Item 1.01 Entry into a Material Definitive Agreement.

Purchase Agreement

On June 24, 2014, NGL Energy Partners LP (NGL) and NGL Energy Finance Corp. (Finance Corp., and together with NGL, the Issuers) entered into a purchase agreement (the Purchase Agreement) with RBS Securities Inc., as representative of the initial purchasers listed on Schedule 1 to the Purchase Agreement (collectively, the Initial Purchasers) related to the issuance and sale by the Issuers to the Initial Purchasers of \$400,000,000 aggregate principal amount of the Issuers' 5.125% Senior Notes due 2019 (the Notes). Upon issuance of the Notes, the Issuers obligations thereunder will be fully, unconditionally, jointly and severally guaranteed on an unsubordinated and unsecured basis, by certain of NGL's current and future restricted subsidiaries that incur or guarantee indebtedness under a credit facility, including NGL's existing secured revolving credit facility (collectively, the Guarantors, and together with the Issuers, the Obligors). The Guarantors exclude NGL Gateway Terminals, Inc., High Sierra Energy GP, LLC, High Sierra Shared Services, LLC, Petro Source Products, LLC, NGL Crude Canada ULC, Indigo Injection #3-1, LLC, Atlantic Propane LLC and NGL Hutch, LLC.

The Notes and the guarantees thereof (collectively, the Securities) were offered and sold in a private offering (the Offering) conducted pursuant to Rule 144A and Regulation S under the Securities Act of 1933, as amended (the Securities Act). The offer and sale of the Securities have not been registered under the Securities Act or applicable state securities laws, and consequently, the Securities may not be offered or sold in the United States absent registration under the Securities Act or an applicable exemption from the registration requirements of the Securities Act and applicable state laws.

The Purchase Agreement contains customary representations and warranties of the parties and indemnification and contribution provisions under which the Obligors, on one hand, and the Initial Purchasers, on the other hand, have agreed to indemnify each other against certain liabilities, including liabilities under the Securities Act. In addition, the Purchase Agreement requires that upon closing of the Offering, the Obligors enter into a registration rights agreement pursuant to which, in certain circumstances, the Obligors would agree to conduct a registered exchange offer of the Securities for similar securities that are free of transfer restrictions under the Securities Act, or otherwise register the resale of the Securities under the Securities Act.

Closing of the Offering and delivery of the Securities is expected to take place on July 9, 2014. The Issuers expect to receive net proceeds from the issuance and sale of the Securities of approximately \$393.0 million, after deducting the Initial Purchasers' discount and estimated expenses associated with the Offering. NGL intends to use the net proceeds of the Offering to repay borrowings under its credit agreement and for general partnership purposes. The management and board of directors of NGL's general partner retain broad discretion in deciding how to allocate the net proceeds of the Offering.

A copy of the Purchase Agreement is filed as Exhibit 1.1 hereto, and is incorporated herein by reference. The description of the Purchase Agreement in this Form 8-K is a summary and is qualified in its entirety by the terms of the Purchase Agreement.
