About StoneCastle Financial Corp.

StoneCastle Financial Corp. ("StoneCastle Financial" or the "Company") is an SEC registered non-diversified, closed-end investment company listed on the NASDAQ Global Select Market under the symbol "BANX".

StoneCastle Financial makes long-term, passive, non-control investments in community banks seeking capital for organic growth, acquisitions, share repurchases and other refinancing activities. Its investment objective is to provide current income and, to a lesser extent, capital appreciation. StoneCastle Financial is managed by StoneCastle Asset Management LLC.

Investment Summary

StoneCastle Financial offers investors an opportunity to invest in a select group of community banks (i.e., U.S. domiciled depository institutions with less than \$10 billion of consolidated assets) at a time when the industry appears to be poised for consolidation, a key historical driver of capital gains.

As of the close of business on June 30, 2014, the Company had Total Assets of \$130.7 million, consisting of investments with a fair value of \$120.8 million ("Invested Portfolio"), cash and money market fund investments of \$8.9 million, and other assets of \$1.0 million. "Total Assets" includes investments, cash, interest and dividends receivable, other assets and any proceeds from borrowings used to make a portfolio investment.

A distinct advantage for the Company is the exclusive endorsement by the American Bankers Association's Corporation for American Banking ("ABA") via its for-profit subsidiaries. According to the ABA, the American Bankers Association's subsidiaries members account for nearly 90% of the bank industry's total assets.

Investment Objectives

StoneCastle Financial's primary investment objective is to provide stockholders with current income, and, to a lesser extent capital appreciation. We attempt to achieve our investment objectives through investments in preferred equity, subordinated debt, convertible securities and, to a lesser extent, common equity primarily in the U.S. community bank sector. We may also invest in similar securities of larger U.S. domiciled banks and companies that provide goods and/or services to banking companies. Together with banks, we refer to these types of companies as banking-related and intend, under normal circumstances, to invest at least 80% of the value of our net assets plus the amount of any borrowings for investment purposes in such businesses. There is no guarantee that we will achieve our investment objective.

Semi-Annual Report StoneCastle Financial Corp.

Notes to Financial Statements

(unaudited)

Note 1 Organization

StoneCastle Financial Corp. ("SCFC" or the "Company") is a Delaware corporation registered as a non-diversified, closed-end management investment company under the Investment Company Act of 1940, as amended, (the "Investment Company Act") which commenced investment operations on November 13, 2013. In addition, SCFC has elected to be treated for tax purposes as a regulated investment company, or "RIC" under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code").

SCFC's primary investment objective is to provide stockholders with current income, and to a lesser extent capital appreciation. We attempt to achieve our investment objectives through investments in preferred equity, subordinated debt, convertible securities and, to a lesser extent, common equity primarily in the U.S. community bank sector. We may also invest in similar securities of larger U.S. domiciled banks and companies that provide goods and/or services to banking companies. Together with banks, we refer to these types of companies as banking-related and intend, under normal circumstances, to invest at least 80% of the value of our net assets plus the amount of any borrowings for investment purposes in such businesses. There is no guarantee that we will achieve our investment objective.

Note 2 Significant accounting policies

The following is a summary of significant accounting policies consistently followed by SCFC in the preparation of its financial statements. The preparation of the financial statements is in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") and requires the Board of Directors, inclusive of the sub-committees, and the Advisor to make estimates and assumptions that affect the reported amounts of assets and liabilities in the financial statements and the reported amounts of increases and decreases in net assets from operations during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents SCFC considers all highly liquid debt instruments with a maturity of three months or less at the time of purchase to be cash equivalents.

Investment Valuation The most significant estimates made in the preparation of the Company's financial statements are the valuation of equity and debt investments and the effective yield calculation with respect to certain debt securities, as well as the related amounts of unrealized appreciation and depreciation of investments recorded. The Company believes that there is no single definitive method for determining fair value in good faith. As a result, determining fair value requires that judgment be applied to the specific facts and circumstances of each portfolio investment while employing a consistently applied valuation process for the types of investments that SCFC makes. The Company is required to specifically fair value each individual investment on a quarterly basis.

The Company complies with ASC 820-10, Fair Value Measurements and Disclosure, which establishes a three-level valuation hierarchy for disclosure of fair value measurements. ASC 820-10 clarified the definition of fair value and requires companies to expand their disclosure about the use of fair value to measure assets and liabilities in interim and annual periods subsequent to initial recognition. ASC 820-10 defines fair value as the price that would be

received to sell an asset or paid to transfer a liability (i.e. the "exit price") in an orderly transaction between market participants at the measurement date. ASC 820-10 also establishes the following three-tier fair value hierarchy:

- Level 1 Valuations based on unadjusted quoted prices in active markets for identical assets or liabilities that the Company has the ability to access;
- Level 2 Valuations based on inputs, other than quoted prices included in Level 1, that are observable either directly or indirectly; and
- Level 3 Valuations based on inputs that are unobservable and significant to the overall fair value measurement.

To the extent securities owned by the Company are actively traded and valuation adjustments are not applied, they are categorized in Level 1 of the fair value hierarchy. Securities traded on inactive markets or valued by reference to similar instruments are generally categorized in Level 2 of the fair value hierarchy.

The availability of valuation techniques and observable inputs can vary from security to security and is affected by a wide variety of factors including the type of security, whether the security is new and not yet established in the marketplace, and other characteristics particular to the transaction. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Those estimated values do not necessarily represent the amounts that may be ultimately realized due to the occurrence of future circumstances that cannot be reasonably determined. Because of the inherent uncertainty of valuation, those estimated values may be materially higher or lower than the values that would have been used had a ready market for the securities existed. Accordingly, the degree of judgment exercised by SCFC in determining fair value is greatest for securities categorized in Level 3. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement in its entirety falls is determined based on the lowest level input that is significant to the fair value measurement. The valuation levels are not necessarily an indication of the risk associated with investing in those securities.

Fair value is a market-based measure considered from the perspective of a market participant rather than an entity-specific measure. Therefore, even when market assumptions are not readily available, SCFC's own assumptions are set to reflect those that market participants would use in pricing the asset or liability at the measurement date. SCFC uses prices and inputs that are current as of the measurement date, including periods of market dislocation. In periods of market dislocation, the observability of prices and inputs may be reduced for many securities. This condition could cause a security to be reclassified to a lower level within the fair value hierarchy.

SCFC will determine the fair value of its assets and liabilities in accordance with valuation procedures adopted by its board of directors. The Company may utilize the services of one or more regionally or nationally recognized independent valuation firms to help it determine the value of each investment for which a market price is not available. SCFC's board will also review valuations of such investments provided by the Advisor. Securities for which market quotations are readily available shall be valued at "market value." If a market value cannot

be obtained or if SCFC's Advisor determines that the value of a security as so obtained does not represent a fair value as of the measurement date (due to a significant development subsequent to the time its price is determined or otherwise), fair value shall be determined pursuant to the methodologies established by our board of directors. In making these determinations, the Company may engage an independent valuation firm from time to time to assist in determining the fair value of our investments. The methods for valuing these investments may include fundamental analysis, discounts from market prices of similar securities, purchase price of securities, subsequent private transactions in the security or related securities, or discounts applied to the nature and duration of restrictions on the disposition of the securities, as well as a combination of these and other factors.

Preferred Securities The fair value of perpetual preferred securities is generally determined using market price quotations (where observable) and other observable market inputs (including recently executed transactions). When using market price quotations from brokers, fair value is calculated using the average of two or more indicative broker quotes obtained as of the valuation date. When quotations are unobservable, internal valuation models (typically including discounted cash flow analysis and comparable analysis) are employed. Perpetual preferred securities are generally categorized as Level 2 or 3 in the fair value hierarchy, depending on the availability of observable inputs.

Exchange-Traded Securities SCFC may invest in exchange-traded securities for which bid and ask prices can be observed in the marketplace. Bid prices reflect the highest price that the marketplace participants are willing to pay for an asset. Ask prices represent the lowest price that the marketplace participants are willing to accept for an asset. The Company's policy for listed securities for which no sale was reported on that date is generally to value the security using the last reported "bid" price if held long, and last reported "ask" price if sold short. Exchange-traded securities are generally categorized as Level 1 or 2 in the fair value hierarchy, depending on trading volume levels.

Debt Securities Under procedures established by our Board of Directors, we value secured debt, unsecured debt, and other debt securities, for which market quotations are readily available, at such market quotations (unless they are deemed not to represent fair value). We attempt to obtain market quotations from at least two brokers if available. If not available or when market quotations are deemed not to represent fair value, we typically utilize independent third party valuation firms to assist us in determining fair value. Our independent valuation firms consider observable market inputs together with significant unobservable inputs in arriving at their valuation recommendations for such Level 3 categorized assets. Investments that are not publicly traded or whose market quotations are not readily available are valued at fair value as determined in good faith by or under the direction of our Board of Directors. Such determination of fair values may involve subjective judgments and estimates.

The Company's assets measured at fair value subject to the disclosure requirements of ASC 820-10-35 at June 30, 2014, were as follows:

	TOTAL MARKET VALUE AT 06-30-14	LEVEL 1 QUOTED PRICE	LEVEL 2 SIGNIFICANT OBSERVABLE INPUTS	LEVEL 3 SIGNIFICANT UNOBSERVABLE INPUTS
Preferred Stock	\$ 74,125,819	\$ 1,105,960	\$63,019,859	\$10,000,000
Convertible Preferred Stock	1,941,133		1,941,133	
Debt Securities	23,990,428		23,990,428	
Trust Preferred Securities	16,545,604	16,545,604		
Equity Securities	4,160,620	658,420		3,502,200
Money Market Fund	5,420,144	5,420,144		
Total Investments in Securities	126,183,748	23,730,128	88,951,420	13,502,200

The Company's Level 3 investments have been valued at cost which has been determined to represent fair value.

For fair valuations using significant unobservable inputs U.S. GAAP requires SCFC to present reconciliation of the beginning to ending balances for reported market values that presents changes attributable to total realized and unrealized gains or losses, purchase and sales, and transfers in and out of Level 3 during the period. Transfers in and out between levels are based on values at the end of a period. U.S. GAAP also requires SCFC to disclose amounts and reasons for all transfers in and out of Level 1 and Level 2 fair value measurements. A reconciliation of Level 3 investments is presented below:

	PREFERRED STOCK	EQUITY SECURITIES	TOTAL
Balance at December 31, 2013	\$ 5,136,890	\$	\$ 5,136,890
Realized gains including earnings			
Unrealized depreciation on investments			
Purchases	10,000,000		10,000,000
Sales			
Transfers in		3,502,200	3,502,200
Transfers out	(5,136,890)		(5,136,890)
Balance at June 30, 2014	\$10,000,000	\$3,502,200	\$13,502,200

Securities Transactions, Investment Income and Expenses Securities transactions are recorded on trade date for accounting and financial statement preparation purposes. Realized gains and losses on investments sold are recorded on the identified cost basis. Interest income is recorded on the accrual basis. Accretion of discounts and amortization of premiums are recorded on a daily basis using the effective yield method except for short term securities,

which records discounts and premiums on a straight-line basis. Dividends are recorded on the ex-dividend date.

Dividends and Distributions to Shareholders Dividends from net investment income, if any, are declared and paid quarterly. Distributions, if any, of net short-term capital gain and net capital gain (the excess of net long-term capital gain over the short-term capital loss) realized by SCFC, after deducting any available capital loss carryovers are declared and paid to shareholders at least annually. Income dividends and capital gain distributions are determined in accordance with U.S. federal income tax regulations, which may differ from U.S. GAAP. These differences include the treatment of non-taxable dividends, losses deferred due to wash sales and excise tax regulations. Permanent book and tax basis differences relating to shareholder distributions will result in reclassifications within the components of net assets.

Note 3 Investment Advisory Fee, Affiliated Transactions and Other Fee Arrangements

StoneCastle Asset Management LLC ("Advisor"), a subsidiary of StoneCastle Partners, LLC ("StoneCastle Partners"), serves as investment adviser to SCFC pursuant to a management agreement with SCFC (the "Management Agreement"). For its services as the investment adviser, the Advisor is entitled to receive a fee at the annual rate of 1.75% of total assets. SCFC will pay the management fee quarterly in arrears, and it will be equal to 0.4375% (1.75% annualized) of our assets at the end of such quarter, including cash and cash equivalents and assets purchased with borrowings, except that, (i) until we have invested at least 85% of the net proceeds we receive from the sale of our common stock, we will reduce the management fee so that the portion of the management fee payable with respect to our assets held in cash and cash equivalents will be equal to 0.0625% (0.25% annualized); and (ii) for the first twelve months following the closing of this offering, we will reduce the management fee otherwise charged at 0.4375% per quarter to 0.375% per quarter (1.5% annualized).

During the current period, SCFC has reached the 85% investment threshold and therefore has incurred a management fee of \$462,052 based upon a proration of 0.0625% of the \$8.9 million in Cash and Cash Equivalents plus 0.375% of the \$120.7 million of Long-Term Investments at fair value for the six months period ended June 30, 2014.

BNY Mellon Investment Servicing (US) Inc. ("BNY Mellon") serves as SCFC's administrator ("Administrator"). As Administrator, BNY Mellon calculates the net asset value of SCFC's shares attributable to Common Stock and generally assists in all aspects of SCFC's administration and operation. As compensation for BNY Mellon's services as Administrator, SCFC incurred \$82,263 of expenses for the six months period ended June 30, 2014.

ComputershareTrust Company, N.A. ("Computershare") also serves as SCFC's common stock dividend-paying agent and registrar (the "Transfer Agent"). As compensation for Computershare's services as Transfer Agent, SCFC has incurred \$10,413 of expenses for the six months period ended June 30, 2014.

The Bank of New York Mellon (the "Custodian") serves as SCFC's custodian. As compensation for the Custodian's services, SCFC has incurred \$25,787 of expenses for the six months period ended June 30, 2014.

SCFC currently pays each Director who is not an officer or employee of the Advisor a fee of \$45,000 per annum, plus \$1,000 for each in-person meeting of the board of directors or committee meeting. The chairman of SCFC's audit committee and the chairman of SCFC's risk management committee are each to be paid an additional amount not expected to exceed \$10,000 per year. Directors do not receive any pension or retirement plan benefits and are not part of any profit sharing plan. Interested directors do not receive any compensation from SCFC. SCFC has incurred \$87,516 of Directors fees for the six months period ended June 30, 2014.

In order to execute its business strategy, SCFC relies on its Advisor's and its Affiliates' strong reputations and deep relationships with issuers, underwriters, financial intermediaries and sponsors, as well as our exclusive investment referral and endorsement relationships with CAB Marketing, LLC and CAB, L.L.C., subsidiaries of the American Bankers Association ("ABA"). Pursuant to the agreements governing these relationships, CAB Marketing, LLC assists SCFC with the promotion and identification of potential investment opportunities through marketing campaigns, placements at ABA events and introductions to banks seeking capital. In addition, CAB, L.L.C. has granted to SCFC a license to use the CAB name, "Corporation for American Banking," in connection with these marketing efforts. SCFC's marketing costs are the fees SCFC pays for these services. SCFC has incurred \$247,946 of marketing and licensing costs for the six months period ended June 30, 2014.

Pepper Hamilton LLP serves as the legal counsel to SCFC. As compensation for its services, SCFC has incurred \$69,657 of expenses for the six months period ended June 30, 2014.

KPMG LLP serves as the Company's auditor. On June 3, 2014 KPMG announced the acquisition of certain assets of Rothstein Kass, the previous auditor for the firm. As compensation for its services, SCFC has incurred \$23,555 of audit expense for the six months ended June 30, 2014.

Note 4 Purchases and Sales and Redemptions of Securities

For the six months period ended June 30, 2014, (i) the cost of purchases was \$111,793,463, (ii) the redemptions of securities was \$16,797,359. At June 30, 2014, the aggregate cost basis of securities for federal income tax purposes was \$121,522,193 and the aggregate gross unrealized depreciation for all securities in which there is an excess of tax cost over value was \$758,589.

Note 5 Federal Tax Information

The Company intends to operate so as to qualify to be taxed as a RIC under Subchapter M of the Internal Revenue Code and, as such, to not be subject to federal income tax on the portion of its taxable income and gains distributed to stockholders. To qualify for RIC tax treatment, SCFC is required to distribute at least 90% of its investment company taxable income, as defined by the Code.

Because federal income tax regulations differ from accounting principles generally accepted in the United States, distributions in accordance with tax regulations may differ from net investment income and realized gains recognized for financial reporting purposes. Differences may be permanent or temporary. Permanent differences are reclassified among capital accounts in the financial statement to reflect their tax character. Temporary differences arise when certain items of income, expense, gain or loss are recognized at some time in the future.

Differences in classification may also result from the treatment of short-term gains as ordinary income for tax purposes.

SCFC has followed the authoritative guidance on accounting for and disclosure of uncertainty in tax positions, which requires SCFC to determine whether a tax position is more likely than not to be sustained upon examination, including resolution of any related appeals or litigation processes, based on the technical merits of the position. SCFC has determined that there was no effect on the financial statements from following this authoritative guidance. In the normal course of business, SCFC is subject to examination by federal, state and local jurisdictions, where applicable, for tax years for which applicable statutes of limitations have not expired.

The Company declared a \$0.50 per share dividend on March 6, 2014 and June 3, 2014, which was paid on April 1, 2014 and June 27, 2014 respectively. The tax character of this distribution will be available at the end of 2014.

At June 30, 2014, the federal tax cost, aggregate gross unrealized appreciation and depreciation of securities held by SCFC were as follows:

Federal tax cost	\$121,522,193
Gross unrealized appreciation	915,249
Gross unrealized depreciation	(1,673,838)
Net unrealized depreciation	(\$ 758,589)

Pursuant to federal income tax rules applicable to regulated investment companies, SCFC may elect to treat certain capital losses up to and including December 31 as occurring on the first day of the following tax year. For the period after October 31, 2014 and ending December 31, 2014, any amount of losses elected within the tax year will not be recognized for federal income tax purposes until 2015. For the period ended June 30, 2014, SCFC had no ordinary income, short-term or long-term capital loss deferrals.

Accumulated capital losses represent net capital loss carry forwards as of December 31, 2014 that may be available to offset future realized capital gains and thereby reduce future capital gains distributions. Under the Regulated Investment Company Modernization Act of 2010 (the "Modernization Act"), SCFC is permitted to carry forward capital losses incurred for an unlimited period. For the period ended June 30, 2014, SCFC had no accumulated capital loss carry forwards.

Note 6 Risk Considerations

Risks are inherent in all investing. The following summarizes some, but not all, of the risks that should be considered for the Company. For additional information about the risks associated with investing in the Company, please see the Company's prospectus as well as other Company regulatory filings.

Investment and Market Risk An investment in the Company's common shares ("Common Shares") is subject to investment risk, including the possible loss of the entire principal invested. Common Shares at any point in time may be worth less than the original investment, even after taking into account the reinvestment of Company dividends and distributions. The Company expects to utilize leverage, which will magnify investment risk.

Preferred and Debt Securities Risk Preferred and debt securities in which the Company invests are subject to various risks, including credit risk, interest rate risk, call/prepayment risk and reinvestment risk. In addition, preferred securities are subject to certain other risks, including deferral and omission risk, subordination risk, limited voting rights risk and special redemption rights risk.

Credit Risk The Company is subject to credit risk, which is the risk that an issuer of a security may be unable or unwilling to make dividend, interest and principal payments when due and the related risk that the value of a security may decline because of concerns about the issuer's ability or willingness to make such payments.

Leverage Risk The use of leverage by the Company can magnify the effect of any losses. If the income and gains from the securities and investments purchased with leverage proceeds do not cover the cost of leverage, the return to the Common Shares will be less than if leverage had not been used. Moreover, leverage involves risks and special considerations for holders of Common Shares including the likelihood of greater volatility of net asset value and market price of the Common Shares than a comparable portfolio without leverage, and the risk that fluctuations in interest rates on reverse repurchase agreements, borrowings and short-term debt or in the dividend rates on any preferred shares issued by the Company will reduce the return to the holders of Common Shares or will result in fluctuations in the dividends paid on the Common Shares. There is no assurance that a leveraging strategy will be successful.

Call/Prepayment and Reinvestment Risk If an issuer of a security exercises an option to redeem its issue at par or prepay principal earlier than scheduled, the Company may be forced to reinvest in lower yielding securities. A decline in income could affect the Common Shares' market price or the overall return of the Company.

Risks of Concentration in the Banking industry/Financial Sector Because the Company concentrates in the banking industry and may invest up to 100% of its managed assets in the banking industry and financials sector, it will be more susceptible to adverse economic or regulatory occurrences affecting the banking industry and financials sector, such as changes in interest rates, loan concentration and competition.

Regulatory Risk Financial institutions, including community banks, are subject to various state and federal banking regulations that impact how they conduct business, including but not limited to how they obtain funding. Changes to these regulations could have an adverse effect on their operations and operating results and our investments. We expect to make long-term investments in financial institutions that are subject to various state and federal regulations and oversight. Congress, state legislatures and the various bank regulatory agencies frequently introduce proposals to change the laws and regulations governing the banking industry in response to the Dodd-Frank Act, Consumer Financial Protection Bureau (the "CFPB") rulemaking or otherwise. The likelihood and timing of any proposals or legislation and the impact they might have on our investments in financial institutions affected by such changes cannot be determined and any such changes may be adverse to our investments. Federal banking regulators recently proposed amended regulatory capital regulations in response to The Dodd-Frank Wall Street Reform and Consumer Protection Act (the "Dodd-Frank Act") and Basel III protocols which would impose even more stringent capital requirements. In the event that a regulated bank falls below certain capital adequacy standards, it may become subject to regulatory intervention including, but not limited to, being placed into a FDIC-administered receivership or conservatorship. The effect of

inadequate capital can have a potentially adverse consequence on the institution's financial condition, its ability to operate as a going concern and its ability to operate as a regulated financial institution and may have a material adverse impact on our investments.

Interest Rate Risk The Company is subject to interest rate risk, which is the risk that the preferred and debt securities in which the Company invests will decline in value because of rising market interest rates.

Convertible Securities/Contingent Convertible Securities Risk The market value of convertible securities tends to decline as interest rates increase and, conversely, tends to increase as interest rates decline. In addition, because of the conversion feature, the market value of convertible securities tends to vary with fluctuations in the market value of the underlying common stock. Contingent convertible securities provide for mandatory conversion into common stock of the issuer under certain circumstances. Since the common stock of the issuer may not pay a dividend, investors in these instruments could experience a reduced income rate, potentially to zero; and conversion would deepen the subordination of the investor, hence worsening standing in a bankruptcy. In addition, some such instruments have a set stock conversion rate that would cause a reduction in value of the security if the price of the stock is below the conversion price on the conversion date.

Illiquid and Restricted Securities Risk Investment of the Company's assets in illiquid and restricted securities may restrict the Company's ability to take advantage of market opportunities. Illiquid and restricted securities may be difficult to dispose of at a fair price at the times when the Company believes it is desirable to do so. The market price of illiquid and restricted securities generally is more volatile than that of more liquid securities, which may adversely affect the price that the Company pays for or recovers upon the sale of such securities. Illiquid and restricted securities are also more difficult to value, especially in challenging markets. The risks associated with illiquid and restricted securities may be particularly acute in situations in which the Company's operations require cash and could result in the Company borrowing to meet its short-term needs or incurring losses on the sale of illiquid or restricted securities.

Note 7 Revolving Credit Agreement

On June 9, 2014, the Company entered into a revolving credit agreement (the "Credit Agreement") with a syndicate of financial institutions led by Texas Capital Bank, N.A. (collectively, the "Syndicates") to borrow up to \$45,000,000 of which currently \$25,000,000 has been committed and drawn. Such borrowings constitute financial leverage. The Agreement has a five year term and a stated maturity in June 2019 and was priced at 3 month LIBOR +2.85%. The Credit Agreement contains customary covenants, negative covenants and default provisions, including covenants that limit the Company's ability to incur additional debt or consolidate or merge into or with any person, other than as permitted, or sell, lease or otherwise transfer, directly or indirectly, all or substantially all of its assets. The covenants also impose on the Company asset coverage requirements, which are more stringent than those imposed on the Company by the Investment Company Act, as well as the Company's policies.

Note 8 Indemnification

In the normal course of business, SCFC may enter into contracts that provide general indemnifications. SCFC's maximum exposure under these arrangements is dependent on claims that may be made against SCFC in the future, and therefore, cannot be estimated; however, based on experience, the risk of material loss from such claims is considered remote.

Under the SCFC's organizational documents, its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to SCFC.

Note 9 Other Income

Other income includes closing fees, or origination fees, associated with investments in portfolio companies. Such fees are normally paid at closing of the Company's investments, are fully earned and non-refundable, and are generally non-recurring. SCFC had origination fees of \$300,000 and other income of \$59,157 for the six month period ended June 30, 2014.

Note 10 Capital Share Transactions

As of June 30, 2014, 50,000,000 shares of \$0.001 par value capital stock were authorized. Of the authorized shares, SCFC is authorized to issue 40,000,000 shares of common stock and 10,000,000 shares of preferred stock. Prior to commencement of operations on November 13, 2013, SCFC issued 4,001 shares of common stock. On November 13, 2013, SCFC sold 4,400,000 shares of our common stock via an initial public offering at a price of \$25.00 per share. On December 3, 2013 and December 11, 2013 SCFC sold an additional 125,000 shares and 167,047 shares, respectively, of our common stock at a public offering price of \$25.00 per share pursuant to the underwriters' exercise of the over-allotment option. Total shares issued and outstanding at June 30, 2014 were 4,698,011.

Note 11 Subsequent Events

Management has evaluated the impact of all subsequent events on the Company and has determined that the following are the only required disclosures in the financial statements:

On July 29, 2014, the Company filed a registration statement with the SEC that has not yet been declared effective with respect to a public offering of common stock. The offering contemplated by the registration statement will not commence until the registration statement is declared effective by the SEC.

Management

Board of Directors and Executive Officers

Our business and affairs are managed under the direction of our Board of Directors. Accordingly, our Board of Directors provides broad supervision over our affairs, including supervision of the duties performed by our Advisor. Our Advisor is responsible for our day-to-day operations. The names, ages and addresses of our directors and officers and specified employees of our Advisor, together with their principal occupations and other affiliations during the past five years, are set forth below. Each director and officer will hold office for the term to which he/she is elected and until his/her successor is duly elected and qualifies, or until he/she resigns or is removed in the manner provided by law. Unless otherwise indicated, the address of each director is c/o StoneCastle Partners, 152 West 57th Street, 35th Floor, New York, New York 10019. Our board of directors consists of three directors who are not "interested persons" (as defined in the Investment Company Act of 1940 (the "Investment Company Act")) of our Advisor or its affiliates and two directors who are "interested persons." Our directors who are not interested persons are also independent pursuant to the NASDAQ stock exchange listing standards, and we refer to them as "independent directors." Directors who are "interested persons" (as defined in the Investment Company Act) are referred to below as "interested directors." Under our Certificate of Incorporation, the board is divided into three classes. Each class of directors will hold office for a three-year term. However, the initial members of the three classes have initial terms of one, two and three years, respectively. At each annual meeting of our stockholders, the successors to the class of directors whose terms expire at such meeting will be elected to hold office for a term expiring at the annual meeting of stockholders held in the third year following the year of their election and until their successors are duly elected and qualified.

Biographical Information

Interested Directors

The following sets forth certain biographical information for our Interested Directors. An Interested Director is an "interested person" as defined in Section 2(a)(19) of the 1940 Act:

Joshua S. Siegel. Chief Executive Officer & Chairman of the Board. Mr. Siegel is the founder and Managing Partner of StoneCastle Partners and serves as its Chief Executive Officer. With over 21 years of experience in financial services, 17 of which have been spent advising clients and investing in financial institutions or assets, he is widely regarded as a leading expert and investor in the banking industry and is often quoted in financial media, including The Wall Street Journal, The New York Times, American Banker, and CNNMoney. In addition, he speaks frequently at industry events, including those hosted by the American Bankers Association, Conference of State Bank Supervisors, FDIC, Federal Reserve Bank and SNL Financial. A creative instructor with a passion for teaching, Joshua has regularly been invited to educate government regulators about the specialized community banking sector. He also serves as Adjunct Professor at the Columbia Business School in New York City. Immediately prior to co-founding StoneCastle, Joshua was a co-founder and Vice President of the Global Portfolio Solutions Group at Citigroup, a group organized to finance portfolios of financial assets for corporations and to invest in the sector as a principal and market maker. He later assumed responsibility for developing new products, including pooled investment strategies for the community banking sector. Joshua originally joined Salomon Brothers in 1996 (which was merged into Travelers in 1998 and into Citigroup in 1999) in the tax and lease division, providing financing and advisory services to government-sponsored enterprises and Fortune

500 corporations. Prior to his tenure at Citigroup, Joshua worked at Sumitomo Bank where he served as a corporate lending officer, as a banker managing equipment lease and credit derivative transactions, and as a member of the New York Credit Committee and at Charterhouse, carrying out merchant banking and private equity transactions. Joshua has provided strategic advice to the Global Food Banking Network. He also provides annual economic support to Prep for Prep to make sure academic brilliance is recognized and nurtured without regard to a student's economic, demographic or sociological impediments. He holds a B.S. in Management and Accounting from Tulane University.

George Shilowitz. President and Director. Mr. Shilowitz is a Managing Partner of StoneCastle Partners and serves as the Senior Portfolio Manager of StoneCastle Partners. Mr. Shilowitz has two decades of fixed income and principal investment experience. Mr. Shilowitz worked with StoneCastle since its founding in 2003 and became a partner in 2007. Prior to joining StoneCastle, Mr. Shilowitz was a senior executive at Shinsei Bank and participated in its highly successful turnaround, sponsored by J.C. Flowers & Co. and Ripplewood Partners. At Shinsei, Mr. Shilowitz managed various business units, including Merchant Banking and Principal Finance and was the President of its wholly-owned subsidiary, Shinsei Capital (USA) Limited. Prior to Shinsei, Mr. Shilowitz was a senior member of the Principal Transactions Group at Lehman Brothers in Asia from 1997-2000, focusing on proprietary investments and debt portfolio acquisitions from distressed financial institutions. From 1995-1997, he was a member of Salomon Brothers' asset finance group where he met and first collaborated with Mr. Siegel. Mr. Shilowitz began his career in 1991 at First Boston Corporation (now Credit Suisse) as a member of the fixed income mortgage arbitrage group and also held positions in the financial engineering group and in asset finance investment banking where he focused on banks and specialty finance companies. He holds a B.S. in Economics from Cornell University.

Independent Directors

The following sets forth certain biographical information for our Independent Directors. Independent Directors are not "interested persons" of StoneCastle Financial Corp., as defined by the 1940 Act:

Alan Ginsberg. Mr. Ginsberg has more than 25 years of experience in providing financial advisory services to financial institutions. Mr. Ginsberg began his investment banking career at Salomon Brothers Inc in 1983, followed by being a key member of a group that moved to UBS Financial Services Inc. in 1995 and to Donaldson, Lufkin & Jenrette in 1998. He remained at DLJ through the merger with Credit Suisse First Boston until 2004, when he was recruited to Head HSBC Bank USA's Financial Institutions Group Americas, remaining there until mid-2006. Following HSBC, Mr. Ginsberg was a senior member of the Banc of America Securities Financial Institutions Group. Mr. Ginsberg has advised on more than 65 strategic transactions and advisory assignments during his tenure as an investment banker. Mr. Ginsberg received his B.A. in Economics from Yale University. He currently serves as Chairman of Yale's Peabody Museum Advisory Board, and he served as a Senior Advisor to StoneCastle Partners from 2010 until May 2013.

Emil W. Henry, Jr. Mr. Henry is the former Assistant Secretary of the U.S. Treasury for Financial Institutions and is the CEO and Founder of Tiger Infrastructure Partners, a private equity firm focused on global infrastructure investment opportunities. Prior to founding Tiger Infrastructure Partners, he was Global Head of the Lehman Brothers Private Equity Infrastructure businesses,

where he oversaw global infrastructure investments. In 2005, Mr. Henry was appointed Assistant Secretary of the Treasury for Financial Institutions by the President of the United States. Until his departure in 2007, he was a key advisor to two Treasury Secretaries on economic, legislative and regulatory matters affecting U.S. financial institutions and markets. Before joining the Treasury, Mr. Henry was a partner of Gleacher Partners LLC, an investment banking and investment management firm, where he served as Chairman of Asset Management, and Managing Director, and where he oversaw the firm's investment activities. Before attending business school, Mr. Henry was a member of the principal investing arm of Morgan Stanley, where he was involved in the execution of leveraged buyouts on the firm's behalf. He holds an M.B.A. from Harvard Business School and a B.A. in Economics from Yale University.

Clara Miller. Clara Miller is President of The F. B. Heron Foundation, which helps people and communities help themselves out of poverty. Prior to assuming the Foundation's presidency, Ms. Miller was President and CEO of Nonprofit Finance Fund which she founded and ran from 1984 through 2010. Ms. Miller was named to The NonProfit Times "Power and Influence Top 50" for the five years from 2006 through 2010. She was awarded a Bellagio Residency in 2010 by The Rockefeller Foundation. In addition to serving on The F. B. Heron Foundation's board, Ms. Miller is on the boards of GuideStar, The Robert Sterling Clark Foundation, and Family Independence Initiative. She is also a member of Social Investment Committee of the Kresge Foundation. In 2010, Ms. Miller became a member of the first Nonprofit Advisory Committee of the Financial Accounting Standards Board. In 1996, Ms. Miller was appointed by President Clinton to the U.S. Treasury's first Community Development Advisory Board for the then-newly-created Community Development Financial Institutions Fund. She later served as its Chair. She chaired the Opportunity Finance Network board for six years and was a member of the Community Advisory Committee of the Federal Reserve Bank of New York for eight years. Other prior board affiliations include Grantmakers for Effective Organizations, Enterprise Community Loan Fund, Community Wealth Ventures and Working Today. Ms. Miller speaks and writes extensively about nonprofit capitalization and finance and has been published in The Financial Times, Stanford Social Innovation Review, The Nonprofit Quarterly and the Chronicle of Philanthropy.

Executive Officers Who Are Not Directors

Patrick J. Farrell. Chief Financial Officer. Mr. Farrell has over 30 years of hands-on management experience in finance and accounting, specifically focused on domestic and offshore mutual funds, bank deposit account programs, investment advisory and broker dealer businesses. Prior to joining StoneCastle Partners as Chief Financial Officer in February 2014, Mr. Farrell was CFO/COO of the Emerging Managers Group, L.P., a specialty asset management firm focused on offshore mutual funds. Prior to that, Mr. Farrell was CFO at Reserve Management, where he oversaw all financial activities for the company. Earlier in his career, he held financial positions at Lexington Management, Drexel Burnham, Alliance Capital and New York Life Investment Management, all focused on investment advisory and mutual fund activities. He began his career at Peat Marwick Mitchell & Co. Mr. Farrell holds a B.S. in Business Administration-Accounting from Manhattan College. Mr. Farrell is a Certified Public Accountant in New York State and a member of the American Institute of Certified Public Accountants.

Rachel Schatten. General Counsel, Chief Compliance Officer and Secretary. Ms. Schatten had over 12 years of investment adviser experience prior to joining StoneCastle Partners as

General Counsel and Chief Compliance Officer in 2013. From 2004 to 2013, she served as the U.S. General Counsel and Chief Compliance Officer of a subsidiary of Hardt Group Investments AG, an international fund of funds, and the General Securities Principal of its affiliated broker-dealer since its inception through its subsequent sale. Prior to her tenure at the Hardt Group, Ms. Schatten was an Associate in the investment management group of Schulte Roth & Zabel LLP, where she counseled investment advisers on developing and structuring new hedge funds, including domestic and offshore entities, master feeder funds, and funds of funds. She holds Series 7, 63 and 24 licenses and is admitted to practice law in New York. She graduated Cum Laude from Albany Law School of Union University, where she was an associate editor of the Albany Law Review and a member of the Justinian Society.

Privacy Notice

StoneCastle Financial Corp. ("we" or "us") is committed to maintaining your right to privacy. Protecting the information we receive as part of our relationship with you is of primary importance to us. Please take the time to read and understand the privacy policies and procedures that we have implemented to safeguard your nonpublic personal information.

Information We Collect

We must collect certain personally identifiable financial information about our customers to provide financial services and products. Nonpublic personal information means personally identifiable financial information and any list, description or other grouping of consumers that is derived using any personally identifiable financial information that is not publicly available. The personally identifiable financial information that we gather during the normal course of doing business with you may include:

1. information we receive from you on applications or other forms;
2. information about your transactions with us, our affiliates, or others;
3. information collected through the Internet; and
4. information we receive from a consumer reporting agency.

Information We Use

The information that we collect and store relating to you is primarily used to enable us to provide our services to you in the best possible manner. In addition, we may use the information for the following purposes:

1. To provide you with information relating to us;
2. To provide third parties with statistical information about the users of our website;
3. To monitor and conduct an analysis of our Website traffic and usage patterns; and
4. To analyze trends.

Information We Disclose

We do not disclose any nonpublic personal information about our customers or former customers to anyone, except as permitted or required by law, or as necessary to provide services to you. We may disclose all of the information we collect, as described above, to certain nonaffiliated third parties such as attorneys, accountants, auditors, regulators and persons or entities that are assessing our compliance with industry standards. We enter into contractual agreements with all nonaffiliated third parties that prohibit such third parties from disclosing or using the information other than to carry out the purposes for which we disclose the information.

If you have questions or comments about our privacy practices, please call us at (212) 354-6500.

Availability of Quarterly Schedule of Investments

The Company files their complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Company's Form N-Q is available on the SEC's website at <http://www.sec.gov> and may also be reviewed and copied at the SEC's Public Reference Room in Washington, DC. Information on how to access documents on the SEC's website without charge may be obtained by calling (800) SEC-0330. The Company's Form N-Q may also be obtained upon request and without charge by calling (212) 354-6500 or on the Company's website at www.StoneCastle-Financial.com.

Availability of Proxy Voting Policies and Procedures

(1) As defined under the Investment Company Act of 1940, as amended.

Item 2. Code of Ethics.

Not applicable.

Item 3. Audit Committee Financial Expert.

Not applicable.

Item 4. Principal Accountant Fees and Services.

Not applicable.

Item 5. Audit Committee of Listed Registrants.

Not applicable.

Item 6. Investments.

(a) Schedule of Investments in securities of unaffiliated issuers as of the close of the reporting period is included as part of the report to shareholders filed under Item 1 of this form.

(b) Not applicable.

Item 7. Disclosure of Proxy Voting Policies and Procedures for Closed-End Management Investment Companies.

Not applicable.

Item 8. Portfolio Managers of Closed-End Management Investment Companies.

(a) Not applicable.

(b) There has been no change, as of the date of this filing, in any of the portfolio managers identified in response to paragraph (a)(1) of this Item in the registrant's most recently filed annual report on Form N-CSR.

Item 9. Purchases of Equity Securities by Closed-End Management Investment Company and Affiliated Purchasers.

Not applicable.

Item 10. Submission of Matters to a Vote of Security Holders.

There have been no material changes to the procedures by which the shareholders may recommend nominees to the registrant's board of directors, where those changes were implemented after the registrant last provided disclosure in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (17 CFR 229.407) (as required by Item 22(b)(15) of Schedule 14A (17 CFR 240.14a-101)), or this Item.

Item 11. Controls and Procedures.

(a) The registrant's principal executive and principal financial officers, or persons performing similar functions, have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act") (17 CFR 270.30a-3(c))) are effective, as of a date within 90 days of the filing date of the report that includes the disclosure required by this paragraph, based on their evaluation of these controls and procedures required by Rule 30a-3(b) under the 1940 Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Securities Exchange Act of 1934, as amended (17 CFR 240.13a-15(b) or 240.15d-15(b)).

(b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act (17 CFR 270.30a-3(d))) that occurred during the registrant's second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting.

Item 12. Exhibits.

Edgar Filing: StoneCastle Financial Corp. - Form N-CSRS

(a)(1) Not applicable.

(a)(2) Certifications pursuant to Rule 30a-2(a) under the 1940 Act and Section 302 of the Sarbanes-Oxley Act of 2002 are attached hereto.

(a)(3) Not applicable.

(b) Certifications pursuant to Rule 30a-2(b) under the 1940 Act and Section 906 of the Sarbanes-Oxley Act of 2002 are attached hereto.
