Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e -4(c))

SECTION 1 REGISTRANT'S BUSINESS AND OPERATIONS

ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT

Encore Clean Energy, Inc. (the Company) has, effective March 10, 2006, entered into a proposed transaction (the Proposed Transaction) with Valerus Compression Services, LLP (Valerus), a Texas Corporation. Valerus is a gas-handling specialist with technical and operational expertise in reciprocating and rotary gas compression for the pipeline industry. Valerus's products and services play a critical role in facilitating the distribution of natural gas from its source to industrial, commercial and residential end users. Encore is developing, under exclusive license, the Magnetic Piston Generator (MPG), which is designed to convert waste heat into electricity. Encore is also in the process of obtaining distribution rights to other existing and proven waste heat to electricity devices. Valerus intends to both form a venture with Encore to further develop Encore's MPG device, its waste heat to electricity business, and to obtain exclusive rights directly related to the oil and gas compression and wellhead services industries (the Industries).

Basic Terms of the Proposed Transaction

Subject to availability of financing which Valerus and Encore agree to jointly pursue, Valerus agrees to co-develop a heat to electricity version of Encore's MPG specific to the Industries.

Encore and Valerus agree to form and jointly own an LLC (the LLC) to own the oil & gas pipeline and wellhead rights (the Rights) to this version of the MPG. Encore will contribute these rights on per kilowatt royalty basis, to be determined in the definitive agreement. Valerus will develop the device(s) and supply the LLC with access to its engineering, sales and service force.

This foregoing is a summary of the Agreement. The full text of the agreement is attached hereto as Exhibit 10.1.

SECTION 9 FINANCIAL STATEMENTS AND EXHIBITS ITEM

9.01 FINANCIAL STATEMENTS AND EXHIBITS
