**Item 1.01. Entry Into a Material Definitive Agreement.**

On March 21, 2016, Fluor Corporation (the "Corporation"), entered into a fourth supplemental indenture (the "Fourth Supplemental Indenture") with Wells Fargo Bank, National Association, as trustee (the "Trustee"), and Citibank, N.A., London Branch, as paying agent, under the indenture, dated as of September 8, 2011 (the "Base Indenture"), by and between the Corporation and the Trustee, as previously amended and supplemented by a second supplemental indenture, dated as of June 22, 2012 (the "Second Supplemental Indenture" and together with the Base Indenture and the Fourth Supplemental Indenture, the "Indenture"), by and between the Corporation and the Trustee, in connection with the offer and sale of 500 million aggregate principal amount of the Corporation's 1.750% Senior Notes due 2023 (the "Notes").

The Corporation will pay interest annually on the Notes on each March 21, beginning on March 21, 2017. The Notes will mature on March 21, 2023. The Corporation may, at any time prior to December 21, 2022, redeem the Notes at a redemption price equal to 100% of the principal amount thereof, plus a "make whole" premium described in the Fourth Supplemental Indenture. On or after December 21, 2022, the Corporation may redeem the Notes at par, plus accrued and unpaid interest. If, as a result of any change in, or amendment to, the laws (or any regulations or rulings promulgated thereunder) of the United States or any taxing authority in the United States, the Corporation becomes or will become obligated to pay additional amounts with respect to the Notes, then the Corporation may at any time redeem, in whole, but not in part, the Notes at a redemption price equal to 100% of their principal amount, plus accrued and unpaid interest to the date fixed for redemption.

Upon the occurrence of a Change of Control Triggering Event (as defined in the Fourth Supplemental Indenture), unless the Corporation has already exercised its option to redeem the Notes, the Corporation will be required to make an offer to purchase the Notes at a price equal to 101% of their principal amount, plus accrued and unpaid interest to the date of purchase.

The Notes are subject to the covenants in the Indenture, which include restrictions on liens and restrictions on sale and leaseback transactions as set forth in the Fourth Supplemental Indenture. The Notes contain covenants substantially similar to our 3.375% notes due 2021 and our 3.500% notes due 2024.

The Corporation intends to apply to list the Notes on the New York Stock Exchange (the "NYSE"). The Corporation expects trading in the Notes on the NYSE to begin within 30 days after the original issue date.

The Indenture contains customary events of default, including: (a) the failure to pay interest on any Note for 30 days after the interest becomes due; (b) the failure to pay principal or premium, if any, on any Note when it becomes due; (c) the Corporation's failure to perform, or its breach of, any other covenant in the Indenture for 90 days after written notice thereof; and (d) the occurrence of a specified event of bankruptcy, insolvency or reorganization involving the Corporation.

If an event of default occurs and is continuing with respect to the Notes, except if the principal has already become due and payable, the Indenture provides that the principal will become due and payable immediately upon written notice to the Corporation by the Trustee or a holder of not less than 25% in aggregate principal amount of the Notes. If at any time after the principal of the Notes has been so declared due and payable (and before any judgment or decree for the payment of the amounts due shall have been obtained or entered), and upon satisfaction of the conditions set forth in the Indenture, the holders of a majority of the aggregate principal amount of the Notes may waive all defaults and rescind and annul such declaration and its consequences.

## Edgar Filing: FLUOR CORP - Form 8-K
