INTRODUCTORY NOTE

This amendment to SLS International, Inc.'s Quarterly Report on Form 10-QSB initially filed with the Securities and Exchange Commission on November 14, 2002, is being filed to reflect the restatement of our unaudited condensed financial statements for the quarter and nine months ended September 30, 2002. Certain items were also reclassified within the financial statements. The restatements and reclassifications in the nine-month period ended September 30, 2002 include adjustments for:

- o RESTATEMENTS - (a) Consulting Agreements. Consulting agreements entered into in the nine months ended September 30, 2002 are reflected in the restatements, recognizing the issuance of (or the obligation to issue) 1,595,000 shares of common stock and the grant of options to purchase 100,000 shares of Class A preferred stock at an exercise price of \$2.50 per share (each such share of preferred stock converts into 10 shares of common stock) under such agreements. In addition, a consulting agreement entered into in August 2001 is now reflected in the restated financial statements, recognizing an obligation to issue 100,000 shares of common stock under such agreement. We determined that the failure to include such consulting agreement in prior periods is not material to the prior periods' financial statements and would not require a restatement of the financial statements for such periods.

The total non-cash cost under such agreements is \$1,073,172, \$635,352 of which is now reflected as amortized expenses in the nine-month period and

Edgar Filing: SLS INTERNATIONAL INC - Form 10QSB/A

the remainder of which is to be amortized in subsequent periods over the respective terms of such agreements. The non-cash cost under the consulting agreement entered into in August 2001 is being amortized over a 12-month period beginning in January 2002. The restated financial statements also recorded \$3,000 of cash and \$27,000 of notes receivable received from such consultants. The notes receivable were then written off as bad debt expense in the quarter ended March 31, 2002.

(b) Bad Debt Expense. Bad debt expense was increased by \$169,305 (which includes the write-off of \$27,000 of notes receivable discussed in (a) above) and is reflected in the Consolidated Statement of Operations under general and administrative expenses.

(c) Accounts Payable. (i) Accounts payable were increased by \$49,492 and the related expenses are reflected in the Consolidated Statement of Operations under general and administrative expenses. (ii) Accounts payable were decreased by \$36,000, reflecting the entry fee for tradeshows that the Company entered but later canceled.

(d) Cost of Sales. Cost of sales was increased by \$114,300 and is reflected in the Consolidated Statement of Operations under cost of sales.

- o RECLASSIFICATIONS - (a) Notes Payable. The balance sheet now reflects an additional \$5,000 note payable that was previously classified as an account payable.

(b) Stock Issuances. The balance sheet now reflects the obligation to issue 2,000 shares of common stock that were sold in the first nine months of 2002 but were not yet issued. These shares were previously reflected as issued on September 30, 2002.

SLS INTERNATIONAL, INC.
NOTES TO CONDENSED FINANCIAL STATEMENTS

NOTE 1 - BASIS OF PRESENTATION

The accompanying unaudited condensed financial statements at September 30, 2002 have been prepared in accordance with generally accepted accounting principles for interim financial information and with the instructions to Form 10-QSB and reflect all adjustments which, in the opinion of management, are necessary for a fair presentation of financial positions as of September 30, 2002 and results of operations and cash flows for the nine months ended September 30, 2002. All such adjustments are of a normal recurring nature. The results of operations for the interim period are not necessarily indicative of the results expected for a full year. Certain amounts in the 2001 financial statements have been reclassified to conform to the 2002 presentations. The statements should be read in conjunction with the financial statements and footnotes thereto included in the Company's Form 10-KSB for the year ended December 31, 2001.

NOTE 2 - COMMITMENTS AND CONTINGENCIES

Going Concern

The accompanying unaudited condensed financial statements at September 30, 2002 have been prepared in conformity with generally accepted accounting principles which contemplate the continuance of the Company as a going concern. The Company has suffered losses from operations during the nine months ended September 30, 2002 and the years ended

Edgar Filing: SLS INTERNATIONAL INC - Form 10QSB/A

December 31, 2001, 2000, and 1999. The Company's cash position may be inadequate to pay all of the costs associated with the introduction of its new loudspeakers. Management intends to use borrowings and security sales to mitigate the effects of its cash position, however no assurance can be given that debt or equity financing, if and when required, will be available. The unaudited condensed financial statements do not include any adjustments relating to the recoverability and classification of recorded assets and classification of liabilities that might be necessary should the Company be unable to continue in existence.

NOTE 3 - NOTES PAYABLE

The interest rate on the current notes are 7% and the maturity date is six months from the date of each note.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS ----- OF OPERATIONS. -----

OVERVIEW

We manufacture premium-quality loudspeakers and sell them through our dealer networks. The speakers use our proprietary ribbon-driver technology and are generally recognized in the industry as high-quality systems. We sell a Professional Line of loudspeakers, a Commercial Line of loudspeakers, and Home

Edgar Filing: SLS INTERNATIONAL INC - Form 10QSB/A

Theatre systems.

From the early 1970's through 1999 we derived substantially all of our revenue from marketing, renting, selling and installing sound and lighting systems. In June 1999, due to the favorable customer acceptance of our custom-designed loudspeaker systems, we ceased these historical operations and began focusing all efforts towards becoming a loudspeaker manufacturer and selling to dealers and contractors on a wholesale basis. As a result, we have been essentially in a development stage, as we are bringing to market products that we introduced in 2000 and 2001 and designing and bringing to market additional products.

In June 2000, we asked dealers and distributors to sell our Professional Line of products. These dealers and distributors started to form our current network of approximately 50 dealers and 7 foreign distributors and we began shipping to them. However, most of the Professional Line required new ribbon drivers that we completed and implemented into the product line in early 2001.

In September 2000, we introduced our Home Theatre systems, and sales for those systems began immediately. From September through December 2000, we added 20 new Home Theatre dealers in the US and began marketing efforts to establish distributors and dealers outside the US.

In June 2001, we introduced a Commercial Line of loudspeakers that use our PRD500 Ribbon Driver and, in September 2001, we finished the development of our PRD1000 Ribbon Driver and began implementing it into our Professional Line. Our PRD drivers upgraded the previous drivers that we purchased from third-party manufacturers and the cost to us is approximately one-sixth of the price that we had been paying for the previous drivers.

SLS International, Inc. was formed on July 25, 2000 and had no previous operations. On the same date, this corporation merged with Sound and Lighting Specialist Inc., its sole shareholder. All of the financial and other information reported for periods prior to the merger are the results of operations of Sound and Lighting Specialist, Inc. All of the operating activity reported for periods after the merger are the results of operations of SLS International, Inc. After effectiveness of the merger, Sound and Lighting Specialist, Inc. ceased to exist as a separate corporate entity. The information in this section should be read together with the financial statements, the accompanying notes to the financial statements and other sections included in this report.

RESULTS OF OPERATIONS

Quarter ended September 30, 2002 as compared to the quarter ended September 30, 2001. For the quarter ended September 30, 2002, revenue decreased to \$161,688 from \$173,783 in 2001, a 7% decrease. The decrease resulted primarily from approximately \$70,000 in orders that were originally scheduled for shipment in September being delayed until October. Our gross profit percentage decreased to approximately 23% in the 2002 period from approximately 35% in the 2001 period, as discussed below. Primarily as a result of an increase in general and administrative expenses discussed below, our net loss increased to \$572,957 in the third quarter of 2002 as compared to a net loss of \$226,607 in the comparable quarter of 2001.

Gross profit percentage worsened compared to the prior-year period, primarily due to discounted introductory sales that gave us favorable publicity, and the sale at discounted prices of models that had been used for trade show

Edgar Filing: SLS INTERNATIONAL INC - Form 10QSB/A

demonstrations. We expect to continue to make sales at discounted prices as similar special circumstances arise, but we expect such sales to constitute a smaller portion of our sales in most future periods, thereby having less of an impact on our gross profit percentage.

General and administrative expenses for the 2002 third quarter increased to \$605,885 from \$280,571 in the 2001 third quarter, primarily as a result of \$24,953 of bad debt expense (compared to \$0 in the 2001 quarter) and \$321,333 of non-cash cost amortized in the quarter reflecting a portion of the fair value of stock issued under consulting agreements entered into during the quarter and in prior periods, as well as additional trade shows and travel expense in the 2002 quarter. During the 2002 third quarter, we also increased the size of our leased facility, thereby increasing our monthly lease costs, which will increase our capacity to satisfy the expected growth in revenue.

Interest expense decreased to \$5,067 in the 2002 third quarter as compared to \$7,734 in the 2001 third quarter, due to the repayment of loans resulting in decreased borrowings.

Nine months ended September 30, 2002 as compared to the nine months ended September 30, 2001. For the first nine months of 2002, revenue increased to \$486,204 from \$284,306 in the 2001 period, a 71% increase, resulting primarily from the expansion of our loudspeaker product line and the growth in sales of our loudspeakers. Our gross profit percentage decreased to approximately 34% in the 2002 period from approximately 36% in the 2001 period, primarily as a result of discounted introductory sales and the sale of demonstration models, as discussed above, partially offset by our conversion to in-house manufacturing of our ribbon drivers from our previous outsourcing of such components. As a result of the increase in general and administrative expenses, our net loss increased to \$1,518,309 in the first nine months of 2002 as compared to a net loss of \$723,833 in the first nine months of 2001.

14

General and administrative expenses for the first nine months of 2002 increased to \$1,667,850 from \$792,686 in 2001, primarily as a result of \$169,305 of bad debt expense (compared to \$0 in the 2001 period); \$635,352 of non-cash cost amortized in the nine-month period reflecting a portion of the fair value of stock issued under consulting agreements entered into during the period and in prior periods; the hiring of a sales manager; and consulting expenses incurred for investor relations and public relations.

Interest expense decreased to \$18,330 in the 2002 period as compared to \$35,033 in the 2001 period, due to the repayment of loans resulting in decreased borrowings.

FINANCIAL CONDITION

On September 30, 2002, our current liabilities exceeded current assets by \$528,069, compared to \$296,734 on December 31, 2001. Total liabilities exceeded total assets by \$499,623, compared to \$262,166 on December 31, 2001. The increased working capital deficit was due primarily to increases in accounts payable and other increased liabilities incurred from our expanding operations, and decreases in cash and accounts receivable. These factors were partially offset by an increase in inventory, funded in large part by the sales of equity described below, as well as increases in accounts payable and accrued liabilities.

We have experienced operating losses and negative cash flows from operating activities in all recent years. The losses have been incurred due to the development time and costs in bringing our products through engineering and

Edgar Filing: SLS INTERNATIONAL INC - Form 10QSB/A

to the marketplace. In addition we have not paid notes payable and accounts payable on due dates. The report of our accountants contains an explanatory paragraph indicating that these factors raise substantial doubt about our ability to continue as a going concern.

We are experiencing significant cash shortages; we had \$7,761 in cash on September 30, 2002. However, in October 2002, we raised \$100,000 through the sale of 40,000 shares of preferred stock. In order to continue operations, we have been dependent on raising additional funds and have continued to sell preferred stock in 2002 to raise capital. In the first nine months of 2002 we sold 226,000 shares of preferred stock for \$565,000. In addition, we have outstanding warrants, which, upon exercise, have provided additional funding of \$50,500 during the first nine months of 2002.

In the first nine months of 2002, we entered into consulting agreements that required us to issue an aggregate of 1,595,000 shares of common stock and options to purchase 100,000 shares of Class A preferred stock at an exercise price of \$2.50 per share (each such share of preferred stock converts into 10 shares of common stock). In addition, a consulting agreement entered into in August 2001 is now reflected in the restated financial statements, recognizing an obligation to issue 100,000 shares of common stock under such agreement. Total non-cash cost under such agreements is \$1,073,172, \$635,352 of which is reflected as amortized expenses in the first nine months of 2002 and the remainder of which are to be amortized in subsequent periods over the respective terms of such agreements. The difference between such total cost and the

15

amount amortized is reflected as unamortized cost of stock issued for services on the balance sheet. The restated financial statements also recorded \$3,000 of cash and \$27,000 of notes receivable received from such consultants. The notes receivable were then written off as bad debt expense in the quarter ended March 31, 2002.

Notes payable increased slightly to \$419,815 on September 30, 2002. One note totaling \$7,181 is secured with equipment; and the remaining borrowings are from individuals, are unsecured and matured in the first quarter of 2002. However, these notes are payable to existing shareholders that are not making a demand on the notes and will continue to accrue the 7% interest for an indefinite period of time. We expect that these shareholders will continue to permit these notes to remain outstanding, but they have the right to demand full payment at any time and they may do so, which would have a material adverse effect on our financial condition.

There is intense competition in the speaker business with other companies that are much larger and national in scope and have greater financial resources than we have. We will require additional capital to continue our growth in the wholesale speaker market. We are relying upon our ability to obtain the necessary financing through the issuance of equity and upon our relationships with our lenders to sustain our viability.

In the past, we have been able to privately borrow money from individuals by the issuance of notes and have sold our common stock to raise capital. We intend to continue to do so as needed. However, we cannot be certain that we will continue to be able to successfully obtain such financing. If we fail to do so, we may be unable to continue as a viable business.

ITEM 3. CONTROLS AND PROCEDURES.

As of October 1, 2002, our Chief Executive Officer and Chief Financial Officer evaluated the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2002.

Since October 1, 2002, our independent auditors completed their audit of our financial statements for the year ended December 31, 2002. As a result of such audit, we have been required to make restatements and reclassifications of our unaudited financial statements filed for the quarters ended March 31, June 30 and September 30, 2002. Such restatements and reclassifications call into question the effectiveness of our disclosure controls and procedures. We are currently considering enhancements to our controls and procedures.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings.

We refer you to Item 1 of our Quarterly Report on Form 10-Q for the quarter ended June 30, 2002 for a discussion of a claim by Alfred V. Greco filed in the Supreme Court of the State of New York, County of New York, for unpaid legal fees, seeking a total of \$50,772, plus interest, costs and disbursements. In the third quarter of 2002, the parties entered into a settlement agreement with respect to this matter, and we believe our obligations under such agreement are not material to the business.

Item 2. Changes in Securities.

In the quarter ended September 30, 2002, the Company sold 50,000 shares of preferred stock for \$125,000 in cash. All sales were made to accredited investors. Each share of preferred stock is convertible into ten shares of common stock after one year. The sales were made in reliance on Section 4(2) of the Securities Act of 1933, as amended.

Edgar Filing: SLS INTERNATIONAL INC - Form 10QSB/A

We also agreed to issue 375,000 shares of common stock under consulting agreements entered into during the quarter ended September 30, 2002. The issuances were made in reliance on Section 4(2) of the Securities Act of 1933, as amended.

The net proceeds from the sale of stock in the third quarter of 2002 were used for working capital purposes. We did not use any registered securities broker-dealers in connection with any sales of stock. All of the foregoing uses of proceeds were direct or indirect payments to nonaffiliates.
