Item 1.01. Entry into a Material Definitive Agreement.

On May 19, 2004, The ServiceMaster Company ("ServiceMaster") entered into a \$500 million senior unsecured bank revolving credit facility. The parties to the credit facility include ServiceMaster, the lenders, JPMorgan Chase Bank and Bank of America, N.A. as syndication agents, SunTrust Bank as administrative agent, and U.S. Bank and Wachovia Bank, N.A. as documentation agents. The credit facility expires on May 19, 2009.

Under the credit facility, ServiceMaster is required to pay certain fees, including a facility fee of .125 to .50% (depending on its credit rating) of the aggregate commitment, which fee is payable quarterly in arrears. The credit agreement contains customary affirmative and negative covenants. The affirmative and negative covenants include information reporting, inspection of property, maintenance of insurance, compliance with laws, a negative pledge limiting the granting of liens by ServiceMaster and its subsidiaries, prohibitions on certain consolidations, mergers and sales of assets, and leverage, subsidiary debt and interest coverage tests.

The credit facility also contains customary events of default with customary cure and notice, including, without limitation, nonpayment, misrepresentation, breach of covenant, cross - default, receivership, voluntary bankruptcy, involuntary bankruptcy and change of control. If an event of default occurs, the credit facility provides that the commitments may be terminated and the loans then outstanding may be declared due and payable. For certain events of default relating to receivership, voluntary or involuntary bankruptcy, the commitments are automatically terminated and the loans outstanding automatically become due and payable.

Loans may be made at (i) a Eurocurrency rate based on LIBOR plus an applicable margin of .625 to 1.50% (depending on ServiceMaster's credit rating) or (ii) an alternative base rate equal to the higher of (a) the prime rate or (b) the sum of the federal funds effective rate plus .5%. The credit facility also provides for a swingline sub-facility of up to \$20 million. The interest rate payable on swingline loans is the higher of (i) the prime rate or (ii) the sum of the federal funds effective rate plus .5%. As of September 15, 2004, there is approximately \$162 million in letters of credit issued under this credit facility and unused commitments of approximately \$338 million.
