Forward Looking Statements

This report contains forward-looking statements. The forward-looking statements include all statements that are not statements of historical fact. The forward-looking statements often are identifiable by their use of words such as *may*, *expect*, *believe*, *anticipate*, *intend*, *could*, *estimate*, or *continue* or the negative or other variations of these comparable terms. Our actual results could differ materially from the anticipated results described in the forward-looking statements. Factors that could affect our results include, but are not limited to, those discussed in Item 6, *Management's Discussion and Analysis* and include elsewhere in this report.

PART I.

ITEM 1. BUSINESS.

Company History and Business

Alternet Systems, Inc. (the "Company"), was organized under the laws of the State of Nevada on June 26, 2000 under the name North Pacific Capital Corp. On June 26, 2000 the Company increased its authorized share capital from 20,000 shares with no par value to 100,000,000 shares with a par value of \$0.00001. On December 20, 2001 the Company received shareholder approval to change its name from North Pacific Capital Corp. to its present name SchoolWeb Systems Inc. .

On April 26, 2002, the Company received shareholder approval to change its name from SchoolWeb Systems Inc. to Alternet Systems, Inc. and in May of 2002 this change of name was completed.

AI Systems Group, Inc., the wholly owned subsidiary of the Company, was incorporated in the State of Nevada on October 13, 2000 under the name of Alternet Systems, Inc. On January 1, 2001 it entered into a software license agreement (the *License Agreement*) with Advanced Interactive Inc. and its subsidiary, Advanced Interactive (Canada) Inc. (collectively, *AII*). On July 3, 2001 the company's name was changed to SchoolWeb Holdings Inc. . In June of 2002, the company's name was changed to AI Systems Group, Inc. , its present name.

On July 2, 2001, the Company entered into an agreement (the *Share Exchange Agreement*) to purchase all of the 12,343,000 outstanding shares of common stock of SchoolWeb Holdings Inc. in exchange for 12,343,000 shares of common stock of the Company, in a transaction in which the Company was the surviving corporation. The 12,343,000 shares of common stock represented approximately 86% of the issued and outstanding shares of common stock as of September 30, 2001.

Under the terms of the Share Exchange Agreement, AII, which had licenced software to SchoolWeb under the terms of a software license agreement (the *License Agreement*) dated January 1, 2001 as amended June 29, 2001 and September 10, 2001, acquired a total of 3,000,000 shares of common stock upon closing of the Share Exchange Agreement.

As a result of the closing of the Share Exchange Agreement, Mr. Michael Dearden and Mr. Griffin Jones, who were concurrently appointed as Directors, acquired 17.85% and 17.84% of the issued and outstanding, at the time, shares of common stock respectively.

A copy of the Share Exchange Agreement was filed as an exhibit to the report on Form 8-K dated September 10, 2001 and is incorporated in its entirety herein. A copy of the License Agreement dated

January 1, 2001 and amendment dated June 29, 2001 and the Settlement Agreement dated September 10, 2001 are filed as exhibits to the report on Form 8-K dated September 10, 2001 and are incorporated in their entirety herein.

Michael Dearden, Greg Protti, Patrick Fitzsimmons, Brandon Douglas, Griffin Jones and Karim Lakhani were appointed to the board of directors of the Company when the Company purchased AI Systems Group, Inc.

Alternet Systems, Inc. distributes, markets and sells Internet access systems and software, marketed under the names SchoolWeb Systems , Interlink , Community Link and HealthWeb (collectively, the Licensed Technology).

Alternet licenses the Licensed Technology from Advanced Interactive Inc. (AII) under the terms of a license agreement (the License Agreement) which has a term commencing on January 1, 2001.

The License Agreement grants Alternet and its subsidiary, AI Systems Group, Inc., for a term of five (5) years renewable for an additional five (5) years, the exclusive right to distribute, market, sell and sub-license the Licensed Technology in the US and Canada for educational related purposes and grants SchoolWeb Holdings Inc., for a period of five (5) years renewable for an additional five (5) years, the non-exclusive worldwide right to distribute, market, sell and license the OfficeServer portion of the Licensed Technology. Under the terms of the License Agreement, SchoolWeb Holdings Inc. must pay to AII the sum of \$10,000 per month in year one, \$20,000 per month in year two and increased payments in subsequent years. AII also receives a royalty of 40% on net revenue realized from SchoolWeb Holding Inc. s sales of the Licensed Technology which, after the first three years of the License Agreement, is subtracted from the amount of the specified monthly payment.

The SchoolWeb software is the first Internet access system developed specifically for schools. The SchoolWeb system delivers up to ten times more user capacity than a telecom line system of equivalent cost and provides students with e-mail and website hosting capabilities.

Each basic SchoolWeb system or software / hardware package is comprised of the SchoolWeb Librarian software, Linux Operating System, a network server, redundant file system, software configuration, uninterruptible power supply, satellite or cable port, SchoolWeb user license, 24 hour technical support (provided by AII through the License Agreement), On-site installation and training (provided by resellers and distributors), system maintenance and 5X9 on-site warranty.

The Company s Internet access system and software is presently installed in 75 schools and communities in Canada under the names SchoolWeb and Interlink .

Installation of 4 test servers in Hawaii and Washington has been completed and the Company is seeking US distributors of its products.

In the fall of 2001, Hewlett Packard (Canada) expressed an interest in acquiring from the Company some or all of its rights under the License Agreement. On March 3, 2003 Hewlett Packard (Canada) and AII entered into an agreement (the Hewlett Packard Agreement) where Hewlett Packard agrees to market and distribute the software which Alternet had licensed from AII under the License Agreement.

Because of the distribution capacity of Hewlett Packard (Canada), and the relative lack of distribution and sales capacity of the Company, management of the Company believed it to be in the Company s best interest to consent to the Hewlett Packard Agreement. In exchange for Hewlett Packard (Canada) s

agreement to market and distribute the Licensed Technology, the Company and AII have agreed to use Hewlett Packard hardware whenever sales of the Licensed Technology are made (provided that Hewlett Packard is able to provide the hardware). The Company and AII have also agreed to give Hewlett Packard Finance (a division of Hewlett Packard) the right of first refusal to provide lease financing for sales of the Licensed Technology (by the Company or any other party). The Hewlett Packard agreement has not yet been renewed and the Company has not entered into negotiations with Hewlett Packard concerning renewal. The agreement with Hewlett Packard expired on March 3, 2003.

Because SchoolWeb is a new software technology, acceptance of the SchoolWeb software (the Company believes) must be preceded by a test period of placing the SchoolWeb software and servers in schools for as long as a year to build comfort with the system and generate (after the test period has been completed) orders and revenue. The Company has found, in dealing with potential clients, that a new software system or company has to prove itself before a sale can be made. Testing is the easiest way of accomplishing this (SchoolWeb software does not, at this time, have the established reputation of software, like Microsoft Word or Outlook Express (for example) which most potential customers are aware of and know will meet their needs).

For example, the SchoolWeb system and software were installed on a test basis in Burnaby School District in Vancouver, Canada for almost two years prior to Burnaby School District placing an order for installation in 52 schools. This installation was completed in February of 2003.

SchoolWeb has applied for trademark rights in the United States and Canada for the trademark SchoolWeb. The initial application was filed in Canada on March 30, 2001 and it is expected that this mark will be granted in Canada in the second quarter of 2003. The trademark is expected to be registered on the supplemental register in the United States as the United States trademark was applied for based on the Canadian trademark application. Once a company has used a supplemental register mark in the United States for five years, the company's mark is placed on the full register. In the meantime, its rights in the United States are protected.

Upon completion of the registration of SchoolWeb as a trademark the Company anticipates that it will begin the process of registering the Interlink, HealthWeb and CommunityWeb names. There can be no guarantee that all, or any, of these names will be successfully registered in the United States or Canada.

The Company has packaged other products using the Licensed Technology including the Interlink software package, software using the SchoolWeb software but specifically packaged for and directed at First Nations (indigenous or aboriginal) communities.

ITEM 2. PROPERTIES

The Company has no properties and at this time has no agreements to acquire any properties. The Company rents its office premises in Vancouver on a month to month basis for \$2,000 per month.

ITEM 3. LEGAL PROCEEDINGS.

The Company is not a party to any material pending legal proceedings and, to the best of its knowledge, no such action by or against the Company has been threatened. The directors, promoters and officers of the Company also are not part to any material legal proceedings and, to the best of the Company's knowledge, no such action by or against those persons has been threatened.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

During the year ended December 31, 2002, the Company submitted the following matters to a vote of its security holders:

Change of Name:

The Company requested shareholders to approve a change of its name from SchoolWeb Systems, Inc. to Altnet Systems, Inc., its present name, at its meeting of shareholders held on April 26, 2002. Shareholders approved the change of name and the change of name was effected in May of 2002.

Other Matters:

Other than the change of name described above, the Company only submitted to a vote of its security holders those issues which shareholders approve in the normal course of a meeting of shareholders (appointment of directors and appointment of auditors for the ensuing year).

PART II.

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

(a) Market Information.

The Company's common stock is traded on the NASD's OTCBB. The first trades were completed on March 14, 2003 with Public Securities Inc. of Spokane, Washington as the Company's sole market makers. Public Securities Inc. has a 30 day exclusive right to act as market makers for the Company's securities and this exclusive right expires on April 13, 2003.

(b) Holders of Common Equity.

As of December 31, 2002, there were 72 shareholders of record of the Company's common stock with 16,144,085 common shares issued and outstanding.

There are a total of 1,557,514 warrants outstanding as of December 31, 2002. Each of these warrants entitles the holder to purchase one common share of the Company for a period of two years at an exercise price of \$0.50. The expiry dates of these warrants varies and their expiry dates are set out in Note 5 to the financial statements attached hereto.

The shareholders of the Company, in a previous financial year, had approved a Stock Option Plan which would allow the Company to grant up to 1,000,000 incentive stock options. No stock options have yet been issued under this Stock Option Plan.

(c) Dividends.

The Company has not declared or paid cash dividends to stockholders. The Board of Directors presently intends to retain any earnings to finance Company operations and does not expect to authorize cash dividends in the foreseeable future. Any payment of cash dividends in the future will depend on the Company's earnings, capital requirements and

other factors.

6

(d) Equity Securities Sold Without Registration during the year ended December 31, 2002.

At January 1, 2002 the Company had a total of 14,733,000 shares of common stock issued and outstanding.

On March 1, 2002 the Company issued a total of 510,000 units at \$0.20 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 13 persons, all of whom were non-US residents as defined in Regulation S.

On March 15, 2002 the Company issued a total of 100,000 units at \$0.35 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 3 persons, all of whom were non-US residents as defined in Regulation S.

On April 30, 2002 the Company issued a total of 140,000 units at \$0.35 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 5 persons, all of whom were non-US residents as defined in Regulation S.

On June 27, 2002 the Company issued a total of 97,371 units at \$0.35 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 5 persons, all of whom were non-US residents as defined in Regulation S.

On July 8, 2002 the Company issued a total of 49,143 units at \$0.35 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 3 persons, all of whom were non-US residents as defined in Regulation S.

On September 11, 2002 the Company issued a total of 228,571 shares at \$0.35 per share in settlement of a debt to AII as disclosed in its report on Form 8-K filed on September 12, 2002. As AII is an affiliate of the Company and its largest shareholder, this sale of securities was exempt from registration pursuant to Section 5 of the Securities Act of 1933 as AII is not a member of the public relative to the Company.

On October 9, 2002 the Company issued a total of 193,000 units at \$0.35 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 5 persons, all of whom were non-US residents as defined in Regulation S.

On December 16, 2002 the Company issued a total of 93,000 units at \$0.35 per unit, each unit comprised of one common share and one share purchase warrant entitling the holder to purchase one share for \$0.50 for a period of two years. The issuance of units was made to 3 persons, all of whom were non-US residents as defined in Regulation S.

Where the offerings described above were undertaken under Regulation S they were made under Rule 903 (Category 3, equity securities) and:

- the sale was made in an offshore transaction;
- no directed selling efforts were made in the United States by the Company;

7

7

- the purchaser certified that it is not a US person and is not acquiring the securities for the account or benefit of any US person;
- the purchaser agreed to resell such securities only in accordance with the provisions of the Securities Act of 1933 or regulations applicable to their securities;
- the securities contained a legend to the effect that transfer was prohibited unless the securities were first registered under the Securities Act of 1933 or resale was made pursuant to an exemption therefrom.

No commission or finder's fees were paid by the Company in connection with any of the sales of securities listed above.

ITEM 6. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL OPERATIONS AND RESULTS OF OPERATIONS.

The following discussion should be read in conjunction with the Company's consolidated financial statements and the notes thereto. The discussion of results, causes and trends should not be construed to imply any conclusion that such results or trends will necessarily continue in the future.

The statements contained herein, other than historical information, are or may be deemed to be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities and Exchange Act of 1934, as amended, and involve factors, risks and uncertainties that may cause the Company's actual results to differ materially from such statements. These factors, risks and uncertainties include the relatively short operating history of the Company; market acceptance and availability of products and services, the impact of competitive products, services and pricing, possible delays in the shipment of new products, and the availability of sufficient financial resources to enable the Company to expand its operations.

Critical Accounting Policies

We believe that the estimates, assumptions and judgments involved in the accounting policies described below have the greatest potential impact on our financial statements, so we consider these to be our critical accounting policies. Because of the uncertainty inherent in these matters, actual results could differ from the estimates we used in applying the critical accounting policies. Within the context of these critical accounting policies, we are not currently aware of any reasonably likely event that would result in materially different amounts being reported.

Revenue Recognition

The Company licenses its Software on a prepaid basis for terms ranging from one to three years. The Company recognizes license revenues on a straight-line basis over the license term upon completion of the required hardware and software installations and upon acceptance by the purchasers. License fees paid in advance are recorded as deferred revenue.

The Company has generated revenues from hardware sales in connection with the testing of the SchoolWeb system. Hardware sales are recognized upon completion and acceptance of installation by the purchasers.

The year ended December 31, 2002 (the 2002 period) compared to the year ended December 31, 2001 (the 2001 period).

Net Sales

The Company reported net sales of \$68,768 for the 2002 period. No sales were reported for the 2001 period.

The increase in sales was the result of the Company's completion of product development and sales force training during the 2002 period and subsequent installation of its products in a number of sites.

Gross Profit

The Company's gross profit for the 2002 period was \$18,865. No comparable figure is available for the 2001 period as no sales were made in the 2001 period.

Selling, General and Administrative

For the year ended December 31, 2002, the Company incurred general and administrative expenses of \$73,998, marketing expenses of \$82,679; fees payable under the License Agreement of \$240,000; and \$51,740 in professional fees.

This compares to the year ended December 31, 2001 when the Company incurred general and administrative expenses of \$50,530; marketing expenses of \$39,429; fees payable under the License Agreement of \$120,000; and \$29,390 in professional fees.

The increase in SG&A expenses was a result of increased activity in marketing SchoolWeb and associated products and an additional \$120,000 of fees payable under the terms of the License Agreement. Professional Fees increased due to the Company's efforts to complete an SB2 registration statement with the SEC and to commence trading on the NASD's OTCBB.

Net Loss

For the year ended December 31, 2002 the Company had a net loss of \$(511,157) or \$0.03 per share. This compared to a net loss of \$(263,249) for the year ended December 31, 2001 which represented a net loss of \$0.02 per share.

The increase in net loss was due to increased operating expenses associated with marketing the Company's products, increased professional fees and increased License Agreement payments. The increased License Agreement payments accounted for \$120,000 of the increase alone.

(b) Liquidity and Capital Resources

As at December 31, 2002, the Company had working capital of \$(110,194). The Company had \$203 cash in the bank and had prepaid \$3,758 in expenses. As at December 31, 2001 had working capital of \$(22,750), \$5,669 cash in the bank and had prepaid \$3,758 in expenses.

As at December 31, 2002, the Company had accounts receivables of \$17,125.

The Company realized cash flow from the SchoolWeb software system in the third quarter of 2002 with sales revenues of \$68,768. The Company anticipates that it will realize further revenues throughout the year ending December 31, 2003 including approximately \$100,000 in revenues from the installation of the Burnaby School District systems expected early in the second quarter of the 2003 period. The Company cannot, at this time, give any reliable indication or prediction of the amount of the revenue given its limited operating history.

It is likely that the Company will be either entirely or partially dependant on raising capital or receiving advances from related parties in order to meet the continuing costs of marketing the Licensed Technology and, possibly, developing products other than the SchoolWeb software system which are based on the Licensed Technology (if available funds permit such development). No plans presently exist for expenditure of funds on Research and Development and AII, under the terms of the License Agreement, are in part responsible for developing the Licensed Technology and updating it to meet customer needs.

The Company anticipates that its CommunityWeb, HealthWeb and Interlink products will begin generating additional revenue in the year ending December 31, 2003. The Company cannot, at this time, give any reliable indication or prediction of the amount of the revenue given its limited operating history and the recent introduction of these products.

The Company does not anticipate additional hirings until such time as its working capital position permits it to make additional hirings in the areas of marketing and sales. The Company believes that its present workforce is sufficient to meet its ongoing administrative needs.

Management believes, based upon current circumstances, that it will be able to secure adequate capital resources to support expected operating levels for the next twelve months. See Note 1 in the attached consolidated financial statements regarding the Company as a going concern.

Recent Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards no. 141 (SFAS 141), Business Combinations , which eliminates the pooling method of accounting for business combinations initiated after June 30, 2001. In addition, SFAS 141 addresses the accounting for intangible assets and goodwill acquired in a business combination. This portion of SFAS 141 is effective for business combinations completed after June 30, 2001. The adoption of SFAS 141 has not had a material impact on the Company s financial position or results of operations.

In July 2001, the FASB issued Statement of Financial Accounting Standards No. 142 (SFAS 142), Goodwill and Intangible Assets , which revises the accounting for purchased goodwill and intangible assets. Under SFAS 142, goodwill and intangible assets with indefinite lives will no longer be amortized and will be tested for impairment annually or whenever events or circumstances indicate that the estimated fair value is less than the related carrying value as determined on a reporting unit basis. SFAS 142 is effective for fiscal years beginning after December 15, 2001. The adoption of SFAS 142 has not had a material impact on the Company s financial position or results of operation.

Inflation

Management does not believe that inflation had a material adverse affect on the financial statements for the periods presented.

Qualitative and Quantitative Disclosure about Market Risk

The Company is exposed to certain market risks in the areas of currency exchange rates because of its operations in Canada and the United States.

While the currency exchange rates between the Canadian and the US dollar varied throughout the periods presented, these currency exchange rates have typically and historically varied less than the value of the US dollar versus other less stable currencies (those of undeveloped nations) and did not, in management's view, materially affect the Company's results in the period presented.

Audit Committee

As of the date of this Annual Report, the Company has not appointed members to an audit committee and, therefore, the respective role of an audit committee has been conducted by the board of directors of the Company. When established, the audit committee's primary function will be to provide advice with respect to the Company's financial matters and to assist the board of directors in fulfilling its oversight responsibilities regarding finance, accounting, tax and legal compliance. The audit committee's primary duties and responsibilities will be to:

- (i) serve as an independent and objective party to monitor the Company's financial reporting process and internal control system;
- (ii) review and appraise the audit efforts of the Company's independent accountants;
- (iii) evaluate the Company's quarterly financial performance as well as its compliance with laws and regulations;
- (iv) oversee management's establishment and enforcement of financial policies and business practices; and
- (v) provide an open avenue of communication among the independent accountants, management and the board of directors.

The board of directors has considered whether the regulatory provision of non-audit services is compatible with maintaining the principal independent accountant's independence. It has concluded that, as the non-audit services provided by the Company's principal independent accountants have related only to review of regulatory filings with the SEC and not to other possible services such as financial consulting or management consulting, independence has not been compromised.

Audit Fees

As of the date of this Annual Report, the Company has incurred approximately \$10,900 in fees during fiscal year ended December 31, 2002 to its principal independent accountant for professional services rendered in connection with the Company's audited financial statements and for all other non-audit services (including reviews of the Company's quarterly financial statements). None of these non-audit services included fees for consulting services.

ITEM 7. FINANCIAL STATEMENTS.

Consolidated financial statements as of and for the year ended December 31, 2002 and 2001 are presented in a separate section of this report following Part IV.

ITEM 8. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS ON ACCOUNTING AND FINANCIAL DISCLOSURE.

During the Company's two most recent fiscal years there were no disagreements with the Company's accountants on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure. In addition, there were no reportable events as described in Item 304(a)(1)(iv)(B)1 through 3 of Regulation S-B that occurred within the Company's two most recent fiscal years and the subsequent interim periods.

PART III.

ITEM 9. DIRECTORS, EXECUTIVE OFFICERS AND COMPLIANCE WITH SECTION 16(A) OF THE EXCHANGE ACT.

(a) Officers and Directors.

The following discussion contains disclosure concerning the officers, directors and control persons of the Company. There are no persons which have acted as a promoter, controlling person or significant employee of the Company other than as disclosed below:

Name	Position	Term of Office*1*2
Michael Dearden	President and Director	Expires May 10, 2003
Griffin Jones	Secretary, Treasurer and Director	Expires May 10, 2003
Patrick Fitzsimmons	Director, Vice President	Expires May 10, 2003
Greg Protti	Director, Vice President	Expires May 10, 2003
Karim Lakhani	Director	Expires May 10, 2003
Brandon Douglas	Director	Expires May 10, 2003

1. Directors, whether appointed at a meeting of shareholders or by the remaining directors, are appointed until the next annual meeting of shareholders. As Alternet had its last annual meeting of shareholders on May 10, 2002 all of the directors terms expired on that date and they were reappointed by the shareholders until the next annual meeting of shareholders. The expiry dates are estimates of when the next meeting will be held.
2. The President, Secretary and Treasurer do not have a set term of office. They serve at the pleasure of the Directors and can be removed at any time by the Directors.

Michael Dearden, President and Director

Michael Dearden, age 47. Prior to joining Alternet in late 1999, Mr. Dearden was a director of Rolland Virtual Business Systems Limited (formerly Americ Resources Corp.) from May 1997 to May 2000, where he helped to facilitate the merger of Rolland Virtual Business Systems Limited and Americ Resources Corp. and helped to facilitate a concurrent financing of \$1,800,000. Rolland Virtual Business Systems Limited is a Montreal, Canada, based E-commerce software developer with approximately 35 employees.

Griffin Jones, Secretary, Treasurer and Director

Griffin Jones, age 46. Mr. Jones has worked with the Company since 1999 and for the two years prior to that was employed by Rolland Virtual Business Systems Inc. (formerly Americ Resources Corp.) as a

Director and performed management functions for that company. Rolland Virtual Business Systems Limited is a

Montreal, Canada, based E-commerce software developer with approximately 35 employees.

Patrick Fitzsimmons, Director and VP Sales

Pat Fitzsimmons, age 50. Mr. Fitzsimmons joined Alternet in 2001 and brings to the company his sales and management experience. From 1996 to 2001, he was employed as Manager, Major Accounts, AT&T Canada, Vancouver B.C., Canada.

Greg Protti, Director and VP Marketing

Greg Protti, age 45. Mr. Protti joined Alternet in 2001. He was Western Regional Sales Manager for Merisel Canada (a NASDAQ listed software distribution company founded in 1990) from 1996 to 2001. He was responsible for running a \$200 million sales revenue territory for Merisel in Western Canada.

Karim Lakhani, Director

Karim Lakhani, age 43. He holds a Bachelor of Applied Science in Electrical Engineering from The University of British Columbia. He was President of Orion Technologies Inc. from 1996 to 1997. Mr. Lakhani is a co-founder of AII (Advanced Interactive Inc.) and is its President. He has been an officer of AII or its subsidiary from 1998 to the present.

Brandon Douglas, Director

Brandon Douglas, age 48. Mr. Douglas has been an associate lawyer with the Law Offices of Vernis & Bowling of Fort Lauderdale, P.A. from 1997 to the present. Prior to that, Mr. Douglas was a sole practitioner having operated the Law Office of Brandon J. Douglas from 1992 to 1997.

Each officer and director generally serves until the next annual meeting of shareholders or until such time as he or she resigns.

All of the officers and directors devote themselves full-time to the Company except for Karim Lakhani and Brandon Douglas whose duties and time are limited to those typically expected of outside directors and non-officer directors on a company's board of directors.

The Company maintains an Advisory Board of persons who have volunteered their time to provide advice to the Company on its continued development. These persons do not actively participate in the management of the Company.

(b) Compliance with Section 16(a) of the Exchange Act.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's directors, certain officers and persons holding 10% or more of the Company's common stock to file reports regarding their ownership and regarding their acquisitions and dispositions of the Company's common stock with the Securities and Exchange Commission. The Company is unaware that any required reports were not timely filed.

Alternet, at its annual meeting of shareholders held on December 20, 2001, adopted a Stock Option Plan which would permit Alternet to grant up to 1,000,000 incentive stock options. This Stock Option Plan was approved by shareholders. No stock options have yet been granted under this Stock Option Plan nor has it been filed with the SEC using the S8 Registration Statement procedure. However, some or all of the persons named above may be granted stock options in the future and the Stock Option Plan may be filed using the S8 Registration Statement procedure.

As of December 31, 2001, certain directors had provided cash loans to, or incurred expenses on behalf of, the Company totaling \$33,486. This amount decreased (with the partial reimbursement of expenses and repayment of loans) to \$12,782 as of December 31, 2002. These amounts due from related parties are non-interest bearing and have no specific terms of repayment.

A director of AI Systems Group Inc. received \$32,607 in marketing fees in the year ended December 31, 2001 (the director was Patrick Fitzsimmons and the \$32,607 is included in the \$40,000 figure given in the Summary Compensation Table above).

Other than as stated below, there is no known relationship between any of the Directors and Control persons with major clients or providers of essential products and technology, nor are there any other known related transactions except as disclosed otherwise in this registration statement.

Karim Lakhani is Director and President of Advanced Interactive Inc. and Director of Advanced Interactive Canada Inc., corporations which own a total of 3,000,000 shares of common stock (approximately 21% of the issued and outstanding shares of common stock) of Altnet. These corporations are also party to the License Agreement and its amendments. As of August 10, 2002 AII was owed \$80,000 in arrears license payments by the Company which was debt settled by the issuance to AII of 228,571 shares of common stock of the Company.

None of the directors or officer's individual's total compensation under all contracts with the Company, including special allowances or bonuses, will exceed \$100,000 this year. All officers and directors will be reimbursed for expenses incurred on behalf of the Company including director expenses pertaining to attendance at meetings. It is anticipated that additional management may be hired in future years as the Company develops, revenue is generated and working capital permits such hirings. If such hirings occur, salaries paid to new employees will be consistent with the salaries of others in similar positions in the industry.

ITEM 11. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT.

The following table sets forth information regarding the beneficial ownership of shares of the Company's common stock as of December 31, 2002 (16,144,085 issued and outstanding) by:

-
- (i) all stockholders known by the Company to be beneficial owners of more than 5% of the outstanding common stock; and
 - (ii) all directors and officers of the Company and as a group (each person has sole voting power and sole dispositive power as to all of the shares shown as beneficially owned by them):

1. Karim Lakhani does not personally own any common stock. However, as well as being a director of Alternet, he is a Director and President of Advanced Interactive Inc. and is a director of its Canadian subsidiary, Advanced Interactive Canada Inc. These two companies hold a total of 20.0% of the issued and outstanding stock of the Company.
2. Streamline Investments, Inc. is a company wholly owned by the Company's President and Director, Michael Dearden. Streamline Investments, Inc. also owns 60,000 of our outstanding share purchase warrants. The warrants are exercisable at \$0.50 per warrant for a period until February 28, 2004.
3. Nahatlatch Capital Corp. is a company wholly owned by the Company's Treasurer, Secretary and Director, Griffin Jones.

Advanced Interactive Inc. (AII) has a common director with the Company, Karim Lakhani (the President and a Director of AII). The day to day business and affairs of AII are controlled by its President, Karim Lakhani and overseen by its board of directors. It is likely that voting and disposition of AII's shares of Alternet Systems, Inc. would also be overseen by Mr. Lakhani and the board of directors of AII. Mr. Lakhani holds 24.95% of the issued and outstanding shares of AII and no other shareholder owns more than 10%.

ITEM 12. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS.

During the past two years, there have not been any transactions that have occurred between the Company and its officers, directors and five percent or greater shareholders except as follows:

The software License Agreement entered into between the Company's subsidiary, AI Systems Group Inc. and Advanced Interactive Inc. saw Advanced Interactive Inc. become an affiliate of the Company with its President, Karim Lakhani, joining the board of directors of the Company and with Advanced Interactive Inc. receiving 3,000,000 shares of common stock in the Company. The number of shares was negotiated between AI Systems Group, the Company and AII. In August of 2002, we were \$80,000 in arrears on license payments to AII under the terms of the License Agreement. This arrears debt was settled by issuing to AII a total of 228,571 shares of common stock. In the nine months ended September 30, 2002, AII received \$180,000 in license agreement payments from Altnet. AII received \$120,000 in license agreement payments from Altnet in the year ending December 31, 2001.

Michael Dearden (through his wholly owned company, Streamline Investments Inc.) has acquired 60,000 share purchase warrants (exercisable for a period of two years at an exercise price of \$0.50) and 60,000 shares of the Company. Streamline Investments Inc. paid \$21,000 to the Company for these securities.

Executive compensation is disclosed above.

Certain of the officers and directors of the Company are and have been compensated for their work with the Company (*see Executive Compensation*), either personally or through corporations which they own. Officers and Directors of the Company are reimbursed for expenses they incur on behalf of the Company.

Certain of the officers and directors of the Company are engaged in other businesses, either individually or through partnerships and corporations in which they have an interest, hold an office, or serve on a board of directors. As a result, certain conflicts of interest may arise between the Company and its officers and directors. The Company will attempt to resolve such conflicts of interest in favour of the Company. The officers and directors of the Company are accountable to it and its shareholders as fiduciaries, which requires that such officers and directors exercise good faith and integrity in handling the Company's affairs. A shareholder may be able to institute legal action on behalf of the Company or on behalf of itself and other similarly situated shareholders to recover damages or for other relief in cases where the resolution of conflicts is in any manner prejudicial to the Company.

AUDITORS REPORT

To the Board of Directors and Stockholders of Alternet Systems Inc. (formerly Schoolweb Systems Inc.)

We have audited the consolidated balance sheets of Alternet Systems Inc. (formerly Schoolweb Systems Inc.) (A Development Stage Company) as at December 31, 2002 and 2001 and the consolidated statements of operations, changes in stockholders' equity and cash flows for the years ended December 31, 2002 and 2001, and the period from October 13, 2000 (inception) to December 31, 2002. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian and United States generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the Company as at December 31, 2002 and 2001 and the results of its operations and its cash flows and the changes in stockholders' equity for the years ended December 31, 2002 and 2001, and from October 13, 2000 (inception) to December 31, 2002 in accordance with generally accepted accounting principles in the United States.

CHARTERED ACCOUNTANTS

COMMENTS BY AUDITORS FOR U.S. READERS ON CANADA-UNITED STATES REPORTING DIFFERENCES

In the United States, reporting standards for auditors would require the addition of an explanatory paragraph following the opinion paragraph when the financial statements are affected by a significant uncertainty such as referred to in Note 1 regarding the Company's ability to continue as a going concern. Our report to the directors and stockholders dated February 28, 2003 is expressed in accordance with Canadian reporting standards which do not permit a reference to such uncertainties in the auditors' report when the uncertainties are adequately disclosed in the financial statements.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

DECEMBER 31, 2002 AND 2001

NOTE 1 NATURE OF OPERATIONS AND BASIS OF PRESENTATION

The Company was incorporated on June 26, 2000 in the State of Nevada as North Pacific Capital Corp. and was organized for the purpose of creating a corporate vehicle to locate and acquire an operating business. On December 19, 2001 the Company changed its name to Schoolweb Systems Inc. and on May 14, 2002 the Company changed its name to Altnet Systems Inc. (Altnet or the Company). On November 6, 2000, the Company filed a Form 10SB registration statement with the United States Securities and Exchange Commission (SEC) and as a result is subject to the regulations governing reporting issuers in the United States. On March 14, 2003 the Company was listed for quotation on the Over the Counter Bulletin Board.

By agreement dated July 2, 2001 and completed September 10, 2001, Altnet issued 12,343,000 shares of restricted common stock to the shareholders of Schoolweb Holdings Inc. (SW Holdings), a development stage company incorporated October 13, 2000 in the State of Nevada, in exchange for all of the issued and outstanding shares of SW Holdings. On June 26, 2002 SW Holdings changed its name to AI Systems Group, Inc.

The acquisition resulted in the former shareholders of SW Holdings acquiring 90.1% of the then outstanding shares of the Company and has been accounted for as a reverse merger with SW Holdings being treated as the accounting parent and Altnet, the legal parent, being treated as the accounting subsidiary. Accordingly, the consolidated results of operations of the Company include those of SW Holdings for all periods shown and those of the Altnet since the date of the reverse acquisition. The results of operations of SW Holdings are from its inception, October 13, 2000 and include the results of its wholly-owned subsidiary, AI Systems Group (Canada) Ltd. (formerly SchoolWeb Systems (Canada) Ltd.), a company incorporated April 17, 2001 in the Province of British Columbia. Refer to Note 3.

SW Holdings, through a License Agreement dated January 1, 2001, distributes, markets, sells and licenses in the United States and Canada, certain proprietary software and hardware systems technology known as SchoolWeb used for caching Internet and multimedia files on special servers (refer to Note 4).

The consolidated financial statements have been prepared on the basis of a going concern, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business. At December 31, 2002 the Company had a working capital deficiency of \$128,933 (2001 - \$50,150). The Company has incurred losses since inception and further losses are anticipated before the Company reaches a commercial stage raising substantial doubt as to the Company's ability to continue as a going concern. The Company's continued operations are dependent on the successful implementation of its business plan, its ability to obtain additional financing as needed, and ultimately to attain profitable operations.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Principles of Consolidation

The consolidated financial statements include the accounts of the Company and its wholly-owned subsidiaries, AI Systems Group, Inc. and AI Systems Group (Canada) Ltd. All significant intercompany transactions and account balances have been eliminated.

Use of Estimates and Assumptions

Preparation of the Company's financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and Cash Equivalents

The Company considers all liquid investments, with an original maturity of three months or less when purchased, to be cash equivalents.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont d)

License Rights

The Company amortizes the cost of acquiring license rights on a straight-line basis over the term of the license. The Company evaluates the carrying amount of its unamortized license rights against the undiscounted future anticipated cash flows associated with them. If the evaluation indicates that the future undiscounted cash flows are not sufficient to recover the carrying value, an impairment provision is recorded to adjust the carrying value of the license rights to their fair value.

Furniture and Equipment

Furniture and equipment are recorded at cost and depreciated on a declining balance basis at a rate of 30% per annum.

Revenue recognition

The Company licenses its SchoolWeb system on a prepaid basis for terms ranging from one to three years. The Company recognizes license revenues on a straight-line basis over the license term upon completion of the required hardware and software installations and upon acceptance by the purchasers. License fees paid in advance are recorded as deferred revenue.

The Company has generated revenues from hardware sales in connection with the testing of the SchoolWeb system. Hardware sales are recognized upon completion and acceptance of installation by the purchasers.

Foreign Currency Translation

The financial statements are presented in United States dollars. In accordance with Statement of Financial Accounting Standards No. 52, *Foreign Currency Translation*, foreign denominated monetary assets and liabilities are translated to their United States dollar equivalents using foreign exchange rates which prevailed at the balance sheet date. Revenue and expenses are translated at average rates of exchange during the year. Related translation adjustments are reported as a separate component of stockholders' equity, whereas gains or losses resulting from foreign currency transactions are included in results of operations.

Fair Value of Financial Instruments

In accordance with the requirements of SFAS No. 107, the Company has determined the estimated fair value of financial instruments using available market information and appropriate valuation methodologies. The fair value of financial instruments classified as current assets or liabilities approximate carrying value due to the short-term maturity of the instruments.

Stock-Based Compensation

In December 2002, the Financial Accounting Standards Board issued Financial Accounting Standard No. 148, *Accounting for Stock-Based Compensation: Transition and Disclosure* (SFAS No. 148), an amendment of Financial Accounting Standard No. 123 *Accounting for Stock-Based Compensation* (SFAS No. 123). The purpose of SFAS No. 148 is to: (1) provide alternative methods of transition for an entity that voluntarily changes to the fair value based method of accounting for stock-based employee compensation, (2) amend the disclosure provisions to require prominent disclosure about the effects on reported net income of an entity's accounting policy decisions with respect to stock-based employee compensation, and (3) to require disclosure of those effects in interim financial information. The disclosure provisions of SFAS No. 148 were effective for the Company for the year ended December 31, 2002.

The Company has elected to continue to account for stock options granted to employees and officers using the intrinsic value based method in accordance with the provisions of Accounting Principles Board Opinion No. 25, *Accounting for Stock Issued to Employees*, (APB No. 25) and comply with the disclosure provisions of SFAS No. 123 as amended by SFAS No. 148 as described above. Under APB No. 25, compensation expense is recognized based on the difference, if any, on the date of grant between the estimated fair value of the Company's stock and the amount an employee must pay to acquire the stock. Compensation expense is recognized immediately for past services and pro-rata for future services over the option-vesting period. In addition, with respect to stock options granted to employees, the Company provides pro-forma information as required by SFAS No. 123 showing the results of applying the fair value method using the Black-Scholes option pricing model.

In accordance with SFAS No. 123, the Company applies the fair value method using the Black-Scholes option-pricing model in accounting for options granted to consultants.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (cont d)

The Company accounts for equity instruments issued in exchange for the receipt of goods or services from other than employees in accordance with SFAS No. 123 and the conclusions reached by the Emerging Issues Task Force in Issue No. 96-18. Costs are measured at the estimated fair market value of the consideration received or the estimated fair value of the equity instruments issued, whichever is more reliably measurable. The value of equity instruments issued for consideration other than employee services is determined on the earliest of a performance commitment or completion of performance by the provider of goods or services as defined by EITF 96-18.

The Company has also adopted the provisions of the Financial Accounting Standards Board Interpretation No.44, Accounting for Certain Transactions Involving Stock Compensation An Interpretation of APB Opinion No. 25 (FIN 44), which provides guidance as to certain applications of APB 25. FIN 44 is generally effective July 1, 2000 with the exception of certain events occurring after December 15, 1998.

Income taxes

The Company follows the liability method of accounting for income taxes. Under this method, future tax assets and liabilities are recognized for the future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax balances. Future tax assets and liabilities are measured using enacted or substantially enacted tax rates expected to apply to the taxable income in the years in which those differences are expected to be recovered or settled. The effect on future tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the date of enactment or substantive enactment. As at December 31, 2002 the Company had net operating loss carryforwards; however, due to the uncertainty of realization the Company has provided a full valuation allowance for the deferred tax assets resulting from these loss carryforwards.

Net Loss per Common Share

Basic earnings per share includes no dilution and is computed by dividing income available to common stockholders by the weighted average number of common shares outstanding for the period. Dilutive earnings per share reflects the potential dilution of securities that could share in the earnings of the Company. Because the Company does not have any potentially dilutive securities, the accompanying presentation is only of basic loss per share.

Recent Accounting Pronouncements

In July 2001, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards No. 141 (SFAS 141), Business Combinations , which eliminates the pooling method of accounting for business combinations initiated after June 30, 2001. In addition, SFAS 141 addresses the accounting for intangible assets and goodwill acquired in a business combination. This portion of SFAS 141 is effective for business combinations completed after June 30, 2001. The adoption of SFAS 141 has not had a material impact on the Company s financial position or results of operations.

In July 2001, the FASB issued Statement of Financial Accounting Standards No. 142 (SFAS 142), Goodwill and Intangible Assets , which revises the accounting for purchased goodwill and intangible assets. Under SFAS 142, goodwill and intangible assets with indefinite lives will no longer be amortized and will be tested for impairment

annually or whenever events or circumstances indicate that the estimated fair value is less than the related carrying value as determined on a reporting unit basis. SFAS 142 is effective for fiscal years beginning after December 15, 2001. The adoption of SFAS 142 has not had a material impact on the Company's financial position or results of operation.

NOTE 3 ACQUISITION OF SW HOLDINGS

By agreement dated July 2, 2001 and completed September 10, 2001, SW Systems acquired 100 % of the issued and outstanding shares of SW Holdings in exchange for 12,343,000 shares of restricted common stock of SW Systems. At the time of this transaction, the former shareholders of SW Holdings acquired 90.1% of the 13,693,000 total issued and outstanding shares of SW Systems.

10

NOTE 3 ACQUISITION OF SW HOLDINGS (cont d)

This acquisition has been accounted for as a recapitalization using accounting principles applicable to reverse acquisitions with SW Holdings being treated as the accounting parent (acquirer) and SW Systems being treated as the accounting subsidiary (acquiree). The value assigned to the capital stock of consolidated SW Systems on acquisition of SW Holdings is equal to the book value of the capital stock of SW Holdings plus the book value of the net assets of SW Systems as at the date of the acquisition.

The book value of SW System's capital stock subsequent to the acquisition is calculated and allocated as follows:

SW Holdings capital stock	\$
SW Systems net assets (liabilities)	
	\$
Capital stock Additional paid-in capital	\$
	\$

These consolidated financial statements include the results of operations of SW Holdings since October 13, 2000 (inception) and the results of operations of SW Systems since the date of the reverse acquisition on September 10, 2001.

NOTE 4 - LICENSE AGREEMENT

By agreement dated January 1, 2001, SW Holdings entered into an agreement with Advanced Interactive Inc. (AII) and Advanced Interactive (Canada) Inc. (AIC) whereby SW Holdings acquired exclusive and non-exclusive rights and licenses to commercialise, distribute and market AII and AIC technology, products and services in the United States and Canada for a period of five years renewable for a further five years at SW Holdings option. SW Holdings issued 2,500,000 shares on June 29, 2001 valued at \$.01 per share or \$25,000 to acquire the license. SW Holdings must pay royalties equal to 40% of net revenue received plus a fixed amount of \$10,000 per month in the first year, \$20,000 per month in year two, and increasing by \$8,000 per month in each of the subsequent years to a maximum of \$84,000 per month in year ten. After year three, the fixed monthly payment is reduced by the amount of royalties otherwise payable.

Effective September 10, 2001 SW Holdings, AII and AIC amended the original agreement such that AI and AIC received an additional 500,000 shares valued at \$5,000 which Alternet issued on September 10, 2001.

Also effective September 10, 2001 the President and director of AII and AIC became a director of the Company.

NOTE 7 INCOME TAXES

The Company and its subsidiaries have tax losses which may be available to reduce future year's taxable income, that result in deferred tax assets. Management believes that the realization of the benefits from these deferred tax assets appears uncertain due to the Company's limited operating history and losses to date. Accordingly a full, deferred tax asset valuation allowance has been provided and no deferred tax asset benefit has been recorded.

The Company has established and currently maintains disclosure controls and other procedures designed to ensure that material information required to be disclosed in its reports filed under the Securities Exchange Act of 1934 is recorded, processed, summarized and reported, within the time periods specified by the Securities Exchange Commission. In conjunction with the close of each fiscal quarter, the Company conducts a review and evaluation of the effectiveness of the Company's disclosure controls and procedures. It is the opinion of the Company's President, Michael Dearden, based upon any evaluation completed within 90 days prior to the filing of this report, that the Company's disclosure controls and procedures are effective and ensure that any material information relating to the Company is recorded, processed, summarized and reported to its principal officers to allow timely decisions regarding required disclosures. There have been no significant changes in the Company's internal controls or in other factors that could significantly affect internal controls subsequent to December 31, 2002.
