ITEM 9.01 FINANCIAL STATEMENTS AND EXHIBITS

a) FINANCIAL STATEMENTS OF A BUSINESS TO BE ACQUIRED

The audited statements of net assets sold of the Determine/DainaScreen Rapid Diagnostics Product Line of Abbott Diagnostics Division of Abbott Laboratories as of February 28, 2005 and November 30, 2004 and 2003, and the related statements of net sales in excess of expenses for the three month period ended February 28, 2005 and the years ended November 30, 2004, 2003 and 2002 are contained in Exhibit 99.1 attached hereto and are incorporated herein by reference.

The above described financial statements constitute less than a full set of financial statements. Determine is neither a legal entity nor has it historically been operated as a separate business and, except for the above described financial statements, no separate financial statements for Determine have been prepared or audited. The assets and liabilities associated with Determine are components of a significantly larger business and, as a result, separate statements of operations and separate asset and liability accounts for Determine have not historically been maintained. Because separate statements of operations and separate asset and liability accounts have not been historically maintained, it is impracticable to prepare a full carve-out balance sheet for Determine and, alternatively, a statement of net assets sold has instead been presented. The statements of net sales in excess of expenses for the periods indicated above reflect all costs directly involved with the revenue producing activities of Determine and exclude only costs not directly associated or objectively allocable, such as corporate overhead, interest and taxes.

b) PRO FORMA FINANCIAL INFORMATION

Unaudited pro forma condensed combined balance sheet of the Company as of March 31, 2005, and the related unaudited pro forma condensed combined statements of operations of the Company for the year ended December 31, 2004 and the three month period ended March 31, 2005, all giving pro forma effect to the Company s acquisition of the Determine/DainaScreen assets of Abbott s rapid diagnostic business, are contained in Exhibit 99.2 attached hereto and are incorporated herein by reference.
