ELLSWORTH GROWTH AND INCOME FUND LTD. 2015 ANNUAL REPORT
TO SHAREHOLDERS

To Our Shareholders

November 19, 2015

As we discussed in our last letter, a special shareholder meeting was held on October 19, 2015. At the meeting shareholders approved a new investment advisory agreement with Gabelli Funds, LLC. The portfolio management team continues as the Dinsmore Group of Gabelli Funds. We are pleased that shareholders voted in favor of this arrangement, and believe that together we have the opportunity to improve the overall management of Ellsworth Growth and Income Fund Ltd. We will continue to manage the portfolio as we have, while adding access to Gabelli's 30+ analysts, a more robust back office operation, and a dedicated shareholder ombudsman.

At Ellsworth, we have always looked at convertible securities as alternatives to equities with reduced volatility. As we have introduced more common stocks into the portfolio we have focused on equities that have attractive, increasing yields. These stocks tend to be less volatile than the broader markets and fit in nicely with our overall strategy; to participate in rising equity markets while seeing less downside in volatile times. As volatility re-emerged this year, Ellsworth's standard deviation stayed well below that of the S&P 500[®].

Looking forward, there has been much talk in the markets about if and when we may see an increase in interest rates, and some investors may be concerned about what will happen to convertibles in a rising interest rate environment. We have conducted a study of the last eight 100 basis point rises in 10 year treasury yields, going back to January 1996. In each case, the convertible market moved higher, acting more like equities than bonds. A rising rate environment would likely see an increase in convertible issuance as companies find them to be a more attractive way to raise money than higher rate bonds.

Performance for Ellsworth's fourth fiscal quarter ended September 30, 2015 was enhanced by exposure to the Consumer Staples and Utilities sectors. Performance was held back by the Fund's exposure to the Energy and Health Care sectors. The Fund's largest sector exposures as of September 30, 2015 were in Information Technology (24.1%), Health Care (20.9%) and Financials (17.5%).

Ellsworth's portfolio at September 30, 2015 consisted of 46.8% cash-pay convertible bonds and notes, 12.3% mandatory convertible issues, 8.7% convertible preferred stock, and 30.1% common stock. At that date, the bonds had an average current annual yield of 2.35%; the mandatory convertible securities, 6.20%; the preferred shares, 6.60%; and the common shares, 3.74%. The Fund's convertible securities holdings at September 30, 2015 had a median premium-to-conversion value of 25.2%. We calculate that equities and equity-sensitive convertible issues at that date made up 53% of the Fund's portfolio, with credit-sensitive issues accounting for 9% of the Fund's portfolio, and total-return convertible issues at 38%.

The Board of Trustees has authorized the continuation of its 5% minimum distribution policy. The Board also authorized the repurchase of the Fund's shares in the open market, from time to time, when the shares are trading at a discount of 10% or more from net asset value.

Notes to Financial Statements

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES

(a) Organization - Ellsworth Growth and Income Fund Ltd. (formerly Ellsworth Fund Ltd.) (the “Fund”), is registered under the Investment Company Act of 1940, as amended, as a diversified, closed-end management investment company.

(b) Indemnification - Under the Fund’s organizational documents, each trustee, officer or other agent of the Fund (including the Fund’s investment adviser) is indemnified against certain liabilities that may arise out of performance of their duties to the Fund. Additionally, in the normal course of business, the Fund enters into contracts that contain a variety of indemnification clauses. The Fund’s maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Fund that have not yet occurred. The risk of material loss as a result of such indemnification is considered remote.

(c) Security Valuation - Investments in securities traded on a national securities exchange are valued at market using the last reported sales price, supplied by an independent pricing service, as of the close of regular trading. Listed securities, for which no sales were reported, are valued at the mean between closing reported bid and asked prices as of the close of regular trading. Unlisted securities traded in the over-the-counter market are valued using an evaluated quote provided by the independent pricing service, or, if an evaluated quote is unavailable, such securities are valued using prices received from dealers, provided that if the dealer supplies both bid and asked prices, the price to be used is the mean of the bid and asked prices. The independent pricing service derives an evaluated quote by obtaining dealer quotes, analyzing the listed markets, reviewing trade execution data and employing sensitivity analysis. Evaluated quotes may also reflect appropriate factors such as individual characteristics of the issue, communications with broker-dealers, and other market data. Securities for which quotations are not readily available, restricted securities and other assets are valued at fair value as determined in good faith pursuant to procedures approved by the Board of Trustees. Short-term debt securities with original maturities of 60 days or less are valued at amortized cost.

The Fund has adopted authoritative fair valuation accounting standards which establish an authoritative definition of fair value and set out a hierarchy for measuring fair value. These standards require additional disclosures about the various inputs and valuation techniques used to develop the measurements of fair value and a discussion of changes in valuation techniques and related inputs during the period. These inputs are summarized in the three broad levels listed

below:

Level 1 - Quoted unadjusted prices for identical instruments in active markets.

Level 2 - Quoted prices for similar instruments in active markets; quoted prices for identical or similar instruments in markets that are not active; and model-driven valuation in which all significant inputs and significant value drivers are observable in active markets. Level 2 inputs are those in markets for which there are few transactions, the prices are not current, little public information exists or instances where prices vary substantially over time or among brokered market makers, and those received from an independent pricing service.

Level 3 - Model derived valuations in which one or more significant inputs or significant value drivers are unobservable. Unobservable inputs are those inputs that reflect the Fund's own assumptions that market participants would use to price an asset or liability based on the best available information.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of the markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The net change in unrealized depreciation from Level 3 investments held as of September 30, 2015 was (\$29,969) and is included in net unrealized appreciation of investments on the Statement of Operations. Transfers into, or out of, Level 3 are valued utilizing values as of the end of the period. Transfers into Level 3 were due to a decline in market activity (e.g., frequency of trades), which resulted in a lack of available market inputs to determine price.

The following table presents additional information about valuation methodologies and inputs used for investments that are measured at fair value and categorized within Level 3 as of September 30, 2015:

	Fair Value September 30, 2015	Valuation Methodologies	Unobservable Input ⁽¹⁾	Impact to Valuation from an Increase in Input ⁽²⁾
Amerivon Holdings LLC series A cv. pfd. and common equity units	\$750,000	Market Comparables/ Sum of the Parts Valuation/ Dividend Analysis	Liquidity Discount	Decrease

(1) In determining certain of these inputs, management evaluates a variety of factors including economic conditions, industry and market developments, market valuations of comparable companies and company specific developments.

(2) This column represents the directional change in the fair value of the Level 3 investments that would result from an increase to the corresponding unobservable input. A decrease to the unobservable input would have the opposite effect.

(d) Federal Income Taxes - The Fund's policy is to distribute substantially all of its taxable income within the prescribed time and to otherwise comply with the provisions of the Internal Revenue Code applicable to regulated investment companies. Therefore, no provision for federal income or excise taxes is believed necessary.

The Fund recognizes the tax benefits of uncertain tax positions only where the position is “more-likely-than-not” to be sustained assuming examination by taxing authorities. Management of the Fund has analyzed the Fund’s tax positions, and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years (2012-2014), or expected to be taken in the Fund’s 2015 tax returns. The major tax authority for the Fund is the Internal Revenue Service. The Fund is not aware of any tax positions for which it is reasonably likely that the total amounts of unrecognized tax benefits will significantly change in the next twelve months.

(e) Securities Transactions and Related Investment Income - Securities transactions are accounted for on the trade date (the date the order to buy or sell is executed) with gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date and interest income is recorded on the accrual basis, including accretion of discounts and amortization of non-equity premium. For certain securities, known as “contingent payment debt instruments,” Federal tax regulations require the Fund to record non-cash, “contingent” interest income in addition to interest income actually received. Contingent interest income amounted to approximately \$0.00 per share for the twelve months ended September 30, 2015.

(f) Distributions to Shareholders - Distributions to shareholders from net investment income are recorded by the Fund on the ex-dividend date. Distributions from capital gains, if any, are recorded on the ex-dividend date and paid annually.

The amount and character of income and capital gains to be distributed are determined in accordance with income tax regulations, which may differ from generally accepted accounting principles. The tax character of distributions paid during the fiscal years ended September 30, 2015 and 2014 were as follows:

	2015	2014
Ordinary income	\$3,298,705	\$3,182,349
Long-term gain on investments	5,513,973	—
	\$8,812,678	\$3,182,349

At September 30, 2015, the components of distributable earnings and federal tax cost were as follows:

Unrealized appreciation	\$11,490,944
Unrealized depreciation	(7,177,200)
Net unrealized appreciation	4,313,744
Undistributed ordinary income	203,918
Undistributed capital gains	4,340,918
Total distributable net earnings	4,544,836
Total accumulated earnings	\$8,858,580

Cost for federal income tax purposes \$114,154,736

Notes to Financial Statements (continued)

NOTE 1 - ORGANIZATION AND SIGNIFICANT ACCOUNTING POLICIES *(continued)*

The differences between book-basis and tax-basis unrealized appreciation/depreciation is attributable to differing methods of recognizing interest and ordinary income on bonds for tax purposes.

To the extent the Fund's net realized capital gains, if any, can be offset by capital loss carryforwards, it is the policy of the Fund not to distribute such gains. As determined at September 30, 2015, the Fund had no capital loss carryforwards and no Post October losses.

(g) Use of Estimates - The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

(h) Regulated Investment Company Modernization Act - On December 22, 2010, the Regulated Investment Company Modernization Act of 2010 (the Modernization Act) was signed into law. The Modernization Act modernizes several of the federal income and excise tax provisions related to regulated investment companies ("RICs").

New capital losses may now be carried forward indefinitely and retain the character of the original loss. Under pre-enactment law, capital losses could be carried forward for eight years, and carried forward as short-term capital losses, irrespective of the character of the original loss. As a transition rule, the Act requires that post-enactment net capital losses be used before pre-enactment net capital losses.

(i) Market Risk - It is the Fund's policy to invest at least 65% of its assets in convertible securities. Although convertible securities do derive part of their value from that of the securities into which they are convertible, they are not considered derivative financial instruments. However, the Fund's mandatory convertible securities include features

which render them more sensitive to price changes of their underlying securities. Thus they expose the Fund to greater downside risk than traditional convertible securities, but generally less than that of the underlying common stock. The market value of those securities was \$14,839,962 at September 30, 2015, representing approximately 12.3% of net assets.

(j) Reclassification of Capital Accounts - Accounting principles generally accepted in the United States require that certain components of net assets relating to permanent differences be reclassified between financial and tax reporting. These reclassifications have no effect on net assets or net asset value per share. At September 30, 2015 the Fund decreased undistributed net investment loss by \$69,672 and decreased accumulated net realized gain on investments by \$69,672.

NOTE 2 - MANAGEMENT FEE AND OTHER TRANSACTIONS WITH AFFILIATES

The Fund has entered into an investment advisory agreement with Dinsmore Capital Management Co. (“Dinsmore Capital”). Pursuant to the investment advisory agreement, Dinsmore Capital provides the Fund with investment advice, office space and facilities. Under the terms of the investment advisory agreement, the Fund pays Dinsmore Capital on the last day of each month an advisory fee for such month computed at an annual rate of 0.75% of the first \$100,000,000 and 0.50% of the excess over \$100,000,000 of the Fund’s net asset value in such month.

The Fund, pursuant to an administrative services agreement with Dinsmore Capital, has agreed to pay Dinsmore Capital for certain accounting and other administrative services provided to the Fund. Under the administrative services agreement, the Fund pays Dinsmore Capital on the last day of each month a fee for such month computed at an annual rate of 0.05% of the Fund’s net asset value in such month.

Certain officers and trustees of the Fund are officers and directors of Dinsmore Capital.

See Note 5 “Subsequent Events.”

NOTE 4 - NEW ACCOUNTING PRONOUNCEMENT

In May 2015, the Financial Accounting Standards Board (“FASB”) issued Accounting Standards Update (“ASU”) No. 2015-07 “Disclosure for Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent).” The amendments in ASU No. 2015-07 remove the requirement to categorize within the fair value hierarchy investments measured using the NAV practical expedient. The ASU also removes certain disclosure requirements for investments that qualify, but do not utilize, the NAV practical expedient. The amendments in the ASU are effective for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. Management is currently evaluating the impact these changes will have on the Fund’s financial statements and related disclosures.

NOTE 5 - SUBSEQUENT EVENTS

In preparing the financial statements as of September 30, 2015, management considered the impact of subsequent events for potential recognition or disclosure in these financial statements.

On October 19, 2015 shareholders of the Fund (1) approved a new investment advisory agreement with Gabelli Funds, LLC and (2) elected new trustees. The new investment advisory agreement was effective on November 1, 2015, and the Fund is now managed by the Dinsmore Group of Gabelli Funds, LLC.

Gabelli Funds, LLC (the “Adviser”) was also retained as the Fund’s administrator under the agreement.

Effective November 1, 2015, the Fund has entered into an investment advisory agreement (the “Advisory Agreement”) with the Adviser which provides that the Fund will pay the Adviser a fee, computed daily and paid monthly, equal on an annual basis to 0.80% of the first \$100,000,000 of the Fund’s average weekly net assets and 0.55% of the Fund’s average weekly net assets in excess of \$100,000,000. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund’s portfolio and oversees the administration of all aspects of the Fund’s business and affairs.

Report of Independent Registered

Public Accounting Firm

To the Shareholders and Board of Trustees of

Ellsworth Growth and Income Fund Ltd.

We have audited the accompanying statement of assets and liabilities, including the portfolio of investments of Ellsworth Growth and Income Fund Ltd. (formerly Ellsworth Fund Ltd.) (the “Fund”) as of September 30, 2015, and the related statement of operations for the year then ended, the statements of changes in net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended. These financial statements and financial highlights are the responsibility of the Fund’s management. Our responsibility is to express an opinion on these financial statements and financial highlights based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and financial highlights are free of material misstatement. The Fund is not required to have, nor were we engaged to perform an audit of the Fund’s internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund’s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of September 30, 2015, by correspondence with the custodian and brokers or by other appropriate auditing procedures where replies from brokers were not received. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements and financial highlights referred to above present fairly, in all material respects, the financial position of Ellsworth Growth and Income Fund Ltd. as of September 30, 2015, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended and its financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

Miscellaneous Notes (unaudited)

Automatic Dividend Investment and Cash Payment Plan

The Fund has an Automatic Dividend Investment and Cash Payment Plan (the “Plan”). Any shareholder may elect to join the Plan by sending an application to American Stock Transfer & Trust Company, P.O. Box 922, Wall Street Station, New York, NY 10269-0560 (the “Plan Agent”). You may also obtain information about the Plan, as well as the Plan application, by calling the Plan Agent toll free at (888) 888-0314. If your shares are held by a broker or other nominee, you should instruct the nominee to join the Plan on your behalf. Some brokers may require that your shares be taken out of the broker’s “street name” and re-registered in your own name. Shareholders should also contact their broker to determine whether shares acquired through participation in the Plan can be transferred to another broker and thereafter, whether the shareholder can continue to participate in the Plan.

Under the Plan, all dividends and distributions are automatically invested in additional Fund shares. Depending on the circumstances, shares may either be issued by the Fund or acquired through open market purchases at the current market price or net asset value, whichever is lower (but not less than 95% of market price). For shareholder distributions made with respect to income earned during each of the first three fiscal quarters, when the market price of a share of Fund beneficial shares is lower than such share’s net asset value, the Plan Agent will combine the distributions of all Plan participants and purchase shares in the open market, thereby taking advantage of the lower commissions on larger purchases. There is no other charge for this service. For shareholder distributions made with respect to capital gains realized during the fiscal year and income earned during the fourth fiscal quarter, when the market price of a share of Fund shares is lower than such share’s net asset value, the Fund will issue shares at the market price.

All dividends and distributions made by the Fund (including capital gain dividends and dividends designated as qualified dividend income, which are eligible for taxation at lower rates) remain taxable to Plan participants, regardless of whether such dividends and distributions are reinvested in additional shares of the Fund through open market purchases or through the issuance of new shares. Plan participants will be treated as receiving the cash used to purchase shares on the open market and, in the case of any dividend or distribution made in the form of newly issued shares, will be treated as receiving an amount equal to the fair market value of such shares as of the reinvestment date. Accordingly, a shareholder may incur a tax liability even though such shareholder has not received a cash distribution with which to pay the tax.

Plan participants may also voluntarily send cash payments of \$100 to \$10,000 per month to the Plan Agent, to be combined with other Plan monies, for purchase of additional Fund shares in the open market. You pay only a bank service charge of \$1.25 per transaction, plus your proportionate share of the brokerage commission. All shares and fractional shares purchased will be held by the Plan Agent in your dividend reinvestment account. You may deposit with the Plan Agent any Fund share certificates you hold, for a one-time fee of \$7.50.

At any time, a Plan participant may instruct the Plan Agent to liquidate all or any portion of such Plan participant's account. To do so, a Plan participant must deliver written notice to the Plan Agent prior to the record date of any dividend or distribution requesting either liquidation or a share certificate. The Plan Agent will combine all liquidation requests it receives from Plan participants on a particular day and will then sell shares of the Fund that are subject to liquidation requests in the open market. The amount of proceeds a Plan participant will receive shall be determined by the average sales price per share, after deducting brokerage commissions, of all shares sold by the Plan Agent for all Plan participants who have given the Plan Agent liquidation requests.

The Plan Agent or the Fund may terminate the Plan for any reason at any time by sending written notice addressed to the Plan participant's address as shown on the Plan Agent's records. Following the date of termination, the Plan Agent shall send the Plan participant either the proceeds of liquidation, or a share certificate or certificates for the full shares held by the Plan Agent in the Plan participant's account. Additionally, a check will be sent for the value of any fractional interest in the Plan participant's account based on the market price of the Fund's shares on that date.

Set forth in the table below are the aggregate fees billed to the Fund by its principal accountant, Tait, Weller & Baker LLP (“Tait Weller”), for professional services rendered to the Fund during the Fund’s last two fiscal years ended September 30, 2014 and 2015.

Fiscal Year-End	Audit Fees (1)	Audit-Related Fees (2)	Tax Fees (3)	All Other Fees

2014	\$38,500	\$ 0	\$3,600	\$ 0

(1) The Fund’s Audit Committee pre-approves all Audit Fees, without exception.

(2) The Fund’s Audit Committee pre-approves all Audit-Related Fees, with exceptions. For the Fund’s last two fiscal years ended September 30, 2014 and 2015, no Audit-Related Fees were approved by the Fund’s Audit Committee pursuant to Rule 2-01(c)(7)(i)(C) of Regulation S-X, which waives the pre-approval requirement for certain *de minimis* fees.

(3)

“Tax Fees” include those fees billed by Tait Weller in connection with its review of the Fund’s income tax returns for fiscal years 2014 and 2015. The Fund’s Audit Committee pre-approves all Tax Fees, with exceptions. For the Fund’s last two fiscal years ended September 30, 2014 and 2015, no Tax Fees were approved by the Fund’s Audit Committee pursuant to Rule 2-01(c)(7)(i)(C) of Regulation S-X, which waives the pre-approval requirement for certain *de minimis* fees.

Non-Audit Services

During each of the last two fiscal years ended September 30, 2014 and 2015, Tait Weller did not provide any non-audit services to the Fund, with the exception of the services for which the Fund paid the Tax Fees noted above. Tait Weller did not provide any non-audit services to the Fund’s investment adviser, Dinsmore Capital Management Co. (“Dinsmore Capital”) or its affiliates or otherwise bill the Fund or Dinsmore Capital or its affiliates for any such non-audit services.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee pre-approves all audit and permissible non-audit services that are proposed to be provided to the Fund by its independent registered public accountant before they are provided to the Fund. Such pre-approval also includes the proposed fees to be charged by the independent registered public accountant for such services. The Audit Committee may delegate the pre-approval of audit and permissible non-audit services and related fees to one or more members of the Audit Committee who are “independent,” as such term is used in Form N-CSR. Any such member’s decision to pre-approve audit and/or non-audit services and related fees is presented to the full Audit Committee, solely for informational purposes, at its next scheduled meeting.

The Audit Committee also pre-approves non-audit services to be provided by the Fund's independent registered public accountant to the Fund's investment adviser if the engagement relates directly to the operations and financial reporting of the Fund and if the Fund's independent registered public accountant is the same as, or affiliated with, the investment adviser's independent registered public accountant.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

(a) The Fund has a separately-designated standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and the members of such committee are:

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

Bancroft Fund Ltd.

Ellsworth Growth and Income Fund Ltd.

Dinsmore Capital Management Co.

Proxy Voting Guidelines

(Amended July 13, 2015)

These proxy voting guidelines have been adopted by the Boards of Trustees of Bancroft Fund Ltd. and Ellsworth Growth and Income Fund Ltd. (collectively, the “Funds”), as well as by the Board of Directors of Dinsmore Capital Management Co. (“Dinsmore”).

The Boards of Trustees of the Funds have delegated to Dinsmore responsibility for voting proxies received by the Funds in their capacities as shareholders of various companies. The Boards recognize that, due to the nature of the Funds’ investments, the Funds do not receive proxies on many of their holdings.

Dinsmore exercises its voting responsibility with the overall goal of maximizing the value of the Funds’ investments. The portfolio managers at Dinsmore oversee the voting policies and decisions for the Funds. In evaluating voting issues, the portfolio managers may consider information from many sources, including management of a company presenting a proposal, shareholder groups, research analysts, and independent proxy research services.

Set forth below are the proxy voting guidelines:

A. Matters Related to the Board of Directors

1. The Funds generally will support the election of nominees recommended by management for election as directors. In determining whether to support a particular nominee, Dinsmore will consider whether the election of such nominee will cause the board of directors of such nominee’s company to have less than a majority of independent directors.

2. The Funds generally will support proposals to de-classify boards of directors if fewer than 66 2/3% of the directors are independent, and will generally vote against proposals to classify boards of directors.

3. The Funds generally will withhold a vote in favor of a director who has served on a committee which has approved excessive compensation arrangements or proposed equity-based compensation plans that unduly dilute the ownership interests of stockholders.

B. Matters Related to Independent Auditors

1. The Funds generally will vote in favor of independent accountants approved by an issuer. Prior to such vote, however, Dinsmore will take into consideration whether non-audit fees make up more than 50 to 75% of the total fees paid by such issuer to the independent auditors, and the nature of the non-audit services provided.

C. Corporate Governance Matters

I. Except as provided in Section E.1, as a general rule, the Funds will vote against proposals recommended by management of a company that are being made primarily to implement anti-takeover measures, and will vote in favor of proposals to eliminate policies that are primarily intended to act as anti-takeover measures.

J. Subject to the other provisions of these guidelines, including without limitation provision C.1. above, the Funds generally will vote in accordance with management's recommendations regarding routine matters, including the following:

a. Fixing number of directors;

b. Stock splits; and

c. Change of state of incorporation for specific corporate purposes.

D. Matters Related to Equity-Based Compensation Plans

I. The Fund generally will vote in favor of broad-based stock option plans for executives, employees or directors which would not increase the aggregate number of shares of stock available for grant under all currently active plans to over 10% of the total number of shares outstanding.

J. The Funds generally will vote in favor of employee stock purchase plans and employee stock ownership plans permitting purchase of company stock at 85% or more of fair market value.

E. Other Matters

1. Contested situations will be evaluated on a case by case basis by the portfolio manager or analyst at Dinsmore principally responsible for the particular portfolio security.

2. The Funds may, in their discretion, abstain from voting shares that have been recently sold.

3. The Funds generally will abstain from voting on issues relating to social and/or political responsibility.

4. Proposals that are not covered by the above-stated guidelines will be evaluated on a case by case basis by the portfolio manager or analyst at Dinsmore principally responsible for the particular portfolio security.

F. Material Conflicts of Interest

1. Conflicts of interest may arise from time to time between Dinsmore and the Funds. Examples of conflicts of interests include:

a. Dinsmore may manage a pension plan, administer employee benefit plans, or provide services to a company whose management is soliciting proxies;

b. Dinsmore or its officers or directors may have a business or personal relationship with corporate directors, candidates for directorships, or participants in proxy contests;

c. Dinsmore may hold a position in a security contrary to shareholder interests.

2. If a conflict of interest arises with respect to a proxy voting matter, the portfolio manager will promptly notify the Funds' Audit Committee and counsel for independent trustees and the proxies will be voted in accordance with direction received from the Audit Committee.

G. Amendments

1. Any proposed material amendment to these Guidelines shall be submitted for review and approval to:

a. the Funds' Board of Trustees, including a majority of the disinterested trustees; and

b. the Adviser's Board of Directors.

2. Non-material amendments to these Guidelines may be made by the Chair of the Funds, upon consultation with counsel to the Funds and the Funds' Chief Compliance Officer, and will be reported to the Funds' Board of Trustees at their next scheduled in-person meeting.

ITEM 8. PORTFOLIO MANAGERS OF CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

(a) (1) As of September 30, 2015, Mr. Thomas H. Dinsmore, Chairman and Chief Executive Officer, Mr. James A. Dinsmore, President and Ms. Jane D. O’Keeffe, Executive Vice President, comprise the three-person portfolio management team of the Fund. Mr. Thomas H. Dinsmore has served as portfolio manager since 1996. Mr. James Dinsmore and Ms. O’Keeffe have served as portfolio managers since 2011. Mr. Thomas H. Dinsmore is the lead member of the portfolio management team.

Since February 2014, Mr. James A. Dinsmore has served as President of the Fund and of Dinsmore Capital (the “Advisor”). He served as Executive Vice President of the Fund and of the Advisor from January 2013 until February 2014. Prior to this he served as Vice President of the Fund and the Advisor from 2009 through 2012. He had also been a research analyst for the Advisor beginning in 2004.

Since February 2014, Ms. O’Keeffe has served as Executive Vice President of the Fund and of the Advisor, as well as Managing Director of Research for the Advisor. She served as President of the Fund and of the Advisor from 1996 until February 2014. Messrs. Thomas H. Dinsmore and James A. Dinsmore and Ms. O’Keeffe receive investment recommendations from a team of research analysts prior to making investment decisions about transactions in the portfolio. Generally, the co-portfolio managers make decisions jointly about any transactions in the Fund’s portfolio, but each co-portfolio manager may do so independently as well.

(2) The portfolio management team comprised of Mr. Thomas H. Dinsmore, Mr. James A. Dinsmore and Ms. Jane D. O’Keeffe is also primarily responsible for the day-to-day management of one registered investment company, Bancroft Fund Ltd. (“Bancroft”), with total assets of \$118,547,915 as of November 30, 2015. The portfolio management team does not manage any accounts or assets with performance-based advisory fees. Mr. Thomas Dinsmore is Chairman and Chief Executive Officer, Ms. O’Keeffe is President

and Mr. James Dinsmore is Executive Vice President of Bancroft. This information is as of September 30, 2015. The Fund and Bancroft have similar investment objectives and strategies. As a result, material conflicts of interest may arise between the two funds if a security is not available in a sufficient amount to fill open orders for both funds. To deal with these situations, Trade Allocation Procedures (the "Allocation Procedures") have been adopted by the investment adviser for the Fund and Bancroft. The Allocation Procedures set forth a method to allocate a partially filled order among the funds. Pursuant to the method, the amount of shares that each fund purchases is allocated *pro rata* based on the dollar amount of each fund's intended trade or, if the order is subject to a minimum lot size, as closely as possibly to such an allocation.

The Allocation Procedures permit the funds to allocate an order in a way that is different from the method set forth above if (i) each fund is treated fairly and equitably and neither fund is given preferential treatment, and (ii) the allocation is reviewed by the chief compliance officer of the funds.

(3) The Portfolio Management team is compensated by Dinsmore Capital through a three-component plan, consisting of a fixed base salary, annual cash bonus, and benefit retirement plan. Their compensation is reviewed and approved by Dinsmore Capital's Board of Directors annually. Their compensation may be adjusted from year to year based on the perception of Dinsmore Capital's Board of Directors of the team's overall performance and their management responsibilities. Their compensation is not based on (i) a formula specifically tied to the performance of the Fund or Bancroft, including performance against an index or (ii) the value of assets held in the Fund's portfolio.

(4) As of December 9, 2015, Mr. Thomas Dinsmore's beneficial ownership in the Fund's shares was in the range of \$500,001-\$1,000,000. Mr. James Dinsmore's beneficial ownership in the Fund's shares was in the range of \$10,001-\$50,000. Ms. O'Keeffe's beneficial ownership in the Fund's shares was in the range of \$100,001-\$500,000.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

ITEM 11. CONTROLS AND PROCEDURES.

Conclusions of principal officers concerning the effectiveness of controls and procedures:

(a) As of December 9, 2015, an evaluation was performed under the supervision and with the participation of the officers of the Fund, including the PEO and the PFO, to assess the effectiveness of the Fund's disclosure controls and procedures, as that term is defined in Rule 30a-3(c) (17 CFR 270.30a-3(c)) under the Investment Company Act of 1940, as amended (the "Act"). Based on that evaluation, as required by Rule 30a-3(b) under the Act (17 CFR 270.30a-3(b)) and Rules 13a-15(b) or 15d-15(b) under the Exchange Act (17 CFR 240.13a-15(b) or 240.15d-15(b)), the Fund's officers, including the PEO and PFO, concluded that, as of December 9, 2015 the Fund's disclosure controls and procedures were reasonably designed so as to ensure: (1) that information required to be disclosed by the Fund on Form N-CSR is recorded, processed, summarized and reported within the time periods specified by the rules and forms of the Securities and Exchange Commission and (2) that material information relating to the Fund is made known to the PEO and PFO as appropriate to allow timely decisions regarding required disclosure.

(b) There have been no changes in the Fund's internal control over financial reporting (as defined in Rule 30a-3(d) under the Act (17 CFR 270.30a-3(d))) that occurred during the second fiscal quarter of the period covered by this report that has materially affected, or is reasonably likely to materially affect, the Fund's internal control over financial reporting.
