### NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

#### (dollars in thousands, except per share amounts)

### 1. Summary of Significant Accounting Policies

#### **Basis of Presentation**

PRIMEDIA Inc., together with its subsidiaries, is herein referred to as either PRIMEDIA or the Company. In the opinion of the Company s management, the condensed consolidated financial statements present fairly the consolidated financial position of the Company as of June 30, 2004 and December 31, 2003 and the consolidated results of operations of the Company for the six and three months ended June 30, 2004 and 2003, and consolidated cash flows of the Company for the six month periods ended June 30, 2004 and 2003 and all adjustments (consisting of normal recurring accruals) considered necessary for a fair presentation have been included. All intercompany accounts and transactions have been eliminated in consolidation. These statements should be read in conjunction with the Company s annual consolidated financial statements and related notes for the year ended December 31, 2003, which are included in the Company s annual report on Form 10-K for the year ended December 31, 2003. The operating results for the six and three month periods ended June 30, 2004 are not necessarily indicative of the results that may be expected for a full year. Certain amounts in the prior periods condensed consolidated financial statements and related notes have been reclassified to conform to the presentation as of and for the six and three month periods ended June 30, 2004.

#### Stock Based Compensation

The Company has a stock-based employee compensation plan. Effective January 1, 2003, the Company adopted Statement of Financial Accounting Standards (SFAS) No. 123, Accounting for Stock-Based Compensation, as amended by SFAS 148, Accounting for Stock-Based Compensation Transition and Disclosure, using the prospective method. Upon adoption, the Company began expensing the fair value of stock-based compensation for all grants, modifications or settlements made on or after January 1, 2003. The adoption of SFAS 123 increased the loss from continuing operations for the six and three months ended June 30, 2004 by \$1,368 and \$778, respectively. The impact of the adoption of SFAS 123 was not significant for the six and three months ended June 30, 2003.

6

The following table illustrates the effect on net income (loss) applicable to common shareholders and income (loss) per common share if the Company had applied the fair value recognition provisions of SFAS 123 to all stock-based employee compensation grants:

	Six Months Ei 2004	une 30, 2003	Three Months H 2004	Ended	June 30, 2003

Reported basic and diluted income (loss)	\$ 0.01	\$	0.14	\$ (0.01)	\$	0.28
Pro forma basic and diluted income (loss)	\$ (0.01)	\$	0.09	\$ (0.02)	\$	0.26

Pro forma information regarding net income and earnings per share is required by SFAS 123, and has been determined as if the Company had accounted for its employee stock options granted on or before December 31, 2002 under the fair value method of SFAS 123. The fair value of these options was estimated at the date of grant using the Black-Scholes pricing model. The following weighted-average assumptions were used for options granted in the six months ended June 30, 2004 and 2003, respectively: risk-free interest rates of 2.81% and 3.85%; dividend yields of 0.0% and 0.0%; volatility factors of the expected market price of the Company s common stock of 85% and 79%, and a weighted-average expected life of the options of three and five years. For the three months ended June 30, 2004 and 2.003, respectively, the following weighted-average assumptions were used: risk-free interest rates of 2.83% and 3.82%; dividend yields of 0.0% and 0.0%; volatility factors of the company s common stock of 85% and 79%, and a weighted-average assumptions were used: risk-free interest rates of 2.83% and 3.82%; dividend yields of 0.0% and 0.0%; volatility factors of the expected market price of the Company s common stock of 85% and 79%, and a weighted-average expected life of the options of three and five years. The estimated fair value of options granted during the six months ended June 30, 2004 and 2003 was \$318 and \$18, respectively, and \$310 and \$8 during the three months ended June 30, 2004 and 2003, respectively.

The Black-Scholes pricing model was developed for use in estimating the fair value of traded options which have no vesting restrictions and are fully transferable. In addition, option valuation models require the input of highly subjective assumptions including the expected stock price volatility. Because the Company s employee stock options have characteristics significantly different from those of traded options, and because changes in the subjective input assumptions can materially affect the fair value estimate, in management s opinion, the existing models do not necessarily provide a reliable single measure of the fair value of its employee stock options.

### Recent Accounting Pronouncement

On July 1, 2003, the Company prospectively adopted SFAS No. 150, Accounting for Certain Financial Instruments with Characteristics of both Liabilities and Equity .SFAS 150 requires the Company to classify as long-term liabilities its Series D Exchangeable Preferred Stock, Series F Exchangeable Preferred Stock and Series H Exchangeable Preferred Stock (collectively the Exchangeable Preferred Stock ) and to classify dividends from this Exchangeable Preferred Stock as interest expense. As a result of the adoption of SFAS 150, the Exchangeable Preferred Stock are now collectively described as shares subject to mandatory redemption on the accompanying condensed consolidated balance sheets as of June 30, 2004 and December 31, 2003. Dividends on these shares, subsequent to the adoption of SFAS 150, are now described as interest on shares subject to mandatory redemption and are included in loss from continuing operations for the six and three months ended June 30, 2004, whereas previously they were presented below net income (loss) as preferred stock dividends. The adoption of SFAS 150 increased the loss from continuing operations for the six and three months ended June 30, 2004 by \$22,562 and \$11,281, respectively, which represents interest on shares subject to mandatory redemption (\$10,945 per quarter) and amortization of issuance costs (\$336 per quarter) which is included in the amortization of deferred financing costs on the accompanying condensed statements of consolidated operations. If SFAS 150 was adopted on January 1, 2003, loss from continuing operations for the six and three increased by \$22,670 and \$10,794, respectively. This adoption did not have an impact on income (loss) applicable to common shareholders or income (loss) per common share for any of the periods presented on the accompanying condensed statements of consolidated operations.

### 2. Divestitures

The Company has classified the results of certain divested entities as discontinued operations in accordance with SFAS 144, Accounting for the Impairment or Disposal of Long-Lived Assets .

In January 2004, the Company completed the sale of *New York* magazine, part of the Enthusiast Media segment, the results of which have been classified as discontinued operations for all periods presented. Proceeds from the sale of \$55,000, subject to standard post-closing adjustments, were used to pay down the Company s borrowings under its bank credit facilities with JPMorgan Chase Bank, Bank of America, N.A., The Bank of New York, and The Bank of Nova Scotia, as agents (the bank credit facilities ). Additionally, the Company finalized a working capital settlement with the purchaser of *Seventeen* and its companion teen properties, resulting in a payment to the purchaser of \$3,379 in January 2004.

In February 2004, the Company completed the sale of Kagan World Media, part of the Business Information segment, the results of which have been classified as discontinued operations for all periods presented. Proceeds from the sale were approximately \$2,200, subject to standard post-closing adjustments.

In April 2004, the Company sold About Web Services, the Web hosting business of About Inc., part of the Enthusiast Media segment, the results of which have been classified as discontinued operations for all periods presented. Proceeds from the sale were approximately \$12,200, subject to standard post-closing adjustments.

Additionally, the Company is evaluating strategic partnerships regarding the *Folio*, *Circulation Management* and *American Demographics* properties in the Business Information segment. The operating results of these businesses have been classified as discontinued operations for all periods presented and the related assets and liabilities have been classified as held for sale as of June 30, 2004.

The results of the Company s divestiture of certain properties in 2004 and 2003 have been included in discontinued operations on the accompanying condensed statements of consolidated operations. Discontinued operations include revenues of \$6,718 and \$86,815 for the six months ended June 30, 2004 and 2003, respectively, and \$1,762 and \$36,501 for the three months ended June 30, 2004 and 2003, respectively.

### Balance Sheet-Held for Sale

### 5. Goodwill, Other Intangible Assets and Other

As required under SFAS 142, Goodwill and Other Intangible Assets , the Company continues to assess goodwill and indefinite lived intangible assets for impairment at least annually since its initial adoption of SFAS 142 on January 1, 2002. The Company established October 31 as the annual impairment test date. In addition to the annual impairment test, an assessment is also required whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. For the six months ended June 30, 2004, there were no events or changes in circumstances requiring the Company to perform an impairment test related to goodwill, intangible assets or other finite lived assets, and accordingly, there were no impairments recorded.

Historically, the Company did not need a valuation allowance for the portion of the tax effect of net operating losses equal to the amount of deferred tax liabilities related to tax-deductible goodwill and trademark amortization expected to occur during the carryforward period of the net operating losses based on the timing of the reversal of these taxable temporary differences. Upon adoption of SFAS 142, the Company recorded a valuation allowance in excess of its net deferred tax assets to the extent the difference between the book and tax basis of indefinite-lived intangible assets is not expected to reverse during the net operating loss carryforward period. With the adoption of SFAS 142, the Company no longer amortizes the book basis in the indefinite-lived intangibles, but will continue to amortize these intangibles for tax purposes. Income tax expense primarily consisted of deferred income taxes of \$8,606 and \$6,650 for the six months ended June 30, 2004 and 2003, respectively, related to the increase in the Company s net deferred tax liability for the tax effect of the net increase in the difference between the book and tax basis of the indefinite-lived intangible assets.

In addition, since amortization of tax-deductible goodwill and trademarks ceased on January 1, 2002, the Company will have deferred tax liabilities that will arise each quarter because the taxable temporary differences related to the amortization of these assets will not reverse prior to the expiration period of the Company s deductible temporary differences unless the related assets are sold or an impairment of the assets is recorded. The Company expects that it will record a total of approximately \$8,800 to increase deferred tax liabilities during the remaining six months of 2004.

\$175,000 Senior Floating Rate Notes Due 2010 and Term Loan C Credit Facility Offerings

On May 14, 2004, the Company issued \$175,000 principal amount of Senior Floating Rate Notes Due 2010 (the Senior Floating Rate Notes ), and entered into a new \$100,000 term loan C credit facility with a maturity date of December 31, 2009. The Senior Floating Rate Notes bear interest equal to the three-month LIBOR plus 5.375% per year and the term loan C at three-month LIBOR plus 4.375% per year. The Company applied the combined net proceeds from the Senior Floating Rate Notes offering and the term loan C to prepay \$30,000 of outstanding term loan A commitments and \$120,000 of term loan B commitments, with the remainder used to temporarily pay down all outstanding advances under the revolving credit facility. The purpose of these borrowings was to provide the ability to redeem the Company s Series J Convertible Preferred Stock (see Subsequent Event Note 17).

Offering and Amendment to the Company s Bank Credit Facilities

In connection with the offering of the Senior Floating Rate Notes, the Company entered into an amendment to its bank credit facilities that changed the terms of certain of the Company s financial covenants and repayment obligations. The maximum allowable debt leverage ratio, as defined in the bank credit facilities, was amended to 6.25 to 1 through September 30, 2005 and decreases to 6.00 to 1, 5.75 to 1, 5.50 to 1, 5.25 to 1, 5.00 to 1, 4.75 to 1, and 4.50 to 1 on October 1, 2005, July 1, 2006, October 1, 2006, April 1, 2007, October 1, 2007, April 1, 2008 and July

1, 2008, respectively. The amendment to the bank credit facilities also set the minimum interest coverage ratio, as defined in the bank credit facilities, at 2.25 to 1 through maturity. The minimum fixed charge coverage ratio, as defined,

remains unchanged at 1.05 to 1 through maturity. The Company is in compliance with all of the financial and operating covenants of its financing arrangements.

With the exception of the term loan B and the term loan C, the amounts borrowed bear interest, at the Company s option, at either the base rate plus an applicable margin ranging from 0.125% to 1.5% or LIBOR plus an applicable margin ranging from 1.125% to 2.5%. The term loan B bears interest at the base rate plus 1.75% or LIBOR plus 2.75%. The term loan C bears interest at the base rate plus 3.375% or LIBOR plus 4.375%. At June 30, 2004 and December 31, 2003, the weighted average variable interest rate on all outstanding borrowings under the bank credit facilities was 3.8% and 3.6%, respectively.

### 7. Series J Convertible Preferred Stock

As of June 30, 2004 and December 31, 2003, the Company had \$175,487 and \$164,533 of Series J Convertible Preferred Stock outstanding, respectively. The Company paid dividends-in-kind of 87,629 and 46,407 shares of Series J Convertible Preferred Stock valued at \$10,954 and \$5,801 during the six and three months ended June 30, 2004, respectively, and 74,035 and 37,587 shares of Series J Convertible Preferred Stock valued at \$9,254 and \$4,698 during the six and three months ended June 30, 2003, respectively (see Subsequent Event Note 17).

(1) The Company recognized non-cash compensation charges related to the Company s grant of shares of restricted common stock to certain executives during 2003, as well as grants of shares of restricted common stock to certain employees in 2003 and 2004 in exchange for their options in the Company s Internet subsidiaries of \$1,943 and \$47 during the six months ended June 30, 2004 and 2003, respectively, and \$789 and \$47 during the three months ended June 30, 2004 and 2003, respectively. These grants were valued at the date of grant and are being expensed ratably over their related vesting periods.

(2) As a result of the adoption of SFAS 123 effective January 1, 2003, the Company recorded a non-cash compensation charge of \$1,368 and \$778 for the six and three months ended June 30, 2004, respectively, relating to stock options and the PRIMEDIA Employee Stock Purchase Plan. The impact of the adoption of SFAS 123 was not significant for the six and three months ended June 30, 2003.

(3) In connection with the acquisition of About in 2001, the Company recorded charges related to the amortization of the intrinsic value of unvested in the money options of \$175 and \$766 for the six months ended June 30, 2004 and 2003, respectively, and \$259 for the three months ended June 30, 2003. As of March 31, 2004, these options were fully vested.

(4) The Company recorded charges related to the vesting of certain restricted stock and stock options granted in connection with the acquisition of About in 2001 of \$1,210 and \$471 for the six and three months ended June 30, 2003.

### 10. Senior Executives Severance and Provision for Severance, Closures and Restructuring Related Costs

Senior Executives Severance

The Company recorded \$658 and \$5,576 during the six months ended June 30, 2004 and 2003, respectively, and \$0 and \$5,576 during the three months ended June 30, 2004 and 2003, respectively, of severance relating to the finalization of the separation agreements of the former Chief Executive Officer and the former President and Interim Chief Executive Officer.

Provision for Severance, Closures and Restructuring Related Costs

Through the second quarter of 2004, the Company continued cost reduction initiatives previously announced to streamline operations, reduce layers of management and consolidate real estate.

Details of the initiatives implemented and the payments made in furtherance of these plans during the six-months ended June 30, 2004 and 2003 are presented in the following tables:

	bility as of anuary 1, 2004		Net Provision for the Six Months Ended June 30, 2004		Payments during the Six Months Ended June 30, 2004	Liability as of June 30, 2004

Total severance and closures	\$ 45,674(1)	)\$	3,150(2	2)\$	(7,453) \$	\$ 41,	,371

(1) Reduced for liabilities relating to discontinued operations totaling \$3,302 and \$3,760 at January 1, 2004 and 2003, respectively.

(2) Adjusted to exclude net provisions related to discontinued operations totaling \$9 and \$596 for the six months ended June 30, 2004 and 2003, respectively.

The remaining costs, comprised primarily of real estate lease commitments for space that the Company no longer occupies, are expected to be paid through 2015. To reduce the lease related costs, the Company is aggressively pursuing subleases of its available office space. These leases have been recorded at their net present value amounts and are net of estimated sublease income amounts. If the Company is successful in subleasing the restructured office space at a different rate, or is unable to sublease the space by the prescribed date used in the initial calculation, the reserve will be adjusted accordingly. The Company evaluates the appropriateness of its reserves on a quarterly basis.

As a result of the implementation of these plans, the Company has closed and consolidated, to date, 23 office locations and has notified a total of 2,033 individuals that they would be terminated under these plans. As of June 30, 2004, all of these individuals have been terminated.

The liabilities representing the provision for severance, closures and restructuring related costs are included in accrued expenses and other on the condensed consolidated balance sheets as of June 30, 2004 and December 31, 2003.

#### 11. Provision for Unclaimed Property

Based on an initial assessment at the end of 2003, the Company believed that certain business units may have had unclaimed property that should have been remitted to one or more states under their respective escheatment requirements. The property in question related primarily to unused advertising credits and outstanding accounts payable checks for which the Company had an accrual recorded in the amount of \$3,600 as of December 31, 2003. The Company hired an outside consultant to assist in estimating the potential risk. It was premature to estimate the extent of the financial risk at the end of 2003, but the Company believed that the risk would not have a material impact on its results of operations or financial position. Upon completion of the initial phase of this assessment, the Company recorded an estimated provision for unclaimed property of \$5,500 in the three months ended March 31, 2004, which increased the accrual to \$9,100. The calculation of this provision represents the recording of a correction of an error for unclaimed property transactions which occurred during the years 1991 to 2003; however, the amount of the provision, applicable to any year within this period, is not material to the results of operations for each of the respective years, nor is the total provision in relation to the estimated results of operations for 2004 considered material.

The Company has entered the next phase of the assessment whereby the consultant will assist in refining the estimated provision and in negotiating settlements under voluntary compliance agreements with the relevant states.

#### 12. Comprehensive Income

Comprehensive income for the six and three months ended June 30, 2004 and 2003 is presented in the following table:

#### 13. Income (loss) per Common Share

Income (loss) per common share for the six and three months ended June 30, 2004 and 2003 has been determined based on net income (loss) applicable to common shareholders divided by the weighted average number of common shares outstanding for all periods presented. The effect of the assumed exercise of stock

<sup>16</sup> 

options and warrants and the conversion of convertible preferred stock were not included in the computation of per share amounts because the effect of their inclusion would be antidilutive. If the Company had recognized income from continuing operations for the six months ended June 30, 2004 and 2003, shares attributable to these antidilutive instruments would have increased diluted shares outstanding by approximately 62,400,000 and 57,600,000, respectively.

#### 14. Contingencies

The Company is involved in ordinary and routine litigation incidental to its business. In the opinion of management, there is no pending legal proceeding that would have a material adverse affect on the condensed consolidated financial statements of the Company.

#### 15. Business Segment Information

The Company s strategy is to focus on its core businesses and grow through leveraging and expanding its market leading brands. This organic growth strategy requires a segment structure that best aligns the Company s businesses and provides a clear sense of its strategic focus and operating performance. Accordingly, the Company adopted this structure, effective in the fourth quarter of 2003, and has reclassified prior year results to reflect this operating structure into four reportable segments. The Company s four principal segments are Enthusiast Media, Consumer Guides, Business Information and Education and Training.

The Enthusiast Media segment produces and distributes content through magazines and via the Internet to consumers in various niche and enthusiast markets. It includes the Company s consumer magazine brands, including Performance Automotive and International Automotive (formerly Enthusiast Automotive), Consumer Automotive, Outdoors, Action Sports, Lifestyles and Home Technology magazine groups, their related Web sites and events, as well as About.com.

The Consumer Guides segment is the nation s largest publisher and distributor of free publications, including *Apartment Guide*, *New Home Guide* and *Auto Guide*, which was launched in the first quarter of 2004, their related Web sites and the DistribuTech distribution business.

The Business Information segment includes the Company s trade magazines, their related Web sites, events, directories and data products with a focus on bringing sellers together with qualified buyers in numerous industries.

The Education and Training segment consists of the businesses that provide content to schools, universities, government and other public institutions as well as corporate training initiatives. It includes Channel One, Films Media Group and Workplace Learning.

Information regarding the operations of the Company by business segment is set forth below based primarily on the nature of the targeted audience. Corporate represents items not allocated to other business segments. PRIMEDIA evaluates performance based on several factors, of which the primary financial measure is earnings before interest, taxes, depreciation, amortization and other (income) charges (Segment

EBITDA ). Other (income) charges include severance related to separated senior executives, non-cash compensation, provision for severance, closures and restructuring related costs, provision for unclaimed property and (gain) loss on sale of businesses and other, net.

The information presented below includes certain intersegment transactions and is, therefore, not necessarily indicative of the results had the operations existed as stand-alone businesses. Intersegment transactions represent intercompany advertising and other services, which are billed at what management believes are prevailing market rates. These intersegment transactions, which represent transactions between operating units in different business segments, are eliminated in consolidation.

<sup>(1)</sup> Segment EBITDA represents the segments earnings before interest, taxes, depreciation, amortization and other (income) charges. Other (income) charges include severance related to separated senior executives, non-cash compensation, provision for severance, closures and restructuring related costs, provision for unclaimed property and (gain) loss on sale of businesses and other, net. Segment EBITDA is not intended to represent cash flows from operating activities and should not be considered as an alternative to net income (as determined in conformity with accounting principles generally accepted in the United States of America), as an indicator of the Company s operating performance or to cash flows as a measure of liquidity. Segment EBITDA is presented herein because the Company s chief operating decision maker, who is the President and CEO, and the executive team evaluate and measure each business unit s performance based on its Segment EBITDA results. PRIMEDIA believes that Segment EBITDA is the

most accurate indicator of its segments results, because it focuses on revenue and operating cost items driven by each operating managers performance, and excludes items largely outside of the operating managers control. Segment EBITDA may not be available for the Company s discretionary use as there are requirements to redeem preferred stock and repay debt, among other commitments. Segment EBITDA as presented may not be comparable to similarly titled measures reported by other companies since not all companies calculate Segment EBITDA in an identical manner, and therefore, is not necessarily an accurate measure of comparison between companies.

#### 16. Financial Information for Guarantors of the Company s Debt

The information that follows presents condensed consolidating financial information as of June 30, 2004 and December 31, 2003 and for the six months ended June 30, 2004 and 2003 for a) PRIMEDIA Inc. (as the Issuer), b) the guarantor subsidiaries, which are with limited exceptions, the restricted subsidiaries, represent the core PRIMEDIA businesses and exclude investment and other development properties included in the unrestricted category, c) the non-guarantor subsidiaries (primarily representing Internet assets and businesses, new launches and other properties under evaluation for turnaround or shutdown and foreign subsidiaries), which are with limited exceptions, the unrestricted subsidiaries, d) elimination entries and e) the Company on a consolidated basis. During the six months ended June 30, 2004, certain businesses have been reclassified between restricted and unrestricted subsidiaries. These reclassifications are in compliance with our debt agreements and have not had a material effect on our debt covenant ratios as defined in the bank credit facilities.

The condensed consolidating financial information includes certain allocations of revenues, expenses, assets and liabilities based on management s best estimates which are not necessarily indicative of the financial position, results of operations and cash flows that these entities would have achieved on a stand-alone basis and should be read in conjunction with the consolidated financial statements of the Company. The intercompany balances in the accompanying condensed consolidating financial statements include cash management activities, management fees, cross promotional activities and other intercompany charges between Corporate and the business units and among the business units. The non-guarantor subsidiary results of operations include: Internet operations, foreign operations, certain distribution operations, certain start-up magazine businesses, revenues and related expenses derived from the licensing of certain products of guarantor subsidiaries and expenses associated with the cross promotion by the guarantor subsidiaries of the activities of the non-guarantor subsidiaries. The transactions described above are billed, by the Company, at what the Company believes are prevailing market rates. All intercompany related activities are eliminated in consolidation.

### 17. Subsequent Event

The Company entered into a series of transactions with the intention to redeem its highest cost of capital security, the Series J Convertible Preferred Stock, which had an annual pay-in-kind dividend yield of approximately 13%.

On May 14, 2004 the Company issued \$175,000 of Senior Floating Rate Notes due 2010 and entered into a new \$100,000 term loan C credit facility with a maturity date of December 31, 2009. The Company used the proceeds from these transactions to make voluntary pre-payments to the term loans A and B with the remainder used to temporarily pay down all outstanding advances under its revolving credit facility.

On July 7, 2004, the Company redeemed all of its outstanding Series J Convertible Preferred Stock, representing an aggregate of 1,424,306 shares for approximately \$178,000, using cash on hand of approximately \$33,000 and approximately \$145,000 of advances under its revolving credit facility.

## Item 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Introduction

PRIMEDIA Inc., together with its subsidiaries, is herein referred to as either PRIMEDIA or the Company.

The following discussion and analysis summarizes the financial condition and operating performance of the Company and its business segments and should be read in conjunction with the unaudited condensed consolidated financial statements and notes thereto.

#### **Executive Summary**

Our Business

The Company s revenues are generated from advertising (print and online), circulation (subscriptions and single copy sales) and other sources (events, third party distribution, training services, sales of data products and directories, list rental and licensing). PRIMEDIA s operating expenses include cost of goods sold (principally paper and printing); marketing and selling; distribution, circulation and fulfillment; editorial; and other general and corporate administrative expenses (collectively referred to as operating expenses ).

### Background

Historically, PRIMEDIA was a broad based media enterprise built primarily from a series of acquisitions and comprised of numerous disparate assets. During the past few years, the Company sold a number of selected properties to better focus on its core businesses and reduce debt. As a result of these divestitures, the Company has transformed itself into a highly focused targeted media company poised for growth. Over the past few years, to counter the effects of the weakness in the overall advertising environment, the Company has aggressively controlled its costs. These initiatives have resulted in charges for severance, closures and restructuring related costs to integrate Company operations and consolidate many back office functions and facilities, resulting in a significant reduction in the number of employees and office space. These actions have resulted in a stronger balance sheet, improved liquidity and a more efficient and better focused organization. The asset divestiture program is essentially complete and the Company is now focused on growing organically while still diligently controlling costs.

Company Strategy

In October 2003, Kelly P. Conlin was appointed President and Chief Executive Officer (CEO). Mr. Conlin and the executive team reviewed the Company s operations and formulated a strategy to enable the Company to capitalize on the full potential of its businesses and maximize its

operating performance. That review resulted in a redesigned operating structure with four reportable segments to better enable the Company to execute key investment and organic growth initiatives. Those four principal segments are: Enthusiast Media, Consumer Guides, Business Information, and Education and Training. Accordingly, the Company has reclassified prior year results to reflect this redesigned operating structure.

The Company s strategy is to focus on its core targeted media businesses and grow through leveraging and expanding its market-leading brands. Actions the Company is taking to organically grow revenues include introducing new products, improving and upgrading existing products, expanding into new markets, enhancing the caliber of its sales force, broadening its advertiser base, optimizing distribution, and leveraging its well known brands through extensions including events, licensing and merchandising arrangements.

### **Business Trends**

The media industry continues to be adversely affected by an overall advertising environment that is softer than historical norms, declining single copy sales of consumer magazines, cutbacks in the demand for training services and budgetary constraints in the education markets. Additionally, high apartment vacancy rates have pressured the advertising budgets of property managers.

In 2004, most of PRIMEDIA s products continued to grow, while some were affected by soft industry trends. The Company is capitalizing on the general trend of marketers seeking to better target their advertising, the growth of free publications, strong growth in online advertising and the increasing popularity of hobbies and leisure activities, as the Company has a large presence in those markets. Additionally, the Company has taken certain actions to lower costs and improve profitability, including consolidating, selling or shutting down certain properties.

Summary of Consolidated Results for the three months ended June 30, 2004

In 2004, revenues were \$342,176 up 0.9% as compared to \$339,291 in 2003. Revenue gains in the Company s three major business segments were partially offset by a decline in the Education and Training segment. In 2004, operating expenses were \$275,182 up 0.8% compared to 2003. In 2004, operating income was \$45,922 improved from \$32,382 in 2003 due to decreased depreciation and amortization expenses as well as the absence of severance related to separated senior executives in 2004. These decreases were partially offset by higher restructuring costs in 2004. Net income was \$2,154 in 2004 compared to \$88,904 in 2003, primarily due to the gain on the sale of *Seventeen* and its companion teen properties (Seventeen ) in 2003 of \$104,304.

Forward-Looking Information

This report contains certain forward-looking statements concerning the Company s operations, economic performance and financial condition. These statements are based upon a number of assumptions and estimates, which are inherently subject to uncertainties and external factors, many of which are beyond the control of the Company, and reflect future business decisions, which are subject to change. Some of the assumptions may not materialize and unanticipated events will occur which may affect the Company s results.

Why We Use Segment EBITDA

Segment EBITDA represents the segment s earnings before interest, taxes, depreciation, amortization and other charges (income) (Segment EBITDA). Other charges (income) include severance related to separated senior executives, non-cash compensation, provision for severance, closures and restructuring related costs, provision for unclaimed property and (gain) loss on sale of businesses and other, net. PRIMEDIA believes that Segment EBITDA is the most accurate indicator of its segments results, because it focuses on revenue and operating cost items driven by each operating managers performance, and excludes items largely outside of the operating managers control. Internally, the Company s chief operating decision maker, who is the President and CEO, and the executive team measure performance primarily based on Segment EBITDA.

Segment EBITDA is not intended to represent cash flows from operating activities and should not be considered as an alternative to net income (as determined in conformity with accounting principles generally accepted in the United States of America), as an indicator of the Company s operating performance or to cash flows as a measure of liquidity. Segment EBITDA may not be available for the Company s discretionary use as there are requirements to redeem preferred stock and repay debt, among other commitments. Segment EBITDA as presented may not be comparable to similarly titled measures reported by other companies since not all companies calculate Segment EBITDA in an identical manner, and therefore, is not necessarily an accurate measure of comparison between companies. For more information, see the reconciliation of Segment EBITDA to operating income for the Company s four segments in their respective segment discussions below.

### Intersegment Transactions

The information presented below includes certain intersegment transactions and is, therefore, not necessarily indicative of the results had the operations existed as stand-alone businesses. Intersegment transactions represent intercompany advertising and other services which are billed at what management believes are prevailing market rates. These intersegment transactions, which represent transactions between operating units in different business segments, are eliminated in consolidation.

#### Reclassifications due to Discontinued Operations

In accordance with Statement of Financial Accounting Standards (SFAS) 144, Accounting for the Disposal of Long-Lived Assets, the Company s results have been reclassified to reflect Seventeen, Simba Information, Federal Sources, *CableWorld*, Sprinks, RealEstate.com, *New York* magazine, Kagan World Media and About Web Services, About.com s consumer Web hosting business, as discontinued operations for the periods prior to their respective divestiture dates. In addition, the Company is evaluating strategic partnerships regarding the *Folio, Circulation Management* and *American Demographics* properties in the Business Information segment. The operating results of these properties have been classified as discontinued operations for all periods presented.
