Form 10-Q
May 09, 2006

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, DC 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR 15(d) OF
THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended March 31, 2006

Commission file number: 1-13762

RECKSON ASSOCIATES REALTY CORP.

(Exact name of registrant as specified in its charter)

Maryland

11-3233650

(State or other jurisdiction
of incorporation or organization)

(IRS Employer
Identification Number)

225 Broadhollow Road, Melville, NY

11747

(Address of principal executive office)

(zip code)

(631) 694-6900

(Registrant's telephone number including area code)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports) Yes No , and (2) has been subject to such filing requirements for the past 90 days.

Yes No .

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, or a non-accelerated filer. See definition of accelerated filer and large accelerated filer in Rule 12b-2 of the Exchange Act (Check One):

Large Accelerated Filer

Accelerated Filer

Non-Accelerated Filer .

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No .

The Company has one class of common stock, par value \$.01 per share, with 83,214,550 shares outstanding as of May 5, 2006.

RECKSON ASSOCIATES REALTY CORP.

RECKSON ASSOCIATES REALTY CORP.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

MARCH 31, 2006

(Unaudited)

1. ORGANIZATION AND FORMATION OF THE COMPANY

Reckson Associates Realty Corp. (the Company) is a self-administered and self managed real estate investment trust (REIT) engaged in the ownership, management, operation, acquisition, leasing, financing and development of commercial real estate properties, principally office and to a lesser extent flex properties and also owns land for future development (collectively, the Properties) located in New York City and the surrounding tri-state area markets (the New York Tri-State Markets).

The Company was incorporated in Maryland in September 1994. In June 1995, the Company completed an initial public offering (the IPO) and commenced operations.

The Company became the sole general partner of Reckson Operating Partnership, L.P. (the Operating Partnership) by contributing substantially all of the net proceeds of the IPO in exchange for an approximate 73% interest in the Operating Partnership. The remaining 27% interest in the Operating Partnership was owned primarily by investors who contributed properties or interests in properties to the Operating Partnership in exchange for common units of limited partnership interest in the Operating Partnership (OP Units). Since the IPO the Company has completed numerous equity transactions, and contributed any net proceeds received to the Operating Partnership and thereby increasing its general partnership interest. The Company s ownership percentage in the Operating Partnership was approximately 96.9% and 95.9% at March 31, 2006 and 2005, respectively. All properties acquired by the Company are held by or through the Operating Partnership.

2. BASIS OF PRESENTATION

The accompanying interim unaudited financial statements have been prepared by the Company s management pursuant to the rules and regulations of the Securities and Exchange Commission. Certain information and footnote disclosure normally included in the financial statements prepared in accordance with U.S. generally accepted accounting principles (GAAP) may have been condensed or omitted pursuant to such rules and regulations, although management believes that the disclosures are adequate so as not to make the information presented misleading. The unaudited financial statements at March 31, 2006 and for the three month periods ended March 31, 2006 and 2005 include, in the opinion of management, all adjustments, consisting of normal recurring adjustments, necessary to present fairly the financial information set forth herein. The results of operations for the interim periods are not necessarily indicative of the results that may be expected for the year ending December 31, 2006. These financial statements should be read in conjunction with the Company s audited financial statements and the notes thereto included in the Company s Form 10-K for the year ended December 31, 2005.

The accompanying consolidated financial statements include the consolidated financial position of the Company, the Operating Partnership and the Service Companies (as defined below) at March 31, 2006 and December 31, 2005 and the consolidated results of their operations and their cash flows for the three months ended March 31, 2006 and 2005, respectively. The Operating Partnership s investments in majority owned and controlled real estate joint ventures are reflected in the accompanying financial statements on a consolidated basis with a reduction for the minority partners interest. The Operating Partnership s investments in real estate joint ventures, where it owns less than a controlling interest, are reflected in the accompanying financial statements on the equity method of accounting. The Service Companies, which provide management, development and construction services to the Company, the Operating Partnership and to third parties include Reckson Management Group, Inc., RANY Management Group, Inc., Reckson Construction & Development LLC and Reckson Construction Group New York, Inc. (collectively, the Service Companies). All significant intercompany balances and transactions have been eliminated in the consolidated financial statements.

Minority partners interests in consolidated partnerships represent a 49% non-affiliated interest in RT Tri-State LLC, owner of a six property suburban office portfolio located within the New York Tri-State Markets, a 40% non-affiliated interest in Omni Partners, L.P., owner of a 579,000 square foot suburban office property (the Omni Property), and a 49% non-affiliated interest in Metropolitan 919 3rd Avenue, LLC, owner of the property located at 919 Third Avenue, New York, NY. Limited partners minority interests in the Operating Partnership was approximately 3.1 % and 4.1% at March 31, 2006 and 2005, respectively.

At March 31, 2006, the Operating Partnership s investments in unconsolidated real estate joint ventures consisted of a 30% interest in the 1.4 million square foot Class A office tower located at One Court Square, Long Island City, NY (the Court Square JV), a 25%

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

interest in Reckson Australia Operating Company LLC, owner of a 20 suburban office property portfolio, located within the New York Tri-State Markets, containing approximately 2.8 million square feet (the Australian JV) and an approximate 5% indirect ownership interest in a 550,000 square foot office condominium in a Class A office tower located at 1166 Avenue of the Americas in New York, NY.

[Back to Contents](#)

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and footnotes thereto. Actual results could differ from those estimates.

Real Estate

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for ordinary maintenance and repairs are expensed to operations as they are incurred. Renovations and / or replacements, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases. Depreciation expense for each of the three month periods ended March 31, 2006 and 2005 amounted to approximately \$23.4 million and \$20.8 million, respectively.

We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on our net income. Should we lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

Assessment by us of certain other lease related costs must be made when we have a reason to believe that the tenant will not be able to execute under the term of the lease as originally expected.

On July 1, 2001 and January 1, 2002, we adopted Financial Accounting Standards Board (FASB) Statement No.141, Business Combinations and FASB Statement No. 142, Goodwill and Other Intangibles , respectively (Statement No. s 141 and 142). As part of the acquisition of real estate assets, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their fair values.

We allocate a portion of a property s purchase price to tangible assets including the fair value of the building and building improvements on an as-if-vacant basis and to land determined either by real estate tax assessments, independent appraisals or other relevant data. Additionally, we assess fair value of identified intangible assets and liabilities based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. If we incorrectly estimate the values at acquisition or the undiscounted cash flows, initial allocation of purchase price and future impairment charges may be different.

Long Lived Assets

We are required to make subjective assessments as to whether there are impairments in the value of our real estate properties and other investments. An investment s value is impaired only if management s estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the investment are less than the carrying value of the investment. Such assessments consider factors such as cash flows, expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred it will be measured as the excess of the carrying amount of the property over the fair value of the property. These assessments have a direct impact on our net income, as a recognition of an impairment results in an immediate negative adjustment to net income. In determining impairment, if any, we have followed FASB Statement No. 144, Accounting for the Impairment or Disposal of Long Lived Assets (Statement No. 144). Statement No. 144 did not have an impact on net income. Statement No. 144 only impacts the presentation of the results of operations and gains on sales of real estate assets for those properties sold during the period within the consolidated statements of income.

Cash Equivalents

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

We consider highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Tenants' lease security deposits aggregating approximately \$8.7 million and \$5.5 million at March 31, 2006 and December 31, 2005, respectively, have been included in cash and cash equivalents on the accompanying balance sheets.

[Back to Contents](#)

Deferred Costs

Tenant leasing commissions, lease incentives and related costs incurred in connection with leasing tenant space are capitalized and amortized over the life of the related lease. Tenanting costs recorded as tenant improvements are amortized and included in depreciation and amortization expense on our consolidated statements of income. In contrast, tenanting costs recorded as lease incentives are amortized against base rents on our consolidated statements of income.

Loan costs incurred in obtaining financing are capitalized and amortized over the term of the related loan.

Costs incurred in connection with equity offerings are charged to stockholders' equity when incurred.

Income Taxes

Commencing with its taxable year ended December 31, 1995, the Company elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (the "Code"). To qualify as a REIT, the Company must meet a number of organizational and operational requirements, including a requirement that it currently distribute at least 90% of its adjusted taxable income to its stockholders. It is management's current intention to adhere to these requirements and maintain the Company's REIT status. As a REIT, the Company generally will not be subject to corporate level income tax on taxable income it distributes currently to its stockholders. If the Company fails to qualify as a REIT in any taxable year, it will be subject to income taxes at regular corporate rates (including any applicable alternative minimum tax) and may not be able to qualify as a REIT for the subsequent four taxable years. Even if the Company qualifies as a REIT, the Company may be subject to certain state and local taxes, including tax on its income and property, and to federal income and excise taxes on its undistributed taxable income. In addition, taxable income from non-REIT activities managed through the Company's taxable REIT subsidiaries are subject to federal, state and local income taxes.

Revenue Recognition & Accounts Receivable

Minimum rental revenue is recognized on a straight-line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on the accompanying balance sheets. Contractually due but unpaid rents are included in tenant receivables on the accompanying balance sheets. Certain lease agreements also provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis. Ancillary and other property related income is recognized in the period earned.

We make estimates of the collectibility of our accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. We specifically analyze tenant receivables and historical bad debts, customer credit worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of our allowance for doubtful accounts. In addition, when tenants are in bankruptcy, we make estimates of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed a year. These estimates have a direct impact on our net income because a higher bad debt reserve results in less net income.

We incurred approximately \$270,000 and \$392,000 of bad debt expense and related costs related to tenant receivables during the three month periods ended March 31, 2006 and 2005, respectively, which accordingly reduced our total revenues and reported net income during those periods.

We record interest income on our investments in notes receivable on the accrual basis of accounting. We do not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors we consider in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Reckson Construction & Development LLC and Reckson Construction Group New York, Inc. use the percentage-of-completion method for recording amounts earned on their contracts. This method records amounts earned as revenue in the proportion that actual costs incurred to date bear to the estimate of total costs at contract completion.

Gain on the sale of real estate is recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale and us having no substantial continuing involvement with the buyer. Additionally, in connection with a sale of real estate, if we retain certain risks in the form of guarantees, the profit recognized on that sale shall be reduced and deferred by the maximum exposure to loss, until such exposure is relieved.

[Back to Contents](#)

Earnings Per Share

We follow the guidance provided for under FASB Statement No. 128, Earnings per Share (Statement No. 128) which replaced the calculation of primary and fully diluted earnings per share with basic and diluted earnings per share. Unlike primary earnings per share, basic earnings per share excludes any dilutive effects of options, warrants and convertible securities. Diluted earnings per share are very similar to the previously reported fully diluted earnings per share. The conversion of OP Units into common stock would not have a significant effect on per share amounts as the OP Units share proportionately with the common stock in the results of the Operating Partnership's operations.

Stock Options

In December 2002, the FASB issued Statement No. 148, Accounting for Stock-Based Compensation Transition and Disclosure (Statement No. 148). Statement No. 148 amends FASB Statement No. 123, Accounting for Stock-Based Compensation (Statement No. 123), to provide alternative methods of transition for an entity that voluntarily adopts the fair value recognition method of recording stock option expense.

On December 16, 2004, the FASB issued Statement No. 123 (revised 2004), Share-Based Payment (Statement No. 123R), which is a revision of Statement No. 123. Statement No. 123R supersedes Accounting Principles Board Opinion No. 25, Accounting for Stock Issued to Employees, and amends FASB Statement No. 95, Statement of Cash Flows. Generally, the approach in Statement No. 123R is similar to the approach described in Statement No. 123. However, Statement No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. We adopted Statement No. 123R on January 1, 2006. The adoption of Statement No. 123R did not have a material impact on our consolidated financial statements.

Effective January 1, 2002, we elected to follow Statement No. 123 and use the Black-Scholes option pricing model to estimate the value of stock options granted to employees and continue to use this acceptable option valuation model upon our required adoption of Statement No. 123R on January 1, 2006. Because Statement No. 123R must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted Statement No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for previously granted awards that were not recognized under Statement No. 123 would be recognized under Statement No. 123R. However, on January 1, 2006, the date we adopted Statement No. 123R, all of the unexercised options outstanding under our stock option plans were fully vested. As a result, no additional expense will be recognized. In addition, had we adopted Statement No. 123R in the prior period, there would be no impact on our consolidated financial statements.

Accumulated Other Comprehensive Income (Loss)

We report comprehensive income or loss in accordance with the provisions of FASB Statement No. 130, Reporting Comprehensive Income, which establishes standards for reporting comprehensive income and its components in the financial statements. The components of other comprehensive income (loss) (OCI) consist of unrealized gains and losses on derivative instruments. OCI is presented in the accompanying consolidated statements of stockholders' equity.

Derivative Instruments

FASB Statement No. 133, Accounting for Derivative Instruments and Hedging Activities (Statement No. 133), as amended, establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities.

The accounting for changes in the fair value of derivatives depends on the intended use of the derivative and the resulting designation. Derivatives used to hedge the exposure to changes in the fair value of an asset, liability, or firm commitment attributable to a particular risk, such as interest rate risk, are considered fair value hedges. Derivatives used to hedge the exposure to variability in expected future cash flows, or other types of forecasted transactions, are considered cash flow hedges.

As required by Statement No. 133, we record all derivatives on our balance sheet at fair value. For effective hedges, depending on the nature of the hedge, changes in the fair value of the derivative will be offset against the corresponding change in fair value of the hedged asset, liability, or firm commitment through earnings or recognized in OCI until the hedged item is recognized in earnings.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

For derivatives designated as cash flow hedges, the effective portion of changes in the fair value of the derivative is initially reported in OCI and subsequently reclassified to earnings when the hedged transaction affects earnings, and the ineffective portion of changes in the fair value of the derivative is recognized directly in earnings. We assess the effectiveness of each hedging relationship by comparing the changes in fair value or cash flows of the derivative hedging instrument with the changes in fair value or cash flows of the designated hedged item or transaction. For derivatives not designated as hedges, changes in fair value are recognized in earnings.

We do not enter into derivative financial instruments for trading or speculative purposes. However, in the normal course of our business and

[Back to Contents](#)

to help us manage our debt issuances and maturities, we do use derivative financial instruments in the form of cash flow hedges to protect ourselves against potentially rising interest rates.

Variable Interest Entities

In January 2003, the FASB issued Interpretation No. 46, Consolidation of Variable Interest Entities (FIN 46), which explains how to identify variable interest entities (VIEs) and how to assess whether to consolidate such entities. VIEs are primarily entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders lack adequate decision making ability. All VIEs which we are involved with must be evaluated to determine the primary beneficiary of the risks and rewards of the VIE. The primary beneficiary is required to consolidate the VIE for financial reporting purposes. The initial determination of whether an entity qualifies as a VIE shall be made as of the date at which a primary beneficiary becomes involved with the entity and reconsidered as of the date of a triggering event, as defined. The provisions of this interpretation are immediately effective for VIEs formed after January 31, 2003. In December 2003 the FASB issued FIN 46R, deferring the effective date until the period ended March 31, 2004 for interests held by public companies in VIEs created before February 1, 2003, which were non-special purpose entities. We adopted FIN 46R during the period ended March 31, 2004 and have determined that our unconsolidated subsidiaries do not represent VIEs pursuant to such interpretation. We will continue to monitor any changes in circumstances relating to certain of our consolidated and unconsolidated joint ventures which could result in a change in our consolidation policy.

Current pronouncements

In June 2005, the FASB ratified the consensus in EITF Issue No. 04-5, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights (Issue 04-5), which provides guidance in determining whether a general partner controls a limited partnership. Issue 04-5 states that the general partner in a limited partnership is presumed to control that limited partnership. The presumption may be overcome if the limited partners have either (1) the substantive ability to dissolve the limited partnership or otherwise remove the general partner without cause or (2) substantive participating rights, which provide the limited partners with the ability to effectively participate in significant decisions that would be expected to be made in the ordinary course of the limited partnership's business and thereby preclude the general partner from exercising unilateral control over the partnership. The adoption of Issue 04-5 by us for new or modified limited partnership arrangements is effective June 30, 2005 and for existing limited partnership arrangements effective January 1, 2006. We have evaluated the guidance provided for under Issue 04-5 and have concluded that we are not required to consolidate our current unconsolidated joint venture investments nor do we expect Issue 04-5 to have a material effect on our consolidated financial statements.

In May 2005, the FASB issued Statement No. 154, Accounting Changes and Error Corrections (Statement No. 154). Statement No. 154, which replaces APB Opinion No. 20, Accounting Changes and FASB Statement No. 3, Reporting Accounting Changes in Interim Financial Statements, changes the requirements for the accounting for and reporting of a change in accounting principle. The statement requires retrospective application of changes in accounting principle to prior periods' financial statements unless it is impracticable to determine the period-specific effects or the cumulative effect of the change. Statement No. 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. We adopted Statement No. 154 on January 1, 2006. The adoption of Statement No. 154 did not have a material impact on our consolidated financial position, results of operations or cash flows.

In March 2005, FASB issued Interpretation No. 47, Accounting for Conditional Asset Retirement Obligations (FIN 47), which became effective December 31, 2005. Under FIN 47, a conditional asset retirement obligation (CARO) must be recorded if the liability can be reasonably estimated. A CARO is an obligation that is settled at the time an asset is retired or disposed of and for which the timing and/or method of settlement are conditional on future events. We own certain properties that currently have asbestos which under certain conditions must be remediated. As a result of adopting FIN 47, we will increase the value of our recorded tangible assets at the time we recognize the associated conditional retirement obligation.

As a result, during 2005, we recorded approximately \$2.0 million which represents the fair value of the CARO related to asbestos removal in tenant spaces. In addition, for certain limited areas of our properties, management is unable to reasonably determine the fair value of potential remediation costs as there is an indeterminate settlement date for the asset retirement obligation because the range of time over which way we may choose to remediate this condition may not be estimated with any level of precision which would lend itself to a meaningful estimate.

Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation.

[Back to Contents](#)**3. MORTGAGE NOTES PAYABLE**

On January 6, 2006, we sold two of our suburban office properties; 6800 and 6900 Jericho Turnpike, Jericho, NY to the Australian JV, subject to their mortgage debt of approximately \$20.1 million. The Australian JV subsequently pre-paid the mortgage notes with proceeds from a new mortgage financing transaction.

Pursuant to the terms of the mortgage note encumbering the property located at 1350 Avenue of the Americas in New York, NY, the note was prepayable, without penalty, subsequent to March 31, 2006. On March 31, 2006, we satisfied the note and unencumbered the property by repaying the outstanding balance of approximately \$71.9 million with proceeds received from property sales and cash-on-hand.

At March 31, 2006, we had 12 fixed rate mortgage notes payable with an aggregate outstanding principal amount of approximately \$530.2 million. These mortgage notes are secured by properties with an aggregate cost basis at March 31, 2006 of approximately \$1.1 billion and which are pledged as collateral against the mortgage notes payable. In addition, approximately \$41.3 million of the \$530.2 million is recourse to the Company. The mortgage notes bear interest at rates ranging from 5.20% to 8.50%, and mature between 2006 and 2015. The weighted average interest rates on the outstanding mortgage notes payable at March 31, 2006 was approximately 7.1%.

Certain of the mortgage notes payable are guaranteed by the Company and/or certain limited partners in the Operating Partnership. In addition, consistent with customary practices in non-recourse lending, certain non-recourse mortgages may be recourse to the Company under certain limited circumstances including environmental issues and breaches of material representations.

The following table sets forth our mortgage notes payable at March 31, 2006, by scheduled maturity date (dollars in thousands):

Property		Principal Amount Outstanding	Interest Rate	Maturity Date	Amortization Term (Years)
Landmark Square, Stamford, CT	(a)	\$ 41,307	8.02	% October, 2006	25
100 Summit Lake Drive, Valhalla, NY		14,141	8.50	% April, 2007	15
333 Earle Ovington Blvd., Mitchel Field, NY	(b)	50,313	7.72	% August, 2007	25
810 Seventh Avenue, NY, NY	(c)	77,383	7.73	% August, 2009	25
275 Broadhollow Road, Melville, NY	(c)	15,060	7.73	% August, 2009	25
90 Merrick Avenue, East Meadow, NY	(c)	18,473	7.73	% August, 2009	25
580 White Plains Road, Tarrytown, NY	(d)	11,941	7.86	% September, 2010	25
520 Broadhollow Road, Melville, NY	(e)	11,869	5.20	% October, 2010	Interest Only
50 Marcus Avenue, Melville, NY	(e)	28,277	5.20	% October, 2010	Interest Only
1660 Walt Whitman Road, Melville, NY	(e)	11,386	5.20	% October, 2010	Interest Only
919 Third Avenue, NY, NY	(f)	237,480	6.87	% July, 2011	30
711 Westchester Avenue, White Plains, NY		12,525	5.36	% January, 2015	30 (g)
Total / Weighted average		\$ 530,155	7.09	%	

(a) Encompasses six Class A office properties.

(b) At March 31, 2006, we had a 60% general partnership interest in this property and our proportionate share of the aggregate principal amount of the mortgage was approximately \$30.2 million.

(c) These mortgages are cross-collateralized.

(d) The property subject to this mortgage is contracted to be sold to the Australian JV in October 2006.

(e) These mortgages are cross-collateralized by properties that are contracted to be sold, subject to the mortgages, to the Australian JV in October 2006.

(f) We have a 51% membership interest in this property and our proportionate share of the aggregate principal amount of the mortgage is approximately \$121.1 million.

(g) This mortgage note is interest only through January 2007 and then amortizes over a 30-year period.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

Scheduled principal repayments to be made during the next five years and thereafter, for mortgage notes payable outstanding at March 31, 2006, are as follows (in thousands):

	Principal Amortization	Due at Maturity	Total
	<hr/>	<hr/>	<hr/>
2006	\$ 7,866	\$40,402	\$48,268
2007	8,406	60,642	69,048
2008	7,370		7,370
2009	6,774	100,254	107,028
2010	4,665	62,105	66,770
Thereafter	3,236	228,435	231,671
	<hr/>	<hr/>	<hr/>
	\$ 38,317	\$491,838	\$530,155
	<hr/>	<hr/>	<hr/>

At March 31, 2006, our unconsolidated joint ventures had total indebtedness of approximately \$841.9 million, which was comprised of \$33.0 million of floating rate unsecured debt and approximately \$808.9 million of fixed rate mortgage indebtedness with a weighted average interest rate of approximately 5.4% and a weighted average maturity of approximately 9.4 years. Our aggregate pro-rata share of the unconsolidated joint venture debt was approximately \$181.5 million.

4. SENIOR UNSECURED NOTES

During March 2006, the Operating Partnership issued \$275.0 million aggregate principal amount of ten-year 6.00% senior unsecured notes. Interest on the notes will be payable semi-annually on May 15 and November 15, commencing May 15, 2006. Prior to the issuance of these notes, we entered into an anticipatory interest rate hedge instrument to protect ourselves against potentially rising interest rates. At the time the notes were issued, this instrument was settled and we received a net benefit of approximately \$490,000. Such benefit has been recorded to OCI and is being amortized as a yield adjustment to the fixed rate notes. The net proceeds from the offering, after the underwriter's discounts and expenses, were approximately \$272.5 million and were used for the repayment of amounts outstanding under our term loan. (See Note 5)

At March 31, 2006, the Operating Partnership had outstanding approximately \$1.25 billion (net of unamortized issuance discounts) of senior unsecured notes (the Senior Unsecured Notes). The following table sets forth the Operating Partnership's Senior Unsecured Notes and other related disclosures by scheduled maturity date (dollars in thousands):

Issuance	Face Amount	Coupon Rate	Term (in Years)	Maturity
	<hr/>	<hr/>	<hr/>	<hr/>
June 17, 2002	\$50,000	6.00	% 5	June 15, 2007
August 27, 1997	150,000	7.20	% 10	August 28, 2007
March 26, 1999	200,000	7.75	% 10	March 15, 2009
January 22, 2004	150,000	5.15	% 7	January 15, 2011
August 13, 2004	150,000	5.875	% 10	August 15, 2014
March 31, 2006	275,000	6.00	% 10	March 31, 2016
June 27, 2005	287,500	4.00	% 20	June 15, 2025 (a)
	<hr/>			
	\$1,262,500			
	<hr/>			

(a) Exchangable senior debentures which are callable after June 17, 2010 at 100% of par. In addition, the debentures can be put to us, at the option of the holder at par, on June 15, 2010, 2015 and 2020.

Interest on the Senior Unsecured Notes is payable semiannually with principal and unpaid interest due on the scheduled maturity dates. In addition, certain of the Senior Unsecured Notes were issued at discounts aggregating approximately \$8.6 million. Such discounts are being amortized to interest expense over the term of the Senior Unsecured Notes to which they relate. Through

March 31, 2006, approximately \$956,000 of the aggregate discounts have been amortized.

5. UNSECURED CREDIT FACILITY AND TERM LOAN

We currently maintain our \$500 million Credit Facility with JPMorgan Chase Bank, as administrative agent, Wells Fargo Bank, National Association as syndication agent and Citicorp, North America, Inc. and Wachovia Bank, National Association as co-documentation agents. The Credit Facility matures in August 2008, provides for a one-year extension subject to a fee of 25 basis points and, upon receiving additional lender commitments, for an increase to the maximum revolving credit amount to \$750 million. In addition, borrowings under the Credit Facility accrue interest at a rate of LIBOR plus 80 basis points and the Credit Facility carries a facility fee of 20 basis points per annum. In the event of a change in the Operating Partnership's senior unsecured credit ratings the interest rates and facility fee are subject to change. At March 31, 2006, the outstanding borrowings under the Credit Facility aggregated \$180.0 million and carried a weighted

[Back to Contents](#)

average interest rate of 5.46% per annum.

We utilize the Credit Facility primarily to finance real estate investments, fund our real estate development activities and for working capital purposes. At March 31, 2006, we had availability under the Credit Facility to borrow approximately an additional \$319.9 million, subject to compliance with certain financial covenants. Such amount is net of approximately \$100,000 in an outstanding undrawn standby letter of credit, which is issued under the Credit Facility.

In connection with the acquisition of certain properties, contributing partners of such properties have provided guarantees on certain of our indebtedness. As a result, we maintain certain minimum outstanding balances on our Credit Facility.

On January 13, 2006, we obtained a \$250.0 million term loan (the Term Loan) from Goldman Sachs Mortgage Company. The Term Loan was for an initial period of three months and had terms, including interest rates and financial covenants, substantially similar to our Credit Facility. Proceeds from the Term Loan were used to repay outstanding borrowings under our Credit Facility. On March 31, 2006, in conjunction with net proceeds received from the issuance of Senior Unsecured Notes, we repaid the entire amount outstanding under the Term Loan. As a result, the Term Loan has been retired and is no longer available for borrowings thereunder.

6. COMMERCIAL REAL ESTATE INVESTMENTS

In May 2005, we acquired a 1.4 million square foot, 50-story, Class A office tower located at One Court Square, Long Island City, NY. On November 30, 2005, we sold a 70% joint venture interest in One Court Square to certain institutional funds advised by JPMorgan Investment Management (the JPM Investor). The operating agreement of the Court Square JV requires approvals from members on certain decisions including annual budgets, sale of the property, refinancing of the property's mortgage debt and material renovations to the property. In addition, after September 20, 2009 the members each have the right to recommend the sale of the property, subject to the terms of the mortgage debt, and to dissolve the Court Square JV. We have evaluated the impact of FIN 46R on our accounting for the Court Square JV and have concluded that the Court Square JV is not a VIE. We account for the Court Square JV under the equity method of accounting. We have also evaluated and determined that under Issue 04-5 the JPM Investor has substantive participating rights in the ordinary course of the Court Square JV's business. In accordance with the equity method of accounting, our proportionate share of the Court Square JV income was approximately \$42,600 for the three months ended March 31, 2006.

On May 26, 2005, we entered into a contract to sell approximately 60 acres of land located in Chatham Township, NJ for up to approximately \$30.0 million, which will be based upon a final approved site plan. The sale is contingent upon due diligence, environmental assessment, final re-zoning and other customary approvals. There can be no assurances that any of the aforementioned contingences will be achieved and the sale ultimately completed.

On August 18, 2005, we entered into (i) an underwriting agreement relating to the public offering in Australia of approximately A\$263.0 million (approximately US\$202.0 million) of units (LPT Units) in a newly-formed Reckson-sponsored Australian listed property trust, Reckson New York Property Trust (Reckson LPT), a newly-formed listed property trust which is traded on the Australian Stock Exchange and (ii) contribution and sale agreements pursuant to which, among other things, we agreed to transfer 25 of our properties for an aggregate purchase price of approximately \$563.0 million and containing an aggregate of 3.4 million square feet, in three separate tranches, to the Australian JV in exchange for a 25% interest in the Australian JV and approximately \$502.0 million in cash (inclusive of proceeds from mortgage debt to be assumed by the Australian JV). On September 21, 2005, Reckson LPT completed its public offering and the closing of the first of three tranches (Tranche I) of this transaction.

In connection with the Tranche I closing, the Australian JV acquired from us 17 of our suburban office properties containing approximately 2.0 million square feet for approximately \$367.0 million (including the assumption of approximately \$196.1 million in mortgage debt which had been incurred by us in August 2005 see Note 2). In return, we received a 25% interest in the Australian JV and approximately \$128.1 million in cash resulting in an aggregate gain of approximately \$103.6 million. As discussed below relating to certain guarantees we have made, approximately \$18 million of the aggregate gain has been deferred to future periods pursuant to Statement No. 66 to coincide with the release of the guarantees. As a result, gains on sales of real estate reported in 2005, related to the Tranche I closing was approximately \$82.7 million, net of limited partners' minority interest. Approximately \$22.0 million of the cash received was used to repay certain of our secured mortgage indebtedness on September 30, 2005 and approximately \$105.7 million of the cash received was used to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Code (a Section 1031 Exchange). A Section 1031 Exchange allows for the deferral of taxes related to the gain attributable to the sale of property if a qualified replacement property is identified within 45 days and such qualified replacement property is acquired within 180 days from the initial sale. On October 7, 2005 we acquired a qualified replacement property for purposes of this Section 1031 Exchange and thereby deferred a portion of the tax gain from the Tranche I sale.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In connection with the foregoing, on September 21, 2005, Reckson Australia Holdings LLC (Reckson Holdings), a wholly-owned subsidiary of the Operating Partnership, and Reckson Australia LPT Corporation (LPT REIT), a U.S. real estate investment trust which is wholly-owned by Reckson LPT, entered into the Amended and Restated Limited Liability Company Agreement governing the Australian JV (the Operating Agreement). Pursuant to the Operating Agreement, LPT REIT holds a 75% interest in, and acts as the managing member for, the Australian JV, and Reckson Holdings holds a 25% non-managing member interest therein. The Operating Agreement provides that, if at any time additional capital contributions are made to the Australian JV, Reckson Holdings will have a right to make additional capital contributions up to an amount necessary to maintain its 25% interest therein on the same terms and conditions as such other capital

[Back to Contents](#)

contributions.

As the managing member of the Australian JV, LPT REIT has the sole responsibility for managing its business and affairs on a day-to-day basis, other than with respect to certain identified major decisions, including but not limited to a merger or consolidation involving the Australian JV, a disposition of all or substantially all of its assets, or the liquidation or dissolution of the Australian JV. Such major decisions require the prior written consent of a majority of the non-managing members. As a result of the foregoing, we are accounting for our 25% non-managing member interest in the Australian JV under the equity method of accounting. In accordance with the equity method of accounting, our proportionate share of the Australian JV's income was approximately \$231,000 for the three months ended March 31, 2006.

On January 6, 2006, Reckson LPT completed the second Tranche of this transaction (Tranche II) whereby the Australian JV acquired three of our suburban office properties: 6800 and 6900 Jericho Turnpike, Jericho, NY and 710 Bridgeport Avenue, Shelton, CT, (the Tranche II Properties) aggregating approximately 761,000 square feet for approximately \$84.6 million, including the assignment of approximately \$20.1 million of mortgage debt. As a result, gains on sales of real estate related to Tranche II is approximately \$34.3 million, net of limited partners' minority interest. Approximately \$25.1 million of sales proceeds was used to establish an escrow account for the purpose of a future Section 1031 Exchange. Such amount is included in prepaid expenses and other assets on our consolidated balance sheet. The balance of the cash proceeds was used to fund our development activities and for general corporate purposes. There can be no assurances that we will be able to identify and acquire qualified replacement properties within the required time frames under a Section 1031 Exchange, in which case we would not receive the tax benefit of such an exchange.

The Tranche III closing (Tranche III), consisting of five of our suburban office properties valued at approximately \$111.8 million, is scheduled to close in October 2006 and will include the assumption by the Australian JV of approximately \$51.5 million of existing mortgage debt. The Tranche III closing is subject to customary closing conditions and the Tranche III Properties consist of: 520 Broadhollow Road, 50 Marcus Avenue, 1660 Walt Whitman Road, all of which are located in Melville, NY, 580 White Plains Road, Tarrytown, NY and 300 Executive Park Drive, West Orange, NJ.

Our Service Companies provide asset management, property management, leasing, construction and other services to the Australian JV and affiliates of ours are entitled to transaction fees and ongoing fees for providing services to the Australian JV. During the three months ended March 31, 2006, we earned and received approximately \$819,000 in transaction related fees and approximately \$894,000 of ongoing fees from the Australian JV. Such amounts are included in investment income and other on our consolidated statements of income. In addition, we also formed Reckson Australia Management Limited (RAML), a wholly owned subsidiary, that will manage Reckson LPT and serve as its Responsible Entity. The Responsible Entity will be managed by a six member board that includes three independent directors domiciled in Australia and three of the Company's executive officers. To address and mitigate any potential conflicts of interest with Reckson LPT or its affiliates the Company has adopted the following policies: (i) all transactions between the Company and Reckson LPT or its affiliates shall require the approval of a majority of the independent directors of both the Company and Reckson LPT, (ii) executive officers and directors of the Company are prohibited from owning equity in Reckson LPT, and (iii) the adoption of an express policy which mandates that property services and leasing decisions shall be made without regard to the Company's percentage ownership of any property.

Under the Operating Agreement, Reckson Holdings will have the right, beginning September 21, 2007, to require LPT REIT to redeem all or a portion of Reckson Holdings' membership interest in the Australian JV for cash or, at LPT REIT's option, shares of LPT REIT's common stock (which may be exchanged for LPT Units) on a one-for-one basis. Reckson Holdings also has the right to cause the liquidation of the Australian JV in the event that RAML is replaced as Reckson LPT's Responsible Entity. In addition, the Operating Agreement contains a right of first refusal granting Reckson Holdings the right to acquire any asset of the Australian JV, at fair market value, in the event of an attempted sale of such asset or the exercise of Reckson Holdings' right to liquidate the Australian JV.

In connection with the Tranche I closing, on September 21, 2005, the Company, the Australian JV and LPT REIT entered into an Option Agreement (the Option Agreement) pursuant to which we granted the Australian JV options to acquire ten additional properties from the Operating Partnership over a two year period, beginning January 1, 2006. The properties contain an aggregate of approximately 1.2 million square feet and will be priced based on the fair market value. The Option Agreement contains a right of first refusal granting the Australian JV the right to acquire any option property from Reckson in the event we receive, and are amenable to, an offer from a third party to purchase such option property. The Option Agreement will terminate under certain circumstances, including if (i) the Australian JV sends notice of its intent to exercise its option but fails to close as obligated, (ii) the Australian JV is in default under the Option Agreement, the contribution agreement or the sale agreement or (iii) RAML or an affiliate of ours is no longer the Responsible Entity of Reckson LPT.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In connection with the mortgage indebtedness securing nine of the Tranche I properties, which were transferred to the Australian JV on September 21, 2005, and three of the Tranche III properties scheduled to be transferred to the Australian JV during October 2006, we have guaranteed to the lender certain customary non-recourse carve-outs, as well as certain obligations relating to the potential termination of a number of leases at four of these properties. We have also guaranteed to the lender certain capital requirements related to these properties. We will be relieved of the customary non-recourse carve-outs and capital requirements upon transfer of the respective properties to the Australian JV and the Australian JV meeting a net worth test of at least \$100.0 million. We will be relieved of all but two of the lease related obligations upon transfer of the respective properties to the Australian JV and the Australian JV meeting a net worth test of at least \$200.0 million. The Australian JV has agreed to indemnify us for any loss, cost or damage it may incur pursuant to our guaranty of these obligations. As of March 31, 2006, the Australian JV met the \$100.0 million net worth threshold and there remain approximately

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

\$18 million of aggregate guarantees outstanding.

In accordance with FASB Statement No. 144, the assets and liabilities of the properties transferred and to be transferred, excluding the option properties, to the Australian JV are classified as held for sale on our consolidated balance sheets, for all periods presented.

During September 2005, we entered into a letter of intent with an entity owned by the owner of the New York Islanders professional hockey team to enter into a 50 / 50 joint venture to potentially develop over five million square feet of office, residential, retail and hotel space located on 77 acres in the Mitchel Field, Long Island sub-market in and around Nassau County's Veterans Memorial Coliseum where we are currently the largest owner of office properties. In March 2006, the joint venture was selected by the County Executive for the development of the 77 acre site. The development remains subject to certain conditions and governmental approvals, including legislative, zoning and other customary approvals. In addition, there can be no assurances that we will enter into the aforementioned joint venture, that all applicable conditions will be satisfied or that all required approvals can be obtained.

On March 7, 2006, we sold our 354,000 square foot office building in Orlando, Florida for aggregate consideration of approximately \$70.0 million which resulted in a gain of approximately \$9.3 million, net of limited partners' minority interest. Such gain is reflected as a component of discontinued operations on our consolidated statements of income. This non-core real estate holding was acquired in May 1999 in connection with our initial New York City portfolio acquisition. Net proceeds from the sale were used to establish an escrow account with a qualified intermediary for a future Section 1031 Exchange. Such amount is included in prepaid expenses and other assets on our consolidated balance sheet. There can be no assurances that we will be able to identify and acquire qualified replacement properties within the required time frames under a Section 1031 Exchange, in which case we would not receive the tax benefit of such an exchange.

On March 31, 2006, we sold a 161,000 square foot office building located in Westchester County for \$35.3 million. Sales proceeds received were used for the repayment of the mortgage note encumbering the property located at 1350 Avenue of the Americas in New York, NY. This non-core real estate holding was acquired in December 2005 as part of a 14 office property portfolio acquisition.

On March 31, 2006, a group of institutional investors led by JPMorgan Investment Management, our joint venture partner in the Court Square JV and the property located at 919 Third Avenue, NY purchased our option to acquire the existing minority partners' 40% partnership interest in the Omni Property for net proceeds of approximately \$9.0 million. Such proceeds have been included in investment income and other on our consolidated statements of income. In connection with this transaction, the original minority partner repaid to us approximately \$22.1 million representing amounts due under a note receivable which was secured by their interest in the Omni Property. Such aggregate proceeds to us of approximately \$31.2 million were used for the repayment of the mortgage note encumbering the property located at 1350 Avenue of the Americas in New York, NY. At March 31, 2006, the Omni Property was approximately 96% leased.

As of March 31, 2006, we owned and operated 94 office properties (inclusive of twenty-six office properties owned through joint ventures) comprising approximately 19.3 million square feet and eight flex properties (inclusive of two flex properties owned through joint ventures) comprising approximately 863,000 square feet located in the New York Tri-State Markets.

We also own certain land parcels throughout our markets in the New York Tri-State Markets which we hold for current and future development (the Development Parcels). We recently completed the ground-up development on one of the Development Parcels of a 305,000 square foot Class A office building which commenced in July 2004 and is located within our existing three building executive office park in Melville, NY with a total investment of approximately \$64.0 million. During July 2005, we commenced the ground-up development on one of the Development Parcels of a 37,000 square foot Class A retail property located within our existing six building Landmark Square office park in Stamford, Connecticut. In August 2005, we recommenced the ground-up development of one of the Development Parcels of a 313,000 square foot Class A office building located within our existing three building office park located in Princeton, NJ. Further, one of the Development Parcels, aggregating approximately 4.1 acres, is classified as held for sale on our balance sheets and is expected to close during September 2006 for aggregate consideration of \$2.0 million. Excluding the foregoing, at March 31, 2006 our inventory of Development Parcels aggregated approximately 305 acres of land in 9 separate parcels in which we had invested approximately \$121.9 million. In addition, as previously discussed, in May 2005, we entered into a contract to sell approximately 60 acres of vacant land in Chatham Township, NJ, subject to a change in zoning and other conditions. There can be no assurances that such conditions will be met or that the transaction will be consummated.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Management has made subjective assessments as to the value and recoverability of our investments in the Development Parcels based on current and proposed development plans, market comparable land values and alternative use values. Based on these assessments, we believe there is no impairment to the carrying value of the Development Parcels. We are currently evaluating alternative land uses for certain of the remaining Development Parcels to realize their highest economic value. These alternatives may include rezoning certain Development Parcels from commercial to residential for potential disposition.

Discontinued Operations

At March 31, 2006, we had identified five of our operating properties and one parcel of land as held for sale in accordance with Statement No. 144. We have classified the assets and liabilities for these properties and parcel of land at March 31, 2006 and December 31, 2005 on our consolidated balance sheets as held for sale. In addition, where we will not have a continuing interest in their operations, we have classified their results of operations, for all periods presented, as discontinued operations on our consolidated statements of income.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

In addition, during 2006 we sold two of our operating properties. We have classified the assets and liabilities for these properties at December 31, 2005 on our consolidated balance sheet as held for sale. In addition, we have classified their results of operations, for all periods presented, and gains from their sales, as discontinued operations on our consolidated statements of income.

The following table sets forth those assets and liabilities classified on our balances sheets as held for sale (in thousands):

	<u>March 31, 2006</u>		<u>December 31, 2005</u>	
	<u>Assets</u>	<u>Liabilities</u>	<u>Assets</u>	<u>Liabilities</u>
<u>Properties held for sale at March 31, 2006:</u>				
The Australian JV Tranche III Properties	\$66,122	\$63,955	\$66,558	\$64,015
Land parcel located in Long Island, New York	1,129		1,123	
<u>Properties sold during 2006:</u>				
The Australian JV Tranche II Properties			35,182	20,311
One operating property located in Westchester County, New York (a)			31,977	190
One Orlando Centre located in Orlando, Florida			59,457	56
Totals	<u>\$67,251</u>	<u>\$63,955</u>	<u>\$194,297</u>	<u>\$84,572</u>

The following table sets forth the income from discontinued operations and the related net gains on sales of real estate for those properties sold during the three month periods ended March 31, 2006 and 2005 (in thousands and net of minority and limited partners interests):

	<u>Three months ended March 31,</u>	
	<u>2006</u>	<u>2005</u>
<u>Income (loss) from discontinued operations:</u>		
310 / 333 East Shore Road, Great Neck, New York	\$	\$96
48 Harbor Park Drive, Port Washington, New York		63
100 Wall Street, New York, New York		1,564

Total gains on sales of real estate discontinued operations	<u>9,286</u>	<u></u>
Total discontinued operations	<u>\$10,156</u>	<u>\$2,070</u>

(a) Property acquired December 2005.

(b) Property's cost basis was equivalent to the sales price resulting in no gain or loss.

[Back to Contents](#)*Note Receivable Investments*

On March 30, 2006, we advanced approximately \$14.2 million under three separate loan agreements which are secured by certain flex properties, aggregating approximately 450,000 square feet, located in Nassau County, Long Island and in part by a personal guarantee of an affiliate of the borrower. These loans have an initial weighted average interest rate of 15.3% and mature on April 1, 2008. In addition, the loans are not prepayable, without penalty, prior to October 1, 2007.

On March 31, 2006, as discussed above, we were repaid approximately \$22.1 million, including accrued interest, under a 12.0% per annum, \$17.0 million note receivable investment which was secured by a minority partnership interest in the Omni Property.

At March 31, 2006, we had invested approximately \$93.4 million in mezzanine loans and approximately \$55.3 million in a participating loan investment. In general these investments are secured by a pledge of either a direct or indirect ownership interest in the underlying real estate or leasehold, other guaranties, pledges and assurances.

The following table sets forth the terms of the mezzanine loans at March 31, 2006 (in thousands):

Property	Amount	Interest Rate	Funding	Maturity
Long Island office portfolio	\$ 8,031	9.00	% Mar., 2005	Apr., 2010 (a)
Long Island office portfolio	20,356	9.00	% Mar., 2005	Apr., 2012 (a)
72 Madison Avenue, NY, NY (b)	10,000	20.00	% Oct., 2005	Oct., 2007
1166 Avenue of the Americas, NY, NY (c)	25,000	17.50	% Nov., 2005	Nov., 2009
100 Wall Street, NY, NY	30,000	15.00	% Dec., 2005	Dec., 2007
	<u>\$ 93,387</u>			

(a) Prepayable without penalty after 18 months from initial funding.

(b) In addition to this mortgage loan, Reckson Construction and Development, LLC (RCD) entered into a development agreement with the owner of the property to perform certain predevelopment, development and / or other services with respect to the property. In exchange for its services, RCD will receive a development fee of \$2.0 million which is payable in equal monthly installments over a two-year period.

(c) Junior mezzanine loan secured by interests in a 550,000 square foot condominium interest.

Our \$55.3 million participating loan investment was funded in May 2005 and is secured by an indirect interest in a 550,000 square foot condominium in a Class A office tower located at 1166 Avenue of the Americas, New York, NY. The loan accrues interest compounded at 9.0% and pays interest at an annual rate of 6.0% through March 2010, 8.5% thereafter through March 2015 and 11.0% thereafter through maturity in 2020. The loan is pre-payable only under certain circumstances and, in any case, not before 2009. Upon a capital event related to the indirect interest in the property which secures the loan, we are entitled to participate in 30% of the net proceeds derived from such capital event.

As of March 31, 2006, we held one other note receivable, which aggregated \$1.0 million and carried an interest rate of 10.50% per annum (the Other Note) and collectively with the loans advanced during March 2006, our mezzanine loans and preferred loan investment (the Note Receivable Investments). The Other Note matures on January 31, 2010 and is secured in part by a minority partner s preferred unit interest in the Operating Partnership.

As of March 31, 2006, management has made subjective assessments as to the underlying security value on the Note Receivable Investments. Based on these assessments, we believe there is no impairment to their carrying value.

[Back to Contents](#)**7. STOCKHOLDERS EQUITY**

Basic net income per share on the Company's common stock was calculated using the weighted average number of shares outstanding of 83,068,082 and 81,100,109 for the three months ended March 31, 2006 and 2005, respectively.

The following table sets forth our reconciliation of numerators and denominators of the basic and diluted net income per weighted average common share and the computation of basic and diluted net income per weighted average share for the Company's common stock (in thousands except for earnings per share data):

	Three Months Ended March 31,	
	2006	2005
Numerator:		
Income before discontinued operations	\$47,586	\$15,286
Discontinued operations (net of share applicable to limited partners and minority interests)	10,156	2,070
Numerator for basic and diluted earnings per common share	<u>\$57,742</u>	<u>\$17,356</u>
Denominator:		
Denominator for basic earnings per share - weighted average common shares	83,068	81,100
Effect of dilutive securities: Common stock equivalents	516	421
Denominator for diluted earnings per common share - adjusted weighted average shares and assumed conversions	<u>83,584</u>	<u>81,521</u>
Basic earnings per weighted average common share:		
Income from continuing operations	\$.17	\$.18
Gains on sales of real estate	.41	
Discontinued operations	.12	.03
Net income per common share	<u>\$.70</u>	<u>\$.21</u>
Diluted earnings per weighted average common share:		
Income from continuing operations	\$.15	\$.18
Gains on sales of real estate	.42	
Discontinued operations	.12	.03
Net income per common share	<u>\$.69</u>	<u>\$.21</u>

In calculating diluted net income per weighted average common share, the Company takes into consideration any security that may be potentially dilutive with respect to its common stock. For all periods presented, securities considered to be potentially dilutive include, to the extent outstanding, stock option grants and convertible debentures. OP Units have a distribution rate equivalent to a share of common stock and are convertible into common stock on a one for one basis. As such, OP Units are not dilutive with respect to the common stock.

A Class A OP Unit and a share of common stock have similar economic characteristics as they effectively share equally in the net income or loss and distributions of the Operating Partnership. As of March 31, 2006, the Operating Partnership had issued and outstanding 1,552,133 Class A OP Units and 465,845 Class C OP Units. The Class A OP Units and the Company's common stock currently receive a quarterly distribution of \$0.4246 per unit/share. The Class C OP Units were issued in August 2003 in connection

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

with the contribution of real property to the Operating Partnership and currently receive a quarterly distribution of \$0.4664 per unit. Subject to certain holding periods, OP Units may either be redeemed for cash or, at the election of the Company, exchanged for shares of common stock on a one-for-one basis.

During June 2005, the Operating Partnership issued \$287.5 million aggregate principal amount of 4.00% exchangeable senior debentures due June 15, 2025. The debentures were issued at 98% of par and are exchangeable for shares of common stock of the Company on or after June 15, 2024 at an initial exchange rate of 24.6124 common shares per \$1,000 of principal amount of debentures. The debentures are also exchangeable: (i) if the market price of our common stock over a specified period of time is more than 125% of the exchange price per share then in effect; (ii) if the trading price of the debentures over a specified period of time is less than 98% of the product of the closing price of our shares multiplied by the applicable exchange rate; (iii) during a specified period of time, for any debentures that have been called for redemption; (iv) under certain circumstances, upon the occurrence of a distribution to holders of our shares of (a) rights to purchase our common stock at a price below the market price of our shares or (b) assets, debt securities or rights to purchase our securities or securities of the Operating Partnership that have a per share value exceeding 10% of the market price of our shares; or (v) if our common stock is not listed on a national or regional securities exchange or quoted on NASDAQ for 30 consecutive trading days.

[Back to Contents](#)

The initial exchange price of \$40.63 represents a premium of approximately 25% to the closing price of the Company's common stock on the issuance date of \$32.50 per share. If exchanged in accordance with their terms, the debentures will be settled in cash up to their principal amount and any remaining exchange value will be settled, at our option, in cash, the Company's common stock or a combination thereof. In accordance with the exchange rate terms of the debentures the Company has reserved approximately 8.8 million shares of its authorized common stock, \$.01 par value, for potential future issuance upon the exchange of the debentures. Such amount is based on an exchange rate of 30.7692 common shares per \$1,000 of principal amount of debentures. Although we have reserved these shares pursuant to the exchange rate terms, we believe the issuance of our shares, if any, would be significantly less than 8.8 million shares. The debentures are guaranteed by the Company. We have the option to redeem the debentures beginning June 18, 2010 for the principal amount plus accrued and unpaid interest. Holders of the debentures have the right to require us to repurchase their debentures at 100% of the principal amount thereof plus accrued and unpaid interest on June 15, 2010, June 15, 2015 and June 15, 2020 or, in the event of certain change in control transactions, prior to June 15, 2010.

The limited partners' minority interest in the Operating Partnership (Limited Partner Equity), which is reflected on the accompanying balance sheets, is reported at an amount equal to the limited partners' ownership percentage of the net equity of the Operating Partnership at the end of the reporting period. The Limited Partner Equity is adjusted at the end of the period to reflect the ownership percentages at that time. The Limited Partner Equity was approximately 3.1% and 4.1% at March 31, 2006 and 2005, respectively.

During the three month period ended March 31, 2006, 85,083 shares of the Company's common stock were issued in connection with the exercise of outstanding options to purchase stock under its stock option plans resulting in proceeds to us of approximately \$2.1 million. In addition, during February 2006, a limited partner in the Operating Partnership exchanged 17,009 OP Units for an equal number of shares of the Company's common stock.

The Board of Directors of the Company initially authorized the purchase of up to 5.0 million shares of the Company's common stock. Transactions conducted on the New York Stock Exchange have been, and will continue to be, effectuated in accordance with the safe harbor provisions of the Securities Exchange Act of 1934 and may be terminated by the Company at any time. Since the Board's initial authorization, the Company has purchased 3,318,600 shares of its common stock for an aggregate purchase price of approximately \$71.3 million. In June 2004, the Board of Directors re-set the Company's common stock repurchase program back to 5.0 million shares. No purchases have been made since March 2003.

The Operating Partnership has issued and outstanding 1,200 preferred units of limited partnership interest with a liquidation preference value of \$1,000 per unit and a stated distribution rate of 7.0%, which is subject to reduction based upon terms of their initial issuance (the Preferred Units). The terms of the Preferred Units provide for this reduction in distribution rate in order to address the effect of certain mortgages with above market interest rates which were assumed by the Operating Partnership in connection with properties contributed to the Operating Partnership in 1998. As a result of the aforementioned reduction, there are currently no distributions being made on the Preferred Units.

In July 2002, as a result of certain provisions of the Sarbanes-Oxley Act of 2002, we discontinued the use of stock loans in our Long Term Incentive Programs (LTIP). In connection with LTIP grants made prior to the enactment of the Sarbanes-Oxley Act of 2002, we currently have stock loans outstanding to certain executive officers which were used to purchase 385,000 shares of our common stock. The stock loans were priced at the market prices of our common stock at the time of issuance, bear interest at the mid-term Applicable Federal Rate and are secured by the shares purchased. Such stock loans (including accrued interest) are scheduled to vest and be ratably forgiven each year on the anniversary of the grant date based upon initial vesting periods ranging from seven to ten years. Such forgiveness is based on continued service and in part on the Company attaining certain annual performance measures. These stock loans had an initial aggregate weighted average vesting period of approximately nine years. As of March 31, 2006, there remains 149,714 shares of common stock subject to the original stock loans which are anticipated to vest between 2006 and 2011. Approximately \$802,000 and \$528,000 of compensation expense (inclusive of cash payments in respect of taxes payable by the borrower resulting from such forgiveness) was recorded for each of the three month periods ended March 31, 2006 and 2005, respectively, related to these loans. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income.

The outstanding stock loan balances due from executive officers aggregated approximately \$3.2 million and \$3.8 million at March 31, 2006 and December 31, 2005, respectively, and have been included as a reduction of additional paid in capital on the accompanying consolidated balance sheets. Other outstanding loans to executive and senior officers at March 31, 2006 and December 31, 2005 amounted to approximately \$1.9 million and \$2.5 million, respectively, and are included in investments in affiliate loans and joint ventures on the accompanying consolidated balance sheets and are primarily related to tax payment advances on stock compensation awards and life insurance contracts made to certain executive and non-executive officers.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In November 2002 and March 2003, an award of rights was granted to certain executive officers of the Company (the 2002 Rights and 2003 Rights , respectively, and collectively, the Rights). Each Right represents the right to receive, upon vesting, one share of common stock if shares are then available for grant under one of the Company s stock option plans or, if shares are not so available, an amount of cash equivalent to the value of such stock on the vesting date. The 2002 Rights vest in four equal annual installments beginning on November 14, 2003 (and shall be fully vested on November 14, 2006). The 2003 Rights were earned on March 13, 2005 and vest in three equal annual installments beginning on March 13, 2005 (and shall be fully vested on March 13, 2007). Dividends on the shares will be held by the Company until such shares become vested, and will be distributed thereafter to the applicable officer. The 2002 Rights also entitle

[Back to Contents](#)

the holder thereof to cash payments in respect of taxes payable by the holder resulting from the 2002 Rights. The 2002 Rights aggregate 62,835 shares of the Company's common stock and the 2003 Rights aggregate 26,040 shares of common stock. As of March 31, 2006, there remains 15,709 shares of common stock reserved related to the 2002 Rights and 8,682 shares of common stock reserved related to the 2003 Rights. Approximately \$120,000 and \$104,000 of compensation expense was recorded for each of the three month periods ended March 31, 2006 and 2005, respectively, related to the Rights. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income.

In March 2003, the Company established a new LTIP for its executive and senior officers (the 2003 LTIP). The four-year plan has a core award, which provides for annual stock based compensation based upon continued service and in part based on the Company attaining certain annual performance measures. The plan also has a special outperformance component in the form of a bonus pool equal to 10% of the total return in excess of a 9% cumulative and compounded annual total return on the Company's common equity for the period through the four-year anniversary after the date of grant (the Special Outperformance Pool). The aggregate amount payable to such officers from the Special Outperformance Pool is capped at an amount calculated based upon a total cumulative and compounded annual return on the common equity of 15%. An officer's special outperformance award represents an allocation of the Special Outperformance Pool and will become vested on the fourth anniversary of the date of grant, provided that the officer remains in continuous employment with the Company or any of its affiliates until such date, and the Company has achieved on a cumulative and compounded basis, during the four fiscal years completed on the applicable anniversary date, a total return to holders of the common equity that (i) is at or above the 60th percentile of the total return to stockholders achieved by members of the peer group during the same period and (ii) equals at least 9% per annum. Special outperformance awards will be paid in cash; however, the Compensation Committee, in its sole discretion, may elect to pay such an award in shares of common stock, valued at the date of vesting, if shares are available at such time under any of the Company's existing stock option plans. The LTIP provides that no dividends or dividend equivalent payments will accrue with respect to the special outperformance awards. On March 13, 2003, the Company made available 827,776 shares of its common stock under its existing stock option plans in connection with the core award of the 2003 LTIP for certain of its executive and senior officers. During May 2003, the special outperformance awards of the 2003 LTIP were amended to increase the per share base price above which the four year cumulative return is measured from \$18.00 to \$22.40.

The Board of Directors approved an amendment to the 2003 LTIP to revise the peer group used to measure relative performance. The amendment eliminated the mixed office and industrial companies and added certain other pure office companies in order to revise the peer group to office sector companies. The Board has also approved the revision of the performance measurement dates for future vesting under the core component of the 2003 LTIP from the anniversary of the date of grant to December 31 of each year. This was done in order to have the performance measurement coincide with the performance period that the Company believes many investors use to judge the performance of the Company.

On December 27, 2004, the Operating Partnership entered into definitive agreements with certain executive and senior officers of the Company to revise their incentive awards under the 2003 LTIP. The revised agreements provide for (i) the rescission of the unvested portion of their core awards and (ii) an award in exchange for the rescinded core awards of an equal number of units of a new class of limited partnership interests (LTIP Units) of the Operating Partnership.

Each executive and senior officer participating in the 2003 LTIP was offered the option to retain all or a portion of his core awards or to rescind them in exchange for new awards of LTIP Units. On December 27, 2004, certain executive and senior officers accepted such offer and thereby amended their Amended and Restated Long-Term Incentive Award Agreement to cancel, in the aggregate, 362,500 shares of restricted stock of the Company representing all or a portion of their unvested core award, and received an equal number of LTIP Units.

The revised awards under the 2003 LTIP were designed to provide the potential for executives to retain a greater equity interest in the Company by eliminating the need for executives to sell a portion of the core awards immediately upon vesting in order to satisfy personal income taxes which are due upon vesting under the original core awards.

With respect to the 2003 LTIP, the Company met its annual performance measure with respect to the 2005, 2004 and 2003 annual measurement periods, respectively. As a result, the Company issued to the participants of the 2003 LTIP 86,111, 102,779 and 206,944 shares of its common stock, respectively, related to the core component of the 2003 LTIP.

The terms of each award of LTIP Units are substantially similar to those of the core awards under the 2003 LTIP. The vesting, performance hurdles and timing for vesting remain unchanged. However, an LTIP Unit represents an equity interest in the Operating Partnership, rather than the Company. At issuance, the LTIP Unit has no value but may over time accrete to a value equal to (but never greater than) the value of one share of common stock of the Company (a REIT Share). Initially, LTIP Units will not have full parity with OP Units with respect to liquidating distributions. Upon the occurrence of certain triggering events such as

the issuance of additional OP Units by the Operating Partnership the Operating Partnership will revalue its assets for the purpose of the capital accounts of its partners and any increase in valuation of the Operating Partnership's assets from the date of the issuance of the LTIP Units through the triggering event will be allocated to the capital accounts of holders of LTIP Units until their capital accounts are equivalent to the capital accounts of holders of OP Units. If such equivalence is reached, LTIP Units would achieve full parity with OP Units for all purposes, and therefore accrete to an economic value equivalent to REIT Shares on a one-for-one basis. In addition, if such parity is reached, vested LTIP Units may only be converted into an equal number of OP Units after two years from the date of grant. However, in the absence of an increase in the value of the assets of the Operating Partnership and the occurrence of triggering events, such economic equivalence would not be reached. Until and unless such economic equivalence is reached, the value that the officers will realize for vested LTIP Units will be less than the value of an

[Back to Contents](#)

equal number of REIT Shares. In addition, LTIP Units are subject to specific performance related vesting requirements. In addition, unlike core awards under the 2003 LTIP (wherein dividends that accumulate are paid upon vesting), LTIP Units will receive the same quarterly distributions as OP Units on a current basis, thus providing full dividend equivalence with REIT Shares. Each LTIP Unit awarded is deemed equivalent to an award of one share of common stock reserved under one of the Company's stock option plans, reducing availability for other equity awards on a one-for-one basis. At the scheduled March 2005 vesting date, the specified performance hurdles were met, and officers that received LTIP Units received a one-time cash payment that represented payment of the full vested amount of the accrued unpaid dividends under the core award of the 2003 LTIP through December 27, 2004, the issuance date of the LTIP Units. In addition, the officers, in the aggregate, vested in 104,167 LTIP Units. At the scheduled March 2006 vesting date, the specified performance hurdles were met and officers that received LTIP Units, in the aggregate, vested in 120,833 LTIP Units. In order to more closely replicate the terms of the core awards being rescinded, the Company also entered into agreements with three executive officers, which provide that in the event of a change of control the executive shall receive the equivalent value of one REIT Share for each LTIP Unit.

For each of the calendar years ended December 31, 2004 and 2005, following the recommendations of the Compensation Committee, eight senior and executive officers of the Company were awarded, in the aggregate, 272,100 LTIP Units and 207,000 LTIP Units, respectively, for outperformance and to continue to incentivize them for the long-term (the Incentive Unit Grants). The terms of the Incentive Unit Grants are generally consistent with the terms of the 2003 LTIP, including with respect to the impact upon vesting in the event of a change of control.

As a result of the foregoing, there remains 69,443 shares of common stock reserved for future issuance under the core award of the 2003 LTIP and 616,600 shares of common stock reserved for issuance with respect to the issuance of LTIP Units. With respect to the core award of the 2003 LTIP, the Company recorded approximately \$305,000 of compensation expense for each of the three month periods ended March 31, 2006 and 2005. In addition, with respect to the LTIP Units and the Incentive Unit Grants, the Company recorded compensation expense of approximately \$822,000 and \$465,000, respectively, for the three month periods ended March 31, 2006 and 2005. Such amounts have been included in marketing, general and administrative expenses on the accompanying consolidated statements of income. Based on the terms of the 2003 LTIP, potential outcomes of the Special Outperformance Pool are estimated to range from \$0, assuming the requisite four year cumulative performance measures are not met, to a maximum of approximately \$35.0 million, assuming relative peer group performance measures are met and a cap of 15% cumulative and compounded return on common equity. As of March 31, 2006, we have accrued approximately \$27.2 million of compensation expense with respect to the Special Outperformance Pool of which \$3.6 million was accrued during the three months ended March 31, 2006. This amount is calculated on the closing stock price of our common stock on March 31, 2006 and is based on management's determination of the probability of requisite performance measures being met. The accrual represents approximately 76% of the total estimated Special Outperformance Pool reflecting the service period through March 31, 2006.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the Company attaining certain annual performance measures, is recognized as a target stock price plan. Under this type of plan, compensation expense is recognized for the target stock price awards whether or not the targeted stock price condition is achieved as long as the underlying service conditions are achieved. Accordingly, we obtained an independent third party valuation of the 2003 LTIP awards and recognize compensation expense on a straight-line basis through the performance and vesting period for awards to employees who remain in service over the requisite period regardless of whether the target stock price has been reached.

Compensation expense with respect to the core component of the 2003 LTIP, which relates to the continued service of the grantee, is recognized as compensation expense on a straight-line basis through the vesting period based on the fair market value of the stock on the date of grant.

As a result of the election of certain executive and senior officers to exchange all or a portion of their unvested core awards under the 2003 LTIP into an equal number of LTIP Units we again obtained an independent third party valuation of the newly granted LTIP Units and determined that the fair value of the LTIP Units was not greater than the exchanged 2003 LTIP awards on the date of the exchange. As such, compensation expense to be recognized, on a straight-lined basis, over the vesting period of the LTIP Units equals the amount of unamortized compensation expense cost for the 2003 LTIP awards as of the exchange date.

On January 1, 2006, we adopted Statement No. 123R and have determined that the adoption of Statement No. 123R did not have a material impact on our consolidated financial statements.

[Back to Contents](#)**8. SUPPLEMENTAL DISCLOSURES OF CASH FLOWS INFORMATION (IN THOUSANDS)**

	Three Months Ended	
	March 31,	
	2006	2005
Cash paid during the period for interest	\$38,527	\$33,976
Interest capitalized during the period	\$3,110	\$2,157

9. SEGMENT DISCLOSURE

We own all of the interests in our real estate properties directly or indirectly through the Operating Partnership. Our portfolio consists of Class A office properties located within the New York City metropolitan area and Class A suburban office and flex properties located and operated within the New York Tri-State Markets (the Core Portfolio). We have formed an Operating Committee that reports directly to our Chief Executive Officer and Chief Financial Officer who have been identified as the Chief Operating Decision Makers due to their final authority over resource allocation, decisions and performance assessment.

We do not consider (i) interest incurred on our Credit Facility, Term Loan and Senior Unsecured Notes, (ii) the operating performance of those properties reflected as discontinued operations on our consolidated statements of income and (iii) the operating results of the Service Companies as part of our Core Portfolio's property operating performance for purposes of our component disclosure set forth below.

The accounting policies of the reportable segments are the same as those described in the summary of significant accounting policies. In addition, historical amounts have been adjusted to give effect to our discontinued operations in accordance with FASB Statement No. 144.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

10. NON-CASH INVESTING AND FINANCING ACTIVITIES

During February 2006, a limited partner in the Operating Partnership exchanged 17,009 OP Units for an equal number of shares of the Company's common stock which were valued at \$39.10 per OP Unit for total non cash consideration of approximately \$665,000.

On March 31, 2006, a group of institutional investors purchased our option to acquire the existing minority partner's 40% partnership interest in the Omni Property for net proceeds of approximately \$9.0 million. Simultaneously, these institutional investors exercised the option and acquired the minority partner's interest from the minority partner for approximately \$50.8 million including the assumption of an allocation of approximately \$20.1 million of mortgage debt on the Omni Property for a total investment of \$59.9 million. As a result of the foregoing and in accordance with Statement No. s 141 and 142, we recorded approximately \$44.4 million of fair value adjustments to the real estate and other intangible assets acquired by the institutional investors.

11. RELATED PARTY TRANSACTIONS

In connection with our IPO, we were granted an option to acquire the property located at 225 Broadhollow Road which is owned by certain Rechler family members including Scott H. Rechler, our CEO at a price based upon an agreed upon formula. Reckson

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

Management Group, Inc. (RMG) currently leases approximately 26,000 square feet of office space at this property for its corporate offices at an annual base rent of approximately \$809,000. During 2005, RMG exercised a termination option to terminate the lease on November 30, 2006 without penalty. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$81,000. In addition, commencing April 1, 2004, RCD has been leasing approximately 17,000 square feet of space at 225 Broadhollow Road, Melville, NY at an annual base rent of approximately \$507,000, which is scheduled to terminate on September 30, 2006. RCD has sub-let the entire 17,000 square feet to a third party for approximately \$35,000 per month through RCD s September 2006 lease termination date.

During the three month periods ended March 31, 2006 and 2005, RCD billed approximately \$1,000 and \$9,000, respectively, of market rate services and RMG billed approximately \$73,000 and \$71,000, respectively, of market rate management fees to certain properties owned by members of the Rechler family including Scott H. Rechler, our CEO.

[Back to Contents](#)

On March 28, 2005, an entity (REP) owned by members of the Rechler family (excluding Scott H. Rechler, but including his father, Roger, and brother, Gregg) exercised a Right of First Refusal (which was granted in connection with the 2003 sale of the industrial portfolio by us) to acquire a vacant parcel of land for a purchase price of \$2.0 million. We have agreed to provide REP with the option to defer the closing on the purchase until September 2006, for a non-refundable deposit of \$400,000 and a fee of \$10,666 per month for each month that the closing is deferred. In connection therewith, REP agreed to settle a dispute concerning an easement on a separate parcel of land owned by us adjacent to one of the properties transferred to REP in November 2003.

A company affiliated with an independent director of the Company leases 15,566 square feet in a property owned by us at an annual base rent of approximately \$430,000.

The Company has a net investment of approximately \$55.2 million in loans and REIT-qualified joint ventures with FrontLine Capital Group (FrontLine) and Reckson Strategic Venture Partners, LLC (RSVP), a real estate venture capital fund whose common equity is held indirectly by FrontLine (collectively, the RSVP / FCG Investments). Frontline was formed by the Company in 1997. The net carrying value of the RSVP / FCG Investments was reassessed with no change by management at March 31, 2006 and is included in investments in affiliate loans and joint ventures on our consolidated balance sheets.

FrontLine is in default under the loans from the Operating Partnership and on June 12, 2002, filed a voluntary petition for relief under Chapter 11 of the United States Bankruptcy Code.

The RSVP REIT-qualified joint ventures are managed subject to a management agreement with the former managing directors of RSVP, which expires in September 2006. The management agreement provides for an annual base management fee and disposition fees equal to 2% of the net proceeds received by RSVP on asset sales which are subject to a maximum of \$7.5 million. In addition, the former managing directors of RSVP retained a one-third residual interest in RSVP s assets which is subordinated to the distribution of an aggregate amount of \$75.0 million to RSVP and/or us in respect of RSVP-controlled joint ventures.

Scott H. Rechler, our CEO and Chairman of the Board of Directors, serves as CEO and is FrontLine s sole board member. Mr. Rechler also serves as a member of the management committee of RSVP.

In November 2004, a joint venture in which RSVP owns approximately 47% executed a binding agreement to contribute its Catskills, NY resort properties (excluding residentially zoned land) to Empire Resorts Inc. (NASDAQ: NYNY) (Empire) for consideration of 18.0 million shares of Empire s common stock and the right to appoint five members of their Board of Directors. On December 29, 2005, the agreement was terminated and the joint venture received options to purchase approximately 5.2 million shares of common stock of Empire at a price of \$7.50 per share. The options will be exercisable until December 29, 2006. On March 31, 2006, the closing price of a share of Empire s common stock was \$5.16 per share.

We have discontinued the accrual of interest income with respect to the loans from the Operating Partnership and our share of GAAP equity in earnings, if any, from the RSVP-controlled REIT-qualified joint ventures until such income is realized through cash distributions.

12. COMMITMENTS AND CONTINGENCIES

The Company has extended the terms of its amended and restated employment and noncompetition agreements with three executive officers, which were scheduled to expire on August 15, 2005, in all respects through June 30, 2006. The Company has also entered into an employment agreement with one additional officer prior to his appointment as an executive officer. This agreement expires in December 2006.

We had undrawn letters of credit outstanding against our Credit Facility of approximately \$100,000 at March 31, 2006.

In connection with the mortgage indebtedness securing nine of the Tranche I properties, which were transferred to the Australian JV on September 21, 2005, and three of the Tranche III properties scheduled to be transferred to the Australian JV during October 2006, we have guaranteed to the lender certain customary non-recourse carve-outs, as well as certain obligations relating to the potential termination of a number of leases at four of these properties. We have also guaranteed to the lender certain capital requirements related to these properties. We will be relieved of the customary non-recourse carve-outs and capital requirements upon transfer of the respective properties to the Australian JV and the Australian JV meeting a net worth test of at least \$100.0 million. We will be relieved of all but two of the lease related obligations upon transfer of the respective properties to the Australian JV and the Australian JV meeting a net worth test of at least \$200.0 million. The Australian JV has agreed to indemnify us for any loss, cost or damage it may incur pursuant to our guaranty of these obligations. As of March 31, 2006, the Australian JV met the \$100.0 million net worth threshold and there remain approximately \$18 million of aggregate guarantees outstanding.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion should be read in conjunction with the historical financial statements of Reckson Associates Realty Corp. (the Company) and related notes thereto.

The Company considers certain statements set forth herein to be forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended, with respect to the Company's expectations for future periods. Certain forward-looking statements, including, without limitation, statements relating to the timing and success of acquisitions and the completion of development or redevelopment of properties, the financing of the Company's operations, the ability to lease vacant space and the ability to renew or relet space under expiring leases, involve risks and uncertainties. Many of the forward-looking statements can be identified by the use of words such as believes, may, expects, anticipates, intends or similar expressions. Although the Company believes that the expectations reflected in such forward-looking statements are based on reasonable assumptions, the actual results may differ materially from those set forth in the forward-looking statements and the Company can give no assurance that its expectation will be achieved. Among those risks, trends and uncertainties are: the general economic climate, including the conditions affecting industries in which our principal tenants compete; changes in the supply of and demand for office in and around New York City and the surrounding tri-state markets (the New York Tri-State Markets); changes in interest rate levels; changes in the Company's credit ratings; changes in the Company's cost and access to capital; downturns in rental rate levels in our markets and our ability to lease or re-lease space in a timely manner at current or anticipated rental rate levels; the availability of financing to us or our tenants; the financial condition of our tenants; changes in operating costs, including utility, security, real estate tax and insurance costs; repayment of debt owed to the Company by third parties; risks associated with joint ventures; liability for uninsured losses or environmental matters; and other risks associated with the development and acquisition of properties, including risks that development may not be completed on schedule, that the tenants will not take occupancy or pay rent, or that development or operating costs may be greater than anticipated. Consequently, such forward-looking statements should be regarded solely as reflections of the Company's current operating and development plans and estimates. These plans and estimates are subject to revisions from time to time as additional information becomes available, and actual results may differ from those indicated in the referenced statements.

Critical Accounting Policies

The consolidated financial statements of the Company include accounts of the Company and all majority-owned and controlled subsidiaries. The preparation of financial statements in conformity with U.S. generally accepted accounting principles (GAAP) requires management to make estimates and assumptions in certain circumstances that affect amounts reported in the Company's consolidated financial statements and related notes. In preparing these financial statements, management has utilized information available including its past history, industry standards and the current economic environment, among other factors, in forming its estimates and judgments of certain amounts included in the consolidated financial statements, giving due consideration to materiality. It is possible that the ultimate outcome as anticipated by management in formulating its estimates inherent in these financial statements may not materialize. However, application of the critical accounting policies below involves the exercise of judgment and use of assumptions as to future uncertainties and, as a result, actual results could differ from these estimates. In addition, other companies may utilize different estimates, which may impact comparability of the Company's results of operations to those of companies in similar businesses.

Revenue Recognition and Accounts Receivable

Minimum rental revenue is recognized on a straight-line basis, which averages minimum rents over the terms of the leases. The excess of rents recognized over amounts contractually due are included in deferred rents receivable on our balance sheets. Contractually due but unpaid rents are included in tenant receivables on our balance sheets. Certain lease agreements also provide for reimbursement of real estate taxes, insurance, common area maintenance costs and indexed rental increases, which are recorded on an accrual basis. Ancillary and other property related income is recognized in the period earned.

We make estimates of the collectibility of our accounts receivables related to base rents, tenant escalations and reimbursements and other revenue or income. We specifically analyze tenant receivables and historical bad debts, customer credit worthiness, current economic trends and changes in customer payment terms when evaluating the adequacy of our allowance for doubtful accounts. In addition, when tenants are in bankruptcy, we make estimates of the expected recovery of pre-petition administrative and damage claims. In some cases, the ultimate resolution of those claims can exceed a year. These estimates have a direct impact on our net income because a higher bad debt reserve results in less net income.

We incurred approximately \$270,000 and \$392,000 of bad debt expense and related costs related to tenant receivables during the three month periods ended March 31, 2006 and 2005, respectively, which accordingly reduced our total revenues and reported net

income during the period.

We record interest income on our investments in notes receivable on the accrual basis of accounting. We do not accrue interest on impaired loans where, in the judgment of management, collection of interest according to the contractual terms is considered doubtful. Among the factors we consider in making an evaluation of the collectibility of interest are: (i) the status of the loan, (ii) the value of the underlying collateral, (iii) the financial condition of the borrower and (iv) anticipated future events.

Reckson Construction & Development LLC and Reckson Construction Group New York, Inc. use the percentage-of-completion method for

[Back to Contents](#)

recording amounts earned on their contracts. This method records amounts earned as revenue in the proportion that actual costs incurred to date bear to the estimate of total costs at contract completion.

Gain on the sale of real estate is recorded when title is conveyed to the buyer, subject to the buyer's financial commitment being sufficient to provide economic substance to the sale and us having no substantial continuing involvement with the buyer. Additionally, in connection with a sale of real estate, if we retain certain risks in the form of guarantees, the profit recognized on that sale shall be reduced and deferred by the maximum exposure to loss, until such exposure is relieved.

Real Estate

Land, buildings and improvements, furniture, fixtures and equipment are recorded at cost. Tenant improvements, which are included in buildings and improvements, are also stated at cost. Expenditures for ordinary maintenance and repairs are expensed to operations as they are incurred. Renovations and / or replacements, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives.

Depreciation is computed utilizing the straight-line method over the estimated useful lives of ten to thirty years for buildings and improvements and five to ten years for furniture, fixtures and equipment. Tenant improvements, which are included in buildings and improvements, are amortized on a straight-line basis over the term of the related leases.

We are required to make subjective assessments as to the useful lives of our properties for purposes of determining the amount of depreciation to reflect on an annual basis with respect to those properties. These assessments have a direct impact on our net income. Should we lengthen the expected useful life of a particular asset, it would be depreciated over more years, and result in less depreciation expense and higher annual net income.

Assessment by us of certain other lease related costs must be made when we have a reason to believe that the tenant will not be able to execute under the term of the lease as originally expected.

On July 1, 2001 and January 1, 2002, we adopted FASB Statement No.141, *Business Combinations* and FASB Statement No. 142, *Goodwill and Other Intangibles*, respectively (*Statement No. s 141 and 142*). As part of the acquisition of real estate assets, the fair value of the real estate acquired is allocated to the acquired tangible assets, consisting of land, building and building improvements, and identified intangible assets and liabilities, consisting of the value of above-market and below-market leases, other value of in-place leases, and value of tenant relationships, based in each case on their fair values.

We allocate a portion of a property's purchase price to tangible assets including the fair value of the building and building improvements on an as-if-vacant basis and to land determined either by real estate tax assessments, independent appraisals or other relevant data. Additionally, we assess fair value of identified intangible assets and liabilities based on estimated cash flow projections that utilize appropriate discount and capitalization rates and available market information.

Estimates of future cash flows are based on a number of factors including the historical operating results, known trends, and market/economic conditions that may affect the property. If we incorrectly estimate the values at acquisition or the undiscounted cash flows, initial allocation of purchase price and future impairment charges may be different.

Long Lived Assets

We are required to make subjective assessments as to whether there are impairments in the value of our real estate properties and other investments. An investment's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the investment are less than the carrying value of the investment. Such assessments consider factors such as cash flows, expected future operating income, trends and prospects, as well as the effects of demand, competition and other factors. To the extent impairment has occurred it will be measured as the excess of the carrying amount of the property over the fair value of the property. These assessments have a direct impact on our net income, as the recognition of an impairment results in an immediate negative adjustment to net income. In determining impairment, if any, we have followed FASB Statement No. 144, *Accounting for the Impairment or Disposal of Long Lived Assets* (*Statement No. 144*). Statement No. 144 did not have an impact on net income. Statement No. 144 only impacts the presentation of the results of operations and gains on sales of real estate assets for those properties sold during the period within the consolidated statements of income.

Stock-Based Compensation

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

In December 2002, the FASB issued Statement No. 148, Accounting for Stock-Based Compensation Transition and Disclosure (Statement No. 148). Statement No. 148 amends FASB Statement No. 123, Accounting for Stock-Based Compensation (Statement No. 123) to provide alternative methods of transition for an entity that voluntarily adopts the fair value recognition method of recording stock option expense.

On December 16, 2004, the FASB issued Statement No. 123 (revised 2004), Share-Based Payment (Statement No. 123R), which is a revision of Statement No. 123. Statement No. 123R supersedes Accounting Principles Board Opinion No. 25, Accounting for Stock Issued

[Back to Contents](#)

to Employees , and amends FASB Statement No. 95, Statement of Cash Flows. Generally, the approach in Statement No. 123R is similar to the approach described in Statement No. 123. However, Statement No. 123R requires all share-based payments to employees, including grants of employee stock options, to be recognized in the income statement based on their fair values. We adopted Statement No. 123R on January 1, 2006. The adoption of Statement No. 123R did not have a material impact on our consolidated financial statements.

Effective January 1, 2002, we elected to follow Statement No. 123 and use the Black-Scholes option pricing model to estimate the value of stock options granted to employees and continue to use this acceptable option valuation model upon our required adoption of Statement No. 123R on January 1, 2006. Because Statement No. 123R must be applied not only to new awards but to previously granted awards that are not fully vested on the effective date, and because we adopted Statement No. 123 using the prospective transition method (which applied only to awards granted, modified or settled after the adoption date), compensation cost for previously granted awards that were not recognized under Statement No. 123 would be recognized under Statement No. 123R. However, on January 1, 2006, the date we adopted Statement No. 123R, all of the unexercised options outstanding under our stock option plans were fully vested. As a result, no additional expense will be recognized. In addition, had we adopted Statement No. 123R in the prior period, there would be no impact on our consolidated financial statements.

Accumulated Other Comprehensive Income (Loss)

We report comprehensive income or loss in accordance with the provisions of FASB Statement No. 130, Reporting Comprehensive Income , which establishes standards for reporting comprehensive income and its components in the financial statements. The components of other comprehensive income (loss) (OCI) consist of unrealized gains and losses on derivative instruments. OCI is presented in the accompanying consolidated statements of stockholders equity.

Variable Interest Entities

In January 2003, the FASB issued Interpretation No. 46, Consolidation of Variable Interest Entities (FIN 46), which explains how to identify variable interest entities (VIEs) and how to assess whether to consolidate such entities. VIEs are primarily entities that lack sufficient equity to finance their activities without additional financial support from other parties or whose equity holders lack adequate decision making ability. All VIEs which we are involved with must be evaluated to determine the primary beneficiary of the risks and rewards of the VIE. The primary beneficiary is required to consolidate the VIE for financial reporting purposes. The initial determination of whether an entity qualifies as a VIE shall be made as of the date at which a primary beneficiary becomes involved with the entity and reconsidered as of the date of a triggering event, as defined. The provisions of this interpretation are immediately effective for VIEs formed after January 31, 2003. In December 2003 the FASB issued FIN 46R, deferring the effective date until the period ended March 31, 2004 for interests held by public companies in VIEs created before February 1, 2003, which were non-special purpose entities. We adopted FIN 46R during the period ended March 31, 2004 and have determined that our unconsolidated subsidiaries do not represent VIEs pursuant to such interpretation. We will continue to monitor any changes in circumstances relating to certain of our consolidated and unconsolidated joint ventures which could result in a change in our consolidation policy.

Current pronouncements

In June 2005, the FASB ratified the consensus in EITF Issue No. 04-5, Determining Whether a General Partner, or the General Partners as a Group, Controls a Limited Partnership or Similar Entity When the Limited Partners Have Certain Rights (Issue 04-5), which provides guidance in determining whether a general partner controls a limited partnership. Issue 04-5 states that the general partner in a limited partnership is presumed to control that limited partnership. The presumption may be overcome if the limited partners have either (1) the substantive ability to dissolve the limited partnership or otherwise remove the general partner without cause or (2) substantive participating rights, which provide the limited partners with the ability to effectively participate in significant decisions that would be expected to be made in the ordinary course of the limited partnership's business and thereby preclude the general partner from exercising unilateral control over the partnership. The adoption of Issue 04-5 by us for new or modified limited partnership arrangements is effective June 30, 2005 and for existing limited partnership arrangements effective January 1, 2006. We have evaluated the guidance provided for under Issue 04-5 and have concluded that we are not required to consolidate our current unconsolidated joint venture investments nor do we expect Issue 04-5 to have a material effect on our consolidated financial statements.

In May 2005, the FASB issued Statement No. 154, Accounting Changes and Error Corrections (Statement No. 154). Statement No. 154, which replaces APB Opinion No. 20, Accounting Changes and FASB Statement No. 3, Reporting Accounting Changes in Interim Financial Statements , changes the requirements for the accounting for and reporting of a change in accounting principle. The statement requires retrospective application of changes in accounting principle to prior periods' financial statements unless it is

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

impracticable to determine the period-specific effects or the cumulative effect of the change. Statement No. 154 is effective for accounting changes and corrections of errors made in fiscal years beginning after December 15, 2005. We adopted Statement No. 154 on January 1, 2006. The adoption of Statement No. 154 did not have a material impact on our consolidated financial position, results of operations or cash flows.

In March 2005, FASB issued Interpretation No. 47, Accounting for Conditional Asset Retirement Obligations (FIN 47), which became effective December 31, 2005. Under FIN 47, a conditional asset retirement obligation (CARO) must be recorded if the liability can be reasonably estimated. A CARO is an obligation that is settled at the time an asset is retired or disposed of and for which the timing and/or

[Back to Contents](#)

method of settlement are conditional on future events. We own certain properties that currently have asbestos which under certain conditions must be remediated. As a result of adopting FIN 47, we will increase the value of our recorded tangible assets at the time we recognize the associated conditional retirement obligation.

As a result, during 2005, we recorded approximately \$2.0 million which represents the fair value of the CARO related to asbestos removal in tenant spaces. In addition, for certain limited areas of our properties, management is unable to reasonably determine the fair value of potential remediation costs as there is an indeterminate settlement date for the asset retirement obligation because the range of time over which way we may choose to remediate this condition may not be estimated with any level of precision which would lend itself to a meaningful estimate.

Overview and Background

The Company was incorporated in Maryland in September 1994. In June 1995, the Company completed an initial public offering (the IPO) and commenced operations.

The Company is a self-administered and self managed real estate investment trust (REIT) engaged in the ownership, operation, acquisition, leasing, financing, management and development of commercial real estate properties, principally office and to a lesser extent flex properties and also owns land for future development. The Company's growth strategy is focused on the commercial real estate markets in the New York Tri-State Markets. All of the Company's interests in its real properties, land held for development and investments in notes receivable are held directly or indirectly by, and all of its operations are conducted through, Reckson Operating Partnership, L.P. (the Operating Partnership).

In connection with our IPO, we were granted an option to acquire the property located at 225 Broadhollow Road which is owned by certain Rechler family members including Scott H. Rechler, our CEO at a price based upon an agreed upon formula. Reckson Management Group, Inc. (RMG) currently leases approximately 26,000 square feet of office space at this property for its corporate offices at an annual base rent of approximately \$809,000. During 2005, RMG exercised a termination option to terminate the lease on November 30, 2006 without penalty. RMG also leases 10,722 square feet of warehouse space used for equipment, materials and inventory storage at a property owned by certain members of the Rechler family at an annual base rent of approximately \$81,000. In addition, commencing April 1, 2004, RCD has been leasing approximately 17,000 square feet of space at 225 Broadhollow Road, Melville, NY at an annual base rent of approximately \$507,000, which is scheduled to terminate on September 30, 2006. RCD has sub-let the entire 17,000 square feet to a third party for approximately \$35,000 per month through RCD's September 2006 lease termination date.

During the three month periods ended March 31, 2006 and 2005, RCD billed approximately \$1,000 and \$9,000, respectively, of market rate services and RMG billed approximately \$73,000 and \$71,000, respectively, of market rate management fees to certain properties owned by members of the Rechler family including Scott H. Rechler, our CEO.

On March 28, 2005, an entity (REP) owned by members of the Rechler family (excluding Scott H. Rechler, but including his father, Roger, and brother, Gregg) exercised a Right of First Refusal (which was granted in connection with the 2003 sale of the industrial portfolio by us) to acquire a vacant parcel of land for a purchase price of \$2.0 million. We have agreed to provide REP with the option to defer the closing on the purchase until September 2006, for a non-refundable deposit of \$400,000 and a fee of \$10,666 per month for each month that the closing is deferred. In connection therewith, REP agreed to settle a dispute concerning an easement on a separate parcel of land owned by us adjacent to one of the properties transferred to REP in November 2003.

A company affiliated with an independent director of the Company leases 15,566 square feet in a property owned by us at an annual base rent of approximately \$430,000.

In May 2005, we acquired a 1.4 million square foot, 50-story, Class A office tower located at One Court Square, Long Island City, NY. On November 30, 2005, we sold a 70% joint venture interest in One Court Square to certain institutional funds advised by JPMorgan Investment Management (the JPM Investor). The operating agreement of the Court Square JV requires approvals from members on certain decisions including annual budgets, sale of the property, refinancing of the property's mortgage debt and material renovations to the property. In addition, after September 20, 2009 the members each have the right to recommend the sale of the property, subject to the terms of the mortgage debt, and to dissolve the Court Square JV. We have evaluated the impact of FIN 46R on our accounting for the Court Square JV and have concluded that the Court Square JV is not a VIE. We account for the Court Square JV under the equity method of accounting. We have also evaluated and determined that under Issue 04-5 the JPM Investor has substantive participating rights in the ordinary course of the Court Square JV's business. In accordance with the equity method of accounting, our proportionate share of the Court Square JV income was approximately \$42,600 for the three months ended March 31, 2006.

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

On May 26, 2005, we entered into a contract to sell approximately 60 acres of land located in Chatham Township, NJ for up to approximately \$30.0 million, which will be based upon a final approved site plan. The sale is contingent upon due diligence, environmental assessment, final re-zoning and other customary approvals. There can be no assurances that any of the aforementioned contingences will be achieved and the sale ultimately completed.

On August 18, 2005, we entered into (i) an underwriting agreement relating to the public offering in Australia of approximately A\$263.0 million (approximately US\$202.0 million) of units (LPT Units) in a newly-formed Reckson-sponsored Australian listed property trust,

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

[Back to Contents](#)

Reckson New York Property Trust (Reckson LPT), a newly-formed listed property trust which is traded on the Australian Stock Exchange and (ii) contribution and sale agreements pursuant to which, among other things, we agreed to transfer 25 of our properties for an aggregate purchase price of approximately \$563.0 million and containing an aggregate of 3.4 million square feet, in three separate tranches, to the Australian JV in exchange for a 25% interest in the Australian JV and approximately \$502.0 million in cash (inclusive of proceeds from mortgage debt to be assumed by the Australian JV). On September 21, 2005, Reckson LPT completed its public offering and the closing of the first of three tranches (Tranche I) of this transaction.

In connection with the Tranche I closing, the Australian JV acquired from us 17 of our suburban office properties containing approximately 2.0 million square feet for approximately \$367.0 million (including the assumption of approximately \$196.1 million in mortgage debt which had been incurred by us in August 2005 see Note 2). In return, we received a 25% interest in the Australian JV and approximately \$128.1 million in cash resulting in an aggregate gain of approximately \$103.6 million. As discussed below relating to certain guarantees we have made, approximately \$18 million of the aggregate gain has been deferred to future periods pursuant to Statement No. 66 to coincide with the release of the guarantees. As a result, gains on sales of real estate reported in 2005, related to the Tranche I closing was approximately \$82.7 million, net of limited partners minority interest. Approximately \$22.0 million of the cash received was used to repay certain of our secured mortgage indebtedness on September 30, 2005 and approximately \$105.7 million of the cash received was used to establish an escrow account with a qualified intermediary for a future exchange of real property pursuant to Section 1031 of the Code (a Section 1031 Exchange). A Section 1031 Exchange allows for the deferral of taxes related to the gain attributable to the sale of property if a qualified replacement property is identified within 45 days and such qualified replacement property is acquired within 180 days from the initial sale. On October 7, 2005 we acquired a qualified replacement property for purposes of this Section 1031 Exchange and thereby deferred a portion of the tax gain from the Tranche I sale.

In connection with the foregoing, on September 21, 2005, Reckson Australia Holdings LLC (Reckson Holdings), a wholly-owned subsidiary of the Operating Partnership, and Reckson Australia LPT Corporation (LPT REIT), a U.S. real estate investment trust which is wholly-owned by Reckson LPT, entered into the Amended and Restated Limited Liability Company Agreement governing the Australian JV (the Operating Agreement). Pursuant to the Operating Agreement, LPT REIT holds a 75% interest in, and acts as the managing member for, the Australian JV, and Reckson Holdings holds a 25% non-managing member interest therein. The Operating Agreement provides that, if at any time additional capital contributions are made to the Australian JV, Reckson Holdings will have a right to make additional capital contributions up to an amount necessary to maintain its 25% interest therein on the same terms and conditions as such other capital contributions.

As the managing member of the Australian JV, LPT REIT has the sole responsibility for managing its business and affairs on a day-to-day basis, other than with respect to certain identified major decisions, including but not limited to a merger or consolidation involving the Australian JV, a disposition of all or substantially all of its assets, or the liquidation or dissolution of the Australian JV. Such major decisions require the prior written consent of a majority of the non-managing members. As a result of the foregoing, we are accounting for our 25% non-managing member interest in the Australian JV under the equity method of accounting. In accordance with the equity method of accounting, our proportionate share of the Australian JV s income was approximately \$231,000 for the three months ended March 31, 2006.

On January 6, 2006, Reckson LPT completed the second Tranche of this transaction (Tranche II) whereby the Australian JV acquired three of our suburban office properties: 6800 and 6900 Jericho Turnpike, Jericho, NY and 710 Bridgeport Avenue, Shelton, CT, (the Tranche II Properties) aggregating approximately 761,000 square feet for approximately \$84.6 million, including the assignment of approximately \$20.1 million of mortgage debt. As a result, gains on sales of real estate related to Tranche II is approximately \$34.3 million, net of limited partners minority interest. Approximately \$25.1 million of sales proceeds was used to establish an escrow account for the purpose of a future Section 1031 Exchange. Such amount is included in prepaid expenses and other assets on our consolidated balance sheet. The balance of the cash proceeds was used to fund our development activities and for general corporate purposes There can be no assurances that we will be able to identify and acquire qualified replacement properties within the required time frames under a Section 1031 Exchange, in which case we would not receive the tax benefit of such an exchange.

The Tranche III closing (Tranche III), consisting of five of our suburban office properties valued at approximately \$111.8 million, is scheduled to close in October 2006 and will include the assumption by the Australian JV of approximately \$51.5 million of existing mortgage debt. The Tranche III closing is subject to customary closing conditions and the Tranche III Properties consist of: 520 Broadhollow Road, 50 Marcus Avenue, 1660 Walt Whitman Road, all of which are located in Melville, NY, 580 White Plains Road, Tarrytown, NY and 300 Executive Park Drive, West Orange, NJ.

Our Service Companies provide asset management, property management, leasing, construction and other services to the Australian JV and affiliates of ours are entitled to transaction fees and ongoing fees for providing services to the Australian JV. During the three months ended March 31, 2006, we earned and received approximately \$819,000 in transaction related fees and

Edgar Filing: RECKSON ASSOCIATES REALTY CORP - Form 10-Q

approximately \$894,000 of ongoing fees from the Australian JV. Such amounts are included in investment income and other on our consolidated statements of income. In addition, we also formed Reckson Australia Management Limited (RAML), a wholly owned subsidiary, that will manage Reckson LPT and serve as its Responsible Entity . The Responsible Entity will be managed by a six member board that includes three independent directors domiciled in Australia and three of the Company s executive officers. To address and mitigate any potential conflicts of interest with Reckson LPT or its affiliates the Company has adopted the following policies: (i) all transactions between the Company and Reckson LPT or its affiliates shall require the approval of a majority of the independent directors of both the Company and Reckson LPT, (ii) executive officers and directors of the Company are prohibited from owning equity in Reckson LPT, and (iii) the adoption of an
