-

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On April 4, 2013, Reliance Steel & Aluminum Co., a California corporation (Registrant), entered into a syndicated Third Amended and Restated Credit Agreement (Credit Agreement) with Bank of America, N.A., as Administrative Agent, Issuing Lender and Swing Line Lender and as a lender, and with 25 other banks as lenders. The Credit Agreement amends and restates Registrant's existing \$1.5 billion unsecured revolving credit facility and provides for a \$500 million term loan, each with a term of five years, expiring April 4, 2018. The Credit Agreement includes an option to increase the revolving credit facility for up to an additional \$500 million at Registrant's request subject to approval of the lenders and certain other conditions. The term loan will amortize in quarterly installments, resulting in an annual amortization of 5% during the first year, 5% during the second year, 10% during the third year, 10% during the fourth year and 10% during the fifth year after the closing date, with the balance to be paid at maturity. The term loan may be prepaid without penalty. The Credit Agreement permits multicurrency borrowings under the revolving credit facility. The Credit Agreement replaces Registrant's existing credit facility that would have matured on July 26, 2016. Registrant intends to use the credit facility for working capital and general corporate purposes, including, but not limited to, capital expenditures, dividend payments, repayment of debt, stock repurchases, internal growth initiatives and acquisitions, including our proposed acquisition of Metals USA Holdings Corp.

The foregoing description and the description in the press release attached as Exhibit 99.1 hereto are qualified in their entirety by reference to the full text of the Credit Agreement, which is attached hereto as Exhibit 4.1 and incorporated herein by reference.

Item 9.01 Financial Statements and Exhibits.
