5 The statute of limitation period applicable to tax return of the US Branch of the Company, for the year ended March 2006, expired on 15 December 2009 i.e. on expiry of 3 years from the date of filing, which was 15 December 2006. The company has, therefore, reversed the tax exposure reserves for taxes and interest pertaining to the US branch of the Company for the year ended March 2006. Accordingly, the following amounts have been included in the income statement for the year ended 31 December 2009:

	Year ended 31 December 2009

6 During the year, the Company received a favourable order from the Income Tax Appellate Tribunal allowing the set off of losses of 10A units against Business Income. Based on the same, the Company has reversed the relevant tax provisions amounting to \$ 25.

7 During 2009, due to adverse market conditions, the Company reviewed the recoverability of the carrying amount of IPR in accordance with ASC 360 (previously FAS 144), Accounting for the Impairment or Disposal of Long-Lived Assets (ASC 360-10-05). Based on the results of the recoverability test, the sum of the undiscounted cash flows of IPR expected to result from its use exceeded the carrying amount as at 31 December 2009. The Company estimated these undiscounted future cash flows that are directly associated with and are expected to arise as a direct result of using the IPR considering current prevailing economic conditions. The Company concluded that under ASC 360, no impairment charge should be recognized as at 31 December 2009, as the undiscounted cash flows expected to be received from the continuing use of IPR exceeded its carrying value as stated above.

8 In December 2008, the Company received a Demand of approximately Rs. 4,587 for the Assessment Year (A.Y.) 2003-04 including an interest demand of Rs. 2,586 (\$ 99 including an interest demand of approximately \$ 56) and another Demand in January 2009 of approximately Rs. 11,318 for the A.Y. 2005-06 including an interest demand of approximately Rs. 4,220 (\$ 243 including an interest demand of approximately \$ 91). These new Demands concern the same issue of disallowance of tax benefits under Section 10A of the Indian Income Tax Act, 1961 (ACT) as per earlier assessments. The Company has filed an appeal with the tax authorities and stay of demand has been granted till 28 February 2010 or settlement of appeal whichever is earlier.

As per stay of demand order, through December 2009, the Company has paid sum of Rs. 660 (\$ 14) for the A.Y. 2003-04 and Rs.1,710 (\$ 37) for the A.Y. 2005-06 as regards the matter under appeal. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

The tax department had earlier rejected the Company's claim under section 10A of the Act and raised a demand of approximately Rs. 6,302 (\$ 135 including an interest demand of approximately \$ 40) for A.Y. 2004-05 and Rs. 2,617 (\$ 56 including an interest demand of approximately \$ 30) for A.Y. 2002-03 in December 2006 and December 2007, respectively. However on appeal, in 2008 the CIT (Appeals) had allowed the claim under section 10A of the Act. The Indian Income Tax department has appealed against the CIT (Appeals) orders in respect of A.Y. 2002-03 and 2004-05 in the tribunal. Management considers these Demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

In December 2009 the Income tax department has issued draft assessment order for A.Y. 2006-07 disallowing 10A deduction of the Indian Income Tax Act, 1961 as per the earlier assessments, as well as making a Transfer Pricing Adjustment for our BPO operations. The company has filed the objections against the draft order before the Dispute Resolution Panel (DRP) newly set up under the Income Tax Act, 1961. Management considers these disallowances as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

Certain other income tax related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in ordinary course of business. There are no such matters pending that Patni expects to be material in relation to its business.

9 Certain reclassifications have been made in the financial statements of prior years to conform to classifications used in the current year.

10 The above statement of financial results were reviewed by the Audit Committee and approved by the Board of Directors at its adjourned meeting held on 11 February 2010.

7 During the year, the Company received a favourable order from the Income Tax Appellate Tribunal allowing the set off of losses of 10A units against Business Income. Based on the same, the Company has reversed the relevant tax provisions amounting to Rs. 1,144.

8 Due to adverse market conditions, during the year ended 31 December 2009 the Company reviewed the recoverability of the carrying amount of the IPR. Based on Management's estimate, the expected discounted cashflows from the use of this IPR is lower than the carrying amount and accordingly, an impairment charge of Rs. 2,376 for the year ended 31 December 2009 has been recorded and included under depreciation in the consolidated profit and loss account. The new cost basis for this IPR as of 31 December 2009 is Rs. 5,176.

9 In December 2009 the Income tax department has issued draft assessment order for assessment year (A.Y.) 2006-07 disallowing 10A deduction of the Indian Income Tax Act, 1961 as per the earlier assessments, as well as making a Transfer Pricing Adjustment for our BPO operations. The company has filed the objections against the draft order before the Dispute Resolution Panel (DRP) newly set up under the IT Act. Management considers these disallowances as not tenable against the Company, and, therefore, no provision for this tax contingency has been established.

In December 2008 the Company received a Demand of approximately Rs. 4,587 for the A.Y. 2003-04 including an interest demand of Rs. 2,586 and another Demand in January 2009 of approximately Rs. 11,318 for the A.Y. 2005-06 including an interest demand of approximately Rs. 4,220. The Company has filed an appeal with the tax authorities and stay of demand has been granted till 28 February 2010 or settlement of appeal whichever is earlier. As per stay of demand order, through December 2009, the Company has paid sum of Rs. 660 for the A.Y. 2003-04 and Rs. 1,710 for the A.Y. 2005-06 as regards the matter under appeal. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

The Tax department had earlier rejected the Company's claim under section 10A of the Act and raised a demand of approximately Rs. 6,302 for A.Y. 2004-05 and Rs. 2,617 for A.Y. 2002-03 in December 2006 and December 2007, respectively. However on appeal, in 2008 the CIT (Appeals) had allowed the claim under section 10A of the Income Tax Act, 1961. The Indian Income tax department has appealed against the CIT (Appeals) orders in respect of A.Y. 2002-03 and 2004-05 in the tribunal. The Group's operations relate to providing IT services and solutions, delivered to customers operating in various industry segments. Accordingly, revenues represented along industry classes comprise the principal basis of segmental information set out in these consolidated financial statements. The accounting policies consistently used in the preparation of the consolidated financial statements are also consistently applied to individual segment information.

Industry segments of the Company comprise financial services, insurance services, manufacturing, retail and distribution companies, communications, media and utilities, and technology services (comprising independent software vendors and product engineering). The Company evaluates segment performance and allocates resources based on revenue growth. Revenue in relation to segments is categorized based on items that are individually identifiable to that segment. Costs are not specifically allocable to individual segment as the underlying resources and services are used interchangeably. Property, plant and equipment used in the Company's business or liabilities contracted have not been identified to any of the reportable segments, as the property, plant and equipment and services are used interchangeably between segments.

Edgar Filing: Patni Computer Systems LTD - Form 6-K

From 1 January 2009, retail, logistics and transportation segment (previously included under 'Others' in the Company's segment information disclosures) has been merged with the manufacturing industry practice (now renamed as Manufacturing, Retail and Distribution). This integration of industry practices is mainly due to similar service offerings, as both require large Enterprise Resource Planning (ERP) implementation with significant work towards supply chain management. Further, Energy and utilities segment (previously included under 'Others' in the Company's segment information disclosures) has been merged with the Communications, Media and Entertainment industry practice (now renamed as Communications, Media and Utilities) as the Business Support Systems (BSS) platform is commonly used in case of these industry practices. With effect from 1 January 2009 'Costs and estimated earnings in excess of billings on uncompleted contracts' has been disclosed as 'Unbilled revenue'.

12 The Board has recommended a final dividend of 150% for the year 2009 (2008 : 150%), subject to approval of members.

13 Previous year's figures have been appropriately reclassified to conform to the current year's presentations.

Financial results of Patni Computer Systems Limited for the quarter and year ended 31 December 2009, as per Indian GAAP (Standalone) (Contd.)

5 In December 2008 the Company received a Demand of approximately Rs. 4,587 for the Assessment Year 2003-04 including an interest demand of Rs. 2,586 and another Demand in January 2009 of approximately Rs. 11,318 for the Assessment Year 2005-06 including an interest demand of approximately Rs. 4,220. These new demands concern the same issue of disallowance of tax benefits under Section 10A of the Indian Income Tax Act, 1961 as per the earlier assessments. The Company has filed an appeal with the tax authorities and stay of demand has been granted till 28 Feb 2010 or settlement of appeal whichever is earlier. As per stay of demand order, till December 2009 the Company has paid sum of Rs. 660 for the Assessment Year 2003-04 and Rs. 1,710 for the Assessment year 2005-06 as such the matter is under appeal. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

The Tax department had earlier rejected our claim under section 10A and raised a demand of Rs. 6,302 for AY 2004-05 and Rs. 2,617 for AY 2002-03 in December 2006 and December 2007 respectively. However on appeal in 2008, the CIT (Appeal) had allowed the claim under section 10A of the Income Tax Act, 1961. The Indian Income tax department has appealed against the CIT (Appeals) orders in respect of assessment year 2002-03 and 2004-05 in the tribunal. Management considers these demands as not tenable against the Company and, therefore, no provision for this tax contingency has been established.

In December 2009 the Income tax department has issued draft assessment order for A.Y.2006-07 disallowing 10A deduction of the Indian Income Tax Act, 1961 as per the earlier assessments, as well as making a Transfer Pricing Adjustment for BPO operations of the Company. The Company has filed the objections against the draft order before the Dispute Resolution Panel (DRP) newly set up under the Income Tax Act, 1961. Management considers these disallowances as not tenable against the Company and in absence of any demand raised at this juncture, no provision is required.

Certain other income tax related legal proceedings are pending against the Company. Potential liabilities, if any, have been adequately provided for, and the Company does not currently estimate any incremental liability in respect of these proceedings. Additionally, the Company is also involved in lawsuits and claims which arise in ordinary course of business. There are no such matters pending that Patni expects to be material in relation to its business.

6 During the year ended 31 December 2008, the US Internal Revenue Service (IRS) completed its assessment of tax returns for the years ended 31 March 2003, 2004 and 2005 of the US branch of the Company. Based on the completion of assessment of these years, the Company reviewed the adequacy of the previously established tax exposure reserves with respect to these years and re-measured the established tax positions for later years based on the experience gained from the tax examination and accordingly, the following amounts have been included in the income statement for the year ended 31 December 2008 as change in estimate:

	2008
Reversal of interest expense (i)	(1,134)

Edgar Filing: Patni Computer Systems LTD - Form 6-K

Increase in interest expense	182
Decrease in income taxes -current	(3,190)
Increase in income taxes -deferred	664
Total	(3,478)

The Statute of limitation period for the March, 2006 tax return of the US Branch of the Company expired in December, 2009 i.e. on expiry of 3 years from the date of filing which was 15th December, 2006. Hence the company has reversed the provision for that year on account of taxes & interest in December, 2009. Accordingly the following amounts have been included in the Income Statement for the year ended 31st December, 2009 on account of above:

	2009
Reversal of interest expense (i)	(558)
Increase in interest expense	
Decrease in income taxes -current	(3,450)
Increase in income taxes -deferred	89
Total	(3,919)

(i) Included in Other Income

7 During the year, the Company received a favorable order from the Income Tax Appellate Tribunal allowing the set off of losses of 10A units against Business Income. Based on the same, the Company has reversed the relevant tax provisions amounting to Rs. 1,144.

8 The Finance Act, 2009 has extended the availability of the 10-year income tax holiday by a period of one year such that the tax holiday will be available until the earlier of fiscal year ending 31 March 2011 or 10 years after the commencement of a Company's undertaking. The fringe benefit tax has also been abolished.

9 The Board of directors at the adjourned meeting held on 11 February 2010 recommended a final dividend of 150% for the year 2009, subject to approval of the members.

	Year ended 31 December	
	2009	2008
Dividend per share (Par value of Rs. 2 each)	3	3
Percentage	150%	150%

10 Previous period figures have been appropriately reclassified / regrouped to conform to the current period's presentations.
