization for the NCM tax receivable agreement intangible asset. Amounts related to the NCM tax receivable agreement of \$3,949,000 were recorded in equity in earnings of non-consolidated entities during the period December 30, 2011 through August 30, 2012. Prior to the Merger, the Company did not have any carrying value related to the NCM tax receivable agreement. In connection with push down accounting as required by the Merger, the Company recorded an amortizable intangible asset in the amount of \$20,900,000 related to the NCM tax receivable agreement. Because the Company has established a separate asset apart from its equity method investment in NCM that derives all of its fair value from the expected future payments under the NCM tax receivable agreement, the Company will account for the cash receipts under the NCM tax receivable agreement separately from its equity method investment in NCM. Prior to the Merger, the majority of the Company's investment in NCM (Tranche 1) was recorded at a carrying value of \$0 and the remainder of the Company's investment in NCM (Tranche 2) was recorded at a carrying value of \$72,323,000. Subsequent to the Merger, the Company increased the carrying value of its Tranche 1 and Tranche 2 investments in NCM from \$72,323,000 to a fair value of \$250,155,000. As both the NCM tax receivable agreement and investment in NCM were separately recorded at fair value as a result of the Merger, the Company will account for the NCM tax receivable agreement intangible amortization and NCM tax receivable agreement cash receipts separately as components of investment income, and the Company will account for its share of earnings in NCM and distributions of its earnings following the equity method.

NOTE 5 FAIR VALUE MEASUREMENTS

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the entity transacts business. The inputs used to develop these fair value measurements are established in a hierarchy, which ranks the quality and reliability of the information used to determine the fair values. The fair value classification is based on levels of inputs. Assets and liabilities that are carried at fair value are classified and disclosed in one of the following categories:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

NOTE 5 FAIR VALUE MEASUREMENTS (Continued)

Recurring Fair Value Measurements. The following table summarizes the fair value hierarchy of the Company's financial assets carried at fair value on a recurring basis as of September 30, 2013:

(In thousands)	Fair Value Measurements at September 30, 2013			
	Total Carrying Value at September 30, 2013 (Successor)	Quoted prices in active market (Level 1)	Using Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)
Other long-term assets:				
Money Market Mutual Funds	\$ 113	\$ 113	\$	\$
Equity securities, available-for-sale:				
RealD Inc. Common Stock	8,559	8,559		
Mutual Fund Large U.S. Equity	2,515	2,515		
Mutual Fund Small/Mid U.S. Equity	758	758		
Mutual Fund International	392	392		
Mutual Fund Balance	160	160		
Mutual Fund Fixed Income	379	379		
Total assets at fair value	\$ 12,876	\$ 12,876	\$	\$

Valuation Techniques. The Company's money market mutual funds are invested in funds that seek to preserve principal, are highly liquid, and therefore are recorded on the balance sheet at the principal amounts deposited, which equals fair value. The equity securities, available-for-sale, primarily consist of common stock and mutual funds invested in equity, fixed income, and international funds and are measured at fair value using quoted market prices. See Note 11 Accumulated Other Comprehensive Income for the unrealized gain on the equity securities recorded in accumulated other comprehensive income.

Other Fair Value Measurement Disclosures. The Company is required to disclose the fair value of financial instruments that are not recognized in the statement of financial position for which it is practicable to estimate that value:

(In thousands)	Fair Value Measurements at September 30, 2013			
	Total Carrying Value at September 30, 2013 (Successor)	Quoted prices in active market (Level 1)	Using Significant other observable inputs (Level 2)	Significant unobservable inputs (Level 3)

NOTE 6 THEATRE AND OTHER CLOSURE AND DISPOSITION OF ASSETS

A rollforward of reserves for theatre and other closure and disposition of assets is as follows:

(In thousands)	Nine Months Ended September 30, 2013 (Successor)	Nine Months Ended From Inception August 31, 2012 through September 27, 2012 (Successor)	December 30, 2011 through August 30, 2012 (Predecessor)

Cash payments	(8,947)	(871)	(17,304)
Ending balance	\$ 56,509	\$ 63,146	\$ 62,935

Theatre and other closure expense was primarily due to accretion on previously closed properties with remaining lease obligations during the nine month Successor period ended September 30, 2013 and the period of August 31, 2012 through September 27, 2012. During the Predecessor period of December 30, 2011 through August 30, 2012, theatre and other closure expense of \$5,953,000 was primarily due to accretion on previously closed properties with remaining lease obligations and an early termination of a lease agreement. In addition, the Company closed one theatre with 20 screens located in Canada and paid the landlord \$7,562,000 to terminate the lease agreement during the Predecessor period. During the three months ended September 30, 2013, the period August 31, 2012 through September 27, 2012, and the period June 29, 2012 through August 30, 2012, the Company recognized theatre and other closure expense of \$1,469,000, \$434,000, and \$764,000, respectively. During the nine months ended September 30, 2013, the period August 31, 2012 through September 27, 2012, and the period December 30, 2011 through August 30, 2012, the Company recognized theatre and other closure expense from continuing operations of \$4,489,000, \$434,000, and \$5,953,000, respectively.

Theatre and other closure reserves for leases that have not been terminated are recorded at the present value of the future contractual commitments for the base rents, taxes and maintenance.

NOTE 7 INCOME TAXES

The difference between the effective tax rate on earnings from continuing operations before income taxes and the U.S. federal income tax statutory rate is as follows:

(In thousands)	Nine Months Ended September 30, 2013 (Successor)	Nine Months Ended From Inception August 31, 2012 through September 27, 2012 (Successor)	December 30, 2011 through August 30, 2012 (Predecessor)
Income tax expense at the federal statutory rate	\$ 31,975	\$ (15,050)	\$ 20,000
Effect of:			
State income taxes	(3,610)	100	3,005
Permanent items	120		1,000
Change in FIN 48 Reserve	3,535		
Change in net operating loss carryforward for excess tax deductions	(28,420)		
Valuation allowance	7,260	15,050	(21,000)
Income tax expense	\$ 10,860	\$ 100	\$ 3,005
Effective income tax rate	11.9%	(0.2)%	5.3%

The accounting for income taxes requires that deferred tax assets and liabilities be recognized, using enacted tax rates, for the tax effect of temporary differences between the financial reporting and tax bases of recorded assets and liabilities. Deferred tax assets are reduced by a valuation allowance if it is more likely than not that some or all of the deferred tax assets will not be realized.

The state tax provision was for the states that impose their income based taxes on a gross sales method, that impose a margin tax, that have suspended the use of net operating loss carryforwards into the current tax year and amounts related to state tax credits.

The change in FIN 48 reserve relates to gross increases due to new positions during the nine months ended September 30, 2013 of \$4,000,000, partially offset by favorable resolutions with taxing authorities of \$(465,000).

If, in the future, the Company generates sufficient earnings in the United States federal and state tax jurisdictions where it has recorded full valuation allowances, management's conclusion regarding the need for a valuation allowance in these tax jurisdictions could change. If this were to occur, the Company could have a reduction of some or a significant portion of the Company's recorded valuation allowance in the near term, which would reduce the Company's income tax provision and therefore increase net earnings. This determination would be dependent on a number of factors which would include, but not be limited to, the Company's expectation of future taxable income.

NOTE 8 COMMITMENTS AND CONTINGENCIES

The Company, in the normal course of business, is a party to various ordinary course claims from vendors (including an online ticketing vendor, food and beverage suppliers and film distributors),

landlords and other legal proceedings. If management believes that a loss arising from these actions is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the estimated loss is within a range and no point in this range is more probable than another. As additional information becomes available, any potential liability related to these actions is assessed and the estimates are revised, if necessary. Management believes that the ultimate outcome of such other matters, individually and in the aggregate, will not have a material adverse effect on the Company's financial position or overall trends in results of operations. However, litigation and claims are subject to inherent uncertainties and unfavorable outcomes could occur. An unfavorable outcome could include monetary damages. If an unfavorable outcome were to occur, there exists the possibility of a material adverse impact on the results of operations in the period in which the outcome occurs or in future periods.

NOTE 9 NEW ACCOUNTING PRONOUNCEMENTS

In July 2013, the Financial Accounting Standards Board ("FASB") issued ASU No. 2013-11, Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists, ("ASU 2013-11"). This amendment provides guidance on the financial statement presentation of an unrecognized tax benefit when a net operating loss carryforward, a similar tax loss, or a tax credit carryforward exists. An unrecognized tax benefit, or a portion of an unrecognized tax benefit, should be presented in the financial statements as a reduction to a deferred tax asset for a net operating loss carryforward, a similar tax loss, or a tax credit carryforward. However, to the extent that (i) a net operating loss carryforward, a similar tax loss, or a tax credit carryforward is not available at the reporting date under the tax law of the applicable jurisdiction to settle any additional income taxes that would result from the disallowance of a tax position, or (ii) the tax law of the applicable jurisdiction does not require the entity to use, and the entity does not intend to use, the deferred tax asset for such purpose, the unrecognized tax benefit should be presented in the financial statements as a liability and should not be combined with deferred tax assets. ASU 2013-11 is effective prospectively for fiscal years, and interim reporting periods within those years, beginning after December 15, 2013. Early adoption is permitted and retrospective application is also permitted. The Company will adopt ASU 2013-11 as of the beginning of 2014 and is in the process of evaluating the impact of this pronouncement.

In March 2013, the FASB issued ASU No. 2013-05, Foreign Currency Matters (Topic 830) Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity, ("ASU 2013-05"). This amendment clarifies the applicable guidance for the release of cumulative translation adjustment into net earnings. When an entity ceases to have a controlling financial interest in a subsidiary or group of assets within a foreign entity, the entity is required to apply the guidance in ASC 830-30 to release any related cumulative translation adjustment into net earnings. Accordingly, the cumulative translation adjustment should be released into net earnings only if the sale or transfer results in the complete or substantially complete liquidation of the foreign entity in which the subsidiary or group of assets had resided. ASU 2013-05 is effective prospectively for fiscal years, and interim reporting periods within those years, beginning after December 15, 2013. Early adoption is

permitted as of the beginning of the entity's fiscal year. The Company will adopt ASU 2013-05 as of the beginning of 2014 and does not expect the adoption of ASU 2013-05 to have a material impact on the Company's consolidated financial position, cash flows, or results of operations.

In February 2013, the FASB issued ASU No. 2013-02, Comprehensive Income (Topic 220) Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income, ("ASU 2013-02"). Under this amendment, an entity is required to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income, but only if the amount reclassified is required to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional detail about those amounts. ASU 2013-02 is effective prospectively for reporting periods beginning after December 15, 2012. Early adoption is permitted. The Company adopted the disclosure requirements of ASU 2013-02 in the first quarter of 2013. See Note 11 Accumulated Other Comprehensive Income for the required disclosure.

NOTE 11 EMPLOYEE BENEFIT PLANS

The Company sponsors frozen non-contributory qualified and non-qualified defined benefit pension plans generally covering all employees who, prior to the freeze, were age 21 or older and had completed at least 1,000 hours of service in their first twelve months of employment, or in a calendar year ending thereafter, and who were not covered by a collective bargaining agreement. The Company also offers eligible retirees the opportunity to participate in a health plan. Certain employees are eligible for subsidized postretirement medical benefits. The eligibility for these benefits is based upon a participant's age and service as of January 1, 2009.

The Company expects to make pension contributions of approximately \$888,000 per quarter for a total of approximately \$3,552,000 during calendar 2013.

NOTE 12 CORPORATE BORROWINGS (Continued)

On April 30, 2013, the Company entered into a new \$925,000,000 Senior Secured Credit Facility pursuant to which the Company borrowed term loans and used the proceeds to fund the redemption of both the Senior Secured Credit Facility Term Loan due 2016 (the "Term Loan due 2016") and the Senior Secured Credit Facility Term Loan due 2018 (the "Term Loan due 2018"). The Senior Secured Credit Facility is comprised of a \$150,000,000 Revolving Credit Facility, which matures on April 30, 2018 (the "Revolving Credit Facility"), and a \$775,000,000 term loan, which matures on April 30, 2020 (the "Term Loan due 2020"). The Term Loan due 2020 requires repayments of principal of 0.25% of the original principal amount, or \$1,937,500, per quarter, with the remaining principal payable upon maturity. The term loan was issued at a 0.25% discount which will be amortized to interest expense over the term of the loan. The Company capitalized deferred financing costs of approximately \$6,905,000 related to the issuance of the Revolving Credit Facility and approximately \$2,201,000 related to the issuance of the Term Loan due 2020 during 2013. Concurrently with the Term Loan due 2020 borrowings on April 30, 2013, the Company redeemed all of the outstanding Term Loan due 2016 and the Term Loan due 2018 at a redemption price of 100% of the outstanding aggregate principal balance of \$464,088,000 and \$296,250,000, respectively, plus accrued and unpaid interest. The Company recorded a net gain of approximately \$(130,000) in other expense (income), which consisted of the Term Loan due 2016 premium write-off, partially offset by the expense for the third-party costs incurred in connection with the repurchase of the Term Loan due 2016 and the Term Loan due 2018, during the nine months ended September 30, 2013. At September 30, 2013, the aggregate principal balance of the Term Loan due 2020 was \$771,125,000 and there were no borrowings under the Revolving Credit Facility.

Borrowings under the Senior Secured Credit Facility bear interest at a rate equal to an applicable margin plus, at the Company's option, either a base rate or LIBOR. The minimum rate for base rate borrowings is 1.75% and the minimum rate for LIBOR-based borrowings is 0.75%. The applicable margin for the Term loan due 2020 is 1.75% for base rate borrowings and 2.75% for LIBOR based loans. The applicable margin for the Revolving Credit Facility ranges from 1.25% to 1.5% for base rate borrowings and from 2.25% to 2.5% for LIBOR based borrowings. The Revolving Credit Facility also provides for an unused commitment fee of 0.50% per annum and for letter of credit fees of up to 0.25% per annum plus the applicable margin for LIBOR-based borrowings on the undrawn amount of the letter of credit. The applicable rate for borrowings under the Term Loan due 2020 at September 30, 2013 was 3.5% based on LIBOR (2.75% margin plus 0.75% minimum LIBOR rate). Prior to redemption, the applicable rate for borrowings under the Term Loan due 2016 at April 30, 2013 was 4.25% based on LIBOR (3.25% margin plus 1.00% minimum LIBOR rate) and the applicable rate for borrowings under the Term Loan due 2018 was 4.75% (3.75% margin plus 1.00% minimum LIBOR rate). The Company is obligated to repay \$7,750,000 of the Term Loan due 2020 per annum through April 30, 2019, with any remaining balance due on April 30, 2020. The Company may voluntarily repay outstanding loans under the Senior Secured Credit Facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans.

The Senior Secured Credit Facility contains a number of covenants that, among other things, restrict, subject to certain exceptions, the ability of the Company and its subsidiaries, to sell assets; incur additional indebtedness; prepay other indebtedness (including the notes); pay dividends and

distributions or repurchase their capital stock; create liens on assets; make investments; make acquisitions; engage in mergers or consolidations; engage in transactions with affiliates; amend constituent documents and material agreements governing subordinated indebtedness, including the Notes due 2020; change the business conducted by it and its subsidiaries; and enter into agreements that restrict dividends from subsidiaries. In addition, the Senior Secured Credit Facility requires the Company and its subsidiaries to maintain, on the last day of each fiscal quarter, a net senior secured leverage ratio, as defined in the Senior Secured Credit Facility, of no more than 3.25 to 1 as long as the commitments under the Revolving Credit Facility remain outstanding. The Senior Secured Credit Facility also contains certain customary affirmative covenants and events of default, including the occurrence of (i) a change in control, as defined in the Senior Secured Credit Facility, (ii) defaults under other indebtedness of the Company, any guarantor or any significant subsidiary having a principal amount of \$25,000,000 or more, and (iii) one or more uninsured judgments against the Company, any guarantor, or any significant subsidiary for an aggregate amount exceeding \$25,000,000 with respect to which enforcement proceedings are brought or a stay of enforcement is not in effect for any period of 60 consecutive days.

All obligations under the Senior Secured Credit Facility are guaranteed by each of the Company's wholly-owned domestic subsidiaries. All obligations under the Senior Secured Credit Facility, and the guarantees of those obligations (as well as cash management obligations), are secured by substantially all of the Company's assets as well as those of each subsidiary guarantor.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Board of Directors and Stockholders
AMC Entertainment Holdings, Inc.:

We have audited the accompanying consolidated balance sheets of AMC Entertainment Holdings, Inc. (the Company) as of December 31, 2012 and March 29, 2012, and the related consolidated statements of operations, comprehensive earnings (loss), stockholders' equity, and cash flows for the August 31, 2012 to December 31, 2012 period, the 22-week period ended August 30, 2012, and each of the 52-week periods ended March 29, 2012 and March 31, 2011. These consolidated financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of AMC Entertainment Holdings, Inc. as of December 31, 2012 and March 29, 2012, and the results of its operations and its cash flows for the August 31, 2012 to December 31, 2012 period, the 22-week period ended August 30, 2012, and each of the 52-week periods ended March 29, 2012 and March 31, 2011 in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the consolidated financial statements, effective August 30, 2012, the Company had a change of controlling ownership. As a result of this change of control, the consolidated financial information after August 30, 2012 is presented on a different cost basis than that for the period before the change of control and, therefore, is not comparable.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Periods Ended December 31, 2012, March 29, 2012 and March 31, 2011

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES

AMC Entertainment Holdings, Inc. ("Parent" or the "Company"), through its direct and indirect subsidiaries, including AMC Entertainment® Inc. ("AMCE"), American Multi-Cinema, Inc. ("AMC") and its subsidiaries, (collectively with Parent, unless the context otherwise requires, the "Company"), is principally involved in the theatrical exhibition business and owns, operates or has interests in theatres primarily located in the United States. Parent is an indirect, wholly owned subsidiary of Dalian Wanda Group Co., Ltd. ("Wanda"), a Chinese private conglomerate.

On August 30, 2012, Wanda acquired Parent through a merger between Parent and Wanda Film Exhibition Co. Ltd. ("Merger Subsidiary"), a wholly-owned indirect subsidiary of Wanda, whereby Merger Subsidiary merged with and into Parent with Parent continuing as the surviving corporation and as a wholly-owned indirect subsidiary of Wanda (the "Merger"). A change of control of the Company occurred pursuant to the Merger. Prior to the Merger, Parent was owned by J.P. Morgan Partners, LLC and certain related investment funds ("JPMP"), Apollo Management, L.P. and certain related investment funds ("Apollo"), affiliates of Bain Capital Partners ("Bain"), The Carlyle Group ("Carlyle") and Spectrum Equity Investors ("Spectrum") (collectively the "Sponsors"). The merger consideration totaled \$701,811,000, with \$700,000,000 invested by Wanda and \$1,811,000 invested by members of management. The estimated transaction value was approximately \$2,745,875,000. Wanda acquired cash, corporate borrowings and capital and financing lease obligations in connection with the Merger. Funding for the merger consideration was obtained by Merger Subsidiary pursuant to bank borrowings and cash contributed by Wanda.

In connection with the change of control discussed above, the Company's assets and liabilities were adjusted to fair value on the closing date of the Merger by application of "push down" accounting. As a result of the application of "push down" accounting in connection with the Merger, the Company's financial statement presentations herein distinguish between a predecessor period, ("Predecessor"), for periods prior to the Merger and a successor period, ("Successor"), for periods subsequent to the Merger. The Successor applied "push down" accounting and its financial statements reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the Merger date, August 30, 2012. The consolidated financial statements presented herein are those of Successor from its inception on August 31, 2012 through December 31, 2012, and those of Predecessor for all periods prior to the Merger date. As a result of the application of "push down" accounting at the time of the Merger, the financial statements for the Predecessor period and for the Successor period are presented on different bases and are, therefore, not comparable. See Note 2 Merger for additional information regarding the Merger.

On March 31, 2011, Marquee Holdings Inc. ("Holdings"), a direct, wholly-owned subsidiary of Parent and a holding company, the sole asset of which consisted of the capital stock of AMCE, was merged with and into Parent, with Parent continuing as the surviving entity. As a result of the merger, AMCE became a direct subsidiary of Parent.

Use of Estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates and assumptions are used for, but not limited to: (1) Impairments, (2) Film exhibition costs, (3) Income and operating taxes, (4) Theatre and Other Closure Expense (Income),

(5) Gift card and packaged ticket breakage, and (6) Estimates of fair value for assets and liabilities recorded in connection with the application of "push down" accounting. Actual results could differ from those estimates.

Principles of Consolidation: The consolidated financial statements include the accounts of AMCE and all subsidiaries, as discussed above. All significant intercompany balances and transactions have been eliminated in consolidation. There are no noncontrolling (minority) interests in the Company's consolidated subsidiaries; consequently, all of its stockholders' equity, net earnings (loss) and comprehensive earnings (loss) for the periods presented are attributable to controlling interests.

Fiscal Year: On November 15, 2012, the Company changed its fiscal year to a calendar year ending on December 31st of each year. Prior to the change, the Company had a ⁵²/₅₃ week fiscal year ending on the Thursday closest to the last day of March. All references to "fiscal year", unless otherwise noted, refer to the fifty-two week fiscal year, which ended on the Thursday closest to the last day of March. The consolidated financial statements cover the transition period of March 30, 2012 through December 31, 2012 ("Transition Period").

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Discontinued Operations: The results of operations for the Company's discontinued operations have been eliminated from the Company's continuing operations and classified as discontinued operations for each period presented within the Company's Consolidated Statements of Operations. See Note 4 Discontinued Operations.

Revenues: Revenues are recognized when admissions and food & beverage sales are received at the theatres. The Company defers 100% of the revenue associated with the sales of gift cards and packaged tickets until such time as the items are redeemed or breakage income is recorded. In the fourth quarter of fiscal 2012, the Company changed its accounting method for recognizing gift card breakage income. Prior to the fourth quarter of fiscal 2012, the Company recognized breakage income when gift card redemptions were deemed remote and the Company determined that there was no legal obligation to remit the unredeemed gift cards to the relevant tax jurisdiction ("Remote Method"), which based on historical information was 18 months after the gift card was issued. In the fourth quarter of fiscal 2012, the Company accumulated a sufficient level of historical data from a large pool of homogeneous transactions to allow management to reasonably and objectively determine an estimated gift card breakage rate and the pattern of actual gift card redemptions. Accordingly during fiscal 2012, the Company changed its method for recording gift card breakage income to recognize breakage income and derecognize the gift card liability for unredeemed gift cards in proportion to actual redemptions of gift cards ("Proportional Method"). We recognize breakage income for gift cards using the Proportional Method where we apply a breakage rate for our five gift card sales channels which range from 14% to 23% of our current month sales and we recognize that total amount of breakage for that current month's sales as income over the next 24 months in proportion to the pattern of actual redemptions. We have determined our breakage rates and redemption patterns using data accumulated over ten years on a company-wide basis. Breakage for packaged tickets continues to be recognized as the redemption of these items is determined to be remote, that is if a ticket has not been used within 18 months after being purchased. During fiscal 2012, the Company recognized \$32,633,000 of net gift card breakage income, of which \$14,969,000 (\$11.70 per share) represented the adjustment related to the change from the Remote Method to the Proportional Method. Additionally, concurrent with the accounting change discussed above, the Company changed the presentation of gift card breakage income from other income to other theatre revenues during fiscal 2012, with conforming changes made for all prior periods presented. During the Successor period August 31, 2012 through December 31, 2012, the Predecessor period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012 and March 31, 2011, the Company recognized \$3,483,000, \$7,776,000, \$32,633,000 and \$14,131,000 of income, respectively, related to the derecognition of gift card liabilities which was recorded in other theatre revenues in the Consolidated Statements of Operations.

Film Exhibition Costs: Film exhibition costs are accrued based on the applicable box office receipts and estimates of the final settlement to the film licenses. Film exhibition costs include certain advertising costs. As of December 31, 2012 and March 29, 2012, the Company recorded film payables of \$120,650,000 and \$76,997,000, respectively, which are included in accounts payable in the accompanying Consolidated Balance Sheets.

Food & Beverage Costs: The Company records payments from vendors as a reduction of food & beverage costs when earned.

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Screen Advertising: On March 29, 2005, the Company and Regal Entertainment Group ("Regal") combined their respective cinema screen advertising businesses into a joint venture company called National CineMedia, LLC ("NCM") and on July 15, 2005, Cinemark Holdings, Inc. ("Cinemark") joined NCM, as one of the founding members. NCM engages in the marketing and sale of cinema advertising and promotions products, business communications and training services and the distribution of digital alternative content. The Company records its share of on-screen advertising revenues generated by NCM in other theatre revenues.

Customer Frequency Program: On April 1, 2011, the Company fully launched *AMC Stubs*, a customer frequency program which allows members to earn rewards, including \$10 for each \$100 spent, redeemable on future purchases at AMC locations. The portion of the admissions and food & beverage revenues attributed to the rewards is deferred as a reduction of admissions and food & beverage revenues, based on member redemptions. Rewards must be redeemed no later than 90 days from the date of issuance. Upon redemption, deferred rewards are recognized as revenues along with associated cost of goods. Rewards not redeemed within 90 days are forfeited and recognized as admissions or food & beverage revenues. Progress rewards (member spend toward earned rewards) for expired membership are forfeited upon expiration of the membership and recognized as admissions or food & beverage revenues. The program's annual membership fee is deferred, net of estimated refunds, and is recognized ratably over the one-year membership period.

Advertising Costs: The Company expenses advertising costs as incurred and does not have any direct-response advertising recorded as assets. Advertising costs were \$4,137,000, \$3,603,000, \$10,118,000 and \$6,561,000 for the Successor period August 31, 2012 through December 31, 2012, the Predecessor period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012 and March 31, 2011, respectively, and are recorded in operating expense in the accompanying Consolidated Statements of Operations.

Cash and Equivalents: All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents.

Intangible Assets: Intangible assets are recorded at cost or fair value, in the case of intangible assets resulting from the Merger and acquisitions, and are comprised of amounts assigned to theatre leases acquired under favorable terms, management contracts, a contract with an equity method investee, and a non-compete agreement, each of which are being amortized on a straight-line basis over the estimated remaining useful lives of the assets, and trademark and trade names, which are considered indefinite lived intangible assets and therefore are not amortized but rather evaluated for impairment annually.

The Company elected to early adopt Accounting Standards Update ("ASU") No. 2012-02, Intangibles Goodwill and Other (Topic 350) Testing Indefinite-Lived Intangible Assets for Impairment, ("ASU 2012-02") in the last quarter of the Transition Period. Under this amendment, the Company has an option to first assess the qualitative factors to determine whether the existence of events and circumstances indicates that it is more likely than not the fair value of an indefinite-lived intangible asset is less than its carrying amount as a basis for determining whether it is necessary to perform the quantitative impairment test. During both the Transition Period and fiscal 2012, no

impairment charges were incurred. In fiscal 2011, the Company impaired favorable lease intangible assets in the amount of \$1,334,000.

Investments: The Company accounts for its investments in non-consolidated entities using either the cost or equity methods of accounting as appropriate, and has recorded the investments within other long-term assets in its Consolidated Balance Sheets. Equity earnings and losses are recorded when our ownership interest provides the Company with significant influence. The Company follows the guidance in ASC 323-30-35-3, which prescribes the use of the equity method for investments where the Company has significant influence. The Company classifies gains and losses on sales of and changes of interest in equity method investments within equity in earnings of non-consolidated entities or in separate line items on the face of the Consolidated Statements of Operations when material, and classifies gains and losses on sales of investments accounted for using the cost method in investment income. Gains and losses on cash sales are recorded using the weighted average cost of all interests in the investments. Gains and losses related to non-cash negative common unit adjustments are recorded using the weighted average cost of those units accounted for as Tranche 2 Investments in NCM which were received in connection with prior common unit adjustments. Subsequent to the date of the Merger, the Company's investment in NCM consists of a single investment tranche consisting of 17,323,782 membership units recorded at fair value (Level 1) on August 30, 2012. See Note 7 Investments for further discussion of the Company's investments in NCM. As of December 31, 2012, the Company holds equity method investments comprised of a 15.47% interest in NCM, a joint venture that markets and sells cinema advertising and promotions; a 29% interest in Digital Cinema Implementation Partners LLC, a joint venture charged with implementing digital cinema in the Company's theatres; and a 50% ownership interest in two U.S. motion picture theatres and one IMAX screen. During fiscal 2011, the Company formed a motion picture distribution company, Open Road Films, and holds a 50% ownership interest. At December 31, 2012, the Company's recorded investments are less than its proportional ownership of the underlying equity in these entities by approximately \$18,966,000, excluding NCM. Included in equity in earnings of non-consolidated entities for the fifty-two weeks ended March 29, 2012 is an impairment charge of \$2,742,000 related to a joint venture investment that was considered to be other than a temporary decline in value. Included in equity in earnings of non-consolidated entities for the fifty-two weeks ended March 31, 2011 is an impairment charge of \$8,825,000 related to a joint venture investment in Midland Empire Partners, LLC. The decline in the fair market value of the investment was considered other than temporary due to inadequate projected future cash flows.

The Company's investment in RealD Inc. is an available-for-sale marketable equity security and is carried at fair value (Level 1). Unrealized gains and losses on available-for-sale securities are included in the Company's Consolidated Balance Sheets as a component of accumulated other comprehensive loss. See Note 7 Investments for further discussion of the Company's investment in RealD Inc.

Goodwill: Goodwill represents the excess of purchase price over fair value of net tangible and identifiable intangible assets related to the Merger and subsequent acquisitions. The Company is not required to amortize goodwill as a charge to earnings; however, the Company is required to conduct an annual review of goodwill for impairment.

AMC ENTERTAINMENT HOLDINGS, INC.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Periods Ended December 31, 2012, March 29, 2012 and March 31, 2011

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Company's recorded goodwill was \$2,217,690,000 and \$1,953,686,000 as of December 31, 2012 and March 29, 2012, respectively. The Company evaluates goodwill and its trademark and trade names for impairment annually as of the beginning of the fourth quarter or more frequently as specific events or circumstances dictate. The Company's goodwill is recorded in its Theatrical Exhibition operating segment, which is also the reporting unit for purposes of evaluating recorded goodwill for impairment.

The Company performed its annual impairment analysis during both the last quarter of the Transition Period and the fourth quarter of fiscal 2012 and reached a determination that there was no goodwill or trademark and trade name impairment.

During fiscal 2011, the Company determined fair value by using an enterprise valuation methodology determined by applying multiples to cash flow estimates less net indebtedness, which the Company believes is an appropriate method to estimate fair value. There is considerable management judgment with respect to cash flow estimates and appropriate multiples and discount rates to be used in determining fair value and such management estimates fall under Level 3 within the fair value measurement hierarchy, see Note 16 Fair Value Measurements. There was no goodwill or trademark and trade name impairment.

Other Long-term Assets: Other long-term assets are comprised principally of investments in partnerships and joint ventures and capitalized computer software, which is amortized over the estimated useful life of the software.

Accounts Payable: Under the Company's cash management system, checks issued but not presented to banks frequently result in book overdraft balances for accounting purposes and are classified within accounts payable in the balance sheet. The change in book overdrafts are reported as a component of operating cash flows for accounts payable as they do not represent bank overdrafts. The amount of these checks included in accounts payable as of December 31, 2012 and March 29, 2012 was \$64,573,000 and \$49,338,000, respectively.

Leases: The majority of the Company's operations are conducted in premises occupied under lease agreements with initial base terms ranging generally from 15 to 20 years, with certain leases containing options to extend the leases for up to an additional 20 years. The Company does not believe that exercise of the renewal options are reasonably assured at the inception of the lease agreements and, therefore, considers the initial base term as the lease term. Lease terms vary but generally the leases provide for fixed and escalating rentals, contingent escalating rentals based on the Consumer Price Index not to exceed certain specified amounts and contingent rentals based on revenues with a guaranteed minimum.

The Company records rent expense for its operating leases on a straight-line basis over the initial base lease term commencing with the date the Company has "control and access" to the leased premises, which is generally a date prior to the "lease commencement date" in the lease agreement. Rent expense related to any "rent holiday" is recorded as operating expense, until construction of the leased premises is complete and the premises are ready for their intended use. Rent charges upon completion of the leased premises subsequent to the theatre opening date are expensed as a component of rent expense.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)

Periods Ended December 31, 2012, March 29, 2012 and March 31, 2011

NOTE 1 THE COMPANY AND SIGNIFICANT ACCOUNTING POLICIES (Continued)

Occasionally, the Company will receive amounts from developers in excess of the costs incurred related to the construction of the leased premises. The Company records the excess amounts received from developers as deferred rent and amortizes the balance as a reduction to rent expense over the base term of the lease agreement.

The Company evaluates the classification of its leases following the guidance in ASC 840-10-25. Leases that qualify as capital leases are recorded at the present value of the future minimum rentals over the base term of the lease using the Company's incremental borrowing rate. Capital lease assets are assigned an estimated useful life at the inception of the lease that generally corresponds with the base term of the lease.

Occasionally, the Company is responsible for the construction of leased theatres and for paying project costs that are in excess of an agreed upon amount to be reimbursed from the developer. ASC 840-40-05-5 requires the Company to be considered the owner (for accounting purposes) of these types of projects during the construction period and therefore it is required to account for these projects as sale and leaseback transactions. As a result, the Company has recorded \$90,772,000 and \$40,655,000 as financing lease obligations for failed sale leaseback transactions on its Consolidated Balance Sheets related to these types of projects as of December 31, 2012 and March 29, 2012, respectively.

Sale and Leaseback Transactions: The Company accounts for the sale and leaseback of real estate assets in accordance with ASC 840-40. Losses on sale leaseback transactions are recognized at the time of sale if the fair value of the property sold is less than the net book value of the property. Gains on sale and leaseback transactions are deferred and amortized over the remaining lease term.

Impairment of Long-lived Assets: The Company reviews long-lived assets, including definite-lived intangibles, investments in non-consolidated subsidiaries accounted for under the equity method, marketable equity securities and internal use software for impairment whenever events or changes in circumstances indicate that the carrying amount of the assets may not be fully recoverable. The Company identifies impairments related to internal use software when management determines that the remaining carrying value of the software will not be realized through future use. The Company reviews internal management reports on a quarterly basis as well as monitors current and potential future competition in the markets where it operates for indicators of triggering events or circumstances that indicate potential impairment of individual theatre assets. The Company evaluates theatres using historical and projected data of theatre level cash flow as its primary indicator of potential impairment and considers the seasonality of its business when making these evaluations. The Company performs impairment analysis during the last quarter of the year. Under these analyses, if the sum of the estimated future cash flows, undiscounted and without interest charges, are less than the carrying amount of the asset, an impairment loss is recognized in the amount by which the carrying value of the asset exceeds its estimated fair value. Assets are evaluated for impairment on an individual theatre basis, which management believes is the lowest level for which there are identifiable cash flows. The impairment evaluation is based on the estimated cash flows from continuing use until the expected disposal date for the fair value of furniture, fixtures and equipment. The expected disposal date does not exceed the remaining lease period unless it is probable the lease period will be extended and may be less than the remaining lease period when the Company does not expect to operate the theatre to

the end of its lease term. The fair value of assets is determined as either the expected selling price less selling costs (where appropriate) or the present value of the estimated future cash flows. The fair value of furniture, fixtures and equipment has been determined using similar asset sales, in some instances with the assistance of third party valuation studies and using management judgment.

There is considerable management judgment necessary to determine the estimated future cash flows and fair values of the Company's theatres and other long-lived assets, and, accordingly, actual results could vary significantly from such estimates, which fall under Level 3 within the fair value measurement hierarchy, see Note 16 Fair Value Measurements. There were no impairments during the Transition Period. During fiscal 2012, the Company recognized non-cash impairment losses of \$20,788,000 related to long-term assets. The Company recognized an impairment loss of \$285,000 on three theatres with 33 screens (in Arkansas, Maryland and Utah), which was related to property, net. The Company adjusted the carrying value of a joint venture investment, resulting in an impairment charge of \$2,742,000 and adjusted the carrying value of a common stock investment in RealD Inc., resulting in an impairment charge of \$17,751,000 when it was determined that it was an other than temporary decline in value.

Impairment losses in the Consolidated Statements of Operations are included in the following captions:

Foreign Currency Translation: Operations outside the United States are generally measured using the local currency as the functional currency. Assets and liabilities are translated at the rates of exchange at the balance sheet date. Income and expense items are translated at average rates of exchange. The resultant translation adjustments are included in foreign currency translation adjustment, a separate component of accumulated other comprehensive income. Gains and losses from foreign currency transactions, except those intercompany transactions of a long-term investment nature, are included in net earnings (loss). If the Company substantially liquidates its investment in a foreign entity, any gain or loss on currency translation balance recorded in accumulated other comprehensive income is recognized as part of a gain or loss on disposition.

Earnings (loss) per Share: Basic earnings (loss) per share is computed by dividing net earnings (loss) by the weighted-average number of common shares outstanding. Diluted earnings (loss) per share includes the effects of outstanding stock options, if dilutive.

Diluted earnings (loss) from continuing operations per common share	\$ (27.72)	\$ 42.74	\$ (70.74)	\$ (133.90)

There are no outstanding options to purchase common shares during the Successor period.

Options to purchase 35,678.2 and 35,684.2 shares of common stock at a weighted average exercise price of \$450 per share and 5,366 and 5,372 shares of nonvested restricted stock were outstanding during the years ended March 29, 2012 and March 31, 2011, respectively, but were not included in the computations of diluted earnings per share since the shares were anti-dilutive.

Income and Operating Taxes: The Company accounts for income taxes in accordance with ASC 740-10. Under ASC 740-10, deferred income tax effects of transactions reported in different periods for financial reporting and income tax return purposes are recorded by the asset and liability method. This method gives consideration to the future tax consequences of deferred income or expense items and recognizes changes in income tax laws in the period of enactment. The statement of operations effect is generally derived from changes in deferred income taxes on the balance sheet.

The Company and Parent file a consolidated federal income tax return and combined income tax returns in certain state jurisdictions. Income taxes are allocated based on separate Company computations of income or loss. Tax sharing arrangements are in place and utilized when tax benefits from affiliates in the consolidated group are used to offset what would otherwise be taxable income generated by the Parent or another affiliate.

Casualty Insurance: The Company is self-insured for general liability up to \$1,000,000 per occurrence and carries a \$500,000 deductible limit per occurrence for workers compensation claims. The Company utilizes actuarial projections of its ultimate losses to calculate its reserves and expense.

The actuarial method includes an allowance for adverse developments on known claims and an allowance for claims which have been incurred but which have not yet been reported. As of December 31, 2012 and March 29, 2012, the Company had recorded casualty insurance reserves of \$14,980,000 and \$15,163,000, respectively, net of estimated insurance recoveries. The Company recorded expenses related to general liability and workers compensation claims of \$3,913,000, \$5,732,000, \$12,705,000 and \$12,206,000 for the Successor period August 31, 2012 through December 31, 2012, the Predecessor period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012 and March 31, 2011, respectively.

Other Expense: The following table sets forth the components of other expense:

Accounting Changes: Prior to the fourth quarter of fiscal 2012, the Company recognized breakage income when gift card redemptions were deemed remote and the Company determined that there was no legal obligation to remit the unredeemed gift cards to the relevant tax jurisdiction ("Remote Method"), which, based on historical information, the Company concluded to be 18 months after the gift card was issued. At the end of the fourth quarter of fiscal 2012, the Company concluded it had accumulated a sufficient level of historical data from a large pool of homogeneous transactions to allow management to reasonably and objectively determine an estimated gift card breakage rate and the pattern of actual gift card redemptions. Accordingly, the Company changed its method for recognizing gift card breakage income to recognize breakage income and derecognize the gift card liability for unredeemed gift cards in proportion to actual redemptions of gift cards ("Proportional Method"). The Company believes the Proportional Method is preferable to the Remote Method as it better reflects the gift card earnings process resulting in the recognition of gift card breakage income over the period of gift card redemptions (i.e., over the performance period). The Company will continue to review

historical gift card redemption information at each reporting period to assess the continued appropriateness of the gift card breakage rates and pattern of redemption.

In accordance with ASC 250, *Accounting Changes and Error Corrections*, the Company concluded that this accounting change represented a change in accounting estimate effected by a change in accounting principle and accordingly, accounted for the change as a change in estimate following a cumulative catch-up method. As a result, the cumulative catch-up adjustment recorded at the end of the fourth quarter of fiscal 2012 resulted in an additional \$14,969,000 (\$11.70 per share) of gift card breakage income under the Proportional Method. Inclusive of this cumulative catch-up, the Company recognized \$32,633,000 of gift card breakage income in fiscal 2012.

Additionally, concurrent with the accounting change discussed above, the Company changed the presentation of gift card breakage income from other income to other theatre revenues in the Consolidated Statements of Operations during fiscal 2012, with conforming changes made for all prior periods presented. The Company believes newly adopted presentation of gift card breakage income is preferable in the circumstances because breakage is an expected revenue stream to be earned at the time the cards are issued and is a key element and consideration of the profitability of their gift card sale program, and because it makes the Company's statements more comparable to its primary competitors.

Prior Period Adjustments: During the three months ended June 30, 2013, management identified adjustments necessary to correct the valuation allowance for deferred tax assets recognized when "push down" accounting was applied at the date of the Merger and to correct changes in the valuation allowance for deferred tax assets recognized subsequent to the Merger.

Management determined that an increase to the valuation allowance at the date of the Merger was necessary to provide for deferred tax assets that more likely than not will not be realized. The out of period adjustment increased reported goodwill by \$31,463,000, decreased other current assets by \$30,300,000 and increased other long-term liabilities by \$1,163,000 as of December 31, 2012. The Company has revised its December 31, 2012 balance sheet from amounts previously reported to reflect these adjustments.

Management also determined that during the successor period from August 31, 2012 through December 31, 2012, reductions to the valuation allowance were incorrectly recorded, resulting in an understatement of tax expense and net loss from continuing operations of \$5,520,000.

The prior period adjustment for the period noted above has been recorded during 2012. The Company adjusted for the cumulative effect in the carrying amount of other long-term liabilities for the error related to the successor period from August 31, 2012 through December 31, 2012 of \$5,520,000 with an offsetting adjustment to the income tax provision during the fourth quarter of 2012.

New Accounting Pronouncements: In March 2013, the Financial Accounting Standards Board ("FASB") issued ASU No. 2013-05, Foreign Currency Matters (Topic 830) Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity or of an Investment in a Foreign Entity, ("ASU 2013-05"). This amendment clarifies the applicable guidance for the release of cumulative translation adjustment into net earnings. When an entity ceases to have a controlling financial interest in a subsidiary or group of assets within a foreign entity, the entity is required to apply the guidance in ASC 830-30 to release any related cumulative translation adjustment into net earnings. Accordingly, the cumulative translation adjustment should be released into net earnings only if the sale or transfer results in the complete or substantially complete liquidation of the foreign entity in which the subsidiary or group of assets had resided. ASU 2013-05 is effective prospectively for fiscal years, and interim reporting periods within those years, beginning after December 15, 2013. Early adoption is permitted as of the beginning of the entity's fiscal year. The Company will adopt ASU 2013-05 as of the beginning of calendar 2014 and does not expect the adoption of ASU 2013-05 to have a material impact on the Company's consolidated financial position, cash flows, or results of operations.

In July 2012, the FASB issued ASU No. 2012-02, Intangibles-Goodwill and Other (Topic 350) Testing Indefinite-Lived Intangible Assets for Impairment, ("ASU 2012-02"). Under this amendment, an entity will have an option to first assess the qualitative factors to determine whether the existence of events and circumstances indicates that it is more likely than not the fair value of an indefinite-lived intangible asset is less than its carrying amount as a basis for determining whether it is necessary to perform the quantitative impairment test. ASU 2012-02 will be effective for the indefinite-lived intangible asset impairment test performed for fiscal years beginning after September 15, 2012. Early adoption is permitted. The Company adopted ASU 2012-02 in the last quarter of the Transition Period and the adoption of ASU 2012-02 did not have a material impact on the Company's consolidated financial position, cash flows, or results of operations. For further information, see Goodwill within Note 1 The Company and Significant Accounting Policies.

In June 2011, the FASB issued ASU No. 2011-05, Comprehensive Income (Topic 220) Presentation of Comprehensive Income, ("ASU 2011-05"). This ASU provides companies with an option to present the total of comprehensive income, the components of net income, and the components of other comprehensive income either in a single continuous statement of comprehensive income or in two-separate but consecutive statements. This ASU eliminated the option of presenting the components of other comprehensive income as part of the statement of changes in stockholders' equity. In December 2011, the FASB issued ASU No. 2011-12, Comprehensive Income (Topic 220)

Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in Accounting Standard Update No. 2011-05, ("ASU 2011-12"), which defers the requirement within ASU 2011-05 to present on the face of the financial statements the effects of reclassifications out of accumulated other comprehensive income on the components of net income and other comprehensive income for all periods presented. During the deferral entities should continue to report reclassifications out of accumulated other comprehensive income consistent with the presentation requirements in effect prior to the issuance of ASU 2011-05. ASU 2011-05 and the deferrals in ASU 2011-12 will be effective for fiscal years and interim periods within those years, beginning after December 15, 2011 with retrospective application required. The Company adopted these accounting standard updates as of the beginning of the Transition Period and included the presentation requirements in its consolidated financial statements as of the first quarter of the Transition Period.

In February 2013, the FASB issued ASU No. 2013-02, Comprehensive Income (Topic 220) Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income, ("ASU 2013-02"). Under this amendment, an entity is required to provide information about the amounts reclassified out of accumulated other comprehensive income by component. In addition, an entity is required to present, either on the face of the statement where net income is presented or in the notes, significant amounts reclassified out of accumulated other comprehensive income by the respective line items of net income but only if the amount reclassified is required to be reclassified to net income in its entirety in the same reporting period. For other amounts that are not required to be reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures that provide additional detail about those amounts. ASU 2013-02 will be effective prospectively for reporting periods beginning after December 15, 2012. Early adoption is permitted. The Company will adopt ASU 2013-02 in the first quarter of calendar 2013 and does not expect the adoption of ASU 2013-02 to have a material impact on the Company's consolidated financial position, cash flows, or results of operations.

In May 2011, the FASB issued ASU No. 2011-04, Fair Value Measurements (Topic 820) Amendments to Achieve Common Fair Value Measurements and Disclosure Requirements in U.S. GAAP and IFRSs, ("ASU 2011-04"). This ASU requires disclosures regarding transfers between Level 1 and Level 2 of the fair value hierarchy, disclosures about the sensitivity of a fair value measurement categorized within Level 3 of the fair value hierarchy, and the categorization by level of the fair value hierarchy for items that are not measured at fair value in the statement of financial position, but for which the fair value of such items is required to be disclosed. ASU 2011-04 became effective during interim and annual periods beginning after December 15, 2011 and was effective for the Company as of the beginning of the Transition Period. See Note 16 Fair Value Measurements for the required disclosures.

Subsequent Events: The Company has evaluated subsequent events through November 8, 2013.

NOTE 2 MERGER

Parent and Wanda, a Chinese private conglomerate, completed a Merger on August 30, 2012 in which Wanda indirectly acquired all of the outstanding capital stock of Parent. Parent merged with Wanda Film Exhibition Co. Ltd., ("Merger Subsidiary"), a wholly-owned indirect subsidiary of Wanda,

whereby Merger Subsidiary merged with and into Parent with Parent continuing as the surviving corporation and as a wholly-owned indirect subsidiary of Wanda. The merger consideration totaled \$701,811,000, with \$700,000,000 invested by Wanda and \$1,811,000 invested by members of management, for which 1,338,048 shares of Class A common stock and 3,497 shares of Class N common stock were issued, respectively. The investment amount and price per share paid by members of management was determined pursuant to Management Subscription Agreements negotiated in connection with the Merger. Pursuant to such agreements, as a retention incentive certain key members of management were required to reinvest 50% of the after tax amount they received with respect to equity awards outstanding at the time of the Merger at a price per share equal to that received for such equity awards. The approximately one percent differential in the per share price paid by Wanda and members of management represents the dilutive effect from settlement of outstanding management equity awards in connection with the Merger. Wanda also acquired cash, corporate borrowings and capital and financing lease obligations in connection with the Merger as described below.

In connection with the Merger agreement, \$35,000,000 of consideration otherwise payable to the equity holders was deposited into an Indemnity Escrow Fund and \$2,000,000 otherwise payable to the equity holders was deposited into an account designated by the Stockholder Representative. The \$35,000,000 of consideration previously deposited in the Indemnity Escrow Fund, which was established to cover any indemnity claims by Wanda against the sellers (former owners) relating to their representations, warranties and covenants in connection with the Merger, was released in full on April 3, 2013. There were no indemnity claims made. Further, the \$2,000,000 previously deposited in an account designated by the Stockholder Representative, which account was established to cover post-merger closing de minimis taxes and administrative fees and expenses, has also been released in full. On April 15, 2013, after net of such taxes, fees and expenses, \$1,600,000 was released back to the selling stockholders, including members of management. The Company accounted for the entire \$701,800,000 as purchase price which included the amounts placed in escrow because the Company believed any contingencies requiring escrow were remote and that the amounts would be paid out subsequently.

As a result of the Merger and related change of control, the Company applied "push down" accounting, which requires allocation of the Merger consideration to the estimated fair values of the assets and liabilities acquired in the Merger. The allocation of Merger consideration was based on management's judgment after evaluating several factors, including a valuation assessment performed by a third party appraiser. The appraisal measurements included a combination of income, replacement cost and market approaches and represents managements' best estimate of fair value at August 30, 2012, the acquisition date. Management has finalized its purchase price allocation except for amounts assigned provisionally to certain leasehold improvements and furniture, fixtures and equipment included in Property, net. Management expects to finalize the fair values for these assets upon completing their final value analysis in May of 2013. Amounts assigned provisionally to these assets may change when this evaluation is completed. Adjustments made since the initial allocation decreased recorded goodwill by approximately \$20,000,000. Other current assets increased by approximately \$17,000,000 due to changes in deferred tax assets; intangible assets increased by approximately \$6,000,000 primarily due to final determinations of fair values assigned to favorable leases and a contract with an equity method investee; Other long-term assets decreased by approximately \$106,000,000 primarily due to final determinations of fair values assigned to equity method investments and changes in deferred tax assets;

and Other long-term liabilities declined by approximately \$100,000,000 due to changes in deferred tax liabilities. (1) Property, net consists of real estate, leasehold improvements and furniture, fixtures and equipment recorded at fair value.

(2) Intangible assets consist of a trademark and trade names, a non-compete agreement, management contracts, a contract with an equity method investee, and favorable leases. See Note 6 Goodwill and Other Intangible Assets for further information. In general, the majority of the Company's asset value is comprised of real estate and fixed assets. Furthermore, the majority of the Company's theatres are operated via lease agreements as opposed to owning the underlying real estate. Therefore, any asset value related to leased real estate would exist only if the existing lease agreements were at below-market, or favorable, terms. Certain of the Company's leased locations were considered to be at favorable terms, and an intangible asset was ascribed for such lease agreements. However, the majority of lease agreements were considered to be at market terms. As a result, there is no owned real estate or lease intangible asset value ascribed to the majority of the Company's locations. In estimating the fair value of the favorable lease agreements, market rents were estimated for each of the Company's leased locations. If the contractual rents were considered to be below the market rent, a favorable lease agreement was valued by discounting the difference between the contractual rent and

estimated market rates over the remaining lease term. Renewal options in the leases were also considered in determining the remaining lease term.

Other intangible assets were also considered. For the Company's business, the largest intangible asset (other than a favorable lease agreement) is the trade name. There was no customer relationship asset since the Company's customers represent "walk-in traffic" in which the customer would not meet the legal or separable criteria under ASC 805. The royalty savings method, a form of the income approach, was used to estimate the fair value of the trade name. In estimating the appropriate royalty rate for the trade name, we considered the impact and contribution that the trade name provides to the Company's operating cash flows. We assessed that the trade name does provide some contribution to the Company's operating cash flow, but that the attendance in the theatre is ultimately driven by factors that are not separable from goodwill such as the quality of the film product, the location of each individual theatre, the physical condition of the individual theatre, and the competitive landscape of the individual theatre.

Other than the favorable lease agreements and the trade name, there are not many other operating intangible assets for the Company's business. However, the Company does have some contractual relationships identified as intangible assets. These contractual relationships include the non-compete agreement that was entered into as part of the Company's acquisition of Kerasotes, management agreements in which the Company manages certain theatres that are owned by a third party, and the NCM tax receivable agreement (the "NCM TRA") which represents an agreement in which the Company receives a certain portion of a tax benefit that NCM is expected to receive as part of the Company's partial ownership interest in NCM. The non-compete agreement was valued using the differential cash flow method, a form of the income approach, in which the cash flows of the Company were estimated under a scenario in which the non-compete agreement was in place and a scenario in which there was no non-compete agreement. The value of the non-compete agreement was considered to be the difference of the discounted cash flows between the two scenarios over the remaining contractual term of the agreement. The management agreements were valued using the income approach, in which the annual management fee over the life of the agreements were discounted. The NCM TRA was valued using the income approach in which the future tax benefit distribution realized from any tax amortization of intangible assets was estimated and discounted. The Company determined the value of the TRA using a discounted cash flow model. For the purposes of its analysis, the Company estimated the cash receipts from taxable transactions that are known as of the date of the Merger. The Company did not consider future transactions that NCM may undertake. The Company estimated a run-off of the intangible asset amortization benefits due to the following transactions:

1. ESA (Exhibitor Services Agreement) relates to the amortization due to a modification of the initial ESA agreement.
2. CUA (Common Unit Adjustment) relates to NCM issuing additional common units to the founding members if there is an increase in the number of theatres under the ESA agreement. A reduction of common units is made if there are theatres removed from the ESA agreement.

3. AMC II Benefit relates to AMC's acquisition of Kerasotes theatres.
4. IPO Exchange Benefit relates to amortization from NCM's IPO in 2007.
5. IPO II Exchange Benefit relates to amortization step ups from NCM's secondary IPO in 2010.
6. Capital Account Administration Allocation relates to receipts attributable to the account administration.

The estimated TRA receipts through 2037 are tax effected at 40%, based on a blended federal and 50-state average tax rate. The after tax receipts were discounted to a present value using a discount rate of 12.0%, based on the cost of equity of NCM, as the TRA payments only benefit the equity holders.

- (3) Goodwill represents the excess of the Merger consideration over the net assets recognized and represents the future expected economic benefits arising from other assets acquired that could not be individually identified and separately recognized. Amounts recorded for goodwill are not subject to amortization and are not deductible for tax purposes. Additionally, the Company expects to realize synergies and cost savings related to the Merger. Wanda is the largest theatre exhibition operator in China through its controlling ownership interest in Wanda Cinema Line. The combined ownership and scale of AMC and Wanda Cinema Line, has enabled them to enhance relationships and obtain better terms for important food and beverage, lighting and theatre supply vendors, and to expand their strategic partnership with IMAX. Wanda and AMC are also working together to offer Hollywood studios and other production companies valuable access to their industry-leading promotion and distribution platforms, with the goal of gaining greater access to content and playing a more important role in the industry going forward.
- (4) Other long-term assets primarily include equity method investments, real estate held for investment and marketable equity securities recorded at fair value.
- (5) Represents a liability related to the sales of gift cards, packaged tickets and AMC Stubs memberships and rewards outstanding at August 30, 2012 recorded at fair value. The Company determined fair value for the gift cards and packaged tickets by removing the amount of unrecognized breakage income that was included in the deferred revenue amounts prior to the Merger. The Company made purchase accounting adjustments to reduce its deferred revenues for packaged tickets by \$24,859,000 and gift cards by \$7,441,000 such that the Company would recognize a normal profit margin on its deferred revenues for the future redemptions of the sales that occurred prior to the Merger. The Company did not make any fair value adjustments to its deferred revenues related to AMC Stubs as a result of the Merger because deferred revenues for the annual memberships require performance by AMC in the future and there was not sufficient historical data to estimate amounts of future breakage for AMC Stubs rewards. AMC Stubs vested rewards expire after 90 days if unused and AMC Stubs progress rewards expire to the extent members do not renew their annual membership.

(7) In connection with the completion of NCM, Inc.'s IPO on February 13, 2007, the Company entered into the Exhibitor Services Agreement that provided favorable terms to NCM in exchange for a payment of \$231,308,000. The Exhibitor Services Agreement was considered an unfavorable contract to the Company and the fair value of the contract was estimated as the present value of the difference between the Company's expected payments under the contract and a market rate over the life of the contract.

(8) Other long-term liabilities consist of certain theatre leases that have been identified as unfavorable, adjustments to reset deferred rent related to future escalations of minimum rentals to zero, adjustments for pension and postretirement medical plan liabilities and deferred RealD Inc. lease incentive recorded at fair value. Other long-term liabilities include deferred tax liabilities resulting from indefinite temporary differences that arose primarily from the application of "push down" accounting.

The fair value measurement of tangible and intangible assets and liabilities were based on significant inputs not observable in the market and thus represent Level 3 measurements within the fair value measurement hierarchy. Level 3 fair market values were determined using a variety of information, including estimated future cash flows, appraisals, market comparables, and quoted market prices. Quoted market prices and observable market based inputs were used to estimate the fair value of corporate borrowings (Level 2) and the Company's investments in NCM and equity securities available for sale including RealD Inc. common stock (Level 1).

During the period of August 31, 2012 through December 31, 2012, the Company incurred Merger-related costs of approximately \$2,500,000, which are included in general and administrative expense: merger, acquisition and transaction costs in the Consolidated Statements of Operations.

The unaudited pro forma financial information presented below sets forth the Company's historical statements of operations for the periods indicated and gives effect to the Merger as if "push down" accounting had been applied as of the beginning of fiscal 2012. The Merger on August 30, 2012 triggered the payment of an aggregate of \$32,340,000 for success fees to financial advisors, bond amendment consent fees, professional and consulting fees, payments for cancellation of stock based compensation and management success bonuses that were contingent on the consummation of the Merger. The Company determined that its accounting policy for any cost triggered by the consummation of the Merger was to recognize the cost when the Merger was consummated. Accordingly, the fees discussed above have not been recorded in the Consolidated Statement of Operations for the Predecessor period since that statement depicts the results of operations just prior to consummation of the transaction. In addition, since the Successor period reflects the effects of push-down accounting, these costs have also not been recorded as an expense in the Successor period. However, the costs were reflected in the purchase accounting adjustments which were applied in arriving at the opening balances of the Successor.

The following is a summary of the contingent costs:

(in thousands)

Financial advisor fees	\$ 18,129	(a)
Management transaction bonuses	6,000	(b)
Bond amendment fees	3,946	(c)
Unrecognized stock compensation expense	3,177	(d)
Professional fees	1,088	(e)
	\$ 32,340	

-
- (a) These represent non-exclusive arrangements made with multi-parties to provide advice and assistance related to the sale of AMC. Payment terms were contingent upon consummation of a sale. Each agreement was entered into by Predecessor entities when the Company was under previous ownership.
- (b) Management bonuses were approved by the Predecessor Entity and previous ownership group to help incentivize key AMC management team members to use their best efforts to help facilitate the sale of the Company. Payments were contingent on the consummation of a transaction.
- (c) Consent fees were paid pursuant to a consent solicitation to amend indentures relating to our outstanding notes and permit the sale of the Company without triggering change of control payments. The payments were only made upon closing the Wanda transaction.
- (d) unrecognized stock compensation for previously existing awards that became payable due to change of control provisions and only upon consummation of a sale transaction.
- (e) other contingent professional services.

NOTE 3 ACQUISITION

In December 2012, the Company completed the acquisition of 4 theatres and 61 screens from Rave Reviews Cinemas, LLC and 6 theatres and 95 screens from Rave Digital Media, LLC, (and together "Rave"). The purchase price for the Rave theatres, paid in cash at closing, was \$87,555,000,

net of cash acquired, and is subject to working capital and other purchase price adjustments. The Company acquired the Rave theatres based on their highly complementary geographic presence in certain key markets. Additionally, the Company expects to realize synergies and cost savings related to the Rave acquisition as a result of moving to the Company's operating practices, decreasing costs for newspaper advertising, food and beverage and general and administrative expense savings, particularly with respect to the consolidation of corporate related functions and elimination of redundancies.

The acquisitions are being treated as a purchase in accordance with Accounting Standards Codification, ("ASC") 805, *Business Combinations*, which requires allocation of the purchase price to the estimated fair values of assets and liabilities acquired in the transaction. The allocation of purchase price is based on management's judgment after evaluating several factors, including bid prices from potential buyers and a preliminary valuation assessment. The allocation of purchase price is subject to changes as an appraisal of assets and liabilities is finalized and additional information becomes available. The following is a summary of a preliminary allocation of the purchase price:

(In thousands)	Total

Accrued expenses and other liabilities	(6,732)
Capital and financing lease obligations	(62,598)
Other long-term liabilities	(3,690)
Total estimated purchase price	\$ 91,766

- (1) Receivables consist of trade receivables recorded at estimated fair value. The Company did not acquire any other class of receivables as a result of the acquisition of the Rave theatres.
- (2) Goodwill arising from the acquisition consists largely of the synergies and economies of scale expected from combining the operations. Amounts recorded for goodwill are not subject to amortization, but are expected to be deductible for tax purposes.

During the period of August 31, 2012 through December 31, 2012, the Company incurred acquisition-related costs for the Rave theatres of approximately \$157,000, which are included in general and administrative expense: merger, acquisition and transaction costs in the Consolidated Statements of Operations. The Company's operating results for the Transition Period were not materially impacted by this December acquisition. Approximately \$315,000 of the estimated purchase price was accrued but not paid as of December 31, 2012.

NOTE 4 DISCONTINUED OPERATIONS

In August of 2012, the Company closed one theatre with 20 screens located in Canada. The Company paid the landlord \$7,562,000 to terminate the lease agreement. Also, the Company sold one

theatre with 12 screens located in the United Kingdom in August of 2012. The proceeds received from the sale was \$395,000, and is subject to working capital and other purchase price adjustments as described in the asset purchase agreement.

In July of 2012, the Company sold six theatres with 134 screens located in Canada. The aggregate gross proceeds from the sales were approximately \$1,472,000, and are subject to working capital and purchase price adjustments.

The Company recorded gains, net of lease termination expense, on the disposition of the seven Canada theatres and the one United Kingdom theatre of approximately \$39,000,000, primarily due to the write-off of long-term lease liabilities extinguished in connection with the sales and closure. The Company does not have any significant continuing involvement in the operations of these theatres after the disposition. The results of operations of these theatres have been classified as discontinued operations, and information presented for all periods reflects the classification.

The Company calculated the gain on sale and closure of its theatres in Canada and in the UK as follows:

NOTE 4 DISCONTINUED OPERATIONS (Continued)

The Company operated all of the UK and Canada theatres pursuant to long-term operating lease agreements with original terms of 20 years. In connection with the sales of these theatres, the buyers assumed responsibility under the operating lease agreements and the Company was relieved of its legal obligation for future payments under the lease agreements. For the theatre that was closed, the Company paid the landlord \$7,562,000 to terminate its obligation under the lease at the date of closing.

In December of 2008, the Company sold all of its interests in Cinemex, which then operated 44 theatres with 493 screens primarily in the Mexico City Metropolitan Area, to Entretenimiento GM de Mexico S.A. de C.V. ("Entretenimiento"). As of December 31, 2012, the Company estimates that it is contractually entitled to receive an additional \$6,275,000 of the purchase price related to tax payments and refunds. While the Company believes it is entitled to these amounts from Cinemex, the collection will require litigation, which was initiated by the Company on April 30, 2010 and is still pending. Resolution is expected to take place over a prolonged period. In fiscal 2010, as a result of the litigation, the Company established an allowance for doubtful accounts related to this receivable and directly charged off the receivable amount as uncollectible. The Company does not have any significant continuing involvement in the operations of the Cinemex theatres after the disposition. Any purchase price tax collections received or legal fees paid related to the sale of the Cinemex theatres have been classified as discontinued operations for all periods presented.

Less-accumulated depreciation and amortization	62,927	1,592,245
	\$ 1,147,959	\$ 883,697

Property is recorded at cost or fair value, in the case of property resulting from acquisitions. The Company uses the straight-line method in computing depreciation and amortization for financial reporting purposes. The estimated useful lives for leasehold improvements reflect the shorter of the expected useful lives of the assets or the base terms of the corresponding lease agreements plus renewal options expected to be exercised for these leases. The estimated useful lives are as follows:

Buildings and improvements	5 to 40 years
Leasehold improvements	1 to 20 years
Furniture, fixtures and equipment	1 to 10 years

Expenditures for additions (including interest during construction) and betterments are capitalized, and expenditures for maintenance and repairs are charged to expense as incurred. The cost of assets retired or otherwise disposed of and the related accumulated depreciation and amortization are eliminated from the accounts in the year of disposal. Gains or losses resulting from property disposals are included in operating expense in the accompanying Consolidated Statements of Operations.

Depreciation expense was \$63,472,000, 70,715,000, \$184,935,000 and \$181,970,000 for the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and fiscal years ended March 29, 2012 and March 31, 2011, respectively.

RealD Inc. Common Stock

The Company holds an investment in RealD Inc. common stock, which is accounted for as an equity security, available for sale, and is recorded in the Consolidated Balance Sheets in other long-term assets at fair value (Level 1). Under its RealD Inc. motion picture license agreement, the Company received a ten-year option to purchase 1,222,780 shares of RealD Inc. common stock at approximately \$0.00667 per share. The stock options vested in 3 tranches upon the achievement of screen installation targets and were valued at the underlying stock price at the date of vesting. At the dates of exercise, the fair market value of the RealD Inc. common stock was recorded in other long-term assets with an offsetting entry recorded to other long-term liabilities as a deferred lease incentive. As a result of the Merger, the unamortized deferred lease incentive was recorded at fair value and is being amortized on a straight-line basis over the remaining contract life of approximately 9 years, to reduce RealD license expense recorded in the consolidated statements of operations under operating expense. For further information, see Note 2 Merger. As of December 31, 2012, the unamortized deferred lease incentive balance included in other long-term liabilities was \$21,223,000. Fair value adjustments of RealD Inc. common stock are recorded to other long-term assets with an offsetting entry to accumulated other comprehensive income.

At December 29, 2011, the Company evaluated its investment in RealD Inc. common stock for a possible other-than-temporary impairment given market prices for RealD Inc. common stock and determined that the loss as of December 29, 2011 was other-than-temporary and recognized an impairment loss of \$17,751,000 within investment expense (income), related to unrealized losses previously recorded in accumulated other comprehensive loss, as the Company determined the decline in fair value below historical cost to be other-than-temporary. Consideration was given to the financial condition and near-term prospects of the issuer, the length of time and extent to which the fair value had been less than cost and the Company's intent and ability to retain its investment in the issuer for a period of time sufficient to allow for any anticipated recovery in market value.

DCIP Transactions

On March 10, 2010, DCIP completed its financing of \$660.0 million for the deployment of digital projection systems to nearly 14,000 movie theatre screens across North America, including screens operated or managed by the Company, Cinemark and Regal. At closing the Company contributed 342 projection systems that it owned to DCIP, which were recorded at estimated fair value as part of an additional investment in DCIP of \$21,768,000. The Company also made cash investments in DCIP of \$840,000 at closing and DCIP made a distribution of excess cash to the Company after the closing date and prior to fiscal 2010 year-end of \$1,262,000. The Company recorded a loss on contribution of the 342 projection systems of \$563,000, based on the difference between estimated fair value and the carrying value on the date of contribution. On March 26, 2010, the Company acquired 117 digital projectors from third party lessors for \$6,784,000 and sold them together with seven digital projectors that it owned to DCIP for \$6,570,000. The Company recorded a loss on the sale of these 124 systems to DCIP of \$697,000. On September 20, 2010, the Company sold 29 digital projectors in a sale and

lease back to DCIP from its Canadian theatres for \$1,655,000 and incurred a loss of \$110,000. On October 29, 2010, the Company sold 57 digital projectors from Kerasotes theatres in a sale and leaseback to DCIP for \$3,250,000, with no gain or loss recorded on the projectors. On March 31, 2011, DCIP completed additional financing of \$220.0 million, which is expected to complete the deployment of nearly 15,000 digital projection systems in the U.S. and Canada, including screens owned or managed by the Company.

The digital projection systems leased from DCIP and its affiliates replaced most of the Company's existing 35 millimeter projection systems. The Company adjusted its estimated depreciable lives for its existing equipment that will be replaced and has accelerated the depreciation of these existing 35 millimeter projection systems, based on the estimated digital projection system deployment timeframe. The projector systems scheduled to be replaced will be fully depreciated in calendar 2013.

NCM Transactions

On March 29, 2005, the Company along with Regal combined their screen advertising operations to form NCM. On July 15, 2005, Cinemark joined the NCM joint venture by contributing its screen advertising business. On February 13, 2007, National CineMedia, Inc. ("NCM, Inc."), a newly formed entity that now serves as the sole manager of NCM, closed its initial public offering, or IPO, of 42,000,000 shares of its common stock at a price of \$21.00 per share.

In connection with the completion of NCM, Inc.'s IPO, on February 13, 2007, the Company entered into the Third Amended and Restated Limited Liability Company Operating Agreement (the "NCM Operating Agreement") among the Company, Regal and Cinemark (the "Founding Members") and NCM, Inc. Pursuant to the NCM Operating Agreement, the members are granted a redemption right to exchange common units of NCM for, at the option of NCM, Inc., NCM, Inc. shares of common stock on a one-for-one basis, or a cash payment equal to the market price of one share of NCM, Inc.'s common stock. Upon execution of the NCM Operating Agreement, each existing preferred unit of NCM held by the Founding Members was redeemed in exchange for \$13.7782 per unit, resulting in the cancellation of each preferred unit. NCM used the proceeds of a new \$725,000,000 term loan facility and \$59,800,000 of net proceeds from the NCM, Inc. IPO to redeem the outstanding preferred units. The Company received approximately \$259,347,000 in the aggregate for the redemption of all its preferred units in NCM. The Company received approximately \$26,467,000 from selling common units in NCM to NCM, Inc. in connection with the exercise of the underwriters' over-allotment option in the NCM, Inc. IPO.

Also in connection with the completion of NCM, Inc.'s IPO, the Company agreed to modify NCM's payment obligations under the prior Exhibitor Services Agreement ("ESA") in exchange for approximately \$231,308,000. The ESA provides a term of 30 years for advertising and approximately five year terms (with automatic renewal provisions) for meeting event and digital programming services, and provides NCM with a five year right of first refusal for the services beginning one year prior to the end of the term. The ESA also changed the basis upon which the Company is paid by NCM from a percentage of revenues associated with advertising contracts entered into by NCM to a monthly theatre access fee. The theatre access fee is now composed of a fixed payment per patron and a fixed payment per digital screen, which increases by 8% every five years starting at the end of fiscal 2011 for payments per patron and by 5% annually starting at the end of fiscal 2007 for payments per digital screen. The

theatre access fee paid in the aggregate to the Founding Members will not be less than 12% of NCM's aggregate advertising revenue, or it will be adjusted upward to meet this minimum payment. Additionally, the Company entered into the First Amended and Restated Loews Screen Integration Agreement with NCM on February 13, 2007, pursuant to which the Company paid NCM an amount that approximated the EBITDA that NCM would have generated if it had been able to sell advertising in the Loews Cineplex Entertainment Corporation ("Loews") theatre chain on an exclusive basis commencing upon the completion of NCM, Inc.'s IPO, and NCM issued to AMC common membership units in NCM, increasing the Company's ownership interest to approximately 33.7%; such Loews payments were made quarterly until the former screen advertising agreements expired in fiscal 2009. The Loews Screen Integration payments totaling \$15,982,000 were paid in full in fiscal 2010. The Company is also required to purchase from NCM any on-screen advertising time provided to the Company's beverage concessionaire at a negotiated rate. In addition, the Company expects to receive mandatory quarterly distributions of excess cash from NCM. Immediately following the NCM, Inc. IPO, the Company held an 18.6% interest in NCM.

As a result of NCM, Inc.'s IPO and debt financing, the Company recorded a change of interest gain of \$132,622,000 and received distributions in excess of its investment in NCM related to the redemption of preferred and common units of \$106,188,000. The Company reduced its investment in NCM to zero and recognized the change of interest gain and the excess distribution in earnings as it has not guaranteed any obligations of NCM and is not otherwise committed to provide further financial support for NCM.

Annual adjustments to the common membership units are made pursuant to the Common Unit Adjustment Agreement dated as of February 13, 2007 between NCM, Inc. and the Founding Members. The Common Unit Adjustment Agreement was created to account for changes in the number of theatre screens operated by each of the Founding Members. Prior to fiscal 2011, each of the Founding Members had increased the number of screens it operates through acquisitions and newly built theatres. Since these incremental screens and increased attendance in turn provide for additional advertising revenues to NCM, NCM agreed to compensate the Founding Members by issuing additional common membership units to the Founding Members in consideration for their increased attendance and overall contribution to the joint venture. The Common Unit Adjustment Agreement also provides protection to NCM in that the Founding Members may be required to transfer or surrender common units to NCM based on certain limited events, including declines in attendance and the number of screens operated. As a result, each Founding Member's equity ownership interests are proportionately adjusted to reflect the risks and rewards relative to their contributions to the joint venture.

The Common Unit Adjustment Agreement provides that transfers of common units are solely between the Founding Members and NCM. There are no transfers of units among the Founding Members. In addition, there are no circumstances under which common units would be surrendered by the Company to NCM in the event of an acquisition by one of the Founding Members. However, adjustments to the common units owned by one of the Founding Members will result in an adjustment to the Company's equity ownership interest percentage in NCM.

Pursuant to the Company's Common Unit Adjustment Agreement, from time to time common units of NCM held by the Founding Members will be adjusted up or down through a formula ("Common Unit Adjustment"), primarily based on increases or decreases in the number of theatre

screens operated and theatre attendance generated by each Founding Member. The common unit adjustment is computed annually, except that an earlier common unit adjustment will occur for a Founding Member if its acquisition or disposition of theatres, in a single transaction or cumulatively since the most recent common unit adjustment, will cause a change of 2% or more in the total annual attendance of all of the Founding Members. In the event that a common unit adjustment is determined to be a negative number, the Founding Member shall cause, at its election, either (a) the transfer and surrender to NCM of a number of common units equal to all or part of such Founding Member's common unit adjustment or (b) pay to NCM an amount equal to such Founding Member's common unit adjustment calculated in accordance with the Common Unit Adjustment Agreement.

Effective March 27, 2008, the Company received 939,853 common membership units of NCM as a result of the Common Unit Adjustment, increasing the Company's interest in NCM to 19.1%. The Company recorded the additional units received as a result of the Common Unit Adjustment at a fair value of \$21,598,000, based on a price for shares of NCM, Inc. on March 26, 2008, of \$22.98 per share, and as a new investment (Tranche 2 Investment), with an offsetting adjustment to deferred revenue. Effective May 29, 2008, NCM issued 2,913,754 common membership units to another Founding Member due to an acquisition, which caused a decrease in the Company's ownership share from 19.1% to 18.52%. Effective March 17, 2009, the Company received 406,371 common membership units of NCM as a result of the Common Unit Adjustment, increasing the Company's interest in NCM to 18.53%. The Company recorded these additional units at a fair value of \$5,453,000, based on a price for shares of NCM, Inc. on March 17, 2009, of \$13.42 per share, with an offsetting adjustment to deferred revenue. Effective March 17, 2010, the Company received 127,290 common membership units of NCM. As a result of the Common Unit Adjustment among the Founding Members, the Company's interest in NCM decreased to 18.23% as of April 1, 2010. The Company recorded the additional units received at a fair value of \$2,290,000, based on a price for shares of NCM, Inc. on March 17, 2010, of \$17.99 per share, with an offsetting adjustment to deferred revenue. Effective June 14, 2010 and with a settlement date of June 28, 2010, the Company received 6,510,209 common membership units in NCM as a result of an Extraordinary Common Unit Adjustment in connection with the Company's acquisition of Kerasotes. The Company recorded the additional units at a fair value of \$111,520,000, based on a price for shares of NCM, Inc. on June 14, 2010, of \$17.13 per share, with an offsetting adjustment to deferred revenue. As a result of the Extraordinary Common Unit Adjustment, the Company's interest in NCM increased to 23.05%.

All of the Company's NCM membership units are redeemable for, at the option of NCM, Inc., cash or shares of common stock of NCM, Inc. on a share-for-share basis. On August 18, 2010, the Company sold 6,500,000 shares of common stock of NCM, Inc. in an underwritten public offering for \$16.00 per share and reduced the Company's related investment in NCM by \$36,709,000, the carrying amount of all shares sold. Net proceeds received on this sale were \$99,840,000 after deducting related underwriting fees and professional and consulting costs of \$4,160,000, resulting in a gain on sale of \$63,131,000. In addition, on September 8, 2010, the Company sold 155,193 shares of NCM, Inc. to the underwriters to cover over-allotments for \$16.00 per share and reduced the Company's related investment in NCM by \$867,000, the carrying amount of all shares sold. Net proceeds received on this sale were \$2,384,000 after deducting related underwriting fees and professional and consulting costs of \$99,000, resulting in a gain on sale of \$1,517,000. As a result of the membership unit conversions and sales, the Company's ownership interest in NCM was reduced to 17.02% as of September 30, 2010.

NOTE 7 INVESTMENTS (Continued)

Effective March 17, 2011, the Company was notified by NCM that its Common Unit Adjustment was determined to be a negative number. The Company elected to surrender 1,479,638 common membership units to satisfy the Common Unit Adjustment, leaving it with 17,323,782 units, or a 15.66% ownership interest in NCM as of March 31, 2011. The Company recorded the surrendered common units as a reduction to deferred revenues for exhibitor services agreement at fair value of \$25,361,000, based on a price per share of NCM, Inc. of \$17.14 on March 17, 2011, and recorded the reduction of the Company's NCM investment at weighted average cost for Tranche 2 Investments of \$25,568,000, resulting in a loss on the surrender of the units of \$207,000. The gain from the NCM, Inc. stock sales and the loss from the surrendered NCM common units are reported as Gain on NCM transactions on the Consolidated Statements of Operations. As a result of theatre closings and a related decline in attendance, the NCM Common Unit Adjustment for calendar 2011 called for a reduction in common units. The Company elected to pay NCM \$214,000 to retain 16,717 common units effective March 16, 2012. The amount paid to retain the units decreased the deferred revenues for exhibitor services agreement available for amortization to advertising income for future periods.

The NCM, Inc. IPO and related transactions have the effect of reducing the amounts NCM, Inc. would otherwise pay in the future to various tax authorities as a result of an increase in its proportionate share of tax basis in NCM's tangible and intangible assets. On the IPO date, NCM, Inc. and the Founding Members entered into a tax receivable agreement. Under the terms of this agreement, NCM, Inc. will make cash payments to the Founding Members in amounts equal to 90% of NCM, Inc.'s actual tax benefit realized from the tax amortization of the NCM intangible assets. For purposes of the tax receivable agreement, cash savings in income and franchise tax will be computed by comparing NCM, Inc.'s actual income and franchise tax liability to the amount of such taxes that NCM, Inc. would have been required to pay had there been no increase in NCM Inc.'s proportionate share of tax basis in NCM's tangible and intangible assets and had the tax receivable agreement not been entered into. The tax receivable agreement shall generally apply to NCM, Inc.'s taxable years up to and including the 30th anniversary date of the NCM, Inc. IPO and related transactions. Pursuant to the terms of the tax receivable agreement, in fiscal year 2009, the Company received payments of \$3,796,000 from NCM, Inc. with respect to NCM, Inc.'s 2007 taxable year; in fiscal year 2010, the Company received payments of \$8,788,000 with respect to NCM, Inc.'s 2008 and 2009 taxable year; and in fiscal year 2011, the Company received \$6,637,000 with respect to NCM, Inc.'s 2008 and 2010 taxable years. In fiscal 2012, the Company received \$6,248,000 with respect to NCM, Inc.'s 2009, 2010 and 2011 taxable years. Prior to the date of the Merger on August 30, 2012, distributions received under the tax receivable agreement from NCM, Inc. were recorded as additional proceeds received related to the Company's Tranche 1 or 2 Investments and were recorded in earnings in a similar fashion to the proceeds received from the NCM, Inc. IPO and the receipt of excess cash distributions. Following the date of the Merger, the Company recorded an intangible asset of \$20,900,000 as the fair value of the tax receivable agreement. The tax receivable agreement intangible asset is amortized on a straight-line basis against investment income over the remaining life of the ESA. Cash receipts from NCM, Inc. for the tax receivable agreement are recorded to the investment income account.

As of December 31, 2012, the Company owns a 15.47% interest in NCM. As a founding member, the Company has the ability to exercise significant influence over the governance of NCM, and, accordingly accounts for its investment following the equity method. The fair market value of the units

As of December 31, 2012 and March 29, 2012, the Company had recorded \$2,021,000 and \$1,823,000, respectively, of amounts due to NCM related to the ESA. The Company recorded revenues for advertising from NCM of \$11,086,000, \$11,731,000, \$24,351,000 and \$22,408,000 during the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012, and March 31, 2011, respectively. The Company recorded expenses related to its beverage advertising agreement with NCM of \$4,197,000, \$6,326,000, \$13,447,000 and \$12,458,000 during the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012, and March 31, 2011, respectively.

As of December 31, 2012 and March 29, 2012, the Company has recorded \$736,000 and \$1,437,000, respectively, of amounts due from DCIP related to equipment purchases made on behalf of DCIP for the installation of digital projection systems. After the projectors are installed and the Company is reimbursed for its installation costs, the Company will make capital contributions to DCIP for projector and installation costs in excess of the cap (\$68,000 per system for digital conversions and \$44,000 for new build locations). The Company pays equipment rent monthly and records the equipment rental expense on a straight-line basis, including scheduled escalations of rent to commence after six and one-half years from the initial deployment date. The difference between the cash rent and straight-line rent is recorded to deferred rent, a long-term liability account. As of December 31, 2012 and March 29, 2012, the Company has recorded \$1,810,000 and \$5,003,000 of deferred rent, respectively. The Company recorded digital equipment rental expense of \$3,338,000, \$3,624,000 and \$6,969,000 during the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and the fifty-two weeks ended March 29, 2012, respectively.

The Company reviews investments in non-consolidated subsidiaries accounted for under the equity method for impairment whenever events or changes in circumstances indicate that the carrying amount of the investment may not be fully recoverable. The Company reviews unaudited financial statements on a quarterly basis and audited financial statements on an annual basis for indicators of triggering events or circumstances that indicate the potential impairment of these investments as well as current equity prices for its investment in NCM and discounted projections of cash flows for certain of its other investees. Additionally, the Company has quarterly discussions with the management of significant investees to assist in the identification of any factors that might indicate the potential for impairment. In order to determine whether the carrying value of investments may have experienced an "other-than-temporary" decline in value necessitating the write-down of the recorded investment, the Company considers the period of time during which the fair value of the investment remains substantially below the recorded amounts, the investees financial condition and quality of assets, the length of time the investee has been operating, the severity and nature of losses sustained in current and prior years, a reduction or cessation in the investee's dividend payments, suspension of trading in the security, qualifications in accountant's reports due to liquidity or going concern issues, investee announcement of adverse changes, downgrading of investee debt, regulatory actions, changes in reserves for product liability, loss of a principal customer, negative operating cash flows or working capital deficiencies and the recording of an impairment charge by the investee for goodwill, intangible or long-lived assets. Once a determination is made that an other-than-temporary impairment exists, the Company writes down its investment to fair value.

Included in equity in earnings of non-consolidated entities for the fifty-two weeks ended March 31, 2011 is an impairment charge of \$8,825,000 related to a joint venture investment. The decline in the fair market value of the investment was considered other than temporary due to inadequate projected cash flows, the nature of losses sustained in current and prior years, negative operating cash flows and the length of time the investee has been operating. The decline in the fair market value of the investment was considered other than temporary due to competitive theatre builds. The impairment charges related to joint venture investments are included within equity in earnings of non-consolidated entities on the Consolidated Statements of Operations.

The Company recorded the following changes in the carrying amount of its investment in NCM and equity in earnings of NCM during the period August 31, 2012 through December 31, 2012, the

- (5) All of the Company's NCM membership units are redeemable for, at the option of NCM, cash or shares of common stock of NCM, Inc. on a share-for-share basis. On August 18, 2010, the Company sold 6,500,000 shares of common stock of NCM, Inc. in an underwritten public offering for \$16.00 per share and reduced the Company's related investment in NCM by \$36,709,000, the carrying amount of all shares sold. Net proceeds received on this sale were \$99,840,000 after deducting related underwriting fees and professional and consulting costs of \$4,160,000, resulting in a gain on sale of \$63,131,000. In addition, on September 8, 2010, the Company sold 155,193 shares of NCM, Inc. to the underwriters to cover over-allotments for \$16.00 per share and reduced the Company's related investment in NCM by \$867,000, the carrying amount of all shares sold. Net proceeds received on this sale were \$2,384,000 after deducting related underwriting fees and professional and consulting costs of \$99,000, resulting in a gain on sale of \$1,517,000.
- (6) As a result of theatre dispositions and closings and a related decline in attendance, the NCM Common Unit Adjustment for calendar 2010 called for a reduction in common units. The Company elected to surrender 1,479,638 common units effective March 17, 2011 at a fair value of \$25,361,000 and a weighted average cost basis for Tranche 2 Investments of \$25,568,000, resulting in a loss of \$207,000. The fair value of the units surrendered reduced the deferred revenues for exhibitor services agreement available for amortization to advertising income for future periods.
- (7) Distributions received under the Tax Receivable Agreement ("TRA") in fiscal 2011 and 2012, were allocated among the Tranche 1 Investment and the Tranche 2 Investments based on the ownership percentages as of the date of the related NCM, Inc. taxable year to which the distribution relates. Post Merger, the TRA was recorded at fair value as an Intangible Asset. Amortization of the TRA intangible asset and cash receipts are recorded to Investment Expense (Income). Prior to the Merger, the Company did not have any carrying value related to the NCM tax receivable agreement and the majority of its Tranche 1 investment in NCM was recorded at \$0. In connection with push down accounting as required by the Merger the Company recorded an amortizable intangible asset in the amount of \$20,900,000 related to the NCM tax receivable agreement. Because the Company established a separate asset apart from its equity method investment in NCM that derives all of its fair value from the expected future payments under the NCM tax receivable agreement, the Company will account for the cash receipts under the NCM tax receivable agreement separately from its equity method investment in NCM. Prior to the Merger the majority of the Company's Tranche 1 investment in NCM was recorded at a carrying value of \$0 and the remaining Tranche 2 investment was recorded at a carrying value of \$72,323,000. Subsequent to the Merger the Company increased the carrying value from \$72,323,000 to a fair value of \$250,155,000. As both the NCM tax receivable agreement and investment in NCM were separately recorded at fair value as a result of the Merger, the Company will account for the NCM tax receivable agreement intangible amortization and NCM tax receivable agreement cash receipts separately as components of investment income and we will account for our share of earnings in NCM and distributions of their earnings following the equity method.
- (8) As a result of theatre closings and a related decline in attendance, the NCM Common Unit Adjustment for calendar 2011 called for a reduction in common units. The Company elected to pay NCM \$214,000 to retain 16,717 common units effective March 16, 2012. The amount paid to retain the units decreased the deferred revenues for exhibitor services agreement available for amortization to advertising income for future periods.

Senior Secured Credit Facility

The Senior Secured Credit Facility is with a syndicate of banks and other financial institutions and, prior to the third amendment on December 15, 2010, had provided the Company financing of up to \$850,000,000, consisting of a \$650,000,000 term loan facility with a maturity date of January 26, 2013 and a \$200,000,000 revolving credit facility that matured in 2012. The revolving credit facility includes borrowing capacity available for letters of credit and for swingline borrowings on same-day notice.

Third Amendment. On December 15, 2010, the Company entered into a third amendment to its Senior Secured Credit Agreement dated as of January 26, 2006 to, among other things: (i) extend the

maturity of the term loans held by accepting lenders and to increase the interest rate with respect to such term loans, (ii) replace the Company's existing revolving credit facility (with higher interest rates and a longer maturity than the existing revolving credit facility), and (iii) amend certain of the existing covenants therein. The following are key terms of the amendment:

The term loan maturity was extended to December 15, 2016 (the "Term Loan due 2016") for the then aggregate principal amount of \$476,597,000 held by lenders who consented to the amendment. The remaining then aggregate term loan principal amount of \$142,528,000 (the "Term Loan due 2013") was scheduled to mature on January 26, 2013.

The amended five-year revolving credit facility includes a borrowing capacity of \$192,500,000 through December 15, 2015 and is available for letters of credit and for swingline borrowings on same-day notice. The applicable margin for borrowings under the revolving credit facility at December 31, 2012 was 2.25% with respect to base rate borrowings and 3.25% with respect to LIBOR borrowings. The Company is required to pay an unused commitment fee to the lenders under the revolving credit facility in respect of the unutilized commitments thereunder at a rate equal to 0.50% per annum. It will also pay customary letter of credit fees. As of December 31, 2012, the Company had approximately \$11,563,000 in outstanding letters of credit issued under the credit facility, leaving approximately \$180,937,000 available to borrow against the revolving credit facility.

The Company recorded a loss on the modification of the Senior Secured Credit Agreement of \$3,656,000 in Other expense during the fifty-two weeks ended March 31, 2011, which included third party modification fees and other expenses of \$3,289,000 and previously capitalized financing fees related to the revolving credit facility of \$367,000. The Company capitalized deferred financing costs paid to creditors of \$1,943,000 related to the modification of the Senior Secured Credit Agreement during the year ended March 31, 2011.

Incremental Amendment. On February 22, 2012, the Company entered into an amendment to its Senior Secured Credit Facility pursuant to which the Company borrowed term loans (the "Term Loan due 2018"), and used the proceeds, together with cash on hand, to fund the cash tender offer and redemption of the 8% Senior Subordinated Notes due 2014 and to repay the existing Term Loan due 2013. The Term Loan due 2018 was issued under the Senior Secured Credit Facility for \$300,000,000 aggregate principal amount and the net proceeds received were \$297,000,000. The 1% discount was amortized to interest expense over the term of the loan until the Merger date of August 30, 2012, when the debt was re-measured at fair value. The Term Loan due 2018 requires repayments of principal of 1% per annum and the remaining principal payable upon maturity on February 22, 2018. The Company capitalized deferred financing costs paid to creditors of \$5,157,000 related to the issuance of the Term Loan due 2018 during the year ended March 29, 2012. Concurrently with the Term Loan due 2018 borrowings on February 22, 2012, the Company redeemed all outstanding Term Loan due 2013 at a redemption price of 100% of the then outstanding aggregate principal balance of \$140,657,000, plus accrued and unpaid interest. The Company recorded a loss on extinguishment of the Term Loan due 2013 in Other expense, due to previously capitalized deferred financing fees of \$383,000, during the fifty-two weeks ended March 29, 2012.

Borrowings under the Senior Secured Credit Facility bear interest at a rate equal to an applicable margin plus, at the Company's option, either a base rate or LIBOR. Prior to extinguishment, the Term

Loan due 2013 bore interest at 2.021% on February 22, 2012, which was based on LIBOR plus 1.75%. The Company will repay \$5,003,648 of the Term Loan due 2016 per annum through September 30, 2016, with any remaining balance due on December 15, 2016. The Term Loan due 2018 requires repayments of principal of \$3,000,000 per annum and the remaining principal payable upon maturity on February 22, 2018. The Company may voluntarily repay outstanding loans under the Senior Secured Credit Facility at any time without premium or penalty, other than customary "breakage" costs with respect to LIBOR loans.

All obligations under the Senior Secured Credit Facility are guaranteed by each of the Company's wholly-owned domestic subsidiaries. All obligations under the Senior Secured Credit Facility, and the guarantees of those obligations (as well as cash management obligations), are secured by substantially all of AMC Entertainment's assets as well as those of each subsidiary guarantor.

The Senior Secured Credit Facility contains a number of covenants that, among other things, restrict, subject to certain exceptions, the Company's ability, and the ability of its subsidiaries, to sell assets; incur additional indebtedness; prepay other indebtedness (including the notes); pay dividends and distributions or repurchase their capital stock; create liens on assets; make investments; make certain acquisitions; engage in mergers or consolidations; engage in certain transactions with affiliates; change of control of permitted holders, amend certain charter documents and material agreements governing subordinated indebtedness, including the 8.75% Senior Notes due 2019 and the 9.75% Senior Subordinated Notes due 2020; change the business conducted by it and its subsidiaries; and enter into agreements that restrict dividends from subsidiaries.

In addition, the Senior Secured Credit Facility requires that the Company and its subsidiaries maintain a maximum net senior secured leverage ratio as long as the commitments under the revolving credit facility remain outstanding. The Senior Secured Credit Facility also contains certain customary affirmative covenants and events of default.

The Company is restricted, in certain circumstances, from paying dividends to Parent by the terms of the indentures governing its outstanding senior and subordinated notes and its Senior Secured Credit Facility.

Fourth Amendment. On July 2, 2012, the Company entered into a waiver and fourth amendment to its Senior Secured Credit Facility dated as of January 26, 2006 to, among other things: (i) waive a certain specified default that would otherwise occur upon the change of control effected by the Merger, (ii) permit the Company to change its fiscal year after completion of the Merger, (iii) reflect the change in ownership going forward by restating the definition of "Permitted Holder" to include only Wanda and its affiliates under the Senior Secured Credit Facility in connection with the Merger, (iv) provide for a minimum LIBOR percentage of 1.00%, from, and only after, the completion of the Merger, in determining the interest rate to the Term Loan due 2016, and (v) provide for an interest rate of LIBOR plus 375 basis points to the Term Loan due 2018, from and only after, the completion of the Merger. The applicable margin at December 31, 2012 for borrowings under the Term Loan due 2016 was 4.25% with respect to LIBOR borrowings (3.25% margin plus 1.00% minimum LIBOR rate) and the applicable margin for borrowings under the Term Loan due 2018 was 4.75% (3.75% margin plus 1.00% minimum LIBOR rate).

In connection with the waiver and fourth amendment discussed above, the Company paid consent fees to lenders equal to 0.25% of the sum of the revolving credit commitment of such consenting lender and the aggregate outstanding principal amount of term loans held by such consenting lender. The Company made total consent fee payments to lenders for the fourth amendment of \$2,256,000 and recorded them as deferred charges to be amortized as an adjustment to interest expense over the remaining term of the related term loan or revolving credit facility. The Company recorded deferred charges for the consent fees of \$438,000 on the Revolving Credit Facility pursuant to ASC 470-50-40-21 and recorded deferred charges of \$1,108,000 for the Term Loan due 2016 and \$710,000 for the Term Loan due 2018 pursuant to ASC 470-50-40-17b.

Notes Due 2014

On February 24, 2004, the Company sold \$300,000,000 aggregate principal amount of 8% Senior Subordinated Notes due 2014 (the "Notes due 2014"). The interest rate for the Notes due 2014 was 8% per annum, payable in March and September. The Notes due 2014 were redeemable at the option of the Company, in whole or in part, at any time on or after March 1, 2009 at 104% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after March 1, 2012, plus in each case interest accrued to the redemption date.

In connection with the merger in which the Company was acquired by Holdings in fiscal 2005, the carrying value of the Notes due 2014 was adjusted to fair value. As a result, a discount of \$1,500,000 was recorded and was being amortized to interest expense over the remaining term of the notes.

On February 7, 2012, the Company launched a cash tender offer to purchase up to \$160,000,000 aggregate principal amount of its then outstanding \$300,000,000 aggregate principal amount of the Notes due 2014. On February 21, 2012, holders of \$108,955,000 aggregate principal amount of the Notes due 2014 tendered pursuant to the cash tender offer. On February 22, 2012, the Company accepted for purchase \$58,063,000 aggregate principal amount, plus accrued and unpaid interest of the Notes due 2014, for total consideration equal to (i) \$972.50 per \$1,000 in principal amount of notes validly tendered plus (ii) \$30 per \$1,000 in principal amount of the notes validly tendered. On March 7, 2012, the Company accepted for purchase the remaining \$50,892,000 aggregate principal amount, plus accrued and unpaid interest of the Notes due 2014 tendered on February 21, 2012, for total consideration equal to (i) \$972.50 per \$1,000 in principal amount of notes validly tendered plus (ii) \$30 per \$1,000 in principal amount of the notes validly tendered. In addition, the Company accepted for purchase \$10,000 aggregate principal amount, plus accrued and unpaid interest of Notes due 2014 tendered after February 21, 2012, for total consideration equal to \$972.50 per \$1,000 in principal amount of the notes validly tendered. The Company recorded a loss on extinguishment related to the cash tender offer and redeemed its Notes due 2014 of \$640,000 in Other expense during the fifty-two weeks ended March 29, 2012, which included tender offer and consent fees paid to the holders of \$213,000, write-off of a non-cash discount of \$155,000, and other expenses of \$272,000. On March 7, 2012, the Company announced its intent to redeem \$51,035,000 aggregate principal amount of the Notes due 2014 at a price of \$1,000 per \$1,000 principal amount such that an aggregate of \$160,000,000 of Notes due 2014 would be retired through the tender offer and redemption. On April 6, 2012, the Company completed the redemption of \$51,035,000 aggregate principal amount of Notes due 2014 at a redemption price of 100% of the principal amount plus accrued and unpaid interest.

NOTE 9 CORPORATE BORROWINGS AND CAPITAL AND FINANCING LEASE OBLIGATIONS (Continued)

On April 6, 2012, the Company redeemed \$51,035,000 aggregate principal amount of its Notes due 2014 pursuant to a cash tender offer at a price of \$1,000 per \$1,000 principal amount. The Company used the net proceeds from the issuance of the Term Loan due 2018, which was borrowed on February 22, 2012, to pay for the consideration of the cash tender offer plus accrued and unpaid interest on the principal amount of the Notes due 2014. On August 30, 2012 prior to the consummation of the Merger, the Company issued a call notice for all of its then remaining outstanding Notes due 2014 at a redemption price of 100% of the principal amount thereof, plus accrued and unpaid interest, to the redemption date. On August 30, 2012, the Company irrevocably deposited \$141,027,000, plus accrued interest to September 1, 2012 with a trustee to satisfy and to discharge its obligations under the Notes due 2014 and its indenture. The Company used a combination of cash on hand and funds contributed by Wanda. The Company recorded a loss on redemption of \$1,297,000 prior to the Merger related to the extinguishment of the Notes due 2014.

Notes Due 2016

Concurrently with the 9.75% Senior Subordinated Notes due 2020 ("Notes due 2020") offering on December 15, 2010, the Company launched a cash tender offer and consent solicitation for any and all of its then outstanding \$325,000,000 aggregate principal amount of the 11% Senior Subordinated Notes due 2016 (the "Notes due 2016") at a purchase price of \$1,031 plus a \$30 consent fee for each \$1,000 of principal amount of outstanding Notes due 2016 validly tendered and accepted by the Company on or before the early tender date (the "Cash Tender Offer"). The Company used the net proceeds from the issuance of the Notes due 2020 on December 15, 2010 to pay the consideration for the Cash Tender Offer plus accrued and unpaid interest on \$95,098,000 principal amount of Notes due 2016 validly tendered. The Company recorded a loss on extinguishment related to the Cash Tender Offer of \$7,631,000 in Other expense during the fifty-two weeks ended March 31, 2011, which included previously capitalized deferred financing fees of \$1,681,000, a tender offer and consent fee paid to the holders of \$5,801,000 and other expenses of \$149,000. The Company redeemed the remaining \$229,902,000 aggregate principal amount outstanding Notes due 2016 at a price of \$1,055 per \$1,000 principal amount on February 1, 2011 in accordance with the terms of the indenture. The Company recorded a loss on extinguishment related to the Cash Tender Offer of \$16,701,000 in Other expense during the fifty-two weeks ended March 31, 2011, which included previously capitalized deferred financing fees of \$3,958,000, a tender offer and consent fee paid to the holders of \$12,644,000 and other expenses of \$99,000.

Notes Due 2019

On June 9, 2009, the Company issued \$600,000,000 aggregate principal amount of 8.75% Senior Notes due 2019 (the "Notes due 2019") issued under an indenture with U.S. Bank, National Association, as trustee. The Notes due 2019 bear interest at a rate of 8.75% per annum, payable on June 1 and December 1 of each year (commencing on December 1, 2009), and have a maturity date of June 1, 2019. The Notes due 2019 are redeemable at the Company's option in whole or in part, at any time on or after June 1, 2014 at 104.375% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after June 1, 2017, plus accrued and unpaid interest to the redemption date. The Company capitalized deferred financing costs of \$16,259,000 related to the issuance of the Notes due 2019 during the year ended April 1, 2010.

Periods Ended December 31, 2012, March 29, 2012 and March 31, 2011

NOTE 9 CORPORATE BORROWINGS AND CAPITAL AND FINANCING LEASE OBLIGATIONS (Continued)

The Notes due 2019 are general unsecured senior obligations of the Company, fully and unconditionally guaranteed, jointly and severally, on a senior basis by each of the Company's existing and future domestic restricted subsidiaries that guarantee the Company's other indebtedness.

The indenture governing the Notes due 2019 contains covenants limiting other indebtedness, dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets. It also contains provisions subordinating the Company's obligations under the Notes due 2019 to the Company's obligations under its Senior Secured Credit Facility and other senior indebtedness. The Notes due 2019 were issued at a 2.418% discount which was amortized to interest expense following the interest method over the term of the notes until the Merger date of August 30, 2012, when the debt was re-measured at fair value.

In connection with the Merger on August 30, 2012, the carrying value of the Notes due 2019 was adjusted to fair value. As a result, a premium of \$57,000,000 was recorded and will be amortized to interest expense utilizing the interest rate method over the remaining term of the notes. Quoted market prices were used to estimate the fair value of the Company's Notes due 2019 (Level 2) at the date of the Merger. The Company determined the premium for the Notes due 2019 as the difference between the fair value of the Notes due 2019 and the principal balance of the Notes due 2019.

Notes Due 2020

On December 15, 2010, the Company completed the offering of \$600,000,000 aggregate principal amount of its Notes due 2020. The Notes due 2020 mature on December 1, 2020, pursuant to an indenture dated as of December 15, 2010, among the Company, the Guarantors named therein and U.S. Bank National Association, as trustee. The Company will pay interest on the Notes due 2020 at 9.75% per annum, semi-annually in arrears on June 1 and December 1, commencing on June 1, 2011. The Company may redeem some or all of the Notes due 2020 at any time on or after December 1, 2015 at 104.875% of the principal amount thereof, declining ratably to 100% of the principal amount thereof on or after December 1, 2018, plus accrued and unpaid interest to the redemption date. The Company capitalized deferred financing costs of \$12,699,000 related to the issuance of Notes due 2020 during the year ended March 31, 2011.

The Indenture provides that the Notes due 2020 are general unsecured senior subordinated obligations of the Company and are fully and unconditionally guaranteed on a joint and several senior subordinated unsecured basis by all of its existing and future domestic restricted subsidiaries that guarantee its other indebtedness.

The indenture governing the Notes due 2020 contains covenants limiting other indebtedness, dividends, purchases or redemptions of stock, transactions with affiliates and mergers and sales of assets.

In connection with the Merger on August 30, 2012, the carrying value of the Notes due 2020 was adjusted to fair value. As a result, a premium of \$63,000,000 was recorded and will be amortized to interest expense over the remaining term of the notes. Quoted market prices were used to estimate the fair value of the Company's Notes due 2020 (Level 2) at the date of the Merger. The Company determined the premium for the Notes due 2020 as the difference between the fair value of the Notes due 2020 and the principal balance of the Notes due 2020.

NOTE 9 CORPORATE BORROWINGS AND CAPITAL AND FINANCING LEASE OBLIGATIONS (Continued)

Consent Solicitation

On June 22, 2012, the Company announced it had received the requisite consents from holders of each of its Notes due 2019 and its Notes due 2020 and, collectively with the Notes due 2019, the ("Notes") for (i) a waiver of the requirement for the Company to comply with the "change of control" covenant in each of the indentures governing the Notes due 2019 and the indenture governing the Notes due 2020 (collectively, the "Indentures"), in connection with the Merger (the "Waivers"), including the Company's obligation to make a "change of control offer" in connection with the Merger with respect to each series of Notes, and (ii) certain amendments to the Indentures to reflect the change in ownership going forward by adding Wanda and its affiliates to the definition of "Permitted Holder" under each of the Indentures. The Company entered into supplemental indentures to give effect to the Waivers and certain amendments to the Indentures, which became operative upon payment of the applicable consent fee immediately prior to the closing of the Merger. The holders of each of the Notes due 2019 and Notes due 2020, who validly consented to the Waiver and the proposed amendments, received a consent fee of \$2.50 per \$1,000 principal amount at the closing date of the Merger. The total consent fees were \$2,376,000. See Note 2 Merger for additional information regarding the recording of the consent fees.

Financial Covenants

Each indenture relating to the Company's notes (Notes due 2019 and Notes due 2020) allows it to incur specified permitted indebtedness (as defined therein) without restriction. Each indenture also allows the Company to incur any amount of additional debt as long as it can satisfy the coverage ratio of each indenture, after giving effect to the event on a pro forma basis. Under the indenture for the Notes due 2019 (the Company's most restrictive indenture), the Company could borrow approximately \$1,125,600,000 (assuming an interest rate of 7.0% per annum on the additional indebtedness) in addition to specified permitted indebtedness at December 31, 2012. If the Company cannot satisfy the coverage ratios of the indentures, generally the Company can borrow an additional amount under the Senior Secured Credit Facility.

As of December 31, 2012, the Company was in compliance with all financial covenants relating to the Senior Secured Credit Facility, the Notes due 2020, and the Notes due 2019.

Parent Term Loan Facility

During fiscal 2012, Parent made payments to extinguish the remaining principal balance of its Parent Term Loan Facility due June 2012 of \$160,921,000, plus accrued and unpaid interest.

NOTE 10 STOCKHOLDERS' EQUITY

Common Stock Rights and Privileges

The Company's Class A voting Common Stock entitles the holders thereof to rights and privileges, subject to qualifications, limitations and restrictions with respect to dividends. Additionally, each share of Class A Common Stock is expected to automatically convert into one share of Residual Common Stock on a one-for-one basis immediately prior to the consummation of an Initial Public Offering.

NOTE 10 STOCKHOLDERS' EQUITY (Continued)

During the Successor period of August 31, 2012 through December 31, 2012, the Company received capital contributions of \$100,000,000 from Wanda.

During fiscal 2012, AMCE used cash on hand to pay a dividend distribution to Parent in an aggregate amount of \$109,581,000. Parent used the available funds to pay corporate overhead expenses incurred in the ordinary course of business and to redeem its Term Loan Facility due June 2012, plus accrued and unpaid interest of \$219,405,000.

During fiscal 2011, AMCE made dividend distributions to Holdings in an aggregate amount of \$278,258,000, and Holdings used the available funds to make a principal payment related to a tender offer for the Discount Notes due 2014, plus interest payments, and to make dividend distributions to its stockholder, Parent. Holdings and Parent used the available funds to pay corporate overhead expenses incurred in the ordinary course of business.

Temporary Equity

Certain members of management have the right to require Parent to purchase the Class N nonvoting Common Stock held by them pursuant to the terms of a stockholders agreement. During the period beginning on January 1, 2016 (or upon the termination of a management stockholder's employment by us without cause, by the management stockholder for good reason, or due to the management stockholder's death or disability) and ending on the earlier of (i) January 1, 2019 and (ii) the date of an Initial Public Offering, the management shareholders have the right to require Parent to purchase their shares at a price equal to the price per share paid by such management shareholder, with appropriate adjustments for any subsequent events such as dividends, splits, combinations and the like. Following an Initial Public Offering, the management shareholders will have the right, in limited circumstances, to require Parent to purchase shares of Parent that are not fully and freely tradeable at a price equal to the price per share paid by such management shareholder. The Class N common stock is classified as temporary equity, apart from permanent equity, as a result of the contingent redemption feature contained in the stockholder agreement.

During the six months ended June 30, 2013, the Company revised its previous classification of the Class N Common Stock and reclassified \$1,811,000 of additional paid-in-capital from stockholders' equity to temporary equity. There was no impact to retained earnings, net earnings or earnings per share as a result of this revision for any periods presented. The revision reduced previously reported December 31, 2012 additional paid-in-capital of \$801,796,000 by \$1,811,000 to \$799,985,000; reduced previously reported December 31, 2012 stockholders' equity of \$774,105,000 by \$1,811,000 to \$772,294,000 and increased previously reported December 31, 2012 temporary equity of \$0 by \$1,811,000 to \$1,811,000.

The Company will recognize any significant changes in the redemption value as they occur. As of December 31, 2012 there was no material difference in the estimated fair value and recorded value of the Class N Common Stock recorded as temporary equity. The Company determined the amount reflected in temporary equity for the Class N Common Stock based on the price paid per share by the management shareholders and Wanda at the date of the Merger.

The Company's Class N Common Stock entitles the holders thereof to the same rights and privileges, subject to the same qualifications, limitations and restrictions with respect to dividends as the Company's Class A voting Common Stock. Additionally, each share of Class N Common Stock is

expected to automatically convert into one share of Residual Common Stock on a one-for-one basis immediately prior to the consummation of an Initial Public Offering.

Stock-Based Compensation

The Company has no stock-based compensation arrangements of its own at December 31, 2012, but prior to the Merger, Parent had adopted a stock-based compensation plan. The Company has recorded stock-based compensation expense of \$830,000, \$1,962,000 and \$1,526,000 within general and administrative: other during the period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012 and March 31, 2011, respectively. Upon the change of control as a result of the Merger, all of the stock options and restricted stock interests under both the amended and restated 2004 Stock Option Plan and the 2010 Equity Incentive Plan were cancelled and holders received payments aggregating approximately \$7,035,000. The Company had previously recognized stock-based compensation expense of \$3,858,000 related to these stock options and restricted stock interests. The Company did not recognize an expense for the remaining \$3,177,000 of unrecognized stock-based compensation expense. The Company's accounting policy for any cost triggered by the consummation of the Merger was to recognize the cost when the Merger was consummated. Accordingly, unrecognized stock-based compensation expense for stock options and restricted stock interests has not been recorded in the Consolidated Statement of Operations for the Predecessor period since that statement depicts the results of operations just prior to consummation of the transaction. In addition, since the Successor period reflects the effects of push-down accounting, these costs have also not been recorded as an expense in the Successor period. However, the costs were reflected in the purchase accounting adjustments which were applied in arriving at the opening balances of the Successor. See Note 2 Merger for additional information regarding the settlement of stock options and restricted stock interests.

2004 Stock Option Plan

Prior to the Merger, Parent had adopted a stock-based compensation plan that permitted a maximum of 49,107.44681 options to be issued on Parent's stock under the 2004 Stock Option Plan. The stock options had a ten year term and generally step vested in equal amounts from one to three or five years from the date of the grant. Vesting could accelerate for a certain participant if there was a change of control (as defined in the employee agreement). All options were granted to employees of the Company.

On July 8, 2010, the Board approved a grant of 1,023 non-qualified stock options to a certain employee of the Company under the amended and restated 2004 Stock Option Plan. These options vested ratably over 5 years with an exercise price of \$752 per share. Expense for this award was recognized on a straight-line basis over the vesting period. The Company accounted for stock options using the fair value method of accounting and elected to use the simplified method for estimating the expected term of "plain vanilla" share option grants, as it did not have enough historical experience to provide a reasonable estimate. The estimated grant date fair value of the options granted on 1,023 shares was \$300.91 per share, or \$308,000, and was determined using the Black-Scholes option-pricing model. The option exercise price was \$752 per share, and the estimated fair value of the shares was \$752, resulting in \$0 intrinsic value for the option grant. See 2010 Equity Incentive Plan below for further information regarding assumptions used in determining fair value.

NOTE 10 STOCKHOLDERS' EQUITY (Continued)

On July 23, 2010, the Board of Directors of Parent (the "Board") determined that the Company would no longer grant any awards of shares of common stock of Parent under the 2004 Stock Option Plan.

The vested and unvested stock options under the 2004 Stock Option Plan were cancelled immediately prior to the closing of the Merger with Wanda. Holders of such options received payments for each option equal to the difference (if any) between the per share consideration received in the Merger and the exercise price of their options.

2010 Equity Incentive Plan

Prior to the Merger, the 2010 Equity Incentive Plan ("Plan") provided for grants of non-qualified stock options, incentive stock options, stock appreciation rights, restricted stock awards, other stock-based awards or performance-based compensation awards. The aggregate number of shares of common stock of Parent that was available for delivery pursuant to awards granted under the plan was 39,312 shares. The Company accounted for stock options using the fair value method of accounting and had elected to use the simplified method for estimating the expected term of "plain vanilla" share option grants, as it did not have enough historical experience to provide a reasonable estimate.

On July 8, 2010, the Board approved the grants of 5,399 non-qualified stock options, 5,399 restricted stock (time vesting), and 5,404 restricted stock (performance vesting) to certain of its employees. On February 1, 2011, the Board approved the grants of 137 non-qualified stock options, 137 restricted stock (time vesting), and 138 restricted stock (performance vesting) to certain of its employees. The estimated fair value of the stock at the grant date of July 8, 2010 was approximately \$752 per share. The common stock value of \$752 per share was based upon a contemporaneous valuation reflecting market conditions on July 8, 2010, which was prepared by an independent third party valuation specialist, and was used to estimate grants of 6,167 options and 6,431 shares of restricted stock granted in July 2010. The third party valuation was reviewed by management and provided to the Company's board of directors and the Compensation Committee of the board of directors. In determining the fair market value of the common stock, the board of directors and the Compensation Committee of the board of directors considered the valuation report and other qualitative and quantitative factors that they considered relevant. The common stock value of \$752 per share was used to estimate the fair value of each of the remaining grants of options and shares of restricted stock granted on each of August 2, 2010, December 23, 2010, March 22, 2011, and April 6, 2011 as the Company believed at the time of grant that the valuation reflected current market conditions on each of such grant dates. The Company believes that market conditions had not changed significantly over the course of these grant dates.

On June 22, 2011, the restricted stock (performance vesting) shares for fiscal 2012 were granted and the target was communicated following ASC 718-10-55-95. The grant date common stock value of \$755 per share was based upon a contemporaneous valuation reflecting market conditions on June 22, 2011, which was prepared by an independent third party valuation specialist, and was used to estimate grant value of 1,346 shares of restricted stock (performance vesting) granted on June 22, 2011. The third party valuation was reviewed by management and provided to the Company's Board of Directors and the Compensation Committee of the Board of Directors. In determining the fair market value of the common stock, the Board of Directors and the Compensation Committee of the Board of Directors

considered the valuation report and other qualitative and quantitative factors that they considered relevant.

The award agreements, which consisted of grants of non-qualified stock options, restricted stock (time vesting), and restricted stock (performance vesting) to certain of the Company's employees under the 2010 Equity Incentive Plan, generally had the following features, subject to discretionary approval by Parent's compensation committee:

Non-Qualified Stock Option Award Agreement: Twenty-five percent of the options were to vest on each of the first four anniversaries of the date of grant. The stock options had a ten year term from the date of grant. The vested and unvested stock options were cancelled immediately prior to the closing of the Merger with Wanda. Holders of such options received payments for each option equal to the difference (if any) between the per share consideration received in the Merger and the exercise price of their options.

Restricted Stock Award Agreement (Time Vesting): The restricted shares were to vest on the fourth anniversary of the date of grant. The restricted stock (time vesting) awards were cancelled immediately prior to the closing of the Merger with Wanda. Holders of such restricted stock (time vesting) received payments for each restricted share equal to the per share consideration received in the Merger.

Restricted Stock Award Agreement (Performance Vesting): In fiscal 2011, the Board approved the award of 5,542 shares of restricted stock (performance vesting), of which 1,346 shares and 1,372 shares were deemed granted in fiscal 2012 and fiscal 2011, respectively. Approximately one-fourth of the total restricted shares of 5,542 approved by the Board were to have been granted each year over a four-year period starting in fiscal 2011. Each grant had a vesting term of approximately one year conditioned upon the Company meeting certain pre-established annual performance targets. The fiscal 2013 and fiscal 2014 shares were not deemed granted per ASC 718-10-55-95 as the Compensation Committee did not approve the performance target for the restricted stock due to the Merger with Wanda. The unvested restricted stock (performance vesting) awards for fiscal 2013 and fiscal 2014 were cancelled immediately prior to the closing of the Merger. Holders of unvested restricted stock awards received payments for each restricted share equal to the per share consideration received in the Merger.

The weighted average remaining contractual life for outstanding options was 6.0 years and 7.0 years for fiscal 2012 and 2011, respectively. During fiscal 2012, 7 options were granted at an exercise price of \$752. The options granted were based on an estimated fair value of \$752 of common stock, resulting in an intrinsic value for the options on the grant date of \$0. During fiscal 2011, 6,507 options were granted at an exercise price of \$752. The options granted were based on an estimated fair value of \$752 of common stock, resulting in an intrinsic value for the options on the grant date of \$0.

For options exercised, intrinsic value is calculated as the difference between the market price on the date of exercise (determined using the most recent contemporaneous valuation prior to the exercise) and the exercise price of the options. The total intrinsic value of options exercised was \$241,000 during fiscal 2011 and there were no options exercised during the period March 30, 2012 through August 30, 2012 and fiscal 2012. Parent received outstanding shares, instead of cash, from the exercise of stock options during fiscal 2011 to satisfy the aggregate strike price of approximately \$364,000.

Assumptions Used To Estimate Option Values

The following table reflects the weighted average fair value per option granted during fiscal 2011 under the 2004 Option Plan and the 2010 Equity Incentive Plan, as well as the significant assumptions used in determining weighted average fair value using the Black-Scholes option-pricing model:

	March 31, 2011	
	2010 Plan	2004 Plan (Predecessor)
Weighted average fair value of options on grant date	\$ 293.72	\$ 300.91
Risk-free interest rate	2.50%	2.58%
Expected life (years)	6.25	6.50
Expected volatility(1)	35.0%	35.0%
Expected dividend yield		

- (1) The Company uses share values of its publicly traded competitor peer group for purposes of calculating volatility.

Restricted Stock Activity

The following table represents the unvested restricted stock (time vesting) and (performance vesting) activity:

	Shares of Restricted Stock	Weighted Average Grant Date Fair Value (Predecessor)
Unvested at March 31, 2011	5,372	\$ 752.00
Granted	1,353	755.00
Forfeited/cancelled(1)	(1,359)	755.00
Unvested at March 29, 2012	5,366	752.00
Granted(2)		
Cancelled	(5,366)	752.00
Unvested at August 30, 2012		\$

- (1) The Company did not meet its pre-established annual performance target for fiscal 2012, and therefore, the restricted stock (performance vesting) grant was cancelled.

- (2) As discussed above, since there was not a grant of restricted stock (performance vesting) shares during fiscal 2013, there were no fiscal 2013 unvested restricted stock (performance vesting) shares reported in this table.

Primarily relates to amounts resulting from our tax sharing arrangement, changes in deferred tax assets and associated valuation allowance that are not related to income statement activity as well as amounts charged to other comprehensive income.

The Company's federal income tax loss carryforward of \$745,073,000 will begin to expire in 2017 and will completely expire in 2031 and will be limited annually due to certain change in ownership provisions of the Internal Revenue Code. The Company also has estimated state income tax loss carryforwards of \$625,000,000 which may be used over various periods ranging from 1 to 20 years.

During fiscal 2010, management believed it was more likely than not that the Company had the ability to execute a feasible and prudent tax strategy that would provide for the realization of net operating losses by converting certain limited partnership units into common stock. At December 31, 2012, this tax strategy was estimated to preserve net operating losses that expire through 2019.

The Company has recorded a valuation allowance against its remaining net deferred tax asset in U.S. and foreign jurisdictions of \$248,420,000 as of December 31, 2012.

NOTE 11 INCOME TAXES (Continued)

A reconciliation of the change in the amount of unrecognized tax benefits was as follows:

(In millions)	From Inception August 31, 2012 through December 31, 2012 (Successor)	March 30, 2012 through August 30, 2012 (Predecessor)	52 Weeks Ended March 29, 2012 (Predecessor)	52 Weeks Ended March 31, 2011 (Predecessor)

Cash settlements	(0.5)	(0.9)		
Balance at end of period	\$ 24.0	\$ 24.5	\$ 24.8	\$ 34.3

The Company's effective tax rate is not expected to be significantly impacted by the ultimate resolution of the uncertain tax positions because of the retention of a valuation allowance against most of its net operating loss carryforwards.

The Company recognizes income tax-related interest expense and penalties as income tax expense and general and administrative expense, respectively. The liabilities increased for interest and penalties by \$110,000 and \$115,000, as of December 31, 2012 and March 29, 2012, respectively.

There are currently unrecognized tax benefits which the Company anticipates will be resolved in the next 12 months; however, the Company is unable at this time to estimate what the impact on its unrecognized tax benefits will be.

The Company or one of its subsidiaries files income tax returns in the U.S. federal jurisdiction, and various state and foreign jurisdictions. An IRS examination of the tax years February 28, 2002 through December 31, 2003 of the former Loews Cineplex Entertainment Corporation and subsidiaries was concluded during fiscal 2007. An IRS examination for the tax years ended March 31, 2005 and March 30, 2006 was completed during 2009. Generally, tax years beginning after March 28, 2002 are still open to examination by various taxing authorities. Additionally, the Company has net operating loss ("NOL") carryforwards for tax years ended October 31, 2000 through March 28, 2002 in the U.S. and various state jurisdictions which have carryforwards of varying lengths of time. These NOLs are subject to adjustment based on the statute of limitations applicable to the return in which they are utilized, not the year in which they are generated. Various state, local and foreign income tax returns are also under examination by taxing authorities. The Company does not believe that the outcome of any examination will have a material impact on its financial statements.

NOTE 13 EMPLOYEE BENEFIT PLANS

The Company sponsors frozen non-contributory qualified and non-qualified defined benefit pension plans generally covering all employees who, prior to the freeze, were age 21 or older and had completed at least 1,000 hours of service in their first twelve months of employment, or in a calendar year ending thereafter, and who were not covered by a collective bargaining agreement. The Company also offers eligible retirees the opportunity to participate in a health plan. Certain employees are eligible for subsidized postretirement medical benefits. The eligibility for these benefits is based upon a

participant's age and service as of January 1, 2009. The Company also sponsors a postretirement deferred compensation plan.

On May 2, 2008, the Company's Board of Directors approved revisions to the Company's Post Retirement Medical and Life Insurance Plan effective January 1, 2009 and on July 3, 2008 the changes were communicated to the plan participants. As a result of these revisions, the Company recorded a prior service credit of \$5,969,000 through other comprehensive income to be amortized over eleven years starting in fiscal 2010, based on expected future service of the remaining participants.

As a result of the Merger and the application of "push down" accounting, the benefit plans reflect a new basis of accounting that is based on the fair value of assets acquired and liabilities assumed as of the Merger date. At August 31, 2012, the Successor balance recorded in accumulated other comprehensive income was reset to zero.

The measurement dates used to determine pension and other postretirement benefits for the Successor period was August 30, 2012, the Merger date, and December 31, 2012, the Transition Period.

Net periodic benefit cost for the plans consists of the following:

is given to recent and historical investment performance, the assumption represents management's best estimate of the long-term prospective return.

For measurement purposes, the annual rate of increase in the per capita cost of covered health care benefits assumed for 2013 was 8.0% for medical. The rates were assumed to decrease gradually to 5.0% for medical in 2019. The health care cost trend rate assumption has a significant effect on the amounts reported. Increasing the assumed health care cost trend rates by one percentage point in each year would increase the accumulated postretirement benefit obligation as of December 31, 2012 by \$2,292,000 and the aggregate of the service and interest cost components of postretirement expense for calendar year 2013 by \$34,000. Decreasing the assumed health care cost trend rates by one percentage point in each year would decrease the accumulated postretirement obligation for calendar year 2013 by \$1,933,000 and the aggregate service and interest cost components of postretirement expense for calendar year 2013 by \$28,000. The Company's retiree health plan provides a benefit to its retirees that is at least actuarially equivalent to the benefit provided by the *Medicare Prescription Drug, Improvement and Modernization Act of 2003* ("Medicare Part D").

Cash Flows

The Company expects to contribute \$2,469,000 to the pension plans during the calendar year 2013.

The following table provides the benefits expected to be paid (inclusive of benefits attributable to estimated future employee service) in each of the next five fiscal years, and in the aggregate for the five years thereafter:

Pension Plan Assets

The Company's investment objectives for its defined benefit pension plan investments are: (1) to preserve the real value of its principal; (2) to maximize a real long-term return with respect to the plan assets consistent with minimizing risk; (3) to achieve and maintain adequate asset coverage for accrued benefits under the plan; and (4) to maintain sufficient liquidity for payment of the plan obligations and expenses. The Company uses a diversified allocation of equity, debt, commodity and real estate

Defined Contribution Plan

The Company sponsors a voluntary 401(k) savings plan covering certain employees age 21 or older and who are not covered by a collective bargaining agreement. Effective January 1, 2011, under the Company's 401(k) Savings Plan, the Company began to match 100% of each eligible employee's elective contributions up to 3% and 50% of contributions up to 5% of the employee's eligible compensation. During the first three quarters of fiscal 2011, the Company matched 50% of each eligible employee's elective contributions up to 6% of the employee's eligible compensation. The Company's expense under the 401(k) savings plan was \$1,182,000, \$1,108,000, \$2,676,000, and \$1,650,000 for the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012 and March 31, 2011, respectively.

Union-Sponsored Plans

Certain theatre employees are covered by union-sponsored pension and health and welfare plans. Company contributions into these plans are determined in accordance with provisions of negotiated labor contracts. Contributions aggregated \$80,000, \$109,000, \$261,000, and \$380,000, for the period August 31, 2012 through December 31, 2012, the period March 30, 2012 through August 30, 2012, and the fiscal years ended March 29, 2012 and March 31, 2011, respectively.

As of December 31, 2012, the Company's liability related to the collectively bargained multiemployer pension plan withdrawals was immaterial. At March 29, 2012, the Company's withdrawal liabilities related to multiemployer pension plans where it had ceased making contributions was approximately \$2,622,000.

NOTE 14 COMMITMENTS AND CONTINGENCIES

The Company, in the normal course of business, is a party to various ordinary course claims from vendors (including an online ticketing vendor, food & beverage suppliers and film distributors), landlords and other legal proceedings. If management believes that a loss arising from these actions is probable and can reasonably be estimated, the Company records the amount of the loss, or the minimum estimated liability when the loss is estimated using a range and no point is more probable than another. As additional information becomes available, any potential liability related to these actions is assessed and the estimates are revised, if necessary. Management believes that the ultimate outcome of such other matters, individually and in the aggregate, will not have a material adverse effect on the Company's financial position or overall trends in results of operations. However, litigation and claims are subject to inherent uncertainties and unfavorable outcomes could occur. An unfavorable outcome could include monetary damages. If an unfavorable outcome were to occur, there exists the possibility of a material adverse impact on the results of operations in the period in which the outcome occurs or in future periods.

NOTE 15 THEATRE AND OTHER CLOSURE AND DISPOSITION OF ASSETS

The Company has provided reserves for estimated losses from theatres and screens which have been permanently closed and vacant space with no right to future use. As of December 31, 2012, the Company has reserved \$61,344,000 for lease terminations which have either not been consummated or paid, related primarily to eight theatres and certain vacant restaurant space. The Company is obligated under long-term lease commitments with remaining terms of up to 15 years for theatres which have been closed. As of December 31, 2012, base rents aggregated approximately \$8,919,000 annually and \$79,369,000 over the remaining terms of the leases.

A rollforward of reserves for theatre and other closure is as follows:

NOTE 15 THEATRE AND OTHER CLOSURE AND DISPOSITION OF ASSETS (Continued)

The current portion of the ending balance is included with accrued expenses and other liabilities and the long-term portion of the ending balance is included with other long-term liabilities in the accompanying Consolidated Balance Sheets.

During the period of August 31, 2012 through December 31, 2012 and the period of March 30, 2012 through August 30, 2012, the Company recognized \$2,381,000 and \$4,191,000 of theatre and other closure expense primarily related to the early termination of a lease agreement and accretion on previously closed properties with remaining lease obligations. In addition, the Company closed one theatre with 20 screens located in Canada and paid the landlord \$7,562,000 to terminate the lease agreement. See Note 4 Discontinued Operations for additional information.

During the fifty-two weeks ended March 29, 2012, the Company recognized \$7,449,000 of theatre and other closure expense primarily related to accretion on previously closed properties with remaining lease obligations.

During the fourth quarter of fiscal year ending March 31, 2011, the Company evaluated excess capacity and vacant and under-utilized retail space throughout the theatre circuit. On March 28, 2011, management decided to permanently close 73 underperforming screens and auditoriums in six theatre locations in the United States and Canada while continuing to operate 89 screens at these locations. The permanently closed screens were physically segregated from the screens that are in operation and access to the closed space was restricted. Additionally, management decided to discontinue development of and cease use of (including for storage) certain vacant and under-utilized retail space at four other theatres in the United States and the United Kingdom. As a result of closing the screens and auditoriums and discontinuing the development of and use of the other spaces, the Company recorded a charge of \$55,015,000 for theatre and other closure expense, which is included in operating expense in the Consolidated Statements of Operations during the fiscal year ending March 31, 2011. The charge to theatre and other closure expense reflects the discounted contractual amounts of the existing lease obligations of \$53,561,000 for the remaining 7 to 13 year terms of the leases as well as expenses incurred for related asset removal and shutdown costs of \$1,454,000. A significant portion of each of the affected properties was closed and is no longer used. The charges to theatre and other closure expense do not result in any new, increased or accelerated obligations for cash payments related to the underlying long-term operating lease agreements.

In addition to the auditorium closures, the Company permanently closed 22 theatres with 144 screens in the U.S. during the fifty-two weeks ended March 31, 2011. The Company recorded \$5,748,000 for theatre and other closure expense, which is included in operating expense in the Consolidated Statements of Operations, due primarily to the remaining lease terms of 5 theatre closures and accretion of the closure liability related to theatres closed during prior periods. Of the theatre closures in fiscal 2011, 9 theatres with 35 screens were owned properties that were marketed for sale; 7 theatres with 67 screens that had leases were allowed to expire; a single screen theatre with a management agreement was allowed to expire; and 5 theatres with 41 screens were closed with remaining lease terms in excess of one month.

Theatre and other closure reserves for leases that have not been terminated are recorded at the present value of the future contractual commitments for the base rents, taxes and maintenance. As of

December 31, 2012, the future lease obligations are discounted at annual rates ranging from 7.55% to 9.0%.

NOTE 16 FAIR VALUE MEASUREMENTS

Fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the entity transacts business. The inputs used to develop these fair value measurements are established in a hierarchy, which ranks the quality and reliability of the information used to determine the fair values. The fair value classification is based on levels of inputs. Assets and liabilities that are carried at fair value are classified and disclosed in one of the following categories:

Level 1: Quoted market prices in active markets for identical assets or liabilities.

Level 2: Observable market based inputs or unobservable inputs that are corroborated by market data.

Level 3: Unobservable inputs that are not corroborated by market data.

Recurring Fair Value Measurements. The following table summarizes the fair value hierarchy of the Company's financial assets carried at fair value on a recurring basis as of December 31, 2012:

(In thousands)	Total Carrying Value at December 31, 2012 (Successor)	Fair Value Measurements at December 31, 2012

Mutual Fund Balance	79	79		
Mutual Fund Fixed Income	267	267		
Total assets at fair value	\$ 19,061	\$ 19,061	\$	\$

Valuation Techniques. The Company's money market mutual funds are invested in funds that seek to preserve principal, are highly liquid, and therefore are recorded on the balance sheet at the principal amounts deposited, which equals fair value. The equity securities, available-for-sale, primarily consist of common stock and mutual funds invested in equity and fixed income funds and are measured at fair value using quoted market prices. See Note 7 Investments, for further information regarding RealD Inc. common stock and the related other-than-temporary impairment. The unrealized gain on the equity securities recorded in accumulated other comprehensive income as of December 31, 2012 was approximately \$1,913,000.

Nonrecurring Fair Value Measurements. See Note 2 Merger, for information regarding the Company's assets and liabilities that were measured at fair value on a nonrecurring basis due to the Merger on August 30, 2012. The following table summarizes the fair value hierarchy of the Company's assets that were measured at fair value on a nonrecurring basis during fiscal 2012:

NOTE 16 FAIR VALUE MEASUREMENTS (Continued)

In accordance with the provisions of the impairment of long-lived assets subsections of ASC 360-10, long-lived assets held and used that were considered impaired were written down to their fair value at December 29, 2011, March 29, 2012 and March 31, 2011 of \$2,761,000, \$99,000 and \$10,587,000, respectively. For the fifty-two weeks ending March 29, 2012, the Company recorded impairments of long-lived assets of \$285,000 and a charge to equity in earnings of non-consolidated entities of \$2,742,000.

Other Fair Value Measurement Disclosures. The Company is required to disclose the fair value of financial instruments that are not recognized at fair value in the statement of financial position for which it is practicable to estimate that value:

(In thousands)	Total Carrying Value at December 31, 2012 (Successor)	Fair Value Measurements at December 31, 2012 Using

Corporate Borrowings	2,070,671		2,115,919	

Valuation Technique. Quoted market prices were used to estimate fair value.

At March 29, 2012, the carrying amount of the Company's liabilities for corporate borrowings was \$2,146,534,000 and the fair value was approximately \$2,146,136,000.

NOTE 17 OPERATING SEGMENT

The Company reports information about operating segments in accordance with ASC 280-10, *Segment Reporting*, which requires financial information to be reported based on the way management organizes segments within a company for making operating decisions and evaluating performance. The Company has identified one reportable segment for its theatrical exhibition operations.

Information about the Company's revenues from continuing operations and assets by geographic area is as follows:

NOTE 18 RELATED PARTY TRANSACTIONS**Amended and Restated Fee Agreement**

Upon the consummation of a change of control transaction or an initial public offering, each of the Sponsors were entitled to receive, in lieu of quarterly payments of the annual management fee, a fee equal to the net present value of the aggregate annual management fee that would have been payable to the Sponsors during the remainder of the term of the fee agreement (assuming a twelve year term from the date of the original fee agreement), calculated using the treasury rate having a final maturity date that is closest to the twelfth anniversary of the date of the original fee agreement date. The Sponsors waived their right to the payment described above that was triggered by the Merger. As a result of the Merger, the Company ceased paying the annual management fee of \$5,000,000 to the Sponsors.

Control Arrangement

Wanda has the ability to control the Company's affairs and policies and the election of directors and appointment of management.

Equity Method Investees

In February 2007, Mr. Travis Reid was hired as the chief executive officer of DCIP, a joint venture between AMCE, Cinemark and Regal formed to explore the possibility of implementing digital cinema in our theatres and to create a financing model and establish agreements with major motion picture studios for the implementation of digital cinema. Mr. Reid resigned as CEO of DCIP in October 2010. Mr. Reid was a member of the Company's Board of Directors until October 15, 2010.

See Note 7 Investments for further information about related party transactions between us and our equity method investees.

NOTE 19 CONDENSED FINANCIAL INFORMATION OF PARENT COMPANY

The Company is a holding company that conducts substantially all of its business operations through its subsidiaries.

There are significant restrictions on the Company's ability to obtain funds from any of its subsidiaries through dividends, loans or advances. Accordingly, these condensed financial statements have been presented on a "parent-only" basis. Under a parent-only presentation, the Company's investments in its consolidated subsidiaries are presented under the equity method of accounting. These parent-only financial statements should be read in conjunction with the Company's audited consolidated financial statements.

(1) Other theatre revenues for the thirteen weeks ended March 29, 2012 were impacted by a change in method of recognizing gift card breakage income from the Remote Method to the Proportional Method, which included a cumulative catch-up of \$14,969,000 of income recognized as a result of the accounting change.

(2)

Edgar Filing: AMC ENTERTAINMENT HOLDINGS, INC. - Form S-1/A

During the thirteen weeks ended December 29, 2011, investment expense (income) included an impairment loss of \$17,751,000, related to the Company's investment in RealD Inc. common stock.

(3)

During the nine weeks ended August 30, 2012, the Company recorded gains, net of lease termination expense, on the disposition of the seven Canada theatres and the one United Kingdom theatre of approximately \$39,000,000, primarily due to the write-off of long-term lease liabilities extinguished in connection with the sales and closure.

(4)

The period September 28, 2012 through December 31, 2012 includes four more days than the thirteen weeks ended December 29, 2011. The last four days of the period ended December 31, 2012 also occurred during the year-end holiday season when the most marketable motion pictures are released, which generally drive higher attendance and revenues.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Board of Directors and Members of
National CineMedia, LLC
Centennial, Colorado

We have audited the accompanying balance sheets of National CineMedia, LLC (the "Company") as of December 27, 2012 and December 29, 2011 and the related statements of income, comprehensive income, members' equity / (deficit) and cash flows for the years ended December 27, 2012, December 29, 2011 and December 30, 2010. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on the financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Company is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the financial position of National CineMedia, LLC as of December 27, 2012 and December 29, 2011, and the results of its operations and its cash flows for the years ended December 27, 2012, December 29, 2011 and December 30, 2010, in conformity with accounting principles generally accepted in the United States of America.

NATIONAL CINEMEDIA, LLC

NOTES TO THE FINANCIAL STATEMENTS

1. BASIS OF PRESENTATION AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

National CineMedia, LLC ("NCM LLC" or "the Company") commenced operations on April 1, 2005 and operates the largest digital in-theatre network in North America, allowing us to distribute advertising, Fathom entertainment programming events and corporate events (the "Services") under long-term exhibitor services agreements ("ESAs") with American Multi-Cinema, Inc. ("AMC"), a wholly owned subsidiary of AMC Entertainment, Inc. ("AMCE"), Regal Cinemas, Inc., a wholly owned subsidiary of Regal Entertainment Group ("Regal"), and Cinemark USA, Inc. ("Cinemark USA"), a wholly owned subsidiary of Cinemark Holdings, Inc. ("Cinemark"). AMC, Regal and Cinemark and their affiliates are referred to in this document as "founding members." The Company also provides the Services to certain third-party theatre circuits under "network affiliate" agreements, which expire at various dates.

As of December 27, 2012, the Company had 112,017,835 common membership units outstanding, of which 54,486,259 (48.6%) were owned by NCM, Inc., 22,113,150 (19.7%) were owned by Regal, 18,094,644 (16.2%) were owned by Cinemark, and 17,323,782 (15.5%) were owned by AMC. The membership units held by the founding members are exchangeable into NCM, Inc. common stock on a one-for-one basis.

During the first quarter of 2012, the Company restructured Fathom Events by winding down its Fathom Business Events division, to place more focus on the Fathom Consumer Events division. The Company continued to operate the Fathom Business Events division for a portion of the first quarter of 2012 to satisfy contractual obligations for events and will continue to execute business events on a periodic basis for existing long-term Fathom clients, or if requested by the founding members or to support events staged for NCM's major advertising clients.

Basis of Presentation

The Company has prepared its financial statements and related notes of NCM, LLC in accordance with accounting principles generally accepted in the United States of America ("GAAP") and the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain reclassifications have been made to the prior years' financial statements to conform to the current presentation. These reclassifications had no effect on previously reported results of operations or retained earnings

Estimates The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Significant estimates include those related to the reserve for uncollectible accounts receivable, share-based compensation and interest rate swaps. Actual results could differ from those estimates.

Significant Accounting Policies

Accounting Period The Company operates on a 52-week fiscal year, with the fiscal year ending on the first Thursday after December 25, which, in certain years, results in a 53-week year.

Segment Reporting Advertising is the principal business activity of the Company and is the Company's reportable segment under the requirements of ASC 280 *Segment Reporting*. Fathom Events is an operating segment under ASC 280. The Company does not evaluate its segments on a fully allocated cost basis, nor does the Company track segment assets separately. As such, the results are not

indicative of what segment results of operations would have been had it been operated on a fully allocated cost basis. The Company cautions that it would be inappropriate to assume that unallocated operating costs are incurred proportional to segment revenue or any directly identifiable segment expenses. Refer to Note 12 *Segment Reporting*.

Revenue Recognition Advertising revenue is recognized in the period in which an advertising contract is fulfilled against the contracted theatre attendees. Make-good provisions are made to defer contracted revenue to future periods when attendance is delivered and is included in accrued expenses. Deferred revenue refers to the unearned portion of advertising contracts. All deferred revenue is classified as a current liability. Fathom Events revenue is recognized in the period in which the event is held.

Barter Transactions The Company enters into barter transactions that exchange advertising program time for products and services used principally for selling and marketing activities. The Company records barter transactions at the estimated fair value of the advertising exchanged based on fair value received for similar advertising from cash paying customers. Revenues for advertising barter transactions are recognized when advertising is provided, and products and services received are charged to expense when used. The Company limits the use of such barter transactions to items and services for which it would otherwise have paid cash. Any timing differences between the delivery of the bartered revenue and the use of the bartered expense products and services are recorded through deferred revenue. Revenue and expense from barter transactions for the year ended December 27, 2012 were \$3.0 million and \$1.3 million, respectively, \$1.6 million and \$1.1 million for the year ended December 29, 2011 and \$1.5 million and \$1.1 million for the year ended December 30, 2010.

Operating Costs Advertising related operating costs primarily include personnel and other costs related to advertising fulfillment, payments due to unaffiliated theatre circuits under the network affiliate agreements, and to a lesser extent, production costs of non-digital advertising.

Fathom Events operating costs include revenue share under the amended and restated ESAs to the founding members and revenue share to affiliate theatres under separate agreements, payments to event content producers and other direct costs of the meeting or event, including equipment rental, catering and movie tickets acquired primarily from the founding members.

Payment to the founding members of a theatre access fee is comprised of a payment per theatre attendee, a payment per digital screen and a payment per digital cinema projector equipped in the theatres, all of which escalate over time.

Network costs include personnel, satellite bandwidth, repairs, and other costs of maintaining and operating the digital network and preparing advertising and other content for transmission across the digital network. These costs are not specifically allocated between the advertising business and the Fathom Events business.

Cash and Cash Equivalents All highly liquid debt instruments and investments purchased with an original maturity of three months or less are classified as cash equivalents and are considered available-for-sale securities. There are cash balances in a bank in excess of the federally insured limits or in the form of a money market demand account with a major financial institution.

Restricted Cash As of December 27, 2012 and December 29, 2011, other non-current assets included restricted cash of \$0.3 million, which secures a letter of credit used as a lease deposit on our New York office.

Marketable Securities Marketable securities are reported at fair value, with unrealized gains and losses recognized in earnings. The fair value of substantially all securities is determined by quoted market prices. The estimated fair value of securities for which there are no quoted market prices is based on similar types of securities that are traded in the market.

Concentration of Credit Risk and Significant Customers Bad debts are provided for based on historical experience and management's evaluation of outstanding receivables at the end of the period. Receivables are written off when management determines amounts are uncollectible. Trade accounts receivable are uncollateralized and represent a large number of geographically dispersed debtors. The collectability risk is reduced by dealing with large, national advertising agencies who have strong reputations in the advertising industry and clients with stable financial positions. As of December 27, 2012, there were no customers or advertising agency groups which accounted for more than 10% of the gross receivables balance or advertising revenues. As of December 29, 2011, there was one advertising agency group through which the Company sources national advertising revenues representing approximately 15% of the Company's outstanding gross receivables balance; however, none of the individual contracts related to the advertising agencies were more than 10% of advertising revenues.

Receivables consisted of the following (in millions):

	Years Ended	
	December 27, 2012	December 29, 2011
Trade accounts	\$ 101.8	\$ 98.4
Other	1.2	2.5
Less allowance for doubtful accounts	(4.5)	(4.3)
Total	\$ 98.5	\$ 96.6

Long-lived Assets Property and equipment is stated at cost, net of accumulated depreciation or amortization. Generally, the equipment associated with the digital network of the founding member theatres is owned by the founding members, while the equipment associated with network affiliate theatres is owned by the Company. Major renewals and improvements are capitalized, while replacements, maintenance, and repairs that do not improve or extend the lives of the respective assets are expensed as incurred. The Company records depreciation and amortization using the straight-line method over the following estimated useful lives:

Equipment	4 - 10 years
Computer hardware and software	3 - 5 years
Leasehold improvements	Lesser of lease term or asset life

Software and web site development costs developed or obtained for internal use are accounted for in accordance with ASC Subtopic 350-40 *Internal Use Software* and ASC Subtopic 350-50 *Website*

Development Costs. The subtopics require the capitalization of certain costs incurred in developing or obtaining software for internal use. The majority of software costs and website development costs, which are included in equipment, are depreciated over three to five years. As of December 27, 2012 and December 29, 2011, the Company had a net book value of \$10.4 million and \$9.3 million, respectively, of capitalized software and website development costs. Approximately \$4.1 million, \$4.8 million and \$6.5 million was recorded for the years ended December 27, 2012, December 29, 2011 and December 30, 2010, respectively, in depreciation expense. For the years ended December 27, 2012, December 29, 2011 and December 30, 2010, the Company recorded \$0.8 million, \$0.9 million and \$1.2 million in research and development expense, respectively.

The Company assesses impairment of long-lived assets pursuant with ASC 360 *Property, Plant and Equipment*. This includes determining if certain triggering events have occurred that could affect the value of an asset. The Company has not recorded impairment charges related to long-lived assets.

Intangible assets Intangible assets consist of contractual rights and are stated at cost, net of accumulated amortization. The Company records amortization using the straight-line method over the contractual life of the intangibles, corresponding to the term of the ESAs or the term of the contract with the network affiliate. Refer to Note 3 *Intangible Assets*.

Amounts Due to/from Founding Members Amounts due to/from founding members include amounts due for the theatre access fee, offset by a receivable for advertising time purchased by the founding members on behalf of their beverage concessionaire, revenue share earned for Fathom Events plus any amounts outstanding under other contractually obligated payments. Payments to or received from the founding members against outstanding balances are made monthly.

Amounts Due to Managing Member Amounts due to the managing member include amounts due under the NCM LLC operating agreement and other contractually obligated payments. Payments to or received from the managing member against outstanding balances are made monthly

Income Taxes As a limited liability company, NCM LLC's taxable income or loss is allocated to the founding members and managing member and, therefore, the only provision for income taxes included in the financial statements is for income-based state and local taxes.

Accumulated Other Comprehensive Loss Accumulated other comprehensive income/(loss) consists of the fair value of derivative instruments and income of \$35.1 million, income of \$1.4 million and a loss of \$10.9 million as of December 27, 2012, December, 29, 2011 and December 30, 2010, respectively.

Debt Issuance Costs In relation to the issuance of outstanding debt discussed in Note 6 *Borrowings*, there is a balance of \$18.3 million and \$12.6 million in deferred financing costs as of December 27, 2012 and December 29, 2011, respectively. The debt issuance costs are being amortized on a straight-line basis over the terms of the underlying obligation and are included in interest on borrowings, which approximates the effective interest method.

Other Investment The Company received equity securities in a privately held company as consideration for an advertising contract. The equity securities are accounted as a cost method investment. At December 27, 2012 and December 29, 2011, the carrying amount of the investment was \$0.8 million and \$0.2 million, respectively. There were no identified events or changes in circumstances that had an adverse effect on the fair value of the investment.

Share-Based Compensation NCM, Inc. issues two types of share-based compensation awards: stock options and non-vested (restricted) stock. Compensation cost of non-vested stock is valued based on the market price on the grant date, the probability of vesting and is expensed over the vesting period. Compensation cost of stock options is based on the estimated grant date fair value using the Black-Scholes option pricing model, which requires that NCM, Inc. make estimates of various factors. Under the fair value recognition provisions of ASC 718 *Compensation Stock Compensation*, the Company recognizes share-based compensation net of an estimated forfeiture rate, and therefore only recognizes compensation cost for those shares expected to vest over the requisite service period of the award. The recognized expense, including equity based compensation costs of NCM, Inc. employees, is included in the operating results of the Company. Refer to Note 7 *Share Based Compensation*.

Fair Value Measurements Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value is estimated by applying the following hierarchy, which prioritizes the inputs used to measure fair value into three levels and bases the categorization within the hierarchy upon the lowest level of input that is available and significant to the fair value measurement:

Level 1 Quoted prices in active markets for identical assets or liabilities.

Level 2 Observable inputs other than quoted prices in active markets for identical assets and liabilities, quoted prices for identical or similar assets or liabilities in inactive markets, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 Inputs that are generally unobservable and typically reflect management's estimate of assumptions that market participants would use in pricing the asset or liability.

Derivative Instruments The Company is exposed to various financial and market risks including changes in interest rates that exist as part of its ongoing operations. The Company utilizes certain derivative instruments to enhance its ability to manage these risks. In accordance with ASC 815 *Derivatives and Hedging*, the effective portion of changes in the fair value of a derivative that is designated as a cash flow hedge is recorded in Accumulated Other Comprehensive Income ("AOCI") and reclassified into earnings in the same period or periods during which the hedged transaction affects earnings. Any ineffectiveness associated with designated cash flow hedges, as well as any change in the fair value of a derivative that is not designated as a hedge, is recorded immediately in the Statements of Operations. Refer to Note 11 *Derivative Instruments and Hedging Activities*.

Recent Accounting Pronouncements

In December 2011, the FASB issued Accounting Standards Update 2011-12 *Deferral of the Effective Date for Amendments to the Presentation of Reclassifications of Items Out of Accumulated Other Comprehensive Income in ASU 2011-05* ("ASU 2011-12"). ASU 2011-12 indefinitely defers the specific requirement within ASU 2011-05 to present on the face of the financial statements items that are reclassified from accumulated other comprehensive income to net income separately with their respective components of net income and other comprehensive income. The effective dates for ASU 2011-12 are consistent with the effective dates for ASU 2011-05 and, similar to the Company's evaluation for the adoption of ASU 2011-05, the adoption of this guidance does not have a material effect on the Company's financial statements.

The Company has considered all other recently issued accounting pronouncements and does not believe the adoption of such pronouncements will have a material impact on its financial statements.

2. PROPERTY AND EQUIPMENT

The following is a summary of property and equipment, at cost less accumulated depreciation (in millions):

	As of December 27, 2012	As of December 29, 2011

3. INTANGIBLE ASSETS

The Company's intangible assets consist of contractual rights with the founding members and network affiliates. The Company records amortization using the straight-line method over the contractual life of the intangibles, corresponding to the term of the ESAs or the term of the contract with the network affiliate. The Company's intangible assets with its founding members are recorded at the fair market value of NCM, Inc.'s publicly traded stock as of the date on which the common membership units were issued. The Company's common membership units are fully convertible into NCM, Inc.'s common stock. The Company also records intangible assets for up-front fees paid to network affiliates upon commencement of a network affiliate agreement. Pursuant to ASC 350-10 *Intangibles Goodwill and Other*, the Company's intangible assets have a finite useful life and the Company amortizes the assets over the remaining useful life corresponding with the ESAs or the term of the contract with the network affiliate. If common membership units are issued to a founding member for newly acquired theatres that are subject to an existing on-screen advertising agreement with an alternative provider, the amortization of the intangible asset commences after the existing agreement expires and the Company can utilize the theatres for all of its services.

The following is a summary of the Company's intangible assets (in millions):

	As of December 29, 2011		Additions(1)	Amortization	Other(2)	As of December 27, 2012

(1) During the first quarter of 2012, the Company issued 651,612 common membership units to its founding members for the rights to exclusive access to net new theatre screens and attendees added by the founding members to NCM LLC's network during 2011. The Company recorded a net intangible asset of \$9.9 million in the first quarter of 2012 as a result of the common unit adjustment. In lieu of surrendering 16,727 units, AMC paid NCM LLC \$0.2 million in the first quarter of 2012.

(2) During 2012, the Company purchased intangible assets for \$7.2 million associated with network affiliate agreements. The assets will be amortized over the term of the respective agreements.

(2) See Note 5 *Related-Party Transactions* for further information on integration payments.

(3) During the first quarter of 2011, our founding members returned a net 322,751 common membership units to NCM LLC. This results in an adjustment to the previously issued common membership units issued in exchange for the rights to exclusive access in accordance with the ESA, to net new theatre screens and attendees added by the founding members to NCM LLC's network.

(7)

The payments for estimated management services related to employment are made one month in advance. NCM LLC also provides administrative and support services to NCM, Inc. such as office facilities, equipment, supplies, payroll and accounting and financial reporting at no charge. Based on the limited activities of NCM, Inc. as a standalone entity, the Company does not believe such unreimbursed costs are significant.

(8)

On April 30, 2008, Regal acquired Consolidated Theatres and NCM LLC issued common membership units to Regal upon the closing of its acquisition in exchange for the right to exclusive access to the theatres. The Consolidated Theatres had a pre-existing advertising agreement and, as a result, Regal made integration payments pursuant to the ESAs on a quarterly basis in arrears through the second quarter of 2011 in accordance with certain run-out provisions.

Pursuant to the terms of the NCM LLC Operating Agreement in place since the completion of NCM, Inc.'s IPO, the Company is required to make mandatory distributions on a proportionate basis to its members of available cash, as defined in the NCM LLC Operating Agreement, on a quarterly basis in arrears. Mandatory distributions for the years ended December 27, 2012, December 29, 2011 and December 30, 2010 are as follows (in millions):
