PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
OF
CENTRAL VALLEY COMMUNITY BANCORP
To Be Held on May 16, 2007
7100 N. Financial Drive, Suite 101, Fresno, California 93720

GENERAL INFORMATION FOR SHAREHOLDERS

The following information is furnished in connection with the solicitation of the accompanying proxy by and on behalf of the Board of Directors of Central Valley Community Bancorp (the Company or Central Valley) for use at the Annual Meeting of Shareholders to be held at the Company's corporate office located at 7100 N. Financial Drive, Suite 101, Fresno, California on Wednesday, May 16, 2007, at 7:00 p.m. Only shareholders of record at the close of business on March 21, 2007, (the Record Date) will be entitled to notice of and to vote at the Annual Meeting. On the Record Date, the Company had outstanding 6,018,246 shares of its common stock, all of which will be entitled to vote at the Annual Meeting and any adjournments thereof. This proxy statement will be first mailed to shareholders on or about April 9, 2007.

Vote By Proxy

As many of the Company's shareholders are not expected to attend the Annual Meeting in person, the Company solicits proxies so that each shareholder is given an opportunity to vote. Shares represented by a duly executed proxy in the accompanying form, received by the Board of Directors prior to the Annual Meeting, will be voted at the Annual Meeting. A shareholder executing and delivering the enclosed proxy may revoke the proxy at any time prior to exercise of the authority granted by the proxy by (i) filing with the secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date; or (ii) attending the meeting and voting in person. A proxy is also revoked when written notice of the death or incapacity of the maker of the proxy is received by the Company before the vote is counted. If a shareholder specifies a choice with respect to any matter on the accompanying form of proxy, the shares will be voted accordingly. If no specification is made, the shares represented by the proxy will be voted in favor of the specified proposal.

Method of Counting Votes

Holders of common stock of the Company (Common Stock) are entitled to one vote for each share held except that for the election of directors each shareholder has cumulative voting rights and is entitled to as many votes as shall equal the number of shares held by such shareholder multiplied by the number of directors to be elected and such shareholder may cast all his or her votes for a single candidate or distribute such votes among any or all of the candidates as he or she chooses. However, no shareholder shall be entitled to cumulate votes (in other words, cast for any candidate a number of votes greater than the number of shares of stock held by such shareholder) unless such candidate's name has been placed in nomination prior to the voting and the shareholder has given notice at the Meeting prior to the voting of the shareholder's intention to cumulate votes. If any shareholder has given such notice, all shareholders may cumulate their votes for candidates in nomination. An opportunity will be given at the Meeting prior to the voting for any shareholder who desires to do so, to announce his or her intention to cumulate his or her votes. The proxy holders are given, under the terms of the Proxy, discretionary authority to cumulate votes represented by shares for which they are named in the Proxy.

The proxy holders, Daniel J. Doyle and Wanda L. Rogers, both of whom are directors of the Company, will vote all shares of Common Stock represented by the proxies unless authority to vote such shares is withheld or the proxy is revoked. However, the proxy holders cannot vote the shares of the shareholder unless the shareholder signs and returns a proxy card. Proxy cards also confer upon the proxy holders discretionary authority to vote the shares represented thereby on any matter that was not known at the time this Proxy Statement was mailed, which may properly be presented for action at the Annual Meeting, including a motion to adjourn, and with respect to procedural matters pertaining to the conduct of the Annual Meeting. The total expense of soliciting the proxies in the accompanying form will be borne by the Company. While proxies are normally solicited by mail, proxies may also be solicited directly by officers, directors and employees of the Company or its subsidiary, Central Valley Community Bank (the Bank). Such officers, directors and employees will not be compensated for this service beyond normal compensation to them.

Abstentions and broker non-votes are each included in the determination of the number of shares present and voting for the purpose of determining whether a quorum is present, and each is tabulated separately. In determining whether a proposal has been approved, abstentions are counted in tabulations of the votes cast on proposals presented to shareholders and broker non-votes are not counted as votes for or against a proposal or as votes present and voting on the proposal.

Unless contrary instructions are indicated on the Proxy, all shares represented by valid Proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted as follows:

FOR the election of all nominees for director named herein; and

FOR ratification of the selection of Perry-Smith LLP as the Company's independent public accountants.

In the event a shareholder specifies a different choice on the Proxy, his or her shares will be voted in accordance with the specification so made. In addition, such shares will, at the proxy holders' discretion, be voted on such other matters, if any, which may come before the Meeting (including any proposal to adjourn the Meeting). Boxes and a designated blank space are provided on the proxy card for shareholders to mark if they wish either to abstain on one or more of the proposals or to withhold authority to vote for one or more nominees for director.

A copy of the Company's Annual Report to Shareholders for the fiscal year ended December 31, 2006 is enclosed with this Proxy Statement.

Vote Required

The nine (9) nominees receiving the highest number of votes of the shares of the Company's Common Stock represented and entitled to vote at the Meeting will be elected directors of the Company.

The affirmative vote of the holders of a majority of the shares of the Company's Common Stock represented and entitled to vote at the Meeting is necessary for the ratification of the selection of auditors.

Shareholders Entitled to Vote

Only shareholders of record at the close of business on March 21, 2007, are entitled to notice of, and to vote at, the Annual Meeting. At the close of business on that date, the Company had outstanding 6,018,246 shares of its no par value Common Stock.

Shareholders should include in such communications the name and biographical data of the individual who is the subject of the communication and the individual's relationship to the shareholder. The Committee does not set specific criteria for directors but believes the Company is well served when its directors bring to the Board a variety of experience and backgrounds, evidence leadership in their particular fields, demonstrate the ability to exercise sound business judgment and have substantial experience in business and outside the business community in, for example, the academic or public communities.

Strategic Planning Committee

The Committee develops, along with the Board and management, the Company's Strategic Plan and is to provide overall strategic planning direction for the Company. Its responsibilities include overseeing the Bank's planning process and implementation of the strategic plan, reviewing potential locations for offices of the Bank, overseeing premises-related matters, and reviewing feasibility of potential mergers/acquisitions. Members of the Strategic Planning Committee are Mr. McMurray, Chairman, and Messrs. Cunningham, Darden, Doyle, McDonald, and Smittcamp. The Committee met four times in 2006.

Audit/Compliance Committee

The Audit/Compliance Committee of the Company's Board of Directors is composed of Mr. McDonald as Chairman, Ms. Rogers and Messrs. Cunningham, Cox and Weirick. All of the members of the Audit/Compliance Committee are independent directors as defined under the rules of The NASDAQ Stock Market, Inc. as currently in effect. The Board of Directors has determined that Mr. Cunningham is an audit committee financial expert as defined under applicable Securities and Exchange Commission rules.

The Company's Audit/Compliance Committee held 12 meetings during 2006. The functions of the Audit/Compliance Committee are to recommend the appointment of and to oversee a firm of independent public accountants who audit the books and records of the Company for the fiscal year for which they are appointed, to approve each professional service rendered by such accountants and to evaluate the possible effect of each such service on the independence of the Company's accountants. The Audit/Compliance Committee also reviews internal controls and reporting procedures of the Bank's branch offices, periodically consults with the independent auditors with regard to the adequacy of internal controls and reviews and recommends inclusion of the audited consolidated financial statements in regulatory reports.

Report of Audit Committee

NOTWITHSTANDING ANYTHING TO THE CONTRARY SET FORTH IN ANY OF THE COMPANY'S FILINGS UNDER THE SECURITIES ACT OF 1933 OR THE SECURITIES EXCHANGE ACT OF 1934, THE FOLLOWING REPORT OF THE AUDIT COMMITTEE SHALL NOT BE INCORPORATED BY REFERENCE INTO ANY SUCH FILINGS AND SHALL NOT OTHERWISE BE DEEMED FILED UNDER SUCH ACTS.

The Audit/Compliance Committee of the Central Valley Community Bancorp Board of Directors (the Audit Committee) is composed of five independent directors and operates pursuant to a Charter that was adopted by the Board on March 21, 2007, a copy of which is attached as Appendix C to this Proxy Statement for the Company's 2007 Annual Meeting of Shareholders. The members of the Audit Committee are Steven D. McDonald (Chair), Daniel N. Cunningham, Wanda L. Rogers, Sidney B. Cox, and Joseph B. Weirick. The Audit Committee recommends to the Board of Directors, subject to shareholder ratification, the selection of the Company's independent accountants.

The function of the Audit Committee is to assist the Board of Directors in its oversight of the Company's financial reporting process. As set forth in the Charter, management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, and maintaining appropriate accounting and financial reporting principles and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for planning and carrying out appropriate audits and reviews, auditing the Company's financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States of America.

In the performance of its oversight function, the Committee has considered and discussed the audited financial statements with the independent auditors, with, and without, management present. The Committee has also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. The Committee has also discussed with management and the independent auditors the quality and adequacy of the internal controls of the Company. Finally, the Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect. The independent auditors did not perform any prohibited services for the Company.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting and are not experts in the fields of accounting or auditing, including in respect to auditor independence. Members of the Committee rely without independent verification on the information provided to them and on the representations made by management and the independent accountants. Accordingly, the Audit Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles or appropriate internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. Furthermore, the Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements has been carried out in accordance with auditing standards generally accepted in the United States of America, that the financial statements are presented in accordance with accounting principles generally accepted in the United States of America or that the Company's auditors are in fact independent.

Based upon the reports and discussions described in this report, and subject to the limitations on the role and responsibilities of the Committee referred to above and in the Charter, the Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2006 to be filed with the Securities and Exchange Commission.

The duties of the Executive/Directors Resources Committee (the Committee) of the Board of Directors include reviewing policies, reviewing human resources issues, granting stock options and other equity awards and approving other personnel matters which are in excess of management's authority. The Committee establishes the compensation plans and specific compensation levels of the Company's CEO, CFO and other NEOs, with input from the CEO. The Committee reviews its approach to executive compensation annually. As part of its review, the Committee conducts periodic outside reviews of California peers as well as national peers utilizing the California Bankers Association Salary Survey, salary and benefits information from the California Department of Financial Institutions and other databases.

The Company's compensation programs and policies are designed to enhance shareholder value by aligning the financial interest of the executive officers of the Company with those of the Company's shareholders. The compensation program has two goals: To help the Company compete with other financial entities to attract and retain highly qualified individuals as executive officers; and to pay executive officers based upon their contribution to the Company's performance and the executive officers' estimated future contribution to the success of the Company.

The Committee annually reviews the salaries, non-equity incentives, and perquisites of executive officers, which are payable in cash. The long-term compensation components (equity incentives and post-termination benefits) are reviewed in the context of the other compensation provided to executives; however, adjustments to long-term compensation are not necessarily made annually.

Equity compensation and post-termination benefits are intended to provide retention incentives to executives, and are not specifically intended to reward current performance. Salary, bonus and perquisite compensation are related to, and affected by, current performance.

The Company's philosophy for providing equity compensation in the form of stock options is based on the principles of encouraging key employees to remain with the Company and to encourage ownership thereby providing them with a long-term interest in the Company's overall performance. The Company intends to retain the flexibility necessary to provide total cash compensation in line with competitors' practices, the Company's compensation philosophy and the Company's best interests, including compensation that may not be deductible for tax purposes.

Components of Executive Officer Compensation

The primary components of executive compensation are base salaries, incentive compensation and long term compensation, which includes 401(k) and profit sharing, equity compensation, health and welfare benefits and benefits from a salary continuation plan.

BASE SALARIES:

Base salaries for our executive officers are based on the scope of their responsibilities as well as review of competitive compensation data from a comparison group of financial services companies. The Committee approves, and submits to the Board of Directors for ratification, the annual base salary for the CEO, CFO and other NEOs. Base salaries are reviewed annually, and increased from time to time to realign salaries with market levels after taking into account individual responsibilities, performance and experience. Salary ranges and midpoints for all employees are based on market analysis within the banking industry in California.

The base salary for the CEO for 2006 was determined by (i) examining the Company's performance against its preset goals, (ii) comparing the Company's performance against its peer group competitors, (iii) evaluating the effectiveness and performance of the CEO and (iv) comparing the base salary of the CEO to that of other chief executive officers in the Company's peer group. The total compensation received by the Company's CEO is detailed in the Summary Compensation Table.

INCENTIVE COMPENSATION:

The Committee determines the amount of annual incentive compensation payable to executive officers, if performance goals are met, subject to a maximum limit on the incentive compensation. In January 2006, the compensation committee recommended to the Board and the Board approved the incentive compensation for executive officers for 2006 and is discussed below.

The CEO's annual incentive compensation was based on a target bonus multiplied by a performance modifier. The target bonus for 2006 was 50% percent of his base salary at January 1, 2006. The target bonus is prorated 70% to a Bank component which includes performance criteria for net income, direct expenses, operating revenue, loans, deposits, investment management, classified loans to capital, Community Reinvestment Act (CRA) loan goals, classified loans and past due loans. 30% of the target bonus is prorated to a management component. The management component is subjective based on strategic planning leadership, marketing, regulatory compliance, community involvement, franchise value and stockholder relations. The total target bonus attained can be adjusted up or down based on the performance modifier. The performance modifier is determined by the outcome of regulatory exams, regulators' rating for the Bank and outside and internal audit outcomes. As described in the Summary Compensation Table below, Mr. Doyle's 2006 target objectives were met and exceeded.

The Company has a Senior Management Incentive Plan (SMIP) to provide annual incentive compensation to attract, retain, and motivate key executives of the Company. The CEO does not participate in the SMIP. The SMIP is tied to financial achievements for the Bank and Company which are set annually. The executive must be employed on the last day of the fiscal year to receive payment under the SMIP. The Committee has discretion to determine which executives are eligible to participate in the SMIP, to determine the bases for and the amount of any incentive awards and to consider any additional or extraordinary performance factors for a particular participant. Where an executive is responsible for a particular business unit or division, performance goals are weighted based on operational performance of those units. Where an executive has broader corporate responsibilities, such as the CFO, goals are based on particular objectives set by the Committee. For 2006, NEOs total incentive compensation was based on a target bonus of 30% of their base salary as of January 1, 2006 which was weighted 40% for targeted Company level thresholds of performance and 60% for individual targeted performance thresholds. Bank performance thresholds include net income, total direct expenses, and non-interest income. Individual thresholds include, loans, deposits, net charge offs, classified loans to capital, past due loans, CRA goals, investments, and a management component. The total bonus attained can be adjusted up or down based on the outcome of regulatory exams, regulators' rating for the Bank and outside and internal audit outcomes.

Incentive compensation payments for 2006 for each executive officer are detailed in the Summary Compensation Table on page 14.

LONG-TERM INCENTIVE COMPENSATION

401(k)/Profit Sharing Plan:

The Company adopted a 401(k) Plan for benefit of all employees and incorporates a safe harbor matching contribution provision. The CEO and other senior management executives participate in the 401(k) Plan to the same extent as all other employees, subject to limitations imposed by regulation. The Company contributes a percentage matching contribution to the same degree as all other employees. The matching contribution is 100% on all deferred amounts up to 3% of eligible compensation and a 50% match on the next 2% of eligible compensation. The Profit Sharing Plan is a cash-based incentive profit sharing program. The Company may, but is not required to make annual contributions based on the recommendation of the Committee. The cash incentive is paid by March 1st of each year. The percentage of the Company's contribution is recalculated each year based upon the recommendation of the Committee. All employees are 100% vested, immediately, in both the 401(k) match and the Profit Sharing Plan. 401(k) and profit sharing contributions to the CEO, CFO and NEOs for 2006 are detailed in the Summary Compensation Table on page 14.

Equity Compensation:

Under the Company's compensation philosophy, ownership of the Company's Common Stock is a key element of executive compensation. The granting of stock-based awards is intended to retain and motivate key executives and to provide a direct link with the interest of the shareholders of the Company. In general, stock-based award grants are determined based on (i) the impact the executive may have had on the Bank's and Company's earnings and stock price, (ii) the ability of the executive to provide enhanced opportunities for the success of the Bank and Company (iii) extraordinary deeds performed that warrant extraordinary rewards, (iv) prior award levels for the executive, (v) total awards received to date by the individual executives, (vi) the total stock-based award to be made and the executive's percentage participation in that award, (vii) the executive's direct ownership of Company's Common Stock, (viii) the number of awards vested and non-vested, and (ix) the options outstanding as a percentage of total shares outstanding. Stock-based awards are issued at the discretion of the Board of Directors. Periodically the Directors determine a pool of the number of stock-based awards to be granted and management makes recommendations to the Directors to determine how many are granted to executive officers and others in the Company and the Directors make a final approval of the grants.

The Company has three share-based compensation plans, the Central Valley Community Bancorp 2005 Omnibus Incentive Plan (the 2005 Omnibus Plan) and the 2000 and 1992 Stock Option Plans. The Company adopted the 2005 Omnibus Plan which provides for awards in the form of incentive stock options, non-statutory stock options, stock appreciation rights, and restricted stock. The plan allows for performance awards that may be in the form of cash or shares of the Company, including restricted stock. All awards are issued at market value and generally have vesting periods of five years. These awards are granted at the sole discretion of the Committee. 476,000 shares have been reserved for issuance under the 2005 Omnibus Plan. To date no awards have been granted under this plan.

In connection with the Company becoming the holding company for Central Valley Community Bank (Bank) in 2000, the Company assumed all obligations for options issued under the Bank's 1992 Stock Option Plan, with options to purchase shares of the Company's common stock substituted for options to purchase shares of common stock of the Bank. No new options have been granted under this plan and outstanding options are exercisable until their expiration. The 2000 Stock Option Plan has 899,834 shares remaining as reserved for issuance for options already granted to employees and directors under incentive and nonstatutory agreements and 73,446 remain reserved for future grants. See Note 11 to the audited consolidated financial statements included in the Annual Report for further information relating to all equity compensation plans.

Additional information on long-term awards for executive officers is shown in the Outstanding Equity Awards at Fiscal Year-End Table on page 16.

Health and Welfare Benefits:

The Company offers health and welfare programs to all eligible employees. The programs include medical, wellness, pharmacy, dental, vision, life insurance and accidental death and disability. The CEO, CFO and other NEOs received up to \$12,000 each in 2006 from the Bank for health and welfare benefits.

Salary Continuation Agreements:

Each of the Named Executive Officers is a party to a salary continuation agreement that will provide for an annual payment for a period of time following retirement from service as an executive of the Bank. The salary continuation agreements terminate upon the executives' death prior to retirement, voluntary termination of service prior to retirement, or involuntary termination of service for cause. The salary continuation agreements provide for payment of a lump sum in the event of a change of control of the Company, defined as the cumulative transfer of more than fifty percent (50%) of the voting stock of the Company. Each person's annual benefit is determined at the time of retirement, on the basis of (i) the individual's age upon retirement, (ii) the percentage of benefit vested upon retirement, and (iii) the maximum annual benefit assigned in the individual's Salary Continuation Agreements. Additional information on the details of each participant's benefit under the agreements is shown in the Pension Benefits Table on page 17 and the Potential Payments Upon Termination or Change in Control Table on page 20. The Salary Continuation Agreements and the termination provisions under the CEO's Employment Agreement are subject to non-competition covenants if the executive, without prior written consent of the Company, directly or indirectly becomes involved in any capacity with a competitive enterprise within the trading area of the Bank, defined as a 50 mile radius.

Severance Plan:

The Bank offers a severance pay plan to provide transitional benefits to certain terminated employees while they seek new employment. In general, full-time and certain part-time employees who are terminated involuntarily without cause, laid off, or terminated as a result of a reduction in force, may be entitled to benefits under this plan. Covered termination means a Bank-initiated dismissal for other than cause but does not include voluntary termination, retirement, or termination for cause. The CEO is not eligible under this severance plan, however, the CFO and other NEOs are eligible to receive a benefit under this plan, paid in a lump sum based on two weeks pay for each year of service with a minimum 12 weeks and a maximum 26 weeks. See Potential Payments Upon Termination or Change in Control Table on page 20.

Employment Agreements:

The Bank has an employment agreement with Daniel J. Doyle, the Company and Bank's CEO, dated as of May 11, 1998 and amended July 17, 2002 pursuant to which Mr. Doyle is employed as President and Chief Executive Officer of the Bank. The employment agreement renews automatically for one-year terms, unless terminated by either party not later than sixty days prior to expiration. Under the employment agreement, the Board of Directors sets Mr. Doyle's salary for each year.

The employment agreement sets up the Company's intent for granting performance-based incentive stock options which will result in Mr. Doyle owning approximately five percent (5%) of the Company's stock when Mr. Doyle reaches age 65, if he has been employed continuously by the Company. The 5% shall not include any shares Mr. Doyle purchases that are in addition to shares granted under a stock option plan. At the present time 4.49% of the 5% have been issued. However, additional stock options are subject to the discretion of the Board of Directors in the future.

Under the agreement, Mr. Doyle is entitled to receive a bonus, based on the achievement each year of certain performance goals. The goals and the target amount of the bonus are established at the beginning of each year by the Board, and the evaluation of the achievement of the goals and the amount of bonus payable with respect to each year are determined by the Board following the conclusion of the year.

For 2006, the Board of Directors set the target bonus for 2006 at 50% of Mr. Doyle's salary, subject to adjustments, up or down, depending on actual performance. The target bonus was weighted 70% for Company wide financial performance thresholds and 30% for management components with an additional modifier determined by the outcome of regulatory examinations and internal and external audits. Mr. Doyle's total incentive award for 2006 was \$201,000 based on exceeding targeted thresholds.

The employment agreement with Mr. Doyle also provides for: (a) a Bank-paid membership in a local country club; (b) an automobile allowance of \$1,000 per month; (c) participation in medical, dental and similar plans offered by the Bank for Mr. Doyle and his dependents, as well as Bank-paid term life insurance coverage of at least \$100,000; and (d) five weeks of vacation annually.

Under the terms of the agreement, Mr. Doyle is entitled to certain benefits for involuntary termination by the Company for reasons other than cause, as defined in the agreement. Under the agreement, Mr. Doyle is eligible for the following:

- For early termination upon disability, Mr. Doyle shall receive his then current base salary for 180 days from the date of his first absence due to disability, should the Board, at its option terminate the employment agreement.
- For a change in ownership or effective control of the Company, Mr. Doyle may elect to stay or leave the Company and receive a lump sum termination payment equal to the average total cash compensation paid to Mr. Doyle during the most recent three fiscal years multiplied by two. A change in ownership or effective control is defined when more than 50% of the outstanding shares of the Company are transferred to any other entity.
- If the Company terminates the employment agreement without cause, Mr. Doyle is entitled to receive up to 24 payments, each equal to one-twelfth (1/12) of his annual base salary at the time of termination. If Mr. Doyle obtains other comparable employment within the 24 month period, payments will cease.

In the event the Company is not the surviving entity after a change in ownership as a result of any action taken at the direction of any supervisory or regulatory authority the employment agreement terminates and Mr. Doyle is not eligible to any further compensation under the agreement except for those that may have accrued prior to the date of such termination.

Mr. Doyle has an Executive Salary Continuation Agreement with the Bank. In the event of involuntary termination for reasons other than cause, as defined in the agreement, he is entitled to receive the following:

- Change in control lump sum payment equal to the present value of 100% of the normal retirement benefit that he would have received had he been employed by the Bank until December 31, 2010. His change in control benefit as of December 31, 2006 is estimated at \$1,406,005.
- For early termination upon disability, he would receive an annual benefit equal to the early retirement benefit or normal retirement benefit that he would have received had he retired from the Bank. As of December 31, 2006 he would receive an annual disability benefit based on early retirement of \$90,000 for 15 years, paid monthly. The disability benefit will be increased each year by 3% to account for cost of living increases.

In the event of a termination of Mr. Doyle by the Company for cause, Mr. Doyle would forfeit benefits under the Executive Salary Continuation Agreement.

If any payment or distribution by the Bank to Mr. Doyle under his employment agreement or his Executive Salary Continuation Agreement, alone or together would result in Mr. Doyle being subject to the excise tax imposed by Section 4999 of the Internal Revenue Code or if any interest or penalties are incurred with respect to such excise tax, Mr. Doyle is entitled to receive an additional payment (a Gross Up Payment) for the amount of such additional payments as permitted by Section 409A.

The estimated expense to the Company of Mr. Doyle's termination as of December 31, 2006 is detailed in the table below.

Executive Benefits and Payments Upon Termination Compensation:	Disability (1)	Early Involuntary Termination (2)	Termination for Cause	Change In Control (3)	Early Retirement (4)

(2) Effective December 20, 2006.

(3) Effective March 1, 2007.

(4) The method used to calculate the retirement benefit, based on assumptions used for financial reporting purposes under generally accepted accounting principles, is a present value calculation using a discount rate relying on AA-rated 20-year corporate bond rates. See Note 13 to the audited consolidated financial statements in the Annual Report for further details on Salary Continuation Plans.

(5) Under the terms of Mr. Doyle's agreement for normal retirement, if he retires on or after December 31, 2010, he is eligible to receive an annual benefit equal to \$150,000 per year, payable in monthly installments, over a 15 year period which adjusts for inflation at 3% each year. He is eligible for an early retirement benefit as of December 31, 2006 in which he would receive \$90,000 per year, payable in monthly installments, over a 15 year period which increases for inflation at 3% each year. In the event of death, the Salary Continuation Agreement immediately terminates. Additionally, under the terms of Mr. Doyle's Life Insurance Endorsement Method Split Dollar Plan, his beneficiaries are entitled to receive certain benefits in the event of his death. The division of the death proceeds to Mr. Doyle's beneficiaries should he be employed by the Bank at the time of death would be (i) a lump sum payment equal to the present value of the normal retirement benefit under his Salary Continuation Agreement or (ii) 100% of the total death proceeds of the policy, whichever amount is less. The division of the death proceeds to Mr. Doyle's beneficiaries should he be retired from the Bank at the time of death would be a lump sum payment equal to the present value of 100% of the sum of all remaining payments that would have been made under his Salary Continuation Agreement, but for the insured's death, or 100% of the total death proceeds of the policy, whichever amount is less.

(6) Under the terms of Mr. Kinross Salary Continuation Agreement for normal retirement, if he retires on or after December 31, 2026, he is eligible to receive an annual benefit equal to \$50,000 per year, payable in monthly installments, over a 15 year period which adjusts for inflation at 3% each year. If Mr. Kinross retires on or after May 20, 2024 and prior to December 31, 2026, he is eligible for an early retirement benefit. The amount of early retirement benefit would be based on the present value of the early retirement benefit payments, payable over 15 years in monthly installments, increased 3% annually for inflation. In the event of death, the Salary Continuation Agreement immediately terminates. Additionally, under the terms of Mr. Kinross Life Insurance Endorsement Method Split Dollar Plan, his beneficiaries are entitled to receive certain benefits in the event of his death. Should he be employed by the Bank at the time of death, his beneficiaries are entitled to a lump sum payment equal to the present value of the retirement benefit provided for in the Executive Salary Continuation Agreement or 100% of the total insurance policy proceeds, whichever amount is less. Should he be retired from the Bank at the time of death, his beneficiaries are entitled to a lump sum payment equal to the present value of 100% of the sum of all remaining payments that would have been made under his Executive Salary Continuation Agreement or 100% of the total proceeds, whichever amount is less.

(7) Ms. Graham retired as of January 2, 2007. Her early retirement benefit is \$28,000 per year, payable in monthly installments, over a 15 year period which adjusts for inflation at 3% each year. In the event of her death, while in pay status, no further benefits are payable and her Salary Continuation agreement automatically terminates. However, under the terms of her Life Insurance Endorsement Method Split Dollar Plan, her beneficiaries are entitled to receive the lesser of (i) a lump sum payment equal to the present value of 100% of the sum of all remaining payments that would have been made under her Salary Continuation Agreement or (ii) an amount equal to 100% of the net at risk insurance portion of the proceeds of insurance policies owned by the Bank. The net at risk insurance portion of insurance policies is the total proceeds less the cash value of the policies.

(8) Under the terms of Messrs. Sommer and Quisenberry's Salary Continuation Agreements for normal retirement, if they retire on or after December 31, 2012 or December 31, 2015, respectively, they are eligible to receive an annual benefit equal to \$50,000 per year, payable in monthly installments, over a 15 year period which increases for inflation at 3% each year. If Mr. Sommer retires on or after February 23, 2008 and prior to December 31, 2012, he is eligible for an early retirement benefit. If Mr. Quisenberry retires on or after May 26, 2011 and prior to December 31, 2015 he is eligible for an early retirement benefit. The amount of early retirement benefit for Messrs. Sommer and Quisenberry would be based the month of retirement which would be discounted by the number of months left for full retirement, the early retirement benefit would be payable over 15 years in monthly installments, increased 3% annually for inflation. In the event of death, the Salary Continuation Agreement immediately terminates. Additionally, under the terms of Messrs. Sommer and Quisenberry's Life Insurance Endorsement Method Split Dollar Plan, their beneficiaries are entitled to receive certain benefits in the event of death. Should they be employed by the Bank at the time of death, their beneficiaries are entitled to a lump sum payment equal to the present value of the retirement benefit provided for in the Executive Salary Continuation Agreement or 100% of the total insurance policy proceeds, whichever amount is less. Should they be retired from the Bank at the time of death, their beneficiaries are entitled to a lump sum payment equal to the present value of 100% of the sum of all remaining payments that would have been made under their Executive Salary Continuation Agreement or 100% of the total proceeds, whichever amount is less.

(9) If Mrs. Wilburn retires on or after December 31, 2007, she is entitled to an annual retirement benefit equal to \$40,000 in equal monthly installments for a period of 15 years, increased annually 3% for inflation. Mrs. Wilburn was eligible for early retirement benefits as of December 31, 2006 which would entitle her to an annual retirement benefit of \$36,000 in equal monthly installments for a period of 15 years, increased annually 3% for inflation. Under the terms of her Executive Salary Continuation Agreement, Mrs. Wilburn is also eligible for an additional retirement benefit. If she retires on or after December 31, 2013, she is entitled to an additional annual retirement benefit equal to \$10,000 in equal monthly installments for a period of 15 years, increased annually 3% for inflation. Her early

retirement benefit under the additional benefit entitles her to receive a lump sum payment, as of December 31, 2006 of \$35,726. In the event of death, the Salary Continuation Agreement immediately terminates. Additionally, under the terms of Mrs. Wilburn's Life Insurance Endorsement Method Split Dollar Plan, her beneficiaries are entitled to receive certain benefits in the event of her death. Should she be employed by the Bank at the time of death, her beneficiaries are entitled to a lump sum payment equal to the present value of the retirement benefit provided for in the Executive Salary Continuation Agreement or 100% of the total insurance policy proceeds, whichever amount is less. Should she be retired from the Bank at the time of death, her beneficiaries are entitled to a lump sum payment equal to the present value of 100% of the sum of all remaining payments that would have been made under her Executive Salary Continuation Agreement or 100% of the total proceeds, whichever amount is less.

Potential Payments Upon Termination or Change in Control

Executive Salary Continuation Agreements and the Bank's Severance Pay Plan require the Company to provide compensation to the CFO and other NEOs in the event of a termination of employment or a change in control of the Company. The CEO is not eligible for severance pay under the Severance Pay Plan and the amount of compensation payable to the CEO under his Executive Salary Continuation Agreement is explained above under his Employment Agreement. The CFO and NEOs qualify for benefits under certain circumstances as set forth in the table below.

Executive Benefits and Payments Upon Termination (1)	Disability (2)	Early Involuntary Termination (3)	Termination for Cause (4)	Change In Control (5)	Severance Plan Benefits (6)	Value of Stock Options Change in Control (7)
David A. Kinross, Senior Vice President and Chief Financial Officer	\$ 630	\$ 7,503	\$	\$ 179,880	\$ 34,615	\$
Thomas L. Sommer, Senior Vice President, Credit Administrator	\$ 20,000	\$ 238,175	\$	\$ 595,438	\$ 46,485	\$ 5,000
Gary Quisenberry, Senior Vice President, Commercial and Business Banking	\$ 5,000	\$ 59,544	\$	\$ 595,438	\$ 41,650	\$ 5,000
Shirley Wilburn, Senior Vice President, Consumer and Retail Banking	\$ 39,000	\$	\$	\$ 527,005	\$ 31,694	\$ 5,000

(1) All payments estimated assuming benefits are payable as of December 31, 2006.

(2) Under the Executive Salary Continuation Agreements, if the executive is disabled prior to retirement or termination of employment, he is entitled to an annual disability benefit equal to the executive's accrual balance payable monthly for 15 years increased annually 3% for cost of living increases.

(3) Early Involuntary Termination Benefit is payable at normal retirement age. See footnotes to Pension Benefits Table. Involuntary termination means the executive's employment terminates by action of the Bank prior to retirement, and such termination of employment is not for cause. Early involuntary termination is not applicable to Mrs. Wilburn because she was eligible for early retirement benefits at December 31, 2006.

(4) In the event the executive's employment terminates for cause prior to retirement, their Executive Salary Continuation Agreement immediately terminates and the executive forfeits all benefits under the agreement.

(5) Upon a change in control, if, within 24 months of the change (12 months for Mrs. Wilburn), (i) the executive's employment terminates (whether voluntary or involuntary) for any reason other than for cause, (ii) the executive's job responsibilities substantially change, or (iii) the executive is relocated, the Bank shall pay the executive a lump sum payment equal to the present value of 100% of the benefit that the executive would have received had the executive been employed until normal retirement.

(6) Payments are based on the Bank's Severance Pay Plan for Senior Vice Presidents who receive two weeks pay per year of service to a maximum of 26 weeks. See details on the Bank's Severance Pay Plan on page 11.

(7) In the event of dissolution or liquidation of the Company or a merger or change in control, unexercised stock options vest immediately. Value represents unvested options outstanding at December 31, 2006 multiplied by the market value at December 31, 2006 (\$14.75) less option exercise price. The exercise price of Mr. Kinross' options at

December 31, 2006 was higher than the market value at that date, thus he would realize no economic benefit from change in control. See the Outstanding Equity awards at Fiscal Year-End table for a break down of options outstanding.

Compensation of Directors

The Board of Directors of the Company has not approved payment of fees in connection with attendance at Company Board or Board Committee meetings.

The Chairman of the Board of the Bank receives \$2,147 and all other directors (including employee directors) of the Bank receive \$1,533 per month for Board meeting attendance. The fees paid for director board meetings are based on comparable amounts paid by other financial institutions in the Company's geographic market area.

Aggregate Bank directors' fees in the sum of \$154,160 were paid (including amounts deferred under Deferred Compensation Agreements between the Bank and certain of its directors) during the fiscal year ended December 31, 2006.

20

Deferred Compensation Agreements

Six of the Bank's non-employee directors have entered into deferred compensation agreements with the Bank, electing to defer some or all of their fees in exchange for the Bank's promise to pay a deferred benefit in the future. A deferred compensation agreement allows a non-employee director to reduce current taxable income in exchange for larger payments at retirement, when the recipient could be in a lower tax bracket. Deferred director fees are expensed by the Bank and are set aside in a separate liability account. Credited on the account balance at a rate determined annually by the Board of Directors, interest on deferred fees continues to accrue until the director's service terminates and payment of benefits commences. Payment of accrued benefits, represented by the account balance, can be made in a lump sum or in installments, at each participating director's election. After retirement, benefit payments are taxable income to the participating director and are deductible expenses to the Bank as they are paid. The deferred compensation arrangement with non-employee directors is an unfunded plan, which means that a participating director has no rights beyond those of a general creditor of the Bank, and no specific Bank assets are set aside for payment of account balances. A director whose service terminates for cause forfeits all accrued interest and is entitled solely to the fees previously deferred.

The Bank has a universal life insurance policy insuring the life of each participating director. The Bank is the owner of each policy. Each non-employee director who has entered into a deferred compensation agreement has also entered into a related Split Dollar Agreement and Endorsement. Under the latter Split Dollar Agreement and Endorsement, the Bank and each participating director agree to a division of death benefits under the life insurance policies. A Split Dollar Agreement and Endorsement provides that a director's designated beneficiary(ies) is entitled at the director's death to receive life insurance proceeds:

(a) In an amount intended to approximate the projected deferred compensation agreement account balance at the director's retirement, if the director dies before terminating service with the Bank.

(b) In an amount intended to approximate the deferred compensation agreement account balance remaining unpaid, if the director dies after terminating service with the Bank.

In either case, the Bank's obligations under a deferred compensation agreement are extinguished by the director's death. The Bank is entitled to any insurance policy death benefits remaining after payment to the director's beneficiary(ies). The Bank expects to recover in full from its portion of the policies' death benefits all life insurance premiums previously paid by the Bank. The policies serve informally as a source of financing for the Bank's deferred compensation obligations arising out of a director's death before retirement, as well as an investment to finance post-retirement payment obligations. Although the Bank expects the policies to serve as a source of funds for death benefits payable under the deferred compensation agreements, as noted above the directors' contractual entitlements are not funded. These contractual entitlements remain contractual liabilities of the Bank, payable after the directors' termination of service.

The information on Directors' compensation in the table below is for the fiscal year ended December 31, 2006. There were no stock related awards to any of the Directors in 2006.

Name	Fees Earned or Paid in Cash (\$)	Change in Nonqualified Deferred Compensation Earnings (1)	All Other Compensation (\$) (2)	Total (\$)
Daniel N. Cunningham	\$ 22,960	\$ 20,468	\$ 8,713	\$ 52,141

(2) Represents the imputed dollar values for insurance coverage under the Split Dollar Agreement and Endorsement plan discussed above.

Certain Relationships and Related Transactions

There have been no material transactions, except as disclosed below, since January 1, 2006, nor are there any currently proposed transactions, to which the Company or any of its subsidiaries was or is to be a party, in which the amount involved exceeds \$120,000 and in which any director, executive officer, five-percent shareholder or any member of the immediate family of any of the foregoing persons had, or will have, a direct or indirect material interest.

During the normal course of business, the Bank enters into loans with related parties, including executive officers and directors. These loans are made with substantially the same terms, including rates, collateral and repayment terms, as those prevailing at the same time with unrelated parties, and do not involve more than the normal risk of collectibility or represent other unfavorable features. See Note 14 in the audited financial statements included in the Annual Report for detail on outstanding loans and commitments to related parties.

Except for loans granted in the normal course of business, the Company has no other related party transaction.

Policy and Procedures on Related Person Transaction

The Company adopted its code of ethics to promote the highest ethical standards within the Company. Under the code of ethics, Company personnel are expected to make immediate disclosure of situations that might create a conflict of interest, or the perception of a conflict of interest, which includes transactions involving entities with which such personnel are associated. The Board of Directors recognizes that related party transactions present a heightened risk of conflicts of interest and/or improper valuation (or the perception thereof). Such transactions, after full disclosure of the material terms to the Board, must be approved by the members of the Board who are not parties to the specific transaction to determine that they are just and reasonable to the Company at the time of such approval, with those members of the Board (if any) who have an interest in the transaction abstaining. Such procedures are consistent with the terms of California corporate law.

DIRECTOR ATTENDANCE AT SHAREHOLDER MEETINGS

The Company does not have a policy which specifically addresses director attendance at shareholder meetings. However, eight (8) directors were in attendance at the 2006 Annual Meeting of Shareholders on May 17, 2006.

Reimbursement and Tax Sharing Agreement

The Company has entered into an agreement with the Bank pursuant to which the Bank has agreed to reimburse the Company for certain expenses incurred by the Company in rendering management services on terms and conditions consistent with the requirements of Section 23A of the Federal Reserve Act and Federal Reserve Regulation W. In addition, the Company has entered into a tax sharing agreement with the Bank providing for the allocation of tax obligations among the Company and the Bank in compliance with regulatory requirements.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than ten percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission (the SEC). Officers, directors and greater than ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file. To the best knowledge of the Company, the only greater than ten-percent holder of the Company's Common Stock is Mr. Louis McMurray and his related interests. See Principal Shareholders.

Based solely on its review of the copies of such forms received by it, or written representations from certain reporting persons that no Forms 4 and 5 were required for those persons, the Company believes that for the 2006 fiscal year, the officers and directors of the Company complied with all applicable filing requirements.

PROPOSAL NO. 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT PUBLIC ACCOUNTANTS

The firm of Perry-Smith LLP, which served the Company as independent public accountants for 2006, has been selected by the Audit Committee of the Board of Directors of the Company to be the Company's independent public accountants for 2007. All Proxies will be voted FOR ratification of such selection unless authority to vote for the ratification of such selection is withheld or an abstention is noted. If the nominee should unexpectedly for any reason decline or be unable to act as independent public accountants, the Proxies will be voted for a substitute nominee to be designated by the Audit Committee.

Representatives from the accounting firm of Perry-Smith LLP will be present at the meeting, will be afforded the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

The following presents fees billed for the years ended December 31, 2006 and 2005 for professional services rendered by the Company's independent public accountants in connection with the audit of the Company's consolidated financial statements and fees billed by the Company's independent public accountants for other services rendered to the Company.

Audit Fees (1)	\$ 124,000	\$ 118,800
Audit-Related Fees (2)	\$ 1,900	\$ 1,900
Tax Fees (3)	\$ 25,100	\$ 20,500
All Other Fees (4)	\$ 18,600	\$ 17,300

(1) Audit fees consist of fees for professional services rendered for the audit of the Company's consolidated financial statements and review of financial statements included in the Company's quarterly reports. The audit fees also consist of services normally provided in connection with statutory and regulatory filings or engagements.

(2) Audit-related fees represent fees for professional services such as merger-related services and technical accounting, consulting and research.

(3) Tax service fees consist of compliance fees for the preparation of original and amended tax returns and tax payment-planning services. Tax service fees also include fees relating to other tax advice, tax consulting and planning other than for tax compliance and preparation.

The Audit/Compliance Committee has determined that the provision of services, in addition to audit services, rendered by Perry-Smith LLP and the fees paid therefor in fiscal years 2006 and 2005 were compatible with maintaining Perry-Smith LLP's independence.

The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent auditor, subject to the de minimus exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act which are approved by the Audit Committee prior to the completion of the audit.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE SELECTION OF PERRY-SMITH LLP AS THE COMPANY'S INDEPENDENT AUDITORS. APPROVAL OF THE PROPOSAL REQUIRES THE AFFIRMATIVE VOTE OF A MAJORITY OF THE SHARES REPRESENTED AND VOTING AT THE MEETING.

Committee Membership

The Compensation Committee shall be comprised of at least three members, all of whom shall be independent directors, i.e. those directors who neither are officers or employees of the Company or its subsidiaries (and have not been officers or employees of the Company or its subsidiaries within the previous three years) nor have a relationship which, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and who are otherwise independent under the rules of the Nasdaq Stock Market, Inc. and applicable SEC rules and regulations. Members shall be appointed by the Board and shall serve at the pleasure of the Board and for such term or terms as the Board may determine.

Committee Structure and Operations

The Board shall designate one member of the Compensation Committee as its chairperson (the Chairman). The Compensation Committee shall meet at least once a year at a time and place determined by the Chairman, with further meetings to occur when deemed necessary or desirable by the Compensation Committee or the Chairman.

The Compensation Committee may invite members of management, such as the Company's Chief Executive Officer (CEO) to attend its meetings. The CEO, however, shall not be present when the Compensation Committee finalizes its deliberations and makes decisions regarding the compensation of the CEO.

Committee Duties and Responsibilities

The following are the duties and responsibilities of the Compensation Committee:

1. In consultation with senior management, establish the Company's general compensation philosophy, and oversee the development and implementation of compensation programs in a manner consistent with the best interests of the Company and its shareholders.
2. Review and approve corporate goals and objectives relevant to the compensation of the CEO, evaluate the performance of the CEO in light of those goals and objectives, and recommend for approval by the independent directors of the Board the CEO's compensation level based on this evaluation. In arriving at its recommendation regarding the long-term incentive component of CEO compensation, the Compensation Committee shall consider the Company's performance against its peer group competitors; the value of similar incentive awards to CEOs at comparable companies; the awards given to the CEO in past years, and any other factors which the Compensation Committee, in its discretion, may consider appropriate.
3. Review and approve the compensation of all other officers of the Company as defined in Section 16 of the Securities Exchange Act of 1934, as amended and Rule 16a-1 promulgated thereunder (the Section 16 Officers), and report compensation arrangements with respect to such officers to the Board of Directors.

incentive plans applicable to the Company's executive officers, including but not limited to the Company's 401(k) and profit sharing plans, SERP, BOLI plans and other executive compensation plans, and discharge any responsibilities imposed on the Compensation Committee by any of these plans.

26

6. Review and report to the Board any severance or similar termination arrangements made with respect to any current or former Section 16 Officer.
7. With the assistance of the Company's staff and outside consultants, periodically review the amount and composition of director compensation and make recommendations to the Board as needed. Director compensation should be consistent with market practices.
8. Prepare and issue the evaluations and reports required under "Committee Reports" below.
9. Review and discuss the Compensation Discussion and Analysis (the "CD&A") required to be included in the Company's proxy statement with management (and, based on such review and discussion, determine whether or not to recommend to the Board that the CD&A be so included).
10. Any other duties or responsibilities expressly delegated to the Compensation Committee by the Board from time to time relating to the Company's compensation programs.
