PART III NARRATIVE

State below in reasonable detail why Forms 10-K, 20-F, 11-K, 10-Q, 10-D, N-SAR, N-CSR, or the transition report or portion thereof, could not be filed within the prescribed time period.

As previously disclosed, our preparation of financial statements for the fiscal year ended June 30, 2007 initially was delayed because of errors we identified in our accounting for sales of installments receivable. After those errors were identified, the audit committee of the board of directors and our management determined to engage in a detailed review of other accounts in our financial statements.

The completion of our financial statements was further delayed as the result of our transition to a new independent registered public accounting firm, effective as of the fiscal year ended June 30, 2008. The new independent registered public accounting firm was appointed by the audit committee on March 12, 2008, as described in a current report on Form 8-K that we filed with the SEC on March 13, 2008.

We subsequently filed our annual reports for the 2007 and 2008 fiscal years and our quarterly reports for those years. On November 9, 2009, we filed our quarterly reports on Form 10-Q for the quarterly periods ended September 30, 2008, December 31, 2008 and March 31, 2009, and our annual report on Form 10-K for the fiscal year ended June 30, 2009. However, as a result of the matters described above, including the detailed review directed by the audit committee, we are not able to file our quarterly report on Form 10-Q for the quarterly period ended September 30, 2009 by the applicable due date.

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during the preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes No

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

Due to the matters described in Part III above, we cannot provide at this time an estimate of the results of operations to be reflected by the earnings statements for the quarter ended September 30, 2009. As referenced in our current report on Form 8-K filed with the SEC on July 9, 2009, we expect that the introduction of our new subscription-based licensing offering and change from predominantly up-front revenue recognition will result in our reporting significantly lower revenue and large operating losses in the near-term.

We have previously announced selected preliminary financial results for the periods for which we have not yet filed the required periodic reports. In our press release issued on November 9, 2009, we announced that our gross license bookings in the quarter ended September 30, 2009 were approximately \$32.2 million, and were down on a year-over-year basis. We further announced that our cash balance at September 30, 2009 was approximately \$109 million, compared to \$122 million at the end of the fourth quarter of fiscal 2009.

The foregoing balances should be considered preliminary estimates pending completion of our financial statements for the quarter ended September 30, 2009.
