Item 8.01. Other Events.

Raining Data Corporation today announced the appointment of John H. Bramley to the position of Vice President, Product Development effective February 5, 2007. In Mr. Bramley s new role, he will have management responsibility for Raining Data s product development activities, including multi-dimensional database product development, TigerLogic XDMS development and the XML-centric applications product development. In addition, Mr. Bramley will have management responsibility for Raining Data s Irvine-based customer support organization.

Mr. Bramley brings to this position over 20 years of experience in product management and development and in-depth knowledge of both Raining Data s multi-dimensional and XML technologies. From April 2001 to February 2007, Mr. Bramley held various corporate technical positions involved with the development, marketing and support of Raining Data s TigerLogic XDMS technology. From November 1996 to April 2001, Mr. Bramley served as Vice President, Engineering responsible for the product development and technical support for Raining Data s multi-dimensional database management systems. From January 1987 to November 1996, Mr. Bramley was involved in the management and development of the Pick database management system at Sequoia Systems, a vendor of fault tolerant hardware products.

Mr. Bramley holds a Bachelor of Science degree in Computer Science, with honors, from the State University of New York, Plattsburgh, NY.
