Form 10-Q
August 09, 2005

**UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
Washington, DC 20549**

FORM 10-Q

**QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF
THE SECURITIES EXCHANGE ACT OF 1934**

For the quarterly period ended June 30, 2005

Commission file number: 1-13762

RECKSON ASSOCIATES REALTY CORP.

(Exact name of registrant as specified in its charter)

Maryland
**(State or other jurisdiction of incorporation or
organization)**

11-3233650
(IRS Employer Identification Number)

225 Broadhollow Road, Melville, NY
(Address of principal executive office)

11747
(zip code)

(631) 694-6900
(Registrant's telephone number including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) Yes No , and (2) has been subject to such filing requirements for the past 90 days.

Yes No .

Indicate by check mark whether the registrant is an accelerated filer (as defined in Rule 12b-2 of the Exchange Act).

Yes No .

The Company has one class of common stock, par value \$.01 per share, with 82,541,523 shares outstanding as of August 5, 2005

RECKSON ASSOCIATES REALTY CORP.
NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS
JUNE 30, 2005
(Unaudited)

1. ORGANIZATION AND FORMATION OF THE COMPANY

Reckson Associates Realty Corp. (the "Company") is a self-administered and self managed real estate investment trust ("REIT") engaged in the ownership, management, operation, acquisition, leasing, financing and development of commercial real estate properties, principally office and to a lesser extent industrial / R&D properties and also owns land for future development (collectively, the "Properties") located in the New York City tri-state area (the "Tri-State Area").

The Company was incorporated in Maryland in September 1994. In June 1995, the Company completed an initial public offering (the "IPO") and commenced operations.

The Company became the sole general partner of Reckson Operating Partnership, L.P. (the "Operating Partnership") by contributing substantially all of the net proceeds of the IPO in exchange for an approximate 73% interest in the Operating Partnership. All Properties acquired by the Company are held by or through the Operating Partnership. In conjunction with the IPO, the Operating Partnership executed various option and purchase agreements whereby it issued common units of limited partnership interest in the Operating Partnership ("OP Units") to certain continuing investors and assumed certain indebtedness in exchange for (i) interests in certain property partnerships, (ii) fee simple and leasehold interests in properties and development land, (iii) certain other business assets and (iv) 100% of the non-voting preferred stock of the management and construction companies. The Company's ownership percentage in the Operating Partnership was approximately 96.8% and 94.8% at June 30, 2005 and 2004, respectively.

2. BASIS OF PRESENTATION

The accompanying interim unaudited financial statements have been prepared by the Company's management pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosure normally included in the financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") may have been condensed or omitted pursuant to such rules and regulations, although management believes that the disclosures are adequate to not make the information presented misleading. The unaudited financial statements at June 30, 2005 and for the three and six month periods ended June 30, 2005 and 2004 include, in the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary to present fairly the financial information set forth herein. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the year ending December 31, 2005. These financial statements should be read in conjunction with the Company's audited financial statements and the notes thereto included in the Company's Form 10-K for the year ended December 31, 2004.

The accompanying consolidated financial statements include the consolidated financial position of the Company, the Operating Partnership and the Service Companies (as defined below) at June 30, 2005 and December 31, 2004 and the consolidated results of their operations for the three and six month periods ended June 30, 2005 and 2004, respectively, and their cash flows for the six months ended June 30, 2005 and 2004, respectively. The Operating Partnership's investments in majority owned and controlled real estate joint ventures are reflected in the accompanying financial statements on a consolidated basis with a reduction for the minority partners' interest. The Operating Partnership's investments in real estate joint ventures, where it owns less than a controlling interest, are reflected in the accompanying financial statements on the equity method of accounting. The Operating Partnership had an investment in a real estate joint venture in which it owned less than a controlling interest and which was reflected in the accompanying financial statements on the equity method of accounting. Commencing June 20, 2005, as a result of the Company acquiring the minority partner's interest, the Company commenced consolidating the financial results of this investment. The Service Companies which provide management, development and construction services to the Company, the Operating Partnership and to third parties are Reckson Management Group, Inc., RANY Management Group, Inc., Reckson Construction & Development LLC and Reckson Construction Group New York, Inc. (collectively, the "Service Companies"). All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

Minority partners' interests in consolidated partnerships represent a 49% non-affiliated interest in RT Tri-State LLC, owner of a six property suburban office portfolio, a 40% non-affiliated interest in Omni Partners, L.P., owner of a 579,000 square foot suburban office property and a 49% non-affiliated interest in Metropolitan 919 3rd Avenue,

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

LLC, owner of the property located at 919 Third Avenue, New York, NY. Limited partners' minority interests in the Operating Partnership was approximately 3.2% and 5.2% at June 30, 2005 and 2004, respectively.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could differ from those estimates.

[Back to Contents](#)

Real Estate

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for ordinary maintenance and repairs are expensed to operations as they are incurred. Renovations and / or replacements, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases. Depreciation expense, net of discontinued operations, for each of the three and six month periods ended June 30, 2005 and 2004 amounted to approximately \$22.5 million and \$43.1 million and \$19.6 million and \$39.2 million, respectively.

We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on our net income. Should we lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

On July 1, 2001 and January 1, 2002, we adopted Financial Accounting Standards Board (FASB) Statement No.141, Business Combinations and FASB Statement No. 142, Goodwill and Other Intangibles, respectively. As part of the acquisition of real estate assets, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their fair values.

We allocate a portion of the purchase price to tangible assets including the fair value of the building and building improvements on an as-if-vacant basis and to land determined either by real estate tax assessments, independent appraisals or other relevant data. Additionally, we assess fair value of identified intangible assets and liabilities based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. If we incorrectly estimate the values at acquisition or the undiscounted cash flows, initial allocation of purchase price and future impairment charges may be different.

Long Lived Assets

We are required to make subjective assessments as to whether there are impairments in the value of our real estate properties and other investments. An investment's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the investment are less than the carrying value of the investment. Such assessments consider factors such as cash flows, expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred it will be measured as the excess of the carrying amount of the property over the fair value of the property. These assessments have a direct impact on our net income, because recognizing an impairment results in an immediate negative adjustment to net income. In determining impairment, if any, we have followed FASB Statement No. 144, Accounting for the Impairment or Disposal of Long Lived Assets. Statement No. 144 did not have an impact on net income allocable to common shareholders. Statement No. 144 only impacts the presentation of the results of operations and gain on sales of real estate assets for those properties sold during the period within the consolidated statements of income.

Cash Equivalents

We consider highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Tenants' lease security deposits aggregating approximately \$4.5 million at June 30, 2005 and December 31, 2004 have been included in cash and cash equivalents on the accompanying balance sheets.

Deferred Costs

Tenant leasing commissions and related costs incurred in connection with leasing tenant space are capitalized and amortized over the life of the related lease. In addition, loan costs incurred in obtaining financing are capitalized and amortized over the term of the related loan.

Costs incurred in connection with equity offerings are charged to stockholders' equity when incurred.

[Back to Contents](#)

Income Taxes

Commencing with its taxable year ended December 31, 1995, the Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"). To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its adjusted taxable income to its stockholders. It is management's current intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to corporate level federal income tax on taxable income it distributes currently to its stockholders. If the Company fails to qualify as a REIT in any taxable year, it will be subject to federal income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for the subsequent four taxable years. Even if the Company qualifies for taxation as a REIT, the Company may be subject to certain state and local taxes on its income and property, and to federal income and excise taxes on its undistributed taxable income. In addition, taxable income from non-REIT activities managed through the Service Companies as taxable REIT subsidiaries are subject to federal, state and local income taxes.

Revenue Recognition & Accounts Receivable

Minimum rental revenue is recognized on a straight-line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on the accompanying balance sheets. Contractually due but unpaid rents are included in tenant receivables on the accompanying balance sheets. Certain lease agreements also provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis. Ancillary and other property related income is recognized in the period earned.

We make estimates of the collectibility of our accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. We specifically analyze tenant receivables and historical bad debts, customer credit worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of our allowance for doubtful accounts. In addition, when tenants are in bankruptcy, we make estimates of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed a year. These estimates have a direct impact on our net income because a higher bad debt reserve results in less net income.

We incurred approximately \$657,000 and \$1.1 million and \$700,000 and \$1.8 million of bad debt expense during the three and six month periods ended June 30, 2005 and 2004, respectively, related to tenant receivables which accordingly reduced our total revenues and reported net income during those periods.

We record interest income on our investments in notes receivable on the accrual basis of accounting. We do not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors we consider in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Reckson Construction & Development LLC (the successor to Reckson Construction Group, Inc.) and Reckson Construction Group New York, Inc. use the percentage-of-completion method for recording amounts earned on their contracts. This method records amounts earned as revenue in the proportion that actual costs incurred to date bear to the estimate of total costs at contract completion.

Gain on sales of real estate are recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale and us having no substantial continuing involvement with the buyer.

We follow the guidance provided for under FASB Statement No. 66 "Accounting for Sales of Real Estate" (Statement No. 66), which provides guidance on sales contracts that are accompanied by agreements which require the seller to develop the property in the future. Under Statement No. 66, profit is recognized and allocated to the sale of the land and the later development or construction work on the basis of estimated costs of each activity; the same rate of profit is attributed to each activity. As a result, profits are recognized and reflected over the improvement period on the basis of costs incurred (including land) as a percentage of total costs estimated to be incurred. We use the percentage of completion method, as future costs of development and profit are reliably estimated.

Earnings Per Share

In 1997, the FASB issued Statement No. 128, "Earnings per Share" ("Statement No. 128") which replaced the calculation of primary and fully diluted earnings per share with basic and diluted earnings per share. Unlike primary earnings per share, basic earnings per share excludes any dilutive effects of options, warrants and convertible securities. Diluted earnings per share are very similar to the previously reported fully diluted earnings per share. The conversion of OP Units into common stock would not have a significant effect on per share amounts as the OP Units share proportionately with the common stock in the results of the Operating Partnership's operations.

[Back to Contents](#)*Stock Options*

In December 2002, the FASB issued Statement No. 148, "Accounting for Stock-Based Compensation" Transition and Disclosure" ("Statement No. 148"). Statement No. 148 amends Statement No. 123 to provide alternative methods of transition for an entity that voluntarily adopts the fair value recognition method of recording stock option expense. Statement No. 148 also amends the disclosure provisions of Statement 123 and Accounting Principles Board Opinion No. 28, "Interim Financial Reporting" to require disclosure in the summary of significant accounting policies of the effects of an entity's accounting policy with respect to stock options on reported net income and earnings per share in annual and interim financial statements.

The following table sets forth our pro forma information for common shareholders (in thousands except earnings per share data):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2005	2004	2005	2004
Net income allocable to common shareholders as reported	\$ 17,766	\$ 13,043	\$ 35,120	\$ 29,007
Add: Stock option expense included above	—	1	—	3
Deduct: Stock option expense determined under fair value recognition method for all awards	—	(104)	—	(196)
Pro forma net income allocable to common shareholders	\$ 17,766	\$ 12,940	\$ 35,120	\$ 28,814
Net income per share as reported:				
Basic	\$.22	\$.19	\$.43	\$.45

Basic	\$.22	\$.19	\$.43	\$.45
Diluted	\$.22	\$.19	\$.43	\$.45

The fair value for those options was estimated at the date of grant using the Black-Scholes option-pricing model with the following weighted-average assumptions:

	Three Months Ended June 30,		Six Months Ended June 30,	
	2005 (a)	2004	2005 (a)	2004
Risk free interest rate	N/A	3.00%	N/A	3.00%
Dividend yield	N/A	7.07%	N/A	7.07%
Volatility factor of the expected market price of our common stock	N/A	.200	N/A	.200
Weighted average expected option life (in years)	N/A	4.0	N/A	4.0

(a) No options were granted or vested during the six months ended June 30, 2005. As a result, no weighted-average assumptions or calculations were required.

For purposes of pro forma disclosures, the estimated fair value of the options is amortized to expense over the options' vesting period.

On December 16, 2004, the FASB issued Statement No. 123 (revised 2004), "Share-Based Payment" ("Statement No. 123R"), which is a revision of FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("Statement No. 123"). Statement No. 123R supersedes Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees", and amends FASB Statement No. 95, "Statement of Cash Flows." Generally, the approach in Statement No. 123R is similar to the approach described in Statement No. 123. However, Statement No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative.

Statement No. 123R must be adopted no later than January 1, 2006. Early adoption will be permitted in periods in which financial statements have not yet been issued. We expect to adopt Statement No. 123R on January 1, 2006.

Effective January 1, 2002, we elected to follow Statement No. 123 and use the Black-Scholes option pricing model to estimate the value of stock options granted to employees and expect to continue to use this acceptable option valuation model upon the required adoption of Statement No. 123R on January 1, 2006. Because Statement No. 123R must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted Statement No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for some previously granted awards that were not recognized under Statement No. 123 would be recognized under Statement No. 123R. However, on January 1, 2006, the date we expect to adopt Statement No. 123R, all of the unexercised options outstanding at June 30, 2005 under our stock option plans will be fully vested. As a result, no additional expense will be recognized. In addition, had we adopted Statement No. 123R in prior periods, the impact of that standard would have approximated the impact of Statement No. 123 as described above.

[Back to Contents](#)

Derivative Instruments

FASB Statement No. 133, "Accounting for Derivative Instruments and Hedging Activities" ("Statement No. 133"), as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities.

The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

As required by Statement No. 133, we record all derivatives on our balance sheet at fair value. For effective hedges, depending on the nature of the hedge, changes in the fair value of the derivative will be offset against the corresponding change in fair value of the hedged asset, liability, or firm commitment through earnings or recognized in accumulated other comprehensive income ("OCI") on our balance sheet until the hedged item is recognized in earnings.

For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in OCI and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. We assess the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

We do not enter into derivative financial instruments for trading or speculative purposes. However, in the normal course of our business and to help us manage our debt issuances and maturities, we do use derivative financial instruments in the form of cash flow hedges to protect ourselves against potentially rising interest rates.

Variable Interest Entities

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), which explains how to identify variable interest entities ("VIEs") and how to assess whether to consolidate such entities. VIEs are primarily entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders lack adequate decision making ability. All VIEs which we are involved with must be evaluated to determine the primary beneficiary of the risks and rewards of the VIE. The primary beneficiary is required to consolidate the VIE for financial reporting purposes. The initial determination of whether an entity qualifies as a VIE shall be made as of the date at which a primary beneficiary becomes involved with the entity and reconsidered as of the date of a triggering event, as defined. The provisions of this interpretation are immediately effective for VIEs formed after January 31, 2003. In December 2003 the FASB issued FIN 46R, deferring the effective date until the period ended March 31, 2004 for interests held by public companies in VIEs created before February 1, 2003, which were non-special purpose entities. We adopted FIN 46R during the period ended March 31, 2004 and have determined that our consolidated subsidiaries do not represent VIEs pursuant to such interpretation. We will continue to monitor any changes in circumstances relating to certain of our consolidated and unconsolidated joint ventures which could result in a change in the our consolidation policy.

Current pronouncements

In June 2005, the FASB ratified the consensus in EITF Issue No. 04-5, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights ("Issue 04-5"), which provides guidance in determining whether a general partner controls a limited partnership. Issue 04-5 states that the general partner in a limited partnership is presumed to control that limited partnership. The presumption may be overcome if the limited partners have either (1) the substantive ability to dissolve the limited partnership or otherwise remove the general partner without cause or (2) substantive participating rights, which provide the limited partners with the ability to effectively participate in significant decisions that would be expected to be made in the ordinary course of the limited partnership's business and thereby preclude the general partner from exercising unilateral control over the partnership. The adoption of Issue 04-5 by the Company for new or modified limited partnership arrangements is effective June 30, 2005 and for

existing limited partnership arrangements effective January 1, 2006. We do not expect that we will be required to consolidate our current unconsolidated joint venture investment nor will Issue 04-05 have a material effect on our consolidated financial statements.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

3. MORTGAGE NOTES PAYABLE

On June 20, 2005, in connection with our acquiring our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we assumed approximately \$4.1 million of secured mortgage indebtedness of the joint venture. As a result, our total secured debt related to this property at June 30, 2005 was approximately \$11.1 million. This mortgage note bears interest at 8.85% per annum and matures on September 1, 2005 at which time the balance will be approximately \$10.9 million. We anticipate making a borrowing under our unsecured credit facility to satisfy the mortgage note at its scheduled maturity date.

During the quarterly period ended June 30, 2005 we entered into anticipatory interest rate hedge instruments totaling \$250.0 million to protect ourselves against potentially rising interest rates. These instruments were settled prior to their maturity in exchange for a mortgage rate lock agreement in connection with a 15 year permanent financing on the property located at One Court Square in Queens, NY which closed on August 3, 2005. Costs related to the terminated instruments of approximately \$1.4 million were incorporated into the final fixed mortgage rate of 4.905%. At June 30, 2005, the fair value of the mortgage rate lock approximated its carrying value.

[Back to Contents](#)

We also entered into an additional \$200.0 million of anticipatory interest rate hedge instruments during the quarterly period ended June 30, 2005, which are scheduled to coincide with certain secured debt we anticipate incurring on a group of our office properties. These properties are anticipated to be included in a joint venture transaction in the latter part of 2005. As of June 30, 2005, we incurred approximately \$207,000 of ineffectiveness related to these hedge instruments, which has been included in interest expense on our consolidated statements of income. At June 30, 2005, the carrying value of these instruments exceeded their fair value by approximately \$2.0 million, which has been reflected as accumulated other comprehensive loss with a corresponding increase in accrued expenses and other liabilities on our balance sheet. These instruments were settled on August 1, 2005, at which time their fair value exceeded their carrying value by approximately \$1.1 million. Such amount will be classified as an offset to deferred loan costs and amortized against deferred financing costs over the term of the secured debt. Based on the settlement proceeds of approximately \$1.1 million and a projected debt tenor of five years, we would anticipate that during the twelve-month period commencing on July 1, 2005 we would amortize approximately \$165,000 of these settlement proceeds (representing the period October 1, 2005 through June 30, 2006) against the amortization of deferred financing costs.

At June 30, 2005, there were 13 fixed rate mortgage notes payable with an aggregate outstanding principal amount of approximately \$614.8 million. These mortgage notes are secured by properties with an aggregate carrying value at June 30, 2005 of approximately \$1.3 billion and which are pledged as collateral against the mortgage notes payable. In addition, approximately \$42.3 million of the \$614.8 million is recourse to us. The mortgage notes bear interest at rates ranging from 6.45% to 9.25%, and mature between 2005 and 2011. The weighted average interest rate on the outstanding mortgage notes payable at June 30, 2005 was approximately 7.3%. Certain of the mortgage notes payable are guaranteed by the Company and/or certain limited partners in the Operating Partnership. In addition, consistent with customary practices in non-recourse lending, certain non-recourse mortgages may be recourse to the Company under certain limited circumstances including environmental issues and breaches of material representations.

The following table sets forth our mortgage notes payable at June 30, 2005, by scheduled maturity date (dollars in thousands):

Property	Principal Outstanding	Interest Rate	Maturity Date	Amortization Term (Years)
520 White Plains Road, Tarrytown, NY	\$ 11,059	8.85%	September, 2005	20
395 North Service Road, Melville, NY	18,689	6.45%	October, 2005	\$34 per month
200 Summit Lake Drive, Valhalla, NY	18,204	9.25%	January, 2006	25
1350 Avenue of the Americas, NY, NY	72,559	6.52%	June, 2006	30
Landmark Square, Stamford, CT (a)	42,269	8.02%	October, 2006	25
100 Summit Lake Drive, Valhalla, NY	15,409	8.50%	April, 2007	15
333 Earle Ovington Blvd., Mitchel Field, NY (b)	51,226	7.72%	August, 2007	25
810 Seventh Avenue, NY, NY (c)	78,770	7.73%	August, 2009	25
100 Wall Street, NY, NY (c)	34,134	7.73%	August, 2009	25
6900 Jericho Turnpike, Syosset, NY	7,030	8.07%	July, 2010	25
6800 Jericho Turnpike, Syosset, NY	13,320	8.07%	July, 2010	25
580 White Plains Road, Tarrytown, NY	12,130	7.86%	September, 2010	25
919 Third Avenue, NY, NY (d)	240,035	6.87%	August, 2011	30
Total / Weighted average	\$ 614,834	7.33%		

(a) Encompasses six Class A office properties.

(b) We have a 60% general partnership interest in this property and our proportionate share of the aggregate principal amount is approximately \$30.7 million.

(c) These properties are cross-collateralized.

- (d) We have a 51% membership interest in this property and our proportionate share of the aggregate principal amount is approximately \$122.4 million.

[Back to Contents](#)

On August 3, 2005, we placed a first mortgage in the amount of \$315.0 million on the property located at One Court Square in Queens, NY. The mortgage note bears interest at a fixed rate of 4.905%, requires monthly payments of interest only through September 1, 2015, the anticipated repayment date ("ARD"). After the ARD, all excess cash flow, as defined, shall be applied to amortize the loan and the interest rate shall be reset to 2% plus the greater of 4.905% and the then-current ten-year U.S. Treasury yield. The final maturity date of the loan is May 1, 2020. The mortgage note is secured by the property and is otherwise non-recourse except in limited circumstances regarding breaches of material representations. As additional collateral for the loan, we may be required to post letters of credit for the benefit of the lender, in the amount of \$10.0 million each, during September 2013, March 2014 and September 2014 if Citibank, N.A., the property's current sole tenant, exercises its second cancellation option for up to 20% of its leased space during 2014 and 2015. Net proceeds received of approximately \$303.5 million were used to re-pay a portion of our unsecured bridge facility discussed below.

We have given notice to the mortgagee with respect to the mortgage debt on the property located at 200 Summit Lake Drive in Valhalla, NY to pre-pay the mortgage debt during the third calendar quarter of 2005. Pursuant to the terms of the mortgage note, the mortgage may be pre-paid without penalty subsequent to September 1, 2005 and upon notice. The balance of the mortgage note will be approximately \$18.1 million on September 1, 2005. We anticipate making a borrowing under our unsecured credit facility to satisfy this mortgage note on the prepayment date.

Our mortgage debt on the property located at 395 North Service Road in Melville, NY matures on October 28, 2005. We have given notice to the mortgagee to prepay the mortgage debt on September 30, 2005, at which time the balance will be approximately \$18.6 million. We anticipate making a borrowing under our unsecured credit facility to satisfy the mortgage note at its scheduled maturity.

4. SENIOR UNSECURED NOTES

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. Interest on the debentures will be payable semi-annually on June 15 and December 15, commencing December 15, 2005. The debentures are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder and at par, on June 15, 2010, 2015 and 2020. The net proceeds from the offering, after the underwriter's discounts and expenses, were approximately \$281.6 million and were used for repayment of amounts outstanding under our unsecured credit facility. (See footnote 7, Stockholders' Equity, regarding the terms of the debenture's exchange into our common stock).

At June 30, 2005, the Operating Partnership had outstanding approximately \$979.9 million (net of unamortized issuance discounts) of senior unsecured notes (the "Senior Unsecured Notes"). The following table sets forth the Operating Partnership's Senior Unsecured Notes and other related disclosures by scheduled maturity date (dollars in thousands):

Issuance	Face Amount	Coupon Rate	Term (in Years)	Maturity
June 17, 2002	\$ 50,000	6.00%	5	June 15, 2007
August 27, 1997	150,000	7.20%	10	August 28, 2007
March 26, 1999	200,000	7.75%	10	March 15, 2009
January 22, 2004	150,000	5.15%	7	January 15, 2011
August 13, 2004	150,000	5.875%	10	August 15, 2014
June 27, 2005	287,500	4.00%	20	June 15, 2025
	\$ 987,500			

Interest on the Senior Unsecured Notes is payable semiannually with principal and unpaid interest due on the scheduled maturity dates. In addition, certain of the Senior Unsecured Notes were issued at discounts aggregating

approximately \$8.3 million. Such discounts are being amortized to interest expense over the term of the Senior Unsecured Notes to which they relate.

5. UNSECURED CREDIT FACILITY & BRIDGE FACILITY

On May 13, 2005, we obtained a \$470.0 million unsecured bridge facility (the "Bridge Facility") from Citibank, N.A. The Bridge Facility is for an initial term of six months and we have the option for a six-month extension upon paying a one-time fee of 7.5 basis points on the amount then outstanding. The Bridge Facility has terms, including interest rates and financial covenants, substantially similar to our unsecured \$500 million revolving credit facility (the "Credit Facility"), and was amended in June 2005 in the same manner as our Credit Facility as described below. As of June 30, 2005, there was \$470.0 million outstanding under the Bridge Facility at an interest rate of 4.04%. On August 3, 2005, net proceeds received from the secured financing of the property located at One Court Square in Queens, NY of approximately \$303.5 million were used to repay amounts outstanding under the Bridge Facility.

During the three months ended June 30, 2005, we amended our Credit Facility to, among other things, extend the maturity for one year, modify a financial covenant to increase the percentage that our total indebtedness can represent when compared to the total value of our assets from 55% to 60% and on a temporary basis to 65% upon an acquisition of a material property, reduce the rate of interest on borrowings by 0.10%, modify the capitalization rates used to value our properties for purposes of the financial covenants contained in the Credit Facility, increase the portion of assets and net operating income that may come from minority joint ventures from 5% to 10% and certain other matters.

[Back to Contents](#)

We currently maintain our \$500 million Credit Facility from JPMorgan Chase Bank, as administrative agent, Wells Fargo Bank, National Association as syndication agent and Citicorp, North America, Inc. and Wachovia Bank, National Association as co-documentation agents. The Credit Facility matures in August 2008, contains options for a one-year extension subject to a fee of 25 basis points and, upon receiving additional lender commitments, increasing the maximum revolving credit amount to \$750 million. In addition, borrowings under the Credit Facility are currently priced off LIBOR plus 80 basis points and the Credit Facility carries a facility fee of 20 basis points per annum. In the event of a change in the Operating Partnership's senior unsecured credit ratings, the interest rates and facility fee are subject to change. At June 30, 2005, the outstanding borrowings under the Credit Facility aggregated \$128.0 million and carried a weighted average interest rate of 4.04% per annum.

We utilize the Credit Facility primarily to finance real estate investments, fund our real estate development activities and for working capital purposes. At June 30, 2005, we had availability under the Credit Facility to borrow approximately an additional \$370.8 million, subject to compliance with certain financial covenants. Such amount is net of approximately \$1.2 million in outstanding undrawn standby letters of credit, which are issued under the Credit Facility.

In connection with the acquisition of certain properties, contributing partners of such properties have provided guarantees on certain of our indebtedness. As a result, we maintain certain outstanding balances on our Credit Facility.

6. COMMERCIAL REAL ESTATE INVESTMENTS

During January 2005, we acquired, in two separate transactions, two Class A office properties located at One and Seven Giralda Farms in Madison, New Jersey for total consideration of approximately \$78.0 million. One Giralda Farms encompasses approximately 150,000 rentable square feet and Seven Giralda Farms encompasses approximately 203,000 rentable square feet. We made these acquisitions through borrowings under our Credit Facility.

In May 2005, we acquired a 1.4 million square foot, 50-story, Class A office tower located at One Court Square, Long Island City, a sub-market of New York City, for approximately \$471.0 million, inclusive of transfer taxes and transactional costs. One Court Square is 100% leased to the seller, Citibank N.A., under a 15-year net lease. The lease contains partial cancellation options effective during 2011 and 2012 for up to 20% of the leased space and in 2014 and 2015 for up to an additional 20% of the leased space, subject to notice and the payment of early termination penalties. We are currently negotiating with an institutional joint venture partner to sell between a 60% to 70% interest in this property.

In May 2005, we completed mandatory arbitration proceedings relating to the re-setting of the rent under the ground lease pursuant to which we own an approximately 1.1 million square foot Class A office tower located at 1185 Avenue of the Americas, New York, NY. The rent was re-set, and is not subject to further increase, for the remaining 37 years of the ground lease (inclusive of a 20-year extension at our option) to approximately \$6.9 million per annum. Such re-set is retroactive to June 2004.

On May 26, 2005, we entered into a contract to sell approximately 60 acres of vacant land located in Chatham Township, NJ for up to approximately \$30.0 million which is based upon a final approved site plan. The closing is anticipated to occur upon receiving final zoning approvals and other customary due diligence and approvals. The sale is contingent upon due diligence, environmental assessment, zoning and other customary approvals. There can be no assurances that any of the aforementioned contingences will be achieved and the sale ultimately completed.

On June 8, 2005, we sold a three-acre vacant land parcel located on Long Island for approximately \$1.4 million which resulted in a net gain of approximately \$175,000, net of limited partner's minority interest. Such gain is reflected as a component of discontinued operations on our consolidated statements of income.

On June 20, 2005, we acquired our joint venture partner's 40% interest in a 172,000 square foot office property located at 520 White Plains Road, Tarrytown, NY for approximately \$8.1 million which consisted of the issuance of 127,510 OP Units valued at \$31.37 per OP Unit and the assumption of approximately \$4.1 million of secured mortgage indebtedness of the joint venture. Prior to us acquiring this interest, we accounted for the joint venture under the equity method of accounting. In accordance with the equity method of accounting our proportionate share of the joint venture's income was approximately \$25,000 and \$176,000 and \$294,000 and \$408,000 for the

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

three and six month periods ended June 30, 2005 and 2004, respectively.

On June 21, 2005, we entered into a contract to sell two suburban office properties, aggregating approximately 69,000 square feet, located at 310 and 333 East Shore Road in Great Neck, Long Island for aggregate consideration of approximately \$17.3 million. The sale is scheduled to close within 3 months. There can be no assurances that such sale will occur under the terms anticipated or at all. Pursuant to FASB Statement No. 144, the operating results of these properties are classified within discontinued operations, for all periods presented, on our consolidated statements of income and their assets and liabilities are classified as held for sale on our consolidated balance sheets.

As of June 30, 2005, we owned and operated 82 office properties (inclusive of eight office properties owned through joint ventures) comprising approximately 16.8 million square feet and eight industrial / R&D properties comprising approximately 863,000 square feet located in the Tri-State Area.

[Back to Contents](#)

At June 30, 2005, we owned approximately 341 acres of land in 12 separate parcels of which we can, based on current estimates, develop approximately 3.1 million square feet of office space (the "Development Parcels"). During July 2004, we commenced the ground-up development on one of the Development Parcels of a 305,000 square foot Class A office building with a total anticipated investment of approximately \$61.3 million. This development is located within our existing three building executive office park in Melville, NY. In addition, during July 2005, we commenced the ground-up development on one of the Development Parcels of a 37,000 square foot Class A retail property with a total anticipated investment of approximately \$10.1 million. This development is located within our existing six building office park in Stamford, Connecticut. There can be no assurances that the actual cost of these ground-up development projects will not exceed their anticipated amounts. Further, one of the Development Parcels, aggregating approximately 4.1 acres is classified as held for sale on our balance sheets and is expected to close during 2006 for aggregate consideration of \$2.0 million. In addition, as previously discussed, in May 2005, we entered into a contract to sell approximately 60 acres of vacant land in Chatham Township, NJ. As of June 30, 2005, we had invested approximately \$175.3 million in the Development Parcels. One of the Development Parcels, comprising 39.5 acres located in Valhalla, NY, was previously under contract for sale and was contingent upon obtaining zoning for residential use of the land and other customary due diligence and approvals. In May 2005, the purchaser terminated the contract.

Management has made subjective assessments as to the value and recoverability of our investments in the Development Parcels based on current and proposed development plans, market comparable land values and alternative use values. We are currently evaluating alternative land uses for certain of the remaining Development Parcels to realize their highest economic value. These alternatives may include rezoning certain Development Parcels from commercial to residential for potential disposition.

We also own a 354,000 square foot office building in Orlando, Florida. This non-core real estate holding was acquired in May 1999 in connection with our initial New York City portfolio acquisition.

On July 8, 2005, we entered into a contract to purchase a 1.1 million square foot Class A office complex located at 204 EAB Plaza in Uniondale, NY, commonly referred to as "EAB Plaza", for approximately \$240 million. The property is encumbered by a long-term ground lease which has a remaining term in excess of 75 years, including renewal options. Pursuant to the terms of the contract, we provided the seller with a down payment in the form of a \$24.0 million standby letter of credit. Such letter of credit was issued under our Credit Facility. We currently hold a \$27.6 million junior mezzanine loan which is secured by a pledge of an indirect ownership interest of an entity which currently owns the ground leasehold estate. Prior to closing on the acquisition of EAB Plaza, we have the option to purchase an adjoining 8.2 -acre development site. If we do not exercise this option, we will provide a two-year \$10 million loan to the seller, secured by the development site and will be retained to provide development related consulting services for the site. We anticipate closing on this complex in October 2005 through the satisfaction of our junior mezzanine loan and a borrowing under our Credit Facility. There can be no assurances that we will acquire this property or that we will fund the purchase price as described.

On July 14, 2005, we acquired two adjacent Class A suburban office properties aggregating 228,000 square feet located at 225 High Ridge Road in Stamford, CT for approximately \$76.3 million. This acquisition was made through a borrowing under our Credit Facility. The buildings are currently 100% leased and we anticipate contributing the property to a to-be-formed joint venture. There can be no assurances that this property will be contributed to the aforementioned joint venture or that such joint venture will be formed.

On July 26, 2005, we announced the commencement of marketing of an offering in Australia of A\$271 million (approximately US\$203 million) of units in Reckson New York Property Trust ("Reckson LPT"), a newly-formed listed property trust to be traded on the Australia Securities Exchange (ASX). It is contemplated that Reckson LPT will contribute the net proceeds of the offering in exchange for a 75% indirect interest in a newly-formed joint venture in the United States. We will transfer 25 of our properties with a value of approximately \$563 million and containing an aggregate of 3.4 million square feet to the joint venture in exchange for a 25% interest and approximately \$502 million in cash (inclusive of proceeds from mortgage debt). We will arrange for approximately \$319 million of debt, including approximately \$247 million of fixed rate debt and approximately \$72 million of floating rate debt, that will encumber the properties transferred to the joint venture. We will also grant the joint venture options to acquire 10 additional properties containing an aggregate of approximately 1.2 million square feet over a two year period at a price based upon the fair market value at the time of transfer to the joint venture.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In accordance with FASB Statement No. 144, it is anticipated that the assets and liabilities of the properties to be contributed to the joint venture will be classified as held for sale on our consolidated balance sheets, for all periods presented, commencing with the quarterly period ended September 30, 2005.

Pursuant to the terms of the offering of the units of Reckson LPT, investors will pay 65% of the price of the units in a closing scheduled to occur in late September 2005 and the remaining 35% in October 2006. We will transfer the 25 properties to the joint venture in three tranches, with properties having a value of approximately \$367 million being transferred in late September 2005, approximately \$72 million being transferred in January 2006 (such transfer to be funded entirely from the proceeds of mortgage debt) and approximately \$124 million being transferred in October 2006.

We also announced the formation of Reckson Australia Management Limited ("RAML"), a wholly-owned subsidiary, that will manage Reckson LPT and serve as its "Responsible Entity." The Responsible Entity will be managed by a six member board that will include three independent directors from Australia. Our affiliates will provide asset management, property management, leasing, construction and other services to the joint venture.

It is anticipated that a portion of the gain relating to the properties transferred to the joint venture will be deferred through an exchange qualifying under Section 1031 of the Internal Revenue Code in connection with our acquisition of EAB Plaza in Uniondale, New York. We do not currently anticipate that we will make any special distribution to our stockholders with regard to the gain.

[Back to Contents](#)

Under the terms of the offering we will be entitled to receive certain transaction fees. In addition, it is contemplated that RAML and Reckson Management Group, Inc. will share in certain other ongoing fees related to property management, leasing, construction, acquisition and disposition services.

Although the marketing of the units of Reckson LPT has commenced, the underwriting agreement relating to the offering, contribution agreement relating to the contribution of the properties to the joint venture and other documents have not been executed. There can be no assurance that the offering will be completed and that the joint venture will be formed on the terms described above or at all.

Note Receivable Investments

On March 16, 2005, a wholly owned subsidiary of the Operating Partnership advanced under separate mezzanine loan agreements, each of which bears interest at 9% per annum, (i) approximately \$8.0 million which matures in April 2010 and is secured, in part, by indirect ownership interests in ten suburban office properties located in adjacent office parks in Long Island, NY and (ii) approximately \$20.4 million which matures in April 2012 and is secured, in part, by indirect ownership interests in twenty-two suburban office properties located in adjacent office parks in Long Island, NY. Each mezzanine loan is additionally secured by other guaranties, pledges and assurances and are pre-payable without penalty after 18 months from the initial funding. We made these investments through a borrowing under our Credit Facility.

In May 2005, we acquired a 65% interest in an \$85 million, 15-year loan secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY for approximately \$55.3 million. The loan accrues compounded interest at 9.0% and pays interest at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020. The loan is pre-payable only under certain circumstances and, in any case, not before 2009. Upon a capital event related to the indirect interest in the property which secures the loan, we are entitled to participate in 30% of net proceeds derived from such capital event. This investment replaced our \$34.0 million mezzanine loan, including accrued and unpaid interest, to one of the partners owning such condominium interest. We also acquired an approximately 5% indirect ownership interest in the property for a purchase price of approximately \$6.2 million. The property is currently 100% leased. The balance of these investments was funded through a borrowing under our Credit Facility and cash on hand.

We hold a \$17.0 million note receivable, which bears interest at 12% per annum and is secured by a minority partnership interest in Omni Partners, L.P., owner of the Omni, a 579,000 square foot Class A office property located in Uniondale, NY (the "Omni Note"). We currently own a 60% majority partnership interest in Omni Partners, L.P. and on March 14, 2007 may exercise an option to acquire the remaining 40% interest for a price based on 90% of the fair market value of the property.

At June 30, 2005, we had invested approximately \$111.2 million in mezzanine loans and participating loan investments. In general these investments are secured by a pledge of either a direct or indirect ownership interest in the underlying real estate or leasehold, other guaranties, pledges and assurances.

The following table sets forth the terms of these investments at June 30, 2005 (in thousands):

Description	Property	Amount	Interest Rate	Funding	Maturity
Mezzanine loan	EAB Plaza	\$ 27,592	14.19%(a)	Sep., 2003	Sep., 2005 (b)
Participating loan	1166 Avenue of the Americas	55,250	9.00%(c)	May, 2005	Dec., 2020
Mezzanine loan	Long Island office portfolio	8,031	9.00%	Mar., 2005	Apr., 2010 (d)
Mezzanine loan	Long Island office portfolio	20,356	9.00%	Mar., 2005	Apr., 2012 (d)
		<u>\$ 111,229</u>			

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

- (a) Weighted average interest rate which is based on a spread over LIBOR, with a LIBOR floor of 1.63% per annum.
- (b) The borrower has rights to extend the term for three additional one-year periods and, under certain circumstances, prepay amounts outstanding.
- (c) Average interest rate of 9.0%. Interest pay rate is currently at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020.
- (d) Prepayable without penalty after 18 months from initial funding.

As of June 30, 2005, we held two other notes receivable, which aggregated \$1.9 million and carried a weighted average interest rate of 11.21% per annum (the "Other Notes") and collectively with the Omni Note, our mezzanine loans and preferred loan investments (the "Note Receivable Investments"). The Other Notes are secured in part by a minority partner's preferred unit interest in the Operating Partnership, an interest in real property and a personal guarantee. \$900,000 of the Other Notes matures on December 1, 2005 and the remaining \$1.0 million matures on January 31, 2010.

[Back to Contents](#)

As of June 30, 2005, management has made subjective assessments as to the underlying security value on the Note Receivable Investments. These assessments indicate an excess of market value over the carrying value and, based on these assessments, we believe there is no impairment to their carrying value.

7. STOCKHOLDERS' EQUITY

Basic net income per share on the Company's common stock was calculated using the weighted average number of shares outstanding of 81,882,157 and 66,892,096 for the three months ended June 30, 2005 and 2004, respectively, and 81,493,293 and 64,127,596 for the six months ended June 30, 2005 and 2004, respectively.

The following table sets forth our reconciliation of numerators and denominators of the basic and diluted net income per weighted average common share and the computation of basic and diluted net income per weighted average share for the Company's common stock (in thousands except for earnings per share data):

	Three Months Ended June 30,		Six Months Ended, June 30,	
	2005	2004	2005	2004

Net income per common share	<u>\$.22</u>	<u>\$.19</u>	<u>\$.43</u>	<u>\$.45</u>
Diluted earnings per weighted average common share:				

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Income from continuing operations	\$.22	\$.13	\$.42	\$.30
Discontinued operations		—		.06		.01		.15
Diluted net income per common share	\$.22	\$.19	\$.43	\$.45

In calculating diluted net income per weighted average common share, the Company takes into consideration any security that may be potentially dilutive with respect to its common stock. For all periods presented, securities considered to be potentially dilutive include, to the extent outstanding, stock option grants, Series A preferred stock and Series B preferred stock. OP Units have a distribution rate equivalent to a share of common stock and are convertible into common stock on a one for one basis. As such, OP Units are not dilutive with respect to the common stock.

A Class A OP Unit and a share of common stock have similar economic characteristics as they effectively share equally in the net income or loss and distributions of the Operating Partnership. As of June 30, 2005, the Operating Partnership had issued and outstanding 1,617,675 Class A OP Units and 465,845 Class C OP Units. The Class A OP Units and the Company's common stock currently receive a quarterly distribution of \$0.4246 per unit/share. The Class C OP Units were issued in August 2003 in connection with the contribution of real property to the Operating Partnership and currently receive a quarterly distribution of \$0.4664 per unit. Subject to certain holding periods, OP Units may either be redeemed for cash or, at the election of the Company, exchanged for shares of common stock on a one-for-one basis.

On June 20, 2005, as part of the consideration to acquire our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we issued 127,510 OP Units valued at \$31.37 per OP Unit.

[Back to Contents](#)

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. The debentures were issued at 98% of par and are exchangeable for shares of common stock of the Company on or after June 15, 2024, and also under certain circumstances, at an initial exchange rate of 24.6124 common shares per \$1,000 of principal amount of debentures. The initial exchange price of \$40.63 represents a premium of approximately 25% to the closing price of the Company's common stock on the issuance date of \$32.50 per share. If exchanged in accordance with their terms, the debentures will be settled in cash up to their principal amount and any remaining exchange value will be settled, at our option, in cash, the Company's common stock or a combination thereof. In accordance with the exchange rate terms of the debentures the Company has reserved approximately 8.8 million shares of its authorized common stock, \$.01 par value, for potential future issuance upon the exchange of the debentures. Such amount is based on an exchange rate of 30.7692 common shares per \$1,000 of principal amount of debentures. Although we have reserved these shares pursuant to the terms of the exchange rate terms, we believe the issuance of our shares, if any, would be significantly less than 8.8 million shares. The debentures are guaranteed by the Company. We have the option to redeem the debentures beginning June 18, 2010 for the principal amount plus accrued and unpaid interest. Holders of the debentures have the right to require us to repurchase their debentures at 100% of the principal amount thereof plus accrued and unpaid interest on June 15, 2010, June 15, 2015 and June 15, 2020 or, in the event of certain change in control transactions, prior to June 15, 2010.

The limited partners' minority interest in the Operating Partnership (Limited Partner Equity), which is reflected on the accompanying balance sheets, is reported at an amount equal to the limited partners' ownership percentage of the net equity of the Operating Partnership at the end of the reporting period. The Limited Partner Equity is adjusted at the end of the period to reflect the ownership percentages at that time. The Limited Partner Equity was approximately 3.2% and 5.2% at June 30, 2005 and 2004, respectively.

During the three month period ended June 30, 2005, 53,410 shares of the Company's common stock were issued in connection with the exercise of outstanding options to purchase stock under its stock option plans resulting in proceeds to us of approximately \$800,000. In addition, a limited partner in the Operating Partnership exchanged 841,992 OP Units for an equal number of shares of the Company's common stock.

The Operating Partnership has issued and outstanding 1,200 preferred units of limited partnership interest with a liquidation preference value of \$1,000 per unit and a stated distribution rate of 7.0%, which is subject to reduction based upon terms of their initial issuance (the Preferred Units). The terms of the Preferred Units provide for this reduction in distribution rate in order to address the effect of certain mortgages with above market interest rates which were assumed by the Operating Partnership in connection with properties contributed to the Operating Partnership in 1998.

The Board of Directors of the Company initially authorized the purchase of up to 5.0 million shares of the Company's common stock. Transactions conducted on the New York Stock Exchange have been, and will continue to be, effected in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Since the Board's initial authorization, the Company has purchased 3,318,600 shares of its common stock for an aggregate purchase price of approximately \$71.3 million. In June 2004, the Board of Directors re-set the Company's common stock repurchase program back to 5.0 million shares. No purchases have been made since March, 2003.

In July 2002, as a result of certain provisions of the Sarbanes-Oxley Act of 2002, we discontinued the use of stock loans in our Long Term Incentive Programs (LTIP). In connection with LTIP grants made prior to the enactment of the Sarbanes-Oxley Act of 2002, we currently have stock loans outstanding to certain executive officers which were used to purchase 385,000 shares of our common stock. The stock loans were priced at the market prices of our common stock at the time of issuance, bear interest at the mid-term Applicable Federal Rate and are secured by the shares purchased. Such stock loans (including accrued interest) are scheduled to vest and be ratably forgiven each year on the anniversary of the grant date based upon initial vesting periods ranging from seven to ten years. Such forgiveness is based on continued service and in part on the Company attaining certain annual performance measures. These stock loans had an initial aggregate weighted average vesting period of approximately nine years. As of June 30, 2005, there remains 180,714 shares of common stock subject to the original stock loans which are anticipated to vest between 2006 and 2011. Approximately \$276,000 and \$507,000 and \$248,000 and \$556,000 of compensation expense was recorded for the three and six month periods ended June 30, 2005 and 2004, respectively, related to these LTIP. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

The outstanding stock loan balances due from executive officers aggregated approximately \$3.8 million and \$4.7 million at June 30, 2005 and December 31, 2004, respectively, and have been included as a reduction of additional paid in capital on the accompanying consolidated balance sheets. Other outstanding loans to executive and senior officers at June 30, 2005 and December 31, 2004 amounted to approximately \$1.8 million and \$2.7 million, respectively, and are included in investments in affiliate loans and joint ventures on the accompanying consolidated balance sheets and are primarily related to tax payment advances on stock compensation awards and life insurance contracts made to certain executive and non-executive officers.

[Back to Contents](#)

In November 2002 and March 2003, an award of rights was granted to certain executive officers of the Company (the "2002 Rights" and "2003 Rights", respectively, and collectively, the "Rights"). Each Right represents the right to receive, upon vesting, one share of common stock if shares are then available for grant under one of the Company's stock option plans or, if shares are not so available, an amount of cash equivalent to the value of such stock on the vesting date. The 2002 Rights vest in four equal annual installments beginning on November 14, 2003 (and shall be fully vested on November 14, 2006). The 2003 Rights were earned on March 13, 2005 and vest in three equal annual installments beginning on March 13, 2005 (and shall be fully vested on March 13, 2007). Dividends on the shares will be held by the Company until such shares become vested, and will be distributed thereafter to the applicable officer. The 2002 Rights also entitle the holder thereof to cash payments in respect of taxes payable by the holder resulting from the 2002 Rights. The 2002 Rights aggregate 62,835 shares of the Company's common stock and the 2003 Rights aggregate 26,040 shares of common stock. As of June 30, 2005, there remains 31,417 shares of common stock reserved related to the 2002 Rights and 17,360 shares of common stock reserved related to the 2003 Rights. Approximately \$120,000 and \$224,000 and \$100,000 and \$201,000 of compensation expense was recorded for the three and six month periods ended June 30, 2005 and 2004, respectively, related to the Rights. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income.

In March 2003, the Company established a new LTIP for its executive and senior officers (the "2003 LTIP"). The four-year plan has a core award, which provides for annual stock based compensation based upon continued service and in part based on the Company attaining certain annual performance measures. The plan also has a special outperformance component in the form of a bonus pool equal to 10% of the total return in excess of a 9% cumulative and compounded annual total return on the Company's common equity for the period through the four-year anniversary after the date of grant (the "Special Outperformance Pool"). The aggregate amount payable to such officers from the Special Outperformance Pool is capped at an amount calculated based upon a total cumulative and compounded annual return on the common equity of 15%. An officer's special outperformance award represents an allocation of the Special Outperformance Pool and will become vested on the fourth anniversary of the date of grant, provided that the officer remains in continuous employment with the Company or any of its affiliates until such date, and the Company has achieved on a cumulative and compounded basis, during the four fiscal years completed on the applicable anniversary date, a total return to holders of the common equity that (i) is at or above the 60th percentile of the total return to stockholders achieved by members of the peer group during the same period and (ii) equals at least 9% per annum. Special outperformance awards will be paid in cash; however, the Compensation Committee, in its sole discretion, may elect to pay such an award in shares of common stock, valued at the date of vesting, if shares are available at such time under any of the Company's existing stock option plans. The LTIP provides that no dividends or dividend equivalent payments will accrue with respect to the special outperformance awards. On March 13, 2003, the Company made available 827,776 shares of its common stock under its existing stock option plans in connection with the core award of the 2003 LTIP for certain of its executive and senior officers. During May 2003, the special outperformance awards of the 2003 LTIP were amended to increase the per share base price above which the four year cumulative return is measured from \$18.00 to \$22.40.

The Board of Directors approved an amendment to the 2003 LTIP to revise the peer group used to measure relative performance. The amendment eliminated the mixed office and industrial companies and added certain other "pure office" companies in order to revise the peer group to office sector companies. The Board has also approved the revision of the performance measurement dates for future vesting under the core component of the 2003 LTIP from the anniversary of the date of grant to December 31 of each year. This was done in order to have the performance measurement coincide with the performance period that the Company believes many investors use to judge the performance of the Company.

On December 27, 2004, the Operating Partnership entered into definitive agreements with certain executive and senior officers of the Company to revise their incentive awards under the 2003 LTIP. The revised agreements provide for (i) the rescission of the unvested portion of their core awards and (ii) an award in exchange for the rescinded core awards of an equal number of units of a new class of limited partnership interests ("LTIP Units") of the Operating Partnership.

Each executive and senior officer participating in the 2003 LTIP was offered the option to retain all or a portion of his core awards or to rescind them in exchange for new awards of LTIP Units. On December 27, 2004, certain executive and senior officers accepted such offer and thereby amended their Amended and Restated Long-Term Incentive Award Agreement to cancel, in the aggregate, 362,500 shares of restricted stock of the Company representing all or a portion of their unvested core award, and received an equal number of LTIP Units.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

The revised awards under the 2003 LTIP were designed to provide the potential for executives to retain a greater equity interest in the Company by eliminating the need for executives to sell a portion of the core awards immediately upon vesting in order to satisfy personal income taxes which are due upon vesting under the original core awards.

On March 13, 2005 and March 13, 2004, with respect to the 2003 LTIP, the Company met its annual performance measure with respect to the 2004 and 2003 annual measurement periods, respectively. As a result, the Company issued to the participants of the 2003 LTIP 102,779 and 206,944 shares of its common stock, respectively, related to the core component of the 2003 LTIP.

[Back to Contents](#)

The terms of each award of LTIP Units are substantially similar to those of the core awards under the 2003 LTIP. The vesting, performance hurdles and timing for vesting remain unchanged. However, an LTIP Unit represents an equity interest in the Operating Partnership, rather than the Company. At issuance, the LTIP Unit has no value but may over time accrete to a value equal to (but never greater than) the value of one share of common stock of the Company (a "REIT Share"). Initially, LTIP Units will not have full parity with OP Units with respect to liquidating distributions. Upon the occurrence of certain "triggering events," the Operating Partnership will revalue its assets for the purpose of the capital accounts of its partners and any increase in valuation of the Operating Partnership's assets from the date of the issuance of the LTIP Units through the "triggering event" will be allocated to the capital accounts of holders of LTIP Units until their capital accounts are equivalent to the capital accounts of holders of OP Units. If such equivalence is reached, LTIP Units would achieve full parity with OP Units for all purposes, and therefore accrete to an economic value equivalent to REIT Shares on a one-for-one basis. After two years from the date of grant, if such parity is reached, vested LTIP Units may be redeemed for cash in an amount equal to the then fair market value of an equal number of REIT Shares or converted into an equal number of OP Units, as determined by the Company's Compensation Committee. However, there are circumstances under which such economic equivalence would not be reached. Until and unless such economic equivalence is reached, the value that the officers will realize for vested LTIP Units will be less than the value of an equal number of REIT Shares. In addition, unlike core awards under the 2003 LTIP (wherein dividends that accumulate are paid upon vesting), LTIP Units will receive the same quarterly distributions as OP Units on a current basis, thus providing full dividend equivalence with REIT Shares. At the scheduled March 2005 vesting date, the specified performance hurdles were met, and officers that received LTIP Units received a one-time cash payment that represented payment of the full vested amount of the accrued unpaid dividends under the core award of the 2003 LTIP through December 27, 2004, the issuance date of the LTIP Units. In addition, the officers, in the aggregate, vested in 104,167 LTIP Units. In order to more closely replicate the terms of the core awards being rescinded, the Company also entered into agreements with three executive officers, which provide that in the event of a change of control the executive shall receive the equivalent value of one REIT Share for each LTIP Unit.

In March 2005, following the recommendation of the Compensation Committee of the Board of Directors, eight senior and executive officers of the Company were awarded, in the aggregate, 272,100 LTIP Units to continue to incentivize them for the long-term (the "2005 LTIP Unit Grants"). Each such LTIP Unit awarded is deemed equivalent to an award of one share of common stock reserved under one of the Company's stock option plans, reducing availability for other equity awards on a one-for-one basis. The terms of the 2005 LTIP Unit Grants are generally consistent with the terms of the 2003 LTIP, including with respect to the impact upon vesting in the event of a change in control.

As of June 30, 2005, and as a result of the foregoing, there remains 155,553 shares of common stock reserved for future issuance under the core award of the 2003 LTIP and 530,433 shares of common stock reserved for issuance with respect to the issuance of LTIP Units. With respect to the core award of the 2003 LTIP, the Company recorded approximately \$305,000 and \$610,000 and \$699,000 and \$1.4 million of compensation expense for the three and six month periods ended June 30, 2005 and 2004, respectively. In addition, with respect to the LTIP Units and the 2005 LTIP Unit Grants, the Company recorded compensation expense of approximately \$822,000 and \$1.3 million for the three and six month periods ended June 30, 2005, respectively. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income. No accrual has been made with respect to the Special Outperformance Pool of the 2003 LTIP due to the uncertainty of the outcome of achieving the requisite performance measures.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the Company attaining certain annual performance measures, is recognized in accordance with paragraph 26 of Statement No. 123 as a "target stock price" plan. Under this type of plan, compensation expense is recognized for the target stock price awards whether or not the targeted stock price condition is achieved as long as the underlying service conditions are achieved. Accordingly, we obtained an independent third party valuation of the 2003 LTIP awards and recognize compensation expense on a straight-line basis through the vesting period for awards to employees who remain in service over the requisite period regardless of whether the target stock price has been reached.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the continued service of the grantee, is recognized in accordance with Statement No. 123 in which compensation expense is recognized on a straight-line basis through the vesting period based on the fair market value of the stock on the date of grant.

As a result of the election of certain executive and senior officers to exchange all or a portion of their 2003 LTIP into an equal number of LTIP Units we again obtained an independent third party valuation of the newly granted LTIP Units and determined that the fair value of the LTIP Units was not greater than the exchanged 2003 LTIP awards on the date of the exchange. As such, compensation expense to be recognized, on a straight-lined basis, over the vesting period of the LTIP Units equals the amount of unamortized compensation expense cost for the 2003 LTIP awards as of the exchange date.

We expect to adopt Statement No. 123R on January 1, 2006; however, we have not yet been able to determine the impact of Statement No. 123R on our consolidated financial statements at this time.

8. SUPPLEMENTAL DISCLOSURES OF CASH FLOWS INFORMATION (IN THOUSANDS)

	Six Months Ended June 30,	
	2005	2004
Cash paid during the period for interest	\$ 51,561	\$ 50,277
Interest capitalized during the period	\$ 4,611	\$ 4,000

9. SEGMENT DISCLOSURE

We own all of the interests in our real estate properties directly or indirectly through the Operating Partnership. Our portfolio consists of Class A office properties located within the New York City metropolitan area and Class A suburban office and industrial / R&D properties located and operated within the Tri-State Area (the "Core Portfolio"). Our portfolio also includes one office property located in Orlando, Florida. We have formed an Operating Committee that reports directly to the President and Chief Financial Officer who have been identified as the Chief Operating Decision Makers due to their final authority over resource allocation, decisions and performance assessment.

We do not consider (i) interest incurred on our Credit Facility, Bridge Facility and Senior Unsecured Notes, (ii) the operating performance of the office property located in Orlando, Florida, (iii) the operating performance of those properties reflected as discontinued operations on our consolidated statements of income and (iv) the operating results of the Service Companies as part of our Core Portfolio's property operating performance for purposes of our component disclosure set forth below.

The accounting policies of the reportable segments are the same as those described in the summary of significant accounting policies. In addition, historical amounts have been adjusted to give effect to our discontinued operations in accordance with Statement No. 144.

[Back to Contents](#)

The following table sets forth the components of our revenues and expenses and other related disclosures (in thousands):

10. NON-CASH INVESTING AND FINANCING ACTIVITIES

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

During June 2005, a limited partner exchanged 841,992 OP Units for an equal number of shares of the Company's common stock which were priced at \$31.60 per share.

On June 20, 2005, as part of the consideration to acquire our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we issued 127,510 OP Units valued at \$31.37 per OP Unit and assumed approximately \$4.1 of secured mortgage indebtedness of the joint venture.

In May 2005, we acquired an approximate \$55.3 million interest in a 15-year loan secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY. This investment replaced our \$34.0 million mezzanine loan, including accrued and unpaid interest, to one of the partners owning such condominium interest.

[Back to Contents](#)

11. RELATED PARTY TRANSACTIONS

In connection with our IPO, we were granted ten-year options to acquire ten properties (the "Option Properties") which were either owned by certain Rechler family members who were also executive officers of the Company, or in which the Rechler family members owned a non-controlling minority interest, at prices based upon an agreed upon formula. In years prior to 2001, one Option Property was sold by the Rechler family members to a third party and four of the Option Properties were acquired by us for an aggregate purchase price of approximately \$35.0 million, which included the issuance of approximately 475,000 Class A OP Units valued at approximately \$8.8 million. During November, 2003, in connection with the sale of all but three of our 95 property, 5.9 million square foot, Long Island industrial building portfolio to members of the Rechler family, four of the five remaining options (the "Remaining Option Properties") were terminated along with management contracts relating to three of the properties.

As part of the Company's REIT structure it is provided management, leasing and construction related services through taxable REIT subsidiaries as defined by the Code. These services are currently provided by the Service Companies. During the three and six months ended June 30, 2005 and 2004, Reckson Construction & Development LLC ("RCD") billed approximately \$17,000 and \$26,000 and \$217,000 and \$678,000, respectively, of market rate services and Reckson Management Group, Inc. ("RMG") billed approximately \$71,000 and \$142,000 and \$72,000 and \$138,000, respectively, of market rate management fees to the Remaining Option Properties.

RMG leases approximately 26,000 square feet of office space at a Remaining Option Property located at 225 Broadhollow Road, Melville, NY for its corporate offices at an annual base rent of approximately \$780,000. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$79,000. In addition, commencing April 1, 2004, RCD has been leasing approximately 17,000 square feet of space at a Remaining Option Property, located at 225 Broadhollow Road, Melville, NY, which is scheduled to terminate on September 30, 2006. Base rent of approximately \$122,000 and \$244,000 was paid by RCD during the three and six months ended June 30, 2005, respectively, and \$121,000 was paid for the three months ended June 30, 2004. Commencing in April 2005, RCD sub-let the entire 17,000 square feet to a third party for approximately \$35,000 per month through RCD's September 2006 lease termination date.

On March 28, 2005, an entity ("REP") owned by members of the Rechler family (excluding Scott Rechler, but including his father, Roger, and brother, Gregg) exercised a Right of First Refusal (which was granted in connection with the 2003 sale of the industrial portfolio by us) to acquire a vacant parcel of land for a purchase price of \$2.0 million. We have agreed to provide REP with the option to defer the closing on the purchase until September 2006, for a non-refundable deposit of \$400,000 and a fee of \$10,666 per month for each month that the closing is deferred. In connection therewith, REP agreed to settle a dispute concerning an easement on a separate parcel of land owned by us adjacent to one of the properties transferred to REP in the 2003 industrial transaction.

A company affiliated with an independent director of the Company leases 15,566 square feet in a property owned by us at an annual base rent of approximately \$430,000.

During 1997, the Company formed FrontLine Capital Group, formerly Reckson Service Industries, Inc. ("FrontLine"), and Reckson Strategic Venture Partners, LLC ("RSVP"). RSVP is a real estate venture capital fund which invested primarily in real estate and real estate operating companies outside the Company's core office and industrial / R&D focus and whose common equity is held indirectly by FrontLine. In connection with the formation and spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the "FrontLine Facility") in the amount of \$100 million for FrontLine to use in its investment activities, operations and other general corporate purposes. The Company advanced approximately \$93.4 million under the FrontLine Facility. The Operating Partnership also approved the funding of investments of up to \$110 million relating to RSVP (the "RSVP Commitment"), through RSVP-controlled joint ventures (for REIT-qualified investments) or advances made to FrontLine under an unsecured loan facility (the "RSVP Facility") having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the "FrontLine Loans"). At March 31, 2005, approximately \$109.1 million had been funded through the RSVP Commitment, of which \$59.8 million represents investments by the Company in RSVP-controlled (REIT-qualified) joint ventures and \$49.3 million represents loans made to FrontLine under the RSVP Facility. Interest accrued (net of reserves) under the FrontLine Facility and the RSVP Facility was approximately \$19.6 million.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

A committee of the Board of Directors, comprised solely of independent directors, considers any actions to be taken by the Company in connection with the FrontLine Loans and its investments in joint ventures with RSVP. During the third quarter of 2001, the Company noted a significant deterioration in FrontLine's operations and financial condition and, based on its assessment of value and recoverability and considering the findings and recommendations of the committee and its financial advisor, the Company recorded a \$163 million valuation reserve charge, inclusive of anticipated costs, in its consolidated statements of operations relating to its investments in the FrontLine Loans and joint ventures with RSVP. The Company has discontinued the accrual of interest income with respect to the FrontLine Loans. The Company has also reserved against its share of GAAP equity in earnings from the RSVP controlled joint ventures funded through the RSVP Commitment until such income is realized through cash distributions.

FrontLine is in default under the FrontLine Loans from the Operating Partnership and on June 12, 2002, filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code.

[Back to Contents](#)

In September 2003, RSVP completed the restructuring of its capital structure and management arrangements. RSVP also restructured its management arrangements whereby a management company formed by its former managing directors has been retained to manage RSVP pursuant to a management agreement and the employment contracts of the managing directors with RSVP have been terminated. The management agreement provides for an annual base management fee, and disposition fees equal to 2% of the net proceeds received by RSVP on asset sales. (The base management fee and disposition fees are subject to a maximum over the term of the agreement of \$7.5 million.) In addition, the managing directors retained a one-third residual interest in RSVP's assets which is subordinated to the distribution of an aggregate amount of \$75 million to RSVP and/or the Company in respect of its joint ventures with RSVP. The management agreement has a three-year term, subject to early termination in the event of the disposition of all of the assets of RSVP.

In connection with the restructuring, RSVP and certain of its affiliates obtained a \$60 million secured loan (the "RSVP Secured Loan"). In connection with this loan, the Operating Partnership agreed to indemnify the lender in respect of any environmental liabilities incurred with regard to RSVP's remaining assets in which the Operating Partnership has a joint venture interest (primarily certain student housing assets held by RSVP) and guaranteed the obligation of an affiliate of RSVP to the lender in an amount up to \$6 million plus collection costs for any losses incurred by the lender as a result of certain acts of malfeasance on the part of RSVP and/or its affiliates. The RSVP Secured Loan is scheduled to mature in 2006 and is expected to be repaid from proceeds of assets sales by RSVP and/or a joint venture between RSVP and a subsidiary of the Operating Partnership.

As a result of certain transactions including the successful public offering of American Campus Communities, a joint venture owned by RSVP and Reckson Operating Partnership, the net carrying value of the Company's investments in the FrontLine Loans and joint venture investments with RSVP, inclusive of the Company's share of previously accrued GAAP equity in earnings on those investments, is approximately \$55.2 million which was reassessed with no change by management as of June 30, 2005. Such amount has been reflected in investments in affiliate loans and joint ventures on the Company's consolidated balance sheet.

Scott H. Rechler, who serves as Chief Executive Officer, President and Chairman of the Board of the Company, serves as CEO and Chairman of the Board of Directors of FrontLine and is its sole board member. Scott H. Rechler also serves as a member of the management committee of RSVP and serves as a member of the Board of Directors of ACC.

In November 2004, Concord Associates LLC and Sullivan Resorts LLC, a joint venture approximately 47% owned by RSVP, executed a binding agreement to contribute its Concord and Grossingers resort properties (excluding residential land) to Empire Resorts Inc. (NASDAQ: NYNY)("Empire") for consideration of 18 million shares of common stock of Empire and the right to appoint five members of the Board of Directors. It is currently anticipated that Scott H. Rechler will be appointed to fill one seat on Empire's Board. On March 4, 2005, Empire announced that the agreement had been amended, whereby the parties agreed to waive the condition to closing which required final governmental approval of gaming in the Catskills. The transaction is subject to satisfaction of certain conditions and approvals, including the approval of Empire's shareholders. There can be no assurances that gaming will be approved in the Catskills or that the transaction will be completed on its current terms or at all.

12. COMMITMENTS AND CONTINGENCIES

The Company has entered into amended and restated employment and noncompetition agreements with three executive officers. The agreements are for five years and expire on August 15, 2005. The Company has also entered into an employment agreement with one additional officer prior to his appointment as an executive officer. This agreement expires in December 2006.

We had undrawn letters of credit outstanding against our Credit Facility of approximately \$1.2 million at June 30, 2005. On July 8, 2005 we issued a \$24.0 million standby letter of credit to secure a deposit obligation for the pending acquisition of a 1.1 million square foot Class A office complex located at 204 EAB Plaza in Uniondale, NY. (See Note 6)

A number of shareholder derivative actions have been commenced purportedly on behalf of the Company against the Board of Directors relating to the disposition of our Long Island industrial portfolio. The complaints allege, among other things, that the process by which the directors agreed to the transaction was not sufficiently independent of the Rechler family and did not involve a "market check" or third party auction process and, as a result, was not for adequate consideration. The plaintiffs seek similar relief, including a declaration that the

directors violated their fiduciary duties and damages. On May 25, 2004, the Circuit Court for Baltimore City granted the defendants' motions to dismiss the three consolidated Maryland actions on the ground that the plaintiffs in those actions had failed to make a pre-suit demand on the Board of Directors, or to allege facts showing that such a demand would have been futile. Final judgment was entered on June 8, 2004, and on June 30, 2004, the plaintiffs in the Maryland actions filed a notice of appeal from that judgment to the Maryland Court of Special Appeals. The Company's management believes that the complaints are without merit.

On April 4, 2005 the Company and the other parties to the shareholder derivative actions filed against the Company in connection with its disposition of its industrial portfolio have agreed to settle such actions pursuant to the Stipulation of Settlement, dated as of March 14, 2005 and executed subsequent thereto. The proposed settlement includes various changes to the Company's corporate governance policies to provide for an Affiliate Transaction Committee and to require that the Company's Board of Directors be comprised of at least two-thirds independent directors (as defined in the Company's Corporate Governance Guidelines), as well as certain other concessions. The proposed settlement is subject to court approval.

On June 16, 2005, Judge Evelyn Omega Connor of the Circuit Court of Baltimore City signed an order regarding preliminary approval and notice with respect to the shareholder derivative actions. A hearing to consider approval of the proposed settlement has been scheduled for September 20, 2005, at 9:30 a.m., in the Circuit Court for Baltimore City. There can be no assurance that final court approval will be obtained.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the historical financial statements of Reckson Associates Realty Corp. (the "Company") and related notes thereto.

The Company considers certain statements set forth herein to be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the Company's expectations for future periods. Certain forward-looking statements, including, without limitation, statements relating to the timing and success of acquisitions and the completion of development or redevelopment of properties, the financing of the Company's operations, the ability to lease vacant space and the ability to renew or relet space under expiring leases, involve risks and uncertainties. Many of the forward-looking statements can be identified by the use of words such as "believes", "may", "expects", "anticipates", "intends" or similar expressions. Although the Company believes that the expectations reflected in such forward-looking statements are based on reasonable assumptions, the actual results may differ materially from those set forth in the forward-looking statements and the Company can give no assurance that its expectation will be achieved. Among those risks, trends and uncertainties are: the general economic climate, including the conditions affecting industries in which our principal tenants compete; changes in the supply of and demand for office in the New York Tri-State area; changes in interest rate levels; changes in the Company's credit ratings; changes in the Company's cost and access to capital; downturns in rental rate levels in our markets and our ability to lease or re-lease space in a timely manner at current or anticipated rental rate levels; the availability of financing to us or our tenants; the financial condition of our tenants; changes in operating costs, including utility, security, real estate tax and insurance costs; repayment of debt owed to the Company by third parties; risks associated with joint ventures; liability for uninsured losses or environmental matters; and other risks associated with the development and acquisition of properties, including risks that development may not be completed on schedule, that the tenants will not take occupancy or pay rent, or that development or operating costs may be greater than anticipated. Consequently, such forward-looking statements should be regarded solely as reflections of the Company's current operating and development plans and estimates. These plans and estimates are subject to revisions from time to time as additional information becomes available, and actual results may differ from those indicated in the referenced statements.

Critical Accounting Policies

The consolidated financial statements of the Company include accounts of the Company and all majority-owned and controlled subsidiaries. The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions in certain circumstances that affect amounts reported in the Company's consolidated financial statements and related notes. In preparing these financial statements, management has utilized information available including its past history, industry standards and the current economic environment, among other factors, in forming its estimates and judgments of certain amounts included in the consolidated financial statements, giving due consideration to materiality. It is possible that the ultimate outcome as anticipated by management in formulating its estimates inherent in these financial statements may not materialize. However, application of the critical accounting policies below involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. In addition, other companies may utilize different estimates, which may impact comparability of the Company's results of operations to those of companies in similar businesses.

Revenue Recognition and Accounts Receivable

Minimum rental revenue is recognized on a straight-line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on our balance sheets. Contractually due but unpaid rents are included in tenant receivables on our balance sheets. Certain lease agreements also provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis. Ancillary and other property related income is recognized in the period earned.

We make estimates of the collectibility of our accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. We specifically analyze tenant receivables and historical bad debts, customer credit worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of our allowance for doubtful accounts. In addition, when tenants are in bankruptcy, we make estimates

of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed a year. These estimates have a direct impact on our net income because a higher bad debt reserve results in less net income.

We incurred approximately \$657,000 and \$1.1 million and \$700,000 and \$1.8 million of bad debt expense, net of discontinued operations, for the three and six month periods ended June 30, 2005 and 2004, respectively, related to tenant receivables which accordingly reduced our total revenues and reported net income during the period.

[Back to Contents](#)

We record interest income on our investments in notes receivable on the accrual basis of accounting. We do not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors we consider in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Reckson Construction & Development LLC (the successor to Reckson Construction Group, Inc.) and Reckson Construction Group New York, Inc. use the percentage-of-completion method for recording amounts earned on their contracts. This method records amounts earned as revenue in the proportion that actual costs incurred to date bear to the estimate of total costs at contract completion.

Gain on sales of real estate are recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale and us having no substantial continuing involvement with the buyer.

We follow the guidance provided for under the Financing Accounting Standards Board (FASB) Statement No. 66 Accounting for Sales of Real Estate (Statement No. 66), which provides guidance on sales contracts that are accompanied by agreements which require the seller to develop the property in the future. Under Statement No. 66, profit is recognized and allocated to the sale of the land and the later development or construction work on the basis of estimated costs of each activity; the same rate of profit is attributed to each activity. As a result, profits are recognized and reflected over the improvement period on the basis of costs incurred (including land) as a percentage of total costs estimated to be incurred. We use the percentage of completion method, as future costs of development and profit are reliably estimated.

Real Estate

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for ordinary maintenance and repairs are expensed to operations as they are incurred. Renovations and / or replacements, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases.

We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on our net income. Should we lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

On July 1, 2001 and January 1, 2002, we adopted FASB Statement No.141, Business Combinations and FASB Statement No. 142, Goodwill and Other Intangibles, respectively. As part of the acquisition of real estate assets, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their fair values.

We allocate a portion of the purchase price to tangible assets including the fair value of the building and building improvements on an as-if-vacant basis and to land determined either by real estate tax assessments, independent appraisals or other relevant data. Additionally, we assess fair value of identified intangible assets and liabilities based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. If we incorrectly estimate the values at

acquisition or the undiscounted cash flows, initial allocation of purchase price and future impairment charges may be different.

Long Lived Assets

We are required to make subjective assessments as to whether there are impairments in the value of our real estate properties and other investments. An investment's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the investment are less than the carrying value of the investment. Such assessments consider factors such as cash flows, expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred it will be measured as the excess of the carrying amount of the property over the fair value of the property. These assessments have a direct impact on our net income, because recognizing an impairment results in an immediate negative adjustment to net income. In determining impairment, if any, we have followed FASB Statement No. 144, "Accounting for the Impairment or Disposal of Long Lived Assets". Statement No. 144 did not have an impact on net income allocable to common shareholders. Statement No. 144 only impacts the presentation of the results of operations and gain on sales of real estate assets for those properties sold during the period within the consolidated statements of income.

[Back to Contents](#)

Stock-Based Compensation

In December 2002, the FASB issued Statement No. 148, "Accounting for Stock-Based Compensation" Transition and Disclosure" ("Statement No. 148"). Statement No. 148 amends Statement No. 123 to provide alternative methods of transition for an entity that voluntarily adopts the fair value recognition method of recording stock option expense. Statement No. 148 also amends the disclosure provisions of Statement 123 and Accounting Principles Board Opinion No. 28, "Interim Financial Reporting" to require disclosure in the summary of significant accounting policies of the effects of an entity's accounting policy with respect to stock options on reported net income and earnings per share in annual and interim financial statements.

On December 16, 2004, the FASB issued Statement No. 123 (revised 2004), "Share-Based Payment" ("Statement No. 123R"), which is a revision of FASB Statement No. 123, "Accounting for Stock-Based Compensation" ("Statement No. 123"). Statement No. 123R supersedes Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees", and amends FASB Statement No. 95, "Statement of Cash Flows." Generally, the approach in Statement No. 123R is similar to the approach described in Statement No. 123. However, Statement No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. Pro forma disclosure is no longer an alternative.

Statement No. 123R must be adopted no later than January 1, 2006. Early adoption will be permitted in periods in which financial statements have not yet been issued. We expect to adopt Statement No. 123R on January 1, 2006.

Effective January 1, 2002, we elected to follow Statement No. 123 and use the Black-Scholes option pricing model to estimate the value of stock options granted to employees and expect to continue to use this acceptable option valuation model upon the required adoption of Statement No. 123R on January 1, 2006. Because Statement No. 123R must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted Statement No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for some previously granted awards that were not recognized under Statement No. 123 would be recognized under Statement No. 123R. However, on January 1, 2006, the date we expect to adopt Statement No. 123R, all of the unexercised options outstanding at June 30, 2005 under our stock option plans will be fully vested. As a result, no additional expense will be recognized. In addition, had we adopted Statement No. 123R in prior periods, the impact of that standard would have approximated the impact of Statement No. 123 as described in the disclosure of pro forma net income and earnings per share in Note 1 to our consolidated financial statements.

Variable Interest Entities

In January 2003, the FASB issued Interpretation No. 46, "Consolidation of Variable Interest Entities" ("FIN 46"), which explains how to identify variable interest entities ("VIEs") and how to assess whether to consolidate such entities. VIEs are primarily entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders lack adequate decision making ability. All VIEs which we are involved with must be evaluated to determine the primary beneficiary of the risks and rewards of the VIE. The primary beneficiary is required to consolidate the VIE for financial reporting purposes. The initial determination of whether an entity qualifies as a VIE shall be made as of the date at which a primary beneficiary becomes involved with the entity and reconsidered as of the date of a triggering event, as defined. The provisions of this interpretation are immediately effective for VIEs formed after January 31, 2003. In December 2003 the FASB issued FIN 46R, deferring the effective date until the period ended March 31, 2004 for interests held by public companies in VIEs created before February 1, 2003, which were non-special purpose entities. We adopted FIN 46R during the period ended March 31, 2004 and have determined that our consolidated subsidiaries do not represent VIEs pursuant to such interpretation. We will continue to monitor any changes in circumstances relating to certain of our consolidated and unconsolidated joint ventures which could result in a change in our consolidation policy.

Current pronouncements

In June 2005, the FASB ratified the consensus in EITF Issue No. 04-5, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights ("Issue 04-5"), which provides guidance in determining whether a general partner controls a limited partnership. Issue 04-5 states that the general partner in a limited partnership is presumed to control that limited partnership. The presumption may be overcome if the limited partners have either (1) the substantive ability to

dissolve the limited partnership or otherwise remove the general partner without cause or (2) substantive participating rights, which provide the limited partners with the ability to effectively participate in significant decisions that would be expected to be made in the ordinary course of the limited partnership's business and thereby preclude the general partner from exercising unilateral control over the partnership. The adoption of Issue 04-5 by the Company for new or modified limited partnership arrangements is effective June 30, 2005 and for existing limited partnership arrangements effective January 1, 2006. We do not expect that we will be required to consolidate our current unconsolidated joint venture investment nor will Issue 04-05 have a material effect on our consolidated financial statements.

Overview and Background

The Reckson Group, the predecessor to the Company, was engaged in the ownership, management, operation, leasing and development of commercial real estate properties, principally office and industrial / R&D buildings, and also owned undeveloped land located primarily on Long Island, NY. In June 1995, the Company completed an initial public offering (the "IPO"), succeeded to the Reckson Group's real estate business and commenced operations.

The Company is a self-administered and self managed real estate investment trust ("REIT") engaged in the ownership, operation, acquisition, leasing, financing, management and development of commercial real estate properties, principally office and to a lesser extent industrial / R&D properties and also owns land for future development. The Company's growth strategy is focused on the commercial real estate markets in and around the New York City tri-state area (the "Tri-State Area"). All of the Company's interests in its real properties, land held for development and investments in notes receivable are held directly or indirectly by, and all of its operations are conducted through, Reckson Operating Partnership, L.P. (the "Operating Partnership").

[Back to Contents](#)

In connection with our IPO, we were granted ten-year options to acquire ten properties (the "Option Properties") which were either owned by certain Rechler family members who were also executive officers of the Company, or in which the Rechler family members owned a non-controlling minority interest, at prices based upon an agreed upon formula. In years prior to 2001, one Option Property was sold by the Rechler family members to a third party and four of the Option Properties were acquired by us for an aggregate purchase price of approximately \$35.0 million, which included the issuance of approximately 475,000 common units of limited partnership interest in the Operating Partnership ("OP Units") valued at approximately \$8.8 million. During November, 2003, in connection with the sale of our Long Island industrial building portfolio to members of the Rechler family, four of the five remaining options (the "Remaining Option Properties") were terminated, along with management contracts relating to three of the properties.

As part of the Company's REIT structure it is provided management, leasing and construction related services through taxable REIT subsidiaries as defined by the Internal Revenue Code of 1986, as amended (the "Code"). These services are currently provided by Reckson Management Group, Inc. ("RMG"), RANY Management Group, Inc., Reckson Construction and Development LLC ("RCD") and Reckson Construction Group New York, Inc. (collectively, the "Service Companies"). During the three and six months ended June 30, 2005 and 2004, RCD billed approximately \$17,000 and \$26,000 and \$217,000 and \$678,000 of market rate services and RMG billed approximately \$71,000 and \$142,000 and \$72,000 and \$138,000 of market rate management fees to the Remaining Option Properties.

RMG leases approximately 26,000 square feet of office space at a Remaining Option Property located at 225 Broadhollow Road, Melville, NY for its corporate offices at an annual base rent of approximately \$780,000. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$79,000. In addition, commencing April 1, 2004, RCD has been leasing approximately 17,000 square feet of space at a Remaining Option Property, located at 225 Broadhollow Road, Melville, NY, which is scheduled to terminate on September 30, 2006. Base rent of approximately \$122,000 and \$244,000 was paid by RCD during the three and six months ended June 30, 2005, respectively, and \$121,000 was paid for the three months ended June 30, 2004. Commencing in April 2005, RCD sub-let the entire 17,000 square feet to a third party for approximately \$35,000 per month through RCD's September 2006 lease termination date.

On March 28, 2005, an entity ("REP") owned by members of the Rechler family (excluding Scott Rechler, but including his father, Roger, and brother, Gregg) exercised a Right of First Refusal (which was granted in connection with the 2003 sale of the industrial portfolio by us) to acquire a vacant parcel of land for a purchase price of \$2.0 million. We have agreed to provide REP with the option to defer the closing on the purchase until September 2006, for a non-refundable deposit of \$400,000 and a fee of \$10,666 per month for each month that the closing is deferred. In connection therewith, REP agreed to settle a dispute concerning an easement on a separate parcel of land owned by us adjacent to one of the properties transferred to REP in the 2003 industrial transaction.

A company affiliated with an independent director of the Company leases 15,566 square feet in a property owned by us at an annual base rent of approximately \$430,000.

As of June 30, 2005 we owned and operated 82 office properties (inclusive of eight office properties owned through joint ventures), encompassing approximately 16.8 million rentable square feet and eight industrial / R&D properties encompassing approximately 863,000 rentable square feet located in the Tri-State Area.

At June 30, 2005, we owned approximately 341 acres of land in 12 separate parcels of which we can, based on current estimates, develop approximately 3.1 million square feet of office space (the "Development Parcels"). During July 2004, we commenced the ground-up development on one of the Development Parcels of a 305,000 square foot Class A office building with a total anticipated investment of approximately \$61.3 million. This development is located within our existing three building executive office park in Melville, NY. In addition, during July 2005, we commenced the ground-up development on one of the Development Parcels of a 37,000 square foot Class A retail property with a total anticipated investment of approximately \$10.1 million. This development is located within our existing six building office park in Stamford, Connecticut. There can be no assurances that the actual cost of these ground-up development projects will not exceed their anticipated amounts. Further, one of the Development Parcels, aggregating approximately 4.1 acres is classified as held for sale on our balance sheets and is expected to close during 2006 for aggregate consideration of \$2.0 million. In addition, as previously discussed, in May 2005, we entered into a contract to sell approximately 60 acres of vacant land in Chatham Township, NJ. As of June 30, 2005, we had invested approximately \$175.3 million in the Development Parcels. One of the Development Parcels, comprising 39.5 acres located in Valhalla, NY, was previously under contract for sale and was contingent upon

obtaining zoning for residential use of the land and other customary due diligence and approvals. In May 2005, the purchaser terminated the contract.

Management has made subjective assessments as to the value and recoverability of our investments in the Development Parcels based on current and proposed development plans, market comparable land values and alternative use values. We are currently evaluating alternative land uses for certain of the remaining Development Parcels to realize their highest economic value. These alternatives may include rezoning certain Development Parcels from commercial to residential for potential disposition.

We also own a 354,000 square foot office building located in Orlando, Florida. This non-core real estate holding was acquired in May 1999 in connection with our initial New York City portfolio acquisition.

During January 2005, we acquired, in two separate transactions, two Class A office properties located at One and Seven Giralda Farms in Madison, New Jersey for total consideration of approximately \$78.0 million. One Giralda Farms encompasses approximately 150,000 rentable square feet and Seven Giralda Farms encompasses approximately 203,000 rentable square feet. We made these acquisitions through borrowings under our Credit Facility.

In May 2005, we acquired a 1.4 million square foot, 50-story, Class A office tower located at One Court Square, Long Island City, a sub-market of New York City, for approximately \$471.0 million, inclusive of transfer taxes and transactional costs. One Court Square is 100% leased to the seller, Citibank N.A., under a 15-year net lease. The lease contains partial cancellation options effective during 2011 and 2012 for up to 20% of the leased space and in 2014 and 2015 for up to an additional 20% of the leased space, subject to notice and the payment of early termination penalties. We are currently negotiating with an institutional joint venture partner to sell between a 60% and 70% interest in this property.

[Back to Contents](#)

In May 2005, we completed mandatory arbitration proceedings relating to the re-setting of the rent under the ground lease pursuant to which we own an approximately 1.1 million square foot Class A office tower located at 1185 Avenue of the Americas, New York, NY. The rent was re-set, and is not subject to further increase, for the remaining 37 years of the ground lease (inclusive of a 20-year extension at our option) to approximately \$6.9 million per annum. Such re-set is retroactive to June 2004.

On May 26, 2005, we entered into a contract to sell approximately 60 acres of vacant land located in Chatham Township, NJ for up to approximately \$30.0 million which is based upon a final approved site plan. The closing is anticipated to occur upon receiving final zoning approvals and other customary due diligence and approvals. The sale is contingent upon due diligence, environmental assessment, zoning and other customary approvals. There can be no assurances that any of the aforementioned contingences will be achieved and the sale ultimately completed.

On June 8, 2005, we sold a three-acre vacant land parcel located on Long Island for approximately \$1.4 million which resulted in a net gain of approximately \$175,000, net of limited partner's minority interest. Such gain is reflected as a component of discontinued operations on our consolidated statements of income.

On June 20, 2005, we acquired our joint venture partner's 40% interest in a 172,000 square foot office property located at 520 White Plains Road, Tarrytown, NY for approximately \$8.1 million which consisted of the issuance of 127,510 OP Units valued at \$31.37 per OP Unit and the assumption of approximately \$4.1 million of secured mortgage indebtedness of the joint venture. Prior to us acquiring this interest, we accounted for the joint venture under the equity method of accounting. In accordance with the equity method of accounting our proportionate share of the joint venture's income was approximately \$25,000 and \$176,000 and \$294,000 and \$408,000 for the three and six month periods ended June 30, 2005 and 2004, respectively.

On June 21, 2005, we entered into a contract to sell two suburban office properties, aggregating approximately 69,000 square feet, located at 310 and 333 East Shore Road in Great Neck, Long Island for aggregate consideration of approximately \$17.3 million. The sale is scheduled to close within 3 months. There can be no assurances that such sale will occur under the terms anticipated or at all.

On July 8, 2005, we entered into a contract to purchase a 1.1 million square foot Class A office complex located at 204 EAB Plaza in Uniondale, NY, commonly referred to as "EAB Plaza", for approximately \$240 million. The property is encumbered by a long-term ground lease which has a remaining term in excess of 75 years, including renewal options. Pursuant to the terms of the contract, we provided the seller with a down payment in the form of a \$24.0 million standby letter of credit. Such letter of credit was issued under our unsecured credit facility. We currently hold a \$27.6 million junior mezzanine loan which is secured by a pledge of an indirect ownership interest of an entity which currently owns the ground leasehold estate. Prior to closing on the acquisition of EAB Plaza, we have the option to purchase an adjoining 8.2-acre development site. If we do not exercise this option, we will provide a two-year \$10 million loan to the seller, secured by the development site and will be retained to provide development related consulting services for the site. We anticipate closing on this complex in October 2005 through the satisfaction of our junior mezzanine loan and a borrowing under our unsecured credit facility. There can be no assurances that we will acquire this property or that we will fund the purchase price as described.

On July 14, 2005, we acquired two adjacent Class A suburban office properties aggregating 228,000 square feet located at 225 High Ridge Road in Stamford, CT for approximately \$76.3 million. This acquisition was made through a borrowing under our unsecured credit facility. The buildings are currently 100% leased and we anticipate contributing the property to a to-be-formed joint venture. There can be no assurances that this property will be contributed to the aforementioned joint venture or that such joint venture will be formed.

On July 26, 2005, we announced the commencement of marketing of an offering in Australia of A\$271 million (approximately US\$203 million) of units in Reckson New York Property Trust ("Reckson LPT"), a newly-formed listed property trust to be traded on the Australia Securities Exchange (ASX). It is contemplated that Reckson LPT will contribute the net proceeds of the offering in exchange for a 75% indirect interest in a newly-formed joint venture in the United States. We will transfer 25 of our properties with a value of approximately \$563 million and containing an aggregate of 3.4 million square feet to the joint venture in exchange for a 25% interest and approximately \$502 million in cash (inclusive of proceeds from mortgage debt). We will arrange for approximately \$319 million of debt, including approximately \$247 million of fixed rate debt and approximately \$72 million of floating rate debt, that will encumber the properties transferred to the joint venture. We will also grant the joint

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

venture options to acquire 10 additional properties containing an aggregate of approximately 1.2 million square feet over a two year period at a price based upon the fair market value at the time of transfer to the joint venture.

In accordance with FASB Statement No. 144, it is anticipated that the assets and liabilities of the properties to be contributed to the joint venture will be classified as held for sale on our consolidated balance sheets, for all periods presented, commencing with the quarterly period ended September 30, 2005.

Pursuant to the terms of the offering of the units of Reckson LPT, investors will pay 65% of the price of the units in a closing scheduled to occur in late September 2005 and the remaining 35% in October 2006. We will transfer the 25 properties to the joint venture in three tranches, with properties having a value of approximately \$367 million being transferred in late September 2005, approximately \$72 million being transferred in January 2006 (such transfer to be funded entirely from the proceeds of mortgage debt) and approximately \$124 million being transferred in October 2006.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

We also announced the formation of Reckson Australia Management Limited (["RAML"]), a wholly-owned subsidiary, that will manage Reckson LPT and serve as its ["Responsible Entity."]. The Responsible Entity will be managed by a six member board that will include three independent directors from Australia. Our affiliates will provide asset management, property management, leasing, construction and other services to the joint venture.

It is anticipated that a portion of the gain relating to the properties transferred to the joint venture will be deferred through an exchange qualifying under Section 1031 of the Internal Revenue Code in connection with our acquisition of EAB Plaza in Uniondale, New York. We do not currently anticipate that we will make any special distribution to our stockholders with regard to the gain.

Under the terms of the offering we will be entitled to receive certain transaction fees. In addition, it is contemplated that RAML and Reckson Management Group, Inc. will share in certain other ongoing fees related to property management, leasing, construction, acquisition and disposition services.

Although the marketing of the units of Reckson LPT has commenced, the underwriting agreement relating to the offering, contribution agreement relating to the contribution of the properties to the joint venture and other documents have not been executed. There can be no assurance that the offering will be completed and that the joint venture will be formed on the terms described above or at all.

On March 16, 2005, a wholly owned subsidiary of the Operating Partnership advanced under separate mezzanine loan agreements, each of which bears interest at 9% per annum, (i) approximately \$8.0 million which matures in April 2010 and is secured, in part, by indirect ownership interests in ten suburban office properties located in adjacent office parks in Long Island, NY and (ii) approximately \$20.4 million which matures in April 2012 and is secured, in part, by indirect ownership interests in twenty-two suburban office properties located in adjacent office parks in Long Island, NY. Each mezzanine loan is additionally secured by other guaranties, pledges and assurances and are pre-payable without penalty after 18 months from the initial funding. We made these investments through a borrowing under our unsecured credit facility.

In May 2005, we acquired a 65% interest in an \$85 million, 15-year loan secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY for approximately \$55.3 million. The loan accrues compounded interest at 9.0% and pays interest at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020. The loan is pre-payable only under certain circumstances and, in any case, not before 2009. Upon a capital event related to the indirect interest in the property which secures the loan, we are entitled to participate in 30% of net proceeds derived from such capital event. This investment replaced our \$34.0 million mezzanine loan, including accrued and unpaid interest, to one of the partners owning such condominium interest. We also acquired an approximately 5% indirect ownership interest in the property for a purchase price of approximately \$6.2 million. The property is currently 100% leased. The balance of these investments was funded through a borrowing under our unsecured credit facility and cash on hand.

We hold a \$17.0 million note receivable, which bears interest at 12% per annum and is secured by a minority partnership interest in Omni Partners, L.P., owner of the Omni, a 579,000 square foot Class A office property located in Uniondale, NY (the ["Omni Note"]). We currently own a 60% majority partnership interest in Omni Partners, L.P. and on March 14, 2007 may exercise an option to acquire the remaining 40% interest for a price based on 90% of the fair market value of the property.

At June 30, 2005, we had invested approximately \$111.2 million in mezzanine loans and participating loan investments. In general these investments are secured by a pledge of either a direct or indirect ownership interest in the underlying real estate or leasehold, other guaranties, pledges and assurances.

The following table sets forth the terms of these investments at June 30, 2005 (in thousands):

Description	Property	Amount	Interest Rate	Funding	Maturity
Mezzanine loan	EAB Plaza	\$ 27,592	14.19%(a)	Sep, 2003	Sep, 2005 ^(b)

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Participating loan	1166 Avenue of the Americas	55,250	9.00%(c)	May, 2005	Dec, 2020
Mezzanine loan	Long Island office portfolio	8,031	9.00%	Mar, 2005	Apr, 2010 ^(d)
Mezzanine loan	Long Island office portfolio	20,356	9.00%	Mar, 2005	Apr, 2012 ^(d)
		\$ 111,229			

(a) Weighted average interest rate which is based on a spread over LIBOR, with a LIBOR floor of 1.63% per annum.

26

[Back to Contents](#)

- (b) The borrower has rights to extend the term for three additional one-year periods and, under certain circumstances, prepay amounts outstanding.
- (c) Average interest rate of 9.0%. Interest pay rate is currently at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020.
- (d) Prepayable without penalty after 18 months from initial funding.

As of June 30, 2005, we held two other notes receivable, which aggregated approximately \$1.9 million and carried a weighted average interest rate of 11.21% per annum (the "Other Notes") and collectively with the Omni Note, our mezzanine loans and preferred loan investments (the "Note Receivable Investments"). The Other Notes are secured in part by a minority partner's preferred unit interest in the Operating Partnership, an interest in real property and a personal guarantee. \$900,000 of the Other Notes matures on December 1, 2005 and the remaining \$1.0 million matures on January 31, 2010.

As of June 30, 2005, management has made subjective assessments as to the underlying security value on the Note Receivable Investments. These assessments indicate an excess of market value over the carrying value and, based on these assessments, we believe there is no impairment to their carrying value.

Our market capitalization at June 30, 2005 was approximately \$4.9 billion. Our market capitalization is based on the sum of (i) the market value of the Company's common stock and OP Units (assuming conversion) of \$33.55 per share / unit (based on the closing price of the Company's common stock on June 30, 2005), (ii) the liquidation preference value of the Operating Partnership's preferred units of \$1,000 per unit and (iii) approximately \$2.1 billion (net of minority partners' interests' share of consolidated joint venture debt) of debt outstanding at June 30, 2005. As a result, our total debt to total market capitalization ratio at June 30, 2005 equaled approximately 42.0% .

During 1997, the Company formed FrontLine Capital Group, formerly Reckson Service Industries, Inc. ("FrontLine"), and Reckson Strategic Venture Partners, LLC ("RSVP"). RSVP is a real estate venture capital fund which invested primarily in real estate and real estate operating companies outside the Company's core office and industrial / R&D focus and whose common equity is held indirectly by FrontLine. In connection with the formation and spin-off of FrontLine, the Operating Partnership established an unsecured credit facility with FrontLine (the "FrontLine Facility") in the amount of \$100 million for FrontLine to use in its investment activities, operations and other general corporate purposes. The Company advanced approximately \$93.4 million under the FrontLine Facility. The Operating Partnership also approved the funding of investments of up to \$110 million relating to RSVP (the "RSVP Commitment"), through RSVP-controlled joint ventures (for REIT-qualified investments) or advances made to FrontLine under an unsecured loan facility (the "RSVP Facility") having terms similar to the FrontLine Facility (advances made under the RSVP Facility and the FrontLine Facility hereafter, the "FrontLine Loans"). At March 31, 2005, approximately \$109.1 million had been funded through the RSVP Commitment, of which \$59.8 million represents investments by the Company in RSVP-controlled (REIT-qualified) joint ventures and \$49.3 million represents loans made to FrontLine under the RSVP Facility. Interest accrued (net of reserves) under the FrontLine Facility and the RSVP Facility was approximately \$19.6 million.

A committee of the Board of Directors, comprised solely of independent directors, considers any actions to be taken by the Company in connection with the FrontLine Loans and its investments in joint ventures with RSVP. During the third quarter of 2001, the Company noted a significant deterioration in FrontLine's operations and financial condition and, based on its assessment of value and recoverability and considering the findings and recommendations of the committee and its financial advisor, the Company recorded a \$163 million valuation reserve charge, inclusive of anticipated costs, in its consolidated statements of operations relating to its investments in the FrontLine Loans and joint ventures with RSVP. The Company has discontinued the accrual of interest income with respect to the FrontLine Loans. The Company has also reserved against its share of GAAP equity in earnings from the RSVP controlled joint ventures funded through the RSVP Commitment until such income is realized through cash distributions.

FrontLine is in default under the FrontLine Loans from the Operating Partnership and on June 12, 2002, filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code.

In September 2003, RSVP completed the restructuring of its capital structure and management arrangements. RSVP also restructured its management arrangements whereby a management company formed by its former managing directors has been retained to manage RSVP pursuant to a management agreement and the

employment contracts of the managing directors with RSVP have been terminated. The management agreement provides for an annual base management fee, and disposition fees equal to 2% of the net proceeds received by RSVP on asset sales. (The base management fee and disposition fees are subject to a maximum over the term of the agreement of \$7.5 million.) In addition, the managing directors retained a one-third residual interest in RSVP's assets which is subordinated to the distribution of an aggregate amount of \$75 million to RSVP and/or the Company in respect of its joint ventures with RSVP. The management agreement has a three-year term, subject to early termination in the event of the disposition of all of the assets of RSVP.

In connection with the restructuring, RSVP and certain of its affiliates obtained a \$60 million secured loan (the "RSVP Secured Loan"). In connection with this loan, the Operating Partnership agreed to indemnify the lender in respect of any environmental liabilities incurred with regard to RSVP's remaining assets in which the Operating Partnership has a joint venture interest (primarily certain student housing assets held by RSVP) and guaranteed the obligation of an affiliate of RSVP to the lender in an amount up to \$6 million plus collection costs for any losses incurred by the lender as a result of certain acts of malfeasance on the part of RSVP and/or its affiliates. The RSVP Secured Loan is scheduled to mature in 2006 and is expected to be repaid from proceeds of assets sales by RSVP and/or a joint venture between RSVP and a subsidiary of the Operating Partnership.

[Back to Contents](#)

As a result of certain transactions including the successful public offering of American Campus Communities, a joint venture owned by RSVP and Reckson Operating Partnership, the net carrying value of the Company's investments in the FrontLine Loans and joint venture investments with RSVP, inclusive of the Company's share of previously accrued GAAP equity in earnings on those investments, is approximately \$55.2 million which was reassessed with no change by management as of June 30, 2005. Such amount has been reflected in investments in affiliate loans and joint ventures on the Company's consolidated balance sheet.

Scott H. Rechler, who serves as Chief Executive Officer, President and Chairman of the Board of the Company, serves as CEO and Chairman of the Board of Directors of FrontLine and is its sole board member. Scott H. Rechler also serves as a member of the management committee of RSVP and serves as a member of the Board of Directors of ACC.

In November 2004, Concord Associates LLC and Sullivan Resorts LLC, a joint venture approximately 47% owned by RSVP, executed a binding agreement to contribute its Concord and Grossingers resort properties (excluding residential land) to Empire Resorts Inc. (NASDAQ: NYNY) ("Empire") for consideration of 18 million shares of common stock of Empire and the right to appoint five members of the Board of Directors. It is currently anticipated that Scott H. Rechler will be appointed to fill one seat on Empire's Board. On March 4, 2005, Empire announced that the agreement had been amended, whereby the parties agreed to waive the condition to closing which required final governmental approval of gaming in the Catskills. The transaction is subject to satisfaction of certain conditions and approvals, including the approval of Empire's shareholders. There can be no assurances that gaming will be approved in the Catskills or that the transaction will be completed on its current terms or at all.

[Back to Contents](#)**Results of Operations**

The following table is a comparison of the results of operations for the three month period ended June 30, 2005 to the three month period ended June 30, 2004 (dollars in thousands):

	Three months ended June 30,			
	2005	2004	Change	
			Dollars	Percent
Property Operating Revenues:				
Base rents	\$ 123,804	\$ 109,265	\$ 14,539	13.3%
Tenant escalations and reimbursements	17,998	17,452	546	3.1%
Total property operating revenues	\$ 141,802	\$ 126,717	\$ 15,085	11.9%
Property Operating Expenses:				
Operating expenses	\$ 31,430	\$ 30,401	\$ 1,029	3.4%
Real estate taxes	22,565	19,968	2,597	13.0%
Total property operating expenses	\$ 53,995	\$ 50,369	\$ 3,626	7.2%
Interest and Investment Income and Other	\$ 3,819	\$ 3,318	\$ 501	15.1%
Other Expenses:				
Interest expense incurred	\$ 27,257	\$ 24,607	\$ 2,650	10.8%
Amortization of deferred financing costs	1,021	899	122	13.6%
Marketing, general and administrative	8,477	7,354	1,123	15.3%
Total other expenses	\$ 36,755	\$ 32,860	\$ 3,895	11.9%

Our property operating revenues, which include base rents and tenant escalations and reimbursements (□Property Operating Revenues□), increased by \$15.1 million for the three months ended June 30, 2005 as compared to the 2004 period. Property Operating Revenues increased by \$8.6 million attributable to newly acquired properties during 2005 and \$6.9 million in built in rent increases and straight line rental revenue increases in our same store properties. These increases were offset by \$0.5 million decrease in termination fees.

Our property operating expenses, real estate taxes and ground rents (□Property Expenses□) increased by \$3.6 million for the three months ended June 30, 2005 as compared to the 2004 period. The increase is due to a \$1.1 million increase in real estate taxes and operating expenses related to our same store properties. Newly acquired properties in 2005 increased property expenses by \$2.5 million. The increase in real estate taxes is attributable to the increases levied by certain municipalities, particularly in New York City and Westchester County, New York.

Interest and Investment income and other increased by \$501,000 or 15.1% for the three months ended June 30, 2005 as compared to the 2004 period. This increase is primarily a result of an increase in interest income of approximately \$1.5 million due to a weighted average increase in our Note Receivable Investments of approximately \$56.8 million from the 2004 period. This increase was offset by a decrease of \$400,000 in the gain recognized on a land sale and build-to-suit transaction earned in 2004 with no such gain recognized in the 2005 period and a decrease of approximately \$550,000 related to real estate tax and other non-tenant related recoveries.

Interest expense incurred increased by \$2.7 million or 10.8 % for the three months ended June 30, 2005 as compared to the 2004 period. Approximately \$2.3 million of the increase is attributable to the Operating Partnership's senior unsecured notes issued in August 2004 which were not outstanding during the 2004 period and the issuance of \$287.5 million of senior unsecured debentures in June 2005. Interest expense also increased by \$2.7 million incurred under our unsecured bridge facility, which was funded in May 2005, and \$3.3 million incurred under our unsecured revolving credit facility. The increase in interest expense incurred under our unsecured credit facility is a result of an increase in the weighted average balance outstanding and an increase in the weighted average interest rate from 3.2% to 4.2% . The weighted average balance outstanding under our unsecured credit facility was \$381.5 million for the three months ended June 30, 2005 as compared to \$90.0 million for the three months ended June 30, 2004. During the 2005 period we also incurred approximately \$200,000 of interest ineffective costs related to our anticipatory interest rate hedge agreements with no such costs incurred during the 2004 period. These aggregate increases of \$8.5 million were off-set by decreases in interest expense of approximately \$472,000 incurred under our same store mortgage portfolio and a decrease in interest expense of approximately \$5.1 million incurred during the 2004 period from two mortgage notes which were subsequently satisfied.

[Back to Contents](#)

Marketing, general and administrative expenses increased by \$1.1 million for the three months ended June 30, 2005 as compared to the 2004 period. This overall net increase is attributable to increased costs of maintaining offices and infrastructure in each of our five divisional markets, higher compensation costs including amortization expense related to restricted stock awards to non-executive officers and increases in charitable contributions to organizations that operate within our market places. Marketing, general and administrative costs represented 5.8% of total revenues from continuing operations (excluding gains on sales of depreciable real estate assets) in the 2005 period as compared to 5.6% in the 2004 period.

Discontinued operations net of minority interests decreased by approximately \$3.5 million for the three months ended June 30, 2005 as compared to the 2004 period. This decrease is primarily attributable to a decrease in the gain on sales related to those properties sold, including their income from discontinued operations in the 2004 period of \$3.7 million as compared to \$175,000 for the 2005 period.

The following table is a comparison of the results of operations for the six month period ended June 30, 2005 to the six month period ended June 30, 2004 (dollars in thousands):

	Six months ended June 30,			
			Change	
	2005	2004	Dollars	Percent
Property Operating Revenues:				
Base rents	\$ 242,095	\$ 219,801	\$ 22,294	10.1%
Tenant escalations and reimbursements	36,576	35,537	1,039	2.9%
Total property operating revenues	\$ 278,671	\$ 255,338	\$ 23,333	9.1%
Property Operating Expenses:				
Operating expenses	\$ 64,522	\$ 61,142	\$ 3,380	5.5%
Real estate taxes	44,958	40,432	4,526	11.2%
Total property operating expenses	\$ 109,480	\$ 101,574	\$ 7,906	7.8%
Interest and Investment Income and Other	\$ 6,998	\$ 8,981	\$ (1,983)	(22.1)%
Other Expenses:				
Interest expense incurred	\$ 50,825	\$ 50,268	\$ 557	1.1%
Amortization of deferred financing costs	2,059	1,826	233	12.8%
Marketing, general and administrative	16,692	14,401	2,291	15.9%
Total other expenses	\$ 69,576	\$ 66,495	\$ 3,081	4.6%

Property Operating Revenues increased by \$23.3 million for the six months ended June 30, 2005 as compared to the 2004 period. Property Operating Revenues increased by \$15.6 million attributable to newly acquired properties during 2005 and \$13.2 million in built in rent increases and straight line rental revenue increases in our same store properties. These increases were offset by \$5.5 million decrease in termination fees.

Property Expenses increased by \$7.9 million for the six months ended June 30, 2005 as compared to the 2004 period. The increase is due to a \$3.3 million increase in real estate taxes and operating expenses related to our same store properties. Newly acquired properties in 2005 increased property expenses by \$4.6 million. The

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

increase in real estate taxes is attributable to the increases levied by certain municipalities, particularly in New York City and Westchester County, New York.

Interest and Investment income and other decreased by \$2.0 million or 22.1% for the six months ended June 30, 2005 as compared to the 2004 period. This decrease is primarily attributable to a decrease of \$3.1 million in the gain recognized and related tenant work on a land sale and build-to-suit transaction earned in 2004 with no such gain recognized in the 2005 period, a decrease of approximately \$1.3 million related to real estate tax and other non-tenant related recoveries. These aggregate decreases of \$4.4 million were mitigated by an increase of \$2.3 million in interest income due to a weighted average increase in our Note Receivable Investments of approximately \$57.9 million from the 2004 period.

[Back to Contents](#)

Interest expense incurred increased by \$557,000 for the six months ended June 30, 2005 as compared to the 2004 period. This increase is attributable to a net increase in interest expense of \$3.4 million attributable a net increase of \$50.0 million in the Operating Partnership's senior unsecured notes and its issuance of \$287.5 million of senior unsecured debentures in June 2005. Interest expense also increased by \$2.7 million incurred under our unsecured bridge facility, which was funded in May 2005, and \$5.4 million incurred under our unsecured revolving credit facility. The increase in interest expense incurred under our unsecured credit facility is a result of an increase in the weighted average balance outstanding and an increase in the weighted average interest rate from 3.3% to 4.1%. The weighted average balance outstanding under our unsecured credit facility was \$351.0 million for the six months ended June 30, 2005 as compared to \$104.9 million for the six months ended June 30, 2004. During the 2005 period we also incurred approximately \$200,000 of interest ineffective costs related to our anticipatory interest rate hedge agreements with no such costs incurred during the 2004 period. These aggregate increases of \$11.7 million were off-set by decreases in interest expense of approximately \$1.0 million incurred under our same store mortgage portfolio and a decrease in interest expense of approximately \$9.9 million incurred during the 2004 period from two mortgage notes which were subsequently satisfied.

Marketing, general and administrative expenses increased by \$2.3 million for the six months ended June 30, 2005 as compared to the 2004 period. This overall net increase is attributable to increased costs of maintaining offices and infrastructure in each of our five divisional markets, higher compensation costs including amortization expense related to restricted stock awards to non-executive officers, increases in charitable contributions to organizations that operate within our market places and higher accounting fees related to maintaining compliance with the requirements of the Sarbanes-Oxley Act of 2002. Marketing, general and administrative costs represented 5.8% of total revenues from continuing operations (excluding gains on sales of depreciable real estate assets) in the 2005 period as compared to 5.4% in the 2004 period.

Discontinued operations net of minority interests decreased by approximately \$9.2 million for the six months ended June 30, 2005 as compared to the 2004 period. This decrease is primarily attributable to a decrease in the gain on sales related to those properties sold, including their income from discontinued operations in the 2004 period of \$9.4 million as compared to \$175,000 for the 2005 period.

Liquidity and Capital Resources

Historically, rental revenue has been the principal source of funds to pay operating expenses, debt service and non-incremental capital expenditures, excluding incremental capital expenditures. We expect to meet our short-term liquidity requirements generally through our net cash provided by operating activities along with our Credit Facility described below. The Credit Facility contains several financial covenants with which we must be in compliance in order to borrow funds thereunder. During recent quarterly periods, we have incurred significant leasing costs as a result of market demands from tenants and high levels of leasing transactions that result from the re-tenanting of scheduled expirations or space vacated as a result of early terminations of leases. We are also expending costs on tenants that are renewing or extending their leases earlier than scheduled. We have recently experienced high tenanting costs including tenant improvement costs, leasing commissions and free rent in all of our markets. For the three month period ended June 30, 2005, we paid or accrued approximately \$13.5 million for tenanting costs including tenant improvement costs and leasing commissions. As a result of these and / or other operating factors, our cash available for distribution from operating activities was not sufficient to pay 100% of the dividends paid on our common equity. However, we are beginning to see a moderation in the cost of retenanting our properties, particularly in terms of free rent concessions and costs to renew existing tenants. To meet the short-term funding requirements relating to the higher leasing costs, we have used proceeds of property sales or borrowings under our Credit Facility. Based on our forecasted leasing, we anticipate that we will continue to incur shortfalls during 2005. We currently intend to fund any shortfalls with proceeds from non-income producing asset sales or borrowings under our Credit Facility. We periodically review our dividend policy to determine the appropriateness of our dividend rate relative to our cash flows. We adjust our distribution rate based on such factors as leasing activity, market conditions and forecasted increases and decreases in our cash flow as well as required distributions of taxable income to maintain REIT status. There can be no assurance that we will maintain the current quarterly distribution level on our common equity.

We expect to meet most of our financing requirements through long-term unsecured borrowings and the issuance of debt and equity securities of the Company. In certain situations, primarily in joint venture transactions, we use secured debt in connection with the acquisition of properties. During the year ended December 31, 2004, the Company issued approximately \$436.2 million of common stock and the Operating Partnership issued \$300 million of senior unsecured debt securities. In addition, during June 2005, the Operating Partnership issued \$287.5 million

of exchangeable senior debentures. There can be no assurance that there will be adequate demand for the Company's equity at the time or at the price in which the Company desires to raise capital through the sale of additional equity. Similarly, there can be no assurance that the Operating Partnership will be able to access the unsecured debt markets at the time when the Operating Partnership desires to sell its unsecured notes. In addition, when valuations for commercial real estate properties are high, we will seek to sell certain land inventory to realize value and profit created. We will then seek opportunities to reinvest the capital realized from these dispositions back into value-added assets in our core Tri-State Area markets. However, there can be no assurances that we will be able to identify such opportunities that meet our underwriting criteria. Additionally, we are actively seeking joint venture relationships to access new sources of equity capital. We anticipate that we may sell assets or interests in assets to establish such joint ventures. We may realize cash proceeds from these sales. We would also seek to utilize these joint ventures to acquire assets where we would own a joint venture interest. There can be no assurances that we will be able to successfully execute this strategy. We will refinance existing mortgage indebtedness, senior unsecured notes or indebtedness under our Credit Facility at maturity or retire such debt through the issuance of additional unsecured debt securities or additional equity securities. We anticipate that the current balance of cash and cash equivalents and cash flows from operating activities, together with cash available from borrowings, equity offerings and proceeds from sales of land and non-income producing assets, will be adequate to meet our capital and liquidity requirements in both the short and long-term. Our senior unsecured debt is currently investment grade rated "BBB-" by Fitch Ratings, "BBB-" by Standard & Poor's and "Baa3" by Moody's Investors Service. The rating agencies review the ratings assigned to an issuer such as us on an ongoing basis. Negative changes in our ratings may result in increases in our borrowing costs, including borrowings under our Credit Facility.

Our markets are currently experiencing a recovery in the economic cycle. As a result of current economic conditions, we have experienced higher renewal rates and a lower number of lease terminations. Our results reflect decreased vacancy rates in our markets and our asking rents in our markets have stabilized and in some instances have begun to trend higher. Landlords are still required to grant concessions such as free rent and tenant improvements but at a lower rate than had been experienced in the prior year. Our markets continue to experience higher real estate taxes and utility rates. We believe that trends are moving positively from a landlord's perspective and that the above average tenant costs relating to leasing are decreasing. This trend is supported by increased occupancy and reduced vacancy rates in all of our markets, by the general economic recovery in the market resulting in job growth and the limited new supply of office space.

[Back to Contents](#)

We carry comprehensive liability, fire, extended coverage and rental loss insurance on all of our properties. Six of our properties are located in New York City. As a result of the events of September 11, 2001, insurance companies were limiting coverage for acts of terrorism in "all risk" policies. In November 2002, the Terrorism Risk Insurance Act of 2002 was signed into law, which, among other things, requires insurance companies to offer coverage for losses resulting from defined "acts of terrorism" through 2005. Our current property insurance coverage, which expires on June 2, 2006, provides for full replacement cost of our properties, including for acts of terrorism up to \$540 million on a per occurrence basis.

The potential impact of terrorist attacks in the New York City and Tri-State Area may adversely affect the value of our properties and our ability to generate cash flow. As a result, there may be a decrease in demand for office space in metropolitan areas that are considered at risk for future terrorist attacks, and this decrease may reduce our revenues from property rentals.

In order to qualify as a REIT for federal income tax purposes, the Company is required to make distributions to its stockholders of at least 90% of REIT taxable income. We expect to use our cash flow from operating activities for distributions to stockholders and for payment of recurring, non-incremental revenue-generating expenditures. We intend to invest amounts accumulated for distribution in short-term investments.

On May 13, 2005, we obtained a \$470.0 million unsecured bridge facility (the "Bridge Facility") from Citibank, N.A. The Bridge Facility is for an initial term of six months and we have the option for a six-month extension upon paying a one-time fee of 7.5 basis points on the amount then outstanding. The Bridge Facility has terms, including interest rates and financial covenants, substantially similar to our unsecured \$500 million revolving credit facility (the "Credit Facility"), and was amended in June 2005 in the same manner as our Credit Facility as described below. As of June 30, 2005, there was \$470.0 million outstanding under the Bridge Facility at an interest rate of 4.04%. On August 3, 2005, net proceeds received from the secured financing of the property located at One Court Square in Queens, NY of approximately \$303.5 million were used to repay amounts outstanding under the Bridge Facility.

During the three months ended June 30, 2005, we amended our Credit Facility to, among other things, extend the maturity for one year, modify a financial covenant to increase the percentage that our total indebtedness can represent when compared to the total value of our assets from 55% to 60% and on a temporary basis to 65% upon an acquisition of a material property, reduce the rate of interest on borrowings by 0.10%, modify the capitalization rates used to value our properties for purposes of the financial covenants contained in the Credit Facility, increase the portion of assets and net operating income that may come from minority joint ventures from 5% to 10% and certain other matters.

We currently maintain our \$500 million Credit Facility from JPMorgan Chase Bank, as administrative agent, Wells Fargo Bank, National Association as syndication agent and Citicorp, North America, Inc. and Wachovia Bank, National Association as co-documentation agents. The Credit Facility matures in August 2008, contains options for a one-year extension subject to a fee of 25 basis points and, upon receiving additional lender commitments, increasing the maximum revolving credit amount to \$750 million. In addition, borrowings under the Credit Facility are currently priced off LIBOR plus 80 basis points and the Credit Facility carries a facility fee of 20 basis points per annum. In the event of a change in the Operating Partnership's senior unsecured credit ratings, the interest rates and facility fee are subject to change. At June 30, 2005, the outstanding borrowings under the Credit Facility aggregated \$128.0 million and carried a weighted average interest rate of 4.04% per annum.

We utilize the Credit Facility primarily to finance real estate investments, fund our real estate development activities and for working capital purposes. At June 30, 2005, we had availability under the Credit Facility to borrow approximately an additional \$370.8 million, subject to compliance with certain financial covenants. Such amount is net of approximately \$1.2 million in outstanding undrawn standby letters of credit, which are issued under the Credit Facility.

In connection with the acquisition of certain properties, contributing partners of such properties have provided guarantees on certain of our indebtedness. As a result, we maintain certain outstanding balances on our Credit Facility.

We continue to seek opportunities to acquire real estate assets in our markets. We have historically sought to acquire properties where we could use our real estate expertise to create additional value subsequent to acquisition. As a result of increased market values for our commercial real estate assets, we have sold certain

non-core assets or interests in assets where significant value has been created. During 2003, we sold assets or interests in assets with aggregate sales prices of approximately \$350.6 million. In addition, during 2004, we sold assets or interests in assets with aggregate sales prices of approximately \$51.4 million, net of minority partner's joint venture interest. We used the proceeds from these sales primarily to pay down borrowings under the Credit Facility, for general corporate purposes and to invest in short-term liquid investments until such time as alternative real estate investments could be made. During 2005 we sold, have under contract or are negotiating to sell approximately \$771 million of our real estate properties.

A Class A OP Unit and a share of common stock have similar economic characteristics as they effectively share equally in the net income or loss and distributions of the Operating Partnership. As of June 30, 2005, the Operating Partnership had issued and outstanding 1,617,675 Class A OP Units and 465,845 Class C OP Units. The Class A OP Units and the Company's common stock currently receive a quarterly distribution of \$.4246 per unit/share. The Class C OP Units were issued in August 2003 in connection with the contribution of real property to the Operating Partnership and currently receive a quarterly distribution of \$.4664 per unit. Subject to certain holding periods, OP Units may either be redeemed for cash or, at the election of the Company, exchanged for shares of common stock on a one-for-one basis.

[Back to Contents](#)

On June 20, 2005, as part of the consideration to acquire our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we issued 127,510 OP Units valued at \$31.37 per OP Unit.

During June 2005 the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. The debentures were issued at 98% of par and are exchangeable for shares of common stock of the Company on or after June 15, 2024, and also under certain circumstances, at an initial exchange rate of 24.6124 common shares per \$1,000 of principal amount of debentures. The initial exchange price of \$40.63 represents a premium of approximately 25% to the closing price of the Company's common stock on the issuance date of \$32.50 per share. If exchanged in accordance with their terms, the debentures will be settled in cash up to their principal amount and any remaining exchange value will be settled, at our option, in cash, the Company's common stock or a combination thereof. In accordance with the exchange rate terms of the debentures the Company has reserved approximately 8.8 million shares of its authorized common stock, \$.01 par value, for potential future issuance upon the exchange of the debentures. Such amount is based on an exchange rate of 30.7692 common shares per \$1,000 of principal amount of debentures. Although we have reserved these shares pursuant to the terms of the exchange rate terms, we believe the issuance of our shares, if any, would be significantly less than 8.8 million shares. The debentures are guaranteed by the Company. We have the option to redeem the debentures beginning June 18, 2010 for the principal amount plus accrued and unpaid interest. Holders of the debentures have the right to require us to repurchase their debentures at 100% of the principal amount thereof plus accrued and unpaid interest on June 15, 2010, June 15, 2015 and June 15, 2020 or, in the event of certain change in control transactions, prior to June 15, 2010.

During the three month period ended June 30, 2005, 53,410 shares of the Company's common stock were issued in connection with the exercise of outstanding options to purchase stock under its stock option plans resulting in proceeds to us of approximately \$800,000. In addition, a limited partner in the Operating Partnership exchanged 841,992 OP Units for an equal number of shares of the Company's common stock.

The Board of Directors of the Company initially authorized the purchase of up to 5.0 million shares of the Company's common stock. Transactions conducted on the New York Stock Exchange have been, and will continue to be, effected in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Since the Board's initial authorization, the Company has purchased 3,318,600 shares of its common stock for an aggregate purchase price of approximately \$71.3 million. In June 2004, the Board of Directors re-set the Company's common stock repurchase program back to 5.0 million shares. No purchases have been made since March, 2003.

The Operating Partnership has issued and outstanding 1,200 preferred units of limited partnership interest with a liquidation preference value of \$1,000 per unit and a stated distribution rate of 7.0%, which is subject to reduction based upon terms of their initial issuance (the "Preferred Units"). The terms of the Preferred Units provide for this reduction in distribution rate in order to address the effect of certain mortgages with above market interest rates, which were assumed by the Operating Partnership in connection with properties contributed to the Operating Partnership in 1998.

Capitalization

Our indebtedness at June 30, 2005 totaled approximately \$2.1 billion (net of minority partners' interests' share of consolidated joint venture debt) and was comprised of \$598.0 million outstanding under the Credit Facility and Bridge Facility, approximately \$979.9 million of senior unsecured notes and approximately \$476.7 million of mortgage indebtedness with a weighted average interest rate of approximately 7.43% and a weighted average maturity of approximately 3.4 years. Based on our total market capitalization of approximately \$4.9 billion at June 30, 2005 (calculated based on the sum of (i) the market value of the Company's common stock and OP Units, assuming conversion, (ii) the liquidation preference value of the Preferred Units and (iii) the \$2.1 billion of debt), our debt represented approximately 42.0% of our total market capitalization.

CONTRACTUAL OBLIGATIONS AND COMMERCIAL COMMITMENTS

On June 20, 2005, in connection with the acquisition of our joint venture partner's 40% interest in the property located at 520 White Plains Road, Tarrytown, NY, we assumed approximately \$4.1 million of secured mortgage indebtedness of the joint venture. As a result, our total secured debt related to this property at June 30, 2005 was approximately \$11.1 million. This mortgage note bears interest at 8.85% per annum and matures on September 1,

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

2005 at which time the balance will be approximately \$10.9 million. We anticipate making a borrowing under our Credit Facility to satisfy the mortgage note at its scheduled maturity date.

During the quarterly period ended June 30, 2005 we entered into anticipatory interest rate hedge instruments totaling \$250.0 million to protect ourselves against potentially rising interest rates. These instruments were settled prior to their maturity in exchange for a mortgage rate lock agreement in connection with a 15 year permanent financing on the property located at One Court Square in Queens, NY which closed on August 3, 2005. Costs related to the terminated instruments of approximately \$1.4 million were incorporated into the final fixed mortgage rate of 4.905% . At June 30, 2005, the fair value of the mortgage rate lock approximated its carrying value.

[Back to Contents](#)

We also entered into an additional \$200.0 million of anticipatory interest rate hedge instruments during the quarterly period ended June 30, 2005, which are scheduled to coincide with certain secured debt we anticipate incurring on a group of our office properties. These properties are anticipated to be included in a joint venture transaction in the latter part of 2005. As of June 30, 2005, we incurred approximately \$207,000 of ineffectiveness related to these hedge instruments, which has been included in interest expense on our consolidated statements of income. At June 30, 2005, the carrying value of these hedge instruments exceeded their fair value by approximately \$2.0 million, which has been reflected as accumulated other comprehensive loss with a corresponding increase in accrued expenses and other liabilities on our balance sheet. These instruments were settled on August 1, 2005, at which time their fair value exceeded their carrying value by approximately \$1.1 million. Such amount will be classified as an offset to deferred loan costs and amortized against deferred financing costs over the term of the secured debt.

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. Interest on the debentures will be payable semi-annually on June 15 and December 15, commencing December 15, 2005. The debentures are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder and at par, on June 15, 2010, 2015 and 2020. The net proceeds from the offering, after the underwriter's discounts and expenses, were approximately \$281.6 million and were used for repayment of amounts outstanding under our Credit Facility. (See "Liquidity and Capital Resources" for information regarding the terms of the debenture's exchange into our common stock).

The following table sets forth our significant consolidated debt obligations by scheduled principal cash flow payments and maturity date and our commercial commitments by scheduled maturity at June 30, 2005 (in thousands):

	MATURITY DATE						Total
	2005	2006	2007	2008	2009	<i>Thereafter</i>	
Mortgage notes payable(1)	\$ 6,449	\$ 11,485	\$ 8,835	\$ 7,705	\$ 7,143	\$ 7,049	\$ 48,666
Mortgage notes payable (2)	29,444	129,920	60,535	—	100,254	246,015	566,168
Senior unsecured notes	—	—	200,000	—	200,000	587,500	987,500
Credit Facility	—	—	—	128,000	—	—	128,000
Bridge Facility	—	470,000	—	—	—	—	470,000
Land lease obligations (3)	2,516	11,740	11,757	11,784	11,869	297,727	347,393
Air rights lease obligations	181	362	362	362	362	3,618	5,247
Operating leases	742	1,389	1,038	555	14	—	3,738
	<u>\$ 39,332</u>	<u>\$ 624,896</u>	<u>\$ 282,527</u>	<u>\$ 148,406</u>	<u>\$ 319,642</u>	<u>\$ 1,141,909</u>	<u>\$ 2,556,712</u>

(1) Scheduled principal amortization payments.

(2) Principal payments due at maturity.

(3) We lease, pursuant to noncancellable operating leases, the land on which eleven of our buildings were constructed. The leases, certain of which contain renewal options at our direction, expire between 2043 and 2090. The leases either contain provisions for scheduled increases in the minimum rent at specified intervals or for adjustments to rent based upon the fair market value of the underlying land or other indices at specified intervals. Minimum ground rent is recognized on a straight-line basis over the terms of the leases and includes lease renewals if reasonably assured that we will exercise that option.

Certain of the mortgage notes payable are guaranteed by the Company and/or certain limited partners in the Operating Partnership. In addition, consistent with customary practices in non-recourse lending, certain

non-recourse mortgages may be recourse to the Company under certain limited circumstances including environmental issues and breaches of material representations.

As indicated above, on June 30, 2005, we had approximately \$2.1 billion of debt outstanding (net of minority partners' interests' share of consolidated joint venture debt). During the three month period ended June 30, 2005, we incurred interest costs related to our debt, including capitalized interest and amortization of deferred finance costs, of approximately \$30.7 million. Our rental revenues are our principal source of funds along with our net cash provided by operating activities to meet these and future interest obligations.

At June 30, 2005, we had approximately \$1.2 million in outstanding undrawn standby letters of credit issued under our Credit Facility. On July 8, 2005, we issued a \$24.0 million standby letter of credit to secure a deposit obligation for the pending acquisition of a 1.1 million Class A office complex located at 204 EAB Plaza in Uniondale, NY. In addition, approximately \$42.3 million, or 6.9%, of our mortgage debt is recourse to us.

On August 3, 2005, we placed a first mortgage in the amount of \$315.0 million on the property located at One Court Square in Queens, NY. The mortgage note bears interest at a fixed rate of 4.905%, requires monthly payments of interest only through September 1, 2015, the anticipated repayment date ("ARD"). After the ARD, all excess cash flow, as defined, shall be applied to amortize the loan and the interest rate shall be reset to 2% plus the greater of 4.905% and the then-current ten-year U.S. Treasury yield. The final maturity date of the loan is May 1, 2020. The mortgage note is secured by the property and is otherwise non-recourse except in limited circumstances regarding breaches of material representations. As additional collateral for the loan, we may be required to post letters of credit for the benefit of the lender, in the amount of \$10.0 million each, during September 2013, March 2014 and September 2014 if Citibank, N.A., the property's current sole tenant, exercises its second cancellation option for up to 20% of its leased space during 2014 and 2015. Net proceeds received of approximately \$303.5 million were used to re-pay a portion of our Bridge Facility.

We have given notice to the mortgagee with respect to the mortgage debt on the property located at 200 Summit Lake Drive in Valhalla, NY to pre-pay the mortgage debt during the third calendar quarter of 2005. Pursuant to the terms of the mortgage note, the mortgage may be pre-paid without penalty subsequent to September 1, 2005 and upon notice. The balance of the mortgage note will be approximately \$18.1 million on September 1, 2005. We anticipate making a borrowing under our Credit Facility to satisfy this mortgage note on the prepayment date.

[Back to Contents](#)

Our mortgage debt on the property located at 395 North Service Road in Melville, NY matures on October 28, 2005. We have given notice to the mortgagee to prepay the mortgage debt on September 30, 2005, at which time the balance will be approximately \$18.6 million. We anticipate making a borrowing under our Credit Facility to satisfy the mortgage note at its scheduled maturity.

Corporate Governance

A number of shareholder derivative actions have been commenced purportedly on behalf of the Company against the Board of Directors relating to the disposition of our Long Island industrial portfolio. The complaints allege, among other things, that the process by which the directors agreed to the transaction was not sufficiently independent of the Rechler family and did not involve a "market check" or third party auction process and, as a result, was not for adequate consideration. The plaintiffs seek similar relief, including a declaration that the directors violated their fiduciary duties and damages. On May 25, 2004, the Circuit Court for Baltimore City granted the defendants' motions to dismiss the three consolidated Maryland actions on the ground that the plaintiffs in those actions had failed to make a pre-suit demand on the Board of Directors, or to allege facts showing that such a demand would have been futile. Final judgment was entered on June 8, 2004, and on June 30, 2004, the plaintiffs in the Maryland actions filed a notice of appeal from that judgment to the Maryland Court of Special Appeals. The Company's management believes that the complaints are without merit.

On April 4, 2005 the Company and the other parties to the shareholder derivative actions filed against the Company in connection with its disposition of its industrial portfolio have agreed to settle such actions pursuant to the Stipulation of Settlement, dated as of March 14, 2005 and executed subsequent thereto. The proposed settlement includes various changes to the Company's corporate governance policies to provide for an Affiliate Transaction Committee and to require that the Company's Board of Directors be comprised of at least two-thirds independent directors (as defined in the Company's Corporate Governance Guidelines), as well as certain other concessions. The proposed settlement is subject to court approval.

On June 16, 2005, Judge Evelyn Omega Connor of the Circuit Court of Baltimore City signed an order regarding preliminary approval and notice with respect to the shareholder derivative actions. A hearing to consider approval of the proposed settlement has been scheduled for September 20, 2005, at 9:30 a.m., in the Circuit Court for Baltimore City. There can be no assurance that final court approval will be obtained.

Other Matters

In July 2002, as a result of certain provisions of the Sarbanes-Oxley Act of 2002, we discontinued the use of stock loans in our Long Term Incentive Programs ("LTIP"). In connection with LTIP grants made prior to the enactment of the Sarbanes-Oxley Act of 2002, we currently have stock loans outstanding to certain executive officers which were used to purchase 385,000 shares of our common stock. The stock loans were priced at the market prices of our common stock at the time of issuance, bear interest at the mid-term Applicable Federal Rate and are secured by the shares purchased. Such stock loans (including accrued interest) are scheduled to vest and be ratably forgiven each year on the anniversary of the grant date based upon initial vesting periods ranging from seven to ten years. Such forgiveness is based on continued service and in part on the Company attaining certain annual performance measures. These stock loans had an initial aggregate weighted average vesting period of approximately nine years. As of June 30, 2005, there remains 180,714 shares of common stock subject to the original stock loans which are anticipated to vest between 2006 and 2011. Approximately \$276,000 and \$507,000 and \$248,000 and \$556,000 of compensation expense was recorded for the three and six month periods ended June 30, 2005 and 2004, respectively, related to these LTIP. Such amounts have been included in marketing, general and administrative expenses on our consolidated statements of income.

The outstanding stock loan balances due from executive officers aggregated approximately \$3.8 million and \$4.7 million at June 30, 2005 and December 31, 2004, respectively, and have been included as a reduction of additional paid in capital on our consolidated balance sheets. Other outstanding loans to executive and senior officers at June 30, 2005 and December 31, 2004 amounted to approximately \$1.8 million and \$2.7 million, respectively, and are included in investments in affiliate loans and joint ventures on the accompanying consolidated balance sheets and are primarily related to tax payment advances on stock compensation awards and life insurance contracts made to certain executive and non-executive officers.

In November 2002 and March 2003, an award of rights was granted to certain executive officers of the Company (the "2002 Rights" and "2003 Rights", respectively and collectively, the "Rights"). Each Right represents the right to receive, upon vesting, one share of common stock if shares are then available for grant under one of the Company's stock option plans or, if shares are not so available, an amount of cash equivalent to the value of such stock on the vesting date. The 2002 Rights vest in four equal annual installments beginning on November 14, 2003 (and shall be fully vested on November 14, 2006). The 2003 Rights were earned on March 13, 2005 and vest in three equal annual installments beginning on March 13, 2005 (and shall be fully vested on March 13, 2007). Dividends on the shares will be held by the Company until such shares become vested, and will be distributed thereafter to the applicable officer. The 2002 Rights also entitle the holder thereof to cash payments in respect of taxes payable by the holder resulting from the 2002 Rights. The 2002 Rights aggregate 62,835 shares of the Company's common stock and the 2003 Rights aggregate 26,040 shares of common stock. As of June 30, 2005, there remains 31,417 shares of common stock reserved related to the 2002 Rights and 17,360 shares of common stock reserved related to the 2003 Rights. Approximately \$120,000 and \$224,000 and \$100,000 and \$201,000 of compensation expense was recorded for the three and six month periods ended June 30, 2005 and 2004, respectively, related to the Rights. Such amounts have been included in marketing, general and administrative expenses on our consolidated statements of income.

[Back to Contents](#)

In March 2003, the Company established a new LTIP for its executive and senior officers (the "2003 LTIP"). The four-year plan has a core award, which provides for annual stock based compensation based upon continued service and in part based on the Company attaining certain annual performance measures. The plan also has a special outperformance component in the form of a bonus pool equal to 10% of the total return in excess of a 9% cumulative and compounded annual total return on the Company's common equity for the period through the four-year anniversary after the date of grant (the "Special Outperformance Pool"). The aggregate amount payable to such officers from the Special Outperformance Pool is capped at an amount calculated based upon a total cumulative and compounded annual return on the common equity of 15%. An officer's special outperformance award represents an allocation of the Special Outperformance Pool and will become vested on the fourth anniversary of the date of grant, provided that the officer remains in continuous employment with the Company or any of its affiliates until such date, and the Company has achieved on a cumulative and compounded basis, during the four fiscal years completed on the applicable anniversary date, a total return to holders of the common equity that (i) is at or above the 60th percentile of the total return to stockholders achieved by members of the peer group during the same period and (ii) equals at least 9% per annum. Special outperformance awards will be paid in cash; however, the Compensation Committee, in its sole discretion, may elect to pay such an award in shares of common stock, valued at the date of vesting, if shares are available at such time under any of the Company's existing stock option plans. The LTIP provides that no dividends or dividend equivalent payments will accrue with respect to the special outperformance awards. On March 13, 2003, the Company made available 827,776 shares of its common stock under its existing stock option plans in connection with the core award of the 2003 LTIP for certain of its executive and senior officers. During May 2003, the special outperformance awards of the 2003 LTIP were amended to increase the per share base price above which the four year cumulative return is measured from \$18.00 to \$22.40.

The Board of Directors approved an amendment to the 2003 LTIP to revise the peer group used to measure relative performance. The amendment eliminated the mixed office and industrial companies and added certain other "pure office" companies in order to revise the peer group to office sector companies. The Board has also approved the revision of the performance measurement dates for future vesting under the core component of the 2003 LTIP from the anniversary of the date of grant to December 31 of each year. This was done in order to have the performance measurement coincide with the performance period that the Company believes many investors use to judge the performance of the Company.

On December 27, 2004, the Operating Partnership entered into definitive agreements with certain executive and senior officers of the Company to revise their incentive awards under the 2003 LTIP. The revised agreements provide for (i) the rescission of the unvested portion of their core awards and (ii) an award in exchange for the rescinded core awards of an equal number of units of a new class of limited partnership interests ("LTIP Units") of the Operating Partnership.

Each executive and senior officer participating in the 2003 LTIP was offered the option to retain all or a portion of his core awards or to rescind them in exchange for new awards of LTIP Units. On December 27, 2004, certain executive and senior officers accepted such offer and thereby amended their Amended and Restated Long-Term Incentive Award Agreement to cancel, in the aggregate, 362,500 shares of restricted stock of the Company representing all or a portion of their unvested core award, and received an equal number of LTIP Units.

The revised awards under the 2003 LTIP were designed to provide the potential for executives to retain a greater equity interest in the Company by eliminating the need for executives to sell a portion of the core awards immediately upon vesting in order to satisfy personal income taxes which are due upon vesting under the original core awards.

On March 13, 2005 and March 13, 2004, with respect to the 2003 LTIP, the Company met its annual performance measure with respect to the 2004 and 2003 annual measurement periods, respectively. As a result, the Company has issued to the participants of the 2003 LTIP 102,779 and 206,944 shares of its common stock, respectively, related to the core component of the 2003 LTIP.

The terms of each award of LTIP Units are substantially similar to those of the core awards under the 2003 LTIP. The vesting, performance hurdles and timing for vesting remain unchanged. However, an LTIP Unit represents an equity interest in the Operating Partnership, rather than the Company. At issuance, the LTIP Unit has no value but may over time accrete to a value equal to (but never greater than) the value of one share of common stock of the Company (a "REIT Share"). Initially, LTIP Units will not have full parity with OP Units with respect to liquidating

distributions. Upon the occurrence of certain "triggering events," the Operating Partnership will revalue its assets for the purpose of the capital accounts of its partners and any increase in valuation of the Operating Partnership's assets from the date of the issuance of the LTIP Units through the "triggering event" will be allocated to the capital accounts of holders of LTIP Units until their capital accounts are equivalent to the capital accounts of holders of OP Units. If such equivalence is reached, LTIP Units would achieve full parity with OP Units for all purposes, and therefore accrete to an economic value equivalent to REIT Shares on a one-for-one basis. After two years from the date of grant, if such parity is reached, vested LTIP Units may be redeemed for cash in an amount equal to the then fair market value of an equal number of REIT Shares or converted into an equal number of OP Units, as determined by the Company's Compensation Committee. However, there are circumstances under which such economic equivalence would not be reached. Until and unless such economic equivalence is reached, the value that the officers will realize for vested LTIP Units will be less than the value of an equal number of REIT Shares. In addition, unlike core awards under the 2003 LTIP (wherein dividends that accumulate are paid upon vesting), LTIP Units will receive the same quarterly distributions as OP Units on a current basis, thus providing full dividend equivalence with REIT Shares. At the scheduled March 2005 vesting date, the specified performance hurdles were met, and officers that received LTIP Units received a one-time cash payment that represented payment of the full vested amount of the accrued unpaid dividends under the core award of the 2003 LTIP through December 27, 2004, the issuance date of the LTIP Units. In addition, the officers, in the aggregate, vested in 104,167 LTIP Units. In order to more closely replicate the terms of the core awards being rescinded, the Company also entered into agreements with three executive officers, which provide that in the event of a change of control the executive shall receive the equivalent value of one REIT Share for each LTIP Unit.

[Back to Contents](#)

In March 2005, following the recommendation of the Compensation Committee of the Board of Directors, eight senior and executive officers of the Company were awarded, in the aggregate, 272,100 LTIP Units to continue to incentivize them for the long-term (the "2005 LTIP Unit Grants"). Each such LTIP Unit awarded is deemed equivalent to an award of one share of common stock reserved under one of the Company's stock option plans, reducing availability for other equity awards on a one-for-one basis. The terms of the 2005 LTIP Unit Grants are generally consistent with the terms of the 2003 LTIP, including with respect to the impact upon vesting in the event of a change in control.

As of June 30, 2005, and as a result of the foregoing, there remains 155,553 shares of common stock reserved for future issuance under the core award of the 2003 LTIP and 530,443 shares of common stock reserved for issuance with respect to the issuance of LTIP Units. With respect to the core award of the 2003 LTIP, the Company recorded approximately \$305,000 and \$610,000 and \$699,000 and \$1.4 million of compensation expense for the three and six month periods ended June 30, 2005 and 2004, respectively. In addition, with respect to the LTIP Units and the 2005 LTIP Unit Grants, the Company recorded compensation expense of approximately \$822,000 and \$1.3 million for the three and six month periods ended June 30, 2005, respectively. Such amounts have been included in marketing, general and administrative expenses on our consolidated statements of income. No accrual has been made with respect to the Special Outperformance Pool of the 2003 LTIP due to the uncertainty of the outcome of achieving the requisite performance measures.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the Company attaining certain annual performance measures, is recognized in accordance with paragraph 26 of Statement No. 123 as a "target stock price" plan. Under this type of plan, compensation expense is recognized for the target stock price awards whether or not the targeted stock price condition is achieved as long as the underlying service conditions are achieved. Accordingly, we obtained an independent third party valuation of the 2003 LTIP awards and recognize compensation expense on a straight-line basis through the vesting period for awards to employees who remain in service over the requisite period regardless of whether the target stock price has been reached.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the continued service of the grantee, is recognized in accordance with Statement No. 123 in which compensation expense is recognized on a straight-line basis through the vesting period based on the fair market value of the stock on the date of grant.

As a result of the election of certain executive and senior officers to exchange all or a portion of their 2003 LTIP into an equal number of LTIP Units we again obtained an independent third party valuation of the newly granted LTIP Units and determined that the fair value of the LTIP Units was not greater than the exchanged 2003 LTIP awards on the date of the exchange. As such, compensation expense to be recognized, on a straight-lined basis, over the vesting period of the LTIP Units equals the amount of unamortized compensation expense cost for the 2003 LTIP awards as of the exchange date.

We expect to adopt Statement No. 123R on January 1, 2006; however, we have not yet been able to determine the impact of Statement No. 123R on our consolidated financial statements at this time.

Under various Federal, state and local laws, ordinances and regulations, an owner of real estate is liable for the costs of removal or remediation of certain hazardous or toxic substances on or in such property. These laws often impose such liability without regard to whether the owner knew of, or was responsible for, the presence of such hazardous or toxic substances. The cost of any required remediation and the owner's liability therefore as to any property is generally not limited under such enactments and could exceed the value of the property and/or the aggregate assets of the owner. The presence of such substances, or the failure to properly remediate such substances, may adversely affect the owner's ability to sell or rent such property or to borrow using such property as collateral. Persons who arrange for the disposal or treatment of hazardous or toxic substances may also be liable for the costs of removal or remediation of such substances at a disposal or treatment facility, whether or not such facility is owned or operated by such person. Certain environmental laws govern the removal, encapsulation or disturbance of asbestos-containing materials ("ACMs") when such materials are in poor condition, or in the event of renovation or demolition. Such laws impose liability for release of ACMs into the air and third parties may seek recovery from owners or operators of real properties for personal injury associated with ACMs. In connection with the ownership (direct or indirect), operation, management and development of real properties, we may be considered an owner or operator of such properties or as having arranged for the disposal or treatment of hazardous or toxic substances and, therefore, potentially liable for removal or remediation costs, as well as certain other related costs, including governmental fines and injuries to persons and property.

All of our properties have been subjected to a Phase I or similar environmental audit (which involved general inspections without soil sampling, ground water analysis or radon testing) completed by independent environmental consultant companies. These environmental audits have not revealed any environmental liability that would have a material adverse effect on our business.

Soil, sediment and groundwater contamination, consisting of volatile organic compounds (VOCs) and metals, has been identified at the property at 32 Windsor Place, Central Islip, NY. The contamination is associated with industrial activities conducted by a tenant at the property over a number of years. The contamination, which was identified through an environmental investigation conducted on behalf of us, has been reported to the New York State Department of Environmental Conservation. We have notified the tenant of the findings and have demanded that the tenant take appropriate actions to fully investigate and remediate the contamination. Under applicable environmental laws, both the tenant and we are liable for the cost of investigation and remediation. We do not believe that the cost of investigation and remediation will be material and we have recourse against the tenant. However, there can be no assurance that we will not incur liability that would have a material adverse effect on our business.

Eight of our office properties, which were acquired by the issuance of OP Units, are subject to agreements limiting our ability to transfer them prior to agreed upon dates without the consent of the limited partner who transferred the respective property to us. In the event we transfer any of these properties prior to the expiration of these limitations, we may be required to make a payment relating to taxes incurred by the limited partner. These limitations expire between 2011 and 2015.

Two of our office properties that are held in joint ventures contain certain limitations on transfer. These limitations include requiring the consent of the joint venture partner to transfer a property prior to various specified dates, rights of first offer, and buy / sell provisions.

Off Balance Sheet Arrangements

Our only off-balance sheet arrangements are our approximate 5% indirect ownership interest in a joint venture that owns an investment in a New York City Class A office tower and our joint venture interest in RSVP. (For a more detailed description of these arrangements see Overview and Background of this Item.)

[Back to Contents](#)

Funds from Operations

Funds from Operations (FFO) is defined by the National Association of Real Estate Investment Trusts (NAREIT) as net income or loss, excluding gains or losses from sales of depreciable properties plus real estate depreciation and amortization, and after adjustments for unconsolidated partnerships and joint ventures. We present FFO because we consider it an important supplemental measure of our operating performance and believe it is frequently used by securities analysts, investors and other interested parties in the evaluation of REITs, many of which present FFO when reporting their results. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate and related assets, which assumes that the value of real estate diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions. As a result, FFO provides a performance measure that, when compared year over year, reflects the impact to operations from trends in occupancy rates, rental rates, operating costs, development activities, interest costs and other matters without the inclusion of depreciation and amortization, providing perspective that may not necessarily be apparent from net income.

We compute FFO in accordance with the standards established by NAREIT. FFO does not represent cash generated from operating activities in accordance with GAAP and is not indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of our operating performance or as an alternative to cash flow as a measure of liquidity. Since all companies and analysts do not calculate FFO in a similar fashion, our calculation of FFO presented herein may not be comparable to similarly titled measures as reported by other companies.

[Back to Contents](#)

The following table presents our FFO calculations (in thousands):

	Three months ended June 30,		Six months ended, June 30,	
	2005	2004	2005	2004
Net income allocable to common shareholders	\$ 17,766	\$ 13,043	\$ 35,120	\$ 29,007
Adjustments for basic Funds From Operations				
Add:				
Limited partners' minority interest in the Operating Partnership	570	701	1,267	1,637
Real estate depreciation and amortization	30,175	28,854	57,488	57,411
Minority partners' interests in consolidated partnerships	6,791	6,811	13,503	13,136
Deduct:				
Gain on sales of depreciable real estate	—	6,174	—	11,330
Amounts distributable to minority partners' in consolidated partnerships	5,478	6,411	11,202	14,915
Basic Funds From Operations	49,824	36,824	96,176	74,946
Add:				
Dividends and distributions on dilutive shares and units	—	227	—	500
Diluted Funds From Operations	\$ 49,824	\$ 37,051	\$ 96,176	\$ 75,446
Weighted Average Shares/OP Units outstanding (1)	84,464	70,443	84,389	67,679
Diluted Weighted Average Shares/OP Units outstanding (1)	84,913	71,459	84,845	68,708

(1) Assumes conversion of limited partnership units of the Operating Partnership.

Inflation

The office leases generally provide for fixed base rent increases or indexed escalations. In addition, the office leases provide for separate escalations of real estate taxes, operating expenses and electric costs over a base amount. The industrial / R&D leases generally provide for fixed base rent increases, direct pass through of certain operating expenses and separate real estate tax escalations over a base amount. We believe that inflationary increases in expenses will be mitigated by contractual rent increases and expense escalations described above. As a result of the impact of the events of September 11, 2001, we have realized increased insurance costs, particularly relating to property and terrorism insurance, and security costs. We have included these costs as part of our escalatable expenses and have billed them to our tenants consistent with the terms of the underlying leases and believes they are collectible. To the extent our properties contain vacant space, we will bear such inflationary increases in expenses.

The Credit Facility, Bridge Facility and one of our Note Receivable Investments bear interest at variable rates, which will be influenced by changes in short-term interest rates, and are sensitive to inflation.

[Back to Contents](#)**Item 3. Quantitative and Qualitative Disclosures About Market Risk**

The primary market risk facing us is interest rate risk on our long-term debt and notes receivable. We do not enter into derivative financial instruments for trading or speculative purposes. However, in the normal course of our business and to help us manage our debt issuances and maturities, we do use derivative financial instruments in the form of cash flow hedges to protect ourselves against potentially rising interest rates. We are not subject to foreign currency risk.

The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

As required by Statement No. 133, we record all derivatives on our balance sheet at fair value. For effective hedges, depending on the nature of the hedge, changes in the fair value of the derivative will be offset against the corresponding change in fair value of the hedged asset, liability, or firm commitment through earnings or recognized in accumulated other comprehensive income (OCI) on our balance sheet until the hedged item is recognized in earnings.

For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in OCI and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. We assess the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

The fair market value (FMV) of our long term debt and Note Receivable Investments is estimated based on discounting future cash flows at interest rates that we believe reflects the risks associated with long term debt and notes receivable of similar risk and duration.

The following table sets forth our long-term debt obligations by scheduled principal cash flow payments and maturity date, weighted average interest rates and estimated FMV at June 30, 2005 (dollars in thousands):

	For the Year Ended December 31							FMV
	2005	2006	2007	2008	2009	Thereafter	Total (1)	
Long term debt:								
Fixed rate	\$ 35,893	\$ 141,405	\$ 269,370	\$ 7,705	\$ 307,397	\$ 840,564	\$ 1,602,334	\$ 1,672,895
Weighted average interest rate	7.39%	7.38%	7.14%	7.35%	7.73%	5.44%	6.39%	
Variable rate	\$ —	\$ 470,000	\$ —	\$ 128,000	\$ —	\$ —	\$ 598,000	\$ 598,000
Weighted								

average interest rate	—	4.04%	%	4.04%	—	—	4.04%
-----------------------------	---	-------	---	-------	---	---	-------

(1) Includes aggregate unamortized issuance discounts of approximately \$7.6 million on the senior unsecured notes which are due at maturity.

In addition, we have assessed the market risk for our variable rate debt, which is based upon LIBOR, and believe that a one percent increase in the LIBOR rate would have an approximate \$6.0 million annual increase in interest expense based on \$598.0 million of variable rate debt outstanding at June 30, 2005.

[Back to Contents](#)

The following table sets forth our Note Receivable Investments by scheduled maturity date, weighted average interest rates and estimated FMV at June 30, 2005 (dollars in thousands):

	For the Year Ended December 31						Total (1)	FMV
	2005	2006	2007	2008	2009	Thereafter		
Note Receivable								
Investments:								
Fixed rate	\$ 900	\$ —	\$ 16,990	\$ —	\$ —	\$ 105,791 (2)	\$ 123,681	\$ 103,220 (2)
Weighted average interest rate	12.00%	—	12.00%	—	—	9.02%	9.54%	
Variable rate	\$ 27,592	\$ —	\$ —	\$ —	\$ 500	\$ —	\$ 28,092	\$ 28,092
Weighted average interest rate	14.19%	—	—	—	3.41%	—	14.00%	

(1) Excludes interest receivables and unamortized acquisition costs aggregating approximately \$4.8 million.

(2) Our investment balance, with respect to a participating loan investment, includes approximately \$21.2 million of accretive interest which is due at maturity. The FMV calculation considers only accretive interest recorded through June 30, 2005.

In addition, we have assessed the market risk for our variable rate receivables, which are based upon LIBOR, and believe that a one percent increase in the LIBOR rate would have an approximate \$2.8 million annual increase in interest income based on \$28.1 million of variable rate receivables outstanding at June 30, 2005.

Item 4. Controls and Procedures

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our filings under the Securities Exchange Act of 1934 is reported within the time periods specified in the SEC's rules and forms. In this regard, we have formed a Disclosure Committee currently comprised of all of our executive officers as well as certain other members of our senior management with knowledge of information that may be considered in the SEC reporting process. The Committee has responsibility for the development and assessment of the financial and non-financial information to be included in the reports filed by us with the SEC and supports our Chief Executive Officer and Chief Financial Officer in connection with their certifications contained in our SEC reports. The Committee meets regularly and reports to the Audit Committee on a quarterly or more frequent basis. Our Chief Executive Officer and Chief Financial Officer have evaluated, with the participation of our senior management, our disclosure controls and procedures as of the end of the period covered by this Quarterly Report on Form 10-Q. Based upon the evaluation, our Chief Executive Officer and Chief Financial Officer concluded that such disclosure controls and procedures are effective.

There were no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

- (1) Excludes tenant improvements and leasing commissions related to a 163,880 square foot leasing transaction with Fuji Photo Film U.S.A. Leasing commissions on this transaction amounted to \$5.33 per square foot and tenant improvement allowance amounted to \$40.88 per square foot.
- (2) Excludes \$15.5 million of tenant improvements and \$2.2 million of leasing commissions related to a new 121,108 square foot lease to Debevoise and Plimpton that was signed during the third quarter of 2003 with a lease commencement date of May 2005.
- (3) 2003 numbers exclude tenant improvements of \$0.2 million for Sandler O'Neil Partners (7,446 square feet) for expansion space with a lease commencement date in the second quarter of 2004. The tenant improvement allowance is reflected in the second quarter of 2004.
- (4) Excludes 86,800 square feet related to Westpoint Stevens early renewal. There were no tenant improvements or leasing costs associated with this transaction. Also excludes \$1.4 million of tenant improvements and \$1.2 million of leasing commissions related to a 74,293 square foot lease to Harper Collins Publishers with a lease commencement date in 2006. Also excludes Bank of America retail lease with \$0.6 million of tenant improvements and \$0.8 million of leasing commissions.

[Back to Contents](#)

As noted, incremental revenue-generating tenant improvement costs and leasing commissions are excluded from the tables previously set forth. The historical capital expenditures, tenant improvement costs and leasing commissions previously set forth are not necessarily indicative of future non-incremental revenue-generating capital expenditures or non-incremental revenue-generating tenant improvement costs and leasing commissions that may be incurred to retain revenues on leased space.

The following table sets forth our components of paid or accrued non-incremental and incremental revenue-generating capital expenditures, tenant improvements and leasing costs for the periods presented as reported on our [Statements of Cash Flows] Investment Activities] contained in our consolidated financial statements (in thousands):

	Six months ended June 30,	
	2005	2004
Capital expenditures:		
Non-incremental	\$ 4,864	\$ 4,069
Incremental	5,059	1,085
Tenant improvements:		
Non-incremental	11,871	9,672
Incremental	8,697	2,976
Additions to commercial real estate properties	<u>\$ 30,491</u>	<u>\$ 17,802</u>
Leasing costs:		
Non-incremental	\$ 6,833	\$ 6,764
Incremental	2,275	1,913
Payment of deferred leasing costs	<u>\$ 9,108</u>	<u>\$ 8,677</u>
Acquisition and development costs	<u>\$ 22,590</u>	<u>\$ 12,977</u>

[Back to Contents](#)**PART II – OTHER INFORMATION**

Item 1. Legal Proceedings

On April 4, 2005 the Company and the other parties to the shareholder derivative actions filed against the Company in connection with its disposition of its industrial portfolio have agreed to settle such actions pursuant to the Stipulation of Settlement, dated as of March 14, 2005 and executed subsequent thereto. The proposed settlement includes various changes to the Company's corporate governance policies to provide for an Affiliate Transaction Committee and to require that the Company's Board of Directors be comprised of at least two-thirds independent directors (as defined in the Company's Corporate Governance Guidelines), as well as certain other concessions. The proposed settlement is subject to court approval.

Except as provided above, the Company is not presently subject to any material litigation nor, to the Company's knowledge, is any litigation threatened against the Company, other than routine actions for negligence or other claims and administrative proceedings arising in the ordinary course of business, some of which are expected to be covered by liability insurance and all of which collectively are not expected to have a material adverse effect on the liquidity, results of operations or business or financial condition of the Company.

On June 16, 2005, Judge Evelyn Omega Connor of the Circuit Court of Baltimore City signed an order regarding preliminary approval and notice with respect to the shareholder derivative actions. A hearing to consider approval of the proposed settlement has been scheduled for September 20, 2005, at 9:30 a.m., in the Circuit Court for Baltimore City.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds - None

Item 3. Defaults Upon Senior Securities ☐ None

Item 4. Submission of Matters to a Vote of Securities Holders

On May 19, 2005, the Company held its annual meeting of stockholders. The matters on which the stockholders voted, in person or by proxy, were (1) the election of eight directors to serve until the 2006 annual meeting of stockholders and until their respective successors are duly elected and qualified, (2) to amend the Charter of the Company to increase the number of authorized shares of common stock of the Company from 100,000,000 to 200,000,000, (3) to approve the Company's 2005 Stock Option Plan, and (4) to ratify the selection of Ernst & Young LLP as the independent auditors of the Company for the fiscal year ending December 31, 2005. The eight nominees were elected, the share increase was approved, the Company's 2005 Stock Option Plan was approved, and the auditors were ratified. The results of the voting are set forth below:

	Votes Cast For	Withheld	Votes Cast Against	Abstain
Amend Charter To Increase Authorized Shares of Common Stock	67,264,644	N/A	7,571,527	26,063
Approve 2005 Stock Option Plan	53,548,352	N/A	14,426,790	1,374,293
Election of Directors:				
Peter Quick	74,819,014	43,222	N/A	N/A
Stanley Steinberg	74,569,157	293,082	N/A	N/A
John Ruffle	74,817,545	44,691	N/A	N/A
Elizabeth McCaul	74,667,671	194,565	N/A	N/A
Douglas Crocker	73,548,355	1,313,881	N/A	N/A
Scott Rechler	73,953,114	909,122	N/A	N/A
