UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT
OF 1934

For quarterly period ended March 31, 2012

OR

TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT
OF 1934.

COMMISSION FILE NO. 1-6622

WASHINGTON REAL ESTATE

INVESTMENT TRUST

(Exact name of registrant as specified in its charter)

MARYLAND

53-0261100

(State of incorporation)

(IRS Employer Identification Number)

6110 EXECUTIVE BOULEVARD, SUITE 800, ROCKVILLE, MARYLAND 20852

(Address of principal executive office) (Zip code)

Registrant's telephone number, including area code: (301) 984-9400

Securities registered pursuant to Section 12(b) of the Act:

Title of Each Class

Name of exchange on which registered

Shares of Beneficial Interest

New York Stock Exchange

Securities registered pursuant to Section 12(g) of the Act: None

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or such shorter period that the registrant was required to file such reports) and (2) has been subject to such filing requirements for the past ninety (90) days. YES NO

Indicate by checkmark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). YES NO

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See definition of "large accelerated filer," "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer

Accelerated filer

Non-accelerated filer

Smaller reporting company

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Act). YES NO

As of May 2, 2012, 66,318,150 common shares were outstanding.

PART I
FINANCIAL INFORMATION

ITEM 1: FINANCIAL STATEMENTS

The information furnished in the accompanying unaudited Consolidated Balance Sheets, Condensed Consolidated Statements of Income, Condensed Consolidated Statements of Comprehensive Income, Statement of Changes in Shareholders' Equity and Statements of Cash Flows reflects all adjustments, consisting of normal recurring items, which are, in the opinion of management, necessary for a fair presentation of the financial position, results of operations and cash flows for the interim periods. The accompanying financial statements and notes thereto should be read in conjunction with the financial statements and notes for the three years ended December 31, 2011 included in WRIT's 2011 Annual Report on Form 10-K.

WASHINGTON REAL ESTATE INVESTMENT TRUST AND SUBSIDIARIES
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS
MARCH 31, 2012
(UNAUDITED)

NOTE 1: NATURE OF BUSINESS

Washington Real Estate Investment Trust (“We” or “WRIT”), a Maryland real estate investment trust, is a self-administered, self-managed equity real estate investment trust, successor to a trust organized in 1960. Our business consists of the ownership and development of income-producing real estate properties in the greater Washington metro region. We own a diversified portfolio of office buildings, medical office buildings, multifamily buildings and retail centers.

Federal Income Taxes

We believe that we qualify as a real estate investment trust (“REIT”) under Sections 856-860 of the Internal Revenue Code and intend to continue to qualify as such. To maintain our status as a REIT, we are required to distribute 90% of our ordinary taxable income to our shareholders. When selling properties, we have the option of (a) reinvesting the sales proceeds of properties sold, allowing for a deferral of income taxes on the sale, (b) paying out capital gains to the shareholders with no tax to WRIT or (c) treating the capital gains as having been distributed to the shareholders, paying the tax on the gain deemed distributed and allocating the tax paid as a credit to the shareholders.

Generally, and subject to our ongoing qualification as a REIT, no provisions for income taxes are necessary except for taxes on undistributed REIT taxable income and taxes on the income generated by our taxable REIT subsidiaries (“TRS’s”). Our TRS’s are subject to corporate federal and state income tax on their taxable income at regular statutory rates.

NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND BASIS OF PRESENTATION

Significant Accounting Policies

We have prepared our consolidated financial statements using the accounting policies described in our Annual Report on

Form 10-K for the year ended December 31, 2011.

New Accounting Pronouncements

In May 2011, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) ASU No. 2011-04, Fair Value Measurement, which requires new disclosures about fair value measurements. Specifically, additional disclosures are required regarding significant unobservable inputs used for Level 3 fair value measurements, a company's valuation process, transfers between Levels 1 and 2, and hierarchy classifications for items whose fair value is not recorded on the balance sheet, but disclosed in the notes. For WRIT, the primary impact of this ASU was to require disclosure of the hierarchy classifications (Level 1, 2 or 3) for our disclosures of the fair values of financial instruments in our notes to the consolidated financial statements. We adopted this ASU on January 1, 2012.

In June 2011, the FASB issued ASU 2011-05, Comprehensive Income, which requires the presentation of comprehensive income either in a single continuous statement of comprehensive income or in two separate but consecutive statements. This ASU eliminates the option of presenting the components of other comprehensive income as part of the statement of changes in shareholders' equity. This ASU is effective for fiscal years (including interim periods) beginning after December 15, 2011. We adopted this ASU on January 1, 2012 with the presentation of a separate statement of comprehensive income.

Principles of Consolidation and Basis of Presentation

The accompanying unaudited consolidated financial statements include the consolidated accounts of WRIT, its majority-owned subsidiaries and entities in which WRIT has a controlling interest, including where WRIT has been determined to be a primary beneficiary of a variable interest entity (“VIE”). All intercompany balances and transactions have been eliminated in consolidation.

We have prepared the accompanying unaudited financial statements pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and note disclosures normally included in annual financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed

or omitted pursuant to those rules and regulations, although we believe that the disclosures made are adequate to make the information presented not misleading. In addition, in the opinion of management, all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation of the results for the periods presented have been included. These unaudited financial statements should be read in conjunction with the financial statements and notes included in our Annual Report on Form 10-K for the year ended December 31, 2011.

Within these notes to the financial statements, we refer to the three months ended March 31, 2012 and March 31, 2011 as the

“2012 Quarter” and the “2011 Quarter”, respectively.

Use of Estimates in the Financial Statements

The preparation of financial statements in conformity with GAAP requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation due to the reclassification of certain properties as discontinued operations (see note 3 to the consolidated financial statements).

NOTE 3: REAL ESTATE

Variable Interest Entities

On June 15, 2011, we executed a joint venture operating agreement with a real estate development company to develop a mid-rise multifamily property at 650 North Glebe Road in Arlington, Virginia. We estimate the total cost of the project to be \$45.0 million, with approximately 70% of the project financed with debt. WRIT is the 90% owner of the joint venture, and will have management and leasing responsibilities when the project is completed and stabilized (defined as 90% of the residential units leased). The real estate development company owns 10% of the joint venture and is responsible for the development and construction of the property.

On November 23, 2011, we executed a joint venture operating agreement with a real estate development company to develop a high-rise multifamily property at 1219 First Street in Alexandria, Virginia. We estimate the total cost of the project to be \$95.3 million, with approximately 70% of the project financed with debt. WRIT is the 95% owner of the joint venture and will have management and leasing responsibilities when the project is completed and stabilized. The real estate development company owns 5% of the joint venture and is responsible for the development and construction of the property.

We have determined that the 650 North Glebe Road and 1219 First Street joint ventures are variable interest entities (“VIE’s”) primarily based on the fact that the equity investment at risk is not sufficient to permit either entity to finance its activities without additional financial support. We expect that 70% of the total development costs will be financed through debt. We have also determined that WRIT is the primary beneficiary of each VIE due to the fact that WRIT is providing 90% to 95% of the equity contributions and will manage each property after stabilization.

We include the joint venture land acquisitions on our consolidated balance sheets in held for development. As of March 31, 2012 and December 31, 2011, the land and capitalized development costs are as follows (in millions):

	March 31, 2012	December 31, 2011
650 North Glebe	\$13.7	\$13.4
1219 First Street	\$15.1	\$14.4

Discontinued Operations

We dispose of assets (sometimes using tax-deferred exchanges) that no longer meet our long-term strategy or return objectives and where market conditions for sale are favorable. The proceeds from the sales may be reinvested into other properties, used to fund development operations or to support other corporate needs, or distributed to our shareholders. Properties are considered held for sale when they meet the criteria specified by GAAP. Depreciation on these properties is discontinued at that time, but operating revenues, other operating expenses and interest continue to be recognized until the date of sale. We had no properties classified as sold or held for sale as of March 31, 2012.

We sold or classified as held for sale the following properties during 2011:

Disposition Date	Property Name	Property Type	Rentable Square Feet	Contract Purchase Price (In millions)
Various ⁽¹⁾	Industrial Portfolio ⁽¹⁾	Industrial/Office	3,092,000	\$350.9
April 5, 2011	Dulles Station, Phase I	Office	180,000	58.8

Total 2011	3,272,000	\$409.7
------------	-----------	---------

(1) The Industrial Portfolio consists of every property in our industrial segment and two office properties (the Crescent and Albemarle Point). On September 2, 2011 we closed on the sale of industrial properties (8880 Gorman Road, Dulles South IV, Fullerton Business Center, Hampton Overlook, Alban Business Center, Pickett Industrial Park, Northern Virginia Industrial Park I, 270 Technology Park, Fullerton Industrial Center, Sully Square, 9950 Business Parkway, Hampton South and 8900 Telegraph Road) and two office properties (Crescent and Albemarle Point). On October 3, 2011, we closed on the sale of Northern Virginia Industrial Park II. On November 2, 2011, we closed on the sale of 6100 Columbia Park Road and Dulles Business Park I and II.

Operating results of the properties classified as discontinued operations are summarized as follows (in thousands):

	Quarter Ended March 31,	
	2012	2011
Revenues	\$—	\$10,083
Property expenses	—	(3,327)
Real estate impairment	—	(599)
Depreciation and amortization	—	(3,355)
Interest expense	—	(233)
Income from operations of properties sold or held for sale	\$—	\$2,569
Less: Net income attributable to noncontrolling interests in subsidiaries	—	(23)
Income from operations of properties sold or held for sale attributable to the controlling interests	\$—	\$2,546

Operating income (loss) by each property classified as discontinued operations is summarized below (in thousands):

Property	Segment	Quarter Ended March 31,	
		2012	2011
Industrial Portfolio	Industrial/Office	\$—	\$3,027
Dulles Station, Phase I	Office	—	(458)
		\$—	\$2,569

The operating loss for Dulles Station I for the 2011 Quarter includes a \$0.6 million impairment charge to reflect the property's fair value less any selling costs based on its contract sales price.

NOTE 4: UNSECURED LINES OF CREDIT PAYABLE

As of March 31, 2012, we maintained a \$75.0 million unsecured line of credit ("Credit Facility No. 1") maturing in June 2012 and a \$400.0 million unsecured line of credit ("Credit Facility No. 2") maturing in July 2014.

The amounts of these lines of credit unused and available at March 31, 2012 are as follows (in millions):

	Credit Facility	Credit Facility
	No. 1	No. 2
Committed capacity	\$75.0	\$400.0
Borrowings outstanding	(74.0)	(35.0)
Letters of credit issued	(0.8)	—
Unused and available	\$0.2	\$365.0

We executed borrowings and repayments on the unsecured lines of credit during the 2012 Quarter as follows (in millions):

	Credit Facility	Credit Facility
	No. 1	No. 2
Balance at December 31, 2011	\$74.0	\$25.0
Borrowings	—	20.0
Repayments	—	(10.0)
Balance at March 31, 2012	\$74.0	\$35.0

NOTE 5: STOCK BASED COMPENSATION

WRIT maintains short-term ("STIP") and long-term ("LTIP") incentive plans that provide for stock-based awards to officers and non-officer employees. Stock based awards are provided to officers and non-officer employees, as well as trustees, under the Washington Real Estate Investment Trust 2007 Omnibus Long-Term Incentive Plan which allows for awards in the form of restricted shares, restricted share units, options, and other awards up to an aggregate of 2,000,000 shares over the ten year period in which the plan will be in effect. Restricted share units are converted into shares of our stock upon full vesting through the issuance of new shares.

Total Compensation Expense

Total compensation expense recognized in the consolidated financial statements for all outstanding share based awards, was as follows (in millions):

	Quarter Ended March 31,	
	2012	2011
Stock-based compensation expense	\$1.4	\$1.3

Restricted Share Awards

The total fair values of share grants vested during the 2012 and 2011 Quarters are \$0.3 million and \$0.3 million, respectively. The total unvested restricted share awards at March 31, 2012 was 319,392 shares, which had a weighted average grant date fair value of \$28.40 per share.

As of March 31, 2012, the total compensation cost related to non-vested restricted share awards was \$5.1 million, which we expect to recognize as compensation expense over a weighted average period of 25 months.

NOTE 6: FAIR VALUE DISCLOSURES

Financial Assets and Liabilities Measured at Fair Value

For assets and liabilities measured at fair value on a recurring basis, quantitative disclosures about the fair value measurements are required to be disclosed separately for each major category of assets and liabilities, as follows:

Level 1: Quoted Prices in Active Markets for Identical Assets

Level 2: Significant Other Observable Inputs

Level 3: Significant Unobservable Inputs

The only assets or liabilities we had at March 31, 2012 and December 31, 2011 that are recorded at fair value on a recurring basis are the assets held in the Supplemental Executive Retirement Program ("SERP"). We base the valuations related to this item on assumptions derived from significant other observable inputs and accordingly these valuations fall into Level 2 in the fair value hierarchy. The fair value of these assets at March 31, 2012 and December 31, 2011 is as follows (in millions):

	March 31, 2012				December 31, 2011			
	Fair Value	Level 1	Level 2	Level 3	Fair Value	Level 1	Level 2	Level 3
Assets:								
SERP	\$2.1	\$—	\$2.1	\$—	\$1.7	\$—	\$1.7	\$—

Financial Assets and Liabilities Not Measured at Fair Value

The following disclosures of estimated fair value were determined by management using available market information and established valuation methodologies, including discounted cash flow. Many of these estimates involve significant judgment. The estimated fair value disclosed may not necessarily be indicative of the amounts we could realize on disposition of the financial instruments. The use of different market assumptions or estimation methodologies could have an effect on the estimated fair value amounts. In addition, fair value estimates are made at a point in time and thus, estimates of fair value subsequent to March 31, 2012 may differ significantly from the amounts presented. Below is a summary of significant methodologies used in estimating fair values and a schedule of fair values at March 31, 2012.

Cash and Cash Equivalents and Restricted Cash

Cash and cash equivalents and restricted cash include cash and commercial paper with original maturities of less than 90 days,

which are valued at the carrying value, which approximates fair value due to the short maturity of these instruments (Level 1 inputs).

Notes Receivable

We acquired a note receivable ("2445 M Street note") in 2008 with the purchase of 2445 M Street. We estimate the fair value of the 2445 M Street note based on quotes for debt with similar terms and characteristics (Level 2 inputs) or a discounted cash flow methodology using market discount rates (Level 3 inputs) if reliable quotes are not available. We estimated the fair value as of March 31, 2012 with a discounted cash methodology using market discount rates.

Debt

Mortgage notes payable consist of instruments in which certain of our real estate assets are used for collateral. We estimate the fair value of the mortgage notes payable by discounting the contractual cash flows at a rate equal to the relevant treasury rates (with respect to the timing of each cash flow) plus credit spreads estimated through independent comparisons to real estate assets or loans with similar characteristics. Lines of credit payable consist of bank facilities which we use for various purposes including working capital, acquisition funding or capital improvements. The lines of credit advances are priced at a specified rate plus a spread. We estimate the market value based on a comparison of the spreads of the advances to market given the adjustable base rate. We estimate the fair value of the notes payable by discounting the contractual cash flows at a rate equal to the relevant treasury rates (with respect to the timing of each cash flow) plus credit spreads derived using the relevant securities' market prices. We classify these fair value measurements as Level 3 as we use significant unobservable inputs and management judgment due to the absence of quoted market prices.

(in thousands)	March 31, 2012		December 31, 2011	
	Carrying Value	Fair Value	Carrying Value	Fair Value
Cash and cash equivalents	\$17,809	\$17,809	\$12,765	\$12,765
Restricted cash	\$21,922	\$21,922	\$19,424	\$19,424
2445 M Street note receivable	\$7,111	\$7,633	\$6,975	\$7,721
Mortgage notes payable	\$426,485	\$459,766	\$427,710	\$463,238
Lines of credit payable	\$109,000	\$109,000	\$99,000	\$99,000
Notes payable	\$657,562	\$694,327	\$657,470	\$713,797

NOTE 7: EARNINGS PER COMMON SHARE

We determine "Basic earnings per share" using the two-class method as our unvested restricted share awards have non-forfeitable rights to dividends, and are therefore considered participating securities. We compute basic earnings per share by dividing net income attributable to the controlling interest less the allocation of undistributed earnings to unvested restricted share awards by the weighted-average number of common shares outstanding for the period.

We also determine "Diluted earnings per share" under the two-class method with respect to the unvested restricted share awards. We further evaluate any other potentially dilutive securities at the end of the period and adjust the basic earnings per share calculation for the impact of those securities that are dilutive. Our diluted earnings per share calculation includes the dilutive impact of employee stock options based on the treasury stock method and our incentive share awards with performance or market conditions under the contingently issuable method. The diluted earnings per share calculation also considers our operating partnership units and 3.875% convertible notes under the if-converted method. The 3.875% convertible notes, which were repaid in full during the third quarter of 2011, were anti-dilutive for the reporting periods during which they were outstanding.

The following tables set forth the computation of basic and diluted earnings per share (amounts in thousands; except per share data):

	Quarter Ended March 31,	
	2012	2011
Numerator:		
Income from continuing operations	\$5,181	\$2,119
Allocation of undistributed earnings to unvested restricted share awards	(188) (21
Adjusted income from continuing operations attributable to the controlling interests	4,993	2,098
Income from discontinued operations, including gain on sale of real estate, net of taxes	—	2,569
Net income attributable to noncontrolling interests	—	(23
Allocation of undistributed earnings to unvested restricted share awards	—	(25
Adjusted income from discontinuing operations attributable to the controlling interests	—	2,521
Adjusted net income attributable to the controlling interests	\$4,993	\$4,619
Denominator:		
Weighted average shares outstanding – basic	66,194	65,885
Effect of dilutive securities:		
Operating partnership units	117	—
Employee stock options and restricted share awards	17	22
Weighted average shares outstanding – diluted	66,328	65,907
Earnings per common share, basic:		
Continuing operations	\$0.08	\$0.03
Discontinued operations	\$—	\$0.04
	\$0.08	\$0.07
Earnings per common share, diluted:		
Continuing operations	\$0.08	\$0.03
Discontinued operations	\$—	\$0.04
	\$0.08	\$0.07

NOTE 8: SEGMENT INFORMATION

We have four reportable segments: office, medical office, retail and multifamily. Office buildings provide office space for various types of businesses and professions. Medical office buildings provide offices and facilities for a variety of medical services. Retail centers are typically neighborhood grocery store or drug store anchored retail centers. Multifamily properties provide rental housing for individuals and families throughout the Washington metropolitan area.

We evaluate performance based upon operating income from the combined properties in each segment. Our reportable operating segments are consolidations of similar properties. GAAP requires that segment disclosures present the measure(s) used by the chief operating decision maker for purposes of assessing segments' performance. Net operating income is a key measurement of our segment profit and loss. Net operating income is defined as segment real estate rental revenue less segment real estate expenses.

Edgar Filing: WASHINGTON REAL ESTATE INVESTMENT TRUST - Form 10-Q

The following tables present revenues and net operating income for the 2012 and 2011 Quarters from these segments, and reconciles net operating income of reportable segments to net income as reported (in thousands):

	Quarter Ended March 31, 2012						
	Office	Medical Office	Retail	Multifamily	Corporate and Other		Consolidated
Real estate rental revenue	\$38,629	\$11,428	\$13,446	\$12,996	\$—		\$76,499

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

The following discussion should be read in conjunction with our consolidated financial statements and the notes thereto appearing in Item 1 of this report and the more detailed information contained in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission on February 27, 2012.

We refer to the three months ended March 31, 2012 and March 31, 2011 as the "2012 Quarter" and the "2011 Quarter", respectively.

Forward-Looking Statements

This Form 10-Q contains forward-looking statements which involve risks and uncertainties. Forward-looking statements include statements in this report preceded by, followed by or that include the words "believe," "expect," "intend," "anticipate," "potential," "project," "will" and other similar expressions. We claim the protection of the safe harbor for forward-looking statements contained in the Private Securities Litigation Reform Act of 1995 for these statements. The following important factors, in addition to those discussed elsewhere in this Form 10-Q, could affect our future results and could cause those results to differ materially from those expressed in the forward-looking statements: (a) the effects of changes in Federal government spending; (b) the economic health of the greater Washington metro region, or other markets we may enter; (c) the timing and pricing of lease transactions; (d) the effect of the recent credit and financial market conditions; (e) the availability and cost of capital; (f) fluctuations in interest rates; (g) the economic health of our tenants; (h) the supply of competing properties; (i) consumer confidence; (j) unemployment rates; (k) consumer tastes and preferences; (l) our future capital requirements; (m) inflation; (n) compliance with applicable laws, including those concerning the environment and access by persons with disabilities; (o) governmental or regulatory actions and initiatives; (p) changes in general economic and business conditions; (q) terrorist attacks or actions; (r) acts of war; (s) weather conditions; (t) the effects of changes in capital available to the technology and biotechnology sectors of the economy, and (u) other factors discussed under the caption "Risk Factors" in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission on February 27, 2012. We undertake no obligation to update our forward-looking statements or risk factors to reflect new information, future events, or otherwise.

General

Introductory Matters

We provide our Management's Discussion and Analysis of Financial Condition and Results of Operations ("MD&A") in addition to the accompanying consolidated financial statements and notes to assist readers in understanding our results of operations and financial condition. We organize the MD&A as follows:

• **Overview.** Discussion of our business, operating results, investment activity and capital requirements, and summary of our significant transactions to provide context for the remainder of MD&A.

• **Results of Operations.** Discussion of our financial results comparing the 2012 Quarter to the 2011 Quarter.

• **Liquidity and Capital Resources.** Discussion of our financial condition and analysis of changes in our capital structure and cash flows.

• **Critical Accounting Policies and Estimates.** Descriptions of accounting policies that reflect significant judgments and estimates used in the preparation of our consolidated financial statements.

When evaluating our financial condition and operating performance, we focus on the following financial and non-financial indicators:

• **Net operating income ("NOI"),** calculated as real estate rental revenue less real estate expenses excluding depreciation and amortization, interest expense and general and administrative expenses. NOI is a non-GAAP supplemental measure to net income.

• **Funds From Operations ("FFO"),** calculated as set forth below under the caption "Funds from Operations." FFO is a non-GAAP supplemental measure to net income.

• **Occupancy,** calculated as occupied square footage as a percentage of total square footage as of the last day of that period.

• **Leased percentage,** calculated as the percentage of physical net rentable area leased for our commercial segments and percentage of apartments leased for our multifamily segment.

Rental rates.

Leasing activity, including new leases, renewals and expirations.

16

For purposes of evaluating comparative operating performance, we categorize our properties as “same-store”, “non-same-store” or discontinued operations. A “same-store” property is one that was owned for the entirety of the periods being evaluated, is stabilized from an occupancy standpoint and is included in continuing operations. A “non-same-store” property is one that was acquired or placed into service during either of the periods being evaluated and is included in continuing operations. Results for properties sold or held for sale during any of the periods evaluated are classified as discontinued operations.

Overview

Business

Our revenues are derived primarily from the ownership and operation of income-producing properties in the greater Washington metro region. As of March 31, 2012, we owned a diversified portfolio of 71 properties, totaling approximately 8.6 million square feet of commercial space and 2,540 multifamily units, and land held for development. These 71 properties consisted of 26 office properties, 18 medical office properties, 16 retail centers and 11 multifamily properties.

Operating Results

Our results of operations were as follows (in thousands):

	2012 Quarter	2011 Quarter	\$ Change	% Change	
Real estate rental revenue	\$76,499	\$69,204	\$7,295	10.5	%
NOI ⁽¹⁾	\$50,486	\$45,951	\$4,535	9.9	%
Net income attributable to the controlling interests	\$5,181	\$4,665	\$516	11.1	%
FFO ⁽²⁾	\$31,175	\$30,513	\$662	2.2	%

⁽¹⁾ See page 21 of the MD&A for reconciliations of NOI to net income.

⁽²⁾ See page 30 of the MD&A for reconciliations of FFO to net income.

The increases in real estate rental revenue and NOI are due to acquisitions made during 2011. NOI for the same-store portfolio decreased by \$0.5 million primarily due to lower occupancy in the office and medical office segments. The lower occupancy reflects continued difficulties in leasing vacant commercial space. For the Washington metro region, overall office vacancy was 12.5% for the 2012 Quarter, up from 12.0% one year ago, according to Delta Associates/Transwestern Commercial Services (“Delta”). We expect real estate market conditions to remain challenging for the remainder of 2012, as, according to Delta, uncertainty over the Federal budget and the broader economic climate is causing hesitancy among tenants and dampening leasing activity.

Capital Requirements

As of March 31, 2012, our unsecured lines of credit had \$109.0 million in borrowings outstanding and \$0.8 million in letters of credit issued, leaving a remaining borrowing capacity of \$365.2 million. Credit Facility No. 1, our \$75.0 million unsecured credit facility, matures in June 2012. We currently expect to negotiate a replacement facility in the same or greater amount than the expiring facility. While we anticipate that the interest rate and facility fee of the replacement facility will be higher than the current facility, we do not expect the new terms to have a material adverse effect on our financial results.

Subsequent to the end of the 2012 Quarter, we repaid our \$50.0 million of 5.05% unsecured notes on their maturity date of May 1, 2012 using borrowings on our unsecured lines of credit. We have \$21.6 million of mortgage notes payable that mature during the remainder of 2012, which we currently expect to pay with some combination of proceeds from new debt, property sales and equity issuances.

Significant Transactions

We summarize below our significant transactions during the 2012 and 2011 Quarters:

2012 Quarter

The execution of new leases for 0.2 million square feet of commercial space (excluding first generation leases at recently-built properties and properties sold or held for sale), with an average rental rate increase of 8.6% over expiring leases.

2011 Quarter

The acquisition of two office buildings for \$127.3 million, adding approximately 314,000 square feet. We

17

incurred \$1.6 million in acquisition costs related to these purchase transactions.

The execution of new leases for 0.3 million square feet of commercial space (excluding first generation leases at recently-built properties), with an average rental rate increase of 2.8% from expiring leases.

Results of Operations

The discussion that follows is based on our consolidated results of operations for the 2012 and 2011 Quarters. The ability to compare one period to another may be significantly affected by acquisitions completed and dispositions made during those periods. To provide more insight into our operating results, we divide our discussion into two main sections:

Consolidated Results of Operations: Overview analysis of results on a consolidated basis.

Net Operating Income (“NOI”): Detailed analysis of same-store and non-same-store NOI results by segment.

Consolidated Results of Operations

Real Estate Rental Revenue

Real estate rental revenue for properties classified as continuing operations is summarized as follows (all data in thousands except percentage amounts):

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	%
Minimum base rent	\$67,240	\$61,523	\$5,717	9.3	%
Recoveries from tenants	6,982	6,179	803	13.0	%
Provisions for doubtful accounts	(1,074) (1,424) 350	(24.6)%
Lease termination fees	284	68	216	317.6	%
Parking and other tenant charges	3,067	2,858	209	7.3	%
	\$76,499	\$69,204	\$7,295	10.5	%

Minimum Base Rent: Minimum base rent increased by \$5.7 million in the 2012 Quarter primarily due to acquisitions.

Recoveries from Tenants: Recoveries from tenants increased by \$0.8 million in the 2012 Quarter primarily due to acquisitions (\$1.1 million), partially offset by a \$0.3 million decrease from same-store properties. The same-store decrease was primarily due to lower utilities reimbursements caused by lower occupancy and mild weather.

Provisions for Doubtful Accounts: Provisions for doubtful accounts decreased by \$0.4 million in the 2012 Quarter due to lower provisions in the medical office (\$0.3 million) and office (\$0.1 million) segments.

Lease Termination Fees: Lease termination fees increased by \$0.2 million in the 2012 Quarter, primarily in the office segment.

Parking and Other Tenant Charges: Parking and other tenant charges increased by \$0.2 million in the 2012 Quarter primarily due to acquisitions.

A summary of occupancy for properties classified as continuing operations by segment follows:

	As of March 31,		Change		
	2012	2011	%	(2.8)%
Office	86.3	% 89.1	%	(1.2)%
Medical Office	87.1	% 88.3	%	0.9	%
Retail	92.9	% 92.0	%	(0.1)%
Multifamily	95.2	% 95.3	%	(1.3)%
Total	89.7	% 91.0	%		

Occupancy represents occupied square footage indicated as a percentage of total square footage as of the last day of that period.

A detailed discussion of occupancy by segment can be found in the NOI section.

Edgar Filing: WASHINGTON REAL ESTATE INVESTMENT TRUST - Form 10-Q

Real Estate Expenses

Real estate expenses for properties classified as continuing operations are summarized as follows (all data in thousands except percentage amounts):

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	
Property operating expenses	\$18,178	\$16,518	\$1,660	10.0	%
Real estate taxes	7,835	6,735	1,100	16.3	%
	\$26,013	\$23,253	\$2,760	11.9	%

Real estate expenses as a percentage of revenue were 34.0% and 33.6% for the 2012 and 2011 Quarters, respectively.

Property Operating Expenses: Property operating expenses include utilities, repairs and maintenance, property administration and management, operating services, common area maintenance, property insurance, bad debt and other operating expenses.

Property operating expenses increased by \$1.7 million in the 2012 Quarter primarily due to properties acquired in 2011 (\$1.6 million), as well as higher administrative expenses (\$0.6 million), higher property taxes (\$0.3 million) and lower recoveries of bad debt (\$0.3 million) at same-store properties. These were partially offset by lower snow removal costs (\$0.7 million) and utilities expense (\$0.6 million) at same-store properties due to mild weather and lower electricity rates.

Real Estate Taxes: Real estate taxes increased by \$1.1 million in the 2012 Quarter primarily due to acquisitions.

Other Operating Expenses

Other operating expenses are summarized as follows (all data in thousands except percentage amounts):

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	
Depreciation and amortization	\$25,994	\$21,894	\$4,100	18.7	%
Interest expense	15,895	16,893	(998)	(5.9))%
Acquisition costs	54	1,649	(1,595)	(96.7))%
General and administrative	3,606	3,702	(96)	(2.6))%
	\$45,549	\$44,138	\$1,411	3.2	%

Depreciation and Amortization: Depreciation and amortization expense increased by \$4.1 million in the 2012 Quarter primarily due to acquisitions.

Interest Expense: A summary of interest expense by debt type for the 2012 and 2011 Quarters appears below (in millions, except percentage amounts):

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	
Notes payable	9.0	10.5	(1.5)	(14.3))%
Mortgages	6.5	5.6	0.9	16.1	%
Lines of credit/short-term note payable	0.8	0.9	(0.1)	(11.1))%
Capitalized interest	(0.4)	(0.1)	(0.3)	300.0	%
Total	\$15.9	\$16.9	\$(1.0)	(5.9))%

Acquisition Costs: Acquisition costs decreased by \$1.6 million due to the acquisitions of 1140 Connecticut Avenue and 1227 25th Street during the 2011 Quarter.

General and Administrative Expense: General and administrative expense decreased by \$0.1 million in the 2012 Quarter primarily due to higher incentive compensation expense (\$0.3 million), partially offset by lower legal expenses (\$0.1 million).

Discontinued Operations

We dispose of assets (sometimes using tax-deferred exchanges) that no longer meet our long-term strategy or return objectives and where market conditions for sale are favorable. The proceeds from the sales may be reinvested into other properties, used to fund development operations or to support other corporate needs, or distributed to our shareholders.

Properties we sold during 2011 are as follows:

Disposition Date	Property	Type	Rentable Square Feet	Contract Sales Price (In millions)
Various	Industrial Portfolio ⁽¹⁾	Office/Industrial	3,092,000	\$350.9
April 5, 2011	Dulles Station, Phase I	Office	180,000	\$58.8
		2011 Total	3,272,000	\$409.7

The Industrial Portfolio consists of every property in our industrial segment and two office properties (the Crescent and Albemarle Point). On September 2, 2011 we closed on the sale of industrial properties (8880 Gorman Road, Dulles South IV, Fullerton Business Center, Hampton Overlook, Alban Business Center, Pickett Industrial Park, ⁽¹⁾ Northern Virginia Industrial Park I, 270 Technology Park, Fullerton Industrial Center, Sully Square, 9950 Business Parkway, Hampton South and 8900 Telegraph Road) and two office properties (Crescent and Albemarle Point). On October 3, 2011, we closed on the sale of Northern Virginia Industrial Park II. On November 1, 2011, we closed on the sale of 6100 Columbia Park Road and Dulles Business Park I and II.

Operating results of the properties classified as discontinued operations are summarized as follows (in thousands, except for percentages):

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	
Revenues	\$—	\$10,083	\$(10,083)	(100.0))%
Property expenses	—	(3,327)) 3,327	(100.0))%
Real estate impairment	—	(599)) 599	(100.0))%
Depreciation and amortization	—	(3,355)) 3,355	(100.0))%
Interest expense	—	(233)) 233	(100.0))%
Total	\$—	\$2,569	\$(2,569)	(100.0))%

Net Operating Income

NOI is the primary performance measure we use to assess the results of our operations at the property level. We believe that NOI is useful as a performance measure because, when compared across periods, NOI reflects the impact on operations of trends in occupancy rates, rental rates and operating costs on an unleveraged basis, providing perspective not immediately apparent from net income. NOI excludes certain components from net income in order to provide results more closely related to a property's results of operations. For example, interest expense is not necessarily linked to the operating performance of a real estate asset. In addition, depreciation and amortization, because of historical cost accounting and useful life estimates, may distort operating performance at the property level. As a result of the foregoing, we provide NOI as a supplement to net income calculated in accordance with GAAP. NOI does not represent net income calculated in accordance with GAAP. As such, it should not be considered an alternative to net income as an indication of our operating performance. A reconciliation of NOI to net income follows.

Edgar Filing: WASHINGTON REAL ESTATE INVESTMENT TRUST - Form 10-Q

2012 Quarter Compared to 2011 Quarter

The following tables of selected operating data provide the basis for our discussion of NOI in the 2012 Quarter compared to the 2011 Quarter. All amounts are in thousands except percentage amounts.

	Quarter Ended March 31,				
	2012	2011	\$ Change	% Change	
Real Estate Rental Revenue					
Same-store	\$67,073	\$67,246	\$(173)	(0.3))%
Non-same-store ⁽¹⁾	9,426	1,958	7,468	381.4	%
Total real estate rental revenue	\$76,499	\$69,204	\$7,295	10.5	%
Real Estate Expenses					
Same-store	\$22,650	\$22,348	\$302	1.4	%
Non-same-store ⁽¹⁾	3,363	905	2,458	271.6	%
Total real estate expenses	\$26,013	\$23,253	\$2,760	11.9	%
NOI					
Same-store	\$44,423	\$44,898	\$(475)	(1.1))%
Non-same-store ⁽¹⁾	6,063	1,053	5,010	475.8	%
Total NOI	\$50,486	\$45,951	\$4,535	9.9	%
Reconciliation to Net Income					
NOI	\$50,486	\$45,951			
Depreciation and amortization	(25,994)	(21,894))
General and administrative expenses	(3,606)	(3,702))
Interest expense	(15,895)	(16,893))
Other income	244	306			
Acquisition costs	(54)	(1,649))
Discontinued operations:					
Income (loss) from operations of properties sold or held for sale ⁽²⁾	—	2,569			
Net income	5,181	4,688			
Less: Net income attributable to noncontrolling interests	—	(23))
Net income attributable to the controlling interests	\$5,181	\$4,665			
Occupancy			2012	2011	
Same-store			90.1	% 91.8	%
Non-same-store ⁽¹⁾			86.1	% 71.7	%
Total			89.7	% 91.0	%

(1)Non-same-store properties include:

2011 Office acquisitions – 1140 Connecticut Avenue, 1227 2nd Street, Braddock Metro Center and John Marshall II

2011 Retail acquisition – Olney Village Center

2009 Medical Office acquisition – Lansdowne Medical Office Building

(2)Discontinued operations include gains on disposals and income from operations for:

2011 held for sale and sold – Dulles Station, Phase I and the Industrial Portfolio

Real estate rental revenue from same-store properties decreased by \$0.2 million in the 2012 Quarter primarily due to lower occupancy (\$0.7 million) and lower reimbursements of operating expenses (\$0.5 million), partially offset by higher rental rates (\$0.9 million).

Real estate expenses from same-store properties increased by \$0.3 million in the 2012 Quarter as higher administrative expenses

(\$0.6 million), lower recoveries of bad debt (\$0.3 million) and higher real estate taxes (\$0.3 million) were partially offset by lower utilities (\$0.6 million) caused by mild weather and lower electricity rates and lower common area maintenance expenses (\$0.4 million).

The decrease in same-store occupancy was the result of difficulties in leasing vacant space in the office and medical office segments. The increase in non-same-store occupancy reflects the acquisitions made during 2011. During the 2012 Quarter, 66.9% of the commercial square footage expiring was renewed as compared to 85.0% in the 2011 Quarter, excluding properties sold or classified as held for sale. During the 2012 Quarter, we executed new leases (excluding first generation leases at recently-built properties) for 217,979 commercial square feet at an average rental rate of \$30.29 per square foot, an increase of 8.6%, with average tenant improvements and leasing costs of \$31.64 per square foot.

An analysis of NOI by segment follows.

Office Segment:

	Quarter Ended March 31,				
	2012	2011	\$ Change	% Change	
Real Estate Rental Revenue					
Same-store	\$30,781	\$31,583	\$(802)	(2.5))%
Non-same-store ⁽¹⁾	7,848	1,850	5,998		
Total real estate rental revenue	\$38,629	\$33,433	\$5,196	15.5	%
Real Estate Expenses					
Same-store	\$11,003	\$10,460	\$543	5.2	%
Non-same-store ⁽¹⁾	2,891	754	2,137

Non-same-store ⁽¹⁾			88.1	% 87.5	%
Total			86.3	% 89.1	%

(1) Non-same-store properties include:

2011 acquisitions – 1140 Connecticut Avenue, 1227 25th Street, Braddock Metro Center and John Marshall II. Real estate rental revenue from same-store properties decreased by \$0.8 million in the 2012 Quarter primarily due to lower occupancy (\$0.7 million) and lower reimbursements for operating expenses (\$0.2 million).

Real estate expenses from same-store properties increased by \$0.5 million primarily due to lower recoveries of bad debt (\$0.3 million), higher real estate taxes (\$0.3 million) and higher administrative costs (\$0.2 million), partially offset by lower utilities (\$0.4 million).

The decrease in same-store occupancy was primarily due to lower occupancy at 7900 Westpark Drive, West Gude Drive and 6110 Executive Boulevard. The non-same-store occupancy of 88.1% reflects high occupancy at Braddock Metro Center and John Marshall II, partially offset by 1227 25th Street and 1140 Connecticut Avenue, which were 71.9% and 77.6% occupied at the end of the 2012 Quarter, respectively. During the 2012 Quarter, 57.0% of the square footage that expired was renewed compared to 33.8% in the 2011 Quarter, excluding properties sold or classified as held for sale. During the 2012 Quarter, we executed new leases for 136,234 square feet of office space at an average rental rate of \$31.87 per square foot, an increase of 10.0%, with average tenant improvements and leasing costs of \$38.92 per square foot.

Medical Office Segment:

Total			87.1	% 88.3	%

(1) Non-same-store properties include:

2009 acquisition – Lansdowne Medical Office Building

Real estate rental revenue from same-store properties increased by \$0.2 million in 2012 Quarter due to lower reserves for uncollectible revenue (\$0.3 million) and higher rental rates (\$0.2 million), partially offset by lower reimbursements for operating expenses (\$0.2 million) and lower occupancy (\$0.1 million).

Real estate expenses from same-store properties slightly increased in the 2012 Quarter.

The decrease in same-store occupancy was driven by lower occupancy at Woodholme Medical Center, 8503 Arlington Boulevard and Shady Grove Medical Center II. The increase in non-same-store occupancy to 35.9% in the 2012 Quarter reflects the continued lease-up of Lansdowne Medical Office Building, which was newly-constructed and vacant when purchased during the fourth quarter of 2009. During the 2012 Quarter, 66.3% of the square footage that expired was renewed compared to 84.3% in the 2011 Quarter. During the 2012 Quarter, we executed new leases (excluding first generation leases) for 69,171 square feet of medical office space at an average rental rate of \$29.94, an increase of 5.8%, with average tenant improvements and leasing costs of \$22.94 per square foot.

(1) Non-same-store properties include:

2011 acquisition – Olney Village Center

2010 acquisition – Gateway Overlook

Real estate rental revenue from same-store properties slightly decreased in the 2012 Quarter as lower reimbursements for operating expenses (\$0.2 million) and higher reserves for uncollectible revenue (\$0.1 million) were offset by higher occupancy (\$0.2 million) and rental rates (\$0.1 million).

Real estate expenses from same-store properties decreased by \$0.4 million in the 2012 Quarter primarily due to lower snow removal costs attributable to milder weather.

The increase in same-store occupancy was driven by higher occupancy at Montrose Shopping Center and Wheaton Park, partially offset by lower occupancy at the Centre at Hagerstown. The non-same-store occupancy of 98.7% reflects the acquisitions of Olney Village Center and Gateway Overlook. During the 2012 Quarter, 91.0% of the square footage that expired was renewed compared to 99.6% in the 2011 Quarter. During the 2012 Quarter, we executed new leases for 12,574 square feet of retail space at an average rental rate of \$15.13, an increase of 7.1%, with average tenant improvements and leasing costs of \$0.73 per square foot.

Multifamily Segment:

	Quarter Ended March 31,				
	2012	2011	\$ Change	% Change	
Real Estate Rental Revenue

NOI					
Total	\$8,065	\$7,665	\$400	5.2	%
Occupancy			2012	2011	
Total			95.2	% 95.3	%

Real estate rental revenue increased by \$0.5 million in the 2012 Quarter due primarily to higher rental rates (\$0.5 million) and lower reserves for uncollectible revenue (\$0.1 million), partially offset by lower occupancy (\$0.1 million).

Real estate expenses increased by \$0.1 million in the 2012 Quarter primarily due to higher property administration costs (\$0.2 million), partially offset by lower utilities expense (\$0.1 million) due to milder weather.

The decrease in occupancy was driven by lower occupancy at Roosevelt Towers, 3801 Connecticut Avenue and the Kenmore, partially offset by higher occupancy at Munson Hill Towers, Walker House Apartments and Bennett Park.

Liquidity and Capital Resources

Capital Structure

During the remainder of 2012, we expect that we will have the following capital requirements. There can be no assurance that our capital requirements will not be materially higher or lower than these expectations.

Funding dividends on our common shares and noncontrolling interest distributions to third party unit holders;

Capital to refinance the \$21.6 million of remaining 2012 maturities on our mortgage notes payable;

Capital to refinance our \$75.0 million unsecured line of credit which expires in 2012;

Approximately \$45.0 - \$60.0 million to invest in our existing portfolio of operating assets, including approximately

\$20.0 - \$25.0 million to fund tenant-related capital requirements and leasing commissions;

Approximately \$1.0 million to fund first generation tenant-related capital requirements and leasing commissions;

Approximately \$12.9 million to invest in our development projects;

Funding to cover any costs related to property acquisitions; and

Funding for potential property acquisitions throughout the remainder of 2012, with a portion expected to be offset by proceeds from potential property dispositions.

Debt Financing

Our total debt at March 31, 2012 and December 31, 2011 is summarized as follows (in thousands):

	March 31, 2012	December 31, 2011
Fixed rate mortgages	\$426,485	\$427,710
Unsecured credit facilities	109,000	99,000
Unsecured notes payable	657,562	657,470
	\$1,193,047	\$1,184,180

Mortgage Debt

At March 31, 2012, our \$426.5 million in fixed rate mortgages, which includes a net \$4.2 million in unamortized discounts due to fair value adjustments, bore an effective weighted average fair value interest rate of 5.9% and had a weighted average maturity of 4.4 years. We may either initiate secured mortgage debt or assume mortgage debt from time-to-time in conjunction with property acquisitions.

Unsecured Credit Facilities

Our primary external sources of liquidity are our two revolving credit facilities.

Credit Facility No. 1 is a \$75.0 million unsecured credit facility set to expire in June 2012. We had \$74.0 million outstanding and \$0.8 million in letters of credit issued as of March 31, 2012, related to Credit Facility No. 1.

Borrowings under the facility bear interest at our option of LIBOR plus a spread based on the credit rating on our publicly issued debt or the higher of SunTrust Bank's prime rate and the Federal Funds Rate in effect plus 0.5%. The interest rate spread is currently 42.5 basis points. All outstanding advances are due and payable upon maturity in June 2012. Interest only payments are due and payable generally on a monthly basis. In addition, we pay a facility fee based on the credit rating of our publicly issued debt which currently equals 0.15% per annum of the \$75.0 million committed capacity, without regard to usage. Rates and fees may be adjusted up or down based on changes in our senior unsecured credit ratings.

We anticipate that, prior to the June 2012 expiration of Credit Facility No. 1, we will negotiate a replacement facility in the same or greater amount than the expiring facility. While we anticipate that the interest rate and facility fee of the replacement facility will be higher than the current facility, we do not expect the new terms to have a material adverse effect on our financial results.

Credit Facility No. 2 is a \$400.0 million unsecured credit facility expiring in July 2014. We had \$35.0 million outstanding as of March 31, 2012, related to Credit Facility No. 2. Subsequent to the end of the quarter, we executed additional net borrowings of \$45.0 million, primarily to repay our \$50.0 million of 5.05% unsecured notes on their maturity date of May 1, 2012. Advances under this agreement bear interest at our option of LIBOR plus a spread based on the credit rating of our publicly issued debt or the higher of Wells Fargo Bank's prime rate and the Federal Funds Rate in effect on that day plus 1.0%. The interest rate spread is currently 122.5 basis points. Interest only payments are due and payable generally on a monthly basis. Credit Facility No. 2 requires us to pay the lender a facility fee on the total commitment of 0.225% per annum. These fees are payable quarterly. All outstanding advances

are due and payable upon maturity in July 2014 with a one-year extension option.

27

Our unsecured credit facilities contain financial and other covenants with which we must comply. Some of these covenants include:

- A minimum tangible net worth;
- A maximum ratio of total liabilities to gross asset value, calculated using an estimate of fair market value of our assets;
- A maximum ratio of secured indebtedness to gross asset value, calculated using an estimate of fair market value of our assets;
- A minimum ratio of annual EBITDA (earnings before interest, taxes, depreciation and amortization) to fixed charges, including interest expense;
- A minimum ratio of unencumbered asset value, calculated using a fair value of our assets, to unsecured indebtedness;
- A minimum ratio of net operating income from our unencumbered properties to unsecured interest expense; and
- A maximum ratio of permitted investments to gross asset value, calculated using an estimate of fair market value of our assets.

Failure to comply with any of the covenants under our unsecured credit facilities or other debt instruments could result in a default under one or more of our debt instruments. This could cause our lenders to accelerate the timing of payments and would therefore have a material adverse effect on our business, operations, financial condition and liquidity. In addition, our ability to draw on our unsecured credit facilities or incur other unsecured debt in the future could be restricted by the loan covenants. As of March 31, 2012, we were in compliance with our loan covenants. There is a possibility that in the near term we may rely to a greater extent upon our unsecured credit facilities and potentially maintain balances on our unsecured credit facilities for longer periods than has been our historical practice. To the extent that we maintain larger balances on our unsecured credit facilities or maintain balances on our unsecured credit facilities for longer periods, adverse fluctuations in interest rates could have a material adverse effect on earnings.

Unsecured Notes

We generally issue unsecured notes to fund our real estate assets long-term. In issuing future unsecured notes, we generally seek to ladder the maturities of our debt to mitigate exposure to interest rate risk in any particular future year.

Our unsecured notes have maturities ranging from May 2012 through February 2028, as follows (in thousands):

	March 31, 2012
	Note Principal
5.05% notes due 2012 ⁽¹⁾	\$ 50,000
5.125% notes due 2013	60,000
5.25% notes due 2014	100,000
5.35% notes due 2015	150,000
4.95% notes due 2020	250,000
7.25% notes due 2028	50,000
	\$ 660,000

⁽¹⁾ We repaid our \$50.0 million of 5.05% unsecured notes on their maturity date of May 1, 2012 using borrowings on our unsecured lines of credit.

Our unsecured notes contain covenants with which we must comply. These include:

- Limits on our total indebtedness;
- Limits on our secured indebtedness;
- Limits on our required debt service payments; and
- Maintenance of a minimum level of unencumbered assets.

Failure to comply with any of the covenants under our unsecured notes could result in a default under one or more of our debt instruments. This could cause our debt holders to accelerate the timing of payments and would therefore have a material adverse effect on our business, operations, financial condition and liquidity. As of March 31, 2012, we were in compliance with our

unsecured notes covenants.

We may from time to time seek to repurchase and cancel our outstanding notes through open market purchases, privately negotiated transactions or otherwise. Such repurchases, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

Common Equity

We have authorized for issuance 100.0 million common shares, of which 66.3 million shares were outstanding at March 31, 2012.

We have a dividend reinvestment program, whereby shareholders may use their dividends and optional cash payments to purchase common shares. The common shares sold under this program may either be common shares issued by us or common shares purchased in the open market. We use net proceeds under this program for general corporate purposes. For the 2012 Quarter, we issued 43,367 common shares at a weighted average price of \$29.74 per share, raising \$1.2 million in net proceeds.

Dividends

We pay dividends quarterly. The maintenance of these dividends is subject to various factors, including the discretion of our Board of Trustees, our results of operations, the ability to pay dividends under Maryland law, the availability of cash to make the necessary dividend payments and the effect of REIT distribution requirements, which require at least 90% of our taxable income to be distributed to shareholders.

The table below details our dividend and distribution payments for the 2012 and 2011 Quarters (in thousands).

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	
Common dividends	\$28,900	\$28,590	\$310	1.1	%
Distributions to noncontrolling interests	7	25	(18) (72.0)%
	\$28,907	\$28,615	\$292	1.0	%

Dividends paid for the 2012 Quarter as compared to the 2011 Quarter increased due primarily to the issuance of 0.2 million common shares under our dividend reinvestment program during 2011.

Cash flows from operations are an important factor in our ability to sustain our dividend at its current rate. If our cash flows from operations were to decline significantly, we may have to borrow on our lines of credit to sustain the dividend rate or reduce our dividend.

Historical Cash Flows

Consolidated cash flow information is summarized as follows (in millions):

	Quarter Ended March 31,		Change		
	2012	2011	\$	%	
Net cash provided by (used in) operating activities	\$35.6	\$32.6	\$3.0	9.2	%
Net cash provided by (used in) investing activities	\$(11.4) \$(130.8) \$119.4	(91.3)%
Net cash provided by (used in) financing activities	\$(19.1) \$31.9	\$(51.0) (159.9)%

Our operating activities generated \$35.6 million of net cash in the 2012 Quarter, an increase from \$32.6 million in the 2011 Quarter that is primarily attributable the acquisitions made during 2011 and lower acquisition costs.

Our investing activities used net cash of \$11.4 million in the 2012 Quarter compared to \$130.8 million in the 2011 Quarter. The decrease in cash used by investing activities is primarily due to the acquisitions of 1140 Connecticut Avenue and 1227 25th Street during the 2011 Quarter, partially offset by an increase in capital expenditures during the 2012 Quarter.

Our financing activities used net cash of \$19.1 million in the 2012 Quarter as compared to net cash provided of \$31.9 million in the 2011 Quarter. The decrease in cash provided by financing activities is primarily due to net borrowings of \$10.0 million from our lines of credit during the 2012 Quarter, compared to \$60.0 million in net borrowings during the 2011 Quarter used to partially finance our property acquisitions.

Ratios of Earnings to Fixed Charges and Debt Service Coverage

The following table sets forth our ratios of earnings to fixed charges and debt service coverage for the periods shown:

	Quarter Ended March 31,	
	2012	2011
Earnings to fixed charges	1.29x	1.12x
Debt service coverage	2.73x	2.64x

We computed the ratio of earnings to fixed charges by dividing earnings by fixed charges. For this purpose, earnings consist of income from continuing operations attributable to the controlling interests plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, including amortized costs of debt issuance, and interest costs capitalized.

We computed the debt service coverage ratio by dividing Adjusted EBITDA (which is earnings before interest expense, taxes, depreciation, amortization, real estate impairment, gain on sale of real estate, gain/loss from the extinguishment of debt and gain/loss on non-disposal activities) by interest expense and principal amortization. We believe that Adjusted EBITDA is appropriate for use in our debt service coverage ratio because it provides an estimate of the cash available to pay down long term debt. Adjusted EBITDA does not represent net income calculated in accordance with GAAP. As such, it should not be considered an alternative to net income as an indication of our operating performance. A reconciliation of Adjusted EBITDA to net income attributable to the controlling interests is in Exhibit 12 – Computation of Ratios.

Funds From Operations

FFO is a widely used measure of operating performance for real estate companies. We provide FFO as a supplemental measure to net income calculated in accordance with GAAP. Although FFO is a widely used measure of operating performance for REITs, FFO does not represent net income calculated in accordance with GAAP. As such, it should not be considered an alternative to net income as an indication of our operating performance. In addition, FFO does not represent cash generated from operating activities in accordance with GAAP, nor does it represent cash available to pay distributions and should not be considered as an alternative to cash flow from operating activities, determined in accordance with GAAP, as a measure of our liquidity. The National Association of Real Estate Investment Trusts, Inc. (“NAREIT”) defines FFO (April, 2002 White Paper) as net income (computed in accordance with GAAP) excluding gains (or losses) from sales of property and impairments of depreciable real estate, if any, plus real estate depreciation and amortization. We consider FFO to be a standard supplemental measure for REITs because it facilitates an understanding of the operating performance of our properties without giving effect to real estate depreciation and amortization, which historically assumes that the value of real estate assets diminishes predictably over time. Since real estate values have instead historically risen or fallen with market conditions, we believe that FFO more accurately provides investors an indication of our ability to incur and service debt, make capital expenditures and fund other needs. Our FFO may not be comparable to FFO reported by other REITs. These other REITs may not define the term in accordance with the current NAREIT definition or may interpret the current NAREIT definition differently.

The following table provides the calculation of our FFO and a reconciliation of FFO to net income for the periods shown (in thousands):

	Quarter Ended March 31,	
	2012	2011
Net income attributable to the controlling interests	\$5,181	\$4,665
Adjustments:		
Depreciation and amortization	25,994	21,894
Discontinued operations:		
Depreciation and amortization	—	3,355
Real estate impairment	—	599
FFO as defined by NAREIT	\$31,175	\$30,513
Critical Accounting Policies and Estimates		

We base the discussion and analysis of our financial condition and results of operations upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amounts of assets, liabilities, revenues and expenses. We discuss the most critical estimates in our Annual Report on Form 10-K for the year ended December 31, 2011 filed with the Securities and Exchange Commission on February 27, 2012.

ITEM 3: QUALITATIVE AND QUANTITATIVE DISCLOSURES ABOUT MARKET RISK

The principal material financial market risk to which we are exposed is interest-rate risk. Our exposure to market risk for changes in interest rates relates primarily to refinancing long-term fixed rate obligations, the opportunity cost of fixed rate obligations in a falling interest rate environment and our variable rate lines of credit. We primarily enter into debt obligations to support general corporate purposes including acquisition of real estate properties, capital improvements and working capital needs.

As the majority of our outstanding debt is long-term, fixed rate debt, our interest rate risk has not changed significantly from what was disclosed in our 2011 Annual Report on Form 10-K. See “Management’s Discussion and Analysis of Financial Condition and Results of Operations – Liquidity and Capital Resources – Debt Financing.”

ITEM 4: CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in our Securities Exchange Act reports is recorded, processed, summarized and reported within the time periods specified in the SEC’s rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Accounting, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the desired control objectives, and management necessarily was required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carried out an evaluation, under the supervision and with the participation of our management, including our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Accounting, of the effectiveness of the design and operation of our disclosure controls and procedures as of the end of the period covered by this report. Based on the foregoing, our Chief Executive Officer, Chief Financial Officer and Executive Vice President of Accounting concluded that our disclosure controls and procedures were effective at the reasonable assurance level. There have been no changes in WRIT’s internal control over financial reporting (as defined by Rule 13a-15(f)) that occurred during the period covered by the report that have materially affected, or are reasonably likely to materially affect, WRIT’s internal control over financial reporting.
