PRESS RELEASE

ARCADIS SIGNS EXPANDED FACILITY

MANAGEMENT CONTRACT WITH PHILIPS

ARNHEM, THE NETHERLANDS February 15, 2008 ARCADIS (EURONEXT: ARCAD), the international consultancy, design and engineering company, today announced that a new, larger, five year facility management contract was signed between Philips and ARCADIS AQUMEN FM, a joint venture between ARCADIS and U.K-based Carillion. Because of the expiration of the last four year contract, Philips has organized a tendering procedure in which ARCADIS AQUMEN was again selected as partner. In the new contract services are offered to facilities of Philips in the Netherlands and Belgium. It is expected that the floor space managed under the new contract will ultimately range between 1.2 and 1.5 million square meters, more than double the amount from the previous contract of 600.000 square meters. ARCADIS AQUMEN expects the annual gross revenue in the contract to amount to 50 to 60 million. Further financial details were not disclosed.

ARCADIS AQUMEN has provided facility management services for a number of Dutch Philips locations since 2003. In addition to a larger number of locations, the new contract also foresees an expansion in the number of services. ARCADIS AQUMEN will operate as an independent Facility Management provider, taking responsibility for purchasing and the quality level of the services, including the cost savings that are to be realized. With this approach, the company is one of the fastest growing independent suppliers of facility management services in the Benelux market.

ARCADIS Board Member Michiel Jaski about the contract: We are proud that Philips has selected ARCADIS AQUMEN as a partner for its facility management services. It is a major challenge for us to contribute to Philips' goals for further process improvement and value creation. The contract with Philips demonstrates that our focus on providing added value to clients is yielding results and is a clear sign that the chosen strategy of ARCADIS AQUMEN to be an independent FM provider leads to market successes.

Notes to editors

ARCADIS is an international company providing consultancy, engineering and management services in infrastructure, environment and facilities, to enhance mobility, sustainability and quality of life. ARCADIS develops, designs, implements, maintains and operates projects for

Edgar Filing: ARCADIS N V - Form 6-K

companies and governments. With more than 12,000 employees and over 1.5 billion in gross revenue, the company has an extensive international network that is supported by strong local market positions. Visit us on the internet: www.arcadis-global.com

Except for historical information contained herein, the statements in this release are forward-looking statements that are made pursuant to the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. Forward-looking statements involve known and unknown risks and uncertainties that may cause the company's actual results in future periods to differ materially from forecasted results. Those risks include, among others, risks associated with possible changes in environmental legislation and risks with regard to the Company's ability to
