**Item 3.01 Notice of Delisting or Failure to Satisfy a Continued Listing Rule or Standard; Transfer of Listing.**

On December 18, 2018, Sanchez Energy Corporation (the *Company*) was notified in writing by the New York Stock Exchange (the *NYSE*) that the average closing price of the Company's common stock, \$0.01 par value per share (the *Common Stock*), over a prior 30 consecutive trading day period was below \$1.00 per share, which is the minimum average closing price per share required to maintain listing on the NYSE under Section 802.01C of the NYSE Listed Company Manual.

As required by the NYSE, the Company intends to timely notify the NYSE of its intent to pursue actions to meet the minimum average share price requirement and restore its compliance with the NYSE continued listing standards. In general, the NYSE provides for a period of six months following receipt of the notice to regain compliance. The Company can regain compliance if, on the last trading day of the six-month period or of any calendar month during such period, the Common Stock has (i) a closing price of at least \$1.00 per share and (ii) an average closing price of at least \$1.00 per share over the 30 trading day period ending on the last trading day of such period or such month, as the case may be.

The Common Stock will continue to be listed and traded on the NYSE during this period, subject to the Company's compliance with the other continued listing requirements of the NYSE. The Common Stock will continue to trade on the NYSE under the symbol *SN* but will have an added designation of *.BC* to indicate the status of the Common Stock as below criteria. If the Common Stock is suspended and delisted from the NYSE, the Company expects that the Common Stock would be quoted on an over-the-counter market, such as the OTC Pink market, although there is no assurance that an active market in the Common Stock would develop.

If trading in the Common Stock is suspended on the NYSE or the Common Stock is delisted by the NYSE for any reason, it could negatively impact the Company as it would likely reduce the liquidity and market price of the Common Stock; reduce the number of investors willing to hold or acquire the Common Stock; negatively impact the Company's ability to access equity markets and obtain financing; and impair the Company's ability to provide equity incentives.

**Item 7.01 Regulation FD Disclosure.**

On December 21, 2018, the Company issued a press release with respect to the receipt of the notice of noncompliance from the NYSE. A copy of the press release is attached as Exhibit 99.1 hereto and incorporated herein by reference.

In accordance with General Instruction B.2 of Form 8-K, the information in this Item 7.01 shall not be deemed filed for the purpose of Section 18 of the Securities Exchange Act of 1934, as amended, nor shall it be deemed incorporated by reference in any filing.
