| (Mark One) |
| X QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934 |
| For the Quarterly Period Ended: September 30, 2006 |
| OR |
| o TRANSITION REPORT PURSUANT TO SECTION 13 OR 15(d) OF THE SECURITIES EXCHANGE ACT OF 1934 |
| For the transition period from to |
| Commission file number: 0-23588 |
| CAMING DADTNEDS INTEDNATIONAL CODDODATION |

GAMING PARTNERS INTERNATIONAL CORPORATION

(Exact name of registrant as specified in its charter)

NEVADA

88-0310433

(State or other jurisdiction of incorporation or organization) (I.R.S. Employer Identification No.)

1700 S. Industrial Road, Las Vegas, Nevada (Address of principal executive offices)

89102 (Zip Code)

(702) 384-2425

(Registrant s telephone number, including area code)

None

(Former name, former address, and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes x No o

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of accelerated filer and large accelerated filer in Rule 12b-2 of the Exchange Act (check one): Large Accelerated Filer o Accelerated Filero Non-accelerated filer x.

Indicate by check mark whether the registrant is a shell Company (as defined in Rule 12b-2 of the Exchange Act). Yes o No x

Indicate the number of shares outstanding of each of the issuer s classes of common stock, as of the latest practicable date. 8,086,901 shares of Common Stock, \$0.01 par value, outstanding as of November 10, 2006.

EXPLANATORY NOTE

This Amendment No. 1 on Form 10-Q/A (this Form 10-Q/A) to our Quarterly Report on Form 10-Q for the quarter ended September 30, 2006, which was filed with the Securities and Exchange Commission on November 10, 2006 (the Original 10-Q), is being to filed to correct a clerical error that affected the amounts for the three months ended September 30, 2006 but had no impact on the nine months ended September 30, 2006. For the three months ended September 30, 2006, we understated Cost of Revenues by \$100,000 and overstated Gross Profit and Net Income by the same amount. We have made the appropriate changes for this error throughout this filing. In the process of preparing this amendment, we noted that incorrect information was included in Note 10 Business Segments in the table Goodwill and intangibles, net (page 17). We changed the total number for December 31, 2005 from \$2,898 (in thousands) to \$2,915 (in thousands). We also noted that an additional clerical error was included in Item 2, Management s Discussion and Analysis of Financial Condition and Results of Operations, under the discussion of Liquidity and Capital Resources; subsection *Net Cash Flow* (page 24) which incorrectly stated that our cash balance had decreased from December 31, 2005 through September 30, 2006 by \$1.4 million. This has been corrected to read that cash decreased by \$99,000. We noted that the actual cash balances in the Original 10-Q did not change.

This Form 10-Q/A amends and restates in its entirety Part I, Items 1 and 2. Items included in the Original 10-Q and not included herein are not amended and remain in effect as of the date of the filing of the Original 10-Q with the Securities and Exchange Commission. This Form 10-Q/A does not amend the information in such report in any way other than to give effect to the corrections described above. This Form 10-Q/A does not update the Original 10-Q to reflect any developments subsequent to the filing date of the Original 10-Q. In addition, please note that our earnings release attached as Exhibit 99.1 to the Original 10-Q reflected the same clerical error as contained in the unaudited condensed consolidated financial statements and notes in the Original 10-Q, and should no longer be relied upon to the extent that it relates to such unaudited condensed consolidated financial statements and notes.

PART I. FINANCIAL INFORMATION

ITEM 1. FINANCIAL STATEMENTS

GAMING PARTNERS INTERNATIONAL CORPORATION

CONDENSED CONSOLIDATED NOTES TO FINANCIAL STATEMENTS

(unaudited)

NOTE 1. NATURE OF BUSINESS AND SIGNIFICANT ACCOUNTING POLICIES

Organization and Nature of Business

On September 12, 2002, the business of Paul-Son Gaming Corporation, Etablissements Bourgogne et Grasset S.A., or B&G, and the Bud Jones Company, Inc., or Bud Jones, were combined, with B&G and Bud Jones becoming wholly-owned subsidiaries of Paul-Son Gaming Corporation. Effective September 1, 2004, Paul-Son Gaming Corporation completed its name change to Gaming Partners International Corporation. The Company s established brand names such as Paul-Son, Bourgogne et Grasset®, Bud Jones®, and T-K brands remain unchanged. The Company s subsidiary, Paul-Son Gaming Supplies, Inc. changed its name to Gaming Partners International USA, Inc., or GPI-USA. The Company s subsidiary, Etablissements Bourgogne et Grasset S.A. also changed its name to Gaming Partners International SAS, or GPI-SAS. The Company s subsidiary, Paul-Son Mexicana, S.A. de C.V., changed its name to GPI Mexicana S.A. de C.V., or GPI-Mexicana. Gaming Partners International Corporation, a Nevada corporation and each of its subsidiaries are collectively referred to herein as the Company, or GPIC, or we or us or our.

Our business activities include the manufacture and/or supply of gaming equipment and supplies such as gaming chips (including gaming chips with embedded low or high frequency RFID (radio frequency identification microchips)), low frequency RFID readers, wheels, table layouts, playing cards, dice, gaming furniture, table accessories and other products that are used with casino table games such as blackjack, poker, baccarat, craps and roulette. We generally sell our casino products directly to licensed casinos for new openings and to existing casino operations, worldwide. We are headquartered in Las Vegas, Nevada, with offices in Beaune, France, San Luis Rio Colorado, Mexico, Atlantic City, New Jersey and Gulfport, Mississippi.

Restatement

There was a clerical error that affected the amounts for the three months ended September 30, 2006 but had no impact on the nine months ended September 30, 2006. For the three months ended September 30, 2006, we understated Cost of Revenues by \$100,000 and overstated Gross Profit and Net Income by the same amount. We have made the appropriate changes for this error throughout this filing.

Basis of Consolidation and Presentation

The condensed consolidated financial statements for the three months and nine months ended September 30, 2006 and 2005 include the accounts of GPIC and its wholly-owned subsidiaries, including GPI-SAS, GPI-USA, and GPI-Mexicana. All material intercompany balances and transactions have been eliminated in consolidation. The condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information and do not include all of the information and notes required by accounting principles generally accepted in the United States of America for complete financial statements. These statements should be read in conjunction with our annual audited consolidated financial statements and related notes included in our Form 10-K for the year ended December 31, 2005.

These condensed consolidated financial statements are unaudited, but in the opinion of management, reflect only normal and recurring adjustments necessary for a fair presentation of results for such periods. The results of operations for an interim period are not necessarily indicative of the results for the full year.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Estimates and assumptions have been made in determining the depreciable life of assets, the recoverability of deferred tax assets, the allowance for doubtful accounts receivable and for slow-moving, excess and obsolete inventories, estimates for the lives of intangibles, recoverability of long-lived assets, litigation, claims and assessments, assumptions used for stock options, and/or the recoverability of goodwill. Actual results could differ from those estimates and assumptions.

Reclassifications

Certain prior period amounts in the condensed consolidated financial statements have been reclassified to conform to the September 30, 2006 presentation. These reclassifications had no effect on our net income.

Comprehensive Income Information

Comprehensive income consists of the following (dollars in thousands):

| | THREE MONT SEPTEMBER 3 | | NINE MONTHS SEPTEMBER 30 | |
|---|---------------------------|--------|-----------------------------|----------|
| | 2006 | 2005 | 2006 | 2005 |
| Net income | \$ 919 | \$ 246 | \$ 5,014 | \$ 2,230 |
| Unrealized gain on securities, net of tax | 8 | 16 | 9 | 36 |
| Foreign currency translation adjustment | (24 |) (308 |) 584 | (1,053 |
| Total Comprehensive Income | \$ 903 | \$ (46 |) \$ 5.607 | \$ 1.213 |

NOTE 2. MARKETABLE SECURITIES

Available for sale marketable securities consist of investments in securities offered by French banks, primarily bond portfolios that are designated by these banks as risk free or minimum risk instruments (dollars in thousands):

| | Sep | September 30, 2006 | | | | | | ember 31, 2 | | | | |
|---------------------------------|-----|---------------------------|-------------------|----------|------------|-------|-----|-------------|------------------|----------|------------|-------|
| | Cos | st | Gre Uni Gai | realized | Fai Val | | Cos | t | Gro Um Gai | realized | Fai Val | |
| Current marketable securities | \$ | 6,352 | \$ | 15 | \$ | 6,367 | \$ | 9,066 | \$ | 9 | \$ | 9,075 |
| Long-term marketable securities | \$ | 636 | \$ | | \$ | 636 | \$ | 1,645 | \$ | | \$ | 1,645 |

NOTE 3. INVENTORIES

Inventories consist of the following (dollars in thousands):

| | September 30, 2006 | December 31, 2005 |
|-----------------|-----------------------|----------------------|
| Raw materials | \$ 6,167 | \$ 5,773 |
| Work in process | 2,404 | 2,292 |
| Finished goods | 1,467 | 1,830 |
| Total | \$ 10,038 | \$ 9,895 |

NOTE 4. PROPERTY AND EQUIPMENT

Property and equipment consist of the following (dollars in thousands):

| | September 30, 2006 | December 31, 2005 |
|-------------------------------|-----------------------|----------------------|
| Land | \$ 1,706 | \$ 1,645 |
| Buildings and improvements | 7,323 | 5,790 |
| Furniture and equipment | 15,958 | 13,104 |
| Vehicles | 685 | 656 |
| | 25,672 | 21,195 |
| Less accumulated depreciation | (11,772 |) (9,983 |
| Property and equipment, net | \$ 13,900 | \$ 11,212 |

Depreciation expense for the three months ended September 30, 2006 and 2005 was \$542,000 and \$428,000, respectively. Depreciation expense for the nine months ended September 30, 2006 and 2005 was \$1.5 million and \$1.2 million, respectively.

Ç

NOTE 5. GOODWILL AND OTHER INTANGIBLE ASSETS

Goodwill and other intangible assets consist of the following (dollars in thousands, except for the Years in Estimated Useful Life):

| | September 3 | 0, 2006 | | December 31 | | | | | | |
|------------------------|-----------------------------|-----------------------------|----------------------|-------------|--|-----------|---|---------------------------|-------------------------------------|--|
| | Gross Carrying Amount | Accumulated Amortization | cumulated Carrying (| | Gross Carrying Accumulated Amount Amortization | | | Net Carrying Amount | Estimated Useful Life (Years) | |
| Goodwill(1) | \$ 1,538 | \$ (69 |) | \$ 1,469 | \$ 1,450 | \$ (64 |) | \$ 1,386 | Indefinite | |
| Trademarks | 620 | (37 |) | 583 | 620 | (37 |) | 583 | Indefinite | |
| Patents | 1,268 | (700 |) | 568 | 1,242 | (628 |) | 614 | 8 to 14 | |
| Customer relationships | 432 | (341 |) | 91 | 432 | (296 |) | 136 | 7 | |
| Non-compete agreements | 730 | (634 |) | 96 | 730 | (534 |) | 196 | 5 to 6 | |
| Total | \$ 4,588 | \$ (1,781 |) | \$ 2,807 | \$ 4,474 | \$ (1,559 |) | \$ 2,915 | | |

The amounts of goodwill related to GPI-SAS at September 30, 2006 and December 31, 2005 above, includes the net effect of foreign currency exchange, from the merger dated September 12, 2002, of \$95,000 and \$12,000, respectively.

Amortization expense for the three months ended September 30, 2006 and 2005 was \$70,000 and \$72,000, respectively. Amortization expense for the nine months ended September 30, 2006 and 2005 was \$222,000 and \$230,000, respectively.

NOTE 6. COMMITMENTS AND CONTINGENCIES

Legal Proceedings

We are engaged in disputes and claims arising in the normal course of business. We believe the ultimate outcome of these proceedings will not have a material adverse impact on the consolidated financial position or results of operations.

Commitments and Contingencies

On October 25, 2001, GPI-SAS entered into an exclusive patent license agreement with Enpat, Inc. The subject patents were subsequently purchased by International Game Technology. The patent license agreement grants GPI-SAS (and its affiliated GPIC companies) the exclusive rights to manufacture and distribute in the United States, a gaming chip tracking system and method, which utilizes gaming chips with embedded RFID microchip electronic circuits scanned by antennas in gaming chip placement areas (i.e., gaming tables and casino cages). The duration of the exclusive patent license agreement is for the life of the patents, the last of which expires in 2015. Minimum annual royalty payments of \$125,000 are required to be made by GPI-SAS over the remaining life of the exclusive patent license agreement. The unused portion of any prepaid annual royalty payments will be credited on a cumulative basis against future royalty payment obligations.

On or about August 25, 2006, the Company received a 60-day notice from the state of California Center for Environmental Health (CEH), stating that CEH intended to bring suit against the Company in California for alleged failure to provide a warning required under the California Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65 or the Act). We had previously learned that a number of operators of card rooms throughout California received similar 60-day notice letters from CEH alleging that the card room operators have failed to meet warning requirements contained in the Act. We

have sold gaming chips to some of these card room operators. The Act requires, among other things, that businesses in California must provide a clear and reasonable warning if they expose persons to any chemical listed by the State of California as a carcinogen or reproductive toxicant, unless the business can demonstrate the exposure is below a No Significant Risk Level for that chemical. Failure to provide the warning can be enforced by the government or private citizens in an action for civil penalties and injunctive relief. In this case, the environmental group alleges that gaming chips contain lead and/or lead compounds above the California standards and that no warning was given by the card room operators to its employees or customers. We have received a demand from one of the card room operators to defend and indemnify it in this matter and expect that other card room operators who purchased such gaming chips from us during the past three years may ask us to defend and indemnify them in this matter. We have engaged outside counsel who is reviewing this matter and has initiated discussions with counsel for CEH. While the maximum amount of statutory penalties for failing to provide a required Proposition 65 warning are substantial, due to the preliminary nature of this matter, we are unable to determine whether this matter will have a material adverse effect on us or our business, operations or financial position.

The Company is currently undergoing a sales tax audit for one parish in the state of Louisiana. We believe there will be sales tax audits for two remaining parishes, where GPIC currently conducts business, in the near future. In the third quarter ended September 30, 2006, we have a remaining accrued liability of approximately \$131,000 for the one parish currently undergoing audit and an additional \$167,000 for the parishes we believe will be audited in the near future. We have contacted these parishes and expect to settle with them.

NOTE 7. STOCK BASED COMPENSATION

In December 2004, the FASB issued SFAS No. 123(R) Share-Based Payment (SFAS 123(R)), which replaces SFAS No. 123, Accounting for Stock-Based Compensation (SFAS 123) and supersedes Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees. SFAS 123(R) requires companies to measure compensation costs for share-based payments including stock options, to employees and non-employees, at fair value and to expense such compensation over the service period beginning with the first annual period beginning after June 15, 2005. The pro forma disclosures previously permitted under SFAS 123 will no longer be an alternative to financial statement recognition.

Prior to the adoption of SFAS 123(R), we accounted for share-based awards under the APB 25 intrinsic value method, which resulted in compensation expense being recorded only for performance based options granted to the CEO. Prior period financial statements have not been adjusted to reflect fair value expense of share-based compensation for awards issued prior to the adoption of SFAS 123(R).

On January 1, 2006, the Company adopted SFAS 123(R), using a modified prospective application. Accordingly, prior period amounts have not been restated. For the three months and nine months ended September 30, 2006, we recognized share-based compensation for all current award grants, and for the unvested portion of previous award grants based on the previously determined grant date fair values. For the three months and the nine months ended September 30, 2006, the Company recognized stock based compensation of \$510 and \$41,360, respectively, net of tax.

The Company attributes expense for fair value share-based payments on a straight-line basis over the vesting period of the awards, for pro forma disclosure prior to and post adoption of SFAS 123(R).

We use historical data and projections to estimate expected employee behaviors related to option exercises and forfeitures. SFAS 123(R) requires that forfeitures be included as part of the grant date

estimated at the grant date and reflected in current expense measurements. Prior to adopting SFAS 123(R), we reduced pro forma share-based compensation expense when forfeitures occurred. The cumulative effect of forfeitures related to previous SFAS 123 pro forma expense was not material.

We estimate the fair value of each stock option award on the grant date using the Black-Scholes valuation model incorporating the assumptions noted in the following table. Option valuation models require the input of highly subjective assumptions, and changes in assumptions used can materially affect the fair value estimate. Expected volatility and dividends are based on historical factors related to our common stock. The expected term considers the contractual term of the options as well as the historical exercise and termination behavior. Risk free rate is based on U.S. Treasury rates appropriate for the expected term.

| Cash received | \$ | 431,094 | | \$ | | | \$ | 772,444 | | \$ | 504,860 | |
| Tax benefit realized for tax deductions from option exercises | \$ | 381,349 | | \$ | | | \$ | 467,243 | | \$ | 288,000 | |

Reported share-based compensation expense was classified as follows:

| | THREE MO ENDED SEPTEMBE 2006 | ENDED | |
|--|---------------------------------------|-----------|-------|
| General & administrative-stock option share-based compensation | \$ 96 | 57 \$ 66 | 5,897 |
| Tax benefit | (457 |) (25,538 |) |
| Total share-based compensation, net of tax | \$ 51 | 0 \$ 41 | ,359 |

The following table compares net income including SFAS 123(R) share-based compensation of \$510 and \$41,359, respectively, net of tax, reported in the current quarter and year to date compared to the prior period s pro forma SFAS 123(R) fair value compensation of \$35,000 and \$108,000, respectively, net of tax (dollars in thousands, except per share amounts):

| | THREE MO ENDED SEPTEMBE 2006 | | NINE MONT ENDED SEPTEMBEI 2006 | |
|---|---------------------------------------|--------|---|----------|
| Reported net income | \$ 919 | \$ 246 | \$ 5,014 | \$ 2,230 |
| Additional pro forma stock-based compensation, net of tax | | (35 |) | (108) |
| Comparative net income | \$ 919 | \$ 211 | \$ 5,014 | \$ 2,122 |
| Basic EPS as reported | 0.12 | 0.03 | 0.63 | 0.29 |
| Basic EPS (prior year pro forma) | | 0.03 | | 0.27 |
| Diluted EPS as reported | 0.11 | 0.03 | 0.62 | 0.27 |
| Diluted EPS (prior year pro forma) | | 0.03 | | 0.26 |

Stock Option Programs and Warrants

We have stock option programs, which consist of the 1994 Long-Term Incentive Plan (the Incentive Plan) and the 1994 Directors Stock Option Plan (the Directors Plan). The Incentive Plan provides for the grant of stock options to executive officers, key employees, outside consultants and employee-directors. In general, an initial option grant under the Incentive Plan vests over a four year period, with one-fourth of the option grant vesting at the end of each year, however, the vesting schedule for individual participants may vary. The stock options granted under the Incentive Plan expire 10 years after the date of grant. The Incentive Plan expired on January 30, 2004, except as to the stock options outstanding on that date.

The Directors Plan, as amended, provides that each non-employee director, upon joining the Board of Directors, will receive a stock option to purchase 6,000 shares of common stock. In October 2003, the Board of Directors amended and the stockholders subsequently approved an amendment to the Directors Plan to: (i) increase the number of shares of our common stock for which stock options may be granted to 150,000, an increase of 75,000, and (ii) extend the expiration date of the plan to January 31, 2009 from January 31, 2004, an increase of five years. The initial option grant vests over a 3-year period, with one-third of the option grant vesting at the end of each year. At the beginning of the fourth year of service on the Board of Directors, and each year thereafter, each non-employee director receives an annual option grant to purchase 2,000 shares of common stock. In addition, each year each non-employee director receives stock options to purchase 1,500 shares of common stock for serving on the following committees of the Board of Directors for at least six months prior to the date of grant: the Audit Committee; the Compensation Committee; and the Compliance Committee. No stock option is exercisable sooner than six months and one day after the date of the grant. The stock options expire on the tenth anniversary of the date of grant, nine months after retirement or two years after death. Stock options for up to 17,000 shares remain available for grant under the Directors Plan.

The following is a summary of stock option activity for the year to date period ended September 30, 2006:

| | Options Outstanding | Weigl Avera Exerc Price | nge rise | Weighted Average Remaining Contractual Terms | Aggre Intrii (\$000 | sic Value |
|-----------------------------------|------------------------|----------------------------------|-------------|--|---------------------------|-----------|
| Outstanding at December 31, 2005 | 427,634 | \$ | 4.95 | | | |
| Granted | 6,000 | 13.43 | ; | | | |
| Cancelled | | | | | | |
| Exercised | 20,000 | 8.75 | | | | |
| Outstanding at March 31, 2006 | 413,634 | \$ | 5.49 | | | |
| Granted | 6,000 | 24.05 | i | | | |
| Cancelled | | | | | | |
| Exercised | 17,634 | 9.43 | | | | |
| Outstanding at June 30, 2006 | 402,000 | \$ | 4.97 | 4.62 | \$ | 7,811 |
| Granted | 3,500 | 21.05 | í | | | |
| Cancelled | | | | | | |
| Exercised | 59,000 | 6.92 | | | | |
| Outstanding at September 30, 2006 | 346,500 | \$ | 4.80 | 7.34 | \$ | 5,002 |
| Exercisable at September 30, 2006 | 130,500 | \$ | 5.43 | 5.55 | \$ | 1,802 |

As of September 30, 2006, there was a total of \$277,000 of unamortized compensation expense related to stock options, which cost is expected to be recognized over a weighted-average period of 3.0 years.

NOTE 8. EARNINGS PER SHARE

We have outstanding certain stock options to purchase shares of our common stock which have an exercise price greater than the average market price for the quarter. Antidilutive options and antidilutive warrants for the three months ended September 30, 2006 were 6,000 shares and none for the same period in 2005. For the nine months ended September 30, 2006 and 2005 the antidilutive options and warrants were 10,714 and 6,500 shares, respectively. These have been excluded from the computation of diluted net income per share for the respective periods.

The following table provides a reconciliation of basic and diluted income per share as required by SFAS No. 128, Earnings Per Share (dollars in thousands, except per share amounts):

| | Basic | Dilutive Stock Options | Diluted |
|---|----------|------------------------------|----------|
| For the three month period ended September 30, 2006 | | | |
| Net income | \$ 919 | | \$ 919 |
| Weighted average shares (in thousands) | 7,984 | 237 | 8,221 |
| Per share amount | \$ 0.12 | | \$ 0.11 |
| | | | |
| For the three month period ended September 30, 2005 | | | |
| Net income | \$ 246 | | \$ 246 |
| Weighted average shares (in thousands) | 7,847 | 308 | 8,155 |
| Per share amount | \$ 0.03 | | \$ 0.03 |
| | | | |
| For the nine month period ended September 30, 2006 | | | |
| Net income | \$ 5,014 | | \$ 5,014 |
| Weighted average shares (in thousands) | 7,943 | 127 | 8,070 |
| Per share amount | \$ 0.63 | | \$ 0.62 |

| For the nine month period ended September 30, 2005 | | | |
| Net income | \$ 2,230 | | \$ 2,230 |
| Weighted average shares (in thousands) | 7,813 | 300 | 8,113 |
| Per share amount | \$ 0.29 | | \$ 0.27 |
| | | | |

NOTE 9. RELATED PARTY TRANSACTIONS

We currently lease a 66,500 square foot manufacturing facility located in San Luis Rio Colorado, Mexico from an entity controlled by the family of Frank Moreno, General Manager of GPI-Mexicana. The lease was extended in April 2004, for an additional five years, at the same monthly rent amount of approximately \$0.35 per square foot, or \$23,300. If we elect, at our discretion, to use more or less square footage, our rent will be increased or decreased accordingly on a pro rata basis. Also, in the second quarter of 2006, we began renting, on a month-to-month basis, a residential property from Mr. Moreno s brother at approximately \$800 per month.

Mr. Moreno is neither a director nor an executive officer. The charter of the Audit Committee of the Board of Directors requires the Audit Committee to review related party transactions involving our directors and executive officers.

NOTE 10. BUSINESS SEGMENTS

SFAS No. 131, Disclosures About Segments of an Enterprise and Related Information requires public business enterprises to report selected reporting information about operating segments in annual financial statements and requires public business enterprises to report selected information about operating segments in interim and annual financial reports. We manufacture and sell casino table game equipment and have determined that we operate in one operating segment, which is casino game equipment products. The segment is comprised of the following product lines: gaming chips, low frequency RFID readers, wheels, table layouts, playing cards, gaming furniture, dice, table accessories and other products. Although the Company derives its revenues from a number of different product lines, the Company does not allocate resources based on the operating results from the individual product lines nor does it manage each individual product line as a separate business unit.

The following tables present certain data by geographic area as of and for the periods ended (dollars in thousands, except for percentages):

| | THREE MONTHS ENDED SEPTEMBER 30, | | | | | |
|--|----------------------------------|---------|-----------|---------|--|--|
| | 2006 | | 2005 | | | |

NOTE 11. SUBSEQUENT EVENT

On November 8, 2006, the Company s board of directors declared a one-time cash dividend of \$0.125 per share payable on December 15, 2006 to shareholders of record at the close of business on November 27, 2006. The cash dividend will be funded from the Company s normal operations. The Company also paid a cash dividend on December 15, 2005. For the foreseeable future, the board of directors intends to consider one-time cash dividends on a periodic basis, however, no assurance can be given that the Company will declare or pay any future dividends.

ITEM 2. MANAGEMENT S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

OVERVIEW

Gaming Partners International Corporation, a Nevada corporation (GPIC) and each of its subsidiaries are collectively referred to herein as the Company, us, we, or our. The following discussion is intended to assist in the understanding of our results of operations and our present financial condition. The consolidated financial statements and the accompanying notes contain additional detailed information that should be referred to when reviewing this material. Statements in this discussion may be forward-looking. Such forward-looking statements involve risks and uncertainties that could cause actual results to differ significantly from those expressed. See Part II, Item 1A, Risk Factors.

Our business activities include the manufacture and/or supply of casino table game equipment and supplies such as gaming chips (including gaming chips with embedded low or high frequency RFID (radio frequency identification microchips)), low frequency RFID readers, wheels, table layouts, playing

cards, dice, gaming furniture, miscellaneous table accessories and other products that are used with casino table games such as blackjack, poker, baccarat, craps and roulette. We generally sell our casino products directly to licensed casinos for new openings and to existing casino operations, worldwide. We are headquartered in Las Vegas, Nevada, with offices in Beaune, France, San Luis Rio Colorado, Mexico, Atlantic City, New Jersey and Gulfport, Mississippi.

The following are the most important factors and trends that contribute to our operating performance:

- A number of foreign countries are currently considering legislation to legalize or expand gaming. Such legislation presents potential opportunities to sell our gaming supplies to new properties and thus increase revenue. The timing and occurrence of these events remain uncertain. Therefore, we may experience quarters that are more profitable than others due to the timing and nature of new casino openings and expansions throughout the world. There has also been accelerated expansion of U.S. based gaming companies overseas. Of particular importance has been the opening of new casinos, and the expansion of existing casinos, in Macau in 2005 and the actual and anticipated openings in 2006. Macau is controlled by the Peoples Republic of China. Any material adverse change in the gaming regulatory structure or any reductions in the growth rate of new and existing casinos in Macau may have a material adverse effect on our businesses and results of operation.
- The receipt of higher volume orders enhances our profit margins through production efficiencies. The timing and occurrence of these orders remain uncertain and difficult to predict. Therefore, we may experience quarters that are more profitable than others due to the timing and volume of product demand.
- The level of desire or acceptance, or lack thereof, for our product innovations regarding our security features and various degrees of desire for increased efficiency of table management information systems by the casino industry are important factors to our Company. In particular, the increased acceptance of RFID gaming chips for accounting, security, tracking, and wager recognition in table games may be a significant trend, impacting our business.

CRITICAL ACCOUNTING ESTIMATES

Our condensed consolidated financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. Certain of our accounting estimates, including accounting for stock-based compensation; the depreciable lives of our assets; the recoverability of deferred tax assets and estimated valuation allowance; the allowance for doubtful accounts receivable; the write-downs of obsolete, excess, or slow moving inventories; and the estimated cash flows in assessing the recoverability of long-lived assets require that we apply significant subjective judgment in defining the appropriate assumptions for calculating financial estimates. By their nature, these judgments are subject to an inherent degree of uncertainty. Our judgments are based on our historical experience, terms of existing contracts, our observance of industry trends, information provided by or gathered from our customers and information available from other outside sources, as appropriate. There can be no assurance that actual results will not differ from our estimates. To provide an understanding of the methodologies we apply, our significant accounting policies are discussed where appropriate in this discussion and analysis and in the notes to the condensed consolidated financial statements. See the Company s Form 10-K as of December 31, 2005 for more detail regarding our specific critical accounting estimates.

RESULTS OF OPERATIONS

Comparison of Operations for the Three Months Ended September 30, 2006 and 2005

| | THREE MON (unaudited) | THREE MONTHS ENDED SEPTEMBER 30, | | | | |
|-------------------------------|-----------------------|----------------------------------|-------|----|--|--|
| | 2006 | | 2005 | | | |
| Revenues | 100.0 | % | 100.0 | % | | |

| Net income | 4.6 | % | 1.8 | % | | |

The following table details the Company s revenues by product line:

| | THREE MONTHS ENDED SEPTEMBER 30, (dollars in thousands) (unaudited) 2006 2005 | | | |
|--------------------------------------|---|--------|-------|--------|
| Revenues: | | | | |
| Casino chips | \$ | 15,034 | \$ | 8,978 |
| Table layouts | 1,226 | | 1,311 | |
| Playing cards | 1,026 | | 893 | |
| Gaming furniture | 833 | | 472 | |
| Dice | 666 | | 659 | |
| Table accessories and other products | 1,350 | | 1,102 | |
| Total | \$ | 20,135 | \$ | 13,415 |

Revenues. For the three months ended September 30, 2006, revenues were approximately \$20.1 million, an increase of approximately \$6.7 million, compared to revenues of approximately \$13.4 million for the three months ended September 30, 2005. GPI-SAS recorded revenues of \$12.7 million, an increase of approximately \$6.4 million compared to the third quarter of 2005, primarily as a result of sales in connection with casino openings in Macau. Sales by GPI-USA amounted to \$7.4 million, an increase in sales of approximately \$300,000 from \$7.1 million in the third quarter of 2005, primarily due to the timing and volume of customer demand for our casino products and the timing of new casino openings and expansions.

Cost of Revenues. The increase in cost of revenues of approximately \$5.6 million occurred principally related to higher volume in sales of GPI-SAS. As a percentage, the cost of revenues increased

to 70.4% from 63.7%, due primarily to higher cost relating to the initial production of our high frequency RFID chips.

Gross Profit. Gross profit for the three months ended September 30, 2006 increased in absolute dollars by approximately \$1.1 million compared to the same three-month period in 2005. This occurred as a result of the aforementioned increase in revenues of approximately \$6.7 million, substantially offset by an increase in cost of revenues of approximately \$5.6 million. As a percentage of sales our gross margin decreased to 29.6% in the 2006 period from 36.3% in the 2005 period.

THREE MONTHS ENDED SEPTEMBER 30, (dollars in thousands)

| | (unaudited) 2006 | Revenue | % | 2005 | Revenue | % |
|-------------------------------|---------------------|---------|---|----------|---------|---|
| Product development | \$ 199 | 1.0 | % | \$ 107 | 0.8 | % |
| Marketing and sales | 993 | 4.9 | % | 1,172 | 8.7 | % |
| Depreciation and amortization | 254 | 1.3 | % | 326 | 2.5 | % |
| General and administrative | 2,900 | 14.3 | % | 2,804 | 20.9 | % |
| Total operating expenses | \$ 4,346 | 21.5 | % | \$ 4,409 | 32.9 | % |

Operating Expenses. Operating expenses, which include product development, marketing and sales, depreciation and amortization, and general and administrative costs, decreased slightly by approximately \$63,000 remaining consistent at approximately \$4.4 million during the three months ended September 30, 2006 and 2005, while declining as a percent of revenue from 32.9% to 21.5%. General and administrative expenses, including depreciation and amortization, slightly increased approximately \$24,000 compared to the same period in 2005, and decreased as a percent of revenues from 23.4% in the 2005 quarter to 15.6% in the 2006 quarter. The major contributing increases in general and administrative expenses in the third quarter of 2006 were primarily related to approximately \$100,000 due to building and space expansions in France, offset by a reduction of approximately \$170,000 of work performed toward future compliance with the Sarbanes-Oxley Act of 2002 in both the U.S. and France.

Other Income (Expense), (excluding Interest Expense). During the three months ended September 30, 2006, other income (expense), including gains (losses) on foreign currency transactions, interest income, gains on sales of marketable securities and other income (expense) increased approximately \$56,000 in income compared to other income in the 2005 period. The variation in foreign currency exchange that occurred as a result of an increase in the value of the Euro compared to the U.S. Dollar, which resulted in an increased loss of approximately \$15,000, offset by an increase in interest income of approximately \$71,000.

Interest Expense. For the three months ended September 30, 2006, interest expense decreased from approximately \$48,000 in the 2005 period to \$47,000 in the three months ended September 30, 2006. This decrease on approximately \$1,000 was primarily caused by a decrease in the average outstanding debt amounts for the periods and its normal payments of principal.

Income Taxes. Our effective income tax rate for the three months ended September 30, 2006 and three months ended September 30, 2005 was 45% and 43%, respectively. The increase in effective tax rate for the three months ended September 30, 2006 was primarily due to adjustments to reconcile estimated tax expense for fiscal year ended December 31, 2005 to the tax returns filed for the same period. The Company s effective tax rate for the quarter ended September 30, 2006 differed from the statutory rate as a result of the Company s expected repatriation of non-cash dividends from GPI-SAS in 2006 and recognition of excess book basis in shares of GPI-SAS as the Company intends to distribute

future non-cash dividends from GPI-SAS. These future non-cash dividends will likely decrease the Company s net operating loss carryforwards and generate foreign tax credits which will carry forward for 10 years. The utilization of the foreign tax credits will depend upon whether the Company generates foreign source income prospectively.

Net Income. For the three months ended September 30, 2006, we recorded net income of approximately \$919,000 compared to net income of \$246,000 for the same period in 2005. The increase in the net income of approximately \$673,000 occurred principally as a result of the aforementioned factors, such as the slight decrease in the general and administrative expense and the increase in income tax expense.

Comparison of Operations for the Nine Months Ended September 30, 2006 and 2005

| | NINE MONTHS ENDED SEPTEMBER 30, (unaudited) | | | | |
|-------------------------------|---|----|-------|----|--|
| | 2006 | | 2005 | | |
| Revenues | 100.0 | % | 100.0 | % | |
| Cost of revenues | 63.0 | % | 59.6 | % | |
| Gross profit | 37.0 | % | 40.4 | % | |
| | | | | | |
| Product development | 0.6 | % | 0.6 | % | |
| Marketing and sales | 5.3 | % | 7.9 | % | |
| Depreciation and amortization | 1.7 | % | 2.3 | % | |
| General and administrative | 15.6 | % | 18.9 | % | |
| Total operating expenses | 23.2 | % | 29.7 | % | |
| Income from operations | 13.8 | % | 10.7 | % | |
| Other income, net | 0.4 | % | 0.6 | % | |
| Interest expense | (0.2 |)% | (0.4 |)% | |
| Income before income taxes | 14.0 | % | 10.9 | % | |
| Income tax expense | (5.3 |)% | (5.4 |)% | |
| Net income | 8.7 | % | 5.5 | % | |

The following table details the Company s revenues by product line:

| | NINE MONTHS ENDED SEPTEMBER 30, (dollars in thousands) (unaudited) 2006 2005 | | | |
|--------------------------------------|---|--------|-------|--------|
| Revenues: | | | | |
| Casino chips | \$ | 42,672 | \$ | 26,336 |
| Table layouts | 3,790 | | 3,725 | |
| Playing cards | 3,057 | | 2,899 | |
| Gaming furniture | 2,196 | | 2,026 | |
| Dice | 1,971 | | 2,079 | |
| Table accessories and other products | 4,182 | | 3,828 | |
| Total | \$ | 57,868 | \$ | 40,893 |

Revenues. For the nine months ended September 30, 2006, revenues were approximately \$57.9 million, an increase of approximately \$17.0 million, versus revenues of approximately \$40.9 million for

the nine months ended September 30, 2005. The increase in revenues for the nine months ended September 30, 2006 was primarily the result of increased GPI-SAS sales of approximately \$17.0 million during the first three quarters of 2006 compared to 2005. GPI-USA s sales slightly decreased approximately \$100,000. The GPI-SAS operations sales increase was primarily due to increased sales related to casino openings in Macau, which recorded sales in the first three quarters of 2006 of approximately \$28.7 million compared to \$11.7 million in the same period in 2005. The U.S. operations sales slight decrease was primarily due to the timing and volume of customer demand for our casino products and the timing of new casino openings and expansions. In the first three quarters of 2005 the GPI-USA operations included sales to a new casino opening in Las Vegas of approximately \$1.7 million compared to a new casino opening in Las Vegas in the same period in 2006 of approximately \$1.0 million.

Cost of Revenues. Cost of revenues in absolute dollars increased by approximately \$12.0 million principally due to the increased sales. As a percentage, the cost of revenues increased to 63.0% from 59.6%. The increase in percentage for cost of revenues was due primarily to the initial start-up costs and the higher costs relating to the initial production of our high frequency RFID chips.

Gross Profit. Gross profit for the nine months ended September 30, 2006 increased in absolute dollars by approximately \$5.0 million from the comparable prior year nine-month period. This occurred as a result of the aforementioned increase in revenues of approximately \$17.0 million, partially offset by the increase in cost of revenues of \$12.0 million.

| | NINE MONTHS ENDED SEPTEMBER 30, (dollars in thousands) (unaudited) 2006 Revenue % 2005 | | | Revenue % |
|-------------------------------|--|------|------------|-----------|
| Product development | \$ 372 | 0.6 | % \$ 241 | 0.6 % |
| Marketing and sales | 3,066 | 5.3 | % 3,228 | 7.9 % |
| Depreciation and amortization | 967 | 1.7 | % 931 | 2.3 % |
| General and administrative | 9,048 | 15.6 | % 7,734 | 18.9 % |
| Total operating expenses | \$ 13,453 | 23.2 | % \$ 12,13 | 34 29.7 % |

Operating Expenses. Operating expenses, which include product development, marketing and sales, depreciation and amortization, and general and administrative costs, increased approximately \$1.4 million to approximately \$13.5 million during the nine months ended September 30, 2006 from approximately \$12.1 million during the nine months ended September 30, 2005. This increase was primarily attributable to the increase in product development of approximately \$131,000 due to newly hired employees and patent fees related to RFID products, offset by the decrease in marketing and sales expense of approximately \$162,000 due to reduction of sales employee costs as a result of the reorganization in the sales force at GPI-SAS. General and administrative expenses, including depreciation and amortization, increased approximately \$1.4 million compared to the nine months ended September 30, 2005. This increase in general and administrative expenses for the nine months ended September 30, 2006 was primarily related to \$420,000 in sales tax assessments, \$317,000 due to increases in salary related to 2006, \$230,000 due to non-capitalizable building and expansion related expenses in France, \$163,000 related to professional fees, \$144,000 related to increased audit fees, and \$106,000 related to legal fees.

Other Income (Expense), (excluding Interest Expense). During the nine months ended September 30, 2006, other income (expense), including gains (losses) on foreign currency transactions, interest income, gains on sales of marketable securities, and other income (expense) decreased to

approximately \$209,000 in income from approximately \$235,000 in income during the nine months ended September 30, 2005. This decrease of approximately \$26,000 was principally the result of a decrease of \$252,000 related to foreign currency exchange losses in the 2006 period as compared to currency exchange gains of approximately \$205,000 in the 2005 period. The decrease in foreign currency transactions was mainly due to the valuation of the Euro compared to the U.S. Dollar. This decrease was offset by an increase in interest income of approximately \$207,000 and the gain on sale of marketable securities of \$50,000 in the first three quarters of 2006, primarily as a result of the sales of marketable securities held by GPI-SAS.

Interest Expense. For the nine months ended September 30, 2006, interest expense decreased to approximately \$124,000 from approximately \$155,000 for the nine months ended September 30, 2005. This decrease of approximately \$31,000 was primarily caused by a decrease in the average outstanding debt amounts for the periods, due to normal payments of principal.

Income Taxes. Our effective tax rate for the nine months ended September 30, 2006 and nine months ended September 30, 2005 was 38% and 50%, respectively. The effective tax rate in 2005 was higher primarily due to a change in the application of APB23 which resulted from the Company s plan to repatriate dividends between France and the United States on a non-cash basis. These future non-cash dividends will likely decrease the Company s net operating loss carryforwards and generate foreign tax credits, which will carry forward for 10 years. The utilization of the foreign tax credits will depend upon whether the Company generates foreign source income prospectively. The Company has provided a partial valuation allowance against the foreign tax credits generated in conjunction with the non-cash dividends based upon management s evaluation of whether the realization of the deferred tax assets is more likely than not. Management has also determined that a valuation allowance is necessary as it pertains to certain state deferred tax assets.

Net Income. For the nine months ended September 30, 2006, we recorded net income of approximately \$5.0 million compared to \$2.2 million for the same period in 2005. This increase in net income of approximately \$2.8 million occurred principally as a result of the aforementioned factors.

Liquidity and Capital Resources

Overview. We believe that our cash flow from the operations of the Company and cash on hand should be sufficient to fund expenses and our one-time cash dividend of \$0.125 per share on a short-term basis. As of September 30, 2006, we had approximately \$4.5 million in cash and cash equivalents and \$6.4 million in marketable securities. Of that amount, we had approximately \$1.0 million in cash and cash equivalents and \$6.4 million in marketable securities in France through GPI-SAS at September 30, 2006. Negative tax consequences, however, may make it impractical or costly to distribute cash from our French subsidiary into the United States. For the longer term, in addition to the foregoing cash sources, we will evaluate other cash sources, including other lending facilities in the United States and abroad. There can be no assurance that the other cash sources will be available to us on terms and conditions acceptable to the Company.

At September 30, 2006 our backlog of production orders, which are expected to be filled in 2006, amounted to approximately \$4.2 million for GPI-USA and \$7.4 million for GPI-SAS, 2006. At September 30, 2005, our backlog was approximately \$3.9 million for the GPI-USA and \$8.0 million for GPI-SAS.

Working Capital and Cash Flow. Working capital totaled approximately \$14.6 million at September 30, 2006 and \$9.6 million at December 31, 2005. We show an increase in current assets of approximately \$360,000 and a decrease in current liabilities of approximately \$4.7 million. Overall cash,

cash equivalents and current marketable securities decreased approximately \$2.8 million from December 31, 2005.

The increase in current assets was due primarily to an increase in net accounts receivable of approximately \$2.9 million, offset by the slight decrease in cash and cash equivalents of \$100,000, and the decrease in marketable securities of \$2.7 million.

The decrease in current liabilities was due primarily to a decrease in customer deposits of approximately \$6.0 million partially offset by an increase in accrued expenses of approximately \$1.2 million. The decrease in customer deposits was primarily due to the decrease in our backlog from the second quarter of 2006.

Net Cash Flow. Net cash flow used in operating activities was approximately \$2.7 million during the nine months ended September 30, 2006, as compared to net cash flow provided by operating activities of approximately \$1.0 million during the same period in 2005. In the 2006 period, the primary operational uses of cash were related to the decrease in customer deposits and in accounts receivable. The primary operational sources of cash in the 2006 period, was related to net income. In the 2005 period, the primary operational sources of cash were related to net income and increased customer deposits. The primary operational use of cash in the 2005 period was related to an increase in accounts receivable.

Our investing activities resulted in net cash provided by an amount of approximately \$466,000 for the first nine months of 2006 compared to approximately \$2.7 million in net cash used in investing activities for the same period in 2005. In the first nine months of 2006, we recorded net proceeds of \$4.6 million from the net sales of marketable securities as compared to net sales of marketable securities in 2005 of \$883,000, and a purchase of two patents for approximately \$235,000.

The net cash flow provided by financing activities for the nine months ended September 30, 2006 related to the proceeds from long-term obligations of approximately \$1.2 million, primarily due to the new loan in our France facility and the proceeds from the exercise of options and the tax benefit related to these options of approximately \$1.2 million in the 2006 compared to \$792,000 in the 2005 period. In the first nine months of 2006, our employees and directors exercised 96,634 options and 8,375 warrants at weighted average exercise price of \$7.76 and \$0.01 per share, respectively. Overall, our cash balance decreased from December 31, 2005 to September 30, 2006 by approximately \$99,000.

Secured Debt. In February 2001, GPI-SAS borrowed approximately \$2.2 million from an unaffiliated party. Principal and interest payments are due quarterly in the original approximate amount of \$140,000 until February 2008, varying with the fluctuation in the value of the Euro. Interest accrues at the fixed rate of 5.1% per annum. The loan is guaranteed by our majority stockholder, Holding Wilson, S.A. Under the terms of the GPI-SAS loan agreement, GPI-SAS must comply with certain financial covenants that are calculated annually based on the financial statements of GPI-SAS. Specifically, GPI-SAS s ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow (defined under French GAAP as operating income before depreciation and provisions) must not exceed 1.7, and the ratio of total loans and similar debt (inclusive of capital lease obligations) to stockholders equity must not exceed 0.5. At December 31, 2005 and September 30, 2006, GPI-SAS s ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash flow and ratio of total loans and similar debt (inclusive of capital lease obligations) to operating cash

In March 2002, GPI-USA entered into a \$995,000 loan transaction secured by a Deed of Trust on its Las Vegas building, which matures on March 1, 2012, at an interest rate equal to the greater of (i) 8% per annum, or (ii) 362.5 basis points over the average of the London Interbank Offered Rates for six-month dollar deposits in the London market based on quotations of major banks, or LIBOR, but may not exceed 12% per annum. This loan is payable in arrears in equal monthly installments through and including March 1, 2012, at which time the entire remaining principal balance of approximately \$870,000 will be due and payable. There is no prepayment penalty.

In January 2004, GPI-SAS entered into a 350,000 Euro (approximately U.S. \$447,000) loan transaction, with Banque Nationale de Paris (B.N.P), a French bank, for the purposes of building expansion in France. The general terms of this loan are as follows:

- Interest Rate. 3.6% fixed per annum.
- *Maturity Date*. The maturity date is January 2010.
- Security. The loan is secured by a mortgage on the building premises.
- *Monthly Payment.* 4,720 Euros; no balloon payment.

In June 2006, GPI-SAS entered into a 1,500,000 Euro (approximately U.S. \$1,920,000) loan agreement with Lyonnaise de Banque, a French bank. The loan has a five-year term at a fixed rate of 3.40% per annum. The loan is repayable in fixed quarterly installments. The loan is secured by GPI-SAS s marketable securities at the bank in which GPI-SAS must maintain a minimum balance of at least 500,000 Euros. There are no prepayment penalties or acceleration payment provisions in the loan agreement. The proceeds of the loan (of which 63% has been drawn down) are being used primarily to purchase (or to replace available cash previously used to purchase) part of the production equipment that will total approximately 2,000,000 Euros (approximately U.S. \$2,560,000). The production equipment is being used to increase the production capacity at GPIC s facility in France due to increased demand. GPIC has acquired a portion, and is in the process of acquiring the balance, of the production equipment from several different manufacturers.

Seasonality. We do not typically experience seasonality relative to our revenues, except potentially, for the third quarter of each year, when the French location (office and manufacturing facility) is closed for a substantial part of the month of August due to holiday. Due to the high sales volume and related dead lines in the third quarter of 2006, part of the production employees postponed their holiday.

Las Vegas, Nevada Facilities. In May 1997, we purchased our current corporate headquarters, an approximately 60,000 square foot building located in Las Vegas. The Las Vegas headquarters secures the \$995,000 loan pursuant to the Deed of Trust. See Secured Debt above. Bud Jones relocated its operations to the Las Vegas headquarters during the fourth quarter of 2002. In April 2005, we purchased an approximately one acre parcel of land adjacent to our Las Vegas headquarters for \$800,000 in a cash transaction. This property is being used for additional employee and visitor parking.

San Luis, Rio Colorado, Mexico Facilities. We currently lease a 66,500 square foot facility pursuant to a one-year lease. In April 2004, we extended the lease for an additional five years, at the same monthly rent amount of approximately \$0.35 per square foot, or \$23,300. If we elect, at our discretion, to use more or less square footage, our rent will be increased or decreased accordingly on a pro rata basis. We also own an approximately 66,000 square foot facility used for the manufacture of playing cards, tables, and layouts that is adjacent to the leased building.

Beaune, France Facilities. We own an approximately 34,000 square foot manufacturing and administrative facility in Beaune, France. In January 2004, GPI-SAS entered into a 350,000 Euro (or

approximately \$447,000 U.S.) loan agreement, with Banque Nationale de Paris (B.N.P), a French bank, for building expansion. See Secured Debt above. In December 2004, we entered into a construction contract for a 1,600 square foot additional expansion which was completed in the second quarter of 2005, to extend the jeton and plaque production area.

In July 2006, we completed the purchase of a two story building of approximately 10,700 square foot in Beaune, France, located near our existing facility. We purchased the building for 650,000 Euros (approximately U.S. \$827,800) plus certain statutory costs. The building serves as the administrative and sales headquarters and non-gaming chip production facility for our operations outside of the United States. The new space allowed us to increase our gaming chip production capacity in France without any significant interference with our ongoing business operations. The additional space created at our own existing facility is currently finished and functional. We used available cash to pay for the building.

Capital Expenditures. We currently plan to purchase approximately \$1.0 million in capital equipment and improvements in the remainder of 2006.

Cash Dividend. On November 8, 2006, our board of directors declared a one-time cash dividend of \$0.125 per share payable on December 15, 2006 to shareholders of record at the close of business on November 27, 2006. The cash dividend will be funded from the Company s normal operations. The Company also paid a cash dividend on December 15, 2005. For the foreseeable future, our board of directors intends to consider one-time cash dividends on a periodic basis, however, no assurance can be given that the Company will declare or pay any future dividends.

Contractual Obligations and Commercial Commitments

There was no material changes in the contractual cash obligations and commercial commitments during the nine months ended September 30, 2006, except for the GPI-SAS loan entered on June 29, 2006, of which only 63% has been drawn and as described in detail under *Secured Debt*, in the section above.

Recently Issued and Adopted Accounting Guidance

In September 2006, the Financial Accounting Standards Board (FASB) issued Statement of Financial Accounting Standards (SFAS) No. 158, Employers Accounting for Defined Pension and Other Postretirement Plans an amendment of FASB Statement No. 87, 88, 106 and 132R (SFAS 158). SFAS 158 requires companies to (1) fully recognize, as an asset or liability, the overfunded or underfunded status of defined pensions and other postretirement benefit plans; (2) recognize changes in the funded status through other comprehensive income in the year in which the changes occur; (3) measure the funded status of defined pension and other postretirement benefit plans as of the date of the Company s fiscal year-end; and (4) provide enhanced disclosures. The provisions of SFAS 158 are effective for our year-end December 31, 2006. The Company is currently assessing the impact of the adoption of SFAS 158 on its financial statements. For additional information about our defined benefit pension and other post retirement benefit plans, refer to Note 9 of the Consolidated Financial Statements in our Form 10-K.

In July 2006, the Financial Accounting Standards Board (FASB) issued FASB Interpretation (FIN) No. 48, Accounting for Uncertainty in Income Taxes—an interpretation of FASB Statement No. 109. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return, and provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. This Interpretation will be effective for the Company on January 1, 2007, with

the cumulative effect of the change in accounting principle recorded as an adjustment to opening retained earnings. The Company is currently assessing the impact of the adoption of the Interpretation on its financial statements.

Forward-Looking Information Statements and Risk Factors

Throughout this Form 10-Q, we make some forward-looking statements, which do not relate to historical or current facts, but are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to analyses and other information based on forecasts of future results and estimates of amounts not yet determinable that, while considered reasonable by us, are inherently subject to significant business, economic and competitive risks and uncertainties, many of which are beyond our control and are subject to change. The statements also relate to our future prospects and anticipate performance, development and business strategies. These statements are identified by their use of terms and phrases such as anticipate, believe, could, would, estimate, expect, intend, may, plan, predict, project, pursue, will, continue, feel, or the negative or other variations thereof, and other similar terms and phrases, including references to assumptions.

Although we believe that the expectations reflected in any of our forward-looking statements are reasonable, actual results could differ materially from those expressed or implied. Our future financial condition and results of operations, as well as any forward-looking statements, are subject to change and to inherent known and unknown risks and uncertainties. We do not intend, and undertake no obligation, to update our forward-looking statements to reflect future events or circumstances.

PART II. OTHER INFORMATION

ITEM 6. EXHIBITS

- 31.1 Certifications of Chief Executive Officer pursuant to Rule 13a 14(a) and Rule 15d-14(a) Section 302 of the Sarbanes-Oxley Act of 2002.
- 31.2 Certification of Chief Financial Officer pursuant to Rule 13a 14(a) and Rule 15d-14(a) Section 302 of the Sarbanes-Oxley Act of 2002.
- 32 Certification of Chief Executive Officer and Chief Financial Officer pursuant to 18 U.S.C. 1350, as adopted pursuant to Section 906 of the Sarbanes-Oxley Act of 2002.
