In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of operating results for the interim period presented have been made. Note 1: Nature of Operations, Merger, and Summary of Significant Accounting Policies

Operations and Merger

ICOP Digital, Inc. was incorporated in May 2002 in Nevada and merged into a wholly owned subsidiary of the Company as of December 31, 2003. The Company, formerly named Vista Exploration Corporation, subsequently changed its name to ICOP Digital, Inc. The Company is a development stage enterprise engaged in the design, development and marketing of in-car video recorder systems for use in the law enforcement industry. Seven of the Company's in-car video units and related equipment have been sold. The Company's offices are located in Overland Park, Kansas.

## Edgar Filing: ICOP DIGITAL, INC - Form 10QSB

Certain changes have been made to the prior year's financial statements in order to conform to the current year's presentation. On February 28, 2005, the Company's shareholders approved a reverse stock split that exchanged one new share of stock for ten existing shares effective March 10, 2005. All share and per share amounts in this document have been changed to reflect the effect of this change.

## Edgar Filing: ICOP DIGITAL, INC - Form 10QSB

In February 2003, the Company purchased all the issued and outstanding common stock of McCoy's Law Line, Inc. ( McCoy's ) to obtain access to McCoy's marketing organization and permit ICOP to sell and distribute law enforcement-related products in addition to the ICOP in-car digital video recording system. The purchase price consisted of 70,000 shares of ICOP common stock valued at \$10.00 per share. In March 2004, ICOP determined to develop a different system to market its products and sold its investment in McCoy's. The sale price consisted of the 70,000 shares of ICOP common stock valued at \$10.00 per share that had been paid for the purchase.

Effective December 31, 2003, ICOP Digital, Inc. (ICOP) exchanged 100 percent of its outstanding shares of common stock for 1,457,700 shares of the common stock of Vista Exploration Corporation ( Vista ). After January 2004, the two companies were consolidated. The acquisition has been treated as a recapitalization of ICOP, with Vista the legal surviving entity. Since Vista had, prior to the recapitalization of ICOP, no assets and net liabilities (consisting principally of accounts payable) and no operations, the recapitalization has been accounted for as the sale of 179,000 shares of ICOP common stock for the net liabilities of Vista. The historical financial statements presented herein have been restated and are those of ICOP. Costs of the transaction have been charged to the period. In November 2004, the Company changed its name from Vista to ICOP Digital, Inc.

### Going Concern Basis

The accompanying financial statements have been prepared on a going concern basis, which contemplates the realization of assets and the satisfaction of liabilities in the normal course of business. As shown in the accompanying financial statements, the Company has suffered significant losses since inception. This factor, among others, may indicate that the Company will be unable to continue as a going concern.

The Company is in the process of conducting a public offering of its common stock to raise capital for inventory, marketing and sales, research and development and general operations. In the longer term, the Company plans to expand its acquired operations, continue to pursue sales of its products and become profitable. There is no assurance that the Company's products will gain market acceptance or that the Company will attain profitability.

The financial statements do not include any adjustments relating to the recoverability and classification of assets and/or liabilities that might be necessary should the Company be unable to continue as a going concern. The Company's continuation as a going concern is dependent upon its ability to meet its obligations on a timely basis and, ultimately, to attain profitability.

### Note 2: Related Party Transactions

Notes and loans payable to related parties consisted of unsecured advances made to the Company under promissory note and loan agreements for working capital purposes and pay no interest. The notes payable are due on demand. During the three months ended March 31, 2005, shareholders and affiliates were repaid \$20,000 on existing notes. Subsequent to March 31, 2005, a director loaned \$300,000 to the Company to allow the Company to accelerate manufacturing of inventory. This note is due on closing of a secondary stock offering or in October 2005 and accrues interest at approximately 8% per annum.

Note 3: Notes Payable

In March 2005, the Company completed the sale of \$2,200,000 in secured promissory notes and related common stock warrants. These notes were sold to accredited investors, are due when the public offering is closed or July 31, 2005 and accrue interest at a rate of 8% per annum.

Note 4: Shareholders' Equity

Preferred Stock converted to common stock

In January 2005, a shareholder converted 1,333 shares of the Company's Class A preferred shares having a value of \$79,998 into 10,664 shares of the Company's no par common stock.

Note 5: Income Taxes

The Company records its income taxes in accordance with Statement of Financial Accounting Standard No. 109, Accounting for Income Taxes. The Company incurred net operating losses during the periods shown on the condensed financial statements resulting in a deferred tax asset, which was reserved, therefore the net benefit and expense resulted in \$0 income taxes.

Item 2. Plan of Operation

During the three months ended March 31, 2005, the Company incurred \$117,226 in research and development expenses and \$334,049 in general and administrative expense, resulting in an operating loss of \$451,275. During the three months ended March 31, 2004, the Company incurred \$492,804 in research and development expenses and \$450,155 in general and administrative expense, resulting in an operating loss of \$942,959. The reduced level of expense is the result of completion of product development and the change in focus to sales and marketing as the Company executes its business plan and pursues funding for expansion. Funding provided by the bridge loans and the contemplated secondary offering should permit expansion of sales, service and engineering personnel, facilitate acceleration of product manufacturing and help the Company to achieve operating breakeven over the coming twelve months.

Liquidity and Capital Resources

On March 31, 2005, the Company had \$798,374 in cash and a total of \$4,503,965 in current liabilities, primarily related to the research and development costs and the bridge loans obtained in conjunction with the proposed secondary offering. Net cash used in operating activities for

## Edgar Filing: ICOP DIGITAL, INC - Form 10QSB

the three months ended March 31, 2005 was \$917,256 compared to cash used in operating activities of \$562,489 for the three months ended March 31, 2004. Net cash used in investing activities for the three months ended March 31, 2005 was \$23,247. Net cash provided by financing activities was \$1,734,635 for the three months ended March 31, 2005, substantially from the bridge loans and offset by payment of offering costs for the proposed secondary offering.

Our auditors included an explanatory paragraph in their opinion on our financial statements for the year ended December 31, 2004, to state that our losses since inception and our net capital deficit at December 31, 2004 raise substantial doubt about our ability to continue as a going concern. Our ability

to continue as a going concern is dependent upon raising additional capital and achieving profitable operations. We cannot assure you that our plan of operation will be successful in addressing this issue.

#### Our Capital Requirements

We will need to raise additional funds to finance our planned operations during the next 12 months. We have filed and are currently pursuing a public offering of common stock intended to provide these funds. There is no guarantee that additional financing will be available to us when needed or, if available, that it can be obtained on commercially reasonable terms. If we do not obtain additional financing, we will not be able to implement our business plan. Furthermore, we could be forced to cease operations and liquidate our assets.

#### Employees

We currently have twelve full time employees.

#### Item 3. Controls and Procedures.

(a) Our management, with the participation of our President and Chief Financial Officer, conducted an evaluation of our disclosure controls and procedures, as such terms are defined under Rules 13a-15(e) and 15d-15(e) promulgated under the Securities Exchange Act of 1934, as amended, as of the end of the period covered by this report. Based on their evaluation, our President and Chief Financial Officer concluded that our disclosure controls and procedures were effective.

(b) For the quarter ended March 31, 2005, there have been no changes in our internal control over financial reporting that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.
