INDEPENDENT AUDITORS' REPORT

To the Equity Plans Administrative Committee of the  
ServiceMaster Profit Sharing and Retirement Plan:

We have audited the accompanying statement of net assets available for benefits of the ServiceMaster Profit Sharing and Retirement Plan as of December 31, 2002, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statement of the Plan as of December 31, 2001 was audited by other auditors who have ceased operations. Those auditors expressed an unqualified opinion on that financial statement in their report dated May 31, 2002.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, such 2002 financial statements present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2002, and the changes in net assets available for benefits for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the 2002 basic financial statements taken as a whole. The supplemental schedule of assets (held at the end of year) as of December 31, 2002, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2002 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

### INDEPENDENT AUDITORS' REPORT

To the Benefits Administration Committee of the  
ServiceMaster Profit Sharing and Retirement Plan

We have audited the accompanying statements of net assets available for benefits of the ServiceMaster Profit Sharing and Retirement Plan as of December 31, 2001 and 2000, and the related statement of changes in net assets available for benefits for the year ended December 31, 2001. These financial statements are the responsibility of the Plan's Benefits Administration Committee. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the ServiceMaster Profit Sharing and Retirement Plan as of December 31, 2001 and 2000, and the changes in net assets available for benefits for the year ended December 31, 2001, in conformity with accounting principles generally accepted in the United States.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) and Schedule of Reportable Transactions are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's Benefits Administration Committee. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

SERVICEMASTER PROFIT SHARING AND RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2002 AND 2001, AND FOR THE  
YEAR ENDED DECEMBER 31, 2002

-----

1. DESCRIPTION OF THE PLAN

GENERAL--The following description of the Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The ServiceMaster Profit Sharing and Retirement Plan (the "Plan") is a defined contribution plan established by The ServiceMaster Company and its subsidiaries (the "Company") to whom the Plan has been extended to provide eligible employees with a program to save for retirement. The Plan is administered by the Equity Plans Administrative Committee. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"), as amended.

SALE OF MANAGEMENT SERVICES--The Management Services segment of the Company was sold to ARAMARK Corporation on November 30, 2001. As of that date, employees of this segment were no longer eligible to contribute to the Plan. Account balances of Management Services participants of \$146,195,879

## Edgar Filing: SERVICEMASTER CO - Form 11-K

in cash, Company stock, and participant loans were transferred out of the Plan between February 28, 2002 and March 27, 2002 to a successor plan sponsored by ARAMARK Corporation.

ELIGIBILITY--Full and part-time nonunion employees of the Company who have completed 90 days of service and are at least 18 years of age are eligible to participate in the Plan. Leased employees and employees who are or who become covered by a collective bargaining agreement, which do not allow for Plan participation, are not eligible to participate in the Plan.

PARTICIPANT CONTRIBUTIONS--Participants may elect to contribute a minimum of 1% up to a maximum of 15% of pretax annual compensation, as defined in the Plan, subject to certain limitations. The first 4% of pretax compensation (base contribution) contributed to the Plan is eligible for a discretionary employer matching contribution. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan, which currently consist of The ServiceMaster Company common stock, nine mutual funds and three common/collective trust funds.

EMPLOYER CONTRIBUTIONS--The Company's contribution is discretionary and the amount of contribution from Company profits is determined each year by the Board of Directors after a review of the overall financial performance of the Company and the key business units. The matching contribution may differ for different employee groups. Half of the Company's matching contribution is invested directly in The ServiceMaster Company common stock fund and the other half is invested according to the participants' direction. Effective May 15, 2002, after the Company matching contribution is made, participants have complete investment discretion over all Company contributions. The Board of Directors approved a Company match contribution of 65% of participants' base contribution across all business units for the year ended December 31, 2002.

PARTICIPANT ACCOUNTS--Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's contribution, (b) Plan earnings and (c) forfeitures. The participant's accounts are charged with Plan losses and administrative fees, where applicable. Allocations are based on participant contributions or account

9

balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

VESTING--Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution is based on the following schedule, except in the event of death or permanent disability, in which case the participant becomes immediately vested:

COMPLETED YEARS of Service	PERCENT VESTED
Less than 2 years of service	0 %
2 years of service but less than 3	25
3 years of service but less than 4	50

## Edgar Filing: SERVICEMASTER CO - Form 11-K

4 years of service but less than 5	75
5 years of service or more	100

FORFEITURES--Forfeitures are used first to reinstate all rehired participants' forfeitures and then are allocated to eligible participants in the same manner as employer profit sharing contributions. Unallocated forfeitures were \$396,535 and \$906,929 at December 31, 2002 and 2001, respectively.

PARTICIPANT LOANS--Participants may borrow from their fund accounts a minimum of \$500 up to a maximum of the lesser of: (a) \$50,000 or (b) 50% of their vested account balance (limited to the value of the participant's contributions and earnings thereon), minus their highest outstanding loan balance in the previous 12 months. A participant's loan is secured by the balance in the participant's account and bears interest at the prime interest rate as listed in The Wall Street Journal on the first business day of the month in which the loan is issued, plus 1%.

BENEFITS PAYMENTS--A participant may elect to have the value of his or her vested account (minus any outstanding loan balance) distributed to him or her upon permanent disability, upon reaching normal retirement age (65), or upon termination of employment. A participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or monthly, quarterly, or annual installments for a specified number of years not to exceed the participant's life expectancy and that of his or her beneficiary. At the time of distribution, shares of ServiceMaster stock in the participant's account can be taken in-kind or in cash.

### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING--The accompanying financial statements have been prepared using the accrual method of accounting in conformity with accounting principles generally accepted in the United States of America.

USE OF ESTIMATES--The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates. The Plan utilizes various investment instruments, including mutual funds and investment contracts. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

INVESTMENT VALUATION AND INCOME RECOGNITION--The Plan's investments, other than the Stable Value Fund, are stated at fair value based on quoted market prices or estimated fair value as reported by the Plan's trustee. Shares of mutual funds are valued at the net asset value of shares held by the Plan at year-end. Participant loans are valued at the outstanding loan balances.

## Edgar Filing: SERVICEMASTER CO - Form 11-K

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

The Stable Value Fund invests in guaranteed investment contracts, funding agreements and security-backed investment contracts, and separate accounts issued or wrapped by insurance companies, banks, or other financial institutions (collectively referred to herein as "Investment Contracts"). Investment contracts are carried at cost plus accrued interest ("Book Value"). Investment Contracts will normally be held to maturity, and meet the fully benefit responsive requirements of the AICPA Statement of Position 94-4, REPORTING OF INVESTMENT CONTRACTS HELD BY HEALTH AND WELFARE BENEFIT PLANS AND DEFINED CONTRIBUTION PENSION PLANS. The aggregate average crediting interest rate of the Investment Contracts as of December 31, 2002 and 2001 was 4.90% and 6.36%, respectively. The aggregate average yield for the year ended December 31, 2002 was 4.73%. There are no reserves against contract value for credit risk of the contract issuers or otherwise. Book Value approximates fair value at December 31, 2002 and 2001.

ADMINISTRATIVE EXPENSES--Administrative expenses are paid by the Plan to the extent not paid by the Company. Expenses paid by the Company include payments to third-party service providers for trust, investment and legal services, among others. Expenses paid by the Plan include participant loan initiation fees and loan maintenance fees.

PAYMENT OF BENEFITS--Benefit payments to participants are recorded upon distribution. Amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid were \$233,532 at December 31, 2002. This amount also includes distributions for which participants have elected to be paid on an installment basis.

11

### 3. INVESTMENTS

The Plan's investments that represented five percent or more of the Plan's net assets available for benefits as of December 31, 2002 and 2001 are as follows:

	2002
Putnam Investors Fund, 1,955,405 and 2,697,542 shares, respectively	\$ 17,422,65

4. THE SERVICEMASTER COMMON STOCK FUND

Investment in the Plan is participant-directed, except that half of the Company's matching contribution is invested directly in The ServiceMaster Company common stock fund. Effective May 15, 2002, after the Company matching contribution is made, participants have complete investment discretion over all Company contributions. Participants, at their discretion, may also direct their investment to The ServiceMaster Company common stock fund. Information about the net assets as of December 31, 2002 and 2001 and the significant components of the changes in net assets relating to The ServiceMaster Company common stock fund for the year ended December 31, 2002 is as follows:

5. RELATED-PARTY TRANSACTIONS

The Plan invests in shares of mutual funds and interests in common collective trust funds managed by Putnam Fiduciary Trust Company ("PFTC"). PFTC acts as trustee and record keeper for the Plan. The Plan also invests in Company stock and allows loans to participants. These transactions qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

At December 31, 2002 and 2001, the Plan held 4,557,094 and 9,704,300 shares, respectively, of common stock of The ServiceMaster Company, the sponsoring employer, with a cost basis of \$48,597,770 and \$106,164,668, respectively. During the year ended December 31, 2002, the Plan recorded dividend income of \$2,406,669 from its investment in The ServiceMaster common stock fund.

13

6. PLAN TERMINATION

The Company currently intends to continue the Plan indefinitely. However, the Company has the right under the Plan to discontinue contributions and terminate the Plan at any time, subject to the provisions of ERISA. If the Plan is terminated, participants will become fully vested in the Company contributions account balances.

7. FEDERAL INCOME TAX STATUS

The Plan received a favorable determination letter from the Internal Revenue Service dated August 27, 2002. The Plan administrator believes that

Edgar Filing: SERVICEMASTER CO - Form 11-K

the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan administrator believes that the Plan was qualified and the related trust was tax-exempt as of the financial statement dates, and no provision for income tax is included in the financial statements.
