(Former name or former address, if changed since last report)

ITEM 2. ACQUISITION OR DISPOSITION OF ASSETS.

On June 13, 2002, the Registrant entered into a Stock Purchase Agreement with Technical Solutions Group, Inc., a Nevada Corporation ("TSG"), Garth Barrett, an individual, and TS Group, LLC, a Texas limited liability company (collectively the "Seller"), whereby the Registrant purchased 100% of the issued and outstanding common stock from the Seller. In exchange for all of the outstanding common stock of the Seller, the Registrant agreed to deliver to the Seller \$400,000 of working capital and 6,000,000 shares of restricted common stock of the Registrant. These shares were allocated as follows:

(a) Garth Barrett: 2,000,000 shares, in exchange for 8,000 shares of TSG common stock.

(b) TS Group, LLC: 4,000,000 shares for 16,000 shares of TSG

Edgar Filing: FORCE PROTECTION INC - Form 8-K/A

common stock, which is subject to a security interest from a note due to TSG from TS Group.

The Registrant formed its subsidiary TSG International, Inc., a Nevada corporation (90% owned by the Registrant and 10% owned by Ashford Capital, LLC), for the purpose of holding 100% of the issued and outstanding stock of TSG. TSG manufactures a line of specialty vehicles for the military and law enforcement markets.

ITEM 5. OTHER EVENTS AND REGULATION FD DISCLOSURE.

Effective on September 16, 2003, with the filing of Articles of Amendment to Articles of Incorporation with the Colorado Secretary of State, the name of the Registrant was changed from "Sonic Jet Performance, Inc." to "Force Protection, Inc." This change was approved by the Registrant's shareholders at the annual meeting held on August 23, 2003.

ITEM 7. FINANCIAL STATEMENTS AND EXHIBITS.

Financial Statements.

The Registrant has determined that this acquisition must comply with Securities and Exchange Commission rules regarding financial disclosure. Therefore, financial statements are being furnished for TSG as follows:

- (a) audited financial statements for the two most recent fiscal years (prior to the date of acquisition) ended December 31;
- (b) pro forma financial information.

Exhibits.

Exhibits included are set forth in the Exhibit Index pursuant to Item 601 of Regulation S-B.

SIGNATURE

Pursuant to the requirements of Section 13 or 15(d) of the Securities Exchange Act of 1934, the Registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.

INDEPENDENT AUDITOR'S REPORT

Edgar Filing: FORCE PROTECTION INC - Form 8-K/A

To the Board of Directors and Stockholders
Technical Solutions Group, Inc.
Charleston, South Carolina

We have audited the accompanying balance sheets of Technical Solutions Group, Inc. as of December 31, 2001 and 2000, and the related statements of operations, stockholders' equity (deficit) and cash flows for the years then ended. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Technical Solutions Group, Inc., as of December 31, 2001 and 2000, and the results of its operations and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 1 to the financial statements, the Company's recurring losses from operations and its difficulties in generating sufficient cash flow to meet its obligation and sustain its operations raise substantial doubt about its ability to continue as a going concern. Management's plans concerning these matters are also described in Note 1. The financial statements do not include any adjustments that might result from the outcome of this uncertainty.

TECHNICAL SOLUTIONS GROUP, INC.
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2001 AND 2000

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Company.

Technical Solutions Group, Inc. ("Company"), is design and manufacturers of specialized military vehicles for various purposes. The principal executive office is located in Charleston, South Carolina.

Going Concern.

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the financial statements, during the years ended December 31, 2001 and 2000, the Company incurred losses of \$184,916 and \$316,464 respectively, and the Company's current liabilities exceed current assets by \$465,600 as of December 31, 2001. Realization of a major portion of the assets in the accompanying balance sheet is dependent upon continued operations of the Company, obtaining additional financing, and the success of its future operations.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash Equivalents.

For purposes of reporting cash flows, the Company considers all highly liquid debt instruments purchased with maturity of three

Edgar Filing: FORCE PROTECTION INC - Form 8-K/A

months or less to be cash equivalents.

Property and Equipment.

Property and equipment are stated at cost or at the value of the operating agreement. Depreciation and amortization are computed using the straight-line method over the following estimated useful lives:

Vehicles	20 years
Furniture and fixtures	7 years
Machinery and equipment	7 years
Computers and software	5 years

Impairment of Long-Lived Assets.

The Company reviews long-lived assets to be held and used for impairment whenever events or changes in circumstances indicated that the carrying amount of an asset might not be recoverable. If the sum of the expected future cash flows (undiscounted and without interest charges) is less than the carrying amount of the asset, the Company would recognized an impairment loss based in the estimated fair value of the asset.

Income Taxes.

The Company uses the asset and liability method of accounting for income taxes. The asset and liability method accounts for deferred income taxes by applying enacted rates in effect for periods in which the difference between the book value and the tax bases of assets and liabilities are scheduled to reverse. The resulting deferred tax asset or liability is adjusted to reflect changes in tax laws or rates. Because the Company has incurred losses from operations, no benefit is realized for the tax effect of the net operating loss carryforward due to the uncertainty of its realization

Loss per Share.

The Company utilizes Statement of Financial Accounting Standards ("SFAS") No. 128, "Earnings per Share." Basic loss per share is computed by dividing loss available to common stockholders by the weighted-average number of common share outstanding. Diluted loss per share is computed similar to basic loss per share except that the denominator is increased to include the number of additional common shares that would have been outstanding if the potential common shares had been issued and if the additional common shares were dilutive. Because the Company has incurred net losses, basic and diluted loss per share is the same.

Estimates.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Revenue Recognition.

Revenues from products and services are recognized at the time goods

Edgar Filing: FORCE PROTECTION INC - Form 8-K/A

are shipped or accepted by the customer, or services are provided to the customer.

Comprehensive Income (Loss).

The Company utilizes SFAS No. 130, "Reporting Comprehensive Income." This statement establishes standards for reporting comprehensive income (loss) and its components in a financial statement. Comprehensive income (loss) as defined includes all changes in equity (net assets) during a period from non-owner sources. Examples of items to be included in comprehensive income (loss), which are excluded from net loss, include foreign currency translation adjustments and unrealized gains and losses on available-for-sale securities. Comprehensive income (loss) consists of foreign currency translation adjustments and is presented in the consolidated statements of stockholders' equity (deficit).

NOTE 3 - LINES OF CREDIT

The Company has \$75,000 of total lines of credit outstanding from two lending sources. These lines are collateralized by furniture, fixtures, equipment, inventory, and accounts receivable. Amounts of each line of credit and interest rates are as follows:

	Interest Rate	2001 Balance	2000 Balance
Line of Credit from Wells Fargo	16.25%	\$25,000	\$25,000
Line of Credit from Washington Mutual Bank	12.00%	50,000	50,000
Total		\$75,000	\$75,000

NOTE 4 - RELATED PARTY TRANSACTIONS

In August 1997, the Company borrowed \$62,500 from J. Hoffman, who is a shareholder. The note is payable in installment payments of \$1,892 for 36 months beginning in February 2001 and is collateralized by a military vehicle.

In August 1997, the Company borrowed \$20,000 from A. Login, who is a shareholder. The note is payable with annual interest payments of \$2,400 with balloon payment due on date of August 1, 2004 and is collateralized by a military vehicle.

In August 1997, the Company borrowed \$30,000 from H. Login, who is a shareholder. The note is payable with annual interest payments of \$3,600 with balloon payment due on date of August 1, 2004 and is collateralized by a military vehicle.

During 2001, the Company borrowed \$101,500 from S. Gregory, who is a shareholder. The note is payable with annual interest payments of \$3,600 with balloon payment due on date of January 1, 2008, with no interest due for the first 5 years and 10% interest due the second 5 years.

NOTE 5 - SHAREHOLDER DEBT

During 2001, the Company borrowed \$31,500 from G. Barrett, who is a shareholder. The note is due on demand and bears interest at the rate of 10%.

During 2001, the Company borrowed \$50,000 from TS Group, LLC, which is a shareholder. The note is due on demand and bears interest at

Edgar Filing: FORCE PROTECTION INC - Form 8-K/A

the rate of 10%.

NOTE 6 - COMMITMENTS AND CONTINGENCIES

Rental Lease

In September 2001, the Company entered into a rental lease agreement that expires in September 2004 for office and warehouse space in Charleston, South Carolina.

Minimum future lease payments under current lease agreements at December 31, 2001 are as follows;

2002	\$108,000
2003	120,000
2004	96,000
	\$324,000

NOTE 6 - CONCENTRATION OF RISK

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of temporary cash investments and trade accounts receivable.

The Company maintains a cash account at one bank. At December 31, 2001, the Company's carry amount of deposits was \$2,325. \$100,000 was covered by the Federal Deposit Insurance Corporation for each of the bank accounts. The Company had no uninsured cash balances as of December 31, 2001.

The Company is a manufacturer of specialty military vehicles. The Company grants credit to established customers. Collateral is not required for credit. The accounts receivable balances were \$0 and \$66,640 as of December 31, 2001 and December 31, 2000 respectively.

NOTE 7 - INCOME TAXES

Significant components of the Company's deferred tax liabilities and assets at December 31, 2001 are as follows:

Deferred Tax Assets	
Net Operating Loss Carryforwards	\$578,674
Less Valuation Allowance	(578,674)
Total Deferred Tax Assets	-

As of December 31, 2001, the Company had a net operating loss carryforward for federal income tax purposes approximately equal to the accumulated deficit recognized for book purposes, which will be available to reduce future taxable income. The full realization of the tax benefit associated with the carryforward depends predominantly upon the Company's ability to generate taxable income during the carryforward period. Because of the current uncertainty of realizing such tax assets in the future, a valuation allowance has been recorded equal to the amount of the net deferred tax assets, which caused the Company's effective tax rate to differ from the statutory income tax rate. The net operating loss carryforward, if not utilized, will begin to expire in the year 2007.
