**ATLANTIC POWER CORPORATION
INFORMATION CIRCULAR AND PROXY STATEMENT**

This information circular and proxy statement (the "**Information Circular and Proxy Statement**") is furnished in connection with the solicitation of proxies by or on behalf of the board of directors (the "**Directors**", the "**Board**", or the "**Board of Directors**", and each one individually, a "**Director**") of Atlantic Power Corporation (the "**Corporation**" or "**Atlantic Power**"), for use at the annual and special meeting (the "**Meeting**") of the holders ("**Shareholders**") of common shares ("**Common Shares**") of the Corporation to be held on June 23, 2015 at the Omni King Edward Hotel, Knightsbridge Room, 37 King Street East, Toronto, Ontario, Canada M5C 1E9 commencing at 10:00 a.m. (Eastern time), and at all postponements or adjournments thereof, for the purposes set forth in the accompanying notice of the Meeting (the "**Notice of Meeting**"). In this Information Circular and Proxy Statement, references to "Cdn\$" and "Canadian dollars" are to the lawful currency of Canada and references to "\$", "US\$" and "U.S. dollars" are to the lawful currency of the United States. All dollar amounts herein are in U.S. dollars, unless otherwise indicated. The information contained herein is given as at April 30, 2015, except where otherwise noted.

This Information Circular and Proxy Statement is being first mailed to Shareholders on or about May 4, 2015. In accordance with the requirements of National Instrument 54-101 *Communication with Beneficial Owners of Securities of a Reporting Issuer*, for purposes of distributing to non-registered Shareholders who have requested a copy, the Corporation has distributed copies of this Information Circular and Proxy Statement to the intermediaries for onward distribution to such non-registered Shareholders.

Important Notice Regarding Availability of Proxy Materials:

This Information Circular and Proxy Statement and related materials and the Corporation's Annual Report (the "Annual Report") for the year ended December 31, 2014 to Shareholders (collectively, the "**Proxy Materials**") are available free of charge at <https://materials.proxyvote.com/04878Q>. **You will need to enter the 12-digit control number located on your proxy card.**

Electronic Access to the Proxy Materials

You can elect to receive future proxy materials by email, which will save the Corporation the cost of producing and mailing documents to you. Shareholders may enroll to receive proxy materials electronically as follows:

Shareholders of Record: If you are a registered shareholder, you may request electronic delivery on the Internet at www.proxyvote.com.

Beneficial Holders: If your shares are not registered in your name, check the information provided to you by your bank or broker, or contact your bank or broker for information on electronic delivery service.

Voting and Quorum

A quorum must be present at the Meeting for any business to be conducted. Pursuant to the Corporation's articles of continuance (the "**Articles**"), two persons, present in person, each being a Shareholder entitled to vote at a meeting of Shareholders or a duly appointed proxy for a Shareholder so entitled constitutes a quorum. Shares represented by "broker non-votes," as described below, will be considered as present for purposes of constituting a quorum.

Table of Contents

Shareholders may vote by attending the Meeting and voting in person. If you choose not to attend the Meeting, you may still authorize your proxy over the internet, by telephone or by mailing the accompanying form of proxy ("**Form of Proxy**") pursuant to instructions provided on the Form of Proxy, or by sending voting instructions ("**Voting Instructions**") to your nominee in accordance with the procedures set forth below under " Information for Beneficial Holders of Securities". All Common Shares entitled to vote and represented by properly executed proxies received before the polls are closed at the Meeting, and not revoked or superseded, will be voted at the Meeting in accordance with the instructions indicated on those proxies.

A "broker non-vote" occurs when a nominee holding Common Shares for a beneficial holder has not received Voting Instructions from such beneficial holder but such nominee submits a Form of Proxy in respect of such Common Shares in accordance with New York Stock Exchange ("**NYSE**") rules. Generally, under current Canadian securities laws and NYSE rules, brokers will not have discretionary authority to vote such uninstructed Common Shares with respect to any matter to be voted upon at the Meeting, except that U.S. brokers will have discretionary authority to vote uninstructed Common Shares with respect to the appointment of auditors as described below, in accordance with NYSE rules.

For purposes of counting votes, (i) abstentions from voting will be counted as votes cast at the Meeting; however, such abstentions will not be counted as votes cast for or against a matter; and (ii) broker non-votes will not be counted as votes cast at the Meeting, except that broker votes with respect to which U.S. brokers have exercised their discretionary authority to vote uninstructed Common Shares in accordance with NYSE rules shall be counted as votes cast at the Meeting.

Proxy Solicitation and Voting

Solicitation of Proxies

The solicitation of proxies for use at the Meeting is being made by or on behalf of the Board of Directors of the Corporation. The solicitation of proxies for the Meeting will be made primarily by mail, but proxies may also be solicited personally, in writing or by telephone by employees of the Corporation, at nominal cost. The Corporation will bear the cost in respect of the solicitation of proxies for the Meeting and will bear the legal, printing and other costs associated with the preparation of the Information Circular and Proxy Statement. In addition, Kingsdale Shareholder Services ("**Kingsdale**") has been retained to assist in the solicitation of proxies for the Meeting at a fee of approximately \$30,000, plus associated costs and expenses. The Corporation may also reimburse brokers and other persons holding Common Shares in their name or in the name of nominees for their costs incurred in sending proxy material to their principals in order to obtain their proxies.

Appointment and Revocation of Proxies

Together with the Information Circular and Proxy Statement, the Shareholders will also be provided a Form of Proxy. The persons named in such Form of Proxy are Directors. **A Shareholder who wishes to appoint some other person to represent him, her or it at the Meeting may do so by inserting such person's name in the blank space provided in the accompanying Form of Proxy or by completing another proper Form of Proxy.** Such other person appointed to represent a Shareholder need not be a Shareholder of the Corporation.

To be valid, a Form of Proxy must be deposited at the offices of Computershare Investor Services Inc. (the "**Agent**"), 8th Floor, North Tower, 100 University Avenue, Toronto, Ontario, Canada M5J 2Y1 or returned to the Agent by fax at 1-866-249-7775 (North America) or 416-263-9524 (outside North America), or at the offices of the Corporation by written instrument, fax or any other method of transmitting legibly recorded messages, so as not to arrive later than 10:00 a.m. (Eastern

Table of Contents

Daylight Time) on June 19, 2015. If the Meeting is adjourned, a Form of Proxy must be deposited at the offices of the Agent 48 hours (excluding Saturdays, Sundays and holidays) before the time set for any reconvened meeting at which the Form of Proxy is to be used.

A registered Shareholder of record may vote by mail, over the internet or telephone pursuant to instructions provided on the Form of Proxy. The internet and telephone voting procedures are designed to authenticate Shareholders' identities and to confirm that their instructions have been properly recorded.

If you hold Common Shares through an intermediary (such as a broker, securities dealer, bank, trust company or similar entity), you may also vote by following the voting instruction form provided to you by such intermediary.

The document appointing a proxy must be in writing and completed and signed by a registered Shareholder or his or her attorney authorized in writing or, if the registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Instructions provided to the Agent by a registered Shareholder must be in writing and completed and signed by the registered Shareholder or his or her attorney authorized in writing or, if the registered Shareholder is a corporation, under its corporate seal or by an officer or attorney thereof duly authorized. Persons signing as officers, attorneys, executors, administrators, and trustees or similarly otherwise should so indicate and provide satisfactory evidence of such authority.

A Shareholder that has given a Form of Proxy may revoke the Form of Proxy: (a) by completing and signing a Form of Proxy bearing a later date and depositing it as aforesaid; (b) by depositing an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing: (i) at the registered office of the Corporation at any time up to and including the last business day preceding the day of the applicable Meeting, or any adjournment thereof, at which the proxy is to be used, or (ii) with the Chair of the Meeting prior to the commencement of such Meeting on the day of such Meeting or any adjournment thereof; or (c) in any other manner permitted by law. In order for a Beneficial Holder (as defined below) to revoke Voting Instructions previously given to his or her intermediary (such as a broker, securities dealer, bank, trust company or similar entity) with respect to the voting of the Common Shares, the Beneficial Holder must carefully follow the procedures and instructions received from his or her intermediary.

Voting of Proxies

The persons named in the accompanying Form of Proxy will vote such proxy in accordance with the instructions contained therein. **Unless contrary instructions are specified, if the accompanying Form of Proxy is executed and returned (and not revoked) prior to the Meeting, the Common Shares represented by the Form of Proxy will be voted at the Meeting as follows:**

FOR the election of Irving R. Gerstein, Kenneth M. Hartwick, John A. McNeil, R. Foster Duncan, Holli C. Ladhani, Teresa M. Ressel, Kevin T. Howell and James J. Moore, Jr. to the Board of Directors as described under the heading "Matters to be Considered at the Meeting Election of Directors";

FOR the appointment of KPMG LLP as auditors of the Corporation and to authorize the Board of Directors to fix the auditor's remuneration; and

FOR the approval, by non-binding advisory vote, of named executive officer compensation.

For more information on these issues, please see the section entitled "Matters to be Considered at the Meeting" in this Information Circular and Proxy Statement.

Table of Contents

The persons appointed pursuant to the Form of Proxy are conferred with discretionary authority with respect to amendments to or variations of matters identified in the Form of Proxy and with respect to other matters that may properly come before the Meeting. In the event that amendments or variations to matters identified in the Notice of Meeting are properly brought before the Meeting, it is the intention of the persons designated in the enclosed Form of Proxy to vote in accordance with their best judgment on such matter or business. At the time of printing the Information Circular and Proxy Statement, the Directors know of no such amendments, variations or other matters.

Information for Beneficial Holders of Securities

Information set forth in this section is very important to persons who hold Common Shares otherwise than in their own names.

A non-registered Shareholder of the Corporation (a "**Beneficial Holder**") who beneficially owns Common Shares, but whose Common Shares are registered in the name of an intermediary (such as a securities broker, financial institution, trustee, custodian or other nominee who holds securities on behalf of the Beneficial Holder or in the name of a clearing agency in which the intermediary is a participant) should note that only a Form of Proxy deposited by Shareholders whose names are on the records of the Corporation as the registered holders of Common Shares as at the Record Date (as defined below) can be recognized and acted upon at the Meeting.

Common Shares that are listed in an account statement provided to a Beneficial Holder by a broker are likely not registered in the Beneficial Holder's own name on the records of the Corporation and such Common Shares are more likely registered in either the name of CDS Clearing and Depository Services Inc. ("**CDS**") or its nominee, or the name of The Depository Trust Company ("**DTC**") or its nominee.

Applicable regulatory policy requires brokers and other intermediaries to seek Voting Instructions from Beneficial Holders in advance of shareholders' meetings. Every broker or other intermediary has its own mailing procedures and provides its own return instructions, which should be carefully followed by Beneficial Holders in order to ensure that their Common Shares are voted at the Meeting. Often, the voting instruction form (the "**Voting Instruction Form**") supplied to a Beneficial Holder by its broker is identical to the Form of Proxy provided to registered Shareholders. However, its purpose is limited to instructing the registered Shareholder how to vote on behalf of the Beneficial Holder. Most brokers now delegate responsibility for obtaining instructions from clients to Broadridge Investor Communications Solutions ("**Broadridge**"). Broadridge typically prepares a machine-readable Voting Instruction Form, mails those forms to the Beneficial Holders and asks Beneficial Holders to return Voting Instructions to Broadridge. Broadridge then tabulates the results of all Voting Instructions received and provides appropriate instructions representing the voting of the securities to be represented at the Meeting. A Beneficial Holder receiving a Broadridge Voting Instruction Form cannot use that Voting Instruction Form to vote Common Shares directly at the Meeting. Voting Instructions must be returned to Broadridge well in advance of the Meeting in accordance with the instructions set out on the Voting Instruction Form in order to have the Common Shares voted.

Generally, Canadian securities laws and NYSE rules prohibit brokers from voting on any of the proposals without receiving Voting Instructions from the Beneficial Holders of the Common Shares, except that U.S. brokers will have discretionary authority to vote uninstructed shares with respect to the appointment of auditors, in accordance with NYSE rules. In the absence of Voting Instructions, Common Shares subject to such broker non-votes will not be counted as voted or as represented on those proposals and so will have no effect on the vote other than with respect to the appointment of auditors where a U.S. broker has exercised its discretionary authority to vote uninstructed shares in accordance with NYSE rules. **As brokers generally may not vote your Common Shares in the absence of your specific instructions as to how to vote (except in the limited circumstances described above), we encourage you to provide Voting Instructions to your broker regarding the voting of your Common Shares.**

Table of Contents

Although Beneficial Holders may not be recognized directly at the Meeting for the purposes of voting Common Shares registered in the name of CDS, DTC or their broker or other intermediary, a Beneficial Holder may attend the Meeting as proxy holder for the registered Shareholder and vote his or her Common Shares in that capacity. Beneficial Holders who wish to attend the Meeting and indirectly vote their own Common Shares as proxy holder for the registered Shareholder should enter their own names in the blank space on the Voting Instruction Form provided to them and return the same to their broker or other intermediary (or the agent of such broker or other intermediary) in accordance with the instructions provided by such broker, intermediary or agent well in advance of the Meeting.

Voting Securities and Principal Holders Thereof

The Corporation is authorized to issue an unlimited number of Common Shares. As of the date of this Information Circular and Proxy Statement, there were 121,894,047 Common Shares outstanding.

At the Meeting, each Shareholder of record at the close of business on April 24, 2015, the record date established for the Notice of Meeting and for voting at the Meeting (the "**Record Date**"), will be entitled to one vote for each Common Share held on all matters proposed to come before the Meeting. At the close of business on the Record Date, there were 121,894,047 Common Shares outstanding and entitled to be voted at the Meeting.

To the knowledge of the Board of Directors, there are no persons that beneficially own or exercise control or direction over Common Shares carrying approximately 10% or more of the votes attached to the issued and outstanding Common Shares. For more information, please see the section entitled "Security Ownership of Certain Beneficial Owners and Management" in this Information Circular and Proxy Statement.

MATTERS TO BE CONSIDERED AT THE MEETING

MATTER 1: ELECTION OF DIRECTORS

The number of Directors to be elected at the Meeting is eight. **The persons named in the accompanying Form of Proxy will vote such proxy in accordance with the instructions contained therein. Unless contrary instructions are specified, if the accompanying Form of Proxy is executed and returned (and not revoked) prior to the Meeting, the Common Shares represented by the Form of Proxy will be voted for the election, as Directors, of the proposed nominees whose names are set out below.** If a Director is unable to stand for election, the persons named in the enclosed Form of Proxy reserve the right to vote for another nominee at their discretion. Each nominee elected as a Director will hold office until the next annual meeting of the Shareholders or until his or her successor is elected or appointed.

Majority Voting Policy

The Board of Directors has adopted a majority voting policy. Under this policy, a Director in an uncontested election who receives more votes withheld than cast in favour of his or her election will be required promptly to tender his or her resignation to the Chair of the Board of Directors following the applicable meeting of the Corporation's Shareholders. The resignation will be effective when accepted by the Board of Directors. The Nominating and Corporate Governance Committee of the Board of Directors will consider whether or not to accept the offer of resignation and will recommend to the Board of Directors whether or not to accept the resignation. A Director who tenders his or her resignation pursuant to the majority voting policy is not permitted to participate in any meeting of the Board of Directors and/or Nominating and Corporate Governance Committee at which his or her resignation is to be considered. With the exception of special circumstances that would warrant the continued service of the applicable Director on the Board of Directors, the Nominating and Corporate Governance Committee expects that

Table of Contents

resignations will be recommended for acceptance and accepted by the Board of Directors. Within 90 days following the applicable meeting of the Shareholders, the Board of Directors will make a decision on the Nominating and Corporate Governance Committee's recommendation. The Board of Directors will promptly announce its decision (including, if applicable, the reasons for not accepting any resignation) via press release in accordance with applicable securities laws, rules and regulations.

Advance Notice Policy

The Corporation has adopted an advance notice policy (the "**Advance Notice Policy**"), which requires advance notice to the Corporation in circumstances where nominations of persons for election to the Board of Directors are made by Shareholders other than pursuant to: (i) a proposal made in accordance with the The British Columbia Business Corporations Act ("BCBCA"); or (ii) a requisition of the Shareholders made in accordance with the BCBCA. Among other things, the Advance Notice Policy fixes a deadline by which Shareholders must submit director nominations to the corporate secretary of the Corporation prior to any annual or special meeting of Shareholders and sets forth the specific information that a Shareholder must include in such notice for an effective nomination to occur. Pursuant to the Advance Notice Policy, no person will be eligible for election as a director of the Corporation unless nominated in accordance with the provisions of the Advance Notice Policy.

Pursuant to the Advance Notice Policy, in the case of an annual meeting of Shareholders, notice to the Corporation must be made not less than 30 nor more than 65 days prior to the date of the annual meeting; provided, however, that in the event that the annual meeting is to be held on a date that is less than 50 days after the date on which the first public announcement of the date of the annual meeting was made by the Corporation, notice may be made not later than the close of business on the 10th day following such public announcement. In the case of a special meeting of Shareholders (which is not also an annual meeting), notice to the Corporation must be made not later than the close of business on the 15th day following the day on which the first public announcement of the date of the special meeting was made.

Board Mandate

The mandate of the Board of Directors is included as Schedule "A" to this Information Circular and Proxy Statement.

Risk Oversight

The Audit Committee receives and discusses a risk assessment update each quarter which is reviewed and discussed with management prior to the Audit Committee's recommendation to the Board of Directors to approve quarterly and annual financial disclosures. In addition, the Board of Directors receives periodic Operations Reports about each of the Corporation's projects with full opportunity for Directors to ask questions of management about any potential issues identified.

Board Leadership Structure

The Charter of the Board of Directors requires the Chair of the Board of Directors to be an independent director, as it was determined it would be beneficial to have an independent Chair whose sole responsibility is leading the Board of Directors, leaving the Chief Executive Officer's main focus on the Corporation's business goals and promoting both short-term and long-term growth. Currently, Mr. Gerstein serves as the Chair of the Board of Directors. The Chair is expected to attend and chair meetings of the Board of Directors and Shareholders. The Chair ensures that the Board of Directors carries out its responsibilities effectively and the Board of Directors understands the boundaries between Board of Directors and management responsibilities. The Chair is also responsible for providing direction with respect to the dates and frequency of Board of Directors meetings and related committee meetings. The Chair liaises with the Chief Executive Officer to prepare Board of Directors meeting agendas.

Directors who qualify as "non-management" within the meaning of the NYSE rules meet on a regular basis in executive sessions without management participation and, at least once per year, an executive session is held with only independent directors present. The executive sessions are chaired by the Chair of the Board of Directors. In addition, the Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee and Operations and Commercial Oversight Committee, all of which are comprised entirely of independent Directors, also perform oversight functions independent of management.

The Board of Directors has adopted a written code of business conduct and ethics for the Corporation (the "**Corporate Code**"), which sets out basic principles to guide all Directors, officers and employees of the Corporation and its subsidiaries, and a written code of business conduct and ethics for the Chief Executive Officer and senior financial officers (the "**Officer Code**" and, together with the Corporate Code, the "**Codes**"), which sets out basic principles to guide the Chief Executive Officer and the senior financial officers of the Corporation.

follows a practice whereby any such individual must not cast a vote on any such matter.

The senior officers of the Corporation and the Chair of the Audit Committee are responsible for monitoring compliance with the Corporate Code and the Officer Code, respectively, and are required to report to the Board of Directors or the Audit Committee, respectively, on any issues that have arisen under

the applicable Code. Any waivers from the requirements in the Codes that are to be granted for the benefit of the Directors, managers or executive officers of the Corporation are to be granted by the Directors only (or a committee of the Board of Directors to whom that authority has been delegated) and will be promptly disclosed as required by law or stock exchange regulation.

At least annually, the Board of Directors reviews the adequacy of the Codes.

The Codes are available on the Corporation's website at www.atlanticpower.com under "ABOUT US Codes of Conduct" and under the Corporation's profile on the System of Electronic Document Analysis and Retrieval ("**SEDAR**") at www.sedar.com. The Corporation has included its website address only as an inactive textual reference and does not intend it to be an active link to its website.

The Corporation's Whistleblower Policy is administered by the Chair of the Audit Committee. Any person may confidentially report complaints or concerns directly to the Chair of the Audit Committee. Confidentiality of complaints or concerns received by the Chair of the Audit Committee will be maintained to the fullest extent possible, consistent with the need to conduct an appropriate review.

Audit Committee

The Corporation has established an Audit Committee consisting of Messrs. Gerstein, McNeil and Duncan and Meses. Ladhani and Ressel, each of whom is an independent Director under the NYSE corporate governance rules and National Policy 58-201 Corporate Governance Guidelines. The Chair of the Audit Committee is Holli C. Ladhani. The Board of Directors has determined that Ms. Ladhani qualifies as an "audit committee financial expert" as the term is defined in the rules of the SEC. The Audit Committee's primary purposes are to, among other things: (i) assist the Board of Directors in its oversight and supervision of the integrity of the accounting and financial reporting practices and procedures, the implementation and adequacy of the internal accounting controls and procedures and the compliance with legal and regulatory requirements in respect of financial disclosure; (ii) assess and monitor the strategic, operating, reporting and compliance risks of the business; and (iii) supervise the qualification, independence and performance of independent accountants of the Corporation.

The Audit Committee met 4 times during 2014.

Nominating and Corporate Governance Committee

The Corporation has established a Nominating and Corporate Governance Committee consisting of Messrs. Gerstein, Hartwick, Duncan and Howell and Ms. Ressel, each of whom is an independent Director under the NYSE corporate governance rules and National Policy 58-201 Corporate Governance Guidelines. The Chair of the Nominating and Corporate Governance Committee is Irving R. Gerstein. The Nominating and Corporate Governance Committee's primary purposes are to, among other things: (i) screen and identify individuals who are qualified to become members of the Board of Directors; (ii) recommend to the Board, director nominees to be presented for Shareholder approval at the annual meetings of the Shareholders of the Corporation; (iii) recommend to the Board of Directors nominees to fill vacancies on the Board of Directors or as otherwise required outside of the annual meetings of Shareholders of the Corporation; (iv) select, or recommend to the Board of Directors, the Directors to comprise the committees of the Board of Directors; (v) implement a process for examining the size of the Board of Directors and to undertake, where appropriate, a program to establish a Board size which facilitates effective decision-making; (vi) establish procedures for the nomination of Directors and executive officers of the Corporation generally; (vii) establish and administer an annual assessment process relating to the performance of the Board of Directors as a whole, the committees of the Board of Directors

and individual Directors; (viii) review with the Board of Directors from time to time the appropriate skills and characteristics required of Directors in the context of the current make-up of the Board of Directors, including issues of diversity, age, skills relating to the Corporation's businesses and professional background; (ix) recommend to the Board of Directors procedures for the conduct of Board meetings and the proper discharge of the Board of Directors' mandate as set out in the mandate of the Board of Directors; (x) monitor the relationship between the officers and the Board of Directors with a view to ensuring that the Board of Directors is able to function independently of officers; (xi) develop the Corporation's approach to governance, including the development of a set of governance principles and guidelines that are specifically applicable to the Corporation; (xii) perform a leadership role in shaping the Corporation's corporate governance practices and provide oversight with respect to its corporate governance conduct; and (xiii) perform such other functions as the Board of Directors may from time to time request.

In identifying, evaluating, and recommending suitable Director candidates, the Nominating and Corporate Governance Committee may take into account a number of factors, such as the appropriate skills and characteristics required of Directors in the context of the current make-up of the Board of Directors, including issues of diversity, skills relating to the Corporation's businesses and professional background and existing commitments to outside boards. Pursuant to its charter, the Nominating and Corporate Governance Committee, in considering the extent to which the membership of a candidate on the Board of Directors would promote diversity among the Directors, may take into account various factors and perspectives, including differences of viewpoint, professional experience, education, skill and other individual qualities and attributes as well as race, gender and national origin. It is the Corporation's practice to retain an outside recruiting firm to identify a wide range of candidates for review and consideration and to assist in the evaluation process. The Nominating and Corporate Governance Committee has not formally adopted any specific, minimum qualifications that must be met by each candidate for the Board of Directors, nor are there specific qualities or skills that are necessary for one or more of the members of the Board of Directors to possess. The Nominating and Corporate Governance Committee believes that candidates and nominees must reflect a Board of Directors that is comprised of Directors who have competencies, skills and personal qualities required of Board members in light of relevant factors, including: (1) the objective of adding value to the Corporation in light of the opportunities and risks facing the Corporation and the Corporation's proposed strategies; (2) the need to ensure that a majority of the Board of Directors is comprised of individuals who meet the independence requirements of the applicable securities legislation and stock exchanges or other guidelines, including the Corporation's categorical standards for Director independence; and (3) the policies of the Board of Directors with respect to board member tenure, retirement and succession and Board member commitments.

It is the policy of the Nominating and Corporate Governance Committee to review and consider any director nominees who have been recommended by Shareholders in the same manner as described above. All Shareholder recommendations for director nominees must be submitted to the Corporate Secretary at Atlantic Power Corporation, 3 Allied Drive, Suite 220, Dedham, Massachusetts 02026 in accordance with the procedures of the Advance Notice Policy.

The Nominating and Corporate Governance Committee met 2 times during 2014.

2015, Teresa M. Ressel became the Chair of the Compensation Committee. The Compensation Committee's primary purposes include: (i) discharging the responsibilities of the Board of Directors relating to compensation of the Chief Executive Officer and other officers; (ii) evaluating the Corporation's compensation plans, policies and programs, taking into account factors it deems appropriate from time to time, including those that are of strategic significance to the Corporation, the degree of risk to the Corporation and its business those plans and policies may imply, and the results of non-binding Shareholder votes with respect to such matters; and (iii) reviewing and discussing with the Corporation's officers the Statement of Executive Compensation, including the Compensation Discussion and Analysis ("**CD&A**"), to be included in the Corporation's annual information circular and proxy statement and determining whether to recommend to the Board of Directors that the CD&A be included in the information circular and proxy statement. The Compensation Committee may form and delegate its authority to subcommittees consisting of one or more members of the Committee when appropriate. The Compensation Committee did not delegate any of its authority in 2014.

The Compensation Committee periodically utilizes the services of Hugessen Consulting Inc. ("**Hugessen**"), an independent compensation consultant, to assist it in reviewing its compensation program. The Compensation Committee reviewed and considered the information and advice provided by Hugessen, among other factors, in making its executive compensation recommendations.

In February 2014, Hugessen advised the Compensation Committee in regards to the short-term and long-term incentive awards and in November and December 2014, Hugessen provided compensation market data to the Compensation Committee to support the Corporation's CEO search. Hugessen did not provide any services to the Corporation other than those provided to the Compensation Committee.

Director Term Limits

Each Director holds office until the next annual meeting of the Shareholders or until his or her successor is elected or appointed. The Board of Directors does not impose term limits on its Directors as it does not believe that arbitrary limits on the number of consecutive terms a Director may serve or on the Directors' ages are appropriate in light of the substantial benefits resulting from a sustained focus on the Corporation's business, strategy and industry over a significant period of time. The Board of Directors relies on thorough Director assessment procedures for evaluating its members, and uses rigorous identification and selection processes for new directors, having regard to a variety of factors. Through these processes, the Board of Directors believes that it is well-positioned to address any problems or deficiencies that may arise in an appropriate manner without having to adopt mandated term limits.

Representation of Women on the Board and in Executive Officer Positions

While the Corporation supports the principle of diversity in its leadership, of which gender is an important aspect, the Corporation has not formally adopted a policy or targets regarding the representation of women on the Board of Directors or in its senior management, as the Corporation does not believe that quotas or strict rules necessarily result in the identification or selection of the best candidates. Rather, the identification and selection process is made based on a variety of factors, such as differences of viewpoint, professional experience, education, skill and other individual qualities and attributes, including race, gender and national origin, as well as the requirements of the Board of Directors and senior management at the time. In addition, in identifying, evaluating and recommending suitable Director candidates, the Nominating and Corporate Governance Committee will take into account the criteria described under the section entitled "Corporate Governance Disclosure - Nominating and Corporate Governance Committee" of this Information Circular and Proxy Statement. Accordingly, in searches for new Directors and executive officers, the Corporation will consider the level of female representation and diversity on the Board of Directors and in its senior management and this will be one of several factors used in its search process. The Corporation will, however, continue to evaluate the appropriateness of adopting a formal policy and/or targets in the future.

Following the Meeting and assuming all of the nominees for Director are elected as contemplated in this Information Circular and Proxy Statement, two of the eight Directors on the Board of Directors will be women (representing 25% of the Directors). As of the date hereof, none of the Corporation's executive officers are women.

Committee Charters and Corporate Governance Guidelines

Each of the Audit Committee, the Nominating and Corporate Governance Committee, the Compensation Committee and the Operations and Commercial Oversight Committee operates pursuant to its respective charter, a copy of which is available on the Corporation's website at www.atlanticpower.com under "ABOUT US - Leadership - Board Committees." A copy of the Corporate Governance Guidelines is available on the Corporation's website at www.atlanticpower.com under "ABOUT US - Corporate Governance Guidelines." There were no services provided under the "de minimis" provisions in 2014. The authority to pre-approve non-audit services may be delegated to one or more members of the Audit Committee, who shall present all decisions to pre-approve an activity to the full Audit Committee at its first meeting following such decision.

Corporate Performance Achievements and Business Highlights

In 2014, we:

Piedmont project, both in the first quarter of 2014, of approximately \$2 million, which was at the lower end of the Corporation's guidance range of \$0 to \$25 million; The Corporation was at the lower end of the range primarily due to a higher than budgeted amortization of the APLP term loan as well as executive and other commercial severance costs recorded in the fourth quarter of 2014.

Made organic growth investments in our existing fleet totaling \$18 million for 2013 and 2014, and committed to spend an additional \$11 million in 2015 that, in total, are expected to produce approximately \$4 to \$8 million in cash flow in 2015 and at least \$10 million annually starting in 2016;

Achieved operating performance of 93% availability fleet wide, which allowed the Corporation to capture substantially all capacity payments;

Reduced administration costs and early-stage development budget by approximately \$14 million compared to 2013; however, the Corporation incurred \$6 million of severance costs in 2014, resulting in a year-over-year reduction of approximately \$8 million;

Closed new \$210 million senior secured revolving credit facility maturing in 2018, which replaced the existing \$150 million revolver maturing in March 2015;

Closed new \$600 million senior secured term loan maturing in 2021 and applied proceeds to redeem \$415 million of debt with maturities in 2014, 2015 and 2017;

Reduced total debt by approximately \$93 million in 2014, including repurchases of \$140 million aggregate principal amount of high-yield notes, project-level and term loan amortization, repurchases under the Normal Course Issuer Bid announced by the Corporation in November 2014 and repayment of the Corporation's Cdn\$44.8 million 6.5% convertible secured debentures (ATP.DB) at maturity in October 2014; and

Project Adjusted EBITDA and Free Cash Flow are not measures recognized under GAAP and do not have standardized meanings prescribed by GAAP, and are therefore unlikely to be comparable to similar measures presented by other companies. Reconciliations of project income/(loss) (a GAAP measure) to Project Adjusted EBITDA and cash flows from operating activities (a GAAP measure) to Free Cash Flow are included on page 71 and page 75, respectively, of the Corporation's Annual Report on Form 10-K for the year ended December 31, 2014 filed with the SEC on February 26, 2015.

Executive Compensation Objectives

The primary objective of our executive compensation program is to provide a competitive, performance-based plan that enables the Corporation to attract and retain key individuals. Compensation plays an important role in achieving short and long-term business objectives that ultimately drive business success in alignment with long-term shareholder goals. The objectives of the Corporation's compensation program are to:

align the interests of the executive officers with Shareholders' interests and with the execution of the Corporation's business strategy;

Table of Contents

attract and retain highly qualified executive officers with a history of proven success;

motivate the right behaviors when providing shareholder value;

establish performance goals that, if met by the Corporation, are expected to improve long-term shareholder value; and

tie compensation to performance with respect to those goals and provide meaningful rewards for achieving them.

The Corporation's compensation program is designed to provide competitive rewards for services and incentive for its senior management team to implement both short-term and long-term strategies aimed at increasing shareholder value and aligning the interests of senior management with those of the Shareholders, while minimizing incentives to engage in high-risk business strategies.

The compensation program of the Corporation has been established in order to compete with remuneration practices of companies similar to the Corporation and those which represent potential competition for the Corporation's executive officers and other employees. In this respect, the Corporation identifies remuneration practices and remuneration levels of companies that are likely to compete for its employees. In designing the compensation program, the Board of Directors focuses on remaining competitive in the market with respect to total compensation for each of the named executive officers. However, the Board of Directors does review each element of compensation for market competitiveness and it may weigh a particular element more heavily based on the named executive officer's role.

Our executive compensation program is administered by our independent Compensation Committee.

2014 Say-on-Pay Vote

At the Corporation's Annual Meeting of Shareholders held on June 20, 2014, 84.73% of the votes cast on the Say-on-Pay proposal regarding the executive compensation of the Corporation's named executive officers identified in the Corporation's 2014 Information Circular and Proxy Statement voted in favour of the proposal. The Compensation Committee believes this strong affirmative vote affirms Shareholders' support of the Corporation's approach to executive compensation. The Compensation Committee will continue to consider the outcome of the Corporation's annual "say-on-pay" votes when making future compensation decisions for named executive officers.

Elements of Executive Compensation

The compensation of each named executive officer, other than Mr. Hartwick, includes a base salary, cash bonus under the short-term incentive plan ("**STIP**") and eligibility for equity compensation awards under the long-term incentive plan ("**LTIP**"), as reflected in their respective employment agreements, all of which have been approved by the Compensation Committee and the Board of Directors. Mr. Hartwick's compensation during his tenure as Interim President and Chief Executive Officer was comprised of base salary only.

Base salary

The base salaries for the named executive officers for 2014 were based on a review by the Compensation Committee. This review was based on the level of responsibility, the experience level attained by the relevant named executive officer, competitive salaries for similar positions in the market,

Table of Contents

and his personal contribution to the Corporation's operating and financial performance with a goal of ensuring that the base salaries are appropriate and competitive.

Barry E. Welch. From 2004 until September 15, 2014, Mr. Welch was the President and Chief Executive Officer of the Corporation (until December 31, 2009, through the Manager). Mr. Welch's annual salary was \$700,000 for 2014.

Terrence Ronan. Beginning in 2012, Terrence Ronan became the Corporation's Executive Vice President Chief Financial Officer, Principal Financial and Accounting Officer and Corporate Secretary. Mr. Ronan's salary was increased to \$400,000 for 2014. The Compensation Committee determined that Mr. Ronan's salary would be increased to \$400,000 for 2014 based on a review of peer company data as well as Mr. Ronan's accomplishments.

Paul H. Rapisarda. From 2011 until October 14, 2014, Mr. Rapisarda was the Corporation's Executive Vice President Commercial Development. Mr. Rapisarda's annual salary was \$425,000 for 2014.

Edward C. Hall. From 2013 until February 3, 2015, Mr. Hall was the Corporation's Executive Vice President Chief Operating Officer. Mr. Hall's salary was \$425,000 in 2014.

Kenneth M. Hartwick. Effective after the close of business on September 15, 2014 and through January 26, 2015, Mr. Hartwick was the Corporation's Interim President and Chief Executive Officer. Mr. Hartwick's annual salary was \$500,000 for 2014.

Short-term incentive plan (non-equity incentive plan compensation)

Beginning for performance year 2012 and beyond, the Compensation Committee developed and approved the Corporation's short-term incentive plan ("STIP") to determine the cash awards payable to Barry E. Welch, Terrence Ronan, Paul H. Rapisarda and Edward C. Hall. Payouts under the STIP to Messrs. Ronan and Hall are included in the column identified as "Non-equity incentive plan compensation" in the Summary Compensation Table on page 49; however, Messrs. Welch, Rapisarda and Hartwick did not receive any payments. The Compensation Committee set target ranges for each named

executive officer's cash award based on base salary. The same performance measures were chosen for all executives, but with individual weightings assigned to each measure as set forth below.

Project Adjusted EBITDA is defined for purposes of the STIP as earnings before interest, taxes, depreciation and amortization ("EBITDA") from consolidating and equity accounted projects, including Project Adjusted EBITDA from projects that, after January 1, 2014, have been classified as held for sale or as discontinued operations. The EBITDA from equity accounted projects represents the Corporation's ownership percentage in the projects. Cash Flow from Projects is defined as distributions and management fees received from projects.

STIP Awards in respect of the 2014 Performance Year

In January 2015, the Compensation Committee determined that Messrs. Ronan and Hall were eligible for annual incentive awards under the pre-established performance criteria. The Compensation Committee made these awards based primarily on the achievements of the Corporation relating to the three measures above. Although each of the three performance measures were achieved in some measure, in exercising its discretion under the STIP, however, the Compensation Committee decided not to pay the

Table of Contents

full amounts allowable under the plan, considering the Corporation's 2014 share price performance. The table below shows the actual results for the pre-established performance measures.

Measurement Category	Actual Result
Performance of Existing Portfolio	The criteria used to determine this component will consist of Project Adjusted EBITDA relative to the \$301.5 million approved budget, cash flow from projects relative to budget and commercial and operating goals including EH&S.
	Project Adjusted EBITDA for the year was \$299 million, which was toward the upper end of our guidance range. Free Cash flow, when adjusted for employee severance and the APLP term loan amortization in excess of budget, was \$13.6 million and toward the lower end of our guidance range. All operating and EH&S goals were met.
Financial, Risk Management & Growth	The criteria used for the financial and risk management components will consist of successful efforts with respect to the quarterly risk management review as discussed with the Audit Committee and meeting financial objectives from the Board approved annual Goals & Objectives. The criteria used to determine the growth component will reflect the continued optimization initiatives with the goal of \$3.4 million of projected growth in cash flow from approximately \$17 million of investment committed to in 2014. If the collective decision by the Board and management is to commit additional capital to an acquisition and the decision is made in sufficient time, then the projected growth cash flow target could be approximately 10% cash accretion. Also included in this element is support of the strategic alternative process.
	Each of the criteria described above was achieved in 2014. The overall cash flow realized from the \$17 million of investment committed was \$4.0 million, slightly above the goal.
Discretionary	The discretionary component of the award is based on the evaluation of the executive officer's overall job performance including progress toward other objective goals such as leadership, commitment and overall effectiveness.
	The discretionary component is discussed in the paragraph below.

The Compensation Committee assessed Messrs. Ronan and Hall's performance in terms of their individual groups as well as the relationship of their achievements to the direction of the Corporation as a whole. It is the view of the Compensation Committee that, while aspects of the pre-established performance criteria were achieved, 2014 was a challenging year for Atlantic Power. The Compensation Committee's assessment of the Corporation's performance in 2014 can be summarized as the achievement of tactical elements of the Corporation's business plan, while maintain its continued commitment to executing on the long-term strategic direction of the Corporation and the path to achieving this direction.

Table of Contents

The STIP measures and targets must be evaluated in context of the overall assessment of the Corporation's performance, as seen by our Shareholders. The STIP awards approved by the Compensation Committee were a result of this approach and ultimately the awards to Messrs. Ronan and Hall reflect the fact that overall results were below expectations.

For the STIP award paid in 2015 based on the 2014 performance year, Mr. Ronan's award was determined to be \$175,000 based on the Compensation Committee's review of the components of the STIP, including the review of certain subjective factors. In particular, Mr. Ronan contributed to the Corporation's achievement of its goals described above in the areas of financial and risk management.

For the STIP award paid in 2015 based on the 2014 performance year, Mr. Hall's award was determined to be \$175,000 based on the Compensation Committee's review of the components of the STIP, including the review of certain subjective factors. In particular, Mr. Hall contributed to the Corporation's achievement of its goals described above in the areas of performance of existing portfolio.

Messrs. Welch and Rapisarda did not receive awards under the STIP for 2014 as a result of their departures prior to the end of the year. Mr. Hartwick was not eligible to receive a STIP award under the terms of his employment agreement entered into on September 22, 2014.

The table below shows the STIP awards paid to the Corporation's named executive officers in 2015 based on the 2014 performance year as a percentage of each officer's 2014 base salary. For comparison purposes, the table also includes the awards paid to the Corporation's named executive officers in 2014 based on the 2013 performance year as a percentage of each officer's 2013 base salary.

Named Executive Officer	2014 Base Salary	Target Ranges for STIP as % of 2014 Base Salary	2014 STIP Award (US\$) (% of 2014 Base Salary)	2013 STIP Award (US\$) (% of 2013 Base Salary)
Barry E. Welch	\$ 700,000	N/A	N/A	\$0 (0%)
Terrence Ronan	\$ 400,000	50-100%	\$175,000 (44%)	\$170,000 (45%)
Paul H. Rapisarda	\$ 425,000	N/A	N/A	\$190,000 (45%)
Edward C. Hall	\$ 425,000	50-100%	\$175,000 (41%)	\$160,000 (38%) ⁽¹⁾
Kenneth M. Hartwick	\$ 500,000	N/A	N/A	N/A

(1) 38%, based upon an STIP award of approximately 50% of Mr. Hall's base salary for 2013, prorated to take into account the date he joined the Corporation.

Long-Term Incentive Plan

The named executive officers and other employees of the Corporation are eligible to participate in the Corporation's Fifth Amended and Restated Long-Term Incentive Plan ("**LTIP**") as determined by the Board of Directors. The purpose of the LTIP is to align the interests of employees with those of the Shareholders by providing an opportunity to increase their share ownership over time and to assist in attracting, retaining and motivating key employees of the Corporation by making a significant portion of their incentive compensation directly dependent upon the achievement of strategic, financial and operational objectives critical to growing the Corporation and increasing its long-term value.

Under the LTIP, 2014 awards for the Corporation's executive officers are based upon a combined measure of:

Project Adjusted EBITDA per Common Share (as defined below for purposes of the LTIP, based on shares outstanding),
Free Cash Flow (as defined below),

Table of Contents

Growth Cash Flow (as defined below) and

Relative Total Shareholder Return ("TSR").

Up to 25% of the target award will be earned in respect of each performance measure subject to the Compensation Committee's exercise of discretion to take into account such other factors as it may deem appropriate. Awards will be granted annually based on the performance during the prior fiscal year and vest as to one third over each of the three years following the year the award is granted. Although the LTIP uses relative TSR as one of the four performance measures, the Compensation Committee also looks at TSR in the context of the entire award to ensure alignment.

Project Adjusted EBITDA per Common Share means, for purposes of the LTIP, project income plus interest, taxes, depreciation and amortization (including non-cash impairment charges), including Project Adjusted EBITDA from projects that, after the first date of the specified calendar year, have been classified as held for sale or as discontinued operations, and changes in fair value of derivative instruments. Free Cash Flow is defined as the Corporation's cash flow before distributions and dividends. Growth Cash Flow is defined as forecasted annual cash flow from internal optimization initiatives made during the fiscal year and as appropriate, increased cash flow from CAPEX projects within the existing fleet. TSR refers to the rate of return that a Shareholder would earn on an investment in Common Shares assuming the investment was held for the entire year and that monthly dividends were reinvested. For 2014, the Compensation Committee included the following companies in the peer group (the "**TSR Peer Group**") for the purpose of determining the Corporation's relative TSR performance:

Boralex, Inc.;

Brookfield Renewable Power Fund;

Northland Power, Inc.;

Capstone Infrastructure Corp.;

Innergex Renewable Energy, Inc.;

Algonquin Power & Utilities Corp.;

Maxim Power Corp;

50 U.S.-listed master limited partnerships in the Alerian Index; and

18 utilities in the S&P 400 Utility Index.

On the applicable vesting date for notional shares held in a participant's notional share account, the Corporation redeems such vested notional shares as follows: (i) one-third by lump sum cash payment (generally deposited into the participant's applicable payroll tax withholding account), and (ii) the remaining two-thirds by an exchange for Common Shares. Notwithstanding the foregoing, a named executive officer may elect to redeem such notional shares for 100% common shares upon prior written notice of such election. All issuances of Common Shares on redemption of notional shares under the LTIP are subject to compliance with applicable securities laws.

Table of Contents

For each performance period, the Board of Directors establishes LTIP award amounts that each executive officer participant is entitled to receive under the LTIP depending upon the Corporation's performance against specified criteria. If certain levels of target performance are achieved, the named executive officer will be eligible to receive a number of notional shares (including fractional units) to be calculated by dividing an incentive amount by the market price per Common Share. The market price per Common Share is defined in the LTIP as the weighted average closing price of a Common Share on the TSX for the five trading days immediately preceding the applicable day and then converted to U.S. dollars based on the exchange rate for that day. Notional shares are meant to track the investment performance of Common Shares, including market prices and distributions. Any notional shares granted to a participant in respect of a performance period will be credited to a notional share account for each participant on the determination date for such performance period. Each notional share is entitled to receive distributions equal to the distributions on a Common Share, to be credited in the form of additional notional shares immediately following any distribution on the Common Shares.

2014 LTIP Awards in respect of the 2013 Performance Year

For 2013, the possible quantum of awards under the LTIP ranged from zero to a cap of \$2.8 million for the Chief Executive Officer and \$1.5 million for the Executive Vice President – Chief Financial Officer, Executive Vice President – Chief Operating Officer and Executive Vice President – Commercial Development. For 2013, the midpoint targets for each of the four performance measures were set as follows: (1) Project Adjusted EBITDA per Common Share – \$2.18 to \$2.23; (2) Free Cash Flow – \$91.2 million to \$93.9 million; (3) Growth Cash Flow – \$12 million to \$15 million; and (4) relative TSR – 56th to 65th percentile. If each of these target ranges were achieved in 2013, the recommended award for our Chief Executive Officer would be \$1.5 million and for each of our Executive Vice President – Chief Financial Officer, Executive Vice President – Chief Operating Officer and our Executive Vice President – Commercial Development would be \$750,000.

The following table indicates the thresholds established for each performance measure under the LTIP for 2013 and corresponding percentages of the target award at each level of performance, as well as the actual level of achievement for each performance measure. Up to 25% of the award would have been earned in respect of each performance measure, subject to the Compensation Committee's exercise of discretion to take into account such other factors as it may deem appropriate.

The Compensation Committee made these awards in consultation with Hugessen based primarily on the achievements of the Corporation relating to the four measures above and also by exercising its discretion under the LTIP. The notional shares awarded will each vest as to one third over each of the three years following the year of the award, subject to continued employment of the officer.

Mr. Welch received a grant of \$600,000 or 227,273 notional shares, which represents approximately 21% of the maximum quantum of the award available under the LTIP and approximately 50% of the quantum of the award that would have been granted based on the actual LTIP performance measures described above.

Mr. Rapisarda received a grant of \$350,000 or 132,576 notional shares, which represents approximately 23% of the maximum quantum of the award available under the LTIP and approximately 50% of the quantum of the award that would have been granted based on the actual LTIP performance measures described above.

Mr. Ronan received a grant of \$350,000 or 132,576 notional shares which represents approximately 23% of the maximum quantum of the award available under the LTIP and approximately 50% of the quantum of the award that would have been granted based on the actual LTIP performance measures described above.

Mr. Hall received a grant of \$275,000 or 104,167 notional shares which represents approximately 18% of the maximum quantum of the award available under the LTIP, prorated based on Mr. Hall joining the Corporation in April 2013, and approximately 50% of the quantum of the award that would have been granted based on the actual LTIP performance measures described above.

The Compensation Committee used the following criteria to determine the nature and amount of the award while considering TSR in context of the entire award to ensure alignment:

alignment with shareholders in regards to past performance and future requirements; and

fairness, retention and motivation of the employee.

Pursuant to SEC rules and Canadian securities laws, these awards are reported in the Summary Compensation Table below in this Information Circular and Proxy Statement for the Corporation's 2015 Annual Meeting of Shareholders.

The Compensation Committee made these awards in consultation with Hugessen based primarily on the achievements of the Corporation relating to the four measures above and also by exercising its discretion under the LTIP. Mr. Hall received a grant of \$375,000 or 136,364 notional shares, which represents approximately 25% of the maximum quantum of the award available under the LTIP, and approximately 60% of the quantum of the award that would have been granted based on the actual LTIP performance measures described above.

Mr. Hartwick was not eligible to receive an LTIP grant under the terms of his employment agreement entered into on September 22, 2014.

The Compensation Committee used the following criteria to determine the nature and amount of the award while considering TSR in context of the entire award to ensure alignment:

alignment with shareholders in regards to past performance and future requirements; and

Pursuant to SEC rules and Canadian securities laws, these awards will be reported in the Summary Compensation Table in the Information Circular and Proxy Statement for the Corporation's 2016 Annual Meeting of Shareholders.

Employment Agreements

Effective April 15, 2013, in accordance with the terms of their respective offer letters, the Corporation entered into employment agreements with Terrence Ronan and Edward C. Hall. Messrs. Welch and Rapisarda also had employment agreements similar to Mr. Ronan's and Mr. Hall's, but as each has departed the Corporation pursuant to his Severance Agreement (as defined below), we have not described their employment agreements below. For a description of their Severance Agreements, please see Potential Payments Upon Termination or Change in Control beginning on page 52. Mr. Hall departed the Corporation on February 3, 2015 pursuant to a severance and release agreement; however, his employment agreement remained in effect during 2014.

Each of the respective employment agreements provide the respective executive officer with benefits including the following: (i) an initial annual base salary, which is subject to annual review and if increased may not be subsequently decreased without the executive officer's consent during the term of the agreement; (ii) eligibility to participate in the STIP adopted by the Board of Directors from time to time, provided that the STIP may not be altered to the material detriment of the executive officer without his consent; (iii) eligibility to participate in the Corporation's Fifth Amended and Restated LTIP as it may be amended by the Board of Directors from time to time, provided that the LTIP may not be altered to the material detriment of the executive officer without his consent; and (iv) benefits under the Corporation's welfare plans. Each employment agreement has an initial three-year term ending on March 31, 2016. Beginning in 2014, on January 1 of each year the three-year employment agreements extend automatically for an additional one-year term unless notice is given by the Corporation or the officer that the agreement will not be renewed.

In addition, under each of the executive officer's employment agreement, Mr. Ronan and Mr. Hall agree to be subject to a Financial Restatement and Clawback policy under which, in the event the Corporation's financial results are restated or are found to be inaccurate in a manner that materially affects the calculation of compensation for the executive officers, the independent directors of the

Corporation may, subject to certain conditions, direct that the Corporation recover all or a portion of bonus or incentive compensation paid to the executive officer or gains realized by the executive officer with respect to equity-based awards or other incentive payments or cancel all or a portion of the stock-based awards granted to the executive officer that is related to a restatement of, or inaccuracy in, the Corporation's financial results due to intentional fraud or misconduct by the executive officer, and may take other disciplinary action in addition to remedies imposed by third parties, such as law enforcement agencies, regulators or other authorities, and any right of recoupment under Section 304 of the Sarbanes-Oxley Act of 2002, or otherwise required by law or stock exchange requirements. In the event of an inaccuracy that does not give rise to a restatement, any amount recovered, cancelled or recouped under the policy will not exceed the amount by which the compensation based on the inaccurate financial results exceeded the compensation calculated under the accurate financial results.

Each executive officer's employment agreement also contains certain provisions regarding termination of employment and change in control benefits. For a description of these provisions and post-employment restrictive covenants, see the section of this Information Circular and Proxy Statement titled "Potential Payments Upon Termination or Change in Control." None of our employment agreements provides for any excise tax or other gross-ups for the benefit of our executive officers.

On September 22, 2014, with retroactive effect to September 15, 2014, the Corporation entered into an employment agreement with Mr. Hartwick for his service as interim President and Chief Executive Officer. Pursuant to his employment agreement, Mr. Hartwick was entitled to a base salary and the Corporation is required to reimburse Mr. Hartwick for all documented and reasonable travel and other out-of-pocket expenses incurred by Mr. Hartwick in accordance with the Corporation's reimbursement policies. Mr. Hartwick was not eligible for any bonus or other group insurance or other employment benefits from the Corporation or any of its affiliates. The employment agreement provides that to the extent Mr. Hartwick serves as a director or officer of the Corporation during his employment as interim President and Chief Executive Officer he will do so without any additional remuneration.

In addition, on January 22, 2015 and effective January 26, 2015, the Corporation entered into an employment agreement with Mr. Moore. The employment agreement provides Mr. Moore with (i) an initial annual base salary, which is subject to annual review and pro-rated for 2015; (ii) eligibility to participate in the STIP adopted by the Board of Directors from time to time, pro-rated for 2015; (iii) eligibility to participate in the Corporation's Fifth Amended and Restated LTIP as it may be amended by the Board of Directors from time to time; (iv) benefits under the Corporation's welfare plans; (v) a one-time cash bonus of \$150,000, a pro-rata portion of which Mr. Moore must repay if his employment with the Corporation is terminated during his first 18 months of employment under certain circumstances; and (vi) a one-time grant of notional shares, each corresponding to one common share of the Corporation, with an initial grant value of \$1,350,000.

Retirement Benefits

The Corporation does not sponsor a defined benefit retirement plan for any of its employees. In addition, the Corporation does not provide any supplemental or enhanced retirement benefits for its named executive officers. The Corporation makes annual matching contributions to each named executive officer's 401(k) plan account based upon a predetermined formula that applies to all its employees. The matching contributions supplement the named executive officer's personal savings toward future retirement as the Corporation has no other pension plan for them. The matching for the named executive officers is a dollar-for-dollar match with the 401(k) contributions, up to the maximum allowed by Internal Revenue Service ("IRS") regulations. The IRS maximum contribution in 2013 was \$17,500 for participants under age 50 and \$23,000 for participants 50 and over.

Table of Contents**Perquisites**

The Corporation does not provide any material perquisites to its named executive officers.

Share Ownership Policy

The Board of Directors has adopted a share ownership policy for the Corporation's executive officers and directors (the "**Director and Executive Officer Share Ownership Policy**" or "**Policy**") in order to further align the interests of the Corporation's executive officers and directors with the long-term interests of the Shareholders. The Policy provides that on or before December 31, 2015 (for all executive officers holding the positions noted below at the time the Policy went into effect on April 1, 2013) or within five years of appointment (for any executive officer appointed to any of the positions noted below after the time the Policy was adopted), each executive officer holding any of the below positions will be required to acquire, and thereafter maintain, ownership of a number of Common Shares with a minimum fair market value equal to the multiple of such executive officer's annual base salary (excluding bonus), as follows:

President and Chief Executive Officer	Three times annual base salary
Executive Vice President Chief Financial Officer	Two times annual base salary
Executive Vice President Chief Operating Officer ⁽¹⁾	Two times annual base salary
Executive Vice President Commercial Development ⁽¹⁾	Two times annual base salary

(1)

The Corporation does not have employees in these positions as of April 30, 2015.

For purposes of the Policy, share ownership includes any shares owned, directly or indirectly, by an executive or his or her immediate family members or held by such person or his or her immediate family members as part of a tax or estate plan, and unvested notional shares or other equity securities issued under an equity or equity-based compensation plan of the Corporation. In the event of a decline in the price of the Corporation's Common Shares by 25% or more in any year such that the value of an executive officer's Common Shares falls below the requirements of the Policy set out above, the executive officer will have a period of one year to acquire additional Common Shares to comply with the Policy. If the share ownership Policy for any executive officer is not met within the required time frame, the executive officer will be required to have 100% of his or her notional shares or equity-based compensation vest into Common Shares (in both cases, less Common Shares withheld or sold to pay taxes) until the requirements of the Policy are met.

For purposes of determining compliance with the Policy, the value of a share means an assumed per share value based on the average of the closing price of a Common Share on the New York Stock Exchange on the last trading day of each of the previous four fiscal quarters. The Policy went into effect on April 1, 2013 and as a result, the grace period under the Policy, as described above, is still in effect for each of the Corporation's executive officers (until August 2017 for Mr. Ronan and January 2020 for Mr. Moore).

Compensation Committee Report

MATTER 3: SPECIAL BUSINESS NON-BINDING ADVISORY VOTE ON NAMED EXECUTIVE OFFICER COMPENSATION

We have designed our compensation programs to keep management and Shareholders in alignment as to long-term goals as well as to attract, retain and focus our team on delivering value to Shareholders. As more fully discussed in the Compensation Discussion and Analysis beginning on page 31:

Project Adjusted EBITDA increased from \$268.9 million in 2013 to \$299.3 million in 2014, which was towards the upper end of the Corporation's guidance range of \$280 to \$305 million.

Free Cash Flow, including discontinued operations, was \$(55.6) million in 2014; however, after adjustments to exclude \$49.4 million of expenses related to the refinancing and debt repurchase transactions by the Corporation and an \$8.1 million repayment of construction debt at the Corporation's Piedmont project, both in the first quarter of 2014, Free Cash Flow for the full year 2014 was approximately \$2 million, which was at the lower end of the Corporation's guidance range of \$0 to \$25 million. The Corporation was at the lower end of the range primarily due to a higher than budgeted amortization of the APLP term loan as well as executive and other commercial severance costs recorded in the fourth quarter of 2014.

Some other performance metrics used for the Corporation's short-term incentive plan and/or long-term incentive plan were not at target levels, as more fully discussed in the Compensation Discussion and Analysis beginning on page 31. In taking all of these factors into account, as well as the year's total shareholder return performance, our Compensation Committee exercised its discretion when determining 2014 short-term and long-term incentive awards for the Corporation's named executive officers to reduce amounts compared to what otherwise would have been paid.

Our share ownership policy effectively promotes meaningful share ownership by our named executive officers and further aligns their interests with those of our Shareholders.

Our executive employment agreements provide for clawback of incentive compensation.

We provide no special or supplemental pension, retirement or health benefits for our executive officers.

None of our executive employment agreements or compensation programs provide for excise tax or other gross-ups.

We do not provide any material perquisites to our named executive officers.

Project Adjusted EBITDA and Free Cash Flow are not measures recognized under generally accepted accounting principles in the United States ("GAAP") and do not have standardized meanings prescribed by GAAP, and are therefore unlikely to be comparable to similar measures presented by other companies. Reconciliations of project income/(loss) (a GAAP measure) to Project Adjusted EBITDA and cash flows from operating activities (a GAAP measure) to Free Cash Flow are included on page 71 and page 75, respectively, of the Corporation's Annual Report on Form 10-K for the year ended December 31, 2014 filed with the SEC on February 26, 2015.

We urge you to read the Compensation Discussion and Analysis, as well as the Summary Compensation Table and related compensation tables and accompanying narrative, which provide detailed

information on our compensation philosophy, policies and practices and the compensation of our named executive officers.

As required by Section 14A of the Exchange Act, the Corporation is seeking an advisory (non-binding) vote on the compensation paid to the Corporation's named executive officers, as disclosed in this Information Circular and Proxy Statement pursuant to Item 402 of Regulation S-K, including the Compensation Discussion and Analysis, compensation tables and narrative discussion. As previously disclosed by the Corporation, the Board of Directors has determined that it will hold an advisory vote on executive compensation on an annual basis, and the next such advisory vote will occur at the 2016 annual meeting of Shareholders.

This vote, commonly known as a Say-on-Pay proposal, gives Shareholders the opportunity to express their views on the compensation of the Corporation's named executive officers. This vote is not intended to address any specific item of compensation, but the overall compensation of the named executive officers and the principles, policies and practices described in this Information Circular and Proxy Statement. As this is an advisory vote, the result will not be binding on the Corporation, the Board of Directors or the Compensation Committee. However, the Board of Directors and the Compensation Committee value the opinions of Shareholders and intend to take into account the results of the vote when considering future compensation decisions for the named executive officers.

Vote Required

Approval of the resolution approving, on a non-binding advisory basis, the compensation of the Corporation's named executive officers requires the affirmative vote of a majority of the votes cast at the Meeting. **The persons named in the accompanying Form of Proxy will vote such proxy in accordance with the instructions contained therein. Unless contrary instructions are specified, if the accompanying Form of Proxy is executed and returned (and not revoked) prior to the Meeting, the Common Shares represented by the Form of Proxy will be voted in favour of a resolution to approve, on a non-binding advisory basis, the compensation of the Corporation's named executive officers.** The Board of Directors recommends that Shareholders vote in favour of the following resolution:

RESOLVED, that the Corporation's Shareholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Corporation's Information Circular and Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the executive compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and disclosure.

The Board of Directors, upon recommendation of the Compensation Committee, recommends a vote FOR approval, on a non-binding advisory basis, of the compensation paid to our named executive officers, as disclosed in this Information Circular and Proxy Statement.

Potential Payments Upon Termination or Change In Control

We believe that the consideration of a change in control transaction will create uncertainty regarding the continued employment of our executive officers. This uncertainty results from the fact that many change in control transactions result in significant organizational changes, particularly at the executive officer level. In order to encourage our executive officers to focus on seeking the best return for our Shareholders and to remain employed with the Corporation during an important time when their prospects for continued employment following a change in control transaction are often uncertain, we have agreed in the employment agreements to provide for severance benefits in the event the executive officer's employment is terminated under certain circumstances, including in connection with a change in control of the Corporation. In exchange for such severance protection, each executive officer agreed to certain non-competition and non-solicitation limitations following certain termination events.

The Corporation's employment agreement with each of Terrence Ronan and Edward C. Hall provides that if the respective executive officer is terminated by the Corporation either following a determination by the Board of Directors that the executive officer's performance is unsatisfactory with respect to annually approved goals and objectives (with 90 days prior written notice to the executive officer, and not during any period that is 90 days preceding or one year following a change in control) or for any reason other than cause, or if he resigns within 90 days preceding or one year after a change in control because certain further triggering events have occurred including material reduction in salary or benefits (including annual cash bonus or LTIP), relocation, change in position (including status, offices, titles and reporting relationships), authority, duties or responsibilities, or the Corporation's breach of the employment agreement, then the following are paid or provided under the employment agreement: (i) his base salary through the termination date, to the extent not yet paid; (ii) a lump sum termination payment equal to two times the average, during the last two years, of the sum of the respective executive officer's: (a) base salary, (b) annual cash bonus, and (c) the most recent matching contribution to his 401(k) plan (the sum of (a), (b) and (c) being the executive officer's "**Total Annual Compensation**"); (iii) immediate vesting of all previous awards under the LTIP which had not yet vested; (iv) continuation of all employee benefits for a period of one year following termination; and (v) costs of outplacement services customary for senior executives at the respective executive officer's level for a period of 12 months following termination with the cost capped at \$25,000. In order to receive these termination benefits (other than unpaid base salary through the termination date), the executive officer must execute a general waiver and release of claims against the Corporation and its affiliates.

On August 30, 2013, the Corporation entered into an addendum to the employment agreements of each of Mr. Hall and Mr. Ronan which clarifies the calculation of the executive officer's Total Annual Compensation in cases where the executive has been employed with the Corporation for less than two years. Pursuant to the addendum, for a termination prior to the approval of the executive officer's first annual bonus award, the executive officer's average Total Annual Compensation is equal to the sum of the current annual base salary, an annual bonus calculated at 75% of current base salary and the Corporation's most recent annualized 401(k) matching contribution contributed on the executive officer's behalf. For a termination after the approval of the executive officer's first annual bonus award but prior to the approval of his second annual bonus award, the executive officer's average Total Annual Compensation is equal to the average of (i) the sum of the executive officer's annual base salary in effect with respect to the executive officer's first year of service, the actual first annual bonus percentage approved for the executive officer multiplied by the executive officer's annual base salary in effect with respect to the executive officer's first year of service and the Corporation's most recent annualized 401(k) matching contribution contributed on the executive officer's behalf and (ii) the sum of executive officer's current annual base salary, an annual bonus calculated at 75% of current base salary and the Corporation's most recent annualized 401(k) matching contribution contributed on the executive officer's behalf.

Table of Contents

The employment agreements also contain non-competition and non-solicitation limitations on each of the executive officers following certain termination events. The non-competition restrictions apply for a period of six months following termination by the Corporation for unsatisfactory performance or by the executive officer in the context of a change in control as described above, or a period of one month (for each executive officer) following resignation by the executive officer for any other reason or termination by the Corporation for cause. The non-solicitation restrictions apply for a period of one year following the date of termination.

In each executive officer's employment agreement, the term "Change in Control" means the occurrence of any of the following events: (i) the sale, lease or transfer to any person or group, in one or a series of related transactions, of the assets of the Corporation or Atlantic Power Holdings, Inc. ("**Atlantic Holdings**"), directly or indirectly, which assets generated more than 50% of the Atlantic Holdings' cash flow in a 12-month period ended on the last day of the most recent fiscal quarter to any person or group; (ii) the adoption of a plan related to the Corporation's or Atlantic Holdings' liquidation or dissolution; (iii) the acquisition by any person or group of a direct or indirect interest in more than 50% of the Corporation's Common Shares or voting power or Atlantic Holdings' common membership interests or voting power; (iv) the Corporation's or Atlantic Holdings' merger or consolidation with another person with the effect that immediately after such transaction Shareholders or holders of common membership interests in Atlantic Holdings immediately prior to such transaction hold, directly or indirectly, less than 50% of the voting control over the person surviving such merger or consolidation; or (v) the Corporation, Atlantic Holdings or any of their Shareholders or members enter into any agreement providing for any of the foregoing, or the date which is 90 days prior to a definitive announcement of any of the foregoing whichever is earlier, and the transaction contemplated thereby is ultimately consummated.

Under their employment agreements, if Mr. Ronan or Mr. Hall is terminated for cause, then he will be entitled to his base salary through the termination date, to the extent not yet paid, and all vested benefits under all incentive compensation or other plans in accordance with the terms and conditions of such plan; however, he will not be entitled to the payments or benefits listed in items (ii) through (v) in the second preceding paragraph above, except as may be required by applicable law. "Cause" is defined in each executive officer's employment agreement as a termination by reason of the Corporation's good faith determination that the executive (i) engaged in willful misconduct in the performance of his duties, (ii) breached a fiduciary duty to the Corporation for personal profit to himself, (iii) after determination by a court of competent jurisdiction, willfully violated any law, rule or regulation of a governmental authority with jurisdiction over the executive officer or the Corporation at the time and place of such violation (other than traffic violation or similar offenses) or any final cease and desist order of a court or other tribunal of competent jurisdiction, or (iv) materially and willfully breached such agreement. No act, or failure to act, on the executive officer's part shall be considered "willful" unless he has acted, or failed to act, with an absence of good faith and without a reasonable belief that this action or failure to act was in the best interest of the Corporation.

In the event that Mr. Ronan or Mr. Hall are, by reason of illness or incapacity, unable to fulfill their obligations on behalf of the Corporation for a period of 90 consecutive days, the Corporation's long-term disability group coverage will pay the executive officer up to 60% of his base salary, subject to its terms and conditions. The Corporation provides term life insurance coverage in accordance with its group policy.

If Mr. Ronan or Mr. Hall retire at the age of sixty-two or thereafter, any unvested notional shares awarded under the LTIP held by him will continue to vest in accordance with the provisions of the LTIP in effect at the date of retirement.

The following table provides, for Mr. Ronan, Mr. Hall and Mr. Hartwick, an estimate of the payments payable by us, assuming a termination for any reason other than cause, including the occurrence

- (3) Per the terms of Mr. Hartwick's employment agreement, the Corporation had the ability to terminate his employment at anytime with no further remuneration.

Messrs. Welch and Rapisarda reached a mutual agreement for their departures on September 22, 2014 and October 21, 2014, respectively, which superseded their employment agreements (each, along with the agreement between Mr. Hall and the Corporation, dated February 3, 2015, a "Severance Agreement"). The Severance Agreements of Messrs. Welch and Rapisarda provide for the following benefits upon each executive's respective termination of employment with the Corporation: (i) his base salary through the termination date, to the extent not yet paid; (ii) a lump sum termination payment equal to three times the average (in the case of Mr. Welch) or two times the average (in the case of Mr. Rapisarda), during the last two years, of the sum of the respective executive officer's: (a) base salary, (b) annual cash bonus, and (c) the most recent matching contribution to his 401(k) plan; (iii) immediate vesting of all previous awards under the LTIP which had not yet vested; (iv) continuation of all employee benefits for a period of two years (in the case of Mr. Welch) or one year (in the case of Mr. Rapisarda) following termination; (v) costs of outplacement services customary for senior executives at the respective executive officer's level for a period of 12 months following termination with the cost capped at \$25,000; (vi) three months of current base salary and continued benefits (in lieu of notice) and (vii) reimbursement in an amount up to \$10,000 (in the case of Mr. Welch) and \$5,000 (in the case of Mr. Rapisarda) for legal fees in connection with the Severance Agreement (the "Severance Benefits"). For Mr. Welch, the amount paid pursuant to his Severance Benefits consisted of: a termination payment of \$3,218,250; vesting of stock-based compensation of \$532,493; employee benefits of \$56,897 for a total of \$3,807,640. For Mr. Rapisarda the amount paid pursuant to his Severance Benefits consisted of: a termination payment of \$1,480,000; vesting of stock-based compensation of \$424,917; and employee benefits of \$39,696 for a total of \$1,944,613.

Table of Contents

In consideration of the Severance Benefits, Messrs. Welch and Rapisarda have granted a release to the Corporation and all of its subsidiaries, affiliates, successors and assigns, and their respective past, present and future officers, directors, shareholders, members, partners, agents, employees and attorneys in respect of any potential claims. In addition, pursuant to the Severance Agreements, the Corporation has granted a release to the executives in respect of any potential claims. In addition, the Severance Agreements contain customary non-disparagement, confidentiality, non-solicitation and cooperation provisions. The executives' obligations under their respective employment agreements are not applicable, and instead, (i) for one year (in the case of Mr. Welch) or six months (in the case of Mr. Rapisarda) following their respective dates of termination, the executives shall not divert or otherwise appropriate, directly or indirectly, alone or with others, any project acquisition, development and/or construction opportunities that the Corporation considered within the nine-month period immediately preceding the date of termination and (ii) shall not be employed by any public or private company that, within one year (in the case of Mr. Welch) or six months (in the case of Mr. Rapisarda) of their respective date of termination, undertake any transaction which would constitute a "change in control" (as defined above).

Mr. Hall reached a mutual agreement for his departure on February 3, 2015, which superseded his employment agreement. His severance agreement provided for the following benefits upon termination of employment with the Corporation: (i) an amount pursuant to his employment agreement equal to \$1,284,333; (ii) a cash payment of \$106,250, which is equivalent to three months of his last base salary; (iii) employee benefits for an additional three months beyond the period set forth in his employment agreement; and (iv) an additional cash payment of \$375,000, which is equivalent to the 2014 performance year LTIP award. In addition, the Corporation agreed to reimburse Mr. Hall for legal fees he expends in connection with his severance agreement in an amount up to \$5,000.

Compensation Risk Assessment

The Corporation has reviewed the Corporation's compensation policies and practices for all employees and concluded that any risks arising from the Corporation's policies and programs are not reasonably likely to have a material adverse effect on the Corporation. The Corporation believes that the mix and design of the elements of executive compensation do not encourage management to assume excessive risks. The Corporation reviewed the elements of executive compensation to determine whether any portion of executive compensation encouraged excessive risk taking and concluded:

allocation of compensation between cash compensation and long-term equity compensation, combined with the vesting schedule under LTIP, discourages short-term risk taking;

approach of goal setting, setting of targets with payouts at multiple levels of performance, capping the amount of the Corporation's incentive payouts, and evaluation of performance results assist in mitigating excessive risk-taking;

compensation decisions include subjective considerations, which limit the influence of formulae or objective factors on excessive risk taking; and

business does not face the same level of risks associated with compensation for employees at financial services firms (traders and instruments with a high degree of risk).

To complement the existing risk-reducing features of the Corporation's compensation policies and practices, the Corporation determined to adopt a share ownership policy that promotes long-term ownership by the named executive officers and to implement a recoupment policy in the executive officers' employment agreements.

Compensation of Directors

Director Fees

During 2014, each independent Director was entitled to receive an annual retainer of \$50,000, plus \$10,000 of value in DSUs and \$1,500 per meeting attended in person or \$1,000 per meeting attended by phone. The Chair of the Board of Directors, for his responsibilities as the Chair of the Nominating and Corporate Governance Committee, the Chair of the Audit Committee and the Chair of the Compensation Committee, received an additional \$35,000, \$15,000 and \$10,000 per year, respectively.

Effective January 1, 2015, the Director compensation structure changed such that each independent Director is entitled to receive an annual retainer of \$120,000, of which 50% will be paid in cash and 50% will be granted in DSUs with the goal to align Director compensation with the long-term interests of shareholders via mandatory holdings. The Chair of the Board of Directors (including for his responsibilities as Chair of the Nominating and Corporate Governance Committee), the Chair of the Audit Committee, the Chair of the Operations and Commercial Oversight Committee and the Chair of the Compensation Committee receive an additional \$35,000, \$15,000, \$10,000 and \$10,000 per year, respectively. Directors are reimbursed for out-of-pocket expenses for attending meetings but do not receive a per meeting fee. Directors also participate in insurance and indemnification arrangements. Directors who are also executive officers of the Corporation are not entitled to any compensation for their services as a Director.

Share Ownership Policy

On April 1, 2013, the Board of Directors adopted the Director and Executive Officer Share Ownership Policy in order to further align the interests of the Directors with the long-term interests of the Shareholders. The Policy provides that all independent Directors are required to acquire (and thereafter maintain ownership of) a number of Common Shares (which will include notional shares under the DSU Plan described below) with a fair market value equal to a minimum of three times their annual base cash retainer within a period of three years of their respective appointment.

For purposes of the Policy, share ownership includes any shares owned, directly or indirectly, by a Director or his or her immediate family members or held by such person or his or her immediate family members as part of a tax or estate plan, and DSUs issued under the DSU Plan. In the event of a decline in the price of the Corporation's Common Shares by 25% or more in any year such that the value of a Director's Common Shares falls below the requirements of the Policy set out above, the Director will have a period of one year to acquire additional Common Shares to comply with the Policy. If the Policy is not met within the required time frame, the Director will be required to elect at the earliest possible time in accordance with the provisions of the deferred share unit plan (the "**DSU Plan**") for Directors (described below) to have 100% of the fees paid to him or her by the Corporation for his or her services as a Director contributed to the DSU Plan until the Policy is met.

For purposes of determining compliance with the Policy, the value of a share means an assumed per share value based on the average of the closing price of a Common Share on the New York Stock Exchange on the last trading day of each of the previous four fiscal quarters. As of the market close December 31, 2014, for the previous 4 quarters then ended, the per share value was \$3.02. As of December 31, 2014, all independent Directors, with the exception of Mr. McNeil, were in compliance with or subject to the three-year grace period (in the case of Ms. Ressel and Mr. Howell) of the Policy as calculated with three times the annual base cash retainer of \$50,000 (the Director fees annual retainer in effect for the 2014 measurement period). As of April 30, 2015, all independent Directors were in compliance with the Policy or subject to the three-year grace period of the Policy.

Table of Contents*Deferred Share Unit Plan*

On April 24, 2007, the Board of Directors established a DSU Plan for Directors. Under the DSU Plan, each non-management Director is entitled to elect to have a portion of the fees paid to him or her by the Corporation for his or her services as Directors contributed to the DSU Plan. All fees contributed to the DSU Plan are credited to such Director in the form of DSUs representing the current market price of the Corporation's Common Shares at the time of contribution. For so long as the participant continues to serve on the Board of Directors, dividends accrue on the DSUs consistent with amounts declared by the Board of Directors on the Corporation's Common Shares and additional DSUs representing the dividends are credited to the Director's account. DSUs credited to the participant's DSU account are redeemed only when a participant ceases to serve on the Board of Directors for any reason. DSUs are redeemed in cash on the first anniversary of the participant's termination as a Director (unless a participant elects another time no later than the end of the calendar year following the year of termination), or, in the case of participants subject to United States income tax, as soon as practicable following the participant's termination. Under the DSU Plan, the Corporation also has the discretion to provide for the redemption or substitution of DSUs upon a reorganization of the Corporation.

The following table describes Director compensation for non-management Directors for the year ended December 31, 2014 (pursuant to the Corporation's prior Director compensation structure described above).

any other matter that would give rise to a "material change" to the Issuer.

Measures for Receiving Shareholder Feedback

All publicly disseminated materials of the Issuer shall provide for a mechanism for feedback of shareholders. Persons designated to receive such information shall be required to provide a summary of the feedback to the directors on a semi-annual basis or at such other more frequent intervals as they see fit.

Meetings

The Board will meet not less than four times per year: three meetings to review quarterly results; and one prior to the issuance of the annual financial results of the Issuer. A quorum for the meetings shall be a majority of the directors then holding office.

From time to time directors may be asked to participate in Board retreats which may last one to three days.

Meeting Guidelines

Directors will be expected to have read and considered the materials sent to them in advance of each meeting, and to be prepared to discuss the matters contained in such materials at the meeting. Administrative matters (e.g., bank signing resolutions, etc.) which require a vote will be batched for voting purposes. Directors will be expected to ask questions relating to batched items in advance of the meeting. The notice of meeting will highlight significant matters to be dealt with at each meeting so that directors can focus on reviewing the related materials. The senior officers of the Issuer will be made accessible to directors at Board meetings and Board committee meetings to fulfill their obligations.

Remuneration

Remuneration shall be at a level which will attract and motivate professional and competent members.

Telephone Board Meetings

A director may participate in a meeting of the directors or in a committee meeting by means of telephone, electronic or such other communications facilities as permit all persons participating in the meeting to communicate with each other and a director participating in such a meeting by such means is deemed to be present at the meeting.

Although it is the intent of the Board to follow an agreed meeting schedule as closely as possible, from time to time, with respect to time-sensitive matters, telephone Board meetings may be required to be called in order for directors to be in a position to better fulfill their legal obligations. Alternatively, management may request the directors to approve certain matters by unanimous consent.

Expectations of Management

The senior officers of the Issuer shall be required to report to the Board at the request of the Board on the performance of the Issuer, new and proposed initiatives, the Issuer's business and investments, management concerns and any other matter the Board or its Chair may deem appropriate. In addition, the Board expects the senior officers of the Issuer to promptly report to the Chair of the Board any significant developments, changes, transactions or proposals respecting the Issuer or its subsidiaries.

APPENDIX A
POLICY OF PRACTICES FOR DIRECTORS

Attendance at Meetings

Each director is expected to have a very high record of attendance at meetings of the Board, and at meetings of each Board committee on which the director sits. A director is expected to:

- i. advise the Chair as to planned attendance at Board and committee meetings shortly after meeting schedules have been distributed;
- ii. advise the Chair as soon as possible after becoming aware that he or she will not be able to attend a meeting; and
- iii. attend a meeting by conference telephone if unable to attend in person.

Preparation for Meetings

Directors are expected to carefully review and consider the materials distributed in advance of a meeting of the Board or a committee of the Board. Directors are also encouraged to contact the Chair, the Chief Executive Officer of the Issuer and any other appropriate officers to ask questions and discuss agenda items prior to meetings.

Conduct at Meetings

Directors are expected to ask questions and participate in discussions at meetings, and to contribute relevant insights and experience. In discussions at meetings, a director should:

- i. be candid and forthright;
- ii. not be reluctant to express views contrary to those of the majority;
- iii. be concise and, in most circumstances, respect the time constraints of a meeting; and
- iv. be courteous to and respectful of other directors and guests in attendance.

Knowledge of the Issuer's Business

Directors are expected to be knowledgeable with respect to the various fields and divisions of business of the Issuer. Although the senior officers of the Issuer have a duty to keep the Board informed about developments in the Issuer's business, directors have a primary duty of care and diligence, which includes a duty of inquiry. Directors should:

- i. ask questions of the Issuer's senior officers and other directors/managers, at meetings and otherwise, to increase their knowledge of the business of the Issuer;
- ii. familiarize themselves with the risks and challenges facing the business of the Issuer;
- iii.

- v. familiarize themselves with the Issuer's competitors by, among other things, reading relevant news, magazine and trade journal articles; and
- vi. familiarize themselves with the legal and regulatory framework within which the Issuer carries on its business.

Personal Conduct

Directors are expected to:

- i. exhibit high standards of personal integrity, honesty and loyalty to the Issuer;
- ii. project a positive image of the Issuer to news media, the financial community, governments and their agencies, shareholders and employees;
- iii. be willing to contribute extra efforts, from time to time as may be necessary including, among other things, being willing to serve on committees of the Board; and
- iv. disclose any potential conflict of interest that may arise with the business or affairs of the Issuer and, generally, avoid entering into situations where such conflicts could arise or could reasonably be perceived to arise.

Independent Advice

In discharging its mandate, the Board shall have the authority to retain (and authorize the payment by the Issuer of) and receive advice from, special legal, accounting or other advisors and outside consultants if appropriate.

Other Directorships and Significant Activities

The Issuer values the experience directors bring from other boards on which they serve and other activities in which they participate, but recognizes that those boards and activities also may present demands on a director's time and availability and may present conflicts or legal issues, including independence issues. No director should serve on the board of a competitor or of a regulatory body with oversight of the Issuer. Each director should, when considering membership on another board or committee, make every effort to ensure that such membership will not impair the director's time and availability for his or her commitment to the Issuer. Directors should advise the Chair of the Board and the Chief Executive Officer before accepting membership on other public corporation boards of directors or any audit committee or other significant committee assignment on any other board of directors, or establishing other significant relationships with businesses, institutions, governmental units or regulatory entities, particularly those that may result in significant time commitments or a change in the director's relationship to the Issuer.
