Item 9. Regulation FD Disclosure

On March 26, 2004, SI International, Inc. (the Company) issued a press release announcing that it is being awarded the Command, Control, Communications, Computer, Intelligence, Information Technology, Surveillance and Reconnaissance (C4I2TSR) Engineering and Technical Support Contract. The indefinite delivery/indefinite quantity prime contract has a three and one-half year base period, and, with options, a potential value up to \$800 million. The Company believes that the option periods will consist of three (3) two-year option periods, and, if all options are exercised by the Government, the contract term will be nine and one-half years, which is consistent with the initial C4I2TSR solicitation released in August 2003. The press release is incorporated by reference from Exhibit 99.1 to this Form 8-K and is furnished to, but not filed with, the Commission.

The above-referenced statements may contain forward-looking statements that are made pursuant to the safe-harbor provisions of the Private Securities Litigation Reform Act of 1995. Expressions of future goals and similar expressions reflecting something other than historical fact are intended to identify forward-looking statements, but are not the exclusive means of identifying such statements. These forward-looking statements involve a number of risks and uncertainties, which are described in SI International, Inc.'s filings with the Securities and Exchange Commission. These risks and uncertainties include: differences between authorized amounts and amounts received by SI International, Inc. under government contracts; government customers' failure to exercise options under contracts; changes in federal government (or other applicable) procurement laws, regulations, policies and budgets; SI International, Inc.'s ability to attract and retain qualified personnel; and the important factors discussed in the Risk Factors section of the annual report on Form 10-K filed by SI International, Inc. with the Securities and Exchange Commission and available directly from the Commission at [www.sec.gov](http://www.sec.gov). The actual results may differ materially from any forward-looking statements due to such risks and uncertainties. SI International, Inc. undertakes no obligations to revise or update any forward-looking statements in order to reflect events or circumstances that may arise after the date of this release.
