**PROXY STATEMENT FOR
2016 ANNUAL GENERAL MEETING OF SHAREHOLDERS**

This proxy statement is furnished in connection with a solicitation of proxies by our board of directors for use at the 2016 annual general meeting of shareholders (the "Annual Meeting") to be held at 10:00 a.m. Irish Standard Time ("IST") on May 3, 2016, and any postponements or adjournments thereof. The Annual Meeting will be held at The Merrion Hotel, Upper Merrion St., Dublin 2, Ireland. As used in this proxy statement, the terms "Theravance Biopharma," "we," "us," and "our" mean Theravance Biopharma, Inc. and its subsidiaries unless the context indicates otherwise.

QUESTIONS AND ANSWERS ABOUT PROCEDURAL MATTERS

Annual Meeting

Q: Why am I receiving these proxy materials?

A: Our board of directors is providing these proxy materials to you in connection with the solicitation of proxies for use at the Annual Meeting to be held on May 3, 2016 at 10:00 a.m. IST, and at any adjournment or postponement thereof, for the purpose of considering and acting upon the matters set forth herein. You are invited to attend the Annual Meeting to vote on the proposals described in this proxy statement. However, you do not need to attend the meeting to vote your shares. Instead, you may simply complete, sign and return the enclosed proxy card, or follow the instructions on the enclosed proxy card to submit your proxy via telephone or on the Internet. We intend to mail this proxy statement and accompanying proxy card on or about April 1, 2016 to all shareholders of record entitled to vote at the Annual Meeting.

Q: What information is contained in this proxy statement?

A: The information in this proxy statement relates to the proposals to be voted on at the Annual Meeting, the voting process, the compensation of our directors and certain of our executive officers, corporate governance, and certain other required information.

Q: Where is the Annual Meeting?

A: The Annual Meeting will be held at The Merrion Hotel, Upper Merrion St., Dublin 2, Ireland.

Q: Can I attend the Annual Meeting?

A: You are invited to attend the Annual Meeting if you were a shareholder of record or a beneficial owner as of March 7, 2016 (the "Record Date"). Admission will begin shortly before 10:00 a.m. IST on the date of the Annual Meeting, and you must present valid picture identification such as a driver's license or passport and, if asked, provide proof of share ownership as of the Record Date. The use of mobile phones, pagers, recording or photographic equipment, tablets and/or computers is not permitted at the Annual Meeting. The meeting will begin promptly at 10:00 a.m. IST. The Annual Meeting will be held at The Merrion Hotel, Upper Merrion St., Dublin 2, Ireland and shareholders may request directions to the location of our Annual Meeting by calling (650) 808-4045.

Table of Contents

Share Ownership

Q: What is the difference between holding shares as a shareholder of record and as a beneficial owner?

A: *Shareholders of record* If your shares are registered directly in your name with our transfer agent, Computershare, you are considered the "shareholder of record" with respect to those shares and this notice was provided to you directly by us. As the shareholder of record, you have the right to grant your voting proxy directly to the individuals listed on the proxy card or to vote in person at the Annual Meeting.

Beneficial owners Many Theravance Biopharma shareholders hold their shares through a bank, broker, trustee or other nominee, rather than directly in their own name. If your shares are held in a brokerage account or by a bank, trustee or another nominee, you are considered the "beneficial owner" of shares held in "street name" and this notice was forwarded to you by your bank, broker, trustee or other nominee, which is considered the shareholder of record with respect to those shares.

As the beneficial owner, you have the right to direct your bank, broker, trustee or other nominee on how to vote your shares. Beneficial owners are also invited to attend the Annual Meeting. However, since beneficial owners are not shareholders of record, you may not vote your shares in person at the Annual Meeting unless you follow your bank's, broker's, trustee's or other nominee's procedures for obtaining a legal proxy. If you request a printed copy of the proxy materials by mail, your bank, broker, trustee or other nominee will provide a voting instruction card for you to use.

Quorum and Voting

Q: How many shares must be present or represented to conduct business at the Annual Meeting?

A: A quorum is the minimum number of shares required to be present at the Annual Meeting for the meeting to be properly held under our Amended and Restated Memorandum and Articles of Association and Cayman Islands law. The presence, in person or by proxy, of a majority of the aggregate voting power of the issued and outstanding ordinary shares entitled to vote at the meeting will constitute a quorum at the meeting. Except as otherwise expressly provided by the Amended and Restated Memorandum and Articles of Association or by law, the holders of ordinary shares will vote together as a single class on all matters submitted to a vote or for the consent of the shareholders of Theravance Biopharma. Each holder of ordinary shares will have the right to one vote per ordinary share. A proxy submitted by a shareholder may indicate that the shares represented by the proxy are not being voted with respect to a particular matter.

Under the laws of the Cayman Islands, abstentions and broker "non-votes" are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting.

A broker non-vote occurs when a nominee holding shares for a beneficial owner submits a completed proxy card but does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Q: Who is entitled to vote at the Annual Meeting?

A: Holders of record of our ordinary shares at the close of business on March 7, 2016, the Record Date, are entitled to receive notice of and to vote their shares at the Annual Meeting. As of the Record Date, we had 38,431,643 ordinary shares in issue. In deciding all matters at the Annual Meeting, each holder of ordinary shares of Theravance Biopharma will be entitled to one vote per

Table of Contents

ordinary share held as of the close of business on the Record Date. We do not have cumulative voting rights for the election of directors.

Q: How can I vote my shares in person at the Annual Meeting?

A: Shares held in your name as the shareholder of record may be voted in person at the Annual Meeting. Shares held beneficially in street name may be voted in person at the Annual Meeting only if you obtain a legal proxy from the broker, trustee or other nominee that holds your shares giving you the right to vote the shares. **Even if you plan to attend the Annual Meeting, we recommend that you also submit your proxy card or follow the voting directions described below, so that your vote will be counted if you later decide not to attend the meeting.**

Q: How can I vote my shares without attending the Annual Meeting?

A: *Shareholder of record* If you are a shareholder of record, there are three ways to vote without attending the Annual Meeting:

Via the Internet You may vote by proxy via the Internet by following the instructions provided in the proxy card.

By Telephone You may vote by proxy by telephone by calling the toll free number found on the proxy card.

By Mail You may vote by proxy by filling out the proxy card and returning it in the envelope provided.

Beneficial owners If you are a beneficial owner holding shares through a bank, broker, trustee or other nominee, please refer to the information forwarded by your bank, broker, trustee or other nominee to see which voting options are available to you.

Q: What proposals will be voted on at the Annual Meeting?

A: At the Annual Meeting, shareholders will be asked to vote:

- (1) To elect the four directors identified in this proxy statement to serve as Class II directors until the annual general meeting held in 2019 and until their successors are duly elected and qualified;
- (2) To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016;
- (3) To approve the adoption of the Theravance Biopharma, Inc. Performance Incentive Plan; and
- (4) To transact such other business as may properly come before the Annual Meeting or any adjournment or postponement thereof.

Q: What is the voting requirement to approve each of the proposals?

A: *Proposal One* A majority of the votes duly cast is required for the election of each director. If the number of shares voted "FOR" a director nominee exceeds the number of votes cast "AGAINST," the nominee will be elected as a director. You may vote "FOR," "AGAINST" or "ABSTAIN" on each of the nominees for election as director. Abstentions and broker non-votes will not affect the

Edgar Filing: Theravance Biopharma, Inc. - Form DEF 14A

outcome of the election, other than counting towards the quorum of the meeting.

Proposal Two A majority of the votes duly cast is required to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm. If the number of shares voted "FOR" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm exceeds the number of votes cast "AGAINST," the appointment of Ernst & Young LLP as our independent registered public accounting firm will be ratified. As with Proposal

Edgar Filing: Theravance Biopharma, Inc. - Form DEF 14A

Table of Contents

One, you may vote "FOR," "AGAINST" or "ABSTAIN" and abstentions and broker non-votes will not affect the outcome of the election, other than counting towards the quorum of the meeting.

Proposal Three A majority of the votes duly cast is required to adopt the Theravance Biopharma, Inc. Performance Incentive Plan. If the number of shares voted "FOR" the adoption of the Theravance Biopharma, Inc. Performance Incentive Plan exceeds the number of votes cast "AGAINST," the Theravance Biopharma, Inc. Performance Incentive Plan will be adopted. As with Proposal One and Proposal Two, you may vote "FOR," "AGAINST" or "ABSTAIN" and abstentions and broker non-votes will not affect the outcome of the election, other than counting towards the quorum of the meeting.

Q:
How does the board of directors recommend that I vote?

A:
Our board of directors unanimously recommends that you vote your shares:

- (1) "FOR" the four nominees for election as director listed in Proposal One;
- (2) "FOR" the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016 as included in Proposal Two; and
- (3) "FOR" the adoption of the Theravance Biopharma, Inc. Performance Incentive Plan as included in Proposal Three.

Q:
What happens if I do not give specific voting instructions?

A:
Shareholder of record If you are a shareholder of record and you:

Indicate when voting on the Internet or by telephone that you wish to vote as recommended by our board of directors; or

Sign and return a proxy card without giving specific voting instructions,

then the persons named as proxy holders will vote your shares in the manner recommended by the board of directors on all matters presented in this proxy statement and as the proxy holders may determine in their discretion with respect to any other matters properly presented for a vote at the Annual Meeting.

Beneficial owners If you are a beneficial owner of shares held in street name and do not provide the bank, broker, trustee or other nominee that holds your shares with specific voting instructions then, under applicable rules, the bank, broker, trustee or other nominee that holds your shares may generally vote on "routine" matters but cannot vote on "non-routine" matters. If the bank, broker, trustee or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, that bank, broker, trustee or other nominee will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is generally referred to as a "broker non-vote."

Q:
How may my bank, broker, trustee or other nominee vote my shares if I fail to provide timely directions?

A:
Banks, brokers, trustees or other nominees holding ordinary shares in street name for customers are generally required to vote such shares in the manner directed by their customers. In the absence of timely directions, your bank, broker, trustee or other nominee will have discretion to vote your shares on our sole routine matter the proposal to ratify the appointment of Ernst & Young LLP. Your bank, broker, trustee or other nominee will not have discretion to vote on (i) the election of directors, or (ii) the approval of the Theravance Biopharma, Inc. Performance Incentive Plan absent direction from you as each is a "non-routine" matter.

Table of Contents

Please note that banks, brokers, trustees or other nominees may *not* vote your shares on the election of directors nor on the approval of the Theravance Biopharma, Inc. Performance Incentive Plan in the absence of your specific instructions as to how to vote, so we encourage you to provide instructions to your bank, broker, trustee or other nominee regarding the voting of your shares.

Q:

What happens if additional matters are presented at the Annual Meeting?

A:

If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named in the proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. We do not currently anticipate that any other matters will be raised at the Annual Meeting.

Q:

Can I change or revoke my vote?

A:

Subject to any rules your bank, broker, trustee or other nominee may have, you may change your proxy instructions at any time before your proxy is voted at the Annual Meeting.

If you are a shareholder of record, you may change your vote by (1) filing with our Secretary, prior to your shares being voted at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares, or (2) by attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not, by itself, revoke a proxy). A shareholder of record that has voted on the Internet or by telephone may also change his or her vote by later making a timely and valid Internet or telephone vote.

If you are a beneficial owner of shares held in street name, you may change your vote (1) by submitting new voting instructions to your bank, broker, trustee or other nominee or (2) if you have obtained a legal proxy from the bank, broker, trustee or other nominee that holds your shares giving you the right to vote the shares, by attending the Annual Meeting and voting in person.

Any written notice of revocation or subsequent proxy card must be received by our Secretary prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to our Secretary or should be sent so as to be delivered to us care of our U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080, Attention: Secretary.

Q:

Who will bear the cost of soliciting votes for the Annual Meeting?

A:

We will bear all expenses of this solicitation, including the cost of preparing and mailing these proxy materials. We may reimburse banks, brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of ordinary shares for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of Theravance Biopharma may also solicit proxies in person or by other means of communication. Such directors, officers and employees will not be additionally compensated but may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. We may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain banks, brokers, trustees or other nominees or institutional owners. Our costs for such services, if retained, will not be significant.

Table of Contents

Q: Is my vote confidential?

A: Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Theravance Biopharma or to third parties, except as necessary to meet applicable legal requirements, to allow for the tabulation of votes and certification of the vote, or to facilitate a successful proxy solicitation.

Q: Where can I find the voting results of the Annual Meeting?

A: We intend to announce preliminary voting results at the Annual Meeting and will publish final results in a current report on Form 8-K within four business days after the Annual Meeting.

Shareholder Proposals and Director Nominations

Q: What is the deadline to propose actions for consideration at next year's annual general meeting of shareholders or to nominate individuals to serve as directors?

A: You may submit proposals, including director nominations, for consideration at future shareholder meetings.

Requirements for shareholder proposals to be considered for inclusion in our proxy materials Shareholders may present proper proposals for inclusion in our proxy statement and for consideration at our next annual general meeting of shareholders by submitting their proposals in writing to our Secretary in a timely manner. In order to be included in the proxy statement for the 2017 annual general meeting of shareholders, shareholder proposals must be received by our Secretary no later than December 2, 2016, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Requirements for shareholder proposals to be brought before an annual general meeting In addition, our Amended and Restated Memorandum and Articles of Association establish an advance notice procedure for shareholders who wish to present certain matters before an annual general meeting of shareholders. In general, nominations for the election of directors may be made by (i) our board of directors or any committee thereof or (ii) any shareholder who (a) is a shareholder of record on the date of the giving of such notice and on the record date for the determination of shareholders entitled to vote at such meeting and (b) has delivered written notice to our Secretary no later than the Nomination Notice Deadline (as defined below), which notice must contain specified information concerning the nominees and concerning the shareholder proposing such nominations.

Our Amended and Restated Memorandum and Articles of Association also provide that the only business that may be conducted at an annual general meeting of shareholders is business that is (i) specified in the notice of meeting (or any supplement thereto) given by or at the direction of our board of directors (or any duly authorized committee thereof), (ii) otherwise properly brought before the annual general meeting by or at the direction of our board of directors (or any duly authorized committee thereof) or (iii) properly brought before the annual general meeting by a shareholder who has delivered written notice to our Secretary no later than the Notice Deadline (as defined below) and otherwise complied with the provisions of our Amended and Restated Memorandum and Articles of Association.

The "Notice Deadline" is defined as that date which is at least 45 days and not more than 75 days prior to the one year anniversary of the date on which we first mailed proxy materials for the prior year's annual general meeting. As a result, the Notice Deadline for the 2017 annual general meeting of shareholders is between January 16, 2017 and February 15, 2017. The "Nomination Notice Deadline" is defined as that date that is not less than 120 days and not more than 150 days prior to the meeting; *provided, however*, that in the event less than 130 days' notice or prior public

Table of Contents

disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder to be timely must be so received not later than the close of business on the 10th day following the earlier of the day on which such notice of the date of the meeting was mailed or such public disclosure was made.

Recommendation of director candidates You may recommend candidates to our board of directors for consideration by our nominating/corporate governance committee by following the procedures set forth below in "Corporation Governance Shareholder Recommendations for Nominations to the Board of Directors."

Q: How may I obtain a copy of the provisions of the Amended and Restated Memorandum and Articles of Association regarding shareholder proposals and director nominations?

A: A copy of the full text of the provisions discussed above may be obtained by writing to our Secretary. A copy of our Amended and Restated Memorandum and Articles of Association is posted on the Investor Relations portion of our website at www.theravance.com. All notices of proposals by shareholders, whether or not included in Theravance Biopharma's proxy materials, should be sent to us care of our U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080, Attention: Secretary.

Additional Information about the Proxy Materials

Q: What does it mean if multiple members of my household are shareholders but we only received one set of proxy materials in the mail?

A: We have adopted a procedure called "householding," which the Securities and Exchange Commission (the "SEC") has approved. Under this procedure, we deliver a single copy of the proxy materials to multiple shareholders who share the same address unless we received contrary instructions from one or more of the shareholders. This procedure reduces our printing costs, mailing costs, and fees. Shareholders who participate in householding will continue to be able to access and receive separate proxy cards. Upon written request, we will deliver promptly a separate copy of the proxy materials to any shareholder at a shared address to which we delivered a single copy of any of these documents. To receive a separate copy of the proxy materials, shareholders should send their requests to us care of our U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080, Attention: Secretary. Shareholders who hold shares in street name (as described above) may contact their brokerage firm, bank, broker-dealer, trustee or other nominee to request information about householding.

Q: What is the mailing address for Theravance Biopharma's principal executive offices?

A: The mailing address for our principal executive offices is P.O. Box 309, Uglan House, Grand Cayman, KY1-1104, Cayman Islands; however, all shareholder correspondence should be sent to us care of our U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080. The telephone number at that location is (650) 808-6000.

Any written requests for additional information, copies of the proxy materials and 2015 Annual Report, notices of shareholder proposals, recommendations for candidates to our board of directors, communications to our board of directors or any other communications should be sent to the U.S. subsidiary address above.

IMPORTANT NOTICE REGARDING THE AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL GENERAL MEETING OF SHAREHOLDERS TO BE HELD ON MAY 3, 2016.

The proxy statement and annual report are available at <http://investor.theravance.com/proxy.cfm>

Table of Contents

**PROPOSAL ONE:
ELECTION OF DIRECTORS**

General

Our board of directors may establish the authorized number of directors from time to time by resolution. Our board of directors is currently comprised of eleven members who are divided into three classes with staggered three-year terms. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. The classification of our board of directors may have the effect of delaying or preventing changes in our control or management. Our Amended and Restated Memorandum and Articles of Association authorize only our board of directors to fill vacancies on our board of directors. Any director appointed by our board of directors shall hold office for the remaining term of the class of director to which he or she is appointed and shall then be eligible for re-election. Any additional directorships resulting from an increase in the authorized number of directors would be distributed among the three classes so that, as nearly as possible, each class would consist of one-third of the authorized number of directors. Your proxy cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

Nominees

Four Class II directors have been nominated for election at the Annual Meeting each for a three-year term expiring in 2019. Upon the recommendation of our nominating/corporate governance committee, our board of directors has nominated Rick E Winningham, Robert V. Gunderson, Jr., Susan M. Molineaux, Ph.D. and Donal O'Connor, each a current Class II director, for election as Class II directors. The term of office of each person elected as director will continue until such director's term expires in 2019, and until such director's successor has been duly elected and qualified.

Information Regarding the Nominees and Other Directors

The following is a brief biography of each nominee nominated for election at the Annual Meeting and each director who will continue as a director after the Annual Meeting. Also listed below are the nominees' and directors' respective ages as of March 7, 2016. We have determined that each of these director nominees possesses the requisite communication skills, personal integrity, business judgment, ability to make independent analytical inquiries, and willingness to devote adequate time and effort necessary to serve as an effective member of the board of directors. Other specific experiences, qualifications, attributes or skills of nominees that contributed to our conclusion that the nominees should serve as directors are noted below.

Nominees for Class II Directors for a Term Expiring in 2019

Over a fifteen-year period beginning in 1986 with BMS and its predecessor, Bristol-Myers, Mr. Winningham held various U.S. and global management positions. Mr. Winningham served as a Director on the board of directors of the California Healthcare Institute ("CHI") from November 2011 to March 2015. He was elected Chairman of CHI in January 2014, a position he held until CHI merged with Baybio to become the California Life Sciences Association ("CLSA") in March 2015. Mr. Winningham was subsequently elected to the role of Chairman of CLSA in March 2015. He stepped down from the CLSA position in November 2015. He is a member of the board of directors of Jazz Pharmaceuticals plc, and a member of the board of directors of OncoMed Pharmaceuticals, Inc. Mr. Winningham is also a past member of Biotechnology Industry Organization's board of directors and served on the Health Section Governing Board Standing Committee on Reimbursement. Mr. Winningham holds an M.B.A. from Texas Christian University and a B.S. degree from Southern Illinois University. We believe that it is appropriate and desirable for our Chief Executive Officer to serve on our board of directors. Mr. Winningham's demonstrated leadership in his field, his prior senior management experience in our industry and his experience as our Chief Executive Officer contributed to our conclusion that he should serve as a director.</p>
Robert V. Gunderson, Jr.	64	<p>Robert V. Gunderson, Jr. has served as a director since October 2013. Prior to our spin-off from Theravance, Inc. in June 2014 and since September 1999, Mr. Gunderson served as a director of Theravance, Inc. He is a founding partner of the law firm of Gunderson Dettmer Stough Villeneuve Franklin & Hachigian, LLP, where he has practiced since 1995. Mr. Gunderson currently serves as a director of Vitae Pharmaceuticals, Inc., a clinical stage biotechnology company where he has served since January 2002, and a number of private companies. Mr. Gunderson holds a J.D. from the University of Chicago, where he was Executive Editor of The University of Chicago Law Review. Mr. Gunderson also received an M.B.A. in Finance from The Wharton School, University of Pennsylvania and an M.A. from Stanford University. Mr. Gunderson's demonstrated leadership in his field, his understanding of our industry and his knowledge of financial and financing matters contributed to our conclusion that he should serve as a director.</p>

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE CLASS II NOMINEES NAMED ABOVE.

Table of Contents**PROPOSAL TWO:****RATIFICATION OF THE APPOINTMENT OF
INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

Our audit committee has appointed the firm of Ernst & Young LLP, independent registered public accountants, to audit our financial statements for the year ending December 31, 2016.

Notwithstanding its selection and even if our shareholders ratify the selection, our audit committee, in its discretion, may appoint another independent registered public accounting firm at any time during the year if the audit committee believes that such a change would be in the best interests of Theravance Biopharma and its shareholders. At the Annual Meeting, the shareholders are being asked to ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the year ending December 31, 2016. Our audit committee is submitting the selection of Ernst & Young LLP to our shareholders because we value our shareholders' views on our independent registered public accounting firm and as a matter of good corporate governance. Representatives of Ernst & Young LLP will be present at the Annual Meeting and they will have an opportunity to make statements and will be available to respond to appropriate questions from shareholders.

If this proposal does not receive the affirmative approval of a majority of the votes cast on the proposal, the audit committee would reconsider the appointment.

Pre-Approval of Audit and Non-Audit Services

Consistent with requirements of the SEC and the Public Company Accounting Oversight Board regarding auditor independence, our audit committee is responsible for the appointment, compensation and oversight of the work of our independent registered public accounting firm. In recognition of this responsibility, our audit committee (or the chair if such approval is needed on a time urgent basis) pre-approves all audit and permissible non-audit services provided by the independent registered public accounting firm. These services may include audit services, audit-related services, tax services and other services.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2016.

PROPOSAL THREE:

APPROVAL OF THE THERAVANCE BIOPHARMA, INC. PERFORMANCE INCENTIVE PLAN

We are asking our shareholders to approve the Theravance Biopharma, Inc. Performance Incentive Plan, which we refer to as our "Performance Plan." The Performance Plan is intended to provide a single, comprehensive program under which we may structure both cash and equity-based awards in a manner designed to qualify as "performance-based compensation" under, and thereby avoid the limitations on the deductibility of such compensation imposed by, Section 162(m) of the U.S. Internal Revenue Code (the "Code").

Under the U.S. federal tax laws, a publicly traded company such as Theravance Biopharma will not be allowed a federal income tax deduction for compensation paid to certain "covered employees" to the extent that the compensation exceeds \$1 million in any year. For an "emerging growth company" like Theravance Biopharma currently is, "covered employees" includes the company's chief executive officer and its two other most highly compensated executive officers. At such time when we are no longer an emerging growth company, "covered employees" will include our chief executive officer and our three most highly compensated executive officers (other than, under current law, our chief financial officer). An exception to this loss deduction rule is available for compensation that qualifies as "performance-based compensation." Among the conditions imposed on performance-based compensation is the requirement that such compensation be paid under a plan that has been approved by the company's shareholders and as to which disclosure of material terms of the performance goals has been made. For purposes of Section 162(m), the material terms required to be disclosed include the employees eligible to receive the compensation, a description of the business criteria on which the performance goals are based, and the maximum amount of compensation that can be paid during a specified period to an employee under the performance goals. With respect to the various awards that may be granted under the Performance Plan, each of these aspects is discussed below, and shareholder approval of the Performance Plan will be deemed to constitute approval of each of these aspects of the Performance Plan for purposes of the shareholder approval requirements of Section 162(m).

Our board of directors believes that approval of the Performance Plan is in our shareholders' best interests because it enables us to link a portion of our executive compensation to our performance, while providing an opportunity to reduce our and our subsidiaries' income tax expense by maximizing the deductibility of such compensation. If our shareholders approve this Proposal Three, then to the extent we grant future cash and equity-based awards under the Performance Plan to persons subject to Section 162(m), the compensation paid under these awards may not be subject to the corporate tax deduction limits of Section 162(m). If our shareholders do not approve this Proposal Three, then we will not be able to operate or pay to our executive officers cash and equity-based awards that qualify as performance-based compensation for purposes of Section 162(m) under the Performance Plan. Irrespective of whether or not our shareholders approve this Proposal Three, we reserve the right to grant and pay cash and equity awards that are not intended to qualify as performance-based compensation under Section 162(m) to our officers and other key employees outside the scope of the Performance Plan should our compensation committee determine in its discretion that it is appropriate to do so. Any such other awards will not act as a substitute for payments under the Performance Plan if our shareholders do not approve this Proposal Three, or, having received shareholder approval, if the performance goals applicable to a Performance Plan award are not achieved.

Summary of the Performance Plan

The Performance Plan is divided into two parts, the Cash Plan and the Equity Plan, with the Cash Plan permitting the grant of performance cash awards and the Equity Plan permitting the grant of equity awards. The material terms of each are described below. The following summary does not purport to be a complete description of all provisions of the Performance Plan. To the extent there is a

Edgar Filing: Theravance Biopharma, Inc. - Form DEF 14A

Table of Contents

conflict between this summary and the actual terms of the Performance Plan, the actual terms of the Performance Plan will govern. A copy of the Performance Plan is filed with the SEC as an Appendix to this proxy statement. Any shareholder who wishes to obtain a copy of the actual plan may do so upon written request to: Secretary, c/o of our U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080 or may access the document from the SEC's website at www.sec.gov.

Purpose. The purpose of the Performance Plan is to align our management's efforts with our strategic goals by permitting the grant of performance-based cash and equity awards that are intended to be deductible as "performance-based compensation" under Section 162(m). Because Section 162(m) imposes certain procedural requirements on performance-based compensation, and because there is limited binding guidance interpreting these Section 162(m) requirements, we cannot guarantee that all awards under the Performance Plan to covered employees will qualify under Section 162(m). However, we intend to administer the Performance Plan in compliance with Section 162(m) with respect to employees who may be subject to Section 162(m).

Administration. The Performance Plan will generally be administered by the compensation committee of our board of directors, which will have the authority to (a) select employees who are to receive awards, (b) determine the terms and conditions of awards, (c) establish and certify the achievement of performance goals, (d) establish the amount payable under awards, and (e) interpret the Performance Plan. The compensation committee is comprised of two or more independent members of our board of directors who serve for such period of time as determined by our board of directors. For more information on our compensation committee, see the section of this proxy statement entitled "Corporate Governance Board Committees Compensation Committee." In addition, with respect to awards that are not intended to be "performance-based compensation" under Section 162(m), the Performance Plan may be administered by our board of directors or by other committees.

Participants. All of our employees, including officers, are eligible to receive awards under the Performance Plan. If the Performance Plan were in effect on March 7, 2016, there would be 318 employees eligible to receive cash and equity-based awards. As a potential future participant in the Performance Plan, each of our executive officers has an interest in this Proposal. Our non-employee directors and consultants are not eligible to participate in the Performance Plan.

Performance Goals. The Performance Plan allows the grant or vesting of performance cash awards or equity-based awards upon the attainment of certain pre-established performance goals. To the extent an award is intended to qualify as "performance-based compensation" under Section 162(m), the performance goals that may be used under the Performance Plan consist of:

Table of Contents

In the areas of development, regulatory progress and commercialization, any of the foregoing achievements performed by a third party with which we have a licensing or collaborative agreement, or relating to an asset in which we have an economic interest, will constitute an achievement of our company.

Performance goals may be based solely by reference to our performance or the performance of one of our subsidiaries, divisions, business segments, or business units. In addition, performance goals may be based on the relative performance of other companies or upon comparisons of any indicator of performance relative to other companies. In determining whether performance goals have been satisfied, our compensation committee may appropriately adjust any evaluation of actual performance to exclude the occurrence of any of the following: (a) asset write-downs, (b) litigation, claims, judgments or settlements, (c) the effect of changes in tax law, accounting principles or other such laws or provisions affecting reported results, (d) accruals for reorganization and restructuring programs, and (e) any extraordinary, unusual or non-recurring items.

Material Terms Unique to the Cash Plan

General. The Cash Plan permits the grant of performance cash awards to be paid upon the achievement of one or more performance goals for a specified performance period on terms and conditions established by the administrator. A performance cash award may become payable in the event of a participant's death or disability, a change in control or other events. Unless the administrator decides otherwise, awards under the cash plan are generally not transferable other than by will or the laws of descent and distribution.

Limit on Awards. The Cash Plan imposes a limit of \$4,000,000 on the amount that may be paid to any individual participant for each fiscal year in a performance period attributable to performance cash awards intended to qualify as "performance-based compensation" under Section 162(m). In the case of performance cash awards that are intended to qualify as "performance-based compensation," the administrator, in its sole discretion, may decrease the amount payable pursuant to a performance cash award. In the case of performance cash awards that are not intended to qualify as "performance-based compensation," the administrator may increase or decrease the amount payable pursuant to such award.

Amendment or Termination of Cash Plan. We may amend or terminate the Cash Plan at any time, subject to shareholder approval only to the extent required by applicable law. If not sooner terminated, the Cash Plan will terminate on the first annual general meeting of our shareholders occurring in 2021.

Material Terms Unique to the Equity Plan.

Share Reserve. We have not reserved any ordinary shares for issuance under the Equity Plan. Shares underlying awards made under the Equity Plan will be issued from our 2013 Equity Incentive Plan (the "2013 Plan"). In general, to the extent awards made under the Equity Plan are forfeited, terminate or are settled in cash for any reason, those shares will again become available for issuance under the 2013 Plan, as will restricted shares and ordinary shares issued upon exercise of options that are repurchased by us. In addition, ordinary shares used to pay the exercise price of an award under the Equity Plan or to satisfy tax withholding obligations related to an award under the Equity Plan will also revert to the 2013 Plan. For information regarding the ordinary shares that may be issued under our equity plans see the section of this proxy statement entitled "Equity Compensation Plan Information."

Edgar Filing: Theravance Biopharma, Inc. - Form DEF 14A

Table of Contents

Limit on Awards. The Equity Plan includes the following limits on the number of ordinary shares that may be subject to awards granted under the Equity Plan to any individual participant in a fiscal year:

Type of Award	Annual Limit
Options and SARs	1,000,000 Ordinary Shares
Additional Options and SARs in Year of Hire	1,000,000 Ordinary Shares
Restricted Share Awards and Share Units intended to qualify as "performance-based compensation" under Section 162(m)	1,000,000 Ordinary Shares
Additional Restricted Share Units and Share Units intended to qualify as "performance-based compensation" under Section 162(m) in Year of Hire	1,000,000 Ordinary Shares

In the case of awards that are intended to qualify as "performance-based compensation," the administrator, in its sole discretion, may decrease the amount payable under the award. In the case of awards that are not intended to qualify as performance-based compensation, the administrator may increase or decrease the amount payable under the award. In addition, no more than 36,285,710 ordinary shares may be issued upon exercise of incentive stock options described in Section 422 of the Code ("ISOs") granted under the Equity Plan.

Types of Awards. The Equity Plan provides for the grant of options to purchase ordinary shares (including both ISOs and nonstatutory stock options not described in Sections 422 or 423 of the Code ("NSOs")), restricted shares, share units and share appreciation rights.

Options. Options granted under the Equity Plan are subject to the terms and conditions of option agreements approved by the administrator. Options become exercisable at the time or times, and upon such conditions, as determined by the administrator. Options granted under the Performance Plan may provide for accelerated exercisability in the event of the optionee's death, disability, a change in control or other events. The exercise price of options may not be less than 100% of the fair market value of our ordinary shares on the grant date. The exercise price of options granted under the Equity Plan may be paid in cash or cash equivalents or, with the administrator's consent: (a) with ordinary shares that the optionee already owns; (b) by an immediate sale of the option shares through a securities broker approved by us; (c) with a margin loan; (d) through a net exercise procedure; (e) with a full-recourse promissory note, if permitted by applicable law; and (f) by any other forms of payment consistent with applicable laws, regulations, and rules. Options generally expire 10 years after they are granted, except that they may expire earlier if the optionee's service terminates earlier.

Share Appreciation Rights. A SAR allows a recipient to benefit from increases in the value of our ordinary shares, but does not confer an ownership interest in our ordinary shares. SARs are granted pursuant to SAR agreements adopted by the administrator. SARs become exercisable on dates determined by the administrator, and may become immediately exercisable in the event of the recipient's death, disability, a change in control or other events. The administrator determines the strike price of each SAR, which cannot be less than 100% of the fair market value of our ordinary shares on the date of grant. Upon exercise of a SAR, we will pay the participant an amount equal to the product of (a) the excess of the fair market value per ordinary share on the date of exercise over the strike price, multiplied by (b) the number of ordinary shares with respect to which the SAR is exercised. SARs generally expire 10 years after they are granted, except that they may expire earlier if the recipient's service terminates earlier.

Restricted Share Awards. Restricted share awards are granted pursuant to restricted share agreements adopted by the administrator which include provisions regarding the number of ordinary shares the participant may be issued, the purchase price, if any, and the restrictions to which such shares will be subject. Restricted share awards may be granted in consideration for (a) cash or cash

Table of Contents

equivalents, (b) property, (c) past or future services rendered to us or our affiliates, (d) full-recourse promissory notes, or (e) other forms of payment consistent with applicable laws, regulations, and rules. Vesting of restricted share awards may be tied to length of service, attainment of performance goals or a combination of both, as determined by the administrator. Accelerated vesting may occur in the event of the participant's death, disability, a change in control or other events.

Share Units. Share units awards represent the right to receive the value of our ordinary shares at a specified date in the future. Share units awards are granted pursuant to share unit agreements adopted by the administrator and are granted for no cash consideration. Upon settlement, the shares, their cash equivalent, or any combination thereof are delivered to the participant. Vesting of share units may be tied to length of service, attainment of performance goals or a combination of both, as determined by the administrator. Accelerated vesting may occur in the event of the participant's death, disability, a change in control or other events. At the administrator's discretion, dividend equivalents may be credited in respect of ordinary shares covered by a share unit.

Repricing. The administrator of the Performance Plan does not have the discretion to (a) reduce the exercise price or strike price of any option or SAR after it has been granted under the Performance Plan, (b) cancel or allow the holder of an award granted under the Performance Plan to surrender the award in exchange for cash or a new award that has the effect of reducing the exercise price or strike price of the outstanding award, or (c) take any other action with respect to an award granted under the Performance Plan that would be treated as a repricing under Nasdaq Marketplace ("Nasdaq") rules.

Transferability. Unless otherwise determined by the Administrator, awards granted under the Equity Plan may not be transferred other than by beneficiary designation, will or the laws of descent and distribution.

Protections Against Dilution. In the event that there is a subdivision of our ordinary shares, a declaration of a dividend payable in ordinary shares, or a combination or consolidation of our ordinary shares into a lesser number of ordinary shares, corresponding adjustments will be made to (a) the limit on ISOs that may be granted under the Performance Plan and the maximum number and kind of shares subject to options and SARs and performance-based restricted shares and share units that may be granted to any individual employee in a fiscal year, and (b) the number and kind of shares and exercise prices, strike prices, or purchase prices, if applicable, of all outstanding equity-based awards under the Performance Plan. In the event of an extraordinary dividend, a recapitalization, a spin-off or similar occurrence, the administrator may make one or more of the foregoing adjustments as it deems appropriate.

Corporate Transactions. In the event that we are a party to a merger, consolidation, or a change in control transaction, outstanding equity awards will be governed by the terms of the definitive transaction agreement to which we are a party (or, in the event the transaction does not entail a definitive transaction agreement to which we are a party, in a manner determined by the administrator). Such transaction agreement may provide for one or more of the following with respect to each outstanding award under the Equity Plan:

The continuation, assumption, or substitution of the award by the surviving corporation or its parent company;

Full vesting of an award followed by its termination prior to the closing of the transaction after an opportunity to exercise, if applicable;

The cancellation of an award in exchange for a payment equal to the excess, if any, of (a) the value that the holder of an ordinary share receives in the transaction over (b) if applicable, the exercise price otherwise payable in connection with the award, provided that such payment may

Table of Contents

be subject to the participant's continued service on a basis no less favorable than the schedule under which the award would have originally vested; or

The assignment of any reacquisition or repurchase rights held by us in respect of an award of restricted shares to the surviving entity or its parent (with proportionate adjustments made to the price per share to be paid upon exercise of such rights).

Unless the administrator provides otherwise in an award agreement, in the event of a change in control, each outstanding share award under the Equity Plan will, immediately prior to the effective date of the change in control, become fully vested and exercisable for all of the ordinary shares at the time subject to such share award. However, an outstanding share award will not accelerate vesting if, and to the extent such share award is, in connection with the change in control, either assumed by the successor corporation (or parent) or replaced with a comparable award from the successor corporation (or its parent). The administrator also has the discretion to accelerate the vesting of outstanding share awards whether or not upon a change in control, which acceleration may or may not be conditioned upon the subsequent termination of the participant's service within a specified period following the transaction.

For this purpose, a change in control transaction includes:

Any merger or consolidation where our voting securities represent less than 50% of the total voting power of the surviving entity or its parent;

The sale or disposition of all or substantially all of our assets;

Certain changes in the composition of our board of directors; or

Any person acquiring beneficial ownership of at least 50% of our total voting power.

Amendments or Termination. Our board of directors may amend or terminate the Equity Plan at any time. No further awards will be made under the Equity Plan after its termination. Unless terminated sooner, the Equity Plan will terminate on the date of the first annual general meeting of our shareholders occurring in 2021. An amendment to the Equity Plan will be subject to shareholder approval only to the extent required by applicable law.

U.S. Federal Income Tax Consequences of Awards Granted under the Performance Plan

The following is a general summary as of the date of this proxy statement of the U.S. federal income tax consequences to participants and Theravance Biopharma and its subsidiaries with respect to performance cash awards and equity awards granted under the Performance Plan. This summary does not address state, local or foreign tax treatment, which may vary from the U.S. federal income tax treatment.

Performance Cash Awards. In general, a participant will recognize ordinary income when a performance cash award is paid, subject to required tax withholding.

ISOs. No taxable income is recognized by an optionee upon the grant of an ISO and no taxable income is recognized at the time an ISO is exercised unless the optionee is subject to the alternative minimum tax. The excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares is includable in alternative minimum taxable income in the year of exercise.

If the optionee holds the purchased shares for more than one year after the date the ISO was exercised and more than two years after the ISO was granted (the "required ISO holding periods"), then the optionee will generally recognize long-term capital gain or loss upon disposition of such shares. The gain or loss will equal the difference between the amount realized upon the disposition of

Table of Contents

the shares and the exercise price paid for such shares. If the optionee disposes of the purchased shares before satisfying either of the required ISO holding periods, then the optionee will recognize ordinary income equal to the fair market value of the shares on the date the ISO was exercised over the exercise price paid for the shares (or, if less, the amount realized on a sale of such shares). Any additional gain will be a capital gain and will be treated as short-term or long-term capital gain depending on how long the shares were held by the optionee.

NSOs. No taxable income is recognized by an optionee upon the grant of an NSO. The optionee will generally recognize ordinary income in the year in which the option is exercised equal to the excess of the fair market value of the purchased shares on the exercise date over the exercise price paid for the shares. The optionee will be required to satisfy the tax withholding requirements applicable to such income. Upon resale of the purchased shares, any subsequent appreciation or depreciation in the value of the ordinary shares will be treated as short-term or long-term capital gain or loss depending on how long the ordinary shares were held by the optionee.

Share Appreciation Rights. In general, no taxable income results upon the grant of a SAR. A participant will generally recognize ordinary income in the year of exercise equal to the value of the ordinary shares or other consideration received, subject to tax withholding.

Restricted Share Awards. A participant who receives an award of restricted shares does not generally recognize taxable income at the time of the award. Instead, the participant recognizes ordinary income when the shares vest, subject to tax withholding. The amount of taxable income is equal to the fair market value of the ordinary shares on the vesting date(s) less the cash, if any, paid for the ordinary shares. A participant may make a one-time election to recognize income at the time the participant receives restricted shares in an amount equal to the fair market value of the restricted shares (less any cash paid) on the date of the award by making an election under Section 83(b) of the Code.

Share Units. In general, no taxable income results upon the grant of a share unit. The recipient will generally recognize ordinary income (subject to tax withholding) equal to the fair market value of the ordinary shares and/or cash that are delivered to the recipient upon settlement of the share units.

Section 409A. The foregoing description assumes that Section 409A of the Code does not apply to an award. In general, options and SARs are exempt from Section 409A if the exercise price per share is at least equal to the fair market value at the time the option or SAR was granted. Performance cash awards and share units are generally subject to Section 409A unless they are settled within two and one half months after the end of the later of (a) the end of our fiscal year in which vesting occurs or (b) the end of the calendar year in which vesting occurs. However, Section 409A permits the delay of a payment under certain circumstances to avoid the application of the deduction limit under Section 162(m). Restricted share awards are not generally subject to Section 409A. If an award is subject to Section 409A and the provisions for the exercise or settlement of that award do not comply with Section 409A, then the participant would be required to recognize ordinary income whenever a portion of the award vested (regardless of whether it had been exercised or settled). This amount would also be subject to a 20% federal tax and an interest penalty *in addition to* the federal income tax at the participant's usual marginal rate for ordinary income.

Tax Treatment of Theravance Biopharma and its Subsidiaries. Theravance Biopharma (or an applicable subsidiary of Theravance Biopharma) may be entitled to an income tax deduction at the time and to the extent a participant recognizes ordinary income as a result of an award granted under the Performance Plan. As described herein, Section 162(m) may limit the otherwise applicable deductibility of awards granted under the Performance Plan.

Table of Contents

Section 162(m) Considerations. Section 162(m) of the Code generally disallows a tax deduction to publicly traded companies and their subsidiaries for compensation in excess of \$1 million paid to the company's "covered employees." In the case of an "emerging growth company" like Theravance Biopharma currently is, a "covered employee" includes a company's chief executive officer and its two other most highly compensated executive officers. Once we are no longer an "emerging growth company," a "covered employee" includes a company's chief executive officer and its three other most highly compensated executive officers (other than, under current law, the chief financial officer). Options and SARs are exempt from this limitation if (a) the exercise price is at least 100% of the fair market value of the underlying shares on the date the option or SAR is granted and (b) the plan under which the options are granted is approved by the shareholders and contains a limit on the number of options or SARs granted to any one individual under the plan during a specified period. Various other rules apply with regard to compensation committee independence and the procedures that must be followed by the committee in connection with performance-based awards under Section 162(m). Other share awards, such as restricted shares and share units, must vest only upon the achievement of objective performance goals established in writing by our compensation committee while the outcome is substantially uncertain, the material terms of which have been approved by the shareholders, in order to qualify as performance-based compensation and be exempt from this limitation, as well as be granted under a plan and by a compensation committee that complies with these rules. The Performance Plan includes certain annual limits, as described above, on the amount that may be paid pursuant to performance cash and awards and on the number of ordinary shares that may be granted to an individual under options, SARs, restricted shares, and share units in order to comply with the Section 162(m) requirements. As described above, the Performance Plan permits the grant or vesting of performance awards based on a number of different performance goals.

The approval sought by this Proposal Three is to qualify the Performance Plan as a plan under which Section 162(m)-qualified performance-based compensation awards may be granted. Our compensation committee reserves the right to grant awards under the Performance Plan that do not qualify as performance-based compensation. Theravance Biopharma has not requested a ruling from the IRS or an opinion of counsel regarding the deductibility by Theravance Biopharma or its applicable subsidiaries of amounts awarded under the Performance Plan as a result of the application of Section 162(m).

2013 Plan and 2014 Plan Considerations

Approval of the Performance Plan does not require that we grant equity awards to eligible employees solely under the Performance Plan, and we reserve the right to grant awards that are not intended to qualify as "performance-based compensation" under Section 162(m) under our 2013 Plan. In addition, we reserve the right to grant awards to eligible newly-hired employees under our 2014 New Employee Equity Incentive Plan (the "2014 Plan"). Except as specifically described in this Proposal Three, the adoption and approval of the Performance Plan in no way limits our ability to continue to operate and grant awards to eligible individuals under the 2013 Plan and 2014 Plan.

However, to the extent the Performance Plan is approved by shareholders, then during such period as the Performance Plan continues in effect, we will adhere to the annual limits on awards described above in "Material Terms Unique to the Cash Plan Limit on Awards" and "Material Terms Unique to the Equity Plan Limit on Awards", whether we grant awards under the Performance Plan or under the 2013 Plan. (These limits do not apply to the 2014 Plan or to any other cash bonus program maintained by us.) Each of these limits is less than the similar limit in effect under the 2013 Plan of \$5,000,000 per year applicable to performance cash awards and 1,142,857 ordinary shares subject to each of the annual limits applicable to different types of equity awards. If the Performance Plan is not approved, or once it expires pursuant to its terms, we will no longer be subject to these lower annual limits when granting awards under the 2013 Plan.

New Plan Benefits and Equity-Based Award Grant Table

Future awards under the Performance Plan to eligible participants are not determinable in advance because these grants are subject to the discretion of our compensation committee. Accordingly, we have not included a table that reflects such awards. For information regarding recent cash and equity-based awards to our named executive officers under our existing compensation plans, please see the information contained in the "2015 Summary Compensation Table" and the "Outstanding Equity Awards at 2015 Fiscal Year End" tables in the section titled "Executive Compensation" below.

CORPORATE GOVERNANCE

Code of Conduct

Our board of directors has adopted a code of conduct that applies to all of our employees, officers and directors, including our Chief Executive Officer, Chief Financial Officer, and other executive and senior financial officers. The full text of our code of conduct is posted on the Investor Relations portion of our website at www.theravance.com. We intend to disclose future amendments to, or waiver of, our code of conduct, at the same location on our website identified above.

Director Independence

Our ordinary shares are listed on Nasdaq. The listing rules of this stock exchange generally require that a majority of the members of a listed company's board of directors be independent. In addition, the rules of Nasdaq require that, subject to specified exceptions, each member of a listed company's audit, compensation, and nominating/corporate governance committees be independent. Under the Nasdaq rules, a director will only qualify as an "independent director" if, in the opinion of that company's board of directors, that person does not have a relationship that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Audit committee members must also satisfy the independence criteria set forth in Rule 10A-3 under the Securities Exchange Act. In order to be considered independent for purposes of Rule 10A-3, a member of an audit committee of a listed company may not, other than in his or her capacity as a member of the audit committee, the board of directors, or any other board committee: (1) accept, directly or indirectly, any consulting, advisory, or other compensatory fee from the listed company or any of its subsidiaries; or (2) be an affiliated person of the listed company or any of its subsidiaries.

Compensation committee members must also satisfy the independence criteria set forth under the Nasdaq rules. In order for a member of a listed company's compensation committee to be considered independent for purposes of the Nasdaq rules, the listed company's board of directors must consider all factors specifically relevant to determine whether a director has a relationship to the company which is material to that director's ability to be independent from management in connection with the duties of a compensation committee member, including but not limited to: (1) the source of compensation of such director, including any consulting, advisory or other compensatory fee paid by the company to such director; and (2) whether such director is affiliated with the company, a subsidiary of the company or an affiliate of a subsidiary of the company.

Our board of directors has undertaken a review of the independence of each director. In making this determination, our board of directors considered the relationships that each non-employee director has with us and all other facts and circumstances that our board of directors deemed relevant in determining their independence. Based on this review, our board of directors has determined that Ms. Fore, Messrs. Broshy, Gunderson, O'Connor, Mitchell, and Young and Drs. Malkiel, Molineaux, Ringrose and Whitesides, representing ten of our eleven directors, are "independent" as that term is defined under the Nasdaq for purposes of serving on our board of directors and those committees of our board of directors upon which each such director sits. The independent members of our board of directors hold, and will continue to hold, separate regularly scheduled executive session meetings at which only independent directors are present.

Lead Independent Director

We currently have a single individual serving as our chairman of the board of directors and our principal executive officer. Mr. Young serves as our lead independent director. In his role as lead independent director, Mr. Young provides a source of leadership for the board of directors that is complementary to that of Mr. Winningham as chairman of the board of directors. As the lead

Table of Contents

independent director, Mr. Young coordinates the activities of the other independent directors, including coordinating with the chairman an appropriate schedule of board of directors and committee meetings, suggesting to the chairman agenda topics for meetings of the board of directors, coordinating with the chairman on the quality, quantity and timeliness of information submitted by management to independent directors, developing agendas for and serving as chairman of the executive sessions of the board of directors' independent directors, serving as the principal liaison between the independent directors and the chairman, coordinating with the General Counsel and Secretary responses to questions and/or concerns from shareholders, employees, or other interested parties, and, in his dual role as lead director and chairman of the compensation committee, delivering the results of the chief executive officer's performance evaluation. Our board believes that the combined role of chairman and chief executive officer, while balanced with our use of a lead independent director, facilitates centralized board leadership in one person, so there is no ambiguity about accountability. In addition, given the relatively small size of our company, our board of directors believes that Mr. Winningham's leadership as both chairman and chief executive officer is appropriate. Our Board of Directors Guidelines on Significant Corporate Governance Issues ("Corporate Governance Guidelines") are posted on the Investor Relations portion of our website at www.theravance.com.

Board Committees

Our board of directors has established an audit committee, a compensation committee and a nominating/corporate governance committee. Our board of directors and its committees set schedules for meeting throughout the year and can also hold special meetings and act by written resolutions from time to time, as appropriate. Our board of directors has delegated various responsibilities and authority to its committees as generally described below. The committees will regularly report on their activities and actions to the full board of directors. Each member of each of our compensation, nominating/corporate governance and audit committees qualifies as an independent director in accordance with Nasdaq listing standards. Each committee of our board of directors has a written charter approved by our board of directors. Copies of each charter are posted on the Investor Relations portion of our website at www.theravance.com.

Audit Committee

The current members of our audit committee are Dr. Malkiel, Mr. Mitchell, Mr. Broshy and Mr. O'Connor, each of whom is a non-employee member of our board of directors and can read and understand fundamental financial statements. Dr. Malkiel has served as a member of the committee since October 2013, Mr. Mitchell has served since October 2014, Mr. Broshy has served since April 2015 and Mr. O'Connor has served since October 2015. Henrietta H. Fore served until October 21, 2015 and Michael Atieh served until April 22, 2015. Dr. Malkiel, Mr. Mitchell, Mr. Broshy and Mr. O'Connor are, and Ms. Fore and Mr. Atieh were, each independent under the rules and regulations of the SEC and the listing standards of the Nasdaq applicable to audit committee members. Dr. Malkiel serves as chair of the audit committee. Our board of directors has determined that Dr. Malkiel qualifies as an audit committee financial expert within the meaning of SEC regulations and meets the financial sophistication requirements of Nasdaq. During our fiscal year ended December 31, 2015, our audit committee held 7 meetings.

The audit committee of our board of directors oversees our accounting practices, system of internal controls, audit processes and financial reporting processes. Among other things, our audit committee is responsible for reviewing our disclosure controls and processes and the adequacy and effectiveness of our internal controls. It also discusses the scope and results of the audit with our independent registered public accounting firm, reviews with our management and our independent registered public accounting firm our interim and year-end operating results and, as appropriate, initiates inquiries into aspects of our financial affairs. Our audit committee is responsible for

Table of Contents

establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. In addition, our audit committee has sole and direct responsibility for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm, including approving services and fee arrangements. Significant related party transactions will be approved by our audit committee before we enter into them, as required by applicable rules and listing standards.

Compensation Committee

The current members of our compensation committee are Messrs. Broshy and Young and Drs. Ringrose and Whitesides, each of whom is independent under applicable requirements of Nasdaq, the SEC rules and regulations, as well as Section 162(m) of the Internal Revenue Code of 1986, as amended. Mr. Young and Drs. Ringrose and Whitesides have served as members of the committee since October 2013 and Mr. Broshy has served as a member of the committee since October 2014. Mr. Young serves as chair of the compensation committee. The purpose of our compensation committee is to review and approve our overall compensation strategy and policies. Specifically, our compensation committee reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers and other senior management; reviews and approves the compensation and other terms of employment of our principal executive officer and other executive officers; approves the individual bonus programs in effect for our principal executive officer, other executive officers and any key employees for each fiscal year; recommends to our board of directors the compensation of our directors; recommends to our board of directors the adoption or amendment of equity and cash incentive plans and approves the adoption of and amendments to these plans; grants options and other equity awards; and administers our equity incentive plans and similar programs. During our fiscal year ended December 31, 2015, our compensation committee held 4 meetings and acted by written resolutions 12 times.

Mr. Winningham, our principal executive officer, does not participate in the determination of his own compensation or the compensation of our directors. However, he makes recommendations to our compensation committee regarding the amount and form of the compensation of the other executive officers and any key employees, and he often participates in the committee's deliberations about their compensation. Our General Counsel, Chief Financial Officer and our Vice President, Human Resources, also assist our compensation committee in its executive officer, director and employee compensation deliberations. No other executive officers participate in the determination of the amount or form of the compensation of our executive officers or directors.

During our fiscal year ended December 31, 2015, our compensation committee engaged the services of Frederic W. Cook & Co. ("FW Cook"), a compensation consulting firm, to advise the compensation committee regarding the amount and types of compensation that we provide to our executives and directors and how our compensation practices compare to the compensation practices of other companies. FW Cook reports directly to the compensation committee. FW Cook does not provide any services to us other than the services provided to the compensation committee. The compensation committee has assessed the independence of FW Cook pursuant to SEC rules and Nasdaq listing standards and concluded that no conflict of interest exists that would prevent FW Cook from independently representing the committee.

Nominating/Corporate Governance Committee

The current members of our nominating/corporate governance committee are Dr. Malkiel, Mr. Young and Ms. Fore, each of whom is a non-employee member of our board of directors. Ms. Fore serves as the chair of the nominating/corporate governance committee and has held the position since her appointment to the committee on July 2014. Dr. Malkiel and Mr. Young have served

Table of Contents

as members of the committee since October 2013. The nominating/corporate governance committee oversees the nomination of directors, including, among other things, identifying, evaluating and making recommendations of nominees to our board of directors and evaluates the performance of our board of directors and individual directors. Our nominating/corporate governance committee is also responsible for reviewing developments in corporate governance practices, evaluating the adequacy of our governance practices and making recommendations to our board of directors concerning corporate governance matters. During our fiscal year ended December 31, 2015, our nominating/corporate governance committee held 3 meetings.

Considerations in Evaluating Director Nominees

Our nominating/corporate governance committee's criteria and process for evaluating and identifying the candidates that it selects, or recommends to the full board of directors for selection, as director nominees are as follows:

Our nominating/corporate governance committee evaluates the current composition and organization of the board of directors and its committees, determines future requirements and makes recommendations to the board of directors for approval.

Our nominating/corporate governance committee evaluates the performance of the board of directors and of individual directors and oversees the board of directors' performance evaluation process, including conducting surveys of director observations, suggestions and preferences.

While our nominating/corporate governance committee has not established specific minimum qualifications for director candidates, in its evaluation of director candidates, including the members of the Board eligible for re-election, our nominating/corporate governance committee considers: (1) the current size and composition of the board of directors and the needs of the board of directors and its committees; (2) such factors as personal integrity, knowledge, skills, expertise, diversity of experience, ability to take independent analytical inquiries, understanding of Theravance Biopharma's business environment and willingness to devote adequate time and effort to serve as members of the board of directors; (3) relationships between directors and Theravance Biopharma's customers and suppliers; and (4) such other factors as the committee may consider appropriate.

With regard to candidates who are properly recommended by shareholders or by other means, our nominating/corporate governance committee will review the qualifications of any such candidate, which review may, in our nominating/corporate governance committee's discretion, include interviewing references, direct interviews with the candidate, or other actions our nominating/corporate governance committee deems necessary or proper.

Our nominating/corporate governance committee has the authority to retain and terminate any third-party search firm to identify director candidates, and has the authority to approve the fees and retention terms of such search firm.

After completing its review and evaluation of director candidates, our nominating/corporate governance committee selects, or recommends to the full board of directors for selection, the director nominees.

Our nominating/corporate governance committee does not have a formal written policy with regard to the consideration of diversity in identifying director nominees. However, as discussed above, diversity is one of the numerous criteria our nominating/corporate governance committee reviews before recommending a candidate.

The board of directors (which includes our Chief Executive Officer) used the services of a third party search firm to help identify, screen, conduct background investigations of, and interview potential

director candidates. During the fiscal year ended December 31, 2015, this process resulted in the appointment of Dr. Molineaux on April 22, 2015 and Mr. O'Connor on October 21, 2015.

Compensation Committee Interlocks and Insider Participation

As noted above, the compensation committee of our board of directors is comprised of Messrs. Broshy and Young and Drs. Ringrose and Whitesides. None of the members of our compensation committee was at any time during the fiscal year ended December 31, 2015 (or at any other time) an officer or employee of Theravance Biopharma. None of our executive officers serves, or served during our fiscal year ended December 31, 2015, as a member of the board of directors or compensation committee of any other entity that has or has had one or more executive officers serving as a member of our board of directors or our compensation committee.

Meetings of the Board of Directors

The full board of directors met 6 times during our fiscal year ended December 31, 2015. No director attended fewer than 75% of the total number of meetings of the board of directors (held during the period he or she was a director) and meetings of any committees of the board of directors (held during the period he or she was a member) during our fiscal year ended December 31, 2015.

It is our policy that directors are invited and encouraged to attend our annual general meetings of shareholders. We have scheduled our Annual Meeting on the same day as a regularly scheduled board of directors meeting in order to facilitate attendance by the members of our board of directors.

Shareholder Recommendations for Nominations to the Board of Directors

Our nominating/corporate governance committee reviews shareholder recommendations for candidates to our board of directors in accordance with our Corporate Governance Guidelines and our Shareholder Director Communications Policy & Procedures. To recommend a candidate for election to the board of directors, a shareholder must notify the nominating/corporate governance committee by writing to the General Counsel or Secretary of Theravance Biopharma (Theravance Biopharma, Inc., c/o of its U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080, Attention: General Counsel/Secretary) no later than the deadlines set forth in Theravance Biopharma's proxy statement for the preceding annual general meeting. Such shareholder's notice must include (i) to the extent reasonably available, information relating to such director candidate that would be required to be disclosed in a proxy statement pursuant to Regulation 14A under the Securities Exchange Act, in which such individual is a nominee for election to the board of directors, including the candidate's name, detailed biographical data and qualifications for serving on our board of directors (including the candidate's age, business address, residence address, principal occupation or employment) and information regarding any relationships between us and the candidate within the last three years (including the number of our ordinary shares beneficially owned by the candidate); (ii) the director candidate's written consent to (A) if selected, be named in Theravance Biopharma's proxy statement and proxy and (B) if elected, to serve on the board of directors; (iii) a statement from the recommending shareholder in support of the candidate, including a statement regarding the candidate's satisfaction of the board of directors' membership criteria set forth in our Corporate Governance Guidelines; (iv) any other information that such shareholder believes is relevant in considering the director candidate; and (v) evidence of the recommending person's ownership of our shares and the shareholder's name and address.

Board Oversight of Risk

One of the key functions of our board of directors is informed oversight of our risk management process. In particular, our board of directors is responsible for monitoring and assessing strategic risk

exposure. Our executive officers are responsible for the day-to-day management of the material risks we face. While our board of directors is ultimately responsible for risk oversight, our board committees assist the board in fulfilling its oversight responsibilities in certain areas of risk. The audit committee assists our board of directors in fulfilling its oversight responsibilities with respect to risk management in the areas of internal control over financial reporting and disclosure controls and related procedures, legal and regulatory compliance, and discusses with management and the independent auditor guidelines and policies with respect to risk assessment and risk management. The nominating and corporate governance committee assists our board in fulfilling its oversight responsibilities with respect to the management of risk associated with board organization, membership and structure, and corporate governance. The compensation committee assesses risks created by the incentives inherent in our compensation policies. Finally, the full board of directors reviews strategic and operational risk in the context of reports from the management team, receives reports on all significant committee activities, and evaluates the risks inherent in significant transactions.

Director Compensation

The following is a description of the standard compensation arrangements under which our non-employee directors are compensated for their service as directors, including as members of the various committees of our board of directors.

Cash Compensation

Each member of our board of directors who is not an employee receives a \$50,000 annual retainer as well as \$1,000 for each board and committee meeting attended (\$500 for scheduled in-person meetings that a board member attends by video or telephone conference) and, commencing in December 2015, for each subsidiary board meeting and ad hoc committee meeting attended. The chairperson of our audit committee receives a fixed retainer in the amount of \$20,000, the chairperson of our compensation committee receives a fixed retainer of \$13,000, and the chairpersons of our nominating/corporate governance committee and our science and technology advisory committee each receive a fixed retainer in the amount of \$10,000. The lead independent director also receives a fixed retainer in the amount of \$25,000. The members of our board of directors are eligible for reimbursement for their expenses incurred in attending board meetings in accordance with our policies.

In order to minimize the tax consequences of our Irish tax residency on our non-employee directors, effective July 1, 2015, we provide directors who are not Irish residents with a tax gross-up with respect to Irish personal income taxes levied on payments made by us for board and committee service rendered in Ireland, including equity awards and reimbursement for lodging, travel and similar expenses, which are taxable compensation under Irish tax laws (the "Irish Tax Gross-Up"). Also effective July 1, 2015, we provide members of our board of directors with a tax gross-up with respect to any additional taxes incurred in the U.S. resulting from the Irish Tax Gross-Up (the "U.S. Tax Gross-Up" and combined with the Irish Tax Gross-Up, the "Non-Employee Director Tax Gross-Ups").

Equity Compensation

Each of our non-employee directors is also compensated with periodic automatic grants of equity awards under a program implemented under our 2013 Equity Incentive Plan. These grants are non-discretionary, and only our non-employee directors are eligible to receive these automatic grants.

Under our automatic grant program, each individual who first becomes a non-employee director will, on the date such individual joins our board of directors, automatically be granted a one-time nonstatutory share option grant covering 12,000 ordinary shares. These initial option grants vest monthly over the director's first two years of service. In addition, on the date of joining our board of directors, a new non-employee director will also receive the standard annual equity award (if joining on

Edgar Filing: Theravance Biopharma, Inc. - Form DEF 14A

the date of our annual general meeting of shareholders) or a pro-rated annual equity award (if joining on any other date), as described below. The pro-ration will be based upon the number of months of service the new board member will provide during the 12-month period ending on the one-year anniversary of the most recent annual general meeting of shareholders.

Annually (if applicable, upon his or her re-election to our board of directors at the annual general meeting of shareholders) each non-employee director automatically will be granted restricted share units ("RSUs") covering 6,000 ordinary shares. This standard annual RSU grant will vest in full on the earlier of the one-year anniversary of the date of grant or the next annual general meeting of shareholders.

All automatic equity awards vest in full if we are subject to a change in control or the board member dies or becomes disabled while in service. Each share option granted pursuant to the automatic grant program will have an exercise price equal to the fair market value of our ordinary shares on the date of grant, a term of up to ten years and will remain exercisable for three years following termination of a director's service other than for cause. Each RSU granted pursuant to the automatic grant program will be settled by issuing our ordinary shares upon vesting and includes cash dividend equivalent rights in the event we pay any cash dividends to shareholders while the award is outstanding.

In addition to the automatic equity awards described above, directors are also eligible to receive other equity awards under our 2013 Equity Incentive Plan.

2015 Director Compensation Table

The following table sets forth the compensation awarded to, earned by, or paid to each person who served as a director during 2015, other than a director who also served as a named executive officer.

- (3) As of December 31, 2015, certain of the above listed directors held outstanding, unvested RSUs under which the following number of our ordinary shares were issuable: Mr. Broshy (6,000); Ms. Fore (6,000); Mr. Gunderson (6,000); Dr. Malkiel (6,000); Mr. Mitchell (6,000); Dr. Molineaux (6,000); Mr. O'Connor (3,000); Dr. Ringrose (6,000); Dr. Whitesides (6,000); and Mr. Young (6,000). As of December 31, 2015, certain of the above-listed directors held outstanding RSUs under which the following number of shares of Theravance, Inc.'s common stock were issuable: Ms. Fore (15,170); Mr. Gunderson (15,170); Dr. Malkiel (15,170); Dr. Ringrose (15,170); Dr. Whitesides (15,170); and Mr. Young (15,170). These RSUs are fully vested based on service to Theravance, Inc. prior to our spin-off in June 2014 (the "Spin Off") from Theravance, Inc. (which in January 2016 was renamed Innoviva, Inc.), but have not yet settled in accordance with their terms.
- (4) As of December 31, 2015, the above-listed directors held outstanding options to purchase the following number of our ordinary shares: Mr. Atieh (15,333); Mr. Broshy (24,000); Ms. Fore (24,000); Mr. Gunderson (24,000); Dr. Malkiel (24,000); Mr. Mitchell (24,000); Dr. Molineaux (12,000); Mr. O'Connor (12,000); Dr. Ringrose (24,000); Dr. Whitesides (24,000); and Mr. Young (24,000). As of December 31, 2015, certain of the above-listed directors also held outstanding options to purchase the following number of shares of Theravance, Inc.'s common stock: Ms. Fore (34,132); Mr. Gunderson (73,202); Dr. Malkiel (75,854); Dr. Ringrose (22,755); Dr. Whitesides (73,202); and Mr. Young (73,202). The Theravance, Inc. options held by our non-employee directors are fully vested, but, in connection with the Spin-Off, they were amended to remain outstanding based on service on our board of directors.
- (5) Includes estimates of amounts to be paid to each director in respect of the Non-Employee Director Tax Gross-Ups, which while attributable to compensation awarded to, earned by or paid to our non-employee directors in 2015, will be paid in 2016. The amounts attributable to the Non-Employee Director Tax Gross-Ups assume a 50% Irish income tax rate and a 45% combined U.S. federal and state tax rate (and a 45% U.K. income tax rate in the case of Dr. Ringrose).
- (6) Mr. Atieh's service on our board of directors ended on April 22, 2015.
- (7) Dr. Molineaux was appointed to our board of directors on April 22, 2015.
- (8) Mr. O'Connor was appointed to our board of directors on October 21, 2015.

Shareholder Communications with the Board of Directors

Shareholders interested in communicating with the board of directors or a particular director should send correspondence to Theravance Biopharma, Inc., c/o of its U.S. subsidiary, Theravance Biopharma US, Inc., at 901 Gateway Boulevard, South San Francisco, California 94080, Attn: Secretary. Each communication should set forth (i) the name and address of the shareholder as it appears on our books and, if the shares are held by a nominee, the name and address of the beneficial owner of the shares, and (ii) the number of ordinary shares that are owned of record by the record holder and beneficially by the beneficial owner. Pursuant to our Shareholder-Director Communications Policy & Procedures, the Secretary has been instructed, in his discretion, to screen out communications from shareholders that are not related to the duties and responsibilities of the board of directors. If deemed an appropriate communication, the Secretary will forward it, depending on the subject matter, to the chairperson of a committee of the board of directors or a particular director, as appropriate.

- (4) Reflects a \$500 matching contribution for the 401(k) plan and, for 2015, a payment to offset the cost of tax advisory services along with tax gross-ups provided in connection with such payment.
- (5) Ms. Gala was employed by us, but was not one of our named executive officers in 2014. Accordingly, compensation information is not provided for 2014.

Narrative Disclosure to Summary Compensation Table*Named Executive Officer Compensation*

The compensation paid to our named executive officers for the fiscal year ended December 31, 2015 consisted of the following components: base salary, annual cash incentive compensation, equity incentive compensation and post-termination protection.

Base salary. The base salaries of our named executive officers were originally determined in 2014 in connection with their transition to employment with us at or following the Spin-Off, and were consistent with their base salaries at Theravance, Inc. prior to the Spin-Off. In February 2015, our compensation committee approved merit increases for each of our named executive officers and set their base salaries as follows: Mr. Winningham: \$903,545; Ms. Gala: \$429,525; and Mr. Pasqualone: \$491,625.

Annual Cash Incentive Compensation. Our named executive officers are eligible for annual cash incentives pursuant to our company-wide bonus program. Each officer's target bonus is expressed as a percentage of the officer's base salary. Our named executive officers'

Compensation" column of the "Summary Compensation Table" and reflect an assessment of our performance against specific performance goals that were established at the beginning of the year.

Equity Incentive Compensation. We offer options and restricted share units ("RSUs") to our employees, including our named executive officers, as the long-term incentive component of our compensation program.

In February 2015, our compensation committee granted annual replenishment equity awards in the form of RSUs to each of our named executive officers pursuant to our 2013 Equity Incentive Plan. These RSUs are described in the "Outstanding Equity Awards at 2015 Fiscal Year-End" table below and vest over four years, with 25% of the RSUs vesting on February 20, 2016 and the remaining amount vesting in equal quarterly installments over the following three years thereafter, provided that the named executive officer remains in continuous service through each such date.

Post-Termination Protection. Our named executive officers are eligible to participate in our change in control severance plan, as described below in "Change in Control Severance Plan." Additionally, the Theravance, Inc. equity awards held by our named executive officers, described in the "Outstanding Equity Awards at 2015 Fiscal Year-End" table below, include double trigger acceleration benefits in the event we are acquired and an officer is subject to an involuntary termination.

Employment Arrangements

We have entered into employment offer letters with each of our named executive officers that set forth the officer's initial base salary, target bonus opportunity and provide that the officer's employment will be "at will" and may be terminated by either party at any time. With the exception of Mr. Winningham, none of our named executive officers is currently eligible for any severance benefits pursuant to their employment offer letters.

Mr. Winningham's offer letter provides that if his employment is terminated by us without cause and he is not eligible for severance benefits under our Change in Control Severance Plan, he will receive a lump-sum severance payment of 24 months' salary plus two times his current target bonus provided he signs a general release of claims. "Cause" means Mr. Winningham's (i) unauthorized use or disclosure of our confidential information or trade secrets, which use causes material harm to us, (ii) conviction of a felony under the laws of the U. S. or any state thereof, (iii) gross negligence, or (iv) repeated failure to perform lawful assigned duties for thirty days after receiving written notification from our board of directors.

In addition, the offer letter we entered into with Mr. Winningham provides that in the event Theravance, Inc. is subject to a change in control while he is employed by us and an independent accounting firm determines that he would be subject to excise taxes under IRC Section 4999 in connection with such change in control, he will be eligible to receive a tax gross-up payment from us.

Outstanding Equity Awards at 2015 Fiscal Year-End

The following table sets forth information regarding each unexercised option to purchase our ordinary shares, each restricted share unit and each restricted ordinary share held by each of our named executive officers as of December 31, 2015. The restricted ordinary shares in the table below represent our ordinary shares that were received by our named executive officers in the Spin-Off in respect of their restricted shares of Theravance, Inc. (renamed Innoviva, Inc. (INVA) in January 2016) common stock and which are subject to the same terms and conditions, including vesting, as the Theravance, Inc. shares to which they relate.

Unless otherwise indicated below, all of our equity awards were granted under our 2013 Equity Incentive Plan and will fully vest in the event of a change in control unless the awards are assumed by the successor corporation or replaced with comparable awards. For additional information regarding

other vesting acceleration provisions applicable to the outstanding equity awards held by our named executive officers, please see the section titled "Change in Control Severance Plan" below.

The table below also includes information regarding all Theravance, Inc. stock options and restricted stock awards ("RSAs") held by each of our named executive officers as of December 31, 2015. In connection with the Spin-Off, all outstanding Theravance, Inc. options were adjusted using a formula designed to preserve the intrinsic value of the award prior to the Spin-Off. No adjustment was made to the number of Theravance, Inc. RSAs as the holders of Theravance, Inc. RSAs received ordinary shares in the Spin-Off. In addition, all outstanding Theravance, Inc. equity awards held by our employees were amended so that they remain outstanding and continue to vest based on service to either Theravance, Inc. or us following the Spin-Off and to provide that the equity awards will fully vest if the employee is subject to an involuntary termination in connection with or following our change of control.

Change in Control Severance Plan

Edgar Filing: Theravance Biopharma, Inc. - Form DEF 14A

Each of our named executive officers is eligible to participate in our change in control severance plan, which provides for the following benefits if a named executive officer is subject to an involuntary termination within 3 months prior to or 24 months after our change in control, provided the officer signs a release of claims:

In the case of our Vice Presidents, a lump sum payment equal to 100% of the officer's annual base salary and target bonus.

In the case of our Senior Vice Presidents and Executive Vice Presidents, a lump sum payment equal to 150% of the officer's annual base salary and target bonus.

In the case of our Chief Executive Officer, a lump sum payment equal to 200% of the officer's annual base salary and target bonus.

A pro-rata portion of the named executive officer's target bonus based on the number of full months of employment completed in the year of termination.

Table of Contents

Continuation of the officer's health and welfare benefits for the shorter of twelve months (in the case of our Vice Presidents) or 18 months (in the case of our Senior Vice Presidents, Executive Vice Presidents and our Chief Executive Officer) or the expiration of the officer's continuation coverage under COBRA.

Full vesting of any unvested options or other equity awards held by the officer.

In the case of named executive officers who were eligible to participate in the Theravance, Inc. Amended and Restated Change in Control Severance Plan (i.e., such named executive officer was an officer of Theravance, Inc. as of December 16, 2009), a tax gross-up payment in the event an independent accounting firm selected by us determines that the named executive officer would be subject to excise taxes under IRC Section 4999 as a result of payments under the change in control severance plan or otherwise.

A "change in control" for purposes of our change in control severance plan includes:

The consummation of a merger or consolidation if persons who were not our shareholders prior to the merger or consolidation own 50% or more of the voting securities of the surviving company and its parent.

A sale, transfer or other disposition of all or substantially all of our assets.

A change in the composition of our board of directors as a result of which fewer than 50% of the incumbent directors either were directors on the date twelve months prior to the change in control (the "Original Directors") or were appointed or nominated for election to the board of directors by a majority of the Original Directors or directors whose appointment or nomination was approved by at least 50% of the Original Directors.

A transaction as a result of which any person becomes the beneficial owner of 50% or more of our outstanding voting securities.

A transaction shall not constitute a change in control if its sole purpose is to change our country or state of incorporation, as applicable, or to create a holding company that will be owned in substantially the same proportions by the persons who held our securities immediately before such transaction. In addition, a transaction shall not constitute a change in control unless it also constitutes a "change in control event" under Treasury Regulation 1.409A-3(a)(5).

An "involuntary termination" for purposes of our change in control severance plan means a termination of an officer's employment for reasons other than misconduct, or an officer's resignation following (1) a material diminution in the officer's authority, duties or responsibilities, (2) a material reduction in the officer's base compensation, (3) a material change in the officer's work location or (4) a material breach of the officer's employment agreement by us. In order to qualify as an involuntary termination, the officer must give written notice to us within 90 days after the initial existence of one of the conditions described above and such condition must not have been cured within 30 days thereafter.

"Misconduct" for purposes of our change in control severance plan means an officer's (1) commission of any material act of fraud, embezzlement or dishonesty, (2) material unauthorized use or disclosure of confidential information or trade secrets or (3) other material intentional misconduct adversely affecting our business or affairs.

Retirement Benefits

Our U.S. employees, including our named executive officers, are eligible to participate in a 401(k) tax-deferred savings plan that permits contributions by salary deduction pursuant to IRC Section 401(k).

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information known to us regarding beneficial ownership of our voting securities as of March 7, 2016 by:

each person known by us to be the beneficial owner of more than 5% of any class of our voting securities;

our named executive officers;

each of our directors; and

all executive officers and directors as a group.

Beneficial ownership is determined in accordance with the rules of the SEC and generally includes voting or investment power with respect to securities. Except as noted by footnote, and subject to community property laws where applicable, the persons named in the table below have sole voting and investment power with respect to all ordinary shares shown as beneficially owned by them. The table below is based upon information supplied by officers, directors, Forms 4 and Schedules 13G filed with the SEC.

This table lists applicable percentage ownership based on 38,431,643 shares of Common Stock outstanding as of March 7, 2016. Options to purchase shares of our ordinary shares that are exercisable within 60 days of March 7, 2016 and RSUs subject to release within 60 days of March 7, 2016 are deemed to be beneficially owned by the persons holding these options and RSUs, as applicable, for the purpose of computing percentage ownership of that person, but are not treated as outstanding for the purpose of computing any other person's ownership percentage.

(1) Includes 1,827,614 shares issuable upon exercise of outstanding options and 2,988,041 shares issuable upon vesting of outstanding restricted stock units.

(2) Includes 483,550 shares issuable upon exercise of outstanding options and no outstanding restricted stock units.

(3) Does not take into account outstanding restricted stock units as these awards have no exercise price.

(4) Includes 929,143 shares of common stock available under our Employee Share Purchase Plan.

(5) On January 1st of each year, commencing on January 1, 2015 and ending on and including January 1, 2023, the number of authorized ordinary shares under our 2013 Equity Incentive Plan ("2013 Plan") automatically increases by a number of ordinary shares equal to the least of (i) 5% of the total number of outstanding ordinary shares on December 31st of the prior year, (ii) 3,428,571 ordinary shares or (iii) a number of ordinary shares determined by our board of directors. On January 1st of each year, commencing on January 1, 2015 and ending on and including January 1, 2033, the number of authorized ordinary shares under our Employee Share Purchase Plan automatically increases by a number of ordinary shares equal to the least of (i) 1% of the total number of outstanding ordinary shares on December 31st of the prior year, (ii) 571,428 ordinary shares or (iii) a number of ordinary shares determined by our board of directors.

The Theravance Biopharma, Inc. 2014 New Employee Equity Incentive Plan ("2014 Plan") is a non-shareholder approved plan, which was adopted by our board of directors on October 22, 2014 and is intended to satisfy the requirements of Nasdaq Listing Rule 5635(c)(4) or any successor thereto. Nonstatutory share options, share appreciation rights, restricted shares and share units may be granted under the 2014 Plan to new employees of Theravance Biopharma. Our board of directors authorized 750,000 of our ordinary shares for issuance under the 2014 Plan. All option grants made pursuant to the plan must have an exercise price per share of no less than 100% of the fair market value per ordinary share on the grant date. Each option or other equity incentive award granted pursuant to the plan will vest in installments over the holder's period of service with us. Additional features of the 2014 Plan are outlined in Note 7 to our consolidated financial statements in our Annual Report on Form 10-K filed on March 11, 2016.

As of March 7, 2016, there were approximately 3,283,689 ordinary shares reserved for issuance under the 2013 Plan, 5,097,953 ordinary shares subject to outstanding options, SARs, restricted share awards and share units granted under that plan, 166,425 ordinary shares reserved for issuance under our 2014 Plan, and 583,575 ordinary shares subject to outstanding options, SARs, restricted share

awards and share units granted under that plan. The share reserves of our 2013 Plan and 2014 Plan are adjusted from time to time to account for the cancellation of outstanding awards or the forfeiture of shares thereunder. In addition, our 2013 Plan has an automatic increase provision, as more fully described above. Unless sooner terminated, the 2013 Plan will terminate on October 22, 2023, and the 2014 Plan will terminate on October 22, 2024. The closing price of one of our ordinary shares on March 7, 2016 was \$18.15.

POLICIES AND PROCEDURES FOR RELATED PARTY TRANSACTIONS

In addition to the compensation arrangements with our directors and executive officers described elsewhere in this proxy statement, the following is a description of each transaction since January 1, 2015 and each currently proposed transaction in which:

we have been or are to be a participant;

the amount involved exceeds or will exceed \$120,000; and

any of our directors, executive officers or holders of more than 5% of our capital stock, or any immediate family member of or person sharing the household with any of these individuals (other than tenants or employees), had or will have a direct or indirect material interest.

Indemnification Agreements

We have entered into indemnification agreements with each of our directors and executive officers and certain other employees. The indemnification agreements will provide that we indemnify each of our directors, executive officers and such other employees against any and all expenses incurred by that director, executive officer, or other employee because of his or her status as one of our directors, executive officers, or other employees, to the fullest extent permitted by applicable law and our Amended and Restated Memorandum and Articles of Association. In addition, the indemnification agreements provide that, to the fullest extent permitted by the applicable laws, we will advance all expenses incurred by our directors, executive officers and other employees in connection with a legal proceeding.

Legal Services

We have engaged Gunderson Dettmer Stough Villeneuve Franklin & Hachigian, LLP ("Gunderson Dettmer"), of which Mr. Gunderson, one of our directors, is a founding partner, as our primary legal counsel. Fees and reimbursable expenses are incurred in the ordinary course of business, and during the year ended December 31, 2015, we incurred fees and reimbursable expenses in the ordinary course of business of approximately \$1.12 million to Gunderson Dettmer. Mr. Gunderson's interest in these fees is not readily calculable. We believe the services rendered to us by Gunderson Dettmer were on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party. We expect to continue to retain the services of Gunderson Dettmer in the future.

Purchase of Ordinary Shares by Glaxo Group Limited

Glaxo Group Limited ("GSK") is deemed to be a related person to us by virtue of GlaxoSmithKline plc, an affiliate of GSK, holding more than 5% of our outstanding capital stock. See "Securities Ownership of Certain Beneficial Owners and Management" above. On October 9, 2015, GSK purchased from us 44,574 of our ordinary shares for an aggregate purchase price of approximately \$607,500 pursuant to a Share Purchase Agreement between GSK and us dated October 7, 2015 and a letter agreement between GSK and us dated September 11, 2015. The Share Purchase Agreement and letter agreement were entered into pursuant to Section 2.1(d)(ii) of the Governance Agreement between GSK and us dated March 3, 2014 (the "Governance Agreement"), which affords GSK, on a quarterly basis, the opportunity to purchase from us ordinary shares sufficient to maintain GSK's Percentage Interest (as defined in the Governance Agreement) at the same level as prior to any exercise of share options and vesting of restricted shares that occurred during the prior quarter.

Review, Approval or Ratification of Transactions with Related Persons

Transactions, arrangements or relationships in which we were, are or will be a participant and the amount involved exceeds \$120,000, and in which any related person had, has or will have a direct or indirect material interest are subject to review, approval or ratification by our audit committee or the independent members of our board of directors. Our board of directors has adopted written policies and procedures with respect to related person transactions and our audit committee has the principal responsibility for reviewing related person transactions. In conformance with SEC regulations, these policies and procedures define related persons to include our executive officers, our directors and nominees to become a director of our company, any person who is known to us to be the beneficial owner of more than 5% of any class of our voting securities, any immediate family member of any of the foregoing persons, and any firm, corporation or other entity in which any of the foregoing persons is employed, is a general partner or in which such person has a 5% or greater beneficial ownership interest. As set forth in our policies and procedures, it is our general policy to approve or ratify related person transactions only when our Board or a committee of our Board determines that the transaction is in, or is not inconsistent with, our and our stockholders' best interests, including situations where we may obtain products or services of a nature, quantity or quality, or on other terms, that are not readily available from alternative sources or when the transaction is on terms comparable to those that could be obtained in arm's length dealings with an unrelated third party.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act, requires that our executive officers and directors and persons who own more than 10% of our ordinary shares, file reports of ownership and changes of ownership with the SEC. Such directors, executive officers and 10% shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file. We believe that during the fiscal year ended December 31, 2015, our directors, executive officers and greater than 10% shareholders complied with all applicable Section 16(a) filing requirements. In making this statement, we have relied upon a review of the copies of Section 16(a) reports furnished to us and written representations from certain parties that no other reports were due.

AUDIT COMMITTEE REPORT

The information contained in the following report of Theravance Biopharma's audit committee is not considered to be "soliciting material," "filed" or incorporated by reference in any past or future filing by us under the Securities Exchange Act of 1934 or the Securities Act of 1933 unless and only to the extent that Theravance Biopharma specifically incorporates it by reference.

Role of the Audit Committee

The audit committee operates under a written charter adopted by our board of directors. The audit committee of our board of directors oversees our accounting practices, system of internal controls, audit processes and financial reporting processes. Among other things, our audit committee is responsible for reviewing our disclosure controls and processes, and the adequacy and effectiveness of our internal controls. It also discusses the scope and results of the audit with our independent registered public accounting firm, reviews with our management and our independent registered public accounting firm our interim and year-end operating results and, as appropriate, initiates inquiries into aspects of our financial affairs. Our audit committee is responsible for establishing procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls or auditing matters, and for the confidential, anonymous submission by our employees of concerns regarding questionable accounting or auditing matters. In addition, our audit committee has sole and direct responsibility for the appointment, retention, compensation and oversight of the work of our independent registered public accounting firm, including approving services and fee arrangements. Significant related party transactions will be approved by our audit committee before we enter into them, as required by applicable rules and listing standards. A more detailed description of the functions and responsibilities of the audit committee can be found in Theravance Biopharma's audit committee charter, published on the corporate governance section of Theravance Biopharma's website at www.theravance.com.

The audit committee oversees our financial reporting process on behalf of the board of directors. Management is responsible for our internal controls, financial reporting process, selection of accounting principles, determination of estimates and compliance with laws, regulations and ethical business conduct. Our independent registered public accounting firm is responsible for expressing an opinion as to the conformity of our consolidated financial statements with generally accepted accounting principles.

Review of Audited Financial Statements for the Year ended December 31, 2015

The audit committee has reviewed and discussed with Theravance Biopharma's management and Ernst & Young LLP the audited consolidated financial statements of Theravance Biopharma for the year ended December 31, 2015. The audit committee has also discussed with Ernst & Young LLP the matters required to be discussed by applicable requirements of the Public Company Accounting Oversight Board regarding communications between our independent registered public accounting firm and audit committee.

The audit committee has received and reviewed the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Ernst & Young LLP its independence from us.

Based on the review and discussions referred to above, the audit committee recommended to the board of directors that the audited consolidated financial statements be included in Theravance Biopharma's annual report on Form 10-K for the year ended December 31, 2015 for filing with the SEC.

**THERAVANCE BIOPHARMA, INC.
PERFORMANCE INCENTIVE PLAN**

PURPOSE

The purpose of the Theravance Biopharma, Inc. Performance Incentive Plan (the "*Plan*") is to motivate and reward eligible employees of Theravance Biopharma, Inc., a Cayman Islands exempted limited liability company (the "*Company*") and its affiliates for their service by providing incentive compensation in the form of cash bonuses and equity compensation. It is the intent that the incentives provided for in the Plan to certain executive officers of the Company are deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended, and the regulations and interpretations promulgated thereunder (the "*Code*"). The Plan is divided into two articles, Article I, which addresses the cash component of the Plan (the "*Cash Plan*") and Article II, which addresses the equity component of the Plan (the "*Equity Plan*").

The Plan shall be governed by, and construed in accordance with, the laws of the Cayman Islands (except its choice-of-law provisions).

The Plan is effective March 24, 2016, subject to approval by the Company's shareholders at the 2016 Annual General Meeting of Shareholders.

ARTICLE I. CASH PLAN

1.1 Administration.

(a) *General.* The Cash Plan may be administered by the Board or one or more Committees. Each Committee shall have the authority and be responsible for such functions as have been assigned to it.

(b) *Section 162(m).* To the extent a Performance Cash Award is intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Cash Plan will be administered by a Committee of two or more "outside directors" within the meaning of Section 162(m) of the Code.

(c) *Powers of Administrator.* Subject to the terms of the Cash Plan, and in the case of a Committee, subject to the specific duties delegated to the Committee, the Administrator shall have the authority to (i) select the Employees who are to receive Performance Cash Awards under the Cash Plan, (ii) determine the amount, performance goal(s), the length of the performance period and other features and conditions of such awards, (iii) determine whether and to what extent any performance goals have been attained, (iv) interpret the Cash Plan and awards granted thereunder, (v) make, amend and rescind rules relating to the Cash Plan and awards granted thereunder, and (vi) make all other decisions relating to the operation of the Cash Plan and awards granted thereunder.

(d) *Effect of Administrator's Decisions.* The Administrator's decisions, determinations and interpretations shall be final and binding on all Employees and any other holders of Performance Cash Awards.

1.2 Eligibility. Performance Cash Awards may be granted to Employees (each Employee selected to receive an award under the Plan, a "**Participant**"). Unless otherwise determined by the Administrator, to receive payment of a Performance Cash Award, a Participant must remain an Employee on the date the Performance Cash Award is paid.

1.3 Performance Cash Awards.

(a) *General.* A Performance Cash Award is a cash award that may be granted upon the attainment of one or more performance goals for a specified performance period. The Committee shall determine the goals applicable to each Performance Cash Award based on one or more of the criteria set forth in Appendix A or, to the extent a Performance Cash Award is not intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, such other criteria selected by the Administrator. With respect to any Performance Cash Award that is intended to qualify as such "performance-based compensation," the Administrator shall designate the performance goal(s) applicable to, and the formula for calculating the amount payable under, the Performance Cash Award within 90 days following commencement of the applicable performance period (or such earlier time as may be required under Section 162(m) of the Code) and in any event at a time when achievement of the applicable performance goal(s) remains substantially uncertain.

(b) *Documentation.* Each Performance Cash Award shall be set forth in a written agreement or in a resolution duly adopted by the Administrator which shall contain provisions determined by the Administrator and not inconsistent with the Cash Plan. The terms of various Performance Cash Awards need not be identical. The Administrator may determine, at the time of granting a Performance Cash Award or thereafter, that all or part of such Performance Cash Award shall become earned and payable in the event that the Company is subject to a change in control before the Participant's service terminates, in the event of a Participant's death or disability, or as otherwise determined by the Administrator in special circumstances.

(c) *Payment.* Prior to the payment of any Performance Cash Award that is intended to qualify as "performance-based compensation" within the meaning of Section 162(m) of the Code, the Administrator shall certify in writing whether and the extent to which the performance goals applicable to such award were achieved. Notwithstanding any other provision of the Cash Plan (except
